Honolulu Star-Bulletin

2:30
Edition

Evening Bulletin, Est. 1882, No. 6689 Hawaiian Star, Vol. XXIV, No. 7730 12 PAGES—HONOLULU, TERRITORY OF HAWAII, MONDAY, JANUARY 22, 1917.—12 PAGES. PRICE FIVE CENTS

GERMAN RAIDER TERRORIZING SEAS REPORTED SUNK IN BATTLE WITH ENGLISH CRUISER OFF BRAZIL COAST

HAWAII WIRELESS COMPANIES WIPED OUT, DANIELS' PLAN

Latest Word Shows He is Pushing Scheme to Take Over All Commercial Stations; More Drastic Than Radio Control Bill

Secretary of the Navy Daniels is urging Washington action which, if carried out, will turn every wireless company operating in Hawaii over to the federal government. A few weeks ago news was received here and printed by the Star-Bulletin that Daniels was preparing to urge purchase of wireless plants by the government. This and other information later caused the Mutual Telephone Company to hasten J. A. Balch, manager of its wireless department, to Washington, and the Chamber of Commerce has taken the subject up to protect local interests.

Now comes the further news that Daniels has planned a legislative program in Congress which will give Uncle Sam a wireless monopoly. An absolute government monopoly of radio communication as a measure of national safety was advocated by Secretary Daniels in a letter on January 2 to the commerce and marine committees of the senate and house, outlining the navy department's views on the pending radio control bill drafted by an inter-departmental conference.

"The department strongly recommends that the committee provide for the purchase of all stations used for commercial purposes," the secretary wrote. "The value of existing stations is constantly increasing, and decisive action at this time will result in a saving of public funds."

The letter urges that existing coastal and commercial stations in the United States, Alaska, Hawaii, Porto Rico and the Swan Islands be purchased within two years and that no license for private operators hereafter granted, extend beyond that period.

"Commercial radio stations under other than government control," the secretary points out, "can give out information of incalculable value during that twilight period which would probably precede the opening of any war to which this country might be a party. Authority to take over and operate or to close commercial stations in time of war will not suffice. The stations must be in full government operation before the first hint of possible hostilities."

The secretary urges also that restrictions of the bill against alien operators on American ships be made as drastic and that such aliens be permitted to serve only in emergencies. He declares that "No American ship should be allowed ordinarily to leave a port of the United States except with operators who are United States citizens."

The provisions of the radio control bill are so drastic that local companies would be hard hit. They would have to go out of business altogether if the Daniels plan of forming a government monopoly carries.

Market Shows Fraction Gains

SUPERVISOR OUT OPPOSING FIGHT TO CHECK VICE

Robert Horner, Minority in Chamber of Commerce Committee, Favors Encouraging "Redlight" District; Argues Against "Abatement" Law

Supervisor Robert Horner favors the establishment of a "red-light" district here, with legal sanction, under medical and police regulation.

He opposes current efforts to drive commercialized vice out of the city and particularly opposes the so-called "abatement by injunction" law.

The supervisor's views are set forth in two typewritten pages—his minority report as member of the Chamber of Commerce special vice inquiry committee. Rumors that Horner was the sole member opposing the majority report made public Saturday have proved true. The Star-Bulletin today secured a copy of the minority report to which his name is signed. It is signed as "minority member of committee of three, this referring to a sub-committee of which he was a member, but it is a fact also that he is the minority of one in the general committee of seven.

His report is as follows:

"Your minority member is unalterably opposed to any legislation along the line of the so-called abatement by injunction for the suppression of vice. Your minority member feels that the present criminal statutes of the territory are amply sufficient for the suppression of vice, as the present statutes provide punishment not only for persons engaged in prostitution, but also for the punishment of landlords whose premises are so used. In so far, therefore, as concerns ability to reach and punish such persons, the present laws of the territory are amply sufficient.

"The enactment of the so-called abatement by injunction law is nothing more than an effort to place the control of really criminal offenses in private hands.

"Your minority member has inquired into the situation from a legal

MEN AND WOMEN CAUGHT IN NET SPREADING WIDE

County Attorney's Office and Police Raid in City and at Wahiawa Simultaneously; Part of Campaign Which Will Be Ceaseless, They Say

Authority of Honolulu—the police department, the territorial liquor commission and his deputies—is moving. An order, verbal but significant, has gone the rounds to clean up vice—gambling, blind-pigging, prostitution, wherever it may be found.

Dragnet Catches Many

Wahiawa has been raided; a place often complained of on Liliha street near Kukui has also been raided by the officers; gamblers brought into the toils and fined. Former denizens of Iwilei were a part of the catch in a general dragnet thrown out Saturday night.

Ten defendants were in the district court this morning who were caught in "Bloodtown," Wahiawa. Their cases were continued until Wednesday. Seven defendants charged with disorderly conduct were fined \$3 each and costs. Six or seven gamblers were fined \$5 each. A seventh case was continued. The gamblers came from a new place of activity—the Territory House on King street.

Considerable Liquor Seized

Enough booze to stock a saloon and keep it running for a few minutes, even in Honolulu on a Saturday night, was confiscated in the Bloodtown raid led by Charles F. Chillingworth, deputy county attorney, assisted by W. T. Carden for the county attorney's office, Jack Roberts for the liquor inspector, Detectives Rudolph Stein and Matthew Swift for the police, Ex-Policeman Jesse Gray and several soldiers.

The raiding party left Honolulu about 6 o'clock Saturday evening with plenty of auto space, which was all needed to carry back booze and prisoners; swooped down in the darkness upon an unsuspecting crew of blind-pig proprietors and grabbed liquors in

Yarrowdale Taken By German Prize Crew Into Baltic

Official Announcement Clears Unknown Points in Exploits of Raider in South Atlantic

BERLIN, Germany, Jan. 21.—An announcement is made that on December 31, 1916, the English steamer Yarrowdale, 4600 gross tons, was brought in as a prize to the port of Swinemunde.

The steamer had a German prize crew on board numbering 16 men, and 469 prisoners, that is, the crews of one Norwegian and seven English ships which had been captured by one of our auxiliary cruisers in the Atlantic.

The cargo of the captured ships was mainly war material, and was bound from America for our enemies. There was much victuals, among which was 6000 tons of wheat, 200 tons of flour, also 1900 horses.

The steamer Yarrowdale had 117 automobiles and trucks, one passenger automobile, 300 cases of rifles and cartridges, 30,000 rounds of barbed wire, 300 tons of steel bars and much meat, bacon and sausage aboard.

Of the sunken steamers three, English, were armed. Among the crews of the captured ships were altogether 103 subjects of neutral states who, as far as they have taken service on board hostile armed steamers, are taken as prisoners of war, likewise with the subjects of the hostile states.

The commander of the prize crew was Non-Commissioned Officer Bode-wia.

The bringing of the Yarrowdale until now has been kept secret for military reasons which, after the declaration of the British admiralty of January 17, 1917, no longer need prevent announcement.

It is characteristic that the British admiralty only decided to make known to the English public the losses, dating back already a long time, when it must be known to neutral and foreign countries on account of the entrance into a Brazilian port of the Japanese prize steamer Hudson Maru.

Swinemunde is a German port on the Baltic sea and it is thus evident that the prize crew succeeded in getting the Yarrowdale into the Baltic from one of the Allies' trade routes. Previous despatches indicated that the Yarrowdale was captured somewhere in the South Atlantic.

GLASGOW SENT DOWN MYSTERY VESSEL, SAYS CABLE AT RIO; WILSON IN SENATE ON PEACE

President, For First Time Since Jefferson's Day, Addresses Upper House Separately, on League After War—Land Fighting Featureless

BUENOS AIRES, Argentina, Jan. 22.—The mysterious German raider of the seas which has been sweeping the South Atlantic and destroying vessel after vessel of the Allies is reported today sent to the bottom at the conclusion of a short, sharp fight with a fleet British warship.

A despatch from Rio de Janeiro La Prensa, the Buenos Aires newspaper, says that a cablegram has been received at Rio from Pernambuco to the effect that the British cruiser Glasgow has sunk the German raider 130 miles off Para, Brazil. No details of the fight nor any further light on the identity of the vessel have been received here.

(Para, Brazil, is almost on the equatorial line, at the mouth of the Para river. The report would indicate that the German raider was further north than recently supposed. Pernambuco is the first important port south of Para and the Glasgow perhaps has called there after the battle.

The Glasgow is a small, fleet British cruising ship, 4800 tons, able to develop somewhere between 26 and 29 knots. If she has really sunk the German raider, it will be a sort of poetic justice, for the Glasgow was the only vessel of Admiral Craddock's squadron which escaped destruction in one of the first naval battles of the war—off the Chilean coast on November 1, 1914. The Glasgow's fleetness aided her escape. Later she joined Admiral Sturdee's squadron and met the Germans, under Admiral von Spee, off the Falkland Islands, the German squadron being smashed. That was on December 8, 1914.)

LONDON, Eng., Jan. 22.—News has been received here of great rejoicing in Germany and by Germans elsewhere over the exploits of the German raider terrorizing the South Atlantic. A despatch to the Times says that the delight of the Germans is unbounded. The German papers are recalling various previous exploits of the German navy in the English Channel and the daring raids of the Moewe a year ago.

WILL RECOMMEND SOME CHANGE IN COMPENSATIONS

Industrial Accident Board Will Meet Tonight to Consider Several Amendments

For the purpose of considering matters connected with the Workmen's Compensation Act which may be recommended to the next legislature for amendment the Industrial accident board will meet this evening.

In the course of their duties members of the industrial accident board have had a good opportunity to study and become familiar with the workings of the Workmen's Compensation Act of this territory and from time to time suggestions of changes which they believe would be beneficial have occurred to them. These changes have been jotted down and the members of the board have also made a study of similar laws in mainland states with the idea of remodeling along proved successful lines where changes may be found necessary. These changes have not yet been put into legal phraseology but have already been subject to some discussion and that discussion will take, it is expected, more definite form tonight.

If Disease Follows Injury

It was learned today that at least eight matters are being considered by the board for recommendation for further legislation. One of these is compensation in the case of occupational diseases resulting from injuries. On this point some of them consider that the law should be more explicit and clear.

Matter of Medical Attendance

The waiting period as provided in Section 12 is also to be considered.

MARINE KILLED BY DOMINICANS

Another ancient but important law suit is to be settled between the parties at litigation, according to an announcement made from the bench this morning by Circuit Judge Ashford.

Archduke Joseph's front: North of Susita Valley, in district of Marasti, attacks undertaken against our height positions failed with heavy losses for the enemy.

Von Mackensen's front: Situation unchanged.

Macedonian front: Advance of English company again Seres easily repulsed.

GERMAN ARMY HEADQUARTERS, Jan. 20.—On the west front near Wyttschaete and Labasse last night attacking English patrol repulsed. Reconnoitering detachment enterprises launched between Doller and carried out by Wurtemberg troops.

East front, Prince Leopold's army: Nothing important.

Archduke Joseph's front, Carpathians: In eastern Carpathians near Belbor minor Russian detachments repeatedly attacked our positions, but in only one place entered and there were later driven away. North of Susita valley the Rumanians in the same places as in the preceding day repeated desperate attacks, but were repulsed. Left several hundred dead in front of our positions and we took 400 prisoners.

Von Mackensen's front: Heavy snow storm and dark weather hampered activity of our artillery. Nevertheless the town of Nanesti, on the Sereth, was yesterday taken by German troops. Macedonian front: All calm today.

GERMAN ARMY HEADQUARTERS, Jan. 21.—In the west, nothing of importance except local livelier patrol enterprises successful for us.

East front, Prince Leopold's army: East of Baranovitch German thrusting detachments entered Russian trenches and brought back 17 prisoners.

Archduke Joseph's front: In eastern Carpathians a hostile attack on Vaiepotna road was kept from developing by our efficient artillery fire. Minor Russian advances repulsed.

On von Mackensen's front: After we took Nanesti in a tenacious struggle the Russian streambed back across the Sereth bridges but were caught by our machine batteries and machine guns and suffered severe losses.

OLD LAWSUIT IS TO BE SETTLED

WALL STREET TO BE PROBED FIRST

(Associated Press by Federal Wireless)

WASHINGTON, D. C., Jan. 22.—Secretary of the Navy Daniels today received cabled reports from Santo Domingo concerning some sharp fighting between bands of natives and the marines who have been detailed to quell revolts and maintain order. Last night there were fights in which one marine was killed and another severely injured.

EXPECTS NO FIGHT OVER POSSESSION OF BIG PLANTATION

"I do not anticipate a legal fight to determine the ownership of the Kilauea Plantation," declared L. L. McCandless, today, regarding the filing in the bureau of conveyances Friday of a deed by Frank C. Bertelmann and wife to McCandless of a four-ninths interest in land at Kailhi, Kaula. "Even if there is to be litigation to determine the ownership, I cannot say when it will be begun."

There was also filed Friday a deed by the Bertelmanns to Mayor John C. Lane of a two-thirds interest in the property, as well as a deed and agreement to McCandless, et al, "re tender of \$40,000, etc., and conveyance of interests in lands, water rights, rents, etc., at Kailhi, Kaula."

JAPAN SELLS TRAWLERS

(Associated Press)

TOKIO, Japan.—Up to the present some 35 trawlers have been sold by Japan to the Entente allies. They are being used in war against enemy submarines.

157 CENTRALS IN CUBA GRINDING

GERMAN OFFICIAL CABLEGRAMS

GERMAN ARMY HEADQUARTERS, Jan. 19.—On the western front today our patrols in several cases carried out successful enterprises.

East front, Prince Leopold's sector: Fighting, which has been lively for some days past, now abated.

Archduke Joseph's front: North of Susita Valley, in district of Marasti, attacks undertaken against our height positions failed with heavy losses for the enemy.

Von Mackensen's front: Situation unchanged.

Macedonian front: Advance of English company again Seres easily repulsed.

GERMAN ARMY HEADQUARTERS, Jan. 20.—On the west front near Wyttschaete and Labasse last night attacking English patrol repulsed. Reconnoitering detachment enterprises launched between Doller and carried out by Wurtemberg troops.

East front, Prince Leopold's army: Nothing important.

Archduke Joseph's front, Carpathians: In eastern Carpathians near Belbor minor Russian detachments repeatedly attacked our positions, but in only one place entered and there were later driven away. North of Susita valley the Rumanians in the same places as in the preceding day repeated desperate attacks, but were repulsed. GERMAN ARMY HEADQUARTERS, Jan. 21.—In the west, nothing of importance except local livelier patrol enterprises successful for us.

East front, Prince Leopold's army: East of Baranovitch German thrusting detachments entered Russian trenches and brought back 17 prisoners.

Archduke Joseph's front: In eastern Carpathians a hostile attack on Vaiepotna road was kept from developing by our efficient artillery fire. Minor Russian advances repulsed.

On von Mackensen's front: After we took Nanesti in a tenacious struggle the Russian streambed back across the Sereth bridges but were caught by our machine batteries and machine guns and suffered severe losses.

To Speed Congress

WASHINGTON, D. C., Jan. 22.—The president conferred today with members both of the house and of the senate, urging them to rush the administration's legislative program so that it can all be finished and an extra session avoided. He wishes to hurry consideration of several important bills.

CRUISER AWAITTS ORDER TO START

Anchored in Pearl Harbor, the cruiser St. Louis is now awaiting orders to start out on her preliminary target practice cruise, which will probably be some time this week. It was stated at the station today at noon that the exact date has not been set.

This preliminary cruise is to be held in order to get the men ready for the real work with the big guns a few weeks later and will include drill at sea with sub-caliber instruments. It is understood that targets have been built already and are being kept at the harbor ready for the vessel's gunners. It was expected that the exact date of the preliminary run would be decided upon later this afternoon. It is generally believed that it will be tomorrow.

COAST BASEBALL MAN SAYS LEAGUE RACE WAS "FIXED"

(Associated Press by Federal Wireless)

SAN FRANCISCO, Cal., Jan. 22.—Charges that last year's pennant race in the Pacific Coast League was "fixed" and that because it was crooked the Vernon team could not win, were made here today by Edward R. Maler, former owner of the Vernon team. Maler was expelled from the league in September.

His statement today said that "everything was framed against me and against Vernon. Players were switched at the last minute and there were several irregular deals."

At T. Baum, president of the Coast League, flatly denies Maler's charges, which he says are ridiculous. He lays them to Maler's hostility to the league since his expulsion.

GERMAN ARMY HEADQUARTERS

WASHINGTON, D. C., Jan. 22.—To throw light on the puzzling diplomatic situation brought about by the capture of many steamer crews by the German raider, inquiry will be made by the U. S. state department of Germany whether any Americans are among the neutral sailors brought in prisoners of war by the Yarrowdale, which was put in charge of a German prize crew. Germany's reference to these neutrals as prisoners of war brings up possibility of a controversy with the United States.

WASHINGTON, D. C., Jan. 22.—President Wilson today established another precedent in his relations with Congress when he revived a custom dormant for generations, in going to the Capitol and addressing the senate. His talk was with reference to the proposed league to maintain peace, after the present war is ended.

Today marked the first time a president has addressed a separate body of Congress since President Jefferson was in the White House. Mr. Wilson has several times spoken to the houses jointly, delivering his messages this way, but has not gone before either house separately.

RUSSIAN ATTACKS ONLY FEATURE OF "DULL DAY" ON ALL FRONTS OF WAR

BERLIN, Germany, Jan. 22.—Little important is reported today from any front. In the Bzura region, east front, night raids have been made by the Russians but they were invariably repulsed with losses.

The official announcement says that but for this and a minor attack by the British on German lines near Lens, both sides are comparatively calm.

FRENCH MEET GERMAN ATTACKS AT VERDUN AND REPULSE THEM

(Associated Press by Federal Wireless)

PARIS, France, Jan. 22.—The French today met several attacks of the Germans on the Verdun sector, driving back each one.

CORNWALLIS SUNK BY GERMAN DIVER

(German Official)

BERLIN, Germany, Jan. 21.—An announcement is made that German submarine commander, Lieut. Chaplain Hartwig, on January 9, 60 miles southeast of Malta, sunk by a torpedo the British battleship Cornwallis, which was protected by light sea forces of the British navy.

The Cornwallis is a 14,000-ton battleship completed in 1904, carrying 750 officers and men. Its main battery is four 12-inch guns.

FERTILIZER CO. INCREASES STOCK

At the annual meeting of the stockholders of the Hawaiian Fertilizer Company this morning it was voted to ask the territorial treasurer for permission to increase the capital stock 50 per cent, the new stock to be given the stockholders as a dividend. The present capitalization is \$600,000, which will be increased to \$900,000 when the new stock is issued. Each shareholder is to receive one-half share of the new stock for every share of the old which he holds. The decision to increase the capital stock is the result of an accumulation of profits over a period of years. The par value of the stock is \$100, but as it is not listed on the exchange its present market value is hard to determine.

Other business of the meeting was the reelection of the old officers, who are E. D. Tenney, president; C. H. Cooke, first vice-president; E. F. Bishop, second vice-president; Norman Watkins, treasurer, and John Waterhouse, secretary.

An officer and 531 soldiers were taken by us together with two machine guns and four mine-throwers.

On the Macedonian front in Caerna river bend successful German reconnoitering enterprises.

Additional Telegraph despatches published on Page 9

To Find Whether Americans Held

WASHINGTON, D. C., Jan. 22.—To throw light on the puzzling diplomatic situation brought about by the capture of many steamer crews by the German raider, inquiry will be made by the U. S. state department of Germany whether any Americans are among the neutral sailors brought in prisoners of war by the Yarrowdale, which was put in charge of a German prize crew. Germany's reference to these neutrals as prisoners of war brings up possibility of a controversy with the United States.

WASHINGTON, D. The official announcement says that but for this and a minor attack by the British on German lines near Lens, both sides are comparatively calm.

SUPERVISOR OUT OPPOSING FIGHT TO CHECK VICE

(Continued from page one)

standpoint and has been informed as follows:

"That under the present laws of the territory an injunction cannot be issued to prevent the commission of a criminal offense; the prevention and punishment of such offenses being left to the proper prosecuting officers of the territory under the criminal law. The reason for and the effect of the so-called abatement by injunction legislation is to enable a private individual to obtain from a civil court an injunction restraining the person accused from violating the criminal law without the assistance of or notification to the proper prosecuting officials. The possibilities for abuse in such legislation are enormous. One single irresponsible individual can apply for and obtain any number of temporary injunctions against absolutely innocent persons and the sole remedy the wronged individual has is a damage suit against an insolvent individual.

"The only requirement upon the person seeking such injunction is that the petition for an injunction shall be sworn to and if the petitioner does not know that the statements sworn to by him are false he is safe from everything except a damage suit with no possibility of collecting a cent.

"It is of course possible that the court applied to for an injunction might first issue an order to show cause why a temporary injunction should not issue instead of immediately issuing a temporary injunction. But such is not the usual procedure where the petition for an injunction is on its face proper.

"In brief, the apparent object and the necessary result of such legislation is to take away from the proper prosecuting officers their exclusive control over the punishment of criminal offenses and to place in the hands of a single private individual the power to punish a criminal offense by means of the injunction route. Such legislation is a flat attempt to take away from the prosecuting officials their control over one particular type of criminal offense.

Feare Secret Vice Scattering
"Your minority member further is of the firm opinion that prostitution never can be eradicated; that the necessary and immediate result of an attempt to abolish open prostitution is merely to render it secret, and with the secrecy all possibility of regulation of disease is gone.

"It has been argued that prior to the closing of Iwilei there was a larger percentage of prostitution outside of Iwilei than in it. Granted for the purpose of argument. Does anybody argue that it is not better to have medical regulation for half the prostitution than to have none at all? As a matter of logic it seems to your minority member that the proper procedure from a health standpoint would be to force all the prostitutes in the city into Iwilei instead of scattering these already there indiscriminately over the city.

Can't Suppress Commercialized Vice
"Your minority member, while deprecating the fact that prostitution exists, realizes that it has existed throughout history despite the fact that even the death penalty has been tried as a punishment in the vain effort to suppress it. Your minority member further believes that prostitution cannot be suppressed, and therefore should be regulated and intelligently regulated; and in his opinion the best regulation is a restricted district with proper medical regulation and proper police guards.

"Your minority member therefore recommends:
"(1) That the Chamber of Commerce firmly oppose all attempts at the enactment by the legislature of any legislation looking toward abatement by injunction.
"(2) That the Chamber of Commerce recommend to the legislature of the territory that it amend the laws of the territory in order to permit the legal establishment of a restricted district under proper medical and police regulation."

WHAT HAVE WE DONE TODAY?

We shall do so much in the years to come.
But what have we done today?
We shall give our gold in a princely sum—
But what did we give today?
We shall lift the heart and dry the tear,
We shall plant a hope in the place of fear,
We shall speak the words of love and cheer—
But what did we speak today?
We shall be so kind in the afterwhite,
But what have we been today?
We shall bring to each lonely life a smile,
But what have we brought today?
We shall give to truth a grander birth,
And to steadfast faith a deeper worth,
We shall feed the hungry souls of earth;
But whom have we fed today?
We shall reap such joys in the by-and-by.
But what have we sown today?
We shall build us mansions in the sky?
But what have we built today?
'Tis sweet in idle dreams to bask,
But here and now do we do our task?
Yes, this is the thing our souls must ask.
"What have we done today?"
—Nixon Waterman.

WILL RECOMMEND SOME CHANGE IN COMPENSATIONS

(Continued from page one)

Under the present provision there is no pay for 14 days, medical attendance covers only that period and amounts to \$50 and the medical examination fee is \$3. It is expected that a shorter period without pay, longer period for medical attendance and larger payment will be recommended.

Section 14 it is proposed that the period for compensation be made more definite and the matter of compensation for permanent injury such as loss of eye or limb be provided for and made clear.

Official to Investigate
Another suggestion is for a paid investigator. At present all investigations have to be made by the board direct and the suggestion is for the employment of an official who shall gather all facts relating to accidents.

An inspector of safety devices is a further suggestion which members of the board believe employing companies will welcome. It is pointed out that hazardous occupations such as mines frequently have their own safety organizations and that a safety inspector would bring similar results to those obtained by regular departments of such corporations and at much less expense to employers.

To Standardize Policies
Perhaps one of the most important matters that is under consideration is the matter of a standard policy of insurance. This is of interest not only to employer and to employee but to insuring companies as well.

A satisfactory definition of "casual employment" may also be sought.

WILD ANIMALS AND SNAKES IN INDIA KILL MANY THOUSANDS

[By Associated Press]
SIMLA, India.—More than 28,000 people were killed by snakes and wild animals in British India last year. The government reports show that 1923 persons were slain by tigers and other beasts, and 26,385 perished through being bitten by reptiles, an increase over the previous year of 3700 deaths met in this manner. No figures are available for the native states with their population of some 90,000,000.

During the past five years elephants, tigers and other animals have killed 9192 people in British India, and of these, tigers have claimed a toll of 3682. In the same period 116,828 persons have died as the result of snake bites.

Last year the highest total of deaths due to animals in any one province was in Bihar and Orissa where 684 people lost their lives, tigers alone accounting for 376. In the United Provinces one man-eating tiger in the Almor district killed ten persons out of the provincial total of twenty.

In order to effect the destruction of as many wild animals and snakes as possible the government pays bounties. The number of animals destroyed in 1915 was 25,036, including 1582 tigers, 6223 leopards, 2775 bears and 2191 wolves. The total number of snakes killed was 184,663.

BRITISH TO PAY DELICATE COMPLIMENT TO RUSSIA

An interesting project to show one of the Allies a delicate courtesy is outlined by the London Daily News. Sir Robert Hadfield, founder and chairman of the great Sheffield munition works bearing his name, proposed that every one of the Russian guns captured by the British army during the Crimean war be returned to the czar. These trophies have for years been on public exhibition in towns throughout the kingdom. If transport of the guns to Russia under existing conditions be impracticable, Sir Robert Hadfield suggests presenting them officially to the Russian ambassador, then melting them down in a blast furnace, and handing over the proceeds of their value to the Russian Red Cross.

AGED FORGER PLANS TO PAY OFF \$250,000 DEBT

CHICAGO, Ill.—At 62 James C. O'Connor, master forger, whose worthless paper aggregated \$250,000, has begun work as an office man at \$60 a month in an effort to repay those who suffered through him. He was released from Joliet prison on parole yesterday, after serving three years of an indeterminate sentence.

O'Connor admits he has plans whereby he hopes to be successful. He was wealthy several years ago, but lost his fortune in an electric railway deal. He attempted to recoup by forging notes, mortgages and deeds of trust. Carried away with his losses were the savings of hundreds.

"So great was the clamor against his life he sought refuge in prison.
IF WE ONLY UNDERSTOOD
If we knew the cares and trials,
Knew the efforts all in vain,
And the bitter disappointment,
Understood the loss and gain—
Would the grim eternal roughness
Seem—I wonder—just the same?
Should we help where now we hinder?
Should we pity where we blame?"

Ah! we judge each other harshly,
Knowing not life's hidden force—
Knowing not the fount of action
Is less turbid at its source;
Seeing not amid the evil
All the golden grains of good;
And we'd love each other better
If we only understood.
Could we judge all deeds by motives
That surround each other's lives,
See the naked heart and spirit,
Know what spur the action gives,
Often we would find it better,
Purer than we judge we should,
We should love each other better
If we only understood.
—Rudyard Kipling.

HONOLULU WILL BE SWAMPED AT CARNIVAL TIME

The old lady who lived in a shoe has nothing on A. P. Taylor, secretary of the Hawaii Promotion Committee. According to the story of the aged lady who had her habitat in the old leather bungalow, she had so many children that she didn't know what to do. Taylor as so many tourists that he doesn't know what to do, either.

There are two stages of cases, wireless messages and letters at the Hawaii Promotion Committee office, and one is for those who have and the other for those who haven't, which means accommodations, and the latter bunch is thicker. The committee has been named as the clearing house, taking all the requests that the hotels are unable to fill. One young lady is kept busy handling this correspondence.

"We have double the amount of requests for accommodations this year over 1916, and they are still coming. It is going to be a difficult time for those who have not made reservations. We are doing our best, but it is absolutely certain that the homes of Honolulu will have to be opened to take care of the crowd. Many have already made reservations at Haleiwa.

"There are a large number planning on visiting Maui, Hawaii and Kauai. These islands will enjoy a tourist trade this season that will surpass anything in the history of travel here. Worth Aiken has arranged a schedule of rate to Haleiwa that will be especially useful to the tourist.

"The round trip rate from Wailuku to Haleiwa and return, including all expenses, is \$36 for one person. If there are three in a party the expense will be \$19.50 each, and a party of 10 can make the trip for \$13.75 each, which his the lowest rate that has ever been offered. Aiken, as a member of the Hawaii Promotion Committee, visited the various stations along the line and has made arrangements for a large tourist travel to the Maui wonder."

WOMAN FRIGHTENS AWAY MAN SHE DISCOVERS PEERING IN WINDOW

If any Honolulu burglars are afraid of women who fight, and pillows that fly in the night, they had better not go near the Kamehameha school for boys up on North King street.

Last night a burglar, that's what the police say it was, or rather early this morning, tried to get into Miss Thompson's room. He did not.

Miss Thompson is an instructor at the school. She deals with big boys and some times handles a bad one, so she is not afraid of men—at least not the kind that comes prowling around in the night.

According to a story told by Motorcycle Policeman Sam Ferrera, who was sent to investigate, he was not needed at all. The spirited woman had been enough for her nocturnal guest. He would not wait for the police.

Ferrera says Miss Thompson was awakened by a noise on the lanai and saw a stranger peering in through the screen. He wore a dark suit and was barefooted, she says. That's all she could tell about his appearance.

Instead of screaming or fainting or doing any number of useless things the instructor, not a white daunted, grasped her pillow, heaved it at the door and started after the pillow. The man jumped over the railing, took the vines to the ground and escaped. Then she called the police.

For reaching files on ceilings there has been invented a long-handled swatter, operated by a spring.

As a new convenience for housewives, a mop and floor brush has been combined on one handle.

JAPANESE LOSE FEW SHIPS DURING WAR AND "TRAMP" TONNAGE GROWS

[By Associated Press]
TOKIO, Japan.—A total of 1290 merchant vessels with an aggregate tonnage of 2,910,000 have been sunk since the outbreak of the war, according to Baron Kenjiro Den, minister of communications, who spoke before the Japan Trade Association on the subject of war and shipping.

"Despite the heavy losses suffered by some of the Entente countries," he said, "Japan's loss has been comparatively slight. So far only six Japanese steamers, with an aggregate tonnage of 26,000, have been sunk by the enemy while three more of 12,000 are missing, making a total of nine ships and 38,000 tons. Since the outbreak of the war Japan's maritime trade to foreign countries has greatly developed, and the tonnage of 'tramp' steamers new trading to America, Australia, India, etc., is put at 800,000. This shows a five-fold increase since the outbreak of the war."

BLAMES AUTO DRIVER FOR NOT HALTING CAR

The police say that any person to blame for an auto accident in which some one is injured or inconvenienced or put to financial loss who runs away without making proper amends is a despicable person. That is what what Sweetheart Kamana says a car driver did Sunday evening on Manoa road near Punahou college.

He was walking down the lane with his children when he claims an auto flew past him, injuring one of the party. Before he was able to collect his wits the machine had sped out of sight and he was unable to even catch the number.

Some place in this wide city he believes some one who is far more able to stand the expense of his plight than he, is laughing gaily and telling friends how the consequences of heedless driving and an auto accident were so narrowly averted.

SHERIFF ASKS TO HAVE JESSE GRAY REINSTATED

At the meeting of the civil service commission Saturday afternoon a letter from Sheriff Rose was received asking that Jesse Gray, police officer at Wahiawa, who was discharged on a charge of graft, be reinstated. The letter was referred to the city attorney's office for an opinion as to whether this board could engage a man discharged by a former board.

The commission also decided to hold a meeting the second Saturday of every month. The date is to be permanent, although special meetings may be called at other times.

MEN AND WOMEN CAUGHT IN NET SPREADING WIDE

(Continued from page one)

surprisingly large amounts before any opportunity was had to secrete it.

Chillingworth was armed with a handful of warrants and evidently knew his ground, as all but one of those to be arrested were taken and the latter is known and will probably be apprehended soon.

William Clifford was one badly wanted by the police and although not in his cottage when the officers appeared he was picked up later on the street. He is a discharged cavalry soldier, was once convicted in a cocaine case, and later discharged when his case was reopened, the police say. He had the largest supply of liquor in his possession.

As the officers went from one house to another they saw old and familiar faces in new and unexpected places. And with them quantities of cheap gin, (Chinese wines, sake, whiskey and beer were also found.

Under Suspended Sentence
Kate Welsh McEuen of Iwilei notoriously, and who has a suspended sentence hanging over her head, was one of the first women taken for vagrancy. She was released to appear, which she did this morning. She was hanging out in a sordid hovel with little clothing on, and declared when accused of selling liquor that she is a decent married woman.

Another former Iwilei woman taken was Emily Blair. Katie Lee and Elizabeth Gonsalves, also charged with vagrancy, have been convicted before for illegally trafficking in liquor, according to the police.

The explanation of Ah But, a Chinese taken in a Wahiawa restaurant for dealing in booze, was that the big stock found hidden away in his room was solely for Chinese New Year festivities. He first said that the celebration would be very short this year but upon suddenly realizing what a quantity of liquor he was caught with he said, "Long, long time; maybe whole month."

Others taken at Bloodtown were Zack Odume, a negro soldier; Earl Roseborough, James Hunter and James Smith, charged with selling liquor without a license.

Denies Special Orders
Sheriff Rose said today that he had issued no special orders to clean up vice, but Chillingworth says that is the program from now on.

Forces Immediate Trial
An interesting feature of the new program is Judge Monsarra's refusal to postpone the vice cases without a very good reason and the determination of the prosecution to secure either a conviction or an immediate discharge, hurrying the cases through to the circuit court is necessary.

In the cases of John Sampson, Tope Sampson, Gregoria Alberta, Ramon Torres, Domingo Calvalho, Usavia and Carmella Ortiz, all charged with figuring in a disorderly place on Liliha street raided by Capt. McDuffie's detectives Saturday night, Attorney Leon M. Straus, defending, asked for a continuance and was refused. He went to trial and filed notice of an appeal when his clients were con-

PLAN TO BETTER CONDITIONS FOR LOCAL KOREANS

National Association Would Suppress Vice Influences; Oust Booze, Gambling

Plans for bettering social conditions among Koreans on plantations and elsewhere in the territory by suppressing vice influences, including gambling and the use of liquor and narcotics, will be one of the principal items of discussion for the eighth annual convention of the Korean National Association, which began this morning.

This morning's meeting was a preliminary one. Reports were read by the 16 delegates from the various islands, outlining topics for discussion at the regular sessions. At the session this afternoon H. K. Ahn was to be elected president and C. H. Lee vice-president. These officers will name other officers in about a week.

Further educational work among the Koreans in Hawaii will be another topic for discussion. It is the desire of the association to erect a dormitory in Honolulu for Korean boys who wish to attend the local public grammar and high schools. It is also the desire of the organization to broaden the work of the Korean National Herald, a semi-weekly newspaper published under the auspices of the society. The present circulation is about 1000 copies for each edition, or 2000 copies each week. It has been pointed out that steps should be taken toward increasing the circulation.

Discussion of the budget for the coming year will be taken up about the middle of the week. Last year's budget called for \$7000 and it is expected that at least \$8000 will be needed during the coming year.

Koreans in close touch with the work of the association told the Star-Bulletin today that all factional fighting among the members of the society has been eliminated and that this morning's meeting was harmonious. The differences of the past, one said, were brought about by dissatisfied members who "made a mountain out of a mole-hill." It was also pointed out that the past year was the most prosperous one in the history of the association and of the Koreans in Hawaii.

The convention will last until the end of the week.

BEATEN DAILY FOR LAST TWO YEARS, SHE SAYS IN PETITION

If Mrs. Georgia Rodriguez Rente secures the divorce she applied for in circuit court today, John Barleycorn will have added another chapter to the history of homes destroyed by booze.

After reciting in her petition a series of alleged brutal assaults, some almost unbelievable, Mrs. Rente flings at her husband the charge that he undoubtedly stands back of her months of assorted suffering—that her husband is addicted to booze and is a habitual drunkard.

The Rentes were married on Kauai in 1914. They have two children. Throughout the petition of the woman runs a pitiful tale of alleged abuse—abuse that has lasted for more than two years, she contends. In 1915, the woman says, a few weeks before the birth of one of the children, her husband beat and kicked her. In October, 1916, she further alleges, her husband beat her over the head with his fists, pulled her hair and knocked her head against the wall of the house.

Down toward the end of the petition, after she has sworn that during the last two years she has received a beating daily Mrs. Rente alleges that her husband is addicted to booze. She asks for the custody of her children and such other relief as the court may think proper.

PERSONALITIES

S. A. BALDWIN, proprietor of the Haleakala ranch, is visiting in Honolulu.

DR. A. N. SINCLAIR is visiting in Honolulu, having left here on the last Wilhelmina.

RAYMER SHARP, acting collector of customs, returned to his office today after several days of illness from rheumatism.

MR. and MRS. E. P. BAILEY of Chicago, who arrived on the Great Northern, have been the guests of Commander and Mrs. George R. Clark at Pearl Harbor.

THOMAS J. FLAVIN, former post-office inspector here, has been down in Mexico on postal business, "across the line" from San Diego, according to a postal card received by Frank W. Valle, chief clerk of the railway mail service in the islands, a few days ago. Flavin says he is feeling fine and likes the Southern California climate.

WHEELER SEES BIG ISLAND NEEDS

(Special Star-Bulletin Correspondence) HILO, Jan. 19.—Engineer Wheeler of the public works department has just returned from Kauai, where he inspected the Honiapo landing work. He reports that two cylinders are now down and a third is being prepared. In all eight cylinders will have to be placed in position.

The weather had been bad and the heavy seas running have interfered a lot with the work of the men who are repairing and adding to the wharf.

While over in the Kauai district, Wheeler paid a visit to Wood Valley in order to see some of the homesteaders there and to learn what they want in the way of homestead roads. The homesteaders outlined their wants and Wheeler will report to the department in Honolulu about the matter.

Upon his return to Hilo the engineer proceeded to his office and there opened the bids for the Kano homestead road. There were three local tenders and they were as follows: W. H. Harringer, \$7990, 75 working days; John Payne, \$8500; 110 working days; and Joe Ferreira, \$7988.70, 100 working days.

MAUI NEWS

(Special Star-Bulletin Correspondence) ACCIDENT IS FATAL.

WAILUKU, Maui, Jan. 19.—His feet caught in the screw of a spiral conveyor at the Pala Mill, on last Saturday evening, Manako Fukinaka, a Japanese laborer, was drawn into the machinery and so badly mangled that he died while being removed to the hospital. The man had gone into the conveyor chute to clean it out, and a fellow workman, not knowing of his presence, started the machinery.

PREPARES ROAD FIGURES.

County Engineer Cox is busy preparing an estimate of the cost of completing the Kailua-Nahiku road, the figures to be presented to the coming legislature, together with other estimates for improvements for which Maui needs financial help. Mr. Cox states that by reducing the width of the proposed road from 22 feet to 16 feet a surprising reduction in cost will be shown. The data will be in hand in a short time.

TO ENGAGE NIGHT DRIVER.

At the meeting of the supervisors last week, it was decided to authorize the employment of a fire engine driver for night duty in connection with the Wailuku chemical engine. The place has not yet been filled. The action is an experiment, the result of criticism by the chamber of commerce of the fire department.

DOUGHNUTS SHOULD NOT BE EATEN

Doughnuts are hard to digest and may cause appendicitis. Honolulu people should know that simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, often relieves or prevents appendicitis. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE TEASPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-ika is astonishing. The Hollister Drug Company.—Adv.

He is now inspector of the Santa Barbara division.

STAR-BULLETIN GIVES YOU TODAY'S NEWS TODAY

"Konohi Fat Choy" Brings Forth Joy

"Consider the lily" was the expression used in Chinatown today along with "Konohi Fat Choy," both symbolizing the Chinese New Year, which is celebrated today by many of the Chinese citizens of Honolulu. This year hundreds of Chinese in the city are celebrating two holidays and many business houses are closed today.

When Dr. Sun Yat Sen became President of the Chinese Republic he established January 1 as the Chinese New Year, adopting the foreign custom. Since that time many Chinese have celebrated the New Year at this period and this month saw many of the Chinese residents following the custom of America. As a rule the Chinese of this city have joined in both celebrations, as the older members of the family still cling to the custom established for centuries under monarchy rule.

Hotel street was filled with a joyous throng last evening and hundreds purchased the lily, which is the New Year flower. They considered the lily and they toiled not, and Solomon in all his glory was hardly garbed like the Chinese residents, who put on their best for the occasion. Fire-crackers and other noise-making implements of jollification were in evidence and on the stroke of 12 last night hundreds were awakened from their slumbers by the bombardment from the Chinese section of the city. Make New Year's Call

Today many of the Chinese are paying visits to their friends and the annual settlement of debts is another occasion that calls for a festive time. Although the younger members of the family are already wedded to the celebration of New Year's in the American style, still they join with their parents in commemorating the day as in ancient times.

Hotel street was one mass of humanity last evening and the horns surely did justice. It was a carnival night, accentuated by a hundred different noise-making instruments, and many tourists gathered to watch the celebration. All the leading society and club organizations held open house to the guests who had come to pay the annual call, and music, feasting and story telling were particular features. All in all the residents of Honolulu were aware that the second celebration of the year among the Chinese was real in every way possible and "Konohi Fat Choy" has been established as a slogan for the day at least.

BELGIANS PROUD IN FINAL STAND

(By Associated Press) WITH THE BELGIAN ARMY, Belgium—the pride of the Belgian troops in holding back the Germans from further encroachment on Belgian soil is observable immediately one enters the sector occupied by King Albert's troops. Determination to prevent any advance by the Germans and the will to push back the invaders when the time is ripe are evident everywhere.

The Associated Press correspondent has visited the Belgian advanced lines at a point between Dixmude and Bosinghe, where, for the moment, there is still fighting. Water under foot, thick mists making the atmosphere heavy and preventing observation, and cold rain falling in a continuous penetrating downpour make action almost impossible.

Out in the front lines: after a long tramp over board walks across sodden fields and irrigation channels the correspondent saw the Belgian soldiers keeping their constant vigil, clothed in heavy woolen coverings and oilcloth raincoats and high rubber boots. Here and there a sentinel stood looking out over the mile or so of water covering the space between the Belgian and the German lines, dimly visible in the distance. No barred wire entanglements are possible here; their place is taken by seawater, which, by the cutting of the dikes, has been permitted to flow where it will, although it renders the land uncultivable for 20 years.

Firing is Desultory The crack of an occasional rifle-shot, fired from one side or the other when a guard imagines some movement in the opposing lines, was dulled by the heavy air, and sometimes heard but generally far off was near the roar of an aerial torpedo.

It is impossible at any point of the Belgian front to excavate a trench, for each spadeful of earth taken out is at once replaced by a hole full of water. In place of trenches the only way to form a protective line for the infantry occupying the front lines is to construct shelters of sand-filled canvas sacks and this has been developed into an art by the Belgian troops. For four days at a stretch the same men remain without relief at the front under these distressing conditions, but there is no complaint for the men are mostly hardy peasants or laboring men who have had to combat the Belgian climate all their lives. Hardships which for troops from other and drier districts would prove insupportable, are borne by them with cheerfulness. Ruiners With Soldiers King Albert, who lives near the actual fighting line, pays an almost daily visit to some part of the front. The queen, too, remains on Belgian soil, and when not engaged on hospital work is often seen walking along among the soldiers when they are enjoying a short respite from active service.

Everywhere there are evidences of America's aid to the Belgian wounded and to refugees from the interior who insist on remaining on the small portion of Belgian soil still left to them.

LOCAL AND GENERAL

Harmony Lodge, I. O. O. F. meets tonight.

The Hawaiian band will give a public concert tonight in Emma Square.

A. M. Crispy, deputy city attorney, returned to work this morning after a two weeks' vacation.

Alleging non-support, Nakaiwala Liwal has filed in circuit court a suit for divorce from Keakolehua Liwal.

An action for the recovery of an alleged debt of \$277.75 has been filed in circuit court by Fred IIRD against Cyrus T. Green.

J. H. Soper, in his report as ancillary administrator of the estate of the late John Wilson, says the estate is valued at about \$12,778.

Gregorio Medina, a laborer and a native of Porto Rico, has filed in federal court his declaration of intention to become an American citizen. He has been a resident of the territory for the last 26 years.

Seven Japanese suffering from trachoma and one Chinese who has been denied admission to the territory are due to be deported tomorrow on the Siberia Maru when she steams for the Orient in the afternoon.

A declaration of intention to become an American citizen has been filed in federal court by Frank Edward Fernandez, a laborer and native of Madeira, Portugal. Fernandez has resided in the territory during the last 31 years.

In a fall from the third floor of the Wolter building Sunday John F. Ness of the Advertiser staff sustained two broken ribs, a sprained hip, several painful bruises and it is thought that one lung is slightly punctured. His escape from death was miraculous.

Among those who returned from the Volcano Sunday in the Wilhelmina were Manager C. G. Ballentine of the Honolulu Rapid Transit; Manager J. D. McInerney of McInerney's clothing department; Mrs. Charles N. Marquet, wife of Representative-elect Marquet; Secretary Irwin H. Beadle of Trent Trust Company; E. D. Tenney, manager of Castle & Cooke; and Mrs. Tenney; Mrs. Walter Macfarlane, wife of the manager of Libby, McNeill & Libby; Mrs. Robert Shingle, wife of the president of the Henry Waterhouse Trust Company; Miss Jessie Kennedy, daughter of President J. A. Kennedy of the Inter-Island Company; Mrs. F. W. Kiehl, wife of the manager of H. Hackfeld & Company's shipping department; Fred Koster, president of the San Francisco Chamber of Commerce; and Mrs. Koster; Mrs. Charles F. Chillingworth, wife of Senator Chillingworth; Mr. and Mrs. H. Focke; Mr. and Mrs. W. Williamson and George A. Davis.

HAVANA TO HOLD LAW INSTITUTE

(By Associated Press) WASHINGTON, D. C.—Plans for the second annual meeting of the American Institute of International Law, comprising five delegates from each of the national societies of the 21 American states, to be held in Havana, beginning January 22, are well under way. A meeting surpassing in importance even that of last year is anticipated. Dr. James Brown Scott, president of the institute, and Dr. Alejandro Alvarez of Chile, secretary-general, who is now in Washington, are working on the program, which is expected to be announced shortly.

The meeting is to be held in Havana at the invitation of the Cuban government, which has planned the appropriation of 10,000 pesos for its expense. Many sources of entertainment have already been arranged, such as a gala day at the race track and the opera, a trip out through the country and an excursion to Matanzas. The morning sessions of the conference are to be held in the Academy of Sciences, the afternoon at the university, while the evenings are to be given over to social events.

At the first meeting, which was held in Washington last year in conjunction with the Pan-American convention, the very important pronouncement as to the rights and duties of nations was drawn up, which received widespread notice at the time. This provided in the main that states, whether large or small, have the right to existence and self-defense, so long as neither infringing on the rights of other states, that none was entitled to violate international law and that if one did it was the moral duty of the others to protest energetically.

HEART ARMOR

LONDON, England.—"I have got my way," Dr. C. W. Saleeby of London says, "about heart armor for our soldiers. We are going to have something. The military authorities have consented, as it were, to try whether something cannot be devised, and we have now been officially informed they are going to do it. Perfectly wonderful things in the way of shields have been done already with very simple means. Every soldier ought to have a body shield provided by you and me. Already our head cases are disappearing from the hospitals. That is the helmet, I hope we may be able to say the same in regard to shrapnel wounds to the chest and upper part of the abdomen."

At the present time the supply of milk scarcely fills the demand and to keep our first-class dairymen in business and insure a future supply of high grade pasteurized milk this advance necessary.

KINDNESS GAINS \$30,000 LEGACY FOR POLICEMAN

NEW YORK, N. Y.—Policeman Edward J. O'Rourke of the Fort Hamilton station, six feet and more, powerful, kindly and noted for his goodness to aged persons and little children, has found himself, much to his bewilderment, \$30,000 wealthier than he was, on account of his kindness to an invalid. Miss Esther Clair of Sheepshead Bay made him the beneficiary to that amount in cash and real estate. She died from cancer in the Jewish hospital, Brooklyn, about a month ago, having been an invalid for several years.

At his home, 1749 79th street, Mr. O'Rourke admitted that Miss Clair's bequest had taken him by surprise. "I was assigned to Sheepshead Bay about five years ago," he said, "and I hadn't been on the job long before Miss Clair came along. I saw she wasn't strong and I helped her across the street. After that she spoke to me when she saw me."

"I sometimes chased away boys from her home at the foot of 25th street and I stopped them several times from throwing stones and snowballs at her windows. Of course that was nothing, but she seemed to think I was doing a lot when I stopped the boys from disturbing her."

"When she became so ill that she was taken to the Jewish hospital I went to see her several times. But it was the last thought in my mind that she should ever leave me money—it never entered my head."

"Will you leave the police department?" he was asked. "Of course not. Why should I? I've been a policeman for 15 years and I am only 39 years old. I like it and intend to stick to it."

"What will you do with the money?" "Turn it over to my wife, of course. She always takes care of the family's money."

And Mrs. O'Rourke, surrounded by her three small children, smiled her full approval of the arrangement.

HERDS OF DEER BECOME PESTS TO SCOTCH FARMERS

(By Associated Press) GLASGOW, Scotland.—Scotland is suffering from the deer pest. Hundreds of herds of deer are descending on farms and devouring the crops. Farmers and land agents reported these conditions at a recent meeting of the Scottish chamber of agriculture and demanded amendments to the game laws so that more deer could be shot and the food supplies increased. It seems that 9,000,000 of Scotland's 19,000,000 acres are officially described as "mountain and heath grazing land." Of this more than 2,000,000 acres are deer forest proper, and on much of the rest deer compete with sheep and cattle for the pasture. A good landlord encloses his preserves with a deer fence and keeps it in repair. But it was said at the chamber meeting that there are many bad landlords.

One of the biggest sheep farmers in Scotland declared that a nation less insured by tradition to the dominance of the great landowning families would long ago have demanded that deer should be confined to the poor lands, and that the better lands should be used for crops, pastures or afforestation.

LONDON, England.—"I have got my way," Dr. C. W. Saleeby of London says, "about heart armor for our soldiers. We are going to have something. The military authorities have consented, as it were, to try whether something cannot be devised, and we have now been officially informed they are going to do it. Perfectly wonderful things in the way of shields have been done already with very simple means. Every soldier ought to have a body shield provided by you and me. Already our head cases are disappearing from the hospitals. That is the helmet, I hope we may be able to say the same in regard to shrapnel wounds to the chest and upper part of the abdomen."

RESTAURANTS IN GOOD CONDITION

Honolulu's restaurants are in first-class condition, according to Food Commissioner A. W. Hansen, who made a recent visit with officials of the anti-tuberculosis bureau and investigated practically all of the eating houses of the city.

Hansen said today that the improvement in the last year, due mainly to the campaign waged some time ago by the bureau under D. L. MacKaye and J. H. Fischer, is remarkable. In his trip of inspection only one restaurant was found where quality of food was not up to high standard.

The food expert says much credit should be given to the anti-tuberculosis bureau for the effectiveness of its campaign. Citizens can feel now, he says, that when they go into practically any of the local restaurants they are getting clean food. Inspections were made as to clean floors, ice boxes, whether meat and fish were kept separate, what condition meat was in and whether it had been kept in tin containers.

TO ENTER BOSTON TECH

Alfin Johnson, engineer with the territorial survey department, will leave on the Wilhelmina next Wednesday on his way to Boston, where he will enter the Massachusetts Institute of Technology for post-graduate work. Mrs. Johnson is already in Boston, having preceded her husband several months, and is studying music. Johnson has been in the islands about three years, about one of which was with the territorial department.

St. Louis has one factory which will this year consume 100,000 feet of lumber.

EDITOR

MONDAY, JANUARY 22, 1917.

NO PARTNERSHIP WITH VICE.

These are the recommendations of the vice inquiry committee appointed by the Chamber of Commerce, in its report made public Saturday:

1. A law known as the Iowa Injunction Law or sometimes spoken of as the Abatement by Injunction Law.
- 2nd. A law requiring physicians, druggists and others who may treat venereal diseases to make a report of these cases to the board of health in the same way that other contagious and infectious diseases are reported.
- 3rd. An appropriation sufficient to give the city and county an efficient police force.

The first recommendation is the proposal that has been before the last two sessions of the territorial legislature, has received the indorsement of many citizens and not a few public officials, and was strengthened by the recent report of the territorial grand jury which closed Iwilei. Unquestionably the law should be enacted. It is precisely the sort of legislation which hits most effectively at commercialized vice that scatters through the city with the closing of a recognized "redlight district."

This law soon stops the use of cottage or hotel rooms for immoral purposes, because by injunction it closes the buildings. It gets at the "vice landlord." Under such circumstances, landlords will make very sure that their tenants are above reproach.

The second recommendation was also made by the grand jury. The principle it sets forth has the indorsement of the leading medical authorities who have studied the knotty subject of checking venereal disease. Unquestionably there must be a hard fight to get this through the legislature, but the fight ought to be made, just as the fight ought to be renewed to secure the passage of the abatement bill.

With the third recommendation, agreement is logical. Of course there ought to be an appropriation sufficient to furnish an efficient police force. What that appropriation should be and whether the police department is making full use of its funds now are questions that will be variously answered in any discussion. If the police department is to enter heart and soul into cleaning up the city of its large floating class of undesirables, it must have an adequate force. One shortage of which the department complains is at "Bloodtown." Here, it is said by the city attorney's office, three policemen are needed. The Star-Bulletin believes this to be true—with present vice-conditions at Bloodtown. It need not long be true. One vigorous clean-up of the place will drive out most of the criminal class and those who cater to criminals. And when it is known that Bloodtown is not a healthy place for law-breakers, they and their hangers-on will stay away and three policemen will not be needed there.

Even the defenders of the present police administration believe that the great majority of the policemen are deficient in training for their duties. Discipline in the department is at a low ebb. System is often lacking. With thorough training of officers in all the details of their business—including a knowledge of the laws and ordinances they are supposed to enforce, the department would be much more efficient. It would be worth while spending money to secure this training—which should be physical as well as mental and moral.

It is the difficulty of convincing the present head of the department that system and training are lacking which gives rise to much of the opposition to him—much of the belief that the present administration, if continued, will not be bettered merely by spending more money.

Perhaps the most significant thing about the vice committee's report is that it reaches exactly the same conclusions every authoritative investigating body has reached—Honolulu cannot go into partnership with vice. The city cannot enter into alliance with immorality and the toleration of criminals. Law-breaking must be fought—fought hard and fought continually—to keep the city even up to average cleanliness. And it indorses the methods other investigators have indorsed.

That makes for a united battle.

This paper prints today the minority report of Supervisor Robert Horner, a member of the Chamber of Commerce vice inquiry committee. In his advocacy of legalizing the "redlight" district he makes a proposal that is simply infamous. He offers a plan that will bind the city in an immoral partnership. He suggests and counsels the degradation of the municipality in which he holds important office. His proposal is disgraceful, shameful. The only reason for printing it is so that every citizen may know what this supervisor conceives to be public policy.

Sherman L. Whipple, the Boston lawyer chosen as special counsel by the "leak" investigators of Washington, is the father-in-law of a Honolulu boy bothrop Withington. Mr. Whipple is one of the leading attorneys of the New England bar.

Admiral Dewey, for whom the nation mourned on Saturday, would never have been the hero of his country had he waited around Manila Bay to exchange notes with Admiral Montojo before holding the Spanish admiral to "strict accountability."

The Deutschland is once more about to leave calling-cards at New London.

ANENT THE FREQUENCY OF OUR FAIRS.

From the Maui Times.
Despite the fact that our first county fair was a signal success, educationally, socially, financially and every other way, we believe it would be a mistake to make it a regular annual affair. Everything in moderation is a good old golden rule, and we should be overdoing it if we were to have a fair every year. It is a big undertaking, requiring much time and strenuous work, to which fact the workers for our first fair no doubt can testify. There are not many who are able to spare the time, though they may be quite willing to assist in the work; hence we should be obliged, at least to a great extent, to draw on the same people who acted as chairmen and members of the many committees at the last fair, which would be rather an imposition.

It appears to us that the best plan would be to have a fair every fourth year, in conjunction with the civic convention. Give the other islands a show to hold a fair once in a while, too. The civic convention will this year be held in Honolulu; Maui's turn comes next, in 1918. We have thus two years in which to prepare for our next fair, and after that there will be an interval of four years between each fair, which would give ample time to thoroughly get in shape for the next and make it a decided improvement upon the last. You cannot expect great results and progress in one year, neither in the agricultural industry nor in the livestock, but in four years the improvements should be quite noticeable.

"BLOODTOWN" MUST GO.

A few hours after the publication of the Chamber of Commerce vice inquiry report, the city attorney's office in conjunction with a squad of detectives and special officers raided "Bloodtown."

All that the vice committee's report had said of this ill-famed resort was found true—and more. "Blind-piggers" were arrested in the act of illicitly selling liquor, and large stocks of bottled beers, gins and whiskies were seized. In one place—a Chinese restaurant—the presence of an opium-smoking "lay-out" gave evidence that the resort was used for "hitting the pipe." In several of the little cottages that cluster thickly in this village gambling-games were in progress, the money quickly disappearing when word went out that the officers were raiding the blind-piggers. Painted women and others not painted but of the same profession mingled with the riff-raff, plying their trade.

The rapidity with which lights went out, doors were slammed, locks snapped and silence wrought in many a cottage and crib-room proved beyond question that law-breaking had taken place there, though no evidence was obtainable at the moment. However, plenty of evidence was secured to show how various and defiant are the law-breakers of Bloodtown.

Several times the Honolulu newspapers have received protests from Wahiawa residents against mention of "Bloodtown" in connection with Wahiawa. They cannot be blamed for their aversion to this comment, but so long as Bloodtown is allowed to remain, to flourish in all its viciousness, Wahiawa will bear some of the stigma. Wahiawa residents in common with residents of every part of Honolulu must demand cleanliness.

The army authorities furnished willing and entirely efficient cooperation for the civil officers in the Saturday night raid. The blind-piggers and painted women of Wahiawa are even more of a menace to the soldiers than to the civilians. And on Saturday night again and again the raiding party heard remarks from soldiers that the raiding of this notorious resort is "the best thing that ever happened."

Bloodtown has no place in the scheme of a clean, well-ordered city whose citizens expect at least average decency. One need not be a crank, a "long-haired reformer" or a "holier-than-thou" individual to declare that Bloodtown is too evil, too foul a spot for longer toleration. It must go.

The new head of Standard Oil's parent corporation, the Standard Oil Company of New Jersey, has two great interests in life. One of them, of course, is his work, otherwise he wouldn't have succeeded John D. Archbold a few weeks ago. The other is the Y. M. C. A. He is chairman of the Y. M. C. A. building committee of Brooklyn and one of the leading supporters in America of Y. M. and Y. W. C. A. work. His name is Alfred Coffin Bedford, and those who know him say that he will revolutionize many of Standard Oil's methods—for the better. He is a keen businessman and a broad-gauge citizen.

"Use business methods in your housekeeping," is a very good admonition, yet one can't help a lingering liking for the cook who makes delicious flap-jacks and glorious coffee, yet couldn't write a receipt to save her life.—Buffalo Times.

It is perfectly safe to say that neither Gen. Pershing nor Gen. Funston relishes quitting the border with the Villa job undone, but there is no hope of doing it in the way followed for the past five months.

After being wrecked with their aeroplane, burned up in the desert, starved and sickened, the two army aviators have been rescued to face a court-martial for making an unauthorized flight.

Weather man is evidently able to take a hint.

WRITES OPINION UPON LIABILITY

In reply to a request from the industrial accident board asking for the status under the Workmen's Compensation Act of an employee doing work for several employers, William T. Carden, deputy city attorney, has given the opinion that each employer is liable for that amount only which he pays the employee and is not liable if an accident occurs while the employee is working for one of the other employers.

In brief, Carden says: "Where a person doing janitor work is employed under separate contract by different individuals who pay independently and individually for the services rendered to them, each one of these contracts for service is independent of and entirely distinct from each other contract. In the case of injury, therefore, to the janitor in the course of his employment only that employer is liable to make compensation in whose employment the janitor was engaged at the time of the injury and compensation is to be calculated only on the wages paid by such employer."

Concerning the amount of premium which each employer would have to pay, it is calculated entirely on the basis of the wages paid by that particular employer. Any other employments which the janitor may be engaged in are of no concern whatever to any individual employer.

Carden also points out that the individual employer is liable for compensation to assistants employed by the janitor.

LETTERS

FROM AN "UNREGULATED PEDESTRIAN"

Sir: After reading your interesting editorial in Saturday's Star-Bulletin headed "The Unregulated Pedestrian" I had the next day a very striking and amusing proof of your true and scathing remarks about harsh speeches being flung at peaceful and contented pedestrians.

Sunday afternoon at about 5 o'clock I walked up Nuuanu avenue and was about half way up to the Fall when an auto overhauled me; at the same time a returning machine came along, both passing each other at a point about 10 feet behind poor me. I was walking on the right side of that broad enough road, as close as possible to the edge of the grass, sure of doing everything I could to please even the most pretentious autoist of Honolulu, but nevertheless the driver tooted his horn several times, and when passing me a lady saluted me with the kind words: "What's the matter with you, are you deaf?" I just had time to stutter "No" and they disappeared.

I am awful sorry I offended her and will not do it again even if the grass is damp and dirty and the creases of my newly-cleaned trousers will have to suffer for it. The number of machines I saw and recognized it coming back, but owing to my bad memory I forgot it again, otherwise I should only be too pleased to send my excuses for obstructing the road and not taking my regular afternoon walk in the grass!

When will the pedestrian be taught to pay proper deference to the motor car?
A Daily Walker Who Is Forced to Drive Sometimes for Safety.

CONTROL OF SALOON LOCATIONS

Sir: While it may hardly be expected that the license commissioners will take the responsibility of abolishing the liquor traffic in Honolulu by the negative method of refusing licenses, yet there is one means whereby they could and should mitigate the nuisances attaching to the saloon system. This is to make restrictions as to locations of saloons, as President Dole did under the republic when he decreed that the granting of licenses in the principal retail trade section should cease. He thus drove the last saloon off lower Fort street.

When the projected widening of Hotel street at Fort is accomplished, saloons ought to be tabued on that thoroughfare as far from Fort street as Maunakea, if not throughout its whole length. At least the theater section—taking in the Empire, Hawaii and Bijou—should be protected from saloon contact.

GOOD ORDER.

A special meeting of the members of the Chamber of Commerce has been called for Wednesday afternoon at 2 o'clock to pass on the report of the municipal affairs committee on the water and sewer bond issue and also to discuss the report of the anti-vice committee.

NEW ELECTRIC PUMP IS READY

It is expected that before the day is over the current from the city's electric plant will be switched onto the sewer pumping plant's line and the new 12,000,000-gallon electric pump will be started. Everything is ready to commence and if the new unit is accepted after a week's test it will mean a saving of \$5000 a year to the sewer department.

The station now has two pumps, the old steam pump and the new electric one. It is the plan of the department to run the electric pump during the day and the steam unit at night. Later if the board of supervisors is able to raise \$1500 for additional equipment to the electric light station it will be possible to run the electric unit continuously.

Go Dan Cupid One Better and Stage Real Elopement

They sought to fool their friends and were successful—until today, when the news leaked out. However, it is the hope of their many friends that they will not regret the exciting adventure that comes to but few couples who plan to see a minister, and that they may "live happily ever after," as the story books say.

William G. Matthias is assistant bookkeeper at Ewa plantation. Mrs. Matthias, who was Jessie Camron, is employed by the Henry May & Co. They had been the best of friends and finally their acquaintance ripened to an extent where Dan Cupid decided to take a hand. The little winged god of love took a big handful and last Saturday evening a mysterious party off our persons sneaked down to the home of a Hawaiian minister at Waialua.

It was an elopement with all the excitement one reads about in the magazines, so the witnesses assert. The young couple had intended to keep their marriage secret, but details of the adventure leaked out in a mysterious fashion, and when Mrs. Matthias reached her desk this morning it was decorated with a profusion of flowers, rice and probably a few discarded shoes. It is rumored that there was not a little excitement when the happy groom wandered into the plantation office this morning.

Mr. and Mrs. Matthias have a host of friends in Honolulu and in the country who doubtless will be surprised to learn of the ceremony. They have made no definite plans for the future, but probably will make their home at Ewa. The witnesses at the ceremony were Miss Miriam Stacker and Ira Davis.

MANAGER OF R. T. IIS BACK FROM INSPECTING PROPOSED HILO COMPANY

Following the completion of a survey of the proposed street car line at Hilo, Clinton G. Ballentyne, manager of the Honolulu Rapid Transit & Land Company, returned Sunday from Hawaii. Ballentyne refuses to go into details, but his work consisted of mapping out the best routes and estimating the amount of equipment needed to start operations. Ballentyne also visited Kilauea and declared he had never seen it so wonderfully active as at present.

WAIKIKI LOOKED LIKE BEAN SOUP ON SUNDAY

Tourists who had come thousands of miles to see Honolulu's far-famed Waikiki had an opportunity to look up it Sunday when it was the color of thick brown bean soup and about as pleasant to swim in. There was plenty of nourishment in the water, but not for human beings. It would have made excellent garden fertilizer. The water was dark brown for nearly half a mile out.

The discoloration of the usually clear water along the beach at that point was caused by the floods of muddy water which Friday and Saturday poured into the sea from Manoa stream, which empties into the ocean between the Outrigger Canoe Club and the Moana. It was still flowing in and was very much coffee-colored Sunday afternoon at sunset.

At the Halekulani and further Ewa along the beach, at Fort De Russy and the Pierpoint, the water was fine and clear, because no stream flows into the sea at or near those points. Completion of the Waikiki reclamation project would divert the flow of Manoa stream now emptying at the Outrigger and cause it to meet the sea at a point where there is no bathing, thus freeing Waikiki of the present pollution after each heavy rain.

Stop?

No Man Can Stop Once He Begins Using Right Paid Publicity.

Gerhard Mennen was once asked if he believed his publicity was successful.

He Said it was like this:

"I was Running a retail store and an advertising man came and said,

"If I Would advertise in the Town Papers I would do more business,

"And I Advertised and I did more business,

"And They Came to me and said if I would advertise all over the State I could get more business, and I advertised and I Got the Business,

"And they told me to branch out into New York State and Pennsylvania and I would get more business, and I did, and They Were Right.

"And I Have Gone On from year to year doing More Advertising and Getting More Business.

"And I Will Tell you the Truth—I am afraid to Quit."

Business Men who really aim to develop their business and draw trade to their establishments, find in Paid Publicity the medium for satisfying their needs.

Paid Publicity Builds Business.

SOCIETY

CHOWDER SUPPER

The annual chowder supper which the members of Central Union church enjoyed Wednesday evening at the parish house was, socially, a great success and was largely attended, the six long tables being well filled and nearly 300 were served. African daisies in crimson and the more delicate pastel shades decorated the tables, while tall bright-leaved crotons and fern baskets were used to good advantage around the room.

The supper was planned and served by the members of the house committee, under the efficient chairmanship of Mrs. Clifton M. Tracy and assisted by Mrs. Andrew Fuller, Miss Millet of Boston and Mrs. Charles Atherton. The personnel of the house committee, besides its chairman, includes Mesdames Stanley Stephenson, H. W. Marvin, J. S. B. Pratt, Stanley Livingston and Miss Alice Harbaugh. Presiding as hosts and hostesses at the various tables were the deacons and their wives, the trustees and their wives, the officers of the Women's Society and their husbands, the deaconesses and a few of the prominent Sunday school officers, these assisting in this hospitable service being Dr. and Mrs. J. M. Whitney, Judge and Mrs. Walter Frear, Mr. and Mrs. F. J. Lowrey, Mr. and Mrs. W. J. Forbes, Dr. and Mrs. A. L. Dean, Mr. and Mrs. Walter Engle, Mr. and Mrs. R. G. Moore, Mr. and Mrs. Edwin Benner, Mr. and Mrs. C. H. Atherton, Mr. and Mrs. John Waterhouse, Mr. and Mrs. Arthur E. Larimer, Mr. and Mrs. Vaughan MacCaughy, Mr. and Mrs. Theodore Richards, Mrs. A. Brown, Mrs. E. B. Waterhouse, Miss Agnes Judd and Miss Rose Latschar. Dr. J. H. Williams, acting pastor, and Mrs. Williams, presided as host and hostess at the pastor's table, the former acting as moderator of the business meeting which followed the supper. Preceding the gathering in the dining room a pleasant half hour was spent in the church parlors, where Dr. and Mrs. Williams, Mr. and Mrs. F. J. Lowrey and Mr. and Mrs. Edwin Benner received the guests and other members of the church assisted in introducing all the out of town visitors, of whom there were quite a number.

At the conclusion of the supper, before the business of the evening began, Miss Bernice Holmes, who was formerly the leading contralto in the De Folco Opera Company, sang a group of three songs, Mrs. J. Oscar Phillips acting as her accompanist. Peculiarly appropriate to the end of a year's successful work was the first number of the group, Carrie Jacobs Bond's ever beautiful, "A Perfect Day," which Miss Holmes sang with flawless expression. Her second number was a delightful new song, "Sweet Miss Mary," by W. H. Heldinger, full of the hit and charm of the negro melodies.

The third number was "To You" (Oley Speaks) and revealed to good advantage the singer's powerful lower register.

Each number brought out a different phase of the singer's voice and showed the exquisite quality and power of her wonderful voice. The songs added greatly to the enjoyment of the evening and were especially appreciated, coming as a courtesy from a professional singer.

HAWAIIAN SETTING FOR BIG N.Y. SOCIAL EVENT

NEW YORK, N. Y.—The first Hawaiian dance of the season was held last night in the roof garden of the Hotel McAlpin by Mr. and Mrs. Adolph Steinhardt of 23 East Ninety-second street, who introduced their daughter, Miss Therese Steinhardt. The garden was transformed into a Hawaiian village, with thatched bungalows. The decorations consisted of palms, sugar cane and lanterns.

A Hawaiian orchestra sang and played during the evening. After supper, served at 1 o'clock, Miss Hazel Allen and Thomas A. Rector gave a Hawaiian dance.

The guests, numbering several hundred, came in Hawaiian costumes, the men in the regulation white costumes and the women and girls in grass skirts with gold bodices. All wore masks, and the unmasking came after midnight.

THOSE AWFUL GRAMPS

Suggestions that may save Much Suffering

Marysville, Pa.—"For twelve years I suffered with terrible cramps. I would have to stay in bed several days every month. I tried all kinds of remedies and was treated by doctors, but my trouble continued until one day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for others. I tried it and now I am never troubled with cramps and feel like a different woman. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly and I am recommending it to my friends who suffer as I did."

—Mrs. GEORGE R. NAYLOR, Box 72, Marysville, Pa.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

Write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Only women open and read such letters.

Among the girl friends of the debutante present were the Misses Marie Spiegelberg, Edith Bry, Louis Morgenthau, Minette Strook, Helen Rossbach, Harriet Demuth, Fay Lewistown, Marion Nathan, Geraldine Krause, Margaret Straus, Jeanne Krebs, Edith Lowenstein, Madeline Steinhardt, Ethel Frank, Margaret Oppenheimer, Evelyn Hirschhorn, Mildred Oppenlein and Dorothy Kohn.

There were several entertainments for the younger set yesterday. Mrs. Jonathan Bulkley gave a coming out reception at her residence, 600 Park avenue, for her daughter, Miss Sarah Tod Bulkley. Mrs. Bulkley and her daughter had in their receiving party the Misses Beatrice Beck, Helen James, Polly Danosch, Annette Moran, Adely Chisholm, Mary Colt, Louise Harkness, Elizabeth Glenn, Frances Field, Margaret Whiting and Vallette La Forge of Chicago. A dinner and party to the play followed the tea.

Mrs. George Marshall Allen entertained with a luncheon for her debutante daughter, Miss Loraine Allen, in the Japanese room at the Ritz-Carlton. There were 56 girls present.

Dances for debutantes included those for the Misses Mary L. Post and Ellen McCarter.

Miss McCarter's dance was given by her mother, Mrs. Thomas G. McCarter, in the small ballroom at Sherry's. The supper was served in the tapestry suite. The decorations were in pink and white, and there were nearly 200 guests. Mrs. McCarter and Miss McCarter received alone. Several dinners preceded the dance.—New York Times, Dec. 16.

TOURIST DELIGHTS HEARERS

Mrs. John Caum of 1204 Lunailo street entertained Circle No. 9 of the Women's Society of Central Union church Thursday afternoon at her home, about 25 women being present. The members were especially glad to greet four visiting women from other cities who are spending some time in Honolulu—Mrs. Elbert of St. Louis, Mrs. Werner, Mrs. Warner and Mrs. Wallace L. Hardison of Los Angeles. During the afternoon Mrs. Hardison, who possesses a beautiful voice, sang most charmingly two of Carrie Jacobs Bond's songs, "His Lullaby" and "A Perfect Day," playing her own accompaniments. Mrs. Hardison was formerly Miss Mary Belle Daily of Salina, Kansas, and has sung for many years both abroad and in this country upon the professional stage. For three years she was soloist of the Christian Science church in Berlin, Germany, and she has sung much with symphony orchestras in her concert work. Since her marriage, several years ago, she has resided in Southern California and lives in a most picturesque adobe house, which before its restoration was one of the historical landmarks of South Pasadena. Mrs. Hardison and her mother, Mrs. Warner, have spent several weeks in Honolulu and will shortly leave for their Southern California home.

At the close of the needlework hour, afternoon tea was served and then a short business meeting held. The chairman, Mrs. J. T. Warren, tendered her resignation and Miss Annie Hustace was elected to fill the vacancy. It was announced that Miss Hustace, assisted by Mrs. Maliniff, would entertain the circle at its next meeting, February 15, at which time the women will finish the rug work now on hand and be in readiness to take up some new line of work in March.

VISITOR WRITES OF VOLCANO

Mrs. Rose Edwards, who is spending the winter in Honolulu, writes to friends of a visit across the island to the famous volcano. She was impressed by the extremes of landscape—green fields of sugar cane one moment and a pit of molten lava the next. She writes: "Almost on the edge of the liquid fire, one finds the gentle fern thriving in all its beauty. About 500 yards away the wild rose blooms, nestling against the fern trees in perfect confidence and teaching us a lesson in divine faith such as I have rarely seen. It is all so puzzling and yet so grand!"

DINNER-DANCE OF INTEREST

Mr. and Mrs. Andrew Welch were hosts at a dinner-dance at the Palace Hotel on Saturday night. It was a particularly pretty party, with Christmas decorations, with American Beauty roses, poinsettias and red berries adorning the large table. The guests were Mr. and Mrs. Harry MacFarlane of Honolulu, Mrs. and Mrs. Paul Fagan, Mr. and Mrs. Harry Jenkins, the Misses Phyllis De Young, Augusta Foute, Helen St. Goar, Julia Van Fleet and the Messrs. Jerd Sullivan, Charles St. Goar, Edward Harrison and Dan Volkmann.—San Francisco Examiner.

ABOUT ADMIRAL AND MRS. BOUSH

WASHINGTON, D. C.—Admiral and Mrs. Clifford J. Boush arrived on Wednesday from Boston and are the house-guests for several days of Com. and Mrs. William S. Hogg at their home on Cathedral avenue. Com. and Mrs. Hogg entertained at dinner on Thursday evening in compliment to their guests. Rear-Admiral and Mrs. Boush and Miss Geraldine Boush have changed their address from Hampton Court, Brookline, Mass., to No. 100 St. Mary street, Boston, Mass.—Army and Navy Register.

A verdict of murder in the second degree was returned by the jury in the case of Alfonso Brenon, charged with the murder of his wife at Cane Vincent, N. Y.

NOTICE.

The annual meeting of the Catholic Ladies' Aid Society will be held at 3 o'clock, January 25, at the home of Mrs. E. S. Cunha, Waikiki. Catholic ladies and all members are urgently requested to attend.

SERVICES HELD OVER E. A. STROUT

"I have fought the good fight; I have kept the faith; I have finished the course."

Thus did Rev. L. L. Loufbourou appropriately commend E. A. Strout to his Maker.

The popular G. A. R. man, the youngest of the order here, who was killed in an accident on King street, near River, Saturday morning, passed out quickly when fate intervened, but memory of him will live long.

Sunday afternoon his many friends, comrades of the Grand Army of the Republic, United Spanish War Veterans and fellow government workers combined in mournful ceremonies of a beautiful nature.

The services were held at Williams' undertaking parlor and later at the crematorium in Nuuanu cemetery. The ashes will be buried there today. Pallbearers were William L. Eaton, L. L. La Pierre, N. B. Nowell and Thomas Protheroe. Mrs. W. H. Fry sang and C. Cannon, G. A. R. post commander, placed a wreath of evergreen on the coffin and the Spanish War Veterans fired a parting volley and their bugler sounded taps over a beautiful silver-trimmed coffin covered with flowers.

HEINIE'S TAVERN TONIGHT

Hawaiian Songs, Hula Dance, Cabaret and Dancing.
Table D'Hotel Dinner, \$1.00.—Adv.

UKULELE CLASS WILL BE STARTED AT Y. M.

The Y. M. C. A. is "breaking into the Tourist League" this week with the opening of a class in teaching the ukulele. For a long time many tourists have been coming to the Hawaiian islands and in their short stays have found that the ukulele instruction price was above their mark and consequently many have gone back with a ukulele and an instruction book and with little knowledge of the instrument itself.

The Y. M. C. A. will start a class opening Friday night under the tutoring of Ernest Kaai, the master of musical things Hawaiian. The course will consist of ten lessons. A part of the course that makes it attractive is that a ukulele will be given to each member of the class enrolling. Mr. Kaai, who is also a manufacturer of the ukulele, has been able to furnish these instruments to the Y. M. C. A. class at a very reduced rate. The class will be held from 7 to 8 o'clock at the Y. M. C. A. Already there are a number of men enrolled and it is expected that there will be no trouble in filling the class to its limited capacity. R. K. Thomas of the educational department is in charge of enrollments.

Bodily Housekeeping

(By Samuel Hamilton, M. D.)

The subject of drinking water with meals has been misunderstood. In recent years investigation by means of X-rays, the observations of scientists such as Cannon, Grutzner, Pavlov, Fowler, Hawk, prove that an abundance of water taken during digestion is necessary to good bodily housekeeping. To drink a pint of hot water before meals is good practice, and those suffering from a catarrhal condition of the stomach will find benefit in adding about 10 grains (one-sixth of a level teaspoonful) of baking soda, drinking it an hour before each meal. Those who are inclined to hyperacidity should drink slowly a pint of medium cold water, two hours after meals.

If your kidneys are sick, or you suffer with lumbago or rheumatism at times, pain in the back or back of the neck, take a little Anuric before meals. This can be found at any good drug store, and was first discovered by Dr. Pierce of the Surgical Institute, in Buffalo, N. Y.

When run down, when life indoors has brought about a stagnant condition in the circulation—most everyone is filled with uric acid—especially is this so of people past middle age. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands or feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints and high blood pressure are also often noticed. Everyone should drink plenty of pure water and exercise in the open air as much as possible. I have found that Anuric is an antidote for this uric acid poison and that it will dissolve the accumulation of uric acid in the body much as hot water dissolves sugar.—Adv.

HILLEBRAND PROJECT IS PROCEEDING RAPIDLY

Work on the Hillebrand Glen, or Maole conduit project, has now been under way for two weeks and a large amount of excavation has been accomplished. There are 27 men on the job. The work started above reservoir No. 4 and is proceeding up the valley.

TICKET FRAUDS INCREASE

(By Associated Press)

LONDON, Eng.—In reporting an increase of more than 100 per cent in ticket frauds by passengers since the war began, the Great Western Railway Magazine says the chief offenders are women and girl maitron workers. This year one railway company alone has prosecuted 520 persons for fraud.

WRIGLEYS

Friends!

Wrigley's is a constant friend to teeth, breath, appetite and digestion.

The refreshment and comfort of this toothsome, long-lasting confection is within the reach of everybody.

Its benefits are many—its cost small. That's why it's used around the world. Nothing else can take its place.

SHIPPING & WATERFRONT NEWS

THREE BOATS TO COME FROM S. F.

Three passenger steamers from San Francisco, two flying the American flag and one the Japanese, will arrive tomorrow morning.

The first to be off port will be the Siberia Maru of the Toyo Kisen Kaisha. She will arrive in this morning at 6 a. m. tomorrow will be her hour of arrival off port. The Siberia has the next mail from San Francisco, seven days' accumulation, probably close to 1,000 bags. She will dock at Pier 7 and leave at 5 p. m. sharp for Yokohama, taking the next mail for the Orient and Philippines.

Due about the same time is the Pacific Mailer Venezuela, which will arrive in her hour as daylight tomorrow. She will berth at Pier 6 and leave about 5 o'clock in the afternoon, the same hour as the Siberia and also for Yokohama.

No wireless was received this morning by Castle & Cooke from the Matson steamer Manoa, due off port at 6:30 in the morning, to dock at Pier 15 an hour later. It is presumed she is on time as no word to the contrary has reached the local agency. She has 74 cabin passengers and 7031 tons of cargo for Honolulu.

P. M. LINERS TO ARRIVE TUESDAY

If the Pacific Mail liner Ecuador can arrive off port from Yokohama before 5:16 tomorrow afternoon, sunset, she will enter port tomorrow evening. If not she will lie outside at a charge until Wednesday morning.

A wireless received by Hackfeld's shipping department today from Capt. A. W. Nelson of the steamer said she would be off port at 6 o'clock tomorrow afternoon. This will not do him any good, however, unless he speeds up and arrives before 5:16, as Dr. F. E. Trotter, chief quarantine officer, said today no passenger steamer from the Orient will be boarded after sunset.

The Ecuador has eight cabin and 41 stowage passengers for Honolulu. Total passengers aboard are 62 cabin and 130 stowage. Cargo for this port is 70 tons.

Venezuela At Daylight

At daylight tomorrow the Ecuador's sister ship, the Venezuela, will arrive from San Francisco and will dock at Pier 6. She has seven stopover passengers for Honolulu and no mail. There are 40 cabin and 80 stowage passengers aboard all told. The Venezuela will leave for Yokohama about 5 o'clock tomorrow afternoon.

WILHELMINA HAS CAPACITY LIST

Some time tomorrow morning the Matson freighter Wilhelmina, Capt. Peter Jory, will arrive from Hilo and Kahului, according to wireless messages reaching Castle & Cooke's shipping department today.

The Wilhelmina arrived at Hilo Saturday night, her destination having been altered by orders from San Francisco because of the necessity of getting some of her Hilo freight to the Second City at the earliest possible moment. She went to Kahului Sunday and discharged her cargo for that port.

Thursday the Hyades is due to steam from Kapaunui with a full load of island sugar for San Francisco, 4,000 tons. She left this port Friday evening.

Wilhelmina Booked Full

With every stowage room taken and a waiting list of several couples, the Matson liner Wilhelmina, Capt. Peter Johnson, will leave at 10 a. m. Wednesday from Pier 15 with all the passengers she can carry. There is room left now for only two or three women and a couple of men, Castle & Cooke's shipping department reported today.

Cargo leaving on the Wilhelmina will also be heavy, 5,000 tons of sugar, 20,000 cases of canned pine, 500 tons of molasses, 3,500 bunches of bananas and the usual amount of "plunder" (miscellaneous freight).

STOCK MARKET IS WITHOUT COLOR

Both listed and unlisted stock markets today were rather colorless and there was less activity than manifested in each most of last week. Of listed stock sales between boards were 590 shares and at the session 385. Prices were Oiaa 16 1/4, Wailua 20 1/2, Hawaii Sugar 40, Brewery 18 1/2, Haw. Railway A 9, Kahuku 20, Ewa 33 1/2, McBryde 11 1/2 and San Carlos 17 1/2.

Among unlisted stocks Honolulu Oil reacted from Saturday's high mark and sold down from 5 1/2 to 5 1/4. There were no rumors of reports to warrant changes. Encls Copper recovered to 8 from 7 1/2. Mineral Products lost 2 1/2 cents of its Saturday gain and sold from \$1.15 to \$1.12 1/2. Madera was 22 cents, Montana-Bingham 42 cents and Mountain King 30 cents.

GREAT CIRCLE WREAKS NEW TROUBLE FOR IDE

Twice in less than a year the Great Circle route has wrought trouble for the Japanese steamer Ide Maru. She arrived here Sunday afternoon short of coal as a result of bucking storms on the northern route, which made her turn back and seek a haven here to replenish her bunkers. She had only 180 tons left.

The Ide left Tacoma 10 days before Christmas for Vladivostok, laden with 4400 tons of cargo. She met bad weather which increased to such force that on January 12 the vessel had burned up so much coal as to render it impossible for her to make Japan coaling ports. She turned back and after nine days' steaming arrived here. The freighter is docked at Pier 6 taking coal today. She will leave tomorrow morning.

Capt. L. Matsubayashi and other officers declare the quality of coal given the Ide in Tacoma was very inferior. They say that had it been of good quality they would not have had to turn back.

The Ide lost part of her rudder in a storm on the Great Circle route last April. Her former skipper, Capt. T. Uchiyama, rigged two jury rudders before he was able to make port here April 12, 1916. She was repaired in the Inter-Island drydock and left May 1, 1916, resuming her voyage.

Capt. Matsubayashi this morning filed the formal marine protest required of vessels putting into a port in distress. He said the former master, Capt. Uchiyama, is now working ashore in Kobe. The Ide is under charter to the O. S. K. for a year, the charter expiring July 20, 1917. The charter price was \$4,000 yen (\$42,000 gold). S. Hirose, former purser of the O. S. K. liner Kumi Maru, is purser of the Ide this voyage. The freighter is taking 900 tons of coal.

HELENUS SETS RECORD FOR TIME FROM N. Y.

Surpassing the best previous record from New York to Honolulu, that of the British steamer City of Vienna, 23 days and 13 hours, by a day and a half, the British steamer Helenus arrived Sunday from New York via the canal with a steaming time of 22 days. The big freighter docked at Pier 7 and resumed her voyage today to Vladivostok after taking 900 tons of bunkers.

Capt. Alfred D. Baker said the vessel's cargo is 5000 tons. The average speed for the voyage to date has been 14 knots.

Bringing 9404 bags of Libue sugar the Inter-Island steamer Maui returned from Kaula Sunday.

POSTOFFICE TIME TABLE FOR MONTH

Following is the postoffice timetable for January. It is subject to change if sudden arrangements are made for unexpected mail service:

UNITED STATES MAIL STEAMERS
Steamers to arrive from—

January	23—Siberia Maru	San Francisco
25—Venezuela	San Francisco	
25—Manoa	San Francisco	
25—Ecuador	San Francisco	
24—Makura	Vancouver	
30—Sierra	Sydney	
30—Matsonia	San Francisco	
30—Great Northern	San Francisco	

Steamers to depart for—

January	23—Siberia Maru	Hongkong
25—Venezuela	Hongkong	
25—Wilhelmina	San Francisco	
25—Ecuador	San Francisco	
24—Makura	Sydney	
30—Sierra	San Francisco	
30—Manoa	San Francisco	

HARBOR NOTES

Saturday the Korea Maru of the T. K. K. fleet reached Yokohama. The Anyo Maru also arrived at San Francisco from Hilo.

Next mail from San Francisco, a week's accumulation, will arrive in the Siberia Maru of the T. K. K. line tomorrow morning.

Next mail from Europe, Canada and the Northwest states will arrive on the Canadian-Australasian liner Makura, due Wednesday or Thursday.

Due at Port Allen any day is the steam schooner Wilmington from Port Angeles with lumber. She has between 800,000 and 1,000,000 feet on board.

Next mail for San Francisco will leave at 10 o'clock Wednesday morning in the Matson liner Wilhelmina. Mails will close at 8:30 a. m. at the postoffice.

The Panning Island steamer Kestrel left at 2:30 Saturday afternoon for the little isle and will return here in about three weeks to make another voyage there as soon as possible, taking lumber and supplies.

The Inter-Island steamer Mauna Loa will leave tomorrow at noon on her regular run to Maui and Hawaii ports. She has been in drydock for cleaning and painting, the Kilaua substituting for her one trip.

When the three-masted schooner Roy Somers arrived here Saturday afternoon it was her first call in 17 years and her skipper, Capt. L. Solland, is the same master she had on her last visit to this port.

The Matson liner Wilhelmina returned Sunday morning from Hilo, bringing back 144 passengers for the Second City. The liner will leave at 10 o'clock Wednesday morning from Pier 15 for San Francisco.

Purser E. W. Thompson of the Kilauea reports the following sugar awaiting shipment on Kaula: Kekaha, 432; Waimea, 1800; Koloa, 10,684; McBryde, 2320; Hawaiian Sugar, 26,385; Kilauea, 6000; Keala, 24,500; Ahukini, 2000; Gay & Robinson, 8000.

The American-Hawaiian steamer Minnesota made good progress today discharging her coal cargo at Pearl Harbor. She is expected to finish Friday night and come here Saturday morning to begin loading 4500 tons of sugar here, half her cargo for San Francisco.

The Hill turbine Great Northern will leave San Francisco tomorrow afternoon on Voyage 5 of this season. She will steam from San Pedro Wednesday afternoon, arrive at Hilo Monday morning and dock here January 30, a week from tomorrow, probably at Pier 7.

Bringing 6000 bags of Kilauea sugar and a lot of empty barrels and drums, the Inter-Island steamer Kaula arrived today from Kaula ports. Purser Henry Kaipio reports clear weather, a light easterly wind and a heavy northwest swell crossing the channel. He says in his trip report that 376 bags of sugar are on hand at Kilauea.

Very new and modish blouse bouffants that slip on over the head and have little skirt sections that give a costume effect when this style of blouse is worn with a separate skirt.

MAKURA MAY BE ONE DAY BEHIND

No radio was received today from the Canadian-Australasian liner Makura by the local agency, Theo. H. Davies & Company's shipping department.

According to cables to the Merchants' Exchange the Makura left Vancouver Thursday, January 18, a day behind schedule. No advices as to her departure from the Northwest are received by the local agency. If the cable is correct the Makura may not arrive until Thursday or perhaps late Wednesday afternoon.

A wireless is looked for by the local agency tomorrow morning giving the time the liner will arrive. There are 30 passengers booked to leave Honolulu on her in all classes. She will not leave room out for more than 25 tons of freight. The Makura will dock at Pier 7. It on time she will leave for Suva, Auckland and Sydney between 1 and 2 o'clock Wednesday afternoon.

PASSENGERS EXPECTED

Per Matson steamer Manoa, due Tuesday morning, January 23, from San Francisco: Mrs. Wood, P. B. Garvey, Mrs. Courtland Benedict, Raymond W. Hayes, A. Y. Griffin, E. P. Dowling, Miss Maru Robinson, F. B. Silverwood, L. O. Emmerich, Mrs. L. Harris, Mrs. Matzgar, J. Martin, H. D. Bowen, James W. Jump, Mrs. N. M. Richardson, W. A. Read, Mrs. E. R. Morgan, Mrs. H. V. Moore, Miss Lillian King, Wm. H. Zinsner, Miss Margery Howard, Mrs. E. O. Howard, Mrs. A. W. Peet, Mrs. M. L. Woolley, Mrs. Jos. Huber, Philip W. Raber, Dr. E. D. Chipman, A. C. Baumgartner, B. W. Ralley, Mrs. M. Southard, Miss Lida Hayes, John F. Hayes, Louis Tiger, J. M. Daniels, Miss E. McMaster, Geo. F. Debon, Miss Bertha Ueberacker, Mrs. L. O. Emmerich, Mrs. J. M. Daniels, L. S. Matzgar, Patrick Martin, T. D. Law, Mrs. James and D. Bowen and child, Mrs. Jones Jump, Mrs. W. R. Montgomery, Francis B. Smith, Miss Emily F. Wells, Miss Minnie E. Chipman, Mrs. A. Patterson, Mrs. Wm. H. Zinsner, E. O. Howard, A. W. Peet, Miss Mildred Peet, Jos. Huber, Geo. A. Robbins, A. Andrew, Mrs. E. D. Chipman, Mrs. A. C. Baumgartner and son and Mrs. B. W. Ralley.

COLORADO'S GREYNA GREENS TO BE HANDED KNOCKOUT

DENVER, Colo.—Love's young dream may be turned into a nightmare by the incoming Colorado legislature. Worse than that, there may be a rude awakening, and the dream will no longer be a dream at all.

Legislators are now proposing laws designed to prevent the elopement of very young couples. These will provide heavy penalties for persons performing marriage ceremonies for minors who have not the consent of their parents. Another statute would forbid the solemnizing of marriages outside of the county wherein one or both of the principals reside. This would very suddenly do away with the Greytna Greens around Denver. Golden, Littleton and Boulder would lose some of their present patronage from elopers.

Still another statute along similar lines would prevent the suppression of marriage licenses. It is declared that too many complacent clerks, for a small "remembrance," are willing to cover up a license, thus keeping it from publication and from the eyes of parents who might stop senseless and ill-advised marriages.

In this connection there would also be a penalty for suppression of any court document or filing of a legal suit, except where secrecy was necessary in order to get service on one of the parties to the suit or witnesses. The suit would become a matter of public record immediately after the need for such secrecy had passed.

NEWSPAPER GIRL UNEARTH'S PLOT

Miss Anita Stewart, one of the favorite stars of the Vitagraph Blue Ribbon productions, is the attraction at the Hawaii theater for the first part of the week in "The Daring Diana," a film that deals intimately with the newspaper world. As is customary in the drama, whether on the stage or screen, there is an exaggeration of the business as it is known to the newspaper man and woman. This, however, gives the story a touch of the melodramatic and adds materially to the number of thrills and thrills. There is a kick to "The Daring Diana" that makes a decided hit at the Hawaii.

Diana Pearson (Miss Stewart) is a newspaper woman. Her paper is the New York Daily Argus. She is on the track of a big story, but runs afoul of an unscrupulous political gang that endeavors to stop the story, which means the destruction of the gang. Of course, they fail and the story breaks with resultant ill luck to the politicians. Woven throughout the story is a romance of the newspaper office, the city editor and the woman reporter being the principals. "The Girl and the Game," with the popular Helen Holmes in the leading role, is the serial attraction.

VAUDEVILLE TO CLOSE TUESDAY

Honolulu's season of vaudeville will come to an end at the Bijou theater with the performance of Tuesday evening. Tonight and tomorrow night will close a good program. The present Bijou program boasts three acts that might be classed in the headline column. These acts are booked over the mainland circuits after leaving Honolulu and it is more than likely that the three referred to will be feature acts.

Bertie Ford, a wizard on the tight-wire, is one of the most popular acts ever shown in Honolulu. Another is that of Desmond and Clifton, a hand-to-hand balancing act that is far above the average and is most uniquely staged. The Correll Trio are musicians who play the harp and violin as it is seldom heard outside of classical concerts. George Palmer Moore and Florence Elliott present a comedy sketch entitled "Tating Things Easy" that is scoring a big success with Bijou audiences.

The next attraction at the Bijou will be "Aloha Oe," a photodrama of Hawaii. The film comes from the mainland with the highest praises of the critics of the photodrama and should prove a strong drawing card here.

BLANCHE SWEET CROWDS LIBERTY

"Public Opinion," the latest success of Blanche Sweet, keeps this popular Liberty star in the topnotch list of Paramount Pictures. At least some 1500 persons appeared to have this opinion at the Liberty theater last night where the customary Sunday evening "S. R. O." sign was in evidence well before it was time to open the performance. Speaking of opening the performance—the switch in leading films appears to satisfy the Liberty audiences but fails to prove that the serial is not a strong magnet. "Who's Guilty?" seems to be a most popular attraction and the crowd turns out early in order not to miss a scene.

Miss Sweet as Hazel Gray, a young nurse, is seen in a role that is entirely to her liking, and one which shows her to excellent advantage on the screen. The occult theory that departed spirits have an influence over everyday life is brought into play in this film and when the young nurse is wrongly accused of murder it remains for the spirit world to take a hand in clearing her and bringing to justice the guilty.

Lasky sends with this offering a strong supporting cast, including: Earle Foxe, Edythe Chapman, Tom Forman, Elliott Dexter, Raymond Hatton and James Neill, almost any one of which would be acceptable in a leading role and several of whom have appeared in leads.

The Birmingham News and the Birmingham Ledger, afternoon papers, announced that subscription rates would be advanced \$1 because of the increased cost of news print paper.

Alfred T. Bennett, a rural mail carrier at Geneva, N. Y., mysteriously disappeared.

BOOZE CAUSE OF MANY TROUBLES

Queer pranks were played by "old man booze" on several Honolulu residents during the last week and many are today rubbing the bleared eyes of a Saturday night all-day Sunday "head" and wondering why such a thing as intoxicating liquor was ever manufactured or sold.

To start with there were approximately 43 arrests for drunkenness alone out of a total of 122 arrests during the week and 36 more taken were for such offenses as disorderliness, assault, profanity and vagrancy. A few individual cases showing the wide scope and heartlessness of John Barleycorn follow:

Joseph Souza, driving auto 2472 Saturday evening on King street, near Pawaaw lane, lost control of the car and ran it through J. K. Clark's stone wall, the machine sustaining considerable damage. Motorcycle Policemen Hustace and Sizemore, who reported the affair, say they understood the man had been drinking.

On Sunday Joe Hudson got out his hatchet and chased Sam Kaulaiko into Ah Kwai's coffee house at Punch-bowl and Allen streets, where Hudson was arrested when Policeman M. A. Gonsalves responded to a hurry-up call. Too much gin is said to have caused this excitement.

Falls Into Show Case
Francisco, a Filipino, got so much of the fiery fluid in his system Saturday night that he smashed a \$14 show case in the Yat Sing & Co. store, corner of King and River streets, and Policeman Sam Kallimoku led him off to jail.

Shortly afterwards Noah tore loose near Palama Junction and destroyed most of the furniture in his room. The wife asked the police to take care of him until the demoralizing effects of cheap liquor had worn off.

When Ah Tuck started to shoot up the town in good old frontier style on King street, near Liliha, early this morning Motorcycle Policemen Ferrera and Branco dashed towards him and removed him and a loaded pistol from which he had fired four times, to the police station. Chinese New Year refreshments were the reason for his hilarious outburst, the police say. **Nautical Men Go Wrong**
Oscar Rud was taken off the transport Dix early this morning by Policeman John Hills when he hove on board with a full cargo of gin, mostly inside, and issued a declaration that he could lick anyone on shipboard from captain down.

Another salt water man who is accused of taking more firewater than he could comfortably carry without listing a bit was Capt. I. Matsubayashi of the Ide Maru. He was taken from the ship about 3 o'clock this morning in a state of intoxication by Policemen John Hills and J. M. Stuppelbeen, who had been sent to the boat on complaint of Albert Kauwe, who said the captain tried to shoot him. Kauwe says he was hired early in the evening to watch at Pier 6 to see that no Japanese sailors went ashore and that the captain did not recognize his new watchman when he came rolling back this morning and shoved a pistol in his face.

When Mrs. Benoit's 14-year-old daughter could not quiet the drunken garrulousness of her mother in the Metropole at the corner of Alakea and King streets last night the woman was hurried off to jail.

Patriotism and Americanized vodka combined with a surplus of plantation bonuses did not work well for a Russian, Ushokoff, on the Young Hotel roof garden Saturday night, for when the obstreperous subject of the czar demanded in no uncertain tones, first an encore and then the Russian anthem he was propelled towards the police station by Manager T. B. Thiele, assisted by Motorcycle Policemen Hustace and Sizemore.

The Lank of Long Island has sent out checks amounting to over \$750,000 to the 13,000 members of its 1916 Christmas club.

The total estimated production of wheat in the United States for 1916 was 629,807,000 bushels, against 1,025,801,000 for 1915.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If Peevish, Feverish and Sick, Give "California Syrup of Figs"

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given. Nothing equals "California Syrup of Figs" for children's ills: give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."—Adv.

ARMY & NAVY

NEW YORK REGIMENT OUT STRONG AGAINST PRESENT GUARD SYSTEM

Voicing the opinion of one of the most prominent National Guard organizations—the 7th Regiment of New York—the Seventh Regiment Gazette in a recent issue comes out in a striking manner against the National Guard system as it stands today. The regiment recently returned from the border.

"There is no question," says the Gazette, "but that if the present legislation stands as it is today, it will take four years before the National Guard will be so reduced in numbers that it will be disbanded. This is a broad and sweeping statement, but the only conclusion that can be drawn from the facts.

"Almost without exception," continues the Gazette, "every man in the Guard today, when his period of enlistment is up, is through for all time. This is true in all classes of organizations and in all states. Unless some provision is made to the effect that the National Guard cannot be called out by the President into the active service of the United States for a period longer than 60 days unless a state of war exists, which will take as a guarantee to the men who take their oaths of enlistment in good faith, with the understanding that they would only be used in such service in case of a real national emergency, the National Guard is doomed.

"Under the Hay bill the organized militia may now be mobilized whether there is a national emergency or not, and the men's patriotism taken advantage of at the expense of their business careers, simply to perform duty properly the job of a body of

men similar to the Canadian Northwest Mounted Police. Whether it is strictly military or not, the fact remains that the foundation of the National Guard is built upon social and good-fellowship ideas, which lead men to join and to ask their friends to join. At the present time, when the Guard is mustered out, its members will not only not ask their friends to join, to meet the ever-present necessity of recruiting, but they will persuade them not to, and practically none will reenlist themselves.

"All this may be a good thing for the country in bringing us more quickly to the only really sensible state of preparedness—universal training when we see our National Guard disbanded because of inability to recruit, and the entire reliance of the nation placed upon an under-manned navy and an undersized army that cannot ever recruit up to its very small authorized strength. We of the Seventh felt that the military pay bill and the federalization scheme were great mistakes. The rank and file of the National Guard throughout the country had no voice in the matter. A few state officers of high rank, influential at Washington, turned the trick, and before the bill became a law the Guard became victims of its provisions, as a result of the unexpected mobilization. Men will not allow themselves to be penalized for their patriotism more than once, and the spirit of "Let George do it," the exclusive property of the public, will prevail also in their conduct in the future. Then universal service will come.

INSPECTIONS OF GUARD CONTINUES

Guard inspections are the chief work at present at the armory. Three organizations of the guard—Companies C and F, and the medical detachment—were inspected yesterday afternoon by officers of the army.

Company C had a poor turnout compared with its number of men, only 25 being present out of 58 enrolled.

Col. R. G. Ebert inspected the medical detachment which also had 25 men, including three officers.

Company F was inspected at night and made a good showing, according to officers of the guard. This company had 53 men present and put up a snappy drill under command of Capt. Ed Hopkins. Property was also in good shape.

Tonight Company G, Capt. L. K. Kane, will be inspected and efforts are being made to have a good number present.

Word comes from Hawaii that organizations of the 2nd Infantry are showing up creditably, as well as separate organizations. The Parker ranch cavalry troop has a full strength roll and the Machine Gun Company is also full strength. The cavalry was inspected yesterday.

MAJOR METTLER WILL LECTURE AT Y. M. C. A.

Maj. Charles G. Mettler, chief ordnance officer of the Hawaiian Department, will talk at the Y. M. C. A. Thursday evening on "Modern Artillery." Maj. Mettler will speak in Cooke hall as one of the regular members on the January series of lectures. The many improvements and inventions that the present world war has brought out in the line of big guns has been carefully studied by the ordnance department of the U. S. army, and being a subject of interest a large crowd is expected to hear the lecture. Maj. Mettler has served as inspector in the ordnance factories of the steel companies and has superintended the making of the large caliber guns for the coast defense of the nation. The lecture Thursday will be open to the members of the Y. M. C. A. and their men friends.

ACID STOMACHS ARE DANGEROUS

Common Sense Advice by a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized and its formation prevented, and the best thing for this purpose is a teaspoonful of bisaturated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause distress may be eaten with impunity if the meal is followed with a little bisaturated magnesia, which can be obtained from any druggist and should always be kept handy. When Your Eyes Need Care Try Murine Eye Remedy

AERO BOARD TO MEET REMINGTON

Brig-Gen. Frederick S. Strong, commander of the Hawaiian department, has called a meeting of the board of governors of the Aero Club of Hawaii for 10:30 o'clock tomorrow morning, to which Earle Remington, president of the Aeronautical Society of California, has been invited.

Remington did a big work last summer at Monterey in helping out at the training camp by the organization of an aviation detachment from civilians there. "The men built their own hangars, set up workshops and partly completed five machines which will be finished this summer.

Experimental work was done in wireless telephony from aeroplanes, though no messages were transmitted from machines actually flying. As an alternate these machines were installed in conjunction with a radio office at Monterey, the aviators succeeded in testing their system satisfactorily.

ST. LOUIS MAKES GOOD RECORD IN SPEED TEST

Twenty-one knots an hour was the creditable speed developed by the cruiser St. Louis on her test run last Friday, according to Lieut. R. L. Stover, chief engineer. The engines developed 23,400 horsepower in the 12-hour period.

Much credit is due the engineer force, whose men were responsible for the showing made by the old boat and who worked watch by watch instead of one in three as they would have done had there been the full complement of men.

As the St. Louis is in reserve she is not required to go on runs of this kind, but this test was made through special permission of the navy department at the request of Lieut. Comdr. V. S. Houston. The vessel has been off drydock for several months.

GUARD OFFICER URGES MEN OUT ON THURSDAY

Capt. L. M. Judd, commanding the machine gun company of the guard, has sent out printed circulars to his men urging them to be ready for inspection next Thursday afternoon in the armory. Men who still need attention to their equipment are to make this known to the commander by this afternoon.

This company has been keeping up well in attendance since it was first organized and at the last drill on Thursday afternoon had only five men absent without excuse.

SGT. GUSTAV KLEIN IS WEDDED TO MISS YARNO

Sgt. Gustav Klein and Miss Ione Yarno were married on Friday evening at the Catholic cathedral. Rev. Father Maximin officiating. Following the wedding ceremony the party motored around the island. Present were Mr. and Mrs. C. J. Edwards and W. S. McClure. Both young people are well and popularly known. Klein is in the quartermaster's department.

NATIONAL GUARD NOTES

The following promotions, subject to future examinations, are announced:

Second Lieut. Fred Ohrt, Corps of Engineers, to be first lieutenant, with rank from date of January 20; 2nd Lieut. Edward B. Jackson, 1st Regiment, Hawaiian Infantry, to be first lieutenant, from January 20.

Sudden Attack Brought Threat of Operation

MR. T. L. SHERMAN
Honolulu of Benson, Smith & Co., wholesale distributors, and leading drug stores; a doctor's prescription is not necessary. Fruitoia is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alterative that is most effective to rebuild and restore the weakened, rundown system.

Sent for a Bottle of Fruitoia and Was Quickly Relieved of Gall Stone Trouble.

After doctoring with several different doctors and getting no relief, Mr. T. L. Sherman, 17 Crocker Ave., Johnson City, N. Y., says he was taken very suddenly one night with severe pains and on calling the doctor was told he had gall stones and that an operation was necessary. Mr. Sherman writes: "I had heard of Fruitoia so sent for a bottle and took it. I was relieved of a large quantity of gall stones, and continued the treatment. Now I am quite well, and have regained over forty pounds lost weight."

Fruitoia and Traxo are compounded from the original Edsall formulas at the Pinus laboratories in Monticello, Ill., and can be purchased in a doctor's prescription is not necessary. Fruitoia is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alterative that is most effective to rebuild and restore the weakened, rundown system.

son as second lieutenant, from date of January 20.

Maj. James D. Dougherty, Quartermaster Corps, is relieved from duty as assistant to the chief quartermaster.

Pvt. John P. Foster, M. G. Company, 3rd Regiment, Hawaiian Infantry, N. G., is granted a furlough of three months from January 13, 1917, with permission to travel beyond the limits of the territory.

On the recommendation of the commanding officer, 1st Separate Company, Hawaiian Engineers, N. G., the following promotions in that organization are announced:

Cpl. M. A. Fennell, to be sergeant; Sgt. L. S. Cain, to be sergeant, first class; Cpl. Sam Ikuwa, to be sergeant; Cpl. W. R. Hobby, to be sergeant.

Pvt. Harold H. Yost, 1st Company, Hawaiian Coast Artillery, N. G., is transferred to the Quartermaster Corps.

Pvt. Thomas Blevins, 1st Separate Company, Hawaiian Engineers, N. G., is transferred to the medical department and assigned to the detachment medical department, 1st Regiment, Hawaiian Infantry, N. G.

ARMY ORDERS

The following transfers of enlisted men are ordered:

Pvt. 1st Class Clarence Bennett, Company D, 32nd Infantry, as private to Company D, 2nd Infantry, Fort Shafter.

Pvt. Paul M. Jackson, Company D, 2nd Infantry, to Company D, 32nd Infantry, Schofield Barracks.

Pvt. William H. Wilcox, Company K, 32nd Infantry, Schofield Barracks, to the Quartermaster Corps at that post.

Pvt. Eugene A. Dorsey, Quartermaster Corps, Schofield Barracks, to Company M, 25th Infantry at that post.

Pvt. Harry H. Carpenter, Company D, 3rd Engineers, Fort Shafter, to the Supply Company, 2nd Infantry, at that post.

Pvt. Coleman Turner, Headquarters Troop, 4th Cavalry, is detailed as attendant to accompany the authorized mounts of Maj. Walter C. Short, 16th Cavalry, and will proceed on the transport Dix, scheduled to sail from this port on or about January 29, 1917, to Seattle, Wash., thence to Fort Sam Houston, Texas.

Pvt. Joe Deacon, Headquarters Company, 1st Field Artillery, is detailed as attendant to accompany the authorized mounts of 1st Lieut. John E. Hatch, Field Artillery, and will proceed on the transport Dix, scheduled to sail from this port on or about January 29, 1917, to Seattle, Washington, thence to West Point, New York.

TRANSPORT SHERIDAN COMING

Cable advices received this morning from Nagasaki at the office of the quartermaster state that the transport Sheridan left that port for Honolulu on January 21. She should arrive here about February 4, as scheduled.

The Italian government is in the market for 3,000,000 75-millimetre shrapnel. The shells are to be complete, except for loading. The order will involve between \$10,000,000 and \$50,000,000.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii—At Chambers—in Probate.

In the Matter of the Estate of John Schutte, deceased, of Honolulu, T. H.
Notice Order to Show Cause on Application to Sell Real Estate
Probate No. 4927.

The Petition of G. M. Swansen, Administrator of the estate of John Schutte, deceased, praying for an order of sale of certain real estate belonging to said estate, as set forth in said petition, viz: Lots 2 and 3 and portion of Lot 4 of the Machado (King Street) property, in Honolulu, being a portion of the land described in L. C. A. 695, with improvements thereon, and setting forth certain legal reasons why such real estate should be sold, to wit: to pay the debts of said estate and the expenses of administration, having this day been filed.
It is hereby ordered, that the heirs and next of kin of said John Schutte, deceased, and all persons interested in the said estate, appear before this Court on Monday, the 29th day of January, A. D. 1917, at 9 o'clock a. m., at the Court Room of this Court, in the City of Honolulu, then and there to show cause why an order should not be granted for the sale of such estate.
By the Court, A. K. AONA, Clerk.
Honolulu, January 19, 1917.
C. F. PETERSON,
For Petitioner.

GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

"Pape's Diapepsin" Ends All Stomach Distress in Five Minutes

Time It! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.
If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.
These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home—adv.

WELL-KNOWN 'FRISCO PAINTER SHOTS HERSELF

(Associated Press via Federal Wireless)
SAN FRANCISCO, Cal., Jan. 21.—Art and bohemian circles were startled here last night when news was circulated of an attempt to commit suicide by Betty de Jong, a well known painter.

The consternation was intensified when the name of Dr. William Porter of Oakland was connected with that of the girl who had tried to kill herself, and the explanation of the physician that he had been with the artist in her studio for three hours preceding the effort at self-destruction.

Dr. Porter, in a statement made to the police, stated that he had called upon Miss de Jong and found her despondent, seized with a suicidal intent and determined to end her own life. He remained with her for three hours, attempting to dispel this idea, engaging her in conversation and arguing with her as to the folly of suicide.

Later she shot herself in the temple, Betty de Jong was known widely for her work. She was among those who won praise for the exhibit she made at the Panama-Pacific Exposition.

SAN FRANCISCO, Jan. 22.—Betty de Jong, the well known painter who shot herself Saturday evening, died this morning.

COMMODORE PHYTHIAN DIES AT ANNAPOLIS

ANNAPOLIS, Maryland, Jan. 21.—Commodore Robert L. Phythian, United States navy, retired, died at his home here last night at the age of eighty-one, as the result of a stroke of paralysis.

Commodore Phythian was a student at the naval academy at the same time as Admiral Dewey, who died last Tuesday one year younger than his old-school fellow.

BELGIANS' KING HONORS JAPANESE CROWN PRINCE

(Special Cable to Nippon Jiji)
TOKYO, Japan, Jan. 21.—King Albert of Belgium has presented the Order of Leopold, the highest order of his country, to the Crown Prince of Japan, Mr. Leveigem, minister of Belgium to Japan, arranged the details of the presentation with the department of the imperial household, the crown prince having announced that he would accept the decoration.

The Nippon Maru, intermediate liner of the T. K. K., will not arrive here Friday as scheduled. She should have left Yokohama January 15, but no advices of her departure have yet been received by Castle & Cooke or the Merchants' Exchange.

IN THE CIRCUIT COURT OF THE First Judicial Circuit, Territory of Hawaii—At Chambers—in Probate.

In the Matter of the Estate of W. G. Scott, Deceased.

Notice to Creditors.

The undersigned, having been duly appointed Executrix under the last Will and Testament of the said W. G. Scott, deceased, hereby gives notice to all persons having claims against said deceased, or said estate, to present the same duly verified and with the proper vouchers, if any exist, even though such claims be secured by mortgage upon real estate, to the undersigned, at the office of J. T. De Bolt, Attorney for the Executrix, rooms 408-409 Judd Building, Honolulu, City and County of Honolulu, Territory of Hawaii, within six months from the date of the first publication of this notice, such date being the 15th day of January, 1917, or within six months from the date when the same becomes due, or they will be forever barred.
Dated at Honolulu, T. H., January 15, 1917.
GEORGINA SCOTT,
Executrix under the last Will and Testament of W. G. Scott, deceased.
6683-Jan. 15, 22, 29; Feb. 5, 12, 1917.

NEED OF MORE EQUIPMENT FOR PLAYGROUNDS

(Continued from Page 9)

several special gifts, make necessary repairs. In addition, the children in most of the kindergartens have brought all the rice used for the lunches. The appreciation of the value of the kindergartens shown by the parents in these gifts is very gratifying.

"The year that has passed was a very satisfactory one for the kindergartens. In the absence of the supervisor, Mrs. Bowen and the directors of the various schools carried the work along in a most successful manner. Every kindergarten opened last September in splendid condition. The association was very fortunate to secure the services of such a rare personality as Mrs. Bowen for a year. The inspiration and assistance the teachers received from her is apparent on all sides.

"The health of the children in all the kindergartens has been well looked after by the nursing department of the Palama settlement. There were few serious cases of illness, the majority under treatment only for slight bruises and ailments which were quickly cured. The work done by this department is deserving of much praise as we who see the results from year to year can testify. The nurses go in and out of the homes teaching the mothers how to care for and feed their children, and the result is encouraging, although there is still much to be done.

"There has only been one change in the directorship of the kindergartens this year. Mrs. Smith of the Kailih kindergartens resigned last spring to be married and Miss Harriet Lucas substituted until the close of school in June. In September the vacancy was filled by Mrs. May Berry, a member of the class of 1916.

"Last year we were able to enlarge the Palama kindergarten because of the additional room afforded by a new pavilion on the playground. An assistant director was added to the teaching force, and we had virtually two kindergartens. This year the settlement is using the building all day so we have had to reduce the kindergarten to its original size. In time the settlement is hoping to have a new building which will give the kindergartens more conveniences.

"The Miller street kindergarten has secured the use of the empty lot adjoining for a playground. It has been plowed and graded and will not only improve the looks of the street, but furnish a much needed play space for the children.

"The Muriel kindergarten is now our largest school and most of the children are Hawaiian. Through the generosity of the Juliet Atherton fund, arrangements have been made to erect a pavilion on the playground for the use of the children, adding much to the efficiency of this kindergarten.

"The Kaula kindergarten has had a new coat of paint as well as necessary repairs through the continued kindness of Miss Alice Cooke. A rummage sale given by the director netted \$140, which was used for improvements and new equipment.

"The Beretania kindergarten is looking forward to new quarters in a new building now being planned for the settlement, although it manages very well in its present place with the playground across the street for a breathing space.

"The Fort street kindergarten makes its home very comfortably in the Chinese church on Fort street. The little pavilions out in the yard furnish all the protection from the sun and rain necessary.

"The kindergarten training school graduated four young women during the past year, Mrs. May Berry, Miss Myrtle Hanna, Miss Geraldine Berg and Miss Marion Chapin. Mrs. Berry has the Kailih kindergarten, Miss Hanna has accepted a position as director of a kindergarten in Kahului, Maui, while the other two graduates are assisting in our kindergartens and playgrounds.

"The senior class consists of three members, Miss Isabel Taylor, Miss Elsie Meinecke and Miss Alice Hoogs. The junior class has four members. An effort is being made to correlate the work of the kindergartens and the playground, the students having an opportunity to practise in both before graduation and to specialize in either.

"The year has been one of growth and expansion. As new needs developed in the various kindergartens we find some means of meeting them through the continued kindness of the many friends of little children in Honolulu. We are grateful for the sympathetic and intelligent interest the directors, and especially our president, take in the kindergartens. It lightens the task of the teachers and makes all the work more effective.

"Your supervisor wishes to take this occasion to express her sincere appreciation of the year's leave of absence given her. Most of the time was spent in New York studying at the School of Philanthropy and Teachers' College, every moment of which was full of rich experiences. The contact with modern educational thought was most stimulating and she hopes she has been able to bring a new enthusiasm to the kindergartens and playgrounds."
