WILSON'S "ARMED NEUTRALITY" BILL AGAIN IN SENATE

SUPREME COURT'S DECISIONS TODAY END NOTED CASES

No Decision on Adamson Law; Conviction of Diggs, Caminetti Affirmed; Tariff Preferential for U. S. Ships is Knocked Out; Compensation Laws Upheld

(Associated Press by Federal Wireless)
WASHINGTON, D. C., March 6.—Many important decisions were handed down today by the supreme court of the United States but the expected decision on the constitutionality of the Adamson eight-hour railroad act was not announced.

The clause in the tariff law granting 5 per cent discount in duties on imports brought to this country on American ships or ships of countries with "most favored nation" treaties with the United States, was annulled as unconstitutional, in one of the several decisions.

The supreme court refused to reconsider its decision in the celebrated Diggs-Caminetti "white slave" case. This case came up from California, where the two young men were convicted under the Mann "white slave" act of transporting two girls to Reno, and the supreme court's original decision held that the Mann law covers immoral escapades where the commercial element is not involved. This decision is now affirmed. Caminetti had applied for a rehearing, but mandates putting into effect the conviction of Diggs, Caminetti and L. T. Hays, the Oklahoma man similarly found guilty, will now be issued.

Admitting the error of immigration officials in San Francisco in attempting to exclude Hindus who had landed from Manila, the department of justice dismisses its appeal to the supreme court. The department finds that it can not exclude Hindus from the Philippines.

Both the Washington state and the New York state compulsory workmen's compensation laws were sustained in other decisions by the supreme court.

SAN FRANCISCO, Cal., March 6.—President Wilson will be asked to pardon Drew Caminetti and Mawry I. Diggs. A petition is in circulation to this effect, already signed with a thousand names.

OPEN HEARING ON ADAMSON BILL SET FOR FRIDAY

Opinion Prevails That Measure Will Pass But That Chance Should Be Given Both Sides for Expressions

Friday afternoon at 3 o'clock was the date decided upon by the senate this afternoon for a public hearing on the Adamson bill by the chamber question. Senator George P. Cooke of Missouri is named chairman of the committee of the whole which will meet for the consideration of the act now before the senate.

Decision to refer Senate Bill 10, relating to the abatement of commercialized vice by injunction, to a committee of the whole for public hearing was made today by the public health committee and reported through Chairman George P. Cooke.

Feeling is strong throughout the senate that the bill proposed will pass, probably by unanimous vote though some members want to hear the question discussed from two sides.

One senator today excused himself from not having attended the mass meeting on Sunday night because he believed it would be "too one-sided." For that reason he believes a public hearing is only proper. Both sides may come equally to present their claims.

Robert Horner's minority report on vice conditions was today distributed to members of the senate.

This report, which it will be remembered, was submitted separately from that of the subcommittee on vice investigation by the chamber of commerce. It appears in pamphlet form.

BRITISH OWNERS WIN APPAM SUIT

Germany Loses Steamer Taken Across Atlantic With Prize Crew

(Associated Press by Federal Wireless)
WASHINGTON, D. C., March 5.—Upholding United States District Judge Edmund Waddill of Norfolk, Va., the supreme court of the United States today declared that British interests are the rightful owners of the prize ship Appam, and Britain thus wins out against Germany in a noted matter of war and litigation.

The British steamer Appam was sailed into Norfolk on February 1, 1916, having been captured by a German raiding cruiser off the Canary Islands and taken across the Atlantic by a German prize-crew.

The British owners brought suit, claiming that Germany had no valid claim to the vessel after it was brought to a neutral port. Judge Waddill held that Germany lost the legal claim to the ship when Lieut. Berg, the German naval officer who commanded the prize-crew, brought the vessel into neutral waters with the intention of "laying up" indefinitely. The decision also held that the Prussian-American treaty of 1823, cited by Germany to prove a valid claim, does not apply as guaranteeing a prize-crew, and that a prize ship can not legally be brought to neutral waters unconvoyed.

Following the decision in the lower court, the case was taken to the supreme tribunal.

TO INVESTIGATE KEWALO PROJECT

Representative Jarrett will introduce in the house tomorrow a resolution directing G. H. Forbes, superintendent of public works, to produce all data and statistics regarding the Kewalo reclamation project. This, he says, will pave the way for the introduction of a bill to reimburse persons who have claimed damages as a result of a legal tangle growing out of the project and who have not been paid.

The Lord-Young Engineering Company had the contract to complete the fill in Kewalo but the work was blocked by an injunction begun by Cecil Brown and the late J. Alfred Magoon, who were upheld by the supreme court. This damaged the engineering company to a certain extent as the territory was unable to pay out any more money on the work.

The last legislature appropriated \$2,000 to reimburse the company various claimants for damages. It is held that about \$2900 was paid to claimants and that there still remains many who were not paid.

legislature and by the superintendent of public works and the superintendent of the leper settlement.

LATE NEWS AT A GLANCE

KENTUCKY SENATE JOINS IN RAPPING FILIBUSTERS
FRANKFORT, Ky., March 6.—The Kentucky senate today passed a resolution condemning the United States senators who prevented a vote on "armed neutrality."

UNCLE SAM TO BUILD NON RIGID DIRIGIBLES FOR COAST WORK
WASHINGTON, D. C., March 6.—Bids for eight or more non-rigid type dirigibles for coast and harbor work were opened today here. They disclose that offers of prices range from \$71,500 to \$47,000, with delivery in 120 days.

INDICTMENTS FOUND AGAINST HIGH-FOOD-COST DEALERS
NEW YORK, N. Y., March 6.—The federal grand jury, investigating the high cost of fuel and food, today returned two blanket indictments. On the first there are named as defendants 108 corporations and 55 individuals and on the second 10 corporations and 16 individuals in the business of producing and selling coal.

SOUTHERN PACIFIC NOT BARRED FROM SHIPPING
WASHINGTON, D. C., March 6.—In a decision today the interstate commerce commission indicates that the Southern Pacific Railroad may retain possession of steamship lines between New York, New Orleans and Galveston, if it will correct certain objectionable practices which the commission condemns. Under the Panama Canal Act the company would have had to sell its ships. However, the commission finds that in this instance the railroad ownership of vessels does not reduce competition.

PROHIBITION TO BE DEBATED ON THURSDAY AGAIN

Changes in Measure Are Mostly Technical and to Correct Faulty Arrangement

Upon motion by Senator Shingle, Senate Bill 33, bearing the amendments proposed by the judiciary committee, was this afternoon referred to the printing committee to be returned not later than Thursday afternoon at 1 o'clock. The measure will thus come up for third reading one day later than was at first intended.

Numerous technical changes in the wording and arrangement of Senate Bill 33, the prohibition measure, were recommended to the senate today in the report of the judiciary committee. Too technical to be observed by the layman, these amendments are still vital, according to the judiciary committee and attorneys, before the bill could become a proper law.

"There is no doubt," said Senator A. L. Castle, chairman of the judiciary committee, "that the bill would never have held water had it been passed yesterday as drafted.

"The prohibitive bill had been hastily tacked on without due regard to the legality of the measure as a whole. "It was thus found necessary to change the position of various clauses and sections."

Changes already agreed upon by the committee yesterday afternoon following the regular session when Deputy City Attorney A. M. Cristy appeared before the committee with suggestions for making it technically legal.

Cristy said today that it was not until the bill had been put together as a whole to include the various amendments that had been shot in from various angles that its improper arrangement was evident.

It was to make these arrangements that he requested yesterday for further time on the matter.

The new form will put the question more forcibly before the people who are to vote on it as well as to make it clear that the legislators are doing the legislating," he says.

(Continued on page three)

NO DECISION YET REACHED TO MOVE GERMAN VESSELS

Harbor Board and Attorney-General Confer and Executive Session is Held

At 3 o'clock this afternoon the harbor board members came out of executive session after having been behind closed doors since 1:30 o'clock. Chairman Charles F. Forbes said that he had nothing to give out as to the occurrences of the afternoon or as to the course that had been determined upon. There will be, he said, another meeting of the board tomorrow morning and then it will be definitely decided whether the ships shall be ordered away or permitted to remain where they are.

It is said there was warm and vigorous discussion during the session. After conferring with Attorney-General I. M. Stainback and Deputy Attorney-General Arthur G. Smith for nearly an hour this morning as to whether the board had the right under territorial and maritime law to order the disabled refugee German merchant steamers Pomern and Setos out of the harbor, Chairman Charles F. Forbes and Commissioner Church of the board of harbor commissioners announced at 11:30 that an executive session of the board would be held at 1:30 this afternoon to decide the question.

As the situation stood at noon today the matter of moving the two merchantmen from their berths and anchoring them at the outer anchorage outside the harbor was still undecided. One of the most important of today's developments is that the board has authority to move only two of the eight refugee German merchant vessels. These two are the Pomern and Setos, berthed at the ewa side of Pier 7 and the weather side of Pier 16, respectively. The others are tied up at the railroad wharf, which is private property and not under the board's jurisdiction.

This morning's conference between

TURKEY CITES ALLIED PLANS TO DIVIDE RICH EMPIRE OF THE OTTOMAN

BERLIN, Germany.—A summary of the note handed by the Turkish government to neutrals in relation to the Entente answer to the peace proposals of the Central Powers was given out by the Overseas News Agency as follows:

"This note points out that the Central Powers, especially Turkey, not desiring Entente territory, had no reason whatever to begin the war. The Entente, however, as a matter of common knowledge," the note continues, "covets territory of the Central powers. Thus, it continues, France wishes Syria and Alsace-Lorraine; Italy desires southwestern Austria; Russia wants Constantinople and the straits and a large part of Anstolia, and England wants Mesopotamia and Arabia.

"Equally known, the note adds, are the intrigues of the Entente conducted in an effort to hamper Turkey's evolution and realize the plan for the partition of Turkey, in spite of the principle of nationalities, which, as a matter of fact, is a subject of indifference to the Entente immediately its own interests are at stake. The proclamation of a British protectorate over Egypt, where the population is alien to the English race; the annexation of Cyprus, where there were no English; the occupation of Tripoli by the Italians, where the Italians were simply intruders; the visionary dream to give Russia Constantinople and the Bosphorus basin, where an overwhelming majority of the population is Turkish and Mohammedan—all of these are pointed to as violations of the principle of nationality.

"Turkey, says the note, thus was

Zimmermann Defends German-Mexico Plot; Another Scheme Bared

Hoboken Police Seize and Guard Identity of Individual Alleged to Be Implicated in Plot to Blow Up Munition Factories—Scheme to Invade India is Also Bared as Violation of U. S. Neutrality

(Associated Press Service by Federal Wireless)
LONDON, Eng., March 6.—Dr. Alfred Zimmermann, German secretary of foreign affairs, defends the plot to involve Mexico and Japan in war with the United States, according to a Reuter's despatch today.

"We are looking out for all of us, in the event and prospect of hostilities with America," he is quoted as saying before the reichstag today. "This is a natural and justifiable precaution. I am not sorry that through its publication in America it became known to Japan."

Hoboken Police Take Another "Bomber"

HOBOKEN, N. J., March 6.—Another man was arrested by the police today on suspicion that he is implicated in the plan to blow up munitions factories, with Fritz Kolb, the German reservist from Mexico, who was arrested yesterday charged with conspiring against President Wilson's life, as well as with being guilty of munition plots.

Intrigue to Invade India is Bared

NEW YORK, N. Y., March 6.—Dr. C. Hanador Chakiberty, a Hindu physician, and Dr. Skunner, described as a German, were arrested today on charges of violating U. S. neutrality by conspiring to set a military expedition against a foreign country which is on friendly relations with the United States.

The police say the two men have confessed to engaging in a plot at the direction of Wolf von Igel, a German, to invade India through China. Von Igel is now aboard the Danish steamer Frederik VIII, which is carrying Ambassador Bernstorff and his party back to Germany.

12 Filibustering Senators Flayed By Public Opinion in Many Cities

(Associated Press Service by Federal Wireless)
WASHINGTON, D. C., March 6.—Indignant denunciations of the action of the senators who conducted the filibuster against the "armed neutrality" measure at the close of the last session of Congress, are coming from all parts of the United States, accompanied by expressions of loyalty to the President and assertions of a readiness to back him up in his efforts to protect the lives and property of Americans on the high seas.

From London also comes word of a change of sentiment toward Mr. Wilson. Men and papers who had found fault with his attitude before are now warm in their praise of him, and are denouncing the action of the men who followed La Follette's lead in the great filibuster, and are declaring that the President will win in the long run, despite the efforts of his enemies in the senate.

The American Rights League, in a meeting held in New York last night, was particularly scathing in its denunciation of the filibuster, which, it was asserted by several speakers, was rank treason of the blackest kind. Nebraska Solons Angry

In Lincoln, Nebraska, the home of William J. Bryan, the pacifist, and of Senator Norris, the feeling against the latter is strong, and the state legislature of Nebraska yesterday adopted a resolution denouncing the part in the filibuster that Norris played as a "betrayal of the state and of the nation."

LODGE STANDS SPONSOR, BUT BILL HELD UP

Congress Not Regularly in Session; Washington Official Circles Stirred By Imminence of Break With Austria; Notes Come From Vienna

(Associated Press by Federal Wireless)
WASHINGTON, D. C., March 6.—At a special session of the senate this afternoon, Senator Lodge of Massachusetts, Republican, reintroduced the "armed neutrality" bill—the measure which aims to give the president broad powers of action in protecting Americans at sea, and which was defeated by the 12 filibustering senators Sunday.

When Senator Lodge asked that the bill be referred to the foreign relations committee, Vice-President Marshall, the presiding officer, sustained a point of order that this could not be done as Congress is not regularly in session.

WASHINGTON, D. C., March 6.—At the last moment today the cabinet meeting at which the Austrian note was to be discussed was abandoned.

LONDON, Eng., March 6.—That Austria in general upholds the "unrestricted naval warfare" of Germany is the substance of the reply made by Vienna to Washington, according to a Reuter's despatch.

The despatch says that Ambassador Frederic Courland Penfield has been handed a reply to the note sent by the United States to Austria and requesting a clear statement of Austria's position on the "unrestricted warfare."

The Vienna reply declares that the neutrals are responsible for the losses they suffer in territory where warlike operations are taking place.

The note says: "Whatever attitude the Washington cabinet may take on the individual questions raised here" Austria-Hungary "is essentially in accord with the American regard for protection of the neutrals against endangering their lives."

WASHINGTON, D. C., March 6.—Austria's note, declaring adherence to the general principles of "unrestricted" naval warfare holds out little hope that a break can be avoided, it was said in official circles here today.

It is considered that the probable course of the United States tentatively at least will be determined at a cabinet meeting soon. Ambassador Penfield is under instructions by the secretary of state to make preparations for a break if it comes. The break would probably be followed by one with Bulgaria and Turkey.

LONDON, Eng., March 6.—News has been received here that a memorandum note has been prepared by Vienna in reply to the latest U. S. note referring to the sinking of the Ancona by an Austrian submarine in the Mediterranean. The memorandum says that Austria "strictly adhered to the assurance already given." At the same time it calls attention to the fact that at the time of the incident it stated that Austria "reserved the right to bring up later questions and discussion of the difficult international questions arising in connection with submarine warfare."

ANCONA CASE DRAGGING ALONG FOR OVER A YEAR

The Italian liner Ancona was sunk on November 10, 1916, in the Mediterranean by an Austrian submarine, 208 persons losing their lives, among them a number of Americans. Since that time the Wilson administration has been in long negotiations to secure a disclosure, reparation and assurances that the illegal act would not be repeated. In January, 1915, Austria formally assured the United States there would be no more sinking of unarmed merchant ships by Austrian submarines. It was stated at Washington at that time that Austria had conceded practically all of the American demands, but the despatches today indicate that Austria has not yet settled the questions of indemnity and punishment of the submarine commander—at least not in compliance with the assurances.

REPORT ON HYDRAULIC PLANT AT KALAUPAPA IS SOUGHT IN RESOLUTION
Senator George P. Cooke, chairman of the health committee, introduced a concurrent resolution this afternoon proposing an investigation to determine the feasibility and estimated cost of installing a hydraulic electric plant at Kalaupapa for light and power at the leper settlement.
The proposed investigation is to be made before the next session of the

NEEDS AT HOME ARE SET FORTH IN NEW LEGISLATION

MAUI DELEGATION FLOODS HOUSE WITH BATCH APPROPRIATION BILLS

Valley Island Legislators Seek to Secure Funds of \$620,000 for Public Improvements

Acting on recommendations from their chamber of commerce, Maui legislators this morning flooded the house with a series of bills providing largely for public improvement legislation affecting the Valley Island. In the space of 15 minutes measures calling for the expenditure of \$620,000 for roads, wharves and buildings had been introduced.

The feature measure in this connection was introduced by Representative Joseph. It calls for an appropriation of \$500,000 for the construction of a belt road from the Hana-Keane road to the Wailuku-Kalihi road. The construction of this road is favored by the Maui chamber of commerce, which believes that the entire territory will derive benefit from it as it would primarily be a tourist highway.

Provision for Valley Road
Representative Paschoal introduced a bill providing for an appropriation of \$20,000 for the construction of a road in the Iao Valley. A \$50,000 appropriation bill was introduced by him calling for the construction of a new city and county building at Wailuku, Maui. He followed this measure with a bill providing for an appropriation of \$20,000 for the construction of a seawall at the Lahaina, Maui, landing. Representative Tavares introduced a measure appropriating \$30,000 for the lining of the new reservoir at Ohiwa. All of these measures were proposed by the chamber of commerce of Maui. Decision to introduce the bills was reached by the Maui delegation in a caucus this morning.

Another "money" measure introduced this morning was that by Representative Kawewehi, calling for \$10,000 for the completion and extension of the Honouliuli wharf. Representative Lyman introduced two measures relating to public improvements, one appropriating \$30,000 for roads through homestead lots on Hawaii, and the other appropriating \$20,000 for the construction of a fill and roads in lots in the Ponehahi district, South Hilo.

Dance Hall Bill Tabled
Representative Leal's measure containing the "joke" on dance halls was tabled today. In its place the judicial committee introduced a bill which provides for the licensing for places of amusement "which shall not include a dance hall or floor." The bill passed first reading and will be printed.

A measure introduced by Representative da Silva outlines the powers and duties of boards of industrial schools. It is provided that the board shall be composed of seven members, five appointed by the governor, and that the judges of the juvenile courts shall be ex officio members. If the judges decline to act, the vacancies shall be filled by the governor.

Teacher's Case Suggests Bill
Representative Kelekolio introduced a bill which provides that no person who has received credentials from the department of public instruction to teach in any school shall be dropped from the service without a trial or hearing before the department upon written charges presented by the superintendent. It is further provided that, if the charges are sustained, the teacher shall have the right to appeal from the department's decision to the supreme court.

Senate Reports Disagreement
The senate reported to the house today that it had failed to agree to the amendments of the latter to the senate bill appropriating \$40,000 for the visit of a congressional party to Hawaii. The amendments included extending until September the period during which the appropriation shall become available. The senate has named Senators Shingle, Castle and Hind as members of a joint conference committee on the bill. Speaker Holstein of the house has appointed Representatives Cooke, Walsh and Adams as members of the same committee.

Representative Lyman introduced a resolution directing the attorney general and the superintendent of public works to have a jailer and gang of prisoners construct a 20-mile road from the Crater Hotel down along the beach to Kalaniana'one, Puna, Hawaii.

A bill introduced by Representative Marquez provides that the superintendent of public instruction and three members of the education commission, in the absence of the superintendent, four commissioners shall constitute a quorum for the transaction of the commission's business. It is further provided that at least one meeting shall be held in December or January, and July or August, each year.

Debate Becomes Heated
A hot debate ensued in the house when House Bill 80 came up on third reading. It was finally passed and provided for the taking away of certain fees that clerks of circuit courts have been wont to earn from time to time during the last several years. In part, the bill reads:

"There shall be as many clerks of the circuit courts as may be necessary, appointed and removable by the judge and judges thereof, as the case may be. Provided, however, that no such clerk shall, during his term of office, be appointed by a judge or judges of any circuit court, trustee, guardian, administrator of executor de bonis non of any estate; or master; master in chancery; or receiver of any estate."

Another fight ensued when house bill 18 came up for third reading. This provided that attorney-generals and their deputies, and city attorneys and their deputies be restrained from the private practice of law. An amendment by Representative Lyman to delete the reference to city attorneys

was carried and the bill passed. The following bills were introduced in the house today:

House Bill 168
Substitute bill, relating to fees for places of amusement. Judiciary committee.—da Silva.

House Bill 169
Appropriation of \$10,000 for the construction and extension of the Honouliuli wharf.—Kawewehi.

House Bill 170
Appropriating \$500,000 for the construction of a belt road on Maui.—Joseph.

House Bill 171
Providing for continued pay for district magistrates during illness.—Brown.

House Bill 172
Providing appeals from decisions of the department of education to the supreme court by teachers who have been dismissed.—Kelekolio.

House Bill 173
Requiring employers to allow their employes time in which to vote.—Kelekolio.

House Bill 174
Relating to the practice of midwifery.—Kelekolio.

House Bill 175
To facilitate the opening and distribution of certain public lands at Makaweli, Kauai.—Jerves.

House Bill 176
Appropriating \$30,000 for roads through homestead lots, Hawaii.—Lyman.

House Bill 177
Appropriating \$20,000 for the construction of a fill and roads through the Ponehahi lots, Hawaii.—Lyman.

House Bill 178
Relating to the powers and duties of the board of industrial schools.—da Silva.

House Bill 179
Appropriating \$20,000 for a road in the Iao valley, Maui.—Paschoal.

House Bill 180
Appropriating \$50,000 for the construction of a county building at Wailuku, Maui.—Paschoal.

House Bill 181
Appropriating \$20,000 for the construction of a sea wall at the Lahaina, Maui, landing.—Paschoal.

House Bill 182
Relating to a quorum for and time of meetings of the school commission.—Marquez.

House Bill 183
Appropriating \$30,000 for lining the Ohiwa, Maui, reservoir.—Tavares.

NEW BOND PLAN GIVEN SUPPORT

With the announcement of Harry Murray yesterday to introduce a bill into the legislature for them to authorize the issuance by the board of supervisors of \$400,000 worth of bonds for water and sewer improvements, many businessmen have come to his support and have promised to do what they can to help pass the bill.

Raymond C. Brown, secretary of the chamber of commerce, said this morning that the need of improvements for the water and sewer systems was so great that something certainly should be done at once to raise the necessary money. "I would like to see the city and county of Honolulu bonded to the full limit," he said, "and in paying off the debt let our children and grandchildren do their share too."

DEPARTMENTS TO TELL OF NEEDS

Heads of various territorial departments will be called before the senate ways and means committee from time to time to discuss their claims for portions of the biennial appropriation.

This was the statement made today by Senator Shingle, chairman of the committee, who said he expects to have regular committee meetings started in a short time.

The committee will meet at 10:30 o'clock tomorrow morning, at which time Treasurer McCarthy will be asked to appear with a detailed statement of present funds.

"Some of the department heads have already come to me on this matter," Shingle stated today, "and I believe the fairest manner to get at a proper proportion for their claims will be to hear each of them out in committee meetings."

AVALANCHE OF FLOWERS AT BICKERTON FUNERAL LAST SUNDAY AFTERNOON
Beneath a wealth of magnificent bouquets the variant colors, splendor and great number of which gave full testimony to the community's regard, Mrs. Frances T. Bickerton, wife of the late Chief Justice Bickerton of Hawaii, was buried Sunday afternoon.

Impressive services were held at the Nuanuan home by Bishop Restarick and Rev. Canon Ault and burial was in the Nuanuan cemetery. Many mourners were in attendance. Pallbearers were Judge Sanford B. Dole, Judge Walter F. Frear, Judge F. M. Hatch, Curtis P. Iaukea, Arthur Berg and G. W. Smith.

BUDGET SHAVED IN SENATE BILL

Less by \$1,787,637 than the estimate submitted by Gov. Pinkham in his message to the legislature, the appropriation bill introduced yesterday afternoon by Senator Shingle will be taken up for study by the upper house members. The reduction was made by lopping off from the first estimate submitted by the governor for the two-year period.

In the National Guard estimate there is a reduction of some \$25,000; attorney-general's department, \$4,320; public work, \$6,600; board of health, nearly \$500,000.

One of the big cuts in the budget set forth in the senate bill as reported is the elimination of \$238,600 for armories. Already there are pending several bills for special appropriations for armories, especially on the Big Island and the fate of these bills remains to be seen.

In guard salaries the estimate for the salary of the assistant to adjutant general of the militia is sliced \$1,300 from the \$6,000 which was asked. A similar amount is cut from the salary of the assistant to the property officer. Other reductions are smaller. For officers and enlisted men there is a cut of 25 per cent from the \$64,400 asked.

The biggest cut comes in the appropriations sought for the health department. Here \$150,000 sought for new buildings is eliminated and there is \$55,000 cut from the figures asked for the prevention and cure of tuberculosis.

Salary increases sought by the board to a great extent, cost of living not entering into consideration when compared with decreasing cost of government. Shingle introduced the budget as the one authorized by the governor. Cuts were made to bring its total down to the estimated funds on hand for appropriations in the two years ending in June, 1918.

ISLAND ELECTRIC COMPANY HEARD

Service troubles of the Island Electric Company of Maui were aired this afternoon at the public utilities commission's investigation. Supt. J. H. Blair of the company testified.

Blair asserted that it would be a physical impossibility to get additional electrical generating machinery from the mainland and install it before September 1, when the company's power contract with the Kahului Railway expires.

The superintendent testified that the freight tieup at the coast last summer delayed the plant's complete equipment from arriving until last December. This was a factor making for poor service. He admitted under questioning from Acting Chairman Gignoux that the Kahului Railway might not renew its contract and that he is now canvassing for more power business to take its place.

The Kahului Railway uses the plant's entire daytime output, Blair said. He said the claims of Will J. Cooper of the Maui News that his printing presses stop frequently in the daytime because of low voltage, are exaggerated. Cooper's letter to the company says the power has failed on press days so that his papers have repeatedly missed the mail boat.

MANY SICK-BEDS TO BE BRIGHTER

Plans to identify an annual pencil sale with the Hospital Flower Society were decided on this morning at the annual meeting of the society at the Library of Hawaii. The pencil sale last fall was so successful in raising funds to bring cheer to sick-rooms that the society wishes to perpetuate the idea. The sale will probably be held each November.

Election of officers resulted as follows: President, Mrs. Alonzo Gartley; vice-president, Mrs. R. D. Mead; secretary, Mrs. A. J. Gignoux; treasurer, Mrs. W. H. Soper.

The society will be even more active in the future than in the past. It will continue to send flowers to the hospitals each Wednesday and will emphasize the personal visits that day, and will continue the sending each day of flowers for trays. It will also furnish oranges for those unable to secure them otherwise. Also, the society, which now meets but once a year, will hereafter hold meetings on the first Tuesday of each March, June and December.

The club wishes to emphasize that anyone interested in the work may join on payment of the dues of \$1 a year. Any of the officers will receive applications.

maibia who had passed away was a beautiful wreath in the Hawaiian colors, black and gold, as a token of esteem by Hawaii's queen, Liliuokalani, whose private secretary and legal advisor Judge Bickerton was years ago.

NO LEGISLATION AGAINST HAWAII

No legislation affecting Filipino labor in Hawaii was passed at the recent session of the Philippine legislature, according to news which comes from Manila.

The regular annual session and the extra session passed off without special incident, so far as Hawaii is concerned. Annually there are rumors that the "politicos" of the southern islands are planning to pass laws which will block much of the labor recruiting in the Philippines and annually these rumors are punctured. This was the case with the recent sessions.

A year or so ago the legislature provided for a commissioner of labor to visit Hawaii but the commissioner has never come, though there have been frequent reports that he was appointed, and even one or two that he was on his way.

WOMAN SUFFRAGE WINS COMMITTEE

Woman suffrage for Hawaii was recommended to the upper house this afternoon in the report of the judiciary committee on the resolution introduced by Senator Desha a few days ago.

The judiciary committee decided this morning to make favorable recommendation on the resolution, this being one of the planks in the party platform on which most of the senators were elected.

One amendment to provide that girls must be 21 years of age to vote was added. The resolution provides that the matter shall be presented to Congress and various high officials at Washington.

Senator Desha's citizen labor bill was tabled at the suggestion of the committee, as the committee members were of the opinion that such remedies as the Hawaii senator proposed could be provided by the county or territorial officials without further lawmaking being necessary.

NO MEETING ON CHARTER IS HELD

There was no caucus last night by the Oahu Republicans in the legislature on the proposed new charter for Honolulu. Representative Wilder, chairman of the Oahu delegation of the house, had called a meeting for 7:30 o'clock, but when the time came only a few Republicans were present, so the caucus was called off.

Immediately after the senate adjourns this afternoon Chairman Wilder will ask all Oahu legislators to meet in the house. The house delegation to which the charter bill has been referred, desires to learn the policy of the local Republican party as regards the charter before holding its own meetings to discuss the measure section by section.

EARLY REMARRIAGE OF DIVORCED PERSONS TERMED NOT FREQUENT
What sort of widows and widowers remarry the more—grass or sod? According to Judge W. L. Whitney, who appeared before the senate judicial committee today on request to discuss Senator Pacheco's "marriage after divorce" bill, persons separated from their companions by death are more likely to remarry than those separated by a divorce decree.

Judge Whitney based his conclusions on statistics gathered in the mainland as well as in Hawaii. Senator Pacheco expressed the opinion yesterday at the committee meeting that the present divorce laws encourage quick remarrying, especially among Japanese picture brides.

Judge Whitney, however, says figures show these remarriages are comparatively rare. The committee decided to recommend that the Pacheco measure be tabled.

FURTHER NOMINATIONS MADE BY REPUBLICANS
At a postponed meeting of voters in the 11th precinct, 5th district, last night at the residence of William A. Hall, Peterson and Kanoa lanes, Palama, for the purpose of nominating candidates for county committeeman and delegates to the Republican county platform convention, the following were selected: W. A. Hall, county committeeman; James H. Hakuole, William C. Achi, Frank F. Fernandez, Henry Vierra, Harry J. Auld and David Namahoe, delegates.

Senator Mikaele made his first speech in Hawaiian this afternoon. He asked what had become of his interpreter.

CLAUSE IS HELD TO MENACE NEW WORKMEN'S LAW

Amending Bill Threatens Constitutionalality, Say Attorneys Studying It

House Bill 96, amending the workmen's compensation law, has at least one big objection and several minor ones from a legal standpoint, in the opinion of attorneys who have been studying the bill since it was introduced February 27 by Representative Marquez of Oahu.

The big objection is that it contains a provision which, say several attorneys, will knock the whole law out as unconstitutional. This is Section 8, which amends Section 38 of the compensation law. The effect of the amendment is to bar appeals on questions of fact and allow them only on questions of law, according to the interpretation now placed upon it.

The amendatory section now reads: "The findings of fact made by the board acting within its powers, shall, in the absence of fraud, be final and conclusive between the parties, except as provided in Section 37, but the supreme court shall have power to review questions of law involved in any final decision or determination of said board by certiorari, mandamus or by any other method permissible under the rules and practice of said court or the laws of this territory, and to make such further orders in respect thereto as justice may require, provided that application is made by the aggrieved party within ten days after a copy of the decision or award of the board has been sent to the parties. In no case, however, shall such an appeal operate as a supersedeas or stay unless the board of the supreme court shall so order."

Section 37, referred to above, does not provide for court appeal on questions of fact, but merely a review by the board itself under certain conditions.

Attorneys say that the amending section takes away the right of trial by jury and that it is plainly unconstitutional.

Inasmuch as the bill vitally affects many large corporations, including the sugar plantations, the new bill is being closely scrutinized by legal experts. Other objections, none particularly serious, are being tentatively voiced and if there is a public hearing are likely to come out. Insurance companies are also actively interested in the amendments and the course of the compensation legislation is being watched as closely, probably, as any measure now before the territorial solons.

A resolution introduced by Senator Pacheco and turned over to the health committee for consideration provides that arrangements for a visit to the Leper settlement at Kalaniana'one shall be made.

CHINA'S CABINET SPLITS AT BREAK WITH GERMANY

Premier Resigns When President Questions Advisability of Severing Relations

(Special Cable to Kippu Jiji)

TOKYO, Japan, Mar. 6.—China at the eleventh hour has balked at severing relations with Germany. Tuan Chi-jui has resigned as premier of the Chinese cabinet, and it is expected that the other members will follow the lead of the premier. These are the new developments from Peking.

Tuan Chi-jui after a discussion regarding the proposal to sever relations with Germany resigned as head of the so-called "responsible cabinet." Li Yuan-hung, president of the Chinese republic, has intimated that he would accept Tuan's resignation and appoint a new premier who would be more acceptable to him.

The change of China's attitude toward the Kaiser's government was wholly unexpected here inasmuch as previous reports from Peking freely indicated that the severance of diplomatic relations between China and Germany was forthcoming. The leaders in Japan's diplomatic circles are apparently worried and have expressed surprise at the action of Peking.

Premier Tuan after accepting from the French minister, Conte, the proposal of the allied countries to recognize the new schedule as adopted by the Chinese government to increase the duty on foreign goods imported called in person upon President Li for the approval of the decision to sever relations with Germany.

Li refused to break with the German government and warned the premier that severing relations with Germany would not help the interests of China and urged the head of the cabinet not to take any hostile action toward Berlin.

Tuan resented this and after a fierce discussion Tuan handed in his resignation as the head of the "responsible cabinet" and left Peking for Tientsin. Late despatches from Peking quote President Li as saying that he is ready to accept Tuan's resignation in order to appoint a man who would be more agreeable to him in handling China's international situations. In that case the entire cabinet will hand in their resignations in sympathy with their premier.

DAWN MOORE IS WINNER IN SUIT

Dawn Moore was given a verdict in Federal court yesterday afternoon by Judge Vaughan of \$1000 against the Great Northern Pacific Steamship Company. L. J. Warren, one of the attorneys for the latter, said he expected to appeal the case but had not definitely decided to do so.

Although the decision materially cut down the \$7500 asked by the libellant, her proctors, George A. Davis, George S. Curry and S. B. Kemp, are satisfied with the judgment. Half of the thousand is apportioned between them.

The libellant's suit was based upon her search on board the Great Northern by ship officers who claim they suspected her of having stolen jewelry on her person.

ALULU EPISODE MAY BE BEFORE SUPERVISORS

Noa W. Alulu announced this morning that he would ask the civil service commission to make a complete investigation of his altercation with Policeman Gunderson the night of the Japanese parade. He said he had not done so yet but expected to soon.

In regard to such an investigation, Edward P. Fogarty, one of the commissioners, says it would not be in the power of the civil service commission to have such a hearing and that an investigation were to be held it would probably be before the board of supervisors by request of the mayor.

"Members of the board are appointed by the mayor with the approval of the supervisors," he says, "and if such an investigation is to be held the latter body will be the proper one to have it."

Fogarty, while not speaking for the entire commission, says he believes if Alulu asks for an investigation by his brother commissioners that the commissioners in turn will pass the request on to the mayor.

Agreeing with the stand of a Star-Bulletin editorial relative to his trouble, Alulu said today that he wanted the whole situation cleared up and the facts known to all.

The gist of a story told about the commissioner is that he blocked a street during the parade, refused to move when a policeman asked him to and later cursed the officer at the police station. It was also intimated that he was drunk.

"Liquor has been the ruination of the Hawaiian race," said Alulu. "I never drink. A traffic officer told me the night of the parade that I could stand in Nuanuanu avenue on the makai side of King street, facing the parade. I understand it was the sheriff's order that all streets could be filled in a similar manner during the parade."

"Gunderson came along in front of the patrol wagon and told me to move. There was plenty of room for the patrol wagon to go past. I refused and he told me he would arrest me if I didn't. I went to the police station to complain. I was not arrested. When I came back my place was taken by another."

Alulu admits saying something to Gunderson that could not be reproduced here, but he declares he did not "curse" the officer.

HOUSE NOTES

Local barbers have petitioned the house not to pass the bill providing that barber shops shall remain open on Sunday mornings until 10 o'clock. They say they are deserving of at least one day a week in which to rest.

The members of the bar association of the fourth circuit have petitioned the house approving of the bill to appropriate money for the purchase of law books for the circuit.

Representative Wilder's bill relating to a close season for amaama, or mullet, and for the protection of lobsters, crabs and crawfish, passed second reading today.

Upon recommendation of the agriculture committee, Representative Wilder's bill providing for protection for food fishes passed second reading today.

The house bill providing that public works shall not be stopped on Saturdays passed third reading today.

Representative Cooke, chairman of the finance committee, reported to the house today that the following cash balances, regarding homestead roads, are available: Honolulu, \$6326.67; Hawaii, 68,792.13; Maui, \$4016.43; Kauai, \$1395.52; Kaula, \$1260.60.

Kelekolio's bill, providing that women under 18 shall not "loiter on the public streets" between 8 o'clock at night and 4 o'clock in the morning, has been deferred in the house until Saturday. There is a misunderstanding over the words "public streets."

Brown's bill to reimburse T. J. Lyons in the sum of \$500 for the use of his land by the Royal school, has passed second reading.

Representative Leal's bill, providing a license for companies manufacturing sugar and soap, has been tabled in the house.

House bill 145, transferring the expenses of industrial schools and detention homes from the school budget to the appropriation bill, passed second reading in the house today.

Representative Kelekolio, in his bill relating to employers giving their employees time in which to vote, provides that violators of the provisions of the bill shall pay a fine of not more than \$1000 or be imprisoned not more than one year.

Members of the naval militia are ordered to report at the Bungalow this evening at 7 o'clock. Lieut. Com. William H. Stroud requests that every one be on time.

Under Nippon, Grandmaster of Judo, was induced by exposure to Sun, Dusk and Wind quickly relieved by Mizuno Eye Remedy. No waiting, just Eye Comfort. At your Druggist's or by mail, 50c per Bottle. For Book of the Eye Remedy, ask Mizuno Eye Remedy Co., Chicago.

LOCAL AND GENERAL

Honolulu Lodge officers, F. and A. M., practise tonight.

Excelsior Lodge, I. O. O. F., meets tonight for regular business.

William McKinley Lodge, Knights of Pythias, will have regular meeting this evening.

There will be a meeting of the Humane Society at the Library of Hawaii at 9:30 Wednesday morning.

The C. J. Hutchins Great Northern damage suit trial is set for hearing of argument in the federal court this afternoon at 2 o'clock.

Records on appeal in the cases of Lukimila vs. Farm Corn and Helen W. Kinney vs. Oahu Sugar Company have been filed and the cases placed upon the supreme court calendar.

Brig-Gen. Frederick S. Strong, commanding the Hawaiian department, called on Governor Pinkham this morning. The general said his visit had no significance in connection with the international situation.

Filipinos here have organized a new club called "The Adventurers" under the leadership of Pedro M. Esqueras for the purpose of persuading Filipinos eligible to become American citizens to do so.

S. I. Shaw, in a letter to the board, requests that a kink in the Palolo road adjoining his residence be straightened out. He says that there is 18 feet of land there which should be used for road purposes and urges that the board acquire it.

W. M. Kernaghan and P. O. Miller of 1st and 2nd Companies, respectively, Fort De Russy, have been turned over to the military authorities by Capt. McDuffie of the detectives, who claims the men sacked a camp on the beach, cut open a suit case and stole some cheap jewelry.

Mrs. Joseph Leal, matron of the detention home, has taken charge of three little Portuguese girls and a boy. Their mother died recently and their father is barely earning a living. Probation Officer Joseph Leal took a hand immediately after the situation was called to his attention.

The case of William H. A. Sherman, a removal from the Supreme Court of New York county, versus P. R. Isenberg of Honolulu for recovery of \$15,635.25 alleged to be due for the non-payment of shares in the Norris Midway Oil Co., was filed in the federal court this afternoon.

An auction sale of unclaimed merchandise at the custom house Monday resulted in the government realizing \$164.85. The articles sold were all purchased by Japanese bidders and included tea, rice, peanuts, miso, beans, wool hats, whiskey and other potables.

John J. Devaraux, chief engineer of the inter-island steamer Mikahala, and Carl Meyer, an employe, were badly burned when a gasoline torch with which they were working on the Mikahala exploded last night. The men were given relief at the emergency hospital and later taken to the Queen's hospital.

WHAT SHALL WE CALL THESE ISLES

The question has again been raised as to what we shall call these beautiful islands.

Here are some slogans that have been submitted:

- "Beautiful Isles of Somewhere."
- "The Honeymoon Isles."
- "The Artist's Paradise."
- "Isles of Smiles."
- "Satan Kapu."
- "Isles of Plenty."
- "Isles of Mirth and Joy."
- "The New Jerusalem."
- "Beautiful Isles of the Sea."
- "Isles of the Sheltering Palms."

Adam and Eve had nothing on us when it comes to a beautiful land where it's summer all the time and the bees banquet on through a whole year of flowers, and besides they did not have any delicious Orange Blossom Candy, a splendid shipment of which has just arrived, consisting of Chocolates, Bonbons, Taffies, Panache and those delicious All-Day Suckers that the kiddies love so well. Don't forget, it's the Honolulu Drug Co., Odd Fellows' Building.—Adv.

HOTEL STREET TO HAVE HEARING

The public hearing on the widening of Hotel street eva of Fort will be the principal matter taken up by the board of supervisors at its meeting this evening, called for 7:30 o'clock. This hearing is on the modified plan, the assessments being worked out on a graduated scale. As this plan has already been carefully gone over by many of the property owners and approved no opposition is expected.

Another important matter which will probably come up is the resolution introduced at the last meeting by William Larsen declaring that the bonds had passed and authorizing that the board's finding be sent to the president at Washington for approval. Just what the outcome of this action will be is hard to say. Judge F. M. Hatch spoke strongly in its favor and the majority of the board also seems to agree with the stand taken by Hatch.

NO DECISION YET REACHED TO MOVE GERMAN VESSELS

(Continued from page one)

the two members of the harbor board, the attorney-general's department, and Capt. William R. Foster, harbormaster of this port, began at 10:30, about five minutes after the departure from Chairman Forbes' office of J. F. C. Hagens, vice-president and auditor of H. Hackfeld & Company, Ltd., the local agency for all the refugee German vessels in Honolulu.

Hagens conferred with Forbes for nearly half an hour. While the conference was in progress Commissioner Church arrived, having been summoned to the office on the telephone call from Forbes. The three talked over the situation carefully. Hagens declined to make a statement for publication as he left the office.

No Written Opinion

At his point a Star-Bulletin representative attempted to obtain a statement from Chairman Forbes. He had no sooner asked him a question than the attorney-general and his deputy, followed by Harbormaster Foster, entered the office.

"It is settled that the board will move the Pommern and Setos outside," asked the reporter.

"Ye-es," answered Forbes. "We went on record yesterday to move them."

"No," sharply interjected Deputy Attorney-General Smith, "you referred the matter to the attorney-general's department for consideration and we have not yet rendered a written opinion on it."

At this point Attorney-General Stainback said in reply to a question from the reporter, that he had "told the board it could move the ships if it wanted to," at the board's executive session Monday, at which the board came out of executive session long enough to pass a resolution to move the Pommern and Setos outside.

Decides On Another Session

Forbes then requested the newspaperman to leave the office for a few minutes. On conclusion of the conference he told him that an executive session would be held at 1:30 this afternoon and that following it there would probably be an announcement for the press. Forbes first set 2 o'clock as the hour but on a request from Commissioner Church made it half an hour earlier.

A report which came to the Star-Bulletin this morning was that Collector of the Port Malcolm A. Franklin would refuse to allow the German refugee merchantmen to be moved outside. "The harbor board can do as it pleases so far as I am concerned," said the collector.

Berths Badly Needed Now

Commissioner James Wakefield said this morning the board at its executive session Monday voted to "do what we have wanted to do for the last two and a half years."

"The refugee German steamers have been a menace and a drawback to the commerce of this port," he said. "There would have been no danger to them lying outside had they not wilfully destroyed their machinery. We have ordered the Pommern and Setos to move because we need their room at Pier 7 and Pier 16."

In the last few days the crews of the merchantmen are said by customs inspectors on duty watching the vessels to have been painting out rust spots and giving the engine rooms and machinery of the vessels a thorough cleanup.

No Notification Received

F. W. Kiebahn, manager of Hackfeld & Company's shipping department, said at noon today he had not received any notification from the harbormaster to move the Pommern and Setos outside within 24 hours. It is known today that no such notice will be sent until after a definite decision in the matter is reached at the executive session this afternoon. Probably a longer time than 24 hours would be required to make the vessels ready by taking on provisions, coal for cooking, extra anchor lines and various equipment for holding the big freighters safe at anchorage in case of kona storms. The harbormaster at 5 o'clock Monday afternoon received instructions to serve notice on the local agency today to move the two freighters outside within 24 hours from the time of serving such notice, but he is holding off pending this afternoon's meeting.

In commenting on the situation today Deputy Attorney-General Arthur G. Smith said there are two questions to be decided before definite action toward moving the refugees can be taken. "They are, first, whether the board has authority to move them, and second, whether it really wants to do so," he said.

House Committee Silent

There are to be no "leaks" from the house committee on police and military affairs, declares Chairman Evangelino da Silva.

Representative Kelekolio's resolution that the German refugee ships be forced to vacate Honolulu harbor, on the presumption that danger may lurk in any future attempts to further damage or destroy the vessels, is being considered by the committee with the utmost secrecy, having been taken up for discussion at a meeting late Monday afternoon.

Writes Attorney General

The committee, it was learned today, has addressed a letter to the attorney general and to naval and military authorities requesting information as to the possibilities of danger through allowing the ships to remain where they are now.

Chairman da Silva declined to make the communication public, saying that it was a confidential matter and that the committee is not yet ready to give out the details of its transactions with regard to this particular matter.

As soon as replies are received to the communication, the committee expects to make a full report to the house on the resolution.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.—Adv.

This **Cookery Book of nearly 200 pages is FREE to you**

Here's a great big Cookery Book of nearly 200 pages—finely printed, beautifully illustrated—crammed full of splendid time tested recipes—recipes that are economical and practical.

The Highlander Cookery Book is the standard reference work of tens of thousands of New Zealand women. Indeed so valuable is it that it is sold at a good figure by the Red Cross Societies of the Dominion.

But there's an absolutely free copy of this splendid work available for you. Just send your name and address and the book will be sent post free by the next mail.

In addition to good recipes in all branches of cooking, it tells about Highlander Milk—the Condensed Milk that sets the standard in New Zealand and throughout the Pacific.

Send to-day while there's still a copy available for you—address, "Highlander," Dept. "A," Fred L. Waldron, Ltd., Agents, Honolulu.

TUESDAY, MARCH 6, 1917.

THE BUSINESS WAY.

WANTED—A NEW OPERA HOUSE.

Honolulu's famous old Opera House is passing, and there is none to take its place.

Outworn and rundown as is this old structure; tawdry as are its furnishings and incomplete its facilities—still it represents the best Honolulu has for a public auditorium, for the performance of opera or drama.

With the Opera House junked, the city will be without such an auditorium.

And there is nothing definite in the way of private enterprise or a public movement to supply the need. Vague rumors float around, as they have floated around for 150 years, that this capitalist, or that theatrical combination, would erect a big theater. They remain only as rumors.

This condition is not only unfortunate but disgraceful. It is disgraceful that Honolulu, priding itself upon being a progressive American city, should have no first-class theatrical structure. It is mighty poor business that this condition obtains, too, for Honolulu's people are amusement-loving. And there are frequent opportunities to secure famous operatic and concert artists. Run in conjunction with moving pictures and vaudeville acts, such a theater in a good location could at least "break even."

Apparently no capitalist or company is desirous of entering this field as an investment. Why not, then, a public movement to support such a venture? The old Opera House would never have been built had it not been for the public spirit of those early days.

Why not a joint committee of the civic and commercial bodies, with a representative of the city to be named by the mayor, and a representative of the city planning commission, to get to work immediately? Such an opera house would have widespread public support. And it would not only fill a community need but mean an important tourist asset.

A TIP FOR THE HONOLULU AUTO CLUB.

The Denver Motor Club aided 25,000 visiting tourists in 1916. Other thousands, already equipped with guide books and wide traveling experience, obtained road information to scenic points in the mountains. The information bureau served as many as 250 persons a day. Mail inquiries also were answered. Foreign countries represented by the visitors were Canada, Mexico, the Hawaiian Islands, Australia, New Zealand and China. Membership in the club reached 1300 this year. Five hundred miles of road were signboarded by the club during the year, and many improvements in bridges and roads were obtained by them.—From Motor Age, Chicago.

SOMETHING TO DO NOW.

The very magnitude of the Waikiki reclamation scheme is delaying it intolerably. Months are stretching into years. Nothing definite is being done.

The latest proposal—that of combining the beach boulevard and reclamation schemes—is a splendid project. But it looks ten years into the future instead of facing the present. It involves so much red tape, so many condemnation suits, so many difficulties of harmonizing government and private interests, so many barriers of getting government and private parties to work together—that its realization is far distant.

Meanwhile, Honolulu has one nauseating menace which ought to be cleaned up without waiting for the bigger scheme to materialize. The filthy stream which empties into the sea between the Outrigger Club and the Moana Hotel is an ugly blot on a world-famous beach resort. It is not only ugly, it is nasty and dangerous. And it is getting worse—steadily getting worse—while Honolulu debates the pros and cons of the Waikiki reclamation project.

Under this project the stream is to be diverted. But why wait years for it? Engineering skill and public enterprise ought to take hold of this situation now and divert this stream elsewhere.

The dirty sewer-stream has been talked about for years. But you can't get rid of it by talk—you have to act.

Plans for special authorization of a municipal bond issue are justified by the necessities of the case, if the authorization is possible under the law—and city officials say it is. By a large majority, the people of the city have voted in favor of the bonds. Unfortunately, the majority was not quite large enough to reach 60 per cent. This was partly due to the shortsighted political maneuvering of the Democrats and partly to lack of confidence in the financial efficiency of the present city administration. Neither cause was enough to justify defeat of the bonds. Probably not one in ten of those who voted against the bonds would have done so if he had had a clear understanding of the imperative need for sewers in certain districts.

Japan is a friend of America. The island empire has no ambitions and interests that necessarily conflict with those of the United States. And it is now and has been the cardinal principle of Japanese diplomacy to maintain a friendship with its greatest customer, its first real friend in the family of nations.—Philadelphia Ledger.

Proof upon proof piles up that modern American cities are coming to the "short-ballot" form of government—a point made strongly at the public hearing on the proposed city charter for Honolulu. Latest in this line is an eloquent and vigorous article in the current Review of Reviews, by H. S. Gilbertson. Writing on "Running States and Counties on Business Lines," he says:

"More than ten million American citizens, resident in four hundred-odd municipalities distributed over forty-one states, are living under a form of government which for ten years has been providing a workable formula for breaking up political machines and installing independent public opinion in the seat of power. What is coming out of this experience specifically for the cities involved need hardly be rehearsed. The point is that, beginning with the first application of a new principle of government in the rather crude organization known as the 'commission' plan, American political thought has been taking bold and unprecedented liberties with the cherished theories of the 'Fathers.' And signs are not lacking that commission government (as a dynamic idea, not as a rigid formula) is to be the thin end of a wedge which is to broaden its own meaning and force its way upward into the large civic divisions.

"Thus, at Dayton three years ago, commission government took on a deeper significance and direct popular control, but toward the enforcement of that control through efficient administration. In the issue of this magazine for June, 1914, Mr. L. D. Upson described the operation of the new charter of that city. This instrument preserved the features of commission government which involved the short ballot and concentration of municipal powers in the hands of a single elective body. It abandoned, however, the practise of undertaking to secure heads of departments by the elective process. Furthermore, it enunciated the idea (a thoroughly radical one in this country) that the chief executive of the city should be treated as an arm or instrument of the governing body and be chosen by it with sole reference to his professional qualifications.

"The charter was a death blow to the vote-getting, 'good-fellow' tradition; it went even farther than commission government in the way of simplifying election issues; it paved the way for the expert in city administration. On the strength of its new charter the city fathers stunned the local politicians by going outside the limits of Dayton for their first manager. They thereby undermined the greatest stronghold of the old order, the popular political habit which conceives of a local office as a local industry rather than as a public trust. They also struck a harmonious chord in the hearts of independent citizens everywhere.

"Commission government embodies in a specialized form the short ballot. Several years ago definite propaganda was started to explain this principle to the American people. From the beginning it was tied up, for tactical purposes, to the movement which had already begun to sweep through the cities, with such effect that it is safe to say that this principle has met with the passive approval of nearly every really influential public figure in the country, including educators, editors, party leaders and public executives. In 1915, fourteen governors urged upon their legislatures the enactment of short-ballot laws as applied to the state government."

Merchants, manufacturers, shipbuilders, machine works owners, the proprietors of land and buildings and those individuals who have neither houses nor goods but yet are the captains of their souls have sped word to Washington that all they have and are is at the nation's service. Could there be finer reed than fills some of the columns of the newspapers these days? Those who make the record no less than those who read it do so with a thrill of admiration and pride and thankfulness. The plain American in a man comes out as quickly in a crisis as when Farragut rasped: "Damn the torpedoes—full speed ahead!"—New York Sun.

American transatlantic shipping is now virtually blockaded in American ports as a result of Germany's policy of terrorization on the seas. Unless the blockade is lifted very soon the United States government will have to take steps to break it, regardless of whether or not there occurs in the meantime an "overt act" by Germany proving that she means to carry out her threats.—Charleston News and Courier.

Uncle Sam spent \$200,000,000 to eliminate Villa and failed. Now pneumonia is reported as doing the work. This is about the largest medical fee on record.

Having accepted the honorary presidency of the Tuna Club, Col. Roosevelt will be almost compelled to dissolve the Annapolis Club. The two are entirely incompatible.

Having blocked war financing legislation bill, those 12 senators might be called "blockers' dozen."

Zimmermann can hardly be overheard in the next imperial distribution of Double Cross.

Funston made himself famous through a filibuster, but it wasn't that kind.

Letters of the Day

NOT ORDERED OFF PIONEER PLANTATION

Editor Honolulu Star-Bulletin. Sir: I was surprised to read in your Saturday's issue the story that I was ordered off the Pioneer Plantation at Lahaina in my recent trip to Maui. I did not visit that plantation although I received invitations from both Christian and Buddhist leaders at Lahaina, and the reason that I did not go was very simple—namely, I felt very miserable on account of cold and overwork, and nothing more. So I sent word to them, apologizing myself for not keeping promise and renewing promise to be sure to come back before long.

During my Maui campaign I met with nothing but welcome and enthusiasm of both American and Japanese, except the opposition of two Japanese men from Honolulu, who, in order to get money by jingoistic talks from ignorant plantation laborers, misrepresented our citizenship work and encouraged those people to oppose every thing American. It seems the story published in the Hawaii Chobo in regard to the Pioneer Plantation and myself was invented for the purpose by some such men.

I feel very sorry for the Pioneer Plantation being thus misrepresented. M. MAKEHI.

Honolulu, March 4, 1917.

(The Star-Bulletin published the news referred to above as a quotation from the Japanese newspaper, Hawaii Chobo, and did not vouch for its authenticity. Mr. Makehi's statement serves the valuable purpose of clearing up the subject).

PENSIONING BAND VETERANS

Editor Honolulu Star-Bulletin. Sir: The Royal Hawaiian Band was established by Professor W. H. Northcott in the A. D. 1870, an Englishman, and for one year and more he led it, and in a certain month of the A. D. 1872, he returned to England.

Captain H. Berger arrived in the month of June of the A. D. 1872, who led the Royal Hawaiian Band until his resignation on account of ill health. The majority of the old members founded by W. H. Northcott, Esq., had died only three of them living today, Mr. Frank Mahuka now living at Kalia-kai, and Rev. Samuel K. Kamakaia and James Pohina, who are still in the band of the city and county of Honolulu today.

These two are the oldest members in this organization today; Gomes, a Portuguese, who has a bill introduced in the house of representatives, pressing for a pension, was a later entry. Therefore in my behalf and at the same time asking your generosity, "Ye Representatives," before you weigh on behalf of Mr. Gomes, it is better you weigh on behalf of Rev. Samuel K. Kamakaia and James Pohina.

Humbly yours, W. H. P. MALULANI, City and County of Honolulu.

PRACTICAL IDEALISM

Editor Honolulu Star-Bulletin. Sir: CONTENT IS A DAM TO PROGRESS. THE SATISFIED SOUL VEGETATES.

One who is thoroughly satisfied has no incentive to constructive action. The world today is in the greatest ferment that history has ever recorded. From it will be born new ideals and eventually a new race of men. IT IS THEREFORE A HOPEFUL SIGN.

It is not thinkable that the nations embroiled in this frightful struggle cherish no greater ambition than greed for territory; race or supremacy.

What we are witnessing today is a GREAT CLASHING OF IDEALS.

Some of these ideals will be shattered—some—and these are the fundamentally true ones—will live; so I have great hope because DISSATISFACTION ALWAYS PRECEDES REGENERATION and no great upward stride of man has ever been accomplished without some sort of violence. I see in this world conflagration the greatest paradox of time—THE UPLIFT OF MAN THROUGH THE LEVELING PROCESS, now in operation.

Whatever mistakes the various nations have made in ideals, in Humanitarianism, in psychology—will be wiped out or atoned for in the final adjustment of this struggle. It is needless to recall specific instances in proof of my assertion—the reader's mind will readily suggest these; I wish most of all to divert him from national issues to a consideration of international aspirations so that his mind may dwell for a time on the immense and imminent possibility of achieving the BROTHERHOOD OF MAN—that wonderful climax toward which we are so surely tending. Let me now predict that the most

acute stage and the grandest scale of the conflict has not yet been reached—far from it—nations which, till now, have held aloof from it—my own dear country with its noble ideals among them—will inevitably be drawn into this maelstrom; so it behooves us to approach the time steadfastly—nay, reverently—without animosity but with determination to take only such part in it as is dictated by our love for LIFE, LIBERTY and EQUALITY—remembering that the only true loyalty is to IDEALS.

No shall we win the respect of mankind and not forfeit our own. So shall we further the ends which a wise Providence is directing. So shall we emerge from the dust of battle a race sturdy and strong; humble and thankful in the knowledge that we have helped—not hindered—the GREAT MORAL EVOLUTION OF THE AGE. Think this over and see its truth. C.

Honolulu, Hawaii, March 4, 1917.

WITH OUR VISITORS

Mr. and Mrs. F. D. True and daughter, Miss Annie True, of Gardner, Maine, are leaving the Pleasanton on the Matsonia. True is a retired businessman and capitalist.

R. S. Van Tassel is a wealthy cattleman of Cheyenne, Wyoming, who has escaped the rigors of a winter of the north for the balmy breezes of the south. He is at the Young hotel and is enjoying every minute of his stay here.

Honolulu will lose prominent visitors on the Matsonia by the departure of Mr. and Mrs. R. A. Long of Kansas City. Long is one of the wealthiest men of Missouri and besides owning several business blocks is the proprietor of a model farm, the finest in the state.

Visitors at the Pleasanton hotel who are leaving on the Matsonia tomorrow include Mr. and Mrs. J. J. Barlum. Barlum is a shipping man of Detroit and expects to buy a 10,000-ton steamer "somewhere in the Pacific" to put into Atlantic trade, although he says they are very scarce.

Charles Isakson, chief clerk of the Seaside hotel, says about the only excitement around that popular beach resort is the every-other-night dances which are becoming very popular. No one in particular is coming or going, they have just "cramped" for the winter there with the place nearly full and everyone is enjoying it.

VITAL STATISTICS

BORN. CANTO—In Honolulu, March 2, 1917, to Mr. and Mrs. Manuel do Canto of 1560 Emma street, a son—George.

MARRIED. NUNES-MEDEIROS—In Honolulu, March 3, 1917, George Nunes and Miss Virginia Medeiros, Rev. Father C. Mathias Lumburg of the Catholic Cathedral, officiating; witnesses—Antonio Nunes and Flora Rego. KAHALU-KAHUPITI—In Honolulu, March 3, 1917, Rev. Father Kahala and Miss Mary Kahupiti, Rev. Father Ulrich Taube of the Catholic Cathedral, officiating; witnesses—George Kaul and Julia Steamboat. MONTGOMERY-MATTOS—In Honolulu, March 2, 1917, James L. Montgomery and Miss Lydia Mattos, Rev. Father Philip Blum of the Catholic Cathedral, officiating; witnesses—Nina Jarrell and Jessie Mattos.

DIED. GARCIA—In Honolulu, March 4, 1917, Mrs. Helen Garcia of 217 Kawaiahae street, widow, native of St. Michael, Azores, Portugal, 70 years old.

KALEULU—In Honolulu, March 3, 1917, Mrs. Mary Kaleulu of Kamaowai lane, a native of Hala, Molokai, 40 years old. PASCAL—In Honolulu, March 7, 1917, infant child of Mr. and Mrs. Benjamin Pascal of Kea lane.

LEE—In Honolulu, March 5, 1917, infant child of Mr. and Mrs. Manuel Walter Lee of 224 Hanalei street.

KINNEY—In Honolulu, March 5, 1917, infant child of Mr. and Mrs. Clarence Wilkinney of 1910 Fort street.

LITTLE INTERVIEWS

—WILLIAM CREED, chief clerk Young Hotel: Generally speaking this season has been larger than last year because it started earlier. With only the Lurline in this week there will be few visitors, but all the rest of the month there will be plenty of boats with good big passenger lists.

—W. E. PIETSCH: The rescue home at Kaimuki is taking care of a number of children of inmates of the former "redlight" district. We are teaching them to do useful, practical work and hope to develop a system which will be permanently useful to the community.

—GEORGE O. TALLMAN, Cleveland: I saw better ballplaying the last few days between Portland and the local teams than was played for days at a stretch in Cleveland last summer. Honolulu ought to give its heartiest support to the series and bring Portland here again next year. It is a great thing for the tourists to be able to see baseball in February and March. Half of the tourists whom I know here are ball-fans.

—C. Y. WILMARTH, manager of the Pleasanton Hotel: While all this criticism about the hula is going the rounds I want to state that the exhibitions given at the Pleasanton are of the finest and most enjoyable character, and from the crowds that come to see them, it is easily one of the events of the week. There will be another February 19 the day the Great Northern arrives.

LIQUOR IS FREE ON SUNDAY SAYS CLUB'S CHIEFTAIN

CHICAGO, Ill.—When in Chicago, if you wish a full supply of free beer and whisky, join the "Grogan Club." There these two beverages are dispensed with a lavish hand at Sunday night meetings. That was the testimony of Bernard J. Grogan in the Des Plaines street court. The police raided the Grogan Club, which is the name of the

Eighteenth ward Democratic organization, and confiscated 18 casks of beer and 12 quarts of whisky. The lieutenant who led the raid declared money was passed over the bar in exchange for the liquor. But Grogan begged to differ. It was a gift.

Children of the Pittston, Pa., school reported for their studies, each wearing a small American flag. The suggestion came from the principal of the High school.

MANN ADVOCATES UNWARNED ATTACK

Declares U. S. Submarines Should Not Hesitate, in War, to Torpedo Hostile Munition Ships

WASHINGTON, D. C.—"I am not willing that the use of submarines by the United States shall be so restricted as to be valueless," declared Representative Mann Republican floor leader, in a discussion in the House on submarine warfare. He said the submarine could not operate in a lady-like manner, and declared that the quickest way to end war is to make it destructive. Mr. Mann practically advocated attacks without warning on munition ships if the United States is engaged in war.

Representative J. Hampton Moore of Pennsylvania started the debate by putting this question to Chairman Padgett of the Naval Affairs Committee:

"Inasmuch as much of the war trouble that now beclouds the horizon arises from the use of submarines by a foreign nation, I would like to know whether our understanding of international law, or the committee's understanding, is such that if any foreign nation uses submarines, or if the use of submarines by a foreign nation is regarded as ruthless warfare, that the United States if we should be engaged in war and should find it necessary to use submarines."

Representative Padgett replied that while not speaking for the Administration he believed that "if this government engaged in war it would conduct it along the recognized and proper lines of conducting war, and would observe all its obligations and perform all its duties."

As to Friends and Fighting Representative Thomas S. Butler said to Mr. Moore:

"I voted for this appropriation with the understanding that these weapons would never be used to commit unjustifiable murder and for no other reason would I vote for it."

"In answer to the gentleman from Pennsylvania," replied Mr. Moore, "I will say that he is a good, sturdy, peace-loving Quaker, but who fights sometimes."

"I am not a Quaker!" flashed Mr. Butler.

"A Friend," explained Mr. Moore.

"Nor a Friend," replied Mr. Butler. "I do not belong to the society of either. I have made that statement in the House 40 times, and this is the last time. I would disgrace the honorable people by belonging to them."

"The gentleman does not swear," said some one.

"I do not swear at all. I can keep my word without swearing," said Mr. Butler.

After replying to a series of questions on the submarine question, Representative Gardner asked Mr. Moore:

"Do you think that the sending home of the German ambassador was justified or not?"

"Well, now the gentleman has a certain Angliomaniac notion."

Mr. Gardner insisted that he be answered, and Mr. Moore answered that he supported the President, "but that does not mean that this should be followed up by an instant declaration of war, bringing 100,000,000 people into war."

New Weapons For Murder Representative H. W. Temple of the Foreign Relations Committee, then entered upon a serious discussion of the international law involved in U-boat warfare. He said, in part:

"It is never lawful to make war against noncombatants, and it is as unlawful upon the ocean as it is upon the land to fire into women and children."

"The right of the neutral does not depend upon the weapon that is used against him. If I am accused of murder and plead in defense that I used a kind of poison that had not been invented when the law against murder was made, still the murder depends on the right of the murdered man to his life and not on the nature of the weapon that was used in taking his life."

Here is where Mr. Mann came into the debate.

"As I understand Doctor Temple," he said, "his position is that if we engage in war with any foreign Power and we have a submarine that meets a foreign vessel either of a neutral country or of the belligerent countries, loaded with ammunition to supply the army or the navy of the enemy country, our submarine must, lady-like, rise from beneath the surface of the sea, ask to board the armed merchant vessel and ask to inspect the papers of the armed merchant vessel before we can do damage to that merchant vessel."

"I am not very well informed as to submarine warfare, but I have been told that while this lady-like operation was going on, the merchant vessel would sink the submarine before officers of the submarine could board her. Of what use is a submarine except for use against such vessels, and so far as the submarine is concerned in defending against war vessels today the submarine is not very valuable."

NEW OCCUPATIONS OPEN FOR WOMEN

(By Associated Press) LONDON, Eng.—A London newspaper has published a list of some of the war-time occupations of women. They are:

Munition workers, canteen work, farm work, hospital orderlies, gardeners, recruiting for army and navy, street car conductors, taxi and wagon drivers, porters, letter carriers, railway car cleaners, despatch riders at air-rail stations, fruit and hop pickers, vegetable raisers, window cleaners, volunteer firemen, stretcher bearers, elevator operators, locomotive engine cleaners, detectives and policemen, mechanics, night watchmen, commercial travelers, lamp lighters, dentists and stationary engineers.

The labor exchanges created by the war report a demand far in excess of supply for women in all of the listed occupations.

MANY PAPERS SUSPEND

(By Associated Press) AMSTERDAM, Holland.—The Frankfurter Zeitung says that 1430 newspapers and periodicals have suspended publication in Germany since the outbreak of the war. Before the war some 13,000 newspapers and periodicals were published in Germany.

BODY OF WOMAN FOUND OFF BEACH

A Japanese woman, Kichie Fukushima, aged 29, was drowned at Waikiki Beach last night near the home of Attorney William Rawlins. Whether death came by accident or foul play Deputy Sheriff Asch, who has taken charge of the body, is not prepared to say, but he has been told that the woman was partially demented and it is thought that she fell into the water while roaming about. An inquest will be held at 10:30 tomorrow morning.

The body was first discovered bobbing up and down out in the water by Niamoto, who works on the Beckley estate, and Attorney Rawlins and Raymond C. Brown, Luddy Langer, Dr. A. C. Wall and W. M. Bertelmann, who were at Rawlins' place, rushed out to draw the body ashore and make every effort to resuscitate her.

The woman had evidently been in the water a short time but was too far gone to be saved. She has been working on Koaumoku street. Her parents live on Nuuanu avenue.

W. P. MALBURN APPOINTED RESERVE BANK EXAMINER

WASHINGTON, D. C.—Removal of Charles Starek from office as chief national bank examiner for the Second Federal Reserve district, with headquarters at New York, and the appointment in his place of William P. Malburn, assistant secretary of the treasury, was announced by Comptroller Williams. Malburn, whose home is in Denver, is a son-in-law of United States Senator C. S. Thomas of Colorado.

The examiner's office pays \$15,000 year. An assistant secretary of the treasury, Malburn got \$5,000.

P. M. PLANS MORE BOATS FOR RUN?

Possibility of two fast passenger and freight steamers being put on the trans-Pacific run by the Pacific Mail Company within a few months was revealed here after the arrival of the liner Ecuador from the Orient. The two vessels which it is proposed to place in the trans-Pacific service in addition to the three steamers now scheduled, are the Dutch steamers New Rotterdam and Ryndam, each of 15,000 net registered tonnage, says the San Francisco Chronicle.

These huge liners have a heavy cargo capacity and in the passenger line can carry 800 cabin, a large number of second cabin and 2000 steerage passengers. They would cut down the present time to the Far East materially and give a service comparable to that across the Atlantic, where they now make the run from Rotterdam to New York in six days.

The survey which General Manager John H. Rosseter of the company has been making in the Orient has convinced him that vessels of this type will be a big factor in increasing trade between the United States and Asia. He is reported to have made the statement on the Ecuador that the New Rotterdam and Ryndam were being considered by him as possible steamers for this trade to augment the present fleet.

The third of the steamers purchased in Holland several months ago for the trans-Pacific, the Colombia, will make her first trip to the Orient, leaving San Francisco March 10. Her crew of Chinese stewards was brought over by the Toyo Kisen Kaisha liner Perla Maru.

SHERIDAN TAKING SHERMAN'S TRIP

Substituting for the Sherman, which was scheduled for the March sailing, but has been held in San Francisco to make a special trip to this port with building materials for the Schofield Barracks additional group of structures, the U. S. army transport Sheridan left San Francisco Monday and should arrive at Honolulu a week from today en route to Guam and Manila.

Just when the Sherman will steam from San Francisco with the Schofield building material is not known as the depot quartermaster's office. She was to have left last month but is still at the coast. When she comes on the extra trip she will bring no passengers.

Owing to bad static conditions no radio has been received from the transport Thomas for two nights, the quartermaster's office reported this morning. She is not expected to arrive from Manila and Nagasaki before tomorrow afternoon or daylight Thursday.

POSTOFFICE TIME TABLE.

Following is the postoffice time table for March. It is subject to change if sudden arrangements are made for unexpected mail services.

UNITED STATES MAIL STEAMERS

March	Steamers to arrive from:	Manila
7	Thomas	Manila
13	Great Northern	San Francisco
14	U. S. A. T. Sheridan	San Francisco
15	Conema	San Francisco
16	Whitamina	San Francisco
17	Siberia Maru	Hongkong
18	Colombia	San Francisco
19	China	San Francisco
20	Ventura	San Francisco
21	Masaka	San Francisco
22	Manila	Manila
23	Venauela	Hongkong
24	Korea Maru	San Francisco
25	Yonjo Maru	Hongkong
26	Masaka	San Francisco
27	Niagara	Sydney
28	Great Northern	San Francisco

Steamers to depart for:

7	Masaka	San Francisco
8	U. S. A. T. Thomas	San Francisco

HARBOR NOTES

The steam schooner Ina, from Honolulu February 23, reached San Francisco Sunday.

The barkentine Amazon, arrived at Port Townsend Monday. She left Hilo February 27.

Monday the Associated Oil ship Marion Calcott, from Hilo, her last island port, February 22, arrived at San Francisco.

Near mail from San Francisco and Los Angeles will arrive in the Hill turbine Great Northern at 10 o'clock Monday morning.

At 9:35 this morning the Japanese freighter Ume Maru resumed her voyage to Tientsin. She arrived Monday noon for bunkers, says the San Francisco Chronicle.

Monday the American-Hawaiian freighter Toanai arrived at San Francisco with a capacity cargo of sugar from Hilo, her last island port.

Next mail for San Francisco will leave at 10 o'clock tomorrow morning in the Matson liner Matsonia, mails closing at the postoffice at 8:30 a. m.

Four Japanese stowaways put ashore here from the T. K. R. liner Korea Maru Sunday and detained at the immigration station, will be deported back to Japan on the Perla Maru.

The American steamer Buenaventura arrived this morning from New York via the Canal with a big American flag painted on her side. She called here for bunkers and is berthed at Pier 7.

The Japanese "mystery steamer" Kotishira Maru, here for bunkers Monday from Manzanillo, Mexico, was due to resume her voyage in ballast to Japan at 2 o'clock this afternoon. Her officers say the cargo she loaded at the Mexican port was "paper making machinery" and not cartridge manufacturing apparatus. Why she is running back to Japan without any cargo was not satisfactorily explained by them.

GIRL MOTHER IS SENT BACK HOME

After a three-day search Probation Officer Joseph Leal found a 15-year-old girl and her two-year-old boy who had come to Honolulu from Maui Saturday night in the Claudine, and they are now on their way back home following a short but eventful visit here.

Leal says the woman took up with a soldier shortly after her arrival here and moved so rapidly from one place to the other that he had considerable difficulty in tracking her.

"When I did find her she wanted to know what I was going to do with her," says the officer, "and I told her that she would have to get back to Maui quickly and behave herself if she didn't want to suffer the full force of the law here. She went."

EMERALD ISLE HAS ERA OF PROSPERITY WHILE WAR RAGES ON

DUBLIN, Ireland.—Trade in all departments of Ireland's industrial life is so active and prosperous that it is difficult at times to realize in this favored island that we are in the middle of the third year of a great war," says Robert Colvill, president of the Bank of Ireland, in his annual report on banking and industrial conditions. He adds:

"The flax industry of the north is prosperous, and the exports of Irish linen for the past year were two million pounds sterling more in value than in the preceding year. Shipbuilding has also been carried on with energy, and our main industry, agriculture, is very prosperous. The prices for cattle, horses, and all ordinary live stock have been extraordinarily high, while the prices of oats, barley and wheat have been more than double the normal."

SHIRKERS HIDE IN WOOD BUT AT LAST ARE CAUGHT

PARIS, France.—Tricks to avoid military duty have been varied rather than numerous during the war. The most recent stratagem is that of two shirkers, unknown to each other, who hid in the woods to escape service. One of them, a man named Souleillon, 32 years old, remained concealed from the beginning of hostilities in order to avoid the mobilization order. His father dying, Souleillon came out of hiding to lay claim to his parents' estate. An alert gendarme at Cahors took him into custody, reminding him that, before being an heir, he had to be a soldier.

The second case was that of Alfred Rous, who took refuge in the forest of Royallades. Here he built himself a comfortable cabin with stones, branches and tiles. Behind his lodging niche he installed an oven to bake bread. Possessing a rifle, two pistols and much ammunition, Rous hunted and caught fish. Recently, a young shepherdess, seeking a strayed sheep, surprised Rous who was asleep. Gendarmes were called, and after a short fight the deserter was found and arrested.

DOUGLAS COUNTY'S LIQUOR BILL IS GREATLY REDUCED

ROSEBURG, Ore.—The total shipments of liquor in Douglas county during 1916 was: Whiskey, 11,320 quarts; beer, 42,246; alcohol, 1677; brandy, 208; wine, 271; gin, 51; rum, 16, and alcohol for pharmacists, 1314. For sacramental purposes, 72 quarts of liquor were purchased. Estimated value of the shipments is \$30,000. Douglas county's saloons formerly did a business of \$200,000 annually, according to local estimates.

DOCUMENTS MUCH SOUGHT

PARIS, France.—Collectors are now paying from 150 francs to 250 francs each for the general mobilization proclamation that is posted August 2, 1914. General Gallien's proclamation to the inhabitants of Paris on taking the post of military governor is also rare and brings from 200 francs upward.

The Oeuvre declares that duplicates of these historic documents are now being offered at 100 francs each. They are easily recognized as counterfeits by a considerable difference in the quality of the paper.

When Your Eyes Need Care Try Murine Eye Remedy

When Your Eyes Need Care Try Murine Eye Remedy

JORY WILL STAY WITH HILONIAN

Some gains were registered in the local stock market today. The volume of business was not large, but the tone of the market was decidedly firmer and the tendency was evidently upward. Sales of listed stocks, however, amounted to only 595 shares, but 212 of these came at the session indicating a revival of interest in the market. Prices on sales were Oiaa 14 1/2 and 14 3/4, McBryde 10 1/2, Hawaiian Commercial 49 1/2, Hawaiian Sugar 27, Pioneer 37 1/2, Waiana 31 and Honolulu 30.

In unlisted stocks were more active and the market rather broader. Mineral Products rose sharply on advices as to the tramway and was 65 cents before the news was really out. Engage Copper advanced to 7 1/2, Oil was \$2.90, Montana-Bingham 40 cents and Mader 27 cents.

MINERAL PRODUCTS HAS TRAMWAY NEARLY BUILT

Stockholders of the Mineral Products Company received encouraging news today when advices received from President Judd were made known. His memorandum said, "Tramway reached summit." The meaning of this telegram is that the tramway is completed over the grade and there remains but half a mile to be built and that on level ground and mostly without any curves.

LIKE MANITOBA WHEAT

PARIS, France.—"Manitoba bread" has just made a successful debut in France, that is to say, bread made from wheat grown in France from seed brought from Manitoba. The Canadian grain, whether sown in sandy, clayey or calcareous soil, gave good crops everywhere. Prof. Scribner of the Agricultural Institute, who has investigated the matter, reports that all the farmers that sowed the Manitoba grain are satisfied with the experiment.

ROMANCE GROWS FROM OLD MYTH

Through fire, emotional as well as literal, Daphne, the heroine of "The Wood Nymph," playing at the Bijou, portrayed by dainty Marie Doro, maintains all her innocence and fanciful illusions and wins in the end an Apollo, modern and American, but more satisfactory to her than the legendary hero of classic myth.

Clothed in all the beauty of detail of an Ince production and produced under the direction of David Griffith, "The Wood Nymph" makes actual one of the beautiful myths of the past. Patrons of the Bijou are offered a special screen treat in this five-reel drama de luxe which is relieved by a riotous Keystone comedy and 1000 feet of world events pictured by the Animated Weekly.

BATTLE CRY OF PEACE TO BE SHOWN GUARDSMEN

In order that the National Guard of Hawaii may see "The Battle Cry of Peace," the Consolidated Amusement Company is planning to give an exhibition next month and invite both officers and enlisted men. The film is to be sent to the other islands and when it is returned the free performance will be given.

Last week Gen. F. S. Strong and his staff were invited and highly praised the picture. Gen. Strong said that every American should see it.

WOMEN WHO FADE EARLY

How often we hear the expression, "How she has faded!" or "Hasn't she grown old!" Her friends see it. Her husband sees it. She realizes it herself with a pang. Often she knows the reason, some female derangement has fastened itself upon her and makes it almost impossible for her to drag around from day to day. Such women should remember there is one tried and true remedy for their condition, and that Lydia E. Pinkham's Vegetable Compound for more than 40 years has been restoring women to health and happiness. Try it!—Adv.

Y. W. VOLLEYBALL CONTEST IS KEEN

Last night at the Young Women's Christian Association, a closely contested game of volleyball between the increasing gymnasium class and the evening gymnasium class resulted in a victory for the former.

The morning team, under the leadership of its captain, Mrs. Montague Cooke, displayed good team work, while the evening class excelled in serving. Both teams were somewhat handicapped by the absence of some of their good players and the playing was a little below their usual form, but brilliant plays at times made it an interesting game. The game stood a tie at 19 for several serves and again at 20 when the morning class, by an especially clever return, annexed one more point, giving them the victory with the score 21 to 20.

Miss Leila Jameson, captain of the evening team, is getting her squad into shape for the second game which will take place next week and it is assured that this will be even more closely contested than the first. The lineup of the teams was as follows: Morning class—Mrs. Montague Cooke, Mrs. F. C. Smith, Mrs. E. D. Kilbourne, Mrs. Denbigh, Mrs. Cox, Mrs. Goodman, Miss Agnes Maynard, Miss Olive Day, Miss Vera Day.
Evening class—Miss Leila Jameson, Miss Rowell, Miss Harris, Miss O'Connor, Miss Markham, Miss Keefe, Mrs. Davis, Mrs. Faye, Mrs. Schriber.

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save Your Hair! Double Its Beauty in Just a Few Moments

25-cent "Danderine" Makes Hair Thick, Glossy, Wavy and Beautiful

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—your sure can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

"LABOR RECRUITER" IS REALLY PHYSICIAN FOR FANNING ISLAND

Rumors that a Filipino labor-recruiter was engaging countrymen to be "exported" to Fanning Island for work in the copra plantation there are found to have but small basis. Dr. Antonio P. Ross, it is said, has been engaged as physician for Fanning and his visits among Filipinos here probably started the rumor. He is understood to be part-Spanish and to have lived in the Philippines. He introduced himself to Rev. C. C. Ramirez, the Filipino minister, but the latter knew nothing of his mission. Dr. Ross will soon sail for Fanning to take up his duties there.

Under the territorial law a high license fee must be paid by labor-recruiters.

CAMERON IS PROMOTED TO INCOME TAX AGENT

According to word which has been received from Washington, E. R. Cameron, income tax inspector, has been promoted to income tax agent. He comes from the revenue agent's office in San Francisco. Cameron came here 22 months ago to be general deputy collector and this is his second promotion during that time. He is now the youngest man in the service holding such a position. The promotion also carries with it a raise in salary.

CO-EDS CUT COST OF FOOD TO THIRTY-FIVE CENTS A DAY

MADISON, Wis.—Thirty women students at the University of Wisconsin have reduced the high cost of eating to 35 cents a day each. They have not formed a diet squad, but are experimenting with the high cost of living by sharing three community houses and manning the housekeeping on a scientific basis. Each student contributes \$8.75 a week to the support of the colony, which includes board and room, laundry, piano rent and subscriptions for periodicals.

"Service and Efficiency" will be my motto as Mayor of Honolulu.
