PRICE FIVE CENTS

ZIMMERMANN IN SPEECH DEFENDS PART IN GERMAN "PLOT"
POLICE OF NEW YORK AND NEW JERSEY UNCOVER FURTHER INTRIGUES

SENATE DECIDES
OPEN HEARING ON
ABATEMENT BILL

Opinion Prevails That Measure
Will Pass But That Chance
Should Be Given Both Sides
for Expressions

Decision to refer Senate Bill 10,
relating to the abatement of commercial
vice by injunction, to a committee
of the whole for public hearing
was made today by the public health
committee and reported through
Chairman George B. Cooke.

Feeling is strong throughout the
senate that the bill proposed will pass,
probably by unanimous vote though
some members want to hear the question
discussed from two sides.

One senator today excused himself
from not having attended the mass
meeting on Sunday night because he
believed it would be "too one-sided."

For that reason he believes a public
hearing is only proper. Both sides
may come equally to present their
claims.

COMMITTEE NOW
READY TO REPORT
ON PROHIBITION

Changes in Measure Are Mostly
Technical and to Correct
Faulty Arrangement

Numerous technical changes in the
wording and arrangement of Senate
Bill 33, the prohibition measure, were
recommended to the senate today in
the report of the judiciary committee.

Too technical to be observed by the
layman, these amendments are still
vital, according to the judiciary committee
and attorneys, before the bill
could become a proper law.

"There is no doubt," said Senator
A. L. Castle, chairman of the judiciary
committee, "that the bill would never
have 'held water' had it been passed
yesterday as drafted."

"The plebiscite bill had been hastily
tacked on without due regard to the
legality of the measure as a whole."

"It was thus found necessary to
change the position of various clauses
and sections."

Changes Already Agreed Upon

Changes in the bill were agreed on
by the committee yesterday afternoon
following the regular session when
Deputy City Attorney A. M. Cristy
appeared before the committee with
suggestions for making it technically
legal.

Cristy said today that it was not
until the bill had been put together
as a whole to include the various
amendments that had been shot in
from various angles that its improper
arrangement was evident.

It was to make these arrangements
that he requested yesterday for further
time on the matter.

New Form More Feasible

"The new form will put the question
more forcibly before the people who
are to vote on it as well as to make
it clear that the legislators are doing
the legislating," he says.

Typed copies of the bill as amended
will probably be distributed to the
senators and the bill will come up for
third reading tomorrow.

PROTESTS HEARD
ON PUUNUI WORK

Protesting against the commission
allowing final payment to the contractors,
the Lord-Young Engineering Company,
on the Puunui road contract, a
body of citizens appeared before the
Oahu Loan Fund Commission this
morning and registered a strenuous
"kick."

Those objecting to paying the
contractors the last payment included
Wade Warren Thayer, John L. Fleming,
Prof. J. M. Young and several
others. The commission some time ago
decided to defer making the last
payment until after the protest had been
heard.

Shortly before noon the commission
adjourned in order to go up with the
protestants and inspect the whole job.
The meeting was adjourned to 11
o'clock Wednesday morning when it
is expected action will be taken.

Mag. Gen. Joseph C. Breckinridge,
U. S. A., retired, announced the
engagement of his daughter, Margaret
Breckinridge, to John T. Vance, Jr.,
of Lexington, Ky., who is in Santo
Domingo as deputy receiver for the
government.

cents net, 5.27 cents. Previous quotation,
5.265 cents.

BRITISH OWNERS
WIN APPAM SUIT

Germany Loses Steamer Taken
Across Atlantic With
Prize Crew

(Associated Press by Federal Wireless)
WASHINGTON, D. C., March 5.—
Upholding United States District
Judge Edmund Waddill of Norfolk,
Va., the supreme court of the United
States today declared that British
interests are the rightful owners of the
prize ship Appam, and Britain thus
wins out as against Germany in a
noted matter of war and litigation.

The British steamer Appam was
sailed into Norfolk on February 1,
1916, having been captured by a German
raiding cruiser off the Canary
Islands and taken across the Atlantic
by a German prize-crew.

The British owners brought suit,
claiming that Germany had no valid
claim to the vessel after it was
brought to a neutral port. Judge Waddill
held that Germany lost the legal
claim to the ship when Lieut. Borg,
the German naval officer who commanded
the prize-crew, brought the
vessel into neutral waters with the
intention of "laying up" indefinitely.
The decision also held that the Prussian-
American treaty of 1828, cited by Germany
to prove a valid claim, does not
apply as guaranteeing a prize-crew,
and that a prize ship can not legally
be brought to neutral waters unconvoyed.

Following the decision in the lower
court the case was taken to the supreme
tribunal.

FORBES WILL RESIGN
WHEN HE GETS TIME

Charles R. Forbes said this morning
he would return in his resignation to
the governor as chairman of the public
utilities commission either some
time today or tomorrow. "It is merely
a matter of when I get time to write
it out," he commented.

Concerning Forbes' successor as
head of the commission Gov. Lucius E.
Pinkham has several names under
consideration, but has not indicated as
yet any intention of making an early
appointment or who he will name as
chairman.

COMPULSORY WORKMEN'S
COMPENSATION ACTS ARE
UPHELD BY HIGH COURT

(Associated Press by Federal Wireless)
WASHINGTON, D. C., March 5.—
Both the Washington state
and the New York state compulsory
workmen's compensation
laws were sustained in decisions
by the supreme court of the
United States today.

A large number of supreme
court decisions, scheduled to be
handed down yesterday but delayed
on account of the president's
inauguration, were expected
today, among them the finding on
the noted Adamson law case, but
no word came of a decision on
this.

A flight of 1300 miles from Atlantic
City to Palm Beach was
completed by F. K. Jaquith, an aviator
in the elapsed time of 18 hours, according
to Mr. Jaquith's figuring.

NO DECISION IS
YET REACHED ON
MOVING OF SHIPS

Harbor Board and Attorney-
General Confer and Executive
Session is Now Being Held

After conferring with Attorney-
General J. M. Stainback and Deputy
Attorney-General Arthur G. Smith for
nearly an hour this morning as to
whether the board had the right to
order the disabled refugee German
merchant steamers Pommer and Setos
out of the harbor, Chairman
Charles R. Forbes and Commissioner
Church of the board of harbor
commissioners announced at 11:30 that
an executive session of the board
would be held at 1:30 this afternoon
to decide the question.

Can Move Only Two
As the situation stood at noon today
the matter of moving the two
merchantmen from their berths and
anchoring them at the outer anchorage
outside the harbor was still undecided.
One of the most important
of today's developments is that the
board has authority to move only two
of the eight refugee German merchant
vessels. These two are the Pommer
and Setos, berthed at the east side of
Pier 7 and the weather side of Pier
16, respectively. The others are tied
up at the railroad wharf, which is private
property and not under the
board's jurisdiction.

This morning's conference between
the two members of the harbor board,
the attorney-general's department, and
Capt. William R. Foster, harbor master
of this port, began at 10:30, about
five minutes after the departure from
Chairman Forbes' office of J. F. C.
Hagens, vice-president and auditor of
H. Hackfeld & Company, Ltd., the
local agency for all the refugee German
vessels in Honolulu.

Hagens conferred with Forbes for
nearly half an hour. While the conference
was in progress Commissioner
Church arrived, having been summoned
to the office on the telephone call
from Forbes. The three talked over
the situation carefully. Hagens declined
to make a statement for publication
as he left the office.

No Written Opinion
At this point a Star-Bulletin representative
attempted to obtain a statement
from Chairman Forbes. He had

(Continued on page three)

BANDS PLAY WHEN U
BOATS LEAVE DECKED
WITH EVERGREEN TREES

(Special Star-Bulletin Correspondence)
LONDON, England, Feb. 15.—A letter
published in the Frankfurter Zeitung
describes the leaving of the Prussian
submarine from the harbor of
Kiel the day after the German proclamation
of ruthless warfare came into
force.

It appears that the entrance to the
submarine harbor of Kiel was decked
with evergreens. The submarines
were adorned with Christmas trees
and bands on them played. The writer
observes that it has been long the
fashion to decorate these gray sea
devils when they put forth on great
undertakings, but a band aboard a
submarine is something new.

"February 1 was one of the most
memorable days in the history of the
great war," he continues. "A number
of new submarines were in the
squadron. There were nine submarines
in this procession. There were few
spectators to see a spectacle never seen
yet of such proportions, to watch the
submarines going to meet battle,
death or victory."

VILLA REPORTED VERY ILL
FROM DOUBLE PNEUMONIA

(Associated Press by Federal Wireless)
EL PASO, Texas, March 6.—Far
from having left Mexico for Japan, in
order to enlist Japanese support for
his cause against Carranza, Pancho
Villa, the bandit leader, is reported to
be seriously ill, suffering from double
pneumonia brought on by shrapnel
wounds in his chest. The recovery of
Villa is reported to be very doubtful.

PIRATE'S RUSE: DECOPS
SHIP BY S. O. S. SIGNAL

A Dutchman who has just returned
to Holland for a sea voyage has
informed the Telegraph that a Dutch
ship while in the Bay of Biscay
received the signal "S. O. S." and on
proceeding to the spot from which the
signal came, found there a German
submarine which was not in the least
in distress, and the captain of which
expressed great disappointment that
the Dutch ship which answered the
signal was not a British one.

Emory Kilmer of Torrington was
acquitted of a charge of manslaughter
by a jury in the superior court.

Export of mineral oil from the
United States in 1916 were 2,507,491-
209 gallons, valued at \$201,732,562.

CHINA'S CABINET
SPLITS AT BREAK
WITH GERMANY

Premier Resigns When Presi-
dent Questions Advisability
of Severing Relations

(Special Cable to Nippon Jiji)
TOKIO, Japan, Mar. 6.—China at the
eleventh hour has balked at severing
relations with Germany. Tuan Chi-
Jui has resigned as premier of the
Chinese cabinet, and it is expected
that the other members will follow
the lead of the premier. These are
the new developments from Peking.

Tuan Chi-Jui after a discussion
regarding the proposal to sever relations
with Germany resigned as head of the
so-called "responsible cabinet." Li
Yuan-Hung, president of the Chinese
republic, has intimated that he would
accept Tuan's resignation and appoint
a new premier who would be more
acceptable to him.

The change of China's attitude
toward the kaiser's government was
wholly unexpected here inasmuch as
previous reports from Peking freely
indicated that the severance of diplomatic
relations between China and
Germany was forthcoming. The leaders
in Japan's diplomatic circles are
apparently worried and have expressed
surprise at the action of Peking.

Premier Tuan after accepting from
the kaiser's minister, Conte, the proposal
of the allied countries to recognize
the new schedule as adopted by the
Chinese government to increase
the duty on foreign goods imported
called in person upon President Li for
the approval of the decision to sever
relations with Germany.

Li refused to break with the
German government and warned the
premier that severing of relations with
Germany would not help the interests
of China and urged the head of the
cabinet not to take any hostile action
toward Berlin.

Tuan resented this and after a fierce
discussion Tuan handed in his resignation
as the head of the "responsible
cabinet" and left Peking for Ploestai.

Last despatches from Peking quote
President Li as saying that he is
ready to accept Tuan's resignation in
order to appoint a man who would be
more agreeable to him in handling
China's international situations. In
that case the entire cabinet will hand
in their resignations in sympathy with
their premier.

TURKEY CITES ALLIED
PLANS TO DIVIDE RICH
EMPIRE OF THE OTTOMAN

BERLIN, Germany.—A summary of
the note handed by the Turkish
government to neutrals in relation to the
entente answer to the peace proposals
of the Central Powers was given out
by the Overseas News Agency as follows:

"This note points out that the Central
Powers, especially Turkey, not
desiring 'Entente Territory,' had no
reason whatever to begin the war.
The Entente, however, as a matter of
common knowledge," the note continues,
"covets territory of the Central
Powers. Thus, it continues, France
wishes Syria and Alsace-Lorraine;
Italy desires southwestern
Austrian privileges; Russia wants
Constantinople and the straits and a large
part of Anatolia, and England wants
Mesopotamia and Arabia."

"Equally known the note adds, are
the intrigues of the Entente conducted
in an effort to hamper Turkey's
evolution and realize the plan for the
partition of Turkey, in spite of the
principle of nationalities, which, as a
matter of fact, is a subject of indifference
to the Entente immediately its
own interests are at stake. The
proclamation of a British protectorate
over Egypt, where the population is
alien to the English race; the annexation
of Cyprus, where there were no
Italians; the occupation of Tripoli by
the Italians; where the Italians were
simply intruders; the visionary dream
to give Russia Constantinople and the
Marmora basin, where an overwhelming
majority of the population is Turkish
and Mohammedan—all of these
are pointed to as violations of the
principle of nationality."

"Turkey, says the note, thus was
obliged to take up arms for the
defense of territorial integrity, liberty
and independence and she now is persuaded
that this object has been attained
the hostile Powers being at this
time as far from the realization of
their plans as ever. For this very
reason, it concluded, they nervously
decline the sincere proposition of the
Central Powers and deliberately take
upon themselves the responsibility for
the continuation of bloodshed."

Another Arrested As
'Pal' of Kolb, Taken
In Protecting Wilson

Hoboken Police Seize and Guard Identity of Individual Alleged
to Be Implicated in Plot to Blow Up Munition Factories—
Scheme to Invade India is Also Bared as Violation of U. S.
Neutrality

(Associated Press Service by Federal Wireless)
LONDON, Eng., March 6.—Dr. Alfred Zimmermann, German
secretary of foreign affairs, defends the plot to involve Mexico and
Japan in war with the United States, according to a Reuter's despatch
today.

"We are looking out for all of us, in the event and prospect of
hostilities with America," he is quoted as saying before the reichstag
today. "This is a natural and justifiable precaution. I am not sorry
that through its publication in America it became known to Japan."

Hoboken Police Take Another "Bombsr"

HOBOKEN, N. J., March 6.—Another man was arrested by the
police today on suspicion that he is implicated in the plan to blow
up munition factories, with Fritz Kolb, the German reservist from
Mexico, who was arrested yesterday charged with conspiring against
President Wilson's life, as well as with being guilty of munition
plots.

The identity of the man arrested today is closely guarded.

Intrigue to Invade India is Bared

NEW YORK, N. Y., March 6.—Dr. C. Hanador Chakiaberty, a
Hindu physician, and Dr. Sekunner, described as a German, were
arrested today on charges of violating U. S. neutrality by conspiring
to set a military expedition against a foreign country which is on
friendly relations with the United States.

The police say the two men have confessed to engaging in a plot
at the direction of Wolf von Igel, a German, to invade India through
China. Von Igel is now aboard the Danish steamer Frederik VIII,
which is carrying Ambassador Bernstorff and his party back to Germany.

12 Filibustering Senators Flayed
By Public Opinion in Many Cities

(Associated Press Service by Federal Wireless)
WASHINGTON, D. C., March 5.—Indignant
denunciations of the action
of the senators who conducted the
filibuster against the "armed neutrality"
measure at the close of the last
session of Congress, are coming from all
parts of the United States, accompanied
by reiterated expressions of loyalty to the
President and assertions of a readiness
to back him up in his efforts to
protect the lives and property of Americans
on the high seas.

From London also comes word of a
change of sentiment toward Mr. Wilson.
Men and papers who had found
fault with his attitude before are now
warm in their praise of him and are
denouncing the action of the men who
followed La Follette's lead in the
great filibuster, and are declaring that
the President will win in the long run,
despite the efforts of his enemies in
the senate.

The American Rights League, in a
meeting held in New York last night,
was particularly scathing in its denunciation
of the filibuster, which, it
was asserted by several speakers, was
rank treason of the blackest kind.

Nebraska Solens Angry
In Lincoln, Nebraska, the home of
William J. Bryan, the pacifist, and of
Senator Norris, the feeling against the
latter is strong, and the state legislature
of Nebraska yesterday adopted
a resolution denouncing the part in
the filibuster that Norris played as a
"betrayal of the state and of the na-

tion" and immediately afterward
adopted another resolution, in which
the attitude of President Wilson was
commended and the support of the
state pledged to him in his efforts to
secure the safety of Americans
abroad.

The meeting of the American Rights
League was one of the most sensational
that has marked the existence
of that organization, the speakers almost
without exception, declaring that
the filibusters had been guilty of gross
treason to the United States. A resolution
embodying this sentiment was
prepared and adopted without an
objection vote.

Want No Peace Yet
Dr. Lyman Abbott, editor of the
Outlook, in a statement regarding the
present situation, and the international
crisis, declared that the "people
of the United States repudiate the
idea that we can have peace now. We
demand that the war go on until right
shall have been vindicated and the
enemies of American ideals shall
have been eradicated. Nothing short
of this can satisfy us here."

Former President Roosevelt had
much the same sentiment to voice in
a formal letter that he made public
yesterday afternoon, commenting upon
the international crisis.

"It would be utterly unpardonable,"
says the letter, "if the nation does
not fully defend American rights to
the last."

Berlin Asks Bernstorff to Explain

(Associated Press Service by Federal Wireless)
LONDON, Eng., March 5.—Wireless
messages addressed to Count von
Bernstorff, erstwhile German ambassador
to the United States, now aboard
the Danish liner Frederik VIII, bound
for Europe from Halifax, were intercepted
by a British station yesterday.
The messages inform the ambassador
of the revelations made in the
United States concerning the German
plot to invade Mexico into declaring
war against the United States as an
ally of Germany and to persuade
Japan to turn traitor to her allies and
become a party to war upon America.

The count is asked to prepare a statement
for the German government explaining
how a copy of the confidential
letter to the German minister at the
City of Mexico, containing secret instructions,
fell into the hands of President
Wilson. The letter was transmitted
to the minister in Mexico
through the German embassy at
Washington.

The count was informed that a
special messenger would meet him
when his steamer docked and that, in
the meanwhile, he was to talk to none
regarding the Zimmermann letter or
its contents.

WORLD IN TRADE

(Associated Press Service by Federal Wireless)
WASHINGTON, D. C.—The United
States has taken the lead as the
world's greatest buyer and seller, final
statistics of last year's foreign commerce
announced by the department
of commerce showing the new world
trade record as \$7,873,000,000. December's
exports amounted to \$321,000,000,
the largest month on record. Indications
are that 1917 might even surpass

U-BOAT WAR IS
UPHELD, REPLY
FROM AUSTRIA

Note in Answer to U. S. Demand
Indicates No Possibility
of Averting a Break;
Ancona Case Revived in
Memorandum From Vienna

(Associated Press by Federal Wireless)
LONDON, Eng., March 6.—
That Austria in general upholds
the "unrestricted naval warfare"
of Germany is the substance of
the reply made by Vienna to Washington,
according to a Reuter's
despatch.

The despatch says that Ambassador
Frederic Courtland Penfield
has been handed a reply to the
note sent by the United States to
Austria and requesting a clear
statement of Austria's position on
the "unrestricted warfare."

The Vienna reply declares that
the neutrals are responsible for
the losses they suffer in territory
where warlike operations are taking
place.

The note says: "Whatever attitude
the Washington cabinet may
take on the individual questions
raised here" Austria-Hungary "is
essentially in accord with the
American regard for protection of
the neutrals against endangering
their lives."

WASHINGTON, D. C., March
6.—Austria's note, declaring
adhesion to the general principles of
"unrestricted" naval warfare holds
out little hope that a break can
be avoided, it was said in official
circles here today.

It is considered that the probable
course of the United States
tentatively at least will be determined
at a cabinet meeting soon.
Ambassador Penfield is under instructions
by the secretary of state
to make preparations for a break if it comes. The break would
probably be followed by one with
Bulgaria and Turkey.

AUSTRIA MEMORANDUM
INDICATES OLD ANCONA
CASE NEVER SETTLED

LONDON, Eng., March 6.—
News has been received here that
a memorandum note has been prepared
by Vienna in reply to the
latest U. S. note referring to the
sinking of the Ancona by an
Austrian submarine in the Mediterranean.
The memorandum says that
Austria "strictly adhered to the
assurance already given." At the
same time it calls attention to the
fact that at the time of the incident
it stated that Austria "reserved
the right to bring up later
questions and discussion of the
difficult international questions
arising in connection with submarine
warfare."

ANCONA CASE DRAGGING
ALONG FOR OVER A YEAR

The Italian liner Ancona was sunk
on November 10, 1915, in the Mediterranean
by an Austrian submarine, 208
persons losing their lives, among them
a number of Americans. Since that
time the Wilson administration has
been in long negotiations to secure a
disavowal, reparation and assurances
that the illegal act would not be
repeated. In January, 1916, Austria formally
assured the United States there
would be no more sinking of merchant
merchant ships by Austrian submarines.
It was stated at Washington at
that time that Austria had conceded
practically all of the American
demands, but the despatches today
indicate that Austria has not yet settled
the questions of indemnity and punishment
of the submarine commander
—at least not in compliance with the
assurances.

FURTHER NOMINATIONS
MADE BY REPUBLICANS

At a postponed meeting of voters in
the 11th precinct, 5th district, last
night at the residence of William A.
Hall, Peterson and Kanos Jones, Palama,
for the purpose of nominating
candidates for county commissioner
and delegates to the Republican
county platform convention, the following
were selected: W. A. Hall, county
commissioner; James H. Haskole,
William C. Achi, Frank P. Fernandez,
Harry Vierra, Harry J. Aulo and David
Nimmon, delegates.

# NEEDS AT HOME ARE SET FORTH IN NEW LEGISLATION

## MAUI DELEGATION FLOODS HOUSE WITH BATCH APPROPRIATION BILLS

### Valley Island Legislators Seek to Secure Funds of \$620,000 for Public Improvements

Acting on recommendations from their chamber of commerce, Maui legislators this morning flooded the house with a series of bills providing largely for public improvement legislation affecting the Valley Island. In the space of 15 minutes measures calling for the expenditure of \$620,000 for roads, wharves and buildings had been introduced.

The feature measure in this connection was introduced by Representative Joseph. It calls for an appropriation of \$500,000 for the construction of a belt road from the Hana-Kaunae road to the Wailuku-Kaliua road. The construction of this road is favored by the Maui chamber of commerce, which believes that the entire territory will derive benefit from it as it would primarily be a tourist highway. Provides Iao Valley Road

Representative Paschoal introduced a bill providing for an appropriation of \$30,000 for the construction of a road in the Iao Valley. A \$50,000 appropriation bill was introduced by him calling for the construction of a new city and county building at Wailuku, Maui. He followed this measure with a bill providing for an appropriation of \$20,000 for the construction of a sea wall at the Lahaina, Maui, landing. Representative Tavares introduced a measure appropriating \$30,000 for the lining of the new reservoir at Olinda. All of these measures were proposed by the chamber of commerce of Maui. Decision to introduce the bills was reached by the Maui delegation in a caucus this morning.

Another "money" measure introduced this morning was that by Representative Kawewehi, calling for \$10,000 for the completion and extension of the Honoupa wharf. Representative Lyman introduced two measures relating to public improvements, one appropriating \$30,000 for roads through homestead lots on Hawaii, and the other appropriating \$20,000 for the construction of a fill and roads in lots in the Ponahai district, South Hilo.

Dance Hall Bill Tabled  
Representative Leal's measure containing the "joker" on dance halls was tabled today. In its place the judiciary committee introduced a bill which provides for the licensing for places of amusement "which shall not include a dance hall or floor." The bill passed first reading and will be printed.

A measure introduced by Representative da Silva outlines the powers and duties of boards of industrial schools. It is provided that the board shall be composed of seven members, five appointed by the governor, and two the judges of the juvenile courts of the first and fourth judicial circuits

shall be ex officio members. If the judges decline to act, the vacancies shall be filled by the governor.

**Brown Case Suggests Bill**  
Representative Kelekolio introduced a bill which provides that no person who has received credentials from the department of public instruction to teach in any school shall be dropped from the service without a trial or hearing before the department upon written charges presented by the superintendent. It is further provided that, if the charges are sustained, the teacher shall have the right to appeal from the department's decision to the supreme court.

**Senate Reports Disagreement**  
The senate reported to the house today that it had failed to agree to the amendments of the latter to the senate bill appropriating \$40,000 for the visit of a congressional party to Hawaii. The amendments included extending until September the period during which the appropriation shall become available. The senate has named Senators Shingie, Castle and Hild as members of a joint conference committee on the bill. Speaker Holstein of the house has appointed Representatives Cooke, Walsh and Ahuna as members of the same committee.

Representative Lyman introduced a resolution directing the attorney general and the superintendent of public works to have a jailer and gang of prisoners construct a 20-mile road from the Crater Hotel down along the bench to Kalapana, Puna, Hawaii.

A bill introduced by Representative Marquez provides that the superintendent of public instruction and three members of the education commission, in the absence of the superintendent, four commissioners shall constitute a quorum for the transaction of the commission's business. It is further provided that at least one meeting shall be held in December or January, and July or August, each year.

**Debate Becomes Heated**  
A hot debate ensued in the house when House Bill 80 came up on third reading. It was finally passed and provides for the taking away of certain fees that clerks of circuit courts have been wont to earn from time to time during the last several years. In part, the bill reads:

"There shall be as many clerks of the circuit courts as may be necessary, appointed and removable by the judge and judges thereof, as the case may be. Provided, however, that no such clerk shall, during his term of office, be appointed by a judge of judges of any circuit court, trustee, guardian, administrator or executor de bonis non of any estate; or master in chancery, or receiver of any estate."

Another fight ensued when house bill 18 came up for third reading. This provided that attorney-generals and their deputies, and city attorneys and their deputies be restrained from the private practice of law. An am-

## NO MEETING ON CHARTER IS HELD

There was no caucus last night by the Oahu Republicans in the legislature on the proposed new charter for Honolulu. Representative Wilder, chairman of the Oahu delegation of the house, had called a meeting for 7:30 o'clock, but when the time came only a few Republicans were present, so the caucus was called off.

Immediately after the senate adjourns this afternoon Chairman Wilder will ask all Oahu legislators to meet in the house. The house delegation, to which the charter bill has been referred, desires to learn the policy of the local Republican party as regards the charter before holding its own meetings to discuss the measure section by section.

Amendment by Representative Lyman to delete the reference to city attorneys was carried and the bill passed. The following bills were introduced in the house today:

**House Bill 168**  
Substitute bill, relating to fees for places of amusement. Judiciary committee.—da Silva.

**House Bill 169**  
Appropriation of \$10,000 for the construction and extension of the Honoupa wharf.—Kawewehi.

**House Bill 170**  
Appropriating \$50,000 for the construction of a belt road on Maui.—Joseph.

**House Bill 171**  
Providing for continued pay of magistrates during illness.—Brown.

**House Bill 172**  
Providing appeals from decisions of the department of education to the supreme court by teachers who have been dismissed.—Kelekolio.

**House Bill 173**  
Requiring employers to allow their employes time in which to vote.—Kelekolio.

**House Bill 174**  
Relating to the practice of midwifery.—Kelekolio.

**House Bill 175**  
To facilitate the opening and distribution of certain public lands at Makaweli, Kaula.—Jerves.

## NO LEGISLATION AGAINST HAWAII

No legislation affecting Philippine labor in Hawaii was passed at the regular sessions of the Philippine legislature, according to news which comes from Manila.

The regular annual session and the extra session passed off without special incident, so far as Hawaii is concerned. Annually there are rumors that the "politicos" of the southern islands are planning to pass laws which will block much of the labor recruiting in the Philippines and annually these rumors are punctured. This was the case with the recent sessions. A year or so ago the legislature provided for a commissioner of labor to visit Hawaii but the commissioner has never come, though there have been frequent reports that he was appointed, and even one or two that he was on his way.

## WOMAN SUFFRAGE WINS COMMITTEE

Woman suffrage for Hawaii was recommended to the upper house this afternoon in the report of the judiciary upon the resolution introduced by Senator Desha a few days ago.

The judiciary committee decided this morning to make favorable recommendation on the resolution, this being one of the planks in the party platform on which most of the senators were elected.

One amendment to provide that girls must be 21 years of age to vote was added. The resolution provides that the matter shall be presented to Congress and various high officials at Washington.

Senator Desha's citizen labor bill was tabled at the suggestion of the committee, as the committee members were of the opinion that such remedies as the Hawaii senator proposed could be provided by the county or territorial officials without further lawmaking being necessary.

Construction of a sea wall at the Lahaina, Maui, landing.—Paschoal.

Relating to a quorum for and time of meetings of the school commission.—Marquez.

**House Bill 183**  
Appropriating \$30,000 for lining the Olinda, Maui, reservoir.—Tavares.

## BUDGET SHAVED IN SENATE BILL

Less by \$1,737,637 than the estimate submitted by Gov. Pinkham in his message to the legislature, the appropriation bill introduced yesterday afternoon by Senator Shingie will be taken up for study by the upper house members. The reduction was made by leaping off from the first estimate submitted by the governor for the two-year period.

In the National Guard estimate there is a reduction of some \$25,000; attorney-general's department, \$4,320; public work, \$6,600; board of health, nearly \$500,000.

One of the big cuts in the budget set forth in the senate bill as reported is the elimination of \$238,600 for armories. Already there are pending several bills for special appropriations for armories, especially on the Big Island and the fate of these bills remains to be seen.

In guard salaries the estimate for the salary of the assistant to adjutant general of the militia is sliced \$1,200 from the \$6,000 which was asked. A similar amount is cut from the salary of the assistant to the property officer. Other reductions are smaller. For officers and enlisted men there is a cut of 25 per cent from the \$64,400 asked.

The biggest cut comes in the appropriations sought for the health department. Here \$150,000 sought for new buildings is eliminated and there is \$55,000 cut from the figures asked for the prevention and cure of tuberculosis.

Salary increases sought go by the board to a great extent, cost of living not entering into consideration when compared with decreasing cost of government.

Shingie introduced the budget as the one authorized by the governor. Cuts were made to bring its total down to the estimated funds on hand for appropriations in the two years ending in June, 1919.

## EARLY REMARRIAGE OF DIVORCED PERSONS TERMED NOT FREQUENT

What sort of widows and widowers remarry the more—grass or seed? According to Judge W. L. Whitney, who appeared before the senate judiciary committee today on request to discuss Senator Pacheco's "remarriage after divorce" bill, persons separated from their companions by death are more likely to remarry than those separated by a divorce decree.

Judge Whitney based his conclusions on statistics gathered in the mainland as well as in Hawaii. Senator Pacheco expressed the opinion yesterday at the committee meeting that the present divorce laws encourage quick remarrying, especially among Japanese picture brides.

Judge Whitney, however, says figures show these remarriages are comparatively rare.

The committee decided to recom-

TUESDAY, MARCH 6, 1917.

THE BUSINESS WAY.

### WANTED—A NEW OPERA HOUSE.

Honolulu's famous old Opera House is passing without such an auditorium.

Outworn and rundown as is this old structure, it is still the best Honolulu hasherbertson. Writing on "Running States and Counties on Business Lines," he says:

With the Opera House junked, the city will be left in four hundred-odd municipalities distributed over forty-one states, are living under a form of government which for ten years has been providing a enterprise or a public movement to supply the need-workable formula for breaking up political ma-

Vague rumors float around, as they have floated around for two years, that this capitalist, or that the seat of power. What is coming out of this theatrical combination, would erect a big theater, experience specifically for the cities involved need. They remain only as rumors.

This condition is not only unfortunate but disgraceful. It is disgraceful that Honolulu, priding itself upon being a progressive American city, should have no first-class theatrical structure. It is mighty poor business that this condition obtains, too, for Honolulu's people are amusement-loving. And there are frequent opportunities to secure famous operatic and concert artists. Run in conjunction with moving-pictures and vaudeville acts, such a theater in a good location could at least "break even."

Apparently no capitalist or company is desirous of entering this field as an investment. Why not, then, a public movement to support such a venture? The old Opera House would never have been built had it not been for the public spirit of those early days.

Why not a joint committee of the civic and commercial bodies, with a representative of the city to be named by the mayor, and a representative of the city planning commission, to get to work immediately? Such an opera house would have widespread public support. And it would not only fill a community need but mean an important tourist asset.

### A TIP FOR THE HONOLULU AUTO CLUB.

The Denver Motor Club aided 25,000 visiting tourists in 1916. Other thousands, already equipped with guide books and wide traveling experience, obtained road information to scenic points in the mountains. The information bureau served as many as 250 persons a day. Mail inquiries also were answered. Foreign countries represented by the visitors were Canada, Mexico, the Hawaiian Islands, Australia, New Zealand and China. Membership in the club reached 1300 this year. Five hundred miles of road were signboarded by the club during the year, and many improvements in bridges and roads were obtained by them.—From Motor Age, Chicago.

### SOMETHING TO DO NOW.

The very magnitude of the Waikiki reclamation scheme is delaying it intolerably. Months are stretching into years. Nothing definite is being done.

The latest proposal—that of combining the beach boulevard and reclamation schemes—is a splendid project. But it looks ten years into the future instead of facing the present. It involves so much red tape, so many condemnation suits, so many difficulties of harmonizing government and private interests, so many barriers of getting government and private parties to work together—that its realization is far distant.

Meanwhile, Honolulu has one nauseating menace which ought to be cleaned up without waiting for the bigger scheme to materialize. The filthy stream which empties into the sea between the Outrigger Club and the Moana Hotel is an ugly blot on a world-famous beach resort. It is not only ugly, it is nasty and dangerous. And it is getting worse—steadily getting worse—while Honolulu debates the pros and cons of the Waikiki reclamation project.

Under this project the stream is to be diverted. But why wait years for it? Engineering skill and public enterprise ought to take hold of this situation now and divert this stream elsewhere.

The dirty sewer-stream has been talked about for years. But you can't get rid of it by talk—you have to act.

Plans for special authorization of a municipal bond issue are justified by the necessities of the case, if the authorization is possible under the law—and city officials say it is. By a large majority, the people of the city have voted in favor of the bonds. Unfortunately, the majority was not quite large enough to reach 60 per cent. This was partly due to the shortsighted political maneuvering of the Democrats and partly to lack of confidence in the financial efficiency of the present city administration. Neither cause was enough to justify defeat of the bonds. Probably not one in ten of those who voted against the bonds would have done so if he had had a clear understanding of the imperative need for sewers in certain districts.

Japan is a friend of America. The island empire has no ambitions and interests that necessarily conflict with those of the United States. And it is now and has been the cardinal principle of Japanese diplomacy to maintain a friendship with its greatest customer, its first real friend in the family of nations.—Philadelphia Ledger.

Proof upon proof piles up that modern American cities are coming to the "short-ballot" form of government—a point made strongly at the public hearing on the proposed city charter for Honolulu. Latest in this line is an eloquent and vigorous article in the current Review of Reviews, by H. S. Gilchrist, which represents the best Honolulu hasherbertson. Writing on "Running States and Counties on Business Lines," he says:

"More than ten million American citizens, residing in four hundred-odd municipalities distributed over forty-one states, are living under a form of government which for ten years has been providing a enterprise or a public movement to supply the need-workable formula for breaking up political ma-Vague rumors float around, as they have floated around for two years, that this capitalist, or that the seat of power. What is coming out of this theatrical combination, would erect a big theater, experience specifically for the cities involved need. They remain only as rumors.

## Letters OF TIMELY TOPICS

### NOT ORDERED OFF PIONEER PLANTATION

Editor Honolulu Star-Bulletin: Sir:—I was surprised to read in your Saturday's issue the story that I was ordered off the Pioneer Plantation at Lahaina in my recent trip to Maui. I did not visit that plantation although I received invitations from both Christian and Buddhist leaders at Lahaina, and the reason that I did not go was very simple—namely, I felt very miserable on account of cold and overwork, and nothing more. So I sent word to them, apologizing myself for not keeping promise and renewing promise to be sure to come back before long.

During my Maui campaign I met with nothing but welcome and enthusiasm of both American and Japanese, except the opposition of two Japanese men from Honolulu, who, in order to get money by Jingistic talks from ignorant plantation laborers, misrepresented our citizenship work and encouraged those people to oppose every thing American. It seems the story published in the Hawaii Choho in regard to the Pioneer Plantation and myself was invented for the purpose of such men.

I feel very sorry for the Pioneer Plantation being thus misrepresented. M. MAKIHI. Honolulu, March 4, 1917.

(The Star-Bulletin published the news referred to above as a quotation from the Japanese newspaper, Hawaii Choho, and did not vouch for its authenticity. Mr. Makihi's statement serves the valuable purpose of clearing up the subject.)

### PENSIONING BAND VETERANS

Editor Honolulu Star-Bulletin: Sir:—The Royal Hawaiian Band was established by Professor W. H. Northcott in the A. D. 1870, an Englishman, and for one year and more did he lead it, and in a certain month of the A. D. 1872, he returned to England.

Captain H. Berger arrived in the month of June of the A. D. 1872, who led the Royal Hawaiian Band until his resignation on account of ill health. The majority of the old members founded by W. H. Northcott, Esq., had died only three of them living today. Mr. Frank Mahuka now living at Kaili-kai, and Rev. Samuel K. Kamakala and James Pohina, who are still in the band of the city and county of Honolulu today.

These two are the oldest members in this organization today; Games, a Portuguese, who has a well introduced in the house of representatives, praying for a pension, was later entry. Therefore in my behalf and at the same time asking your generosity, "Ye Representatives," before you weigh on behalf of Mr. Games, it is better you weigh on behalf of Rev. Samuel K. Kamakala and James Pohina.

Humbly yours, W. H. B. MALULANI, City and County of Honolulu.

### PRACTICAL IDEALISM

Editor Honolulu Star-Bulletin: Sir:—CONTENT IS A DAM TO PROGRESS. THE SATISFIED SOUL VEGETATES.

One who is thoroughly satisfied has no incentive to constructive action. The world today is in the greatest ferment that history has ever recorded. From it will be born new ideals and eventually a new race of men. IT IS THEREFORE A HOPE-FUL SIGN.

It is not thinkable that the nations embroiled in this frightful struggle cherish no greater ambition than greed for territory; race or business supremacy.

What we are witnessing today is a GREAT CLASHING OF IDEALS.

Some of these ideals will be shattered—some—and these are the fundamentally true ones—will live; so I have great hope because DISSATISFACTION ALWAYS PRECEDES REGENERATION and no great upward stride of man has ever been accomplished without some sort of violence. I see in this world conflagration the greatest paradox of time—THE UPLIFT OF MAN THROUGH THE LEVELING PROCESS, now in operation.

Whatever mistakes the various nations have made in ideals, in Humanitarianism, in psychology—will be wiped out or atoned for in the final adjustment of this struggle. It is needless to recall specific instances in proof of my assertion—the reader's mind will readily suggest these; I wish most of all to divert him from national issues to a consideration of international aspirations so that his mind may dwell for a time on the immense and imminent possibility of achieving the BROTHERHOOD OF MAN—that wonderful climax toward which we are so surely tending. Let me now predict that the most

acute stage and the grandest scale of the conflict has not yet been reached—far from it—nations which, till now, have held aloof from it—my own dear country with its noble ideals among them—will inevitably be drawn into this maelstrom; so it behooves us to approach the time steadfastly—nay, reverently—without animosity but with determination to take only such part in it as is dictated by our love for LIFE, LIBERTY and EQUALITY—remembering that the only true loyalty is to IDEALS.

So shall we win the respect of mankind and not forfeit our own. So shall we further the ends which a wise Providence is directing. So shall we emerge from the dust of battle a race sturdy and strong; humble and thankful in the knowledge that we have helped—not hindered—the GREAT MORAL EVOLUTION OF THE AGE. Think this over and see its truth. C.

Honolulu, Hawaii, March 4, 1917.

### WITH OUR VISITORS

Mr. and Mrs. F. D. True and daughter, Miss Annie True, of Gardner, Maine, are leaving the Pleasanton on the Matsonia. True is a retired businessman and capitalist.

R. S. Van Tassel is a wealthy cattleman of Cheyenne, Wyoming, who has escaped the rigors of a winter of the north for the balmy breezes of the south. He is at the Young hotel and is enjoying every minute of his stay here.

Honolulu will lose prominent visitors on the Matsonia by the departure of Mr. and Mrs. R. A. Long of Kansas City. Long is one of the wealthiest men of Missouri and besides owning several business blocks is the proprietor of a model farm, the finest in the state.

Visitors at the Pleasanton hotel who are leaving on the Matsonia tomorrow include Mr. and Mrs. J. J. Harlun. Harlun is a shipping man of Detroit and expects to buy a 10,000-ton steamer "somewhere in the Pacific" to put into Atlantic trade, although he says they are very scarce. Charles Isakson, chief clerk of the Seaside hotel, says about the only excitement around that popular beach resort is the every-other-night dances which are becoming very popular. No one in particular is coming or going, they have just "camped" for the winter there with the place nearly full and everyone is enjoying it.

### VITAL STATISTICS

**BORN.** CANTO—In Honolulu, March 2, 1917, to Mr. and Mrs. Manuel do Canto of 1580 Emma street, a son—George.

**MARRIED.** NUNES-MEDEIROS—In Honolulu, March 2, 1917, George Nunes and Miss Virginia Medeiros. Rev. Father C. Matthias Linburg of the Catholic Cathedral officiating; witnesses—Antonio Naves and Flora Rego. KAHALAI-KAHUPIPI—In Honolulu, March 3, 1917, Joseph Kahalau and Miss Mary Kahupipi. Rev. Father Ulrich Tanne of the Catholic Cathedral officiating; witnesses—George Kasi and Julia Steamboat. MONTGOMERY-MATTOS—In Honolulu, March 3, 1917, James L. Montgomery and Miss Lydia Mattos. Rev. Father Philip Blom of the Catholic Cathedral officiating; witnesses—Nina Jarrell and Jessie Mattos.

**DIED.** GARCIA—In Honolulu, March 4, 1917, Mrs. Helen Garcia of 817 Kawaihaha street, widow, native of St. Michael, Azores, Portugal, 70 years old. KAILIULI—In Honolulu, March 3, 1917, Mrs. Mary Kailiuli of Kamaunui lane, a native of Hilo, Molokai, 40 years old. PASCAL—In Honolulu, March 7, 1917, infant child of Mr. and Mrs. Benjamin Pascal of Kewala lane. LEE—In Honolulu, March 5, 1917, infant child of Mr. and Mrs. Manuel Walter Lee of 824 Haniwai street. KINNEY—In Honolulu, March 5, 1917, infant child of Mr. and Mrs. Clarence William Kinney of 1910 Fort street.

### LITTLE INTERVIEWS

—WILLIAM CREED, chief clerk Young Hotel: Generally speaking this season has been larger than last year because it started earlier. With only the Lurline in this week there will be few visitors, but all the rest of the month there will be plenty of boats with good big passenger lists.

—W. F. PITTSCHI: The rescue home at Kaimuki is taking care of a number of children of inmates of the former "redlight" district. We are teaching them to do useful, practical work and hope to develop a system which will be permanently useful to the community.

—GEORGE O. TALLMAN, Cleveland: I saw better ballplaying the last few days between Portland and the local teams than was played for days at a stretch in Cleveland last summer. Honolulu ought to give its "best" support to the series and bring Portland here again next year. It is a great thing for the tourists to be able to see baseball in February and March. Half of the tourists whom I know here are ball-fans.

—C. Y. WILMARTH, manager of the Pleasanton Hotel: While all this criticism about the hula is going the rounds I want to state that the exhibitions given at the Pleasanton are of the finest and most enjoyable character, and from the crowds that come to see them, it is easily one of the events of the week. There will be another February 19 the day the Great Northern arrive.

### LIQUOR IS FREE ON SUNDAY SAYS CLUB'S CHIEFTAIN

CHICAGO, Ill.—When in Chicago, if you wish a full supply of free beer and whisky, join the "Grogan Club." There these two beverages are dispensed with a lavish hand at Sunday night meetings. That was the testimony of Bernard J. Grogan in the Des Plaines street court. The police raided the Grogan Club, which is the name of the

Eighteenth ward Democratic organization, and confiscated 18 casks of beer and 12 quarts of whisky. The lieutenant who led the raid declared money was passed over the bar in exchange for the liquor. But Grogan begged to differ. It was a gift.

Children of the Pittston, Pa., school reported for their studies, each wearing a small American flag. The suggestion came from the principal of the High school.

Box 589, Honolulu, Hawaii, or Royal Baking Powder Co., New York, U. S. A.

## MANN ADVOCATES UNWARNED ATTACK

Declares U. S. Submarines Should Not Hesitate, in War, to Torpedo Hostile Munition Ships

WASHINGTON, D. C.—"I am not willing that the use of submarines by the United States shall be so restricted as to be valueless," declared Representative Mann Republican floor leader, in a discussion in the House on submarine warfare. He said the submarine could not operate in a lady-like manner, and declared that the quickest way to end war is to make it destructive. Mr. Mann practically advocated attacks without warning on munition ships if the United States is engaged in war.

Representative J. Hampton Moore of Pennsylvania started the debate by putting this question to Chairman Padgett of the Naval Affairs Committee: "Inasmuch as much of the war trouble that now beclouds the horizon arises from the use of submarines by a foreign nation, I would like to know whether our understanding of international law, or the committee's understanding, is such that if any foreign nation uses submarines, or if the use of submarines by a foreign nation is regarded as ruthless warfare, that objection holds against the United States if we should be engaged in war and should find it necessary to use submarines."

Representative Padgett replied that while not speaking for the Administration he believed that "if this government engaged in war it would conduct it along the recognized and proper lines of conducting war, and would observe all its obligations and perform all its duties."

As to Friends and Fighting Representative Thomas S. Butler said to Mr. Moore: "I voted for this appropriation with the understanding that these weapons would never be used to commit unjustifiable murder and for no other reason would I vote for it."

"In answer to the gentleman from Pennsylvania," replied Mr. Moore, "I will say that he is a good, sturdy, peace-loving Quaker, but who fights sometimes."

"I am not a Quaker!" flashed Mr. Butler.

"A Friend," explained Mr. Moore. "Not a Friend," replied Mr. Butler. "I do not belong to the society of either. I have made that statement in the House 40 times, and this is the last time. I would disgrace the honorable people by belonging to them."

"The gentleman does not swear," said some one.

"I do not swear at all. I can keep my word without swearing," said Mr. Butler.

After replying to a series of questions on the submarine question, Representative Gardner asked Mr. Moore: "Do you think that the sending home of the German ambassador was justified or not?"

"Well, now the gentleman has a certain Anglomaniac notion."

Mr. Gardner insisted that he be answered, and Mr. Moore answered that he supported the President, "but that does not mean that this should be followed up by an instant declaration of war, bringing 100,000,000 people into war."

New Weapons For Murder Representative H. W. Temple of the Foreign Relations Committee, then entered upon a serious discussion of the international law involved in U-boat warfare. He said, in part: "It is never lawful to make war against noncombatants, and it is as unlawful upon the ocean as it is upon the land to fire into women and children."

"The right of the neutral does not depend upon the weapon that is used against him. If I am accused of murder and plead in defense that I used a kind of poison that had not been invented when the law against murder was made, still the murder depends on the right of the murdered man to his life and not on the nature of the weapon that was used in taking his life."

Here is where Mr. Mann came into the debate.

"As I understand Doctor Temple," he said, "his position is that if we engage in war with any foreign power and we have a submarine that meets a foreign vessel either of a neutral country or of the belligerent countries, loaded with ammunition to supply the army or the navy of the enemy country, our submarine must, lady-like, rise from beneath the surface of the sea, ask to board the armed merchant vessel and ask to inspect the papers of the armed merchant vessel before we can do damage to that merchant vessel."

"I am not very well informed as to submarine warfare, but I have been told that while this lady-like operation was going on, the merchant vessel would sink the submarine before officers of the submarine could board her. Of what use is a submarine except for use against such vessels, and so far as the submarine is concerned in defending against war vessels today the submarine is not very valuable."

TO CURE A COLD IN ONE DAY take LAXATIVE BROMO QUININE (Tablets). Druggists refund money if it fails to cure. The signature of E. W. GROVE is on each box. Manufactured by the PARIS MEDICAL CO., St. Louis, U. S. A.

## NEW OCCUPATIONS BODY OF WOMAN OPEN FOR WOMEN FOUND OFF BEACH

(By Associated Press) LONDON, ENG.—A London newspaper has published a list of some of the war-time occupations of women. They are:

Munition workers, canteen work, farm work, hospital orderlies, gardeners, recruiting for army and navy, street car conductors, taxi and wagon drivers, porters, letter carriers, railway car cleaners, despatch riders at aircraft stations, fruit and hop pickers, vegetable raisers, window cleaners, volunteer firemen, stretcher bearers, elevator operators, locomotive engine cleaners, detectives and police mechanics, night watchmen, commercial travelers, lamp lighters, dentists and stationary engineers.

The labor exchanges created by the war report a demand far in excess of supply for women in all of the listed occupations.

Baskets with assorted fruits, nuts, sweets, etc., prepared at Laniakea, 1941 Alakea street. Fresh home-made candies sold each Wednesday and Saturday, or made on special orders.—Adv.

## MANY PAPERS SUSPEND

(By Associated Press) AMSTERDAM, Holland.—The Frankfurter Zeitung says that 1439 newspapers and periodicals have suspended publication in Germany since the outbreak of the war. Before the war some 13,000 newspapers and periodicals were published in Germany.

A Japanese woman, Kichio Fukushima, aged 20, was drowned at Wai-iki Beach last night near the home of Attorney William Rawlins. Whether death came by accident or foul play Deputy Sheriff Aech, who has taken charge of the body, is not prepared to say, but he has been told that the woman was partially demented and it is thought that she fell into the water while roaming about. An inquest will be held at 10:30 tomorrow morning.

The body was first discovered bobbing up and down out in the water by Niamoto, who works on the Beckley estate, and Attorney Rawlins and Raymond C. Brown, Luddy Langer, Dr. A. C. Wall and W. M. Bertelmann, who were at Rawlins' place, rushed out to draw the body ashore and make every effort to resuscitate her.

The woman had evidently been in the water a short time but was too far gone to be saved. She has been working on Koaunuku street. Her parents live on Nuuanu avenue.

## W. P. MALBURN APPOINTED RESERVE BANK EXAMINER

WASHINGTON, D. C.—Removal of Charles Starek from office as chief national bank examiner for the Second Federal Reserve district, with headquarters at New York, and the appointment in his place of William P. Malburn, assistant secretary of the treasury, was announced by Comptroller Williams. Malburn, whose home is in Denver, is a son-in-law of United States Senator C. S. Thomas of Colorado.

The examiner's office pays \$15,000 a year. An assistant secretary of the treasury, Malburn got \$5,000.

## D. D. D. Prescription for ECZEMA

## Chiropractor Fixes "Broken Neck"

After two years' wearing truss, to avoid unconsciousness, this man, now a prominent Chiropractor in Indiana, was restored to normal in one Chiropractic adjustment. Diving in shallow water was the cause of injury, and all hope had been abandoned for recovery. After the adjustment, patient became unconscious for half an hour, after which he rose, picked up his truss and walked home with it under his arm—well. "Many so-called 'impossible' cases get well under Chiropractic," said P. C. Minton, and W. C. Weirless, local Chiropractors.

# SHIPPING & WATERFRONT NEWS

## P. M. PLANS MORE BOATS FOR RUN?

Possibility of two fast passenger and freight steamers being put on the transpacific run by the Pacific Mail Company within a few months was revealed here after the arrival of the liner Ecuador, from the Orient. The two vessels which it is proposed to place in the transpacific service, in addition to the three steamers now scheduled are the Dutch steamers New Rotterdam and Eindhoven, each of 15,000 net registered tonnage, and the San Francisco Chronicle.

These huge liners have a heavy cargo capacity and in the passenger line can carry 800 cabin, a large number of second cabin and 2000 steerage passengers. They would cut down the present time to the Far East materially and give a service comparable to that across the Atlantic where they now make the run from Rotterdam to New York in six days.

A survey which General Manager John H. Rosseter of the company has been making in the Orient has convinced him that vessels of this type will be a big factor in increasing business between the United States and Asia. He is reported to have made the statement on the Ecuador that the New Rotterdam and Eindhoven will be considered by him as possible steamers for the trade to augment the present fleet.

The third of the steamers purchased in Holland several months ago for the transpacific, the Columbia, will make her first trip to the Orient, leaving San Francisco March 10. Her crew of Chinese stewards was brought over by the Toyo/Kisen Kaisha liner Peris Maru.

Substituting for the Sherman, which was scheduled for the March sailing but has been held in San Francisco to make a special trip to the port with building materials for the Schofield barracks additional group of structures, the U. S. Army transport Sheridan left San Francisco Monday and should arrive at Honolulu a week from today on route to Oahu and Manila.

Just when the Sherman will steam from San Francisco with the Schofield building material is not known by the depot quartermaster's office. She was to have left last month but is still at the coast. When she comes on the extra trip she will bring no passengers.

Owing to bad static conditions no radio has been received from the transport Sheridan for 170 nights, the quartermaster's office reported this morning. She is not expected to arrive from Manila and Nagasaki before tomorrow afternoon or daylight Thursday.

## SHERIDAN TAKING SHERMAN'S TRIP

## HARBOR NOTES

The steamer Amazon, from Honolulu February 22, reached San Francisco Sunday.

The barkentine Amazon arrived at Port Townsend Monday. She left Hilo February 27.

Monday the Associated Oil ship Marion Elliott, from Hilo, her last island port, February 22, arrived at San Francisco.

Next mail from San Francisco and Los Angeles will arrive in the Hilo further Great Northern at 10 o'clock Monday morning.

At 6:35 this morning the Japanese freighter Ume Maru resumed her voyage to Teigan. She arrived Monday noon for bunkers.

Sunday the American-Hawaiian freighter Texan arrived at San Francisco with a cargo of sugar from Hilo, her last island port.

Four Japanese steamships put ashore here from the T. K. K. liner Korea Maru Sunday and detained at the immigration station will be deported back to Japan on the Persia Maru.

The American steamer Eneaventura arrived at Honolulu Monday morning from San Francisco with a cargo of sugar from Hilo. She was berthed at Pier 7.

The Japanese "mystery steamer" Kotobira Maru, here for bunkers Monday from Manzanillo, Mexico, was due to resume her voyage in ballast to Japan at 2 o'clock this afternoon. Her officers say the cargo she landed at the Mexican port was paper-making machinery and not cartridge manufacturing apparatus. Why she is running back to Japan without any cargo was not satisfactorily explained by them.

## PRUSSIC ACID SHELLS

The Zurich correspondent of the Paris Journal states that the rumor has already been reported, according to which the German Army is preparing to use new weapons, notably special poison gas shells, including hydrocyanic or prussic acid shells.

It is thought that these rumors are not altogether devoid of foundation because the Swiss military authorities have asked the well-known chemist Dr. Brunner, a captain in the Swiss Army, to make a report upon the effect of these shells and the means of protection to be adopted against them.

## PUBLIC HEARING ON HOUSE BILL NO. 125, RELATING TO THE USE OF WATER FROM ARTESIAN WELLS

There will be a public hearing on House Bill No. 125, relating to the use of water from artesian wells, at the hall of the House of Representatives on Friday, March 9, 1917, at 7:30 o'clock p. m.

T. H. PETRIE, Chairman, Committee on Agriculture, Forestry, Promotion and Immigration.

6726—Mar. 6, 7, 8, 9, 1917.

## ANNUAL MEETING WEST HAWAII RAILROAD COMPANY, LTD.

Notice is hereby given that the annual meeting of the stockholders of the West Hawaii Railway Company, Ltd., will be held at the office of the Henry Waterhouse Trust Co., Ltd., in Honolulu, on Thursday, March 15th, 1917, at 9:15 o'clock a. m.

A. N. CAMPBELL, Secretary.

Honolulu, Hawaii, March 6, 1917.

6726—Mar. 6, 10, 13.

## ANNUAL MEETING KONA DEVELOPMENT COMPANY, LTD.

A. N. CAMPBELL, Secretary.

Honolulu, Hawaii, March 6, 1917.

6726—March 8, 10, 13.

## JORY WILL STAY WITH HILONIAN

Capt. "Joe" Jory, skipper of the former Matson steamer Hilonian, remains with the boat under her new ownership. The San Francisco Examiner of February 18 says of him:

"The Matson Navigation Company's loss is the gain of Comyn & Mackall. J. W. Jory will remain as captain of the Hilonian. Jory is short and square-set, with the huge shoulders of a sailorman. He has a smile that reaches from the main clew-garnet to the silver buttons and he reads voraciously. Somebody once called him a 'belle-lettrist.' Jory's answer was:

"If I read books because a sailor is nearly always at sea, and that is why we have to read to keep up with the times. 'Belle-lettrist' means 'beautiful letters.' You had better leave before I send you one. I write with my right fist and I hold the paper down with my left."

"So the man who tried to make a joke left very hurriedly and then Joe Jory smiled."

The Hilonian was recently sold by the Matson people to Comyn & Mackall at the good price of \$450,000. She will leave here for New York within a few days carrying a short and square-set, with the huge shoulders of a sailorman. He has a smile that reaches from the main clew-garnet to the silver buttons and he reads voraciously. Somebody once called him a 'belle-lettrist.' Jory's answer was:

"If I read books because a sailor is nearly always at sea, and that is why we have to read to keep up with the times. 'Belle-lettrist' means 'beautiful letters.' You had better leave before I send you one. I write with my right fist and I hold the paper down with my left."

## GIRL MOTHER IS SENT BACK HOME

After a three-day search Probation Officer Joseph Leal found a 16-year-old girl and her two-year-old boy who had come to Honolulu from Maui Saturday night in the Clavdine, and they are now on their way back home following a short but eventful visit here.

Leal says the woman took up with a soldier shortly after her arrival here and moved so rapidly from one place to the other that he had considerable difficulty in tracking her.

"When I did find her she wanted to know what I was going to do with her," says the officer, "and I told her that she would have to get back to Maui quickly and behave herself if she didn't want to suffer the full force of the law here. She went."

## EMERALD ISLE HAS ERA OF PROSPERITY WHILE WAR RAGES ON

DUBLIN, Ireland.—Trade in all departments of Ireland's industrial life is so active and prosperous that it is difficult at times to realize in this favored island that we are in the middle of the third year of a great war," says Robert Colvill, president of the Bank of Ireland, in his annual report on banking and industrial conditions. He adds:

"The flax industry of the north is prosperous, and the exports of Irish linen for the past year were two million pounds sterling more in value than in the preceding year. Shipbuilding has also been carried on with energy, and our main industry, agriculture, is very prosperous. The prices for cattle, horses, and all ordinary live stock have been extraordinarily high, while the prices of oats, barley and wheat have been more than double the normal."

## SHIRKERS HIDE IN WOOD BUT AT LAST ARE CAUGHT

PARIS, France.—Tricks to avoid military duty have been varied rather than numerous during the war. The most recent stratagem is that of two shirkers, unknown to each other, who hid in the woods to escape service. One of them, a man named Souleillon, 32 years old, remained concealed from the beginning of hostilities in order to avoid the mobilization order. His father dying, Souleillon came out of hiding to lay claim to his parents' estate. An alert gendarme at Cahors took him into custody, reminding him that, before being an heir, he had to be a soldier.

The second case was that of Alfred Rous, who took refuge in the forest of Reynaldes. Here he built himself a comfortable cabin with stones, branches and tiles. Behind his lodging place he installed an oven to bake bread. Possessing a rifle, two pistols and much ammunition, Rous hunted and caught fish. Recently, a young shepherd, seeking a stray sheep, surprised Rous who was asleep. Gendarmes were called, and after a short fight the deserter was found and arrested.

## DOUGLAS COUNTY'S LIQUOR BILL IS GREATLY REDUCED

ROSEBURG, Ore.—The total shipments of liquor in Douglas county during 1916 was: Whiskey, 11,320 quarts; beer, 42,246; alcohol, 1677; brandy, 206; wine, 271; gin, 51; rum, 15, and alcohol for pharmaceuticals, 1374. For sacramental purposes, 32 quarts of liquor were purchased. Estimated value of the shipments is \$30,000. Douglas county's saloons formerly did a business of \$200,000 annually, according to local estimates.

## DOCUMENTS MUCH SOUGHT

PARIS, France.—Collectors are now paying for the 158 franc 10 cent 250 francs each for the general mobilization proclamation that was issued August 2, 1914. General Gallien's proclamation to the inhabitants of Paris on taking the post of military governor is also rare and brings from 200 francs upward.

The Ouvre declares that duplicates of these historic documents are now being offered at 100 francs each. They are easily recognized as counterfeits by a considerable difference in the quality of the paper.

When Your Eyes Need Care Try Murine Eye Remedy

## MARKET TAKES ON MORE FIRMNESS

Some gains were registered in the local stock market today. The volume of business was not large, but the tone of the market was considerably firmer and the tendency was evidently upward. Sales of listed stocks, however, amounted to only 595 shares, but 210 of these came at the session indicating a revival of interest in the market. Prices of sales were Oahu 14 1/2 and 15 1/2, McBryde 19 1/2, Hawaiian Commercial 49 1/2, Hawaiian Sugar 37 1/2, Pioneer 37 1/2, Waiwala 21 and Honolulu 9.

In undated stocks were more active and the market rather broader. Mineral Products rose sharply on advice as to the tramway and was 45 cents before the news was really out. English Copper advanced to 7 1/2, Oil was \$2.90, Montana-Bingham 40 cents and Modern 27 cents.

## ROMANCE GROWS FROM OLD MYTH

Through fire, emotional as well as literal, Daphne, the heroine of "The Wood Nymph," playing at the Bijou, portrayed by dainty Marie Doro, maintains all her innocence and fanciful illusions and wins in the end an Apollo, modern and American, but more satisfactory to her than the legendary hero of classic myth.  
 Clothed in all the beauty of detail of an Ince production and produced under the direction of David Griffith, "The Wood Nymph" makes actual one of the beautiful myths of the past. Patrons of the Bijou are offered a special screen treat in this five-act drama de luxe which is relieved by a riotous Keystone comedy and 1000 feet of world events pictured by the Animated Weekly.

## BATTLE CRY OF PEACE TO BE SHOWN GUARDSMEN

In order that the National Guard of Hawaii may see "The Battle Cry of Peace," the Consolidated Amusement Company is planning to give an exhibition next month and invite both officers and enlisted men. The film is to be sent to the other islands and when it is returned the free performance will be given.  
 Last week Gen. F. S. Strong and his staff were invited and highly praised the picture. Gen. Strong said that every American should see it.

## WOMEN WHO FADE EARLY

How often we hear the expression, "How she has faded!" or "Hasn't she grown old!" Her friends see it. Her husband sees it. She realizes it herself with a pang. Often she knows the reason, some female derangement has fastened itself upon her and makes it almost impossible for her to drag around from day to day. Such women should remember there is one tried and true remedy for their condition, and that Lydia E. Pinkham's Vegetable Compound for more than 40 years has been restoring women to health and happiness. Try it!—Adv.

**"STUNG"** (Comedy) Vitagraph.

## Y. W. VOLLEYBALL CONTEST IS KEEN

Last night at the Young Women's Christian Association, a closely contested game of volleyball between the morning gymnasium class and the evening gymnasium class resulted in a victory for the former.  
 The morning team, under the leadership of its captain, Mrs. Montague Cooke, displayed good team work, while the evening class excelled in serving. Both teams were somewhat handicapped by the absence of some of their good players and the playing was a little below their usual form, but brilliant plays at times made it an interesting game. The game stood a tie at 19 for several serves and again at 23 when the morning class, by an especially clever return, annexed one more point, giving them the victory with the score 21 to 20.  
 Miss Lella Jameson, captain of the evening team, is getting her squad into shape for the second game which will take place next week and it is assured that this will be even more closely contested than the first. The lineup of the teams was as follows:  
 Morning class—Mrs. Montague Cooke, Mrs. F. C. Smith, Mrs. E. D. Kilbourne, Mrs. Denbigh, Mrs. Cox, Mrs. Goodman, Miss Agnes Maynard, Miss Olive Day, Miss Vera Day.  
 Evening class—Miss Lella Jameson, Miss Rowell, Miss Harris, Miss O'Connor, Miss Markham, Miss Keeff, Mrs. Davis, Mrs. Fasse, Mrs. Schrieber.

## NOT A PARTICLE OF BANDRUFF OR A FALLING HAIR

Save Your Hair! Double Its Beauty in Just a Few Moments  
**25-cent "Danderine" Makes Hair Thick, Glossy, Wavy and Beautiful**  
 Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.  
 Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.  
 A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.  
 Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

## "LABOR RECRUITER" IS REALLY PHYSICIAN FOR FANNING ISLAND

Rumors that a Filipino labor-recruiter was engaging countrymen to be "exported" to Fanning Island for work in the copra plantation there are found to have but small basis.  
 Dr. Antonio P. Rosa, it is said, has been engaged as physician for Fanning and his visits among Filipinos here probably started the rumor. He is understood to be part-Spanish and to have lived in the Philippines. He introduced himself to Rev. C. C. Ramirez, the Filipino minister, but the latter knew nothing of his mission. Dr. Rosa will soon sail for Fanning to take up his duties there.  
 Under the territorial law a high license fee must be paid by labor recruiters.

## CAMERON IS PROMOTED TO INCOME TAX AGENT

According to word which has been received from Washington, E. R. Cameron, income tax inspector, has been promoted to income tax agent. He comes from the revenue agent's office in San Francisco.  
 Cameron came here 22 months ago to be general deputy collector and this is his second promotion during that time. He is now the youngest man in the service holding such a position. The promotion also carries with it a raise in salary.

## WOMEN GET COST OF FOOD TO THIRTY-FIVE CENTS A DAY

MADISON, Wis. — Thirty women students at the University of Wisconsin have reduced the high cost of eating to 35 cents a day each. They have not formed a diet squad, but are experimenting with the high cost of living by sharing three community kitchens and planning the housekeeping on a scientific basis. Each student contributes \$2.75 a week to the support of the kitchen, which includes board and room, laundry, phone rent and subscriptions for periodicals.

"Service and Efficiency" will be my motto as Mayor of Honolulu.

## BEST PLACE FOR PEACE-LOVERS IS HAWAII, HE FINDS

New York Manufacturer, H. A. Taylor, Hurries Back From Visit to the Orient

While some people are fighting to get out of Honolulu and back to the mainland when the tone of war is in the air, several are flocking to the Orient and Australia to Honolulu with no intention of going further, saying the islands are as secure and safe as any place in the United States.

A party of three who left Honolulu after a three months' visit with the intention of spending several weeks on the Orient, dropped into Manila on February 3, got the news of American severance of diplomatic relations with Germany on Feb. 4, and on the 5th they "turned around and" dropped right out again, making straight for Honolulu as fast as the Korea Maru would carry them.

They are H. A. Taylor, a prominent silk manufacturer of New York City, who is well known here as one of Hawaii's most frequent visitors and consistent boosters; his daughter, Miss H. M. Taylor, and her friend, Miss M. M. Littell.

"My business in New York demands that I be always in close touch with it," says Mr. Taylor, "but that does not mean that I must go home. In the Orient we felt if we could get back to Honolulu we would be close enough and this is as fine a place to loaf in as I know. Several more from the Orient and Australia are following this same plan. With 12-week night messages for \$2 and week-end 24-word letters for \$2.50 I can do my business from Hawaii, so I say if we must have war 'let 'er rip.' We are very happy and comfortable here."

The Taylor party arrived in Manila at the first of the big carnival there but saw little of it. One day was spent in unpacking and the other in packing up again.

"There is no more occasion to be alarmed over there than there is here," says Taylor, "but here one feels like he is right in the United States with a boat every week and often, too, and we preferred being here although we did not intend that our vacation should be broken up by hostile signs."

## MANY APPLY FOR INSPECTORSHIP

An even dozen have filed applications for the liquor license inspector's position which was made vacant by the death of W. F. Fennell. The Star-Bulletin has already reported three of those of J. H. Fischer, W. H. Hutton and A. W. Seabury. Five more have been filed with Acting Secretary Richard Cooke of the liquor license commission, Harry Juen, Mounted Police Officer J. B. Kramer, former Probation Officer John C. Anderson, William M. Templeton of Wahiawa, and Harbor Policeman A. E. Carter. Four more have been filed with Secretary Carlos A. Long of the liquor license board—F. B. Joy, Probation Officer Joseph Leal, James L. Holt and A. E. Thicker. A meeting of the liquor license commissioners will be held tomorrow to consider the applications.

### FORM STATE COUNCIL

MANILA, P. I.—Governor General Francis E. Harrison has made an announcement of the impending formation of a council of state to act in an advisory capacity. The council will include the president and speaker of the house, who declined to accept secretariats.

## Prof. Hertzog Praises This Perfect Laxative

Dr. Caldwell's Syrup Pepsin an Ideal Remedy for Constipation

In every family there is more or less occasion for a laxative remedy. It is to meet this need that Dr. Caldwell's Syrup Pepsin is prepared, and that this combination of simple laxative herbs with pepsin fulfills its purpose is proved by its place in thousands of American homes.

Prof. F. J. C. Hertzog, the well-known linguist, 2341 North Orianna St., Philadelphia, Pa., wrote to Dr. Caldwell that he has used Dr. Caldwell's Syrup Pepsin in his household with excellent results and that he and his family consider it indeed a friend in need, and always keep a bottle of it on hand.

Constipation is the direct cause of much serious illness and is a condition that should never be neglected. Harsh cathartics and violent purgatives should never be employed to relieve constipation, because the very violence of their action shocks the entire system. A mild laxative such as Dr. Caldwell's Syrup Pepsin is far preferable, being mild and gentle in its action, without gripping or other pain or discomfort; its freedom from all opiate or narcotic drugs makes it an ideal remedy for children.

Dr. Caldwell's Syrup Pepsin is sold

## SILK FACTORY PLAN IS STILL KEPT IN MIND

Honolulu, or at least some place in Hawaii, may have a silk factory, as has been told in the Star-Bulletin. No definite arrangements have been made; the plan is only in a prospective stage, but John Stewart, an extensive silk manufacturer of New York City, who is visiting here now, is still making plans.

Mr. and Mrs. Stewart are at the Pleasanton Hotel and besides planning a silk mill for Hawaii are contemplating the purchase of a home on the location for one where a magnificent residence may be built. Stewart is strong for the silk mill, his wife only wants the home.

"We want to live in Hawaii and enjoy its soft night air and cool breezes and warm sun and foliage that is always green," says Mrs. Stewart. "We want a pretty little plot with a babbling little brook running through it where we can truly live. There is enough business for us in New York without starting in all over again here."

On the other hand Stewart believes the distance from here to China, the small difference in freight rates, between raw and finished silk and the favorable labor conditions here all make for an ideal location, and although he goes hunting the ideal home with the brook flowing through it—yesterday he dressed in khaki and actually took a plank along in his car to cross the brook should they find one—his heart is set on the silk plant. It is understood that he has also been to Maui with an eye to a possible location there.

Mr. and Mrs. Stewart were here for some months, went to Australia and quite recently returned, saying they wanted to be near home, and Honolulu was close enough, in such troublesome times.

## MORTALITY OF INFANTS HIGH

That of the 113 deaths on Oahu in February over 25 per cent or 29 were babies under one year old is the astonishing condition brought to light by the records in the bureau of vital statistics and clearly shows how great is the need for education among the mothers in the poorer parts of the city. A start has just been made along this line by Palama settlement in the formation of its babies' welfare station. The cause of death among these infants, according to the report, indicates that it is due to improper feeding to a great extent. It was said at the bureau that this condition is not unusual.

Other interesting facts in regard to the age at which persons die here shows that last month between the years of one and 19 only nine died while between the ages of 20 and 59 the average for each of the 10 years is 13. Between 60 and 70 the deaths were 17.

The number of deaths was also exceptionally high for February, being the second in size for the past 20 years. February, 1911, the number reached 117.

The number dying from the more common diseases is: Tuberculosis, 13; pneumonia, 8; "social" disease, 6; heart disease, 4; typhoid fever, 2; automobile accidents, 3; leprosy, 1; and gangrene, 1.

Death by nationalities is as follows: Japanese, 27; Hawaiian, 26; Chinese, 23; Americans, 8; Portuguese, 8; Germans, 5; Filipinos, 3; British, 2; Koreans, 2; Russians, 1; Spaniards, 1. The number of births during February was 241 and marriages 144.

in drug stores everywhere for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois, or by calling at Benson, Smith & Co., wholesale distributors, Honolulu.

## Katherine Stinson Is Due Here On April 22

Miss Katherine Stinson, the American aviatrix who has been making a sensation with her flights in Japan, will arrive in Honolulu on the Shinyo Maru April 22. Miss Stinson is now in Shanghai, and will return to Japan early in April, leaving Yokohama on April 12.

The American girl was the first woman to conquer the air in Japan, and furthermore was the first to make a flight dressed in a Japanese kimono. The aviatrix has been unusually popular in the Orient, and her ability to adapt herself to the customs of the Japanese has gained her many friends.

When the American girl arrived in Japan the people expected to witness a few flights not far from the ground, but on her first appearance she soared to a great height and then looped the loop to the astonishment of the people of Nippon.

Large crowds witnessed her flights in Tokio, Osaka, Nagoya and other cities, and she was welcomed by the Japanese interested in aviation. She was especially invited to give two exhibitions after her return from Shanghai.

The Aero Club of Hawaii has asked the American bird woman to give an exhibition in Hawaii, and word is expected from her manager at an early date. In case she appears here she will be the first woman to make a flight in these islands.

## ANNOUNCEMENT MADE OF NEW DAVIES DIRECTORS

Formal announcement has been made by Davies & Company of the reorganization of the directorate made necessary by the death of the managing director and president, Francis M. Swanzy. The following gentlemen are now the directors of the company: T. Clive Davies, E. H. Wodehouse, Capt. G. F. Davies, W. H. Baird, G. H. Angus, James Wakefield, J. N. S. Williams.

## AD CLUB ADDS FEATURE TO LUNCHEON PROGRAM

Still another attraction has been added to the already attractive program announced for the Ad Club luncheon Wednesday. The addition was announced late yesterday afternoon. It said that P. E. Staffors, recently of Shanghai, would entertain with a Chinese act in costume.

## LOWER CALIFORNIA KEEPS OUT OF STRIFE AND GROWS PROSPEROUS

SAN DIEGO, Cal. Feb. 19.—Affected only indirectly by the series of revolutions that have scourged Mexico in recent years, the inhabitants of the territory of Lower California are continuing their usual pursuits without molestation and under the leadership of Military Governor Esteban Cantu are entering into an era of progress that portends an important development in the agricultural and industrial life of the peninsula.

Governor Cantu has held aloof from the internecine warfare that has ravaged the other state of Mexico and because of Lower California's isolation the people under his rule scarcely have been brought into touch with conditions existing beyond the waters of the Gulf of California.

Although a soldier by choice, Governor Cantu has proved during the few years that he has controlled the territory that he leans strongly toward the pursuits of peace. Coming into power in December, 1914, when Baltazar Aviles, civil-governor, was overthrown in a bloodless uprising at Tijuana, the then Colonel Cantu began to reorganize the economic life of Lower California.

First he sent Aviles' followers to the farming districts in the south and admonished them to abandon the rifle and till the soil; then he set about to develop the agricultural, mining and shipping resources. A program of business expansion, just announced, has for its object the stimulation of trade relations between his people and those of the Pacific coast of the United States.

Always a friend of Americans, Governor Cantu holds the respect and confidence of authorities and businessmen here and it is understood he will welcome American capital in developing the little-touched resources of Lower California.

Under Governor Cantu's administration the traffic in opium, which formerly flourished, now has been greatly curtailed and it is believed will be abolished when the reforms now under consideration are put into effect.

Although a large part of Lower California is mountainous and there are wide stretches of desert, vast areas of land as fertile as any in all Mexico are awaiting only the farmer's plow to wring wealth from the ground. Similarly, the mining resources of the territory—gold, silver, copper and iron ore—scarcely have been touched. It is to bring the agricultural and mining industries to a state of high development that Governor Cantu has encouraged the natives to greater efforts by giving them land grants.

At present the only means of transportation from Ensenada, the main

Miss Katherine Stinson, American aviatrix, who has been asked to make exhibition flights in Hawaii. This photograph was taken just previous to one of her flights in Tokio, when dressed in a Japanese kimono she electrified the people of the Japanese capital with her spectacular performance thousands of feet above the ground. Miss Stinson, as shown here, has adapted herself to the customs of the Japanese.

## PROSPERITY IS SEEN IN REPORT OF PEPEEKEO CO.

That the 1917 crop of Pepeekeo Sugar Company, planted on practically the same area as was the 1915, will be about the same as was the crop of that year, is the forecast rendered to stockholders yesterday by Manager James Webster at the annual meeting of the company. In 1915 the estimate was 10,500 tons and the actual harvest 11,948, while this year the estimate is a thousand tons greater and if it shall be exceeded by actual harvest as was the case in 1915, this year's crop would be considerably greater. Extensive additions to boiling house held back the start until late in January. Wet weather also held the field work back.

Conditions at the start of 1918 crop were very favorable, the report says. Homesteaders made an effort to get their land in cane and did so, but heavy rains hit the upper lands rather severely. The company's own fields, however, are reported to have thickened up appreciably over the 1916 crop.

Trouble in the boiler house was rectified in a thorough overhauling of that plant. All of the old boilers were taken out and 50 per cent were re-erected. Much new apparatus was installed during the year and more is on the way for installation.

Net profits for the 1916 crop were \$37,280.41, and the company's profits for the year came to \$415,959.04. During the year the company paid 50 per cent dividends amounting to \$275,000. In 1915 dividends of 36 per cent were paid. And with the 14 per cent larger dividends there was added to the balance brought forward \$40,959.04. The capital account is increased \$31,844.35.

Thus it appears that prospects for Pepeekeo are extremely good and that the company is in excellent position financially and physically.

## SPANELL FREED; CROWD CHEERS

[By Associated Press] SAN ANGELO (Tex.)—A verdict of not guilty was returned after less than two hours' deliberation today by the jury in the case of Harry J. Spanell of Alpine, Tex., tried on a charge of killing his wife, Crystal Holland Spanell, last July. Spanell was not in court to hear the verdict, which was cheered by many spectators.

Mrs. Spanell and Lieutenant-Colonel M. C. Butler of the Sixth Cavalry, U. S. Army, while in an automobile in which they were driving with Spanell, a short time after the party had left the hotel operated by Spanell in Alpine, Tex.

Spanell broke down when the verdict was given to him in his cell. He sobbed "Crystal, oh Crystal!"

Visitors besieged the jail, but because of Spanell's condition, were not allowed to see him.

Judge Duboise, in the District Court here late today released Spanell in \$5000 bond, in the case charging him with the killing of Lieutenant-Colonel Butler, and granted a change of venue to Coleman, Coleman county, Tex. The case probably will be called at the May term of court.

Spanell's attorney announced that he would spend the night in jail. No reason was given.

## KALAKAUA LINE BE READY SOON

The street cars of the Honolulu Rapid Transit and Land Company are to be running on the new track on Kalakaua avenue in two months, according to C. G. Ballentyne, manager.

According to George M. Collins, city and county engineer, the transit company is making unusually good progress and the company is using every means to have the work finished as soon as possible.

While provisions have been made for a double tracking of the line it will probably be several years before the double tracks are installed, Ballentyne said. The sidings, however, are to be increased from 600 to 1000 feet both at the upper end of the avenue and at Kapiolani Park, which will greatly increase the efficiency of the line.

Several orders for new equipment have been placed, including 10 new cars and rails and other supplies necessary for double tracking from Fort Shafter to McCully street and the installation of the new school street line. To increase the life of the company is also planning to erect a plant for boiling the ties in oil under pressure.

### COLLEGE GETS \$150,000

HARTFORD, Conn.—A gift of \$150,000 from J. P. Morgan of New York to aid the campaign for an endowment of \$1,000,000 for Trinity College of this city has been announced. The endowment is to be used for increased salaries for the faculty and for a new chapel and gymnasium.

## MAJOR BELLE REYNOLDS, WOMAN WHO WON CIVIL WAR FAME, VISITOR HERE

Noted Veteran, Commissioned for Gallant Service By Illinois Governor, Returns to Honolulu After 18 Years—Went Out to Philippines in '99 With Red Cross

The only woman in the United States bearing the military title of major is visiting in Honolulu.

Mrs. Major Dr. Belle Reynolds is the illustrious woman. She is at the Moana Hotel and although her titles are not signed in full on the registration cards they are truly triplefold.

Mrs. Reynolds is 78 years old—nearly the age of Hawaii's last and living queen, Liliuokalani; has survived active participation in two great wars, the Spanish and Civil; is still bright-eyed, active, healthy and ready to do her part should another great struggle embroil the United States.

To her patients Mrs. Reynolds is "doctor," but to her intimate friends and the few remaining comrades in the G. A. R. with whom she marched and fought against the South, she is lovingly thought of and addressed as "Major Belle."

With her husband, Mrs. Reynolds enlisted at Peoria, Ill., in one of the first volunteer companies—the 17th Illinois Infantry, preferring a life of activity and stirring adventure to the one at home and together the couple, who had been married a year before the war, went through the whole bloody strife, sharing sorrows and pleasures, defeats and triumphs together in the Army of the Tennessee. Neither were wounded or seriously injured through the whole campaign.

Commissioned by Governor. For gallant service on the battlefield of Shiloh in the care of the wounded and the dying shortly after the war began, the doctor was commissioned a major by Gov. Richard Yates, Sr., of Illinois and the proud light that glowed that memorable day still gleams in the major's eye and the memory of it is as of yesterday as she tells of the event.

"This woman deserves a commission more than half the men I give one to," he said to his staff as Mrs. Reynolds stood before him, "and I'll make her a major because a woman should outrank her husband," the governor concluded with a smile as he set his hand and seal to the prized document.

As a slip of a girl scarcely more than 20 Mrs. Reynolds, knowing nothing then of the science of medicines and surgery, her chosen profession now, did gallant service on those bloody fields when there was no Red Cross, while her husband, Lieut. W. S. Reynolds, adjutant of his regiment, was up front in the thickest of the fight. That came to the governor's ear and he immediately sent for her and gave her the commission, the only

## ADDITIONAL TELEGRAPH NEWS

### MANY AIR COMBATS ON WEST; TEUTON TRENCHES RAIDED

(Associated Press by Federal Wireless) LONDON, Eng., March 6.—British raids in the night on the coast of France in the Arras sector are reported in the official announcements made by the war office last night. The Germans lost prisoners and guns, together with some munitions as a result.

Aerial combats are also reported by the war office. The British are reported to have downed six German aeroplanes, while the British lost two, and five are missing, and may have been downed. The French also report air fights, with the downing of three German aeroplanes and the loss of two French.

### BRAZILIAN PRESS DEMANDS SEARCH FOR GERMAN PLOTTERS

(Associated Press by Federal Wireless) RIO JANEIRO, Brazil, March 6.—The Brazilian press is almost a unit in demanding that the government take steps to learn the truth of the many rumors regarding the presence in Brazil of bodies of armed Germans. It is demanded that the government trace the movements of Germans and any recent importations of or purchases of arms.

It is further demanded that the government beware, the editors urge upon the government to take immediate steps to suppress the machinations.

### GERMAN WIDOWS REFUSE FINANCIAL AID FROM U. S.

(Associated Press by Federal Wireless) THE HAGUE, Netherlands, March 6.—Angered at the diplomatic break with Germany by the United States, and in order to show the resentment that is felt throughout Germany against the attitude of the American towards the German people of the war, the German widows and orphans have refused to accept the half million marks contributed towards their relief in the United States and brought to Germany by former Ambassador Gerard.

### SUPREME COURT HALTS FOR INAUGURAL CEREMONIES

(Associated Press by Federal Wireless) WASHINGTON, D. C., March 6.—For the first time since 1877 decisions rendered by the supreme court have been held over from the first Monday of the month. Yesterday, according to all the precedents, was "decision day" in the highest court of the land, but because of the inauguration ceremonies and the fact that the day became a public holiday, two score decisions were not made public.

### FRENCH LINER COMES SAFE THROUGH SUBMARINE ZONE

(Associated Press by Federal Wireless) BORDEAUX, France, March 6.—The French transatlantic liner Chicago, with ninety Americans on board, arrived here safely yesterday after dodging the perils of the Tonician submarines in the war zone. She reports a pleasant trip, although a rather anxious one.

### "CURES" ARE BARRED

(The Associated Press) MELBOURNE, Australia.—Importation of all preparations purporting to be remedies for alcoholic or drug habits have been prohibited in Australia.

of its kind in the United States today. He also presented her with his magnificent horse, one of the finest in the state.

As Mrs. Reynolds' mind goes back more than half a hundred years, she recalls incidents of romance in that great struggle and wanders on through scores of exciting incidents, all of which would make interesting reading.

Meeting Long Afterwards. For instance, at her very outset of the war when the major was just plain "Mrs. Belle" and not hardened to the fatiguing marches, the colonel gave her permission to ride on one of the wagons with big white-haired "Sam" Davis who, says the doctor, could swear prettier than any man she ever heard.

During the march there was a breakdown and with a musket slung across her back, Mrs. Belle went on ahead. When she was nearly ready to drop in the hot sun, a strange officer caught up with her on horseback and insisted that she take his horse, telling her to tie it when she got tired of riding. In turn she discovered a wounded soldier of her regiment and turned the animal over to him with the same instructions. She never knew who the officer was but years after at a G. A. R. meeting she met the soldier whose life she saved.

Major Reynolds is also regent of the Daughters of the Revolution of Santa Barbara, her present home, her great grandfather being Abner Cooley of Deerfield, Mass., in which state she was born, and a soldier in the siege of Ticonderoga.

Here 18 Years Ago. Some years after the Civil War Mrs. Reynolds took up the practice of medicine, graduating from the Hahnemann Medical College in Chicago and then roamed about the world considerably, going to China in 1878 in an old side-wheeler, Colorado, that took 35 days to cross the Pacific. In 1899 she passed through Honolulu on her way to the Philippines as a member of the Red Cross and the only woman on board the transport Senator with 900 soldiers. She was in Manila a year and returned in the transport Sheridan, still on the same run.

Mrs. Reynolds is modest about her record, but it is known that she was, as she still is, one of the best-known women in the United States; a friend of presidents, including General Grant, and an article in Harper's of June 22, 1862, has facts and pictures of her that weaves the whole beautiful tale.

Mrs. Reynolds is modest about her record, but it is known that she was, as she still is, one of the best-known women in the United States; a friend of presidents, including General Grant, and an article in Harper's of June 22, 1862, has facts and pictures of her that weaves the whole beautiful tale.

## SWEDISH PREMIER AND CABINET QUIT OFFICE

(Associated Press by Federal Wireless) DES MOINES, Iowa, March 6.—War upon potatoes in the United States has been asked for these tubers, has been declared by the chamber of commerce, the women's clubs of the city and the restaurant proprietors, who have bandaged together in a strict boycott. The ones who have been storing and holding potatoes for high prices have been notified that a potatoes will be purchased until the price comes down. In connection with the boycott, the mayor of Des Moines has announced his intention of going before the grand jury to secure the punishment of those dealers who may be in a combination to force up the price of this food. Almost as soon as the boycott was announced, the price of potatoes began to fall.

### U. S. TORPEDO DESTROYER DAMAGED IN HEAVY GALE

(Associated Press by Federal Wireless) ASTORIA, Oregon, March 6.—The torpedo boat destroyer Goldsborough reached here yesterday badly hurt by a heavy gale at sea. She was on her way from Bremerton navy yard to Portland when caught in the storm. Her wireless was smashed by the wind and waves, her life boats torn adrift and lost, and her rudder damaged.

### TWO KILLED, FIVE WOUNDED IN PACIFIC COAST BATTLE

(Associated Press by Federal Wireless) SAN FRANCISCO, Cal., March 6.—Five men were killed and two mortally wounded and three others badly wounded by the outbreak of the long-expected long war yesterday. The war broke out simultaneously in Oakland, Stockton, San Jose and Seattle. Frightened toughs fled to Sacramento, which is neutral ground for safety.

### SCHOONER BURNED AT SEA

(Associated Press by Federal Wireless) MOBILE, Alabama, March 6.—Word has reached here of the loss of the Hawaiian schooner Oscar G, formerly the Hoodrunk coast. She was on her way from Bremerton navy yard to Portland when caught in the storm. Her wireless was smashed by the wind and waves, her life boats torn adrift and lost, and her rudder damaged.

### DRASTIC MEASURES PROPOSED TO QUELL CUBAN REVOLTS

(Associated Press by Federal Wireless) NEW YORK, N. Y., March 6.—President Taft from Havana last night authorized that President Manuel of Cuba has asked for the suspension of all export goods to Cuba and that all export goods to Cuba be suspended. He also authorized that all export goods to Cuba be suspended.

## PORTLAND PLAYERS GRADUALLY ROUND TO SHAPE; HARD PRACTISE YESTERDAY

### If Pitchers Can Show Something McCredie Would Have Sweet Ball Club for 1917—Young Pitchers Balk at Eating Chinese Fodder—Players Discuss Size of Diamond—En Sue Would Have a Cinch if Haughton's Plan Went Through

Between showers the Portland team held a stiff workout yesterday afternoon at the ball park, and McCredie was a busy man, giving the men some new pointers on how to hurl the ball and how to hit it. The Portland tilters stepped up to the plate yesterday afternoon and gathered a number of hits against the Hula pitchers and they will be ready for the locals in the coming games.

McCredie was naturally disappointed at losing the Sunday game, but said that the locals played good ball and would make up for it on Saturday when the Hulas meet the Chinese at the ball park. After a stiff workout the players were given a run around the field about six or seven times, and then pau for the day.

### Holly Looks Good

This little fellow Hollacher, who is handling the shortfield position, looks better every day and ought to make a great fight for a place in the Portland infield. If he continues to hit as he has here, then the shortstop job will be settled. McCredie ought to get two or three pitchers out of the bunch now here, and with Fincher, Brunton and Leake the Hulas may round up a good pitching staff to battle for the honors in the Coast League.

### The Diamond Change

Portland players talked on every topic from how not to hit to political economy and in the course of discussion the topic of the changing of the diamond as suggested by Percy Haughton. In reality the diamond proper is a square measuring 90 feet on each side.

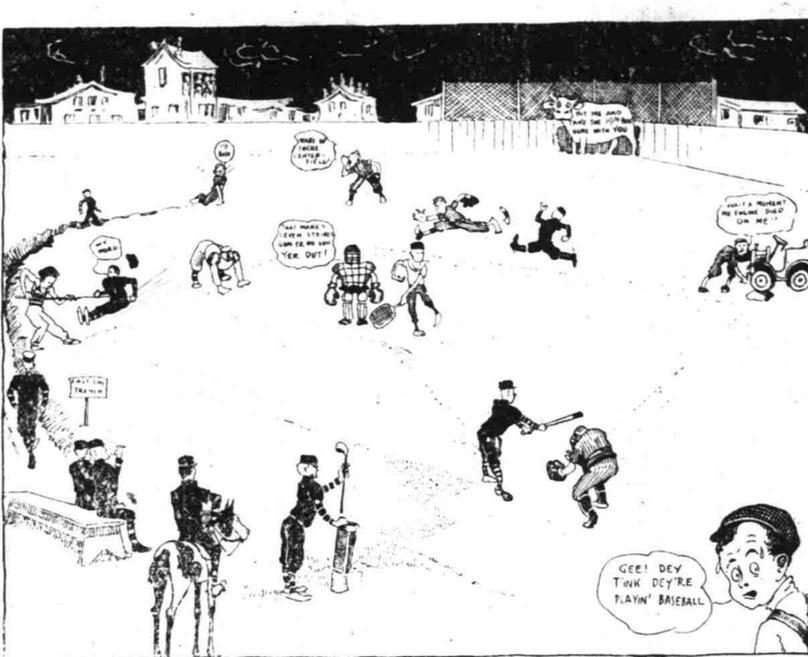

### PLAN IDENTIFICATION CARDS

(By Associated Press)  
PARIS, France.—All foreigners traveling in France or its colonies and protectorates may be obliged to carry an "identification card" after the war. The chamber of deputies is discussing a law to that effect, which also provides that naturalized foreigners shall carry an identification card for ten years following the issue of their papers.

## BABY REGIMENT MEETS PORTLAND TEAM TOMORROW

For the first time since the 32d Infantry was organized the Baby Regiment baseball team will play in a feature game in Honolulu. The Schofield Infants will clash with the Portland Hulas tomorrow afternoon at Athletic park at 4 o'clock.

## ARMY OFFICERS PLAY CLUB MEN ON MARCH 17TH

Game for Benefit of Army Relief Will Be Staged at Athletic Park on St. Patrick's Day

On St. Patrick's Day in the afternoon the baseball team which has been gathered from the stars at the University Club and Country Club will meet the Army Officers' aggregation at Athletic park, the game to be played for the benefit of the Army and Navy Relief.

## SOUTH AMERICA MAY SEND POLO PLAYERS TO U. S.

In order that America may have some international polo during the present year, the National Polo Association, at its annual meeting in New York, will consider a series of matches with the Argentine Republic probably during the Narragansett season. There is a remote possibility that Spain may also send a team to this country.

## CHINESE BEAT NATIONAL TEAM

### Last Night's Bowling Match

All-Chinese 4, Nationals 0  
Tonight's Match  
Honolulu vs. Ft. McDowell

The All-Chinese continued their victorious career in the Y. M. C. A. Bowling League last evening. The Chinese bowlers triumphed four times over the Nationals and thereby held their own with the crack Oahus, who are setting the pace.

There were two outstanding features of last night's match. One, was the very fine work of W. A. Chan, who was being tried out by the Nationals. The recruit averaged 140 and was very consistent in his work throughout the match. Lieut. Ho furnished the other feature by averaging over 190 and bowling 237 in the second game for the best effort of the evening.

K. T. Pong was very good and Young and Ching also bowled well for the All-Chinese. Bill Jordan continued his fine work as anchor man of the Nationals by averaging 180. Capt. Louis Stephens started well but slumped in the last two games.

Last night's lineups and scores:				
All-Chinese				
Young	158	165	179	532
Ho	171	237	162	571
Sing	167	154	144	465
Ching	203	170	166	539
Pong	180	186	194	560
Totals	909	912	846	2667
Nationals				
Bent	111	140	136	387
Chan	195	194	176	565
Kai Luke	126	133	125	384
Stephens	190	137	125	452
Jordan	201	178	180	559
Totals	823	782	722	2927

## SOME PEPPER

By Malt Wayson

When Kan Yen gets behind that par, there's cheers from every baseball fan who wants to see the runner's go, and then get killed by "Kanky's" throw. When Walter Mack lugged Kan Yen's peg, he sighed for each purloining leg who tried to wander off the sacks, as "Kanky" stopped them in their tracks. This kid who handles that big mit can throw and run and sure can hit that ball to corners of the lot. Outside of this it's all he's got. When April comes around this year, no more the fans with welcome cheer will yell for him to hit the wall. No more will shout, "Kill that old ball. The kid who heaves the ball around and cracks the sphere with welkin sound will journey to the land of Mack, and it's a cinch he'll not be back. In Portland town or in Spokane, the fair fannette and ardent fan will cheer the same when "Kanky" throws, and yell aloud when out he goes. The peeper kid with heady ways will surely set the fans a-craze and Walter Mack will say in glee, "Just one more boost for Wal-kiki!"

## STAR ATHLETES INSURED

CHICAGO, Ill.—Joie W. Ray and Ivan A. Myers have been insured by the Illinois Athletic Club for \$10,000 each against injury on their trip to Boston, where they will compete in the games in that city February 3. Ray is the holder of the world's record at one and a half miles and he is also national two and five-mile champion. Myers is national one-mile champion and western college conference record-holder for one mile.

## COURT CUSTOM IN PARIS IS SUDDENLY REFORMED

(By Associated Press)  
PARIS, France.—Madame Louis J. Malvy, wife of the minister of the interior, is credited with reforming the court custom, as old as republican institutions in France, of calling to the bar a married woman cited as a witness in court as "Woman Leblanc" or "Woman Lebrun" as the case might be, and an unmarried woman as "Girl Lebrun" or "Girl Leblanc."

## STAFF WINS SKATING HONORS

SARANAC LAKE, N. Y.—Arthur Staff of Chicago won the international outdoor amateur skating championships for seniors, and Charles Jewstraw of Lake Placid won the championships for juniors here in the closing events of the midwinter carnival.

James Stillman remitted to President Poincare a check for 1,000,000 francs (\$200,000) for distribution among the children of members of the French Legion of Honor who have been killed in the war.

## UPSET IN MATCH AT POLO COURTS

### Edith Stubbs and Pearl Josephson Win From Alice Hopper and Maile Vicars

In the biggest upset in tennis circles in some time, Miss Edith Stubbs and Miss Pearl Josephson defeated Miss Alice Hopper and Miss Maile Vicars in the first round of the ladies' doubles at the Polo Club courts yesterday afternoon by the score of 6-2, 6-1.

It was expected that the match would be taken in straight sets by the losers, but Miss Stubbs and Miss Josephson played remarkable tennis throughout the match, and made a number of returns that went for points. It was their great play which carried the match to an easy victory. Miss Stubbs used the loft stroke to perfection, and her lobs as a rule went safe. Miss Josephson played sterling tennis throughout the match, showing much better play than in the singles.

Miss Maile Vicars did not play tennis yesterday afternoon. Throughout the match she missed net shots, failed to return easy shots to the base line, and only in one game did her hard service count for much. She was clearly off her game, and not once during the afternoon did she show the class of tennis which she exhibited in the singles play. Her showing was a big disappointment yesterday afternoon.

Miss Alice Hopper played better tennis, but team work was lacking, and neither one of the team played up to the form expected, judging from their great work in the singles. Despite the poor showing of the team, the opponents continued to play sensational tennis and proved the biggest surprise in tennis circles during the year.

This afternoon, at 3:30, Miss Kathryn Williams and Miss Pauline Schaefer will meet Miss Ruth Anderson and Miss Ruth Richards in what is expected to be a close match. At 4 o'clock Mrs. Coulter and Miss Ward will meet Miss Stubbs and Miss Josephson, and at the same hour Mrs. Belin and Miss Janet Storrs will meet Mrs. Gordon and Miss O'Sullivan.

Figuring on the play to date, the finals should be played between Mrs. Coulter and Miss Ward and Mrs. Belin and Miss Storrs. It would not be at all surprising if this proved to be a feature match of the tournament.

### MAKE TEACHING ATTRACTIVE

(By Associated Press)  
LONDON, Eng.—The teaching profession is to be made attractive for partially disabled officers and men. Already the board of education has let down the bars to examinations so as to consider proposals for admission to training colleges of men discharged from the army, who though not possessing any of the examination qualifications usually required, appear likely to complete a course of training satisfactorily. The board will not expect the same standard of physical efficiency as is required of ordinary students.

## PUNAHOU LOSES STAR ATHLETES FOR BIG MEET

### Track Team Will Lose Number of Good Men in Cornell Games; Tryout Today

(Special Star Bulletin Correspondence)  
OAHU COLLEGE, March 6.—Punahou's hopes for second place in the Cornell meet went glimmering this afternoon when the faculty decision on scholastic eligibility was made known. A number of men counted on as point winners were laid on the shelf for at least this first meet though it is hoped that they may raise their marks by the championship of March 24.

Noble Kanhane, the only real sprinter in school and also the best broad jumper; Harrison Rice, another sprinter and broad jumper; Johnny Fassoth, shotputter; Lorrin Andrews, miler; Chris Willis, sprinter, and a number of others were scratched.

A careful survey of the remaining fragments will be made today. Times will be taken and an effort will be made to construct a team able to make a creditable showing.

Several youngsters will try out as milers. It may be that Joe Peleko and Russell Reeder will take parts of the quartette for the four-mile relay. Lewers Paris, Francis Bowers, Oliver Emerson and Douglas Crozier are also trying for places. George Leal, Kenneth Decker, Howard Smith, Durant Stanley, Tom Singlehurst, Bob Mahloka, Harold Harvey and probably one or two more may be called upon to form the two-mile and the one-mile relay teams. Just what will be done for an 880 relay team is a puzzle. Probably a few ex-crosscountry runners will show up and win the places. Clarence Blake and Fred Peterson are expected to be two of the four.

The weights are conceded to Kam and St. Louis. Kam doubtless has the hurdles, too. What will happen in the pole vault and high jumps is uncertain. Peterson, Harvey and Watt may do something for the Buff and Blue there, but St. Louis and Mills have the best bet for the broad jump. The distance relays will probably be fought out between Kam, Mills and St. Louis; while Kam's 880 team looks A-1.

Much interest is centered in the two-mile and the half-mile relay, for both of these events the Cornell Club of Hawaii is offering handsome cups.

from the army, who though not possessing any of the examination qualifications usually required, appear likely to complete a course of training satisfactorily. The board will not expect the same standard of physical efficiency as is required of ordinary students.

### Why B. V. D. Is Best For Your Body And Most For Your Money

LOOSE Fitting, Light Woven B.V.D. Coat Cut Undershirts and Knee Length Drawers are correctly cut as to size and there is a shapeliness to the garments that makes them hang smoothly and evenly, with neither too much fullness nor too little.

The garments are tailored with noticeable balance and drape and they retain both, no matter how much worn or how often washed.

We use only materials worthy of B. V. D. reputation, and we reject all others which do not pass our tests for strength, durability and for coolness of wear.

B. V. D. Underwear has gained worldwide popularity through its intrinsic merit.

AUCTION BULLETIN

We have inventoried the Macfarlane China and Glassware, etc., and are awaiting orders from the Trust Company to offer these goods to you. Many inquiries are made daily. We hope there will be no great delay as they occupy quite a lot of floor space in the rooms that we need and quick action is the essence of the auction business. Visitors cannot understand why these unique and rare things are not promptly sold. The real reason seems to be that they were stored so long that the owner has forgotten them and required an inventory to refresh his memory. This has been forwarded to him in New York and selling orders are expected shortly.

Furniture continues in steady demand, and any usable goods will find prompt sale at Honolulu Auction Rooms. J. S. Bailey.

Senator Charles F. Murphy, of Brooklyn introduced bills to repeal the Hewitt law fixing the license for motor trucks and omnibuses and for the appointment of a commission to prepare a new schedule of license rates.

POTATO FIELD 18 MILES LONG IS PLAN OF FRANCE

[By Associated Press] PARIS, France.—A band of territory about 150 yards wide and eighteen miles long skirting the fortifications of Paris and now uncultivated will probably be planted to potatoes next spring. The mayors of the 20 arrondissements, or wards, of Paris have arranged to meet and settle the details.

This land still belongs to the nation, but the city of Paris will eventually come into possession of it when the fortifications are demolished, in pursuance of an arrangement with the government. It will then be transformed into parks, boulevards, public playgrounds and sites for public institutions. In the meantime the cultivation of it will in no wise interfere with the plans for the future.

If the coming season is at all favorable to the crop, France will have a record yield of potatoes. The movement for the planting of all uncultivated land to either potatoes or Jerusalem artichokes has become general and official. A government commission is getting ready to furnish seed and fertilizers to all who want to help swell the crop.

The Illinois Public Utilities Commission has authorized the Public Service Company of Illinois to issue \$5,000,000 indenture bonds.

HIGH SHERIFF'S SALE NOTICE.

Under and by virtue of a Writ of Execution issued by the Honorable J. M. Monsarrat, District Magistrate of Honolulu, City and County of Honolulu, Territory of Hawaii, on the 26th day of January, A. D. 1917, in the matter of Smoot-Steinhilber, Limited, a corporation, Plaintiff, vs. E. C. Pohlman, Defendant, for the sum of Sixty Seven and 83/100 Dollars (\$67.83), together with costs, interest and my expenses, I did, on the 3rd day of February, A. D. 1917, levy upon and shall offer and expose for sale and sell at Public Auction to the highest bidder, so much of the property hereinafter referred to as may be necessary to satisfy the said Writ of Execution, at the front (mauka) entrance of the Judiciary Building, in Honolulu aforesaid, at 12 o'clock noon of Wednesday, the 7th day of March, A. D. 1917, unless the sum due under said Writ of Execution, together with costs, interest and my fees and expenses are previously paid.

Property to be Sold: All the right, title and interest of the said Defendant, E. C. Pohlman, in and to 63 Shares of the Capital Stock of the Hurd-Pohlman Co., Ltd., an Hawaiian Corporation.

Terms of Sale: Cash in United States Gold Coin.

Dated at Honolulu, City and County of Honolulu, Territory of Hawaii, this 3rd day of February, A. D. 1917.

PATRICK GLEASON, Deputy High Sheriff, Territory of Hawaii. 6700—Feb. 3, 17, Mar. 6.

Serjt. Charles Shank of the 17th Infantry, who was shot in the stomach while on provost guard duty in the colored district of Columbus, N. M., is dead. 6725—Mar. 5, 6, 7, 8, April 7, 9.

LOST
