### U. S. Navy Ready to Put Officer, Armed Guard on Merchant Ships Bound Through War-Zone

#### NEW YORK BANKS EXPECTING CALL FOR LARGE LOAN

Financial Institutions of Metropolis Make No Advances Looking to the Promotion of Any New Enterprises, Anticipating Government Call

"New York banks have been asked not to loan money on new enterprises," said A. W. Perry of Boston, sole owner of the Plant Steamship line, who is now in Honolulu. "The government is expected to call upon the banks of the metropolis for \$500,000,000, and perhaps a billion dollars for war purposes."

When seen this afternoon Perry said that he had received information from the main offices that the New York banks were not loaning money on new enterprises during the past month, and it was expected that a call would be made upon the National banks in the very near future.

Perry owns the line of steamers operating between New York and Bermuda and New York and the provinces of Canada. During the past few months he has become convinced that freighters will pay more than passenger boats, and since his arrival in Honolulu has closed a deal with the Oriental Navigation Company for the sale of one of his liners. The purchase price was announced at \$400,000.

#### Boats Refitted for Freight

Passenger boats are rapidly being refitted for freight, and all along the Atlantic coast the owners have decided to remodel their passenger boats into vessels carrying freight. The freight rate paid from New York to Liverpool has reached \$40 a ton at the present time, and is gradually on the increase. The war insurance alone on the liners is placed at 6 per cent of the valuation.

When asked regarding the possibility of a company starting a new line in the Pacific, Perry said that he believed that Honolulu was well supplied with steamers and in speaking of the public rooms of the Great Northern, said that they were the best in the world, with the possible exception of the Nautilus.

Your climate is ideal here, and I have been enrolled as a member of the "Come Back" Club. This is my fourth visit to Hawaii and I expect to come back every year. I have spent five winters in Egypt, and have visited practically all of the famous winter resorts of the world, but can safely say that no place quite comes up to Hawaii. The sons of Hawaii have been ringing around the world, and have helped to place Hawaii on the map as a mecca for globe trotters of the world.

#### PLOT TO BLOW UP TEUTON SHIPS AT PHILADELPHIA

(Associated Press by Federal Wireless)  
PHILADELPHIA, Pa., Mar. 13.—According to well defined reports, a plot to destroy the German liners Kronprinz Wilhelm and Prinz Eitel Friedrich, the converted cruisers interned at this port, has been discovered by the authorities, who have made five arrests in the matter, two of those seized by the authorities being, according to report, blood relatives of Kaiser Wilhelm.

While the authorities refuse definite information, the reports are that enough explosives have been smuggled aboard the two interned vessels to destroy them, the League Island navy yard and that end of the city nearest the two craft.

Henry Rohner, a prominent grocerman of Philadelphia; Adelbert K. Fischer and Mrs. Fischer, his wife, are under arrest, charged with being in the plot to destroy the ships. Fischer is said to be a relative of the German emperor.

#### ALLEGED CHECK ARTIST CAUGHT IN HARD RACE

Tourists at Waikiki beach were treated to a thriller this morning when Honolulu police, in a fast half-mile dash, ran down a bad check artist, and may it be said in commendation of the visitors' appreciation that they turned out along the way in large numbers to enjoy the race.

Raymond Jones, alias Hartman, was the pursued and Harbor Police Officer "Al" Carter and Special Officer Jesse Gray, formerly police officer at Waikiki, were the pursuers.

They took up the chase at the Moana Hotel; drove the fleet Jones out along the beach, over the stream dividing the Moana from the Outrigger, through the Seaside grounds, past TrenTown and finally landed him on Kalakaua avenue by the help of Maxwell McClain, a luns of a Rapid Transit gang.

Carter says he never ran so fast or so far in all his life and admits being "killed" when he finally got his man. He also declares he never saw so many interested tourists before. The men swarmed out of hotels and cottages with a yell of joy to join in the chase, they knew not what for, and women screamed and ran for their jewelry. Carter credits McClain with the catch.

"Just before I saw McClain and yelled for him to help we were running neck and neck," says Carter between breaths. "He couldn't go any faster nor could I. It was a question of who would drop first."

Jones is a young fellow who came over on the Sierra. He was working on the boat and stopped off here intending to go back to his home in California in the Sonoma tonight.

Recently he drew five checks on the Bank of Hawaii, Ltd., totaling about \$100, signing the name of George L. Hartman. They proved to be worthless and the police were asked to apprehend him.

The checks were drawn to the following with the indicated amounts: H. A. Long, \$25; Fashion Clothing Company, \$37; The Hub, \$20; Wee Wo, \$2.50; Hee Wo, \$14. Most of the purchases were in clothing which has been recovered.

Capt. McDuffie of the detectives, who is investigating the case, has learned that Jones is 18 years old and son of a deputy sheriff of Alameda county, California.

#### HARBOR BOARD'S STAND BELIEVED TO BE JUSTIFIED

Keeping of German Ships at Piers Said to Be Upheld By House Committee

What, if anything, has been found on board the German steamers Pommern and Setos as a result of search yesterday and today under direction of the harbor board may be reported to the board sometime today.

There were reports this morning that Harbormaster Foster had something to tell as a result of the inspection, but the rumors were unconfirmed. Yesterday's search was said early today to have revealed no explosives or other evidence justified to damage the ships more than was done a few weeks ago.

Last night's meeting of harbor commissioners, Deputy Attorney General Smith and members of the house military committee was principally to put into definite shape the committee's report on its conference with the board in executive session yesterday morning.

The Star-Bulletin was told today that yesterday's session convinced members of the military committee the harbor board is entirely justified in keeping the ships at the piers, in view of the dangers involved in moving them and anchoring them, helplessly, outside the harbor. Forecasts of the committee's report to the house were that it would in general uphold the board, though probably not giving in detail what it had heard at the executive session, since much of this is held to be of a delicate nature.

At noon today Chairman Forbes of the harbor board said he had not received any verbal or written report from Capt. William R. Foster on the results of the investigating committee's search of the German refugee merchant steamers Pommern and Setos Monday afternoon to see whether any explosives were aboard the vessels and to determine if any attempt or preparations had been made to scuttle them.

"I will not call a meeting of the board until after I hear from Capt. Foster," said Forbes. "I have not heard from him yet. Earlier in the day the harbormaster told the Star-Bulletin he would try to render a verbal report to Forbes before noon and would turn in a written one later on. Capt. Foster refused to say what the committee found aboard the big freighters, if anything.

Concerning the legislature's investigating committee, Forbes said it has asked him for a little more data on what the harbor board has done to protect the waterfront's interests in the event of war with Germany. He said he expected to have the data ready for the legislative committee before the day is over.

Inquiry May Be Dropped  
Receipt this afternoon of a commu-

#### RAILWAY STRIKE NOW DEPENDS ON EARLY CONFERENCE

(Associated Press by Federal Wireless)  
WASHINGTON, D. C., Mar. 13.—That the prospects for a railway strike are not so ominous as reported last night developed today. The heads of the railway brotherhoods wrote to the president on March 7, it was learned, notifying him of a conference with railway representatives scheduled for Thursday in this city. They declared themselves "hopeful" of a satisfactory adjustment of the pending questions. They said that, while negotiating, they would cooperate to the fullest extent with the U. S. government.

Failure of the supreme court to hand down the long expected decision in the case brought to test the constitutionality of the Adamson Act, which had been expected on Tuesday, the 6th, and again yesterday, has led to widespread dissatisfaction amongst the members of the railroad brotherhoods.

Rumors last night were to the effect that the strike will be called on Saturday and will culminate on Wednesday next in a complete tie-up of all the main transportation lines of the United States. At the headquarters of the Railroad Brotherhoods it was announced yesterday that the men have waited long enough for the supreme court to act, failing which they intend now to act for themselves.

Despatches from Alliance, Ohio, one of the great railroad centers of the Middle Western states, reported that 300 trainmen of that division had been ordered to report Thursday afternoon "for orders concerning a strike."

#### How German Plot Was Learned By Uncle Sam

(Associated Press Service by Federal Wireless)  
COPENHAGEN, Denmark, March 13.—On the arrival of Ambassador von Bernstorff here, it was learned that he has prepared a statement relative to the German dealings with Mexico, to be forwarded to Berlin. If approved it will be made public through the semi-official Wolff news agency. It is understood the statement deals with the way in which the instruction of Dr. Alfred Zimmermann, foreign secretary, to the German minister in Mexico City, fell into the hands of the American government.

#### Plot Messenger Seized on Border By U. S. Militiamen, Say Officers

First details of the manner in which the German plot to involve Mexico and Japan in war with the United States was learned by the U. S. government have reached Honolulu in newspapers from the coast. A despatch from Houston, Texas, gives the following details of a sensational incident:

HOUSTON, Tex., March 4.—That the absolute credit for the capture of the messenger bringing the Zimmermann note and other papers from Ambassador von Bernstorff at Washington is due to four men, one non-commissioned officer and three privates of Company G, 1st Indiana Infantry, and not to the secret service operatives of the government, was established today on the authority of two officers of the Army, from whom the first intimation of the capture was obtained.

The four men arrested the messenger, secured the Zimmermann note and other papers from the person of the messenger near the little town of Progresso, when he attempted to cross the Rio Grande river, 12 miles below San Juan ferry and 25 miles west of the international bridge at Brownsville, Tex.

These are the only two regulation crossings in this section. Since the patrol of the border and the Rio Grande river, no one is allowed to cross at other points without being questioned, searched and minutely examined by the patrols.

The messenger of Ambassador von Bernstorff is said to have left Washington about four weeks ago with his papers and instructions to deliver to Gen. Carranza, through the German Ambassador at Mexico City. He intended to cross the Rio Grande at a designated point and meet a body of rurales. The rurales were to guide him to a safe route to a particular point, where they were to turn him over to a representative of the German Ambassador and Gen. Carranza who, in turn, would accompany him to the City of Mexico, but the messenger never did connect with the rurales.

#### JAPAN SENDS GUTHRIE'S BODY TO U. S. ON CRUISER AZUMA

High Mark of Honor for Distinguished American Diplomat—Vessel May Call at Honolulu on Way to San Francisco

(Special Cable to Niipu Jiji)  
TOKIO, Japan, Mar. 13.—Funeral services over the remains of the late Ambassador Guthrie, which were held today at the Sanichi church here, were attended by many prominent American residents as well as Japanese. Among the latter were Prince and Princess Nashimoto, as special envoys of the emperor and empress respectively. The casket was covered with wreaths and flowers sent from the many friends of the late American diplomat, who mourn his sudden death.

Minister of the Navy Admiral T. Kato today detailed the first cruiser Azuma to convey to the United States the remains of the late ambassador. The Azuma, it is reported, will sail from Yokohama within a few days, carrying the casket and the late ambassador's family. Whether the cruiser calls at Honolulu or goes direct to a mainland port as yet cannot be learned.

#### WANT TO LEARN WHY DOCK UNUSED

If arrangements can be made, Capt. Ahman of the Great Northern will meet with the public lands committee of the house of representatives this afternoon to discuss the Kuluhi wharf project, now before the committee.

A resolution has been introduced to ascertain why the Great Northern and steamers of the Matson fleet do not dock at Kuluhi wharf. The public lands committee already has held several meetings to discuss the measure and last Saturday visited the wharf. The committee has addressed the following letter to the local agent of the Great Northern:

"If it will be convenient for you, could you arrange with Capt. Ahman of the Great Northern to meet the public lands committee at the harbor board rooms in the capitol building at 2 p. m. this afternoon to discuss the Kuluhi wharf project in Hilo? Any suggestions from him to help put this wharf in condition so that your boats can use it will be greatly appreciated."

#### HOUSE INQUIRES AS TO HOMESTEADING PLANS

Questions relating to the opening of homestead lots on Hawaii are put to Land Commissioner B. G. Rivenburgh in a letter addressed to him today by Representative Norman K. Lyman, chairman of the public lands committee.

The letter is based on a house resolution asking an explanation of the delay in opening up certain homestead lots applied for as far back as 1913. The letter follows:

#### TO HOLD HEARING ON BARBER BILL

A public hearing on at least three bills will begin at 7 o'clock this evening in the hall of representatives, capitol building, before the house judiciary committee.

The discussion, which probably will create the most interest, will be on the now famous "barbers' bill," introduced by Representative Joseph, which provides that barber shops may remain open on Sunday morning until 10 o'clock.

Honolulu barbers have already voiced a protest against the passage of this measure. They assert they are entitled to at least one complete day of rest each week, and hold that, if the bill passes, they will owe a certain obligation to those desiring shaves and haircuts and, therefore, will have to keep their shops open on Sunday mornings. The judiciary expects a big turnout of testimonials at tonight's meeting and promises that all will have an opportunity to be heard.

The other bills to be heard tonight include the one providing a new insurance code for Hawaii, compiled at the instance of Territorial Treasurer C. J. McCarthy, and the measure relating to a franchise for the proposed electric company at Hamakua, Hawaii.

#### WASHINGTON RUSHES PLANS TO PROTECT AMERICAN SEAMEN BY ARMING VESSELS FOR EUROPE

Steps, Largely Secret, Being Taken to Meet German Menace—Report Conference Called in Berlin on Account of Critical Diplomatic Situation

(Associated Press Service by Federal Wireless)  
AMSTERDAM, Netherlands, March 13.—Serious disturbances among the German troops in the vicinity of Namur, Belgium, are reported today by the Amsterdam Telegraf.

The Telegraf says that many soldiers have been put into prison for insubordination, and that the disorders were so great that the prisons were crowded with rebellious men. The Telegraf says also that there have been food riots at Barman, in which the police chief was seriously wounded.

(Associated Press by Commercial Pacific Cable)  
WASHINGTON, D. C., March 13.—The government is hurrying preparations, largely secret, to meet the German submarine menace.

Complete and definite instructions for the "armed guards" to be placed aboard merchant vessels of the United States, bound through the barred "submarine zone," have been completed by the department of the navy and approved by Secretary of State Lansing. They will be forwarded to the officers and men of the navy who are stationed aboard a merchant vessel whenever the ship which is armed is ready to sail.

The exact nature of the instructions are not made public by the government. The documents were carefully prepared and submitted to Secretary Lansing, who amended them.

It is planned not to send them broadcast through the navy in orders but to furnish them only to the officer commanding the armed guard on each ship.

#### Conference Called in Berlin to Discuss German Submarine Blockade

(Associated Press Service by Federal Wireless)  
LONDON, Eng., March 13.—The arrival in Europe of German Ambassador von Bernstorff and his trip to Berlin have caused a discussion in Berlin of the submarine warfare and recent developments.

The discussion is between political, naval and diplomatic representatives, according to Norwegian papers, as reported by a Reuter's despatch today. The despatch also says that "German naval attaches stationed in neutral countries have been called to Berlin for a conference. It is probable that there will be an alteration of Germany's submarine blockade, but no raising of it."

#### Raids on Russian Lines Get Prisoners

BERLIN, Germany, March 13.—Several successful raids were made today by German troops along the Galician line, against the Russian positions. Thirteen machine-guns and more than 300 prisoners were taken in the raids, says official announcement.

#### Aid For U. S. Seamen Germany Freed

(Associated Press by Federal Wireless)  
PEKING, China, Mar. 13.—Both houses of the Chinese parliament yesterday approved the stand of Premier

#### GERMAN CONSUL DOES NOT KNOW DESTINATION

Governor Says Dr. Zitelmann Will Return to Manila, But Diplomat Awaits Orders

Gov. Pinkham: "I understand officially that Dr. Zitelmann will leave on the transport Sheridan for Manila." Dr. Zitelmann: "It is not certain. Whether I go on the transport depends on the instructions I get."

At noon today this was the status of Dr. Franz C. Zitelmann, German consul at Manila, who was ordered to Peking via Japan by his government after the United States broke with Germany, but was not allowed to land at Nagasaki from the transport Honan and led to continue on to Honolulu. He and his secretary arrived here Thursday on the Thomas.

The governor issued the above statement a few minutes before noon. A few minutes after noon Dr. Zitelmann, at H. Hackfeld & Company's building, uttered his version of the situation.

It is known that Gov. Pinkham cabled the state department at Washington for instructions after he was visited by Dr. Zitelmann. The governor's statement today is taken to mean that he has received them and that they are to have the doctor return to Manila on the transport Sheridan.

Tuan Chi Jui and his cabinet that China shall sever diplomatic relations with Germany. It is expected that the break will come today.

On being asked by the Star-Bulletin whether the possible severance by China of diplomatic relations with Germany, as appeared extremely likely in despatches from Peking Monday, would mean the withdrawal of all German consular representatives from China and would prevent his going to Peking, Dr. Zitelmann made the statement that "It will depend on the instructions I get."

Despatches from Peking Monday to London said that Chinese representatives in a secret session had approved the government's diplomatic policy, including the severance of relations with Germany. Premier Tuan Chi Jui and his entire cabinet appeared before senators and representatives and stated that the cabinet of President Li Yuan Hung had decided that China should sever relations.

If relations are severed Dr. Zitelmann will be in a most peculiar position, as with diplomatic relations broken off with Germany by both China and the United States he will be persona non grata with either country and cannot return to his old consular post at Manila or take the new one he was to have assumed at Peking.

Transportation on the transport Sheridan has been authorized by Washington officials and he will leave Thursday. It has not been given to him here but will be issued at once, according to a telephone message from the transportation department of the quartermaster's office today.

A bill to permit women to vote in the primary elections was passed by the Arkansas house.

Telesopic spectacles have been invented for persons who are so extremely nearsighted that ordinary lenses do not offset the defect.

# TWO BILLS THAT CUT GOVERNOR'S POWER TABLED

## Senate Judiciary Committee Fails to Approve Changing Naming of Magistrates

Senate judiciary committee members swung the axe on two closely related bills from the two houses this morning when they voted to table House Bill 26 and Senate Bill 16, both of which chose to take from the governor the power of appointing district magistrates.

Senate Bill 16, introduced by Pacheco, put the power of appointment into the hands of the chief justice, while the lower house measure gave it to the supreme court.

Chief Justice A. G. M. Robertson, who was invited to the committee meeting to express his opinions, was opposed to both measures. The power of appointment was an executive rather than a judicial power, he said. After some discussion the committee moved to table.

Senator Mikalele had another of his bills tabled this morning when the judiciary committee decided to put away his proposal to raise jurisdiction of district courts from \$500 to \$500.

House Bill 59, introduced by Representative Andrews, was deferred to consider next Thursday morning. This bill provides that persons injured by automobiles may seize the same for damages. It is not believed the bill will pass the committee.

# BIG ISLAND ASKS BRANCH MARKET

Residents of Hawaii favor the house bill which provides for the creation of a territorial marketing division and urge that, if the bill becomes a law, a branch of the market be established at Hilo, according to a letter received by the house from the members of the Hilo board of trade. The letter asserts that, despite the large expense of creating the branch, it could be made self-supporting within a very short time.

The letter follows: "House Bill 139, which is now before the members of the house, is an act in which the citizens of the different districts of Hawaii are deeply interested. The board of trade of Hilo, at a special session held a few days ago, heard the report of a committee which was strongly in favor of a marketing division for the island of Hawaii, to be established at Hilo. Section 6 of the house bill covers this point and it is a matter in which we wish you would look closely. This section reads as follows:

"The superintendent shall maintain in Honolulu and in such other places as he may deem necessary proper branches of the Territorial Marketing Division, for the receiving, sale and distribution of the agricultural, dairy and farm products of the territory of Hawaii.

"We would appreciate it if you would call to the attention of the mover of this bill the following facts: That the citizens of this island are very desirous of having a branch of this institution established in Hilo; that, though the creation of such a branch may require the expenditure of from \$6000 to \$10,000 at the outset, we have not the slightest doubt but that it would be self-supporting within a very short space of time.

# BETTER ROAD WORK BY PRISONERS SOUGHT BY BILL IN SENATE

Senator Stephen L. Desha of Hawaii is preparing to introduce in the near future a bill requiring that territorial prisoners on road jobs shall, during actual work hours, be under the control of county boards of supervisors. Desha's contention is that with the present system of putting territorial lunas over the men not enough attention is paid to scientific road building. "Let the territorial government name their guards," he says, "but let the county name lunas to handle the prisoners on the construction work."

# COMMITTEE FROM SENATE PAYS VISIT TO CHILDREN

Five senators representing the health committee and the ways and means committee of the upper house paid a visit yesterday to the homes for children of leprosy patients. The boys' home was first visited and next the home for girls, about two hours being spent at the two places. Superintendent J. D. McVeigh of the Kalapaups Settlement went with the party, which consisted of Senators Shingle, Hind, Cooke, Correa and Pacheco.

The Swedish match factories have decided to reduce the size of matches owing to the fact that Russia has forbidden the export of aspen wood.

# RUSH OF NEW BILLS CAUSES HOUSE TO HOLD SECOND SESSION TODAY

## First Hour of Morning Meeting Given Over to Introducing of New Legislation

Creation of a delinquent tax commission in each of the several counties is provided for in a bill introduced in the house today by Representative Marquet. Each commission, says the bill, shall consist of five persons to be appointed by the governor with the approval of the senate.

Ex-officio members of the commissions shall be the auditor and treasurer, as well as the tax assessor of the division, the other two members to be residents of the county in which the commission exists. The term of office shall be for not more than one year after July 1, 1917.

The duties of the commission are outlined as follows: "It shall be the duty of each commission to thoroughly examine all delinquent tax accounts in its respective tax division and determine, as nearly as may be, the possibility of collecting all such delinquent tax. They shall cause to be prepared a complete list of such delinquent tax accounts as are, by them, considered uncollectible and shall endorse at the foot of said list a statement to the effect that the commission has considered all of said accounts and that said accounts are by them declared uncollectible."

Second Session Necessary A few moments after the solons were called to order this morning the house was flooded with bills that continued to pour in for nearly an hour. So great was the pressure of the morning business that another meeting is being held this afternoon for discussion on bills that are to come up for third reading.

A measure of importance was introduced by Representative C. H. Cooke which proposes broad amendments to sections 1207, 1223, 1223, 1225, 1246 of the revised laws of 1913, as well as other sections, and to repeal sections 1224, 1226 and 1227 of the revised laws, relating to taxation.

Representative Marquet introduced a bill to amend the law prohibiting officers and employees of the territory or its political subdivisions from becoming interested in public contracts. The bill provides that the act "shall not prohibit any such officer or employee from bidding in open competition with others for the purchase or sale of any property or the performance of any work in this section set forth, nor from the acceptance by any government, county or municipal officer of any such bid."

A bill introduced by Representative Kelekolio forbids the imposition of penalties for the non-payment of water and sewer rates and substitutes an interest charge in lieu of such penalties. This interest charge is at the rate of six per cent a year, to attach 15 days after the rates become delinquent.

Another bill by Kelekolio makes it unlawful for any public officer to use any territorial or county conveyance for his private use or pleasure, a fine of not less than \$10 or more than \$100 being provided as a penalty for violation.

Medical License Required In a measure introduced by Representative Miles it is provided that no person shall practise medicine or surgery in the territory, or append the title "doctor" to his name without possessing a valid unrevoked license from the treasurer.

It provides that licenses may be granted to persons to practise osteopathy and chiropractic who hold diplomas from any legally chartered colleges and upon the applicant passing an examination before the board of medical examiners to show he is able to diagnose diseases, particularly contagious and infectious diseases.

A petition by Representative Lyman asks for an appropriation for the construction of a road along the banks of the Waialoa river. Upon recommendation by the agriculture committee, Representative Kelekolio's bill to give the board of agriculture certain additional powers, including investigation into the shipment of live stock, passed third reading.

Representative Waialoha introduced a resolution instructing the superintendent of public works to proceed with the repairs of the Pukoo, Moloak, wharf, and that an appropriation of \$15,000 be made to cover the expenses of the repairs.

Citizens Given Preference Representative Andrews introduced a joint resolution that contractors on government works give to citizens or persons eligible to become citizens the preference in the employment of labor. The resolution points out that at the present time many contractors are employing aliens on government work, many of the aliens not being eligible for American citizenship.

Another petition introduced in the house urged the passage of House Bill 91, which provides for the licensing of chiropractors. This bill is now with the health committee, a public hearing on the measure having been held recently.

Despite hot opposition, led by Representative Kelekolio, the bill to set aside a tract of government land at Pihooua, South Hilo, as public grounds for a high school, agricultural and botanical gardens, passed third reading in the house, the vote being 17 for and 12 against.

Representative Kelekolio introduced the following resolutions: "Resolved, by the House of Representatives in regular 1917 session assembled that the delegate to Congress from Hawaii be instructed to introduce in Congress a law to amend Sec-

tion 56 of the Organic Act relating to executive power, so that the governor of this territory cannot under any circumstances alter or set aside the judgment of a judge of the circuit court in all cases where death is the judgment pronounced by said judge of said circuit court."

Resolved, by the House of Representatives, regular session 1917, that the delegate to Congress from Hawaii be requested to introduce in Congress a law amending Section 26 of the Organic Act relating to compensation of members, making it \$900 instead of \$600: "Be it further resolved, that the said delegate from Hawaii be also requested to introduce another law in Congress amending Section 43 of the said Organic Act relating to the sessions of the legislature, making it 93 days instead of 60 days."

# CHARTER HITCH IS POLICE CHIEF

With but minor amendments, including some of those proposed by the Chamber of Commerce, Representative Lorrin Andrews' city charter bill has practically been accepted by the Oahu delegation of the house, barring one section on which a hinge is a mild disagreement, or rather an uncertainty.

Every section of the charter bill, with the exception of the one providing for the appointment of a chief of police by the mayor with the approval of the board of supervisors, has been passed, it was learned today, the semifinal windup having come at a meeting of the delegation yesterday afternoon.

The difficulty now confronting the delegation is the provision regarding the chief of police. The problem for the delegation to solve is to provide for a chief of police with jurisdiction throughout the island of Oahu, or to turn the powers back into the hands of the sheriff, who now holds them.

One member of the delegation says it was understood that the idea was to have the mayor appoint a chief of police only for the district of Honolulu, deputy sheriffs to have control of police in the outside districts on this island. But now the matter has simmered down to the question of whether the chief shall be vested with all the powers, or whether there be no provision for the creation of this office.

Department Heads Elected The delegation has agreed that the heads of departments shall be elected by the people, and not appointed by the mayor and supervisors. It has been further agreed, as announced in the Star-Bulletin yesterday, that there shall be six instead of seven supervisors, three from the fifth and three from the fourth district. When the vote was taken on the supervisors yesterday, only six members were present, four voting for and two against. It was learned today, however, that two other members went to the meeting later and agreed with the majority on this point.

Superintendent to Be Appointed Another charter provision that has been agreed to is that regarding the superintendent of city works. The Star-Bulletin is informed that the delegation has agreed that the superintendent shall be appointed by the mayor with consent of the board of supervisors.

Asked what was done with the amendments proposed by the Chamber of Commerce, a member of the delegation said today: "Wherever possible, and wherever it was thought feasible and in the best interests of the voters, the Chamber amendments were adopted."

A report from the house Oahu delegation on the charter bill is expected this week.

Attractive and of huge proportions are fans of ostrich feathers, dyed in brilliant colors, mounted on handles that are straight ivory sticks. Exports of specie from the port of New York from February 5 to February 10 were valued at \$4,389,508.

John James Platt, author and poet, died at Cincinnati. Because of the possibilities of danger from the present international situation, army officials have taken steps for extra precautions at the Panama canal.

Thieves robbed the National Bank at Lincoln, Neb., and escaped with \$2,500. For use in blasting a combined fuse-cutting, cap-crimping and fuse-slit tool has been invented by a Wisconsin man.

C. C. Green of Waynesboro, Mass., who has reappeared after a year's sojourn, no one knows where, has found himself buried and his estate settled up.

The Boston Bar Association paid tribute to former Governor John D. Long, one of its founders. Gross earnings of the Boston Elevated in January show an increase of \$123,900 over January last year.

A tornado struck Lincoln county, Ky., blowing away half of the two-story high school at Hustonsville. Merchandise entered for warehouse at the port of New York for the week ended January 26 totaled 3,415,704.

Why Women of Gotham Are Rioting for Food NEW YORK, N. Y.—Almost unbelievable increases in prices of vegetables were announced by Commissioner of Weights and Measures Hartigan, following an exhaustive search and study of market conditions. Vegetables have formed the East Side's chief diet for months, meat having long since outlasted the slender purses of the congested tenements.

POTATOES PAY WOMAN'S FINE; TON OF COAL AS BAIL WILKESBARRE, Pa.—When Mrs. Mary Gessamick was arraigned before Alderman Frank B. Brown and adjudged guilty of disorderly conduct and ordered to pay a fine of \$2.50 and the costs, besides giving \$300 bail, she offered two large potatoes in settlement.

She had the potatoes secreted in her clothing, and the alderman, appreciating the humor of the situation, consented to take the potatoes in lieu of the fine and costs, but demanded that she furnish bail. The woman declared that she had one ton of coal in her cellar and she offered this as bail.

"Certainly, go home, Mrs. Gessamick. Next case!" said the judge.

# TO ASK APPROPRIATION TO REPAIR KOOLAUPOKO

Because of the damage done to the roads and bridges by the storm last week in the Koolaupoko district, George Collins, city and county engineer, will ask the board of supervisors for an emergency appropriation to make repairs. He estimates that approximately \$5000 will be needed at once to fix the worst damaged places.

A large section of the belt road has been badly washed out and two bridges, one at Kahana and another at Punaluu, on the belt road, have been undermined and are in a dangerous condition. Off the belt road two bridges have been entirely washed away and in the Kahala and North Kahana districts there have been numerous slides which must be removed and washed repaired.

POTATOES PAY WOMAN'S FINE; TON OF COAL AS BAIL WILKESBARRE, Pa.—When Mrs. Mary Gessamick was arraigned before Alderman Frank B. Brown and adjudged guilty of disorderly conduct and ordered to pay a fine of \$2.50 and the costs, besides giving \$300 bail, she offered two large potatoes in settlement.

She had the potatoes secreted in her clothing, and the alderman, appreciating the humor of the situation, consented to take the potatoes in lieu of the fine and costs, but demanded that she furnish bail. The woman declared that she had one ton of coal in her cellar and she offered this as bail.

# BILL WOULD SAVE BATHING BEACH FROM POLLUTION

Measure Will Be Introduced to Spend \$15,000 to Divert Stream at Waikiki

"It is one bill I will indorse if it tends to make the superintendent of public works do something," declared Representative Lorrin Andrews, chairman of the house judiciary committee, commenting on a proposed measure to divert the stream that empties fifth into the ocean between the Outrigger Club and the Moana Hotel.

"This is a nuisance that, I think, has been tolerated just about long enough," he adds. "We are permitting these waters to be spoiled before the eyes of tourists, to say nothing of local bathers. It is even worse than our poor streets."

A proposal that the bill be introduced has been made by J. Ashman Beaven, secretary of the Outrigger Club. The bill was drawn this morning and was slated to be introduced by Representative Andrews this afternoon. It appropriates \$15,000 to divert the stream, the appropriation to be under control of the superintendent of public works.

That C. R. Forbes, superintendent of public works recently demurred to a plan to fill in the lagoon between the club grounds and the Moana is the assertion of Beaven, who says that the club had planned to buy 1000 wagonloads of dirt for the project. Forbes explained, Beaven adds, that the matter of diversion had been arranged with the governor and that within a week the government would take up the work of diverting the stream.

LARGEST ZINC PROPERTY IN COLORADO IS SOLD FOR FOUR MILLION DOLLARS DENVER, Colo.—A mining sale involving \$4,000,000 in money was made recently. The Black Iron, the largest zinc mine in the state, one of the richest ever discovered, was sold by the American Zinc Company of which A. K. McDaniels of Denver is the head, to the Empire Zinc Company of Denver and New York. The Cheeseman estate of Denver sold the ground, and received about \$1,000,000; the American Zinc Company received approximately \$3,000,000 for the lease and bond on the property it secured two years ago.

PHILADELPHIA, Pa.—Every inch added to the length of woman's dresses means a loss of \$10,000,000 a year to the shoe business, according to A. D. Anderson of Boston, who told the delegates to the convention of the Pennsylvania Retail Shoe Dealers' Association they should cooperate with the designers and keep the short skirts in fashion.

**STREET WIDENING TO BE DISCUSSED**

For a public hearing on the widening of Hotel street, the board of supervisors will meet this evening. This hearing has already been postponed twice, once because of the death of Cecil Brown, when the board adjourned out of respect, and last Wednesday on the request of the C. Brewer Estate, which wishes to have included in the project a further widening of Hotel street.

Collins is working on this today and expects to have the necessary figures for the meeting this evening. The new project is on the mauka side of Hotel, walkiki of Fort, and will cut off a part of Perkins' studio and Sachs'. The Brewer Estate is anxious to have this work done but it will probably be brought out under a separate improvement.

It is also probable that there will be considerable discussion on the question of cutting the ironwood trees at Kapiolani, as Collins has written a letter to the board asking for immediate action and it is also understood that a member of the board will present a resolution touching on this subject.

According to the February report of Dr. James T. Watson, city and county physician, a total of 666 patients have been treated by the city and county and at institutions receiving appropriations from it.

The number at the different institutions are: Queen's Hospital 58, Leahi Home 31, maternity 6, Palama dispensary 334 and city and county physician 227.

**GLASS OF SALTS CLEANS KIDNEYS**

**If Your Back is Aching or Bladder Bothers, Drink Lots of Water and Eat Less Meat**

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The functions of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

**HARBOR BOARD'S STAND BELIEVED TO BE JUSTIFIED**

(Continued from page one)

negation presumably relating to the question of federal jurisdiction, may force the military committee of the house of representatives to bring to a speedy close its investigation to ascertain why the German refugee ships have not been moved from Honolulu harbor.

This was another of the rumors around the capital.

**Meet Again Tonight**

Chairman Evan da Silva expects to hold a meeting at 7:30 o'clock this evening with the harbor board to further discuss the German ship question. It will be an executive session.

**GUARD RULING IS VERY IMPORTANT**

According to a new order just issued by the War Department regarding enlisted men in the National Guard, when an enlisted man permanently changes his residence from one state or territory to another he may obtain a discharge and it is entirely optional with him whether he joins the National Guard at his new residence. If he does re-enlist he is credited with the time served with the organization at his former residence. If he changes his residence from one place to another within a state or territory, however, he is simply transferred to another organization.

When an enlisted man changes his residence for a period not exceeding six months he is furloughed to the reserve with the option of returning to active service on his return.

Authority is also given the governor of each state and territory to discharge an enlisted man who has been certified by the adjutant general as qualified to serve in the officers' reserve corps.

**ADMIRAL KNIGHT IS ON SHERIDAN**

Taking Admiral Austin M. Knight to Manila, where he will relieve Admiral Albert G. Winterhalter as commander-in-chief of the Asiatic fleet, the United States army transport Sheridan, Capt. W. A. Carleton, docked at Navy Pier No. 2 at 7:15 this morning from San Francisco. She will steam for Guam and Manila at noon Thursday.

Admiral Knight, who has been commander of the Narragansett Bay, R. I., naval station for the last three years and has also been president of the Naval War College, is accompanied by his daughter, Miss Katherine G. Knight, and his chief of staff, Commander Carl T. Vogelgesang, who is also from the Naval War College.

The admiral will be stopped at Washington en route. He declined to talk on the international situation or what preparations are being made for eventualities on the Atlantic Coast. Admiral Knight will relieve Admiral Winterhalter at Manila.

**FRENCH SOLDIERS DIG AND HOE GARDENS IF NOT DIGGING TRENCHES**

(By Associated Press)

**FRENCH FRONT**—Like the stage-driver who spent his monthly day off in riding on an omnibus, the French soldier when released for a short respite from digging and guarding trenches passes most of his time digging and hoeing truck gardens.

All along the French front, around the depots and the cantonments and even about the dugouts, The Associated Press correspondent has seen admirably laid-out truck gardens. At the beginning of the new year there were 5622 of these plots under cultivation by French soldiers, and the produce of these plots for the past year is valued by the army authorities at 13,000,000 francs at wholesale prices.

Nearly everywhere good results have been obtained and, passing through the country parallel with the trenches the correspondent saw on

There will be a whist tournament after the regular session of Excelsior Lodge, I. O. O. F., tonight.

A son, their second child, was born yesterday to Mr. and Mrs. Thomas J. Lincoln of 1615 Fort street. Lincoln is with the naval department.

Mrs. Hana Maheama Paia, aged 95 years, formerly a retainer of Queen Lilihokalani, died yesterday at the home in Kapiolani park of her grandson, William K. Pano of the Honolulu Iron Works. The only child surviving, is Mrs. Ku of Moiliili. The deceased was born at Lahaina. The funeral will be from Silva's undertaking parlors this afternoon and burial is to be in Kawaiahae cemetery.

**POSTOFFICE HAS NEW ENVELOPES**

That the postoffice department is now able to furnish "window" envelopes, the kind having an opening or transparent panel in the front through which the address is disclosed, to Honolulu business firms in lots of 500 or 1000, is the news received by the postoffice in the last mail from Washington. The envelopes will be furnished in three popular business sizes.

In General Order No. 548, issued by the San Francisco postoffice and dated February 24, are some timely postal rulings concerning "window" envelopes, which the postoffice authorities think should be known by local printing firms supplying them to customers. They are as follows:

**Light Stationery Required**

"Such envelopes shall bear the cost of the sender, that is, the name and address of the sender—which shall be placed in the upper left corner of the address side. This address of the sender should include the street and number or number of postoffice box.

"The stationery used in 'window' envelopes, or at least the portion upon which the exposed address appears, must be white, or if colored, of a very light tint or shade. The use of dark-colored stationery in 'window' envelopes is not permissible. Nothing but the name and address of the addressee should appear in that part of the enclosed visible through the 'window.' The address should be written clearly and boldly, preferably in type-writing, with ink of a dense black or other strongly contrasting color. 'Window' envelopes not conforming to the foregoing are not acceptable for mailing."

(Postoffice department ruling of July 1, 1916.)

**Leave "Window" Space Clear**

"Concerning suggestions for the proper use of 'window' envelopes the same ruling says:

"Any printing of matter in close proximity to the window in a window envelope diverts the attention of postal employees from the name and address of the addressee appearing through the window, and therefore the space immediately around the window of a window envelope should be left perfectly clear.

"It is understood that many concerns ordering envelopes are not acquainted with the requirements of the Postal Laws and Regulations, but persons furnishing envelopes to others should in fairness to their customers fully acquaint themselves with such requirements."

**LAW LECTURE COURSE**

**Hope Almost Abandoned When She Found Remedy**

**Dr. Caldwell's Syrup Pepsin Relieves Chronic Case of Long Standing**

After a long period of suffering with liver and bowel trouble that brought on piles, during which she had tried many remedies without obtaining relief, Mrs. Mary J. Jewell of Berrien Springs, Mich., heard of Dr. Caldwell's Syrup Pepsin and obtained a bottle from her druggist. This simple, inexpensive laxative compound brought almost immediate relief and Mrs. Jewell wrote to Dr. Caldwell about her case.

In her letter Mrs. Jewell says: "I had tried so many things for the piles, without being helped at all, I had almost given up hope of ever being any better. I knew it was the condition of my bowels that caused them, and after I had taken a bottle of your Syrup Pepsin I knew it was just the medicine I needed. I am very grateful to you for sending me the little book—the advice and instructions it gives would teach anyone how to get well and how to keep well."

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, free from opiate or narcotic drugs, and is mild and gentle in its action, bringing relief in an easy,

**Jump from Bed in Morning and Drink Hot Water**

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried, some days headachy, dull and unstrung; some days really incapacitated by illness?

If we all would practise inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleansing, sweetening and refreshing effect upon the system.—Adv.

**Children must have rich, pure milk!**

Every mother knows how essential this is. She knows, too, the difficulties of doing so—especially in warm climates.

There is no food so suitable for baby as that provided by Nature, but in some cases Condensed Milk has at times to be used, and no Condensed Milk will be better for baby or give better results than Highlander.

It is here that Highlander Condensed Milk will prove of such value to her. Tens of thousands of mothers throughout Australasia and the Pacific use it.

Absolutely germ-free, Highlander Milk is prepared by a process that ensures sterilization. It is the richest, purest milk from specially selected herds in the famous dairying pastures of Southland, New Zealand—with part of the water evaporated and the purest No. 1A Cane Sugar added.

# Honolulu Star-Bulletin

RILEY H. ALLEN

EDITOR

TUESDAY, MARCH 13, 1917

FEDERAL PERSECUTION.

### ASKING LEGISLATIVE RELIEF.

Outrigger Club officials are seeking legislative relief from the intolerable conditions of a filthy stream emptying into the sea through their premises. A bill appropriating \$15,000 to divert the stream is proposed for passage.

This action is taken only after every other means of relief has failed. The promises of the territorial administration to carry out the Waikiki reclamation scheme—of which diverting this dirty stream is a part—have not been fulfilled. It is needless to quarrel now over the reason why. The fact remains that the Waikiki reclamation plans are stagnating and likely to stagnate for years. The further fact remains that this stream is not only intolerable for the Outrigger Club but intolerable for the whole Waikiki section. It is an ugly blot on one of the greatest tourist assets in the territory.

For more than three years the Outrigger Club has sought to end this nauseating condition. No less than four separate and distinct schemes have been proposed, all of which proved unworkable. The club finally was assured that the Waikiki reclamation plan would be put through. It has not been put through.

Conditions are growing worse. In this neighborhood cesspools are overflowing. Is the beach to be ruined for bathing purposes?

The reputation of Waikiki beach is worth a quarter of a million dollars annually to Hawaii.

Isn't it good business to spend \$15,000 to divert this open sewer?

Assurances that the reclamation scheme is to be carried out "right away" are no longer worth listening to.

### LABOR SPEAKS.

Readiness to fight for Uncle Sam in case of war was pledged yesterday by the American Federation of Labor in a convention at Washington, D. C. The convention was called especially to determine and announce the part labor will take in formulating policies of "preparedness." The convention was made up of presidents of 110 national and international unions affiliated with the federation, department presidents and heads of the railway brotherhoods. It represented more than 3,000,000 wage earners. Advance announcements said that the conference would be "the most notable gathering of American labor representatives ever held."

### HAWAIIAN APPOINTEES RENOMINATED.

Renominations of several of the president's appointees to offices in Hawaii came yesterday without surprise to those following Washington happenings. It was a certainty that the president's nominations would go to the new session of the senate, since those unconfirmed on March 4 went by the board when the old session adjourned.

The Hawaiian appointments are but a fraction of those remaining unconfirmed. More than 1400 presidential nominations failed in the upper house. Most of them were army and navy promotions and postmaster appointments—these latter including the name of Hastings MacAdam, Honolulu's new postmaster. Two members of the federal trade commission, one of the shipping board, six rear-admirals and the navy medical director went unconfirmed.

This failure of action in the senate was due largely to the fight against Dr. Cary T. Grayson, the president's personal physician and his choice for navy medical director—a choice which has aroused a storm of protest. His name was at the head of the nomination list, and the president's supporters and Dr. Grayson's friends refused to allow it to be removed. Under the senate rules, until this was settled the other nominations could not be acted upon. Hence more than 1400 piled up behind Dr. Grayson. Here again a filibuster senate custom operated to defeat quick and necessary action.

Good roads are splendidly worth while—especially in rainy weather. Last night, for instance, Kalaheua avenue in its condition of a few weeks ago would have been a terror to autoists. But now a concrete road is partly finished, and over the completed portions the motorists roll as comfortably as you please.

## Chinese Is Here Who Served For Admiral Farragut

When John Earl, American citizen and Chinese cook of the American bark Beluga, was paid off here today at the United States shipping commission's office several surprising facts developed. Among the most interesting are these: He was a cabin boy for Admiral Farragut and served aboard the flagship Ironsides at the battle of Mobile Bay.

place he will now return to end his days. He has survived several shipwrecks and was wounded a number of times during the Civil War, but is still as spry and active as many men 30 years younger than he. When seen today by the Star-Bulletin's waterfront reporter, the aged Chinese-American, who is an American citizen by virtue of his birth in the states, had this to say: "I can not stay away from the sea long. I have followed it since I ran away from home when I was 11 years old. When I was 15 I shipped at San Francisco on the sailing vessel John Wade, as a cabin boy, going around Cape Horn. "My name of John Earl was given me by an American schoolmaster in Salem, Mass. I joined the United States navy in Boston when the Civil War broke out and was cabin steward for Admiral Farragut on the Ironsides at the battle of Mobile Bay. "After the Civil War I went back to the Pacific Coast and was for four years ward-room steward on the revenue cutter Bear out of San Francisco. "When I am on land I feel like a

(From the San Francisco Chronicle) Congress has adjourned without passing even the measure of temporary and tentative relief to those who, unable to fight the tremendous resources of the government, may be willing to save part of what justly belongs to them by surrender of the other part. The whole business must now go over to the next Congress, and meanwhile the secretary of the navy and the attorney-general will be free to continue their persecution of honest men.

If the desire of the United States government is to create disloyalty, no better course could be taken than that which, under the inspiration of the secretary of the navy, it is taking toward oil companies which were engaged in development years before any oil lands were withdrawn and whose titles have been judicially settled.

Millions of dollars have been in good faith expended by these companies, whose property is sought to be confiscated on some technicality which the attorney-general hopes to discover and make stick. Seventeen such suits have just been filed in defiance of the obligation which rests upon all governments to deal justly by their citizens. And no government which disregards equity can long retain the respect and love of its people. A multitude of citizens, a few wealthy, but most poor, are threatened by these proceedings.

One test case has been adjudicated by the interior department, from which there is no direct appeal to the courts on the question of title.

In this case, the decision was by the commissioner of the land office, from which an appeal lies to the secretary of the interior, who, however, being familiar with the case, has expressed his approval of the decision. That decision was that in that case construction of roads and providing a water supply was development work within the meaning of the Taft withdrawal order and subsequently pursued to discovery.

It would seem that the secretary of the interior ought not to permit a person outside his department to interfere with the ordinary course of justice within his department, but should issue the patent and let the secretary of the navy go hang.

The people of the United States have no wish to confiscate property lawfully belonging to their fellow citizens.

What one Honolulu institution is doing to fit young citizens for full responsibility to their country in case of emergency will be seen by the Ad Club tomorrow. The regular weekly meeting will be at the Honolulu Military Academy. The Ad Club asks a large attendance and is offering transportation for those who have no cars. Members desiring transportation are asked to telephone either of the following: William Thompson, residence number 1963, business 1338; or Tom Sharp, residence 1947, business 3721.

Honolulu civic and commercial organizations never have had and never will have a better opportunity to test their ability to fight for what they already are on record as favoring than on this proposal of a city charter. The organizations through special committees have examined the "convention charter" and exposed its rottenness—and they have a clean-cut fighting-issue in opposing that charter as it is being put through the lower house.

Carranza has been elected president of Mexico with a vote announced as "practically unanimous." No wonder. The peons allowed to vote cast their ballots under the kidney eye of a soldier with a long, well-sharpened bayonet—in the employ of the "First Chief." Under such conditions William Jennings Bryan could be elected president of the Brewers' Association.

There are admitted defects in the present city charter. Judge Hatch says the proposed charter—the creature of the convention in 1915—is far worse than that we have now. Then why adopt it? Why accept it? Why submit to it?

Some Portia should arise to interpret the German ship bond.

"Lobsters Safe Now," says a headline. Referring, of course, to sea-food.

### (From the San Francisco Chronicle)

## KINNEY ANSWERS MRS. WEAVER ON CHARGE HE JUGGLED SCHOOL DATA

### "Misstatement of Fact." He Declares, and So Notifies College Club

Superintendent of Public Instruction Henry W. Kinney yesterday made emphatic answer to accusations by Mrs. Agnes C. Weaver of the College Club that amounted to a charge that the school superintendent "juggled" figures in his recent report to the governor—juggled them in order to make a better showing for Hawaii's public schools.

Superintendent Kinney declares that Mrs. Weaver is making "misstatements of fact."

"You are, as usual," he wrote her in answer, "arguing on a basis of a mistake or a misstatement of fact," and in a separate letter to the College Club he makes it plain that he holds Mrs. Weaver and not the club responsible for an attempt to "prove theories by means of fact."

The letters follow:

"March 12, 1917. The College Club, care of Mrs. Kate W. Forbes, Honolulu, T. H.

"Madames: Referring to a letter received by this department under date of March 7th, I beg to state that, feeling certain that your organization would not wish to prove theories by a misstatement of fact, I prefer to make my reply to the author thereof, rather than to address it to a number of persons who are not responsible therefor. "I enclose a copy of my letter to Mrs. P. L. Weaver."

His letter to Mrs. Weaver is:

"March 12, 1917. "Dear Madam: I beg to acknowledge the receipt of your letter of March 7, in which you virtually charge that the department has 'juggled' the figures contained in its recent biennial report. You are, as usual, arguing on a basis of a mistake or a misstatement of fact."

"Your first claim is that the eighth grade examination figures are inconclusive because, you say, the rule for passing was stricter in 1914 than it was in 1915, and stricter in 1915 than it was in 1916. "While the rule in 1915 was different from that of 1914 in that it allowed the passing of candidates who had over 60 per cent in two subjects, provided they had a total average of 75 per cent in all subjects, the same year saw the addition of definite rules in marking, which would more than equalize the point given above. "The statement that the eighth grade rule for 1915 was different from that of 1914 is simply contrary to the fact. The rule was the same as the examination of the appended copies of the rules for these two years will show. "The passing average was 75 per cent in all three years."

"You state in regard to the use of the Russell Sage Foundation test for spelling that the Sage Foundation chart (Ayres scale), 'states the results for 84 cities on the mainland to be 58, 78, 88, 94, 98 and 100, while the department's report gives these at 77, 76, 78, 76, 78, 78.' Again an absolute misstatement of fact. "The Bureau of Education of Washington states as follows in the 'City School Circular, 1915-16, No. 4': "The general average of the Ayres spelling scale is 75 per cent for 84 cities."

"This circular gives in detail exactly the figures given by the department. "If you will examine the report of the survey committee of the Cleveland foundation with which, as the preface shows, Dr. Ayres of the Russell Sage foundation was 'intimately associated,' you will find on table B, page 87, the figures for the averages for 84 cities given exactly as quoted in the department's report. "You have evidently concluded that the figures given in the chart were the averages obtained in the tests in the 84 schools. Dr. Ayres' book, 'A Measuring Scale for Ability in Spelling,' will show you that these are standard figures worked out through a system of curves and mathematical calculations, and that the actual averages obtained are those given in the United States circular, in the Cleveland foundation volume referred to and in the report of the department of public instruction of the territory of Hawaii.

### Rules for Passing

"The requirements in 1914 were as follows: "The passing mark in each subject will be 75 per cent."

"The regulations in 1915 were as follows: "The passing mark in each subject will be 75 per cent. At the final examinations in June this will be required for promotion or a diploma. An exception will be allowed, however, in the case of pupils who fall only in two subjects with a mark of not less than

60 per cent in each of these, provided the total of the examination marks of such pupils shows an average of 75 per cent or more, and provided further that their term reports show that satisfactory work has been done throughout the year. In these term reports, credit should be given for work done in the vocational subjects (carpentry, sewing, gardening, housekeeping, etc.). "The regulations in 1916 were as follows: "The passing mark in each subject in the eighth grade will be 75 per cent. At the final examinations in June this will be required for a diploma. An exception will be allowed, however, in the case of pupils who fall only in two subjects, with a mark of not less than 60 per cent in each of these, provided the total of the examination marks of such pupil show an average of 75 per cent or more, and provided further that their term reports show that satisfactory work has been done throughout the year. In these term reports credit should be given for work done in the vocational subjects (carpentry, sewing, gardening, cooking, housekeeping) by the regular vocational instructors."

## MANOA WORK GOES ON SATISFACTORILY, BUT RAINS CAUSE DELAYS

The work being done by the Ritchie company in the Manoa improvement district is progressing satisfactorily according to George Collins, city and county engineer, although in some places it is not up to schedule because of the weather.

Because of the many delays which were occurring in the work several weeks ago, Collins has made a daily schedule which must be lived up to by the contractor or the board of supervisors will be asked to revoke the contract.

Collins reports that the concrete work is up to the mark but the asphalt work is behind because of the recent rain, which has made hauling difficult. He will expect the contractor to catch up, however, with the first good weather.

## POSTPONE FUNERAL FOR ARRIVAL OF BROTHER

Announcement was made last night that the funeral of John J. Devereux, which was to have been held at 2 o'clock this afternoon, had been postponed until tomorrow. This was occasioned by the fact that the brother of the deceased, who had gone to Hilo, would be unable to reach here today but would arrive tomorrow morning. Services will be held at Williams' parlors and friends are invited to attend those services and the interment.

## VITAL STATISTICS

### BORN

LINCOLN—In Honolulu, March 12, 1917, to Mr. and Mrs. Thomas Lincoln of 1615 Fort street, a son.

RAPOSO—In Honolulu, March 5, 1917, to Mr. and Mrs. Frank Raposo of 2078 South Keeaunui street, a son—Frank.

REDMON—At the Department Hospital, Fort Street, Honolulu, February 3, 1917, to Mr. and Mrs. William E. Redmon of 1249 Young street, a son.

GARDEN—In Honolulu, March 12, 1917, to Mr. and Mrs. W. T. Garden of 1520 Fort street, a daughter—Florence.

CAMERON—In Honolulu, March 10, 1917, to Mr. and Mrs. John Cameron of 1460 King street, a son—Winifred.

GONSALVES—In Honolulu, March 10, 1917, to Mr. and Mrs. Manuel A. Gonsalves of Kahooloa lane, Moiliili, a son—Elias.

FRANKS-MADEIRA—In Honolulu, March 10, 1917, John Franks and Miss Ernestine Madeira, Rev. Soares of Portuguese Evangelical Church, officiating; witnesses—Olga Sousa and Mary Farias.

NOLAN-SCHIMMER—In Honolulu, March 12, 1917, James D. Nolan and Miss Vera S. Schimmer, Rev. Ulrich, officiating; witnesses—Laura Faggeiros and D. E. Barry.

### DIED

PAIA—In Honolulu, March 12, 1917, Mrs. Eliza Mokuau, Paia of Kapiolani Park, widow, a native of Lahaina, Maui, 96 years, 5 months and 27 days old. Funeral at 4 o'clock this afternoon from Silva's undertaking parlors; interment in Kawaiahae cemetery.

## PERSONALITIES

ADMIRAL AUSTIN M. KNIGHT, the new commander in chief of the Asiatic fleet, who is en route to Manila on the transport Sheridan, paid an official visit to Governor Lucius E. Pinkham at the Capitol a few minutes after noon today.

## A Visitor

### In Honolulu Says No Quitter Should Tackle Paid Publicity.

¶ This Man built his machine shop business thru the liberal and intelligent use of Paid Publicity.

¶ You Will Notice the terms "liberal" and "intelligent."

¶ Many People wrote to this man asking how he had done it.

¶ His Reply was that he gave the advertising program special attention when it was being framed.

¶ Then He Followed it up with consistent and insistent use of more advertising.

¶ He Believes others can build business in the same way.

¶ But He Says the man who quits should never tackle advertising.

Paid Publicity Pulls Power.

### BRITISH HOSPITAL ESPECIALLY TREATS INJURIES OF FACE

LONDON, Eng.—The Queen's Auxiliary Hospital is being established at Froslog, Fooks Cray, Kent, for the special treatment of sailors and soldiers suffering from facial injuries.

Extensive gardens and a large farm are attached to the house, so that these gallant lads as they recover will have an opportunity of learning a

trade or gaining experience in outdoor occupations.

The scheme is planned and is being organized by C. H. Kenderdine, one of the originators of Queen Mary's convalescent auxiliary hospitals, Southampton, for limless sailors and soldiers.

Opals are a mingling silica flint and water and their iridescent fire is said to be due to the water.

## BABY DAUGHTER ARRIVES ON BROTHER'S BIRTHDAY

A daughter was born Monday to Capt. and Mrs. Charles M. Watson of Schofield Barracks. An interesting incident is that the young lady arrived on her brother's birthday anniversary, Master Charles William Watson being one year old, almost to the hour, when his sister arrived. All well. Mrs. Watson is the daughter of Mr. and Mrs. Lee Charles Miller of Salt Lake City, Utah, who are visiting on the islands and who are planning to go after the game fish at Maui later in the week.

## ARMY & NAVY WEST POINTERS TO CELEBRATE Schofield Notes

### WEST POINTERS TO CELEBRATE

In honor of the founding of West Point, officers of the United States Army will gather at the Moana Hotel Saturday evening, March 17, for an anniversary banquet.

The local celebration at the Moana Hotel, under the direction of Manager Moroni, will start at 9 o'clock and all graduates and men who have attended the academy are invited.

Gen. Strong will act as toastmaster, introducing Gen. Treat, Col. William S. Guinnard, Maj. R. E. Longan and Lieut. S. H. MacGregor, who are to be speakers at the evening.

### NATIONAL GUARD NOTES

Lieut. John A. McElbow is detached from command of 2nd division and assigned to headquarters staff as engineering officer.

The following promotions in the Naval Militia are announced for the information and guidance of all concerned:

Ensign Lewis W. Branch to be lieutenant. Assigned to 2nd division.

A competitive examination, open to all enlisted men of the 2nd division, Naval Militia of Hawaii, will be held at such time and under such regulations as may be prescribed by the commanding officer, Naval Militia of Hawaii, to determine the fitness of candidates for promotion to fill a vacancy in the grade of ensign (engineering duties only).

Ensign Henry W. Engel to be lieutenant (junior grade). Assigned to 2nd division.

A new special court martial has been appointed to meet at the 25th Infantry headquarters, Maj. Hugh D. Wise, Capt. John B. Corley and Capt. Charles L. Wyman are members. First Lieut. Walter H. Frank is judge advocate.

Cpls. Harold J. Cross and Oscar Ramsey, Cook Joseph H. Duvall, Privates Frank E. Gilkerson and Horace C. Livingston, all of the Medical Department, have been ordered to report to an examining board at Schofield Barracks to take the examination for the grade of sergeant, Medical Department.

The following men have been ordered to proceed from this post to Fort Shafter and report to the officer in charge of the School for Bakers and Cooks; For instruction as cook: Pvt. William H. Webb, Machine Gun Company, 32nd Inf.; Cook William M. Lee, Company D, 25th Inf.; Privates Frank H. Statalak and William B. Healey, Supply Company, and Henry E. McNamee, Battery F, 1st F. A.; Privates Joseph Carpenter, Battery D, Julius Strum, Battery E, and Louis Eke, Battery F, 9th F. A. For instruction as baker: Pvt. 1st Class Neils R. Jensen, Company F, 22nd Inf.; Pvt. 1st Class Samuel Maining, Company C, 25th Inf., and Pvt. Raymond F. Norton, Troop L, 4th Cav. The four months' course will begin on March 15.

Boards of officers from each regiment stationed at Schofield Barracks are busy conducting examinations of enlisted men for temporary commissions as officers in time of war. All armies engaged in the present war in Europe have greatly felt the need of officers who have had experience enough to train new troops, and it is known by the War Department that our older non-commissioned officers are excellent instructors. For this reason a list of competent enlisted men is to be prepared at Washington.

Orders recently received from the War Department announced the names of the two new batteries of coast artillery in the coast defenses of Honolulu as follows: Battery Boyd and Battery Adair, in honor of Capt. Chas. A. Boyd, 10th Cavalry, and Lieut. Henry R. Adair, 10th Cavalry, respectively. Both of these officers were killed in action at Carrizal, Mexico, June 21, 1916, by Carranzista troops.

Troop E, 4th Cavalry, has gone to Fort Kamehameha for guard and patrol duty. While there the troops will be quartered in barracks and enjoy the routine of post life instead of camp duty which is exceedingly unpleasant in the present rainy weather. Capt. Jerome J. Pillow commands Troop E with 1st Lieut. Richard Kimball on duty with the troop.

### OFFERS NOVELTY AT MOANA HOTEL

A novel entertainment is to be offered Thursday by Manager Moroni of the Moana Hotel, who has planned a garden fiesta for the pleasure of the Great Northern passengers and local society folk in and out of the army. The affair will take place in the large tropical garden between the hotel and the sea. The trees will be hung with Japanese lanterns and colored lights to add to the aspect of festivity, and a carefully chosen program will occupy the earlier part of the evening. Dancing on the broad seaward lawn will complete the pleasure of the affair.

### HAWAIIAN BAND AT THOMAS SQUARE TONIGHT

Beginning at 7:30 tonight the Hawaiian Band, under the leadership of Prof. Peter Kalani, will give a public concert in Thomas Square. The program for the evening will be as follows:

### NAVAL MILITIA ORDERED TO MEET AT BUNGALOW

By order of W. H. Stroud, commanding officer, every member of the naval militia is ordered to be at the bungalow, Palace grounds, this evening and bring every article of government property which they have in their possession. This order is imperative and no excuses will be allowed.

where it will be available in time of need. The boards detailed at this post are as follows: For the 4th Cav.: Col. Lloyd M. Brett, Lieut. Col. Charles A. Hedekin, Maj. Hamilton Hawkins and Capt. Kerr T. Riggs. For the 9th F. A.: Col. John E. McMahon, Lieut. Col. William S. Guinnard, Maj. Henry W. Butner and Capt. John W. Kilbreth, Jr. For the 25th Inf.: Col. Samuel L. Palsun, Maj. Thomas F. Schley, Maj. Hugh D. Wise and 1st Lieut. Ely F. Deane. For the 1st F. A.: Col. W. F. Ham, Maj. Snow, Maj. Rees Lloyd, Maj. Fred T. Austin and Capt. Augustine McIntyre.

Fifty-eight recruits arrived from the States on the Sheridan yesterday for assignment to the 1st Inf., as follows: To Company A, 5; Company D, 6; Company C, 3; Company E, 3; Company F, 5; Company G, 4; Company H, 4; Company I, 3; Company K, 3; Company L, 4; and Company M, 1. Three recruits will be assigned to the 2nd Inf. The recruits having been exposed to measles on the transport will be placed in a quarantine camp for a period of three weeks, under command of Lieut. Col. Tieman N. Horn, Field Artillery. The following enlisted men have been detailed for duty at the camp: Sergt. James E. Roberts, Company F, 1st Inf., as acting supply sergeant; Cpl. Ernest D. Parsons, Company I, 1st Inf., as acting mess sergeant; and Privates Patrick J. Carr, Machine Gun Company, and Bernard Doran, Company M, 1st Inf., as acting cooks.

## GOOD TREATMENT FOR PLANTATION LABOR REWARDED

### Y. M. C. A. Worker on Kauai Tells of Progressive Work By Managers

(Special Star-Bulletin Correspondent) COLLEGE OF HAWAII, March 12.—Charles F. Loomis, well known Y. M. C. A. worker on Kauai, addressed the students of the College of Hawaii yesterday on the subject of "Y. M. C. A. work on the Plantations." Mr. Loomis' address concerned the work he is doing among the plantation hands—especially the Filipinos.

"I think the day of the plantation manager who makes little distinction in his treatment of laborers and mules is coming to a close," he commented. He told of the relative success the managers are having who take an interest in the welfare of their laborers as compared with those who don't, citing one case in particular where laborers were in the habit of leaving a certain plantation only a few weeks after their arrival in the islands, until the manager and his wife started to take an interest in the gardens and home life of the laborers. "Some of the managers have welcomed the work of the various Y. M. C. A. clubs in forming education classes and providing certain forms of sports, while others take no such interest. It pays a plantation to give some time, attention and money to make the laborers happy and contented. Even a laborer has ambition to improve himself."

"In every camp there is a good crowd and a bad crowd. By forming Y. M. C. A. clubs we naturally attract only the good crowd, for the gamblers and boozers will not join it. These are the kind of problems the managers must put up with, and since the managers of the future are coming from the College of Hawaii I would like you to know about it. You won't get the most out of your work if you are simply a good chemist, and I know of no other interest more worth while than that of the men who work for you."

"Recently I was talking with a book-keeper of one of the large plantations, and he told me that two-thirds of the annual expenses of his plantation were for labor. Every other item was gaining. By the methods of modern business efficiency it is about time more attention was being paid to cutting down the labor item. The college man is naturally looked up to as a leader, and if you men would train to take up educational work among the laborers who need it most you will be doing the thing most worth while."

## MORE LAND FOR SCHOOLS SOUGHT IN SENATE BILL

Senator Robert W. Shingle, chairman of the ways and means committee of the upper house, introduced a bill yesterday providing \$55,000 for the acquisition of additional property for Central Grammar, Normal and Royal schools of this city.

The total area of land proposed for acquisition is 81,203 square feet as follows:

Normal school—The lot lying between the school and Alapai street and containing 12,977 square feet.

Royal school—The property lying between Royal school and Emma and Punchbowl streets, containing 13,110 square feet; also the premises between Royal school and Punchbowl street, containing 30,891 square feet.

Central Grammar—The premises lying between Central Grammar school and Fort and Vineyard streets, 15,225 square feet.

## Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

PHILADELPHIA, Pa.—Do you wear glasses? Are you a victim of eye-strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read anything without any glasses and my eyes do not water any more. At night they would pain dreadfully, now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read the fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of

## BALCH TALKS OF POSSIBILITIES IN USE OF WIRELESS

### Returned Superintendent of Mutual Says Company Will Use Telephony in Time

Some interesting things about wireless are told by J. A. Balch, treasurer of the Mutual Telephone Company and manager of the wireless department, who has just returned from Washington. At the national capital the Honolulu man with the assistance of several other wireless men from all over the United States was successful in combating legislation in Congress the injustice of which would have practically put the local concern's wireless department out of business.

Of course, everyone in the East as well as here is interested in the wireless telephone nowadays, says Balch, and just so soon as it is made a practical business proposition the Mutual concern will establish the system between the islands.

The great disadvantage now is that a person can talk only one way at a time, much like the old-fashioned speaking tube. One must speak, then reverse the operation and listen. It has also been found almost impossible to establish more than one trunk line which would mean that only one person at a time could talk from here to any one of the other islands.

Balch also says that patent legislation has tied up the wireless telephone in a tangle which has not been unraveled yet by court decision.

The bill, which was reported out of the house committee and which died with the end of the session, proposed that the navy department could regulate the rates of short distance companies, such as the Mutual plant, operating from shore to ship, or from point to point, and that the government could set up its own plant in direct competition if it desired.

Provisions were also included which prescribed certain forms of instruments for commercial companies which would have necessitated the junking of most of the equipment here if it had become law. The bill's purpose was claimed to be a step towards preparedness but with no regard for the money expended in the development of the wireless industry, according to Balch.

A new bill will be drafted for the next session by the navy proponents which will propose a complete government ownership, says Balch, does not believe this will pass, for, he points out, any wireless company is willing to turn over its plant to the government in time of trouble. The new bill will probably include the larger point-to-point companies such as the Federal and Marconi but will provide for a reasonable purchase price to be paid by the government.

## RESERVOIR PROJECT IS TERMED VERY IMPORTANT

Expressing special favor toward the Olinda reservoir as "a very important project," Gov. Pinkham yesterday submitted to the senate estimates from the Maul loan fund commission as to the cost of lining the big container.

The estimates submitted make a total of \$28,480 as follows:

Nine hundred and twenty cubic yards cement, \$16,100; reinforcing, \$3880; waterproofing, \$1600; superintending, camps, testing, insurance, bonds and profits, \$5600; engineering and inspection, \$1500.

The governor, in submitting the estimates for the loan fund commission express the belief that the last two items are excessive.

The Italian government is authorized to extend military discipline to dock labor at Italian seaports.

## SAVE YOUR HAIR! 25 CENT BOTTLE STOPS DANDRUFF

Every Bit of Dandruff Disappears and Hair Stops Coming Out

Try This! Your Hair Appears Glossy, Abundant, Wavy and Beautiful

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.—Adv.

## TOURIST CROP SHOWS INCREASE OVER 1916

According to figures furnished by the Hawaii Promotion Committee the number of passengers arriving in Honolulu during the period from January 1 to March 12 was 4192. In the same period last year 3411 passengers arrived in Honolulu, a gain of about 22 per cent over 1916.

Despite the war scare and the high cost of living, A. P. Taylor said that he expected that the next three months would see a large number of tourists here, and predicted that the figures for 1917 would be far in excess of those of last year.

## ABATEMENT BILL IS IN SPECIAL COMMITTEE NOW

### Senate By Close Vote Refers Measure to Delegation of Oahu Legislators

By a vote of 8 to 7, taken yesterday afternoon by the senate sitting as a committee of the whole, Senate Bill 10, the abatement by injunction measure, was referred to a select committee of Oahu members. Senator Robert W. Shingle was named as chairman of the committee which will report to the upper house recommending such action on the bill as it sees fit.

Why the bill was switched to the Oahu committee is still a mystery to many who sat in the senate room yesterday and watched the action go through, and the fact that the vote was close shows that a good portion of the senators themselves did not favor referring the bill to a select instead of a standing committee.

### Castle Flights Proposed

Castle, Chillingworth and others were against such disposition of it, taking the lead in a fight to keep it in a standing committee. Shingle, on the other hand, favored such disposition, stating that he was at the bottom of the move in proposing it to Senator Makekahu.

"I'm going to oppose giving this bill to a select committee," said Castle soon after Makekahu of Hawaii had so moved. "We have taken this up in a committee of the whole and now is no time for any senator to dodge his duty."

Castle bowed toward Makekahu, explaining that he did not consider this was the senator's intention. Castle also declared himself emphatically against an executive session which had been suggested previously in a motion by Senator Coney of Kauai.

Shingle was on his feet in an instant, declaring that he had suggested to Makekahu to move to refer the bill to the Oahu contingent.

"My idea is," said he, "that by having the measure before this committee government officials such as Attorney Huber, Marshal Smiddy and Dr. Pratt can be called to give their views."

Senator Cooke, sitting as chairman, suggested that as children from the outside islands come here to school, outside senators should be on the investigating committee, but Makekahu thought not. Hawaii had no "Sodom or Gomorrah," he said. It was for Oahu to settle its own troubles.

### Senate is Ready

Shingle said he understands the senate is ready to vote if it can find what to do with it. If the Oahu senators were willing to take the responsibility it was for them to work it out.

Chillingworth urged that the measure go back to the health committee whence it came. He opposed sending it to the Oahu committee for it dealt with a subject of vital importance to all the territory.

Castle pointed out that it is only right to refer back to the committee that first took up the consideration of the bill. It would be a mistake to send it to the Oahu group alone.

Cooke, a member of the health committee, scored Chairman Cooke hotly for wanting the bill back in that body and declared himself against such a move by motion to table Chillingworth's amendment.

Came last the various votes in close order and when the smoke of battle had cleared Senate Bill No. 10 had found a resting place with the Oahu solons.

Cooke submitted the report of the committee of the whole immediately after the senate had met in regular sitting again, the vote to accept passing with only three against it. President Chillingworth then named Shingle as chairman.

Hot debate for two hours yesterday afternoon preceded this action, arguments for and against the abatement bill being presented by citizen speakers. Chief among those who came out decisively for the restricted district were Jack Edwardson and Henry Allen.

Allen spoke near the close of the meeting. He had kept a soft drink parlor near the entrance of Iwilei and wanted to knock out the old story of the place being kept up by the soldiers.

"My receipts would increase a little," he said, "along about payday, but only for a day or two, and that was all. The soldiers did not go there as much as has been said."

Allen said he would have a board of inspectors appointed to regulate a district properly. Conditions here were different than in the "snow-ball" states where the abatement law was said to flourish.

"I never saw a child molested from among those who happened down the streets in Iwilei," he went on. "If any woman touched one it was to take it by the hand a moment through that motherly instinct in every woman's heart, no matter how low she may have fallen."

Charles Holoua spoke in Hawaiian recommending a plebiscite on the matter. The question was too big for these few men to handle, he thought. He was of the opinion there should be an island near town set aside for prostitution.

## Father Damien Is Subject of U. S. Bulletin

### Public Health Service Backs Plan to Establish National Leprosarium

Father Damien's heroic work, well-known to the older generation in Hawaii, is the subject of an appreciative bulletin from the U. S. public health service. The bulletin, dealing also with leprosy, shows the U. S. service does not believe any cure for leprosy has been evolved, and favors a national leprosarium for segregation purposes. The bulletin says:

"At Tremelo, Belgium, 75 years ago, Joseph De Veuster, better known as Father Damien, was born. He was educated for a business career, but when he was 18 years old he entered holy orders, and 15 years later, in October, 1863, went to Honolulu as a missionary in the stead of his brother. In 1864 he was ordained a priest, and during the nine years that followed he was frequently struck in his parochial work with the pitiful condition of the Hawaiian lepers. In 1873 he volunteered to take up his residence on the island of Molokai, to which at that time all lepers were deported, and there he remained until his death on April 15, 1889. He gave evidence in 1885 of having contracted leprosy from the unfortunates committed to his care, but he continued his labors.

"Leprosy is a contagious, infectious disease, which is believed to be directly communicable from one person to another person. It is believed to be caused by a microscopic vegetable parasite shaped somewhat like a small curved stick. This bacillus was discovered by Hansen in 1874. In man the disease appears in several different forms, attacking almost any organ in the body, destroying any or all of the senses, and finally producing death. There is a disease among rats which closely simulates human leprosy, and the bacillus which causes it resembles that found in human leprosy.

"It is not definitely known just how the leprosy bacillus enters the body. It may be through wounds of the skin or the lining membrane of the nose and throat, and possibly it may be taken into the body with food. It is pretty definitely proven that no particular article of diet, such as fish, causes the disease. It has been thought that some insect may act as the agent which transfers the germs from sick people to well people. This is not proved.

"Whatever the exact mechanism in the transference of the leprosy bacillus, practical evidence shows that the disease is spread mainly by direct contact, and is most prevalent where people are dirty and overcrowded. There is no evidence that leprosy is hereditary.

"Practical experience has shown that segregation is the only practicable means of controlling the disease. A bill appropriating \$250,000 for the purpose of establishing a national home for lepers passed the House of Representatives on May 4, 1913, and was passed by the Senate on January 25, 1917. This provides a national institution for the care and treatment of the unfortunates afflicted with this gruesome disease and solves the problem of preventing its spread in the United States."

## LESLIE'S BOOSTS PLAN ADVANCED BY A. P. TAYLOR

Leslie's Weekly has come to the support of the plan for a Pan-Pacific Union which originated with A. P. Taylor, secretary of the Hawaii Promotion Committee. In an article reviewing the proposed work of the union, they say:

"A. P. Taylor of Honolulu has worked out a plan whereby an institution along the lines of the Pan-American Union may be evolved to do for Hawaii, Alaska, the Philippines, Guam and American Samoa what the union has done for North, Central and South America. There can be no doubt that the overseas units of the American government have a more substantial claim on United States for special exploitation and development at the hands of the government than the Latin-American nations. Taylor's plan should receive the hearty support of our government as well as the business men."

James A. Rath of Palama Settlement, W. R. Farrington and Theodore Richards.

There was a report current yesterday that when the bill reached the house, if passed by the senate, it would be quickly amended by the addition of a provision calling for a plebiscite similar to the one in the prohibition bill. It was suggested after the senate adjourned that perhaps the purpose of the reference to the Oahu special committee was to have such amendment offered by the committee to the senate for action by that body before it should go to the house.

For the first time in the history of the trade of the Far East in musical instruments, American pianos are coming into various parts of China in good volume, and with prospects of an increasing and permanent trade.

## Dr. J. T. Gulick is 85 Today; Biography is Being Written

Dr. John Thomas Gulick, pioneer missionary, and author

"A Freeman of the Frontier" is the title of a biography being written by Dr. Robert Whitaker of Los Gatos, Cal., of Dr. John T. Gulick of Honolulu, who is 85 years old today. Dr. Whitaker has written about 60,000 words of the biography here. He leaves on the Great Northern Friday with Mrs. Whitaker and their nephew, Rev. Robert B. Whitaker, who came recently from China. Mrs. Robert Whitaker, a daughter of Dr. Gulick, will remain in Honolulu with her daughter, who is ill. Rev. Oramel H. Gulick is also writing a book of local interest entitled "Pilgrims of Hawaii."

Dr. Whitaker spoke at Punahou yesterday on the opening days of the school, reading from a diary of Dr. Gulick. A poem in this diary by Daniel Dole, which the writer's own brother, Judge Sanford B. Dole, knew nothing of and which was written for commencement of April, 1847, was read. It is as follows:

"Homeward our young affections turn  
"Away, away from school;  
"Our hearts to be with parents yearn  
"Away, away from school;  
"Our hearts leap up with vigor brave  
"To speed away across the wave,  
"Where parents' love can never cool,  
"Away, away from school.

"At Punahou we would not stay,

"Away, away from home;  
"For love allures another way,  
"We staid for home, dear home,  
"And loving hearts with fervor burn,  
"To greet the day of our return,  
"To see the besse! cut the foam,  
"That bears, that bears us home.

"With joy unfeigned we bid farewell  
"To all our tasks at school,  
"Thou shalt not call us more, old bell,  
"From sleep, or sports to school,  
"From writing, drawing we're away  
"From Latin, Greek and Algebra,  
"And all this doings things by rule,  
"That vexes us at school."

Dr. John T. Gulick is a member of a famous family of missionaries and educators. He was born on Kauai March 13, 1832, the son of Peter Johnson Gulick, American missionary, and Fanny Hinckley (Thomas). He was one of the "forty-niners" in California, mining in 1849 and 1850. He took his A. B. from Williams College in 1859, his Ph. D. from Adelbert in 1889; Sc. D., Oberlin, Ohio, 1905. He also studied in Union Theological Seminary, and was a missionary in China and Japan from 1864 to 1889 and at Oberlin from 1899 to 1905. His writings are of wide scope and accepted authority and he is the author of several notable treatises and scientific discussions.

## PAVING DELAYED BY BOND DEFEAT

That the Lord Young Engineering Company desires to commence immediately on the paving on Beretania and Smith streets, but cannot do so because a water main should be installed on Beretania and sewer extensions named in a letter which George Collins, city and county engineer, has written to the board of supervisors.

According to the letter, the water department has informed Collins that the water main would cost \$12,000 and the sewer extension \$2,000 and he requests the board to find some means whereby the pipes can be laid at once in order that the improvements may proceed.

Thursday afternoon members of the Honolulu branch, Needlework Guild of America, meets on the Young hotel garden to bid farewell to Mrs. Stewart, who organized the local branch. She leaves on the Great Northern.

## Lord Desborough Accepts Hawaii Tuna Club Office

### Noted British Game Fisherman is Now Honorary Vice-President

The fame of Hawaii's game-fishing and the Hawaii Tuna Club has reached England, and in the midst of his duties as an Englishman aiding his country in a great struggle, a noted English game-fisherman has paused to express his appreciation of honor done him by the local club.

This is Lord Desborough, K.C.V.O. (Knight Commander of the Victorian Order), who is president of the British Sea Anglers' Society. He was recently elected an honorary vice-president of the Hawaii Tuna Club, and in responding to Secretary H. Gooding Field's letter of notification, he wrote:

"My Dear Sir: I hope you will express to the members of the Hawaii Tuna Club my great appreciation of the complaint they have paid me by electing me an honorary vice-president of their club, an office which I shall be most pleased to hold.

"I have never myself caught any tuna but I went out to the Boca Grande Pass, Florida, many years ago and caught a hundred tarpon there in three weeks—so I did pretty well—the most I caught in one day was 12.

"Again thanking you for the compliment which your club has paid me, I am,  
"Yours sincerely,  
"DESBOROUGH,  
"President, British Sea Anglers' Society."

## MITCHELL URGES STEAMSHIPS FOR HAWAIIAN TRADE

### Retiring President of Los Angeles Chamber Advocates Plan to Secure Steamers

That Los Angeles needs a steamship line from her port, San Pedro, direct to Hawaii and the Orient was stated by retiring President John Mitchell of the Los Angeles chamber of commerce at its annual banquet held February 22.

President Mitchell visited Honolulu last fall with the Los Angeles chamber's party. In his address, he said Los Angeles has secured an appropriation for widening the harbor channel to a full 1000 feet, and has also secured a permanent submarine station.

"We have three steamship lines running to Mexican ports," the speaker said in part. "In 1913 we had none. Our harbor is ready for business, and foreign commerce is actually trying to force itself into our port.

"With sincere regret and a feeling of chagrin I have to report that we are still without a dry dock. A single steamship company, believing in Los Angeles harbor and in her back country, is prepared to guarantee business which will yield 3 per cent interest on \$100,000, provided we have the enterprise and the backbone to build such a dock. There are other shippers who will bring their business to us if we care to deliver the goods.

"We need a navy yard. And we will get it, too, if we all work together. We need a quarantine station. We need a steamship line to Hawaii and the Orient. We need a steamship line to New Zealand and to Australia. We need a steamship line to Central and South America and we need more steamers to Mexican ports.

### Urges Building Own Ships

"Los Angeles harbor will never attain attractive greatness unless we build our own ships to carry Los Angeles products to foreign markets. It is useless for us to wait for commerce to come to us. The only way for Los Angeles to get ships is to build ships, and the sooner our harbor becomes a busy, bustling, ship-building port, the sooner the purchasing public will buy Los Angeles-made goods."

The chamber's incoming president, L. D. Sale, in his address, said in part: "The development of our foreign and domestic trade is something that must be continued vigorously, and to accomplish the best results it will be necessary for us to utilize the advantage of our harbor by placing in operation steamship lines to all the ports on the Pacific.

### Hawaii's Trade Relations Better

"Australia, the Hawaiian Islands, and the Orient are being brought into closer trade relations each year. Manufacturers producing articles demanded in these countries necessarily will enjoy additional advantages if located in Los Angeles.

"The assurance of direct steamship lines with Los Angeles as a home port will bring capital to realize that here, 'Where Nature Helps Industry Most,' is the logical and profitable place to establish industries."

Officers of the 21 societies which compose the union are expected to be in attendance at the convention from 3 o'clock on, all committeemen from 4 o'clock, and all other members at the two mass meetings to be held at 5 and 7 o'clock. Supper will be served by Mills school at 15 cents per plate for those who wish to attend both afternoon and evening sessions. All sessions are open to the public.

## War Crisis Forces Oil Claims To Lie Over Till Next Winter

### Legislation Quietly Dropped as Naval Needs Are Brought to Fore

By C. S. ALBERT  
(Special Star-Bulletin Correspondence)

WASHINGTON, D. C., Mar. 13.—The matter of leasing oil lands within the naval reserves of California was among the first features of proposed legislation to go by the board. It became self-evident many days before the adjournment of Congress approached that the passage of any bill carrying remedial enactments was impossible. The subject then was quietly dropped by those in charge, although no notice to that effect was given out. Senators Phelan, Pittman and others awaited opportunity until the last horn blew, but realizing that the situation was hopeless.

The severance of diplomatic relations with Germany added the last straw to the overloaded camel's back. It was useless to fly in the face of that fact and combat Secretary Daniels with his insistence that all available oil might be required for vessels of war. The excitement and patriotism carried even statesmen to such a pitch that they knew the navy department officials shouted the winning slogan. The suggestion of justice and fairness could have no weight against the suggestion of possible national disaster caused by insufficient fuel supplies.

The point of oil requirements for the navy had been well worked before

Ambassador von Bernstorff received his passports and safe conduct. In addition, Secretary Daniels has the support of Attorney General Gregory, who held that the legal aspects of the case were in favor of the navy department and against the claimants who have developed some holdings. The only offset was the assistance rendered by Secretary Lane.

The president remained neutral throughout the controversy. He heard all sides of the topic and frequently declared that some compromise was desirable. At one time he began inquiries with the view to serving as referee and adjusting the conflicting features of the matter. Other subjects crowded upon him and he was compelled to let the subject pass until some more propitious moment arrives.

The general prediction is that no oil land leasing legislation can be enacted when the extraordinary session that now seems inevitable is called. The president's program then will hold the center of the stage to the virtual exclusion of all other things. The time for discussion cannot be spared. Few statements are found sufficient, optimistic to predict that the remedial enactment can be pushed through Congress at the extraordinary session, if one is convened.

The views are widely divergent as to the opposition to any interference with the naval oil supply is so pronounced that the matter doubtless will be passed along to the regular session of Congress next winter.

## EVERY U. S. MILITARY LEADER HAS FAVORED COMPULSORY TRAINING

(Special Star-Bulletin Correspondence)

WASHINGTON, D. C., March 4.—"The general staff should have been court-martialed if it had made any other report than that which has been sent to Congress by the Secretary of War," said George Hewitt Myers, secretary of the Army league, in commenting on the general staff's recommendations on universal military training. "In recommending universal military training the general staff only followed the policy advocated by every great military leader from Washington down to the present. Every secretary of war from Knox to the present head of the War Department, after mature consideration has indorsed some system of universal military training and service. This was the central idea of the first military act of Congress providing for the establishment of the militia system.

"The report of the general staff places the responsibility of giving the country an adequate system of national defense upon Congress. It now has before it a thorough study by military experts of all problems connected with land defense. If, in the present international crisis, or at any time, the country meets with disaster it will be the result of the failure of the courage it demands. By no large and indiscriminate appropriations for alleged national defense or pork barrel purposes can Congress escape this grave responsibility.

"In its report the general staff proposes to give the young men of the country just one-half of the training that is required in time of peace by

all of the great European powers and Japan. We may think that in six months this country can produce a force of trained citizen soldiers, but none of the foreign military authorities will entertain any fears of such an army. What we should have is a military policy which will impress other nations that the United States is prepared to defend itself against all attacks. Such a policy will do much to keep the country out of war while inadequate training only invites attack.

"Economically the report of the general staff is sound. Under the policy proposed, we can secure three times as many soldiers with the expenditure of the same amount of money as will be required for the National Defense Act. In making this comparison it is assumed that officers and men can be secured for the Regular Army and National Guard which are authorized by the Defense Act. The house committee on military affairs in its report has taken the position that the Regular Army and National Guard cannot be raised to their authorized strength by refusing to appropriate sufficient funds for the second increment of the Defense Act. It even went so far as to reduce the number of officers that were to be appointed in the Regular Army on July 1."

"I sincerely hope that the members of Congress will at least read the general staff report."

Exports of general merchandise at the port of New York on February 13 were valued at \$4,861,933.

## ADDITIONAL TELEGRAPH NEWS

### BOER GENERAL SAYS WAR IN SOUTH AFRICA IS OVER

(Associated Press by Federal Wireless)  
LONDON, Eng., March 13.—General Smuts, the Boer general who remained true to his oath of allegiance to Great Britain and who has been commanding her armies in the brilliant campaign against the Germans in German East Africa, has reached here to confer with the military and imperial authorities. In speaking of the war in Africa, General Smuts says that it is over, for the Germans have been crushed and their colonies have been taken from them. The few still left at large in German East Africa must enter the Portuguese territory where the Portuguese will soon finish them.

"The fighting has developed a fine type of native fighting man, says General Smuts, who are now available for service on the principal theaters of the great war when wanted by the mother country."

### LABORITES PLEDGED TO FIGHT IN CASE OF WAR

WASHINGTON, D. C., March 13.—The American Federation of Labor yesterday adopted a formal resolution offering its services, and those of its members, to the nation in case of war "against any enemy whomsoever." The resolution was adopted by a unanimous vote of the delegates to the federation, and reads in part:

"We do solemnly pledge ourselves unreservedly, should this country be drawn into the European struggle, to offer our services to safeguard the republic against any enemy, whomsoever, and we hereby call upon our fellow workers in the holy name of labor to devotedly give a like service."

### MORE AMERICAN MARINES LANDED ON CUBAN COAST

SANTIAGO, Cuba, March 13.—Marines from American warships were landed yesterday at five towns along this section of the Cuban coast yesterday, although it is made plain by Commander Beknap of the U. S. S. San Francisco, that the United States has no intention of intervening and that the landing of the marines must not be so regarded.

The rebels are reported to be fleeing before the approach of the government troops, making no stand, but the destruction of small bands of insurgents continues and much care has been insured over and destroyed. So far the centrals have escaped destruction, however.

### CARRANZA'S ELECTION WAS PRACTICALLY UNANIMOUS

(Associated Press by Federal Wireless)  
EL PASO, Texas, March 13.—President Carranza, who was elected to the presidency of Mexico on Sunday practically by acclamation, yesterday issued a manifesto proclaiming amnesty to all revolutionists throughout the republic with the exception of Pancho Villa and the officers implicated in the murder of President Madero. To all others, laying down their arms and surrendering, a full pardon will be granted for all past offenses.

Another announcement issued by the president states that all American mine owners in Mexico will be granted a 10 per cent reduction in the terms of a previous production plan if they make applications at once for a cessation of the compulsory decree.

Complete returns from all the available centers show that the vote for Carranza was practically unanimous.

### GERMANY WANTS RENEWAL OF CENTURY-OLD TREATY

(Associated Press by Federal Wireless)  
WASHINGTON, D. C., March 13.—The government of Germany, through its secretary, Paul Ritter, the Reich minister, yesterday formally renewed its previous offers to have the United States sign a protocol annulling the Prussian-American treaty of 1798, something which the United States has already refused to do.

### WOULD DRILL INDIAN YOUTHS FOR U. S. ARMY

(Associated Press by Federal Wireless)  
RIVERSIDE, Cal., March 13.—Indian commissioners here have recommended that fifteen thousand pupils of the Indian schools here be armed and drilled by regular officers and reorganized into fifteen regiments of soldiers. The idea has been endorsed by Secretary Land and Baker, and by Colonel Scott, chief of staff.

### ZEPPELIN LAID TO REST IN FAMILY VAULT AT STUTTGART

(Associated Press by Federal Wireless)  
STUTTGART, Germany, March 13.—The funeral services over the remains of the late Count Zepplin, designer of the aircraft bearing his name, were held yesterday in the family vault at Stuttgart. The remains were placed in the family vault in the Prag cemetery.

## EN SUE ONCE MORE LEADS HITTERS IN LOCAL SERIES; WOLFER HEADS VISITORS

### Chinese Players Hit Well; Hollocher Leads Base Stealers; Swan Hits 375

En Sue, the fleet little center fielder of the Chinese team, is once more the batting leader in a series. In the last series in which the averages were compiled En Sue was leading with Rogan, Crafton and Ah Lee right behind him. In the games up to today, the Chinese star has an average of .400.

Both Swan and Ah Lee of the Chinese team have hit the ball hard, registering an average of more than .350. Denny Willie, the little right fielder of the Portland team, leads the Beavers, although Wolfer, who goes to Vancouver, has a higher average. One of the surprises of the series is the fact that Luck Yee leads the hitters to date, but has been at bat so few times that he is not the real leader.

The averages up to and including last Sunday's game are as follows:

BATTING AVERAGES IN PORTLAND SERIES										
Player	Team	A.B.	R.	H.	2B.	3B.	H.R.	S.B.	S.H.	AV.
Luck Yee, Chinese		2	2	1	0	0	0	0	0	.500
Hollocher, Portland		2	1	1	0	0	0	0	0	.500
En Sue, Chinese		10	4	4	0	0	0	2	0	.400
Swan, Chinese		15	2	6	3	0	0	2	0	.375
Ah Lee, Chinese		14	3	5	1	0	0	1	0	.357
Wolfer, Portland		29	4	10	0	0	0	3	1	.345
Willie, Portland		35	8	12	1	0	0	2	2	.342
Fisher, Portland		15	1	5	1	0	0	0	0	.333
Morgan, 25th		3	0	1	0	0	0	0	0	.333
Williams, Portland		34	5	11	4	0	1	1	2	.323
Rogan, 25th		10	3	3	1	0	0	1	0	.309
Avan, Chinese		14	2	4	1	0	1	1	1	.285
Johnson, 25th		14	3	4	0	1	0	2	0	.285
Gollah, 25th		11	2	3	0	0	0	0	3	.272
Reagers, Portland		37	5	10	2	0	0	2	0	.270
Stumpf, Portland		4	4	9	1	0	1	2	0	.265
Hollocher, Portland		39	6	10	2	0	0	4	0	.256
Moore, 25th		12	1	3	0	0	0	0	0	.250
Akana, Chinese		4	0	1	0	0	0	0	0	.250
Kan Yen, Chinese		15	0	3	2	0	0	0	0	.200
Crafton, 25th		15	1	3	0	0	0	0	0	.200
Pinelli, Portland		32	5	6	0	1	1	1	3	.187
O'Brien, Portland		11	2	2	0	0	1	0	0	.182
Hawkins, 25th		11	0	2	0	0	0	0	2	.182
Kai Luke, Chinese		7	1	1	0	0	0	0	0	.143
Smith, 25th		14	1	2	0	0	0	1	0	.143

## NORMAN ROSS IS WHOLE SWIMMING TEAM; BEAT STANFORD SPEED MEN

STANFORD UNIVERSITY, Cal., March 4.—Norman Ross, the Olympic Club swimmer, just two days off the steamer from Honolulu, swimming as a team here yesterday afternoon, defeated the Cardinal varsity in four out of six events staged in the 100-foot Stanford tank. Ross won everything but the relay and the slung-for-distance, thereby in reality winning every regular race. The husky water dog was decidedly at his best yesterday. The Cardinal varsity team had three of the fastest swimmers in college swimming in town, yet Ross out-distanced his opponents in the 50-yard, 100-yard, 220-yard and backstroke events.

Goldsmith defeated Ross in the distance slung, reaching 52 feet. In the 100-yard relay, in which the Cards were represented by three fast men, Penniman, Iredell and Goldsmith, the last-named swimmer managed to nose out Ross at the tape by a scant two-fifths of a second. Ross entered this

## CHICK GANDIL JOINS CHICAGO WHITE SOX

WICHITA, Kan.—Chick Gandil, who played first base for the Cleveland club of the American League, has been purchased by the Chicago White Sox. Gandil is now on his way to the training camp at Mineral Wells, Tex.

This means that Louis Gusto, who was in Honolulu with the All-Americans last year, will take care of the initial back this season. Manager Fehi is confident that the big Italian will make good; and inasmuch as Gusto hit the ball hard here, the local fans will be pulling for him to show something this season.

race after having won four events in fast time, and in rapid succession. The former Card freshman star took at the most but two minutes rest between races.

Henry S. Hyde, for many years a director and vice-president of the New England Telephone & Telegraph Co., is dead.

## All-Around Champions of 'Y' TENNIS FOR BOYS GIVEN BIG BOOST

More names are being received for the list which will form the junior tennis organization of Hawaii, and much interest is being taken in the movement on the part of the younger players. To date more than 60 names have been received, and when a total of 100 has been reached plans will be laid for the formation of the club.

According to the present plans the club will be formed, and the boys will hold the offices and make their own rules, with one of the older players as an officer in an advisory capacity. There are enough public spirited citizens in Honolulu who will appreciate the value of such an organization to the community, and in time it is thought that the club will be able to secure courts of their own.

A tournament will be started in the very near future, and in this tournament the handicaps for future play will be decided. The youngsters have been practicing on the various courts when they can get an opportunity, but with courts of their own the game would receive the biggest boost in the history of the sport in Honolulu. The girls are taking an interest in the movement, and want to be represented with an auxiliary. Those interested in tennis between the ages of 12 and 19 are requested to send their names to the Star-Bulletin.

Billy Hoogs, one of the local stars,

## RANDOLPH HITCHCOCK MADE GREAT RECORD IN ATHLETICS AT HARVARD

The ashes of the late Randolph H. Hitchcock of Molokai were brought to Hawaii last week by relatives of the popular athlete who was one of the stars in the various sports at Harvard. Many letters have been received from friends who knew the Harvard student, and all told of the friendship for the athlete who was taken down practically at the height of his athletic career.

Randolph Howard Hitchcock received his preparatory training at Phillips Exeter, after taking a course in the Honolulu schools, and while there he held the pole vault record and pitched winning ball for his baseball team.

His fame preceded him to Harvard, and soon after matriculation at Cambridge gained fresh laurels. In the keenest competition for two years he held his place on the Brookline relay team and also was a member of the Harvard swimming team. He played regularly on the freshman football team, and also played on the Harvard varsity last fall. His two brothers, Harvey Rexford and William C., were with him at the end. He was 23 years of age.

It was announced at the Lynn, Mass., plant of the General Electric Co. that no contracts would be accepted hereafter for shell casting for a foreign nation.

has become interested in the plan to form a junior club, and inasmuch as his three brothers have enlisted it is expected that he will help the movement along. John O'Dowda has also favored the move, and it is expected that other tennis players will send in their letters of approval.

## EHLERS PLAYERS DOWN WAIALUAS

In a hotly contested game played at Waialua on Sunday, the B. F. Ehlers team defeated the Waialua Stars by a score of 5 to 4. The game was exciting from beginning to end, and a number of spectacular plays were staged.

Both teams were held scoreless until the fourth frame when the dry goods team gathered three runs. There was a large gathering of plantation workers present at the game. The victory on Sunday makes the fourth victory for the Ehlers team.

The lineup of the teams was as follows: Ehlers & Co.—M. Hondulo, ss.; M. Koyama, cf.; H. Haneberg, lf.; C. Teves, c.; Capt. Borges, 1b.; H. Ichijo, 3b.; Ben Lopes, p.; C. Silva, rf.; J. Lewis, 2b. Waialua—F. Almeida, p.; Stockey, c.; A. Robello, ss.; A. Fario, 3b.; J. Viera, lf.; A. Viera, cf.; J. Vincent, 1b.; A. Vincent, 2b.; J. Faria, rf.

## UNION PACIFIC PLANS ERECT PERMANENT SNOW SHEDS

SALT LAKE, Utah.—The Union Pacific Railroad has decided to insure against further trouble from snow blockades by the construction of permanent snowsheds costing approximately \$1,000,000, according to a statement made by E. E. Calvin, president of the road. Work already has been started on temporary wooden sheds at some of the worst points between Wamsutter and Rawlins, Wyo., and these will be replaced by concrete structures next summer.

**Loose Fitting B. V. D. Union Suits Have These Exclusive Features**

## COSMOS DEFEAT HAWAII BOWLERS

Y. M. C. A. BOWLING LEAGUE

Standing of Teams	P.	W.	L.	Pct.
Oahu	20	18	2	.900
All-Chinese	20	18	2	.900
Cosmos	24	11	13	.458
Mid-Pacifics	20	9	11	.450
Hawaiians	20	8	12	.400
Nationals	16	2	14	.125
Service	16	2	14	.125

Last Night's Results  
Cosmos, 3; Hawaiis, 1.

The Cosmos climbed into third place last evening in the Y. M. C. A. Bowling League by nosing out the Hawaiis in a close and interesting match. All the games were close and total pinfall was in doubt until the last frame of the third game.

The opening game was a dandy. It went to the Cosmos, 860 to 856. The Hawaiis slumped in the second, but came back for a victory in the third. J. C. Chamberlin, Leslie Scott and W. A. Ham starred for the Cosmos with averages of 180 or better. Walter Williams and John Azevedo were in great form for the Cosmos and averaged 188 and 186, respectively.

Hawaiis	1st	2nd	3rd	Total
Azevedo	197	175	185	557
Decker	170	125	158	453
Canario, H. S.	152	174	131	457
Hill	140	141	150	431
Williams	197	159	299	565
Totals	856	774	833	2463

## TWO CLOSE ONES STAGED AT POST

Two very interesting games of the national pastime were played at Schofield on Sunday—in fact, there were three. One between F Battery of the 1st F. A., and F Battery of the 9th, the second between Headquarters Co. of the 1st F. A. and B Battery of the 9th, and another exciting contest "somewhere" in the quarantine camp.

In the first melee the horse defeated the tractor outfit by the score of 8 to 7, Tudor and Silver being the successful battery as against Carrico and Bolton for the 9th. Distinctive features were the fielding of Sergt. Minard and the stick work of Capt. Oultr.

The game played on the Artillery Cavalry diamond saw the new Headquarters Company make a very pretty bow to the public, carrying off the victory, 6 to 5, against B Battery of the Tractors. In this fray, Michalek and Harris were pitted against Venema and Bauerle of the Headquarters Company of the First Field. It appears that the Headquarters of the First is destined to raise some dust in the race for championship honors in the Artillery Brigade, if not in the garrison.

**SNOWSLIDE WRECKS OGDEN CANON HOMES**

OGDEN, Utah.—Several summer cottages, including the stone residence of Governor Simon Elmerberger, were wrecked by an avalanche in Ogden canon near here recently. The Elmerberger home was ripped from its foundation and swept into the river by the force of the snowslide and is a total wreck. Traffic in the canon is blocked.

The body of a middle-aged man was found on the southbound express tracks of the subway, near 26th St., New York.

That's why it is Chesterfields or nothing—if you want this new kind of enjoyment in cigarette smoking.

For Chesterfields, besides doing the usual thing of pleasing the taste, do the one thing you've always wished for in a cigarette—**Chesterfields just "touch the spot," they let you know you are smoking—they "SATISFY"!**

—But they're mild, too!

It's a new blend of high-quality Imported and Domestic tobaccos—that's how it's done. And the blend can't be copied.

Try Chesterfields.

*Light & Mild*

**20 for 10¢**

**Chesterfield CIGARETTES**

of IMPORTED and DOMESTIC tobaccos—Blended

They "Satisfy"!—and yet they're Mild

SUGAR UNSETTLED DURING FEBRUARY

(Special Correspondence, Nevins & Callaghan, 99 Wall Street) NEW YORK, N. Y., Feb. 23.—The advancing trend noted in our last review was checked at the opening of this week and since that time a rather sharp reaction has been in progress, and prices have declined to the basis of 5.02c for Porto Ricos and 4.16c basis 96° c. and f. (5.02c) for Cubas, showing losses of 25c and 37c, respectively, from the high points recently reached. Several factors have contributed to this change in the market. The political disturbances in Cuba have not assumed the serious proportions at first feared and thus far there has been an absence of any destruction of cane fields or factories, although considerable interruption of harvesting has been occasioned by the unrest among the field laborers. The buying movement for refined here has also subsided, due to the fact that refiners sold all the sugar they could deliver promptly and the high prices asked proved unattractive for future contracting. As a result, holders of raws have been rather free sellers, and throughout the week business has been transacted on a gradually declining basis, say at from 4.9-16c down to 4.3-16c basis 96° c. and f. for Cubas 96° c. i. f. for Porto Ricos. Both refiners and operators participated in the business which reached fair proportions as is noted below. At the close there are further light offerings of sugars in nearby positions at 5.02c basis 96° c. i. f. for Porto Ricos and at 4.3-16c basis 96° c. and f. for Cubas. The arrivals of previously purchased raws have been quite liberal and as several refiners here have been practically closed down, owing to labor difficulties, there is some congestion of raw sugars in port, and consequently nearby sugars instead of commanding a premium are becoming more difficult to sell than sugars further off. The weekly cable from Cuba on Tuesday gave only incomplete returns because of the interrupted lines of communication throughout the island. The incomplete receipts were 76,120 tons and 43,159 tons to United States Atlantic ports and 12,563 tons to New Orleans. The export figures had a bearish influence on the market, as complete exports were naturally considerably larger, whereas the opinion prevailed last week that the political disturbances were going to curtail shipments. There has been a cessation of the buying movement of refined, but refiners, owing to the fact that several plants are still closed by strikes, have found it impossible to ship promptly the large orders recently booked. In order to shut off any further business, the prices of refined have been sharply advanced. During the week the Federal S. R. Co. advanced prices to the record level of 3c less 2 per cent. Arbutic Bros. and the Warner S. R. Co. advanced to 7.50c less 2 per cent. The American S. R. Co. and the National S. R. Co. advanced to 7.25c less 2 per cent, but subsequently reduced prices to 7c less 2 per cent. All refiners are one to three weeks behind in deliveries and as the trade generally were carrying minimum stocks, this delay has caused some retailers to go entirely out of stocks, or nearly so, and in some instances retailers have raised their prices to extortionate levels, say 20c per pound and over.

Doctors Agree on Eozema Remedy Confirm the Statements About D. D. D. Prescription

Geo. T. Richardson, M. D. "In my opinion D. D. D. should be applied in all cases of skin disease as it affords relief to the itch, a calm to excited nerves, soft, soothing, yet a powerful agent, a strength to the general system." Dr. Una Holmes: "D. D. D. is as near a specific for eczema and the dreaded psoriasis as is quinine for malaria." Constantly prescribes D. D. D. also for salt rheum, tetter, barber's itch, pimples, all forms of itching eruptions, scales, sores." Dr. Ira T. Gabbert: "I freely admit that D. D. D. reaches most cases of eczema and permanently cures them." Come to us and we will tell you more about this remarkable remedy. Your money back unless the first bottle relieves you. D. D. D. Soap keeps your skin healthy. Ask about it. Benson, Smith & Co., Ltd.—Adv.

TEXAS WOMAN LOSES HER TENTH HUSBAND HOUSTON, Tex.—Mrs. Nettie Frede of Cross Timbers has lost her tenth husband. The others died or were divorced. The latest, Edward Frede, obtained a divorce on the grounds of extreme cruelty. He said his wife forced him to get up before daylight and feed the chickens and go to bed at sundown. Mrs. Frede is built on "dreadnought" lines. Frede is understood. They were married March 16, 1916.

CORPORATION NOTICES ELECTION OF OFFICERS RIVER MILL COMPANY, LIMITED
