

FACING WAR HOURLY, WILSON CALLS OUT MORE MILITIA

Russians and British May Cut Turk Forces in Two and Smash Army Strength

FRENCH CONTINUE ADVANCE, THRUST PATROLS FAR OUT

Allies' Drive on West Shows No Sign of Stopping; Petrograd Doesn't Worry Over Report of German Smash at Russian Capital

(Associated Press by Federal Wireless) LONDON, Eng., March 26.—The Russians in Persia have pursued the Turks into Mosul.

Mosul is an important railroad and military center on the Berlin-Bagdad line, above Bagdad. The news today gives the first definite indication that the Russians and British are near a junction in the Tigris district, and shows also that the Allies are cutting through the heart of Asiatic Turkey and will apparently sever the military forces of the Ottoman empire, now stretched over a vast expanse of country from the Mediterranean to the Black Sea and the Lake Van front.

(Associated Press by Federal Wireless) PARIS, France, March 26.—The French today pressed the Germans steadily back on the west front and their patrols have reached the town of Folembry, south of the Oise river.

(Associated Press by Federal Wireless) WASHINGTON, D. C., Mar. 26.—Germany's "clear violations" of the Franco-American treaties of 1793 and 1825, and Germany's "disregard of the canons of international courtesy," are assigned by the United States as reasons for the refusal of the American government to reaffirm and extend these agreements.

The note which was made public today in substance has been forwarded to Germany through the Swiss minister by Secretary Lansing. It discloses that the United States is "seriously considering whether Germany's conduct has not in effect abrogated the treaties."

Germany's request for a reaffirmation of these treaties was made several weeks ago after the severance of relations.

Germany's request for a reaffirmation of these treaties was made several weeks ago after the severance of relations.

Estimates of the world's sugar crop are now below last year's production, according to information contained in the weekly sugar Marconigram letter to Alexander & Baldwin from its New York office. The message says: "NEW YORK, N. Y., March 24.—Sales reported for the week are 350,000 bags, including 50,000 to Canadian refiners, mostly Cuban and Porto Rico. "Atlantic Coast refiners are now melting practically to normal. Their troubles are almost over and they are catching up fast on unfilled contracts due to shortages. "Estimated total of world's crop is now below the actual production of the same crop last year. "The tendency of the market is upward, especially for the latter part of the year. May options closed with sales at 5.86c. Raw sugar closed strong with March and early April at 5.64c. Porto Rico offered at 5.22c."

NORTHWEST WANTS STEAMERS DIRECT

Big Commercial Bodies Ask Local Chamber to Work for Matson Company Service

Puget Sound businessmen are calling on Honolulu businessmen to aid in reestablishing direct steamship connection between the two points. It is declared that such action will "reduce considerably the cost of local food products and material consumed in the Hawaiian Islands."

In Marconigrams sent late Saturday, heads of the big commercial bodies of Seattle and Tacoma ask the Honolulu Chamber of Commerce to urge the re-establishment of the Matson navigation service between Puget Sound and Hawaii.

The Marconigrams were placed before directors of the local chamber at a meeting at 2 o'clock today, it being expected that the matter would be referred to the committee on trade, commercial and industrial development.

The messages from Puget Sound are as follows: "Seattle, Wash., March 24. "Chamber of Commerce, Honolulu: "Freighting conditions having improved to such an extent, we solicit your assistance towards influencing Matson Navigation Company in resuming at an early date their Puget Sound-Hawaiian Island steamship service, thereby establishing market competition which will reduce considerably the cost of local food products and material consumed in the Hawaiian Islands. "SEATTLE CHAMBER OF COMMERCE AND COMMERCIAL CLUB. "By A. J. Rhodes, president."

"Tacoma, Wash., March 24. "Chamber of Commerce, Honolulu: "Puget Sound shippers endeavoring secure direct steamer service to islands suggest your organization urge Matson Navigation Company to resume their direct service. "E. C. WHEELER, "President Tacoma Commercial Club and Chamber of Commerce."

GERMAN CREWS TO GEORGIA CAMPS

(Associated Press by Federal Wireless) PHILADELPHIA, Pa., March 26.—Seven hundred members of the crews of the interned German auxiliary cruisers Kronprinz Wilhelm and Prinz Eitel Friedrich were today started under guard for Fort Oglethorpe and McPherson, Ga., where they will be kept till further notice.

DUTCH STEAMERS ABANDON ROUTE BY SUEZ CANAL

Liner Stopping at Honolulu for Coal Tells One Result of Submarine Campaign

Compelled by Germany's submarine ruthlessness campaign to abandon the Mediterranean-Suez route, the liner Vondel of the Stoomvaart-Maatschappij Nederland (Netherlands Royal Mail Line) arrived in Honolulu this morning for bunkers en route to the Dutch East Indies.

Because of the change in route, the Vondel is traveling a distance more than twice as far as she has been steaming on the voyage from Amsterdam to Batavia. She is going two-thirds the distance around the globe where her old route is hardly one-third.

Will Connect at Coast

Although officers of the steamer would not talk this morning, it was learned from passengers that her owners plan to use the Vondel to carry passengers from San Francisco to Batavia, another steamer bringing them from Amsterdam to New York, where they will travel overland by rail to San Francisco. As the line has eight passenger boats in the Holland-Java service it is thought possible half of them will run from Amsterdam to New York and the remainder from San Francisco to the Dutch East Indies.

Voyage is Long One

On the present voyage the Vondel left Amsterdam January 26, according to her passenger list; touched at Brighthelm, England; steamed across the Atlantic to Newport News, Va.; thence to Colon, Panama; then to San Francisco, for bunkers, and from the California port to Honolulu. She will resume her voyage at 5 o'clock tomorrow morning from Pier 16, where she docked at 9:30 this morning. She is taking about 700 tons of coal.

Old Route Abandoned

On her old route, which was abandoned because of the German campaign of submarine ruthlessness, the Vondel's ports of call were, beginning the voyage from Ymuiden, at London, Southampton; Quessant, Lisbon, Tanagers, Algiers, Genoa, Messina, Port Said, Suez, Perim, Colombo, Sabang, Singapore and Batavia.

Cap. J. Versteegh, the Vondel's commander, refused to talk for publication and the officers were almost as secretive. Purser P. J. Ebens said the liner has on board 96 first-cabin passengers, 92 class A and 21 class B second cabin, and six steerage, Japanese servants.

Eight Passenger Boats

Dutch was about the only language heard aboard the steamer when she docked this morning, although the captain and purser spoke excellent English. The purser said the Netherlands Royal Mail line has eight passenger and 49 cargo boats. As to whether the route of the cargo boats would be changed he said he did not know. Passengers were sure that there would be no direct service via Panama after this voyage, but that the Vondel would carry passengers from San Francisco to Batavia via Honolulu, other steamers bringing them to New York from Holland and shipping them overland by rail.

Dutch Military Men Aboard

The Vondel's cargo is 2025 tons of general merchandise. Among her first cabin passengers are nine officers of the Dutch East Indian army and two of the Dutch East Indian navy on route for service in Sumatra and Java. Their unusual uniforms of bright colors and novel cut made them look like characters out of light opera rather than warriors. The Javanese servants were clad in their native costumes and lent quite an outre touch to the scene. The first and second cabin passengers were European clothes.

SECRETARY DANIELS CALLS FOR NEEDED NAVY RECRUITS

Newspapers of United States Cooperate With Head of Navy Department to Bring Necessity for Enlistment Before Patriotic Young Men of Country

Secretary of the Navy Daniels yesterday and today sent to the daily papers of the United States a call for patriotic support in securing enlistments for the navy, directly due to the proposed increase of this branch of the service to 87,000 men.

Morning and evening papers all over the country received personal messages from the head of the navy department, drawing attention to the country's needs.

This morning the Star-Bulletin received the following message from Mr. Daniels: "WASHINGTON, D. C., March 25.—Honolulu Star-Bulletin: The president last night signed an executive order directing that the authorized enlisted strength of the navy be increased to 87,000 men. He was authorized by congress, in case of emergency, to direct such increase in enlistment.

New ships and ships in reserve are being fully commissioned as rapidly as possible and the need is imperative for a larger enlistment to man them.

There has been a net increase of over 6500 men in enlistment since congress recently authorized an increase, but many more are needed, and needed now.

Will you not emphasize this need by giving special prominence Monday on the first page of your paper, to the president's order, and also by making an editorial appeal for new recruits for the navy?

The navy offers exceptional advantages to young men of stuff and ambition to serve in the first line for national defense.

In this emergency you have the opportunity and the privilege of performing this public service, and I am confidently appealing to you for your cordial and helpful cooperation.

JOSEPHUS DANIELS.

The Star-Bulletin immediately wireless Secretary Daniels as follows:

Secretary of the Navy Josephus M. Daniels, Washington, D. C.

Hawaii stands ready to answer the patriotic call for naval enlistment. This territory has already demonstrated its patriotism in the building up of the national guard and naval militia to a size proportionately larger than in any other state or territory.

NATIONAL GUARD OF 18 MORE STATES CALLED OUT FOR DUTY

Sunday's Order Supplemented By Instruction Today More Than Doubling Militia Available For Home Guards

(Associated Press Service by Federal Wireless) WASHINGTON, D. C., March 26.—Twenty additional complete infantry regiments and five additional separate battalions of the national guard were today ordered into the federal service.

Facing war, which may come hourly as a result of Germany's menace, the United States is making rapid preparations for "home guards."

The men called out, representing many states, are to be used for the protection of property in the event of internal disorder.

This makes a total of 32 guard regiments called out, supplemented by six battalions and several detached companies. The new troops called out are from 18 western and middle states, not included in Sunday's order.

Naval recruiting officers, under the orders of President Wilson, are redoubling their efforts to bring the navy's strength to 87,000 men.

Country's Protection to Be Assured in Event of War; New Army Department

(Associated Press by Federal Wireless) WASHINGTON, D. C., Mar. 26.—The first steps to mobilize the National Guard were taken by the president last night, when he issued orders mobilizing 14 regiments in eastern states, some in northern states, and all the infantry regiments on the Pacific coast.

It was announced that the militia troops will be used at first for police work only, the guarding of the important industrial plants such as the German plotters in the United States have been blowing up in the past, bridges over rivers, railroad yards, shipyards, munition plants and the like. The guardsmen will take over this duty immediately, under the orders issued last night.

The state department issued a full statement of the policy of the government in this connection. It was the belief of the president, says the statement, that it is his duty and the duty of the nation under the existing conditions to see to it that ample protection is given to all industry, and that proper precautions be taken to prevent domestic disorders wherever they are planned by the traitors in the country who are known to be at work stirring up trouble.

President Wilson yesterday announced that he has signed the order asked by Secretary Daniels, increasing the enlisted strength of the navy to 87,000 men. The present strength of the navy is estimated at about 62,000 men, leaving a shortage of 25,000 men to make up immediately.

HONOLULU STAR-BULLETIN. BILL ASSURES PAY TO EMPLOYEES OF TERRITORY CALLED IN WAR SERVICE

While we have no authority to dictate to employers of labor other than the territorial government, it is to be sincerely hoped that, if the legislature passes this bill, all other employers of labor will carry out its mandates.

WASHINGTON, D. C., Mar. 26.—The first case under the Panama canal act requiring railroads using the canal to dispose of their steamship interests was decided by the U. S. supreme court today in holding that the Lehigh Valley line must relinquish its interests in the Great Lakes Steamship Company.

Two "preparedness" measures were introduced in the house of representatives this morning; one a bill providing that no officer or employee of the territory who is a member of the National Guard shall have his pay reduced or lose his position by reason of being called into active duty, and the other a resolution authorizing the land commissioner to open public lands for the raising of agricultural products to "feed Hawaii."

WASHINGTON, D. C., Mar. 26.—Following its decision that the British steamer Appam, captured by the Germans and brought to Norfolk as a prize ship, still belongs to its British owners, the supreme court today ordered the Appam transferred to the British.

Section 1. That all officers and employees of the territory of Hawaii who are members either of the National Guard of Hawaii or of the Naval Militia of Hawaii shall have deducted from the salaries or wages received by them while on active duty as members of the National Guard or the Naval Militia, under call either of the President of the United States, or the Governor of the Territory of Hawaii, only such amounts as they shall receive for such active service.

WASHINGTON, D. C., Mar. 26.—The American liner St. Louis, the first American ship which has crossed the Atlantic and gone armed through the submarine danger zone, has arrived safely at her destination abroad, it was announced today.

Section 2. No officer or employee of the Territory of Hawaii shall be held to have forfeited his position by

Discussion of the national crisis and possible calling out of a big volunteer army will be before the Veterans of Foreign Wars at a meeting tonight. The following notice has been issued: "Veterans of Foreign Wars: "Hawaiian Post No. 94 will hold its regular monthly meeting tonight at Phoenix hall, Fort and Beretania streets, at 7:30 p. m. "Members and visiting comrades are cordially invited to attend."

Appam is Ordered Return to Owners

U.S. Armed Ship Safe

VETERANS OF FOREIGN WARS MEET TONIGHT; TO DISCUSS CRISIS

Little news came from the front today. After the discharge of four German waves, the Germans attempted to advance near Postov, but were repulsed.

New Legislation Continues to Be Offered Hard Worked Solons

WOULD REPEAL LAW BY WHICH GUARD WAS FED

Senate Would Wipe Out Act By Which Meals Were Supplied Unemployed Guardsmen

Governor Pinkham will give no more free feeds to members of the National Guard under that appropriation which provides for "indigent, suffering and helpless persons" if a bill decided upon by the senate ways and means committee this morning becomes effective.

The committee, after investigation of the expenditure of money from the immigration appropriation without the approval of the board itself, decided to rub Act 106 of the 1915 session from the statute books.

President Wodehouse and Commissioner Kearns of the board of immigration, labor and statistics, were both present at the meeting at the request of the committee.

Wodehouse Denies Responsibility

Wodehouse stated plainly and forcefully that he did not approve of a system whereby he and his board, though being held responsible for expenditures of immigration money, had no control of its disposition as was true in regard to the money which went toward the feeding of guardsmen at the armory in the early part of 1916.

"We do not want to be held responsible for anything over which we do not exercise control," he said.

Auditor J. H. Fisher, who was called for during the meeting, brought a list of vouchers and stated to the committee that he had approved them only after the attorney general had told him he could do so under Act 106, which allows the immigration board to "set aside and expend such sums from its own appropriation as it may deem best for the temporary relief of its indigent, suffering and helpless persons, which sum or sums shall be administered by the commissioner of immigration, labor and statistics under the advice and approval of the governor."

Meals Served in Armory

It was this last phrase, evidently upon which the meals were granted. The auditor's vouchers showed that he had paid \$308 for 1750 meals in January, \$402.85 for meals in February, and \$119.53 for meals in March.

Of the 1760 meals during the first month there were 127 for Hawaiians, 146 for Portuguese, 123 for Filipinos, and 54 for other nationalities. All of these meals were served at the armory.

President Wodehouse said the board had never authorized a single one of these meals. Commissioner Kearns stated that he had approved them "under the advice" of the governor as provided by law.

One of the interesting statements made by Commissioner Kearns was that work was available for 600 or 700 men at the time the feeding was going on. It seems that the guardsmen did not want to do the kind of work offered.

HOUSE NOTES

This is the 28th day of the session. Wednesday will see the legislature half over.

Members of the legislature will pay their respects to Queen Liliuokalani at 11 o'clock tomorrow morning at Washington place.

A public hearing on all house bills relating to workmen's compensation will be held in the hall of representatives at 7:30 o'clock this evening before the judiciary committee.

House bills relating to taxes will be given a public hearing at 3 o'clock tomorrow afternoon in the hall of representatives before the finance committee.

No call has been issued for another meeting of the Oahu delegation of the house on the city charter bill.

To investigate conditions at the boys industrial school, the education committee expects to visit Waialeale some day this week.

Representative Andrews was absent today because of urgent business in circuit court.

PUBLIC HEARING

A public hearing will be held on Senate Bill No. 75, entitled: "An Act to secure the setting apart, construction, improvement and maintenance of Territorial Highways; to provide for administering of the same; to provide funds for the construction, improvement and maintenance of such highways; and to provide all necessary or proper ways and means for accomplishing such purposes or either of them," and House Bill No. 95, entitled: "An Act to provide an insurance law for the Territory of Hawaii; to regulate the organization and government of insurance companies and insurance business; to provide penalties for the violation of the provisions of this act; to provide for a fire marshal and define his duties, and to repeal all existing laws relating to insurance" in the Senate Chamber, Wednesday, March 28, at 3 p. m., or as soon thereafter as the Senate adjourns.

SENATE JUDICIARY COMMITTEE

Alfred L. Casle, Chairman, 6742—Mar. 24, 25, 27.

When Your Eyes Need Care Try Mucine Eye Remedy

JARRETT ASKS SOLONS TO PROVIDE \$20,000 FOR DETENTION HOME HERE

Also Creates Commission to Secure Settlement of Old Kewalo Claim Cases

Provisions for the construction of a detention home for boys and girls in Honolulu are made in a bill introduced in the house of representatives today by Representative James K. Jarrett, Oahu.

The bill provides for an appropriation of \$20,000 to become immediately available for the erection of the building and for the acquisition of lands on which to locate the proposed structure.

"Said building," says the measure, "shall be as centrally located as shall be conveniently possible, for the reception of both boys and girls, whose cases may be pending before the juvenile court of the first circuit."

Plan is Not New In introducing this bill Jarrett is carrying out several outlined in the Star-Bulletin some days before the legislature convened. His idea is to have a detention home one-half of which would accommodate boys and the other half girls.

The ancient Kewalo claims case is revived in another bill introduced by Representative Jarrett. This provides for the ascertainment, adjudication and payment of claims by persons whose property was destroyed or injured as a consequence of the filling of unsanitary lands in Kewalo district.

The bill provides that a committee of three, one to be an attorney of the supreme court, shall be appointed by the governor to hear, investigate and adjudicate all claims for damages, and that all claims shall be filed with the commission within 30 days after its first meeting or be forever barred.

The commission shall hold public hearings in Honolulu and advertise them in various languages. Money is Provided After the commission has rendered judgments on the claims they shall be entered in a record of judgments and from them no appeal will be allowed. The measure appropriates \$700 to defray the expenses of the commission, and \$10,000 to be used for payment on judgments.

Representative Kelekolio introduced a resolution to insert the following sums in the appropriation bill: Public archives—Librarian, \$200; chief clerk and translator, \$150; two clerks, at \$90.

Representative Kawaha introduced a bill appropriating \$1500 for the construction of homestead roads through the Waiohini homestead lots, Hawaii, the money to be paid out of funds available for homestead roads, Hawaii.

A bill appropriating \$10,000 for the improvement of the Kaula county farm and sanitarium was introduced by Representative Kala. A portion of this money is designated to be used for the purchase of cows and other livestock, and for the development and maintenance of the farm.

Many Bills Go Through The following bills passed third reading in the house today: House bill 212, designating a tract of land at Waiakae, Hawaii, for park and playground; house bill 236, providing that theater and motion picture houses pay an annual license of \$200, and that other amusements pay a license of \$1 for each performance; house bill 279, providing that corporations keep an account of all business transacted; house bill 324, relating to banking corporations, clearing up ambiguities in the present laws.

Senate Bill 25, relating to the establishment of private schools, has been referred by the house to the education committee to consider an amendment proposed by Representative Marquet. The amendment provides that no license shall be granted to such private school unless its standard is the same as that of the public schools.

Molokai Protests Representative Brown presented a petition from residents of Molokai protesting against their water system. They claim they are now forced to use water from ditches running through lands to which animals have access. The petition appears to be in support of a house bill providing for a pipe line from the water head to the schoolhouse. Another petition by Brown is from citizens of Makaha, Maui, urging the repair of the Makaha landing and shed.

Senate concurrent resolution 10, requesting the president and secretary of the navy to loan Hawaii a sea-going ship for use by the Naval Militia, has passed first reading in the house and has been referred to the military committee.

Money Going Fast The house spent nearly \$3000 last week. Speaker Holstein today called attention to the fact that, from the federal appropriation, \$718,175 has been expended, leaving a balance of \$10,818,25, and that \$10,098,50 has been spent from the territorial appropriation, leaving a balance of \$10,341,50. He again cautioned the chairman of committees to cut down expenses, especially with regard to printing and the employment of clerks.

With the close of the session last Saturday 327 bills had been introduced in the house. Seventy-nine bills have been tabled, 66 have been sent to the senate, the governor has signed 27 house bills and seven senate bills.

The following bills were introduced in the house today: House Bill 328 Appropriating \$1500 for roads through the Waiohini homestead district, Hawaii.—Kawaha.

House Bill 329 Providing for the publication by the

board of health of all regulations.—Kelekolio.

House Bill 330 Providing that cemeteries shall not be disturbed.—Kelekolio.

House Bill 331 Providing for the ascertainment, adjudication and payment of claims of persons injured through the filling of unsanitary lands in Kewalo.—Jarrett.

House Bill 332 Appropriating \$20,000 for the construction of a detention home for boys and girls, and acquiring land for same.—Jarrett.

House Bill 333 Appropriating \$10,000 for the improvement of the Kaula county farm and sanitarium.—Kula.

House Bill 334 Directing the Kaula supervisors to establish a waterworks system on the Garden Island.—Lota.

House Bill 335 Relating to the employment and pay of officers and employees of the territory in active duty as members of the National Guard and Naval Militia.—Holstein.

TO HOLD HEARING ON PROHIBITION

A public hearing on the senate bill providing a plebiscite at which the voters may decide the prohibition question will be held in the hall of representatives at 7:30 o'clock this evening before the judiciary committee of the house.

This is the first public hearing on the measure since it has been in the house. On the day of its arrival it was referred to the judiciary committee, which decided on a public hearing prior to taking the measure up for consideration. It is expected that when the committee finally reports out several amendments will be offered from the floor. Representative Jarrett already has said he favors making the bill a strictly "bone dry" measure, and is planning amendments along that line.

The meeting tonight will be to hear free and frank discussion on the bill, either pro or con. All persons so desiring will have a chance to speak.

Pastor D. C. Peters will represent the Anti-Saloon League at the hearing this morning. The league favors the enactment of the measure and has some on record as favoring it. With the exception of arranging that Peters should attend the hearing, however, the league took no steps for action at the hearing.

GOVERNOR GIVES BILLS APPROVAL

Notice that the governor has signed the following bills was received today by the territorial legislature:

House Bill No. 163, as Act 30, entitled: "An act making special appropriations for the payment of certain claims against the Territory of Hawaii incurred prior to June 30, 1915."

House Bill No. 165, as Act 31, entitled: "An act to add a new section to Chapter 173 of the Revised Laws of Hawaii, 1915, to be numbered Section 2059A, relating to sales by guardians of real estate of value not exceeding \$1000."

House Bill No. 185, as Act 32, entitled: "An act to amend Section 4173 of the Revised Laws of Hawaii, 1915, relating to gambling."

House Bill No. 220, as Act 33, entitled: "An act to appropriate the additional sum of five thousand dollars (\$5000.00) for compiling, printing, binding and publishing a dictionary of the Hawaiian language."

House Bill No. 228, as Act 34, entitled: "An act to provide for the appropriation of one thousand dollars (\$1000.00) to be immediately available for the purchasing of law books for the use of the circuit court of the third judicial circuit."

House Bill No. 230, as Act 35, entitled: "An act to appropriate the additional sum of five thousand dollars (\$5000.00) for compiling, printing, binding and publishing a dictionary of the Hawaiian language."

House Bill No. 238, as Act 36, entitled: "An act to provide for the appropriation of one thousand dollars (\$1000.00) to be immediately available for the purchasing of law books for the use of the circuit court of the third judicial circuit."

House Bill No. 250, as Act 37, entitled: "An act to appropriate the additional sum of five thousand dollars (\$5000.00) for compiling, printing, binding and publishing a dictionary of the Hawaiian language."

House Bill No. 258, as Act 38, entitled: "An act to provide for the appropriation of one thousand dollars (\$1000.00) to be immediately available for the purchasing of law books for the use of the circuit court of the third judicial circuit."

BOY SCOUTS TAUGHT FIRST AID TO AUTOISTS

DENVER, Colo.—First aid to motorists, or instruction in the things that must be done in emergencies on the road, is included in the emergency training of Denver Boy Scouts by the cooperation of the scoutmasters of the city with Tom Botterill, distributor of Hudson, Pierce Arrow and Dodge automobiles at 1278 Broadway.

A complete course of instruction in emergency automobile work is given to the boy scouts by Frank Robertson, shop superintendent at Botterill's and, his assistant, Jack Emerson. The course is presented in three lessons to each troop. Classes are held Monday and Friday nights, and the boys assemble at the Botterill shop under the direction of their scoutmasters.

The instruction consists of the knowledge of automobiles generally necessary to start a stalled machine in the street, to change tires, to distinguish between two-cycle and four-cycle engines and to make the minor adjustments on engines, carburetors, electrical systems and gears—all the knowledge that is necessary to get a motorist out of trouble on the road where no serious damage or defect in the operating parts exists.

The boy scouts are expected to be able to offer aid at any time they may notice a motorist having trouble in getting his car moving. Every boy scout in the city is welcome to attend the classes and is permitted to compete in the examinations which, if passed successfully, entitle him to certain credits and a badge of honor from his scout troop. The course has been conducted for the past six weeks and has been enthusiastically attended by the members of practically every troop in the city.

The price of gasoline in the leading New York garages was recently advanced from 27 to 28 cents a gallon.

SUPPORT RALLIED ON PLAN TO END BEACH NUISANCE

Finance Committee to Consider Stream Diversion Project Tomorrow Afternoon

Support of the house bill appropriating \$15,000 to divert Apukehau stream from its present course over Waikiki Beach near the Outrigger Club to the "Makee island channel" at Kapiolani Park is growing.

The house finance committee will hold a hearing tomorrow at 2 o'clock and the Outrigger Club, which is actively interested in seeing the dirty stream diverted, is arranging to have well-informed men appear before the committee in support of the bill.

A report that the department of public works feels that the \$15,000 project is impracticable is apparently incorrect. Superintendent of Public Works Forbes told a Star-Bulletin representative today that he is not opposing the project, and believes it is feasible from an engineering as well as a financial standpoint and had only brought up the question whether private property owners would object to a diversion of the stream to a new channel which would bring it on their lands.

Mr. Forbes said also that if he could assist in removing the nuisance from Waikiki Beach he would be glad to do so, and would appear at the hearing and support the project.

The finance committee of the house will hold a public hearing in the hall of representatives tomorrow afternoon at 2 o'clock on the house bill which provides for the diverting of the stream which empties into the ocean between the Outrigger Club and the Moana hotel. All persons interested in the measure are invited to express their views.

An appropriation of \$15,000 is provided by the bill to divert the stream. The Outrigger Club, sponsor for the measure, favors diverting the stream to the vicinity of Makee island, but it is understood other plans have been suggested whereby it would be diverted to empty somewhere in the vicinity of Fort De Russy.

FEDERAL TIRES BOOMING, SAYS R. M. TALBOTT

R. M. Talbott, manager of the Honolulu Rubber Works, local distributors of Federal Tires, in speaking of recent advances from the Federal Factory says that there has been several large buildings erected in order to take care of increased demand for Federal products.

At the present time they are manufacturing 300 casings a day and are not in a position to turn out the goods fast enough to take care of the demand, and are compelled to arrange for more new buildings, which will be completed within the next year.

Here in Hawaii especially the business has far exceeded the expectation and the factory officials appreciate the splendid support they have had from the motorists of the "Paradise Isles."

SINGLE WHEEL TRACTOR BOON TO AGRICULTURISTS

Invention of Californian Overcomes Many Problems on Farm

What is believed to be the smallest farm tractor to thus far make its appearance has just been invented by P. O. Fredlund of Pasadena, Cal. This tractor is a single wheel affair and is propelled by a motor located within itself, both the wheel and the engine revolving around a main axle. It is declared this tractor provides something which the department of agriculture says has been lacking, namely a tractor capable of replacing the horse on the small farm. It is said that this machine will overcome the obstacles heretofore existing in tractors with regard to the small farmer—too great size and weight, ungainly shape and price. When it is understood that this tractor may be sold at retail for from \$150 to \$200, little more than the price of a good horse, it will be seen that the chances of its becoming a "universal" farm feature are bright.

Adaptability of Service As to the adaptability of this device to do all classes of work, it is said the Fredlund tractor is so flexible that it even may be used to cultivate the back-yard garden. It may be employed for pulling and belt work in the barn, in the workshop or pumping plant, or quickly transferred from one farm implement to another. It can be used to either pull or push the implements used in connection with it.

This new tractor stands less than three feet in height and is about two feet wide. Practically all of the mechanism, with the exception of the carburetor, is located within the single wheel, or frame. This frame consists of two iron-spoked wheels, joined by channel irons, which form the tires and give the traction. The axle is stationary. It serves for the crankshaft for the revolving engine of three cylinders, each of which has a four-inch stroke and a bore of three and a quarter inches. At a speed of between 300 and 400 revolutions a minute, this engine develops between nine and twelve-horse power. It has three impulses to the revolution through an ingenious system by which each cylinder charges the adjacent cylinder through a conduit.

able to offer aid at any time they may notice a motorist having trouble in getting his car moving. Every boy scout in the city is welcome to attend the classes and is permitted to compete in the examinations which, if passed successfully, entitle him to certain credits and a badge of honor from his scout troop. The course has been conducted for the past six weeks and has been enthusiastically attended by the members of practically every troop in the city.

The price of gasoline in the leading New York garages was recently advanced from 27 to 28 cents a gallon.

NOTED SAVANT WILL TALK ON ASSYRIOLOGY

Professor Sayce of Oxford University, one of the most eminent authorities in England on the ancient history of Egypt and Assyria, will meet the Hawaiian Historical Society and friends tomorrow (Tuesday) evening in the lecture room of the Honolulu Carnegie Library at 7:30 o'clock.

Federal Building Plans Take Many Months to Finish

Secretary Brown of the Chamber of Commerce today received a letter from Delegate Kullio in Washington assuring Hawaii that local as well as mainland firms will be given a chance to bid on the big federal building contract and also the less cheering information that the bids will probably not be called for until after eight or nine months, during which time the architects will be making the plans.

MR. NICOLAS MONJO and MISS MARION GOULD

Both well known to Honolulu's dancing set will appear in a series of original dances daily at the MOANA HOTEL. Beginning Tomorrow Evening Tea Dance from 4 to 6 p. m. Monday, Wednesday, Friday and Saturday. Dancing after dinner Tuesday, Thursday and Saturday.—Adv.

CHAMBER NAMES NEW COMMITTEES

At the meeting of the board of directors of the Chamber of Commerce which is being held this afternoon, the following committees were to be presented for confirmation: Finance and audit committee—E. F. Bishop, John Waterhouse, A. W. T. Cottmley.

LOCAL AND GENERAL

Harmeny Lodge, I. O. O. F. meets tonight. Lodge Le Progres has regular business meeting this evening. Schofield Lodge has a regular meeting for second degree work at Lelike this evening.

INCREASE ORDER PLEASES CLARK

Captain Clark sees need of men. Delighted that the president has seen fit to order the increase in the navy to 37,000 men, Capt. George R. Clark, commandant of the Pearl Harbor naval station, said this morning that all who wished to enlist in the navy should apply to the St. Louis, where they will be taken care of.

COMPENSATION ACT TO BE CONSIDERED BY HOUSE COMMITTEE

Public hearing on the bill amending the workman's compulsory compensation law is set for this evening before the judiciary committee of the house. Such hearing and the one on the pesticide prohibition bill are set for the same hour, 7:30.

CITY PLANNERS DISCUSS BILL GIVING MORE POWER

Members of the City Planning Commission met this morning in the mayor's office to discuss the terms of a bill which it is planned to introduce into the legislature giving the commission more power. Very little was done, however, as the full commission was not present.

EDUCATIONAL COUNCIL NEXT WED. EVENING

An educational council will be held in the parish house of Central Union church on Wednesday evening, March 28, at 8 o'clock, under the auspices of the religious education committee.

OFFICERS CLASS STUDIES GUARD MANUAL TONIGHT

The officers' class of the 1st Infantry, National Guard, will be held tonight and Col. Croxton, instructor, has requested that all officers bring their manuals of guard duty and this subject is to be reviewed, discussed and explained.

A MOTHER'S TROUBLES

A mother's unending work and devotion drains and strains her physical strength and leaves its mark in dimmed eyes and careworn expressions—she ages before her time.

OFFICERS COAST ARTILLERY NAMED

As a result of a competitive examination of the men of the 3d Company, Coast Artillery, National Guard, the following officers and non-commissioned officers have been appointed: L. H. Bigelow, first lieutenant; Lewis Abshire, second lieutenant; F. A. Taylor, first sergeant; Joseph McMaster, supply sergeant; W. A. Anderson, mess sergeant; and W. P. Sledge, F. L. James, W. H. Bromley and Albert Blatt, sergeants, and W. M. Rasmann and John D. McVeigh, corporals.

GOOD ROADS ISSUE.

THE CALL OF THE NAVY.

Secretary of the Navy Daniels has made an appeal to the patriotic young men of the nation, and the response should be immediate and universal.

He asks for a large increase in naval personnel; for thousands more of recruits, to meet the development outlined in President Wilson's executive order.

Hawaii has made a splendid record in building up the national guard and naval militia. It is a record of which every American in the territory is justly proud. It is a record which goes down in American history as evidence that Hawaii is an integral part of the United States, bound by the ties of blood and national brotherhood, and ready to do its share.

All this has been preparation for such a situation as now faces the United States.

Hawaii has a comparatively few number of men available for recruiting into actual naval service, but this territory can continue its record of answering the country's needs, with a response to Secretary Daniels' call which will be inspiring in its ringing, spontaneous patriotism.

The cruiser St. Louis maintains a recruiting office on board. Information may be secured from the St. Louis, the Honolulu Naval Station or the Naval Station, Pearl Harbor.

THE HOME GARDEN AS A NATIONAL ASSET

Yesterday Associated Press despatches carried this item:

WASHINGTON, March 25.—That the high cost of living may be kept down for the average family and the city dwellers be assured of fresh vegetables, Assistant Secretary of Agriculture Freeman has issued a statement urging upon city dwellers that it is their duty to transform their back yards into truck gardens. Mr. Freeman points out that the average resident in the smaller city could make his family independent of the larger growers in the way of vegetables, while many of the residents of the large cities could grow enough to make certain the absence of a vegetable shortage, with the consequent increase in prices.

The assistant secretary also urges upon the farmers of the country to so diversify their crops as to make each section of the country self-supporting, thus relieving the railroads from having to transport the crops of one section into other sections to meet the demands, when the transportation facilities are required for other purposes.

It is worth while noticing that Hawaii already has a splendid start in this work. At the beginning of the present year, throughout the territory there began a school garden contest under the auspices of the Star-Bulletin, supervised by the department of public instruction. On every island this contest is going forward actively, and the latest estimate is that approximately 10,000 children are engaged in some phase of it, a large proportion being actually at work in home gardens as well as school gardens.

The results are unexpectedly excellent. A remarkable amount of garden produce is being raised, and either sold in nearby markets or consumed in the homes. The children of Hawaii on a very large scale have become producers.

Right now there is the well-developed nucleus of a territory-wide organization for home production—which in time of emergency could make this territory almost if not quite self-supporting.

Various speakers, various writers, various officials for a considerable time have talked of the necessity of teaching Hawaii to "feed itself"—by which is meant to raise its own agricultural products.

The schools have gone ahead without frills or fuss and are doing it.

Let no one make the fatuous mistake of looking for a paper war. The war now regarded as inevitable must be real, with real war measures accompanying it. Our people do better to enter with their eyes open if they enter at all; remembering always that Germany's watchword is blood and iron, not paper.—Boston Journal.

As usual, the little-minded are standing in the background of this charter situation and picking flaws. If it ever occurs to them to get out and try to do something themselves, they haven't the backbone or the brains to "go through with it."

How many of the politicians are trying to be funny about the "Fighting Phalanx" are known for civic usefulness?

They have interned the Czar and his imperial family, but nobody has dared to take liberties with our board of supervisors.

Col. Roosevelt wants to raise an army and fight in France. He might recruit the "Old Guard" and draft into service the Chicago steam-roller, 1912 model, as a "tank."

Just how big is the auto industry in Hawaii? What does it mean to the territory?

Why are the roads in most of the counties, particularly in Honolulu, proving woefully insufficient to stand the wear and tear of modern traffic?

What proportion of damage to roads is made up from the proceeds of auto revenues?

What are the lessons to be derived from Honolulu's present road conditions and what is known of local auto traffic?

These are a very few of the many vitally important questions which will be answered succinctly in the Star-Bulletin's Good Roads Issue, to be published next Saturday.

This issue is published because of pending legislation and because up to date there has been neither a close, thorough analysis of the present situation nor a comprehensive plan for get-together work to improve that condition.

Literally dozens of good roads plans are afoot, many of them in the legislature.

To centralize public attention; to crystallize public discussion, and especially to present some entirely new phases and entirely new information, this Good Roads Edition has been planned, and is now being completed for publication Saturday.

Among its features will be a whole section devoted to a graphically charted analysis of the conditions by H. Gooding Field. This section shows where public revenues are going, proves that present revenues are insufficient, and suggests how to remedy what is a grave defect in our system of handling the auto industry in its relation to roads.

Realizing the timeliness of this discussion, the auto men of Hawaii are giving the heartiest cooperation in preparing this special edition, which will be of permanent value in any question of road construction or maintenance.

A large number of articles of special interest to auto owners, drivers, agencies and garages will also be published.

AN EMERGENCY PROJECT FOR WAIKIKI.

A public hearing before the house finance committee will be held at 2 o'clock tomorrow on the bill appropriating \$15,000 to divert the filthy stream that now flows over Waikiki beach into the sea between the Outrigger Club and the Moana Hotel.

The bill ought to pass. It is an emergency measure, and the size of the emergency justifies the appropriation of \$15,000, which competent engineers have estimated is enough to put through the project.

Governor Pinkham has a much larger and more elaborate plan for reclaiming the Waikiki lands, but it is fully realized that the big reclamation scheme cannot be put through for a considerable time—from one to three or more years. At present there is not even a beginning of actual work, due to many causes, not the least of which has been the lack of cooperation among property-owners, as well as the inherent difficulties of laying out a public improvement with such intricately involved interests and such large engineering difficulties.

Governor Pinkham tells the Star-Bulletin that he does not oppose the \$15,000 for the diversion of the stream, that he considers an emergency action justified, and that if the engineering project proposed to meet this emergency does not interfere with the larger plan, he can conscientiously support it. And the engineers who have given their advice to the Outrigger Club on the stream-diversion project assure the public that there will be no interference with the bigger scheme.

There is, then, no good reason why the appropriation should not pass. As stated in these columns previously, Waikiki beach is such an enormously valuable asset to Hawaii that this marring feature ought to be got rid of at once.

Somehow we have lost sight of one Adam Tarnow von Tarnowski, who landed on our shores recently as the ambassador from Austria. Is he waiting for orders from the kaiser?

A California wireless station talks with Virginia, Panama, Alaska, Honolulu, Australia and Paape in the South Pacific. Yet some think miracles out of date.—Philadelphia Ledger.

If it is true that there is to be a rush of femininity to this country after the war, it is likewise true that Europe has sent us less welcome exports in times past.—Philadelphia Ledger.

Colonel Roosevelt is ready to volunteer. Colonel Bryan urges the citizens to appeal to Washington for peace at any price. You may choose your own colonel.—New York Sun.

Preparedness will be grateful for any scraps of pork that may fall from the bountifully spread congressional table.—Philadelphia Ledger.

Although the American expedition did not "get Villa," it got a beautiful coat of tan.—Cincinnati News.

It is getting almost time for von Hindenburg to be "indisposed," which is the prelude of "deposed."

On April 14 come the nominations for municipal office. Where are the candidates?

NO ADVICES SENT HERE BY RUSSIA

Dr. Augustus Marques, Russian vice-consul in Honolulu, has not yet received any official notification of changes in the Russian government and so far as he is concerned his status is just the same as before.

He expects, however, that the provisional government now said to be in control will shortly either confirm his position here or appoint another man to take his place. He does not believe it will be the latter.

As vice-consul Dr. Marques expects to send to Russia some time in May or June a party of about 250 Russians who wish to go back home at the expense of their native government. This number petitioned some time ago for the transportation which has not yet arrived. It will cost about \$5000.

The consul says that the change in Russia has not created an especial desire to return to the country so far as he has been able to notice from the number of applications handed to him for the free transportation. He has received no applications since the revolution occurred.

Relative to the Russian incident some time ago in Honolulu when some Russians were temporarily put in irons by the local police and of which there was a report of a Russian government investigation, Dr. Marques has heard nothing, he says.

VITAL STATISTICS

BORN.
SALSBERY—At Kaplanai Maternity Home, Honolulu, March 23, 1917, to Mr. and Mrs. Frank Salsbery of Waipahoehoe, Oahu, a son—William Bernard.
TEIXEIRA—In Honolulu, March 23, 1917, to Mr. and Mrs. Manuel Souza Teixeira of Kapahulu road, a son.
JOHNSON—In Ookala, Hawaii, March 22, 1917, to Mr. and Mrs. James Johnson, a son.
KALANI—In Honolulu, March 23, 1917, to Mr. and Mrs. Frank Kalani of Ninth avenue, Kaimuki, a son.
PANOKO—In Honolulu, March 25, 1917, to Mr. and Mrs. William Panoko of Highland street, a son—Kahokouliani.
MILLER—In Honolulu, March 5, 1917, to Mr. and Mrs. James P. Miller of Queen street, a son—James.
CORREA—In Honolulu, March 22, 1917, to Mr. and Mrs. Antonio Correa of Kaula street, a daughter.
CORREA—In Honolulu, March 20, 1917, to Mr. and Mrs. Joseph Correa of Pauoa road near Fort street, a son—Jaetho.

MARRIED.

PARISH-PECK—In Honolulu, March 22, 1917, James Arthur Parish and Miss Edith E. Peck, Rev. Canon William Ault of St. Andrew's Cathedral, officiating; witnesses—Herbert S. Peck and Helen K. Gilliam.
ELLIS—At the Department Hospital, Honolulu, Hawaii, March 23, 1917, Victor Ellis, enlisted man, U. S. army, native of Kentucky, aged 23 years, and Miss Edith E. Peck, Honolulu, aged 23 years, were united in matrimony.
JOE—In Honolulu, March 25, 1917, Charley W. Joe of 1265 Pua lane, Honolulu, and Miss Edith E. Peck, Honolulu, March 25, 1917, Manuel Rego of 1034 S. Queen street, aged 50 years.

PERSONALITIES

MRS. SYLVIA MAPLES, a Maui school teacher, is in Honolulu.
WILLIAM C. MOORE of Benney & Co., Ltd., is back from Maui.
MRS. WILL J. COOPER is visiting friends here. She is from Maui.
HIGH SHERIFF WILLIAM P. JARRETT is back from an official business trip to Maui.
MRS. CLARENCE C. CAMPBELL is in Honolulu on the Punene, Maui. She arrived in the Claudine Saturday.
MRS. C. K. ABE of 1457 Auld lane is ill at the Beretania sanitarium. She may have to submit to another operation.
MISS MAE BROWN, who has been visiting with Mrs. E. C. Smith of Pearl City, went on the Makua to visit her parents.
C. B. HOFGAARD of Waimea, Kauai, is a visitor here. He is president of C. B. Hofgaard & Co., Ltd., and postmaster and district magistrate.
REV. WILLIAM HUDDY was an arrival on the Kinohiwa Sunday. A Huddy is accompanying him. The minister is pastor of the Kilauaea native church of Hanalei, Kauai, and district magistrate there.
C. J. SCHEID, eight years manager of the von Hamm Young garage, leaves tomorrow on the Manoa for the mainland, having resigned from his position and intends to locate on the mainland. He tends aloha and best wishes to all his friends.

FARMER SHIPS CATTLE 300 MILES IN TRUCKS

Albert Fink, a farmer in Harrison county, Kentucky, could not get cars for shipping his cattle; so he shipped them in motor trucks from his farm to Plainfield, Ind., a distance of 306 miles. It is said that many shipments of hogs from the southern part of Harrison county to New Albany have been made in motor trucks.

NEW RECORD BY K BOATS; REPORT

That one of the K submarines has made at Lahaina a record which surpasses anything ever before turned out in battle practice in island waters and possibly in waters of the continental United States is the report which was in circulation this morning among naval men here, following the return of the third submarine division, the U. S. S. Alert, its tender, and the cruiser St. Louis, Sunday morning from the Maui port.

Two Boats Score High

Another report, also from navy sources, was that the submarines K-3 and K-7 had surpassed the record made last year in annual battle practice by the K-8, which beat all previous records of United States navy sea wasps, surpassing every other submarine division in the American navy and winning the coveted trophy.

Comparison Now Impossible

Commander Thomas C. Hart, commanding the third division, said over the telephone at noon today that it is impossible to compare at present the records which have just been made with those of 1916. Reports of the results made by the other divisions have to reach the navy department and be computed before the final score can be made public.

St. Louis is Here

Coming back from Lahaina, where she has been accompanying the four boats of the third submarine division, the U. S. S. St. Louis, whose exact location has been a mystery for the last two weeks, returned at 6:30 Sunday morning, berthed at Navy Pier No. 2 and is taking on 1400 tons of bunker coal today. What her future movements will be her officers say they do not know and could not tell if they did.

Crydocking Period Overdue

The St. Louis' sides are somewhat disclosed by her stay in the waters around Lahaina and her hull below the water line this morning revealed considerable green marine growth adhering to it, which will be scraped off soon. She has been out of drydock 10 months, and navy regulations call for her to undergo a docking period every nine months. Whether she will go to the coast for it in view of the present serious international crisis is not known.

Three Jobs for Stover

Because the former executive officer, Lieut. Sylvester H. Lawton, Jr., is in charge of the intended German gunboat Geier at Pearl Harbor the St. Louis' engineer officer, Lieut. Roy Le C. Stover, is acting as engineer officer, executive officer and navigator. Lieut. Samuel W. King, junior grade, who has been here waiting orders, has been assigned to the St. Louis and is in charge of the construction and repair department.

WORK ON RANGE PLEASES SOLONS

One of the most successful company encampments held by the National Guard here was undertaken Saturday and Sunday by the Machine Gun Company of the 1st Infantry on Punchbowl. The company in heavy marching order left the armory early Saturday afternoon with its Vickers-Maxim machine guns. Camp was erected in record time and after a hearty supper a detail was instructed in guard duty, and as instructed throughout the night, the guard experienced conditions met with in active duty. Gen. S. I. Johnson had supper with the company and praised it for the spirit which it showed.

Sunday the company practiced with the machine guns, firing several thousand shells and when the members of the legislature arrived they were greatly impressed with the sight of these modern weapons of warfare in action.

A number of shooting matches were arranged between the members of the house and senate and they showed that they were far from being unfamiliar with the service rifle. With his first two shots Senator Coney scored two bullseyes and he refused to shoot further. Senator George P. Cooke did almost as well with a score of 28 out of a possible 30.

Sunday morning the second battalion went up for rifle practice and only the boom of heavy guns was lacking to make it a realistic scene from the west front in France. The riflemen also came in for a large share of praise being the citizen soldiery by the legislators as this battalion has a large number of crack shots.

The members of the legislature who visited Punchbowl Sunday were: Senators C. F. Chillingworth, J. H. Coney, George Cooke and Representa-

Mr. Daniels

In His National Appeal for the Navy

Turned to Publicity.

¶ Crisis Publicity is a very proper term.

¶ And the Crisis brings forcefully to public attention what is universally accepted as the primary means for reaching and arousing the people.

¶ As Conditions Settle, the necessity for continued publicity will be more evident.

¶ And Then Business Management will bring into play the great power of Paid Publicity.

¶ This Will come about because business leaders of the country have learned that results come from definite, controlled Paid Publicity.

Paid Publicity is Power.

The net paid circulation of the Star-Bulletin February 12 was 6477

Lives Charles N. Marquez and James K. Fula.

This morning Senator Chillingworth said that he thought the territory should supply the machine gun company with guns and a full equipment of its own.

Next Sunday an invitation will be extended to the senate and house to witness the first battalion shoot.

Evils of drink and gambling were ably portrayed in the Chinese play, "The Unregenerate," given Saturday night at the Hawaiian board auditorium by the young men of the new Beretania Chinese church.

E. W. CHRISTMAS VIEW CONTINUES

E. W. Christmas paintings are still on view at the old Kerr building, Alakea street, and continue to draw the attention of the art-loving public. Several of the works having found buyers, including some of the larger canvases. The exhibit will continue for a little while longer.

WELCOME NIGHT AT HEINIE'S

Heinie's Tavern, "on the beach at Walkiki," will be aglow with fan and merriment tonight to welcome the passengers of the two T. K. K. liners now in port.

The management of the tavern has arranged a nice program for the occasion. There will be exceptionally fine music and Miss Evelyn Gilbert will delight everyone with her pleasing songs and ballads.

Also a special menu has been prepared for the dinner which will be served from six to eight, reservations for which should be made early as possible. Everyone is cordially invited and a jolly good time is assured.—Adv.

WARNING AS TO OUR WANING VITALITY

By LEE HERBERT SMITH, M. D.

In urging upon the country the observance of last December 6 as "Medical Examination Day," the Life Extension Institute issued a circular in which it called attention to the reasons why every man should take stock of his physical condition "just as frequently as he takes stock of his financial condition, thereby learning his weak spots and taking measures to remedy them before it is too late."

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, generally weak, tired and listless, one should take a spring tonic. One that will do the spring house-cleaning, an old-fashioned herbal remedy that was used by everybody nearly 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made up of blood root, Golden Seal root, Oregon Grape root, Queen's root, Stone root, Black Cherry bark—extracted with glycerine and made into liquid or tablets. This blood tonic was first put out by Dr. Pierce in ready-to-use form and since then has been sold by million bottles as Dr. Pierce's Golden Medical Discovery. If druggist does not keep this in tablet form, send \$1.00 to Doctor V. M. Pierce, Buffalo, N. Y.

Kidney disease carries away a large percentage of our people. What is to be done? The answer is easy. Eat less meat, eat coarse plain food, with plenty of vegetables, drink plenty of water between meals, and take a uric acid solvent after meals for awhile, such as Anuric (double strength), obtainable at almost any drug store. It was first discovered by Dr. Pierce. Most every one troubled with uric acid finds that Anuric dissolves the uric acid as hot water does sugar.—Adv.

A decision in the supreme court Friday favored Mrs. Evans against the trustee in the case of Mrs. Garvie Evans vs. James Garvie and the Bishop Trust Co., trustee.

KENNETH ALEXANDER

Portraits

Sittings by Appointment—4622 424 Beretania St.

Louis Napoleon's Bride Nears 91 Years

Ex-Empress Eugenie of France, who will be 91 years old in May. The one picture is a portrait of her as the bride of Emperor Louis Napoleon, painted by Winterhalter, and the other is her most recent photograph. When Eugenie, daughter of Count de Montijo, was 13 years old, in Madrid a gypsy fortune teller, so the story goes, predicted that she would be a queen and would live to be nearly a hundred years old. Prosper Merimee, the author, secured tickets for Eugenie and her mother to Louis Napoleon's reception when he was President of France, and it was there that they fell in love with each other. After the battle of Sedan in 1871, the empire of Louis Napoleon, founded by a coup d'etat in 1852, was disrupted; the emperor was exiled; he later died, and the ex-empress has lived to see a repetition of the struggle on the Franco-German border.

Schofield Notes

(Special Star-Bulletin Correspondence) SCHOFIELD BARRACKS, March 26.—Combat firing on the target range is now occupying the attention of the companies of the 1st Infantry. The companies of the 2d Battalion had their problem on March 23; the 3d Battalion companies are having theirs today and the 1st Battalion will fire on Wednesday. These exercises are required to be held once each month, and reports of the tactical handling of the troops and the results of the firing are sent to the department commander.

First Lieut. Frank V. Schneider has been relieved from duty as assistant instructor of the probationary second lieutenants and ordered to his company for duty. The second lieutenants finished their instruction course on Saturday by taking a 15-mile test ride. They will now go duty with the companies of the 1st Infantry to which they are attached. The company commanders of these companies will see that they are given instruction in the practical duties of company clerks, and will prescribe a course of study of two hours each day, starting with the new court martial manual. This studying will be done from 7:45 to 9:45 in the evening.

The annual meeting of the 1st Infantry Club will be held Monday evening, April 2, for the purpose of electing officers for the coming year, and for the transaction of other business.

Seventy-six noncommissioned officers of the 1st Infantry have been recommended to the adjutant general of the army for temporary commissions in time of war. Of these men 32 are considered capable of passing the examinations for commissions in the Officers' Reserve Corps, and their company commanders have urged them to try for these commissions.

The monthly signal test of the men of the 1st Infantry will be held on Friday, March 30. Lieut. John W. Smith, assisted by Lieuts. Frank V. Schneider and Eugene Landrum, and Sgt. Scully, Company M, 1st Infantry, will conduct the test. Besides the regular tests in wig-wag and semaphore signaling the examination will include the mechanism of lantern signaling at night.

First Lieut. Charles H. Bonesteel, who has been at Schofield for the past three weeks, has successfully passed his examinations for promotion to the grade of captain. He left Saturday for Hilo, where he will resume his duties as inspector-instructor of the National Guard on the Big Island.

Sgt. Maj. Mandt, 1st Infantry, has been transferred to Company A and appointed 1st sergeant of that company. He transferred with 1st Sgt. Ballard of Company A, who is now sergeant major of the 1st Battalion, 1st Infantry.

REGULAR MEETING OF WOMAN'S GUILD AT ST. ANDREW'S

The regular meeting of the Woman's Guild of St. Andrew's will be held Tuesday (tomorrow), at 2:30 p. m., at the Guild hall. Mrs. H. Gooding Field will be hostess.—Adv.

Cookin and agriculture constitute an important part of instruction in the Philippine islands.

THE OLD DOPE SHEET PROVES TO BE CORRECT AT INTERSCHOLASTIC

Once more the Star-Bulletin scored a clean victory in selecting the place men in a track meet. Out of the ten athletes selected by the Star-Bulletin in Friday's issue to finish first, eight of them won out. The two men picked by the Star-Bulletin to win in the other events finished in second place.

During the past two years the Star-Bulletin selections issued before the track and swimming meets have run to form. Before the interscholastic meet the Star-Bulletin picked the teams to finish in the following order: Kamehameha, Punahou, St. Louis, McKinley and Mills. That was the order to finish at the meet.

In the Star-Bulletin selections the points given to the various teams, not counting the relay, were: Kam, 48; Punahou, 27; St. Louis, 9; McKinley, 3; Mills, 3. The points scored in these events were: Kam, 43; Punahou, 27; St. Louis, 9; McKinley, 10, and Mills, 1. McKinley was the surprise of the selections as Kan Leong came back after a year and captured the high jump.

When there is no cement at hand in an emergency case, a good adhesive may be made by dissolving small pieces of rubber in gasoline or benzine. When on the road it is sometimes a difficult matter to obtain small pieces of rubber, and in an absolute emergency, especially at night, motorists have resorted to cutting off small strips from a tire case.

Only Successful Remedy For Treating Gall Stones

MR. W. C. DILLEHAY... Fruitoia and Traxo are compounded from the original Edsall formulas at the Pinus laboratories in Monticello, Ill., and can be purchased in Honolulu of Benson, Smith & Co., wholesale distributors, and leading drug stores; a doctor's prescription is not necessary. Fruitoia is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alterative that is most effective to rebuild the weakened, rundown system.

W. H. AVERY IS FOUR BOATS IN TENYO MARU MAKE PORT BUSY

Next mail for San Francisco will leave at 6 o'clock tomorrow morning in the Tenyo Maru, under the command of the Hon. Mr. W. H. Avery, assistant general manager of the Toyo Kisen Kaisha, and Mrs. Avery. He has been in the Orient for the last four or five months studying transportation conditions simultaneously with General Manager John H. Rosseter of the Pacific Mail.

This was an extremely busy day for the port of Honolulu. Four boats came in all in a bunch. They were the Tenyo Maru from San Francisco, the Tenyo Maru from Yokohama, the Dutch liner Vonde from Amsterdam via the Canal, and San Francisco, and the American motor ship Astoria.

Personnel who have a large shipment of sugar mill machinery to load here for the Orient, the Korea Maru, which arrived from San Francisco this morning, will not leave for Yokohama until 5 o'clock tomorrow afternoon. She will take the next mail for the Orient, sailing at 6 o'clock.

The T. K. K. liners were berthed at Piers 6 and 7, an unusual occurrence, because it is a rare thing to have two of the Japanese liners at the pier at the same time. The Korea following her later in the morning.

Grape-Nuts FOOD

has a delicious taste and contains the natural Phosphate of Potash grown in wheat and barley. This vital element, often lacking in the ordinary meal, combines with other food elements for rebuilding the tissue cells in the nerve centres throughout the body.

STOCKHOLDERS OF SAN CARLOS MILLING CO., LTD.

Notice is given that the annual meeting of the Stockholders of the San Carlos Milling Co., Ltd., will be held in the offices of the company at Jax. P. Morgan Co., Ltd., Merchant Street, Honolulu, Hawaii, on Saturday, March 31, 1917, at 11 o'clock a. m. for the election of a Board of Directors to serve for the ensuing year and the transaction of such other business as may properly come before the meeting.

There's a Reason for Grape-Nuts

The man who daily includes Grape-Nuts in his dietary, feels the glow of energy in his veins and muscles—stored up for the long, steady pull that wins.

FILIPINOS FEEL BETTER TOWARDS WORK IN HAWAII

W. H. Babbitt Returns on Korea and Tells of Conditions in the Philippines

After 23 months' absence on business in the Philippines, W. H. Babbitt, assistant director of the Hawaiian Sugar Planters' Association bureau of labor and statistics, returned home this morning in the Tenyo Maru.

Babbitt says conditions are more settled now than for a long time and that the feeling between the American-born residents and the Filipinos never was better. There was a prediction, he says, about election time that the islands would suffer without a Republican president but this does not now seem to be the case.

The Honolulan attended the last session of the Filipino legislature which was the first to meet under the new and less limited provisions of the Jones bill. The Filipinos have an excellent president of the senate and a good speaker of the house and under their leadership are enacting some legislation. It had been feared they would not.

Speaking of his own work, Babbitt declares that there is still considerable difficulty in obtaining Filipino laborers for Hawaii but not as much as formerly encountered. Filipinos from here going back with plenty of money, good clothes and tales of favorable conditions have done much to erase an erroneous impression of labor in Hawaii and stories of hardships and privations are being discounted by Filipino publications.

The present war scare has created little excitement in the Philippines relative to getting out of the country, says Babbitt, for the chief reason that there is no particular place to go where the people would feel safer than they do here.

The administration of Gov. Harrison is proving very satisfactory, according to the Honolulan's report, and some of those who were the most radically opposed to the rights of the Filipinos are now in favor of giving them more freedom.

FEELS SURE OF ISLAND SAFETY

Letters reassuring prospective tourists of the safety of the trip to the Hawaiian Islands and of a stay in the islands have been sent out broadcast from the mainland office of the Hawaii Promotion Committee in San Francisco. These letters carry a comfortable assurance to tourists already here but who may have had thoughts of hurrying their departure because of the threatening war conditions.

"We find that the political situation has calmed, much uneasiness among intending passengers for Honolulu and in order that such uneasiness may be allayed we have made specific inquiries of the war, navy and the state departments, and we are able to assure you on this authority that, even should war be declared between this country and Germany, it would not affect the steamship lines operating between the Pacific Coast and the Hawaiian Islands for the following reasons:

(a) With a large army and navy personnel in the islands, American steamers MUST be operated because of the necessity of furnishing the service with supplies.

(b) No submarine can operate on the Pacific Ocean on account of the absolute impossibility of obtaining fuel oil and other supplies.

(c) It is unreasonable to suppose that a 'raider' would operate on the Pacific when it could operate more effectively on the Atlantic as its object would be to prevent food supplies, etc., reaching the Entente Allies."

POLICE COURT NOTES

A dozen Japanese gamblers taken by Capt. McDuffie's men paid fines in police court aggregating \$100.

Charles Ellmohr, Kapohu and Ah On were each fined \$25 in police court for being in a lottery of chefa. Maria Pihonok, arraigned on the same charge, was given a suspended sentence.

Three drunks were in police court, on Saturday. H. Elaker, who has a dishonorable discharge from the United States army in Manila, came back for the second time in a few days and was fined \$3. John Lingman, an old-timer in court, got a similar penalty. He is from Hawaii and says he will go back next week. George Warren, who has been sitting in and out of Honolulu for 26 years, said it was his first offense and he was given a suspended sentence for three months.

A school of aviation will be established in Lima, Peru. The government has passed a law providing for an annual appropriation of \$24,332 for its maintenance.

The British steamer Tampico, bound from Norfolk to Portland, Me., under command of Captain Denton, put into Vineyard Haven, Mass., in a leaking condition.

The House adopted a measure extending the life of the Federal War Insurance Bureau until September, 1918, and appropriating an additional \$15,000,000 for its use.

MARKET QUIET; STRONG IN SPOTS

Notwithstanding mainland advices of the most optimistic tone relative to the trend of the sugar market, so optimistic that books spoke of "six cent sugar before the year," there was little interest displayed in the local stock market, total sales being 495 shares. In time the market was rather "spotted."

UNCLE SAM TRAINING AVIATORS WHO WILL BE SENT TO HAWAII

War Department Rushes Work of Putting Men in Shape For Service Here

How the army aviators who will come soon to Hawaii are being trained by Uncle Sam in the camp at North Island is told in an interesting manner in an article appearing in the Los Angeles Times of March 11, as follows:

Uncle Sam is swiftly and quietly brightening up the eyes of the army. At the North Island government aviation school, where a short time ago there were a dozen airplanes in commission, there are now 40 up-to-date Martin and Curtiss trainers and two steel battleplanes busy as a swarm of bees. And by March 15 there will be about 100 of the aircraft circling San Diego Bay. For the war department has issued orders that aviators are to be trained with all speed, and officers expect any day to receive orders that will send to Hawaii and the Canal Zone air fleets to aggregate 1000 craft.

Capt. H. H. Arnold was ordered from San Diego to Panama February 1, and Capt. J. T. Curry is on his way from North Island to Honolulu. It is understood in military circles that these officers will prepare at once for the reception and organization of the aerial defense fleets.

Meantime, in anticipation of the expected orders, North Island is a scene of tremendous activity every day. It is not unusual to see as many as 15 airplanes—for we have no aeroplanes in the army now—circling about in the morning, as students are being trained. Each week three or four carloads of new airplanes arrive at the school, and every day new students appear to take up the rigorous routine. There are now 54 students in training, and the school has a capacity of 60, which is to be enlarged. Connected with the school, also, are 70 officers and 370 enlisted men—about twice as many as six months ago.

Large expenditures. The signal for increased activity in army aviation was given last October, when congress made \$15,000,000 available for this branch of service. Huge sums have been expended since then, and are being expended now. With the North Island air fleet much enlarged, more orders for machines are being placed, and 434 airplanes and seaplanes, including every type of military aircraft manufactured in the country, are now being built for the government. The capacity of the machine shops at North Island has been doubled. Quarters for the enlisted men have been much enlarged. New rules for speeding up the training have been adopted. The school has been put on a practical war footing; all visitors must pass a guard and none are allowed beyond a certain point, particularly in the vicinity of the hangars and repair shops.

Of the 54 students now in training the most advanced class, ten officers, will take the graduation tests, known as the junior military aviators' test, this week. The order will include 60-mile cross-country jaunts. Another class of a dozen men will take the J. M. A. tests about the second week in April. These will probably be assigned to the Sixth and Seventh Aero Squadrons—the two now being organized for duty at the canal and in Hawaii.

It's a case of get up early and work hard for the men in training at North Island. The students are required to fly from 6:30 o'clock until 11:50 o'clock in the morning. These students now use two landing places, and a third will shortly be arranged at the site of the old Curtiss school, which will mean that the whole of North Island will be given over to the men in training.

The students must go through many classes before taking the final J.M.A. tests. There are classes in aeronautical engineering, construction and repair of airplanes, radio telegraphy, motorcycling, aeronautical motors, motor vehicles and meteorology, in which the student is taught cloud formations and their significance as to wind and rain. After the tests to secure the Aero Club of America licenses, which tests consist of figure eights in the air, gliding and other tests, the J. M. A. tests of eleven evolutions are given.

Wireless Experiments. In addition to the regular work of training student aviators, interesting and valuable experiments are being conducted by Capt. Clarence Culver for the development of radio-telegraphy as applied to airplanes. Several civilians have been working with Capt. Culver, including E. J. Simon, prominent radio engineer of New York. Last week Mr. Simon tested a new radio set made by him and while on a flight to Los Angeles sent radio messages a distance of 112 miles to the receiving station at North Island.

The school has been equipped with a new gun camera for aerial photography. The camera is fitted with regular gun sights and is operated by a trigger. At an altitude of 10,000 feet, the camera, which is fitted with telescopic sights, can photograph one square mile of terrain. Sgt. J. S. Brewer, probably the most skilled

aerial photographer in America, operates the camera. Most of the airplanes purchased for the school are Curtiss and Martin biplanes. There are, however, two 135-horsepower, all-steel Sturtevant battleplanes. A sea-sled, a speed boat of the most approved type, is one of the recent acquisitions.

In an observation tower at one side of the field, the instructors sit and watch every move of the students in the air, making note of their faults in gliding, spiraling or landing. Men mounted on motorcycles stand ready to go to a plane in case of engine trouble.

One of the innovations made at the school is the institution of a field officers' school, the course in which covers a period of six weeks. One class of six officers has finished the course but the conditions the past month have not permitted the organization of a second class. The officers are from the infantry and other branches of the army, and are sent to North Island that they may become familiar with the work of the aviation branch, so that aero squadrons may more successfully be used in conjunction with infantry and artillery movements.

OUR SIDE OF IT

(By A Soldier)
We are not ashamed of the uniform And if you are a friend You will never say against It any word that will offend.

It has covered honored bodies, And by heroes has been worn Since the days of the Republic, When the Stars and Stripes were born.

Uniforms have many patterns; Some are khaki, some are blue, And the men who wear them Are of many patterns, too.

Some are sons of wealthy parents, Some are college graduates, Some have many virtues, Some are simply reprobates.

We have many skilled mechanics, Men of birth and letter, who Loyal have served their country Which they are a credit to.

No, indeed, all are not angels, Blackguards, yes, we have some of those— When they came into the service, They all wore civilian clothes.

Men of all kinds when they are drinking, Misbehave, act rough and swear; Drunken soldiers and civilians Are disgusting anywhere.

Grant us then your kind forbearance, We'll appreciate it more Than a lot of noisy cheering, When we're going off to war.

We have sat with you in public, And smelted your whiskey breaths; Heard remarks insane and silly, Nearly boring us to death.

Tho' we have offered no objections When in the streets we have met, Yet you would exclude us From the most exclusive set.

If you meet us out in public, On the streets or anywhere, We don't merit sneering glances Or a patronizing stare.

For we have an honored calling As our garments plainly show; You may be a thief or a parson— How are you to know?

I don't care for your profession— Occupation—what you do, When you are looking at a soldier And he is looking at you.

Who is there to judge between us As we stand there man to man? No one but the Great Almighty; I Name another if you can.

Drop your proud and haughty bearing And your egotistic pride; Get acquainted with the soldier And the heart inside.

Test and try to analyze him; Criticize him through and through, And you'll more than likely Find him just as good a man as you.

WITH OUR VISITORS

W. H. Pearson, who spent nine months in Honolulu last year has heard the call already and is returning this month from South America to take up his residence at the Moana Hotel. He was connected with Marshall Field.

Mr. and Mrs. Harrison Teller of Windsor, Colo., and Mr. and Mrs. Lee Charles Miller of Salt Lake City, have returned from a fishing excursion to Maui, having little of the sport, but enjoying a good outing. They are at the Hawaiian Hotel.

Prominent Honolulu visitors at the Young Hotel include G. W. McFarlane of Decatur, Ill., and his three nieces, Misses Louise and Jane Curtis and Miss Helen Phelps. They came on the last Great Northern and will return in the same ship, April 12.

One of the prettiest and most entertaining affairs around the local hotels for last week was the dinner-dance at the Plesantour Hotel Thursday night for passengers and officers of the Pacific Mail steamer Venezuela, local society folk and Honolulu visitors.

Mr. and Mrs. J. H. Rosseter enjoyed themselves thoroughly while here, spending the evening at the Moana Hotel dancing and meeting Honolulu friends. Rosseter is general manager and vice president of the Pacific Mail Steamship Co., and has been spending his honeymoon in the Orient.

THOUSANDS OF GREEKS CARRY OUT OLD TIME ANATHEMA CEREMONIES

(By Associated Press)
CALAMATA, Greece.—The medieval ceremony of "Anathema" against Elephtherios Venizelos, former prime minister of Greece, is still continuing in the lesser towns of Old Greece. Every Sunday in villages scattered here and there over the country, where the ceremony has not yet taken place, the people come together, generally under the leadership of the local priest, and go through the age-old, semi-religious act of calling down divine wrath upon "Elephtherios Venizelos, who worked simultaneously with Venizelos for the freedom of Crete the ceremony was pronounced against Venizelos by the Cretans some 20 years ago.

On the present occasion the ceremonies have been more widespread. Few villages now remain in Old Greece where the anathema against the Cretan has not been pronounced, with all the forms of the days when Alcibiades, having deserted the Athenians for their Spartan enemies some twenty-three centuries ago, was stoned in spirit after his departure. In each instance the clergy of the Greek church have not only sanctioned but taken active part in the ceremonies.

The first of this series of anathemas against Venizelos was pronounced in Athens. The spot set for the ceremony was the immense military exercise field of the garrisons of Athens. The government formally forbade the ceremony the day before, fearing disturbances, and it was thought that the ceremony would be abandoned. At daybreak, however, peasants from their Attican and Boeotian farms began to flock into town, each carrying a stone from his own soil.

Among the acclamations of the white skirts that the Greek peasants wear upon occasions of ceremony, many brought their wives and children, the women all carrying their own stones and frequently the children also. By noon the streets of the capital witnessed an unending procession of peasants and poorer folk bound in the direction of the Kypselis quarter where the exercise field is located. On the Patisia road, which leads to the field, a house was in process of construction and piles of stones were heaped in the yard to be used in building. As the people passed, those who had forgotten to bring stones took each one from this pile. In a quarter of an hour but one was left. The building contractor who had been trying in vain to protect his property shrugged his shoulders, hoisted the remaining rock onto his back and joined the march, to pronounce an anathema of his own—partly against Venizelos but probably partly also against those who had stripped his yard.

Immediately following luncheon, the weather Athenians began to appear smart turnout was at small stone and each coachman had one for himself hidden between his feet. Ladies of the best Greek society clutched in white-gloved hands a vanity box—and a rock. The Archbishop of Athens in full canonicals drove in a carriage which was followed by a procession of other carriages bearing the members of the Holy Synod of the Greek church. As the prelates passed through the crowd the men uncovered and all bowed their heads to receive the blessings of the prelate. In one carriage the venerable Bishops of Coryssa and Larissa sat together, gentle old men with whitening beards, who raised their hands constantly in a sign of the cross above the people crowding against the wheels of the vehicle.

Finally, the carriages could go no farther; the crowd was too dense. The aged prelates dismounted, the people pushing back to make a path for them. As each prelate stepped from his carriage, the hand that had been distributing blessings fumbled under the flowing black gown and drew from its folds a stone to cast upon the pile being erected to the anger of the Greeks against their former favorite, Venizelos. The pile of stones of which each man had cast one, pronouncing at the same time the words: "Katara kai anathema" (curses and anathema) was already higher than a man's head when the Archbishop mounted it. Standing well above the crowd, he pronounced the stigma of the church: "Accursed be Elephtherios Venizelos who has imprisoned priests and plotted against the royal house and the country." He cast his stone on the pile at his feet. At the same instant,

50,000 men, women and children raised both hands, palms front, fingers wide spread as if flinging something from them and cried with one voice: "Anathema!" An old, old woman, bent with years and a rock as big as her head which she carried on her shoulder, made her way at last to the edge of the pile and cast her stone. "We made Venizelos prime minister," she cried in a shrill voice, "but he was not satisfied to remain prime minister. He wanted to become king, Anathema."

As she turned to go, she came face to face with the Archbishop. She fell on her knees before him. He made the sign of the cross above her head and passed on.

ATHENS, Greece.—A crowd of about 20,000 persons recently witnessed the ancient ceremony of "casting the stone of anathema" at the absent Venizelos. The ceremony was organized and conducted by the famous Pan-Hellenic reservists league, which under the brief title "reservists" has won much notice since the king and Venizelos have been wrangling over the internal and external affairs of Greece.

The cabinet is said to have been strongly opposed to the revival of the absolute custom of "anathema" in the case of Venizelos, and the opponents of the rite asserted in the newspapers that "only harm can result to the King's cause from this uncouth piece of political savagery, owing to the painful impression which it will produce upon the civilized world."

But the reservists would not hear of the abandonment of the idea, and fastened not only on the civil and military, but also on the ecclesiastical authorities attending the ceremony. It is stated that the Metropolitan, who is the Archbishop of Athens, was reluctant to participate, but he finally yielded, and in the end, the whole synod of the Church of Greece not only attended, but actually participated in the stone-throwing. The reservists also sent notices to all the shops and offices of Athens requiring the proprietors to close them and attend the anathema with their families and employees, each person being required also to bring his stone.

The Metropolitan cast the first stone, accompanying it with the statement: "This stone of anathema is cast against M. Venizelos for having plotted against the King and imprisoned bishops of the church." The latter phrase was a reference to the Archbishop of Drama, who was arrested by the Solonki revolutionists and sent to Mount Athos.

Women of Middle Age

Many distressing Ailments experienced by them are Alleviated by Lydia E. Pinkham's Vegetable Compound.

Here is Proof by Women who Know.

Lowell, Mass.—"For the last three years I have been troubled with the Change of Life and the bad feelings common at that time. I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no headache or pain. I must say that Lydia E. Pinkham's Vegetable Compound is the best remedy any sick woman can take."—Mrs. MARGARET QUINN, Rear 259 Worthen St., Lowell, Mass.

She Tells Her Friends to Take Lydia E. Pinkham's Remedies.

North Haven, Conn.—"When I was 45 I had the Change of Life which is a trouble all women have. At first it didn't bother me but after a while I got bearing down pains. I called in doctors who told me to try different things but they did not cure my pains. One day my husband came home and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound and Sensitive Wash?' Well, I got them and took about 10 bottles of Vegetable Compound and could feel myself regaining my health. I also used Lydia E. Pinkham's Sensitive Wash and it has done me a great deal of good. Any one coming to my house who suffers from female troubles or Change of Life, I tell them to take the Pinkham remedies. There are about 30 of us here who think the world of them."—Mrs. FLORENCE ISHELL, Box 197, North Haven, Conn.

You are Invited to Write for Free Advice.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

ALEXANDER & YOUNG BEST CAFE BAKERY BREAD

When the heart has no more to wish it pines over its possessions and the energy of the soul goes out like a flame that has no more to devour.

TRUE CHARITY AIDS FAMILIES TO BECOME HELPFUL IN OWN BEHALF

Good work done by the rehabilitation committee of the Associated Charities was shown in the report of Mrs. Carl du Roi, acting chairman of the committee.

Mr. President: As acting chairman of the rehabilitation committee, I wish briefly to report that the committee has held weekly meetings during the year with the exception of the summer months.

In order that not too much value be put upon the work of our committee, I desire to state that often our efforts fall short of what the word to "rehabilitate" means.

Family Made Self-Helping Some of the work stands out encouragingly as this one of a Hawaiian family far up Kailua valley, where the father was blind, the mother unable to leave him as it seemed best to live in the proximity of relatives who shared not with them in return for some little assistance in work, the wife could give, and the child attended school only irregularly.

The case was brought to the attention of the office and visiting and interviews began. The result—the family was moved to town, the father has become a pupil in the school for the blind at Kailua school and so far has made several hammocks which he has disposed of at \$6 apiece. Work for the mother was secured at the White Seal laundry and she is able to prepare the morning meal before leaving for work, and the child leads the father to school and attends regularly himself.

Another—A Hawaiian boy, 16 years old, from Manoa, subject to epilepsy the last eight years, is too much of a burden to the family and is set adrift. Several times he has had to be taken to the emergency hospital to have treatment for injuries received during

an attack and upon recovery he is put on the street. What shall we do? There is no institution available for such a case and our solution of this at present was to put him with a Hawaiian family which has consented to care for him—his maintenance being provided for by funds from the Associated Charities.

Many Perplexing Problems Met "What would you advise doing with a family of ten, the father of which is partly blind, is able to help only to the extent of raising some garden truck for the family on squatter's lands; the mother with tuberculosis and unwilling to be separated from the family, not realizing the danger to which she exposes them, and all the care of the family falling upon a girl of 16 years?"

Then there are the numberless cases of deserted wives with families—the disappointed ones who, if some means were given could return to former places of residence and begin over again.

"There we have the very old whose working days are over and who have not been able to provide for their old age. Such are worthy poor who have worked to the utmost of their ability but have had so many calls upon them that saving has been impossible and they had hoped for health to work to the end.

Thanked for Good Accomplished "The absolutely incompetent and inefficient are a great problem. They know not how to work when work is procured for them. From Victoria, B. C., came information that a child had been given to a family for adoption. The wife returned with the child to Hawaii. Reports reached the home office that the surroundings were far from desirable. An appeal was made to our office and the necessary steps taken. The foster-father came down from Victoria and the couple returned there with the child. Evidence was sufficient at hand to warrant the child being taken away and put under the care of the Children's Aid Society. A letter is on file in our office from Victoria thanking in the highest terms for the efforts made at this end.

Money Not Always Needed "Assistance is often rendered where not a penny of actual money is necessary but it represents the work of many hours and sometimes days of time to reach results.

In conclusion, I think I but express the sentiment of the committee to voice our appreciation of the untiring work done by the manager, Mr. Brooks, and his assistants.

ADDITIONAL TELEGRAPH NEWS

GEN. WOOD SEES NO DANGER FROM ALIENS IN COUNTRY

(Associated Press by Federal Wireless) NEW YORK, N. Y., March 25.—Major-General Leonard Wood, in a luncheon address at the Republican Club on Sunday, declared his conviction that the United States will have no trouble with its "so-called alien population" when independence is declared upon Germany. There is no great body of disloyal Americans, the former chief of staff states.

DREADNOUGHT NEW MEXICO TO BE LAUNCHED APRIL 23

(Associated Press by Federal Wireless) WASHINGTON, D. C., March 25.—The dreadnaught USS New Mexico, upon which work has been rushed during the past six months, is now almost ready for launch. The launching will take place on April 23. Because of the international situation there will be no public ceremony, the launching to be in private. The ship is excluded from the New York navy yard, where the great Leviathan has been taking shape.

The New Mexico, a sister ship to the Pennsylvania, was laid down in 1915. She is 22,000 tons displacement and will have a main battery of twelve 14-inch guns, in four triple turrets. The contract price for hull and machinery was \$7,900,000.

CITY DWELLERS URGED TO START TRUCK GARDENING

(Associated Press by Federal Wireless) WASHINGTON, D. C., March 25.—That the high cost of living may be cut down for the average family, and the city dwellers be assured of fresh vegetables, the United States Department of Agriculture has issued a statement urging upon city dwellers that it is their duty to start truck gardens.

Mr. Vrooman has issued a statement urging upon city dwellers that it is their duty to start truck gardens. Mr. Vrooman points out that the average resident in the smaller city could make his own supply of vegetables, while many of the residents of the large cities could grow enough to make certain the absence of a vegetable shortage, with the consequent increase in prices.

VANDALISM OF TEUTONS IN RETREAT PROTESTED BY FRANCE

(Associated Press by Federal Wireless) PARIS, France, March 26.—The French diplomatic representatives at the capitals of neutral nations yesterday were protesting against the wanton destruction with which the German vandals are conducting their retreat in northern France.

They are serving no military end by their malicious conduct, but are only tearing down public buildings, setting fire to little villages spared by the shells, and driving the women and children into the streets, and in short conducting themselves as they did in their advance through Belgium.

NEW TREATY WITH COLOMBIA STRENGTHENS U. S. POSITION

(Associated Press by Federal Wireless) WASHINGTON, D. C., March 25.—Substantial changes have been made in the draft of the Colombian treaty, to be submitted to the special session to convene next month. The terms as outlined in the altered draft are much more favorable to the United States than those in the previous treaty, which the Republicans in the senate demurred over accepting.

Under the revision, which has been accepted, it is stated by the Colombian government, the United States will receive for the twenty-five million dollars to be given to Colombia, two islands off the Panama coast, the islands of St. Andrew and New Providence. These are of importance as defense points for the canal.

In addition, the United States will also give the canal rights over the Sistrate river route. The state department is understood to have concessions from the Colombian senators, who have strenuously objected to the terms proposed as being a submission to international blackmail.

The Republicans have denied that President Roosevelt acted illegally in the recognition of the Panama revolution, as a result of which the United States secured from the new republic the Panama Canal rights, which it had previously sought to purchase from Colombia.

vacation. Sergt. Wetzel, who has been drilling the Cadets for the past year or more, will be in charge of the party. The boys will take army tents, blankets, mosquito nets, and regulation cups, knives, spoons, etc., and do their own cooking as well as locating and pitching camp. It is planned to do some drilling and they expect to have to turn out in a hurry some night to repel a night attack.

The boys have been having regular drill instruction ever Friday on the grounds opposite the Pala depot and are becoming very proficient. Their Easter vacation begins on Monday, April 2.

ENJOY MAGNIFICENT VIEW

John A. Brashear, a noted astronomer of Pittsburg, and John R. Freeman and Ambrose Swasey, eminent American engineers and scientists, made the Haleakala trip last Tuesday and were fortunate to have a magnificent view of the other islands and of the crater, during a temporary clearing of the storm clouds.

They returned to Waikuku on Wednesday very highly pleased with their experience, and left the same evening for the Big Island. The party is on its way home from a scientific trip through the Orient.

An idea of the enormous extent of electrical industries may be gained from the fact that their annual income equals the total annual expenditures of the United States government.

GEN. ALEXIEFF GIVEN COMMAND OF RUSS ARMIES

(Associated Press by Federal Wireless) LONDON, Eng., March 25.—The supreme command of the Russian armies, after the death of the Russian emperor, has been taken over by the imperial leader by the new minister of war of the provisional government. Reports that the national council would not consent to the suggestion of naming Gen. Alexieff as the uncle of the deceased ruler were received here some days ago, and were confirmed yesterday when official announcement of the death of the emperor was called to the Russian ambassador.

The supreme command, under the order, is given to Gen. M. V. Alexieff, who has been the chief of the general staff.

ROOSEVELT OFFERS TO RAISE DIVISION TO FIGHT IN FRANCE

(Associated Press by Federal Wireless) WASHINGTON, D. C., March 25.—Theodore Roosevelt, strongly urging upon the administration the necessity of direct participation in the war with the full force of the United States army and navy, announces that he has offered his services to the government in what he would be glad to do.

What the former leader of the Rough Riders desires to do is to personally participate in the fighting. If he is allowed, he says, where one fighting division of United States troops and have them in the trenches in France in five or six months.

He has asked that he be allowed to raise the regiment required, saying that he would direct the raising of a service unit to bring to his side sufficient trained men to form the necessary two brigades.

FRENCH CAPTURE VITAL POSITIONS NEAR ST. QUENTIN

(Associated Press by Federal Wireless) PARIS, France, March 25.—The French army, after a day of fighting, has captured the vital positions near St. Quentin. The French army, after a day of fighting, has captured the vital positions near St. Quentin.

The most important advance of the day was made by the French against Saint-Quentin. Here, where the fighting has been heavy for the past few days, the Germans again attempted to break through the French lines.

The Verdun fighting was vicious on both sides. The French, in their way into the German trenches in the neighborhood of Melancourt and drove the Germans back to their original positions of the trenches.

Petrograd announced that the general staff has decided to leave the front and to mass large number of troops on the northern sector of the Russian front, south of Riga, and it is believed that the Germans are preparing to launch a new and greater offensive against Russia in an effort to reach the Petrograd.

LA FERRE FALLS TO POILUS AND BRITISH TAKE ROISEL

(Associated Press by Federal Wireless) NEW YORK, N. Y., March 26.—The greatest success of the French came late in the day when the British captured the defensive system of La Ferre, a most important position, fell to the French stormers. This opens the way for the British to the defenses in von Hindenburg's line.

The troops of General Neville have also taken the German line of the front. Further to the north, on the French front, the British have been forced back to Savy, only four miles from St. Quentin, this bringing the advancing British to the German front.

The British continue to advance along the front. The British have captured the position of Roisel, which has fallen to General Haig's men. This is seven miles east of Peronne.

GERMAN TERMS FOR PEACE INCLUDES BELGIAN DOMINATION

(Associated Press by Federal Wireless) BERNE, Switzerland, March 26.—New and more audacious demands are made by Germany in what is reliably reported as a list of terms of the terms of which the Teutonic Allies would make peace today. The Journal de Geneve publishes these terms, and in a declaration that they are authoritative states that the account is "absolutely reliable information."

Complete control and domination of Belgium by Germany, possession of the French ports of Calais and Dunkirk by Germany, and the payment of an indemnity of fifteen billion francs to Germany are now the principal demands of the Kaiser, according to this account.

The statement of Germany's terms of peace which the Swiss paper publishes as "absolutely reliable information" is as follows:

"If peace negotiations were begun today, Germany would offer to exchange the mining district of Briey, in exchange for the two French seaports of Calais and Dunkirk, on the English channel.

Germany would demand an indemnity of fifteen billion francs to be paid by the Allies, and would demand the restoration of Belgium on condition that King Albert's realm be prohibited from maintaining an army, and that the payment of the perpetual right to garrison the Belgium fortified cities, Namur, Liege and Antwerp.

Fort Shafter Notes

(Special Star-Bulletin Correspondence) FORT SHAFTER, March 26.—The following named men are to be placed on special duty with E Company, Signal Corps officer, at such time as he may direct for instruction in telephone, buzzer and individual signaling work: From E Company—Sgt. Paul J. Forgarty, Cpl. John N. Long and Pvt. 1st Class Walter L. Deneker.

From F Co.—Cpl. John Keim and Pvt. 1st Class Gottfield A. Janschitz. From G Co.—Cpl. Charles W. Law and Pvt. Charles M. Ball. From H Co.—Samuel B. Klein. From I Co.—Pvt. 1st Class Clarence Rich. From K Co.—Cpl. William C. Scott, Pvt. 1st Class Henry L'enthew and Sgt. George Kester. From M Co.—Cpl. Urban Rusling, Pvt. 1st Class John Gray and Pvt. 1st Class David R. Downen of Co. L. The above men will go guard with their respective companies.

Second Lieut. Murray and Second Lieut. Hoskins are receiving congratulations upon receiving their commissions. They have been assigned in the cantonment and will mess in the bachelor buildings.

A number of blank forms are ready for distribution for the report of enlisted men eligible for commission in case of war or other emergencies.

A number of very interesting magazines and a very select collection of books were given to Lieut. Carl A. Harding, librarian, for the use of the readers who attend the 2d Infantry library. It is hoped that others will follow the example of this generous donor.

Cpl. Frederick R. Shaw, corporal school teacher and assistant to the chaplain, and also assistant librarian, has been relieved and promoted to the grade of sergeant in Quartermaster Corps, and will be stationed at Fort Shafter.

The band concert to be given this week by the 2d Infantry band will be as follows: On Tuesday and Thursday evenings in Fort Shafter theater at 6:45 p. m.; on Thursday afternoon, at 8:15 in the cantonment, and on Friday afternoon at the same time on the main parade ground in front of the commanding officer's quarters. The concert will be under the able direction of Band Leader A. Jacobsen.

Pvt. Connie Hester of Company A, 2d Infantry, has been detailed in the 2d Infantry library as assistant librarian to fill the vacancy caused by the promotion of Sgt. Frederick R. Shaw, Quartermaster Corps. He will be assisted by Pvt. Miller of G Co., 2d Inf.

Pvt. Frederick J. Eagles, Company K, 1st Infantry, Schofield Barracks, is transferred to Company D, 2d Infantry, and will proceed to Fort Shafter, reporting on arrival to the commanding officer for duty with that organization to which transferred. The expense incident to this transfer will be borne by the soldier.

Pvt. Gordon of Company M, 2d Infantry, has been detailed on special duty in the Quartermaster storehouse, Fort Shafter.

Master Engineer Ernest Meyers (senior grade), 3d Regiment Engineers, Fort Shafter, is assigned to temporary duty at headquarters of Hawaiian Department. It being impracticable to assign Engineer Meyers to any organization for ratings the Quartermaster Corps will commute his ratings at the rate of \$1 a day while on this duty.

Pvt. Joseph P. Dyba of the Coast Artillery Corps, 1st Co., Fort Kamehameha, has transferred to the Machine Gun Co., 2d Infantry, Fort Shafter, and has reported to his company commander, 1st Lieut. Sullivan. The soldier in this instance will pay his own transportation.

Pvt. Jesse E. Sheffner, Machine Gun Co., 2d Infantry, is ordered to report to the commanding officer of the Coast Artillery Corps, 1st Co., Fort Kamehameha, the expense in this instance to be borne by the soldier.

A general court-martial is appointed to meet in the Administration building, Fort Shafter, at the call of the president thereof for the trial of such persons as may be properly brought before it.

Sgt. Mike Kaitaniack, Co. C, 32d Infantry, Schofield Barracks, is transferred at his own request to private to Company C, 2d Infantry, Fort Shafter, and will proceed at once to Fort Shafter and upon arrival will report to the commanding officer for duty with that organization. The expense in this case will be borne by the soldier.

WOMAN'S NAVY LEAGUE TO HELP PREPAREDNESS

In order to prepare the women of Hawaii in case war is declared and to show what can be done if there is a shortage of food, classes are being organized in intensive gardening and poultry raising by the Honolulu branch of the Woman's Navy League. This work has been sanctioned by the Red Cross and instructions are to be given by members of the faculty of the College of Hawaii.

The classes will begin the first of April and include 10 lectures in both gardening and poultry raising, the cultivation of vegetables and some field experiments. Further information may be secured from Mrs. Walter F. Dillingham, president of the League.

SPIRIT OF PATRIOTISM RINGS TRUE FROM PULPIT IN SUNDAY SERMON

"My friends, the President of the Republic at this time needs our earnest prayers and united help. No one can accuse him of hastiness, and the great heart of the nation which, after all, beats for what is just and true, goes out to him in his determination to place this nation firmly on the stand against dishonesty, injustice and inhumanity. I do not hesitate from the pulpit to state at this time this evident truth."

Thus spoke St. Rev. Henry Bond Restarick, bishop of Honolulu, in an intensely patriotic sermon delivered from the pulpit of St. Andrew's cathedral yesterday morning. The sermon was inspired by the presentation to the church of a flag by Mrs. William L. Moore, widow of the late Dr. Moore, who for many years was a member of the National Guard.

The bishop chose the following as his text: "For if thou altogether holdest thy peace at this time, shall there enlargement and deliverance arise from another place than thou and they father's house shall be destroyed; and who knoweth whether thou art come to the kingdom for such a time as this?"

Bishop Restarick spoke, in part, as follows: "There confronts the world two principles of government—one is that for which this nation stands, a government of man, by man and for man. We stand here firmly on this principle as the outgrowth of Christian development. No one here, whatever may come in the next few weeks, will have any enmity or hatred towards any man here. We know men of all kinds. They are our friends. We have had admiration for them and affection for them, but before God we do place ourselves at enmity with the principles of rulers which are responsible for all the bloodshed of the past three years, and great as are the evils of democracy, they are nothing to the evils of autocracy."

"We are called as a nation for such a time as this." We must not consider whether it will cost us money, or whether it will cost us human lives. We are willing as in previous crisis to sacrifice that humanity may come to its own through Christ. We are what we are by the shedding of the Precious Blood. This nation has been willing again and again to shed blood, the blood of its sons for what was right and just and honorable and I am satisfied that we are ready again to shed blood, yes our own blood. I truly believe, for the maintenance of the life, the liberty, the progress of humanity and the protection of humanity from that which would debase it, from that which would make

force triumphant, and destroy or greatly impair the moral and spiritual character of the race.

"This American church of ours has had among its loyal sons such a splendid list of prominent men from Washington to Dewey from Justice Marshall to Fullers. In the presidential chair, in the army and navy, in the halls of the supreme court, everywhere, this church of ours has had her loyal sons taking a conspicuous part in the affairs of the state from the beginning and it is not strange therefore that, as there has been a seemingly spontaneous movement to place the National Flag in its church buildings.

"It is true, we are churchmen, shrink from flaunting our patriotism or our religion before anyone. Traditionally we are conservative and seem to be cold because perhaps our patriotism and our religion are deep seated and not simply flashes on the surface or passing emotions. Everywhere the National Flag has been placed in our cathedrals and other churches and in many places carried in procession beyond that cross. You are aware perhaps that on a man-of-war the only flag which ever flies above the National Flag is the church flag, which tells of a Christian service to be held or being held on board. The cross is above all, for it is for mankind and mankind is above the Nation.

"It is the fashion of some today to belittle the nation and to take a supposed stand for humanity; but I would call attention to this fact that in our present state of human evolution national life is a necessity. Man has progressed in regular order from the individual to the family, thence to a collection of families or tribes, and then to the collection of tribes into a nation. I believe that ultimately we shall go beyond this to a federation of nations and then to a federation of mankind.

"But at the present we are in the national stage and while we are called upon to keep the Christian ideal clearly before us in national life we must be ready as Christian men to stand for the principles for which the nation stands, even though it means the sacrifice of wealth or life.

"The flag is the nation's sacrament. It is the outward and visible sign of all that for which the nation stands. The Declaration of Independence, the Constitution, the national ideals are all embodied in the flag and because of this we pay it honor and reverence and place it in the Church of God. Love to one's country and that with which God has entrusted it, is closely allied with love to God, and the sacramental symbol of the nation has a place in the sacramental order of the church."

DR. BRASHEAR TO BUILDING FIRED BY INCENDIARY

LECTURE TONIGHT

Interest centers in the lecture which is to be delivered this evening by Dr. John A. Brashear at Mission Memorial Hall under the auspices of the Hawaiian Engineering Association at 8 o'clock.

Dr. Brashear is one of the three men, famous in science, who arrived from the Orient recently and has since been visiting in the islands. He is one of the noted and noteworthy astronomers of the world as well as famed for scientific designs and making of telescopes.

In his lecture this evening, Dr. Brashear will handle his topic in such a manner as to make it popular to the layman as well as to student and there is ever a general and popular interest in the worlds other than ours that are nightly seen dotting the heavens. Honolulu folk are fortunate in having the opportunity to hear Dr. Brashear and the Engineering Association is deserving of popular thanks for arranging the lecture.

PVT. AMAMA DESERTER ON SECOND ENLISTMENT

Pvt. John P. Amama, Company K, 2d Infantry, is listed as a deserter from the army. Amama left Fort Shafter on March 13. He was serving his second enlistment.

Amama's former residence was Fairmont, West Virginia, where his father, Louis J. Amama, now lives. The soldier is a native of Wellsburg, that state, and is 32 years and 11 months of age. He is described as having blue eyes, brown hair and ruddy complexion. He weighs 165 pounds.

MERCHANT'S WIFE ADVISES HONOLULU WOMEN

"I had stomach trouble so bad I could eat nothing but toast, fruit and hot water. Everything else soured and formed gas. Dieting did no good. I was miserable until I tried buckthorn bark, glycerine, etc., as mixed in Adler's. ONE SPOONFUL benefited me INSTANTLY." Because Adler's empties BOTH large and small intestine it relieves ANY CASE of constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. The Hollister Drug Co.—Adv.

Harrison W. Craver resigned as librarian of the Carnegie Library and will become chief librarian for the United Engineering Society in New York.

Emperor Charles appointed General Count Karl Hury governor of Galicia, replacing General von Diller.

BUILDING FIRED BY INCENDIARY

LECTURE TONIGHT

(Special Star-Bulletin Correspondence) HILLO, March 23.—That the social hall of the First Foreign church was deliberately set on fire by some firebug or somebody who has a "set" on the pastor of the church is now positively proved and the evidence is in the hands of Fire Chief Todd, who, not satisfied with the theory that a rat might have started the blaze, made an investigation himself.

Fire Chief's Discovery Todd, on Wednesday afternoon, began inspecting the scene of the fire once more. He suspected the fire was the work of an incendiary and he was determined to find out the truth. In the course of the repair work that was being done by the carpenters, Todd took the opportunity to look under the "baseboard" that runs along the floor of the portico and around the bottom of the walls. The corner part of this had been destroyed by the fire but the flames had been extinguished before they reached very far along the "baseboard" and it was through this fact that the fire chief came across the direct evidence that the building had been set on fire. The chief had the carpenter rip off a few feet of the board. Upon examination at the section Todd noticed that it had an oily look so he applied it to his nose and had a sniff. The result was that it was found that the board was smelling of kerosene and that showed that it must have been drenched with the oil.

vacation. Sergt. Wetzel, who has been drilling the Cadets for the past year or more, will be in charge of the party. The boys will take army tents, blankets, mosquito nets, and regulation cups, knives, spoons, etc., and do their own cooking as well as locating and pitching camp. It is planned to do some drilling and they expect to have to turn out in a hurry some night to repel a night attack.

The boys have been having regular drill instruction ever Friday on the grounds opposite the Pala depot and are becoming very proficient. Their Easter vacation begins on Monday, April 2.

ENJOY MAGNIFICENT VIEW

John A. Brashear, a noted astronomer of Pittsburg, and John R. Freeman and Ambrose Swasey, eminent American engineers and scientists, made the Haleakala trip last Tuesday and were fortunate to have a magnificent view of the other islands and of the crater, during a temporary clearing of the storm clouds.

They returned to Waikuku on Wednesday very highly pleased with their experience, and left the same evening for the Big Island. The party is on its way home from a scientific trip through the Orient.

An idea of the enormous extent of electrical industries may be gained from the fact that their annual income equals the total annual expenditures of the United States government.

BOYS TO MOUNTAINEER

Provided the weather is favorable, the boys of the Maui Cadets will spend three days camping up on the mountain near Olinda during their Easter

INDICTMENT DEFECTIVE

WAILUKU, Maui, March 23.—John Hu Kaili of Hana, charged with having murdered Joseph Puhiale in a drunken Christmas brawl, this morning pleaded not guilty before the second circuit court. Owing to an alleged defect in the indictment this case is pretty certain to be carried through the supreme court by Attorney Enos Vincent, appointed by the court to represent the defendant. The objection raised by Vincent this morning is that the indictment charges that the murder in question was committed in December, 1917, an impossible date. Judge Edings overruled the objection and sustained County Attorney Bevin's motion to amend the indictment. Exceptions to the ruling have been noted.

BOYS TO MOUNTAINEER

Provided the weather is favorable, the boys of the Maui Cadets will spend three days camping up on the mountain near Olinda during their Easter

ANNUAL DRILL AT KAMEHAMEHA

RECRUITING FOR NAVAL RESERVE

The cadets of Kamehameha school held their annual competitive drill Sunday afternoon and it was attended by many appreciative spectators.

The competition was divided into two classes, one for the first year boys and the other open to all, and consisted of the manual of arms. Howard Kinney of Hakulua won first place in the first and W. de la Nux of Aies the second. Both were awarded watch fobs on de la Nux is allowed for one year to wear the W. O. Smith medal, presented by the president of the board of trustees. It is to be completed annually.

Following the competitive drill Company A gave a drill in callisthenics, Company B in Butt's manual and Company C in bayonet exercises. A dress review and the presentation of the prizes by W. O. Smith concluded the exercises.

Among those present were Queen Liliuokalani, W. O. Smith, Albert J. Judd, Mayor J. C. Lane, Gen. S. I. Johnson, Capt. Hunt and Capt. Bennett of the 1st Infantry officiated as judges.

TOKIO STOCK COMPANY OF Y. W. C. A. TO MEET NEXT MONDAY EVENING

The Tokio Stock Company, Unlimited, composed of all members of the Young Women's Christian Association who are sharing in the support of Miss Mary Page's work in the Tokio Young Women's Christian Association, will give an informal reception at 7:45 tonight to Miss Emma Kaufman, another member of the Tokio staff. Miss Kaufman is on board the Korea Maru on her way back to Japan after a visit to America, and will be in Honolulu only today and tomorrow.

Following the reception the Tokio Stock Company, Unlimited, will hold its first business meeting at which certificates of stock will be issued and officers will be elected. All payments on stock are due next week.

Miss Kaufman, it is expected, will make an informal address concerning the Tokio work in order that the Honolulu association may be better informed of what its money is accomplishing in Japan. An interesting book of photographs of the work and workers, which was received last week, will be on view.

The price of gasoline in the leading New York garages was recently advanced from 27 to 28 cents a gallon.

KAMEHAMEHA ATHLETES WIN HONORS IN INTERSCHOLASTIC TRACK MEET

Cinder Path Stars From King Street School Score 45 1/2 Points—Weston Dower Finishes His Track Career in School Circles in a Blaze of Glory—"Buzz" Smith Sets New Record in 440 Yard Dash—Kauhan: Sets High Mark Broad Jump

Weston Dower, the all-around athlete of Kamehameha, finished his athletic career in interscholastic track meets Saturday afternoon at Alexander Field when he came from behind in the last ten yards of the relay and caught You Bun Hee in the last event of the day, giving Kamehameha the meet with 45 1/2 points.

When Dower made his great race for the tape in the last event of the day, he had already counted on a victory for St. Louis, but the Kamehameha star came strong at the finish and scored a tie with You Bun Hee, who ran a pretty race in the last event. Kam men on the field believed that Dower had won out, while the St. Louis rooters were confident that You Bun Hee had breathed the tape first. It was a great race, and the judges could not have called it anything else. It looked like a dead heat if there ever was one.

Kamehameha, as expected, ran off with the meet with Punahou second with 27 points; St. Louis, third with 11 1/2; McKinley, fourth with 10 points, and Mills finished the meet with a solitary point gathered by Souza in the mile run.

Dower the Star

To Weston Dower goes the honors of the day, as the Kamehameha athlete gathered a total of 16 points which was double the number secured by Peterson of Punahou, who was the second point man in the meet. Dower secured first in the 220-yard dash, first in the 220-yard hurdles, and scored second in the 100-yard dash and broad jump.

Smith Makes Record

When "Buzz" Smith sprinted 80 yards from the tape in the 440-yard run and passed the fleet-footed Bush in the stretch and beat him to the tape the Punahou athlete set the only record of the day. His time for the 440-yard event was 52 2/5 seconds, which lowered the existing mark held by Watt by 1/5 of a second.

Had someone give Earl Eaton a race in the half-mile the Kamehameha athlete might have set a new record for this event. Finishing yards ahead of the field, he crossed the tape in 2:08 4/5 seconds which was nearly a second under the record which has stood for a number of years. In the A. A. U. meet Eaton made 2:05, and it was unfortunate that he was not pushed in the last 100 yards. Smith and Uweloia had run hard races previous to this event and were unable to keep to his pace. Singlehurst and Decker finished second and third, and both showed excellent form in this distance event, giving Punahou two strong men for the distances next season.

Four fast century men faced the starter in the 100-yard dash, and the race was hotly contested throughout. Fernandes, the little speed merchant of St. Louis, was off to a good start and was in the lead at the 50-yard mark. Dower made a bid for victory, but his sprint to the tape in the last 10 yards was not sufficient to land him the race. Bush came strong and beat out Kauhan for the third place.

Weston Dower romped away with the honors in the low hurdles, leading Blake of Punahou by a good margin. Blake was one of the surprises of the meet, and his effort has a likely looking timber topper for future meets. Woolaway topped the hurdles nicely and beat out McGinnis for the third place.

Dower came back strong in the 220-yard dash. You Bun Hee, who is one of the best of the year, gave the Kamehameha runner a great race for the first 200 yards, and it looked like a victory for St. Louis, but Dower uncorked his sprint and crossed the finish line in 22 1/5 seconds, only 1/5 of a second slower than the record.

Kauhan and Lum made a great race of it for third position, but the Punahou won out.

Uweloia Wins Mile Run

Uweloia carried out the predictions made about him last year when he captured the mile run in a fraction over five minutes. The Kamehameha runner lay back in the field until the first two laps when he sprinted and

came to the tape ahead of Groves, his teammate. Souza stayed with the field all the way, and showed lots of sprint at the finish, beating out Stanley for the place.

Vierra set the pace for the first 440, being followed by Judd of St. Louis. Chun Lee Puck was running well for the first 500 yards but slowed up after that and did not figure in the race. Fieldgrove, Uweloia and Groves came up strong in the second lap and Stanley started a sprint which carried him to the front, but Uweloia had plenty in reserve, and passed the Punahou runner and Groves fought it out with Souza for third place. The little Mills runner did not tire and came strong at the finish. Woolsey of Kamehameha did not enter the meet. Following the interscholastic events last year the writer predicted that Uweloia would show something in the distances before long. He did not win a place at that time, but his natural form was such that he looked promising. The prediction was carried out Saturday afternoon.

Kan Leong Stars

Kan Leong of McKinley surprised the athletes of the other schools with his performance in the high jump. He scored first place with ease, and was asked to go out after a record, but refused. He won the event at 5 feet 5 inches, and in this jump cleared the bar by at least three inches. Peterson was second and de la Nux, third. In the pole vault Peterson won out by six inches when he defeated de la Nux and Harvey.

Noble Kauhan covered himself with glory Saturday afternoon. The Punahou athlete made 21 feet 6 inches in the broad jump, which would win the majority of high school events on the mainland. His jump did not break the record, but there are very few high school athletes in the United States who can excel this mark. Dower finished second in this event.

It is a coincidence that the stars of 1916 and 1917 should have been responsible for the victory for their teams. Last year Tommy Hore of St. Louis entered the sprints, hurdles and broad jump. Hore scored 15 points for his team in the interscholastic meet, and ran the last 220 yards of the relay and was gaining on You Bun Hee when he struck the tape.

There was an athlete from Mills in the broad jump Saturday who ought to be heard from in the future. He didn't place in the event, but this boy should be an athlete of note in a few years. He has a wonderful pair of legs, and if he can ever lengthen his stride should be modelled into a sprinter. Harold Smith, Howard Drew, Nat Cartmel nor any other of the famous sprint men has an advantage on this runner in form. Coming down to the takeoff he worked like a machine, and ought to show something in track events if he can lengthen his stride. His name is Soon Cheong, and the soon part of it ought to help out somewhat.

Relay Exciting

In the relay event Kam took the lead with St. Louis second and Punahou third. Lum of St. Louis, running the third furlong, caught McGuire and handed You Bun Hee a slight lead. Lum ran a great race, and showed promise in this event. Dower started after the St. Louis athlete and You Bun Hee made a grand race to the finish. At the 20-yard mark You Bun Hee was leading, but Dower came strong, and began to close up the gap. Had the cord been five yards further away Dower would have won out, but his last sprint carried him across the line even with You Bun Hee, who ran a great race. You Bun Hee looks like a comer and should score a number of points for his school next year.

THE RESULTS

One-Mile Run—Uweloia (Kam), won; Groves (Kam), second; Souza (Mills), third. Time 5:04.5.

Pole Vault—Peterson (Punahou), won; de la Nux (Kam), second; Harvey (Punahou), third. Height 10 ft. 6 in.

220-yard Hurdles—Dower (Kam), won; Blake (Punahou), second; Woolaway (McKinley), third. Time 27.45.

220-yard Dash—Dower (Kam), won; You Bun Hee (St. Louis), second; Kauhan (Punahou), third. Time 22 1/5.

Shot Put—Bertelmann (Kam), won; Clark (Kam), second; Kauhan (Kam), third. Distance 42 ft. 5 in.

Broad Jump—Kauhan (Punahou), won; Dower (Kam), second; Fernandes (St. Louis), third. Distance 21 ft. 6 in.

440-yard Dash—Smith (Punahou), won; Bush (McKinley), second; Ahuna (Kam), third. Time 52 2/5, breaking former record of 52 3/5 held by John Watt of Punahou.

100-yard Dash—Fernandes (St. Louis), won; Dower (Kam), second; Bush (McKinley), third. Time 10 2/5.

High Jump—Kan Leong (McKinley), won; Peterson (Punahou), second; de la Nux (Kam), third. Height 5 ft. 5 in.

800-yard Run—Eaton (Kam), won;

M'KINLEY TEAMS STAGE BATTLES IN CLASS DUEL

McKINLEY INTERCLASS SERIES

Class	W. L. Pct.
Seniors	2 1 667
Juniors	2 1 667
Sophomores	1 2 333
Freshmen	1 2 333

Juniors and the Freshmen of McKinley played off a tie on Friday afternoon, the Juniors emerging victorious to the tune of 11 to 6. The Freshmen were leading at the end of the sixth by a score of 5 to 4, but Suzuki reached first on a clean hit, stole second and scored on Haglund's hit to right. Haglund scored on Tschukiyama's second two bagger and "Suki" scored on an error. In the eighth, the Juniors "rubbed it in" by scoring three more and the Freshmen's best efforts netted them one run. The Juniors also scored one in the ninth.

Low hit the ball for a three bagger and a single, and Tschukiyama had two doubles to his credit. Haglund and Suzuki also did some good hitting, the former making a double, while the latter made three hits. The Freshmen had one star, Kurita, who made three hits off Ross' delivery. Ross allowed the Freshmen but six hits. Nushida also pitched a fair game.

Next Friday the Seniors and Juniors will play off the tie for first place. Lineup of the Juniors: Suzuki, c.; Haglund, 1b.; Tschukiyama, ss.; Low, 2b.; Ross, p.; Okano, 2b.; Chang, cf.; Thompson, rf.; Kurata, lf.; Moo, rf.; Lee, rf.; Padgett, cf.

Jimmy Aylett and Bert Hushaw who officiated at the Star-Bulletin vs. von Hamm-Young game were real umpires, and it is hoped that two more umpires will pull a few more O'Loughlin, Sheridan and Billy Evans turns in the near future. Barbosa and Perry officiated for the first game at Moiliili field and satisfied both teams and the crowd.

That was some crowd at the two games at Moiliili field yesterday. It is estimated that there were more than 200 in the stands watching the business house teams.

Little Marcial of the Filipinos is lining up a good bunch for his team this year, and with King back in harness and Ortiz behind the bat, the squad shows something this season.

INDOOR BASEBALL TO BE CARD AT Y. M. C. A.

Indoor baseball will be the center of attraction tonight among the employed boys' clubs of the "Y." The device of last Monday necessitated the postponing of the games, so tonight the Cubs are scheduled to play the Giants, while the Pirates meet the Dodgers.

In the American League the Senators tie up with the Athletics. The Yankees have handball to decide their two best men for the handball title, which will be played next Monday.

The Cubs are leading in the national division, with the Pirates only one game behind, the Dodgers and Giants following. In the American League the Athletics have a clean slate, with the Senators and Yankees fighting for second place.

Mr. Uric will speak at the regular beer supper, following which will be the club meetings, with the athletic program beginning at 7:30.

Singlehurst (Punahou), second; Decker (Punahou), third. Time 2:08 4/5.

800-yard Relay—Dead heat between St. Louis (Lam Wing, Fernandes, Lum, You Bun Hee) and Kam (Kukea, de la Nux, McGuire, Dower). Punahou, third; McKinley, fourth.

Kam, Pun. St. L. McK. Mills

Joseph A. Mulholland the fourth man convicted of the murder of Mrs. Austin Nicholas was sentenced to die in the electric chair during the week beginning April 9.

The American steamship A. A. Raven, which left New York Feb. 27 for Matanzas, Cuba went ashore half a mile south of Bodie Island, N. C.

PACIFIC LEAGUE TO MEET

There will be a meeting of the Pacific League at the office of T. H. Davis & Co. on Tuesday afternoon at 4 o'clock. This meeting will be an important one, and Sam Nett, president of the League, has urged all managers to be present. It is expected that plans will be laid for the formation of a schedule, and the committee will report on the playing fields for the year. Representatives from McKinley, Braves, St. Louis, Chinese, Nippons, Hawaiis, Healanis, Filipinos and Punahou are expected to be present.

CADETS PERFORM IN TRACK EVENTS

Saturday was the first day of the annual track meet at the Honolulu Military Academy.

There is a keen rivalry between the different athletic organizations of the school. The cadets are divided into four classes: Opens, seniors, juniors and juveniles. There are two clubs each in the seniors and juniors, the blues and the reds.

The Opens are competing for the Dr. W. T. Brigham challenge trophy, the victor being known as the Victor Letorum. The Seniors compete for the Wall & Dougherty challenge trophy and the Juniors for the Gerrit Wilder trophy.

Thursday, March 29, is the second day of the meet. This is a great day in the annals of the school and while no formal invitations have been issued all the friends of the academy are cordially invited. The meet will last from 2 to 5 p. m. It is hoped that the parents and friends of the boys will take this opportunity of seeing what their boys are doing in the athletic as well as academic line.

Open

Mile—Dunn II, won; Dunn I, second; Searle, third. Time, 5:49.

Seniors

Mile—Clinton, won; Canario, second; Thoenz, third. Time, 6:08.

Juniors

Mile—Cruikshank I, won; Cunningham, second; Cruikshank II, third. Time, 6:22.

Open

High Jump—Searle, won; Deverill and Dunn I, tied for second. Height, 4 ft. 10 in.

Seniors

High Jump—Breckenridge, won; Parker, second; Rice, third. Height, 4 ft. 6 1/2 in.

Juniors

High Jump—Browning I, won; Eckart, second; Deverill and Cruikshank I, third. Height, 3 ft. 10 1/2 in.

Seniors

Pole Vault—Carroll, won; Beers I, second; Payne, third. Height, 7 ft. 2 1/2 in.

Broad Jump—Searle, won; Deverill second; Dunn II, third. 17 ft. 4 in.

Seniors

Broad Jump—Clinton, won; Rice, second; Carroll, third. 15 ft. 2 in.

Juniors

Broad Jump—Browning I, won; Cruikshank II, second; Deverill II, third. 12 ft. 11 in.

Open

Ball Throw—Dunn II won; Dunn I, second; Deverill, third. 280 ft. 4 in.

Seniors

Ball Throw—Clinton, won; Breckenridge, second; Carroll, third. 226 ft.

Juniors

Ball Throw—Browning I, Cruikshank I, second; Cunningham, third. 186 ft. 2 in.

Points for Winners

Dunn II—1st in mile, 1st in ball throw, 3rd in broad jump—11.

Dunn I—2nd in mile, 2nd in ball throw, 1st in high jump—8.

Deverill—2nd in broad jump, 2nd in high jump, 3rd in ball throw—6.

Searle—1st in broad jump, 1st in high jump, 3rd in mile—11.

BABY REGIMENT WINS CLOSE ONE FROM RUGER

The Baby Regiment won a close game from Fort Ruger at Kam field on Saturday by a score of 3 to 2. Mashaw and Jackson pitched for the 32nd, and Stewart worked for the Rugerites. All three pitchers worked well and the game was exciting throughout. Ruger made two hits in the last inning but were unable to score.

Hits and runs by innings:

7	0	0	0	0	0
8	0	0	0	0	0
9	0	0	0	0	0
Totals	3	2	0	0	0

Batteries—Mashaw, Jackson and Buckland, Stratton; Stewart and Benham; sacrifice hits, Benham, Cummings, Langley; stolen bases, Fort Ruger 6; double play, Johnson to Perry to Bailey; struck out, by Stewart 3, by Mashaw 6, by Jackson 2; bases on balls, of Stewart 2, off Jackson 1; earned runs, Ruger 1, 32nd 2; left on bases, Ruger 5, 32nd 5; first base on error, Ruger 3, 32nd 5.

Resolution pledging the support of the Legislature to President Wilson in his effort "to protect American lives and American honor" were adopted unanimously by the Massachusetts Senate.

SCHOFIELD SEES OFFICERS' GAME; 1ST INF. WINS

(Special Star-Bulletin Correspondence) SCHOFIELD BARRACKS, Mar. 26.—The big athletic event of the week at Castner was the defeat at baseball administered to the officers of the 4th Cavalry by the officers of the 1st Infantry at the Castner diamond on Saturday forenoon.

The 1st Infantry still holds the post championship in the officers' class, having easily defeated the 32nd Infantry officers several weeks ago.

The game on Saturday went the regulation five innings for officers and was played for a "party" to be given the victors by the members of the losing team; the score was five to four.

BOWLING DUELS ON THIS WEEK AT Y. M. ALLEYS

Y. M. C. A. BOWLING SCHEDULE

Tonight—Cosmos vs. Mid-Pacific. Tomorrow—Oahu vs. All-Chinese. (Honolulu vs. U. S. N. T. S., one game at 7 o'clock.

Wednesday—Service vs. Hawaiis. Thursday—Oahu vs. Nationals. Friday—Ladies' Night.

Members of the Y. M. C. A. will have an opportunity to invite their lady friends to try out the bowling alleys on Friday evening. This is the "open house" entertainment and the alleys will be open to both men and women after 6 o'clock until 10.

Tonight the second series of the Senior League opens with a match between the Cosmos and Mid-Pacifics. Both teams are on edge for a real contest.

Tomorrow is the big smoke. The Oahu and All-Chinese will settle their differences or rather their tie for both these teams are deadlocked for first place at the end of the first series. They will bowl at 7:30 o'clock. Just before this match Honolulu will roll off its tie game with the U. S. N. T. S. in the Pacific Y. M. C. A. League.

Wednesday, Captain Decker's Hawaiis tackle the rejuvenated Service five. Thursday, the Oahu open their second series schedule with the Nationals as opponents. The second series continues until May 10.

FIRESTONES WIN OUT

The Firestone team representing Smoot & Steinhilber came from behind in their game at Makiki field on Sunday and defeated the Royal Hawaiian Garage team by a score of 9 to 6. The Garage team was leading up to the fifth inning, scoring five runs off Taylor, the Firestone heaver. After this Simon went into the box and held the Garage men to one run. The Firestone team hit the ball hard in the later innings and finished up with nine tallies.

A movement is under way to obtain a free public library for Richmond, Va., inasmuch as the Virginia State Library, located there, is unable adequately to meet the needs of the city.

Experiments made in Norway with electric heating indicate that a pleasant, even temperature is possible with an experiment of from 30 to 35 watts per cubic meter of space—35 cubic feet.

Walter E. Mullin, of New York, was elected a member of the New York Cotton Exchange.

BASEBALL STARS PERFORM ON TWO DIAMONDS YESTERDAY AFTERNOON

Schuman Carriage Company, Star-Bulletin and Advertiser Teams Win Out in First Game of Series—Mutual Telephone Company, Firestones and Pacifics Land Games—Much Interest Taken in Baseball—More Games Sunday

CITY LEAGUE STANDING

Team	W. L. Pct.
Schuman	1 0 1000
Star-Bulletin	1 0 1000
Advertiser	1 0 1000
Hawaiian Electric	0 0 000
Honolulu Iron Works	0 0 000
Lewers & Cooke	0 0 000
Ehlers & Co.	0 1 000
Von Hamm-Young	0 1 000

"And the little old Ford just rambled right along." That is the way the song goes, and the Ford sure rambled Sunday morning at Moiliili Field when the Schuman Carriage Company team defeated the Ehlers & Co. squad by a score of 23 to 0.

Several of the drygoods men were injured and failed to show the class of ball that has been shown in past contests, but the Schuman Carriage organization was playing good ball and hit the shoots of Lopez to all corners of the lot.

Overland Silva was on the mound for the Schuman team with Excelsior Lee behind the bat. This combination worked in excellent style and aided by Hudson Liu, Ford Crabtree, Goodrich Lindo and Chalmers Yen Chin in the infield this collection showed to form throughout. White Decker, Stearns Hopkins and Franklin McIntire were the jungle tenders for the day.

The Schuman team scored 15 runs in the second inning and scored at will after this, as the Ehlers team was very much up in the air. The lineup for Ehlers was as follows: Teves, c.; Jondeu, 2b.; Koyama, ss.; Schigo, 3b.; Borges, p.-lb.; Lopez, p.; Nelson, p.; Lewis, lf.; Silva, rf.; Bergstrom, cf.

Star-Bulletin Wins

Some one said yesterday morning that the printing press is a wee bit mightier than the spark plug, and when the Star-Bulletin baseball team nosed out the von Hamm-Young Company team at Moiliili Field yesterday morning in the second game of the doubleheader there was some reason to believe it. The score was 7 to 6.

The newspaper men stood off in the lead and scored three runs in the first inning and four runs in the second. Aguir started on the mound for the Star-Bulletins and held the honk men to one hit for three innings, and then the automobile stars secured two hits which, coupled with two walks and an error, gave them five runs.

Ah Bun went into tape box for the Star-Bulletin and not a run was secured off his delivery in five innings. Searle relieved Bertelmann for the von Hamm-Young team and for the last five innings the Star-Bulletin was unable to score. Searle was especially effective with men on bases. Packard, Searle and Peerless Bertelmann allowed but four hits during the game. Kisselkar Makinney, the right fielder for the honk team, made a spectacular catch in right field. Chandler Ornelas, at second, and Dodge Duggan at first were among the shining lights. Paige Clinton and Goodyear Kim performed in left and center jungles. Scripps Charles and Detroit Rudgett did the backstop work.

Manager Godfrey has lined up a good team and the von Hamm-Young squad should show some good baseball in the future. The Star-Bulletin tried out a number of men during the game and the infielders, including McElree, Rhodes, La Bare, Tyau and Rawlins showed real ability. Gomes was a star behind the bat and very few stolen bases were recorded against him. Teixeira, Perreira, Mossman, Ah Wan, Ke and Pittinger performed in the outfield for the newspaper team.

Advertiser Wins

Medeiros, star pitcher for the Advertiser, had his shoos working in excellent fashion Sunday morning at Makiki field, and the Lewers & Cooke squad were unable to score until the fifth inning. The newspaper team played good ball throughout and finished up with a score of 16 to 3 in their favor.

Lewers & Cooke are lining up a strong team for the future games, and it is expected that they will spring a strong comeback before the series is over. Simao, Ah Toon and Eckardt played a good game for the winners. Thevenin was one of the stars for Lewers & Cooke.

The Advertiser lineup was: W. Robert, c.; Medeiros, p.; A. McGowan, 1b.; Thomas, 2b.; Simao, 3b.; Ah Toon, ss.; R. McGowan, rf.; Eckardt, lf.; A. Kahalelo, cf. The Lewers & Cooke lineup was: A. Jackson, A. E. Lar, Bonney, J. Alves, Willie, George Leong, John, Thevenin and J. Tong.

Pacifics 9, Filipinos 8

The Filipino team of the Pacific League held a practice game at Makiki field yesterday afternoon, losing out to the Pacifics by a score of 9 to 8. A new pitcher was tried out, and he worked well for a few innings, and King then took the mound. Pia pitched for the Pacifics and showed a lot of stuff for this early in the season. Cabral at short stop and Medeiros at third base look like promising players.

King and Batong, the battery in the last few innings, are rounding to form, and with Marcial at short, Garcia at second and Boni at third the team should shape up well. Planas, the hard-hitting first baseman, was not on hand yesterday. Solongo, Tomarra and Pirang played in the outfield. The Filipinos will hold a meeting at the home of Marcial at King and Beretania streets on Tuesday evening at 7:30.

Mutual Telephone Team Wins

Mutual Telephone Company won from the Associated Oil Company team yesterday morning at Makiki field by a score of 10 to 8. Mahuka and Avilla were the battery for the hells people, while Smoot and Carey worked for the Off crew.

W. W. Williams, manager of the Telephone team, is anxious to secure games, and it is expected that the hells people will be given keen competition in the near future. They will play against the Filipinos at Makiki field next Sunday afternoon at 1:30.

Williams has lined up a strong team and with Bill Rice in center, H. Zerbe in left field and F. Zerbe in right field, have a strong squad of jungle tenders. Other players are Mahuka, p and ss; Johnson, 2b; Kapua, 3b; Avilla, c; Williams, 1b and p; Plata, p, and May, Marshall, Camacho and Hajomano as utility men.

Passbook No. 10338. Finder return to Bishop Cava, Bank. 6742-3f

NOTICE TO STOCKHOLDERS
Mutual Telephone Company.
The following resolution was authorized by the Board of Directors of the Mutual Telephone Company, at a meeting held on Wednesday, March 21, 1917.

WHEREAS, at a Special Meeting of the Stockholders of the Mutual Telephone Company, held on Monday, February 10, 1915, at 2:30 p. m., a resolution was passed authorizing an increase in the Capital Stock of this Company from \$400,000 to \$750,000, by the issuance of 35,000 new shares of the par value of \$10 per share;

AND WHEREAS, at said meeting, a further resolution was passed authorizing the Directors of said Company to dispose at any time, or from time to time, any part of said issue by issuing same in accordance with the provisions of Article XVII of the By-Laws of the Company, relative to offering new shares pro rata to the stockholders at par;

AND WHEREAS, there remains 13,443 shares of Capital Stock in the Treasury still unissued from the issue of 35,000 shares above referred to;

AND WHEREAS, it has been estimated that the Company will require approximately \$150,000 for Permanent Improvements during the ensuing year;

BE IT RESOLVED, that the said new stock, when issued, be offered first to the Stockholders of record, as of May 1, 1917, pro rata and at its par value, and, if same, or any part of the same, is not paid for, on or before its date of delivery on July 1, 1917, the Directors are hereby authorized to sell any of such stock not taken, at not less than its par value;

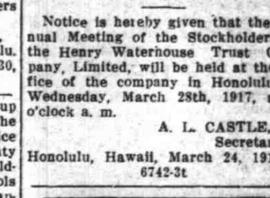

AND BE IT RESOLVED FURTHER, that all such sums realized from the sale of the shares above referred to shall be used on account of the payment of said Permanent Improvements.

Sig.) J. A. BALCH, Treasurer. 6742—Mar. 24, 26, 27, 28, 29, 30, 31, Apr. 2, 6, 9, 13, 14, 20, 23, 27, 30.

ANNUAL MEETING
HENRY WATERHOUSE TRUST COMPANY, LIMITED
Notice is hereby given that the Annual Meeting of the Stockholders of the Henry Waterhouse Trust Company, Limited, will be held at the office of the company in Honolulu on Wednesday, March 28th, 1917, at 9 o'clock a. m.

A. L. CASTLE, Secretary. Honolulu, Hawaii, March 24, 1917. 6742-3f

MAUI UNINJURED BY KONA RAIN

(Special Star Bulletin Correspondence)
WAILUKU, Maui, March 23.—Although the kona storm of last Sunday and Monday brought exceptionally heavy rains to many parts of Maui, very little damage is reported from any quarter, while in some sections the moisture has been decidedly beneficial.

The heaviest rains on Maui fell on Sunday morning over West Maui. Wailuku got about 3 1/2 inches in as many hours, beginning about 7 o'clock. At Waiehe over five inches was recorded. The precipitation was so rapid that the lao stream rose almost to the destructive height of January, 1916. A large crowd gathered at the foot of Market street in spite of the downpour, to watch the raging stream, and the work of the people in the district washed out last year, getting their movable property to higher ground. Fortunately the rain ceased before any serious damage was done.

Heavy Surf at Hana
Little rain and wind, but a tremendous swell from the sea, kept things lively at Hana during the forepart of the week. The schooner Annie Johnson, which arrived Sunday to take on sugar, had some trouble in getting her cargo aboard. A boat load of sugar was swamped on Monday and a part of the contents lost. A boatman named Halpu Ku of Hana sustained a cut on the head and an injured arm as a result of the accident.

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

When Constipated or Bilious Give "California Syrup of Figs"

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.
