## ALLIED GAINS ON TWO LINES ARE NOTABLE

French and British on West and Russians in Mesopotamia Batter Down Germans and Turks

(Associated Press by Federal Wireless)  
LONDON, Eng., April 2.—Desperate defense by the Germans, the British today captured a whole group of important towns on their western front and advanced materially over the reconquered territory. They took Croisilles, Longate and Doullens in quick succession in spite of the most tenacious resistance.

Meanwhile the French struck hard on both sides of the Oise and Aisne canal and made substantial progress.

BRITISH HEADQUARTERS IN FRANCE, April 2.—An Associated Press correspondent with the British forces today witnessed important advances by the British on the crucial St. Quentin front. The British succeeded in widening the wedge they have driven deep into the German line in the St. Quentin region and captured the villages of Attily and Villeneuve.

PETROGRAD, Russia, April 2.—The Russians are making a general westward movement in Mesopotamia now, driving the Turks before them and capturing many towns.

## British Smash Turks In Battle of Gaza

(Associated Press by Federal Wireless)  
LONDON, Eng., April 2.—Chancellor of the Exchequer Bonar Law, in a speech in the house of commons today, made public the fact that the Turkish casualties in the battle of Gaza were 8,000 and the British only 400.

## More States' Militia Called Out Today

(Associated Press by Federal Wireless)  
WASHINGTON, D. C., April 2.—Three more regiments of the National Guard were ordered into the federal service today for duty in guarding home plants and strategic points.

## GERMANY ADMITS LOSS OF GROUND; SAY ENEMY LOST MANY MEN IN ADVANCES

(Associated Press by Federal Wireless)  
BERLIN, Germany, April 2.—The British today suffered considerable losses west of St. Quentin where the Germans retreated under orders.

The French advanced with heavy losses on both sides of the Oise and Aisne canal.

Developments of the east front today included the launching of an offensive by the Russians on a breadth of four miles on the Rumanian frontier.

## Russia Execrates Berlin War-Lords

(Associated Press by Federal Wireless)  
LONDON, Eng., April 2.—Kaiser Wilhelm of Germany and his chancellor, Dr. von Bethmann-Hollweg, were denounced by a council of workmen, soldiers and delegates in a demonstration in the duma, says a despatch today by Reuter's from Petrograd. Deputy Skobeloff is reported to have made the bitter denunciation. "To the hypocritical greeting sent the revolutionaries by Wilhelm and Bethmann-Hollweg we will reply with the bayonet," he declared amid a storm of applause.

## "BLOOTOWN" IS THING OF PAST

### Police Raid Evil Resort and Make Arrests of Sixteen While Others Flee

"Bloodtown" has followed twile into the discard.

Once authority acted with vigor that social sore of Wahiawa disappeared as quickly and as surely as Honolulu's restricted district.

Pursuant to Gen. F. S. Strong's order that after April 1 no soldiers would be allowed in the Wahiawa district not a uniform was to be seen there.

Carrying out his part of the agreement to clean up Bloodtown Sheriff Rose ordered a general round-up of undesirables there Saturday night and his officers got nine who were in police court this morning on charges of vagrancy, but most of the Bloodtown hangers-on had already read the signs right and flown when the raid started.

Arthur Palmer, the new policeman assigned to Wahiawa and Mounted Policeman Theodore Ferdinand, who has been temporarily detailed to that district and who arrested the wife of Sheriff Rose with her husband, McEwan, in Wahiawa, made the arrests.

All of the defendants are Filipinos and according to the police comprise a party of the tough element there—gamblers, procurers, "dope" peddlers, illicit liquor dealers and what not.

Disposition in police court were as follows: Pedro Cruz and Valentine, four months each; Becente, Guvela, three months, these all pleading guilty; Madangawia, Costa Gomez, Gregorio, P. de la Cruz and Ida Garcia, to be arraigned tomorrow.

So sudden was the exodus of Wahiawa's unwelcome residents, according to Palmer and Ferdinand, that when they started through Bloodtown Saturday night nearly every resort was vacant, but furniture, clothing and personal effects which the fleeing ones had been unable to take with them in their flight still remained.

At least 16 red light women had their business in Bloodtown prior to April 1, say the officers; they caught but one. Sheriff Rose presumes the others have come to Honolulu, but says they will have to forget their former occupation if they wish to live here in peace with the police.

Experiments in oiling the streets of Denver, both asphalt and gravelled, are to be made next summer by the department of parks and improvements.

The state University of Kansas is preparing to establish a four year course in city management, the first of the kind in the country, it is said.

(Additional Wireless on Page 7)

## CAREFUL WATCH IS KEPT BY BOTH ARMY AND NAVY

Waterfront is Patrolled, Civil Guards Watch Ships; City is Asked to Mend Bridges

With Company B, 2nd Infantry, U. S. A., guarding the approaches to all wharves and maintaining a close patrol of the entire waterfront from Pier 6 on Allen street to Pier 29 in the ewa basin, Uncle Sam was taking no chances with the refugee German merchant steamers at noon today.

Tonight Company E will be replaced by C Company of the same regiment of regulars. The same close watch will be continued, no one being allowed to enter any pier unless he has a pass from the proper authorities. Company A was on guard Saturday night.

Naval Station Waits Alertly

At the naval station on Allen street everyone was on the alert this morning, awaiting orders from the navy department and ready to take action immediately on receipt of instructions from Washington or Pearl Harbor.

Aboard the U. S. S. St. Louis at the navy wharf no great activity was apparent but no one was granted shore liberty. Firing practice was being held with the cruiser's largest guns, the 6-inch ones, about 11 o'clock this morning.

Collector of Customs Malcolm A. Franklin down to noon today had received no instructions from Washington concerning the German steamer situation. He had the customs inspectors maintaining their customary supervision of the vessels from the wharf, although none of the inspectors were actually on board the steamers.

Watchmen Are Stationed

At noon Capt. William R. Foster, harbormaster of this port, stated that the board of harbor commissioners has one watchman on board the Pompon and one on the Setsos today. Tonight there will be two watchmen aboard each of the two merchantmen, which are berthed at the ewa side of Pier 7. This method of guarding the steamers against possible further acts of destruction on the part of their officers and crews has been followed since Saturday night.

German Sailors Are Watched

The officers and sailors of the Pom-

(Continued on page two)

## MAUI SCHEDULE RECEIVED TODAY FROM MAINLAND

New Matson Flagship to Arrive Afternoon of April 12; Will Make Trip to Kahului

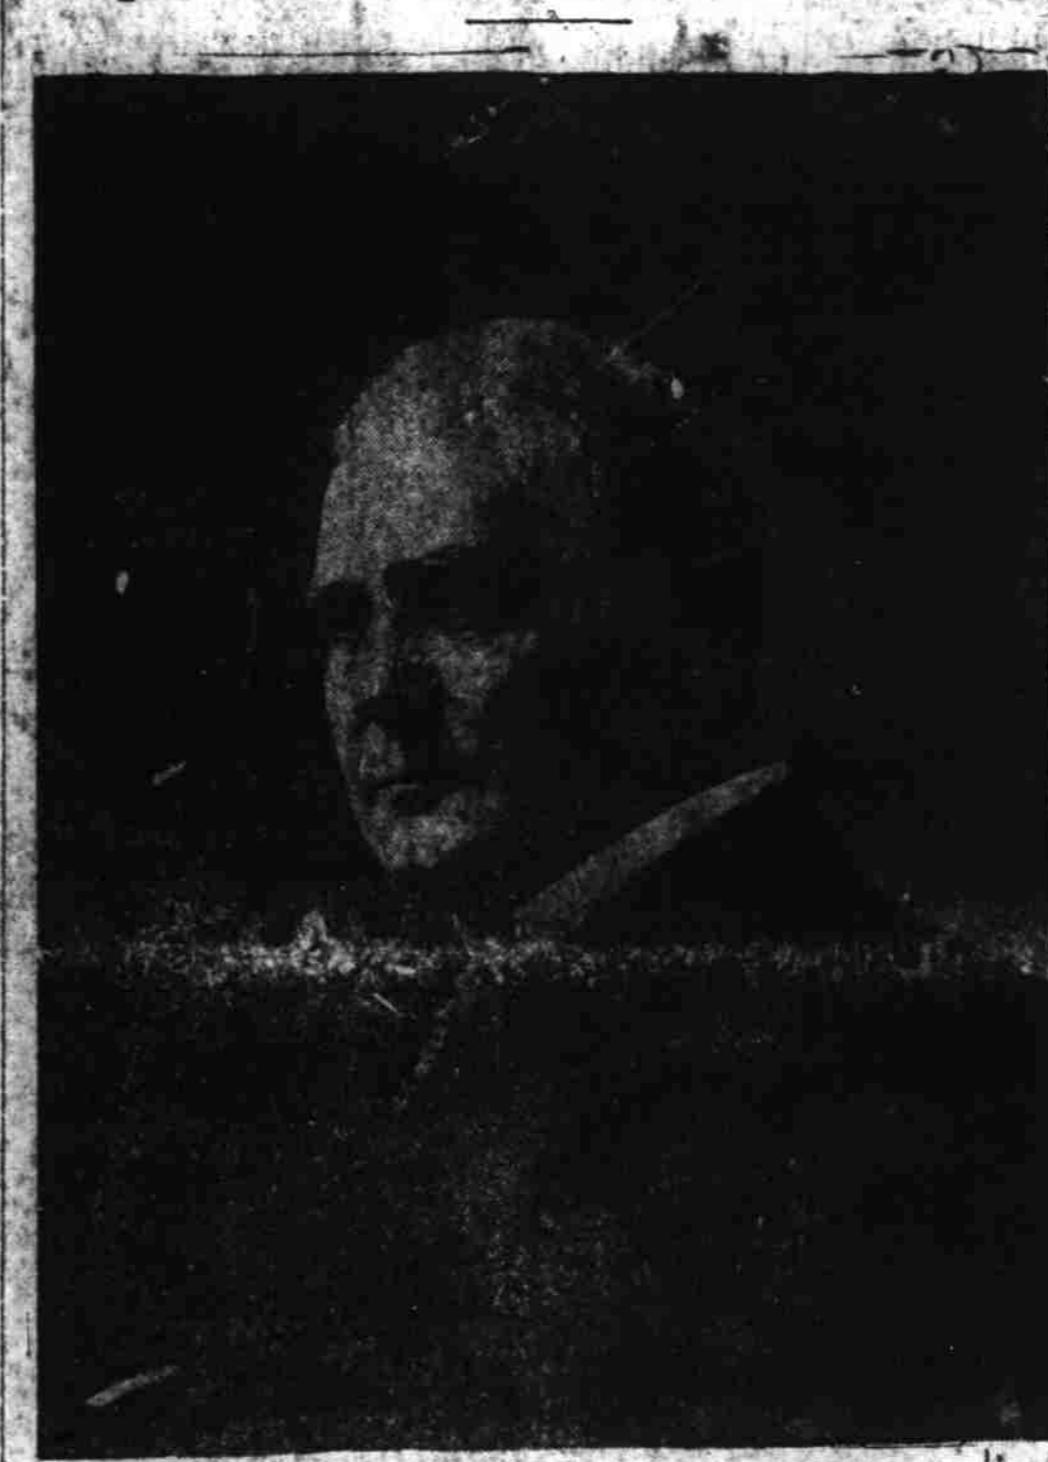

That the new Matson flagship Maui will pay a call to the people of the Valley Island on her maiden voyage became known today, when a marconogram was received by Manager John H. Drew of the shipping department of Castle & Cooke, from the Matson Navigation Company, giving the schedule for her first voyage. It is as follows:

Leave San Francisco Saturday, April 7; arrive Honolulu Thursday, April 12, probably in the afternoon; leave Honolulu Saturday, April 14; arrive Kahului Sunday morning, April 15; leave Kahului Sunday night, April 15; arrive Hilo Monday morning, April 16; leave Hilo Tuesday afternoon, April 17; return to Honolulu Wednesday morning, April 18; leave Honolulu for San Francisco Thursday, April 19, at 10 a.m.

The Maui's schedule for the first voyage from San Francisco here is one day less than the Matson's. It is believed that the Maui will arrive late in the afternoon, as did the Matson on her maiden voyage in 1913, when she made the distance in five days instead of the six she is allowed by her present schedule.

The message adds that it is expected the liner will be well filled with passengers when she leaves San Francisco.

## Champ Clark Elected Speaker of The House

From THE COLUMBIAN MAGAZINE

CHAMP CLARK

(Associated Press Service by Federal Wireless)  
WASHINGTON, D. C., April 2.—Congress went into extraordinary session today with momentous questions making every member unusually grave as he took his seat in house or senate.

Democrats won an unexpectedly easy victory in the election of Champ Clark to head the house again as speaker. The vote was 217 to 205. The Republicans lost on a strict party vote, with some of the independents siding with the Bourbons.

## Lodge Knocks Down Busy Pacifist; 20,000 From New York to Favor War

(Associated Press Service by Federal Wireless)  
WASHINGTON, D. C., April 2.—A fistic encounter between Senator Lodge of Massachusetts and a pacifist, Alexander Bannwart, of Dorchester, Mass., was a feature of the exhibitions of tenseness in the capital today.

The encounter took place in the corridor of the Capitol when Bannwart approached the veteran statesman and urged that Congress should call for a referendum vote of the people on peace or war.

An exchange of "coward" and "liar!" between the two men led to the fight. Lodge swung his arm and clenched fist and knocked his opponent down.

This was only part of the personal solicitation on the members of Congress to vote for war or peace.

Pacifists and anti-pacifists by hundreds filled the capitol and nearby streets and button-holed the legislators. They besieged both houses of Congress in an effort to influence its action.

Thousands of telegrams to the capitol and the White House are flooding the wires today, praying for peace and urging war.

From New York comes the news that thous-

## EXCITEMENT TENSE; SEN. LODGE IN FIST-FIGHT; ALLIES GAIN BIG TERRITORY ON THE WEST

(Associated Press by Federal Wireless)

JUAREZ, Mexico, April 2.—(Flash)—Reports have reached here of a truce between Gen. Villa's forces and the Carranzistas arranged between Villa and Carranza's general, Murguia, under the terms of which both sides are to unite in an attack on the United States when the United States goes to war with Germany.

EL PASO, Texas, March 31.—A remarkable exodus of Mexicans have gone across the border into Mexico within the past two weeks. The figures show that 12,742 more have crossed the border than have returned. It is reported they have been sent by German agents.

WASHINGTON, D. C., April 2.—President Wilson let it be known this morning that he was determined to address Congress today, feeling that no time should be lost in getting action.

This determination, communicated to the congressional leaders, brought arrangements for him to address the houses jointly, in the hall of representatives at 8 o'clock tonight.

WASHINGTON, D. C., April 2.—Congress met today with scenes of extraordinary tenseness and feeling so high that a fist fight between Senator Lodge of Massachusetts and a pacifist spectator in the corridor of the capitol was only one of the many sensational events.

Resolutions are already before the house which place the country in the status of a warring nation.

Congressman Flood of Virginia, Democrat, chairman of the house committee on foreign affairs, immediately after the lower house was organized introduced a resolution declaring that "a state of war exists" in the United States upon its foreign relations.

Representative Gardner of Massachusetts, Republican, followed this almost at once with a resolution declaring that "war has been declared by Germany upon the United States," and authorizing the president to use the whole land and navy forces of this country against the empire of Germany and its subject dependencies.

The Gardner resolution also declares that "the grandeur and dignity of the United States are such that they will not permit this country's share in the war to be borne by other nations."

President Wilson has determined to address Congress today and the hour has been tentatively set for 8 tonight.

ands of "militants," those who believe that war should be declared on Germany, and a thousand pacifists are taking special trains to Washington to see the congressmen and urge their particular views.

Illustrating the surge of emotion that is sweeping the nation and supporting the president in his attitude, is the statement of Professor Ellery C. Stowell, the Columbia university professor and noted authority on international law, who is prominent in the militant movement. He declares that 20,000 people are expected to go to Washington from New York to favor war by the United States.

## WOULD GIVE LEGISLATURE POWER IN MATTERS REGARDING PUBLIC LANDS

**Resolution is Introduced to Back Up Kuhio's Bill Before Congress**

That the legislature of the territory be given power relative to the disposition of all public, government and crown lands in the territory which, under the terms of the treaty between America and the Republic of Hawaii, were ceded and transferred to the United States, is the substance of a memorial to Congress contained in a concurrent resolution introduced in the house this morning by Representative H. L. Holstein.

The resolution points out that the passage of needed amendments to the land laws of the territory have been difficult owing to the different conditions which have existed on the public lands of the mainland and the public lands of the territory. It is further explained that the members of the legislature of the territory are thoroughly acquainted with all existing conditions and fully competent to pass needed amendments as to the disposition of the lands.

Enforcement is given to the bill introduced in Congress by Delegate Kuhio in 1916 relating to the power of the local legislature concerning public lands.

**Hilo Detention Home**  
A mass of routine work confronted the members of the house when they took their seats this morning. Representative Kelekolio introduced a resolution providing that a \$10,000 item be inserted in the loan fund bill for the construction of a girls' detention home at Hilo. Another resolution by Kelekolio instructs the attorney-general and the superintendent of public works to investigate the alleged inability of the Honolulu Rapid Transit & Land Co. to accommodate travelers during certain hours of the day. The resolution contends that "it is common knowledge" that at certain hours there are not enough seats in cars for persons desiring to ride.

A "preparedness" resolution by Kelekolio provides that the governor appoint three persons to assume the following duties:

## SENATORS GENERALLY PLEASED ON VISIT TO INDUSTRIAL SCHOOL

**More Money Needed is Agreed and Criticism is Voiced By Some Visitors**

That the boys' industrial school at Waialeae is in need of more money, and that appropriations for this should be given earnest consideration by the present legislature is the belief of senators who visited the institution yesterday.

Those who made the trip expressed regret today that not all the senate could have been present in a body.

From the senate those who yesterday visited Waialeae were Senators Desha, Makaua, Kamauha, Mikae, Hind, Robinson and Cooke. Several representatives and a number of senate clerks were also in the party.

The troubles caused one automobile had much delay so that the others had started back to town before this party arrived at the school.

**More Scholastic Work Needed**

Practically all of the senators interviewed today are of the opinion that more scholastic work should be introduced at the school and that Superintendent Anderson's plan to build cottages for the boys to live in rather than the present dormitory should be followed out.

Senator Cooke believes that at least two cottages should be erected at once. These would cost \$4000 each.

"By using these," says Senator Cooke, "the boys can be distributed according to age, which will be a big help. The honor system can then begin to work out more effectively."

**Dress Boys Better**

Senator Makaua says that from his study of the school yesterday he is convinced that more money is needed. A good many of the uniforms were ragged and ill-fitting, he says, which fault could be remedied by more money from which to supply.

Senator Desha notes considerable improvement since his visit to the school two years ago, though he says there is still room for gain. He wants

Palmer (Parent) School Grad.

## SENATE IN FAVOR NEUTRAL BOARD

Favoring that portion of house bill 225 which requires that salaried officers of the territory or of any political subdivision of it shall not serve on the public utilities commission, the senate judiciary committee this afternoon rendered its report to the upper house.

"Under the present law," says the report, "no person owning stocks or bonds in any public utility corporation or having any interest deriving any remuneration from any public utility shall be appointed or employed by the commission."

The following bills were introduced today:

### House Bill 368

Substitute measure, appropriating \$20,000 for the construction of roads and bridges in the homestead tracts, Hilo, Hawaii.—Finance committee.

### House Bill 323

Designating a tract of land in South Hilo as a public park.—da Silva.

### House Bill 370

Relating to the selling of stock of corporations by persons not residents of the territory.—Andrews.

### House Bill 371

Authorizing the warden of Oahu prison and sheriffs to inaugurate a system of identification of criminals.—Jarrett.

### House Bill 372

Appropriating \$3000 for the establishment of a system for the identification of criminals.—Jarrett.

### House Bill 373

Fixing the salary of the chairman of the Hawaii board of supervisors at \$3300 a year.—Kelekolio.

### House Bill 374

Relating to property exemptions.—Leal.

### House Bill 364

Relating to the time in which an act is to be done.—Andrews.

### House Bill 365

Regulating chimneys and smokestacks.—Fernandez.

### House Bill 366

Fixing the minimum pay of police officers at not less than \$50 a month.—Kawaha.

### House Bill 367

For the protection of frogs and tadpoles.—Wilder.

## CAREFUL WATCH IS KEPT BY BOTH ARMY AND NAVY

(Continued from page one)

mern and Setos are allowed to leave the steamers and return to them at will, subject to the O. K. of customs inspectors, who stop them if they are seen carrying any suspicious objects to or from the merchantmen. All other persons are not allowed entrance to the wharf or permission to go aboard the steamers unless they have a pass signed by the acting German consul, Senor Luis G. Gil, consul for Spain.

According to Sgt. Curtis Kelly, in charge of Company B guarding the waterfront today, 14 privates are stationed between Pier 6 and Pier 12 and 20 from Pier 12 to Pier 20.

### Guards Placed at Piers

Details of two privates each are stationed at the entrance to each territorial pier, while patrols of two men each with loaded rifles cover the waterfront. Another detail is assigned to watch the German steamers themselves from the street and render any assistance that may be needed by the harbor board's civilian guards on board the Pommein and Setos.

Down to noon today no arrests of suspicious characters had been made by the soldiers and everything was quiet, on the surface at least, although there was a tensity about the general situation.

Following an executive session late Saturday afternoon and Saturday evening in the office of the harbor master, the harbor board requested Governor Lucius E. Pinkham to sign an order authorizing the board to employ watchmen aboard the Pommein and Setos. The governor came from Kahala to the barbarmaster's office and at 3 o'clock signed the order. The watchmen were placed aboard the two steamers soon afterwards.

### Navaio Keeps up Steam

From the time that she returned from Pearl Harbor Saturday at noon, until this morning, the U. S. tug of war Navaio kept up steam in her boilers, to be ready in case of emergency. Usually she draws her fires from Saturday noon to Monday morning. The Navaio left this morning on her regular trip towing barges to the naval station and was due to return about 2 o'clock this afternoon.

The American-Hawaiian freighter Mexican has been added to the fleet reserve and her officers signed up on the naval reserve. This makes three steamers in the Pacific available for war purposes, the other two being the Hill liners Great Northern and Northern Pacific. The Matson steamers Matsonia, Alau and Wilhelmina are equipped for conversion into auxiliary naval cruisers but it is not believed they have yet been listed with the navy department.

### Army Wants Bridges Repaired

This morning army headquarters called up the city and county road department and requested them to have all bridges on the island repaired as soon as possible in order that troops may be moved to any point on the island without difficulty.

The recent heavy storm washed out several bridges particularly in the Koolauapeo district, and although the gangs are being pushed to the limit it will be several days more before all are completed.

### MAN WHO CUT JAPANESE WOMAN'S HAIR FINDS IT EXPENSIVE EXPERIMENT

Just how much a disgrace it is in Japan for a woman to have her hair cut off and how expensive it is to do such a thing to a woman in Hawaii were both shown in police court this morning when a little Japanese woman cried out her story to Judge Monsarrat, and Fukushima was sentenced to three months in prison when found guilty of a charge of assault.

Fukushima claimed in his own defense that the woman begged him to apply the shears declaring to him that another who also loved her then would cast her from him and he (Fukushima) could have her for his very own. He stated further that she begged him with tears in her eyes and put the clippers in his hand to do the cutting.

On the other hand the defendant, who had been a very comely maid of Nippon with her great pompadour, sat on the witness stand, her ragged, bobbed hair showing through fingers which covered it in despair as she tried to hide her shame and told the story that Fukushima had held her face downward on the bed when she was so sick that she could hardly move and cut her pretty tresses away in hopes that another lover of whom he was jealous would forget her.

Cooke received a wireless message today from Superintendent J. D. McVeigh as follows:

"Pali or steamer suit us. Wire me when coming, also number of party."

"Cooke says the party will go first to Kaanakai, from there to his ranch and thence down the Pali to the settlement."

## NO LARGE PARTY GOES TO MOLOKAI

It has been definitely decided now that the usual big party of legislators will not visit the leper settlement at Molokai during the present session.

Senator George Cooke announced today that the party which leaves next Friday for Molokai will consist of the health committees from the two houses primarily, with perhaps a few other legislators who desire to make the trip. Eva da Silva is chairman of the health committee in the house.

Cooke received a wireless message today from Superintendent J. D. McVeigh as follows:

"Pali or steamer suit us. Wire me when coming, also number of party."

"Cooke says the party will go first to Kaanakai, from there to his ranch and thence down the Pali to the settlement."

### HOUSE NOTES

This is the 34th day of the session.

The school budget bill has passed second reading.

A measure introduced by Representative da Silva asks an appropriation of \$50,000 for extending the Kaiwihi, Hawaii, road three miles.

Representative Petrie introduced a resolution Saturday calling for the insertion of a \$60,000 item in the appropriation bill for improvements to the public baths, Honolulu.

The course will run for ten weeks, commencing tomorrow night.

## St. Quentin, German Stronghold on West, Near to Fall; British Advance

(Associated Press by Federal Wireless) LONDON, Eng., April 2.—Thrusting deep into the sides of the German armies in the direction of Cambrai and Saint Quentin, the British yesterday drove still further forward in their eastward movement.

The southern tents receding out along the Ham-Saint Quentin railroad line encircled and took the little but important town of Say, and later having beaten back counter attacks, moved on and took the Bois de Savy, or Savy Wood, which the Germans in their retreat had fortified against attack.

Just how much of a gain Haig's troops managed to make in this region is indefinite, but the official German communiqué issued in Berlin last night reports that the British forces had advanced on the Somme front a depth of nearly two miles, having taken a number of German positions.

Northwest of that city the fighting was still more desperate, the Germans struggling fiercely to hold their positions, but as the event proved, straggling in vain. Between Roisel, taken last week by the British, and Saint Quentin, the British advance moved forward with a sweep that carried it

into the outskirts of the town of Vendelles, hardly five miles from its present objective, and shortly afterward the town of Epehy and Peiziere fell into the British hands, the Germans retreating as their foes advanced.

The net result of the day's struggle on the southwest was that Gen. Haig's men are now within three miles of Saint Quentin while on the north the tentacle has driven to within five miles of the goal.

That the approach of the Entente troops is having its effect on the Germans is indicated in despatches that have reached this city via Copenhagen. It is declared that von Hindenburg is burning portions of Saint Quentin preparatory to abandoning it to the British, when they come nearer and in the meantime is looting the town of everything of value that his men can lay their hands upon.

The German official statement reported minor fighting in Macedonia.

According to the Berlin despatches the Germans near Monastir successfully

bombarded the Entente troops to the west of that city, and destroyed two observation balloons belonging to the Allies in that field.

## ROOF CONTINUES OPEN UNTIL

## 'PREPAREDNESS' IN REPUBLICAN OAHU PLATFORM

An innovation at the Young hotel roof garden Saturday night which was noticed by the guests of the evening was the continuation of dancing music until 1 o'clock in the morning.

This, however, is only one of many changes that have been planned for the entertainment of Honolulu residents during the coming summer months. From now on the management proposes to cater more and more to the home folks.

Heretofore it has been the custom at the roof garden to cut down materially the number of performances or evening entertainments during the week to the Saturday night dance alone during the duller months, but this year the hotel people do not plan to do this.

The intention now is to offer an enjoyable evening every night in the week on the roof and the starting of "lifin on the roof" is one of the new ideas. Another is to serve regular suppers every night for town parties up in the cool night air where the view of mountain and sea is superb, especially in the moonlight.

Comminging tonight Miss Marian Gould and Nicholas Monto will give exhibition dancing as a part of the new scheme. Miss Gould needs no introduction for her wonderful work on the roof for the last few weeks has already won her that and it is well known that Monto has made good with his dancing classes at the Astoria hotel where he holds a popular position.

Other entertainments also offered on the roof include, of course, the Rhythm orchestra, without which the roof would not seem quite complete—also Miss Anita Hayman, formerly soloist with Cassanova Band, in Golden Gate park, and Miss Eleanor Bravo, soprano and violinist, formerly a popular favorite at the Cliff house, San Francisco.

It has often been remarked during the rush of the tourist season that one could not spend a more pleasant evening anywhere in the world than on the Young roof and it is the earnest intention of the hotel company management that this may also be said during the more quiet season. If the company can obtain a reasonable amount of support from the townspeople they will gladly give Honolulu the best.

While diving at Waikiki beach yesterday afternoon near the Moana hotel, E. T. Schultz of the Royal Hawaiian hotel on a severe gash in his knee in which several stitches were taken at the emergency hospital.

## LOCAL AND GENERAL

Hawaiian Lodge, F. & A. M., meets tonight.

Harmony Lodge, I. O. O. F., confers the first degree tonight.

Attorney Claude Nollenberg was this morning admitted to practise in the federal court.

Miss Florence Morton of Marysville, Ky., and Sergt. William Kerntz, 25th Inf. Schofield, were married Friday by Rev. S. K. Kamakili.

Howard Benner, son of Mrs. Edwin Benner, has been taken to the Queen's hospital. He is recovering rapidly from an operation for appendicitis.

Joseph Alexander and W. B. Bolster, both employees of the Honolulu Rapid Transit Company, have filed petitions in federal court for naturalization.

In the case of O. Mori in which judgment was reserved since Friday Judge Monsarrat on Saturday found the defendant guilty and levied a fine of \$75.

An informal meeting of the Cousins' Society is called for Tuesday afternoon, April 3, between the hours of 4 and 5:30, at the Old Chamberlain house to consider the best use to which the building can be put.

The Cousin's Society has called an informal meeting for 4 o'clock Tuesday afternoon, April 3, at the old Chamberlain house to consider the best use to which the building can be put.

Saturday afternoon many members of the Fifth District Republican Club gathered for the first campaign meeting to be held at the headquarters of Josi C. Cohen, candidate for mayor. Campaign plans were discussed and Cohen made a short talk telling why he was running for mayor.

The Hawaiian Girls Club of the Y. W. C. A. entertained the members and their friends at a luau at the association on Saturday evening. A number of boys with ukuleles and steel guitars were invited to be present, and following a musical program the club entertained with moving pictures.

A number of members of the Y. W. C. A. journeyed out to the Honolulu Sugar Mill on Saturday afternoon for an outing. After spending two hours investigating the refining of sugar the members visited the rice fields and a number of photographs were taken of the water buffaloes.

The Y. W. C. A. will organize a dramatic class tonight, a new departure in the institution under the direction of Mrs. Fred Ohr. The meeting will start at 7:30. Mrs. Ohr forcefully demonstrated her ability as a dramatic teacher by producing the popular "Maker of Dreams" last January.

Miss Marjorie Capps accompanied the Manoa and Kakaako clubs of the Y. W. C. A. to a hike out Manoa Valley on Saturday afternoon. After a picnic party the members of the clubs climbed the mountains until Miss Capps called a halt on the Alpine exertions of many members of the party.

The monthly meeting of the Woman's Board of Missions will be held tomorrow afternoon at 2 o'clock instead of 2:30, in the parlors of Central Union church. It will be a Lenten service with Dr. J. D. Williams as the speaker. All women strangers as well as residents are invited to this meeting.

Fourth District.

R. W. Aylett, A. F. Clark, T. H. Gibson, H. L. Grace, Daniel Logan and Ed Towne, first precinct; Riley H. Allen, Elbert J. Bokta, Kalani Keake, C. K. Koaloha, second; C. R. Hemmaway, A. Lewis Jr., R. C. Brown, W. E. Macpherson, E. Buffandean, third; Norman Watkins, John Waterhouse, J. M. Mcchesney, G. F. Bush, A. D. Castro, fourth; C. G. Ballentyne, Robert Horner, W. W. Chamberlin, Robert Lucas, fifth; Jas. M. Kealoha, Apaki Manuwai, Geo. Kawai, sixth; J. C. Cohen, Wm. P. Paukala, Geo. Kahnauila, seventh; Elmer L. Schwarzenberg, Lorin Andrews, M. J. Serpa, eighth.

Fifth District.

Those in the fifth district are: S. Jones, Wm. Henry, first; William Spencer, second; Archie E. Kahale, third; Chas. Bridges, H. K. Onna, fourth; Oscar Cox, fifth; Fred Meyer, Sr., Wm. F. Bush, sixth; J. Lewis Renfro, I. J. Noain, seventh; C. N. Arnold, A. W. Van Valkenburgh, John P. Keppeler, eighth; M. K. Janus, Ed Marino, M. Punohu, Geo. Wright, ninth; F. Schnecke, Manuel Richards, Harry Pranson, tenth; M. K. Makelua, W. D. Speckman, twelfth; W. E. Paikau, W. O. Barnhart, J. T. P. Waterhouse, Oliver Stillman, thirteenth; John N. Keola, A. K. Vierra, Chas. H. Clark, David, Kuanakau, D. C. Kauhina, fourteenth; W. H. Knox, W. T. Kapa, Adam Ahia, Moses, Kepahio, fifteenth; Jas. Aleapau, seventeenth.

County Committees.

The county committees from the fourth district are:

H. Freitas, first; John H. Wise, second; J. B. Eno, third; John H. Soper, fourth; John Lennox, fifth; Wm. Huhul, sixth; P. K. Kasuwau, seventh; M. J. Serpa, eighth and from the fifth district U. S. Jones, first; Mathias Paben, second; Samuel K. Kahale, third; W. K. Rathburn, fourth; Oscar Cox, fifth; E. W. Richardson, sixth; Jas. A. Hattie, seventh; A. D. Cooper, eighth; J. P. Dias, ninth; Harry Francon, tenth; Walter R. Coombs, twelfth; Ed Henriques, thirteenth; D. L. Akwai, fourteenth; Arthur Kahauila and Thomas Pedro, fifteenth; M. P. Medeiros, Jr., seventeenth.

With the cash basis depleted after three months all further demands made against the general fund will have to be done by registered warrants, according to D. L. Conkling, city treasurer, this morning.

Conkling said he expected to have the cash basis fund last a few weeks longer but as there is a delay in selling the Kalakaua avenue improvement bonds, money to pay the contractor had to come out of it.

Other funds which now are depleted are the permanent improvement, Honolulu road district, Waialua road district, Koolauha road district and the school.

LEWERS & COOKE WINS

Lewers & Cooke downed the Ehlers & Co. team in a battle at Port Shafter on Sunday morning. The Threinen pitched for the winners, and held the dry goods crew to a few scattered hits.

The Queen of Holland supplies from her dairy, near the palace at Het Loo, a large proportion of milk consumed by buyers in Amsterdam.

GOOD ROADS AND NEWSPAPER RECORDS.

## SELF-CONTROL WILL HELP.

One quality of patriotism which is of tremendous service to the country just now is self-control.

America is approaching active war with clear eyes and an open mind. Not one man in a million in the United States has wanted war at any time in the past two and one-half years. The sentiment of the country has been against war—to such an extent that we have endured more insults, more outrages, more boastful taunts, more "overt acts" than any other strong nation in civilization's history has endured without answering the bullying demand with armed force.

Now war is close upon us. From the stories and pictures that come out of the bloody zones of conflict we have a full realization of what participation in the maelstrom means in burdens on America.

There is no reason for any American who minglest common-sense with fervor of patriotism to go into a frenzy of irresponsibility. We are on the verge of a serious business, when men who can think straight, talk straight and shoot straight are worth more to their country than fussy sentimentalists or wild-eyed jingoists.

A prime requisite in a good soldier is self-control. In case of war, every American in Hawaii must be a good soldier, though he may be driving an auto, selling groceries, running a bank or making sugar, instead of carrying a gun.

## THE LEGISLATURE SPEAKS.

Passage by the senate Saturday of Representative Cooke's resolution memorizing Congress in favor of a federal school survey places both branches of the legislature squarely in favor of the survey, since in both it was passed by a large majority of the members.

Thus, through their elected legislators, the people of the islands have declared in favor of the survey by these trained experts of the federal bureau of education—who will come to aid the schools of Hawaii, not in any way to injure them or the teachers.

On the one side—in favor of the survey—are arrayed the legislature, the leading private educational institutions of the territory, and a very large number of earnest citizens, men and women who thoroughly believe in the value of the survey.

On the other side are the governor and Superintendent Kinney. Also, there are said to be others, but they have not entered the public discussion with any arguments.

The fact that in the school budget favored by the department is an item of \$4200 for the salary of a survey director is mute but convincing evidence that the department recognizes the probable need for a survey. But Superintendent Kinney insists that it should be a local survey.

Why the services of these impartial federal experts will not be more valuable than those of a local man—who must of necessity be controlled by the school department—is a question which advocates of the local survey could not convincingly answer. Had they had been able to answer convincingly, the house and senate would not have adopted the federal survey resolution.

In the lack of a reasonable argument to defeat the federal survey, resort was made to the race issue—to the insinuation that the federal survey would be directed against Hawaiian teachers in the schools.

By passing the resolution and defeating this race issue agitation, house and senate members took a very creditable action. It would have been discouraging to the open-mindedness that is one of the basic principles of education had prejudice been allowed to triumph over sound argument.

## WHAT THEY SAY ABOUT THE STAR-BULLETIN'S GOOD ROADS EDITION

Proof that the Star-Bulletin's Good Roads Edition, the largest in pages and in advertising ever turned out in the Islands, by the way, "took" with Honolulu readers is evident from the large number of voluntary commendations and appreciations which came in this morning, a few of which are published below.

Most comment today was twofold, first that the Star-Bulletin's efforts for good roads was a laudable one and, second, that the manner in which the paper went about presenting the various propositions relative to good roads and more model highways, and the public figures and statements presented by representative citizens was most comprehensive.

Here are a few brief comments out of the many received from people who know whereof they speak:

J. F. C. HAGEN, president of the Chamber of Commerce: I was very pleased with the "good roads edition" of the Star-Bulletin, and hope it will be an inspiration to the legislature to pass the necessary laws giving the county sufficient power for building good roads. With the money from the legislature all we need then is a good business administration for the county with a sound road policy.

A. J. CAMPBELL: Never before has there been so much and so valuable information on streets and roads of Honolulu compiled and made accessible to public and taxpayers as that

contained in the Saturday Star-Bulletin. It was an excellent idea and well carried out.

CHARLES G. HEISER, JR.: Most creditable. It was something that was needed and it should have a strong influence in awakening public interest even more to the vital and essential importance of better roads.

JOHN L. FLEMING: It is good work that the Star-Bulletin is doing in the interests of good roads and will certainly have its effect. The paper was about presenting the various propositions relative to good roads and more model highways, and the public figures and statements presented by representative citizens was most comprehensive.

HAROLD B. GIFFARD: Honolulu needed something to wake it up on the road situation. The Star-Bulletin gave it to us. It takes time to digest all the information to be found in those 62 pages. It was a big subject and it was handled in a big way.

HARRY ARMITAGE: It was one of the best examples of well directed newspaper effort I have ever seen.

SENATOR A. L. CASTLE: The good roads edition put out by the Star-Bulletin on Saturday is certainly a worthy effort in a good cause. Let us hope now that the people as a whole will profit by such a boost for good roads and really get something done.

FRANK COOMES: The Good Roads Edition of the Star-Bulletin was an excellent one and every man who owns an automobile should read this edition carefully. No one can help but know the local situation after reading the many good features that were brought out in the edition.

DICK SULLIVAN: The Star-Bulletin edition on Saturday afternoon was a winner. There was plenty of good roads material, and every article was worth while not only to the man who owns a motor car, but to all residents of the islands. This edition has set people to thinking and without a doubt will accomplish a great amount of good.

## A MESSAGE FOR HOLY WEEK

Monday, the Day of Authority

## The Cursing of the Fig Tree

And on the morrow, when they were come out from Bethany, He hungered. And seeing a fig tree afar off He came if haply He might find anything thereon; and when He came to it, He found nothing but leaves; for it was not the season of figs. And He answered and said unto it, "No man eat fruit from thee henceforward forever."

And His disciples heard it.

## The Cleansing of the Temple

And they came to Jerusalem: and He entered into the temple, and began to cast out them that sold and them that bought in the temple, and overthrew the tables of the money-changers, and the seats of them that sold doves; and He would not suffer that any man should carry a vessel through the temple. And He taught, and said unto them, "In it not written, 'My house shall be called a house of prayer

for all the nations,' but ye have made it a den of robbers."

And the blind and the lame came to Him in the temple; and He healed them. But when the chief priests and the scribes saw the wonderful things that He did, and the children that were crying in the temple and saying, "Hosanna to the Son of David," they were moved with indignation, and said unto Him, "Hearest thou what these are saying?"

And Jesus saith unto them, "Yes; did ye never read, Out of the mouth of babes and sucklings thou hast perfect praise?"

And the chief priests and the scribes and the principal men of the people sought to destroy Him; and they could not find what they might do; for the people all hung upon Him, listening.

And He left them and went forth out of the city to Bethany and lodged there.

## LECTURE GIVES INSIGHT INTO WAR CONDITIONS

Soldiers and battlefields will be shown in the pictures which Dr. James Judd uses to illustrate his lecture on the work of the American ambulance in France, which he will give at the Mission Memorial Hall next Friday evening, April 6. Moving pictures show some details of the care of the wounded and their occupations and pastimes during convalescence in the hospitals far removed from the front. Other pictures show soldiers as they depart for the front and then the return of the wounded from the trenches as they come into the base hospitals.

In addition to the pictures Dr. Judd has much to tell of the work done by the Americans who have been aiding in the work of the ambulance since the beginning of the war. The lecture is to be given in aid of the fatherless children of France. The admission of one dollar per person is payable at the door and larger sums will be gratefully accepted from those who wish to give more generously. Saturday, April 7, will be a tag day for the benefit of the French children whose soldier fathers have laid down their lives in the cause of their liberties and of the French Red Cross. Mrs. Walter Dillingham is in charge of the arrangements for the lecture and tag day.

## AN IMPOSSIBLE PROPOSAL.

One may grant all the good things said about the Chinese of Hawaii in their memorial to Congress without agreeing that the situation justifies the importation of 30,000 Chinese laborers into Hawaii.

The arguments against such an importation of cooler labor are many. Chief among them is that Hawaii is in no position to undertake the assimilation of 30,000 more Orientals. This vast, unfeasted mass of aliens, wholly ignorant of our tongue and almost as wholly ignorant of our customs and institutions, would impose a new and staggering burden on our government and our citizens. To expect the original 30,000 to become truly Americanized would be idle, particularly as it is proposed to use them for rice culture, a form of labor, as practiced by the Chinese here, utterly at variance with modern time-saving and machine-employing systems. The nature of their employment as well as their unfamiliarity with the English language would put these 30,000 outside the pale of immediate influence.

Again we should have the experience now familiar—of trying to "assimilate" the first and American the second generation.

The Chinese are a valued, a respected, a much-liked element in Hawaii's population. Their friendships, business and personal, with the "haole" are innumerable. It is not derogatory to them to say that their scheme of importing a huge number of laborers from China is impossible.

Gen. Haig seems to be made of better stuff than Gen. French, though much less press-agented beforehand.

Considering what the German ships in Honolulu are paying for wharfage you can hardly blame the Germans for worrying about the freedom of the seas.

Let's see—England was to be starved out by the end of March, wasn't she?

Did you ever notice theistic in pacifistic?

## SASAKI REQUESTS FIVE DAYS MORE

The time limit for S. Sasaki, the lowest bidder on the Kaahumanu school, to file his bond was up Saturday night and as instead he asked for an extension of time of five days, the board of supervisors are in a quandary as to the best procedure.

There are three things which they can do: Grant the extension of time, throw out his bid and give the contract to the next lowest bidder or throw out all the bids and call for new ones.

Practically all of the members are opposed to the first and the division is over the other two. The question will be decided Tuesday evening at the regular meeting.

## Nuuuanu Lot

The former Brinckerhoff lot on Judd Street. Frontage 207.9 feet. Area, 49,953 square feet—considerably over an acre.

## COUSINS WILL MEET TO DECIDE UPON MEMORIAL

Cousins from the other islands, as well as those living in Honolulu, are requested to be present at the informal meeting to be held at the Old Chamberlain house on Tuesday afternoon, between the hours of 4 and 5:30 o'clock. A matter of importance to the society will be discussed and all who wish to go will be shown over the building.

The fact that this house is to be preserved as a memorial to the

fathers and mothers has long been decided. It only remains to decide upon the best manner of making it such a memorial. There are several plans proposed and Mr. Erdman will be present to explain his new plan of making of it a living memorial. Some think the three plans can be combined.

A frank presentation of opinion is requested and a free discussion of plans.

The Japanese-American Citizens' Association will hold its regular monthly meeting at Attorney Lorin Andrews' office tonight.

**ADVERSE DECISION TO HONOLULU  
OIL IS RENDERED BY LAND BOARD****Large Local Stockholders Sur-  
mise It Affects Only  
Doubtful Section**

(Associated Press by Federal Wireless)  
VISALIA, Cal., April 1.—The United  
States land office rendered an impor-  
tant decision yesterday, upholding the  
claim of the federal government  
against the Honolulu Consolidated Oil  
Company, who have been claiming  
oil lands in Kern county valued all  
the way from three and a half to ten  
million dollars.

Under the decision the oil company  
is declared ousted from the lands in  
dispute, which revert to the govern-  
ment to be included in the naval re-  
serve.

The land office upholds the govern-  
ment in its contention that the lands  
were illegally taken up, the original  
filers upon the property being dum-  
mies.

The original locators had no claim  
upon the property which required rec-  
ognition by the courts and were con-  
sequently unable to pass on any valid  
titles to others. These dummy locators  
sold their rights to the land to the  
incorporators of the Honolulu Consoli-  
dated for \$1 an acre, although some of  
these who figured as sellers had not  
even seen the land they professed to  
be the owners of and which they sold.

Following the announcement of the  
decision it was announced at the land  
office that an appeal from the deci-  
sion had been filed by the officers of  
the company.

**May Be Section 6**

Two of the large stockholders of the  
company in Honolulu this morning  
said that the meaning of the decision  
was "matter of surmise on their part  
but that they thought it probably re-  
ferred to one portion only of the hold-  
ings of the company, what is known as  
section 6. On this section there had  
never been an adjudication of the land  
while on other lands there had been  
adjudications by that body."

There has been considered to be  
some question in regard to securing  
titles on such land because of the fil-  
ings, it being said that dummies were  
used as the Associated Press report  
of the decision says. In regard to it  
Captain Matson is reported to have  
said that if there was any doubt on  
any of the lands of the company, it  
was on section 6, but that on other  
lands he felt no doubt of ultimately  
securing patents.

The large stockholders seen this  
morning are thoroughly familiar with  
the status of affairs and while they  
could not definitely say that it was  
only section 6 that is affected that  
was their hope and belief.

**Possibly Affects Other Lands**

The decision referred to in the fore-  
going report may be one rendered upon  
the rehearing of the application for  
patents on the claims for which the  
company has no patents. It already  
shows on some of its claims and the  
other claims were desired to connect  
up the patented lands of the com-  
pany. Over such claims water and  
oil pipes have been run and roads  
have been built. On the first hearing  
the land board decided adversely and  
a rehearing was sought and obtained.

After it the counsel of the company  
expressed confidence in securing a  
favorable opinion. Such hopes may  
have been unfounded. A court contest  
has been talked of for several weeks  
past and it is expected that now the  
company will carry the matter through  
to the supreme court.

A quotation received from the main-  
land by a local broker this morning  
shows decline in San Francisco was  
sharp, the price now being \$2.97½.

**Lands First: "Free Listed"**

**A CHILD DOESN'T  
LAUGH AND PLAY  
IF CONSTIPATED**

If Peevish, Feverish and Sick,  
Give "California Syrup  
of Figs"

Mother! Your child isn't naturally  
cross and peevish. See if tongue is  
coated; this is a sure sign its little  
stomach, liver and bowels need a  
cleaning at once.

When listless, pale, feverish, full of  
cold, breath bad, throat sore, doesn't  
eat, sleep or act naturally, has stomach-  
ache, diarrhoea, remember, a gentle  
liver and bowel cleansing should  
always be the first treatment given.

Nothing equals "California Syrup of  
Figs" for children's ills; give a tea-  
spoonful, and in a few hours all the  
foul waste, sour bile and fermenting  
food which is clogged in the bowels  
passes out of the system, and you have  
a well and playful child again. All  
children love this harmless, delicious  
"fruit laxative," and it never fails to  
effect a good "inside" cleansing. Di-  
rections for babies, children of all  
ages and grown-ups are plainly on  
the bottle.

Keep it handy in your home. A lit-  
tle given today saves a sick child to-  
morrow, but get the genuine. Ask  
your druggist for a 50-cent bottle of  
"California Syrup of Figs," then look  
and see that it is made by the "Cal-  
ifornia Fig Syrup Company."—Adv.

## GERMAN PRISONERS ARRIVING HERE FALSELY CHARGED ILL-TREATMENT

So Declares Australia, in Formal Denial to Star-Bulletin Through British Consul Gordon—Direct Answer to Each Allegation of Cruelty—American Consul Found Prison Camp Well Conducted

Official denial is made by the Commonwealth of Australia of the claims of ill-treatment voiced by interned Germans returning to their country from prison camp in Australia.

These claims of ill treatment were made to a representative of the Star-Bulletin last December when a group of exchange prisoners arrived here on the Oceanic liner *Ventura*.

Through British Consul E. L. S. Gordon here Australia now makes formal denial that the stories of ill treatment are true and adds a categorical explanation of each charge. Consul Gordon writes the Star-Bulletin as follows:

British Consulate, Honolulu, Hawaii

March 30, 1917.

Editor Honolulu Star-Bulletin,

Sir: On the 5th, 8th and 19th of December last there appeared in the Star-Bulletin paragraphs headed, respectively, "China Germans Free at Last; Going to U. S. A." "British Camps Not Places of Joy to Germans," and "German Prisoners on Happy Voyage to Fatherland," and about the same time there appeared an article as per enclosed copy.

The article referred to gives the claims of ill-treatment and mismanagement of the camp as made by the Germans on arriving in Honolulu on their way to Australia. This article mentioned that under the direction of an English army officer many improvements had been made.)

On behalf of the Commonwealth government I am authorized to represent you to be good enough to publish as an answer to these statements the following facts:

1. That drunken soldiers commonly fired through the camp at night. The camp is strictly total and there has not been any drunkenness. As to shooting, it has been necessary on occasions to fire shots where interned prisoners have been seen near the outer fence and they have refused to stand on being challenged. In these cases the shots were fired as a warning.

2. That Col. Holman was brought from England on the representations of the American consul. This is incorrect. Col. Holman is an Australian officer who has been engaged in military work in Australia since the outbreak of the war.

3. That one Drago lost an eye while doing forced labor. The reference to forced labor is incorrect, as all labor is absolutely voluntary, and payment made for work done. The loss of the eye was a pure accident, due to a piece of wood flying from a machine.

Other False Claims Made

Further misleading statements made by Germans appeared about the same time in the San Francisco Examiner and Chronicle and to these the Australian authorities reply as follows:

With regard to statements by Mr. W. F. Schaeffer—(1) That the prisoners fought like wild animals among themselves, and that the guards, when riots broke out, shot indiscriminately among the prisoners. There is no instance of this occurring, nor is there any instance of any prisoners being injured by shots fired by a guard on the occasion of any such alleged riot, nor is there record of any disturbance large enough to be called a riot, except the instance when the interned communists fought with a small black-mailing gang known as the "Black Hand," which resulted in one of the internees being killed by the others. This was inquired into in open court, and the findings of the court were communicated to the American government.

(2) As to 100 blind prisoners wandering about the camp unattended: This is pure fiction. There are no blind men in the camp. Only one blind man has ever been interned there, and he was released as soon as arrangements were made for his care.

(3) That 100 interned prisoners were allowed to mingle with the others. Any inmate persons were separated, and received special treatment in the government mental asylums. The percentage of mentally afflicted concerning the conditions, is small, owing to the provisions for the welfare of the internees in the way of recreation grounds, theater, pictures, tennis courts, etc. At present 65 out of about 550 internees are under treatment, and the total recorded since the camp started is 27, two having died. The average for Australia for men is over 22 per 100. It will be seen that the percentage is under 5, and under the circumstances that is very low.

No Deaths Known

With reference to the statement of Mr. Lewis that "at least 20 were killed recently" by the guard. This is pure fiction. P. Armbruster and Max Arndt were shot while attempting to escape, and Portman was killed by his fellow internees. These are the only recorded cases. As regards the bayoneting of five Germans by the guard, no complaints seem to have been lodged by the afflicted internees with the official visitor, or with the American consul, who represented the German interests.

The prisoners from the "China," which included Schaeffer, Haas, and Hinke, arrived in Australia in April, 1916. The American consul in his report of May 6, 1915, stated he visited the German concentration camp and inspected it, and that the supply of food appeared to be of excellent quality; further, that the principal complaint was that the social grading of

## SENATOR DESHA PUTS ONE OVER ON COLLEAGUE

## ISLANDS TO GET BIG NAVAL BASES?

Mainland Hears That Honolulu and St. Thomas Will Be Made Great Central Stations

Senator Desha turned a pretty trick on Senator Makemau Saturday that brought a hearty laugh from the other lawmakers who understand the rivalry that seems to exist between the two. Desha had just introduced his report recommending the adoption of the resolution for a federal school survey when President Chillingworth, being called to the galleries for a conference, asked Makemau, vice president, to take the chair.

Makemau wanted to oppose the report and possibly feeling that he could render Desha harmless by putting him in the chair, called upon that senator to take the seat of honor.

"There's a fellow out here wants to see me," said Desha hurriedly as he made a bow and vanished through the nearby door. Later he came in when Chillingworth had returned to the chair, putting forth one of the arguments that those who desire work are given employment for about a third of the time, and they are paid. He also stated that only six deaths had occurred since the camp opened in 1914, including those of Armbruster, Arndt and Portman, and that two of the others died soon after reaching camp from diseases contracted before entering camp. He also mentioned that the camp had three theaters, a picture show, two skittle alleys, two tennis courts, a football ground, an orchestra and three pianos.

Fair Inspection Made

In September, 1916, the American consul-general reported that no restrictions were placed on his movements, that no one accompanied him, and that he went where he pleased, and conversed with the prisoners with the utmost freedom away from the hearing of officers or guards. Complaints were generally of a minor nature, such as lost luggage, desires to be released on parole or repatriation.

In December, 1916, the American consul reported various improvements, increase of recreation grounds, etc., and practically no complaints.

For the protection of the internees' interest, and to ensure them fair treatment, an official visitor was appointed, an office that was held by Mr. Justice Ferguson, who was succeeded by Mr. Justice Street, both judges of the Supreme court of New South Wales.

The present official visitor is Mr. Adrian Knox, K. C. All internees were freely permitted to see the visitor, and bring any complaint before him. Only minor punishment could be inflicted without his consent. In addition, all internees could communicate with the American consul-general as representing the German interest.

I trust that in fairness to a friendly nation you will give due publicity to the above. I am, sir,

Your obedient servant,

E. L. S. GORDON,

H. B. M. Consul

## FUNERAL OF LATE LEE TOMA WELL ATTENDED

Funeral services for the late Lee Toma were held at 3 o'clock Sunday afternoon at the Fort street Chinese Congregational church. Interment was in Makiki cemetery. The body of the deceased was viewed by relatives and friends after 3 o'clock Saturday evening at Silvia's undertaking parlors. The pallbearers were as follows: Messrs. C. K. Al, M. C. Amaha, Ho Fon, Lee Chu, Chas. A. Wong and Wm. K. Yap. Many friends of the well-known Chinese attended.

The Canadian Locomotive Co. received an order for 10 locomotives for the Canadian Government Railways and another for 20 engines for the Grand Trunk.

## VISITOR MAKES DISCOVERIES IN ISLANDS TO INTEREST RESIDENTS

"Small railroads run through all the fields and the Japs and Chinese take the cane from the field aboard the cars which when loaded, are taken to the factory. The cane is unloaded onto conveyors and taken into the plant and ground up and the grains, according to their size, are shifted into great tanks from which they pass out into sacks. These sacks are sewed by machinery and are carried out on conveyors ready for shipment."

Rice power is used in threshing the rice, Mr. Lewis said. The rice stalks resemble wheat and are thrown on a small concrete floor. Horses are driven over the grain time after time, thus trampling out the kernels of rice. The straw is then taken away and when this is done the rice is ready to be cut. Japs and Chinese usually do this work.

"Honolulu—it's a truly wonderful city. A tropical climate, gorgeously colored flowers, Waikiki beach, palatial hotels and beautiful music to make it a pleasure spot for the continuous procession of hundreds of tourists who are always flowing into and out of that city. Yet after all it's mighty time to get back in Aberdeen among one's friends. Six weeks in the Island of Paradise that they remained there. Dr. Barnes opened an office in Honolulu and has built up a fine practice."

"It is the most beautiful country imaginable," said Dr. Barnes. "The people are friendly, there is plenty of money and the climate is ideal. There are something like 80,000 Japanese in the island out of a population of 200,000, but they are good citizens, quiet, industrious and considerate. Dr. Barnes made the trip to Honolulu as a vacation, but were so taken with the Island of Paradise that they remained there. Dr. Barnes opened an office in Honolulu and has built up a fine practice."

## THEATRICAL OFFERINGS TWO GREAT STARS IN FINE PROGRAM

Preparedness is in the air and apparently has come to stay. One of the latest offerings to preparedness propaganda is "Pearl of the Army," a serial photodrama which opened at the Liberty theater last night with Pearl White in the name part. This promises to be one of the banner offerings of this popular serial star and the opening episode gives promise of "something big" from a dramatic as well as an educational standpoint.

"The Rainbow Princess," the Famous Players feature offering, affords an exceptionally opportunity to Ann Pennington to display her ability as a hula hula dancer and to win her way deeper into the hearts of her thousands of local admirers through her clever handling of the role of the little circus waif.

In the hula hula scenes Miss Pennington appeared before the most critical audience of her entire career last night. She was on trial twice, once as an episode in the plot of the feature and again as an exponent of the Hawaiian dance in which she has won her stage spurs as a member of the Ziegfeld Follies. In each instance she secured a most favorable verdict.

"Fatty and the Broadway Stars" introduces a number of big figures in the laugh-making industry of the U. S. A. Note the list: Will Collier, Weber and Fields, Barney, Barnard, Mack Sennett, Joe Jackson, also "Fatty" Arbuckle. When this galaxy of talent fails to produce mirth it will be time to "cut out" film comedies and the time is not yet.

House Peters, who has been seen in a number of offerings on local screens, and Katherine Kaelerd, a new local star, are the featured artists in "The Winged Idol," a most peculiar dramatic offering with an Oriental atmosphere permeating it throughout.

"Fatty and the Broadway Stars" introduces a number of big figures in the laugh-making industry of the U. S. A. Note the list: Will Collier, Weber and Fields, Barney, Barnard, Mack Sennett, Joe Jackson, also "Fatty" Arbuckle. When this galaxy of talent fails to produce mirth it will be time to "cut out" film comedies and the time is not yet.

"Pape's Diapepsin" Ends All Stomach Distress in Five Minutes

Dorothy Gish, known to thirty-third degree movie fans as the lily girl of the screen, furnished the principle entertainment in "Jordan Is a Hard Road" at the Bijou theater last night, although Frank Campeau and Owen Moore contributed largely to the success of the photodrama.

"Jordan Is a Hard Road" deals with life in northwest Canada and tells the story of B. Minden, who is captured after holding up a stage.

Following a career of crime in which jail sentences mingled with exciting episodes, Minden finds his daughter, Cora, singing at a church and is converted from his reckless life.

Establishing his daughter in a home, Minden poses as a friend of the girl's father and struggles to give her an education. In order to obtain money, Minden enters into a scheme to steal a lot of money and in the attempt he is wounded. He returns to the house and after seeing that his daughter is provided with an income, pretends that he had accidentally shot himself and dies.

BAND CONCERT TONIGHT  
AT PLEASANTON HOTEL

The Hawaiian Band will give a public concert at the Pleasanton hotel tonight, beginning at 6:30 o'clock. The program will be as follows:

"America"..... Theo. Morse  
Overture, "The Golden Wand"..... Laurendeau  
Songs—  
(a) "Pink Mum"  
(b) "Loverly Dear"  
Sallie H. Douglass  
Selection, "The Newly Weds"..... Ar. W. O. Hare  
Hawaiian songs by Hawaiian Band  
Glee Club

Waltz, "Prince of Pilsen"..... G. Luders  
One-step march, "Take Me Back to Alabama" (new). Dillon and Tobiss  
"Alma Os"..... Hawaii Ponoi  
"The Star Spangled Banner"

Y. M. GLASSES

Battle at Moiliili Field Proves to Be Interesting Contest for Eight Innings—Sparkling Plays Feature Game—Field in Good Condition—Commercial League Teams Battle in Morning Contests—Large Crowds Watch Amateurs Play

**Advertiser Wins**

Mahsaw stepped out on the mound at Moiliili field yesterday afternoon, pitching for the Baby Regiment, and held the Fort Ringer team to three hits in nine innings. The 32d Infantry won out by a score of 6 to 1, but it was not until the ninth inning that they had the old game in the well.

It was what one would call a real ball game up to the last period, and some excellent plays were staged which caused the crowd to give the boys a hand. Fruitt was on the mound for the Ringers, and although he allowed a number of hits, kept them scattered, and went along well with the infants started a bunting campaign which gave them three runs in the ninth inning.

### Good Receiving

With the exception of slips on the part of one or two players, the performances of the soldiers was exceptionally good. Both Stratton and Benjamin worked well behind the bat, and Mahsaw plainly displayed that he is going to be a real catcher. He injects more zip into the game and handles his pitcher well. With Jackson and Mahsaw to guard the mounds and the infants will be strengthened in all departments.

Stratton, who used to handle the slugs behind the plate, has been shifted to the outfield, which was a wise move, and if there are many fasters in the islands they haven't been uncovered. This Ringer player covers about as much ground as Haiku, and furthermore has a good throwing arm. He also can hit the ball in excellent manner.

### Baby Stars

Jackson, who is a good first batter, was way off yesterday and Ralls was substituted. Stratton, who handled the initial knock for Ringer, was a real star in both departments of the game. Chief and Perry safely solved something around the second base for the Infants on Sunday, and their work was much better than that of Johnson and Perry, although Johnson made one tremendous stop which saved a run.

Both Belmont and Cummings, the two guardians of the difficult corner, played good ball. Holcomb, getting three hits, while Cummings solved Mashaw's shots on every occasion in Langley. Womack and McClain the Ringers have a good outfit, with plenty of hitting strength, and with more practice this combination should shape up well. Womack made one of the best throws ever seen on a local field when he caught Holcomb at third in the eighth inning.

### Beckons Makes Good

Hickland was a real star in the outfield for the infants, and caught to be beat in baseball angles. Hollis in center field had a perfect hitting record, while Cassell hit the ball every time up. With Ralls and other good players in the lineup the Baby Regiment team looks like a fine organization, and if Mahsaw can make this team stronger for practice they are due to stir up something in their circles.

Manager Stewart of the Ringer team has the nucleus for a good ball club, and with one star pitcher ought to be able to give the Infants a tall order this out. More batting practice and better teamwork will give them a team that should not fear any organization in the islands.

Cassell is fast. McMillin Reid was in excellent shape, and the diamond was lightning fast, despite the fact that it had only been worked on for one week. Manager Stewart has secured a groundkeeper and says that within three weeks this field will be far and away the best ground in the islands.

### MASHAW WAS PRESENT

5550 Pianola Piano, 88 note, mahogany case, used 1 year, price \$275. Perfect condition. Box 539, Star-Bulletin. 6698-tf

**CULTIVATE HARD LANDS**

BEREA, Ky.—In view of the food shortage throughout the country Berea College, in the great mountain region of the south, is making a special effort to develop the surrounding mountain land. Berea's chief endeavor is being made through a two-year course in mountain agriculture, the graduates of which are proving the best "farm demonstrators" in government service. The educational work which Berea is doing along this line is probably unique among college activities. According to President Frost, the region is not naturally one to be thought of for great supplies. He says, "Perhaps not more than one-fourth of its area can ever be plowed. But as a source of food, the region must be cultivated. It is the man who has poor land who needs agricultural instruction most."

Three men are dead and four others are in a serious condition as a result of inhaling chlorine gas fumes in the factory of the Deerfield Ply Co., at Mountain Mills, Vt.

Advertisers increase their business by selling soda from the Hon. Soda Water Wks., phone 3022. 6442-1y

**AUCTION BULLETIN**

We are now handling the purchase of Hotel Ainahau, 40 rooms of first rate furniture suitable for any one, especially for rooming houses. The furniture is quite new and in especially good condition as it has been properly cared for. Dressers, 40 of them; 40 double, single and three-quarter iron beds, springs and mattresses, clean and sweet; Pianos; Hong Kong rockers, about 24; 100 assorted chairs; Billiard screens; oak screens; 40 mosquito nets; 50 center tables in oak; 35 sets of toiletware; 24 slop pails; 10 round dining tables; 6 square extension tables; bedroom rockers; small Washstands; 75 pillows; Tudor porch shades; fine mats; rugs and strips in carpet and grass. We shall sell every Friday and Tuesday with no reserve until the whole is gone.

We handled the Howard sale of rugs, etc., which brought some fancy prices.

Honolulu Auction Rooms.

unique among college activities. According to President Frost, the region is not naturally one to be thought of for great supplies. He says, "Perhaps not more than one-fourth of its area can ever be plowed. But as a source of food, the region must be cultivated. It is the man who has poor land who needs agricultural instruction most."

Three men are dead and four others are in a serious condition as a result of inhaling chlorine gas fumes in the factory of the Deerfield Ply Co., at Mountain Mills, Vt.

Advertisers increase their business by selling soda from the Hon. Soda Water Wks., phone 3022. 6442-1y

INTELLIGENT  
SHOPPERS:

Are the ones who read what the progressive merchants are offering--and then cooperate with their efforts to assist their patrons by doing as much of their shopping as possible "with the merchant who advertises," because he is showing a disposition to please and help his customers by advertising. Furthermore it is in the stores of such merchants that one is most likely to find the things desired.
