GENTLE WORDS. The sun may warm the grass to life, The dew the drooping flower; The eyes grow bright and watch the light Of Autumn's opening hour.

VARIETY. A woman in Canada has been confined for debt seven years. Francis, Lord Napier, the new British minister, is only thirty-seven years of age.

There are two kinds of horns in this world—the right and the poor. You can get rid of the latter by lending him five dollars. You can free yourself of the other by attempting to borrow twenty dollars of him. Try it on.

Illustrated with cuts, said a young archer, as he drew his bow across the leaves of his grammar. "Illustrated with cuts," said the master, as he brought his birch to bear on the shoulders of the witty archer.

By with ragged trousers and rimless hat, runs into Dr. Fuller's drug store with a dipper in his hand. "Doctor, mother sent me down to the shop to get you a bottle of cod liver oil, and she says if you can't get it, get me a bottle of cod liver oil."

God has written on the flowers that sweeten the air—the breeze that rocks the flowers upon the stem—the dew that glistens on the petals of the rose—that life in its heart in the desert—upon its deep chambers—upon its pencil sheet that deep in the cavern of the deep, on less than the mighty sun that sheds its life-giving rays.

CRACKER PIE.—As apples are very scarce in many sections of the country, I think the housewife will find the following recipe for making a cracker pie very acceptable. For a common sized baking plate, take four of the square or six of the round crackers, a teaspoonful of sugar, and a teaspoonful of butter, and mix them together in a pie pan of water, add the sugar and acid and finish as an apple pie.—Cor. Rural New Yorker.

REMARKABLE OCCURRENCE.—A circumstance of somewhat extraordinary character occurred a short time since in one of the flourishing towns of the midland counties. A clergyman died, and his wife and daughters, on the third day after his decease, recollecting that no funeral services had been taken, they were untroubled, and a portrait was engaged for the task. She, with the assistance of an attendant, took off the shroud, and placed the body in a reclining posture; but, when the shroud was removed, she found the body of the deceased in a state of decomposition, and she immediately fled to her room, where she remained for some time, and then returned to her room, where she found the body of the deceased in a state of decomposition, and she immediately fled to her room, where she remained for some time, and then returned to her room, where she found the body of the deceased in a state of decomposition.
