THE PACIFIC

Commercial Advertiser.

THURSDAY, NOVEMBER 25. TWELVE days hence, on the first Monday in December, the Hawaiian Legislature will reassemble.

NOTES OF THE WEEK.

THE PRINTER.—This is the title of a new monthly which we have received, devoted mainly to the "art preservative of all other arts."

EXTRACTS

FROM THE JOURNAL OF A CRUISE IN THE ARCTIC OCEAN. [We continue our extracts from the journal commencing last week.]

IMPROVEMENT OF HAWAIIAN SEAMEN.

Every one acquainted with Hawaiian seamen knows their improvident habits, and that the great majority of them, even after receiving a large advance, go to sea without any other outfit or clothing than what they have.

THE NATIONAL CASE.

This case has received its quietus so far as the courts have anything to do with it, and the seaman Flanahan went on board the whaler ship *Vassau* on Friday, without let or hindrance.

ROYAL HAWAIIAN THEATER AND THE CALIFORNIA MINISTERS.—Both these popular places of amusement have been well patronized: At the former on Saturday evening, Mr. L. F. Beatty's benefit came off.

THE SHIP HERCULES AND HER SALVAGE.—We beg to correct the statement made in the last *Polytechnic* in regard to the settlement of this salvage case.

THE SHIP HERCULES AND HER SALVAGE.—We beg to correct the statement made in the last *Polytechnic* in regard to the settlement of this salvage case.

Cranks of the Agamemnon.

We have already published Mr. Field's journal of the cruise of the Niagara in laying the Atlantic Telegraph Cable, but the following account of the cruise of the British vessel Agamemnon is so highly interesting that we have made the following extracts.

Cranks of the Agamemnon.

On the 29th of July, the cable being spliced, at 12 o'clock, it was ready for lowering—and here we begin: In hoisting it out from the side of the ship, the leaden sinker broke short and fell overboard.

CAPT. ROBERT BROWN'S WHALING GUN, PATENT BOMB LANCES AND SEVERAL YEARS LABOR AND EXPERIENCE.

After several years labor and experience upon whaling, and the whaling gun, and the patent bomb lances, the inventor has been enabled to construct an instrument of iron of a bomb lance, for utility and effectiveness.
