

By Authority

In the Supreme Court of the Hawaiian Islands.

By virtue of the power vested in me by the 834 Section of the Civil Code, I hereby order a SPECIAL TERM of the Supreme Court to be held in the upstairs Courtroom of Aliolani Hale, in Honolulu, on TUESDAY, the 17th day of June, 1890, at 10 o'clock A. M., for the hearing of Banco Cases only.

Witness my hand and Seal of the Supreme Court, at Honolulu, this 31st day of May, 1890.

A. F. JUDD, Chief Justice Supreme Court. Attest: HENRY SMITH, Clerk.

WEDNESDAY, the 11th day of June, the Commemoration of the Birthday of Kamehameha I., will be observed as a public holiday, and all Government offices throughout the Kingdom will be closed on that day.

LORRIN A. THURSTON, Minister of the Interior. Interior Office June 3, 1890.

School Notice. The regular annual examinations and reviews of classes in the Public Day Schools throughout the Kingdom, will be held this year during the week that will end on Friday, the 11th of July next. From Monday, the 14th, to Friday, the 18th of July, a General Convention of Teachers will be held in Honolulu, and the summer vacation of all Public Schools in the Kingdom will extend from Monday, the 21st of July, to Monday, the 9th of September next, on which date a new term will begin.

By order of the Board of Education. W. JAS. SMITH, Secretary. Education Office, June 2, 1890.

OFFICE OF THE BOARD OF EDUCATION, June 2, 1890.

It is hereby ordered by the Board of Education that all teachers, in the Government employ, teaching in the English language, shall attend the General Convention to be held at Honolulu, from July 14th to July 18th, both inclusive. The expense of passage to and from Honolulu will, by the direction of the Board, be paid by the local School Agents.

ALATAU T. ATKINSON, Inspector-General of Schools.

OFFICE OF THE BOARD OF EDUCATION, June 2, 1890.

The examination for Grammar Grade Certificates, will be held on Saturday, July 19th, Monday, July 21st, and Tuesday, July 22nd. The subjects will be Arithmetic (complete), Algebra, Grammar, Composition, Physiology, Theory of Writing, Physical Geography, Outlines of History, and Pedagogy. No candidate will be allowed to enter for this examination unless possessing a Primary Certificate for one year, or holding a similar certificate from abroad.

ALATAU T. ATKINSON, Inspector-General of Schools.

OFFICE OF THE BOARD OF EDUCATION, June 2, 1890.

An examination for Primary Certificates will be held on Saturday, July 19th, and Monday, July 21st.

The Primary Certificates are issued under the following rules: 85 per cent. and over, two years' certificate. 75 per cent. to 84 per cent., one year's certificate. 74 per cent. and under, six months' certificate.

The holders of two years' primary certificates will not be re-examined on the expiration of their certificates, but will have them indorsed for extension, unless it is thought that another examination is necessary.

Those holding certificates for one year, will have to pass a second examination, after which their certificates will be indorsed for extension in like manner with those for two years.

Those holding certificates for six months are liable to be examined at any time after the expiration of the six months.

All uncertificated teachers must present themselves for examination. The subjects for examination are: Arithmetic through decimal fractions, Mental Arithmetic, English Grammar (elementary), Geography, Spelling, Theory and Practice of Teaching, Reading, Dictation, Composition, and Writing.

ALATAU T. ATKINSON, Inspector-General of Schools. 1323-21 1323-31

THE ADVERTISER CALENDAR. June, 1890.

Calendar table showing days of the month, including Moon's Phase and Police Court dates.

Police Court. WEDNESDAY, June 4.

Two natives, charged with malicious injury in the second degree by breaking a lantern were sent on the reef for forty-eight hours.

Kahanani, for assault and battery on a police officer, was sentenced to imprisonment at hard labor for thirty days.

Kaia, for having opium unlawfully in possession, was fined \$50 with one hour's imprisonment at hard labor.

The ADVERTISER is the leading journal of the Kingdom.

EVENTS OF THE DAY. LEGISLATIVE ASSEMBLY—ALIDA M. FIRE DEPARTMENT—Meeting of Board of Representatives at 7:30 P. M. HONOLULU RIFLES—Drill Co. A, at 7:30 P. M. A. A. S. E.—Nuuano Chapter of Rose Cross No. 1, at 7:30 P. M. CENTRAL UNION PARLORS—Ladies' annual tea party at 4:30 P. M.

THURSDAY, JUNE 5, 1890.

REPORT OF THE BOARD OF HEALTH.

(THIRD NOTICE.)

The removal of the Government Dispensary in Honolulu to King street seems to have resulted in great benefit. The physician in attendance is able to give more hours to the work and applications on the part of Hawaiians and the poor of other nationalities have largely increased. During the eleven months of its occupation there have been nearly 7,350 applications for dispensary aid.

The Oahu Prison and Insane Asylum appear by the report to be in as good sanitary condition as possible in view of the defects of construction, in the former particularly. In the latter Dr. Tucker is credited with having accomplished a great deal of very excellent work and has removed the ill repute under which this institution has rested for many years.

The report urges very strongly, as has been done in years past, that the Board of Health be given the entire control of all matter required under the "Act to Mitigate." While the statement of a former President of the Board of Health, that "the Board are firmly of the opinion that in the carrying out of this law depends the checking of leprosy" is not necessarily adopted by any statement made in the present report, yet it is evident that great stress is laid upon the matter and that it is regarded of great importance to the well being of the community that this law should be placed under the charge of the Board. It certainly does appear as though the Board of Health was the proper authority to have charge of the matter. No doubt there are very many in the community who are firmly convinced that this law is an iniquitous blot on the statute book, but there can hardly be a doubt, from the experience of many other cities, that such a law is an important sanitary measure and should be strictly and rigidly enforced.

The matter of garbage is treated of to considerable extent. Dr. Lyons of Punahou, at the request of the Board of Health, furnished an analysis of material dredged from the harbor and used to make land below Alakea and Richards streets. While it appears from his letter that the matter contains considerable organic matter and that, under some circumstances, it might be productive of disease, yet it does not appear to be as injurious or as directly liable to produce fevers as the community have perhaps supposed. A liberal and generous policy with regard to Government physicians, is urged. It is pointed out that the resolution of the Legislature in 1884 decreeing that all native born Hawaiians and half-castes should be furnished with gratuitous medical service and medicine, was not a kind act to the Hawaiian race, for it bred in the nation a feeling of dependence on the Government that is incompatible with proper self-respect. The resolution was repealed by the Legislature of 1888, but the tendency has been very much in the past to pauperize the Hawaiian which can hardly be defended upon any ground whatsoever. Of course this repeal permits the physicians to make charges with those who are able to pay, but the number of those who are unable to make payment for either attendance or medicine is still large.

Comeing to the matter of vital statistics, the report calls attention, as has many times been done in the past, to the deplorable condition of the law or the practice throughout the country in this regard.

It is really not so much the lack of law or statutory provisions, for our law books contain many directions on the subject. It is a requirement, for instance, with a penalty for non observance, that all births shall be fully reported to the school agent and he in turn re-

ports to the Board of Education (or is supposed to do so). The same is true of marriages and deaths; the school-agent is made the official registrar for those purposes. It is pretty safe to assume that this law is very little known and less observed. One of the high law officers of the country, who has a large family, was asked the question whether he had ever reported the births in his family. He replied, with some embarrassment, that, while he remembered that such was the law, he had forgotten it in every case.

Honolulu is really the only place in the country where reasonably reliable statistics can be obtained, and even here these statistics, as far as kept by the Board of Health, relate to the matter of disease and death only. The table given in the sub-report of Mr. Reynolds for the two years past is very full and complete, and is extremely interesting, but it only covers the one matter of disease and death. In both years the death rate among the Hawaiians was by far the heaviest. In 1889 it was twenty-nine to the thousand; in 1890 it was 34.91 per thousand, while with other nationalities the rate was much lower. In the former year, the annual death rate was 21.92 for all classes; in the latter it was 25.08, which seems to point to Honolulu as being an unhealthy place, as compared with many other cities. Of the 627 deaths of the last year, the Hawaiians furnish 407—or about two-thirds. The monthly reports published in the papers render it unnecessary to go into the causes of death particularly, but it will be remembered that there have been far too many deaths arising from what might be called preventable causes, such as fevers of certain classes. The number of unattended cases is very heavy, 191.

The matter of district hospitals is again reviewed and the reports of the physicians show that much useful work has been done by the hospitals at Wailuku, Maui, and Koloa on the Island of Kauai. The need of a hospital in Hilo is urged and it would seem as though the establishment of one there was certainly of great importance if one is necessary on Maui and on Kauai.

A full and minute statement is given of the expenditures of the Board of Health and the encouraging suggestion is made that the expenses in the future may probably be decreased. Certainly the large amounts which have been expended in the past, while unquestionably necessary for the public health and for the crushing out of leprosy, cannot be forever maintained without seriously crippling the finances of the country. This will be found the truer in case there should be a repeal of the duty on sugar which might compel us to use an unexpected economy in all things.

The reports from various district physicians which appear in the several appendices have already been referred to and noticed in a former article, for all of them treat of the subject of leprosy, but most of them treat of other matters besides, apparently answering a general series of six or seven questions put by the Board of Health to the physicians to answer. These questions cover: 1. The general health of the community in which appears the work of the physicians with regard to disease. 2. The present sanitary condition. 3. Any improvements to be noticed among the Hawaiians with regard to the rules of health, under which it is encouraging to observe that throughout the community there is an improvement with regard to the matter of living; that the erection of proper houses and the methods of living therein are constantly and continuously approaching a civilized standard. It is also said in several of the reports that intemperance in the use of liquors does not seem to increase especially, in fact in some places it appears to decrease. 4. The condition of the water supply to the various districts receives consideration. 5. Leprosy and 6. Suggestions for the sanitary improvement of the district. All of these subjects are treated at greater or less extent by each of the physicians whose reports furnish valuable suggestions.

The entire report adds another valuable addition to the literature already furnished by the Board of Health in years past upon vital questions.

Attorney-General moves adoption of report. Rep. Kamai presents the following resolution: That \$2,500 be appropriated to build bridge in Hana. Laid on the table to be considered with the appropriation bill.

Rep. Kamai presents the following resolution: That \$2,500 be appropriated to build bridge in Hana. Laid on the table to be considered with the appropriation bill.

THE LEGISLATIVE ASSEMBLY.

Eleventh Day. WEDNESDAY, June 4.

The House met at 10 A. M. Prayer by the Chaplain. Minutes read and approved.

Rep. Kamai presented a petition from Hans: 1. That no Government offices be given to clergymen (except licenses to marry); referred to Judiciary committee. 2. That Puelo and Honolulu continue as part of Hana election district. Laid on table to be considered with Rep. Bush's bill. 3. From Kipahulu—that Konohiki fisheries be made free. Laid on the table to be considered with fisheries bill.

Rep. Kalua, for Judiciary committee, reports that they have had petition to elect district justices under consideration, and report adversely. Election of small government officers by the people is a Republican system, not consistent with present monarchical system. Committee thinks it would be unwise, and deprecates the system of sending foolish petitions to this House by which so much time is wasted. Committee recommends to lay petition on the table. Carried.

Rep. Kalua reported for same committee in regard to petition praying that names of clerk and deputy sheriff to sheriff of Maui, be filled by different persons, find that there are two items in appropriation bill, but nothing to hinder offices being filled by two persons. Committee recommends laying on the table to be considered with the appropriation bill.

Attorney-General moves adoption of report. Rep. Kamai presents the following resolution: That \$2,500 be appropriated to build bridge in Hana. Laid on the table to be considered with the appropriation bill.

Rep. Kamai presents the following resolution: That \$2,500 be appropriated to build bridge in Hana. Laid on the table to be considered with the appropriation bill.

Rep. Kamai presents the following resolution: That \$2,500 be appropriated to build bridge in Hana. Laid on the table to be considered with the appropriation bill.

Rep. Kamai presents the following resolution: That \$2,500 be appropriated to build bridge in Hana. Laid on the table to be considered with the appropriation bill.

Rep. Kamai presents the following resolution: That \$2,500 be appropriated to build bridge in Hana. Laid on the table to be considered with the appropriation bill.

The present act does not protect all varieties of fish. The natives let the small fish go. The Chinaman never catches that. The act protects all fishermen who in fishing accidentally get small fish into their nets. It is for the interests of the Kingdom to protect the fish. Since the Chinese went into the business, the takings of Anahulu have steadily decreased to almost nothing. It stands to reason that if we catch the small fish we are going to diminish the supply.

Noble Pua—Am in favor of the bill. The present law only applies to particular kinds. It ought to apply to all. Since this law was enacted fish have been scarce and high.

Noble Baldwin—Am not in favor of indefinitely postponing any bill of any member without first giving it careful consideration. I therefore move reference to committee on Commerce.

Rep. Baker—Am in favor of reference to committee on Commerce. We eat bread and sometimes like a change to veal. The people of Molokai may be sick of eating large fish (tooth may be loose) and want to try small. Native Kahunas also need the small fish in their operations.

Rep. Kamehameha—Is in favor of reference to a select committee. Rep. Kamehameha is in favor of reference to Sanitary committee because Sanitary committee has to do with matters of preservation of life, and the question here is the preservation of the lives of these small fishes.

Noble Kauhane—The bill has been before the House some little time and everyone probably understands it thoroughly. No doubt every member has made up his mind and the House is ready to go on and dispose of it now. I am therefore opposed to reference to a committee.

Rep. White—Am in favor of indefinite postponement. It is a black bill and a committee can't make it white. I know people on Molokai make a living from these small fishes. They bring them over to Lahaina and sell them stale to us and make our children sick. They do them without cleaning them. My children have been made sick by eating them in that way.

Rep. Waipulani—Am in favor of reference to a committee. Rep. Kapahualo—Am introducer of the bill and think this bill is directly for the interests of the common people. The most sensible way to protect the fish would be to protect the big fish which produce the spawn. The committee on Commerce would be hostile and I think the bill ought to be referred to a special committee.

Rep. Kapahualo moves that eyes and noses be called on the motion to indefinitely postpone. Carried. The eyes and noses were called with the following result: Ayes—Ministers Austin, Damon, Thurston and Ashford; Nobles Widemann, Kauhane, Hind, Burchard, Marsden, Anderson, Von Tempaky, Isenberg; Reps. Brown, A. Horner, Rickard, Apili, White, Kalua—18.

Noes—Nobles Cummins, Macfarlane, Muller, Pua, McCarthy, Phillips, Crabbe, J. M. Horner, Baldwin, W. Y. Horner, Walbridge, G. N. Wilcox; Reps. Cummings, Barques, Lucas, R. W. Wilcox, Ross, Bush, Kamei, Baker, Kahookano, Waipulani, Kapahualo, Kanealii, Halstead, Kamai, Rice, A. S. Wilcox—28.

The motion to refer to the committee on Commerce was carried. At 12:20 P. M. the House adjourned to 10 o'clock A. M. Thursday.

Minister Ashford states, with regard to questions asked yesterday, that he has sent them to the Marshal and hopes to have an answer ready to-morrow.

Rep. Kapahualo resolved that \$600 be inserted in appropriation bill to improve road over Pali at Wailuku, Molokai. Laid on the table to be considered with the appropriation bill.

The Honolulu Fire Department will give a grand subscription ball on Tuesday evening, June 10th, at the Rifles' Armory.

Los Angeles, Cal., May 20, 1890.

W. J. BRODRICK, Esq. - DEAR SIR: In response to your application for colony of vedalia cardinals...

Twenty-five miners were buried.

Twenty-five miners were buried in a cave-in in a coal mine at Ash-near Wilkesbarre, Pa., on the 31st.

LOCAL AND GENERAL.

The Friend for June has been laid on our table. A meeting of the Y. M. C. A. boys will be held this afternoon at 3 o'clock.

There is a baseball team on board the Charleston. It is a good one, so 'tis said. Mr. Levey sold several of Dr. Trousseau's boats yesterday realizing \$590.

Mrs. Dyer has opened a dress-making establishment corner of Kinau and Punchbowl streets.

A meeting of the Catholic Ladies' Benevolent Society will be held Friday afternoon at 3 o'clock at the Convent.

Mr. R. C. Barnfield, the artist, will leave on Saturday next for a trip to the Sound, and expects to return in a few months.

At 4:30 o'clock this afternoon the Ladies' Annual Tea Party will be given in the parlors of the Central Union Church.

Professor Dana's "Volcanoes of Hawaii" is now on sale at the Up-Town book store, at \$5, the same price as in New York.

There were fifty-nine deaths in Honolulu during the month of May, fourteen from fever, seven from old age, six from consumption.

The tender for erecting the new iron market building which arrived on the ship Borrowdale, has been awarded to Mr. George Lucas for \$3,250.

Mr. J. W. Chamberlin is the sole agent in this kingdom for Henry M. Stanley's "In Darkest Africa." It will be ready for delivery about August.

Dr. Henri McGrew, after an absence of four years in Paris, has resumed practice at his old office, Hotel street. His office hours are given elsewhere.

Mr. Chas. Hustace, Jr., is to be congratulated on his elevation to the position of cashier in Bishop & Co's.

The Paradise of the Pacific for June is out. On the first page is a picture of the Government building showing the Legislative hall, re-published by request.

At the monthly meeting of Engine Company No. 1 held last evening routine business was transacted and two new members were elected.

The Rev. Robert Hudson, chaplain on the U. S. Flagship Charleston will preach at the service of the second congregation of St. Andrew's Cathedral Sunday evening next at 7:30 o'clock.

The appropriations of the Hawaiian Mission Children's Society for the ensuing year, says the Friend, amount to \$7,735.

The Hawaiian Evangelical Association meets at 9 o'clock this morning and at 1:30 o'clock in the afternoon. At 4:30 o'clock the Ladies' annual tea party will be held in the parlors of the Central Union church.

The second session of the Woman's Board of Missions was held last evening in the Central Union church with a large attendance.

The feast of Corpus Christi will be observed at the Roman Catholic Cathedral today by low masses with Holy Communion at 6 and 7 a. m., high pontifical mass at 10 a. m., rosary and benediction of the M. B. Sacrament at 3 p. m.

Mechanic Engine Co. No. 2, held its monthly meeting last evening, there being a fair attendance of members. It was decided to have the letter "M." in the center of shield of the shirt.

The Honolulu Fire Department will give a grand subscription ball on Tuesday evening, June 10th, at the Rifles' Armory.

About twenty minutes before 8 o'clock yesterday evening a fire was discovered in a room over a Chinese laundry on Beretania street just below Kaunakapili church.

KAWAIAHAO SEMINARY.

The Closing Exercises of the Institution Held in Kawaiahaeo Church. The Kawaiahaeo church contained a large audience yesterday afternoon on the occasion of the closing exercises of the Kawaiahaeo Seminary.

At the back of the large platform stood pots of ferns and palms, while vines were twined around the pillars and chandeliers throughout the church. The front of the organ gallery was also decorated with festoons of greenery.

A meeting of the Catholic Ladies' Benevolent Society will be held Friday afternoon at 3 o'clock at the Convent.

Mr. R. C. Barnfield, the artist, will leave on Saturday next for a trip to the Sound, and expects to return in a few months.

RECEPTION.

The United States Minister and Mrs. Stevens Entertain at the Legation. One of the most pleasant receptions in Honolulu in a long time was that given yesterday afternoon by Hon. John L. Stevens, U. S. Minister Resident, and Mrs. Stevens at the U. S. Legation, Nuuanu Avenue.

The decorations on the front veranda and around the house consisted principally of flags placed in such a position as to make the scene very effective. The parlors were also attractively decorated.

That Shirt Button Can get a man's "dander," and cause more confusion and bad language when it isn't there, than anything we know of. It is a very little thing, but it worries a man in this world, and wear him out and bring him down to fill an early grave. If on rising in the morning he puts his naked foot on the button, and a tin tick that's another little item that gets his "hair off." It's always the small matters that cause the trouble, a tag end of a cigarette burned down China; a little stream of water half an inch wide, washed away the dam of Contentment and lost thousands of lives, at the Johnston disaster. So it is with disease, it begins in a small way and gradually extends its ramifications until it is complete master of the situation, and then it is probably too late to do any good. The way to a long life is to attack it in its initial stages; when sickness is coming on it always gives ample warning, the symptoms are slight, perhaps, but none the less important; approaching disease always casts its shadows before, different people get different symptoms, one gets headache, another neuralgia, a third lassitude, a fourth loss of appetite, and so on. Any constitutional disturbance must tell you that the processes of life are not properly progressing, that some part of the human machinery is disorganized and if you neglect this irregularity, chronic disease will positively result. Hundreds of people are buried into untimely graves through neglect of the first symptoms. We want you to know that Cleverly's Tonic is the article that will arrest the progress of disease of all kinds if taken at the onset. Cleverly's Tonic is an article that has never yet and never will fail to regulate all the processes of animal life, it aids perspiration and respiration, secretion, digestion, assimilation, elimination and excretion; it stimulates the liver and cleanses the congested hepatic glands and ducts and renal passages of all morbid and impure accumulations. Cleverly's Tonic invigorates the stomach and regulates the bowels and braces up the whole corporeal structure. It prevents fever, malaria and ague. It prevents the relaxation and depression so prevalent in the hot weather, enriches the blood, restores all lost nerve power, and gives tone to the system. Cleverly's Tonic will do all this and more, it will save life, and the evidence which we have received from its influential patrons and the eulogistic press notices, are sufficient to prove the above statements even to the most sceptical, and we will send copies on application to F. M. Clements, Newtown, Sydney. To be had, wholesale or retail, of HOLLISTER & CO., 109 Fort St. 1520 102-1m

CHAUNCY-HALL SCHOOL.

This Private school offers unusual advantages to those preparing for the Massachusetts Institute of Technology, for Business, or for College. Minute care is given to the health and to the individual needs of each pupil. Special Students, many of whom are young ladies, may be found in all the regular classes. The school building was erected solely for its present use, and is in the most elegant part of Boston, very near the Institute of Technology, the Natural History Museum, the Art Museum, and the handsome churches, hotels, and private homes. The sixty-third year begins Sept. 17, 1890. Several pupils from the Hawaiian Islands have been in the school during the past four years. 153-4t

DR. JOSEPH HASS'

Hog and Poultry Remedy

A Certain Cure for the Diseases of

HOGS AND POULTRY

1st. It puts your pigs in first-class condition. 2d. It stops cough, and regulates the bowels. 3d. It will keep sows healthy during pregnancy, and superinduce a sound progeny. 4th. It will arrest disease in every instance, if administered before the vital parts are beyond the reach of aid. 5th. It destroys worms and hastens maturity. 6th. It is a thorough preventive. Feeders who use it all the year round have no disease among their swine. 7th. It will repay its cost many times over in the extra pounds of pork it will make without extra feed. Hogs treated with it will gain two or more pounds, while others are gaining one. The reason is it regulates the digestive functions and enables the animal to convert every particle of food eaten into pork, involving no waste. Hundreds of testimonials from breeders in England, Germany, Scotland, Ireland, the United States, New Zealand, and Australia.

TESTIMONIALS:

"Dr. Hass' Hog Remedy is a certain preventive of disease, making pigs thrive well and gain flesh fast. (Sd.) J. N. WALTON, Birmingham, Eng. (Purveyor to H. M. the Queen and H. R. H. the Prince of Wales.) "Our experience has shown that Hass' Remedy will prevent disease in hogs and that the increase in flesh by its use more than covers the cost. "GILLILAND, HACKWORTH & BUCKLES, Coffeyville, Kansas. "A good investment as a pork producer, to say nothing of its preventing disease. "L. R. WOODS, Keene, Kentucky. "I do not think it safe to be without Hass' Remedy to prevent disease. After a thorough test I am sure it is a valuable medicine as well as a pork producer. "B. F. DORSEY, Breeder Ferry, Illinois.

GEO. W. LINCOLN,

THE WELL-KNOWN BUILDER, IS STILL IN THE FIELD AS A CONTRACTOR, and is now better prepared to do any and all kinds of work appertaining to contracting or any other class of work belonging to his trade, in the same good and workmanlike manner as heretofore; having curtailed my shop expenses and still retain plenty of room to do any and all kinds of work appertaining to the building trade that may be entrusted to my care. I am enabled to do the same at very low rates, to suit the extremely dull times, and at the same time bearing in mind that what is worth doing at all is worth doing well.

Thanking the public for past favors, I remain respectfully yours,

GEO. W. LINCOLN.

LEONHARD & ROSS,
