

Established July 2, 1856.

VOL. XV. NO. 3111.

HONOLULU, HAWAIIAN ISLANDS, WEDNESDAY, JUNE 29, 1892.

PRICE 5 CENTS.

PRESIDENT BENJ. F. HARRISON. REPUBLICAN NOMINEE FOR RE-ELECTION IN NOVEMBER.

NOMINATED

Harrison and Reid are Chosen by the Convention.

Only One Decisive Ballot is Taken and Results in the Defeat of the Plumed Knight.

Close of a Convention with but Few Parallels in the History of the Republican Party.

Blaine Men will Take Off Their Coats and Work for the Ticket.

Credit is due to Captain Griffiths, of the barkentine S. G. Wilder, for the following full account of the doings of the National Republican Convention.

MINNEAPOLIS, June 10. — Texas contemplated the re-nomination of President Harrison. Any other State might have done the same thing, perhaps, but the fact remains that it was one of the greatest of the Democratic States which made the nomination of the Republican candidate for 1892 a certainty.

Mr. Blaine informed his friends two or three days previous to the nomination that he knew the chances for his nomination for the Presidency were slowly and irretrievably fading. Gallant efforts were made to revive them, and they were supported by generous expressions of popular feeling.

The movement was at an early day characterized and impressive. The first alarming incident to those who were behind the name of Mr. Blaine was the inability of Clark-son to influence the vote of Iowa.

known to have been long lovers of Blaine and devoted to his fortune. It was divulged that there was pretty nearly a solid South for Harrison. It may be noted that the whole majority for the majority report of the committee on credentials last night came from Kentucky and Georgia.

THE CONVENTION.

At the appointed hour for assembling many delegates were absent from their seats, and it was not until 11:35 o'clock that Chairman McKinley handled his gavel and rapped the assemblage to order.

After prayer the Pennsylvania delegation announced that it had selected David Martin as the national committeeman from that State; vice Quay. The first question before the house was on the remainder of the majority report of the Committee on Credentials.

Amid much excitement and enthusiasm Quay announced that in order to get to balloting immediately the opposition to the adoption of the report was withdrawn.

Quay's announcement was caused by the decision of the Blaine leaders not to further delay matters, but to push for a vote. Rumors of a stampede to Harrison among the Western delegates became prevalent at this hour, and it was reported that Idaho and others would rally to the President if Blaine's name were dropped.

Following Quay's withdrawal of the opposition to the credentials committee's report the chairman announced that nominations for President were in order. A buzz of expectation followed, and it was whispered that Blaine's name would not be formally presented, but that his supporters would cast their ballots for him in order to keep their forces intact, and, if necessary, to throw their strength to some compromise candidate.

It was also stated that Alger's name would not be presented, and that the votes intended for him would be presented to McKinley. After Mrs. Helen Foster, of the Women's Christian Temperance Union, had addressed the convention and was liberally applauded, the call of States for the presentation of candidates began.

The secretary called, without response, Alabama, Arkansas and California. When he reached Colorado Senator Wolcott was recognized by the chair.

BLAINE NOMINATED.

Wolcott, of Colorado, took the platform to nominate Blaine. At the first mention of the ex-Secretary's name a storm of cheers swept over the convention, and order was not restored for several minutes. Wolcott predicted a great victory in November for the great unrewarded leader of the Republican party—Jas. G. Blaine.

The speaker's declaration that Blaine had never been President of the United States, but that he would be in 1893, caused enthusiastic applause and the waving of handkerchiefs. Wolcott said that he was proud to cast his vote for a man who had always sought everything for his country and nothing for himself.

ensued beggars description. The noise completely drowned the band, which started to play, and the audience caught up the refrain, "Blaine, Blaine, James G. Blaine," and began to shout in unison. At 1:10 o'clock, after the cheering had lasted for nearly thirty minutes, the hall began to gradually quiet down, when the chairman began to rap for order. There were symptoms of another outbreak, but the storm of applause finally subsided.

HARRISON NOMINATED.

The Indiana delegation called Colonel Dick Thompson to take the platform to present the name of Harrison and prolonged cheering followed. Col. Thompson said he proposed to present a man who did not seek success by the detraction of any other great Republican. After an instant's pause he said: "I nominate for President General Harrison. [Great cheering]."

THE VICE-PRESIDENT.

With President Harrison on the head of the ticket there was considered to be but one thing to do to make New York State solid, and that was to put a New York man in the second place. In the evening when the Convention met the calling of States for nominees for Vice-President was the first thing in the order of business. The clerk began his task after the regulation fashion, and not until the State of New York was called was there any sign of a nominating speech.

The exact effect which Harrison's nomination is to have upon the party will not be known until the passions of men have subsided. There is a great deal of bitterness to-night, and probably much of this will live during the campaign, but whether it will be sufficient to endanger the success of the Republican ticket is problematical.

THE BALLOTING.

The roll-call commenced with a steady gain for Harrison, and it was obvious that he was nominated by considerable majority, but it required some time for the clerks to foot up the results. During the interval McKinley had again taken the chair, and half an hour later asked the clerks to announce the result of the roll-call. "The whole number of votes," said the clerk, "is 904 1/2 and the number necessary to a choice is 453."

Table with 2 columns: Name, Votes. Harrison 535 1-6, Blaine 182 1-6, McKinley 182, Reed 4, Lincoln 1.

WINTER & WINTER DENTISTS.

We agree to perform all operations in Dentistry in a skillful manner. A full upper set of Teeth on rubber base (no better can be made) from \$15 to \$30.

THE VOTE BY STATES.

By Authority

Notice to Property Owners on Emma Street, from Beretania to School Streets.

If the property owners on the above street will furnish the curbing, the Government will do the work.

The material required is as follows: 3x12 rough redwood plank; 4x6 rough redwood posts; 7/8x3/4 in. carriage bolts, and 60 penny galvanized nails.

For further information inquire at the office of the Road Board.

W. H. CUMMINGS, Road Supervisor.

ASSESSORS' NOTICE.

To the Inhabitants and other persons liable to Pay Taxes in the Hawaiian Kingdom:

The Assessor of the Hawaiian Kingdom hereby give notice that their offices will be open from the FIRST TO THE THIRTY-FIRST DAY OF JULY, inclusive, from 9 A. M. to 4 P. M. (Sundays and Holidays excepted) and on SATURDAYS until 12 noon, and all persons liable to be taxed in said Kingdom, either in their own right, or as Guardian, Administrator, Executor, Trustee or otherwise, are required by law to bring in to the Assessors, within the time above specified, true lists of all their polls and estates both real and personal.

Your attention is called to the following Rules and Regulations of the Minister of Finance for the Assessment and Collection of Taxes for the Hawaiian Kingdom:

- No. 1—Value of land to be separate from value of Buildings and Improvements. No. 2—In making a return, state the street and number of lots in town, and lots in the country shall be described by noting the name of the Ili or Alupaa in which they are situated, and the number of the Land Commission Award and Royal Patent under which the land is held. Also, state if any property has been sold during the year, to whom and for what price. No. 3—Returns of Personal Property are to be as of your Books of July 1st, 1892. No. 4—Under Leasehold Interests a Schedule must be given of all leases, their term, rental and unexpired term. No. 5—Growing Crops of all kinds, not specified above, are taxable. No. 6—All Schedules attached to this return are a part hereof, and must be filled out as follows: Schedule A—Entitled "Growing Crop of Cane." Requires the following particulars: No. of Acres, Description, Value per Acre, and Estimated yield in tons of Sugar of Crop Cane. Schedule B—Entitled "Lands Leased." Requires particulars as per rule No. 4. Schedule C—Entitled "Lands held in fee simple." Requires particulars as per rule No. 2. Also, state if the land is Forest, Cane or Pasture. Schedule D—Entitled "Cattle List." Requires No. and Value of Working and Herd Cattle, Milch Cows and Bulls, Native or Imported. No. 7—Consignment of Property, wherever from, in or out of Bond, are to be taxed here.

- C. A. BROWN, Assessor for Oahu. O. H. DICKEY, Assessor for Maui. H. C. AUSTIN, Assessor for Hawaii. J. K. FARLEY, Assessor for Kauai.

Approved by

H. A. WIDEMANN, Minister of Finance, 3104-3w

The Minister of Finance approves of the following list of persons to act as Deputy Assessors and Collectors for the year 1892:

WHERE ARE THE QUARTERS?

Complaints come from many directions as to the scarcity of twenty-five cent pieces, and we have been requested to call attention to the fact that while the Government money bags are bursting with coins of this denomination, they are hardly to be found elsewhere. Whether the whole amount now in the Treasury could be absorbed in the general circulation may be perhaps doubtful, but there is at any rate little doubt that many more are needed than are now in use. Quarters are inconveniently scarce, and the only persons who do not feel this scarcity are those who are too rich ever to require a coin of so small and plebeian a denomination. For plain people of moderate means the frequent use of quarters, dimes and half-dimes is a necessity, and more of all these are needed to meet the requirements of those numerous petty exchanges which are always in the majority. The need indicated can be readily met by the banks or any business houses having transactions with the Treasury, any of which can make use of the opportunity to secure a quantity of these coins and put them into general circulation.

IN THE HOUSE.

Yesterday was a day of activity among the standing committees of the House, several important reports having been read, the most important perhaps being that relating to the amendment and consolidation of the Postal Savings Bank laws. The Finance Committee substitute a bill of their own for that of the Minister of Finance. The same committee reported adversely to the bill providing for keeping the Government accounts in English and Hawaiian, and this action, conjoined with the temper of the House on the matter, will undoubtedly kill the measure. It is one which crops up at every session, but the objections to adopting any such costly and cumbersome system are too obvious, as well as too weighty, to need recounting. Moreover, the general introduction of English schools which has marked the past few years, will of itself effectually dispose of any necessity for a double set of accounts.

The Road Board came in for a scolding yesterday which seems to have been well deserved. It appears that this honorable body has adopted the extraordinary principle of not discharging any indebtedness incurred prior to the beginning of their term of office. Certainly the law which created the road boards never dreamed of investing them with the power of repudiating the public obligations, that dishonorable privilege being reserved solely to the Legislature itself. In the case which led to the discussion yesterday, it seems from the report of the Finance Committee and the statements of members that Mr. Colburn has a claim against the Government which is both legal and just, and it does not appear that the Road Board had any ground for refusing to pay it except that it arose before they came into office. This is as if a new Cabinet should refuse to pay any Government

debts which they had not contracted themselves. The motto of the Road Board probably is: "We are the State." Whether this be so or not, the Board would do well to pay all just claims without delay, before the claimants adopt Noble Widemann's suggestion, and proceed to teach them their duty in a Court of law.

FINE SOAPS For Family Use.

AN INVOICE JUST AT HAND. ROYAL SAVON. It is made only from purified oil, upon an entirely new principle—boiled and thoroughly saponified—giving it a very agreeable odor. As a Laundry Soap and Grease Eradicator, it stands unrivaled in the market, requiring a less quantity of Soap and less work to do the washing of a small family than any ordinary rosin Soap. It will wash equally as well in hard as soft water. OIL and BORAX—guaranteed to be the finest oil and Borax Soap in the market; not adulterated with any material to cheapen its cost. Full weight. WHITE CASTLE SOAP—Harness Oil, Salad Oil, Worcestershire Sauce, Putz Pomade, Idanha Water.

Hawaiian Hardware Co., L'd.

Monday, June 27, 1892.

We are believers in the efficacy of advertising, whether it be in the form of display or the colloquial, but the three or four-line local, which appeared in this paper last week regarding a set of China imported by us from France for one of our customers, has brought to our store so many of that person's friends who wanted duplicate sets that we have had our hands full waiting upon them. Fortunately we have some sets so nearly like it in shape and coloring that it would take a "Conoozer" to distinguish one from the other.

The shapes are odd and irregular, as different from the conventional dinner plate as French ware is from the English. The crimped edges reminds one of the New England housewife's decorations on her Thanksgiving pie while the fleur de lis design is so delicate that it will harmonize with anything from soup to cheese. The ability of the artist is shown even beyond the tinted decorations, for, pressed lightly into shape, are exquisite scroll designs scarcely discernible except when the piece is held to the light. The beautiful combination of shape and color is so artistically blended together that it is doubtful if the manufacturers have ever shown a more perfect product—we never have. The price is easy.

These goods arrived last week and with them came other things perhaps not so beautiful but quite as useful. Hand Sewing Machines for instance—we've been out of them for months—and our customers have written that they must have the "New York Favorite" and would take no substitute. It was impossible for us to get this Machine until now, because the demand was larger than the output of the factory. Everyone who has ever seen the "New York Favorite" knows it is the best Hand Machine in use—and the cheapest.

Do you remember what a run there was on Bean Pots when we imported the first lot from Boston a few months ago? We have more of them—large and small size,—the best in the world and you can get a delicious dish if you follow this recipe in cooking:

Take beans, not too old and without imperfection. Immerse in cold water to stand through a night. Then, boil in a moderate way, till inspection. Shall find them to touch and taste tender and right. Now transfer for baking, your condiments adding— Don't leave out the pork! such omissions were strange. And last, to conclude the important proceeding Let them bake slow and sure in a Fischer Steel Range.

Mammoth Lamps suitable for stores, reading rooms, or places where much light is needed, are offered to you now at lower prices than you have ever dreamed of and, if your dividends have been reduced and find retrenchment the order of the house, a water monkey will be of great assistance in economy in the ice question. They're excellent to have in your room at night, some people wake up with a thirst; to these folks the water monkey is indispensable.

Supplementary to the remarks to the retail trade we desire to say that our stock of Barbed Fence Wire is as complete as any in Honolulu. We have one ware house filled with this material—almost enough to fence in the Islands. Kegs and kegs of nails, too, have been added to our stock, because there is a constant demand for them and we have the stock to draw from.

Perhaps you don't know just how large a stock we have?

LOCAL AND GENERAL.

Two residence lots are for sale. See advertisement.

Fireworks in all styles and prices can be had at Lederer's I. X. L.

Wing Wo Chan & Co. have a new consignment of matting and Manila cigars.

The Alameda, from the Colonies, may be expected this afternoon about 4 o'clock.

The next term of the Kamehameha School commences on the first Monday in September.

Egan & Gunn have special bargains in shirts this week. See prices in their new advertisement.

The trial of Henry Poor charged with embezzlement was postponed again yesterday until July 6th.

W. W. Chamberlain left by the Kinai on Tuesday, to join the surveying party on Mauna Kea, Hawaii.

A yacht race will take place on the Fourth of July for the Hawaiian Challenge Cup and Pennant for 1892.

Five young men at Oahu College are taking Yale College preliminary examinations under President F. A. Hosmer.

Captain Griffiths was an eagerly sought for man yesterday morning. He had a newspaper or a kind word for all of his visitors.

The Claudine will leave for Maui on Sunday evening at 6 o'clock, and will arrive at Kahului at 5 o'clock on the morning of the Fourth.

Jas. F. Morgan will sell at auction this day at 10 A. M., the large two-story wooden building corner of Baretania and Alaka streets.

Three professors left for Hawaii by the Kinai yesterday, and four more left by the Claudine for Maui, among the latter were two ladies.

Prof. A. B. Lyons, of Oahu College, left yesterday for the Kinai for a trip to the volcano. He will remain probably ten days at the volcano.

About one thousand invitations will be issued for the ball to take place at the Hotel on Monday evening under the auspices of the Fourth of July Committee.

John Waterhouse, Jr., has gone to the volcano. It was rumored that the object of his visit was to find out more about the subject of "re-annation." Just the place to go to.

The National Democratic Convention was to meet at Chicago on the 21st inst., so the Monowai, due here on Friday, is likely to bring the names of the Democratic candidates.

Both the Flagship San Francisco and H. B. M. S. Cruiser Champion were gaily decorated with flags yesterday in honor of Coronation Day. A national salute was fired at noon.

The concert in aid of the Kani Industrial School netted \$366. Miss Smith wishes to thank the public for patronage and the ladies and gentlemen who so kindly volunteered their services.

By the last mail, a letter was received from Mr. Levi Lyman who accepts the position of Superintendent of Machine Shop, and will report for duty early in August.

The Fourth of July Committee has arranged with the Base Ball Association to have a game on the Fourth between the Crescents and the Hawaiis. The admission will be free on that day.

First-baseman Thompson of the Hawaiis has been promoted to captain of the nine. It is the intention of the new captain to re-organize his nine, and put in some new players that are expected to be a big improvement on the old ones.

The sailors' friend, Al White, the well known San Francisco city front caterer, forwarded on the barkentine S. G. Wilder, four bundles of assorted reading matter for the crew of the Flagship San Francisco. Captain Griffiths delivered the packages yesterday.

There will be plenty of amusement on the Fourth of July. The Maui races, the excursion and picnic to Remond Grove, the base ball game, literary exercises, and the grand ball in the evening, will furnish enough enjoyment for the people who remain at home.

Another proof of the ADVERTISER'S enterprise was furnished yesterday when shortly after noon its subscribers were served with an "extra" containing a full account of the Republican convention. Copies of the extra paper were also mailed to GAZETTE subscribers on the other islands.

Miss Nellie von Gerichten has kindly presented to Punaohu Museum, through President F. A. Hosmer, a number of valuable curiosities including pairs of walrus' tusks, carved ivory canoes, dolls, and other curios from Point Barrow and Alaska. Mrs. and Miss von Gerichten will leave for the United States next Thursday on a sailing vessel.

The Panahon Glee Club, consisting of twelve boys with three teachers, Mr. Wood and Misses Dale and Wing, left by the Claudine yesterday on a concert tour around Maui and Hawaii. The Glee Club will open three concerts on Maui, after which they will proceed to Hilo, Hawaii. As the steamer left the wharf, the boys sang one of their popular songs to the delight of people on the wharf.

If you want to reach the public you must advertise in the ADVERTISER.

AT KAMEHAMEHA.

The Annual Exhibition a Credit to the School.

Fine Singing and Good Speaking a Special Feature of the Evening.

The annual exhibition of the Kamehameha School was held at Bishop Hall last evening, and was thoroughly enjoyed by the small audience present.

The invitations were limited by the seating accommodations, but as many of the invited guests did not appear, there were empty seats. It was too late and too rainy to go out into the highways and hedges and compel anyone to come in.

At about half past seven, Her Majesty entered the hall, accompanied by Governor Cleghorn, the young Princess and ladies-in-waiting, and shortly thereafter the exercises were opened with prayer by Dr. Hyde, followed by the singing of the full school chorus.

The programme for the evening was as follows:

INVOCATION. SCHOOL CHORUS. "The Jolly Life!" School Chorus Recitation. "A Boy's Wish" C. Jones.

Recitation. "That Wonderful Pocket" W. Kamana.

Recitation. "The Camel's Lament" E. Robins.

"May Song" Osgood Glee Club.

Paper. "The Kamehameha Sentinel" "On a Bank" Werner School Chorus.

Recitation. "What of the Bow" J. Kamaka.

Composition. "The Legend of Lohiau" A. Kahiliialau.

"Anne Laurie" Buck Glee Club.

Fare. "The Tall Bonnet" S. Lewis, E. Robins, H. Makana, I. Pahee and H. May.

"The Maiden of the Fleur de Lys" School Chorus.

Recitation. "The Trick of a Tramp" B. Rickard.

Recitation. "Sheandoah" J. Aea.

Hawaiian Glee. "Eieie" Glee Club.

Discussion. Resolved, that the killing of Capt. Cook at Kealekua Bay was provoked by his own dishonorable conduct.

Affirmative: I. Harbottle, H. Blake, S. Mahuka. Negative: M. Hoonani.

"Nobody knows the trouble I've seen. Keep me from sinking down." School Chorus.

Declaration. "Lady of Shalott" W. Manalo.

Declaration. "The Singer's Hubert" J. Harbottle.

"Slumber Song" Taubert Glee Club.

All the work done showed the results of faithful study and preparation. The recitations and speeches were, as a rule, characterized by good enunciation and intelligent delivery. The farce of the "Tall Bonnet" excited a great deal of merriment, and was really carried out with a good deal of spirit and humor. The debate on the merits of the quarrel which led to Captain Cook's death was well sustained on both sides, the subject—a well chosen one—being calculated to bring out the real thoughts and sentiments of the disputants. The singing both of the school chorus and the glee club was of a high character, and reflects the greatest credit on the instruction given by Mr. Richards.

Everyone who was present at the exhibition last night must have gone away feeling that the Kamehameha schools are an institution of saving power for the Hawaiian race, and that their influence and success are, in a large measure, due to the efficient management of Mr. Oleson and the able and faithful corps of teachers, of which he is the head.

"German Syrup"

For Throat and Lungs

"I have been ill for Hemorrhage about five years, I have had the best Five Years. medical advice, and I took the first dose in some doubt. This resulted in a few hours easy sleep. There was no further hemorrhage till next day, when I had a slight attack which stopped almost immediately. By the third day all trace of blood had disappeared and I had recovered much strength. The fourth day I sat up in bed and ate my dinner, the first solid food for two months. Since that time I have gradually gotten better and am now able to move about the house. My death was daily expected and my recovery has been a great surprise to my friends and the doctor. There can be no doubt about the effect of German Syrup, as I had an attack just previous to its use. The only relief was after the first dose." J. R. LOUGHREAN, Adelaide, Australia.

THE LEGISLATURE

Twenty-Sixth Day.

TUESDAY, June 28.

The House was called to order promptly at 10 A.M., President Walker in the chair. After prayer, the minutes of preceding day were read and approved.

PETITIONS.

Rep. Bush presented a petition asking for an improvement of Pali road. Referred to Committee on Public Lands.

Also from Waimea, Kauai, asking for a new treaty with the United States. Referred to Committee on Foreign Relations.

Also, to abolish Board of Health. Referred to Sanitary Committee. Also, to make Crown lands Government property. Laid on the table with bill.

Rep. Aki presented a petition asking for an appropriation of \$5000 for a street from Smith's bridge. Referred to Committee on Public Lands.

Noble Williams presented a petition asking that measures be taken to exterminate the mongoose. Referred to Committee on Public Lands.

Rep. Bipikane presented a petition from Hanalei, that licenses be granted to retail spirituous liquors in each district. Referred to Temperance Committee. The speaker stated that he was a temperance man himself, and presented the petition because it was sent to him, not because he endorsed it.

Also, a petition that three members of the Board of Health be elected yearly for each district. Laid on the table with bill.

Noble Fua presented a petition from the Lele settlement, asking that certain rations which had been discontinued be issued to them. Referred to Sanitary Committee.

Rep. Koahau presented a petition from Honolulu, that the weight at a price not to exceed 5 cents a pound. Referred to Committee on Commerce.

Rep. Iosepa presented a petition asking that \$1000 be appropriated for retailing at Hana, and \$5000 for roads in Hana. Referred to Committee on Public Lands.

STANDING COMMITTEES.

Noble Baldwin reported for the Finance Committee on the bill providing for keeping Government books in English and Hawaiian. The committee recommend laying the bill on the table, because of the great expense it would involve, and the difficulty of obtaining competent book-keepers to do this work. The report was laid on the table, to be considered with the bill.

The same committee reported on the bill to consolidate and amend the laws relating to the Postal Savings Bank, as follows:

1. In Section 3 of the bill. The original Section 3 of the Law of 1884 required that each deposit should be attested by the signature of the receiving officer and the date stamp of the office. The amendment proposed is to omit the requirement of the date stamp. The committee recommend that the amendment be adopted.

2. Amendment proposed in Section 10, where withdrawals are now required to be attested by signature and date stamp. The amendment proposes to eliminate the date stamp requirement.

3. A third amendment is by the addition of a new section, No. 24, by which the Minister of Finance, with the advice of the Cabinet, will be allowed to fix at will the maximum deposit in the bank which is now by law \$2500. The committee recommend that an amendment be made to Section 11 by which the Minister may in his discretion reduce the maximum to \$2000.

4. The fourth amendment proposed is in Section 11, and proposes to require deposits to be made two months instead of one month prior to July 1st in order to be exempt from taxation. The committee favored the proposition, as it will prevent short deposits for the purpose of avoiding taxation.

5. The next amendment proposed is in Section 17, and proposes to increase the maximum interest, in the discretion of the Minister of Finance, to 6 per cent, and to reduce the bond which may be issued to \$200. The committee recommend that the amendment be made, and that a further amendment be made reducing the length of time from six to three months, during which deposits must have been in the bank prior to becoming available. With a view to further secure the bank against sudden and unexpected demands, the committee recommend that Section 10 of the Act be amended so that all amounts of \$100 and under shall be payable on thirty days' notice, and amounts over \$100 on six months' notice, with discretion in the Postmaster-General to make payments prior to the expiration of the time mentioned in such notice. The committee submitted an amended bill in conformity with the recommendations.

Laid on the table with the bill. The same committee reported on the claim of John Colburn against the Road Board. The committee find that Mr. Colburn has a perfectly valid legal claim, and that the Road Board had no ground for refusing to pay it. They therefore recommend insertion of the amount in the Appropriation bill.

Noble Thurston said the Road Board was very censurable. It had simply taken the ground that it would not pay any outstanding bills incurred before it came into office. The result was to waste the time of the House. He was informed that there were a number of other claims of the same nature.

Rep. Kamaoaha said the report should be adopted, but the Road Board was not censurable as the account was an old one of which it knew nothing.

Rep. Smith wanted to know why the amount was not paid out of the Honolulu road tax.

Noble Thurston said there was no earthly reason why it should not be, except that the Road Board had refused to do it.

Rep. Smith said this was establishing a bad precedent as the money should be paid out of the Honolulu road tax, and there was no valid reason for inserting it in the bill.

Rep. Nawahi agreed with the last speaker. This looked like an attempt on the part of someone to get the Honolulu road bills paid out of the public treasury. He had been told that the account was very mixed up. He would therefore move the petition be laid on the table.

Noble Baldwin said the claim was a just one, so recognized by the Minister of the Interior, and it was a shame the man had not been paid. It seemed a pity in such a case that he should have to go into Court to recover his money.

Noble Young wanted to know whether the Road Board had not power to pay it. On being answered, yes, the speaker said he could not favor the report then.

Noble Neumann wanted to know why the Road Board did not pay.

Noble Thurston said there is no reason. It is pure cussedness. Noble Neumann said that was what he supposed. He could not favor the report but hoped Mr. Colburn would sue the Road Board, get costs and damages out of them, to teach them their duty.

Rep. White favored the motion to lay the report on the table, and agreed that it would be establishing a bad precedent to insert an item in the bill. This bill would be the rat which gnawed the first hole in the bag of corn and other rats would follow. The House should not be troubled with petty claims of this kind. The report was laid on the table.

Noble Thurston reported for the Committee on Public Lands on a number of petitions asking for road appropriations: (1) Appropriation of \$1000 for extension of School street.

(2) \$8000 new street mauka from School street bridge to Kuakini street. (3) \$5000 for a new road from King street near Nuhelewa to connect with the Asylum road. (4) In the grade of Kamaoaha street. (5) \$5000 for the Pauoa road. (6) Opening a new road from a point on King street opposite the residence of J. L. Dowsett mauka to connect with a proposed extension of School street.

The committee find that the above are for new roads. The opening of the proposed roads would undoubtedly raise the value of lands, increase the taxes and open up land which is now unapproachable. Although the committee are of opinion that the opening of the proposed streets is in the public interest, they are unable to recommend the appropriation, they having no data of the amounts necessary. (7) \$5000 for Pauoa valley road. The committee recommend it be laid on the table. (8) Grading of Kuakini street. The committee find that the road can be finished at an estimated cost of \$2500 and recommend insertion of the same in the appropriation bill. "Completion of Kuakini street, \$2500." The report was adopted.

Rep. Wilder reported for the Committee on Commerce on the bill to provide for a Government storehouse or warehouse as follows: "To authorize the construction of warehouses for the storage of kerosene and other inflammable oils or substances." The committee are of opinion that the Government should not conduct any business which any person, company or corporation is willing to undertake. Therefore they recommend the bill pass.

Rep. Wilder moved the report be laid on the table with the bill and it be made the special order for Thursday. Carried.

Noble Baldwin, for the Finance Committee, reported, recommending that \$5 be refunded to one Jos. Kapahu, for taxes collected twice. The report was adopted.

Noble Williams reported bills 65 and 66 printed.

RESOLUTIONS.

Noble Williams moved reconsideration of the vote taken the day previous on the salary of the Postmaster-General. Carried.

Noble Thurston gave notice of (1) an Act registering brands; (2) an Act providing for assessment of part of the cost of opening roads on adjoining property owners.

Rep. K. W. Wilcox gave notice of an Act to amend Sections 20, 41, 54 and 59 of the Constitution.

The Attorney-General gave notice of the following bills: (1) an act providing for the registration of yachts; (2) an Act to compel bicycles and other vehicles to carry lights; (3) an Act to regulate the importation and sale of firearms; (4) a bill relating to disorderly conduct and the use of vulgar, profane and obscene language; (5) to authorize the police to require persons obstructing the streets to move on; (6) to regulate the presence of children and adults in the streets after dark; (7) a bill to require police officers to take an oath of office; (8) a bill to provide rules and regulations for discipline of the police; (9) a bill relating to coroners; (10) a bill requiring the drivers of street cars to be licensed; (11) an Act relating to Government officials and the willful and gross neglect of their duties.

The Attorney-General also read by title an Act relating to the preparation of jury lists and the drawing of juries.

Noble Williams gave notice of an Act to exterminate mongoose and prevent their reintroduction.

Rep. Bush read by title an Act to amend Sections 4 and 8, Chapter 52, of the laws of 1890, concerning the Royal Guard.

Noble Ema gave notice of an Act providing that a license or waiver under a lease shall not extend beyond the case in which such license is made; (2) to make choices in action assignable at law.

Rep. Aki: Resolved that when the Select Committee visit Molokai, it examine into any light cases in which there may be a likelihood of a cure, and also into incurable cases. Referred to the Sanitary Committee.

Noble Macfarlane gave notice of an Act to authorize the Minister of the Interior to convey a certain piece of land to the Sailors' Home.

Noble Pua gave notice of an Act to provide a permanent settlement for the widow of one Kaula.

Noble J. M. Horner gave notice of (1) an Act to provide a duty on legacies and inheritances; (2) to amend Section 6, Chapter 28, of the Laws of 1887, regarding Chinese immigration.

The same member also introduced the following resolution: Inasmuch as strong drink, opium and tobacco are known evils that bring misery upon man when unwisely used, and whereas youth is the time of life to receive and retain strong impressions, therefore, be it resolved, that this House hereby request the Board of Education to prepare for use in the public schools of Hawaii such literature as will briefly show some of the evil effects of strong drink, opium and tobacco upon the human system when unwisely used. Moved that the resolution be laid on the table with any bill on the subject. Rep. White moved the resolution be rejected. It was just like a resolution introduced the other day requesting something. The members rose up in arms then and said the House could not interfere with the executive. Rep. Smith said the resolution should receive due consideration. It was an important matter. The House took a recess at noon.

AFTERNOON SESSION.

The House re-assembled at 1:40 P.M. The ADVERTISER Extra was distributed.

Rep. Edmonds gave notice of an Act to license carriages in Wailuku. He also read by title an Act to enable the Minister of the Interior to take possession of land in Wailuku for water works.

Rep. Aki gave notice of an Act to provide for appointing a Government physician at Kalaupapa and defining his duties. 2. To return all light cases from Molokai to Honolulu for treatment. Also notice of an Act to license tramway drivers.

Rep. Aki resolved that \$1500 be appropriated for breakwater at Waimea. Referred to Committee on Public Lands. Resolved that when the select committee visit Molokai, permission be granted to Dr. Lowell to go to and any other doctors selected by the Board; also newspaper reporters, and an attendant for each member of the committee.

Moved that the resolution be adopted. Rep. Smith said the Inter-Island S. S. Co. ought to be consulted. This was not to be a pleasure trip. That company had invited the committee, and not other people.

The resolution was referred to the Sanitary Committee on a standing vote.

Noble Williams gave notice of his intention to introduce an Act to amend Secs. 47, 49, 54, 56, 57, 75 and Secs. 1 and 3 of Chap. 108 of the Session Laws of 1890, otherwise known as the Election Law.

The Attorney-General presented his reply to questions made by Rep. Ashford on June 25th regarding the number of Chinese belonging to the Chinese community in Honolulu. Fifty-five Chinese were arrested and prosecuted and convicted in the Police Court of Honolulu, and all appealed, forty-three to the Intermediate Court and twelve to the jury term. The appeals of fifty-four of them are still pending. The Attorney-General has not abandoned or agreed to abandon any of the prosecutions against said Chinese.

The Attorney-General gave answers to questions propounded by Rep. Ashford and relative to the smuggling of diamonds into Honolulu by one Rubens in February, 1891, in substance, as follows: On September 5th, 1891, Rubens entered the jewelry in bond. On October 15th the jewelry was shipped by the steamer Belgic to Yokohama. On August 7th Mr. James F. Morgan, auctioneer, entered the same jewelry in bond, value \$1935.54, in bond. These goods were shipped away with the gems. The Minister said he was not a claimant for a share of the proceeds, and did not receive any share of the penalty. The Secretary read an invitation to the Legislature from Mr. W. T. Brigham, curator, Bernice Pauahi Bishop Museum, to visit the museum on the afternoon of Friday, July 1, or on any other convenient day.

Rep. Smith moved that the Secretary accept the invitation and make a reply thereto.

Rep. Kamaoaha, rules being suspended, read a petition from Kaona, a native Hawaiian, to make application for \$10,000 for being arrested and confined in the Police Station for ten days without a warrant.

Rep. Smith moved that the petition be laid on the table. The Marshal holds office under bonds, and he can be sued. After some discussion, Rep. Smith withdrew his motion, and moved that the petition be returned to its introducer.

Noble Thurston said that the House had no right to consider foolish petitions. Everybody had a right to send in petitions on whatever they like. It was impossible for the House to grant that petition.

The petition was laid on the table.

Noble Thurston gave notice of intention to introduce an Act entitled an Act to provide for the disposition of the Hospital Tax Fund.

The House proceeded to the ORDER OF THE DAY.

The Secretary read Bill No. 52 by title for the second time: An Act giving liens to persons who pasture, feed or shelter animals.

Reps. Koahou, Iosepa and Kamaoaha pointed out the ambiguities in the Hawaiian version.

Noble Neumann said that the bill was translated by one of the members of the House. He is considered one of the best Hawaiian scholars in the country.

After several amendments, the bill passed to third reading on Thursday.

Second reading of an Act providing for a Police Justice for the district of Hana, Maui.

The bill passed to third reading. The House adjourned at 4:01 P. M.

About Receiving Gifts.

From the receiver's standpoint all gifts may be divided into things that we want and things that we don't want. It takes no particular skill or grace to receive things that we want, but as, in times of general giving, like Christmas, the largest part of the gifts we get are things that we don't want, that branch of receiver-ship is worth attention. The two ordinary reasons for not wanting things are the vulgar one that they do not strike us as intrinsically desirable, and the more complex reason that we don't want to receive them from the particular giver. A general remedy applicable to reluctances due to either of these causes is to keep strenuously in the mind the happiness of the giver in giving.

Remembering that, you are delighted with a trifle from some one you love, because it makes you happy to have been even passively instrumental in procuring him the happiness of giving; applying the same principle, you can accept ever so costly a gift from some one for whom you care little without any irksomeness of obligation, since of course the giver had the best of it any way, and it is a great deal kinder and more generous to sacrifice one's personal inclinations and accept, than to refuse. Remember persistently that by receiving with due grace you secure to another person a desirable form of happiness.—Scribner's.

STAND BY PABST BEER.

Workingmen Say it is Purely a Union Product.

No Reason Why it Should be Boycotted.

The Federated Trades Council declares that the K. of L. Boycott is the result of Rivalry Between the Pabst and Anheuser-Busch Co's.—The Pabst Company Much More Favorable to Labor than the St. Louis Brewers.

The Federated Trades' council at its meeting last night listened to a report from a delegation from the local Journeymen's Brewers union, and then passed by a unanimous vote the following resolutions:

"Whereas, The Executive board of the Knights of Labor, in session at Pittsburg, Pa., May 14, 1892, placed a boycott upon the Pabst beer of Milwaukee in favor of the Anheuser-Busch beer of St. Louis, alleging that the Pabst beer is a non-union made product; and

"Whereas, The situation relative to the employment of labor by the two breweries is as follows: The Pabst Brewing company's beer is an exclusively made union product. All its ingredients are prepared by union labor, while the malt used by the Anheuser-Busch company, as alleged, is bought largely at malt houses located in small towns, where non-union labor is employed at a greatly reduced figure. Within the year unions in every brewing company being only one of the Pabst Brewing company have been formed, and such labor is now working under a scale perfectly satisfactory to them and which continues in force one year from its adoption. The Anheuser-Busch labor is represented both in the union and Knights of Labor, operates under the jurisdiction of the International Brewers' association. The labor employed by the Pabst Brewing company also operates under the jurisdiction of the same association, and is represented by the Pabst Brewing company, in settling its scale for the present year, secured all requests sought by it and no dissatisfaction exists relative to it among any of said employes; and

"Whereas, There appearing no reason why organized labor in any form should complain at the Pabst Brewing company's method of dealing with its employes or with the rights of organized labor, the Pabst Brewing company being only one of the brewing concerns of this and other cities in which the same scale is in use, all working under the same jurisdiction of the International Brewers' union; therefore

"Resolved, That by selecting the Pabst Brewing company for a boycott under the above circumstances, the Executive board of the Knights of Labor has perpetrated not only a manifest injustice on the Pabst Brewing company, which employs only union labor, but upon the cause of organized labor which can offer no valid reason for the placing of said boycott.

"Resolved, That it is the sense of this council, that it is the duty of organized labor to give the same protection to employes of such labor in the distribution and sale of their product that is demanded by such labor of employers in the recognition and employment of such organized labor.

"Resolved, That inasmuch as we know the charge that Pabst beer is a non-union made product to be utterly false and without foundation, and believe that the boycott placed at Pittsburg has been incited and instigated by and through the agents of the Anheuser-Busch company because of the rivalry existing between it and the Pabst company, we hereby appeal in the interest of fairness to the Pabst company as well as in the interest of organized labor which cannot prosper under the employment of such diverse and unfair methods, to the International Brewers' union to demand that the Executive committee of the Knights of Labor lift immediately said boycott, and that widespread public announcement be made of the same when done.

"Resolved, That a copy of these resolutions be sent to the officers of the American Federation of Labor at once with the request that they adopt the same or other resolutions to the same effect."

Crescents and Hawaiis!

The Admission for this day will be

FREE!

And the general public are cordially invited. Game will be called at Three o'clock. 3111-4t

ARRIVALS:

Many of the arrivals by each "Australia" go to the Hawaiian Hotel, still a great many put up at E. O. Hall & Sons for a short time. Our arrivals by the last "Australia" were from several parts of the world. A large excursion party came to us from Sheffield, England, by way of Panama and San Francisco; they were the Pocket Knife branch of the Knife family, \$525 worth in Sheffield, not a very big sum you may say, still enough to get a few dozen each of thirty-three different styles, and if you want to see some choice Knives drop in and look them over, they are right near the Fort Street entrance. People that happened in the day we were opening them up evidently thought they were good, as we sold 39 to different ones during the afternoon. The above family wishing to be in Sharp Company on their long trip, started, and came all the way in the same Compartment with over a gross of assorted Razors. All we have to say about these are that they are the three famous makes, "Rogers," "Bengal," and Wade & Butcher. Every "little Shaver" knows these makes, and uses them. But you want to know what other arrivals we had by the last Australia, so let us run down the list together; besides Knives and Razors from England, we had Brass Cup Hooks, Hall's Rice Sickles, Eley's Cart-ridges, Imray's Charts, Clark's & French Horse Clippers, 65 dozen assorted Stubs Saw Files, 32 dozen assorted Stubs Jewelers' Files, Thread Needles, 100 boxes Shoe Thread, 100 lb. Emery Powder, assorted, Stubs Plyers.

Now from Boston (by rail) via San Francisco we had, 64 assorted Bailey's Patent Planes, and some 48 in. Cotton Duck. A big lot of rail goods started from Boston the same time as above but in the race overland these two items must have beaten the balance to San Francisco as nothing more on this invoice came along by the Australia. We have an idea the Planes (which we were short of) and the Duck (which we were badly needed and took a "Vestibule Train," and hurried through. The balance of this invoice, which will come along by the "Mariposa," will among the items No. 1 and 2 Ship Pumps, Metaline & Roller, Bushed Sheaves, Diston's Files, Saw Screws and Saws, Bin-nacle Lamps, Galvanized Row-locks, Carpenters' Hammers, Top Mauls, Fodder Cutter Knives, White Shellac, Coopers' Vices, Horse and Barbers Clippers, Bronze Powder, "Thoms Navigator", Hand Levels, and Pedometers, Whip Sockets, Grommets, Steel Letters and Figures, 1-1-3-16in., Pruning Shears, Tailors' Squares, Copper and tinned Wire, on spoils etc., in all a 9-page invoice of assorted Hardware.

Last of all comes our list of arrivals from San Francisco: Leather, 39 rolls of Sole, Harness, Saddle, Splits, Buff and Lace; 45-70 405-500 grain Frankfort Arsenal Bullets, Turkey and Ostrich Feather Dusters, Cotton Hose, Block Tin, Tin, Phoenix Horse Shoes, Mill and House Brooms, Horse Collars and Collar Pads, Paper Bags, Rifles, Revolvers, Belting, Carriage and Machine Bolts, Log and Wood Screws, Brass Stencil Combination, 1 to 2 in., Fence Wire Pullers, 2 1/2 and 2 1/2 in. Clinch Nails, Blue Stone.

You now see we had our share of the arrivals by last Australia. Many of our arrivals started in, soon after putting up at our place, to see the islands, a number having gone to Hawaii and Maui, and the 39 members of the Knife family are skipping all over town, in the pockets of their owners.

Come in and see some of our Goods and take some with you, if you wish.

FOREIGN NEWS.

Sailors Blown to Pieces by the Explosion of a Magazine at Mare Island.

THIRTEEN OF THEM WERE KILLED AND TWO OTHERS CANNOT RECOVER.

A Daring Robbery—The Famine in Russia Over—Death of Sydney Dillon—The Chicago Convention—Chicago Has a Storm—Etc.

In a Volcano of Death.

MARE ISLAND, June 13.—Half an hour before noon yesterday there was an explosion of nearly a quarter of a ton of powder in the filling-room of the naval magazine at the lower end of Mare Island. Twelve out of the fifteen men working there were instantly killed.

Fifteen men from the Boston in charge of the gunner were loading shells in the filling-room for the warship's cruise. They were not accustomed to the work and somebody blundered. A shell was dropped, a handful of powder was too roughly handled, a spark was struck and the building was blown to pieces and the fifteen men were writhing in their death agonies.

The names of the dead and wounded are: George Hittinger, gunner in charge; Thomas Seymour, chief gunner's mate; C. O. L. Lundberg, gunner's mate; William Heckel, seaman's apprentice, first class; A. Kettrell, ordinary seaman; C. W. Smith, landsman; William Washburn, seaman; F. O. Legat, seaman; William Rush, seaman; William Ostrander, seaman's apprentice, first class; H. Joos, first class apprentice. Three others were fatally injured. They were: R. Reniche, seaman; J. H. Hutton, seaman's apprentice, first class; J. Brisco, seaman's apprentice, second class.

Sidney Dillon's Death.

NEW YORK, June 9.—The death of Sidney Dillon occurred this morning. It did not come as a surprise, for for six weeks the aged railroad man had been confined to his bed. A fortnight ago his case was deemed hopeless, and several times it was thought that the final moment had arrived.

The death of Mr. Dillon at the age of four score closed a career notable in many ways. He had been identified with many leading railroads, particularly the Union Pacific. Left at 7 years of age to shift for himself, he steadily advanced by industry and shrewdness through every stage of promotion to be president of the road in the building of which he had taken an active part, to be wealthy, a power in the financial world, the intimate and adviser of multi-millionaires. In 1884 he lost some of his fortune, but what was left him was ample.

The Famine Over.

WASHINGTON, June 12.—The State Department has been advised that the Russian Government has issued a ukase authorizing the free exportation of maize both by sea and by the western continental frontier. This is understood to indicate that the famine is drawing to a close. It is believed that a ukase will be issued on July 1st, permitting the exportation of all grains except rye. A collapse in the price of grain has taken place, the decline being from 80 to 100 per cent., and the existence of vast quantities hoarded by speculators has been developed.

A Daring Deed.

SAN FRANCISCO, June 12.—The annals of crime on this coast contain no more startling record of robbery than that furnished on the Oakland side of the bay yesterday. Two men, one of them partially disguised, "held up" a cashier and his companion in a crowded railway car just before noon, backed off of the train with \$15,000 in gold and silver coin and made their escape in a buggy which they had provided for the robbery. The victims of the robbery were John Gilson, the secretary and cashier of the Judson Iron Works, whose office is at 14 Fremont street in the city, and Harry Mortenson, a clerk in the same office. Gilson had in the money America, and he and Mortenson were taking it over to the 350 employees of the Jud. Com-

pany at their works at Emery's, the next station beyond that where the robbery took place. The robbery had been planned with consummate skill and was executed with a daring that has seldom, if ever, been equaled in the history of train-robbing in this country. The desperadoes coldly faced a whole trainload of people and got away without more than a scratch and leaving behind no clue.

To Relieve Peary.

PHILADELPHIA, June 9.—The arrangements for the departure of a party organized under the auspices of the Academy of Natural Sciences, to search for Robert E. Peary and his companions, who went to Greenland a year ago, are about completed. The relief party will sail from New York for St. Johns, N. F., on the steamer Miranda, June 25th. From St. Johns the party will start for North Greenland July 12th on the sealing steamer Kite, the same vessel which left New York with the Peary people one year ago. The relief party is under the charge of Professor Angelo Hellprin, Curator of the Academy of Natural Sciences at Philadelphia, which institution fitted out the Peary expedition, and has recently raised by popular subscription the sum of \$10,000 to send on a relief party.

Chicago Swept by a Storm.

CHICAGO, June 13.—The city was visited this afternoon by one of the most severe storms in years. It lasted only a short time, but two persons are known to have been killed, five or six fatally injured (the latter workmen), many painfully injured and much damage done to property. It is also reported that three men seen on the lake in a rowboat before the storm were drowned. The Wigwam, on the lake front, in which the Democratic National Convention is to be held, was badly wrecked.

The Chicago Convention.

NEW YORK, June 13.—One of the New York delegates who has kept a careful roll of the delegates to the Democratic National Convention as they were chosen, finds the result as follows: Total delegates, 898 (without Alaska and Indian Territory); necessary to a choice under the two-thirds rule, 592. Cleveland has 453; Hill, 336; Palmer, 48; Carlisle, 45, and Boies, 26. If the delegations vote as a unit Cleveland would have 577; Hill, 215. In this event either the vote of Kentucky, Iowa or Illinois would nominate Cleveland, unless South Carolina and Virginia should cast 42 votes for Hill. The latter is second choice of many delegates, and the Hill men figure if Cleveland is not nominated on the first or second ballot his chances are destroyed.

Wants an Accounting.

HELENA, June 11.—A New York actress commenced suit in the United States Court here yesterday against the tragedian, Bandmann, of Missoula. She is Louise Beaudet, who recently made a hit at the East as a soubrette. Her story concerns her commercial relations with Bandmann, and is as follows: They left San Francisco in August, 1880, as equal partners in a stock company for Australia, New Zealand, India, China and the Hawaiian Islands. Three and a half years were spent on the trip, which was a successful one. Aside from her expenses she says she never received a dollar of the profits, which were about \$50,000.

Plans of Hetherington.

DURQUE (La.), June 10.—Lieut. Hetherington will not be tried by court-martial. He has declined an assignment to the torpedo-boat Vesuvius, and expects to go to Europe and the West Indies on the training-ship Portsmouth.

Missionary Work.

CLIFTON SPRINGS (N. Y.), June 9.—The ninth annual session of the International Missionary Union convened last evening. Every continent and missionary field in the world was represented. The convention will last a week and hold sessions twice a day.

Drought in Cuba.

HAVANA, June 9.—The drought continues highly favorable to grinding operations, but considerably interferes with labor in the field. The tender cane is suffering severely from lack of proper care. The drought has ruined the pasturage, and the cattle-growers have experienced heavy losses. Advices from Puerto Principe are to the effect that over 20,000 cows, calves and bullocks have already died from want of food and water.

Death of L. L. Polk.

WASHINGTON, June 11.—Colonel L. L. Polk, President of the Farmers' Alliance, died at 11:15 o'clock this morning.

Dissolution of Parliament.

LONDON, June 13.—In the House of Commons Balfour stated that Parliament would be dissolved between June 19th and 25th.

The Illustrated Tourists' Guide.

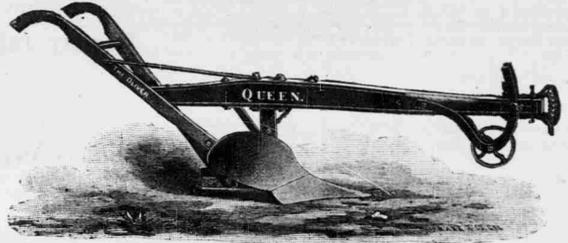

That popular work, "THE TOURISTS' GUIDE THROUGH THE HAWAIIAN ISLANDS," is meeting with a steady sale both at home and abroad. WHARF AND WAVE.

DIAMOND HEAD, June 28.—9 P.M. Weather, clear; wind fresh N. E.

The bark Albert sailed on Tuesday morning for San Francisco with 18,233 bags sugar, valued at \$57,747.10. The cargo weighed about 1095 tons; she had also fifteen passengers.

The bark Ceylon took to San Francisco on June 28th 14,904 bags sugar, weighing 902 tons and valued at \$46,594.67.

The bark Ophir is taking in ballast at the Fort street wharf. She is expected to leave for the Sound shortly after July 4th.

The bark S. C. Allen is at the O. R. & L. Co.'s wharf receiving sugar.

The bark Alden Besse will probably sail from Kahului for San Francisco to-day.

The barkentine S. G. Wilder, T. H. Griffiths, commander, arrived June 28th, about 14 days from San Francisco. She brought a cargo of general freight.

SAN FRANCISCO NOTES.

Captain Hansen of the American bark John Wooster, which arrived from Caleta Buena with a cargo of nitrate, brings the news of the loss of the British bark Knight Carrier, bound from Charnaral to Liverpool with a cargo of manganese. The bark sprung a leak when five days out. The pumps were manned, but soon choked, and the water increasing in the hold it was decided to abandon the vessel. Two boats were provisioned, launched and manned by fourteen souls from the ill-fated Knight Carrier, which foundered half an hour after being abandoned, going down stern first. Six days later the survivors reached Antofagasta.

The American missionary schooner Pitcairn is reported as lying in the harbor of Auckland N.Z., ready to sail for San Francisco. Captain Marsh of the vessel was ill, which caused her detention.

The new Pacific Mail liner Peru was launched on the night of June 11th from the shipyard of the Union Iron Works. The vessel was launched at high water, and in spite of the lateness of the hour a large number of people were present to see the largest passenger steamer ever built on the Pacific Coast slide off the ways. The Peru is 350 feet long, 45 feet beam and 27 feet deep. Her engines are triple expansion, of 2800 horse-power and are expected to drive the steamer fifteen knots an hour. The steel plates used in the construction of the hull and boilers were brought from the East, and with this exception the new ship is entirely the product of Pacific Coast labor.

The three-masted schooner Transit arrived at San Francisco on June 9th after a voyage of 33 days from Honolulu.

The four-masted British ship Liverpool, the largest sailing vessel that ever entered the harbor, was towed into port Tuesday night by the tug Vigilant. The Liverpool brings a cargo of 5070 tons of coal, and is 66 days from Sydney. The ship was built at Port Glasgow in 1889, and registers 3400 tons net. Her dimensions are as follows: Length, 333 feet; beam, 47 feet, and depth of hold, 27 feet. Captain Whiting, who was here last year in the British ship Foxteth, is in command. The ship Palgrave of 3078 net tons was the largest British vessel to enter this port previous to the Liverpool.—San Francisco Chronicle.

The first news from the whaling fleet on the Siberian side reached San Francisco on June 10th in a letter to Wright, Bowne & Co., that came from Yokohama via Vancouver, B. C. So far the season has not been a successful one. All the vessels are light and several of them have met with very heavy weather as late as April 26th.

PORT TOWNSEND, June 13.—Owing to injuries received by running on a submerged pile while coming down the Columbia river to this port the cruiser Charleston will go on the dry dock at Esquimalt.

CORRESPONDENCE.

We do not hold ourselves responsible for the statements made, or opinions expressed by our correspondents.

A Bit of History.

MR. EDITOR: Allow me to point out to you that the accession of Victoria, Queen of England, etc., dates from June 20, 1837, on the death of Her Majesty's uncle, William IV., without issue, and not on the 28th of the said month, as implied in your local this morning. The salutes fired in the harbor to-day were in celebration of the day of coronation at Westminster Abbey June 28, 1838, i. e. 54 years ago, when Lord Melbourne's Whig ministry was in power.

I communicate these facts for one reason only, namely, that I think the P. C. A. will always desire to annotate correctly any important events relating to the "Victorian Era."

I am, etc., VIGGO JACOBSEN. June 28, 1892.

Girls' Industrial School.

Plain sewing and dressmaking at the Industrial Home, near Kawaiahae Church. Also, girls will go out by the day to families, to do sewing and dressmaking, housekeeping, care of children.

IN ORDER

To be a true follower of Hahnemann and obtain the best results in using Homeopathic Remedies, several things must be considered.

In the first place, the Medicine must be fresh. While a few months will not impair the medicinal properties of Homeopathic Remedies yet it is evident that with age it value as a medicine will have depreciated.

Secondly—Homeopathic Remedies must have proper care. Being very sensitive to light and atmospheric changes, they must be protected from strong lights and damp air.

That they should be kept separate from odors of strong and powerful drugs, must not be ignored.

When these precautions have been complied with, Homeopathic Remedies will have a fair chance in combating diseases.

We have recently added to our stock, not only a complete line of Berkie & Ruyons' Homeo. Remedies, but a full line of Humphreys' Specifics, both domestic and veterinary.

In Berkie & Ruyons' line we have the different remedies of the Materia Medica, and many of their specialties, such as Schenck's Tissue Remedies, in single bottles or cases.

Homeopathic Cough and Croup Syrup, commonly called B. & S. Syrup.

Homeopathic Preventive for Seasickness. Quillaya Pellets for cold in the head.

Homeopathic Santonine, a vermifuge. Homeopathic Arnica Porous Plasters.

Homeopathic Tincture Calendula for cuts and bruises.

In Humphreys' line we have the Domestic Remedies which sell at 25c. a bottle and the Veterinary Remedies which sell at 60c. a bottle.

We have a large number of Homeopathic Guide Books, which can be had for the asking.

HOBRON, NEWMAN & CO., Druggists, Cor. Fort and King Sts.

RUPTURE

Big G is acknowledged the leading remedy for RUPTURE, Hernia, Strain, etc. The only safe remedy for RUPTURE, Hernia, Strain, etc. I prescribe it and feel safe in recommending it to all sufferers. A. J. STONER, M. D., DECATUR, ILL. Sold by Druggists. PRICE \$1.00.
