REPORT OF THE MINISTER OF FOREIGN AFFAIRS.

(SECOND ARTICLE.)

(Concluded.)

There has been considerable activity in the relief and return of indigent Hawaiians from abroad, caused in part by the unwonted activity of the Mormon movement and by the singular edict of the King of Samoa, expelling all Hawaiians from that country.

the introduction of any more Chinese. Alexander, it will be remembered, and his fellows realized large profits making "little tin gods on wheels," or something of the kind, representing Diana.

Mr. Marsden's mission to the East Indies to look up the matter of labor, receives brief mention. We learn also that the proposed labor convention with China, for which provision was made in the Act of 1890, received a very decided quietus from the somewhat energetic view taken by the Chinese Minister in Washington of the unfriendly feeling manifested against the Chinese in Hawaii.

We also learn from the report that the army now consists of three commissioned and thirteen non-commissioned officers with seventy-two privates, that on account of the action of the Legislature of 1890 the "Honolulu Rifles" were disbanded, and "the Government property was collected and placed in charge of the proper authorities."

Receipts from Chinese permits, etc., have realized \$13,517 at an expense of \$1655.85. The arrivals have been 2916 of whom part are on time only, and 3565 have departed, a net decrease of 649; 2415 return permits have been issued. It is suggested that the age under which Chinese children be admitted be reduced from fourteen to ten years.

HOUSE NOTES.

POLICE OF HAWAII—IN COMMITTEE OF THE WHOLE. Bill said he would talk though it might be for weeks, Straining his throat and bursting his cheeks; And if Nobles would junket or go on the spree, He would stay by the stuff whatever it be.

A stranger appeared yesterday in the House and took a seat among the Representatives. Upon inquiry, it was learned from the Sergeant-at-Arms that it was the member from the third ward.

When Noble Dreier put his questions to the Minister of Foreign Affairs in regard to Johnson's Hawaiian Island, there was deep silence in the House. Everybody expected to hear a proposition to man the fleet, to sustain the rights of the Government, accompanied with a generous offer to pay all expenses. The Noble broke the record and produced no shekels, but only talk.

Manifold were the speculations yesterday in regard to the sudden departure of three leading Nobles with Colonel Claus to Maui yesterday. All the politicians in and out of the House were worried, until it was positively learned that the object of the excursion was to locate a site on Haleakala for the manufacturing of guava jelly and play-

ing cards. The first product is to make the country wealthy, the second to defy the Minister of Finance and head off his pet playing card bill.

Billy White's bill relating to fisheries passed its third reading yesterday, and Billy is quite happy over the passage of said bill.

When Hon. Koahou was addressing the House in regard to the passage of his bill yesterday, he was starting at the Minister of Foreign Affairs instead of the President. This is a new thing. No doubt the Minister supported the bill.

There was a serious discussion over Hon. Waipulani's resolution that the twenty gallons of okolehao in possession of the Marshal be poured out publicly into the streets. Many amendments were offered, but only two are worth mentioning. Noble Marsden moved that hacks be furnished the committee which is to superintend the "pouring out," to enable them to get back to the House safely.

The Temperance Committee finally got possession of the fiery liquid, and, as it is in safe hands, it will probably be a "stimulant" for them to hurry up their report.

The Minister of Finance made another \$10,000 yesterday signing twenty dollar silver certificates. If this keeps on, Marsden's trouble will be to find ways and means to spend the money, not to save it.

The Attorney-General again crawled back into his seat yesterday. It would be interesting to know if the country has got an Attorney-General or not.

Two members of the Committee on Horner's Banking Bill asked to be excused from further service yesterday.

Garibaldi evidently wants the Isthmus canal to be extended to Hawaii, and he is willing to pay \$200,000 for the privilege. When Robert's Committee on Pearl Harbor goes to Washington they can stop and investigate the various canals.

Wake up, Opium Committee! FINE SOAPS For Family Use. AN INVOICE JUST AT HAND.

New Advertisements. READ THIS! OYSTERS AND SEEDS

Are valuable for what's in 'em. Good and bad oysters look alike in the shell. Good and bad seeds often have the same appearance. Any one can tell a worthless oyster on opening it. The value of a seed must be determined by its growth.

This makes its quality worth considering. You want seeds that will grow, and you want the product to be of value. There is but one guarantee; the reliability of the firm from which you buy.

Patronize Home Industry! Hail the joy of life lies in home. You can always raise for a good yield and for dividends too, if you get your fertilizers from the undersigned.

Now is the time to unite in clubs for buying our Manures. Ten Plantations wanted to form clubs and to buy large quantities and get bottom prices.

With improved machinery we are able to maintain the standard of our regular grades, and increasing demand enables us to guarantee the best values, at from \$7.00 to 125.00 per ton. Those desiring can see it made by calling at the factory. We offer a few tons of high grade fertilizers equal to the English brands of Cane Manures.

Send us a sample order and try some. A. F. COOKE, Manager & Proprietor Hawaiian Fertilizing Co. Honolulu, H. I. 2961-tf

V. J. FAGERROOS, WATCHMAKER, HAS REMOVED TO McLEAN BLOCK NO. 55 HOTEL STREET, 3114-tf

Hawaiian Hardware Co., L'd. Monday, July 25, 1892.

All of our stock is active—nothing old, nothing self-worn. Completeness and cheapness mark each collection. The store service is good, error at the minimum, promptness at the maximum.

This community knows that the greatest single assembly of Hardware ever made for this Kingdom is retailing here.

Last week brought us more new goods—things you want about the house every week. Nickle-plated Broilers, for instance. Just out from the East and can be sold at less than the ordinary, unsightly black things that have been sold for centuries.

There are improvements even in the Broilers. Now is the season for cold things—and we commend to your notice the triple-acting White Mountain Ice Cream Freezer. People who use freezers say this is the best make that has ever been put on the market.

About nine minutes is the amount of time necessary to make ice cream. In six weeks the close season on game expires and the local sportsman will be off for his regular Saturday 'til Monday jaunt. Last year our sales of ammunition to shootists were fifty per cent. larger than the previous year.

Why? Because we were careful in the selection of the goods suited to their purposes. After prepared to supply their wants than ever. There's a roomy corner of the store crowded with Cartridges of various good makes. Not a dreary heaping up of tiresome mistakes but a clean, clear, well-chosen stock of just what a sportsman wants in the way of ammunition.

Just inside our door you will notice heaps of Cocoa Mats. They are sent to us by our London agent and reached us by the "Pluger." They're cheaper than dirt, which in this country implies a great deal. Did you ever hear of a Cocoa Mat for fifty cents? Come to us and we will show them to you; not poorly thrown together things but good serviceable Mats, good enough for anyone.

A good thing to go with the Cocoa Mat is a Hartman Steel Wire Mat for ridding the foot gear of mud. One advantage of a Hartman is its length of term of usefulness. We have not seen any that have been in use a hundred years but there is no doubt of their being built strong enough to last for ever.

Sound business policy assimilates facts. We digest these facts and apply the following principles: Every person is welcome to criticize and study our goods to his heart's content.

This overture is made regardless of the buying question, is extended to all who merely wish to look, or compare, and implies no obligation to buy.

All that our salesmen know about our goods, is at the command of all visitors.

J. Mitchell was arrested yesterday on a charge of assault and battery preferred by A. Vierra.

Among the visitors to the Legislature yesterday morning were several Brothers of St. Louis College.

At noon to-day Jas. F. Morgan will hold an auction sale of leases of five residence sites at Waikiki.

This morning at 10 o'clock an auction sale of household furniture will take place at Morgan's saleroom.

The S. S. Oceanic has 368 Chinese for this port, divided up as follows: 242 men, 35 women and 91 children.

Mr. and Mrs. W. O. Atwater leave on the Mariposa for San Francisco with the intention of settling in that city.

The alleged bankruptcy case of J. Hubash was argued and submitted before Justice Bickerton yesterday.

If the Mariposa arrives in port today and remains during the evening, the band will give a concert at the Hotel.

The Oceanic's cabin passengers will be allowed to land this morning; the Chinese immigrants will be placed in quarantine.

Purser E. O. Tuttle, of the S. S. Oceanic, and Port Surveyor Crabbe have the thanks of the ADVERTISER for late Japan papers.

Dr. J. S. McGrew occupied the chair of the Minister of Finance in the Legislative Assembly for several moments yesterday morning.

Justice Bickerton has appointed Bruce Cartwright administrator of two estates that had been handled by the late A. J. Cartwright.

There will be a full rehearsal of the "Crusaders" this evening at the Opera House. On Friday night a dress rehearsal will take place.

The DAILY ADVERTISER (6 pages, 24 columns) publishes more news and has a larger advertising patronage than any newspaper published in the Hawaiian Islands.

THE QUEER POLICE

A White Officer in the Opium Business.

The ADVERTISER has made further investigation of the bogus opium report, and finds the other side of the story about as follows:

For some time past the Custom House, through its secret service, has been investigating the selling of opium in Honolulu, and gathering a large fund of information which some day will prove interesting reading to the people of these islands.

From information received, it appears that the proprietor of a wash house on King street, near Richards, was a large dealer in opium, and on the right information being given to him, he approached one of the secret service force, and asked if he was buying it. The officer informed him that he was in the business, when the Chinaman said he had some to sell. On being asked where he got his stuff from, he said from one of the foreign police officers, who had it stowed away on a ranch in Koolau. Preliminaries were entered into, and matters arranged for a sale of thirty tins of California opium, when suddenly the Chinaman did not want to sell, but to exchange. This at once raised the suspicions of the officer, and in consultation it was decided to lead him on and accept his offer of exchange of thirty tins of Cala. for fifteen tins of Hongkong opium.

Last Sunday when the false tins of opium had been prepared, the Custom House officer took one to the Chinaman, who examined the labels, etc., also a sample of good opium, and said it appeared satisfactory, and 9 o'clock next morning was set as the time for the exchange. Early that morning a watch was set on the wash house, when, who should enter the building and go into the back and remain there, but Officer Larsen. This fact was at once reported to the Custom House officer. At 9 o'clock, the hour appointed, Larsen not yet having been told to leave the building, the officer entered with a friend having the fifteen tins of bogus opium in a bag. The Chinaman was met at the front door and led the officer into a back room, where Officer Larsen was seen sitting on a box in the back of the room. He appeared thunder-struck at the sight of the Custom House officer whom he knew to be such, and for a moment appeared to forget himself, but suddenly recalling himself he pounced upon the officer and informed him he was under arrest for possession of opium. The Custom House officer then made a request to Larsen to be allowed to search the building, as he was positive from his information that the thirty tins were there. This, Larsen positively refused to allow and on further protestations of his action in opposing an officer of the customs, he, Larsen, called in a policeman and marched his victim triumphantly to the Station House. Here the officer and his friend were formerly charged with opium in possession, and the fact was telephoned to the Custom House that one of their officers had been arrested for having opium in possession. As the two were being removed to their dungeon cell, Larsen was making a test of the tins, when to his evident amusement or chagrin, they were all found to contain a mixture not opium, so he sorrowfully had to let his prisoners go. The Custom House officer is confident, had he been allowed to search the building, that the opium would have been found but was frustrated by the police officer, whose name possesses anything but of a savory nature, and who yet seems to have sufficient pull with King Bolabola to defy all law and order.

THE YACHT RACE.

The Million Dollar Suit Causes a Postponement.

The yacht race to Hanaua which was to have come off on Monday August 1st, has been postponed to Saturday August 6th.

The reason for the postponement is that L. A. Thurston and F. M. Hatch, captains of the yachts Hawaii and Healani, are both counsel in the million dollar suit between Col. Macfarlane and the Hawaiian Commercial Company, and the case is set down for hearing on August 1st.

The four yachts, Hawaii, Healani, Helene and Bonnie Dundee will take part in the race.

Fine Coffee.

At the W. C. T. U. coffee rooms at Queen Emma Hall, corner Nuuanu and Beretania streets, delicious coffee, sandwiches or bread and butter and rolls are furnished for 10 cents.

Open from 6 to 8 A. M., from 11:30 to 1:30 noon, and from 6:30 to 9:30 P. M., from Tuesday, May 10.

WHARF AND WAVE.

DIAMOND HEAD, July 26.—9 P.M. Weather, cloudy; wind light north east. Island steamer off port.

The Occidental and Oriental steamship Oceanic, W. S. Smith, commander, arrived yesterday from Yokohama at 4 P. M. making the passage in 10 days 64 hours. She reports as follows: Left Yokohama July 16th at 10:33 A. M., had fresh easterly winds and fine weather the entire passage.

The S. S. Oceanic has 97 tons of freight for this port; if it is unloaded in time the vessel will leave for San Francisco some time this evening.

The schooner Aloha is still waiting in the stream for a chance to load sugar for San Francisco.

The steamer Kinau will arrive this morning from Maui and Hawaii.

The Hongkong Press, under date of June 30th, reports the loss of the Douglas steamer Haiphong at Shimoda, sixty miles south-west of Yokohama, Japan. The Haiphong went ashore and rapidly filled with water. The steamer was valued at \$150,000 and the cargo of sugar at \$80,000.

In the balance sheet of the Canadian Pacific Railway for 1891, the cost of the China and Japan steamships and their appurtenances, is put down at \$3,471,587.69. In connection with the working of the line, the Annual Report contains the following: "The company's steamship line to China and Japan was not fully established until after midsummer; but although worked at a disadvantage until the last steamship was in service, the last steamship has been as satisfactory as could well be expected, the steamships having cleared their working expenses and the interest on their cost, without taking into account the value of the business contributed to the railway itself."

BREST, FRANCE, June 21.—While the new cruiser Dupuy de Lome, 4630 tons, was trying her machinery yesterday, the end of one of the boilers was blown out. The fire-room immediately filled with steam and sulphurous smoke, and the electric lights went out. As the furnace doors were closed, the engineer and stokers could not escape until the chief engineers and another man rushed down a ladder and broke open the door. The men were lying on the deck, delirious from agony, writhing in convulsions, with blackened and distorted faces and blistered bodies. Some were heaped together in struggling masses, and it required considerable effort to separate them. The men were crazy with pain, and attacked their would-be rescuers with hands, feet and teeth, in some cases inflicting severe injuries. Fifteen were dying when taken to the hospital, and others will undoubtedly die. The quartermaster reported that he could not handle the ship, the steering apparatus being broken. Finally she was towed to her moorings.

"German Syrup"

We have selected two or three lines from letters freshly received from parents who have given German Syrup to their children in the emergencies of Croup. You will credit these, because they come from good, substantial people, happy in finding what so many families lack—a medicine containing no evil drug, which mother can administer with confidence to the little ones in their most critical hours, safe and sure that it will carry them through.

En. L. WILLIAMS, of Mrs. Jas. W. KIRK, Alma, Neb. I give it Daughters' College, to my children when Harrodsburg, Ky. I troubled with Croup have depended upon and never saw any it in attacks of Croup preparation at like with my little daughter. It is simply miter, and find it an invaluable remedy.

Fully one-half of our customers are mothers who use Boesche's German Syrup among their children. A medicine to be successful with the little folks must be a treatment for the sudden and terrible foes of childhood, whooping cough, croup, diphtheria and the dangerous inflammations of delicate throats and lungs.

THE LEGISLATURE

Forty-Ninth Day.

TUESDAY, July 26.

The House met as usual at 10 A. M.

SUSPENSION OF RULES.

Noble Baldwin presented two petitions: (1) From Makawao, Maui, asking for the erection of a schoolhouse and a teacher's cottage at Halehaku. Referred to Educational Committee. (2) From Makaweli, Kauai, praying that Makaweli be made a port of entry. Laid on the table to be considered with the bill.

STANDING COMMITTEES.

Rep. Ashford presented a report from the Judiciary Committee on Petition 248, as follows:

Said petition comprises three subjects for request. (1) That hereafter administrators of estates of deceased persons shall not be appointed by the Chief Justice of the Supreme Court. Upon this subject the committee states with regret that it is unable to advise this honorable House. The request might be compared to a request that no court of this Kingdom shall render a judgment after an action is tried; perhaps there may be a wholesomeness in the suggestion that the court shall try the case and the lawyer on the other side render judgment, or to bring the suggestion closer within the range of this petition, let the court hear the proof, and someone who designs upon the estates appoint the administrators. (2) That hereafter lawyers shall not be allowed to charge retaining fees. The good people who address this request to this House have evidently never been involved in litigation, else they would have known how difficult it is to retain a lawyer even after payment of a retaining fee. What then would be the result if no retaining fees were permitted to be exacted or paid? The committee is unable to say with becoming gravity whether such an act as forbidding retaining fees would hurt the litigant more or the lawyer more. (3) That married women be given the right to vote. This subject is too important to be handed by some of the coarser minded members of this committee, therefore, the same subject being embodied in a previous petition and wisely having been by this committee unanimously referred to the most gallant and honorable member, the committee will respectfully request the House to await the incoming report of that member. The committee in fine recommendation that this petition be tabled for the present until some acts are introduced embracing those three subjects respectively. Signed Neumann and Ashford.

The report of the committee was adopted. Noble Neumann presented a report on Petition 249, as follows:

This is a petition of drivers of hacks praying that they be not required to pay more than one license each year. It appears that the drivers of hacks whenever they leave their employers and are engaged by some other owner of hacks are required to obtain a new driver's license. This is an unlawful exaction, and while this House need not act in the premises, the committee respectfully recommend that the Minister of Interior put an end to this extortion, if it exists by regulations which by authority of law he may make. The other matter made subject of request in this petition is, that this honorable body enact a law making it a misdemeanor "for people who maliciously ride in hacks and refuse to pay when finished" is a matter somewhat abstruse for this committee to deal with. They regret to state that the position is not tenable, as little as it would be to enact a penal law declaring it a misdemeanor for a person maliciously to absorb a meal in a restaurant and refusing to pay for their fare when finished. It cannot be done. Perhaps a suggestion for a remedy of such an evil may be in place. Let the hackdrivers follow the example of their colleagues in other countries and do what they never do here—that is overcharge the passengers who do pay and thereby recover their losses on those who do not.

The report of the committee was adopted. Noble Thurston read a report from the Public Lands Committee, as follows:

On Resolution 95, for the appropriation of \$3000 for the purchase of the wharf at Kahului, the committee report that upon inquiry they found that the present wharf is the property of the Kahului Railroad Company, a corporation; they were also informed by such company that the cost of construction of such wharf had been about \$10,000. The said company also stated that it declined to sell the said wharf for \$3000 or any other sum, and the committee knew of no law by which the company could be compelled to sell. Under the circumstances, it is impossible for the Government to obtain the ownership of such wharf except by the Legislature passing a bill authorizing the condemning of the wharf, and the appointment of a commission to assess the value of the property taken. As this question is not before the House, the committee recommend that the resolution be laid on the table to be considered in connection with any bill that may be introduced upon the subject. Signed by all the members of the committee.

The report of the committee was adopted. Noble Thurston also presented the following report from the same committee:

Relating to Petition 234, of the Kahului Church, for \$200 for road damages. The committee recommended the same disposition of this petition as has been made of others of a like nature, and therefore recommended that it be referred to the Minister of the Interior. Signed by all the members of the committee.

The report of the committee was adopted. Noble Williams reported a certain bill as printed.

RESOLUTIONS.

Rep. R. W. Wilcox read for the first time three bills: (1) To amend Article 54 of the Constitution; (2) to amend Article 59 of the Constitution of 1887, as provided for by Article 52 of said Constitution; (3) to amend Article 20 of Constitution, as provided for by Article 52 of said Constitution. Rep. S. K. Fua read, in English, the following questions to Minister Spencer: (1) Please state how many retail and wholesale liquor licenses have been issued by the Minister of the Interior throughout the Kingdom? (2) and to whom the said licenses have been issued?

Rep. R. W. Wilcox then read the following resolution: Whereas the prosperity of these islands largely depends on foreign shipping and commerce, and whereas the opening of an inter-oceanic canal would make Honolulu an important port and a commercial center, there-

fore be it resolved that the sum of \$200,000 be inserted in the Appropriation bill, to be paid in Hawaiian Government bonds to the corporation that shall first complete an inter-oceanic canal at Panama or through Nicaragua. He said that the resolution was an important one, and should these canals be completed, Honolulu will be directly benefitted, for one-third of our revenues are derived from foreign shipping. He moved that the resolution be laid on the table to be considered with the Appropriation bill.

Rep. Kanehili agreed that the resolution was a very important matter, and required very careful consideration. The House had already a pile of resolutions, yet it now proposes to dig the Nicaragua and Panama canals—something which the United States would not do. Evidently the members aspire to do something away from home, and they are tired of home affairs. All these great schemes which are for the benefit of the country have emanated from Representatives; Ministers and Nobles have made no such suggestion. He wanted that all the intellects of the House should be used in considering the resolutions. The two greatest subjects before the House are Horner's Banking bill and Rep. R. W. Wilcox's canal resolution. If Noble Horner's bill passes we shall then have paper money to spend on subsidizing foreign shipping. He moved that a committee of twenty-five be appointed on the resolution.

Rep. Waipulani favored laying the resolution on the table for consideration with the Appropriation bill; there would be no advantage gained by referring it to any select committee. Rep. Smith stated that the Nicaragua canal and the proposed cable are matters of the greatest importance to Hawaii. No doubt when these canals are completed Hawaii will share the benefit. We want to have an accommodation when that traffic shall be ready. We must attend first to our harbor, so that it may be ready for a coaling station when that time arrives. He was glad that attention has been given to this subject, and he moved that the resolution be referred to a special committee of seven. Encouragement to those canals are not matters to be laughed at; we are in a bad condition now. Our soil is fertile, but what can we do with it? This is a matter which is worthy of our attention.

Rep. R. W. Wilcox then withdrew his motion in favor of Rep. Smith's motion. Rep. Kamaoaha and Kanehili asked permission to withdraw their motions in favor of a special committee of seven. Rep. Iosepa agreed that the resolution was important, but he could not see its advantages in the same light as the others had seen. It was better to pluck an easily accessible flower than to pluck flowers far away from reach. Our own harbor needs our attention as well as the Nicaragua canal. It is extremely foolish to pay out \$200,000 for the Nicaragua canal while our own country is suffering hard times. He moved the indefinite postponement of the resolution.

Rep. Nawahi moved the previous question. Carried. The motion to indefinitely postpone it was put and lost. The resolution was then adopted and submitted to a special committee of seven, namely: Reps. R. W. Wilcox, Smith, Ashford, Kaluna, Waipulani, Noble J. M. Horner and Minister Wideman.

Rep. Nawahi proposed the following resolution: Whereas the day is drawing nigh when we shall have rapid communications with distant countries by means of a telegraph cable; therefore, be it resolved that a commission be appointed to investigate if it is advantageous for this Kingdom to enter with those countries or corporations proposing to lay an inter-oceanic cable joining these islands. Referred to the same select committee of seven as the "canal resolution" of Rep. R. W. Wilcox.

Noble Dreier propounded the following questions to the Minister of Foreign Affairs, as follows: 1. Is the Cabinet aware of the occupation of Johnson's Island by the Government of Great Britain through H. B. M. S. Champion? 2. Is not Johnson's Island a part of the domain of this Kingdom? 3. Has any protest been made by this Government against that occupation?

Rep. Waipulani presented a resolution that the House request the Attorney-General to order the Marshal to publicly pour out the 20 gallons of okolehao that are now stored in the Police Station. He said that according to existing laws the okolehao could not be sold at public auction. But while it remains there it may be used by the men there, or the okolehao may be miraculously transformed into water, as the Police Station is the seat of wonders.

Noble Marsden asked if a select committee was required to pour out the contents? If so, the committee must taste the liquor first. Rep. Kapahu moved an amendment that the okolehao be poured into the sea, so as to prevent a conflagration, as kulu is an inflammable substance.

Rep. Ashford proposed another amendment to the motion, that such pouring be done in the presence of a commission of five, of which each member to be supplied with tin cups. [Laughter.] Rep. Bush moved the previous question. Carried.

The resolution was referred to the Temperance Committee. Minister Wideman and Rep. Smith asked to be excused from further serving on Noble Horner's Banking Bill Committee on account of the pressure of other committee work. Granted.

Rep. Ashford moved that when the House shall adjourn this day, it shall adjourn until 10 A. M. next Tuesday, August 2. His reasons for making the motion was because he was aware that several members of the House intend leaving for Maui that afternoon, and the number of the House would be reduced.

Rep. Waipulani asked how many Nobles were going to be absent. Noble Thurston—Seven? Noble Neumann—Are they going away without leave of absence from this House? I would like to know that, for I would like to send the sergeant-at-arms after them.

Rep. Waipulani—Rep. Ashford has no right to make such a motion because he is not going away. It is a custom for the members of this House to ask leave of absence. We, the country members, are not favored with great riches, as the Nobles are. Our expenses of living here are great, therefore, I oppose this motion. Rep. Ashford did not care which way the matter turns. He quite agreed with the statements of the Representative from Kona. But a gentleman who is an expert in cabinet-making was going away, and when they return we might have a good cabinet.

Noble Macfarlane saw no reason why the House should come to a standstill because some intend going to Maui. This proposition was made in a quiet way yesterday, in order that these men may go and attend to their private business. I object to it decidedly. If they think that certain measures will be rushed through during their absence, that is their own responsibility. A great deal had been said about waste of time, but this is a deliberate waste of time, and this is a waste of the time of those very men who howl against native members for wasting time intend wasting time. Perhaps they expect us to resign during their absence or the Queen may not appoint them in Her Majesty's new Cabinet, but we are not going to abandon our seats.

Rep. Ashford's motion to adjourn until August 21 was put and lost. Noble Thurston asked to be excused to go to Maui as he was going on business which he considered necessary to his interest. Granted. Noble Young wanted leave of absence also. Granted. At 11:30 A. M., Noble Neumann moved the

ORDER OF THE DAY.

He asked that the House take up the third reading of Bill 45, relating to fisheries. Carried. The bill passed the third reading.

UNFINISHED BUSINESS.

Majority and minority reports of the Judiciary Committee on Bill 73, relating to amendment to Art. 76 of the Constitution was read by the Secretary. The majority committee favored inserting in the enacting clause the word "sovereign" in place of the word "kinging."

Rep. Smith moved the adoption of the minority report, because there are many other articles of the Constitution which contain the word "kinging." We would like to change the Constitution unless there are sufficient reasons for doing it. At 12:01 the House took a recess until 1:30 P. M.

AFTERNOON SESSION.

The House re-assembled at 1:41 P. M. Rep. R. W. Wilcox did not see the use of the proposed change from "kinging" to "sovereign." He would prefer the words "empress" or "regina."

Rep. Waipulani moved the previous question at 1:47 P. M. Carried. Noble Neumann wanted to know whether Rep. Waipulani favored the amendment or not. He believed and knew that any act of this nature, although a queen is reigning, is all right. The committee thought that it should be passed. Why not remove the doubt by adopting the resolution? He had been instructed by Hawaiian scholars that the word "moi" is the equivalent of sovereign. It may be unnecessary to make the change.

The committee recommended the House to adopt their report and hope it will do so. Concerning Rep. Smith's objection, it does not matter how many times it may occur whether thirty or one thousand times. The majority report was adopted. Noble Neumann moved that the question to adopt the amendments to the Constitution be made the special order this day week (August 24). Carried.

The third reading of the bill relating to imposing an internal revenue tax on playing cards. Noble Macfarlane renewed his objections to the passage of the bill. Rep. Kanehili objected to the bill because after the amendments removed from the pack, innocent card players may be liable to be arrested by any policemen that comes along and inquires for the stamp as provided by this law. He favored laying the report on the table.

Rep. Kamaoaha favored the bill in its original form as introduced by Minister Wideman, but those who objected to the bill have made amendments to it which would nullify its utility. Rep. Kapahu moved the previous question. Carried.

A motion to lay the bill on the table was put and lost. The bill passed the third reading. Third reading of Bill 46 relating to providing a Police Justice for West Kau, Hawaii.

Noble Neumann moved that the enacting clause be stricken out. Lost. The bill passed the third reading. Second reading of Bill 57. Secretary McCarthy read the majority and minority reports of the Judiciary Committee on said bill. The bill provided for the appointment of one Police Justice and two District Judges for Hilo, Hawaii, and that said district be divided into three separate judicial districts.

Rep. Koahou, the introducer, spoke of the advantages to be derived by the passage of the bill. He was sorry that the Judiciary Committee had deemed it best to ignore his opinion on the subject, otherwise they would have made a different report altogether. Noble Young opposed the measure first because it would incur considerable expense to the government, also because of letters sent from plantation agents to him saying that the bill would be their disadvantage. For whose benefit will it be?

Rep. Koahou replied that his bill would not benefit Noble Young, who lives in Honolulu, but it will certainly benefit the people of Hilo. The petitions from the Hilo people surely have more weight than Noble Young's private letters. Noble Young said that he had lived in Hilo formerly, and that nearly everything he owns in the country is in Hilo. Minister Parker favored passing the bill. Rep. Iosepa moved the previous question. Carried.

Rep. Koahou's motion to read the bill section by section was carried. Noble Neumann moved to have the bill re-referred to the author for correction, and he would assist him. The motion was carried and will be the Order of the Day for Thursday. At 3:50 P. M., the House adjourned until 10 A. M. Wednesday.

ARRIVALS:

Many of the arrivals by each "Australia" go to the Hawaiian Hotel, still a great many put up at E. O. Hall & Sons for a short time. Our arrivals by the last "Australia" were from several parts of the world. A large excursion party came to us from Sheffield, England, by way of Panama and San Francisco: they were the Pocket Knife branch of the Knife family, \$525 worth in Sheffield, still a very big sum you may say, still enough to get a few dozen each of thirty-three different styles, and if you want to see some choice Knives drop in and look them over, they are right near the Fort Street entrance. People that happened in the day we were opening them up evidently thought they were good, as we sold 39 to different ones during the afternoon. The above family wishing to be in Sharp Company on their long trip, started, and came all the way in the same Compartment with over a gross of assorted Razors. All we have to say about these are that they are the three famous makes, "Rodgers," "Bengal," and Wade & Butcher. Every "little Shaver" knows these makes, and uses them. But you want to know what other arrivals we had by the last Australia, so let us run down the list together, besides Knives and Razors from England, we had Brass Cup Hooks, Hall's Rice Suckles, Eley's Cartridges, Imray's Charts, Clark's & French Horse Clippers, 65 dozen assorted Stubs Saw Files, 32 dozen assorted Stubs Jewelers' Files, Mattress Needles, 100 boxes Shoe Thread, 100 lb. Emery Powder, assorted, Stubs Plyers.

Now from Boston (by rail) via San Francisco we had, 64 assorted Bailey's Patent Planes, and some 48 in. Cotton Duck. A big lot of rail goods started from Boston the same time as above but in the race overland these two items must have beaten the balance to San Francisco as nothing more on this invoice came along by the Australia. We have an idea the Planes (which we were short of) and the Duck (which we were badly needed and took a "Vestibule Train," and hurried through. The balance of this invoice, which will come along by the "Mariposa," have among the items No. 1 and 2 Ship Pumps, Metaline & Roller, Bushed Sheaves, Diston's Files, Saw Screws and Saws, Binacle Lamps, Galvanized Rowlocks, Carpenters' Hammers, Top Mauls, Fodder Cutter Knives, White Shellac, Coopers' Vices, Horse and Barbers Clippers, Bronze Powder, "Thoms Navigator," Hand Levels, and Podometers, Whip Sockets, Grommets, Steel Letters and Figures, 3-4-3-16in., Pruning Shears, Tailors' Squares, Copper and tinned Wire, on spools etc., in all a 9-page invoice of assorted Hardware.

Last of all comes our list of arrivals from San Francisco: Leather, 39 rolls of Sole, Harness, Saddle, Splits, Buff and Lace; 45-70 405-500 grain Frankfort Arsenal Bullets, Turkey and Ostrich Feather Dusters, Cotton Hose, Block Tin, Tin, Phoenix Horse Shoes, Mill and House Brooms, Horse Collars and Collar Pads, Paper Bags, Rifles, Revolvers, Belting, Carriage and Machine Bolts, Log and Wood Screws, Brass Stencil Combination, 1 to 2 in., Fence Wire Pullers, 2 1/2 and 3 in. Clinch Nails, Blue Stone.

You now see we had our share of the arrivals by last Australia. Many of our arrivals started in, soon after putting up at our place, to see the islands, a number having gone to Hawaii and Maui, and the 39 members of the Knife family are skipping all over town, in the pockets of their owners.

Come in and see some of our Goods and take some with you, if you wish.

YOKOHAMA, July 8.—Mr. Kawano Tokama, Minister of Agriculture and Commerce, and Minister of Justice, was appointed Minister of Home Affairs, retaining at the same time the portfolio of Minister of Justice.

Treaty Nullified.

YOKOHAMA, July 12.—That in consequence of Portugal having withdrawn her Acting Minister and Consul-General from Japan, substituting a Merchant-Consul in their place, the Japanese Government has decided to abolish extraterritoriality with the power.

On July 14th, the Privy Council met and recommended that the the Ministry nullify the treaty, which was sanctioned by the Emperor.

The treaty was nullified in the following words: "We hereby sanction the nullification of the clauses connected with Consular jurisdiction in the treaty contracted with the Portuguese Government, and order it to be promulgated."

Japan and Corea.

The Commissioner Plenipotentiary for Corea, who has been for eight months past in Tokio, negotiating a revision of the Japanese-Corean trade regulations of the 16th year of Meiji, is meeting with considerable opposition in official quarters.

Proposed Treaties.

The Kokkai states that the Government of Nicaragua has proposed to the Government to contract a treaty of amity and commerce with Japan. The treaty is on an equal footing, and is even more perfect than that contracted with Mexico.

The draft of the extradition treaty with Great Britain, which has been submitted to the Privy Council, was rejected by that body, as there were many provisions in it which were disadvantageous to this country as compared with that contracted with America, as well as many provisions which are in contradiction with the Code of Criminal Procedure.

Death of Dillon.

Mr. Dillon, M. P. for Swansea, who fell down in a fit while addressing his constituents, died on Sunday. He had represented Swansea since 1855. He was a Gladstonian Liberal, and 78 years of age.

English Politics.

LONDON, July 11.—The election returns show that the Liberals have gained fifty, and that the position of the Tories and Unionists is unchanged. The Press anticipates that Mr. Gladstone will obtain a small, though scarcely a working majority, including Irishmen and labor members, the allegiance of some of whom is doubtful.

Yokohama Bank Failure.

The Chartered Mercantile Bank notifies probable losses of £65,000 through the failure of a Bombay firm, otherwise the losses since the accounts were published are unimportant.

No Free Silver.

YOKOHAMA, July 8.—Telegrams have been received here to-day announcing that the American House of Representatives has rejected the Free Silver bill, which it will be remembered, had been passed by the Senate by a majority of four.

Affairs in China.

HONGKONG, July 12.—Reports of fighting between the French troops and the dacoits in Tongking occur daily and fill the columns of the local papers. In two encounters lately the French were repulsed, and in one of them Captain Perrin was killed, among others.

News reached Hankow a few days ago that a rebellion had broken out in Szechuan, either at Paoning or Pa, which are both about 150 miles almost due north of Chungking. The authorities, it was reported, had sent troops from Chingtu against the rebels, who were said to be about 20,000 strong.

STAND BY PABST BEER.

Workingmen Say it is Purely a Union Product.

No Reason Why it Should be Boycotted.

The Federated Trades Council declares that the K. of L. Boycott is the result of Rivalry Between the Pabst and Anheuser-Busch Co's.—The Pabst Company Much More Favorable to Labor than the St. Louis Brewers.

The Federated Trades' council at its meeting last night listened to a report from a delegation from the local Journeymen's Brewers union, and then passed by a unanimous vote the following resolutions:

"Whereas, The Executive board of the Knights of Labor, in session at Pittsburg, Pa., May 14, 1892, placed a boycott upon the Pabst beer of Milwaukee in favor of the Anheuser-Busch beer of St. Louis, alleging that the Pabst beer is a non-union made product; and

"Whereas, the situation relative to the employment of labor by the two breweries is as follows: The Pabst Brewing company's beer is an exclusively made union product. All its ingredients are prepared by union labor, while the malt used by the Anheuser-Busch company, as alleged, is bought largely at malt houses located in small towns, where non-union labor is employed at a greatly reduced figure. Within the year unions in every branch of labor employed by the Pabst Brewing company have been formed, and such labor is now working under a scale perfectly satisfactory to them and which continues in force one year from its adoption. The Anheuser-Busch labor, which is represented both in the union and Knights of Labor, operates under the jurisdiction of the International Brewers' association. The labor employed by the Pabst Brewing company also operates under the jurisdiction of the same association. The labor employed by the Pabst Brewing company, in settling its scale for the present year, secured all requests sought by it and no dissatisfaction exists relative to it among any of said employees, and

"Whereas, There appearing no reason why organized labor in any form should complain at the Pabst Brewing company's method of dealing with its employees or with the rights of organized labor, the Pabst Brewing company being only one of the brewing concerns of this and other cities in which the same scale is in use, all working under the same jurisdiction of the International Brewers' union; therefore

"Resolved, That by selecting the Pabst Brewing company for a boycott under the above circumstances, the Executive board of the Knights of Labor has perpetrated not only a manifest injustice on the Pabst Brewing company, which employs only union labor throughout, but upon the cause of organized labor which can offer no valid reason for the placing of said boycott.

"Resolved, That in the sense of this council, that it is the duty of all organized labor to give the same protection to employers of such labor in the distribution and sale of their product that is demanded by such labor of employers in the recognition and employment of such organized labor.

"Resolved, That inasmuch as we know the charge that Pabst beer is a non-union made product to be utterly false and without foundation, and believe that the boycott placed at Pittsburg has been incited and instigated by and through the agents of the Anheuser-Busch company because of the rivalry existing between it and the Pabst company, we hereby appeal in the interest of fairness to the Pabst company as well as in the interest of organized labor which cannot prosper under the employment of such diverse and unfair methods, to the International Brewers' union to demand that the Executive committee of the Knights of Labor lift immediately said boycott, and that widespread public announcement be made of the same when done.

"Resolved, That a copy of these resolutions be sent to the officers of the American Federation of Labor at once with the request that they adopt the same or other resolutions to the same effect."
