### Cheap Money.

MR. EDITOR: I will name only two more failures of important specie payment banks in proof of my claim "that more loss and misery have been brought upon people by the failure of bullion banks and the collapse of specie payment systems than from all cheap money issues"; then, with some comments, I will dismiss this part of the cheap money question.

The City of Glasgow Bank, with its one hundred and thirty-three branches, failed in October, 1873, after a comparatively long life, leaving its notes unredeemable and its deposits unpaid to the amount of \$30,500,000. The loss, though great, the suffering was greater, being mental as well as physical. Again, the Baring Bank failure in England last year, with liabilities exceeding \$105,000,000, which would have occasioned much suffering if timely aid had not been rendered by the Bank of England, the Bank of France and other specie payment banks, which let the failing bank down easy, and, it is believed, prevented an extensive money panic which would have involved many other banks and business firms in ruin.

This financial earthquake, although slight, shook with ominous forebodings the bullion banks of England, France and Germany, and slightly those of America, and the tremor of that shake is said to be yet felt in Europe, America, Australia and Asia, and most of the banks failing since attribute their failure to the Baring failure scare, and the Barings attribute their failure to the over issue of a paper currency in South America. Such claims may be urged and honestly believed by some, but to me it seems weak—only an excuse, a scapegoat to hide their own weakness.

If the small amount of paper

money issued by Argentine and used exclusively there was, as charged, the cause of the Baring, the Oriental and other bank failures, and caused much of the civilized world to quiver on the verge of bankruptcy ever since, what must eventually be the result, when the immense sums of paper issues made by Europe and America demand redemption in coin, with only one dollar available in coin to redeem many times its value in paper? It is manifestly impossible. It is the redemption of their own paper that caused the Baring and other bank failures, and not the non-redemption of the Argentine paper currency. It is these impossible redemptions that cause failures of specie payment banks, and the bank failures cause the evil and misery referred to. The seeds of death planted in every bullion coin redemption, and that is the weakest point in all specie redemption banks.

In addition to those failures I have referred to, hundreds and thousands—no, that number is not too large—of so-called specie banks have failed generation after generation, and scores of the boasted National Banks of America have failed, and the seeds of death are in all the balance; some, however, like the City of Glasgow Bank may live to a ripe age.

Thus failures, singly and by the score, year after year takes place carrying in their wake bankruptcies, shrinkage of values, loss to depositors, misery and despair.

I have now said enough on my side of this question. We now await the answer to show us that paper money always drives coin out of a country. We demand the proof that paper money has caused more loss and suffering in the world than the collapse of specie payment systems and failures of bullion banks.

JNO. M. HORNER.

### The Illustrated Tourists' Guide

That popular work, "THE TOURISTS' GUIDE THROUGH THE HAWAIIAN ISLANDS," is meeting with a steady sale both at home and abroad. Tourists and others visiting these islands should be in possession of a copy of it. It is a perfect mine of information relating to the scenes and attractions to be met with here. Copies in wrappers can be had at the publication office, 46 Merchant street, and at the News Dealers. Price 60 cents.

WEDNESDAY, DECEMBER 7, 1892.

THE HILO AND HAMAKUA RAILROAD.

The Finance Committee reported yesterday on Bill 113. This bill provides for the issue of bonds to the amount of \$200,000, the proceeds to be applied to the construction of a wharf and warehouses at Hilo and the beginning of the Hilo and Hamakua Railroad. The Finance Committee question the wisdom of the Government going into railroad building and, in any case, they think that before a railroad is constructed it is proper to ascertain whether those shippers who now have tolerable landings will undertake to give their freight to the railroad or not. They therefore recommend, in case the House think it well to undertake enterprises of this nature, that the whole matter be referred to a commission, with instructions to report to the next Legislature.

That the amount of land to be opened up, the amount of freight to be expected, and the kindred matters, should be carefully investigated before any railroad is undertaken in the Hilo district is undeniable. On the other hand these are matters in which a great deal of information has already been collected, which could probably be made available at very short notice. A road through Hilo and Hamakua will be costly and could not pay at first, but those who believe that the Islands have a future, feel confident that such a road would pay well in the end. It would pay the Government better than anyone else, for the Government would get, in addition to the earnings of the road, a large return in taxes on the values which would be created.

Why should not the Government build railroads? State ownership is defensible on theory, railroads, telegraphs, street lighting, are things that concern the general public as much as the individual owner, and in this regard are exactly on a par with roads, wharves, banks and post offices. So much for theory. In practice we find the railroads very generally in the hands of the State throughout Continental Europe, and the tendency of the Government to regulate and control these enterprises is on the increase throughout the world. Administration in Hawaii has faults enough, but it is clean and honest in comparison with much that is found elsewhere. If the Government decides to build a road on Hawaii, we may feel reasonably sure that there will be very little stealing in connection

with it. Will the enterprise be carried out prudently or wastefully? The answer to this question must depend, in large measure, upon the qualifications of the Minister of the Interior. If the present incumbent remains in office, any work undertaken will be carried through on sound business principles. The actual cost of construction to the Government would be less than to a private company. The money would be forthcoming, so that the contractors would be safe, and the result would be that the Government, under the competitive system applied to all its work, would get a substantial road at the lowest possible cost, and cheaper than any corporation possibly could under the system of railroad building which obtains in the United States. If the money can be borrowed, why should we not have the road?

The difficulty with the system of assisting private enterprises now in vogue is that the Government pays out hard coin and gets no direct return. We do not criticize the policy of subsidizing railroads and encouraging agricultural enterprises. On the contrary, assistance should be more generously rendered than it has been. But if the Government pays a subsidy it should be paid in stock or bonds, or both. If it guarantees interest, it should receive a valuable consideration in stock. As it stands, it gets no direct return, and the result is that the substantial assistance needed by the new enterprise is not granted. If the Government builds the road itself it gets dollar for dollar. We do not believe in driving out private enterprise, but where none offers let our Government step into the breach and create the great channels of intercommunication which are necessary to the development of the country and its prosperity.

Silver Coin.

In order to determine whether the supply of silver coin in the United Kingdom is sufficient to meet the needs of the public a census has been taken by the Institute of Bankers of the silver coin held by the banks throughout the country. Out of 4589 banks only 92, it appears, failed to report. The total silver held by the banks amounted to £4,548,775, and the excess over average requirements was given at £1,222,545. The census, which is regarded as very complete and trustworthy, is taken as indicating that the supply of coin exceeds the needs of the public.—[Bradstreet.

The Health Officer of New York has issued the following instructions regarding the unloading of sugar from Hamburg: "Sugar in sacks from Hamburg must be unloaded on lighters. The sacks immediately put in tanks of boiling water, or in tanks containing a solution of bichloride, one in 500. All persons handling such sacks must have their hands treated in the same way with bichloride solution. Also, they must wear oilskin coats. All other merchandise in packing shall be treated in the same way."

Short Talk on Safes.

TALK 9.

It costs the makers (not the buyer) more than any other.  
You can trust anything, no matter how valuable, that the safe will hold. The Hall's Safe is a handsome well finished piece of furniture. It gives a sense of character and security in an office that no other safe imparts. Not an instance on record where a Hall's Safe has betrayed confidence. You cannot burn them.  
You are going to own a Hall's Safe some day. Why not get it now? You will rest easier, when the fire bell peals at night, to know your papers and books are absolutely secure. A Hall's Safe will do it.

SHARP PRACTICE.

A Lawyer Disbarred for Two Years.

Z. Paakiki, a Native Attorney, Will have Ample Time for Office Work.

A banco decision, signed by the full court, was filed yesterday, disbarring Z. Paakiki, a lawyer, for a period of two years. The charge against the respondent is in substance as follows:—  
"That at Honokaa, Hamakua, Hawaii, on the 29th of October, 1890, he advised, procured and caused Kama kawiuole, J. W. Kaluahine, and S. W. Kalua to appear before H. A. Lyman, a notary public, and sign and make oath to affidavits that they were present on the 26th of July, 1890, and saw one Kaholokahi sign a deed of conveyance of land from him to Kalkaina, the respondent, well knowing that this was untrue and that the said deed was false and forged. At the May term, 1892, of the Circuit Court of the Third Circuit, S. W. Kalua and J. W. Kaluahine were tried for the forgery of the said deed. Kalua was convicted and Kaluahine was acquitted by the jury."

The following cases were decided by Chief-Justice Judd:—  
Oahu Railway and Land Co. vs. Lavinia Kapu and W. O. Smith. This was an ejectment suit over a piece of land at Opukaula, Ewa. Judgment was given for the defendants.

T. R. Lucas et al., vs. F. H. Redward and Antone Lopez. Plaintiff recovered judgment of Redward for \$317.16 and a garnishee was served on Lopez for the amount. At the time of the serving of the document Redward was building a house for Lopez, who had paid the carpenter various sums on account, leaving a balance of \$1491, which amount by the terms of the contract was to be paid only upon condition that the entire work should be completed in a satisfactory manner, and accepted by the architect. The building was not completed until December 2nd, while the garnishee was served during November. His Honor gave a verdict for the defendants by discharging the garnishee.

Auction Sales.

BY JAS. F. MORGAN.

MORTGAGEE'S

Notice of Sale!

IN ACCORDANCE WITH THE provisions of a certain mortgage made by DANIEL P. NAMAOU to Henry Smith, Trustee, dated February 12th, 1891, recorded Liber 131, page 159, notice is hereby given that the mortgagee intends to foreclose the same for condition broken, to-wit: non payment of principal and interest.

Notice is likewise given that after the expiration of three weeks from the date of this notice, the property conveyed by said mortgage will be advertised for sale at public auction, at the auction rooms of Jas. F. Morgan, in Honolulu, on

Saturday, December 10, 1892

AT 12 NOON OF SAID DAY.

Further particulars can be had of C. W. ASHFORD, Attorney for mortgagee.

Honolulu, October 11, 1892.  
HENRY SMITH, Trustee,  
Mortgagee.

The premises covered by said mortgage consist of:

1st.—All those premises situated at Kapalama, Honolulu, more particularly described in a deed from William C. Achi to said Daniel P. Namaou, dated January 7, 1891, and recorded in Liber—, at pages—.

2d.—All those premises situated at Kaohoe, S. Kona, Hawaii, more particularly described in Royal Patent 6001, L. C. Award 7494 to Kekaula, and conveyed to said mortgagor by said deed of Lamaawe.

FLYING TIME

A NEW STORY TOLD FOR THE HOLIDAYS.

How the World's Markets Have been Overhauled.

SEEK NO FARTHER.

SALUTATORY.

Steadily old Father Time rolls on and Christmas is again upon us. It hardly seems, but yesterday since Christmas 1891 was heralded in and yet, within a few short days one year will have come and gone since then. Although a wave of hard times has struck our island community it has not deterred us from laying in our usual stock of seasonal goods to supply the demands of our customers and friends who desire to perpetuate the time honored custom in vogue at this season of the year. We feel that in spite of dull times, the demand for good reliable and servicable articles will be stronger than ever, and that gew-gaws and articles of neither use nor ornament will be dead stock on their owner's hands.

THE WORLD PAYS TRIBUTE.

With that idea in view, we have out-done ourselves if anything this year. We have spared neither time or expense, our agents have ransacked the great manufacturing centers of Europe, Asia and America, and the products of the foremost manufacturers are here to show for our efforts and theirs.

SPECIAL FOR THE LADIES.

For the ladies we have increased our usual good stock of Hose—Silk, Balbriggan, Lisle and Cotton, in all conceivable shades and colors, and a special line of extra quality black Lisle Hose. By the Yamashiro Maru, we got a fresh invoice of Japan Silks in the piece, a beautiful article to present to a lady; a large lot of the famous Japanese Cotton Crepes.

Dozens of ladies' beautiful hemstitched and plain and embroidered Silk Handkerchiefs and many other good things including some very neat Hand Bags.

FOR THE GODS OF CREATION.

For the men, we have such an endless variety of everything in wearing apparel that it is impossible to enumerate all in the short space of a newspaper article. Under-clothing of all grades and weights—Silk, Balbriggan, Lisle, Cotton, Gauze, Merino, and a full line of Jaeger's Sanitary Woolens and Scriven's Elastic Seam Drawers.

Neck Wear in endless variety—Four-in-hands, Ascots, made up Scarfs, and a fine assortment of Windsors and washable Four-in-hand Ties, Office Coats, Pajamas, Wool, Silk and Cotton, Suspensers, ½ Hose in great quantity, Handkerchiefs, Silk, Linen and Cotton; some very beautiful designs, hemstitched, plain and colored borders.

FOR A RAINY DAY.

And now, that the rainy season is setting in what more appropriate present than an elegant Silk Umbrella or one of Chas. Makintoshes' celebrated Rain Coats could be desired?

HOW ABOUT PAJAMAS?

Bathrobes and Towels, a good assortment, and for your gentlemen friends who do the other islands where barbers are scarce, we have some elegant Dressing Cases completely filled. We have just received a nice new stock of Panama Hats, just in time to catch some of the boys who were foolish enough to bet that "Grover" couldn't get in. We sold lots of 'em, but we've got lots left and some Silk Puggaries to go with them. We have some handsome Silk Shirts that would make the heart of any man rejoice, and last but not least our stock of ladies' and gent's gold and silver Waltham Watches is as complete and varied as ever.

TO BE CONSIDERED.

Think twice before you make your purchases, and give us a chance to furnish you with something reliable and sensible that will be a credit to you and of lasting benefit to the recipient.

M. McINERNEY.

E. O. Hall & Son, L'd.

December, 1892. FLOODED!

We can honestly say that we have been flooded with new goods during the past few weeks. The Martha Davis from Boston, had for us Oakum, Horse Shoes, kegs Wire and Cut Nails, Turpentine, Ship and Cut Spikes, Pitch, Benzine, Cotton Duck, Wrapping Paper, assorted Oars, Mast Hoops, assorted Handles, Rakes, Road Scrapers, Pick and Ax Mattocks, Axes, Hatchets, Forges, yard Brooms, Batteries, Shovels, Spades, and Scoops, horse Nails, boat Nails, Hinges, Sand Paper, ball Wicking, Tacks, Fodder Cutters, Scales, Blocks, copper Paint, mixed house Paint, dry orange Shellac and many other items.

Those Wostenholm pocket Knives we spoke of have come, and you are sure to find one among the lot to suit you in price and style. Our assortment of those fine drab Fish Lines is now complete from 0 to 9.

If you want a good pocket Cork Screw, we now have the article, compact and strong.

We carry the largest and most varied stock of Oils to be found in the islands, among which are several brands of Cylinder Oil, light and heavy engine Oil, black or Carbox Oil, Castor, Olive, Peanut, Colza, Cocoanut, Parrafine, Sperm, Polar, Dynamo, Sewing Machine, Mineral Castor, Lard, Neatsfoot, pale and dark boiled Linseed, Raw Linseed and Tar Oil. We can sell you anything from a quart bottle to a barrel of any of these oils.

We have a Cylinder Oil and an engine Oil both of which give perfect satisfaction, and we will at any time send samples to any one wishing to try them, free of charge. While we are speaking of oils, we may as well say that we handle a good many thousand cases of Kerosene Oil every year.

We were going to say something about Wood and Schultz Powder Cartridges this time, but it's no use, we had a sample lot of five thousand by the Mariposa and have only 600 left of the lot. We will tell you when the next lot comes, in a few weeks; it will pay you to wait for them. To those who load shells we would say that we have just received a lot of Dupont's & Hazard Powder, also new lot of Metal and Paper Shells, Wads, Chilled Shot, etc.

By the Australia yesterday we received a large lot of goods, including nine rolls of Leather. We are putting away Goods received by the Albert and we have a lot more on the Transit due next week.

Yours truly,

E. O. HALL & SON, L'D.,

Corner of King and Fort sts.

LOCAL AND GENERAL.

The Claudine took 311 Japanese immigrants yesterday for the other islands.

Mr. and Mrs. W. G. Irwin will leave on the S. S. Australia to-day on a visit to the States.

On account of the death of Mr. Wichman's watchmaker, his jewelry store will be closed to-day.

Rev. Hirota, who was pastor of the Japanese church at Paia, Maui, returns to San Francisco to-day.

F. G. Eytton-Walker left for Japan yesterday in the interests of the Hawaiian Bureau of Information.

The Board of Representatives of the Honolulu Fire Department will meet to-morrow evening at the Bell Tower.

Henry G. Treadway departed for Japan yesterday on the S. S. Yamashiro Maru. His absence will be indefinite.

The registered and parcel post mail will close at 10 o'clock this morning. Ordinary letter mail will close one hour later.

The Government clerks to a man object to the new bill which proposes to make them put in additional hours at their desks.

Hon. F. S. Pratt, the newly appointed Hawaiian Consul-General at San Francisco, will leave for that city to-day on the Australia.

The Honolulu Fire Police met last evening and during the evening elected five new members, one of whom was Port Surveyor Crabbe.

A draft drawn in favor of C. H. Dickey has been lost. Payment on it has been stopped and parties are warned not to negotiate the same.

The Post Office authorities dispatched the following mail yesterday on the S. S. Yamashiro Maru, bound for Japan, 4471 letters and 218 papers.

During Mr. W. G. Irwin's absence from the kingdom, Mr. E. I. Spalding will act for the bank of Claus Spreckels & Co. under power of attorney.

Gospel meetings will be held to-night and every evening this week at Bethel Hall, under the auspices of the Y. M. C. A. Services commence at 7:30 o'clock.

Fun in a Pullman car will be portrayed at the Opera House on next Saturday evening by the Bostonian minstrels. The subject will give a wide scope for the production of mirth.

The choir of the Second Congregation of St. Andrew's Cathedral, will meet this evening at 7:30 o'clock at the residence of Miss Susanne Patch corner of Hotel and Richard streets.

Send a copy of the HAWAIIAN GAZETTE with your letters to-day. It contains the full account of the dedicatory services at the new Central Union Church besides all the news of the day.

The Haleakala Ranch Co. has elected the following officers: H. P. Baldwin, President; J. O. Carter, Vice President; G. H. Robertson, Treasurer; L. A. Thurston, Secretary, and W. O. Smith, Auditor.

Yesterday afternoon Malty, the cyclist, rode from Mrs. McCully's cottage at Waikiki to the ADVERTISER office in eleven minutes and ten seconds. His exhibition at Remond Grove will take place next Saturday.

Frank Johnson, who was found on the Fisher premises, Liliha street, on Tuesday morning, as mentioned in yesterday's ADVERTISER, was discharged by Judge Foster. There was no evidence to convict the man on any charge.

Mr. H. Lincoln Holstein, of Kohala, Hawaii, passed his examination to practice in all the courts of this kingdom yesterday. Mr. Holstein was formerly employed in the Supreme Court, but has been practicing at Kohala during the past three or four years.

Geo. Kapeau Kepoikai was among the thirty-three lepers sent to the Leper Settlement by the steamer Kilauwa Hou. Mr. Kepoikai was the leper who was shot by Police Officer W. King, at Waialuku, some time ago while resisting the officer from carrying out a warrant of arrest.

Theodor Zeimwoldt, after an illness of several weeks, died yesterday at the Queen's Hospital. The young man has been in the employ of Mr. H. F. Wichman for the past three years, and was well liked by his employer and fellow workmen. The funeral will take place this afternoon at 3 o'clock from the Y. M. C. A. Hall.

The officers of the steamer W. G. Hall reported the volcano increasing in activity. The lava overflowed the banks of Mokuaweo for several days last week, but subsided again. There is every reason to believe that a great flow will take place soon. There were several shocks of earthquake at Hilo last Sunday, occasioned by "Madame Pele."

INTERESTING GATHERING.

Meeting of the Woman's Board of Missions Yesterday.

A most interesting meeting of the Woman's Board of Missions was held yesterday at Central Union Church.

Mrs. Hyde the president, read a portion of Solomon's prayer at the dedication of the temple and made a few appropriate remarks, after which Mother Cooke offered a most beautiful prayer. A hymn was sung and the meeting was open to business.

A number of interesting reports were read, notably Miss Green's report of work among Hawaiians; Mrs. Soares, of the Portuguese work; Mrs. Rice, of the prayer meetings among the women in Kawaihauo church; the "Gleaners" (Young Girls' Mission Band); the "Lima Kokua," (native girls' mission band), etc.

Then followed the second of a series of historic papers—on eminent Hawaiian women converts to christianity.

This paper was on Kaahumanu and was prepared and read by Mrs. H. A. P. Carter. Though it was of necessity long, it was listened to with profound attention.

A series of papers are being prepared by the society, and they will be a valuable addition to Hawaiian history, as much has been taken from journals and letters which have never been published.

Her Majesty the Queen was among the most interested listeners yesterday, and Mrs. Leavitt was one of the guests of the society. The treasurer's heart was made glad by a contribution of \$80.90. About one hundred and twenty-five ladies were present and all felt that they had spent a delightful afternoon.

RUMORED CHANGES.

Dame Rumor Is Busy About New Appointments.

For several days there has been a great deal of Merchant street talk regarding rumored changes in various departments of the Government. The oracles have it that there will be several more changes in the Police Department and a general clean up around the Custom House where a number of hungry office seekers are trying to get both hands and feet into the public pie.

This is the way the kahunas have arranged things: Clarence Crabbe, the popular and efficient Port Surveyor, is to be transferred to Hilo, his old stamping ground. He is to be replaced here by the present Jailor of Oahu Prison. The present Deputy Marshal, J. A. Mehrtens, is to be placed in charge of the reef. Harry Von Holt is to succeed Deputy Collector Boardman, and so on until the end of the chapter.

Of course the above changes are all merely conjectures and are not likely to take place, as Minister Jones is reported as saying that he has no intention of disturbing the Custom House employees.

ALLOWED BAIL.

Mrs. Anna Costa is Liberated by the Chief-Justice.

On motion of Hon. C. W. Ashford counsel for the defendant, to admit Mrs. Anna Costa to bail, Chief-Justice Judd made an order yesterday that she may be admitted to bail under a bond of \$2500. The bond was soon furnished and Mrs. Costa was liberated later in the day.

It will be remembered that Mrs. Costa and her husband, John Costa, were indicted for murder in the first degree at Waimea on the 7th ult. Several attorneys stated yesterday that the order to allow Mrs. Costa to bail proves that the Crown has a very poor case. It is expected that an effort will be made within a few days to have the husband released on bonds.

The following persons are booked at the office of Wm. G. Irwin & Co. to leave on the Australia to-day: Hon. W. G. Irwin, wife, daughter and maid, F. S. Pratt, P. Ivers, J. W. Berry, T. E. Corbett, F. A. McGuinn, Theo. H. Davies, Sheldon Painter, Mrs. Hebbard, Sr., C. C. Gardner, Mrs. R. Halstead, Mrs. E. Halstead and child, E. C. Damon, J. A. Buck, Lieut. Boughter, P. E. Haslett and wife, Miss E. C. Dallum, Lieut. Washington, K. K. Cutler and wife.

Palama Thieves.

Mr. Editor: A letter appeared in your contemporary's issue of Monday giving the credit of the capture of the Palama chicken thieves to ex-Policeman Wm. Larsen. The fact of the matter is that the arrests were made by Police Officer D. K. Puhii, who is entitled to any credit which may be due.

POLICEMAN.

Honolulu, Dec. 6, 1892.

No. 1 Engine Company will hold its regular monthly meeting this evening at the usual time.

WHARF AND WAVE.

DIAMOND HEAD, Dec. 6.—9 P.M.: Weather, clear; wind, light N.

The Japanese steamship Yamashiro Maru sailed yesterday at 3 P. M. in ballast for Yokohama. She took 7 saloon and 190 steerage passengers.

Mr. Frank Poor went yesterday as purser of the steamer Iwalani.

The barkentine S. G. Wilder will leave for San Francisco between the 15th and 20th inst.

The steamer Waialeale will go on the Marine Railway to-day to be cleaned. She will leave on Friday for Hamakua ports under command of Captain Smythe, late of the steamer Pele.

The bark Albert will load sugar for San Francisco after the bark J. C. Glade. She will probably be ready to leave about the latter part of this month.

The steamer Kilauea Hou took about thirty-three lepers to the Leper Settlement at Molokai yesterday.

TACOMA (Wash), Nov. 22.—Charles L. Colby, the associate of Henry Villard in the Northern Pacific management, said to-day that a new 4000-ton whaleback barge has been ordered from the American Steel Barge Company for the Northern Pacific steamship lines between Puget Sound and China, to be finished May next. The vessel will make fifteen knots an hour when loaded, and will have accommodations for sixty cabin passengers.

LONDON, Nov. 14.—The correspondent of the Times at Ferrol, Spain, asserts that the wrecking of the battle-ship Howe was entirely due to the inaccuracy of the Admiralty chart, which is supposed to be corrected up to 1873. It was found by soundings to be entirely unreliable.

Notwithstanding the ill-luck of a few schooners of the Japan sealing fleet sailing from San Francisco, the owners of all the craft seem determined on trying their fortunes again next year. Crews and hunters are now being secured, and there will be few sealing schooners left in port when the new year is fairly opened.

VANCOUVER (B. C.), Nov. 14.—The dispatch sent out from here Saturday night by press representatives announcing that the Canadian Pacific Railway Company had made arrangements for the construction of two additional steamers for their China-Japan route is very interesting reading to those not acquainted with the facts in the case. It is well known here that the three Empresses now on that route are more than adequate for present or prospective trade. Since the inauguration of the Northern Pacific line to the Orient there has been considerable falling off in both passenger and freight business from the Canadian Pacific Company, as evidenced by the fact that that company has recently inaugurated monthly instead of semi-monthly service.

The English Sailors and Firemen's Union have issued a manifesto warning the public to avoid steamers that are manned by Lascares. The manifesto says that recent disasters, notably wrecks of the Peninsula and Oriental steamer Bokhara in the Straits of Formosa and the Anchor line steamer Roumania on the coast of Portugal, have shown that Lascares are unable to stand rough weather. If British seamen had been employed on those vessels, it is claimed, the loss of life would have been less.

**THE SUGAR BOUNTY.**

**KING KALAKAUA'S CHAMBERLAIN SAYS THAT HAWAII WANTS IT.**

**He also Says that Two Cents per Pound is an Equitable Claim.**

We re-print for the benefit of our readers, the following article from the San Francisco Bulletin of Dec. 22nd, last year, at the time of King Kalakaua's visit to California. The views expressed in the article are known to be those of the King himself which were communicated to Secretary Blaine and President Harrison, through Minister Carter, when he was summoned to San Francisco to meet the King.

The article just at this time, when treaty matters are being so fully discussed, will be interesting to our readers:—

At the Palace Hotel this forenoon the following statements were made by Colonel Macfarlane, Chamberlain to King Kalakaua:

"The idea in the whole treaty of reciprocity between the Hawaiian Government and the United States was the tariff protection that would be given the Hawaiian Islands, and our object was to place our sugar growers on the same plane as the American sugar growers. In return for this we were willing to remit the duties on all American products and discriminate against every country except the United States. Under the treaty we have received the compensating advantage of protection that the tariff on sugar afforded the American producer. This protection has amounted, on the average, to about 2 1/2 cents per pound for all the Sandwich Island grades. We first entered into solemn treaty obligations with the United States for a period of seven years. A protest was lodged by Great Britain against our making such treaty and thereby discriminating against English Goods. The British government also claimed, under the general treaty of friendship, amity and commerce, and under the 'most favored nation' clause, a right to make a similar treaty for Canada and the Australian colonies, the tariff on sugar in those countries being only about one-half what it was in the United States.

"The Hawaiian Government claimed that the commercial advantages offered by the United States could not be equaled by Great Britain. For this reason the British protest has been allowed to sleep, but it was never withdrawn. We, on our part, have maintained the treaty with the United States inviolate, all through these years, even to extending it through a second term of seven years, with one year's notice of abrogation. The first serious breach has occurred on the part of the United States. The breach was not intentional. It never occurred to the Congress of the United States that the McKinley bill would work such injustice to the Hawaiian Treaty. In fact, Mr. McKinley, so Mr. Carter, the Hawaiian Minister at Washington informs me, voted in committee against the repeal of the sugar duties.

"The whole basis of our treaty, so far as the terms offered by the United States are concerned, was the sugar schedule, which placed our sugar-growers and the American sugar-growers on the same footing. The removal of the sugar tariff takes away all the benefits we, on our part, have derived from the treaty, while the free admission of all American goods into our country remains the same as heretofore. This is now an entirely one-sided affair. It was never intended that the smaller country should give all the benefits away to the larger country; and it is no secret that the United States, by making the treaty with us, not only expected to control the trade and commerce of our rich group of islands, but indirectly to secure political advantages as well. Under the renewal of our treaty for the second term of seven years, we granted an exclusive right to the United States for a coaling station in one of our best harbors, Pearl River Harbor. This exclusive right, however, terminates whenever the treaty is abrogated. It would be out of all reason to expect the United States to restore the sugar tariff, but as our treaty provides that our sugar grower shall be on the same footing as the American sugar growers, the only compensating advantage the United States can give us for the removal of the sugar duties is the bounty they have given the American growers in lieu of the protection afforded by the sugar duties.

"We feel that we have an equitable claim for this bounty of 2 cents per pound as given the American sugar producers. These views are practically the views of the people of the Hawaiian Islands, largely shared by King Kalakaua, but the precise instructions given to Minister Carter, who leaves to night for Washington, will not be known until the Minister has met the President and Administration. Minister Carter, as our diplomatic representative at Washington, is not in a position to be interviewed, and in a diplomatic capacity he must be very non-committal. I am free to say, however, that His Majesty's wish is for his Minister to enter into such an arrangement as will embrace the widest commercial relations between the Hawaiian Islands and the United States. It is also his wish that proper representation of the facts shall be made by Mr. Carter, our Minister, to the Administration and Congress, so that our country will suffer no injustice. For the remaining term of the treaty, namely for about four years, there can be no question but that we have an equitable claim for the bounty.

At the end of that time the United States has the right to abrogate the treaty if the Government shall so wish. But the United States Government is not likely to surrender trade amounting to over \$20,000,000 on the Pacific Coast, which is larger than the aggregate of all the trade of California with China, Japan, South America, Australia. It will not give this up to fall into the hands of Canada and Australia, with which countries we are situated midway, in the Pacific, as we are with California.

"There is no longer any doubt of the establishment of a Canadian and Australian line of steamers via Honolulu. Recent dispatches from England show that the matter has been decided upon. The line will be heavily subsidized and will come into sharp competition with the Oceanic Steamship Company, which now flies the American flag, between Honolulu and Australia. I may add this, that King Kalakaua will not seriously think of making a treaty with other countries unless this injustice is continued, and he is forced to that alternative by the failure of the United States to live up to the spirit of the text of the present treaty. I may also add that King Kalakaua has always vetoed any bill or any measure tending to change our tariff law to the detriment of the American manufacturer or producer."

The Pronunciation of a Name.

Now that John Philip Sousa has located in Chicago we think it proper to correct a growing misapprehension as to the correct pronunciation of his name. A certain wealthy and cultured and influential society faction on the South Side call him *Sou-sar*, and at the Chicago club it is seriously argued that the eminent musician was called to this city not only in recognition of his genius and talents, but also and especially because it was fancied that his name, identified with music development here, would stand as an enduring tribute to one of the greatest industries in the packing house quarter of our civilization. About the only joke that Phil Armour ever cracked was when he put this conundrum to a group of friends the other evening, "Why am I like the leader of our famous band?"

Marshall Field (who is a sly wag)—Because you blow your own horn—ha, ha, ha!

Mr. Armour—No.

George M. Pullman (somewhat of a humorist himself)—Because he lives by a baton and you live by a battoir.

Mr. Armour (wearily)—No, not N. K. Fairbank (always subtle)—Because he tries hard to please and you try hard to please.

Mr. Armour—You are all wrong.

Omnes—We give it up.

Mr. Armour—Then I will tell you why I am like the leader of our famous band. It's because I am a souser too!

Marshall Field—But you ain't; you're an Armour.

George M. Pullman—That's so; Marshall's right; you're an Armour—you ain't a Sousa!

Mr. Armour—But don't you see? He is a Sousa and I am a souser too! I make sous—I'm a souser—see? So we are both Sousas!

Marshall Field—Oh, oh, y-a-a-s; by George, that's a good one! Has Higginbotham heard it?

In spite of Mr. Armour's pretty wit and in spite of South Side usages, Mr. Sousa's name is not correctly pronounced *Sou-sar*; the correct pronunciation of the name is as if the name were spelled *S-o-o-s-a-h*, with the accent upon the penultimate. —Chicago News-Record.

Brokers Have Fun with a Governor.

It is a barren subject out of which Wall Street fails to get some fun. Governor Flower's opinion that Friday, Oct. 21, was not a legal holiday had in it too much serious meaning not to invite burlesque. Raillery came thick and fast after it had fairly started, especially when it seemed to be settled that the governor had put his foot in it. By Wednesday night the fun lovers decided that the governor deserved sympathy on the ground that he was the only man in the land who would work Friday. Telegrams in this strain multiplied Thursday, and when business ended that day messages enough were put on the wire to make the day certainly one of labor for the governor's secretary.

Besides telegrams purely sympathetic, some of the senders demanded that the governor stand firm for state sovereignty against the national decree; others offered recruits to the "corporal's guard of Friday laborers." One of the senders expressed the hope that the close of Friday would not find the governor "a drooping flower." —New York Times.

A Holiday Triumph.

I heard today of an original wager made by a number of Harvard students. One of them was willing to back himself to any amount that he could eat forty griddle cakes within three hours. The others took him up to the amount of forty dollars, and went to a certain restaurant on Newspaper row on Columbus Day to do the feat. Eighteen cakes were disposed of at the first sitting, then the man went for a walk of thirty minutes. Upon returning he ate fifteen more. His stomach then rebelled, but seven cakes remained to be eaten.

A large crowd had collected by this time, vastly interested in so unattractive an experiment. But the Harvard man, although receiving much good humored advice, followed his own line of experimentation. The chairs were cleared for a rush to the street at intervals, and he finished the seven, two at a time, then three, having eaten the forty in 2 3/4 hours. He was living and well when last heard from. —Boston Record.

A Delayed Photograph.

The most surprised man at the late Grand Army encampment at Washington was Postmaster John B. Emery, of Williamsport. When Mr. Emery was at the front in 1862 he had a photograph taken of himself and mailed to his mother. She never received it, and the picture was long since forgotten. During the encampment the postmaster was naturally interested in the dead letter office. There is a collection of several thousand photographs that have failed to reach their owners, and while looking over them Mr. Emery was astonished to find his own among them.

By unwinding the necessary amount of red tape the postmaster established his claim to the photograph, and it was sent to him a few days ago. —Washington Letter.

**TOO MUCH LEATHER**

In a Shoe is as bad as too little. You don't buy footwear to rattle around in any more than you do to give yourself a squeeze. A good fit is as necessary as durability, and the two are as it were a sort of Siamese twins, a double, which can't be separated any more than the two blades of the shears. Our Heywood \$4.50 Shoe combines them both every time. It wears the longest, fits the best and looks the best of any Shoe in the market. You won't get a crick in your back or strain your muscles coaxing it on your foot, and the price is as low as the tide at the ebb.

**Columbus Discovered America.**

**HOW IT CAME ABOUT?**

Do people care when there is a depression in business like at the present time, who discovered America or by what means?

It's far more important to discover facts, such as you'll find here and more money in your pocket. At first, we wish to state, we are not having a CLEARANCE SALE, nor are we CLOSING OUT BUSINESS, ours is a Legitimate, Plain, Ordinary Every-Day Sale, where you can get good value for every dollar you invest.

To Dress Well requires study and artistic taste, and in order to please the public, it not only requires taste and study, but a thorough knowledge of FASHIONS, FADS and FANCIES in other lands.

Among our Latest Fancies, are all Wool Silk Striped Chaitles, no better bargain can be found, Fresh Goods, Stylish and Colors to suit the most fastidious and prices—why, the price we ask for these goods is REMARKABLY LOW considering the quality.

**Plaids, All Wool Plaids.**

Plaids are one of the Fall Novelties in Dress Materials, and we have them in the different combinations of colors and STORM CLOTH now so popular, we have it also with braided and novelty buttons to give it the right finish.

LADIES CLOTH in black, invisible blue and new green, extra wide, why it only takes four yards to make a dress and it is not high priced either, one of our Natty Little Straw or Felt Hats to match any of these dresses, gives the costume a city air that does one good to see.

We expect this will be a cold winter, (perhaps for some) but we don't propose to get left, not with a such variety of Ladies' and Misses' Tailor-Made Coats and Jackets as we carry. The colors are black, navy, mode, grey and fancy striped at \$2.75 and upwards.

**Our Millinery Department**

Is a busy one at the present time, on account of the many orders in advance for Children's Hats in consequence of the approaching Holidays. Call in as you pass by, and have a look at some of them, you will be surprised at the Children's Fancy Little Straw Hats that we are offering at 75 cents and \$1; and the many stylish designs in Ladies Hats. Ask for the TOM TUG. Be sure and see the TOM TUG, they are simple, inexpensive, and one of the leaders.

**TOURIST TRAVEL.**

**The Raymond-Whitcomb Company Are Assisting Tourist Travel.**

One of the encouraging features of the tourist-travel situation is the fact that the foreign tourist agencies, both Cook & Son and Raymond & Whitcomb, are taking more and more interest in the Islands. The latter have for several years been sending "personally conducted" trips to the Islands, while the former have recently signified their desire to make arrangements for issuing through tickets covering expenses for the Island trip.

The next Raymond party will be due in March. As will be seen by Mr. Lyons' letter, the trip has been lengthened and other attractions added to it. It is also of note that while omitting their European trips during the coming year, they have held on to and enlarged their Hawaiian tour.

The Raymond-Whitcomb Company issue a 200-page pamphlet descriptive of the line of travel of their parties.

The following letter from Mr. Lyons, the well known Raymond-Whitcomb representative, to the Volcano House Company, speaks for itself.

LETTER FROM MR. HENRY C. LYONS.

"Your favor of October 11 came to hand yesterday, and I am delighted to know that even as much progress as you report has been made on the Volcano Road, and we will make use of this information to induce more people to venture on the great Volcano trip. I am not surprised that you had a number of Honolulu people at the Volcano House this summer, and I predict you will have an increasing business from there each summer. It stands in about the same relation to Honolulu that the "Adirondacks" and the "White Mountains" do to New York and Boston, and with the excellent house you now have there, they can not fail of availing themselves of the advantages of such a charming summer resort. I expect before this you have received our new winter California circular, and have seen what the changes in the Islands trip have been. Our first object, in putting the trip off till March, was to give an opportunity to members of our first Mexico excursion to also go to the Islands if they desire. Nearly every year some one or more of that party has said "I would have been glad to go to Honolulu, but you left San Francisco before our party arrived." We lengthened the trip for two reasons—one being that we regard five weeks none too long to remain in such a charming country, and, secondly, because by so doing we can both go and come on the Australia, which I regard as a very excellent craft, and in this way we will avoid the possible annoyance of a two or three days' delay in San Francisco on account of late English mails. We have also incorporated quite a number of very attractive carriage rides in and around Honolulu, namely, to the Pali, Manoa Valley, Punchbowl, Tantalus, out to Waikiki, to Punahoa and to the Kamehameha Schools, and a rail trip to Ewa Plantation. I can only hope that these inducements will bring us a larger company of tourists than ever before. Of course we recognize the fact that about that time the tide of travel will be towards Chicago.

"Messrs. Raymond & Whitcomb are now concentrating about all their energies on the great projects they have in hand for the Columbian Fair in Chicago. They will not attempt to send any party to Europe next spring, so you see we have held on to "The Paradise Islands" while letting go of Europe. I will send you a few extra copies of our winter California circular, as you may like them to show some of your business friends what we do toward making the Islands known.

"Boston, Mass., Oct. 25, 1892."

**Germany and Samoa.**

The report that the situation in Samoa is unsatisfactory to the German Foreign Office is confirmed. The German Government feels that some alteration of the Samoan Act is imperative, and doubtless will intimate this shortly to the other Governments concerned. The attitude of Robert Louis Stevenson in pushing British interests on the island has been especially disquieting to the German Foreign Office. His attacks upon Chief Justice Cederkrantz, as printed in the London Times, have been brought to the attention of the German Government, and have created the impression that Great Britain is doing her utmost to discredit the German representative.—Washington Star.

The Tourists' Guide for the Hawaiian Islands can be had at this office. This handy book is invaluable for strangers visiting this country. It contains descriptive matter pertaining to the different islands with handsome illustrations and maps. No tourist should be without the guide as it will save them a lot of bother and questions.

Daily Advertiser 50c. per month.

In the Supreme Court of the Hawaiian Islands.

In Banco.

HEARING NOVEMBER 21, 1892.

In the Matter of the Will of KAMAKA (k) deceased; W. B. Keanu proponent, Likepa Kahoolele and husband contestants.

BEFORE JUDD, C. J., BICKERTON AND DOLE, J. J.

(Exceptions from Circuit Court of the Second Judicial Circuit.)

OPINION OF THE COURT PER JUDD, C. J.

This is a motion for a new trial on the ground that the verdict of the jury was contrary to the law and the evidence.

The admitted facts of the case are, that a document purporting to be the will of one Kamaka was admitted to probate by the Circuit Judge of Maui on the 4th of August, 1891. From this an appeal was taken to the Circuit Court with a jury. The case came to trial on the 16th of June, 1892, upon the issue whether it was a valid will, the contestants claiming that the signature of only one subscribing witness had been proved, namely, that of J. T. Gower and that the alleged other subscribing witness, Nika, could not write and therefore his signature was a forgery. The will is dated the 7th of July, 1868. Kamaka the testator died on the 29th of March, 1887.

The verdict of the jury was for the contestants, thus setting aside the probate of the will. One of the contestants is the daughter of Kukulalili a son of the testator, and who was appointed executor in the alleged will.

From the transcript of the evidence sent up, we find that both W. B. Keanu, proponent, and his wife gave evidence that both Mr. Gower and Nika signed their names as subscribing witnesses to the will in the presence of the testator. Mrs. Keanu says: "Mr. Gower and Nika were the witnesses. I saw those two witnesses sign their names and they signed this, each one signing his own name." Against this is the testimony of Kamanu and Paaoa, that Nika was Paaoa's uncle and that he could not write. Kamanu says Nika could not write, because on the 27th of November, 1875, he signed a deed conveying land to Paaoa by a cross mark, and said that he could not write. The will itself contains intrinsic evidence that it was signed by both the witnesses, Gower and Nika. It is proved to be in the handwriting of the late Rev. W. P. Alexander, who was present when the will was executed, and the attesting clause, also in Mr. Alexander's handwriting, recites that "Kamaka executed this last will written on one sheet of paper on the day mentioned above, declaring that it was his last will in the presence of us two (maua) and at his request we (maua) have signed our names as witnesses and we have signed in his presence and in the presence of each other." Then follows "J. T. Gower living at Wailuku, Nika living at Wailuku." These two names are bracketed together with the words "Na hoike" (the witnesses) outside of the bracket. The signature of Mr. Gower was proved by independent testimony.

We think that the presumption thus raised that Nika witnessed this will at the same time with Mr. Gower, coupled with the positive testimony that he did so sign, is not overcome by the testimony by the contestants, that Nika could not write. He was an old man and his signature indicates that he could write very imperfectly. It is not unusual among aged Hawaiians to shrink from signing their names or to decline to do so from pride, lest their ignorance should be disclosed by an abortive attempt to make a readable signature. Many old Hawaiians were taught to write only their names and from disuse of this acquirement, failing eyesight or the infirmities of age, it might be actually impossible for them to make their signatures. Nika's deed offered in evidence was executed by a cross-mark, seven years and a half after the date of the will. There is no proof that he could not write at the date of the will.

We think that the jury must have been led to their verdict by improper motives and therefore set aside their verdict and order a new trial.

C. Creighton and J. Richardson for proponent.  
A. Rosa and J. W. Kalua for contestants.

Honolulu, December 2, 1892.
