LATE NEWS FROM ABROAD.

Japan and China Still in Bellicose Mood.

THE BRITANNIA BEATS THE VIGILANT

President Carnot Buried, a Great Crowd Attending the Funeral Services—The New Panama Canal Company—Rice and Sugar Culture in the States.

Corea is alarmed at the movements of her neighbors, and pleads that both withdraw their troops from her shores and warships from her harbors. The plans of Japan are secret, and as fast as the native papers make any announcement about the war the papers are suppressed. Her navy is at its best, her arsenals are busy, the coasts being fortified, and everything breathes a spirit of trouble.

A cable received from Yokohama announces that on June 13th the Corean Government army defeated the Togakuto, recovering Senshu, and that the rebels are between Kubu and Senshin. The commander of the Government troops was captured by the rebels, but his life, so far, has been spared.

The Japanese warships at present in Corean waters are the Matsushima, the coast-defense flagship Yoshino, the Yamato, Musashi, Takao, Chyoda and Tsukushi Kan, the cruisers Agaki and Chokai Kan, and the gunboat Yaemaya Kan, also a dispatch boat.

The Japanese army, which landed June 12th, was divided into two divisions—one being left at Chuenchan to protect the Japanese there, while the other division of 1200 men proceeded to Seoul on the 14th to protect the Legation and Japanese there. When later news reached Pekin, an urgent telegram was sent to Viceroy Li from Minaver uan. The Viceroy inspected all the troops under him and ordered them to prepare for departure.

A telegram received on the 19th at Tokio from Shanghai reads as follows: "There is a rumor that the registration of the vessels of the China Merchant Navigation Company will be transferred to Germany."

When war with France became inevitable in 1884 all the steamers of the China Merchant Navigation Company were registered to the United States, and Messrs. Russell & Co were made their agents. It is usual for China to place her merchant vessels under the protection of a foreign power, and they think it a clever expedient, as China well knows that in case of war she could not protect her merchant ships. If the rumor is true, and the vessels have been transferred to the registration of other powers, it may be concluded that China has taken the step toward military preparations.

At Port Hamilton the British squadron is watching events. It is said that Japan will not allow Corea to be incorporated as a province of China. Chinese and Japanese fleets are watching each other off the coast, and the British fleet is watching them both.

Japan has called out the first military reserve to be ready for emergencies. Her standing army is 50,000. This will increase it to 100,000. The calling out of the reserve created great excitement throughout the empire, and bells were rung and cannon fired in every prefecture.

A passenger by the Empress states that just before the ship left Yokohama it was reported that Commander Nino, attache of the Legation at Juenchan, Corea, and a Japanese newspaper correspondent who accompanied him on the trip, had been murdered by Chinese soldiers, and created great excitement in Yokohama.

Foreign Aid Not Wanted.

BERLIN, July 6.—Chinese advices received here say the Government of China will not send a circular note to the European powers in regard to the trouble in Corea, nor will it invite any foreign mediation in the matter. The menacing attitude of Japan is viewed by the Chinese Government with perfect composure.

The Vigilant Beaten.

HUNTER'S QUAY (Frith of Clyde), July 5.—The regatta of the Mudhook Yacht Club today opened amid a scene of excitement, which was soon after intensified by a collision between the Valkyrie and the Satinita, which resulted in the sinking of the former yacht and seriously disabling the latter. Then, to still further excite the masses ashore and the people afloat, the Britannia, which had the start, was overhauled and passed by the saucy Vigilant. No such interest was ever shown here in a yacht race, for the American flyer Vigilant was to meet, for the first time, the Prince of Wales' cutter, Britannia, admitted to be the fastest yacht in Europe.

One of the most remarkable changes which ever occurred in a yacht race took place several miles from the finish. The wind was fairly fresh on the run up to the Frith as far as Cloch, where the Vigilant had a lead of over five minutes. On the home side of Cloon, however, the Vigilant dropped out of the wind, and the Britannia began to draw upon her, keeping further from the shore. A mile above Cloon the Vigilant was passed and the Britannia was leading by half a minute at Kilcreggel. On the straight the Vigilant pluckily endeavored to come past, but the Britannia luffed up and prevented her.

The Vigilant should have won, with a minute or two to spare, and would have done so but for the sudden falling of the wind, in which the Britannia was so well served. It was admitted on all sides that the Vigilant was the better boat and that she had the hardest of lines in losing.

The Britannia passed the winning mark thirty five seconds ahead of the Vigilant, amid the greatest enthusiasm. Time of Britannia, 4 hours, 27 minutes, 51 seconds; Vigilant, 4 hours, 28 minntes, 24 seconds.

Carnot's Funeral.

PARIS, July 2.—It is estimated that over 2,000,000 people crowded the great thoroughfare through which the procession accompanying the remains of President Carnot passed to the Pantheon yesterday. All previous funerals of a state character were eclipsed by the spontaneous tribute of the people of the France of today to its martyred President Millions of francs were spent alone for floral offerings Wagons, carriages and railroads were loaded with such emblems. The only wreath permitted on the coffin was one from the dead President's mother. It bore the words, "Honor and Conscience."

The funeral was most remarkable for its civic and military display. All classes of people, the rich and the poor, crowded Paris.

The heat was so intense that hundreds of people fainted, and, owing to the packed crowds, it was with difficulty that they could be succored and removed.

The action of President Casimir-Perier in attending the funeral received the approval of the people. By some it was regarded simply as a mark of respect for the memory of his predecessor; by others it was regarded as a defiance of anarchism. At several points the President was greeted with applause, which was, however, speedily hushed in view of the solemnity of the occasion.

The Panama Canal.

PARIS, July 5.—The liquidator of the old Panama canal company has undertaken to deliver to the new company formed to complete the canal all the belongings of the bankrupt company on the isthmus of Panama, besides documents, plans and shares in the railway, on the condition the canal be completed within the stipulated time. The liquidator reserves the right to send a commission to inspect the works and books.

The Societe Generale, Credit Lyonnais and Credit Industriel have undertaken to subscribe 10,000,000 francs and to furnish three directors and agree to purchase the unissued lottery bonds of the old company up to 545,000 bonds. The capital is 60,000,000 francs.

To Ask for Ezeta.

SAN SALVADOR, July 6.—The Government has sent instructions to Washington to secure the best legal services and do all that is possible to obtain the surrender of Antonio Ezeta and his associates, now on board the cruiser Bennington. The popular rumor is that President Barrios, of Guatemala, demands his share of the spoils left behind by Ezeta. Gutierrez is making concessions to the people and revoking many oppressive decrees of the late Government. While the people are not satisfied with Guthierrez, there is no sentiment in favor of the return of Ezeta.

Rice and Sugar Culture.

WASHINGTON, July 6.—In the Agricultural Appropriation bill reported from the committee today an appropriation of $10,000 is made for continuing sugar experimental stations. So much of this as may be necessary is to be expended in experiments in sugar and rice culture on reclaimed lands in the San Joaquin and Sacramento valleys. This is done on the recommendation of Professor Wiley, of the Agricultural Department.

Stanford Loses Twice.

SPOKANE (Wash.), July 4.—Never before have such crowds been seen on the ball grounds as witnessed the double defeat of Stanford today. In the forenoon Spokane won by a score of 6 to 5. In the afternoon it was a tie, 8 to 8, up to the eleventh inning. Then Spokane was at the bat and Patton hit a fly to the center field. Lewis made a splendid run for it. He fell, was helped to his feet and held up the ball. The umpire decided that it had been picked from the ground, and the Stanfords grew furious with rage and marched off the field. The game was awarded to the Spokanes by a score of 9 to 0.

In Belgium, by the Constitution as just revised, every male citizen twenty five years old, has one vote, and every married male or every male thirty five years old has two votes.

By the Austrian plan of Postal Saving Bank checks are issued, transferring deposits between persons and places, as conveniences that is greatly prized and constantly used.

COURT NOTES.

A New Jury Law May be Passed by the Councils.

Judge Whiting presides in Chambers this week.

The jury for the next term of the First Circuit Court was drawn last Saturday in presence of Judge Cooper, and the list of names has been handed to the Marshal for service. The new Constitution, promulgated on the 4th instant, requires all jurors to take the oath to support the same, but the last preparation for jury lists was in March last. Unless jurors on those lists qualify themselves, it will be difficult to get complete panels of jurors to serve unless the two panels (Hawaiian and foreign) are to be mixed and the jury drawn from the mixed panel. In all probability, as has been suggested by some of the lawyers, a law will be passed by the Councils to enable this to be done.

Judge Whiting will be the presiding Judge at the next term of the Circuit Court, to be held next month.

Sam Hookano has been appointed District Magistrate of Ewa, Oahu, in place of F. A. Keliinohopono, who has resigned to take a more lucrative office, being that of Deputy Tax Collector for Ewa and Waianae.

Judge A. N. Kapoikai, of Wailuku, Maui, of the Second Circuit Court, has come down for a short visit.

In the matter of the estate of the late E C. Damon, Judge Whiting has admitted the will to probate, and ordered letters testamentary to issue to the widow without bonds. J. A. Magoon for the petitioner.

In the bankruptcy matter of Tai Wo Chan Company, eight claims have been proved amounting to over $2300, and F W. McChesney and Lum Kau are the nominees for the office of assignee. Appointment to be made this morning.

In the matter of the estate of the late Geo. E. Richardson, Judge Cooper has rendered an important decision in relation to the distribution of the property belonging not only to the deceased but also to the widow who died soon after. The facts are as follows: Mrs. Geo. E. Richardson who had an illegitimate daughter married her first husband one C. Hapai by whom she had a son. Afterwards the first husband dying she married the late Geo. E. Richardson, her second husband, with whom she had four children. The illegitimate daughter and her son by the first husband are still living. In 1892 the second husband who made a will, died leaving the wife and four Richardson children surviving him. Soon after, Mrs. Richardson died, and thereafter one of the Richardson children died, also. All these three deaths happened during the month of April in 1892. In 1891 Mrs. Richardson had executed an instrument by which she sold and conveyed all her estate as a married woman to her four children by Richardson, and there appears to have been two insurance policies on the life of Geo. E. Richardson, one being in favor of the estate and the other in favor of one of the Richardson children who is still living. The questions presented for decision were, first, does the widow take under the will or by right of dower? Second, if by right of dower, is the insurance policy payable to the estate to be considered such property as would entitle the widow to dower? Third, what is the effect of the instrument executed by Mrs. Richardson? Fourth, who are the heirs of Mrs. Richardson? Fifth, who are the heirs of the deceased child?

In relation to the first point Judge Cooper says that as the widow had not had her election within the prescribed time and that prescribed time not having expired before her death, the Court must make the election for her, which is that she take her dower and not by the terms of the will. To the second point, the Court holds that the insurance policy made payable to the estate is subject to the widow's dower. To the fourth question the Court holds that the illegitimate daughter inherits with all the other children. To the fifth point, Judge Cooper holds that the illegitimate daughter inherits with the others as far as the estate of Mrs. Richardson is concerned, but not otherwise.

The accounts were approved and the executor was ordered discharged. W. O. Smith, executor in person; W. A. Kinney for the heirs.

Valuable Real Estate for Sale!

CONSISTING OF THE

Following Properties,

—VIZ:—

1—Buildings and premises on the southeast side of Kekaulike street, makai of King street. Have a frontage of 72 7-10 feet on the street. Lease for $17 50 per month. Buildings are insured for $600.

2—Building and premises on the southwest side of Hotel street, between Maunakea and Kekaulike. Have a frontage of 93 feet on the street, a depth of 66 3-10 feet on the Waikiki side and 50½ feet on the Ewa side, and contain an area of 6611 square feet. The premises lease for $32.50 per month; rent payable monthly in advance. Lessees pay water rates and for repairs. The Buildings are insured for $1600 at the lessees expense and in case of the destruction or damage of the buildings by fire, the moneys received in respect of such insurance are to be laid out in rebuilding or reinstating the same, and in case such moneys shall be insufficient for such purpose, the deficiency is to be made good by the lessees. A good sidewalk with a granite curb has just been laid in front of the premises.

3—House and premises on the northwest corner of Hotel and Kekaulike streets, area 1425 square feet.

4—Land on Sheridan street, at Kalia, makai of and adjoining the premises of Mrs. John Wright. This property has a frontage of 925 feet on Sheridan street and an area of 11 80-100 acres. Leases for $30 per annum. There are a large number of cocoanut trees on the land. The windmill and flume on the premises of Mr G N. Wilcox on the opposite side of the street with a right of water go with this land.

5—Piece of land at Kapiwai, Panoa Valley, containing an area of 5 2-10 acres and composing taro land and kula. This land is finely situated near the head of the Valley and commands a beautiful view of the harbor. Leases for $70 per annum.

6—Lot on the southeast side of Liliha street, near the corner of Kuakini, having a frontage of 50 feet on said street and an average depth of 100 feet. This lot is number 2 of the Kaliu Tract and contains an area of 4575 square feet.

7—Land at Puiwa, Nuuanu Valley, mauka of Hanaiakamalama, Queen Emma's old residence; area 3 77-100 acres. Dry and taro land. Rents for $50 per annum.

8—Taro land at Hauula, Koolauloa, Oahu near the mauka side of the Government Road. Area 1 15-100 acres.

Titles perfect. Warranty deeds will be given to purchasers. Deeds to be at purchasers expense. Apply to

BY AUTHORITY.

Sale of Government Land in Kiilau and Puualaea, Hilo, Hawaii.

On THURSDAY, August 16th, 1894, at 12 o'clock noon, at the front entrance of the Executive Building, will be sold at public auction, a tract of Government Land in Kiilau and Puualaea, Hilo, Hawaii, containing an area of 49.37 acres, more or less.

Upset price $246.85. Cost of surveying $52.

The terms of the sale are cash or at the option of the purchaser, one fourth of the purchase price, cash, and the remainder in equal installments, in one, two and three years, with interest payable semi-annually, at the rate of seven [7] per cent. per annum.

The purchaser shall begin substantial cultivation and improvement of the land during the first year and shall continue such cultivation through the succeeding two years.

At the end of the third year, if all conditions have been performed by purchaser, he shall receive Patent conferring Fee Simple Title.

Failure to perform the above conditions shall work forfeiture of interest in the land.

In case of forfeiture, land to be sold at auction by the Government and if such sale result in an advance on the original price, the original purchaser to receive therefrom the amounts of his payments to the Government on account of purchase without interest and a pro rata share in such advance in proportion to the amounts of his payments. If such sale shall result in a lesser price than the original, the amounts of his payments returned to him, shall be charged with a pro rata amount of such decrease proportioned to the amount of his payments.

An agreement shall be signed by the purchaser with the Government covering these conditions and any assignment of such agreement shall work a forfeiture theref.

The purchaser shall pay the cost of survey and plotting of the land immediately after the sale, together with the first installment of the purchase price.

The map showing survey, can be examined at the Land Office, Interior Department and at the office of A. B Loebenstein, Hilo, Hawaii, where full information can also be obtained in this regard. J. A. KING,
Minister of the Interior.
Interior Office, July 13th, 1894.

SOMETHING MORE ABOUT SODA WATER.

The First Requisite in Making Soda Water is Pure Water.

HOLLISTER & COMPANY'S FACTORY was the only one in Honolulu that made use of the most improved method of purification—the Hyatt System—that removes all animal and vegetable matter, even *microbes*, and this is the kind of water we use in *our* Factory for *our* customers.

As for the Gas,

it is immaterial whether it is obtained from chalk, marble, whiting, marl or bi-carbonate of soda, the gas will be identical in either case.

Bi-carbonate of soda has been used exclusively by HOLLISTER & COMPANY for over 26 years, and the TAHITI LEMONADE WORKS since its foundation, because

It is Cheaper

than any of the other sources, and easier to handle. But the gas must be cleansed before mixing with the water.

In generating the gas, the material is sometimes carried over with the gas and must be thoroughly eliminated. Most Soda Water manufacturers are satisfied by running the gas through one purifier. We are not. We run it through three. In using any one of the lime carbonates it would do no harm to any one if some did slop over as they are all insoluble and can be seen in the glass; but with bi-carbonate of soda it is different, because the bi-carbonate is converted into sulphate of soda (Glauber Salts) a very good *horse* medicine, but not very agreeable to have in a glass of Soda, and which is soluable and therefore cannot be detected by the eye.

We do not dispense Soda Water ourselves, but furnish the pure Soda Water to every fountain in Honolulu but *one*, and we guarantee the Soda Water to be pure.

Each dispenser of soda will use the kind of syrup that suits his trade, but this has nothing to do with the purity and wholesomeness of Soda Water.

ST. LOUIS COLLEGE.

A Crowded House Greets the Amateur Thespians.

The large hall of St. Louis College was crowded last evening, at the musical and dramatic entertainment given by the pupils. The performance, although naturally being very "amateurish" was, taking the youth of the performers into consideration, very well done. The boys entered completely into the spirit of the two plays presented, and showed that they had worked hard to make the performance a success, and they succeeded.

The following was the programme rendered.

PART I.

Overture: St. Louis College Orchestra
Chorus: .... St Louis Choir

THE WORLD'S FAIR BOYS.

Drama in 3 Acts, by a member of the College Faculty.

Prologue..... ..... Chas. Murray

Characters:

Judson Ransom—An orphan.....
..... Geo. Schrader
Colin Carson—Friend of Ju .....
..... Jno. Cowes
Clay Carson—Friend of Jud .....
..... Jno. Hansman
Quincy Hedges—A Young Vaga bond..... Sylv. Cullen
Julian—A Thrifty Farmer. R. Kinney
Sergeant Hoogs — A Colored Po lice Justice .... Jno. Cook
Painter Grimes—W. F. Dec. Art Com..... ..... Wm. Steward
Capt. Lapham—Detective... C Murray
Frost—Police Officer ..... Jos. Loulu
Mr. A. Hop —A Speculator. Con. Wills
Azaph—Egyptian Magician .....
..... Basil Apiki
Dwarf—His Servaut..... M Medeiros
Obi—Zulu Chief ..... Keoki piki
Orano—Manager Azaph's Troupe
..... Thos. Lloyd
Scrogs—A Fisherman of the Lake
..... Wm. Jarret
Mr. D. Vincent—Jud's Faithless Guardian..... Chas. Hopkins
W. F. Guards, Zulus, Newsboys, etc.

PART II.

Selection..St. Louis College Orchestra

THE OFFICE SEEKERS.

A Farce.

CHARACTERS:

His Ex. the Minister..... M. Souza
Secretary..... Chas. Spencer
Mr. Bluffer..... M. Medeiros
Mr Dexter..... M. Soares
Mr. Sleeker ..... H. Kaimana
The Hon. J. Truthful... ..... Jos. Loulu
The Hon. M. Blusterman.... Jno. Cook
Mr. J. Windbag, Sec. W. M. B P. R. A..... Jno. Hansmann
Mr. Jesse Stubbs..... Wm. Kittel
Mr. Sam. Chinner..... L. Gay
Mr. M. Scribble, Sec. W. M. U. P. P. R. S. ..... Pat. Gleason
Flyer—Dispatch Boy..... Otto Berndt
Chorus—"Bill of Fare"..... Zoellner
S. L. C. Choir.
March—"Utopian"..... Reeves
S. L. C. Orchestra.

Between the scenes of the "World's Fair Boys" a musical programme was introduced. It was as follows:

Chorus—"Flower Land".... Thompson
N. Crabb and C. Cooper.
Violin solo—"The Harp that Once in Tara's Halls"..... Farmer
J. Hansmann.
Vocal solo — "Where are the Friends of My Youth"..... Barker
Neddie Crabbe.
Chorus - "We are Marching"... Souza
Violin solo—"Home, Sweet Home"
..... Farmer
Jno. F. Cowes.
Vocal duet—"Springs Returning"
..... Concone
C. Cooper and S Cullen.

HE STOPPED THE HACK.

Patrolman Ludloff's Plucky Capture of a Runaway.

Mounted Patrolman Ludloff made a clever stop of a runaway hack last evening, but he will be laid up for several days in consequence. One of Schuman's hacks was tied up, and the horse, becoming frightened at something, broke his rope and dashed down the street. Ludloff gave chase, and finally caught the scared animal on Queen street.

Just before he caught the animal, he was in some way struck on the left leg by the vehicle. His knee was severely hurt, just how seriously is not known at present. The horse which he rode, a fine and expensive animal, was also badly hurt, having both knees crushed. Even though so badly hurt, Ludloff kept pluckily on, and finally succeeded in stopping the runaway, and saving Schuman considerable loss.

He Stole a Watch.

Detective Larsen made a clever capture of a sneak thief yesterday. The culprit on last Saturday afternoon entered the cottage of Miss Chamberlain, on Punahou street, while she was sleeping, and helped himself to a gold watch and a small amount of money. The case was put in Larsen's hands, and yesterday morning he caught his man, a native, who had sold the watch to a Japanese for $4. The watch was recovered and the native reposes in jail. His trial will come up tomorrow.

THREE WALKING GOWNS.

At the left is a gray hairline silk and wool mixture gown with a handsome fichu of black silk edged with lace. In the center is a light plaid poplin, pearl gray, with green and russet stripes. The third walking dress is an old rose and moss green Scotch gingham. The vest front is of muslin worked in large wheels of colored silk.

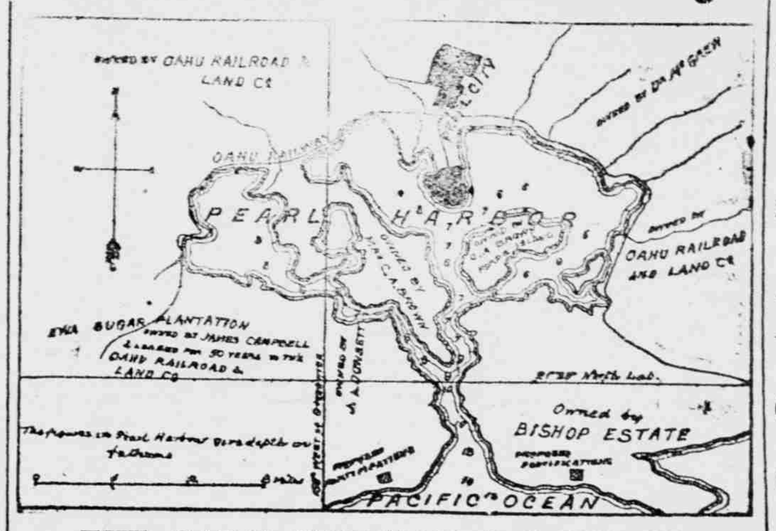
Homes at Pearl City!



THE OAHU RAILWAY & LAND CO.

Offer the Public Another Great Opportunity to Secure Homes in One of the Most Delightful Localities to be Found in the Paradise of the Pacific.

As a healthly resort—Pearl City has already established an enviable reputation. Many good citizens in this community have experienced the wonderful effect produced by a few days sojourn in that dry, cool atmosphere, and give grateful testimony to the relief they have almost instantly gained from severe and long continued attacks of asthma. Physicians acquainted with the climate of Pearl City recommend it as a natural sanitarium.

The Water Supply is Ample.

And can be increased to meet the needs of a population equal to the largest city in the world.

PROF A. B. LYONS of Oahu College is our authority for stating that the water supply is the purest yet discovered in this country.

SPECIAL INDUCEMENTS TO EARLY SETTLERS!

For ninety days from date we will sell LOTS ON SPECIAL TERMS favorable to bona-fide settlers. For a term of three months from date, lumber and all building materials will be supplied, and delivered at Pearl City at much lower price than ever before obtained.

For further particulars, call at this office or on any of the lumber dealers in this city. Those who now own lots as well as those who propose to become residents of that growing city, will do well to embrace this opportunity. Those who avail themselves of this offer, within the time named, will be entitled to, and will receive the following benefits:

For a term of ten years, this Company will carry such residents and their families from Pearl City to Honolulu in the morning [arriving a little before seven o'clock], and from Honolulu to Pearl City in the evening [leaving Honolulu station a little after five o'clock], for ten cents each way, a rate less than one cent per mile. The rates on all other passenger trains running during the day or night will be 1½ cents per mile first class, and 1 cent per mile second class.

A good school is about to be opened in the Peninsula, in the fine, large, new school-house erected by Mr. J. T. Waterhouse. Residents living at Pearl City heights, [above Pearl City station] and those having homes on the Peninsula will be allowed to ride free on regular trains between Pearl City stations to and from the Peninsula.

Those who want to continue to send their children to schools in Honolulu, can have transportation on all regular trains to and from Pearl City, for the purpose of attending school at five cents each way for each pupil. This is equal to 24 to 26 miles ride for ten cents.

Equal inducements for those desiring to secure homes in this country have never before been offered to the public.

This Company has been requested from abroad to name the price of all their unsold land in that locality.

Should a clearance sale be made to a syndicate, no opportunity like the present would again occur for the purchase of homes at Pearl City.

"A word to the wise is sufficient."

The Pacific Commercial Advertiser

Issued Every Morning, Except Sunday, by the

HAWAIIAN GAZETTE COMPANY

At No. 318 Merchant Street.

H. N. CASTLE, : : : : EDITOR.

TUESDAY, : JULY 17, 1894.

IT WAS A MISTAKE.

Sometime ago the ADVERTISER contained a statement from a Japanese by the name of Okita, charging Mr. Doyle with having withheld from him his share of the reward in a celebrated Japanese case which was tried some months ago. We are informed, not by Mr. Doyle, but by disinterested persons, that there is no truth in this statement, and upon inquiry we find that the facts do not bear it out.

The ADVERTISER never adopted the story in any way, but did give it currency, and in doing so committed an injustice which we sincerely regret.

COREAN AFFAIRS.

The state of affairs in Corea would seem to indicate that the independence of that country will soon be a thing of the past. Three powers are interested in it, and it is more than likely that none of them are overloaded with disinterested motives. It is probable that the country would have fallen a prey to Japan if it had not been for the interference of Russia. According to a late telegram, the Russian Government has served a notice upon the Government at Tokio that it will not permit the occupation of the country by Japan.

There is no question that the acquisition of Corea by either Japan or Russia would be a blessing to the country. The independence of semi-savage or savage peoples is a very doubtful advantage. The Government of Corea is a hideous, irresponsible despotism, conducted for the benefit of a royal family, by overriding the welfare of the many. The sooner such a government is wiped from the face of the globe the better it will be for Corea and for mankind.

WHAT NEXT?

The Holomua is leading the royalists who are satisfied that there is nothing more to be gained for their cause by an obstinate refusal to participate in the domestic affairs of the country. It has practically come out in favor of accepting the situation, and taking the oath to support the Constitution. There can be no manner of question that this is the plainest common sense, and it is a wonder that there has ever been any doubt upon it in the minds of reasonable men. At the same time, that sincere advocates of the monarchy should have clung to the hope of restoration, even after all rational hope was gone, is not surprising, for it is simply human nature and, as Artemus Ward says, "There is lots of human natur' in man."

The members of the Commission which has just started for Washington were all well satisfied that their mission was a hopeless one, and it is not a far guess to suppose that they went not so much to satisfy themselves as to put an end to the doubts and hopes of others. The result of the mission will be either to leave things just where they are, or else to convey to the most persistent royalist the conviction that further hoping is mere folly.

But can the native adherents of the ex-queen afford to wait until the return of this Commission from Washington? At present nobody knows when it will reach its destination, or when it may be back. In the meanwhile, the days are gliding by, the registration of voters will soon begin, and close upon its heels will tread the election. In whose hands do the native Hawaiians propose to leave their interests? Is it not very clear that they should not delegate the protection of them to anyone, but do the work themselves? There is only one way to do so now open, and that is by entering vigorously into political life. The Constitution is a free one, and it leaves the gate wide open. The native Hawaiians will have more rights under it than they have ever had in their own country before. Will it not be the sheerest folly to refuse to exert them?

Indications are not wanting that this view of the matter is the prevailing one, and that the days of civil strife and discord are over. The sky is brightening over Hawaii and there is promise of a fairer day than any which has yet dawned.

TONIGHT'S CONCERT.

A Fine Programme Arranged by Professor Adelstein.

The long-looked-for mandolin concert will take place this evening at the Opera House. The best local talent will assist Professor Adelstein in rendering a very fine musical programme, as follows:

    "Musica Proibita,".. .....Graziani-Walter
    Mandolin Solo, Mr. Samuel Adelstein.
    Violin, Miss Kate McGrew.
    Violin, Miss Paty.
    Flute, Mr. George Paris.
    Cello, Mr. Wray Taylor.
    Piano, Miss Nettie Burhans.
    (First time in Honolulu.)

A Million Tons of Sugar.

Latest information from Cuba by way of New York is to the effect that the harvest of sugar cane for 1893-94 has ended, and that from the best data the product of sugar will exceed 1,000,000 tons, the largest crop ever credited to the West India islands. Reports from different plantations received to June 20th foot up 1,017,114 tons, and it is safe to put the final total at 1,050,000 tons in round figures. This is the first time that the crop has come up to 1,000,000 tons. The sugar crop of Cuba for a number of years has been as follows:

1881 82	595,837
1882 83	460,397
1883 84	558,987
1884 85	631 967
1885-86	731,723
1886 87	646.578
1887 88	656,719
1888 89	560 333
1889-90	632,368
1890 91	750,959
1891-92	892,140
1892-93	779.000
1893-94	1,050,000

The crop for the past year is just double the average for the first three years of the above period.—S. F. Bulletin.

The "Salvation Army" has added to its ways of doing good by the establishment of "Auxiliary Leagues." Members pay five dollars a year, wear a little badge of crossed swords and have a leather medal which is their ticket of admission to all Salvation Army gatherings.

The ADVERTISER is delivered by carriers to any part of the city for 75 cents a month, in advance. Subscribe now and keep up with the new year. Ring up Telephone No. 88.

HAWAII PONOI.

Two New Versions of the National Hymn.

The two poems following, to be sung to the air of Hawaii Ponoi, were written by Mrs. G. E. Beckwith, of Haiku. The first is as follows:

Hawaii ponoi,
Isles of the summer sea,
Fanned by the trade winds free,
Hawaii nei!
Grandly thine heights aspire,
Wondrous thy heart of fire,
Deep toned the sounding lyre
Thy surf waves play.

Hawaii ponoi,
God's blessing o'er thee be,
God's love encircle thee
Hawaii nei!
Be loyal hearts thy might,
Freedom thy guiding light,
Forever truth and right
Bear glorious sway.

Hawaii ponoi,
Love all my song shall be,
Love ever more to thee,
Hawaii nei!
Aloha land and sea,
Aloha brave and free,
Aloha my countrie,
Aloha o-e!

The second is as follows:

Hawaii ponoi,
Isles of the summer sea,
Fanned by the trade winds free,
Hawaii nei!
Aloha land and sea,
Aloha brave and free,
Aloha my countrie,
Aloha o e!

Hawaii ponoi,
God's blessing o'er thee be,
God's love encircle thee,
Hawaii nei!
Aloha land and sea,
Aloha brave and free,
Aloha my countrie,
Aloha o-e!

Hawaii ponoi,
Love all my song shall be,
Love evermore to thee,
Hawaii nei!
Aloha land and sea,
Aloha brave and free,
Aloha my countrie,
Aloha o-e!

While the public school system of the United States is Democratic, and its object the good of the Community, it is not necessarily irreligious. In opposing the Roman Catholic claim for exclusive control of the education of the children, this Democratic character and this wide reaching object ought to be kept to the front. The hierarchial spirit of exclusiveness is not to be met by similar methods of grasping arbitrary control; but by fidelity to the Democratic character of the public schools, and their fundamental object, the good of the community.

Auction Sales.

By Jas. F. Morgan.

Mortgagee's Notice of Intention to Foreclose and of Sale.

NOTICE IS HEREBY GIVEN that pursuant to a power of sale contained in a certain mortgage bearing date the 2nd day of February, A.D. 1891, made by Sarah A Swinton and her husband H. S. Swinton of Honolulu, Island of Oahu, Hawaiian Islands, to Peter C. Jones of said Honolulu, of record in the office of the Registrar of Conveyances in Liber 132 page 65, and for the breach of conditions in said mortgage deed contained, to wit: non-payment of principal and interest when due, the mortgagee intends to foreclose.

Notice is also given that all the land and property described in the said mortgage will be sold at public auction at the auction rooms of James F. Morgan on Saturday, July 21st, A.D. 1894.

The property to be sold is described as follows: All of those premises, together with the improvements thereon, situated on the slope of Punchbowl in said Honolulu being lot No. 475 on the Government map of said locality, and being the same premises described in Royal Patent Grant No. 3521, containing an area of 11250 square feet.

Purchase price payable in U. S. Gold Coin.
Conveyances at purchaser's expense.
Dated Honolulu, June 23, 1894.

P. C. JONES,
By his attorneys,
CARTER & CARTER.

Jas. F. Morgan,
3734-td AUCTIONEER.

Landlord Sale.

NOTICE IS HEREBY GIVEN that on THURSDAY, July 26th, 1894, there will be sold at the auction room of Jas. F. Morgan, on account of non-payment of rent due me from Geo. Rook, Yun Fai, Ah Lai and Ah Wo, doing business under the title of "Sonora Restaurant Company," Nuuanu street, the following goods which were distrained for rent due, viz:

8 Tables, Meat Safe, 28 Chairs 4 Lamps, Bench, lot assorted Crockery, lot Kitchen Utensils, Counter, 2 Clocks, 2 Box Cigars, Spoons, Knives and Forks, Filter, 2 Bags Salt, Stool, Brooms, etc.

☞ The above goods will be sold on the above date, unless rent and all reasonable expenses are paid before said date.

MRS. M. A. GRAY,
By J. L. MCLAIN, her attorney.
Dated Honolulu, July 6, 1894.
3731-14t

307

July 14, 1894.

In a country where trade winds blow great guns 'steen months in the year something different from an ordinary clothes line and pins are needed, because the washed clothes are apt to blow off the line and fall, "buttered side down" in the dust. If your serving lady happens to be a Japanese, she will murmur, in an undertone perhaps, some of choicest epithets that are suggestive of blue fire. In reformatory work, an effort should be made to restrict the corps of servants, as well as members of the household, to language which could be used in the drawing room as well as at the wash tub. One step toward accomplishing such a result would be in adopting the Pinless Clothesline. To be obliged to go from one end of a line to the other with the arms full of clothes and the mouth gagged with clothespins is unpleasant to say the least; then to have the clothes to wash over again is much too much and not conducive to good thoughts or good language. With a pinless line all such troubles are avoided, put the clothing in the slot and the gentle breezes do the rest, the harder the wind blows the less danger there is of the pieces coming loose; if it doesn't blow at all the clothes hang there just the same.

Calculate the cost of a rope line and clothes pins and add to it about what it costs to renew clothes pins and buy rope after it has rotted away and you will find that in a year you spend twice as much as if you bought a pinless line and keep it going every day for a decade.

JUNE TERM, 1894.

WM. HENRY v. L. AHLO.

BEFORE JUDD, C.J., BICKERTON, AND FREAR, JJ.

ROAD CONTROVERSY.

Where a Kuleana is granted within a Crown land, the owner of the Kuleana has a right of way by necessity from it to the nearest Government Road.

OPINION OF THE COURT BY BICKERTON, J.

This matter comes here on appeal from the Commissioner of Private Ways for the District of Koolaupoko, Island of Oahu. The plaintiff owns a kuleana described as Apana 1 R P. 1378, L. C. A 9639 situated at Waikalua, Kaneohe, District of Koolaupoko. This piece of land is a short distance from the Government Road, to reach which, he (the plaintiff) has to cross a tract of Crown Land which is under lease to the defendant, who has fenced along the said Government Road thereby preventing plaintiff from going to or coming from his land. The Commissioner, after due proceedings were had, decided that the plaintiff was entitled to have a road ten feet wide running from the Government Road between two certain kuleanas, and continuing on to plaintiff's land. This road is a matter of necessity to the plaintiff. He must have a way to and from his land. It is a right which he acquired with the land. There may not have been a road of a certain width, and perhaps not always in exactly the same location; it may have only been a trail to the plaintiff's land across the Crown Land. The location is created by use; the plaintiff could not have a number of roads; he is only entitled to one, and the one he had been using was closed up by defendant, and when the matter came before the Commissioner it devolved on him to direct where the location of the road should be, also how wide it should be, at the same time taking into consideration the necessity for the road and the best location to place it, so as not to interfere, more than was necessary, with the occupation of land over which the road passed. We do not regard it necessary to consider the question of prescriptive right, as this is a case of a way of necessity. This question of right of way is fully discussed in the case of Lulia Kalaukoa v. C. Keawe, decided by this Court July 14, 1893. The Court there holds, in speaking of where the existence of a right of way is only provided for, that the location, width &c., "must be ascertained by evidence, such as the condition, or character of the lands and the uses made of them, or the acts or acquiesence of the parties." The reasoning in that case is very fully sustained by a large number of authorities there cited, and applies in every way to the case at bar.

We are of the opinion that the decision of the Commissioner was right in ordering a road opened where he did. It is not in any way unreasonable and conforms to the necessities of the case. This matter coming here on appeal, we order that a road be opened ten feet wide running as near as possible in a straight line from plaintiff's land and passing between the Kuleanas of Kumalae and Kaailua to the Government Road; the defendant to maintain a gate of not less than ten feet wide where this way enters the Government Road, the said gate to be free to the use of the plaintiff at all times.

The appeal is dismissed.

J. A. Magoon for plaintiff; W. C. Achi for defendant.

History of the Convention

WHICH FRAMED

THE CONSTITUTION

OF THE

REPUBLIC OF HAWAII!

Special -:- Edition

To satisfy the demand for a History of the Constitutional Convention, the GAZETTE COMPANY has prepared and today issues a report of its proceedings, which terminated with the Proclamation of the New Constitution on the Fourth of July at the Executive Building.

The pamphlet will also contain a fine portrait of President Dole, and the New Constitution in full, with an index. The whole is enclosed in a most artistic illuminated cover, which of itself is worth the price charged for the pamphlet.

Early application is necessary to secure copies of this memento of the birth of the Hawaiian Republic, as numerous orders are on file, and the edition is limited.

National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.

The attention of Planters and Agents is called to the following letter from Mr. JOHN A. SCOTT, Manager of the Hilo Sugar Co., regarding the working of the National Cane Shredder, which he has just introduced into the Mill of that Company:

WAINAKU, HILO, HAWAII, January 22d, 1894.

HON. WM. G. IRWIN, HONOLULU, H. I.

DEAR SIR:—In reply to yours of the 16th inst. regarding the National Cane Shredder furnished by the Universal Mill Co of New York, and erected by the Hilo Sugar Co this past season,

I would beg to say, that it has now been in operation day and night during the past three weeks working on plant cane, and also hard ratoons, and it is giving me the greatest satisfaction. The more I see of its capabilities, the better pleased I am that I put it in, as I am satisfied that it will repay the original outlay in a short time, in saving of labor, higher extraction, etc.

It is shredding from 350 to 400 tons of cane every 22 hours with the greatest ease, and it could shred a much larger quantity if necessary. It delivers the shredded cane in an even uniform feed to the three roller mill, which receives it without the intervention of any labor, and as the cane is thoroughly shredded or disintegrated it relieves the mill of a great deal of strain, thus reducing the liability of broken shafts, gearing, etc.

There is a saving of four (4) men daily on the mill, as only one man is required to regulate the amount of cane delivered by the carrier to the shredder. It has increased the extraction from 4 to 5 per cent.

The economical use of steam is generally a serious consideration in adding new machinery, as in most mills the boiler power is taxed to its highest limit, as it was in this mill, and any increased demand necessitated an additional boiler. But I find that the shredder and the three roll mill engines combined use no more steam than the three roll mill engine did when working on whole cane, while doing better work and more of it, and owing to the uniform feed on the mill, the engine demands very little attention.

The Megass from the shredded cane makes superior fuel, and the firemen have less difficulty in maintaining a uniform pressure of steam than formerly.

I will be pleased to have a call from parties interested, as it is necessary to see the machine at work to fully appreciate its capabilities.

I remain, very truly yours,
(Sig.) JOHN A. SCOTT,
Manager Hilo Sugar Co.

☞Plans for erection of these shredders may be seen at the office of the Agents, where prices and other particulars may also be obtained.

TWO WOMEN PASTORS

THEY DIVIDE THE WORK OF ONE CHURCH.

They Think They Can Accomplish Most Good by Working Together—Ministering to Prominent and Cultured People In Cleveland—Sketch of Their Lives.

Copyright, 1894, by American Press Association.]

Rev. Marion Murdoch and Rev. Florence Buck, pastors of Unity church in Cleveland, are with one exception the only women pastors in the United States. The other two women associated in church work have been located for 10 years as pastors of the Unitarian church in Sioux City, Ia.

"No. I do not think it takes two women to make one man," said Miss Buck to the writer recently, "but I think it takes two persons to make one good pastor. We find that we can accomplish more good by working together than either could do by assuming all the responsibility of church work alone."

Although the church of which they are the pastors at present is the first in which they have been associated as colaborers, they have been inseparable companions and fellow students for nearly five years. In 1890 Miss Murdoch, who at that time had been pastor of the Unitarian church in Humboldt, Ia., for five years, came to Kalamazoo, Mich., as pastor of Unity church. Here she became acquainted with Miss Florence Buck, who was at that time assistant principal of the Kalamazoo high school. After a year Miss Murdoch gave up her pastorate and Miss Buck her school, and the two went to Meadville, Pa., where the latter entered the theological seminary to take the course necessary for ordination as a Unitarian minister. In the meantime Miss Murdoch reviewed a few studies at the seminary and supplied pulpits in the surrounding towns.

At the end of three years, after Miss Buck's graduation, the two young women, with the object of still further pursuing their theological studies, went to Oxford, England, where they entered the Manchester Theological seminary. They were the first women who had ever applied for admission to this institution as well as the only American women,

PASTOR MURDOCH. PASTOR BUCK.

with one exception, studying at Oxford. However, they were readily granted permission to enter, not only to take the course of study in the theological school, but also to participate in all the lectures of the University of Oxford, already thrown open to women.

After finishing their work they returned to the United States, and Miss Buck was ordained to the work of the ministry at All Souls' church, Chicago. Rev. Jenkin Lloyd Jones and Rev. F. L. Hosmer, assisted by five women ministers, conducted the services. One of the five women was Rev. Antoinette Blackwell, the first woman ordained to the ministry in America. Previous to their departure from Europe they had already been called to the pastorate of Unity church, Cleveland.

Miss Murdoch, a native of Iowa, is the daughter of Judge Murdoch, one of the pioneer legislators of that state and a lawyer of state reputation. Before entering the theological seminary she had received her education at the Evanston College For Women, at the University of Wisconsin and at the Boston School of Oratory. She has had more than 10 years' experience in pastoral work and in all has performed about 20 wedding ceremonies.

Miss Florence Buck, who was born in Michigan, is 10 years younger than her associate. Her father dying when she was quite young, she was brought up under the supervision of an uncle, Hon. George M. Buck, now circuit judge in Kalamazoo. During the seven years in which Miss Buck taught in the Kalamazoo high school, because of her thorough training in New Testament Greek, she was appointed teacher of this branch by the Boston Correspondence school and gave instruction to private classes.

These ladies are highly pleasing in appearance and most affable and attractive in conversation. They have been solicited to join many of the most prominent women's clubs of the city, but up the present have only consented to become honorary members of Sorosis.

It is their desire to always remain together, and the church that calls one must call the other. They divide the church work very systematically, preaching and taking charge of the Sunday school alternately. The large crowds attracted at first by the novelty of two women preachers have now somewhat fallen off. The church is always well filled, however, and there was not a dissenting voice when the Unity church society, composed of the most prominent and cultured people in Celevland, gave an enthusiastic and spontaneous indorsement to the excellence of their work.

NARCISSE JARVIS.

Chance For Women Doctors.

It seems likely that any number of young American women doctors could find immediate success in professional life if they were willing to sail for Asia and go into practice among their own sex in India, Persia, Turkey and other oriental countries, where women are kept in seclusion. One young lady physician has built up a first class practice among the native Africans, to whom she had the grit to go.

The Daily Advertiser, 75 cents a month. Delivered by Carrier.

MAKE YOUR OWN SNOW.

Its Curious Formation In the Full Rays of a July Sun.

Two solid bodies, one yellow, sulphur, the other black, carbon, unite under certain circumstances to form a colorless liquid called sulphide of carbon, which must be handled with much precaution on account of its great explosive property. The soluble property of sulphide of carbon renders it valuable to take spots off of garments. If its odor is more disagreeable than that of benzine or turpentine, it has at least the advantage of being dispelled quickly in consequence of the prompt evaporation of the liquid. There is nothing equal to it to take off spots of paint on clothes. It does not do it, however, without creating great fear in persons who use it for the first time, for they see on the very place where, to their great pleasure, the paint had disappeared a large white spot, the nature of which is hard for them to define, and the more they brush the more unsightly and the larger that white spot grows. Is then the garment lost? No, for fortunately after a few moments the spot melts away never to show again. It was snow and nothing more. The sulphide of carbon in evaporating takes heat from the cloth and surrounding air, and the result of that is a sudden lowering of temperature sufficient to freeze the vapor of the atmosphere.

Without operating on your clothes you may make the experiment in the following way: Fill a small vial with sulphide of carbon, taking great care to do it far from all flame or heated stove. Then close the bottle with a cork stopper through which you have previously bored a small hole. In this hole place a piece of blotting paper made up into a small roll. The paper must reach to the bottom of the bottle and about an inch above the cork. Within 15 minutes you will see the outside of this paper covered with snow, the quantity of which gradually increases. The liquid has risen through the pores of the paper as the oil of a lamp through the wick. When it gets to the open air, it evaporates, and the water contained in the surrounding atmosphere, being brought to a temperature below 32 degrees, has been frozen. If you divide the paper outside of the bottle into several pieces, you obtain flowers and most charming effects. You may make the experiment in summer and in the full rays of the sun. The result will be obtained then more promptly, evaporation being more abundant.—St. Louis Post-Dispatch.

Moths.

Dr. Aldricks of Kentucky is an enthusiastic entomologist. When asked for some information on the subject he has made a specialty of, he said: "To study the habits of the moth family you must live and grow up with them. The finest varieties fly by night, and it is with some difficulty that they are captured. The usual way is to go out with a hand net and a pot of stale beer, sweetened with a quantity of molasses or sugar. A dash of this mixture on the bark of the tree, whose leaves the moths feed upon, is the bait which lures them to death. As soon as they light the net is sprung over them, and later on they are asphyxiated by being dropped in an etherized jar, after which they are carefully mounted and labeled. I have a house built especially for their propagation and filled with leaves of their favorite tree. With the caterpillars crawling to the right and left of me I spend many a night watching their habits from a rude cot in one corner of the building. It is quite a profitable business, besides being unusually instructive. Some of the largest varieties are the size of a humming bird, and the rarest kinds, when properly mounted, easily bring $25. The Smithsonian institution at Washington before the fire of several years ago, had one of the finest entomological collections in the world."—Philadelphia Press.

The Color of Animals.

There is a connection between the color and character of animals. Although much of the subject is veiled in considerable obscurity, as a general rule it may be stated that vivid, conspicuous coloring accompanies strength, courage and often ferocity. The black or red hair and the ruddy skin indicate carbon or iron somewhat in excess, a sanguine temperament, rapidity of thought and action and courage frequently bordering on rashness. In the brute creation it is rather character that has modified color in the course of the survival of the fittest. The timid animal, bird or fish possessing the most neutral coloring lived longest and left most offspring and so gradually the conspicuous members of the family were eliminated. This neutral coloring as well as color that changes for protective purposes is the external characteristic of shyness and timidity, alertness of sense, keenness of vision and scent and swiftness rather than strength of limb.—Pittsburg Dispatch.

Primitive Names.

The consternation which some botanists have raised in pressing the duty of abandoning many universally accepted plant names and adopting for general use more primitive ones is spreading to other departments of learning. It is found that the whole English language is in the same unfortunate condition as the language of botany. It is proposed to abandon "thinks," "walks," "listens," "freezes," etc., for "thinketh," "walketh," "listeneth," "freezeth," etc., as having a much prior claim to our regard.—Meehan's Monthly.

Muscular Exercise.

Dick (feeling of Tom's biceps)—My, what an arm! Do you frequent the gymnasium?

Tom—Cymnasium nothing! I read all the papers, dailies and weeklies. Just try it for a week or two yourself. The amount of turning over it gives a fellow to follow the different articles from one page to another beats all the gymnasiums in Christendom for exercise.—Boston Transcript.

IMPORTANT!

National and Citizens' Guards.

Having now arranged for the insertion of the Process photos on the HISTORY OF THE REVOLUTION of nearly all the social and political bodies connected with the Revolution we feel that there is nobody that deserves to be placed more highly on record than those citizens that at great inconvenience banded themselves together to protect life and property during the stormy days of the formation of the Provisional Government, we have decided to devote a series of pages to the officers and privates of the National Guard and Citizens' Guard. Some thirty or forty names have already been sent in and we shall be grateful if any member desiring to appear will send word to Mr. Wellesley Parker care of this office when he will immediately call and furnish full particulars.

Early attention to this is requested as the pictorial pages to the History must positively be closed in a few weeks.

ACCURATE! THE Hawaiian Revolution. IMPARTIAL! THE Hawaiian Revolution. BREEZY!

DEDICATED BY SPECIAL PERMISSION

—TO THE—

Provisional -:- Government

The Crisp photo process, by which "The History" will be illustrated, is acquiring a well-merited reputation for excellence, the productions being artistic triumphs.

An instantaneous success!!! The project received by the business men of Honolulu in a most enthusiastic manner.

Art connoisseurs warm in its praise. "An artistic gem of the purest ray serene." TO BE PUBLISHED IN 1894.

The historians have commenced with the frame work of the construction, setting forth the remote causes of events and the motives of human action; and follow up their connection with other developments, and present the whole in a finished exterior of hich literary worth. The foundation principles of government, the predominant sentiments swaying human minds at different epochs, the physical condition of different parts of the land, the nature of different influences brought to bear upon the people, have all been closely studied, and the effects philosophically traced. Accuracy of statement, soundness of reasoning, clear presentation, and high literary merit will be the commanding aspect of this ambitious effort. It will be published in an attractive form containing over 200 pages,—fully illustrated, supplied with many maps and plans, containing tables of useful information and a complete index, it comprises all the accompaniments necessary to complete a work of its character.

SYNOPSIS:

Chapter 1—Prof. Alexander's History of King Kalakaua's Reign.

Chapter 2—Prof. Alexander's History of Liliuokalani's Reign.

Chapter 3—A Brief Account of the Revolution of 1893.

Chapter 4—A Brief Account of the Provisional Government to date.

Chapter 5—Minister Willis' Letters to President Dole to abdicate.

Chapter 6—President Dole's Reply.

Chapter 7—Willis and Dole's Correspondence.

Chapter 8—Minister Thurston's Protest issued at Washington.

Chapter 9—Minister Thurston's Statement of the Hawaiian Case.

Chapter 10—President Dole's Specifications.

Chapter 11—Morgan's Report to the Senate.

Chapter 12—The Senate's Action on Hawaiian Affairs.

The publishers have the honor to announce that arrangments are being made for the insertion of the following Bodies:

C PEACOCK & CO, HAWAIIAN HOTEL, SANS SOUCI HOTEL, McCHESNEY & SON, WOODLAWN FRUIT CO., CHAS. HAMMER, T. W. HOBRON, HAWAIIAN NEWS CO.

☞ Special note to proprietors of Trades and Industries.—There is now only room for six or seven firms in the limited space devoted to the representation of Trades and Industries, and a great favor will be conferred if those desirous of inserting theirs between the pages of the beauty spots of the city and those pages assigned to the early efforts of Hawaiian pioneers will call at the publication office.

LOCAL BREVITIES.

A mortgagee's notice appears in this issue.

The men of the Philadelphia will drill this morning.

Gus Mauer, the Hotel barber, has a notice elsewhere.

The People's Party will meet this evening at 7:30 o'clock.

Two new versions of Hawaii Ponoi in English appear in another column.

Prof. Adelstein will leave on the next Kinau for a visit to Hilo and the Volcano.

A mail was sent to Hilo and other ports on Hawaii yesterday by the steamer Hawaii.

C. A. Spreckels has a notice in this issue referring to the Hawaiian Commercial and Sugar Company.

Even cut rates are being cut by Hobron & Newman, as their advertisement in another column will show.

Samuel Hookano has been appointed District Magistrate for Ewa in place of Frank Archer, resigned.

The eleventh annual commencement exercises of St Louis College will take place this morning at 9:30 o'clock,

The Ewa Plantation Company will hold a meeting tomorrow morning, at 10 o'clock, at the office Castle & Cooke.

J. M. Monsarrat has some valuable real estate for sale. A description of the property appears elsewhere in this issue.

The annual meeting of the Board of Underwriters will be held at the Chamber of Commerce on Thursday afternoon.

At the auction sale of the late Dr. Trousseau, held by Levey yesterday, a number of valuable books were sold very cheaply.

The next news from the States will probably arrive on the bark entine Irmgard. She was to leave San Francisco on the 8th inst.

The members of the Scheutzen Club are at work on the platform for the political organization to be known as the Republican Party.

Governor Freeth will remain on Laysan Island for some months to come, looking after the interests of the North Pacific Fertilizer Company.

The Anglican Church Mission schools will hold their closing exercises at 1 o'clock this afternoon in the Sunday school-room of St. Andrew's Cathedral.

Professor Adelstein's mandolin concert at the Opera House this evening will be one of the society events of the season. All lovers of music should attend it.

Owing to the railroad troubles the tug Fearless recently left San Francisco for Santa Cruz with John D. Spreckels on board. She also carried a number of passengers for Del Monte.

The San Francisco Music and Drama of the 7th inst contains a letter on theatrical affairs in this city. It was written by William R. Dailey. The writer pays a high tribute to the residents of Honolulu.

Lewis J. Levey received a letter on the Australia from an actor-manager named Hereward Hoyt, who seems to be anxious to bring a company to this city. Dailey's success has traveled all over the United States.

The passengers of the Rio de Janeiro who were put in quarantine when the steamer left for the Coast will be released today, the cabin passengers this morning, and the fifty-four Japanese in the steerage during the afternoon.

At a meeting of the Schuetzen Club, held last evening, the following officers were elected to serve in the Republican party: President, Carl Klemme; 1st Vice President, Harry Klemme; 2d Vice President, George Markham; Secretaries, Geo. Cavanaugh and Mr. Cranston; and Treasurer, Mr. Muller.

After 150 tons of coal have been removed from Wilder's coal pile, the heat lessened under a constant stream of water, and now the pile is free from fire, as far as outward signs are concerned. The coal is not insured but fortunately the owners will suffer only a slight loss.

A Chinese was arrested on an opium charge and was present yesterday morning in the District Court far examination. His attorney asked to have the twenty-four tins opened which was done, but instead of finding opium it was discovered that the tins were filled with a mixture resembling poi.

WHO BOUGHT THE GAME?

Suspicion is Said to Rest on Some of the Kamehameha Nine.

Pitcher Wood spent a very uncomfortable half hour yesterday, while the baseball league was holding a meeting to discuss the matter of the selling of Saturday's game. He acknowledged again that he had sold the game, but as he was not asked to whom, he did not accuse anyone. That will come later. After considerable discussion of the matter, it was referred to a committee consisting of Captains Angus and Mahuka and Delegates Perry and Anderson, for the Crescents and Kamehamehas respectively, who will investigate the whole proceeding thoroughly.

At the present time suspicion points toward some members of the Kamehameha nine as the ones who bought Wood. It is claimed that he was seen several times before the game in close conversation with those members, and that he has been very intimate with them lately. Captain Angus, of the Crescents, said yesterday:

"I do not know just when the committee appointed to investigate the matter will meet again, but when it does, we will go into the matter thoroughly. At any rate, Wood will not do any more pitching for the league; that is a certainty. There are several facts already known that seem to show who the guilty ones are, but their names cannot be given until we are more sure of our position."

In spite of the fact that Wood accused a certain man of buying him, there is no stock taken in his story. The belief that he did it as a means of revenge for a grievance that he supposed he had, is gaining ground, though why the boy should stick to his story in the face of facts that prove him to be telling what is not so, is a mystery that will only be solved when the full truth is known.

Who Can It Be?

The day after the Mariposa left San Francisco, the following appeared in the Call: "At the Oceanic dock several police officers arrived early and made a rapid search for probable runaway couples. Mella Dogge, of Salt Lake, the sixteen-year-old girl who run away with a lawyer, was one of the persons wanted, a large reward having been offered by her parents for her apprehension. An alleged citizen of Honolulu, who owes more money in America than he can possibly pay, was watched by his creditors, but none of the elopers or levanting debtors put in appearance."

The Regimental Drill.

The sidewalks on either side of Union Square were well filled last evening with spectators to witness the moonlight regimental drill. The night was almost perfect and the drill was a most successful one. The regiment was commanded by Acting Colonel Fisher. Four companies of the National Guard and two regular companies took part. After the drill the regiment marched up Alapai street to Beretania, to Fort, to King, and then to the drill shed. Music was furnished by the Government band.

A Splendid Number.

The Association Review, the organ of the local Y. M. C. A., is out for the current month. The contents are varied and interesting. The leading article is on "The Association Jubilee" which gives a history of the Association and an account of the jubilee exercises recently held in London. An article on athletics, Association notes, and an earnest paper on temperance all go to make a splendid number.

Lord Churchill to Come.

LONDON, June 8.—Lord Randolph Churchill, who was Chancellor of the Exchequer in Lord Salisbury's last Ministry, intends paying a visit to Australia shortly, proceeding by way of the United States.

If the above telegram is correct, Lord Churchill should pass through Honolulu in the near future.

The Fourth of July was well kept on board the Monowai on her last trip to the Coast. There were speeches and fireworks, and, to cap the climax, the always bashful and diffident Leo Harden made a speech in which he roasted everything in Hawaii, including his own party.

Two Registration Boards have been appointed for the island of Hawaii. The names of the gentlemen composing them can be found in the official column.

In the Circuit Court of the First Circuit. Hawaiian Islands.

IN THE MATTER OF THE ESTATE of F. S. Pratt, deceased intestate. On reading and filing the petition of Elizabeth Kekaanian Pratt, administrator of the Estate of F. S. Pratt, deceased intestate, praying for an order of sale of certain real estate belonging to said decedent, being the premises at Waikiki, Honolulu, Oahu, described in deed from E. H. Allen to F. S. Pratt, recorded in Book 37, pages 222 and 223, and deed from H. Giles to F. S. Pratt, recorded in Book 54, pages 294 and 295, and setting forth certain legal reasons why such real estate should be sold to-wit: that the personal property of said Estate is not sufficient to pay the debts thereof. It is hereby ordered that the heirs of the said decedent and all persons interested in the said estate, appear before this Court on MONDAY, the 10th day of September, A. D. 1894, at 10 o'clock A. M., at the Courtroom of this Court, in Honolulu, then and there to show cause why an order should not be granted for the sale of such estate.
Dated Honolulu, H. I., July 6th, 1894.
By the Court.

SAY!

My mamma bought a bottle of CAMELLINE for 25 cents at the CUT RATE DRUG STORE. It's a fact. They wanted to sell her more. She said the last she bought cost her hapalua. Mamma said the store was full of people buying everything at cut-rates.

She bought a pound tin of WHITE VASELINE for only 20 cents. The last she bought cost 75 cents. Mamma says she has learned where to buy her drugs and toilet articles. It's that drug store on the corner of Fort and King streets, opposite E. O. Hall & Son's.

PASSENGERS.

DEPARTURES.

For San Francisco, per bgtne W G Irwin, July 15—Mrs Robertson, Messrs Thomas, Williams and Smith.

WHARF AND WAVE.

DIAMOND HEAD, July 16, 10 P.M.—Weather clear; wind, fresh E.

There were no arrivals yesterday.

The steamer W. G. Hall is expected from windward ports today.

The schooner Lizzie Vance left in ballast yesterday for Puget Sound.

The schooner Aloha has been moved to the Kinau wharf and is taking on sugar.

On the return trip of the steamer Hawaii Purser Simms will take a four weeks vacation.

The bark Andrew Welch will leave for San Francisco on next Saturday with a cargo of sugar.

The steamers leaving today are the Claudine for Maui, the Iwalani for Waimea, the Mikahala on her usual route, all at 5 o'clock; and the Waialeale and James Makee for ports on Kauai at 4 p.m.

GRAVESEND (England), June 30.—The steamer Nautilus of Hamburg and a Dutch sailing war ship collided yesterday in the North Sea during a dense fog. The steamer's port side was badly stove in.

GLASGOW, June 30.—The Allan line steamer Scandinavia, from Boston, reports having been in collision with an iceberg in midocean. A large hole was knocked in the steamer above the water line, but no other damage was done.

According to the latest returns, the comparisons between the navies of Japan and China are as follow: Japan—No. of men-of-war, 32; tonnage, over 76,000; and horse-power, over 95,000. China—No. of men-of-war, 46; tonnage, over 68,000; and horse-power over 72,000.—Japan Mail.

Captain B. F Peregrini, of Florence, Or., is said to be about to start for San Francisco in a new sort of craft that will revolutionize the lumber carrying trade. The boat draws very little water, and is propelled by a wheel located in its center. The freak is barge-shaped, and has a capacity of 200,000 feet. It is proposed to bring the barge down the coast under sail.

Captain Ditchbarn, of the British ship Cuthona, which recently arrived at Sunderland, England, from Portland, Or., with a cargo of grain, has been heavily fined for not having the cargo properly stowed. This is the first instance on record of a shipmaster being fined for having a cargo of grain from the Pacific coast being stowed without proper shifting boards, and will tend to make other captains more cautious.

The barkentine Planter brought up about 860 tons of sugar for Hackfeld and Co. Laysan Island, her last port, is about 800 miles from here, and owing to variable winds it took the vessel five days to make the run down. Coming back, however, nothing but head winds prevailed and her fourteen-day return trip is explained by Captain Dow, who states that he had to cover over 1400 miles in order to reach port.

The ship Empire recently put in at this port with her crew in a mutinous state. The mate and two seamen were put on shore, new hands engaged in their places and then Captain Davis set sail for San Francisco. In speaking of the vessel, the Chronicle says: "The Empire is out ninety-two days from Newcastle and nineteen from Honolulu. While nineteen days is not a long passage from the islands, it is by no means a short one, and the ship may be looked for any day if she has not gone to the bottom. There was considerable anxiety about the Empire, and 15 per cent. was offered for re-insurance on her.

AFTER AMERICAN TRADE.

Canadian Pacific Out for South Sea Cargoes.

The arrangement has been entered into by the Canadian Pacific Railroad, says the S. F. Call, whereby a regular steamer of the first class shall be run between Victoria and the South Sea islands, to secure shipments of tropical fruits, copra and shells. Trading supplies will be consigned for exchange.

The large and powerful ocean steamer Miowera, that was ashore at Honolulu in November and floated off through the efforts of Captain Metcalfe, Lloyd's surveyor, is the vessel that will be put on the run. She will leave England in August for a cruise to the Pacific by a very roundabout route.

The Miowera is at present on her way to Norway under special charter. She has been fitted with extensive refrigerating machines and storage rooms capable of storing tons of perishable cargo. She is carrying to the north a big lot of frozen meat and canned goods.

The refrigerators were put into the vessel especially for the island trade, however, and will be used when tropical fruits are secured as a return cargo.

By the latter part of August the Miowera will be at Victoria, ready for business. Her voyage to this coast will be made via the Mediterranean and the Suez canal.

Already several contracts have been closed by the Canadian Pacific and traders of the Fiji groups, and the French may expect to hear of the steamer paying their Tahitian possessions a visit.

There has been some talk of a French steamship company engaging in traffic with the islands of the South Pacific and it is thought that the rumor started the Canadians to scheming, with the result that they have decided not to be the under dog in the fight for business.

San Francisco at present controls most of the trade carried on with Tahiti, the brig Galilee, barkentine Tropic Bird and City of Papeete making regular trips to the groups with cargo, passengers and mail.

The energetic men among those interested in this branch of traffic have been talking of steam service for more than a year past, but no one has ever considered that such a service would pay.

The Miowera will make regular stops at Honolulu when she is again in commission.

A SWIFT RIDER.

A Younng Cyclist Who Has Broken Two Records in California.

Captain Griffiths of the bark Albert, now in port, has a son who takes a great deal of interest in athletic exercises. Some months ago he broke a record for speed in a bicycle race, and on June 25th he added another laurel to his youthful brow. In speaking of the race the San Francisco Bulletin says: "The first prize race of the recently organized Oakland Cycling Corps was ridden yesterday morning over the San Leandro road in a ten-mile course from High street to Shaw's place. There were five prizes offered, as follows: First prize, $20 gold medal; second prize, a bicycle suit; third prize, an emblem; fourth prize, a bicycle lamp; fifth prize, a racing saddle. There were thirteen entries.

"At exactly 30 minutes from the start Griffiths crossed the line. The distance was fifty feet over ten miles. The Coast record of 30 minutes and 15 seconds, held by Haley of the Olympic Club, was thus broken. Decker finished 2 seconds behind Griffiths, with Horton third, Pettes fourth, and Neece fifth."

Notice to Shipmasters.

Copies of the New York Maritime Register and San Francisco Commercial News and Shipping List are always kept on file at the office of this paper. Masters of vessels and others interested are at liberty to make use of same on application.
