SHOT IN THE RIGHT THIGH.

The Serious Outcome of the Baseball Matter.

ARTHUR WHITE ACCUSED OF THE ACT.

White, Together With Willie Wilder, Takes the Young Pitcher to Waikiki, and There He is Shot and Then Cowhided—White Arrested Yesterday.

Arthur White, one of the owners of the Arlington Billiard Parlors on Hotel street, was arrested yesterday morning by Captain Langley, and charged with an assault with a deadly weapon. He is accused by George Wood, the pitcher who sold last Saturday's baseball game, with having shot him in the right thigh. The boy is not seriously hurt, though the wound is a painful one.

The affair grew out of the selling of the game. Last Saturday evening, when everyone was convinced that the young negro had sold out, he was asked who had bought him, and said that White had done it. He reiterated this statement several times. Saturday night he was taken to the Arlington and confronted with White, and in the presence of several witnesses, who had promised that he should not be hurt, he again said that White had paid him \$10 to throw the game. White denied it, and would have whipped him then had he not been restrained, but he declared afterward that he would thrash the boy. Wood, however, stuck to his statement that White was the man who bought him, although he several times contradicted himself, stating that some of the Kamehameha boys were the ones who gave him the \$10. The League took the matter in hand, but has made no discoveries, and yesterday exonerated both White and the Kamehameha nine, there not being evidence enough to convict either.

Thursday evening, White and Willie Wilder got a buggy and drove to where Wood lives on Emma street. White had a cowhide with him, and was prepared to whip the boy. The latter was not at home, however. As the two were driving down Emma street they met Wood going home. They called to him, and White told him to get into the buggy. Wood refused to do so, and White jumped from the vehicle, and drawing a pistol, told the darkey that he would shoot him if he didn't get in. Wood thought discretion the better part of valor, and got in the buggy, sitting between White and Wilder.

The trio then drove out to Waikiki, taking the Moilili road. They drove through the Park, at last coming to the Lemon cottage, at the end of the car line. Here Wilder says he got out of the buggy, opened the gate and went to the back of the house in order to open the door. When Wilder had gone, Wood made a jump from the buggy and started to run. He says White called to him to stop, but he didn't heed him. Then, he says, White fired his pistol, the ball taking effect in Wood's right thigh. The boy fell to the ground, and White went up to him and asked him if he was shot.

Up to this point, the stories of both sides agree. But here they begin to diverge. Wood says that he told White he was shot. White is quoted as saying that Wood said he was not shot, but that as soon as he was spoken to he got up from the ground. White ordered him into the house, where Wilder was sitting, and ordered him to tell who bought the game. Wood says he furnished his pistol and a rawhide, and that, soon after the party had entered the house, White began to beat him. The boy's back is badly scarred where he was struck with the whip, and in some parts is absolutely raw. When White had finished whipping Wood the boy says he gave him a half a dollar and sent him home on the car.

White claims that when he asked Wood whether he was shot, the boy said no. He walked into the house without limping, and both Wilder

and White claim they had no idea that he had been hit. White says he fired the pistol to scare the boy into stopping.

Wilder said yesterday afternoon that Wood, when asked again who had bought him, named Kaaea, who lives at Ewa.

Wood came home on the last car. He met a Portuguese boy whom he knew, and who helped him home. When he arrived at the gate the boy helped him take his shoe off, and he went into the house and to bed. The house he lives in is owned by David Naholewa, a policeman, and Wood takes care of the place. Mrs. Naholewa called Wood yesterday morning early to get up and light the fire. The boy did so, and she noticed that he was limping, but said nothing about it. After the breakfast she again called Wood, telling him to come and wash the dishes. When he came she asked him how he had hurt himself and he told her the story. She at once told her husband, and he persuaded Wood to go to the station house. The boy claimed that the reason that he did not tell the police on Thursday night was because he was afraid that White would kill him. It was for this reason that nothing was known of the affair until yesterday morning.

When he went to the police station and told his story, a warrant was at once issued for White's arrest. Captain Langley made the arrest as White was coming in from Waikiki. White seemed surprised when told that Wood had been hit. He was released on \$1000 bonds being furnished by E. Hopkins, White's partner.

The statement made by Wood at the station, yesterday morning, was as follows. Part of it was dictated and part of it was written by himself:

I was shot by Arthur White last night. The ball entered the front side of my hip and did not come out. It happened this way: I had been out following the hares and bounds and was going back to my home on Emma street, and when I got to the corner of Beretania and Emma street I met Arthur White and Willie Wilder coming down Emma street in a buggy. Wilder said to me: "Wood, come and get into the buggy; White wants to talk to you." I said I didn't want to get in. White then jumped from the buggy and put his hand in his back pocket and took out a revolver, saying that if I did not get in the buggy he would blow my brains out. I got into the buggy and sat between the two. We drove out Beretania street to Kamohili. While driving out, White said: "Wood, you had better tell the truth now," and I said I would. We drove as far as Makee Island, and Wilder said to White something like "Now, we've got him sure," and White said "Yes." They did not talk to me any more. When we got to Waikiki, White looked in the house at the end of the car track and saw the lamp was lit. He told Wilder to open the gate and he drove into the yard. Wilder got out to tie the horse, and I and White were left in the buggy. White turned away for a moment and I jumped out and ran. He shot me while I was running. I fell down, and White came up to me and asked me if I was hit. I told him yes, and he took me by the arm and told me to get up and go into the house. When I got there, White told me to sit down, and said he had good mind to shoot me like a dog. He then told me that if I did not tell the truth he would cowhide me. I got frightened and told him that he did not buy me, but that I was so frightened that I had said so. He was walking around the room with his revolver and a cowhide in his hands. He began to whip me. After he had whipped me he said he was sorry for whipping me, and gave me half a dollar to go home on the last car. Wilder was in the room all the time. The driver of the car I came home on was named Welch. He knows me, and asked me where I was going. I said I was going home. On the car I met a Portuguese boy whom I knew. I told him what was the matter. He helped me home. I had to lean on him with my arm around his neck. When I got right to the gate, I told him to take my right shoe off.

Wood broke off rather abruptly in his statement, owing to the fact that he was becoming confused. He was taken to the hospital, and the ball abstracted.

White absolutely refused to talk of the affair. Willie Wilder, however, corroborated the statement made by Wood, except the part which claims that he said "Now we have got him where we want him." He says nothing of the kind was said by either himself or White. He also says that he had no knowledge whatever of any shooting, and did not know until yesterday that the boy was shot. He says White did not whip him hard, but gave him only a few light strokes with the cowhide.

White's case will come up this morning in the District Court.

In the Supreme Court of the Hawaiian Islands.

MARCH TERM, 1894.

THE HAWAIIAN COMMERCIAL AND SUGAR COMPANY VS. THE WAIKAPU SUGAR COMPANY.

BEFORE JUDD, C. J., BICKERTON, J., AND CIRCUIT JUDGE WHITING, SITTING IN PLACE OF MR. JUSTICE FREAR, DISQUALIFIED.

The report of Commissioners for the partition of lands is in the nature of a verdict of a jury...

Partition is not a statutory proceeding and a Court of Equity has jurisdiction and equity rights and principles governing partition apply.

The lay of the land, contiguity, value, location and availability and occupation are among the equities applicable to partition.

OPINION OF THE COURT BY JUDGE WHITING.

An order was made for the appointment of Commissioners for the partition of certain lands known as the Waikapu Commons and a portion of Pulehunui on the island of Maui...

And that the said Commissioners shall designate the parts or portions so allotted to each of the said parties, and the boundaries thereof, by sufficient description and monuments...

And it was further ordered that in case partition of said premises cannot be made with perfect equality between the said parties, according to their respective rights and interests therein...

The Commissioners were appointed and duly reported, as follows:

"Immediately on being appointed, your Commissioners, in company with counsel for both sides, visited Maui and examined the land in question. We find that owing to the natural lay of the land the Hawaiian Commercial & Sugar Co. have occupied the eastern or Haleakala side of the Commons, while the Waikapu Sugar Co. have occupied the western or Waikapu side.

The evidence presented before the Commissioners is not before us, and we are of opinion that the matters set forth in the affidavits do not warrant the setting aside of the Commissioners' report, which is in the nature of a verdict of a jury...

Here follows description by metes and bounds—giving to the eastern section, which we award to the Hawaiian Commercial and Sugar Co. an area of 5470 acres, and to the western section, which we award to the Waikapu Sugar Co., an area of 6810 acres...

On the eastern section awarded to the Hawaiian Commercial and Sugar Co. we estimate an area of 2770 acres, more or less, of cane land of varying quality, situated mostly at the northern and western portions, with a small portion at the south-western quarter...

tions 2335 acres, and in the south-east portion at-out 510 acres, a total of 2845 acres of cane land of varying quality. The northern part of 1735 acres is almost entirely worthless as cane land, also 540 acres close to the foothills, being about half of the tract between the road and the hills, also about 880 acres along the central portion of the Waikapu section, and 810 acres more or less along the shores of Maalaea Bay including Kealia pond and adjacent land, a total of 3965 acres of poor land.

The mountain land contains approximately 2730 acres above the line of the foothills, and is practically of no value, except as pasturage at certain times of the year.

The Hawaiian Commercial and Sugar Co. are to be allowed to mature and take off without let or hindrance the cane now planted by them on the land which by this partition falls to the Waikapu Sugar Co. and situated as follows: A small area at the north-eastern corner, and also a 25-acre patch near the central portion.

The defendants excepted to the Commissioner's report as follows:

"And now comes the said G. W. Macfarlane on behalf of the defendant and excepts to the partition recommended by the Commissioners in their report herein filed on the grounds that and in that such partition of the common property would not be either just or equitable, but would be unequal and unfair, inasmuch as it would fail to set apart to the defendant a just, fair and equal portion of the common property, and that the portion proposed to be set apart to the defendant is not equally advantageous for cane cultivation by the defendant or for renting to others for such cultivation, and that it is vastly inferior in actual value to the portion proposed to be set apart to the plaintiff."

Wherefore the defendant asks that the said report may be altogether set aside or modified in accordance with the above exceptions."

At the hearing on the confirmation of this report, oral testimony and affidavits were presented to the Chief Justice who rendered the following decision:

"The report of the three commissioners appointed to partition the land owned as tenants in common between them in equal shares was filed on the 5th December last. Exception to it was taken by the respondent. The report shows that the commissioners carefully considered the whole matter, visited the estate to be divided and arrived at conclusions that seemed to them to be just and equitable to both parties. Both parties presented evidence before me in the shape of oral testimony and written affidavits. Without reviewing the report or the evidence submitted in detail I am of opinion that the exception to the report is not sustained and that the report should be approved and that the partition therein advised should be made. Decree accordingly."

Upon which a decree was signed as follows: "The report of the commissioners appointed to make partition having come before the Court on a motion to confirm the same, and counsel for complainant and respondent having been heard, and the Court being of opinion that the exception filed by the respondent should be overruled and the report confirmed: It is ordered, a judge and decreed that the said report of the commissioners appointed herein to make partition be and is hereby confirmed, and that the fees of said commissioners taxed at one hundred dollars each and expenses of all the commissioners amounting to \$154.25 be borne by the parties equally; and that the parties make conveyances to each in accordance with said report."

And thereupon defendant filed its notice of appeal as follows: "And now comes George W. Macfarlane on behalf of the defendant in the above entitled suit, and appeals to the Supreme Court in Banco from the decision and order of His Honor the Chief Justice and Chancellor herein filed January 4, 1894, wherein and whereby the report and findings of the commissioners appointed to make partition of the property owned in common by the parties hereto was and is confirmed, and the exceptions thereto overruled."

The exception to the Commissioners' Report is based (I) upon the affidavits before the Court, and in affidavits and evidence produced before the Chief Justice at the hearing and (II) upon points of law to the effect that the Commissioners have adopted incorrect and false principles in making the partition.

I. The evidence presented before the Commissioners is not before us, and we are of opinion that the matters set forth in the affidavits do not warrant the setting aside of the Commissioners' report, which is in the nature of a verdict of a jury and should not be set aside unless the evidence clearly shows error in fact, and that the Commissioners did not follow the evidence produced before them. The affidavits cannot be considered as newly discovered evidence in this matter, for the parties could have produced such before the Commissioners. Further, the statements of the affiants on part of the defendant do not clearly show upon what they base their facts and opinions, and are not of weight sufficient to set aside the report.

The respondent claims that this is a statutory proceeding and not equity, and cites cases in Massachusetts. Marshall v. Crehore, 13 Met., 468, where the Court held: "That the statutes of Massachusetts took away the equity powers and rules governing partition and created an action at law by petition which not only partitioned the land but also put in issue the title of claimants, and the Court says that the consequence of the statute omitting the allowance of improvements to one tenant in common who made them was inequitable, yet it was for the Legislature, if they judged it expedient, to extend the law of improvements to cases of partition. Partition in Massachusetts is purely a statutory proceeding and not equity."

In Husband v. Aldrich, 135 Mass., 317, the Court expressly decided that in Massachusetts, Courts of Equity have no jurisdiction in matters of Partition; the statute of Partition in that State excludes that jurisdiction and the Court of Equity does not even have concurrent jurisdiction therein with Courts of Law. The case of White v. Moses, 21 Cal., 34, does not

apply to the claims of respondent. It was a case in ejectment and the Court simply ruled that defendants were not entitled to have the value of the improvements put upon the premises by them deducted from the damages, because it does not appear that they hold "under color of title adversely to the claims of the plaintiff in good faith."

Green v. Biddle, 8 Wheat. 1. A case of ejectment is a statutory proceeding and does not involve Partition or any equities of Partition, and we fail to see its bearing.

Doty v. Stuart, 35 Miss. 251, is a case under the statutes of Missouri which gives to the defendant in the ejectment the right to recover the value of improvements made by him in good faith before notice of the defect of title.

How-ever, this Supreme Court of Hawaii has heretofore in this cause of partition decided that the rules and principles of equity govern and are applicable to cases of partition.

There is no lack of authority for the proposition that in cases of partition a Court of Equity, proceeding upon the ground of its general equity jurisdiction, administers its relief *ex aequo et bono*, and by its decree adjusts the equitable rights of all the parties, (1 Story, Eq. Jur., Sec. 656 b.) For example, where one joint owner has put improvements on the property, either the part so improved will be assigned to him at the value of the land without the improvements or compensation will be adjudged to him. (Hall v. Piddock, 21 N. J. Eq. 311.) Again, such part of the land as may be more advantageous to one of the parties on account of its proximity to his other land or for any other reason, will be allotted to him if it can be done. The equitable principles apply and have a controlling effect unless there is a positive statute rule to which the Court must conform.

Cochran v. Shoemaker, 33 Fed. Rep. 397. We find no error in the Commissioners taking into consideration the natural lay of the land and the occupation of parts by the parties. Location and availability are equitable grounds for setting apart a certain portion to a particular party. The Commissioners found that it was naturally advantageous to a plaintiff and defendant that each should be awarded a portion contiguous to its own plantation. A consideration of the lay of the land was not improper so far as it led into consideration the fact of adjoining ownership. It was competent for the Commissioners, having divided the land into two equal portions, to consider this fact of adjoining ownership in determining which portion should be given to the plaintiff and which to the defendant.

"Equal half parts" does not in such case mean equal acreage acre for acre, but it includes value, location, availability and contiguity.

The Commissioners have made a fair and just partition, and it is sustained, and the exceptions are overruled, the decree affirmed, and the cause is remanded to the Chief Justice to complete the partition.

F. M. Hatch for petitioners; A. S. Hartwell, C. W. Ashford for respondents. Honolulu, July 12, 1894.

Valuable Real Estate for Sale! CONSISTING OF THE Following Properties.

1—Buildings and premises on the southeast side of Kekaunike street, makai of King street. Have a frontage of 72.70 feet on the street. Lease for \$17.50 per month. Buildings are insured for \$600.

2—Building and premises on the southwest side of Hotel street, between Maunakea and Kekaunike. Have a frontage of 93 feet on the street, a depth of 66.3-10 feet on the Waikiki side and 10.5 feet on the Ewa side, and contain an area of 6611 square feet. The premises lease for \$32.50 per month; rent payable monthly in advance. Lessees pay water rates and for repairs. The buildings are insured for \$1000 at the lessee's expense, and in case of the destruction or damage of the buildings by fire, the moneys received in respect of such insurance are to be laid out in rebuilding or reinstating the same, and in case such moneys shall be insufficient for such purpose, the deficiency is to be made good by the lessees. A good sidewalk with a granite curb has just been laid in front of the premises.

3—House and premises on the northwest corner of Hotel and Kekaunike streets, area 1425 square feet.

4—Land on Sheridan street, at Kalia, makai of and adjoining the premises of Mrs. John W. right. This property has a frontage of 928 feet on Sheridan street and an area of 1180-00 acres. Leases for \$30 per annum. There are a large number of coconut trees on the land. The windmill and flume on the premises of Mr. G. N. Wilcox on the opposite side of the street with a right of water go with this land.

5—Piece of land at Kapiwai, Panoa Valley, containing an area of 5.2-10 acres and comprising two land and kula. This land is finely situated near the head of the Valley and commands a beautiful view of the harbor. Leases for \$70 per annum.

6—Lot on the southeast side of Liliha street, near the corner of Kuaikini, having a frontage of 50 feet on said street and an average depth of 100 feet. This lot is number 2 of the Kaini Tract and contains an area of 4575 square feet.

7—Land at Puiwa, Nuanuu Valley, makua of Hanaikamalama, Queen Emma's old residence; area 3.77-100 acres. Dry and taro land. Rents for \$30 per annum.

8—aro land at Hanaia, Koolauloa, Oahu near the mauka side of the Government Road. Area 1.15-100 acres.

Titles perfect. Warranty deeds will be given to purchasers. Deals to be at purchaser's expense. Apply to J. M. MONSARRAT, Cartwright Block, Merchant Street, 373-3-4.

Price 60 Cents per Copy; Foreign, 75 Cents, Including Postage.

CORRESPONDENCE.

MR. EDITOR:—In your editorial columns, and in the clipping from the San Francisco Argonaut, it seems to me that you have not quite fairly presented the facts of the case. You say justly that the remedy is worse than the disease, when a boycott is declared by the supreme official of a governing body not amenable to the laws of the country, in order to redress a grievance which legislatures and courts refuse to recognize as such. That grievance, as the history of this railroad trouble shows, is the arbitrary conduct of Pullman and Huntington, the magnates who control the vast corporations of which they stand at the head. When the laborers in the town of Pullman were informed that their wages would be docked one-third, it was just after a regular quarterly dividend of two per cent had been declared on millions of watered stock, and a gift of one hundred thousand dollars made to build a church in Mr. Pullman's birthplace. The laborers were in Mr. Pullman's clutches. He had built a model town, given a public library, and provided in other ways for the comfort of his operators; but the magnate owned every lot of land, every building—even the public streets. If an employee had political opinions different from his master he was made to feel the weight of his sovereign displeasure.

It is this arbitrary rule of excessive wealth which is an American as is the system of boycotting, which you properly denounce as illegal and extrajudicial. But it is an uprising of the people against the greed of capitalists who have secured the control of great quasi public corporations, and who have violated the implied contract with the people. These railroad companies have received privileges of eminent domain in taking possession of private property and guaranteeing against competition in the monopoly they have of the right of way for their cars; but this was for the sufficient reason that the public good was best promoted by such special privileges. These vested rights, however, were never intended to give individuals the power to make the public good subservient to their private greed or prejudices. Five times has Mr. Pullman been requested to reconsider his decision, and the request has every time been refused. He puts his individual will against the wishes of a large body of employees. It is now a contest of wills, as well as of wrongs and rights. When such difficulties are to be settled, it is a question of strength, and physical violence is the *ultima ratio*, the final resource.

The case is similar with Mr. Huntington. By some means, it may be by methods that the law cannot reach as criminal, he has acquired control of almost the entire system of railroad traffic. His avowed rule of business procedure is, "Make the rate as high as the traffic will bear." The community is compelled to endure this extortion, and can get no redress from courts of law, or the legislature that they had nominally chosen but that the corporations really manipulate. Is it any wonder that the patience of the people is exhausted, and they have taken matters into their own hands to thrash some idea of equity and forbearance into the pockets of these capitalists, who lord it over their vassals with all the imperiousness of the late Hawaiian sovereign, who seemed to interpret the national motto, "the breath of life in every individual and every enterprise is at the disposal of my gracious will?"

To use Mr. Emmeluth's famous dictum, this extortion has gone about as far as "God and the condition of things will permit." There has been an uprising of the people against this arbitrary rule; no downfall as yet of these lords of the land. But this whole system of the arbitrary despotism of wealth is doomed. Somebody must be hurt. But the process is very much like the experience of the Irish bricklayer who fell off from the staging. Some people who saw the accident ran to his help. They found him rather bewildered but not seriously hurt. "We saw you falling," said they. "Oh, it was not the falling that hurt me," was the ready response of Irish wit, "but the striking of the hard ground so unexpectedly." Avarice and extortion may hold sway for a time, but finally something gives way and there is a fall and a strike. It is not the people that will fall down, however, nor will any arm of the law or military power avenge the despite done to arbitrary rule. As in the Babylonian furnace, the men that trust in the rule of Personal Righteousness rather than bow down to the Image of Gold, will come out unscathed from the flames, while the minions ready to do the behest of tyrannous iniquity shall perish in the vain attempt to set aside the eternal laws of truth and justice.

ANTI MONOPOLY.

Big Bullion Balance.

The month closes with the Bank of England in an unusually plethoric condition. It is reported that the amount of coin and bullion in that institution on June 28th was £39,313,716. This is the largest balance in a long time, if not the largest ever reported. It amounts to upwards of 70 per cent over all liabilities and is fully 20 per cent greater than it was a year ago. The bullion had been accumulating in the bank quite rapidly for several weeks. The net gain for June, 1893, was £4,017,260, and the amount on hand at the close of that month was £30,119,000. Soon after there was a large depletion in the supply through withdrawal for America and the Continent. It is thought a similar condition of things will follow the recent accumulation in that world's reservoir. Already there are indications that this course is at hand.

SOMETHING MORE ABOUT SODA WATER.

The First Requisite in Making Soda Water is Pure Water.

HOLLISTER & COMPANY'S FACTORY was the only one in Honolulu that made use of the most improved method of purification—the Hyatt System—that removes all animal and vegetable matter, even microbes, and this is the kind of water we use in our Factory for our customers.

As for the Gas,

it is immaterial whether it is obtained from chalk, marble, whiting, marl or bi-carbonate of soda, the gas will be identical in either case.

Bi-carbonate of soda has been used exclusively by HOLLISTER & COMPANY for over 25 years, and the TAHITI LEMONADE WORKS since its foundation, because

It is Cheaper

than any of the other sources, and easier to handle. But the gas must be cleaned before mixing with the water.

In generating the gas, the material is sometimes carried over with the gas and must be thoroughly eliminated. Most Soda Water manufacturers are satisfied by running the gas through one purifier. We are not. We run it through three. In using any one of the lime carbonates it would do no harm to any one if some did slop over as they are all insoluble and can be seen in the glass; but with bi-carbonate of soda it is different, because the bi-carbonate is converted into sulphate of soda (Glauber Salts) a very good horse medicine, but not very agreeable to have in a glass of Soda, and which is soluble and therefore cannot be detected by the eye.

We do not dispense Soda Water ourselves, but furnish the pure Soda Water to every fountain in Honolulu but one, and we guarantee the Soda Water to be pure.

Each dispenser of soda will use the kind of syrup that suits his trade, but this has nothing to do with the purity and wholesomeness of Soda Water.

Homes at Pearl City!

THE OAHU RAILWAY & LAND CO.

Offer the Public Another Great Opportunity to Secure Homes in One of the Most Delightful Localities to be Found in the Paradise of the Pacific.

As a healthy resort—Pearl City has already established an enviable reputation. Many good citizens in this community have experienced the wonderful effect produced by a few days sojourn in that dry, cool atmosphere, and give grateful testimony to the relief they have almost instantly gained from severe and long continued attacks of asthma. Physicians acquainted with the climate of Pearl City recommend it as a natural sanitarium.

The Water Supply is Ample.

And can be increased to meet the needs of a population equal to the largest city in the world.

Prof. A. B. Lyons of Oahu College is our authority for stating that the water supply is the purest yet discovered in this country.

SPECIAL INDUCEMENTS TO EARLY SETTLERS !

For ninety days from date we will sell LOTS ON SPECIAL TERMS favorable to bona-fide settlers. For a term of three months from date, lumber and all building materials will be supplied, and delivered at Pearl City at much lower price than ever before obtained.

For further particulars, call at this office or on any of the lumber dealers in this city. Those who now own lots as well as those who propose to become residents of that growing city, will do well to embrace this opportunity. Those who avail themselves of this offer, within the time named, will be entitled to, and will receive the following benefits:

For a term of ten years, this Company will carry such residents and their families from Pearl City to Honolulu in the morning (arriving a little before seven o'clock), and from Honolulu to Pearl City in the evening (leaving Honolulu station a little after five o'clock), for ten cents each way, a rate less than one cent per mile. The rates on all other passenger trains running during the day or night will be 1 1/2 cents per mile first class, and 1 cent per mile second class.

A good school is about to be opened in the Peninsula, in the fine, large, new school-house erected by Mr. J. T. Waterhouse. Residents living at Pearl City heights, (above Pearl City station) and those having homes on the Peninsula will be allowed to ride free on regular trains between Pearl City stations to and from the Peninsula.

Those who want to continue to send their children to schools in Honolulu, can have transportation on all regular trains to and from Pearl City, for the purpose of attending school at five cents each way for each pupil. This is equal to 24 to 26 miles ride for ten cents.

Equal inducements for those desiring to secure homes in this country have never before been offered to the public.

This Company has been requested from abroad to name the price of all their unsold land in that locality.

Should a clearance sale be made to a syndicate, no opportunity like the present would again occur for the purchase of homes at Pearl City.

"A word to the wise is sufficient."

The Pacific Commercial Advertiser

Issued Every Morning, except
Sunday, by the

HAWAIIAN GAZETTE COMPANY
At No. 318 Merchant Street.

H. N. CASTLE, : : : EDITOR.
SATURDAY : JULY 21, 1894.

Now that the water in the reservoirs is so low, it may be well to remind our readers that every drop of it which is drunk should first be boiled. If it is filtered also, that is so much the better. Boiling the water is a necessary precaution at all times of the year, but particularly so when we have to drink it to the dregs.

THE current issue of the Paradise of the Pacific is a very attractive number, and one which reflects great credit on the management. It is very evident that the owners do not intend to sit still with the Government subsidy in their pockets, but are determined to give a full *quid pro quo*. The paper is illustrated with a number of pretty half-tones ordered from San Francisco, and is made up almost entirely of original matter, including several excellent articles especially prepared for the purpose. A series of articles on domestic industries is begun, all of which are to be from the pens of local experts, and these will do much to disseminate useful information abroad and attract capital here. Edited in this enterprising manner, the journal cannot fail to widen its influence with every fresh number.

REPORT OF THE HAWAIIAN BOARD.

The Thirty-first Annual Report of the Hawaiian Evangelical Association has been printed in neat pamphlet form by the Hawaiian Board. It is very full and particular, and shows the wide range and great usefulness of this Association. The Secretary, Rev. O. P. Emerson, has given a review of its leading activities under the headings, "Church Work Among the Natives," "Church and School Work Among Foreigners," and "Educational Department for Natives." There are subsidiary reports from the heads of different churches and missions and from the principal schools, most of which receive aid from the Hawaiian Board.

If one is not directly engaged in the work himself, he must read these reports to form an adequate conception of the philanthropic work which is being carried on in these islands. The Chinese and Japanese missions are both agencies of the greatest public utility. The former, in particular, is in great need of funds, as indeed almost all the other enterprises are. The Hawaiian churches are many of them in a deplorable financial condition, with the pittance of pastor's unpaid and piling up. The Board has naturally felt the financial stringency, and in some directions is compelled to contract its expenditure. The need of expansion in the work of the North Pacific Missionary Institute has led Dr. Hyde to surrender his salary for the year in order to secure the services of an assistant.

It is to be hoped that brighter financial prospects will make the work of the Board easier during the coming year. It is one of the leading agencies for the promotion of civilization in these islands, and the field of its energies should be widened and not contracted as the years go on.

THE CONSEQUENCES OF GAMBLING.

The dastardly outrage in which the baseball scandals has culminated, should be a lesson to every man interested in maintaining the sport. The trouble springs as everybody knows, from the practice of betting on the games, an evil which seems to have been steadily gaining ground. The betting of outsiders is bad enough, but it cannot be prevented, though the openness of it can and should be

checked. The betting of players, however, is a much grosser evil, which must be suppressed, if the game is not to be handed over to the ruffianly classes. The betting by players can be stopped if the players themselves have character and honor enough to maintain a high sentiment on the subject. The rules of the League forbid such betting, and the rules should be enforced. If Honolulu is not large enough to supply twenty-seven young men to play ball who are honorable as well as athletic, then let the game be abandoned until the moral tone of the city rises.

We do not mean to imply that all those players who have bet hitherto are without the sentiment of honor. Doubtless some of them have been merely thoughtless or reckless. But they are now confronted with the consequences of their thoughtlessness, and these consequences threaten the existence of baseball, as a worthy and manly sport, among us. Now, what are these young men going to do about it? If they are going to let the game be wrecked because they have not self-restraint enough to check their gambling propensities and conform to rules which they make themselves, and which they know to be reasonable and necessary, then this community will be compelled to entertain a very poor opinion of their moral calibre.

A word with regard to the Kamehameha nine will not be out of order. There is no evidence that they or any of them "bought" the game, and the committee appointed by the League has so found. Some betting has doubtless been done, but in all probability the Kamehameha's share of it has been very small in comparison with that of other players. The students have been exposed to great temptations on the ball-grounds, for which "haoles" will have to bear the chief blame.

If you want your friends abroad to keep posted on Hawaiian affairs you must send them newspapers. Send a copy of the HAWAIIAN GAZETTE or the ADVERTISER—they are the best.

THIS DAY.

Mortgagee's Notice of Intention
to Foreclose and of Sale.

NOTICE IS HEREBY GIVEN that pursuant to a power of sale contained in a certain mortgage bearing date the 2nd day of February, A. D. 1891, made by Sarah A. Swinton and her husband H. S. Swinton of Honolulu, Island of Oahu, Hawaiian Islands, to Peter C. Jones of said Honolulu, of record in the office of the Registrar of Conveyances in Liber 122 page 65, and for the breach of conditions in said mortgage deed contained, to wit non payment of principal and interest when due, the mortgagee intends to foreclose.

Notice is also given that all the land and property described in the said mortgage will be sold at public auction at the auction rooms of James F. Morgan on Saturday, July 21st, A. D. 1894, at 12 o'clock noon.

The property to be sold is described as follows: All of those premises, together with the improvements thereon, situated on the slope of Punchbowl in said Honolulu being lot No. 475 on the Government map of said locality, and being the same premises described in Royal Patent Grant No. 5521, containing an area of 1250 square feet.

Purchase price payable in U. S. Gold Coin. Conveyances at purchaser's expense. Dated Honolulu, June 23, 1894.

307

July 14, 1894.

In a country where trade winds blow great guns 'steen months in the year something different from an ordinary clothes line and pins are needed, because the washed clothes are apt to blow off the line and fall, "battered side down" in the dust. If your serving lady happens to be a Japanese, she will murmur, in an undertone perhaps, some of choicest epithets that are suggestive of blue fire. In reformatory work, an effort should be made to restrict the corps of servants, as well as members of the household, to language which could be used in the drawing room as well as at the wash tub. One step toward accomplishing such a result would be in adopting the Pinless Clothesline. To be obliged to go from one end of a line to the other with the arms full of clothes and the mouth gagged with clothespins is unpleasant to say the least; then to have the clothes to wash over again is much too much and not conducive to good thoughts or good language. With a pinless line all such troubles are avoided, put the clothing in the slot and the gentle breezes do the rest, the harder the wind blows the less danger there is of the pieces coming loose; if it doesn't blow at all the clothes hang there just the same. Calculate the cost of a rope line and clothes pins and add to it about what it costs to renew clothes pins and buy rope after it has rotted away and you will find that in a year you spend twice as much as if you bought a pinless line and keep it going every day for a decade.

COURT NOTES.

In the matter of the estate of the late Fred Burchardt, a former resident in these islands, but who died in England, leaving an estate here necessary to be administered upon, Judge Whiting has admitted the authenticated copy of the will to probate and ordered letters of administration with the will annexed to issue to F. M. Swanzy under \$7,000 bond. F. M. Hatch for the application.

The account of W. O. Smith as guardian of the Hamauku minors for 1893-94 has been approved. The guardian appeared in person. In the matter of the estate of the late M. E. Sharratt, the Court has approved the administrator's account, and ordered his discharge and the cancellation of his bond. A small balance of money is ordered paid to W. A. Bailey, a creditor of the estate. W. O. Smith, the administrator, in person.

The annual account of Bruce Cartwright, administrator with the will annexed of the estate of R. W. Holt, for 1893-94, has been referred to a master for verification and report. Each of the three beneficiaries has received over \$1500 as his or her share of the income during the year.

In the matter of the bankruptcy of Tai Wo Chan Company, Judge Whiting has appointed George E. Boardman as assignee under \$1000 bond. This appointment obviates the objection made by F. W. McChesney, who was outvoted by another nominee, named Lum Kan. W. A. Kinney for the petitioning creditors; C. W. Ashford for Chinese creditors.

The appeal papers and exhibits in the great Wailuku water case have been filed in the clerk's office by A. G. M. Robertson, who was appointed as special commissioner to hear the case, the regular commissioner of the district being disqualified. There are three sets of appeal in this case, as follows: One appeal is by Claus Spreckels as konohiki of the ahupuaa of Wailuku, a second appeal is by the Wailuku Sugar Company, lessee of the ahupuaa, and the third appeal is by a large number of native kuleana holders in said ahupuaa. The appeal costs amounted to \$357.15 each appellant paying a third of the amount. The case is entitled Mahi Lonoaea and others vs. the Wailuku Sugar Company. C. W. Ashford for the native kuleana holders, F. M. Hatch for the konohiki, and W. A. Kinney for the plantation.

Messrs. Paul Neumann and Wm. Foster, proctors for the Hawaiian Sugar Company, have brought a libel in admiralty against the Inter-Island Steam Navigation Company claiming the amount of \$5000 for damages resulting to the plaintiff company for loss of a cargo of sugar which went down with the schooner Mary E. Foster at the time of the collision with the steamer Mikahala. It appears that the amount tendered by the defendant company was considered inadequate, hence the bringing of suit claiming a full amount of the damages.

A Millionaire's Feelings.
I have yet to find a man who doesn't wish to be rich, but I have always felt curious to know how it feels to be a millionaire. The opportunity of getting an answer to this question presented itself to me one day, says a writer in the Chicago Dispatch, and the man to whom I addressed the question was none other than Geo. M. Pullman, who is worth \$50,000,000 at least, who has made fortunes for others, and who has no one to thank for his success but himself.

Mr. Pullman looked at me very curiously as I asked the question, and then replied in a slow way: "I have never thought of that, but now that you mention it, I believe that I am no better off—certainly no happier—than I was when I didn't have a dollar to my name, and had to work from daylight until dark. I wore a good suit of clothing then, and I can only wear one now. I relished three meals a day then a great deal more than I do now. I had fewer cares; I slept better, and I may add generally that I believe I was far happier in those days than I have been in any times since I became a millionaire."

Oblige Your Friends.
An excellent likeness of President Dole appears on the front page of "Convention Proceedings." This interesting book was published by the GAZETTE COMPANY and contains a full report, from day to day, of the debate of the members of the Constitutional Convention, and also the text of the Constitution as adopted. A mail leaves today, and if you really wish to please your friends you must send them copies. For sale at this office.

Ladies' Column.

For over forty years we have been catering to the best trade on these islands and can honestly say that whatever are your views on the question of wanting the franchise—the world must give you all credit for superiority over the men, when it gets to the point of looking up and making bargains. We realize it, and furthermore, that you are all economizing, and are only buying what you need, and when you can get what you want the cheapest. It is for this reason that we have held your trade, and yet we want more of it, and are determined to double our business by offering bargains that you cannot afford to let pass. Many of the patterns we have the exclusive control of on these islands. From week to week by looking at this Ladies' Column you will find notices of our special sales days; new goods, with other interesting talk.

One thing we wish to say is that whatever you see in this column, you can depend upon. We are not selling or advertising to sell goods below cost. Beware of those kinds of advertisements. To sell at a small profit in every department is the fundamental law of our home, which will never be repealed, to it and the fact that our goods are as represented, is due our constantly increasing business. The volume of business we do, permits us to place our goods on the market at astonishing low prices and make a profit.

The subscription ball at Remond Grove the other night was a delightful affair, for which much credit is due its promoters. There were about 75 couples present, and of course many new costumes, you all know it's impossible to see a new dress without wanting to know where the materia came from. One of our customers, a lady of unusually good taste told us she saw 27 dress patterns that came from our store. "They were perfectly lovely," while a tourist who attended remarked "that one of her most agreeable surprises was to find Honolulu ladies wore costumes that would do credit to Worth, Fenswick or Redfern, not only in design, but pattern and quality of goods." We do not claim all the credit, for this state of affairs, and yet for over forty years, we have played our part in bringing about this result. Nothing new under the sun in our line comes out, but what we aim to be the first to place it in the market. Although we are here to sell, you are not asked to buy when you drop in to see us. We like to have you walk about and see and hear what is going on.

Island orders have the same attention given, and are filled just as conscientiously as if you came in person. We invite correspondence. Should you visit Honolulu, make our store your headquarters.

This week it will be a severe blow to competitors to meet our prices on Hosiery. We bought them for spot cash, Jersey Ribbed Vests to match; while in Dress Goods, we have some patterns received by the Australia that are perfect beauties.

Cotton Crepes. The finest we ever had; nothing like them in Honolulu, in price or quality.

These goods will be our leaders for this week. Look out for what is coming next week.

WHICH FRAMED

THE CONSTITUTION

OF THE

REPUBLIC

OF

HAWAII!

Special Edition

To satisfy the demand for a History of the Constitutional Convention, the GAZETTE COMPANY has prepared and today issues a report of its proceedings, which terminated with the Proclamation of the New Constitution on the Fourth of July at the Executive Building.

The pamphlet will also contain a fine portrait of President Dole, and the New Constitution in full, with an index. The whole is enclosed in a most artistic illuminated cover, which of itself is worth the price charged for the pamphlet.

Early application is necessary to secure copies of this memento of the birth of the Hawaiian Republic, as numerous orders are on file, and the edition is limited.

National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.

The attention of Planters and Agents is called to the following letter from Mr. JOHN A. SCOTT, Manager of the Hilo Sugar Co., regarding the working of the National Cane Shredder, which he has just introduced into the Mill of that Company:

WAINAKU, HILO, HAWAII, January 22d, 1894.

HON. Wm. G. IRWIN, HONOLULU, H. I. DEAR SIR:—In reply to yours of the 16th inst. regarding the National Cane Shredder furnished by the Universal Mill Co. of New York, and erected by the Hilo Sugar Co. this past season,

I would beg to say, that it has now been in operation day and night during the past three weeks working plant cane, and also hard-stumps, giving me the greatest satisfaction. The more I see of its capabilities, the better pleased I am that I put it in, as I am satisfied that it will repay the original outlay in a short time, in saving of labor, higher extraction, etc.

It is shredding from 350 to 400 tons of cane every 22 hours with the greatest ease, and it could shred a much larger quantity if necessary. It delivers the shredded cane in an even uniform feed to the three roller mill, which receives it without the intervention of any labor, and as the cane is thoroughly shredded or disintegrated it relieves the mill of a great deal of strain, thus reducing the liability of broken shafts, gearing, etc.

There is a saving of four (4) men daily on the mill, as only one man is required to regulate the amount of cane delivered by the carrier to the shredder. It has increased the extraction from 4 to 5 per cent.

The economical use of steam is generally a serious consideration in adding new machinery, as in most mills the boiler power is taxed to its highest limit, as it was in this mill, and any increased demand necessitated an additional boiler. But I find that the shredder and the three roller mill engines combined use no more steam than the three roller mill engine did when working on whole cane, while doing better work and more of it, and owing to the uniform feed on the mill, the engine demands very little attention.

The Messrs from the shredded cane make superior fuel, and the firemen have less difficulty in maintaining a uniform pressure of steam than formerly. I will be pleased to have a call from parties interested, as it is necessary to see the machine at work to fully appreciate its capabilities.

I remain, very truly yours, (Sig.) JOHN A. SCOTT, Manager Hilo Sugar Co.

Plans for erection of these shredders may be seen at the office of the Agents, where prices and other particulars may also be obtained.

THEY RESIGN FROM THE LEAGUE

The Crescents Will Play No More Ball This Season.

LAST SATURDAY'S GAME TO STAND.

The Kamehamehas Refuse to Call it No Contest, and the Crescents Will Not Play Any More if it is Counted, and There You Are—Yesterday's Meeting.

The Crescents resigned from the League yesterday, and baseball in Honolulu will probably take a sudden drop. This action was taken because the Kamehamehas refuse to call last Saturday's game a draw.

The League met at the office of W. F. Allen at noon. The following report was read by A. Perry, the delegate for the Crescents, and was adopted:

The undersigned, representatives of the Kamehameha and Crescent baseball clubs, beg to inform you that a meeting of said representatives and others interested was held at the Y. M. C. A. Hall on the evening of July 15th last to investigate the matter of the bribery of Wood, pitcher of the Crescents, and that upon the evidence adduced before said meeting the members of said Kamehameha Baseball Club are severally found not guilty of said bribery.

ANTONIO PERRY, GEO. H. ANGUS, R. E. ANDREWS, S. S. MAHUKA.

Delegate Anderson, for the Kamehameha nine, then read the following report:

A protest was made by the representatives of the Crescents July 16th, requesting that the game played with the Kamehamehas July 14th be declared off, as Wood, pitcher of the Crescents, was bribed. A committee of four was appointed by the Baseball League to investigate the matter and report to the League. The committee met at the Y. M. C. A. Hall Wednesday evening, July 18th, examined witnesses, and the result of their investigation is as follows:

First—That the pitcher of the Crescents was bribed.

Second—That the committee is unable to find out who the briber or bribers are, there being no evidence to incriminate the party named by Pitcher Wood.

A protest to be valid must be made on the grounds and specifically state an intentional injury done to the protester by a member of a competing nine; or a non-compliance on the part of the winning nine to conform to the rules by which a game is played; or a decision or decisions made by an umpire or umpires, which decisions are not in accordance with the rules of the game, and thereby cause an injustice to the protesters.

The evidence brought before the committee and their written statement exonerate the Kamehamehas from all charges of bribery, and they are therefore not implicated in this affair. Hence there is no case against them and the bribery of Pitcher Wood is a question between the nine in which he played, and the league—not a question between two contending nines.

The offense was committed by a member of the protesting nine, and that nine in this case is pleading its own inefficiency. That a winning nine should lose a game because one more of the opposition proves inefficient is an injustice to the winning nine, and a dangerous athletic precedent to establish.

Inasmuch as the protest was not made on the grounds, and the winning nine was not implicated in the bribery of Pitcher Wood, and an injury was not done to the protesters except by one of their own members, and inasmuch as no objection was made to the ruling of either umpire, I find no ground for protest.

This case has been left to the Kamehamehas to decide, and in the interests of baseball that nine would state that the evils of betting and bribery, if allowed to continue, will so corrupt baseball as to bring it into disrepute.

The good name of any nine is jeopardized when the diamond is ruled by money and not a desire to win simply for the sake of winning. The anxiety, the feverish excitement, the whirlwind of wrath incident to a game, will cause hazard when money is shaken in the faces of youths and the baseball ground, instead of being a place where self control, nerve, courage, and mettle is developed, is a door to professional loafing and debauchery.

The decision as read was accepted, by a vote of 5 to 1, Angus, of the Crescents, alone voting against it. Consequently, Saturday's game stands as it is.

The following letter of resignation from the League was read by Captain Angus:

COL. W. F. ALLEN, President of the Hawaiian Base Ball League.

DEAR SIR—We, the undersigned members of the Crescent Base Ball Club, hereby tender our resignation to the Hawaiian Base Ball League, on the ground that fair play has not been shown us by the referee in refusing to accept our protest of the game of ball which was played at the League grounds on the 14th inst., between the Crescent and Kamehameha Base Ball Clubs.

We regret that the action of the Kamehameha Club in persisting in claiming the game in the face of the known fact that Wood sold the game to some party or parties unknown to us, and thus showing a readiness to profit by his rascality, has determined

us in this course. We think that we can safely say that if the case was reversed no member of the Crescent Club would claim a game won under such dishonorable conditions.

We wish also to call your attention to the prospective results following such a ruling, should the game of the 14th inst. be allowed to stand as decided by Mr. Anderson. First, that such an action puts a premium on gambling. No gambler will have the slightest hesitancy in bribing any League pitcher since he will be certain to pocket his winnings gained through the disreputable practice of bribing. Second, the influence upon future games will be most pernicious, since it will teach players to disregard all points of truth, honor and manliness that have generally supposed to be necessary attributes of all participants in the manly sport of base ball.

Signed: Geo. H. Angus (Capt), David Thrum, W. D. Wilder, Wm. Lucas, P. Lishman, H. A. Wilder, S. P. Woods, S. W. McNichol, Chris. J. Holt.

Perry then stated that the action taken by his club left him no option but to withdraw.

Captain Angus said he was willing that the action taken by his club should be deferred a week, or until another meeting of the League.

CHURCH SERVICES.

ST. ANDREW'S CATHEDRAL.

The services of the Cathedral Congregation of St. Andrew's Cathedral for tomorrow are as follows: 6:30 A.M., Holy Communion; 11 A.M., Holy Communion and sermon; 7:30 P.M., evensong and sermon.

Tuesday, 7:30 P.M., prayer meeting at Y. M. C. A.

A FREE LECTURE.

T. D. Garvin the evangelist will give the second lecture of the course in the Y. M. C. A. Hall, Sunday, July 22d, at 3:30 p. m. Subject: "The Golden Chain of the Bible." Illustrated by special charts. This service was postponed last Sunday on account of the funeral of Mr. S. N. Castle.

LATTER DAY SAINTS.

Reorganized Church of Jesus Christ of Latter Day Saints; Mililani Hall, rear of Opera House. Services will be held on Sunday as follows: 10 A. M., Bible class; 11:15 A. M. and 6:30 P. M., preaching.

American Wooden Ships.

Photographs of some of the largest and finest American wooden ships now afloat should be secured without unnecessary delay, for according to the best indications discernible the years of such ships are numbered.

Very few have been built in the past five years, and so far as known there is not one now on the stocks at any shipyard in this country. The Pacific Coast has never turned out half a dozen full rigged ships, and years have passed since the construction of the last one on this coast. Our local builders confine themselves to the erection of schooners, brigs and barks, with an occasional steamer. This line of marine architecture is likely to be maintained right along, with probably some increase in the building of iron vessels.

The Marine shipyards are following the same lines, so far as wooden vessels are concerned. The American full rigged ship of the future will be constructed of iron or steel. One of the last named description has recently sailed on her initial voyage with Case Oil from Philadelphia to Japan. The yard at which the Drigo was turned out is fully equipped for the building of steel vessels.—S. F. Bulletin.

Notice to Shipmasters.

Copies of the New York Maritime Register and San Francisco Commercial News and Shipping List are always kept on file at the office of this paper. Masters of vessels and others interested are at liberty to make use of same on application.

Joseph Ruby, Son of Harry K. Ruby, of Columbia, Pa.

Suffered From Birth With a Severe Form of Scrofula Humor

"Until my boy was six years of age he was from birth a terrible sufferer from scrofula humor. Sores would appear on him and spread until as large as a Dollar and then discharge, followed by others, so that the larger part of his body was one mass of sores all the time, especially severe on his legs and back of his ears and on his head. The humor had a very offensive odor, and caused

Intense Itching. We cannot tell how that poor boy suffered in all those years. Physicians did not effect a cure. At last I decided to give him Hood's Sarsaparilla, as my druggist recommended it. In about two weeks the Sarsaparilla began to have effect. The sores commenced to heal up; the flesh began to look more natural and healthy. Then the scales came off and all over his body new and healthy flesh and skin formed. When he had taken two bottles he was entirely free from sores, having only the scars to show where they had been. These have all disappeared. We are unable to express our thanks for the good.

Hood's Sarsaparilla has done our little boy." HARRY K. RUBY, Box 356, Columbia, Pennsylvania.

HOOD'S PILLS cure Constipation by restoring the peristaltic action of the alimentary canal.

HOBSON, NEWMAN & CO., 3366 WHOLESALE & RETAIL.

BY AUTHORITY.

In the Circuit Court of the First Circuit. Hawaiian Islands.

IN THE MATTER OF THE ESTATE of F. S. Pratt, deceased intestate. On reading and filing the petition of Elizabeth Kekaania Pratt, administrator of the Estate of F. S. Pratt, deceased intestate, praying for an order of sale of certain real estate belonging to said decedent, being the premises at Waikiki, Honolulu, Oahu, described in deed from E. H. Allen to F. S. Pratt, recorded in Book 37, pages 222 and 223, and deed from H. Giles to F. S. Pratt, recorded in Book 54, pages 194 and 2-5, and setting forth certain legal reasons why such real estate should be sold to wit: that the personal property of said Estate is not sufficient to pay the debts thereof. It is hereby ordered that the heirs of the said decedent and all persons interested in the said estate, appear before this Court on Monday, the 10th day of September, A. D. 1894, at 10 o'clock A. M. at the Courtroom of this Court, in Honolulu, then and there to show cause why an order should not be granted for the sale of such estate. Dated Honolulu, H. I., July 6th, 1894. By the Court. GEO. LUCAS, Clerk Circuit Court of the First Circuit. 3731-3t

Marshal's Sale.

BY VIRTUE OF A WRIT OF Execution, issued out of the District Court, on the 20th day of June, A. D. 1894, against Aki, defendant, in favor of W. Kaapa, plaintiff, for the sum of \$20.06, I have levied upon and shall expose for sale at the Police Station, in the District of Honolulu, Island of Oahu, at 12 o'clock noon of MONDAY, the 30th day of July, A. D. 1894, to the highest bidder, all the right, title and interest of the said Aki, defendant, in and to the following property, unless said judgment, interests, cost and my expenses be previously paid.

List of property for sale: 1 Bay Horse, 1 Gray Mare, 1 old Hack, No. 12 and 1 set old Harness.

E. G. HITCHCOCK, Marshal. Honolulu, June 26, 1894. 3725-5t

THE Hawaiian Revolution. ACCURATE! IMPARTIAL! BREVITY!

DEDICATED BY SPECIAL PERMISSION

TO THE

Provisional

Government

The Crisp photo process, by which "The History" will be illustrated, is acquiring a well-merited reputation for excellence, the productions being artistic triumphs.

An instantaneous success!!! The project received by the business men of Honolulu in a most enthusiastic manner.

Art connoisseurs warm in its praise. "An artistic gem of the purest ray serene." TO BE PUBLISHED IN 1894.

The historians have commenced with the frame-work of the construction, setting forth the remote causes of events and the motives of human action; and follow up their connection with other developments, and present the whole in a finished exterior of high literary worth. The foundation principles of government, the predominant sentiments swaying human minds at different epochs, the physical condition of different parts of the land, the nature of different influences brought to bear upon the people, have all been closely studied, and the effects philosophically traced. Accuracy of statement, soundness of reasoning, clear presentation, and high literary merit will be the commanding aspect of this ambitious effort. It will be published in an attractive form containing over 200 pages, fully illustrated, supplied with many maps and plans, containing tables of useful information and a complete index, it comprises all the accompaniments necessary to complete a work of its character.

SYNOPSIS:

Chapter 1—Prof. Alexander's History of King Kalakaua's Reign.

Chapter 2—Prof. Alexander's History of Liliuokalani's Reign.

Chapter 3—A Brief Account of the Revolution of 1893.

Chapter 4—A Brief Account of the Provisional Government to date.

Chapter 5—Minister Willis' Letters to President Dole to abdicate.

Chapter 6—President Dole's Reply.

Chapter 7—Willis and Dole's Correspondence.

Chapter 8—Minister Thurston's Protest issued at Washington.

Chapter 9—Minister Thurston's Statement of the Hawaiian Case.

Chapter 10—President Dole's Specifications.

Chapter 11—Morgan's Report to the Senate.

Chapter 12—The Senate's Action on Hawaiian Affairs.

The publishers have the honor to announce that arrangements are being made for the insertion of the following Bodies:

The Committee of Safety, the Executive, the Officers of the original Annexation Club, Officers and members of, the National Guard, the Fire Department, the 1st Advisory Committee, Members of the Bar, the Consuls.

The following firms have secured positions: WILDEB & CO., H. HACKFELD & CO., ELITE ICE CREAM PARLORS, CUNNINGHAM'S DOG KENNELS, SCHMIDT & SONS, OCEANIC STEAMSHIP CO., PACIFIC HARDWARE CO., E. O. HALL & SON, J. T. WATERHOUSE, CASTLE & COOKE, LEWERS & COOKE, ELECTRIC LIGHT CO., T. G. THRUM, WM. G. IRWIN & CO., OAHU RAILWAY & LAND CO., JOHN NOTT, T. B. MURRAY, YOKOHAMA SPECIE BANK, CALIFORNIA FEED CO., ITOHAN, DAI NIPPON, ST. LOUIS AND OTHER COLLEGES, F. J. KRUGER, COOKE'S FERTILIZING WORKS, J. HOPP & CO., W. C. PEACOCK & CO., HAWAIIAN HOTEL, SANS SOUCI HOTEL, McCHESNEY & SON, WOODLAWN FRUIT CO., CHAS. HAMMER, T. W. HOBSON, HAWAIIAN NEWS CO.

Special note to proprietors of Trades and Industries.—There is now only room for six or seven firms in the limited space devoted to the representation of Trades and Industries, and a great favor will be conferred if those desirous of inserting theirs between the pages of the beauty spots of the city and those pages assigned to the early efforts of Hawaiian pioneers will call at the publication office.

LOCAL BREVITIES.

Who wants to buy today's ball game?

The band will play at Emma Square this afternoon.

The band will give a concert at Emma Square this afternoon.

The synopsis of D. M. Crowley's play appears in another column.

J. G. Spicer will lead the praise service at the Y. M. C. A. tomorrow.

James F. Morgan will hold an underwriters' sale of sugar at noon today.

Judge and Mrs. Frear left for the Volcano on the W. G. Hall yesterday.

Rev. E. P. Baker and wife, formerly of Hilo, will leave for the Coast today.

Read the advertisement of the United Carriage Company in another column.

The American-Union Party will meet at the American League hall this evening at 7:30.

It is probable that the Champion will receive orders on the next steamer to proceed to the Arctic.

Two Chinese were fined \$500 each yesterday and sentenced to serve two months in jail on an opium charge.

The band gave a concert at the Hawaiian Hotel last evening in honor of the passengers leaving by the Australia today.

Owing to the short supply the street sprinklers have to get their water from the artesian well at the Executive Building.

The resignation of Dr. Miner from the Board of Health has been accepted, and Dr. Wood has been appointed in his place.

W. J. Coon and J. S. Richardson will, commencing tomorrow, conduct "Haniwai" as a first-class bathing and beach resort.

The steamer Warrimoo will be due on next Tuesday from Vancouver. She will bring late news and a heavy United States mail.

L. J. Levey will conduct an auction sale of the furniture of William Maertens, and not J. F. Morgan, as stated in yesterday's issue of this paper.

H. P. Wood has been appointed Mr. Girvin's successor as Hawaiian Consul at San Diego. Mr. Wood is a son-in-law of Dr. Wight of Kohala, and an old resident of the Islands.

Leo Cooper, the reader, who has spent some time in this city, will leave for home today. He is delighted with Honolulu and may return next year to spend his vacation.

B. C. Atkinson has been appointed Hawaiian Consul at Middleborough, England. This is quite an important post, from which a ship has just cleared for Honolulu.

One of the attractions at the old Legislative hall yesterday was a duet between Dr. Rodgers and Mr. Marsden. Operatic airs floated out on the air, and were greatly enjoyed by those who heard them.

W. H. Aldrich was released yesterday, after being incarcerated thirty days for contempt of Court. He said he had been waiting patiently to be joined by the ADVERTISER'S city editor, but he couldn't afford to stay any longer than was necessary.

Local residents, when away, are always glad to get copies of the ADVERTISER and GAZETTE because they are the best newspapers; but sometimes they do not stop to consider that their friends abroad would be glad to receive copies also. Send a GAZETTE with your letters today.

Public Concert.

The Hawaiian band, under the leadership of Professor Berger, will give a concert this (Saturday), afternoon at 4:30 o'clock, at Emma Square. The following is the programme:

- 1. March—"The Life Guards". Hilde
2. Overture—"Italian in Algiers"
3. Gavotte—"Daisy". Rossini
4. Selection—"Italian Melodies". Brahms
5. Waltz—"Love's Old Sweet Song". Rempezzotti
6. Galop—"Street Cars". Buczalossi
"Hawaii Honolulu". Arndt

The Daily Advertiser, 75 cents a month. Delivered by Carrier.

EVENTS OF THE DAY.

Departure of the S. S. Australia at noon.

Underwriters sale by Jas. F. Morgan at noon.

Sale of real estate by Jas. F. Morgan at noon.

Baseball, Kamehamehas and Hawaii, at 3:30 p. m.

Band concert at Emma Square at 4:30 p. m.

Meeting of the American Union Party at 7:30 p. m.

UNITED CARRIAGE COMPANY,

M. Kels and J. C. Quinn.

290 290 290

To the Public. If you are thinking about shopping, calling or taking in the sights, ring up 290, where you can obtain a first-class carriage with elegant horses and a civil driver, or if you choose to drive yourself, we can accommodate you with stylish Buggies, Phaetons, Surries and Wagonettes. We have for livery horses the finest roadsters in the Republic. Our livery horses come from some of the well-known roadsters, such as the Gray-enge, White-swan, Prince Henry, Abdella, Roanoke, Lady Templeton, Steve-whipper and others; a child can drive any of these horses, but it takes a Kansas cyclone to pass one of them on the road. For further particulars, ring up 290, or call at our stand and office next to E. O. Hall & Son. 3743-26

Election of Officers.

WHARF AND WAVE.

DIAMOND HEAD, July 20, 10 P.M.—Weather clear; wind, fresh north-east.

The Kinau will be in this morning from Hilo and way ports. The Andrew Welch will not get away for San Francisco until next Tuesday.

The schooner W. F. Witzeman, recently at this port, is loading lumber at San Francisco for Australia.

The Norwegian ship Drammen, recently here, has been chartered to load lumber at Puget Sound, for Cork, Ireland.

The schooner Aloha is moored at the Mail wharf awaiting sugar. Captain Dabel has had a long stay in port this trip.

The steamer James Makee arrived from Kapaa and other ports yesterday morning. The cargo consisted of 288 bags of rice.

The barkentine S. N. Castle is loading near the Oceanic wharf. Captain Hubbard does not expect to get away for about five weeks.

The schooner Oceania Vance will load lumber at Eureka, California, for Sydney. It is expected that she will return to Honolulu with coal. The Hawaiian bark Leahi will also load lumber at Eureka for the Colonies.

George Green, a sailor twenty-two years of age employed on the British ship Rahane, now off Saualito, fell from a scaffold while chopping rust from the side of the ship and was drowned. The body was not recovered.—S. F. Examiner.

NEW YORK, July 1.—The United States cruiser San Francisco arrived today from Bluefields. The San Francisco brings many of the relics of the Kearsarge picked up at Cayman reef. Many of the articles were purchased by officers and members of the crew. A hundred dollars was given for a number of rifles and cutlasses. A Gatling gun was secured complete with the exception of the crank bar. The article most prized was the magazine lamp which was on the Kearsarge when she fought the Alabama. A pair of Indian clubs which belonged to the Kearsarge will be presented to the New York Athletic Club. Two tanks of wet powder completed the list of recovered articles.

The ADVERTISER is delivered by carriers to any part of the city for 75 cents a month, in advance. Subscribe now and keep up with the new year. Ring up Telephone No. 33.

CRAMP'S SHIP-YARD.

An Army of Men Employed in Building Battleships.

In the July number of the Century Albert Franklin Matthews describes "The Evolution of a Battleship," mainly with reference to the building of the Indiana, the most formidable engine of war in the world. It is worth while to look about a place that produces such a monster, he says:

The Cramp shipyard has nearly a quarter of a mile of water-front. Along this frontage are ships in various stages of construction, some on the stocks and some in the water, illustrating almost every step in the building of a vessel. Here, near the entrance to the yard, is an acre or more of punching machines, enormous contrivances that, as they close their jaws, with their ungainly teeth bite out holes for rivets in the plates and frames as easily as a farmer's wife takes out the core of an apple. Over there is a steel checkerboard frame into which big pins are set in a curve. Against the pins, stalwart sledge-slingers, half-naked, bend the cherry red frames and plates, as they are slid out of the furnace, into the shapes they must assume for use in the vessels. Here is a great row of blacksmith forges.

Over there is a building where a dozen monster boilers are in construction, and where a travelling crane lifts and moves them as easily as a hotel porter does big trunks. Here are big ship-engines, some set up and some taken down. Here are foundries, where manganese bronze screws are cast, and where brass and iron are fashioned into a thousand forms. Here is the great mold-loft where every line in the ship is laid down, and from which wooden counterparts of the vessel are made before the steel construction begins. Here are the wood-working shops, the gun factory, the great storehouse, and there is the floating derrick that can pick up a 70-ton boiler, move it 300 feet, lift it high in the air, and place it in a ship in thirty minutes with as careful an adjustment as a watch-maker uses in fitting a movement in its place.

And here are 5000 men employed in various capacities—mechanists, woodworkers, molders, and perhaps most noticeable of all, riveters in sets of three, one man to hold a big sledge against the red-hot rivet and two, one right-handed and the other left-handed, to pound it until it becomes a part of the ship. So the work goes on, until after about two years the ship that existed only in specifications becomes a living thing.—S. F. Examiner.

DUNNING SECRETARY HERBERT.

The Navy Department is "Broke" and Cannot Pay Its Bills.

WASHINGTON, July 3.—The United States now acknowledges a debt to the Union Iron Works of \$210,778 and protests that at the present time it cannot pay. On June 22 the Navy Department approved a payment demand for \$96,684 on the battleship Oregon, but the payment has been hung up awaiting the repletion of the appropriation under the title "Increase of the Navy." Today another payment for the same amount on the Oregon was favorably passed on by the Bureau of Construction and Steam Engineering, but it will have to wait for two or three weeks before payment, for the reason mentioned above.

In addition there are approved bills awaiting for extra work on the Oregon to the amount of \$12,707, and for extra work on the Olympia at \$4703. These delays might prove embarrassing to the Union Iron Works if the fact that the applications for them have been approved did not provide a basis for loans to be negotiated by the works. As a result the question of interest on the deferred payments may arise and cause the Government some ultimate expense. If all the payments due on the various ships being built for the Navy under contract had been made up to the end of the fiscal year there would have been a substantial difference in the Government's balance sheet. With money due to the Cramps, the Union Works and other contractors the Navy Department now acknowledges debts of \$1,000,000 which it cannot pay.

Notice to Passengers.

ALL PERSONS INTENDING TO take passage on steamers of the Inter-Island Steam Navigation Company from Honolulu, are hereby requested to purchase tickets at the Wharf Office of the Company before embarking; and any passenger failing to do so, shall be subject to pay 25 per cent. of the regular fare in addition thereto. This rule will be strictly enforced from and after 1st day of August proximo. W. B. GODFREY, President. W. H. McLEAN, Secretary. Honolulu, July 17, 1894. 3740-6W

Shipping.

CANADIAN-AUSTRALIAN Steamship Line.

Steamers of the above line, running in connection with the CANADIAN PACIFIC RAILWAY CO., between Vancouver, B. C. and Sydney, N. S. W., and calling at Victoria B. C., Honolulu and Suva (Fiji).

Are Due at Honolulu

On or about the dates below stated, viz:

From Sydney and Suva, for Victoria and Vancouver, B. C.: S. S. "ARAWA" August 1

S. S. "WARRIMOO" August 2 S. S. "ARAWA" September 1

From Victoria and Vancouver, B. C., for Suva and Sydney: S. S. "WARRIMOO" August 24

S. S. "ARAWA" August 25 S. S. "WARRIMOO" September 24

Through tickets issued from Honolulu to Canada, United States and Europe.

For Freight and Passage and all general information, apply to Theo. H. Davies & Co., L'd. GENERAL AGENTS.

OCEANIC STEAMSHIP CO

Australian Mail Service.

For San Francisco.

The New and Fine A1 Steel Steamship "ALAMEDA"

Of the Oceanic Steamship Company will be due at Honolulu, from Sydney and Auckland, on or about

JULY 26th,

And will leave for the above port with Mails and Passengers on or about that date.

For Sydney & Auckland

The New and Fine A1 Steel Steamship "MONOWAI"

Of the Oceanic Steamship Company will be due at Honolulu, from San Francisco, on or about

AUGUST 2d,

And will have prompt despatch with Mails and Passengers for the above ports.

The undersigned are now prepared to issue THROUGH TICKETS TO ALL POINTS IN THE UNITED STATES.

For further particulars regarding Freight or Passage apply to Wm. G. Irwin & Co., Ltd., GENERAL AGENTS.
