MINISTER THURSTON TALKS.

Probably Now on His Way Across the Big Pond.

THE SUGAR TARIFF AND HAWAII.

Business Prospects in the Islands and the Outlook Good—Developing Coffee Land and Changing the Land Laws of the Hawaiian Islands Beneficially.

WASHINGTON, Oct. 13. — Minister Thurston of Hawaii will leave for Europe on Wednesday, sailing on the steamer Paris, and during his absence Hawaiian matters in Washington will be under the supervision of Charge d'Affaires Hastings.

"There is no limit as to the length of time that I will remain abroad," said Minister Thurston today. "My Government has given me quite a task to perform. It is the desire of the Republic of Hawaii to offset as much as possible Asiatic influences in our islands, caused by the presence of Chinese and Japanese, by encouraging European immigration.

"What we want is to induce families to go to the islands, and settle plantations and cultivate the land. For this purpose I shall go first to London, where I propose to make inquiries as to the status of cheap farm labor, with a view to receiving as many of them as possible as immigrants to Hawaii.

"There are no particular inducements being held out to laborers from the United States to go to Hawaii, because no better wages can be offered than those now prevailing in this country, but I am informed that the scale is far in advance of what is paid in England. Should the English farm laborers not evince a desire to avail themselves of the opportunities which I will throw in their way, it is more than probable that I will continue my journey to Portugal in quest of laborers.

"This labor problem is a very perplexing one to our people and we are willing to resort to almost any measure to root out the Chinese and Japanese now on the islands. Incidentally I have learned, too, that the Royalist Commissioners will be on the Continent the same time I am, but their destination is Germany, I am informed."

"The commercial outlook is prosperous," said Mr. Thurston; "the tariff change in this country is beneficial to us in a great degree. As our sugar is admitted here free of duty, and sugar-raising is our main industry, the new tariff will give the business of the whole islands a great start. The coffee interests are also holding out large inducements for American immigrants, and many of them are coming in. The Government recognizes the immense value of the coffee country, and is putting roads through it. A macadamized road, thirty-one miles long, has just been completed from the port of Hilo to the volcano at a cost of $150,000.

In speaking of the probabilities of new legislation at the coming session of the legislature in December, Thurston said he believed that it would be necessary to pass some general laws, because of the changed condition of the country. He said that the present Government particularly desired to adopt a new land system, extending the present homestead law so that Government land could be divided up in such a way as to give support to the greatest number of people. "The Government is very desirous of encouraging immigration," said Thurston, "and, as you know, a labor commission of five persons has just been established to inquire into the conditions of labor, with a view of getting American and Europeon laborers in Hawaii, instead of Asiatics.

Concert at the Hotel.

The Hawaiian Band will play on the grounds of the hotel this evening. The following is the programme:

PART I.

1. March—"Manhattan Beach"...Sousa
2. Overture—"Esmeralda"....Herman
3. Cornet Solo—"Sea Flower".....Rollinson

LATE NEWS FROM ABROAD.

A Big Battle on the Yalu River is Soon Expected.

OLIVER WENDELL HOLMES DEAD.

The Czar's Illness—A Terrible Explosion at the Panama Military Barracks With Great Loss of Life—France and Madagascar—Pacing Record Lowered.

LONDON, Oct. 17.—A dispatch from Wi Ju says that Japanese scouts have brought in detailed information as to the condition of the Chinese defenses on the Yalu, showing they are weaker than first reports indicated. It is expected that the Japanese will make an attack soon and that a decisive battle will be fought.

The Times tomorrow will publish a dispatch from Tien-tsin dated yesterday, saying that Japanese papers received at that place afford negative evidence that the report circulated three weeks ago of the dispatch of an army corps from Hiroshima for the invasion of China was untrue.

Any such expedition is rendered impossible by the shattered condition of the Japanese fleet. Japan, perhaps, beginning to reflect on the problem of the eventual extrication of her troops from Korea, where they remain on sufferance of the maritime powers, especially Russia, who is sending eleven additional ships, including three ironclads. Russia will have the most formidable fleet ever assembled east of Suez. News from the front is scarce.

WASHINGTON, Oct. 17.—No information having been received at the Japanese Legation confirming the reported capture of Port Arthur is taken to indicate that this report may be incorrect.

A strong force of Chinese is stationed at Port Arthur, and it could hardly be captured without a severe engagement. It is not on the line to Pekin, and the news of the movements thus far of the Japanese forces would indicate a determination to go around Port Arthur rather than waste time in trying to effect its capture.

BERLIN, Oct. 17.—The German cruiser Marc has arrived at Tien tsin.

NEW YORK, Oct. 12.—The Herald has the following from Shanghai: China issuing for peace, through the British Minister at Tokio. She offers to recognize the independence of Korea and to pay a large money indemnity. This proposal emanates from Prince Kung and Li Hung Chang. The British Minister, Mr. O'Connor, is waiting for Japan's reply at Pekin.

Dr. Holmes Dead.

BOSTON, Oct. 7. — Oliver Wendell Holmes, the well-known poet and author, died at his home, 296 Beacon street, at 12:15 p. m. today. Heart failure was the immediate cause of his death, though the doctor has slowly been failing for the past four or five years. An asthmatic difficulty also assisted in the breaking down of the aged "Autocrat."

Ten days ago Dr. Holmes returned to his Boston residence from his summer home at Beverly Farm. Before that time slight symtoms of improvement in his condition were noted, and the removal was thought advisable. It proved, however, very fatiguing, and the doctor did not regain his former condition.

BOSTON, Oct. 10.—A small gathering of loving friends and a few words of impressive import from the lips of his life-long co-worker, Edward Everett Hale, were the simple rites over the body of Dr. Oliver Wendell Holmes at King's Chapel this afternoon. The Bohemian Club of San Francisco, of which Dr. Holmes was an honorary member, sent a large basket of chrysanthemums with maidenhair ferns. Mrs. Julia Ward Howe sent a wreath of pansies and maidenhair ferns; a wreath of palms, violets and orchids bore the name of Fred Stenson, the theatrical manager, while the university class of '87, of Oxford, sent a handsome bunch of lilies of the valley. The services consisted of a few recitations from the Scripture by Dr. Hale and selections by the quartet. There was no eulogy.

The Czar's Illness.

ST. PETERSBURG, Oct. 16.—The Official Messenger this afternoon issued a special edition containing the following bulletin, ordered by Professor Leydon and Drs. Zacchrin, Popoff and Beljaminoff, issued today, after a consultation between the physicians: "The disease of the kidneys shows no improvement. His majesty's strength has diminished. The physicians in attendance hope that the climate of the south coast of Crimea will have a beneficial effect upon the health of the Czar."

OLIVER WENDELL HOLMES.

NEW YORK, Oct. 16.—The Herald's Paris correspondent cables: I have seen the official report on the condition of the Czar's health. He is not suffering from Bright's disease, but from a tumor under the left kidney. A week ago this tumor attacked the kidney over a surface of one square centimeter. The Russian physician, Dr. Zaccharin, thinks, and he has so informed the Czar, that the tumor is of a cancerous character. If this is the case a catastrophe may be expected within the next four months.

Dr. Leydon, the German physician, does not believe the tumor is a cancerous one. He admits that the disease is incurable, but thinks that with care and complete rest for the illustrious patient it may be a long time before it proves fatal. Consultations of all great physicians will be held as soon as the Czar is installed at Corfu. What precedes is absolutely true, and I can positively deny all exaggerations to the contrary in regard to the Czar's condition, whether it be to the better or the worse.

BERLIN, Oct. 17.—A Copenhagen paper publishes a statement that the Czar intends to change the succession and appoint his third son, Grand Duke Michael, heir to the throne, owing to the Czarowitz' political views and to the fact that the illness of his second son, Grand Duke George, precludes his succession.

The Pacing Record Lowered.

CHILLICOTHE (O.), October 4.—The grandstand and grounds on the fourth day of the Driving Park meeting were filled to overflowing—over 10,000 people being present.

The chief feature of the day was the special in which Flying Jib was to go against the world's pacing record of 2:01¼, which was made by Westmont at Chicago ten years ago. Monroe Salisbury, the owner of the pacer, drove out Jib and a running mate attached to a pneumatic sulky, and the famous Californian and his flyer, were greeted with cheers by the immense audience.

After taking a turn around the track, Andy McDowell, the only driver who ever drove a pacer in less than 2 minutes, mounted the seat and took the reins. He got away immediately, and it was apparent to every horseman present that the clip was a

record-breaker if he kept it up. At the quarter the pace was unbroken, and as Jib straightened out for the half his speed was manifestly increasing.

The flagman was not at the quarter-post owing to a misunderstanding, and the judges' watches were pressed, for the first time, at the half, which Flying Jib reached in 0:59 flat. At the three-quarters the great pacer appeared to falter, but here the time was also lost, and if any speed was to be made it was on the stretch. The last half was made in 0:59¼.

When the wonderful pacer darted under the wire, Starter Loper had to ring the bell to quell the riot of the cheering throats. Once it was quiet again, Starter Loper said: "We have witnessed something which no audience in the world has seen before. You have seen the fastest mile ever paced. Flying Jib has beaten Westmont, and made the mile in 1:58¼.

The audience once more broke out in cheers and applauded the pacer as Andy McDowell brought him up in front of the grand stand. He took off his cap and acknowledged the salute.

The time is the more remarkable when the conditions are taken into consideration. All day a strong wind was blowing, and the air was cold and clammy. The wind caught the horse as he came up the back stretch at the large loop, but he forged ahead.

The Panama Canal.

PARIS, Oct. 4.—The first general meeting for the information of a new Panama Canal Company was held this evening, 800 interested persons being present. It was announced that part of the capital of the new company had been deposited as a legal trust fund, and a committee of three was appointed to examine the various reports on a scheme.

The meeting was a noisy one. The turbulence of the meeting was due to the refusal on the part of the chair to permit to be stated how much of the £720,000 said to have been deposited had been subscribed by the public.

Charles Palin, Belgian Consul-General at Bogota, was a passenger on the steamer Panama, which arrived here from Colon. Mr. Palin visited the Panama Canal shortly before he sailed from Colon. He gives an interesting account of the beginning of operations by the new French syndicate.

There was a large number of men at work when he visited the canal, and 2000 more laborers were expected to arrive from France on a specially chartered steamer. Hundreds of tons of machinery which have been rusting away since the discontinuance of work by the old company have been cleaned up and repaired and are now ready for use.

The houses along the banks in which so many of the employes died from fever have also been repaired and put in shape for fresh victims. Two thousand laborers have been gathered from all parts of Europe, chiefly from Italy and Hungary.

Pacific Mail Rumors.

NEW YORK, October 8. — Rumors have been current that the consolidation of the Pacific Mail and the Occidental and Oriental Steamship companies is impending, and that changes in the Pacific Mail directory are to be made. President Huntington declares that he has not heard of such a thing. As to the rumor that George Gould is to be the next president of the Pacific Mail, Mr. Huntington says he does not think Gould is "out for that kind of game," adding, "perhaps he is after the canal."

The French in Madagascar.

PARIS, Oct. 17.—The Estafette says the ultamatum conveyed to Antananarivo by M. Le Myre de Vilers, the French special commissioner to Madagascar, stipulates that the French shall exercise an exclusive protectorate over that country, and there shall be a permanent French garrison stationed at Antananarivo. Eight days were allowed to Madagascar in which to make a reply to the demands.

Terrible Explosion.

PANAMA, October 8.—A dispatch to the Star and Herald from Granada, Nicaragua, says: "A terrible catastrophe has occured here. The military barracks have been blown up and a whole quarter of the city has been badly damaged. The number of dead is estimated at 200. The number of wounded is much greater, but no exact estimate is yet obtainable."

NAVAL BRIGADE DRILL.

A Brilliant Display of Uncle Sam's Sea Forces

VALLEJO, Oct. 16.—The Naval Brigade Drill this morning at the navy yard was a brilliant affair. There were 680 officers and men in the line, which formed on the waterfront between the ferry gate and the ship Marion, the right resting near the gate. At 9 o'clock landing parties were made from the Mohican, Adams, Ranger and Alert in the stream, and from the Philadelphia, Yorktown, Bennington, Independedce and the Marine Barracks.

The Naval Brigade drill had been ordered by Rear-Admiral L. A. Beardslee, Commander-in-Chief of the Pacific Squadron.

Following is the organization of the brigade and the general staff: Chief of Brigade, Commander C. M. Thomas of the Bennington: Brigade Adjutant, Ensign N. L. A. Willard of the Philadelphia; Quartermaster, Engineer H. A. Field of the Yorktown; Commissary, Paymaster M. C. McDonald of the Adams; Ordnance Officer, F. H. Sherman of the Ranger; Passed Assistant Surgeon, L. W. Sprathy of the Alort; Signal Officer, Ensign W. H. Harrison of the Mohican; First Aid, Naval Cadet F. L. Chadwick of the Bennington; Second Aid, Naval Cadet J. S. Steicht of the Bennington.

At 10 o'clock the brigade was formed and marched back of the marine barracks, where a drill was had in the presence of Admiral Beardslee, Lieutenant Fox, Flag Lieutenant, and as many officers from the yard and ships in port as could be spared.

The officers of the brigade were uniformed in service dress, leggings, sword, revolvers and canteens. All looked and marched well and received much praise from Commander-in-Chief Beardslee.

"HAZEL KIRKE" LAST NIGHT.

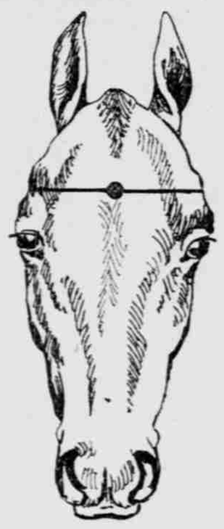
A Capital Rendition That Was Warmly Received.

The audience at the Opera House last evening was an exceedingly large and select one. In fact, it is becoming the proper thing to do homage to talent, and the leading social lights of the city are rendering unstinted support to a hard-working, clever organization. "Hazel Kirke" is one of the standard dramas which abounds in pure sentiment and light comedy that is refreshing and holds the interest of the audience throughout. Miss Dalgleish was seen to excellent advantage in the title role and made many new admirers. Al. H. Hallett added laurels as Danstun Kirke, and won hearty applause. Louis Belmour's Pitticus Green was a neat bit of light comedy portrayal, and at times had the audience in a vortex of laughter. Mortimer Snow was required to do but little as Lord Travor but be conscientious. Kitty Belmour's double was artistically handled in both instances. The balance of the cast was evenly placed, and the play passed off very smoothly. The first act setting with its vine-covered cottage and hedge was very pretty. On Saturday evening, "Caprice," or "Only a Country Girl," with local topical hits, solos, duets, and songs and dances will be given.

HOW TO KILL A HORSE.

Holbrook's Way of Doing it Scientifically.

The Society for the Prevention of Cruelty to Animals has issued a card showing how horses may be killed scientifically. The information is especially for policemen, who are ordinarily called upon to dispose of sick or suffering animals. That the information is greatly needed, both by policemen and citizens generally, was made noticeable



FIRE AT THE SPOT IN THE HEAD SHOWN IN THE DRAWING.

yesterday by an incident which was called to the attention of Secretary Holbrook.

A truck horse belonging to John Morton broke one of its legs at the corner of Eddy and Taylor streets early in the morning. It was allowed to remain there suffering for many hours because no one could be found who would shoot it or who knew how to put it out its misery. Morton tried to find a policeman who could kill the animal, but his search was in vain. Finally he went to the office of the society mentioned, and Mr. Holbrook himself went to the corner where the horse was lying and shot it. The animal died without a tremor.

To shoot a horse so as to kill it instantly it is only necessary to aim so that the bullet will enter the brain by passing through a spot in the middle of the forehead above the eyes. The card issued by the society bears a drawing of a horse's head, showing the exact spot.—[S. F. Chronicle.

"THIS DON'T INCLUDE US."

At Least That Is What Manager Dailey Says.

The following is an extract from the San Francisco Music and Drama, and very thoroughly covers several articles previously published by the ADVERTISER:

"A funny theory is advanced by a Western paper that a poor theatrical company benefits a town more than a good one. The ground taken is the fact that while a poor attraction brings money into town, pays rent, board-bills, bill-posters and other expenses, it takes none away. At first glance this looks plausible, even if it is a poor way for a town to make money; but it is not founded in fact. The truth is, that an attraction, however poor, would have to do a wretched business, indeed, not to be able to pay board-bills and other expenses for itself. The shortage, if any, would be sure to come out of the town in some way, and if the receipts and expenditures broke even the town would benefit only on the principle that robbing Peter to pay Paul keeps money in active circulation. When a community gets into the idea that all its money must remain within its own hands the rut is one that will hold it out of the highway of progress. A prosperous company leaves a larger percentage of its profits in the town than the enterprising Eastern firms permit local merchants to retain in these days of competition and cut rates, and it is a safe bet that a good theatrical town is thriving commercially. Dead show-towns are dead in every other sense, and it is a notable fact that when they do break the rule by patronizing an entertainment it is, in nine cases out of ten, one that has no claim whatever to such consideration. The fact is, the public of such towns are the poorest judges of theatrical entertainments and generally have no appreciation of the drama when it is brought into competition with a circus or a minstrel company. First-class amusement of any kind benefits any town, directly or indirectly, to the full extent of the money taken out of it."

Honolulu is metropolitan in all other ideas and will prove metropolitan in this.

In the Circuit Court of the First Circuit, Republic of Hawaii.

ESTATE OF F. S. PRATT, DECEASED

Notice of Sale of Real Estate.

PURSUANT TO AN ORDER MADE and entered on the 10th day of September, 1894, as amended by an order made and entered on the 9th day of October, 1894, in the above-named Court, in the matter of the said Estate, the undersigned, as Commissioner, will sell at public auction, to the highest bidder the premises at Waikiki, Honolulu, Oahu, described in deeds from E. H. Allen and H. Giles to said F. S. Pratt, recorded respectively in Liber 37, pages 222 and 223, and Liber 54, pages 294 and 295, Hawaiian Registry of Deeds. The property will be offered in three lots, as sub-divided by M. D. Monsarrat, surveyor, viz:

Lot A—90 feet sea frontage, 101 feet mauka frontage, average depth 385 feet, more or less, area 84-100 acre, containing one small cottage; upset price $3,000.

Lot B—131 feet sea frontage, 135 feet mauka frontage, average depth 383 feet, more or less, area 1 16-100 acres, containing dwelling house; upset price $6,000.

Lot C—177 feet sea frontage, 139 feet mauka frontage, average depth 385 feet, more or less, area 1 28-100 acres, containing stable and outhouses; upset price $6,000.

The sale will be held at the front door of the Judiciary Building, in Honolulu, at noon on TUESDAY, the 30th day of October, 1894. Terms Casb in U.S. Gold Coin. Sale subject to confirmation by said Circuit Court. Deeds at expense of purchasers.

For plan of lots and further information, apply to the undersigned, at the Judiciary Building, Honolulu.

HENRY SMITH,
Commissioner.

Lillie May Bentley

Born a Genius

Disease Threatens to Cut Short a Noble Career

But Hood's Sarsaparilla Restores Good Health.

Lillie May Bentley is an accomplished elocutionist and natural born speaker of only 12 years of age. She is the only child temperance lecturer before the public. Her genius, however, did not exempt her from an attack of a disease of the blood. Her own words best tell the story: "C. I. Hood & Co., Lowell, Mass.:

"I heartily join with the many thousands that are recommending Hood's Sarsaparilla. I had been troubled from infancy with gatherings in the head. I was compelled to leave school upon the doctor's advice. He thought it was the only thing to save my life, but I

Continued to Grow Worse.

I was persuaded finally by a friend to try Hood's Sarsaparilla. The use of one bottle acted effectively upon the blood and I began to improve. After the use of three bottles the gathering ceased and I am cured of my former trouble. I owe my life and will always remain a true friend to Hood's Sarsaparilla." National Cane Shredder

(PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS)

Mr. John A. Scott, Manager of the Hilo Sugar Company gives the following wonderful record of the working of the NATIONAL CANE SHREDDER, which was erected by their works at the commencement of the crop just harvested:

"During the past week the Hilo Sugar Company's mill exceeded any of its former records by closing the 125 hours grinding with an output of 300¾ tons. This is fully 10 per cent. more than the best work of former years.

"The three roller mill being 26 in. by 54 in. and the two roller mill 30 in. by 60 in. The first mill doing this amount of work in an efficient manner and with great ease, compared with work on whole cane, owing to thorough preparation of the cane by the National Cane Shredder, recently erected by the Company. And by its use the extraction has been increased from 3 per cent. to 5 per cent. on all kinds of cane, and in some cases 80 per cent. has been reached; the average being 75 to 78 per cent., according to quality.

"I continue to find the megass from shredded cane better fuel than from whole cane.

"The shredder has been working day and night for seven months and has given me entire satisfaction, having shredded during that time about seventy thousand tons of cane, and a large part of it being hard ratoons.

"The shredder and engine require very little care or attention."

☞ Plans and specifications of these shredders may be seen at the office of

Of Interest to Sugar Mill Owners

Managers and Agents of Plantations, and to Everybody Using Machinery.

The undersigned begs to inform the public that he has opened an establishment at the corner of QUEEN and NUUANU sts, HONOLULU, where will be kept in stock a full supply of Engineer's Findings; Steam and Water Pipe and Fittings; Brasswork, Finished and Rough; Hooker's Steam and Double Acting Pumps; Deep Well Pumps; Windmill Pumps; Hand Power Pumps of various designs.

Being sole agent and representative of the firm of W. T. GARRATT & Co., of San Francisco, who are manufacturers of this line of goods, I am enabled to sell at prices never before quoted in this market, saving my customers the wholesale and jobbers profits.

Agent for the Hawaiian Islands of the Richard's Lock Nut, which is an ordinary hexagon nut constructed so that it is impossible for the nut to become loose or slack, and fall off the bolt. It costs no more than the ordinary cold pressed iron nut and dispenses with the use of the lock washers, keys and split pins. This nut is now exclusively used on all the principal railroads and street cars lines in the United States. Samples and pamphlets furnished on application to the undersigned.

Agent for the Siphon Water Elevator, which is automatic, for irrigation, city supply, farms, etc. This invention as its name indicates is based upon the principle of the siphon known to the Ancients but it is devised in such a manner as to greatly enlarge the field of application. Used until today only for the drawing off of liquids to a lower level, the siphon now becomes an Automatic Water Elevator, which under favorable conditions is endowed with great powers. In many instances, land situated higher than the irrigation ditch can be irrigated at a nominal expense. The Siphon Elevator is especially adapted for such conditions, as it can elevate the water from the main irrigation ditch to a higher one, while the waste is available for irrigating the lower levels. The siphon elevators are made of brass and iron in sizes ranging in capacity of from two hundred to three million gallons per day.

☞ Estimates and plans furnished for new machinery and repairs.

C. R. MCVEIGH,
Consulting Engineer.

Office and warehouse cor. Queen and Nuuanu sts., Honolulu.
P. O. Box 457. Mutual Tel. 578.

When

A man strikes a red pepper in his soup he receives an impression, and impressions are lasting. How can we impress it upon you that it is really your duty to trade with us, that our prices and service are better than elsewhere? Perhaps we can impress you in this way: Money talks, talks cents too. It persuades the stubborn and convinces the skeptic. We know of no such pleader as a LOW PRICE and we have tried to make its voice heard in every nook and corner of our store. It would only tire you if we gave you a list of the many different articles we have just received per "Senta" from England, "Amy Turner" from New York, and the "Rithet" and "Australia" from San Francisco, but we have the goods, and if you call on us you will get an impression or two. First, they are FIRST-CLASS and second, that our prices are LOW.

For that tired feeling—not Hood's Sarsaparilla, but more exercise—a gun, a rifle, or a boat if you take it out of doors, or dumbbells, chest weights, etc., if indoors. Our shot guns range from $12 to $65 in price, but we find the $35 gun gives just about the right amount of exercise for this climate—that is we judge so from the way they sell. After using one of our Winchester Military Rifles till you can get inside an 8-inch bull's eye, 8 out of 10 shots, you will find not only is the tired feeling gone, but you have learned to be cool and careful—things that will serve you well in other ways than rifle shooting.

Have you heard of the story of the Irishman? He bought apples for one cent and sold them for two and said he made one per cent. profit. We do not commit business suicide by trying to make the Irishman's one per cent.

If you prefer boating and yachting to shooting, you will find we have most of the material needed to either build a yacht or boat or keep it in repair when built, and you do not have to buy any more than you need, as we have everything handy to retail as well as wholesale.

BETTER fence wire is now made than ever before and as POOR fence wire is now made as ever has been before. The BEST can be had right here in Honolulu, and—yes—the WORST. We sell the GOOD KIND.

Wait for our remarks about barbed wire. We have plenty now, but will soon have a lot of the best in the world and it will pay you to wait for it.

THE COUNCILS OF THE REPUBLIC

Mr. W. F. Allen has Been Elected Chairman.

Several Members Resign in Order to be Eligible for Senatorial Honors.

The Councils met yesterday afternoon, with Chairman Wilder presiding. There were present Ministers Hatch, King, Damon and Smith, and Councillors Ena, McCandless, Waterhouse, Allen, Tenney, Bolte, Mendonca, Nott and Young.

After the reading of the minutes of the last meeting, Minister Damon presented the weekly finance statement, which was received and placed on file.

Mr. Emmeluth registered a strong kick about the scarcity of water on Punchbowl.

Mr. Ena said he had also been approached on the subject.

The Attorney-General presented a letter from Councillor Brown, resigning his position in the Council.

The Secretary read the resignation of W. C. Wilder from the Councils.

Mr. McCandless said he was in the same boat, and tendered his resignation.

Mr. Tenney moved the resignations be accepted, including that of Mr. Waterhouse, made last week.

Carried.

The Attorney-General said that Mr. Wilder's resignation involved a vacancy of the chair, and that a new chairman should be elected.

Mr. Tenney nominated Mr. Ena.

Mr. Ena thought Mr. Allen should receive the appointment to the chair.

Mr. Tenney withdrew his motion, and Mr. Allen was declared unanimously elected.

Minister Hatch moved to adjourn, subject to the call of the chair.

Mr. Emmeluth said that, in view of the fact that the Councils will not meet in the future, that it was the province of the Government to declare itself once more on the subject of annexation.

Minister Hatch said the policy of this Government could be expressed in one word—annexation! During the long time which these Councils have been in session, there has been no split on that point, and there has been no doubt in the minds of the Executive of the wisdom of this measure, nor of its ultimate success. He was glad to make this statement, especially for the press. There seemed to be some doubt as to where to find the press, but there was no doubt as to where the press could find them.

Minister Damon said that several times since this Government had been established, when it was necessary to choose between two courses. The question of a monarchy is, of course, dead. There are many who are satisfied with the Republic, although they certainly do not oppose annexation. If we wait for the United States to give us annexation, we will have to wait a long time, perhaps. What is done, we must do ourselves. Looking at the matter in its most practical bearing, he believed we should never cease making a strong and active move in the direction of annexation. The logic of events has now been forced, even upon our enemies, who are now convinced of the necessity of annexation. It is the only sound thing politically and from a practical point of view.

Minister Smith said there would probably not be another regular meeting of the councils before the legislature. During the existence of these councils, their position has been peculiar, and their duties arduous. It is a matter of congratulation to think how well the work has been done. There has been no ambiguity as to the purpose of the Government. This has been and still is annexation. It is necessary for the welfare of us all that we should have closer union with the United States. That was one reason of the revolution. The gentlemen who are now retiring do so because they are to take part in the future government of this country in the legislature.

Chairman Wilder said: "I wish to say a word before this council parts. It is a pleasure to me to hear the opinions just expressed, though I do not think it has been doubted. As to myself, from the start it has been my hope to bring about annexation, and one reason of my accepting the nomination as senator is that I think I can do more toward annexation there than on the outside. I thank you, gentlemen, for the courtesy you have shown me while I have been chairman."

Mr. McCandless—"I wish to thank the executive, as one of the rank and file, for the statements they have made today. It strengthens their supporters, and they will find that so long as those are their sentiments, they will be supported by ballots or bullets."

The councils then adjourned, subject to the call of the chair.

Marshal's Sale.

BY VIRTUE OF A WRIT OF EXECUTION, issued out of the District Court, on the 9th day of October, A. D. 1894, against Kin Loy, defendant, in favor of E. M. Nakuina, plaintiff, for the sum of $115.13, I have levied upon and shall expose for sale at the Police Station, in the District of Honolulu, Island of Oahu, at 12 o'clock of SATURDAY, the 17th day of November, A. D. 1894, to the highest bidder, all the right, title and interest of the said Kin Loy, defendant, in and to the following property, unless said judgment, interests, cost, and my expenses be previously paid.

List of property for sale:

16 empty Poi Barrels (more or less), 5 Benches, 2 Tables, 2 Poi Boards, 5 Poi Pounders (stones), 1 small Clock and 1 large Taro-cooking Apparatus.

AMERICAN UNION PARTY

REGULAR NOMINEES

FOR THE SENATE:

BROWN, CECIL.
McCANDLESS, JOHN A.
SCHMIDT, H. W.
WATERHOUSE, HENRY.
WILDER, WM. C.
WRIGHT, JOHN N.

REPRESENTATIVES—Fourth District:

CARTER, CHAS. L.
NAONE, D. L.
WINSTON, E. C.

REPRESENTATIVES—Fifth District:

CLUNEY, J. C.
DAVIS, JAMES,
HALUALANI, L. K.

PLATFORM:

TO THE VOTERS OF THE REPUBLIC OF HAWAII:

We, the delegates of the American Union Party of the Island of Oahu, Republic of Hawaii, in convention assembled this 13th day of October, 1894, announce and declare these to be our principles and this the platform of our party:

1. We declare unequivocally that the foremost mission of the American Union Party shall continue to be unreserved effort to secure the political union of Hawaii with the United States of America.

2. We cordially commend the efficient, courageous and honorable conduct of public affairs by the officers of the Provisional Government and Republic of Hawaii.

3. We are proud of our party's policy of internal improvements and development, and in witness point to the inauguration of extensive public works, to practical projects of similar nature, and to plans of settlement for open lands.

4. We oppose the employment of prison labor in any mechanical pursuit.

5. We are opposed to the employment of Asiatics upon any public work.

6. We declare against the importation of labor or material of any kind whatever by the Government.

7. We recommend that the Government at once secure absolute ownership of all waterfront lands in every harbor throughout the group where the possession of such lands by other parties is detrimental to necessary wharfage facilities.

8. We favor a revision of the tax system, whereby all property, improved or unimproved, shall be taxed on an equal basis, and recommend a consideration of the graduated tax system.

9. We favor such legislation as will promote the occupancy of all public lands by small holders and foster the development of varied industrious, believing it to be of vital importance that "many acres should be for many men." We ask that Hawaiians have the opportunity to secure homesteads upon more favorable terms than granted to others.

10. We are in hearty sympathy with the spirit which actuated the Government in its dispatch of a commissioner to search for European labor for the industries of the Islands; as a further earnest of the intent of the dominant party in these premises we refer to the creation of the Labor Commission by the Councils of the Republic.

11. We pledge all the power and influence this party may possess to aggressive endeavor to bring about at once the restriction of Asiatic immigration. In this connection we again point to the menace of Asiatic encroachment, and demand legislative protection from these people for Hawaiian, American and European mechanics and tradesmen.

12. We urge the enactment at once of a law that will cause the Asiatics brought to these Islands for plantation labor to continue in that service, or return to their homes.

13. We demand such a revision of the Tariff as will prohibit competition with American products and manufactures, protection to which America is justly entitled by virtue of the treaty of Reciprocity, and which we deem necessary to insure the existence of our Merchants, who are rapidly being superseded by an element having nothing in common with the principles lying at the foundation of our institutions.

14. We urge the Government to secure for the Islands cable communication; that no exclusive franchise be granted; and that no agreement or contract be made which does not meet with the unqualified approval of the United States.

15. We ask that there be continued effort in the direct on of extending and improving the system of free schools.

16. We declare our opposition to Monopolies and Trusts of any kind

17. We declare full allegiance to the Republic of Hawaii, citing its Constitution and the present peaceful condition of the country as the work of the Amerіacn Union Party. 3820-tf

FRIDAY, : OCTOBER 26, 1894.

ADVERTISER, Oct. 25.

The views of the ADVERTISER, on the question of annexation, are these:

It believes in the Republic, unreservedly, because it is the good successor to the bad government of the monarchy, and, through it and by it, law and order may be preserved and justice administered.

2. It believes in the close, political union of these islands with the United States. It believes that it is for the best interests of the people here, that the sentiment of political union should be strong, united and active; that the Government is in thorough accord with this sentiment; and that any denunciation of those supporters of the Republic who are not, at present, in harmony with this sentiment is injudicious, impolitic, and extremely dangerous under the present circumstances, and tends to prevent harmony.

3. It believes that the question of that union will be determined by the people of the United States, acting through Congress, and not by a small body of politicians in this city, however intelligent they may be.

4. It believes that the views and opinions of the friends of annexation in the United States, are of much greater importance in securing that union, than the opinions of our estimable, but local, politicians. It also believes that the Government of the United States will act with little sentiment in the matter, and will simply consult its own interests.

5. It believes that a large number of people of the United States favor annexation on military, naval and commercial grounds; and it also knows that a very large number of those people who are friendly to the Republic, hesitate to favor annexation, owing to the mixed and unstable character of the inhabitants of the islands.

6. It knows that the present Government in Washington, its friends, and many powerful journals, believed that the revolution here was made not in the interests of good government, but was a vital part of a conspiracy, to secure annexation; a belief which will be confirmed in their minds by the deliberate statement of an annexationist journal, here, that no one "could hold the Republic together for twenty-four hours, without the cement of the political idea of annexation, and that "the Republic and annexation are inseparable."

7. It knows that a powerful Trust, which is a dominant power in American politics, is opposed to annexation, and that its far-reaching influence is better known to the friends of annexation in Washington, than it is known to any body of men here, outside of the Government. It intends to forewarn its readers regarding this danger.

8. It believes that events are slowly, but surely, working in the interests of political union, and that, until the time arrives, when the American Government indicates its desire for union, the supporters of the Republic will further the "cause," by maintaining good government, rather than by foolishly proclaiming to the world that the Republic is a weak and sickly infant, and only lives on the milk of an annexation bottle. Good governments are not made of such stuff.

9. It has an abiding faith in the sturdy purpose and back bone of those, here, who have large interests, domestic and financial, and it believes that they have sand enough to stand by the Republic, even though annexation fails.

10. It believes that those who have enlisted for the cause, should enlist for "three years or the war."

11. The ADVERTISER believes in getting at, and stating the truth in these matters, especially the American aspect of the case, and in fully presenting to its readers all of the many phases of a serious and perplexing question, so that each one may calmly and judiciously conclude for himself, what the course of events will be, and, therefore, be prepared for any result. It will take this course in preference to one which consists in a blind enthusiasm that ignores, and quarrels with facts; a course which was generally pursued here, previous to the passage of the McKinley bill, and which brought danger and disaster to great interests here.

The present editor of the ADVERTISER has, for ten years past in the United States, advocated the cause of political union, at some cost to himself, and without a dollar's interest in these islands, and for private reasons only. He has said, and will repeat it, that while the Government here is doing for the cause, all it is able to do, there is a shameful and even ludicrous neglect, by the friends of political union here, of the means of putting their case properly before the American people.

Star, Oct. 25.

The Bulletin of last night is out with a quasi-attack upon the ADVERTISER for turning traitor to the annexation cause. While the Bulletin is doubtless right in the "size-up" it has made of the ADVERTISER, our afternoon contemporary must remember that it labors under the disadvantage of being a recent political deserter from the royalist cause, and, consequently, hardly a competent critic of those more recent traitors to the cause of annexation. There seems to be an element of vacillation among the weaker de'enders on both sides, who are seeking local stability at the sacrifice of principle. The ADVERTISER has this morning virtually put itself on record as opposed to annexation, pure and simple. Yesterday afternoon the Bulletin placed itself on record against treachery to the Republic and annexation almost before the cries of disapproval against its recent course had died upon royalist lips.

Being in both financial and political straits the Bulletin's desertion of alleged principles, which it valiantly defended for two years against the Republic, can be treated slightly or overlooked, as the personal friends of the editor may see fit. Representing a personality rather than a principle, the eccentricities of the Bulletin may be condoned, even if they can not be approved. In the case of the ADVERTISER, however, no such pardon can be extended. The Bulletin has deserted a lost for a winning cause, while the ADVERTISER coolly proposes to desert a winning cause for some half-hinted-at, but undefined compromise, with evident reactionary tendencies.

The question of the hour is a square issue between annexation or no annexation. Every man and newspaper who is not openly and persistently in favor of the Republic with annexation, without reservation, must be deemed against it. Upon this crucial point the Government and the American Union Party stand hand in hand. They will remain steadfast to the trust in spite of the evasions of the old lady of the ADVERTISER and the kid corporation behind her.

The position of the ADVERTISER this morning is that "it believes in the Republic, unreservedly and in annexation reservedly." It believes in closer political union of these islands with the United States, after the interpolation of half a dozen "ifs." It believes that the interests and desires of Hawaii will cut no figure in the determination of the question in the United States, which is very much like a railroad engine determining to run without steam. It believes the United States will act without sentiment in the matter, and will ignore the rights and demands of the American colony of Hawaii. It believes in the usual white Kanaka opinion that a compromise may be offered somehow and to somebody and seems to be perfectly willing to forget that the Republic and annexationists have drawn a political death line beyond which even the ADVERTISER will not be allowed to go with impunity.

In view of the stand taken by our morning contemporary, the innuendos thrown out, the reflections made upon the cause of annexation in the past and more lately in view of the outline laid down in this morning's paper, evasive of the present and suggestive of the future, it is the plain duty of the Star to call a further halt. Those who are not for annexation are against it; and this journal demands that the ADVERTISER give the public a straightforward answer without any "ifs" or "ands." If the editor of that paper and the men back of it are for annexation, let them so say; it will take but a word which the public will not and cannot misunderstand, *if it is said without reservation*. If the ADVERTISER is not willing to do this, it should come out fairly against its former companions in arms. *or change editors.*

THE STAR AND BULLETIN.

The Bulletin, late royalist paper, has thrown its rather soiled royalist clothing into a ditch, and now appears in a new suit, which has, like many ready-made suits, some figures pinned on it, which indicate the price of the purchase, but they are not very intelligible. It has now put on a pair of Republican boots, which are new, and squeak and pinch badly, and it has to remove them constantly, in order to treat its royalistic corns, which give it rather a limping motion. In the meantime, while it is trying to pick up some convictions, it has cordially joined the Star in making it "hot" for the ADVERTISER.

These mental and spiritual twins are rather frantic over the ADVERTISER'S views, and both have called a "halt" on it.

Like the famous Siamese twins, Chang and Ing, they are together for better or worse. Chang didn't drink, but Ing did; so when Ing got full, he filled up Chang in spite of himself. So the Chang-Star and the Ing-Bulletin, whenever the ADVERTISER is in sight, equalize the alcohol of abuse between them, and merrily keep unsteady steps to the same music. The ADVERTISER'S office cat is rather puzzled over this new manifestation, in our politics, but is quite equal to any feeble emergency which they may create.

At the same time Chang and Ing, owing to other political differences, are frequently and furiously calling "halts" on each other, and this prevents progress, and, besides, confuses the cat.

WE cannot see any reason why H. Klemme should receive the support of any voters of the Fourth District. He is not a "business" man, or a mechanic, nor has he rendered such service to the Government that entitles him to any consideration. He is not the nominee of any known and open political organization. Besides, the candidates of the American Union Party are just what we desire.

Timely Topics

October 16, 1894.

Unless independent candidates bob up before elections the men nominated Saturday night will be elected on a "heads I win tails you lose" principle. The fact that there is no opposition, no second or third party in the field for political honors takes away from the election any of the deep interest shown by the people of San Francisco whose municipal and even state politics are in the hands of Burns and Buckley.

In Honolulu as in every other locality there is more or less desire for having ice in a convenient locality at night and it is not always a pleasant task to get to the refrigerator which is usually kept some distance from the bedroom. A company in New York is manufacturing a metallic arrangement suitable for holding ice, bottles, etc., and ornamented so as to make a handy piece of furniture for a room, Any one familiar with night thirsts will appreciate the value of a thing like this. The mother of very young children will appreciate it because it obviates the necessity of going around at night in her bare feet and stepping on rubber balls, etc., and getting severe shocks in consequence.

The Wertheim Triplex Sewing Machine leads the world. Comparing it with any other make of sewing machines is like comparing a cheap grade of clarets with Wetmore's "Cresta Blanca" brands; like comparing the sunlight to one of our lamps with a Bradley or Hubbard burner. The Wertheim is the machine for the people; every part of it is as well finished as a piano, the tables are of carefully selected wood and polished, not varnished. The mechanism is simple and not easy to get out of order. The arrangement of the shuttle and for threading the needle is such that a child can handle it as easy as a grown person. It sews three distinct stitches, chain, lock and combined lock and chain by the simple turning of a thumb screw. The tables have the drop leaf and six drawers and you can get the whole business for less than you pay for a sewing machine with only one stitch.

Physicians have stated that unless the drinking water in the Hawaiian Islands is properly filtered there is danger of malarial fever. The mere boiling of the water is not sufficient because while the snakes, bugs, etc., are killed by the boiling they remain in the water and pass into the stomach. There is but one really effective way of removing such things and that is by using the Improved Stone Filter. The "S. G. Wilder" which arrived on Monday brought us a large invoice of these goods in various sizes and we are prepared to offer them at very reasonable prices. If you care for your health and that of your family invest a few dollars in a filter.

A KING GOES A WOOING.

The Ruler of all the Tongas Favors Princess Kaiulani.

VANCOUVER (B. C.,) Oct. 14.—The steamer Arawa brings these advices:

During a late session of the Tonga Parliament a meeting of the chiefs was held to discuss the important question of choosing a wife for the King. Four names were submitted to his Majesty.

The first is princess Kaiulani, niece of the late king of Hawaii, and a niece of the lately disposed queen.

The second is the daughter of Malietoa, King of Samoa.

The third is a daughter of Latie Timote, the leading chief of Fiji.

The fourth is a daughter of Maatu, a high Tongan chief, lately deceased.

It is stated that the King has been pleased to accept the suggestion and that a proposal of marriage will be sent to princess Kaiulani, who is in England completing her studies.

The supporters of the late Maori King, Tawhaio, have elected his son Mahuta as successor.

The Wilders Entertained.

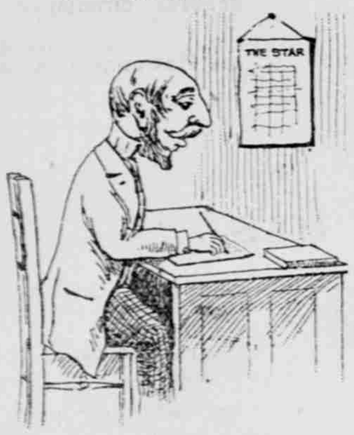
A charming dinner, complimentary to Mr. and Mrs. Gerret P. Wilder, of Honolulu, was given last evening by Colonel and Mrs. Charles H. Blinn at their residence, 1527 Post street, says the San Francisco Bulletin of October 12th. Covers were laid for twelve. The table decorations were old gold chrysanthemums. Those present to meet Mr. and Mrs. Wilder were Miss Jessie Robson, Miss Mabel Love, Mrs. Hester Harland, Richard M. Hotaling, A. J. Campbell, of Honolulu, Holbrook Blinn, Chester B. Fernald, of Washington, and Colonel and Mrs. H. Blinn. After two hours pleasantly spent at the table, the party adjourned to the parlors and were entertained musically, vocal and instrumental music being interpreted by Mr. Love and Mr. Hotaling, whose lyric tenor voice was heard to great advantage. Holbrook Blinn and Mr. Hotaling gave some laughable imitations, and conversation filled in the hours till late in the evening.

Widemann in Washington.

WASHINGTON, Oct. 4.—Henry A. Widemann of Honolulu is in the city. He is an ex-member of Queen Liliuokalani's Cabinet and came here as one of the delegates, or royal commission, after the queen's overthrow, to protest against the recognition of the Republic. He denies that his present business has any political significance whatever, and claims that he is here on private matters. He does not think that the ex-queen will make any effort to secure damages from the United States Government because of the revolution.

Matched at Last.

NEW YORK, Oct. 11.—Corbett and Fitzsimmons were matched this morning to fight to a finish at the Florida Athletic Club, Jacksonville, Fla., for a purse of $41,000 and $10,000 a side any time after July 1, 1895. It will probably take place in the fall of next year and the date is left to the choice of the club.



The Editor of the Star, in the act of composing those words, so full of aid and comfort to the enemies of annexation, in the United States. "Neither Mr. Magoon, nor the very few who agree with him, could hold a republic together for twenty-four hours without the cement of the political idea of annexation."

The Editor of the Star, as he appeared on the streets, looking for some Benedict Arnold that he could wipe off the face of the earth. Our compliments to the author of "Bab-ballads."

Ladies' Column.

That there is considerable interest being taken in our proposed Volcano trip is quite evident from the various questions asked us. As we have said before we would like to send you all at our expense, but our Quick Sales and Small Profit system of doing business does not leave us margin enough for that, so we have been to to see Mr. Chase, the General Passenger Agent at his office, Williams' Art Rooms, and made this arrangement with him, viz: That to any person forming a *club* of not less than ten people, (holding one or more of our Sales Tickets) he will issue a round trip ticket to the Volcano at a Reduced Rate. You can go whenever you please, but must all go together. He further says that any one wishing to join the party can do so independently of the Club if they have one of our cheeks. To those who wish to make the Volcano trip, now is the time to take advantage of the reduced rate.

We have so many new things to talk about this week, it's hard to know where to begin, but we must call your attention to the fine line of Ladies' Underwear just received.

CHEMISES, DRAWERS, and NIGHT GOWNS of latest patterns in all grades. We also call especial attention to some new designs of Ladies' Shirt Waists just received. New goods are being opened daily. Do you want to go to the Volcano? If so *save* your Quick Sales and Small Profit tickets.

SEPTEMBER TERM, 1894.

JAMES B. CASTLE, COLLECTOR-GENERAL OF CUSTOMS, vs. 200 CASKS OF SHOYU AND OTHER GOODS ALLEGED TO BE THE PROPERTY OF S. OZAKI.

BEFORE JUDD, C.J.; BICKERTON AND FREAR, JJ.

APPEAL FROM THE CIRCUIT COURT OF THE FIRST CIRCUIT.

An allegation of a seizure of goods by the Collector-General for the purpose of confiscation is sufficient to give the Admiralty Court jurisdiction over the goods, without a further averment that the goods are still in his possession, and without a further seizure by the Marshal, under Sec. 667, Comp. Laws.

OPINION OF THE COURT BY BICKERTON, J.

The libel and complaint in this case alleges: First, that the steamship Gaelic arrived at the port of Honolulu from Yokohama, a port in Japan, having on board foreign merchandise, including the goods and merchandise mentioned in the exhibit attached, which were invoiced to S. Ozaki, of said Honolulu.

"Second. That on, to wit, the 15th day of May, A. D. 1894, the said goods were entered at the Custom House in said Honolulu, by said S. Ozaki, as and for a total value of, to wit, One Thousand and Ninety-one and 83-100 Dollars ($1,091.83), whereas in truth and in fact the said goods then and there were of the value of, to wit, Three Thousand Six Hundred and Sixty-four and 28-100 Dollars ($3,664.28), as this libellant is informed by competent appraisers, and so believes."

"Third. That the invoice of said goods, as libellant is likewise informed and believes, was a false and fraudulent invoice in respect of the value of said goods, and in such false and fraudulent condition, was by the said S. Ozaki, passed through the said Custom House."

"Fourth. That said goods thereupon became liable to seizure and confiscation, and that this libellant has seized the same for said purpose."

"Fifth. That all and singular the matters herein stated are true, and within the jurisdiction of this Honorable Court." And prays for process against the said goods, and that said Ozaki and all other persons claiming any interest therein may be summoned to appear to answer the libel; and that said goods may be declared forfeited and confiscated to the Hawaiian Government and be sold as required by law and for such other relief or order as may be just.

The order for process as prayed for was made; and return of service made on the summons August 14, 1894. On the 31st of the same month, said S. Ozaki filed a plea to the jurisdiction wherein he submits and says, "that it does not appear from said complaint or libel that this Court has any jurisdiction to hear and determine this cause, for the reason that it does not appear from and by said complaint or libel that the goods therein alleged to have been falsely and fraudulently entered and passed through the custom house at Honolulu, or any of the same, are now, or were at the time of the filing of said complaint or libel, in the custody of said Collector-General, or elsewhere within the territorial jurisdiction, or within the custody or control of this Court, or of any of its officers. Wherefore this appearer submits and prays that said complaint or libel may be dismissed, with costs to this appearer."

After argument by counsel on both sides the libel was dismissed, and the Attorney-General, on behalf of said libellant, appealed from the said order dismissing the libel to this Court.

The only question now before this Court for consideration is: Are the allegations in the libel sufficient to bring the matter within the jurisdiction of the Admiralty Court? We are of the opinion that they are.

It is contended by respondent's counsel, "that it is essential to the jurisdiction of the Court that the *res* should be in the custody and under the control of the Court. Such custody may be either actual or constructive, but it must exist, and should be alleged in the libel or otherwise be made to appear as existing." This, in the main, is our understanding of the law, and is undoubted. Several other points are raised and argued by respondent's counsel, which may, perhaps, be properly raised in the trial of the case on its merits, but are not for our consideration now on this appeal.

Sec. 667 of the statute, Comp. Laws, p. 191, provides that all goods seized shall remain in the custody of the Collector or other officer of the Customs, until it shall be ascertained whether the same are liable to forfeiture or not. This must be construed to mean that the Collector or Customs authorities are made by law the custodians of the goods seized, pending the proceedings and judgment of a Court of competent jurisdiction. The statute provides a complete course of procedure in case of a violation of the same.

The libellant alleges that he has seized the goods in question for the purpose of confiscation, and it is only fair to presume that he has followed the course of procedure laid down in the statute, until it is shown to the contrary; and that he, the libellant, still has the custody or control of the seized goods.

Sec. 668 provides for the trial of cases where the goods have been released on bond pending the proceedings, showing beyond any question that the law does not make it necessary that the goods should be transferred from the Collector to the Marshal or other officer of the Court.

In the case of "The Brig Ann," 9 Cranch, p. 289, Mr. Justice Story, who delivered the opinion of the Court, in speaking of the actual and constructive possession of the goods, held that the property was in the constructive possession of the Court "when by a seizure it is held to ascertain and enforce a right or forfeiture which can alone be decided by a judicial decree in rem."

The allegations in the libel that the goods in question had been brought in the vessel into the port of Honolulu, and entered in the Custom House at Honolulu and had been seized by the Collector General, who is by statute the Collector of the port of Honolulu, are sufficient to show that the goods were then in Honolulu, which is within the territorial jurisdiction of the Circuit Court First Circuit.

The plea to the jurisdiction should have been overruled and the decree and order dismissing the libel now appealed from should be reversed.

And it is so ordered.

W. O. Smith, Attorney General for libellant; C. W. Ashford, for libellee.

Honolulu, October 18, 1894.

In the Supreme Court of the Hawaiian Islands.

SEPTEMBER TERM, 1894.

ANA KAPUAKELA VS. ISAAC D. IAEA AND CECIL BROWN, TRUSTEE.

BEFORE JUDD, C. J., BICKERTON, AND FREAR, JJ.

APPEAL IN EQUITY FROM CIRCUIT JUDGE FIRST CIRCUIT.

(1) A bill in equity to cancel a deed on the ground of fraud failed on the evidence. The deed covered all the land in a certain Royal Patent. The Court refused to allow plaintiff to amend her bill so as to admit of a decree, under the general relief asked for, that defendant convey to her the share of the land she claimed to be (by descent from the patentee) entitled to; she claiming that the deed covered more than the grantor was entitled to by descent from the patentee. The plaintiff was out of possession. Held, no error, as this was a matter for law and not for equity.

(2) Equity has cognizance of an equitable title whether the complainant be in or out of possession. If the title claimed be legal in its nature and the complainant be out of possession and a resort to ejectment will relieve him, equity will decline jurisdiction.

OPINION OF THE COURT BY JUDD, C. J.

On the 8th December, 1893, one Pilipo, a few days before his death, made a voluntary conveyance to the defendant Iaea for the nominal consideration of one dollar and his affection to said Iaea, reciting him as his foster son. The land conveyed is situate in Waiau, Ewa, Oahu, having been granted by Royal Patent No. 168 to one Liliu in 1851. The land was in possession of the grantor at the time of the conveyance and had been so for many years. Later the defendant Iaea conveyed this land, among other parcels, to Cecil Brown, Esq. as Trustee to secure a sum of money advanced to pay a pressing obligation of the said Iaea. One Ana Kapuakela neice and sole surviving heir at law of Pilipo, grantor of the deed in question, brought a bill in equity in March of the present year to cancel the said deed as having been procured of the grantor, by defendant Iaea, by fraud, undue influence, persuasions and other means, taking advantage of the grantor's severe illness and mental weakness. The defendant Iaea admitted that the plaintiff was the nearest of kin and heir at law of the said Pilipo, but relied upon his deed from Pilipo. The plaintiff admittedly failed to make out a case of fraud. She, however, put on testimony tending to show that one Kaapahili, the father of Pilipo, was a brother of the original Patentee Liliu, and as the plaintiff was the neice of Pilipo (being the daughter of Kamae a brother of Pilipo), therefore the plaintiff was entitled to one-half of the land of Liliu as a tenant in common with Pilipo. Therefore, before closing, plaintiff moved to be allowed to amend her bill by the insertion of a clause that plaintiff is and has been since the death of her father Kamae entitled to an undivided half of the said premises. This amendment was asked for to entitle the plaintiff to ask, under the prayer for general relief, that the defendant, Mr. Brown, in whom the title was, might be ordered to convey to the plaintiff one undivided half of the lands, the deed of Pilipo wrongfully covering all the land. This amendment was refused by the Circuit Judge and the bill was dismissed on the merits. Appeal was taken, and the point presented to us is that the refusal of the Court to grant the amendment was erroneous.

It is not competent for a Court of Equity on a bill to cancel a deed for fraud to try the title of the maker of the deed to the property involved, for this is a question of law. Moreover the defendant denied that the property came to Kaapahili, the common ancestor by descent from the Patentee Liliu and he had a right to make this defense before a jury.

The claim of plaintiff that she was entitled to an undivided half of this land was a claim of a legal nature and equity has no jurisdiction to determine it.

Cases are cited by plaintiff to sustain the view that a court of equity having once obtained jurisdiction of a matter will continue it and grant, under the prayer for general relief, such relief as the plaintiff is entitled to without his having claimed in the bill that particular relief. As a general proposition this is true, but it does not apply here. In our case equity had jurisdiction solely because fraud was alleged. This failed on the evidence. There was nothing left which the plaintiff asks for but her claim of a legal title in the land. Equity has no jurisdiction of such a question. This will be perfectly clear if we make the supposition that the bill originally solely asked that plaintiff, on proving her title by descent, might have a decree that the Trustee Brown convey one-half of the land to her. Such a bill would be demurrable on the ground that plaintiff had a plain and adequate remedy at law. And she is in no better position now. The case of Whipple v. Farrar, 3 Mich. 447 is especially relied on by plaintiff. In that case the court, having determined that the equitable title of the premises was in the complainant, decreed possession to him instead of leaving him to his further remedy by ejectment.

In the case before us plaintiff had not proved an equitable title to the land. In the same court that decided Whipple v. Farrar, it was held that a bill to quiet title by a complainant not in possession against one in possession, cannot be maintained, where no reason appears for not bringing ejectment. Barron v. Robbins, 22 Mich. 35.

This we find is the law. See Johnson v. Huling, 127 Ill. 14. We put the case as follows: Plaintiff asked that the deed be cancelled, alleging fraud. This ground failed. She being out of possession now prays that the grantee of the deed convey her one-half of the premises because she has a legal title to it, and asks the Equity Court to pass upon this independent question. To enable a party not in possession to maintain a bill to quiet title he must have an equitable title, one that cannot be enforced at law. Smith v. McConnell, 17 Ill. 135.

In 3 Pomeroy Eq. Jur. sec. 1399, note 4, the rule is thus stated: "When the estate or interest to be protected is equitable, the jurisdiction (of equity) should be exercised, whether the plaintiff is in or out of possession, for under these circumstances legal remedies are not possible; but, when the estate or interest is legal in its nature, the exercise of the jurisdiction depends upon the adequacy of legal remedies. Thus, for example, a plaintiff out of possession, holding the legal title, will be left to his remedy by ejectment under ordinary circumstances." This is approved in Graves v. Ewart, 11 S. W. Rep. 971 (Mo.) and we hold it to be good law. The plaintiff was not entitled to the amendment and her bill was properly dismissed.

Carter & Carter for plaintiff; W C. Achi for defendants.

CASTLE & COOKE

IMPORTERS,

Hardware and General Merchandise

For some time we have been trying to get hold of a GOOD LAWN MOWER, one that would do all the work of high priced machines, and yet sell for about ONE HALF THE MONEY. We have succeeded in finding just such a LAWN MOWER and do not hesitate to recommend them to you. If you want a Lawn Mower these will please you in every respect and cost you as we say about one-half the usual price.

Besides our regular line of 3 and 4 ply HOSE we have the WATERBURY SPHINCTER GRIP GALVANIZED SPRING STEEL ARMORED HOSE, which is the best of the kind in this market. Those who have used the common iron-bound hose will appreciate the WATERBURY STEEL ARMORED HOSE; it last longer and is in every way better.

The CACTUS LAWN SPRINKLER was evidently made to never wear out; it is simple and inexpensive, while it does the work of any other Lawn Sprinkler, though it has no revolving parts.

Remember, we sell PEARL OIL at $1.90 per case, c. o. d., delivered to any part of the city.

CASTLE & COOKE.

IMPORTERS,

Hardware and General Merchandise

HAVE YOU SEEN THE

New Russian Coffee Pots?

We have a few samples and it strikes us they are the most practical thing to make a good cup of coffee [AT SHORT NOTICE] ever invented. They look stylish too, and will set off your dinner to advantage. Cost? Very little for so fine an article. You might add one of our new candelabrum from two to five lights for the centre of table, as they are the correct thing, and all dinners must be correct. You know!

Many new and striking things are coming in daily; it will be worth your while to have a look at them.

Our new line of Cut Glass will be in next month, and will be a dazzler: made by the celebrated Hawkes of Corning, New York, who took first prize at the Paris Exposition. It stands without a peer. The whitest and clearest glass; the most brilliant cut. Compare it with goods of any other make and it stands out in bold contrast; perfectly white in color, perfection in cut.

It is no higher than inferior goods and we keep a full line.

D. O. Ramsey, the Sydney general passenger agent of the "A. and A." route of steamers, was a passenger on the Monowai.

Eric Greenway, a well-known Australian actor, who has been playing in the States, passed through on the Monowai.

At a meeting of the stockholders of the Bank of California, held recently at San Francisco, Chas. R. Bishop was elected vice-president.

There were five passengers for the Colonies from this port by the Monowai. They were Mr. and Mrs. Hires, Mr. Terry, Mr. Keyworth and Mr. Bell.

The Arawa has made her last trip to Honolulu. She will go on her regular route from Wellington, N. Z., to London, England, from now on.

A native man hit a native woman on the head with a stick yesterday and injured her quite seriously. She was taken to Queen's Hospital, and the man reposes in jail.

Louis Belmour in addition to the arduous duties of stage manager has shown several clever comedy characters, and last evening surpassed himself as Pitticus Green in "Hazel Kirke."

The Arawa arrived about 10 o'clock last evening, eight days from Victoria. Her purser reported head winds and heavy seas the first three days out, and pleasant weather the rest of the voyage.

Mr. G. Schuman states that the horse owned by him, which was killed by Mr. Green, the agent of the Humane Society, was, at his own request and desire, killed by the agent, and not because he had glanders. The horse had not been in use for some time.

May Save One Warship.

Philo N. McGiffin, a graduate of the Annapolis Naval Academy in the class of '82 and honorably discharged from the American Navy in 1884 because there was no vacancy for him, is now commanding the Chen Yuen, the finest ship in the Chinese Navy. Commander McGiffin is the only American naval officer in the Chinese service, and is sanguine of final success for the power he serves.

General Advertisements.

It's easy, cheap, time-saving,— business-like,

to use a "Caligraph" typewriter.

Who will think you are wideawake and progressive if you stick to the way your grandfather wrote? Steel pens instead of quill pens; you're ahead there. Take another step. Use a Caligraph.

You can do more work on a Caligraph than with a pen.

It's more comfortable to use a Caligraph than a pen.

The Caligraph

is better than any other typewriter, because it is simpler, lasts longer and does cleaner work than any other.

It's easier to learn than any other, too.

You can buy one on easy terms. It helps pay for itself while you're buying it.

Let me sell you one.

T. W. Hobron, Sole Agent,
Honolulu.

Notice of Purchase.

HAVING BOUGHT OUT THE business of the HONOLULU CARRIAGE MANUFACTORY, I desire to give notice to all my customers, the customers of G. West and the general public that I will carry on the business under the same name and at the old stand on Fort street, just above Hotel.
Dated Honolulu, June 30th, 1894.
3727-tf W. W. WRIGHT.

A Rhyme for the Times!

And why have annexation,
Why not have something new,
With it we'll get vaxation,
And taxes extra too!

Let us a grand example be,
A Republic true and great;
Let nations in Hawaii see,
No party strife or hate!

Let freedom be our battle cry,
Freedom in word and thought,
And in Providence the world defy,
The devil set at naught!

May statesmen of the future say,
And point to his fair lay:
"In honor their foundation land,
On truth they firmly stand!"

"They rested well on WOVEN WIRE,
For be it of them said:
If freedom was their hearts desire,
All slept on BAILEY'S BED!"

Woven Wire Bailey

Manufacturer of Metalic Bedsteads and Woven Wire Beds.

From San Francisco, per R M S S Monowai, Oct 25—Cabin: E N Holmes, Mrs M Holmes, Mrs B M Lothrop, Rev F S Noel, Mrs T H Hobron, Miss S K Gray, M N Sanders, Dr C B Cooper, Mrs C W Cooper, Miss Sadie Brown, Rev Max Aliff, Rev Leisen, Juoge H E Cooper, G P Wilder and wife, W Knudsen and wife, I C Singer, Miss K Atkinson, S T Alexander, Miss N A Bidwell, Geo Ross and wife, Miss Lillibridge, Mrs D Noonan, Mrs E D Tenney, 2 children and maid, Miss M Atkinson, Miss F Allbright, Miss Bella Clymer, Miss Pullar, Mrs William Pullar, E J Witcher and wife, Mrs P L Rosseau, Alexander Mackintosh, Mrs Otto Schmidt, Mrs J A Kitchen and 2 daughters, Dr H W Howard, Mrs H K Basford. Second cabin: Mrs A E Sanstrom, Mr Deverill, Mrs W L Lawrence, R Pritchard, Mrs Hildebrand, Mrs Weiderhold and 2 children, Mrs E J Byrne, Jno Wirnd, E Rogers, Louis Hanevold J Ruttledge, R T Rickard, N C Olsen, John Gray, Geo E Fluckinger, G H Birdno and wife, J K Medeiros, wife, son and 2 daughters, I Correrro, A Dunn, J B Wilson, N C Harlan, G Amoto, Hy Jones, K Kobayashi, T Matsuda, H Kihara, M Carwich, E E Paxton, A Voght, H E Gares, W H Levy, O T Conlin, M C Hollinsead, Miss Danielson.

DEPARTURES.

For Sydney, per R M S S Monowai, Oct 25—In transit: H Thompson, Mrs Alice Bolles, Mrs Stanley and son, D O Ramsay, C Sattler, Mrs C Stead, H Hurst, J L Carnegie, Louis Janin, C H Munson, wife and child, R O Campbell, L D Friediander, J C Heaviside, W G Innes, R LuBryce, Rev P Donnelly, P H Morton, C J Hutchinson, A H Billings, W H Stillwell, and 56 in the steerage.

WHARF AND WAVE.

DIAMOND HEAD, Oct. 25, 10 P.M.—Weather, hazy; wind, high northeast.

Purser Bendall, of the Monowai, reported a fair weather voyage.

The bark Albert, Captain Griffith, left San Francisco on October 9th.

The bark Edward May will leave Boston on December 15, if sufficient inducement offers.

The man-of-war Mohican, on her last trip from Unalaska, struck heavy weather, and lost two blades of her propeller. She reached San Francisco on October 19th.

The bark Sumatra was sold at auction recently in the Merchants' Exchange at San Francisco. She was purchased by William Watson for $2170. She will be taken to Hilo, stripped and turned into a coal hulk.

PORT TOWNSEND (Wash.) Oct 7.—Captain Charles A. Sawyer died last night. He had command of the bark Orpheus twenty years ago when she collided and sunk the steamer Pacific off Cape Flattery, entailing a loss of 300 lives and upwards of $1,000,000 in gold dust.

Information has reached San Francisco that the recent gale along the coast has resulted in the destruction of two schooners. The Electra went ashore at Cambria and is high and dry on the rocks. Her bottom is out. Her crew got off safely. At Stewart's Point the schooner Potria is on the rocks and breaking up fast. The crew got off safely.

Captain William B. Cobb, one of the pioneer sea captains of the port of San Francisco, died recently in San Francisco. The deceased for many years was employed by the Pacific Mail Steamship Company, and at various times had command of the steamers Great Republic, City of New York and City of Rio Janeiro. Captain Cobb was born in Massachusetts sixty-eight years ago, and reached San Francisco as first officer of the old sidewheel steamer China.

It is expected that open war will be carried on from now on by the Coast Seaman's Union of San Francisco against the Ship-owners' Association. Through Walthew and others the coast sailors' wages were reduced to $20 and $25. The union wants to force a raise to $30 The schooner Carrier Dove, bark Topgallant and a number of other boats will try to secure cheap crews, it is thought, but the chances are in favor of the sailors putting $30 men on them. Skippers and the majority of ship-owners favor the $30 rate, because they know that they can get good men for that price.

SAN FRANCISCO, Oct. 13.—The American ship M. P. Grace arrived today from New York, making the trip in 174 days, and thereby nearly beating the record for long passages around the Horn. Captain Smith says that adverse winds caused the long trip. Only once or twice did the ship make more than 200 miles a day. That speed was made while rounding the Horn and when the gale happened to blow from a favorable direction. Snowstorms were frequent while the vessel was in the most southern latitudes, but they were not of sufficient severity to cause any damage.

THE SCHOONER RAN AWAY.

A Vessel With All Sails Set and Not a Soul on Board.

HALIFAX, N. S., Oct. 12.—With all sails set and with a full cargo, but with not a soul on board, a schooner ran away to sea during the severe storm, which has been raging along the coast for the past two days, eluded pursuit by another vessel all day, and disappeared in the gloom at nightfall, still plowing an independent course, under full headway, without any guiding hand at the tiller or any human agency to control her movements.

Somewhere out on the Atlantic the truant vessel is probably sailing on merrily yet, with all her canvas spread, a rich prize for the lucky skipper who may overhaul her, and the promising subject for the fanciful pen of some future Clark Russell. The runaway is the schooner Lord Elden, whose commanding officer, before she took to navigating on her own account, was Captain Harley. He started from here for Guysborough on the vessel with a full crew. When the Lord Elden was off Canso Tuesday a strong gale was blowing and a nasty sea was surging. The Canso neighborhood is a dangerous one for sailing craft under even most favorable conditions, hidden rocks abounding. On one of these the Elden was driven. The weather was thickening every minute and the vessel hard and fast upon the rock, as it seemed. Captain Harley deemed it prudent to seek a place of greater safety for himself and crew, and they put off hurriedly, leaving the Elden with all sails set. Not long after their departure the wind shited, and, under the freshening breeze, the vessel was twisted off her resting place. She evidently had not, as her captain had feared, received serious damage below the water-line. She at once turned her back eastward and began to slash along at a racing gait.

The schooner Diamond gave chase. Mile after mile the race was kept up, with the crewless Elden always in the lead. Once the Diamond drew near enough for her men to have boarded the runaway, but the sea was so high that the Diamond's bow was smashed in getting it over the side. Still the chase was continued in the hope that the sea would subside and enable the Diamond to come alongside. This hope was not realized, and darkness came on and the Elden disappeared. When last seen, she was headed out in the Atlantic.

Canadian Pacific Railw'y

THE FAMOUS TOURIST ROUTE OF THE WORLD.

IN CONNECTION WITH THE CANADIAN-AUSTRALIAN STEAMSHIP LINE, TICKETS ARE ISSUED

TO ALL POINTS IN THE UNITED STATES AND CANADA, VIA VICTORIA AND VANCOUVER.

MOUNTAIN RESORTS,
