and with high Rhodes, Republic.

The island has been a source of inspiration for many. It is a land of ancient lore and a place of great beauty. The people here are friendly and welcoming. It is a place where one can escape from the hustle and bustle of everyday life.

The island is also known for its beautiful beaches and its rich history. It is a place where one can explore the past and learn about the culture of the people who once lived here.

The island is home to many different species of animals and plants. It is a place where one can see the beauty of nature in all its glory. It is a place where one can truly connect with the earth and all that it has to offer.

In conclusion, the island is a place of wonder and beauty. It is a place where one can find peace and serenity. It is a place where one can truly appreciate the beauty of the natural world. It is a place where one can truly connect with the earth and all that it has to offer.
NOW WEDDED FOR 25 YEARS.

A bad complexion means money to many—its disturbing in woman. It is one of nature's danger signs—means eruption, poor circulation. Not insurmountable, but very troublesome and annoying. Are you a victim in mind and body from bad complexion? If you don't delay, call a care—outside, in the open air. Let me be of service.

Brown's from Bitters—take it faithfully and you will have cause to thank it. This celebrated remedy thoroughly cleanses the system and removes those impurities in the blood, of which the outward signs are yellowish blotches, hails, etc. Brown's from Bitters will cure, that is, cure the cause or cure the symptom. But get the genuine.

It's To Your Interest.

INTEREST IN STEAMSHIP CO.

Mr. John A. Scott, Manager of the Hilo Sugar Company, left last evening for San Francisco, to receive a copy of the working of the NATIONAL CANCELLER, which was erected by the company, and a complete record of the crop just harvested.

"During the past week the Honolulu trade has exceeded any of its former records, the coffee being over 125,000 bags, recently received at the warehouses, and the yards, of coffee being over 80 per cent. more than the best of former years."

The three roller mill being put into operation, there is a great demand for the crop by the Company, and the machine has been increased from 400 to 500 per cent. in some cases, and in some it is 100 per cent. more than the average, the demand being 10 per cent. or 15 per cent. per cent. According to the offer of the Company.

To continue to find the coffee market quite dull, the prices are steady, with better demand than from whole."
