ARRIVAL OF YACHT ELEANOR.

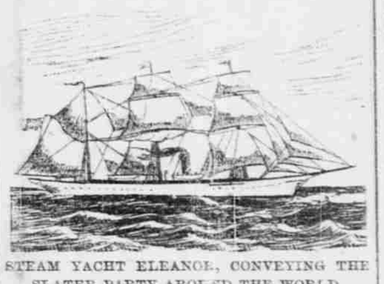
Handsome Specimen of Marine Architecture Now in the Harbor.

OWNER AND PARTY TOURING WORLD

A Floating Mansion—A Steel Vessel With Steam Power and Large Sail Area—One of the Finest Pleasure Yachts in the World—Brief Stay Here.

The steam yacht Eleanor, Captain Scott, arrived yesterday morning, 14 days and 5 hours from Yokohama, Japan. She is anchored in naval row. The vessel is the finest yacht that ever visited Honolulu, and as a result she attracted a great deal of attention yesterday.

Her owner, William A. Slater, is on board and, besides his wife and two children, Mr. Howard, Dr. Tingley and J. W. Slater accompany him on



STEAM YACHT ELEANOR, CONVEYING THE SLATER PARTY AROUND THE WORLD.

the trip. The party is making a tour of the world. The vessel started from New London, Conn., on October 27, 1894. The first port touched at was Fayal, Azore Islands; from there the yacht proceeded to ports on the French coast and, after touching at Naples and Messina, Port Said was reached. The yacht steamed through the Suez canal and in the course of time stops were made at Penang, Singapore, Borneo, Manila, Hongkong, Canton, Amoy, Shanghai, Nagasaki, Kobe, and finally Yokohama was reached.

Stops were made at many places of interest to allow Mr. Slater and his party time for sightseeing. While the yacht was at Singapore they called on the late Sultan of Jahore, who in turn paid a visit and had lunch on board.

The Eleanor will remain in port for about one week and then she will leave for Hilo, as Mr. Slater is anxious to see the volcano. San Francisco is expected to be reached about the 20th inst. and, after a brief stay there, the yacht will go as far north as Sitka, returning to San Francisco about the 21st of October. Mr. Slater expects to reach New London, the starting point, about the first of May, 1896.

Mr. Slater's home is in Norwich, Conn. He is a member of the New York Yacht Club. His yacht flies the flag of the club mentioned.

The Eleanor is a splendid specimen of marine architecture, and is built entirely of American material. She was built by the Bath Iron Works, and was launched in May, 1894. She was designed by Naval Architect Charles R. Hanscom. The vessel is bark-rigged and carries 10,935 square feet of sail. The large sail area was decided on in case the engines or coal should give out any time. In that event her commander would find himself with a full-rigged bark under his command, perfectly competent to withstand any weather, and also to show her heels to the majority of sailing crafts.

The principal dimensions of the vessel are as follows:

Length over all	231 ft.
Length l. w. l.	208 ft.
Length keel	185 ft.
Beam, extreme	32 ft.
Depth of hold	17 ft. 5 in.
Mean Draft	13 ft. 4 in.
Displacement	1,136 tons.

The propelling power consists of a vertical direct acting triple expansion engine. Steam is supplied by two Scotch boilers. The propeller is three-bladed, and can be detached when steam power is not used. The yacht is also provided with a patent steam windlass, a steam steerer, and a distiller and ice machine. She is fitted with a complete electric plant, including a powerful search light.

She is constructed of steel throughout, with water tanks forming a double bottom forward and aft of the machinery spaces. The hull is minutely subdivided by transverse and longitudinal bulkheads into a large number of watertight compartments, and no doors are cut in the bulkheads below the water line unless absolutely necessary.

The cabin arrangements are perfect. The main saloon is finished in paneled mahogany, and is magnificently upholstered. There is a very costly piano, also several luxurious couches, and paintings by eminent masters. The fireplace is a beautifully finished arrangement, being almost in every respect similar to that in a well-furnished drawing room ashore. From the state-room access can be had to the owner's state-room and study, a room which is not only tastefully furnished, but is supplied with a splendid library wherewith to beguile the tedium of dull days. The bed is quite a massive piece of furniture, and the wardrobe, writing desk, etc., are of carved mahogany. The bathroom is fitted strictly from a sanitary standpoint, and finished in polished hardwood and marble. Adjoining the owner's room is the nursery.

On the opposite side of the passage there is another suite of rooms, consisting of two state-rooms, nursery and bath, which are well fitted and finely finished. These rooms, in connection with the linen closets and pantry, occupy the space forward of the main saloon. Abaft the saloon are state-rooms and bath for governess, nurse and female servants. The house on the main deck is of steel finished in paneled mahogany outside, with brass rails and stanchions around top. Within the deck house are situated the dining-room, social hall, pantry, laundry, drying-room, galley, captain's room and captain's state-room. The dining-room is finished in mahogany and furnished similar to the saloon, with open fireplace, sofas, etc. Abaft of the dining-room is the social hall, finished in harmony with the dining-room. A stairway of elaborate design leads to the saloon below from this room. On the starboard side there is a passage from the dining-room forward, leading through pantry, galley, etc., thus maintaining communication between the after and forward part of the yacht without exposure to the weather.

There is also a laundry and drying room, and the officers' quarters are all fitted in keeping with the excellent arrangements prevailing in the other parts of the ship. The officrs and crew of the Eleanor comprise two officers besides the captain, a doctor, three engineers, carpenter, four quartermasters, four apprentice boys, fifteen seamen, four firemen, two messmen, three oilers, six stewards, barber, two Chinese laundrymen and two deck boys. There are seven boats, including a steam launch 28 feet long.

Captain C. W. Scott, the master of the vessel, is well known in New York yachting circles. He was formerly in the employ of the Pacific Mail Company, running between New York and Colon.

IN SENATE AND HOUSE.

Chinese Restriction Bill Order for Today in the House.

FOURTEENTH DAY—JUNE 29TH.

The Senate held a short session Saturday, finishing the regular routine of business with good dispatch. Communications from the House were received announcing the re-election of Messrs. Ena, Robinson and Smith to the Council of State; also, giving notice of the resolution introduced by Rep. Robertson for the appointment of a Commission to investigate the present methods of recording land titles, and report at the next session of the Legislature. The engrossed copy of the resolution was sent back to the House, to be properly certified. The bill appropriating $12,000 for the expenses of the Legislature was read a third time and referred to the Committee on Passed Bills, consisting of Senators Brown, Hocking and Lyman. President Wilder announced that members of the various Senate committees would be expected to serve on the corresponding joint committees. Adjourned to 10 a. m. Monday.

House of Representatives.

The Land bill was considered in special session during Friday evening until midnight and completed Saturday morning.

Rep. Winston presented a report recommending the passage of Rep. Robertson's Chinese Restriction bill. Laid on the table and made special order for Monday.

On motion the President was to be notified by the Clerk of the election of three members of Council of State.

Deputy sheriffs to administer oaths came up on second reading and passed.

Speaker Naone announced the following joint committees:

Foreign Affairs—Robertson, McBryde, Cluney.

Judiciary—Robertson, Kaeo, Kamauoha.

Finance — McBryde, Kamauoha, Bond.

Internal Improvements—Rycroft, Hanuna, Robertson.

Sanitary—Bond, Pali, Richards.

Joint Rules—Kamauoha, Winston, Halualani.

Passed Bills—Richards, Bond, Haia.

A school teacher at Hilea, Kau, Hawaii, asked that the Government construct him a new residence. The present one was inadequate. Referred to Education Committee.

Adjourned till Monday, 10 a. m.

It is intimated by one of the oldest hack drivers in town, that in the event of the passage of Senator McCandless' Tires Act the sum of $10,000 will have to be expended by hack owners. There are at present some 200 hacks in town. Each will have to pay $50 apiece in conforming to the law.

MAUI PREPARES FOR THE FOURTH

Races at Kahului Will Be Chief Attraction.

SAFE ARRIVAL OF THE KAHULUI.

Made the Trip From San Francisco in Eleven and One-Half Days—Japanese Physician Departs—Scotlanders Going Home — Excursions to Haleakala.

MAUI, June 28.—The races at Kahului will of course be the strong attraction on the glorious Fourth for Maui people. There is not so much interest manifested, however, in them as in former years owing to the fact that the Hawaiian Jockey Association will also hold a race meeting in Honolulu, thereby keeping most of the best horses at the capital. Then, too, the program published by the Maui Racing Association is somewhat more meagre than when the races at Spreckels' Park were considered the chief sporting event of the year. The three-minute trotting race is causing the most excitement. There are so many horses entered that there is talk of making two distinct contests. The pony race will also prove interesting.

Makawao people will give a garden party at "Sunnyside," the residence of Dr. E. G. Beckwith.

Dr. Armitage of Wailuku gave a dinner during Thursday the 27th in honor of the departure of Dr. Murara. The popular Japanese physician is soon to visit his native country.

During Wednesday, the 26th, Misses Ethel Smith and Grace Cook and party made the ascent to the crater of Haleakala. Several other parties have made excursions to the extinct volcano during the week.

On July 3d Miss Hao will marry Mr. Makekau, a student of the Pacific Theological Institute.

Miss Kate Watson of Maunaolu Seminary is visiting friends in Honolulu.

J. P. Cook of Oakland is the guest of Mr. and Mrs. H. P. Baldwin, Haiku.

During Wednesday, the 26th, while some prisoners were at work on the road through Alelele Gulch, a Chinaman was detected in the act of presenting a countryman with a plug of opium. He was promptly arrested and incarcerated.

J. J. Hair, a sugar boiler of Hamakuapoko will soon visit Scotland for a three months outing.

J. W. Colville, manager of Hamakuapoko and Paia will also depart for Scotland during the middle of July.

The program for the Kahului races has been filled. The purses offered amount to something over $400. All the horses entered are local ones without any special fame, excepting some of W. H. Cornwell's horses. Neither C. F. Horner nor R. Ballentine have entered any of their stable.

The Claudine departs Friday instead of Saturday as usual.

During 25th inst. the steamer Kahului, Tyson master, arrived from San Francisco 11½ days on the trip. She brought three passengers, a butcher for Spreckelsville and two others who are enjoying the round trip. The steamer visited Mahukona this week and returned yesterday. Wilder & Co. refused to receive any of the cargo consigned to them, not wishing to break their contracts with other vessels. Accordingly she is discharging her Mahukona freight at Kahului in bond. She was loaded with coal and general merchandise.

The Consuelo, Jacobsen captain, arrived this morning but has not been entered at the Custom House.

Weather—Delightful.

Amateur Actors Banquetted.

A banquet was tendered members of the St. Louis Literary Society Saturday night by the brothers at that institution. The college hall was attractively arranged for the occasion. Eight of the original literary club members were present. Brother Bertram thanked the boys for the success of the last meeting, and expressed kind wishes for future good fortune. After the dinner all hands repaired to the brothers' hall, where a delightful evening was spent talking and laughing over the good times gone by.

The menu for the evening's feast was as follows:

Soup—On a stolen base.
Fish—A la drop.
Lemonade—A la Unknown.
Roast spring chicken—A la foul.
Celery and cheese—A la hot grounder.
Ham—A la home run.
Corn—A la S. L. C. Society.
Cakes—A la assorted players.
Ice cream—A la Thompson (J. A.)
Pine apples—A la hard hit.
Nuts—A la muff.
Coffee—A la bee liner.
Cigars—A la bat.

Commissioner's Sale of Real Property.

BY VIRTUE OF AN ORDER MADE by the Hon H. E. Cooper, Circuit Judge, filed in the Circuit Court of the First Circuit, in the matter of the equity suit between Elizabeth K. Nahaolelua and husband, plaintiffs, and Kaaahu (w) and others, defendants, the undersigned, duly empowered so to do, will offer for sale at Public Auction on FRIDAY, July 5, 1895, at 12:15 P M., at the front entrance of the Judiciary Building, all that land situate at Kamanuwai, Honolulu, mauka of Smith's Bridge and on the Waikiki side of the river, the same being APANA 4 OF ROYAL PATENT No. 1985, containing one acre and 704-1000 of an acre (less 8224 square feet of the same sold to S. K. Kahai).

This property being centrally located in the heart of the town, offers special inducements to capitalists desiring to invest.

In the event of a good road running through the land the property will be enhanced in value, as there are now several vacant lots on the land.

The lot of land known as the Chinese Joss House, now occupied by Lai Say (Ch) as described in deed from Kaaahu to Lai Say, of record in Liber 94, page 220, will be sold separately, and the remainder of the apana will be put up as one lot.

This sale to include all the improvements now upon said Apana 4, and the same to be subject to confirmation by the Court.

Terms are cash and deeds to be at the expense of the purchasers.

For plan of the land and other particulars enquire of the undersigned at his office in the Judiciary Building.

BASEBALL PENNANT.

Unknowns Add Another Victory to Their Score.

The baseball game on Saturday between the Kams and Unknowns was one of the closest contested played this season. The first part was particularly interesting and exciting. The Kams led off with three runs in the first inning, but failed to score in the second. The Unknowns were lucky enough to make one run in their half. In the second they bunched their hits and piled up four more, adding one in the third, one in the fourth, one in the fifth, three in the sixth, goose egg in seventh and one in eighth—a total of 12—the ninth inning not being played.

In the third the Kams counted two, in fourth one, fifth, sixth and ninth no score, with one in seventh and one in eighth—a total of 8.

The game was well played from start to finish. Simerson and Hansmann, two new men, played in right and center fields. Both of them did effective stick work. In first part of the fifth inning Kanewanui was put in the box for the Kams. He was not very steady for a couple of innings, afterward throwing a straight, hard ball. Nothing seemed to daunt Captain Thompson's players; they hit everything that came, and excelled their own good record in fielding and base-running.

Features of the game were running fly catches by Captain Thompson and Woods, with general all-round good playing by both.

The Stars and Unknowns will play on Fourth of July. The Unknowns are far in the lead for the 1895 pennant.

HALL'S COTTAGE PAINTS

Do seem to please our customers a little better than anything ever before brought to the Islands in the line. If you want cheap mixed paints do NOT call for these as they are made of pure lead, oil and colors, and not of "Long Island dirt" mixed with fish oil. They are cheap though if you wish to take lasting qualities and choice tints into consideration.

Our "NAVY DECK AND FLOOR PAINTS" also take well. These are especially prepared for floors and dry hard in a night.

Now that we have received our big invoice of GARDEN HOSE, and the pumping plant is about to get in its daily work, no one with a home should be without a garden or a nice green lawn. The hose we have is so well and carefully made that a 3-ply hose will last better than 4-ply of other makes, and is lighter to carry about.

CITIZENS GUARD, ATTENTION! A good deal of interest is being taken in Citizens Guard Company's on every island in target practice, and the Hilo Citizens Guard is about to issue a challenge for a 10-man match at 200 yards, with a National Guard of Hawaii Company. They all come to us when they want cartridges or targets, and many are learning to reload their old shells and can thus afford many more rounds per month, per man. We keep in stock the best assortment of loading tools, powder measures, lead ladles and moulds. Also the correct thing in way of powder, primers, lead, tin, etc. We have targets, and paper to make targets, and cutters to make pasters, and after you get an outfit from us you will be able to make 5's and 4's right along provided always that you are steady, if not the bromide store is right handy on the opposite corner from us. We also have a few of the best Military Target Rifles made. Scores of 47, 48 and 49 out of 50 made at the Honolulu Rifle Association range weekly prove this. The price is low and every man who enjoys target practice can afford to have one.

☞Call and satisfy yourself about our stock of all these things and our prices as well.

MONDAY, : JULY 1, 1895.

PREPARATIONS for the celebration of the Fourth portend a demonstration worthy of any republic, be it American or Hawaiian. The combination of anniversaries has resulted as it should, with no petty quibblings as to "Who's who," but hearty, patriotic cooperation of all nationalities to do honor to the advent and maintenance of true republicanism and honest government.

"WHAT about Punahou?" comes from all sides and rumors are rife as to differences that have existed among the faculty of that institution. It is for the best interests of the college, its students, past, present and future, and the country generally that any differences whatever they may be, should be laid in the grave of the quickly forgotten past. What is to be gained by publicity? Absolutely nothing, and irreparable injury may be done by keeping alive endless stories that may have arisen from fact or fancy. Righteous action is bound to be rewarded in the end, but the reward will never be hastened by blowing the dust of hearsay from mouth to mouth. Live and let live. They are not of the earth earthly who make no mistakes.

PRIZES FOR SCHOOL CHILDREN.

In a recent issue of the Congregationalist is published a story which points out the pernicious influence which well-to-do parents may exert upon school children by rewarding excellence in the child's daily studies by offering individual prizes which lead the youthful scholar to found his efforts on a basis of pure dollars and cents. The story cites an instance of a boy whose parents at the opening of the school year promised him a good-sized sum of money if at the end of the year he stood at the head of the class. This very naturally pleased the boy, and he set to work with a will to win the prize. Boy-like, he was not slow in making known the incentive of renewed application to his studies and became quite a hero among his schoolmates, many of whom, though quite as deserving and attentive to their studies, came from homes where every dollar received in the family treasury had to be used for the necessities of life; and should the children be able to earn ever so little after the school hours, that also must be turned toward the actual living expenses.

The tendency of this thoughtless action of the wealthy parents had been to improve the standing of their son, but what of the remainder of the school? Children of the less fortunate classes looked with envy upon their schoolmate. Of course he would study in season and out of season; but why should they make an extra effort? There was no golden reward for them at the end of the year. Why not spend their time in play? The schoolroom became more distasteful and the conditions of home life appeared more disagreeable than ever. Money, rather than a well cultivated mind seemed to them the chief end of man.

The living truths brought out in the story are too often demonstrated in the school life of today. Parents fail to realize that by holding out such inducements to their children, they are impressing upon the child's associates that money is everything. The rich man's son in this instance does not stand above his fellows on merit pure and simple. He strives for high rank and is obedient to his teachers not necessarily because it is right but because there is money ahead—a tangible reward which in the undeveloped, childish mind is usually far above the thought of cultivating the mind.

Generally speaking the influence of school prizes may be looked upon as beneficial, but let every scholar be eligible to compete. Let the rich man's children match their activities against those of the less fortunate on a fair basis and if they win, their reward is thrice wholesome for being obtained through fair competition.

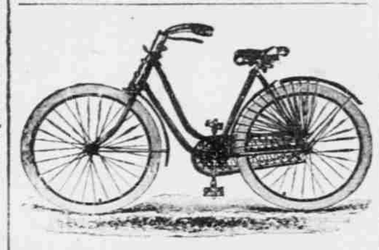
Timely Topics



June 22, 1895.

Some fifty thousand shoe operatives are idle in England, in consequense of a lockout brought on by disputes with their employers. The development of the trouble between employers and workmen forms a chapter in the history of the irresistible home, subject to all the ills of the sweating system. The United States with its extraordinary development of machinery, has long since been ready to enter into international competition with England in this profitable trade, and American manufacturers has easily seized upon the opportunity to introduce their wares into regions heretofore monopolized by the British. Meanwhile employers and employed throw the blame of the dispute on each others shoulders, while outsiders deplore that neither party seems to be able to fully recognize the force of circumstances. Meanwhile during the disorganization caused by the present lockout, an admirable opportunity is offered for the American manufacturer to enter Colonial markets.

This is the age of improvement and invention. At no time in the history of a nation has there been such rapid strides made in the number and class of inventions as has been made in the last few years, and the wonder of the Nineteenth Century is the Monarch Bicycle.

Healthy out door exercise creates a love for the beautiful in nature, a love for the beautiful developes lovable men and women. Lovable men and women make happy homes; happy homes create a wealthy nation; a wealthy nation composed of the happy homes of lovable men and women is greater than any monarchy, for every citizen is a monarch and should ride a Monarch wheel. Among high grade bicycles the Monarch is Monarch. The frame is the most important part of a bicycle. In riding the greatest strain is on the frame and to withstand the strain the frame must be exceedingly strong and rigid. The frame of the Monarch is made of the best quality of specially drawn Mannesmann Steel Tubing, and is put together with such appliances that it is perfectly true and accurate. Brazing is one of the most important operations and has to be done very delicately by expert workmen. So successful is this process, that in all the years the Monarch has been on the market there has *never yet* been a break on a Monarch Bicycle at a brazing *from any cause*.

There are no castings used in any part of the construction of the Monarch Bicycle. Nothing but steel drop forgings and selected sheet steel stampings. As regards tires we give you your choice of six makes, namely: Morgan & Wright, New York, Hartford Single Tube, Gormully & Jeffery, Dunlop & Palmer, any one of these will be fitted without extra charge to the purchaser.

All we ask is that you give the Monarch a chance and it will establish itself.

Cummins Cough Cure Cures Coughs and Colds

Since introducing this remedy a short time ago, we have had many flattering reports of its efficacy from all parts of the islands. Those who use it once are pleased with the promptness with which a cure is effected, and recommend it to their friends. This is a COUGH REMEDY, straight, and NOT a CURE-ALL. We have already supplied most of the leading island stores with CUMMINS COUGH CURE, and if any of our friends on the other islands are unable to obtain it from their dealer, we will furnish them at the regular prices of 25 and 50 cts. per bottle.

TESTIMONIAL.

HONOLULU, H. I., MAY, 1895.

To "Sequah" Dear Sir:—I have very much pleasure in bearing testimony to your very valuable medicines.

During the January trouble here, I was out at night in wet weather, through which I contracted severe inflammatory rheumatism, and was in consequence crippled up by the severe pains and swellings, but since I used your Sequah's Cure and Oil all pains and swellings have left me and I am again all right.

The curative powers of your remedies are wonderful, and as such I can recommend them to other sufferers.

You are at liberty to make this public, that others may benefit by your remedies. Yours Truly,

DUPLICATED THEIR SUCCESS.

Second Appearance of the Marquardts Delights the Audience.

Delightful Numbers Furnished by the Visitors—Miss Axtell Sings Well. Another Concert to be Given.

Another large audience assembled on Saturday evening to hear the Marquardts. The program was an exceptionally good one, and was received with much favor. Both of the musicians duplicated the success of the previous evening and won additional admirers. Madame Marquardt played two solos in a charming manner; John Marquardt furnished short numbers, his "Gypsy Dances" and the solo on the G string being particularly good.

Miss Axtell sang delightfully. One of her solos was "Ave Maria," with harp, violin and organ accompaniments. The audience insisted on an encore.

The demand for another concert and the success of Saturday evening has led the management to announce another concert. It will be given tomorrow evening in the same hall. This will positively be the last chance to hear the Marquardts, as they leave for Australia on Thursday.

The program will be entirely new, but may be supplemented by several numbers that were received with enthusiasm during the two concerts just given. Madame Marquardt will appear three times. Seats for this concert will be on sale tomorrow morning at Hobron's drug store.

The I. X. L. will remain open till 9 p.m. every evening up to 4th of July for the sale of fireworks, flags, bunting, etc.

Important Notice to You!!

A Physician's Strong Endorsement.
I used Brown's Iron Bitters for general debility with thoroughly beneficial results. It strengthened the nerves and muscles, relieved indigestion and produced flesh.
DR. T. E. W. HAILE,
Flat Rock, S. C.

A Well-Known Divine's Words.
I use Brown's Iron Bitters with the greatest satisfaction for Indigestion, and as a preventive of chills, Malaria and like diseases, and will always keep it on hand as a ready friend.
REV. T. J. REILLY,
of Arkansas.

Dr. T. E. Daughtry Prescribes It.
I am highly pleased with Brown's Iron Bitters, and believe it to be superior to all other iron preparations.
DR. M. E. DAUGHTRY,
Franklin, Va.

For Anæmic Debility.
I would recommend a trial of Brown's Iron Bitters in all cases of anæmic debility, or when a tonic or appetizer is needed.
DR. IRVIN H. ELDERDICE,
Baltimore, Md.

"We take BROWN'S IRON BITTERS because it renews our Strength and Energy, increases Vitality (that mainspring of life) and supplies that Health which is lost by Sickness, Malaria, Overwork, Constitutional Weakness, Old Age, Debility and Excesses. We take Brown's Iron Bitters because it is the only iron medicine that will never cause Constipation or injure the Teeth."

This is the Testimony of Doctors, Clergymen, Merchants, Professional Men and Ladies of every standing.

An Educator's Strong Words.
I can heartily recommend Brown's Iron Bitters to all suffering with sick headache and indigestion, as it afforded me intense relief when troubled in this way.

Perfect Health for Ten Years!
Chattanooga, Tenn., April 23, 1891.
In 1884 I was in Macon, Ga., and became so weak that I could scarcely stand up, and commenced to ache throughout my whole body. I procured a dollar bottle of Brown's Iron Bitters and began using it. In less than a week I was back at my work feeling as if nothing had happened, and stronger than before. Since that time I have used from one to three bottles every spring, except last spring, when, I am sorry to say, I neglected to take any, in consequence of which in August I lost one week from business, the first I had lost since 1884. I must say to suffering humanity to keep a bottle of Brown's Iron Bitters constantly in the house, to keep down large and uncalled for bills for medical service. For ten years I have taken Brown's Iron Bitters, and the result is that I have never had a doctor's bill to pay, except the $4.00 last August.
Yours very respectfully, ALEXANDER GOODE.

PLAYED A DOUBLE GAME.

Special Johansen Fired for Harboring Deserting Sailors.

Another shining light in the detective world—more specifically described as specials(?)—has been ruthlessly cast down from the highest pinnacle of fame through double dealing.

One Johansen, who boasts of his likeness to the great Boulanger, he of springy step, eagle eye, etc., is the latest revolutionary detective dropped at police headquarters.

For some time Johansen has been on the suspect list, because of his intimacy with runaway sailors. Friday the special played his last put up job; the sailor squealed and Johansen, the brave, is now chasing himself around the block in search of work. He may star in a drama especially written, having startling and realistic escapades with runaway sailors; or he may calmly rest after laborious duties of— etc., or better still let this be his farewell appearance before an unappreciative audience.

The latest victim to Johansen's greed was a sailor named Larsen (no relation of "Billy"), who deserted recently from the Manuel Llaguno.

After being grabbed up by a confederate of the special and locked up in the city jail, Larsen told the following story, which is the same that caused his whilom friend and protector to lose a lucrative position as a member of the Hawaiian secret service. It is not quite as good a job as belonging to Pinkerton's or the celebrated organization of which ex-Detective Wagner was a respected member, but the monthly stipend is fair and always on hand when the last day of the month comes around:

"I deserted the Llaguno because I got tired. Soon after I was met by Johansen coming out of a saloon. He told me to come along with him, as he had a good place to hide me. He also told me of his connection with the police department, and said that I need have no fears for my safety, as he was getting a large salary from the Government and was not in need of rewards. After I had been in his room two days without anything to eat, Johansen came and said he was going to take me to a safer place. That I reached a safer place is true, for hardly had I got away from the door when another officer grabbed me and took me to the police station. Of course the other officer might have been there by accident, but it didn't look so to me, especially when I found that a liberal reward had been offered for me."

"It is with pleasure that I give you the details of our little May's sickness and her return to health by the use of Hood's Sarsaparilla. She was taken down with

Fever and a Bad Cough.

Following this a sore came on her right side between the two lower ribs. In a short time another broke on the left side. She would take spells of sore mouth and when we had succeeded in overcoming this she would suffer with attacks of high fever and expel bloody looking corruption. Her head was affected and matter oozed from her ears. After each attack she be-

The Beauty

OF SOME PIANOS

Is only "case deep." It is much easier to make a handsome case than it is to put music into it. A tolerable mechanic can do the one—the other requires the best thought of a musical artist.

The Kroeger Pianos

All have handsome, tasteful, durable cases; but in their factory constant, careful, studious attention is given to the production of a perfect and lasting tone. The beauty and honesty of a Kroeger begins with the varnish on the case, and goes straight through to the iron plate that holds the strings. We'd like to show you the inside of a Kroeger.

Mothers

Nestlé's Milk Food for infants has, during 25 years, grown in favor with both doctors and mothers throughout the world, and is now unquestionably not only the best substitute for mothers' milk, but the food which agrees with the largest percentage of infants. It gives strength and stamina to resist the weakening effects of hot weather, and has saved the lives of thousands of infants. To any mother sending her address, and mentioning this paper, we will send samples and description of Nestlé's Food.

WHARF AND WAVE.

DIAMOND HEAD—June 30, 10 P.M.—Weather, cloudy; wind, fresh E.

The Lehua is in port.

The steamer Hawaii leaves port this afternoon.

The W. G. Hall leaves port tomorrow morning.

The bark R. P. Rithet is due from San Francisco.

Five island steamers came in on Saturday with sugar.

The Waialeale is at the marine railway and will be overhauled.

The W. F. Witzman has moved to the foot of Allen street to finish discharging.

The schooner Aloha left for San Francisco yesterday with about 600 tons of sugar.

The bark Matilda arrived from the Northwest yesterday with a cargo of lumber.

The Consuelo is in port at Kahului. She arrived from San Francisco on the 27th inst.

A boat race between a crew each from the Bennington and yacht Eleanor may be arranged for the 4th of July.

The barkentine S. G. Wilder sailed out of the harbor yesterday morning. Her cargo consisted of 17,058 bags of sugar.

The R. P. Rithet will be the next merchantman in port. She is 15 days out from San Francisco with a full cargo of general merchandise.

The cranky Kahului arrived at Kahului on the 26th inst. Fears were entertained for her safety, as it was claimed she left San Francisco with too much freight on board. She is scheduled to leave for San Francisco today.

The Likelike will leave for Maui tomorrow afternoon, taking the place of the Claudine, laid up for repairs. When the latter vessel is ready for sea again she will relieve the Kinau for a trip or two, while the Hilo packet receives an overhauling.

The ship Manuel Llaguno, Captain Small, left for New York yesterday with about 2800 tons of dark sugar. She was towed out. During the morning three of her sailors were brought aboard in irons. Captain Small shipped some natives and Japanese to complete his crew.

FITS CURED

(*From U. S. Journal of Medicine.*)

Prof. W. H. Peeke, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician; his success is astonishing. We have heard of cases of 20 years' standing cured by him. He publishes a valuable work on this disease which he sends with a large bottle of his absolute cure, free to any sufferer who may send their P.O. and Express address. We advise anyone wishing a cure to address, Prof. W. H. PEEKE, F. D., 4 Cedar St., New York.

Of Interest to Managers of Plantations.

A Model Plant is not complete without Electric Power, thus dispensing with small Engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pumps, Centrifugals, Elevators, Plows, Railways and Hoists; also furnish light and power for a radius of from 15 to 20 miles.

Electric Power being used saves the labor of hauling coal in your field, also water, and does away with hihg priced engineers, and only have one engine to look after in your mill.

Where water power is available, it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers, and all Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also attention is given to House and Marine Wiring.

National Cane Shredder

(PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.)

Mr. John A. Scott, Manager of the Hilo Sugar Company gives the following wonderful record of the working of the NATIONAL CANE SHREDDER, which was erected by their works at the commencement of the crop just harvested:

"During the past week the Hilo Sugar Company's mill exceeded any of its former records by closing the 125 hours grinding with an output of 300¾ tons. This is fully 10 per cent. more than the best work of former years.

"The three roller mill being 26 in. by 54 in. and the two roller mill 30 in. by 60 in. The first mill doing this amount of work in an efficient manner and with great ease, compared with work on whole cane, owing to thorough preparation of the cane by the National Cane Shredder, recently erected by the Company. And by its use the extraction has been increased from 3 per cent. to 5 per cent. on all kinds of cane, and in some cases 80 per cent. has been reached; the average being 75 to 78 per cent., according to quality.

"I continue to find the megass from shredded cane better fuel than from whole cane.

"The shredder has been working day and night for seven months and has given me entire satisfaction, having shredded during that time about seventy thousand tons of cane, and a large part of it being hard ratoons.

"The shredder and engine require very little care or attention."

Plans and specifications of these shredders may be seen at the office of
