CONCORD---LEXINGTON.

Sons of Revolution Celebrate Early Victories.

CHIEF JUSTICE IS THE HOST.

The House Transformed into a Bower of Flowers—Resident Jones Makes an Address—Reminiscences of a Visitor to the Famous Old Town.

The home of Chief Justice Albert Francis Judd, L.L.D., on Nuuanu avenue was filled last Saturday night with the members of the Hawaiian Society Sons of the American Revolution, who with their wives and a number of especially invited guests met in honor of the 121st anniversary of the Battle of Lexington and Concord, "Lexington Alarm Day" as it is called by the patriots now-a-days.

Beautiful flowers and plants made the spacious home of the Chief Justice a thing of beauty indeed. The guests were made speedily welcome to the hospitality of the Judds by members of the family. At 7:30 o'clock the president of the society, Hon. Peter Cushman Jones, called those present to order in the front parlor and after invocation by Compatriot Birnie, in a speech described the glorious day on which the patriotic sires of those present had made the stand against the troops of King George 121 years ago. Vice-president of the society, Chief Justice Judd, followed in a more detailed account. How the gallant Paul Revere had ridden away at night to warn the patriots John Hancock and Samuel Adams of their danger from arrest by the British authorities. How the bridge over which the minute men retreated was torn up so as to prevent the enemy following but, unfortunately, the planks had been placed on the wrong side of the stream and the soldiers simply had to replace them.

How that these few shots fired had been heard in all the thirteen colonies east and west, north and south, and the blood of the patriots who fell on that day was speedily avenged on the soldiers of England. Mrs. W. W. Hall followed in a stirring rendition of Longfellow's "Paul Revere's Ride" which evoked long applause. Mrs. Henry Castle then spoke in a most interesting way of "Lexington 100 Years After." This town has been Mrs. Castle's home and she described the great ceremonies at the 100th anniversary of the Battles of Lexington and Concord when the late president U. S. Grant and thousands of Americans wended their way to this liberty spot. Though but a child at that time, Mrs. Castle remembered the dreary, drizzling day and the great crowds that thronged the village on that auspicious day. The old house in which Paul Revere had his interview with John Hancock and Samuel Adams was described and although still inhabited was being pulled down right on the heads of the dwellers therein by patriotic relic hunters. Marble slabs mark the spots of interest around these historic towns and the annual recurrence of the 19th of April brings a concourse of people from all over the East to Concord and Lexington to view again the place where our forefathers laid down their lives for liberty. Mrs. Castle was at Lexington a year ago and found the place thronged on that day with sight seers. All through Massachusetts and in all the older states markers have been placed by the Society of the Sons of the American Revolution on the spots where great events occurred in the War of the Revolution. "Fast Day" in Massachusetts has been changed to "Patriots' Day." Mrs. Castle spoke in a conversational tone and her speech was full of witty reminiscences. When she concluded the audience only wished it had been three times longer. William Douglas Alexander gave the genealogy of his distinguished ancestor, Colonel Douglass, who commanded a flotilla on Lake Champlain during the Revolution and died a martyr to the cause in 1777. President Jones spoke of the formation on these Islands of a chapter of the Society of the Daughters of American Revolution.

Mrs. A. F. Judd has been named as Regent and the complete organization of this society will soon be accomplished. The exercises concluded with the singing of "America" by all present and it was sung with a hearty good will indeed.

At the close President Jones urged that all those eligible not yet affiliated with the society, do so immediately. The aims of the society are purely patriotic. The Hawaiian Society now numbers forty-three members. Refreshments were served in the diningroom and those present indulged in interchange of opinions until half past ten.

Among those present were President and Mrs. Dole, Chief Justice and Mrs. Judd, Minister and Mrs. Cooper, Minister and Mrs. Damon, Attorney-General and Mrs. Smith, Commander J. E. Craig, U. S. N. of the U. S. S. Concord, Miss Chamberlain, Mrs. Chamberlain, Mother Castle, Mrs. H. N. Castle, Miss Gray, the Misses Birnie, Mr. and Mrs. W. W. Hall, Rev. Douglas Putnam Birnie, Hon. and Mrs. P. C. Jones, Mrs. Parmelee, Professor and Mrs. Alexander, William Douglass Alexander, George Washington Riggs King, Mr. and Mrs. Charles H. Atherton, Mr. and Mrs. Frank Stanwood Dodge, Mr.

The Lord, Strong and Mighty, the Lord mighty in battle.

Minister—Lift up your heads, O ye gates; even lift them up ye everlasting doors, and the King of Glory shall come in.

People—Who is this King of Glory? The Lord of Hosts, He is the King of Glory.

CLOSE OF CELEBRATION.

Sermon at Central Union Church Last Night—Good Music.

The evening service at Central Union church yesterday was in the nature of a celebration of the 121st anniversary of the battles of Lexington and Con-

Then followed a description of the beginning of the American Revolution from Paul Revere's ride.

Why were the events of the beginning day of the Revolution of such tremendous importance to the people of America? Why did men of one nation and one language stand face to face in deadly strife in front of the very churches where they were wont to worship God—by the side of cemeteries where their loved ones were buried?

It was simply because the thing had to be. It was a crisis in the history of civil liberty. In the Hebrews as they went out of Egypt, in Martin Luther, in the Scandinavian people, who gave the back-bone of vitality to the Anglo Saxon race, in lives all down through the ages, there existed the same spirit made manifest in the Revolution—liberty.

The leaders and the people did not want war with England—in fact it was the last thing they looked for. They were driven into it by the resistless onward current of liberty.

After the first fight the whole people were as a unit for the defense of their common liberty. It was not Revolution but Evolution. Certain things had been done—certain evils committed. There must needs be an outbreak.

Teach the children to commemorate the day; teach them of the great principles at stake; of the fathers fighting for civil liberty; of the immortal God, moving in the hearts of men; of the lesson of liberty and of resistless of-fense to evil when it comes.

Dr. Birnie then spoke of the men who were trying to lead America into war as being people unacquainted with the terrors and hardships. In the old time, might made right. In the present day the question of muscle was unable to settle questions between individuals. Calm thinking was the power needed to settle differences in a rational, christian-like manner.

Patriotism, philanthropy, sound statesmanship and religion agree in that careful study and sound thinking were requisite in settling questions relative to these.

America and England as the two leading nations in the world should set the example of the settlement of differences by modes other than the use of powder and shot.

HON. ALBERT FRANCIS JUDD.
Drawn by H. Roberts of the Advertiser staff from a photograph by J. J. Williams.

and Mrs. George R. Carter, Mr. and Mrs. Amos Francis Cooke, Mr. and Mrs. William Olmstead Atwater, Mr. and Mrs. Charles Webster Day, Mr. and Mrs. John Efinger, Colonel and Mrs. Wm. Fessenden Allen, Hon. and Mrs. Lorrin Andrews Thurston, Wm. Joseph Forbes, Mr. and Mrs. Sidney Miller Ballou, Mr. Wm. Cooper Parke, Mr. and Mrs. Elias C. Bond, Mr. Joseph Swift Emerson, Doctor and Mrs. John Scott Boyd Pratt, Miss Hartwell, Miss Panahi Judd, Miss Agnes Judd.

Letters of regret were read from Compatriots John Walter Jones, James Adams Martin of Hilo, Luther Severance of Hilo and Clarence Munroe Walton of Pahala, Hawaii. Compatriots Lloyd Osborne of Wailima, Samoa, Charles Montague Cooke of San Francisco, Henry Wild Severance of Dover, N. H., Frederic Carlos Smith, Winthrop Channing Hammond, Orlando H. Harlan, Edwin Austin Jones, Charles Porter Colburn of Cincinnati, Henry Reed Hollister, were unavoidably absent.

The next meeting will be on the anniversary of the Battle of Bunker Hill, June 17. The committee in conjunction with Rev. Birnie showed good taste in arranging the following:

ORDER OF EXERCISES.
Organ Prelude.
Doxology. Invocation. The Lord's Prayer.
Hymn, "America," 1059.
Responsive reading:
Minister—The earth is the Lord's and the fullness thereof, the world and they that dwell therein.
People—For He hath found it upon the seas, and established it upon the floods.
Minister—Who shall ascend into the hill of the Lord, and who shall stand in his holy place?
People—He that hath clean hands and a pure heart, who hath not lifted up his soul unto vanity, nor sworn deceitfully.
Minister—He shall receive the blessing of the Lord, and righteousness from the God of his salvation.
People—This is the generation of those who seek Him, that seek thy fall O Jacob.
Minister—Lift up your heads, O ye gates; and be ye lift up ye everlasting doors; and the King of Glory shall come in.
People—Who is this King of Glory.

cord, the beginning of the American Revolution of 1775.

The church was well filled, the seats immediately in front of the pulpit being occupied by a goodly number of the Hawaiian Society, Sons of the American Revolution.

The organ prelude by Mrs. A. F. Judd and the doxology was followed by the singing of "America" by the congregation. The anthem, in which Miss Jessie R. Axtell sang the solo part in a most effective manner, was a beautiful selection for the evening. The hymns "Libertas et Patria," dedicated to the Sons of the American Revolution, was sung to the tune of "Geneva." Mrs. Montague Turner sang "The Palms."

In the beginning of his sermon Rev. D. P. Birnie dwelt upon the Feast of the Passover as a celebration by the Jews of the magnanimity and power of Almighty God in delivering them out of slavery.

This liberty festival of the Jews was a symbol of the splendid way in which people can keep memorial days fresh in their minds.

Dr. Birnie dwelt upon the celebration of the memorial day of the Sons of the American Revolution and asked why people should look back to the beginning of the American Revolution at Lexington and Concord? Why remember that people of the same race and language came together in bloody strife? Why relate over and over again the story so familiar to every American boy?

X RAYS IN A SLOT MACHINE.

Drop a Nickel and See the Bones in Your Hand.

NEW YORK, March 29.—Thomas A. Edison ceased experimenting with X rays today just long enough to see some Coochee-Coochee dancers photographed for exhibition in his kinetoscope. Then he went back to his Crookes tubes and stayed at work all night, for his wife was away.

The wizard has almost completed another nickel-in-the-slot machine. You put your hand in a box containing X rays and a fluorescent screen. Drop in a nickel and see the bones of your hand.

Machines in the laboratory are at work building the big fluoroscope, by which the inventor expects to see within the human body. It will be six feet high and four feet wide, large enough to see a big man standing. A battery of half a dozen or more Crookes tubes will supply the X rays.

Mr. Edison is not content with a tube which allows him to see through steel an eighth of an inch thick, or through eight inches of wood. More power in his tubes is what he seeks, and he believes he will soon attain it.

First Methodist Episcopal Church Dedicated.

IS NOW FREE FROM DEBT.

Eloquent Sermon by Dr. Dille Sunday. Handsomest Church Decorations Seen in Years—Old Missionaries Take Part—Liberal Donations, Etc.

Yesterday will long be remembered by the congregation of the First Methodist Episcopal Church as the one on which the building was dedicated to God free from debt.

Rev. E. R. Dille, D. D. of San Francisco came down upon the solicitation

REV. HARCOURT W. PECK. Pastor First M. E. Church.

of Rev. H. W. Peck, the pastor, to preach the dedication sermon and the church was crowded by representative people to listen to his able discourse. The altar rail was most artistically decorated with fragrant and beautiful flowers and the chancel wall back of the pulpit was covered with three large palm branches; from the center one a bunch of white calla and Easter lilies hung gracefully. Potted plants were numerous all over the platform. A very refined decorative taste was exhibited in arranging the flowers.

Officiating at the services besides Dr. Dille and Mr. Peck were the venerable missionaries Dr. Hiram Bingham and Rev. Sereno Bishop. The Japanese Minister, Rev. H. Kihara, occupied a chair at the right. Each took part in reading passages from the scriptures or in announcing the hymns to be sung by the congregation. The dedication sermon by Dr. Dille was upon the "Certainties of Religion." The speaker held the attention of the audience for fifty minutes by his elo-

SENATOR HENRY WATERHOUSE. President Board of Trustees.

quence and in illustrating his subject by relating instances which have come before him in his life's journey and using them as comparisons with the words of the Bible. He spoke of God and religion as easier to become acquainted with, if one's heart is right, than even an intimate friend. His word pictures were interesting in the extreme.

Speaking of the church Dr. Dille said it was here to remain, as any other church, was expected to; he never heard of a Methodist church going under once it was built. As to this particular church, the fact that it was to be dedicated free from any indebtedness, and with probably a surplus to the good, was something phenomenal. For that reason he was sure the church would stand and the congregation would grow differently from that of a Presbyterian church in Nevada where the membership decreased to one old lady. One of the Board of Missions visiting there saw the state of affairs and notified the old lady that he thought it best to disband the church. But the only remaining member was faithful and refused to disband.

At the close of the sermon Rev. H. W. Peck and the congregation read the 128th Psalm responsively. The reading of the financial state-

ment by C. B. Ripley, treasurer, was next in order. Following is a copy: Total subscriptions \$6,718 66 Total amount paid in to date 5,351 09 Total amt. to be collected \$1,367 66 Less amt. considered doubtful 350 00 Net amt available subscrip's \$1,017 66 Cash on hand \$1,298 46 Total assets \$2,316 12 Bills payable 2,144 77 Surplus \$171 35 Property cost \$10,000; \$8,000 of this amount is unpaid, costing the church \$560 per year interest and \$480 of this amount is received in rent leaving but \$80 per year as amount to be paid by church. Amount paid on lot \$2,000 00 Cost of deed, mortgage on lot, etc. 109 00 Insurance 75 20 Total cost of building 3,069 85 Total cost of furnishings 942 76 Treasurer's book 50 \$6,197 31

Of the subscriptions there was one of \$1,000; one of \$500; one of \$300; five of \$250; one of \$200; three of \$150; seventy-five aggregating \$3,018.66; eighty-seven subscribers averaging \$77.22 each.

Senator Henry Waterhouse, president of the board of trustees, accompanied by the other members of the board then stepped to the altar rail and presented the church, Dr. Dille read the declaration and afterward made the dedicatory prayer. The services concluded with the congregation singing the doxology after which Rev. Sereno Bishop pronounced the benediction.

Following is the regular order of services at the morning services. It was faithfully and excellently carried out. Hymn No. 5. Invocation by the pastor, Rev. H. W. Peck. Scripture lesson, 2 Chron. vi. 1, 2, 18-21, 40-42; vii. 1-4. Rev. S. E. Bishop. Hymn No. 8.—Rev. H. Kihara. Scripture lesson—Hebrews x, 19-26, Rev. H. Bingham, D. D. Morning offering. Hymn No. 178. Sermon by Rev. E. R. Dille, D. D. Theme—"Certainties in Religion." DEDICATION SERVICE. Psalm 122, read responsively. Financial statement by Mr. C. B. Ripley, secretary board of trustees. Presentation of building by Senator Henry Waterhouse, president of trustees. Declaration. Dedicatory prayer—Rev. E. R. Dille, D. D. Benediction—Rev. S. E. Bishop. Doxology—Congregation.

CHINESE OPERA.

The Story of Francis Cludde Set to Music—Three Weeks to Run.

The opera at the Chinese Theatre, managed by the Fung Tong Ming Co., Palama, is the story of Francis Cludde and treats of a poor young man who went to the war, leaving his wife with only a few dollars with which to sustain her during his temporary absence. He liked his job so well that he held on to it for 18 years, during which period he heard from his wife but once, and then by a letter written in blood on a piece of undergarment, because she was not supplied with writing material.

During his absence he advanced in his vocation as soldier until he became a General and had much fine gold. On returning home he found his wife still keeping house at the same old stand, but as he had grown rich and a full beard during his absence, she failed to recognize him and refused to allow him to pass through the door of the cottage, which was represented by a chair.

The character of the wife was taken by a Chinese gentleman with a split voice and was fairly well acted. The husband in the opera is a star in the profession and draws \$150 per month, with chances of being stoned by the audience if he makes a mistake in his lines. People up in the language pronounce him a first-rate actor. The musicians earn their salary.

People who would like to buy a volcano may now do so if the advertisement in some of the London dailies are bona fide. Among other advertisements of auction sales the island volcano situated in the Liparian Archipelago is announced for sale to the highest bidder at auction during the next month. The crater on this island has been slightly active for a number of years past, though no immediate danger of an eruption is feared.—Ex.

The positions men hold are so uncertain these hard times that every woman should learn how to cook well enough to keep boarders.—Atchison Globe.

HOW TO DRESS GIRLS.

A Pretty Style For a Girl Twelve or Fourteen Years of Age. A dress which may be made in a variety of material for a girl of 12 years consists of bodice and skirt, the former fastening at the back. The model seen was a combination of serge and velvet and required of velvet 1 1/2 yards and of double width serge 5 yards. The color was navy blue. The bodice is fitted on a lining and the front is cut sufficiently large to allow its falling in those places which slightly overhang the narrow waistband. This latter accessory does

not take on and off, but with its beaded edging covers the material band which joins bodice and skirt together. In order to give the skirt that appearance of fullness round the waist, it is cut with a slightly gored front, which, like the back piece, must have no seam down the center. There are two side gores. By side gores is meant that they are just shaped to fit the front gores, but are not accentuated as so many of the little tweed gored skirts are. It will hardly be necessary to line the skirt, so that the hem need only be turned up and hemmed. If you wish it lined, use the same pattern for cutting out your lining as for the material.

A coat shape lining is the foundation for the leg o' mutton sleeves, a little bead edged velvet cuff giving them a pleasing finish. The coat of this frock lies in the velvet braces, which are entirely novel in design; they extend from front to back and are trimmed with fancy metal buttons and a jet edging. Each brace is cut out of a length of velvet, and there must be no join on the shoulders. If new material is to be purchased for this dress, you cannot do better than to select a diagonal coating, as this is a cloth which has been selected to make a number of the new spring models.

Overdoing In Music. Overdoing is as censurable as underdoing. To practice 18 or 15 hours a day is fully as fatal as to practice only 1 hour. To play fortissimo or pianissimo where only forte or piano is required will spoil the effect. To substitute largo for andante, or presto for allegro, will often cause a failure. A concert programme one hour and a half in length, containing a due proportion of popular music, will give more satisfaction to the average audience than one three hours long made up exclusively of "the good old classics." "Let your moderation be known to all men," is the advice of a writer in The Etude.

A Word About Sheets. Make sheets 2 3/4 yards long, when hemmed. With a sheet of that length securely tucked in at top, bottom and sides a bed may be always comfortable, for if it become full of wrinkles it is as bad as if full of crumbs. Lift each end and side of the mattress and fold the sheet smoothly and tightly under it. Fold the upper sheet and coverings well under at the foot and make sure there is enough of the upper sheet to cover the blankets at the top and prevent their touching the face.

Orange Sponge. Take a pint of orange juice, sugar to taste, half an ounce of gelatin, and the whites of 2 eggs. Melt the gelatin in a little water, and add the juice and sugar with which 2 oranges have been rasped. Place it over the fire and stir until melted, then cool, beat in the whites of the eggs, and mold. Turn out and garnish with a fresh orange in sections, or a preserved one in slices.

Homemade Calendar. Calendars are convenient affairs which find a place in every room in some homes. There are countless ways of making them. A unique design illustrated and described in The Household

GOOD LUCK CALENDAR. It is easily executed: It has four leaf clovers scattered irregularly over a small water color panel. The calendar is secured somewhere among them, and fancy lettering displays the greeting, "Good Luck to You."

Art Goods. The demand for colors, both water and oil is the surest indication of a refined taste among the ladies of the Islands. We are in a position to supply the demand. A full supply of colors, brushes, oils, varnish and canvas always on hand. Picture framing, satisfactory picture framing, is due largely to the taste displayed in the selection of mouldings that will harmonize with the picture. We have the taste and mouldings. Let us give you a suggestion.

King Bros., HOTEL STREET.

The Birthstone for April is the Sapphire. The Value Of Good Eye Sight.

Some things are right in my line, and the optical business is one of them. This department is one to which I devote most of my time, giving the greatest amount of care and attention to each individual case. Eyes are tested in a scientific manner.

The latest appliances are used, which make the test less trying to the patient, and we guarantee absolutely perfect results in every case. The value of a correct and comfortably fitting glass cannot be overestimated in such cases where the trouble is directly due to imperfect vision. Many see distant objects well, yet are constantly troubled with perhaps headaches, a burning sensation in the eyes, or occasional blurring of the print when reading, yet are reluctant to attribute it to an actual defect of vision.

Being able to discern distant objects, is by no means a sure indication that your eyes are normal. Extreme far sight is as great a defect as near sight, and requires the same treatment.

Glasses are the only relief, and these should be of the right kind. It is our business to supply you with only these.

A Model Plant is not complete without Electric Power, thus dispensing with small engines. Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pumps, Centrifugals, Elevators, Plows, Railways and Hoists; also furnish light and power for a radius of from 15 to 20 miles. Electric power being used saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill. Where water power is available it costs nothing to generate Electric Power. THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of all kinds of electrical and all Electrical Goods. All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also attention is given to House and Marine Wiring. THEO. HOFFMAN, Manager.

KAMEHAMEHA CONCERT

Preparations Are Being Made for the Event.

THE SCHOOL BAND WILL PLAY.

Most of the Members of Old Glee Club Will Contribute—Program of Rare Excellence—School Boys May Call on You Later—Transportation, Etc.

In view of the Kawaiabao concert, the tickets for that at Kamehameha will not be on sale until after the public have had sufficient opportunity to secure tickets for the Kawaiabao, which takes place on the 25th of this month. About the middle of this week, however, the gray uniforms about town will indicate that the cadets are neither foraging nor recruiting, but privateering for athletic ammunition. They feel confident, however, that they are on friendly territory.

The Alumni Association Glee Club will be one of the drawing-cards and as they have among their number some of the best singers of the original and old-time Kamehameha Glee Club, they may be expected to acquit themselves well. The association itself will be interested in the financial returns. Their interests and those of the school are one, so the school boys want that library to succeed.

The school glee club will bear the brunt of the evening, but Prof. Berger has not been training the band for naught these two years, and in the large building, big enough to allow of their being a safe distance away, they are expected to be not a mere object of good-natured curiosity, but of real musical interest.

By the way, the gymnasium will hold 500 comfortably, see? The public is not to be cajoled by the fact that the Government band plays its moonlight concert on Kamehameha that evening. A rather remarkable coincidence, but the management will guarantee that there will be no "roping in" methods employed, and that the visiting public are not in a strait betwixt two simultaneous entertainments.

The fact that Tuesday evening is the regular evening for a full moon is another coincidence in favor of all who desire to concern themselves in the matter. The large chorus trained for a tar's song are glad that there are so many vessels in port and they are to have the support of Prof. Berger's orchestra to assist in some very desirable effects with which to please all visiting seamen.

How get out there? The management feel somewhat mortified at the mere suggestion that a transportation attraction is necessary, and have left till the last a hint that the very small part of the community who are interested in "cut rates" will be landed at our doors for the price of admission.

SHIPS AT HONOIPU.

Improvement in Landing—New Steamer Route to Kailua.

HONOIPU (Hawaii), April 12.—The new four-masted schooner Muriel, belonging to R. R. Hind, cleared from Honolulu on Friday, April 10th, with 14,237 bags of sugar, en route to San Francisco. The Muriel is a new vessel, beautifully fitted up with accommodations for eight or ten passengers. She has proved herself a fast ship by coming from La Libertad, C. A., to Honoipu in 24 days, a distance of over 4,200 miles.

The new Hawaiian steamer Iwa is now making regular trips between Honoipu and Kailua, Kona, carrying freight and passengers, who can now make the trip from Kohala to Kailua in eight or nine hours, of smooth sailing, and thus avoiding the hard and rough trip overland by way of the lava flows.

The landing at Honoipu has been greatly improved by the addition of a steam crane for handling of freight, and as a rule the

passengers have only to go down the stairs and step into the boat, the steamer being within seventy-five yards of the shore. The harbor has had a number of new moorings placed and a large pontoon added for handling of heavy freight, making it second to none on the weather side of the island.

Hotel Arrivals.

Hawaiian—Robert Halstead, Waialua; Charles Gay, Makaweli, Kauai; Wm. McGowan, Heeia; John A. Scott, Hilo; E. J. Witcher, wife, child and nurse, Waikiki; F. M. Lewis, city.
Arlington—V. A. Vetleson, Wailuku, Maui.

THE "Success" IS THE PERFECT FILTER!

BECAUSE:

First—The filtering medium is Tripoli Stone which does not receive into its pores the filth and germs it extracts and which is always the same, no matter how long in use.
Second—The action of the filter downward, from an upper to a lower jar, passes the water, drop by drop, through the air, restoring the oxygen thereby which the water may have lost from stagnation, confinement, or otherwise, and imparting to it freshness of taste, sparkle and vitality.
Third—Its action is as rapid as is consistent with efficiency. A too rapid filtering does not wholly remove impurities.
Fourth—Every part is accessible for cleaning, and without laborious effort. Thorough cleanliness is the chief requisite of any good filter.
Fifth—The jars being made either of stoneware or porcelain insures water being kept pure and uncontaminated after being filtered.
Sixth—Stoneware for those who desire an efficient yet low-priced filter, and the finest porcelain, decorated to suit, enables the SUCCESS to accommodate itself to the wants of all in the matter of price.
Seventh—Its construction admits also of its capacity being adapted to suit the wants of all, from the individual tourist to the largest hotel or laundry.
Since introducing the Success Filter, we have sold a large number of them, and they give perfect satisfaction.

This cut shows a sectional view of the STONEWARE FILTER, Styles 1 and 2.

Set up ready for use. There are two crocks, each of four gallons capacity—an upper one holding the Filter Block as shown, and a lower one, which can be used as a water cooler, if desired. The block is four inches in diameter by the same in height, and is hollowed out on inside. This fits on a metal tube, which fastens by means of the nut, shown in separate cut, to bottom of Filter Jar. Block can be lifted off tube, cleaned and replaced in two minutes, and with no trouble at all. Water passes from outside of block, through the walls into the hollow chamber, and from thence, by means of the Drip Tube, into the lower receptacle.

STYLE 1. Best Dark-Glazed Stoneware

Family size, as shown with an upper and lower jar, each of four gallons capacity. Hotel or restaurant size, 10-gallon top and bottom crocks, with four blocks (quadruple capacity).

STYLE 2. Best Salt-Glazed Stoneware

Same sizes as style 1. Try one. To be had of E. O. HALL & SON, AGENTS.

GREATER BRITAIN.

Find me a man of the allied race
In his warm heart I'd make a place.
No warrior, then, with armed oppression,
A bold conception not too vast,
This bond of union that shall last.
A view of the future built on the past;
Call we it Greater Britain.

"To every land with English speech,"
You're one and all within the reach
Of this our Greater Britain.
Haste we the day, speed we the time
Our tongue is heard in every clime.
But a greater thought, yes, it's sublime;
Greater, Greatest Britain.

J. S. BAILEY.

Greater Britain, what does it mean?
Grandest nation the world has seen.
Sponsor for peace and truth.
No warrior, then, with armed oppression,
To disturb the peace of quiet possession,
Of liberty true the open confession,
This plan of Greater Britain.

"Impute it, I beseech you, to no defect of modesty if I insist a little longer on so fruitful a topic" as that of Woven Wire, that sublime combination of iron and wood; that ready bringer of sleep. Woven Wire Bailey makes these beds right here in Honolulu.

WALLACE R. FARRINGTON, EDITOR.
MONDAYApril 20.

Following is the foreign policy plank of the platform adopted by the Massachusetts Republican State Convention which elected Reed delegates to the national convention at St. Louis: "We believe in a foreign policy which shall be at all times and with all nations, firm, vigorous and dignified."

"Our interest in the American continent must be carefully guarded, and for the protection of those interests we should maintain our influence in the Hawaiian Islands, and build and control the isthmian canal. We have never interfered, and shall not now interfere with the long established possessions of any European power in the Americas. But those possessions must not be extended. The Monroe Doctrine, as declared in 1823, and enforced in 1865, and in 1895, must always be upheld."

Marshal Brown in his report draws attention to the fact that children of tender years are often on the streets late at night and that the law does not give the police power to send them home. Though averse to laws controlling the liberty of the subject, yet we cannot see why a law should not be enacted which would have the effect of keeping children off the streets after a certain hour. In the lower slums of the city it is no uncommon thing to see children running about till after midnight. We force these children to school during the day and do our best to teach them moral truths, but we do nothing for them during the rest of the twenty-four hours. All that has been taught in the early part of the twenty-four hours is pretty well obliterated during the remainder of the time. These children see sights and hear language which they should neither see nor hear.

We would again call attention to the fact that no certificates of birth can be obtained in this country and to the very inefficient way in which such statistics are kept. Some time ago a gentleman wishing to leave the country and making application for such a certificate was told that no such certificates were ever issued. He had to go to considerable trouble to get the fact of the birth of his children sworn to before a notary. And even then we doubt very much how such an official document would be regarded in the country he hailed from, where official documents meet you at almost every turn. The Legislature has much to do, we admit, but during the time the Senate is waiting for the House to get some work ready, some member might draft a short bill dealing with this matter. Even the power to grant certificates under the present law would be a boon. But the whole law wants revising.

In the last number of the Planters' Monthly is an article from the Barbadoes Agricultural Gazette which contains many suggestions that may be considered with profit by the people of Hawaii. The article opens with the quotation: "Jamaica that has led in the path of new industries is now the most prosperous of West Indian Colonies," and goes on to state that notwithstanding a depression in the sugar market Jamaica's prosperity has continued as a result of the numerous agricultural industries which the colony has to fall back upon. The day of sound Hawaiian prosperity will dawn when its sugar making industry is supplemented by the cultivation of other money-making crops. At the present time the spirit of the nation rises and falls with the sugar market, and this condition will continue so long as we adhere to the one-crop principle. It behooves the people of this country to follow the advice of James G. Blaine and "put an anchor to windward." In this case the larger the number of agricultural anchors the greater the profit to the sugar planter as well as the merchants.

THE FUNDING BILL.

Lorin A. Thurston's remarks upon the bond issue given in another column sound the keynote of the opinions held by the progressive people of the country. Although the Senate Finance Committee has not reported upon the bills introduced by Minister Damon, from all that can be learned, the members have drawn some conclusions which, it is reported, will lead them to render a unanimous report in favor of letting the matter go over to the next session.

If such is the case, the people may well ask of their representatives in the Legislature, "What are you here for?" We have previously stated and still believe that Minister Damon made a mistake in matters of detail connected with drafting the bills, but upon the general principle of consolidating the public debt his position is a sound one and entirely in keeping with the business-like administration that will continue this Republic in its aggressive forward march. What of it, if there was a mistake made in drafting the bill? Is this any reason why the people of the country should fold their hands and wait for two years before figuring on placing the public debt at a lower rate of interest? Most certainly not. Slight imperfections in the measures now before the Legislature should not deter them from going to work and making obvious improvements.

This country is today in a position to take up its 6 per cent loan and obtain money at from 4 to 4.6 per cent. What business firm in the same position would dilly dally over minor questions of detail that now confront us? In view of the work to be done in the extension of public improvements, in view of the possibilities of annexation, in view of the principle that has characterized the history of the Republic, we cannot afford to allow this question of public finance to go by the board and await a more convenient season which may never be forthcoming.

Nothing will strengthen our position as an applicant for admission to Uncle Sam's realms, more than a strong, fearless and business-like internal policy during our existence as an independent nation. Why should we go to the United States with a 6 per cent. debt on our hands, when we can secure a 4 per cent. rate? The present funding bill proposes a large discount and commission. Cut down this discount and commission; it is easily done.

The bill presupposes going to England for money. Give Hawaiian capitalists an opportunity to invest, give American capitalists the same opportunity, and if these men do not care to invest, go to some other market, but don't let a matter of disagreement upon the first draft of a bill give the country a set-back from which it cannot recover until the next session of the Legislature. The country that banks on futurities will wake up some fine morning to find its life sadly bewailing the inactivity of the past.

DR. JAMESON.

The next steamer from the Coast will probably bring us the result of the trial of Dr. Jameson and his principal officers. There is much that is picturesque in Jameson's ride and fight, but however one may be struck by its picturesqueness and its bravery, none the less is the act which Jameson committed a crime. Wash off the effervescent wave of jingo patriotism and there will be found plenty of good common sense in England to condemn the action of Jameson, which after all is but the outcome of Cecil Rhodes' policy. Our belief is that Jameson and his companions will be punished and punished severely. They have certainly engaged the very best legal talent at the English bar, but brilliant forensic ability will not rub out facts, however it may try to garble them, and a jury of non-partisans is not liable to be carried away from the main point by glittering generalities about patriotism.

The "Westminster Gazette" says "the people who cheered Dr. Jameson yesterday will cheer Mr. Chamberlain tomorrow and President Kruger, if he comes, a month later. * * * To infer from it that the offense, of which Dr. Jameson is charged, is lightly regarded in this country, or that, if it is brought home to him, no jury will convict, is altogether beside the mark." The "Manchester Guardian" regretted that Jameson and his men had been received as they had. Of course Labouchere's "Truth" has been very bitter against him and has seized the opportunity to attack Cecil Rhodes very fiercely. But in spite of his strong invective Labouchere is the exponent of the opinions of a large number of the English people, or perhaps we should say he is the leader of the opinions of many people. Taken altogether we believe our diagnosis of the case will prove a correct one and that is that the "hero of the music halls" will not get off so cheaply as many people think.

Hood's Cured After Others Failed

Serofula in the Neck—Bunches All Gone Now.

"C. I. Hood & Co., Lowell, Mass.: 'Gentlemen—I feel that I cannot say enough in favor of Hood's Sarsaparilla. For five years I have been troubled with serofula in my neck and throat. Several kinds of medicines which I tried did not do me any good, and when I commenced to take Hood's Sarsaparilla there were large bunches on my neck so sore that I could not bear the slightest touch. When I had taken one bottle of this medicine, the soreness had gone, and before I had finished the second the bunches had entirely disappeared.' BLANCHE ATWOOD, Sangerville, Maine.
N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.
Hood's Pills cure constipation by restoring the peristaltic action of the alimentary canal.

AT REMOND GROVE.

Event a Celebration of the Coming of Age of George Davies.

Large Number of People Attend. Games and Sports Order of the Day.

As previously announced in this paper, a grand day of recreation was given by Theo. H. Davies to the teachers and pupils of St. Andrew's Priory and the members of St. Andrew's Cathedral Sunday School at Remond Grove, Saturday. The merry party, consisting in all of some 250 people, went down on the 9 a. m. train. Games and sports of various kinds were indulged in and a fine luncheon served. Before returning three cheers were given for George Davies, son of Theo. H. Davies, who came of age yesterday but whose birthday was celebrated by the picnic on Saturday. After this three cheers were given for Theo. H. Davies, through whose generosity so much enjoyment came to so many people, and for Mrs. Mackintosh, wife of the pastor of the Second Congregation of St. Andrew's Cathedral, who has identified herself with all the work of the church and who has been an untiring laborer in the cause. The party returned to the city at 3 p. m.

At 4 p. m. some 150 native Hawaiian members of St. Andrew's Cathedral and the boys of Iolani College, gathered at Craigside, the home of Theo. H. Davies, and there spent the remainder of the afternoon in the enjoyment of sports, games and other pleasant occupations thoughtfully prepared for them.

The two events proved, as many who were present have stated, that when Mr. Davies starts out to give people a good time he does not go half-way.

AN HAWAIIAN ABROAD.

Maurice Beckwith Makes Debut in London—Friendly Notices.

It will be interesting to the people on the islands to hear that Mr. Maurice Beckwith, nephew of Rev. E. G. and George Beckwith, of Maui, recently made his debut as a vocalist at a fashionable concert in London, England.

Mr. Beckwith left here ten years ago to take up his studies in the East, and was a pupil of Prof. Hosmer for two years at Great Barrington, Mass.

A London paper, referring to the concert, says:

"Mr. Maurice Beckwith gave his first concert at the Steuway Hall on Monday, and catered very successfully for a large audience, who manifested throughout their appreciation of the excellent musical fare placed before them. Mr. Beckwith is far more than a vocalist. He is a musician and a teacher, but he limited his efforts on this occasion to the singing of three songs, in which he exhibited his careful training, sound method and interpretative powers."

FIRST ANNUAL REGATTA.

H. R. A. Has Arranged a Fine Program of Five Events.

Saturday, May 9th, is a good date for the sports to write in big red letters and paste in some prominent place on the inside of their hats for reference when thinking of the regatta that is to take place at Pearl Harbor. The time set is 2:30 p. m., and the first event will be a single-scutt race. Next in order will come the six-oared stationary seat, the six-oared sliding-seat barge, the four-oared practice shell (for juniors), and the four-oared practice shell (for seniors) races. Entries will be made with the secretary of the Regatta Committee, 13 Kaahumanu street. For further particulars see advertisement in this paper.

Deserves the Three Months.

Bishop Julius of New Zealand is much troubled by the number of spurious coins found in the church offertories of his diocese. In a recent sermon he said: "I never saw so much bad coin in all my life. To offer to the Church—the cause of God—money that the baker or the butcher would not accept, shocks me. The man who would do that wants the grace of God badly—or three months."

Awarded Highest Honors—World's Fair. Gold Medal, Midwinter Fair.

DR. PRICE'S CREAM BAKING POWDER

Japanese Benevolent Society. The regular semi-annual meeting of the Japanese Benevolent Society was held in the Lyceum Saturday night. The opening address was made by T. Hirose, the chairman. Next followed songs by kindergarten children, and the report of the treasurer, showing the society in good condition. An address by S. Yasumori was followed by exercises of the Japanese Grammar School. The final number on the program was the address of K. Imanishi on the revised regulations of the society. At the close of the program those present broke up into small groups for the enjoyment of pleasant society and refreshments.

The Reason for Advertising.

Advertisers use the Advertiser because they get profitable results from their advertising in it. They know, also, that each one pays a like price for a like service. Advertising space is not given to one house in order that it may act as a decoy duck for others. No "discount" for one, "special discount" for another and "extra special discount" for still another. Like price for like service is the only fair way.

HAWAIIAN GAZETTE COMPANY.

NOTICE

THE UNDERSIGNED HEREBY give notice that they have formed a special partnership under the firm name of the Kamehameha Cider and Vinegar Works, located on Miller street, in Honolulu, island of Oahu, for the purpose of manufacturing and selling cider and vinegar, with Mr. Herman Sittenfeld as general partner and Mr. G. L. Samson as special partner. Dated Honolulu, April 1, 1896. 4267-4t

W. W. DIMOND.

It is profitable, sometimes to sell goods for less than they cost--because it unlocks money that can be nimbly turned. Everyone likes to keep capital active; to have it idle means loss: first, in interest and again by the clearance sales necessary to rid the shelves of stuff that has grown old through the evil which business men should steer clear of--over stock.

If a dealer buys right there is no necessity for selling below cost even to turn capital. Our prices are right; if they were not, we could not sell carving sets for a dollar and make money.

We've other sorts, some lots higher than a dollar, but the handles and case counts for something. There is no better cutlery than we handle, from bread knives to any other kind used.

Table knives, with handles that stick on even when they are submerged in water, is something you don't get in every shop.

But it's the same way with everything we sell--quality predominates.

Dr. W. W. Dimond. Von Holt Block.

S. OZAKI,

311 King Street, Corner of Smith Street

The Beauty Indurine.

OF SOME PIANOS. Is only "case deep." It is much easier to make a handsome case than it is to put music into it. A tolerable mechanic can do the one—the other requires the best thought of a musical artist. The

COLD WATER PAINT

Especially designed for Inside Work on Factories and Public Buildings. It is a dry powder which can be prepared for use by simply stirring in COLD WATER, and can be applied by anyone, and will always produce good work. It is VERY WHITE, extremely reflective and hardens on a wall like stone, and will take any tint. It will last for years and is unaffected by gases. One coat covers better than two coats of oil paint or whitewash. It can be used on any surface and for all classes of work, even for the finest decorating.

Kroeger Pianos

All have handsome, tasteful, durable cases, but in their factory constant, careful, studious attention is given to the production of a perfect and lasting tone. The beauty and honesty of a Kroeger begins with the varnish on the case and goes straight through to the iron plate that holds the strings. We'd like to show you the inside of a Kroeger.

PIANOS KEPT IN TUNE FOR 4 YEAR GRATIS. Old Instruments Taken in Part Payment. Tuning and Repairing a Specialty.

J. W. BERGSTROM,

Office, Thrum's Book Store.

Safe Deposit Boxes

WE HAVE A FEW MORE BOXES in our Safe Deposit Vault which are not yet rented. There are four sizes, varying in price from \$12 to \$30 per year. Any private papers left in these boxes are perfectly safe, as the vaults are fire proof and are fitted with time locks, which makes them absolutely burglar proof. There are two keys to each box, both of which are given to the party renting box, and should these keys be stolen they would be useless to bearer as he could not open the box without our master-key being first inserted. Parties leaving the Islands for their summer vacations will find it a convenient place to leave any valuables. Boxes can be rented by the month or year as desired. Apply to

Hawaiian Safe Deposit and Investment Co

To Be Smartly Dressed

Does not mean to be expensively dressed. A fit money goes a long way where good taste and judgment are used. This store at all times stands ready to exemplify this fact, as hundreds can testify. Do we count you among our patrons? If not, kindly lay aside your prejudices. Come in and look the store over, investigate the goods, view them in every light, make your own comparisons as to qualities and prices. This done, and ten to one we shall make a customer of you.

OUR NATIONAL DEBT.

Logical Reasons Why it Should Be Consolidated.

FROM LORRIN A. THURSTON'S PEN

The Lord Helps Those Who Help Themselves—Money for Public Improvements—Waive Questions of Detail and Get Money in the Best Market.

EDITOR ADVERTISER:—A condition confronts us. The condition is, that the Republic owes \$3,000,000 in round numbers on the greater part of which it is paying 6 per cent. interest or \$180,000 per annum.

A further condition confronting us is that immediate pressing needs for roads, wharves and other improvements demand the further expenditure of another \$1,000,000 if the progress and development which the country is capable of is to be accomplished.

Where is this money to come from? The Legislature may put the screws on to the corporations and squeeze an extra fee out of the barbers, the doctors and the lawyers, but the gross receipts from this source will not make much of an impression on \$1,000,000.

The logic of the situation is that we must borrow or go without. To drop the contemplated improvements—the roads through Kona, Puna and Hilo—the wharves absolutely required in Hilo and Honolulu by our growing commerce, means stagnation and retrogression.

This cannot be thought of. We hope for annexation and believe that it will come in due time, but such belief and hope justify no "Macawber" tactics.

"Waiting for something to turn up," is going to build no wharves, open no lands, make no roads, and give no progress in any direction.

"The Lord helps those who help themselves." Sitting still and waiting for some one else to do something never accomplished anything yet and it never will.

While we should earnestly work for annexation and cherish the belief and hope that it will be accomplished, we should not for that reason relax our efforts for our own salvation. Like the old lady who was ready to die at any time, but made her plans as though she expected to live forever, we must at all times work and prepare for annexation but go on with our plans as though we were to be independent for all time.

If in carrying out these plans we borrow another \$1,000,000 at 6 per cent. it will mean another \$60,000 a year interest, or a total interest bill of \$240,000.

What are we going to do about it? Go along in the old groove paying 6 per cent. without making an attempt even, to get a lower rate?

The old Gibson regime with its corrupt and ignorant financing borrowed money at that rate. Can we do no better?

For ten years we have met the interest on our London bonds with not a break. Revolutions, changes, pestilence and difficulties have never caused a default in our interest, either at home or abroad.

Are we not now in a position to take advantage of our good reputation and get a little better terms? None but impecunious, defaulting, irresponsible communities now pay as high as 6 per cent. interest on their loans. In fact it has been well said that it is a suspicious circumstance for a country to be paying 6 per cent. interest on its bonds. Such fact is taken by the financial world to indicate that there is something wrong somewhere, and that the bonds must be of a speculative character. Nothing is so disastrous to national credit as such a reputation.

Is it not sound policy under these circumstances to try and cut down our interest rate?

If we can refund our existing debt at 5 per cent. we can borrow another \$1,000,000 making a total interest charge of \$200,000 only \$20,000 a year more than we are now paying. If we can refund at 4½ per cent. the annual interest charge on \$4,000,000 will only be \$180,000, or exactly what we are now paying for the use of only \$3,000,000.

Is not this worth working for? It is said that we should wait for two years and see what the United States will do.

The reply is, we want the money now—waiting to see what the United States or any other country is going to do, is unworthy of the energy, the pluck and the manhood of this country.

It is said that if we go to England for the money it will displease the people of the United States. Very well. Don't go to England if we can get the money in the United States. Don't go to the United States if we can get the money in Hawaii.

As to "displeasing the American people" if we borrow money from England when we cannot get it from the United States, and use it to develop Hawaii, which draws 37 per cent. of its im-

ports from the United States, I simply don't believe it.

Americans in every state in the Union borrow money from England. The United States Government borrowed \$50,000,000 in London only last year.

Borrowing money in London does not indicate that we love John Bull the more or Uncle Sam the less. It indicates that we have cut our eye teeth and are getting our government into line with other progressive governments, all of whom borrow in London because it is the world's money market—precisely for the reason that they buy cotton in New Orleans and hides in the Argentine—because that's where they are to be found. I believe in fostering our relations with the United States in every possible way, but do not let us become mawkish over the subject and think that we must sneeze every time our Uncle Sam catches cold in order to demonstrate our affection for him.

It is said that the bill introduced by the Minister of Finance proposes too much of a commission and an undue discount. Maybe it does. Maybe it does not. It is about the same rate that the Australian Colonies have paid in accomplishing their refunding operations.

However, that is merely a matter of detail. Change the rate of discount if thought best, but do not let us lose dollars while disputing over nickels. I can see no one step which the Legislature can take which will better demonstrate their statesmanship than to pass a bill, with all restrictions and limitations which may be deemed necessary, which will put it in the power of the Executive to refund the national debt.

If the opportunity then presents itself we shall be in a position to take advantage of it.

If it does not, we cannot blame ourselves for neglect.

LORRIN A. THURSTON.

PROGRAM

First Annual Regatta

OF THE

HAWAIIAN ROWING ASSOCIATION

TO BE HELD AT

PEARL HARBOR

Saturday, May 9th, 1896.

Commencing at 2:30 o'clock p. m. sharp

FILTERS.

The report of the executive officer of the Board of Health relative to the condition of the Nuuanu reservoirs is suggestive of something dangerous to health. It also suggests filters, good filters, something that will effectually separate the water from mud and filth.

Nature has done much toward providing the people with necessities; it has also done a little toward securing for the people, luxuries. In some localities a filter is a luxury, in others, Honolulu for instance, it is a necessity, but the natural filters that are sold have been much improved by ingenuity of man.

Charcoal is admitted to be the most thorough purifying agent known, consequently Messrs. Slack & Brownlow selected it for use in the manufacture of their filters. And we are the agents for this particular brand of filter in Honolulu, a sufficient guarantee, by the way, of the character of the article.

The latest invoices show three different, styles of the S. & B. Filters and these we have in stock, just opened them, in fact, and we want your attention.

No. 1, (we will call it No. 1) is fitted with a movable plate, so that when necessary, the carbon may be taken out and washed. It has also a movable lining allowing access to every part of the interior, which may be kept perfectly sweet and clean.

No. 2 and 3 are provided with the same conveniences for cleaning as the other, but they have the important addition that every part, including the pure water chamber, is accessible, giving them all the requirements of a "Perfect Filter."

The price of the S. & B. filter is below the others. You should have one, because it is a necessity.

PACIFIC HARDWARE CO.

Save Your Money.

The odd cents is what counts. I can save you from 25 to 35 per cent. on your clothes and guarantee a fit and perfect satisfaction in every respect.

AT GAZETTE OFFICE.

LOCAL BREVITIES.

A furnished parlor with bedroom and bath is wanted.

An experienced commercial traveler is wanted. See ad.

The "Meteors" had a delightful bike ride to Waikiki Saturday night.

The merry-go-round Saturday night was crowded with all sorts and conditions of people.

Acting Minister Ellis Mills made his first official call on Minister Cooper on Saturday.

A special meeting of the Honolulu Commandary, No. 1, will be held Wednesday evening, 22d inst. Work—Order of the Temple.

The engagement of Miss Jane Lishman, daughter of Mr. R. Lishman of this city, to Robert More of Pepeekeo, Hawaii, is announced.

G. A. Howard, Jr., and Robert F. Train have opened an office as architects at the corner of Queen and Richards, under the firm name of Howard & Train.

It is understood that Prof. Ingalls of Punahou College has accepted the position of organist at Central Union Church, made vacant by the resignation of Miss Burhans.

Y. M. C. A. and the Honolulu Library were in darkness Saturday night, owing to the incandescent lights of the Government electric light works not running. Cause, no water at the reservoir.

"Joe," otherwise Mr. Commissioner, Marsden has had a number of applications for mandioc plants since the article appeared in the columns of the Advertiser. Mr. Marsden distributed the plants as requested.

A report yesterday that another case of smallpox had broken out at the Quarantine Station was premature. A Japanese immigrant showed slight symptoms but they had not developed into smallpox up to 10 o'clock last night.

The Pacific American and National Guard Bulletin, published in San Francisco, has, in its issue of March 15th, a whole page devoted to the Advertiser's account of the scores made by the members of the N. G. H. in the international shoot.

Saturday night will be remembered by the pedestrians for the number of incipient street fights. One, between two young sports, began shortly after 8 o'clock at Nuuanu and King, and continued until half-past 9 and ended at Kawaiahao Church corner.

The Honolulu Cricket Club had some excellent practice on the club grounds Saturday afternoon. There was present a representative of the cricket players from the regular companies, N. G. H. More were not present on account of having to do duty. Regular practice again on Saturday afternoon.

Three wagonettes filled with people out for a good time were wending their way out toward Waialua, on the Kalihi road yesterday morning. They weren't going target-shooting, but one of the wagonettes broke down anyway, and the occupants had to wait for another to convey them to the picnic grounds.

A fire broke out at Pukapele, island of Kauai, on March 29th and burned till April 8th. The result was many hundreds of acres of trees destroyed. Within the last forty years there have been five or six severe fires in that vicinity. The most severe was in 1865, when the fire burned for twenty-three days.

District Court Notes.

There was very little work done in the District Court Saturday.

The case of the seven Portuguese charged with rioting was continued until Wednesday, the attorneys not being ready to proceed with the trial.

Lima plead guilty to the charge of distilling okolehoa and was sentenced to three months at hard labor and to pay a fine of \$100.

Those who are troubled with rheumatism should try a few applications of Chamberlain's Pain Balm, rubbing the parts vigorously at each application. If that does not bring relief, dampen a piece of flannel with Pain Balm and bind it on over the seat of pain and prompt relief will surely follow. For sale by all druggists and dealers. Benson, Smith & Co., agents for Hawaiian Islands.

ABOUT MUSIC.

Full Moon Concert Week—Hawaiian Band Will Entertain.

The week on which there will be nightly concerts has come around again, and Prof. Berger will do justice to the occasion. The program for tonight, given below, is full of good musical selections and those for the balance of the week will be quite as good.

Tonight the concert will be at Emma Square; Tuesday night, Thomas Square; Wednesday night, Makee Island, and Thursday night, Thomas Square.

Part I.
March—Illinois Battleship . . . Sherman
Overture—Zampa . . . Herold
Selection—Nabucco . . . Verdi
Three Hawaiian Solos and Choruses.

HEAD-EASE.

Cures All Headaches.
SAFE TO TAKE.

There is not the least reason why anyone should suffer with headache, when a remedy like Head-Ease can be had. It is a remedy that you need not hesitate about taking. It does not contain any opium, antipyrine, hyoscyamus, morphine or other dangerous drugs. It is therefore safe to take. There are no disagreeable or bad after-effects, the system does not become habituated to its use; you do not have to increase the dose, and the stomach or nervous system is not disturbed by its use.

Head-Ease is put up in powder form, one dozen powders in a box. It cures all headaches from whatever cause. The dose is one powder; another in 30 minutes; but usually the first dose will stop a headache.

Price 25 cents.
Prepared only by HOB- RON Drug Co., Druggists.

RAMONA

Velvet Face Powder

Corrects the little mistakes of nature—imparts a delightful softness and delicate beauty to the skin without becoming visible to the naked eye.

One advantage in using our powder is the fact that it is perfectly harmless. It comes in three colors—pink, white and brunette.

Be sure and get the Ramona as no other will prove half as good.

DIED.

MITCHELL—In this city, April 19, 1896, Sarah J., beloved wife of Wm. Mitchell, aged 29 years and 7 months. Friends and acquaintances are respectfully invited to attend the funeral today (Monday) at 4 p. m., from the residence of Douglas Collins, School St.

METEOROLOGICAL RECORD.

Table with columns for date, barometer, thermometer, wind, clouds, and other weather data.

REPORT OF WEATHER BUREAU.

April 19.—Temperature 73 deg.; dew point, 67 deg.; barometer, 30.02. Prospects—Dry weather.

AT DIAMOND HEAD SIGNAL STATION.

April 19, 19 p. m.—Weather clear; wind fresh, north-east.

The schooner Kauikaeouli will sail for Hamakua today.

The bark Melrose is at the Fort-street wharf discharging her load.

The bark Holliswood will sail for San Francisco about Monday or Tuesday.

The schooner Ka Moi arrived from Hamakua with a cargo of sugar yesterday.

The steam dredger will suspend operations for a week or ten days to put in new tubes.

The Kauai arrived Saturday with 8280 bags of sugar from Waimea and Makaweli.

The bark Kate Davenport, Reynolds master, sailed in ballast for Puget Sound Saturday.

The Waialeale came in from Hawaii ports with a full cargo of sugar shortly after 9 o'clock last night.

The bark Albert, brigantine W. G. Irwin, and schooner Transit all sailed for San Francisco with sugar Saturday.

The steamer Kinan will not arrive until Wednesday. Taking on sugar along the Hawaii coast will cause her delay.

For the week ending Sunday, April 9, the Inter-Island steamers brought in 57,500 bags of sugar from various island ports.

The bark Ceylon, Calhoun master, arrived yesterday afternoon, 26 days from Nanaimo, with 911 tons coal for Allen & Robinson. She is just off the railroad wharf.

The steamer Iwalani arrived from Hawaii about noon yesterday with a full cargo of sugar. She brought news of the death of Saturday of Peter Joaquin, the storekeeper at Lahaina.

The barkentine S. N. Castle, Hubbard master, arrived in port at noon Saturday, 14 days from San Francisco, with 700 tons of general merchandise. Fine weather was experienced throughout the voyage.

The largest schooner ever built on the Atlantic coast is almost ready for launching, and has been named the William B. Palmer. Her dimensions are: Length, 257 feet; breadth, 42 feet; depth, 20 feet; gross tonnage, 1805.73. The largest schooner at present afloat is the Governor Ames, which is of only twenty-seven tons less than the new vessel. Each of Palmer's lower masts is 148 feet long, or one foot longer than those of the Governor Ames.

A project is on foot to interest Portland, Or., capitalists in the building of a steel sailing vessel for the Pacific Coast lumber trade. Captain J. Jarvis of the British ship Dunntue has designed a vessel which, it is believed, could be profitably used in such work. Captain Jarvis' plans are for a vessel of 1360 tons register, 238 feet long, 42 feet beam and 14 feet depth of hold. Such a vessel could carry 1,600,000 feet of lumber, including the deckload. A vessel of this tonnage of the old style would not carry over 1,000,000 feet. It is proposed to have the vessel built on the Clyde and put under the Hawaiian flag.—N. Y. Maritime Register.

The lengthening of an ocean steamer is a rather unusual work now being carried out by Harland & Wolff, at Belfast, Ireland. The steamer is the Scot, of the South African Mail line, which holds the speed record between England and Cape Colony. The boilers have been removed, and the rivets cut from the shell plating seams amidships. The bow will be moved forward by hydraulic jacks and steam hoisting engines for a distance of about 50 feet, which is the extent to which the hull is to be lengthened. The steamer is 504 feet long over all, and 460 feet on the water line, 54 1/2 feet beam, and 37 1/2 feet molded depth; it has a tonnage of 6884 tons, and a displacement of 10,000 tons. It is propelled by two triple-expansion engines and twin screws.

STEAMER KAENA SINKS.

Inter-Island Flagship Goes Under Water.

An Open Valve Thought to be the Cause of the Accident—Was Without a Cargo.

Close onto 3 o'clock Sunday morning Captain Christian, night watchman at the Inter-Island wharf, found the steamer Kaena sinking alongside the wharf. The fall of the davit close by was attached to the bow of the steamer, and that, together with the masts and the smokestack, were kept above water. The cause of the accident is not known, but it is surmised that one of the valves to the condenser was left open. Who could have been responsible for this is not known. Since the Kaena is known to have no leaks, it is hard to place the cause of the accident to any other incident than the leaving open of the valves. The steamer was without freight when she sunk, so that not much damage will result. Men will be set to work rescuing her from her submerged condition today.

The HAWAIIAN GAZETTE (semi-weekly) and the ADVERTISER contain all the news of the week. Mail them with your letters today. To be had in wrappers at news stands and publication office.
