THE ESTATE OF GENERAL DIMOND.
Son Edwin and Union Trust Company Will Manage for Heirs.

TWO DAUGHTERS SHARE ALIKE.
His Sons William and Harry Receive Small Legacies—They Were Amply Provided for by Their Mother—The 'Generals' Estate a Very Large One.

SAN FRANCISCO, June 27.—The will of the late General Dimond was filed for probate yesterday afternoon. The document was signed in the presence of Horace G. Platt and Oscar T. Seawell, on the 28th day of February last. Edwin R. Dimond, the youngest son of the deceased, is named as one of the executors. The value of the estate is not known.

William Waterhouse Dimond is bequeathed \$5,000. A similar sum is devised to Edwin R. Dimond and the Union Trust Company in trust for Harry W. Dimond. The income is to be devoted to his support and maintenance until the trustees in their judgment may deem it best to deliver the money to Harry Dimond. William and Harry are the sons of the first Mrs. Dimond.

To Edwin R. Dimond, a son by the second wife of the General, is bequeathed one-third of the remainder of the estate. The remainder of the estate is left to Edwin R. Dimond and the Union Trust Company to invest as they may see fit, the income to be applied, share and share alike, to the education, support and maintenance of the two daughters of the deceased, Mrs. Tobin and Mrs. Jarboe, during the term of their natural lives. Either of the two daughters may dispose of her interest in the trust estate by will.

It is provided that should either of the daughters die intestate, leaving a child or children surviving her, each child or children shall receive in equal parts the share of the deceased parent. Should either of the daughters die intestate and without issue, the portion of the trust property belonging to her goes to Edwin R. Dimond, if alive, free from any trust. If dead and leaving issue, the share shall be divided equally among his surviving children. In the event of Edwin R. Dimond dying without issue, the portion of the trust goes to the surviving daughter. In case Edwin R. Dimond should survive his sisters, they leaving no children, all the estate becomes his property.

In explanation of the fact that the two elder sons are bequeathed but a meagre share of the estate, Horace G. Platt, who was General Dimond's attorney, says that it was a family arrangement and is perfectly satisfactory to all the children. The eldest sons had received their mother's fortune. Mr. Platt is now looking after the affairs of the deceased Major General. He says that but little real estate was owned by General Dimond.

POPULISTS DON'T WANT BLAND.
They Will Listen to no Presidential Combination.
ST. LOUIS, July 1.—T. E. DEATH OF WRITER HARRIET B. STOWE.
Passes Peacefully Away in Her Home in Connecticut.

UNCONSCIOUS FOR SEVERAL DAYS.
Uncle Tom's Cabin one of Her Early Works—A Writer of Ability as a Child—"The Ministers' Wooing" Her Best Effort—A Bit of History.

HARTFORD, Conn., July 1.—Mrs. Harriet Beecher Stowe, the gifted authoress of "Uncle Tom's Cabin,"

HARRIET BEECHER STOWE.

"Dred," and other works of world-wide reputation, died at her home, 73 Forest street, at noon today without regaining consciousness. She passed peacefully away as though in a deep sleep. By her bedside at the time were her son, her two daughters, her married sister, her husband, Dr. Edward Hooker, her nephew, who was also her medical attendant, and other relatives.

Her illness was the culmination of a mental derangement from which Mrs. Stowe has suffered for years, tenderly cared for by her two daughters. It is a long time since she has been able to do literary work, and for the past two years her condition has been such that the worst might be expected at any time. Of this however, the public has not been generally aware.

A trained nurse has been in constant attendance upon Mrs. Stowe. She walked about in company with her patient through the garden grounds every morning. Mrs. Stowe exhibited considerable vigor for her years, physically, and always had a smile for her friends. She repeated one of her poems recently, and there have been moments when her intellect was still unclouded, and it was only of late that her power of speech was affected. She was able to guide a pen with the assistance of one of her daughters not long ago.

All in all, she has been a physiological marvel, as she lived in a house filled with mementos of days when she moved nations and people from every quarter of the globe paid tribute to her greatness with souvenirs of the most precious kind. Saturday, June 13, she was 85 years of age. Last Friday morning her attendant, Mrs. Arms, when she went to call her, found that she was in a semi-conscious condition. Her nephew, Dr. Edward B. Hooker, and his sister, Mrs. Isabella Beecher-Hooker, were called, and the matter was kept a secret till last night to avoid the annoyance of inquiries that were sure to come from all parts of the country.

The cause of Mrs. Stowe's illness was congestion of the brain with partial paralysis. Harriet Beecher Stowe was born in Litchfield, Conn., June 14, 1812. Her father was the Rev. Dr. Lyman Beecher. At the death of her mother Mrs. Stowe was placed under the care of her grandmother at Guilford, Conn.

Here, when quite a young girl, she showed a great interest in the ballads of Walter Scott and the poems of Robert Burns. The Arabian Nights also fascinated her. When a schoolgirl of 12, she wrote a logical essay on the

LI HUNG CHANG STILL IN EUROPE.
Will Delay Visit to United States Until Autumn.

TWENTY MINUTES UNDER X RAY.
Japanese for Brazil—Teller Will Receive Support of Populists—Financial Crash in Guatemala—Deficit for the Year—Canada Will Reciprocate.

NEW YORK, July 1.—The Herald's Washington correspondent says: I was told at the State Department today that

Li Hung Chang, the great Chinese statesman, who is now on a visit to European countries, will defer his tour of the United States until autumn. He is now in Germany, and will shortly leave there for England and France.

It is expected that he will remain longer in Europe than he originally anticipated, owing to the absence of President Cleveland from the seat of government. He has a letter from the Emperor of China to the President, which he desires to present in person. The Chinese Minister was at the State Department today making inquiries as to the probable time the President would return from his summer vacation. He stated that Li Hung Chang would probably arrive in the United States some time in September, and he will probably remain in this country a month or more.

The State Department authorities are discussing plans for the entertainment of the distinguished visitor. As Congress makes no provision for such purposes, the department may find itself embarrassed in its desire to extend the courtesies due to the rank and station of the envoy. It is hoped the State governments will assist in entertaining the distinguished visitor.

Li Under the X Ray.
BERLIN, June 27.—Li Hung Chang's skull was exposed twenty minutes to the Rontgen rays today, and a bullet he received from the weapon of an assassin in Japan was located in the head below one of the eyes. Li is not yet prepared for its removal, and will probably wait until his arrival at Paris.

ANOTHER ERA IN HAWAII'S HISTORY.
Laying of a Corner-Stone at Portuguese Church.

GROWTH OF A LITTLE MISSION.
Remarks by W. A. Bowen on its History—Address in Portuguese by Rev. A. V. Soares—Contents of Box Read by A. F. Cooke—A. F. Judd Speaks.

The exercises in connection with the laying of the corner stone of the Portuguese Protestant church opposite the Queen's hospital at the corner of Punchbowl and Miller streets yesterday afternoon, proved most interesting and served to fix in the minds and hearts of all those present, the importance of the work of Christ and its power in the world.

One of the small unfinished rooms of the church was used for the speakers and the choir. This was decorated with a Portuguese flag on the mauka side, an American in front and a Hawaiian to the rear. Below upon the ground were set chairs for the audience. Upon the platform were Rev. A. V. Soares, Rev. D. P. Birnie, Chief Justice Judd, Rev. O. H. Gulick, Rev. H. Bingham, W. A. Bowen, A. F. Cooke, J. S. Emerson, the choir and a number of Portuguese. There were in all about one hundred and fifty people present.

In opening the program of exercises for the afternoon the following remarks were made by Mr. W. A. Bowen: "The time has come for the opening of the exercises prepared for the laying of the corner stone of the new and larger house of worship for the First Portuguese Protestant Evangelical Church of Honolulu.

"By way of inviting your attention to these exercises, it may be well for me briefly to state, in bare outline, history, that may already be somewhat familiar, concerning the movement that has led up to the present event. "The gathering of Portuguese children in 1887 into an afternoon Sabbath School, and the establishment and conducting of a night school by B. F. Dillingham were the nucleus from which came the Mission Church with Pastor and Mrs. Soares at its head, which Church has gone on with quiet, steady, healthy life and growth, until it became necessary to consider the problem of obtaining greater accommodations.

"This issue was forced by the increasing numbers in attendance at the Sabbath School. The able leadership of the first two Superintendents, viz., Mr. B. F. Dillingham and Dr. N. B. Emerson, established this branch of the work so thoroughly, as to warrant the latter gentleman, in his final annual report, to prophesy a speedy necessity for enlargement.

"In connection with the coming of Pastor and Mrs. Soares, we can but think, at this time, of Dr. C. M. Hyde, who was instrumental in securing them, and we express our profound regret that illness occasions his absence today. He has been a strong and helpful counsellor and friend. "Keeping pace with the religious was also the quiet, steady, sure growth in secular instruction, until again and again applicants for admission to the day schools were obliged to turn away for lack of room.

"Pastor and Mrs. Soares also foresaw the growing necessities. Upon their presentation of the situation to the Board of Hawaiian Evangelical Association, under whose auspices the Mission exists, the said Hawaiian Board expressed full recognition of the need, and most cordial approval of Pastor Soares appeal for assistance, and duly authorized him to appoint a Committee to co-operate with him in the raising of funds.

"This Committee has been Mr. and Mrs. A. Frank Cooke, Mr. Joseph S. Emerson, Miss Laura F. Pires, Mr. Ernest Silva (in place of J. M. Chase

Highest of all in Leavening Power.—Latest U. S. Gov't Report

originally appointed, but absent from the Islands) and W. A. Bowen.

"The effort to raise funds commenced in April, 1895, and today the subscription list amounts to \$10,732.06. The purchase land, in a part of the city where values are rapidly appreciating, and, as you will see, in the exact locality where it may be of most good, will necessitate a further soliciting of funds to the amount of about \$3500 to meet the official estimates for completed Church and Sabbath School, without incumbrance.

"As we have briefly touched upon the origin of the work, and of the total amount pledged for the new Church, we have not done so in any spirit of boastfulness. Rather our feeling is one of great thanksgiving to God, Who has brought it all to pass. Our thought all the way through has been 'Surely this is a work of the Lord and He will provide for His own.' 'Except the Lord build the house, they labor in vain who build it.'

"We may also add, that our reference to the fact of our further need of about \$3500, for the full completion of all upon unincumbered land, must not be regarded as a lack of faith, for we refer here what we have previously said elsewhere, that we believe, though we do not know where to turn, that He, Who has opened the hearts and pocket books thus far, will surely continue His blessing for the future."

After a song by the choir and the reading of the Scriptures by Rev. D. P. Birnie, Ernest Silva, a young man who is prominent in the work of the Portuguese Mission, read from the Scriptures in Portuguese. Next came a prayer by Rev. O. H. Gulick, and then an address in Portuguese by Rev. A. V. Soares, in which the speaker dwelt upon the importance of God's work and man's duty in regard to the same. After "How Firm a Foundation," by the choir, Mr. J. S. Emerson made the following remarks:

"Friends—It is with joyful satisfaction and hope that we meet here today. This is an occasion that marks an era in the history of these Islands. On these foundations we are building for all time, something more, we trust, than perishable walls of wood or stone. Here character is to be formed, devotion to truth and liberty developed.

"We build in humble faith that our consecrated labor will be accepted by him who has said, 'I am the way, the truth and the life,' and who also said, 'Ye shall know the truth and the truth shall make you free.' We are not afraid of the truth, wherever it may lead.

"God's word has ever been the most potent factor in the evolution of human freedom, for it is the truth that makes free from all bondage. No people can attain the highest and purest freedom who are kept in ignorance of the truth. With reverent faith we lay this stone in honor of him who is the corner stone of all true freedom.

"Through the open doors of this house all will be welcome to come and hear and read for themselves, in a language that they can understand, the wonderful words of life.

"We invite all seekers after truth to join with us in worshipping the common Father of us all.

"Let every lover of our race rejoice in this advance towards the realization of our ideal—a free church, a free Bible, free thought and a free people."

Mr. A. F. Cooke made a few remarks regarding the box that was to be inserted in the corner stone, saying that the things that had been chosen as its contents had to do most intimately with the history of the Portuguese Mission from its early beginning up to the present time. He then read the following list of articles contained in the box:

Books and Pamphlets—Copy of New Testament, copy of Hymns, Hawaiian Board Reports, Nos. 30 and 32, for 1893 and 1895 (by Mr. Soares); Woman's Board Reports, 1887 to 1895, inclusive, marked copies (by Mr. Soares); Central Union Church Year Books, 1890 to 1896, inclusive (by Superintendent of Sunday School, Act No. 51, Laws of 1896, "Internal Taxes," Act No. 57, Laws of 1896, "Public Instruction.")

Newspapers—As Boas, Novas, first edition, No. 1, March 1st, 1894; nineteenth edition, No. 19, November 19th, 1895, giving an account of the funeral of Mrs. Soares; twenty-fifth edition, June 25th, 1896, last number. Pacific Commercial Advertiser, July 6th and 9th, 1896; The Friend, February, 1893 (Change of Government); November, 1893 (Exiles in Illinois), by Mary Ferreira; August, 1895 (Report Portuguese Mission), by Mrs. Rachel Soares. O Luso, February 15, 1896, No. 1.

Pictures—Rev. A. V. Soares, Rev. E. N. Pires, Rev. R. K. Baptiste, View of Honolulu from Punchbowl, 1892, Kindergarten Portuguese mission, 1894-5; Parsonage, with Mr. Soares, Family and Household, 1895; Sunday school children at picnic, June 11th, 1896, taken at Remond Grove; Church choir, 1896; Old church, front view; New church, as it was July 7th, 1896.

Names—Day school children, advance department, 23; primary, 46; kindergarten, 47; Sunday school children, 134; teachers, 14; officers, 5; Secretary Theodore P. Malin's report of Quarterly S. Review, June 25th, 1896, showing average attendance (124); also report of July 5, 1895; report of the Council, June 1st, 1892; list of charter members, June 12th, 1892; list of church members and officers, July 9th, 1896.

Reports, Clippings, Etc.—Mrs. W. W. Hall's paper on "Free Kindergarten"; Mr. A. F. Cooke's paper (in memorial of Mrs. Rachel F. Soares); Mr. Bowen's paper read before the Central Union Church, November 10th, 1895; Mr. Bowen's historical paper, July 9th, 1896; certificate of subscription to the Portuguese mission; Scripture reading at the laying of the corner stone, by references; program of the exercises of today (July 9th, 1896); words sung by the choir and composed by Ernest Silva, viz., "Christ the Corner Stone"; copies circular invitations; letter of appeal, March 25th, 1896.

The Honorable Chief Justice, A. Frank Judd, to whom fell the duty of laying the corner stone, addressed the audience as follows:

"Christian Friends—I esteem it an high honor to be asked to assist on this

occasion. I am to lay the corner stone of an edifice the money for which has been contributed by generous friends in this Republic.

"It is to be a house of God; it will be an illustration of how large enterprises grow from small and humble beginnings.

"It is not many years since the Hawaiian Board was unable, after much patient inquiry, to bring to these Islands persons who could instruct the then increasing number of persons of Portuguese nationality in the principles of evangelical religion. A little school house at first contained all those who were willing to hear what Protestants were teaching. Then followed the school and the little chapel now left behind us. As your Vasco da Gama, when, five hundred years ago, he discovered the passage of the Cape of Good Hope, opened new regions for the commerce of the world, so the little Sunday school on the hill opened the way for the expansion of the faith you teach, until at the present time a larger house is necessary.

"May the building be indeed a house of God.

"Not that the structure itself, its walls, its pulpit nor its heaven-pointing spire, will be sacred. The heaven of heavens cannot contain him. But this church will be sacred if here God is worshipped, and if his holy spirit shall abide with the worshippers therein.

"Let its doors be open for all who wish to come in. Let it not be for any special clan, but for all who seek to find God and who wish to hear his word.

"Friends, I congratulate you on the grand success this mission has had. Let its success in the past be a stimulus for greater effort in the future. With the enlarged accommodation afforded by this building we are hopeful not only that the congregation of hearers will increase, but that this metropolitan church will be a center of Christian influence extending through all this archipelago, helping to broaden and enlighten all of the ancient race and tongue for whom it is to be built.

"When finished it is to be dedicated to the worship of God, who is the way, the truth and the life.

"Let no controversy have place in this house.

"Give the people the open Bible, in their own language; let it be read to them; let sincere prayer be offered here, and let hymns of praise ascend from many voices here, and may the Holy Spirit here bring consolation to the burdened and forgiveness and absolution to the truly penitent through our Lord Jesus Christ."

When the speaker had reached this point he descended to the corner stone, and after laying it in its place, with the side having "1896" upon it turned toward the sea, he continued as follows:

"I find this foundation stone to be well and truly laid. May the building which shall stand hereon be strong and beautiful, comfortable and inviting, and may every one who shall worship therein give heed to the words of the Apostle Paul: 'But let every man take heed how he buildeth thereupon, for other foundation can no man lay than that is laid, which is Jesus Christ.'

After the singing of another hymn by the choir the benediction was pronounced by Rev. Hiram Bingham.

GIFT TO CAPTAIN COTTON.

Commander of the Philadelphia Given a Handsome Flag.

SANTA CRUZ, Cal., June 30.—Captain Cotton of the Philadelphia was today presented with a handsome white silk flag by citizens of Santa Cruz, District Attorney Carl E. Lindsay making the presentation speech. The city and Carnival Association were represented, in company with Mr. Lindsay, by Judge Logan of the Superior Court, Lieutenant Governor Jester, Director General Bowman, Dr. Bailey and others prominent in entertaining the officers of the ships since they have been anchored in Santa Cruz harbor.

The flag was trimmed with gold, and bore an inscription in gold, presenting it from the City of Santa Cruz and the Carnival Association of 1896. Captain Cotton responded with emphasis upon the cordial reception accorded by Santa Cruz people to the officers of the ships. The visiting party lunched with the officers, and a pleasant farewell was said.

CANADA WILL RECIPROCATE.

Liberal Ministry Will Open Negotiations With United States.

MONTREAL, Que., July 1.—The London (Eng.) correspondent of the Star cables that he learns from sources in close touch with the Hon. Wilfred Laurier, that despite Mr. Laurier's tentative acceptance of Mr. Joseph Chamberlain's Zollverein proposal, the first act of the next Canadian Liberal Ministry will be to send a commission to Washington to negotiate a treaty of reciprocity, and also that it will petition the home government for permission to appoint a Canadian agent at Washington. The correspondent adds that no one there doubts that the demand from Canada for discrimination against British goods and in favor of the United States would give the worst possible blow to the growing cause of imperial unity.

YALE BOYS IMPROVING.

Lay English Oars Afloat and Make Fast Time.

LONDON, July 1.—Yale men are more buoyant tonight. Their poor showing yesterday in the first time trial over the full course sent them to Marsh Mills House with a deal to think about. A council of war was held and the effect was apparent this morning, when the men got more drive to the boat and really made it go fast. Two time trials over half the course were made, and both were satisfactory. The English oars were laid aside and the men pulled with those made by Donoho. They will use them tomorrow, and also when they give their new paper shell a trial for the first time.

Safe Deposit Boxes

WE HAVE A FEW MORE BOXES in our Safe Deposit Vault which are not yet rented. There are four sizes, varying in price from \$12 to \$30 per year. Any private papers left in these boxes are perfectly safe, as the vaults are fire-proof and are fitted with time locks, which makes them absolutely burglar-proof. There are two keys to each box, both of which are given to the party renting box, and should these keys be stolen they would be useless to bearer, as he could not open the box without our master-key being first inserted.

Parties leaving the Islands for their summer vacations will find it a convenient place to leave any valuables.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Flows, Railways and Hoists; also furnish light and power for a radius of from 15 to 26 miles.

Electric power being used saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also attention is given to House and Marine Wiring.

DEATH OF WRITER
HARRIET B. STOWE.

(Continued from First Page.)

theme, "Can the immortality of the soul be proved from the light of nature?" Many of her father's sermons were on the sin of slavery, and from her earliest youth Mrs. Stowe was taught to abhor human bondage. In January, 1836, she married Calvin Ellis Stowe, a Massachusetts clergyman. She frequently visited the Southern States, and was thoroughly acquainted with the slave methods in vogue there. Her book entitled "Uncle Tom's Cabin; or, Life Among the Lowly," created a big sensation. It opened the eyes of the Northern people and did much toward the emancipation of the slaves. Her best literary effort was called "The Minister's Wooing." James Russell Lowell praised it very much. Mrs. Stowe also wrote a number of other works which have been highly commended.

ANOTHER SEA FREAK.

Going Around the World In a Cocksleshell.

He Will Start From New York. No Knowing Where He Will Wind Up.

NEW YORK, June 30.—Captain Adolf Fritzel, well known as one of the most daring seamen on this side of the Atlantic, is going to make an all around the world voyage in a cockle shell. The Captain has already made one trip across the Atlantic in his open sailboat, the Nina.

The new craft will be built of cypress, oak and red cedar, and will be 28 feet long, with a 10-foot beam. All the material will be of the best quality that money can buy, and the tiny craft will also be furnished with a double set of sails, and a complete outfit of books, charts and other nautical apparatus will be taken along.

The start will be made on July 4, and the Captain intends going via the Illinois canal down the Mississippi river to New Orleans, thence across the Mexican sea to Aspinwall, by rail across the Isthmus of Panama, thence north along the Pacific coast to San Francisco, thence westward to Honolulu and the Samoan Islands to New Zealand, to the principal ports of Australia, thence to Japan, to China, to the Philippine Islands, to Singapore and East India ports, thence through the Indian ocean, the Red sea, the Suez canal and the Mediterranean to the European ports, and thence across the Atlantic to New York and home to Brooklyn.

SUGAR FROM BEETS.

Spreckels Credited With an Intention to Establish a Factory in California.

PARIS, June 30.—It is learned from a private source that Claus Spreckels, the sugar manufacturer, who is now here from Germany, where he has been investigating the beet-sugar industry, intends to establish a colossal beet-sugar refinery in California. His railway, now being constructed in opposition to the Southern Pacific, will run down to his beet plantations.

It was learned in this city last evening that Mr. Spreckels has in contemplation the rapid development of the sugar-beet industry of the State. Before leaving for Europe Mr. Spreckels added largely to his holdings in the Salinas valley, buying a dozen or more tracts, aggregating something like 10,000 acres. This he bought with a view of the cultivation of beets. It could not be learned that Mr. Spreckels had large possessions in the San Joaquin valley, but he has been encouraging farmers throughout the valley to engage in the cultivation of beets, and in return promised them a market. The wheat crops have been impoverishing the farmers, and as beets promise better, it is said Mr. Spreckels will find scarcely a limit to the output of beet-sugar should he decide to engage in it so extensively. Mr. Spreckels, it is known, has invested largely in German machinery for the production of beet-sugar.—S. F. Examiner.

Beretania Tennis Club.

The regular annual meeting of the Beretania Tennis Club was held in the Y. M. C. A. hall on Monday evening, July 6th. The following officers were elected to serve during the ensuing year: W. L. Stanley, president; E. H. Wodehouse, vice-president; B. F. Beardmore, treasurer; H. M. Mist, secretary; T. Clive Davies, auditor; W. A. Wall, C. H. Atherton and D. W. Corbett, Board of Trustees; D. James, E. A. Mott-Smith, W. A. Wall, W. L. Stanley and H. W. Mist, reception committee.

From the South Seas.

SAN FRANCISCO, June 27.—The Tropic Bird brings news to the effect that there is great suffering among the inhabitants of the Marquesas Islands, owing to the ravages of a kind of leprosy known to the natives as "Faa." Over a third of the entire population has been stricken down with this affliction, and in consequence business there is practically at a standstill. The sufferers become utterly helpless and die lingering deaths.

FRIDAY, JULY 10.

No less a person than Li Hung Chang has exposed his skull to the X ray and the bullet he received from the Japanese assassin has been located in the head under one of the eyes.

The last statement of the United States treasury shows a deficit of \$26,000,000 for the past year all of which redounds to the financial glory of President Cleveland.

British Guiana has suffered one of the financial slumps that strike the Southern American countries within an unpleasant regularity.

AMERICAN VIEW OF ORIENTAL COMPETITION.

During the session of the last United States Congress a resolution was passed calling for an investigation of the threatened competition from Japanese, and also of the effect of the difference of exchange between the gold and silver standard countries upon the agricultural and industrial interests of the United States.

It is remarked that at present the Japanese are not a formidable competing nation, cheap silks, rugs and matings being about the only product of Japanese manufacture that has entered the American markets to any extent.

It is anticipated that this result will be counteracted to an extent by the improvement in the standard of living, but notwithstanding Japan is a progressive nation, it will be many years before the standard of living among the Japanese laboring classes will reach even that of the Europeans, which is still higher.

The only remedy the committee suggests to ward off the prospective attack upon the home market is the imposition of duties on the competing imports equivalent to the difference in cost of production and distribution arising from the fact that the manufacturer or producer of the United States pays his employees higher wages, and thus enables them to maintain a better standard of living, than the foreign manufacturer who seeks to avail himself of American markets, pays his employees.

One of the most important features of the report is the discussion of the effect of silver standard upon mercantile competition. The Japanese yen is equal to about 50 cents of American money. This difference in the purchasing value of the dollar places the Japanese manufacturer at a distinct disadvantage, since he must buy a good proportion of his raw material with gold or its equivalent.

The lesson drawn from this is that the United States should maintain its present currency standard until a general

eral agreement can be reached among the great commercial nations; and furthermore, that import duties should be raised so as to bring the Japanese goods on the market at the same price as the American productions.

With Governor Altgeld as boss, the silver forces of the Democratic party are making the fight of their lives to sweep the nominating convention, platform, candidate, two-thirds ruling and all. Up to the time of the last advices from the coast Richard Bland of Missouri appears to hold a good lead for the Presidential nomination, but his grip is not one that cannot be broken.

Colonel Hennebert explains to considerable length in a Paris magazine why it is impossible to cut a tunnel through the center of the earth for purposes of transit. So many of the features of Jules Verne's fantastic tales have been realized in this age of invention that some of France's bold scientists have proposed to shorten distances by tunnelling and thus avoid the curves of the earth's surface.

Almost Blind Inflamed Eyes and Running Sores

The Success of Hood's Causes Great Rejoicing - A Perfect Cure

Miss Cora B. Ebert, Barnesville, Pa.

"C. I. Hood & Co., Lowell, Mass.: I feel it a duty to state what Hood's Sarsaparilla has done for me. I was almost blind, being compelled to stay in a darkened room on account of inflammation of the eyes. I also suffered with running sores on my body. I was in terrible condition. My mother tried every thing she knew about and I was attended by two doctors but without helping me. Finally Hood's Sarsaparilla was recommended and I had not taken two bottles before I began to get better. The inflammation left my eyes and the sores healed, and the result was that

I became stronger, and was restored to perfect health. At that time I was only twelve years old; now I am nineteen and I have not since been troubled with my eyes or noticed any sign of a return of the sores on my body. I can recommend Hood's Sarsaparilla as an excellent blood purifying medicine." Miss CORA EBERT, Barnesville, Pa.

**MISS HOPPER IS
NOW MRS. BROWN.**

Brilliant Wedding at Hopper Re-
sidence Thursday Evening.

SOCIETY GIVES THEM GREETING

Mid Bright Lights and Floral Bower
of Artistic Beauty They Receive
Congratulations — Costly Presents
Bespeak High Esteem — Ceremony.

The first wedding in society circles
during this summer season, which
promises so many happy matrimonial
events, was the marriage of Miss Ellen
Hopper and Willard E. Brown at the
residence of the bride's parents Thurs-
day evening.

The ceremony was performed at 8
o'clock by Rev. Douglass P. Birnie in the
presence of members of the im-
mediate family. The service was a
very pretty one. The wedding march
was played by Miss Clara Fuller, and
as the first strains of Lohengrin sound-
ed their sweet melody through the par-
lors Rev. D. P. Birnie followed by the
groom and Wallace R. Farrington as
best man, marched to the beautiful
marriage bowed to await the coming
of the bride. Miss Hopper approach-
ed from the hallway, being preceded
by Master James and Miss Margaret
Peterson and the bridesmaid, Miss
Harriet Lewers. The father, J. A.
Hopper, Esq., gave the bride away.

The bride was dressed in a plain but
handsome white gown with slight chif-
fon trimmings and a tulle veil with
white blossoms. She carried a beauti-
ful bouquet of orchids and maiden hair
fern.

Miss Harriet Lewers wore yellow
satin covered with white dotted chifon
and carried a bunch of yellow flowers.
After the ceremony the bridal party
received a large number of friends who
had pleasant words of congratulation
and wishes for a bright and happy
future. Among those present at the
reception were Mrs. Dole, Minister and
Mrs. Cooper, Minister and Mrs. Damon,
Chief Justice and Mrs. Judd, Mr. and
Mrs. W. G. Irwin, Mr. and Mrs. C.
Bolte, and some three hundred others.

No pains were spared in the decoration
of the beautiful Hopper home, and
especially the room in which the two
popular young people were made one.
The front yard was brilliant with
red, white and blue incandescent lights,
artistically arranged among the trees
and shrubbery. Although the rooms
and hall on the lower floor were all
decorated with flowers and ferns, upon
which shone a flood of light, the center
of attraction was the drawing room to
the right of the entrance. There was a
careful avoidance of anything which
would not find favor with the most
artistic eye.

In the Waikiki corner and directly
back of the spot where the young peo-
ple were married was a wall of mar-
igolds, beginning with the darker shades
at the bottom and growing lighter and
lighter until the very lightest species
were reached at the top. Upon these
last were worked in marigolds of a
slightly darker hue a row of fleur de
lis, while on the window curtains, to
either side the same design was carried
out.

Directly over the heads of the bride
and groom was suspended a large ball
of marigolds with two streamers of
the same flowers connecting it to the
wall just described. Wound about the
streamers were white satin ribbons.
A great bunch of white lilies and
other flowers to correspond formed one
of the most beautiful decorations of the
room. Another was a bank of maiden-
hair at the rear of the room. The chan-
delier was decorated with jessamine
vine.

The room to the left of the entrance
was devoted to the wedding presents,
and without exaggeration it was entire-
ly filled with these, large as it is. The
presents showed the careful thought of
the friends in choosing articles both
useful and handsome. One large table
was entirely devoted to cut glass ware,
while another contained nothing but
silver. Distributed around on other ta-
bles were hand painted china, etching-
vases and numerous other valuable
articles. Undoubtedly the display was
one of the handsomest ever seen in Ho-
nolulu.

About half-past ten Mr. and Mrs.
Brown rode away from the Hopper
residence amid the usual shower of
rice, old shoes and last farewells.
They will reside at Waikiki for the
next two or three months.

Of the high esteem in which both Mr.
and Mrs. Brown are held in Honolulu
too much cannot be said. Mrs. Brown
has been prominent both in society and
church circles and her quiet, beautiful
character has won her an enviable
place in the hearts of those with whom
she is brought in contact. Although Mr.
Brown is a native of Worcester, Mas-
sachusetts, he is looked upon as one
of the Island boys. He was at one
time one of the efficient members of the
business office staff of the Advertiser,
and now holds a position with the Ha-
waiian Safe Deposit Company. The old
friends of the Advertiser join with
hosts of others in wishing "Willard
and his wife" all the pleasures and
successes that life is heir to.

PRETTY GIRLS PLAY.

St. Andrew's Priory Entertain-
ment Was Enjoyed.

The main school room at St. An-
drew's priory was well filled last night
by the friends of the school, the occa-
sion being a concert and exercises by
the children. The program was made
up of songs and choruses terminating
with tableaux, all of which were ex-
cellently rendered.

The girls delighted their friends with
the following numbers, some of which
will receive special mention later:
Die Weisse Dame..... Frida Koelling and
Louisa Hart.
"Roll Your Hands"—Action Song.....
Infants' Songs..... Infants

Duet..... Rose Simerson and Rowena
Richardson.
German Songs..... Class III and IV
Little Prit..... Class VI
Three Bears—Operetta..... Class III
Duet..... Annie Holt, and Kaliko
Scarf Drill..... Class IV and V
Little Helpers..... Class IV and V
The Post-Man..... Class IV and V
The Enchanted Palace—Operetta.....
..... Class I

"Little Prit," by Miss Bernice Cooke's
class, was one of the best numbers on
the program. Bernice Aldrich took the
part of Little Prit, who is supposed to
become so fascinated by the charms of
two naughty little fairies that she leaves
home and mother to be in their com-
pany, with nothing but play to occupy
her thoughts throughout the day. How-
ever, she soon becomes tired of her
own home, where love reigns supreme.
Four little girls played the parts of
dwarfs most excellently, and Amy Hol-
stein was perfect as the masquer.

The "Bears" was another good num-
ber. Zilla Hart played the part of the
old gentleman, Sallie Fountain of the
old woman, and Ululani Smithies of the
frisky cub that had a doll to play with.
Various scenes in the every day life of
the bear home were represented.
Perhaps the crowning feature of the
program was the "Enchanted Palace,"
a piece very much similar to the "Sleep-
ing Beauty." The costumes were beau-
tiful. Miss Carrie Simpson made a com-
manding as well as handsome King,
dressed as she was in a full uniform.

Miss Bernice Cook took the part of
Princess Emerald, and Miss Adie Crown-
ingberg that of Princess Crystal.
The program will be repeated at the
institution this afternoon, and in the
evening there will be a dance, for girls
only.

Sioux Celebration.
OMAHA, June 25.—Six thousand of
Sioux, the remnant of the most power-
ful fighters of the American Indians,
are today celebrating the great event in
their war history—the twentieth anni-
versary of the destruction of Custer's
command on the Little Big Horn, June
25, 1876. They are gathered at the
scene of the terrible massacre, and, al-
though peaceable, are indulging in all
the fantastic dances and ceremonies in-
cident to their traditions. There will be
another big celebration July 4th.

Scientific lectures are delivered to

Put a ring around the word
--opportunity-- the occasion
makes it. Never in the his-
tory of mercantile transac-
tions in Honolulu have
the people had such a
golden opportunity to se-
lect a lamp as today. A
manufacturer who had more
than he knew what to do
with, more than he had
space to put them, wrote us
of his troubles. We had
none of our own so we
listened to him. Our stock
of lamps is the result of his
tale of woe and you get the
benefit.

A black lamp that will give
a bright light is not a fad,
but a style that will remain
until "New Hawaii" shall
become old. Being sombre
in color they furnish with
any decorations you may
have in your room and any
color shade that suits your
fancy will look well on the
lamp.

For a dinner table nothing
furnishes the table better
than black banquet lamps.
We have them, not cumber-
some, but of a height that
will beautify rather than de-
tract from the other features.
We have piano lamps, hall
lamps, boudoir lamps and
every other character of
lamp that ever was made.
The prices are so low that it
would injure our business to
put them in this column.

What Is
PURIFINE?

It is the new disinfectant which
has superseded all other disinfect-
ants, being a scientific compound,
having no odor, yet possessing the
qualities of a powerful disinfectant.

The automatic distributor should
be placed in every house in Ho-
nolulu where odors and germs of dis-
ease exist. They are placed free
of charge, taken care of and kept
working day and night for \$1.00
per month. It's an innovation, but
on scientific principles, and ap-
peals to everyone of common sense.
The idea is this: The distributor
drops two drops a minute, day and
night. Foul odors are killed, yet
no disagreeable smell of carbolic
acid or crude disinfectants takes
its place. You don't know that a
powerful disinfectant is being used
if you judge by the lack of odor.
But it's doing the duty—doing it
well. Can we show you the "Ideal
Automatic Distributor?" Our Mr.

DEFICIT FOR THE YEAR.

The Government Finds Itself Over Twenty-six Millions to the Bad.

WASHINGTON, July 1.—The comparative statement of the Government receipts and expenditures issued by the Treasury today shows the total receipts from all sources during the fiscal year just closed to have been \$326,189,226, and the expenditures \$352,231,470, leaving a deficit for the year of \$26,042,244. Although there was a surplus for June of \$2,349,430, it is expected that the figures for July will show a deficit of at least \$10,000,000 and probably more.

The appropriation of \$5,000,000 for the sugar bounty payment is now available, and it is the expectation that all of the claims will have been settled and paid before the end of the month. During July the payments on account of interest, pensions and naval appropriations will be exceedingly large, so that the deficit for the month is likely to be above \$10,000,000 rather than less. The showing for the year is far from satisfactory to the Treasury officials, and what is equally disquieting is the fact that the immediate future promises nothing better.

The receipts from internal revenue during the year amounted to \$146,503,246, nearly \$11,300,000 less than the Secretary's estimates sent to Congress. The customs yielded \$160,534,351, or \$11,455,649 less than the Secretary's estimates. The total receipts for the year, however, showed a gain of about \$12,800,000 over 1892. The customs increased about \$2,250,000, the internal revenues about \$2,000,000, and the receipts from miscellaneous sources made up the balance.

The pension payments during the year amounted to \$139,434,046, a reduction of nearly \$2,000,000 from last year's payments. The interest payments during the year increased over \$4,250,000.

MISSIONARY CLAIMS PAID.

China Settles a Big Bill for Damages Done by Rioters.

WASHINGTON, June 30.—China has satisfactorily adjusted all claims made by missionaries for losses sustained in the Chinese riots of a year ago. The State Department has just been informed by mail that the last payment was recently made. Payments have been made by authority of the province in which the outrages were committed, direct to the American Missionary Society.

The total claim of missionaries from the United States amounted to about \$150,000. Those of the French and of the British governments were much larger, citizens of those countries being personally injured.

AMERICA MAY BUY THE ISLAND

Belief That Denmark Would Sell St. Thomas.

LONDON, June 28.—A Copenhagen dispatch to the Times says: The allusion in the platform of the St. Louis Republican convention to the expediency of the United States purchasing the Danish West Indies has created some sensation here. It is believed that St. Thomas Island is especially coveted, as being likely to afford an excellent American naval station. The opinion prevails that Denmark is quite prepared to sell these small colonies at a suitable price.

MINE CAVES IN.

Fully 100 Workmen Were Buried Alive.

WILKESBARRE, Pa., June 28.—While about 100 miners were at work in the Red Ash vein of the Twin shaft at Pittston, about 3 o'clock this morning, the roof caved in and it is believed that all of the men perished. About forty of the men were English speaking miners. Thirty Poles and Hungarians were entombed, and it is thought the total number of bodies in the mine will reach 100.

Small Pox Scourge in Cuba.

WASHINGTON, June 29.—Official advices to Surgeon General Wyman of the Marine Hospital service, from Santiago de Cuba, June 13th, says the United States Sanitary Inspector has found 1,000 cases of smallpox in that city. Yellow fever is on the increase in the island, the report shows.

Congressman Barham Renominated.

SAN FRANCISCO, July 1.—The First Congressional District Republican convention met yesterday forenoon in the rooms of the Union League Club and renominated Congressman J. A. Barham by acclamation, amid great enthusiasm.

Japanese for Brazil.

VICTORIA, B. C., July 1.—A treaty is being negotiated between Japan and Brazil for sending 20,000 Japanese laborers to the coffee plantations of Brazil. They are to receive £1 10s per month, with everything found, on a five-year contract.

FINANCIAL CRASH IN GUIANA.

Sugar Depression and Boundary Question Ruining Business.

GEORGETOWN, (British Guiana), June 8.—The financial crash which has been expected since the boundary question dropped down upon the colony on top of the sugar depression, has come with full force. The British Guiana bank has been aided by the local Government with £100,000 as a guarantee of the bank's liabilities, but still the \$5 currency notes are being sold in many parts for less than \$4.

A number of merchants are in trouble in consequence of the financial unrest. The incidental reason for the crash was the disappearance of Hugh Sprouston, Jr., probably the most important man, financially, in the colony. It is said he committed suicide by drowning, but it is claimed he has simply left the colony. A run on the bank was started and as the notes of the British Guiana and Colonial banks constitute nearly the entire currency of the colony, the Government was obliged to guarantee the notes to prevent ruin to many, as traders had begun to refuse the notes. It is feared the lull which now exists will be the forerunner of a greater storm.

LEPERS IN PARIS.

Important Discoveries Made in Treating the Disease.

LONDON, July 1.—The discovery recently of a leper wandering homeless in the streets of Paris had been followed by the announcement that fully 100 sufferers of the loathsome disease are at large among the poor of the French capital.

Coupled with this news come a somewhat reassuring statement to the Academy of Science yesterday by Dr. Ouffe that he had succeeded in curing severe cases of leprosy. He had been struck with the results obtained by the aid of graduated organic injections in cases of eczema and psoriasis. The doctor sought to modify the condition of the nervous system of strengthening without exciting it, and soon noticed the correctness of his conception. He also studied by means of a new technical process the conditions of the blood of leprosy patients, and succeeded in demonstrating the presence of the bacillus of leprosy, which had never before been discovered elsewhere than in leprosy tubercles.

CRETE'S COURSE APPROVED.

Greek Sympathies With the Troubled Island.

ATHENS, July 1.—The most enthusiastic approval is expressed here at the refusal of the Cretan deputies to assemble, failing to secure the guarantee of the powers of liberty of speech and person. Much satisfaction also is expressed at the proclamation issued by the revolutionary assembly at Vamos, calling on the people to send representatives for the establishment of a revolutionary government. This step is considered to be a final answer to the Porte.

Two more steamers have been chartered to carry ammunition to the insurgents.

FEARS FOR BULUWAYO.

An Attack by Natives Expected in a Few Days.

NEW YORK, July 1.—The World's Cape Town cable says: Massacres of white people in Matabeleland continue. Powerful chiefs are joining the insurgents. The attack on Buluwayo is expected next new moon, July 10th. The supply of provisions there is short. The mounted infantry of the colonial volunteers has left here for Matabeleland. Premier Sprigg predicts the rising of natives in the colony.

CHILE'S NEW PRESIDENT.

His Election a Victory for the Liberal Party.

WASHINGTON, June 29.—Frederico Errazuriz, who has just been elected President of the Chilean Republic, was nominated by the Liberal party, which is opposed to the Balmacedists. He was born in 1849. His father was once President of Chile. The new President is a man of large fortune. Under Balmaceda he was Minister of Justice, and under the Maciver administration he was Minister of War. At the present time he is a Senator.

Massacres in Matabeleland.

NEW YORK, June 26.—A World dispatch from Cape Town says: Awful massacres are reported near Salisbury, Matabeleland. Murder and looting are prevalent in the unprotected districts throughout the country. A British patrol has just had a desperate fight with rebel natives. Seven troopers were killed and four wounded. Captains Bremer and Graham were among the killed.

BULUWAYO, June 25.—It is officially announced that Fort Charles is surrounded by the insurgents and that wagons with food supplies for Gwelo have been stopped at Marendalla, which has been looted by the enemy, who secured 25,000 rounds of ammunition.

Upholds Confessional Secrecy.

MONTREAL, June 25.—The Superior Court rendered a decision today upholding the secrecy of the confessional.

The larceny case of Pat Curtis came up again in the Police Court yesterday afternoon, and after the examination of one witness was continued until Friday.

An international fight between Portuguese and Chinamen at the corner of King and Richard streets occupied the attention of the people in that vicinity yesterday afternoon.

News arrived by the James Makee yesterday that the plantation at Kapaa closed down on July 8th. There will probably be only 1,000 bags waiting for the Makee on her arrival.

J. F. Morgan will sell at public auction, at 12 o'clock noon on Saturday, July 11, two horses, wagons, etc., per orders of F. W. McChesney, assignee of the estate of Henry Davis & Co.

A party of officers from the S. M. S. Saida and the Mexican corvette Zaragoza made a trip to the Ewa mill and plantation yesterday and spent a most enjoyable time looking over the whole place.

Senhor A. de Sousa Canavarro, Consul for Portugal, Consul General Shimamura and French Commissioner Vizayona visited the Mexican corvette Zaragoza yesterday. They were accorded the customary salutes.

The crazy monkey at the Arlington was killed Wednesday morning. The lively one got out of the cage yesterday and is now up in the tamarind tree eating tamarinds. He has been whistled to and reasoned with but he refused to descend.

Willie Lane was arrested yesterday morning on complaint of his uncle, Junius Kaae, who said that his eyes had been blackened by the boy while a crowd of people were having a good time at his house in Palama on Wednesday night. The looks of Kaae's face did not belie his statement.

A Chinaman at Ewa adopts peculiar methods when he wishes to shirk work. He will lag behind his fellows until the luna is so exasperated that he is forced to scold him. Then the Chinaman will run to the nearest water and go in up to his neck, and remain until the luna goes after him.

Professor Koebele is anxious that more Japanese beetles be handed in to him at the office of the Bureau of Agriculture. He is experimenting and doing all he can toward the extermination of these pests by means of a native fungus, and if people only knew how much good he is doing for the islands they would send in all the bugs available.

Notwithstanding the large number of society people at the Brown-Hopper nuptials last night the concert at the hotel was well patronized by an audience of leading people. The program was an extraordinary one and the band, which was considerably augmented, was never heard to better advantage. The officers of the visiting warships were present.

KATE FIELD'S ROMANCE.

It is Said Whitelaw Reid Was Once Her Sweetheart.

Miss Field's death recalls a story of her youth that was first given publicity in the world's congress of journalists in 1893 and may contain the secret of her having never married. The story as told by one who claimed to know was that in the beginning of her journalistic career Miss Field worked on the Cincinnati Commercial in collaboration with Whitelaw Reid, who was at that time her accepted lover. When Reid became an editorial writer on the New York Tribune he sent for his old sweetheart to come and take a position on the paper. Until after the defeat of Horace Greeley for the presidency the pleasant relations between Mr. Reid and Miss Field continued.

When Greeley returned to his old desk, defeated and broken-hearted, the stock of the Tribune was put upon the market at a very low price. By the advice of Mr. Reid a majority of the stock was purchased by D. O. Mills, and Reid was given full control of the paper. As a result of the relations thus established Whitelaw Reid married Miss Elizabeth Mills, the daughter of D. O. Mills, and became the owner of a majority of the stock of the Tribune. When the news of the engagement of Mr. Reid to Miss Mills became known Kate Field severed her connection with the Tribune and left the office never to enter it again.—Chicago News.

A package of the seeds of as many plants as possible that grow on Hawaiian soil is now being made up at the Bureau of Agriculture for presentation to the Mexican corvette "Zaragoza." The climate of Mexico is very much similar to that of Hawaii and the corvette's officers, who have seen a great deal of the trees here, are anxious that some of their kind be planted in their own country.

Suffering Pain Patiently

is all right if you're sure physicians or medicines will not cure you. But the majority of pains can be cured. Backache, lumbago, strains, &c., claim many victims, but there's a good porous plaster—the

Red Star Plaster

that will afford relief at once. They are a strongly medicated plaster; and there's no necessity of "suffering pain patiently" when you can get them. But be sure you get the right kind, with the red star.

SEATTLE TO THE FRONT.

New Japanese Line With Washington City as the Terminus. VICTORIA, B. C., July 1.—S. Iwanaga, manager of the Nippon Yusen Kaisha Oriental line of steamers, arrived here by the Empress of India last night to confer with the authorities of the Great Northern Railway relative to the establishment of still another trans-Pacific line to compete for American trade.

The Nippon Yusen Kaisha Company have already selected steamships that will be placed on the new route, and have decided that Seattle shall be the American terminus, from which it will be gathered that the deal with the Great Northern is practically closed for through transportation rates.

WHARF AND WAVE.

AT DIAMOND HEAD SIGNAL STATION, July 9, 10 p. m.—The weather is clear; wind light, N.

The W. G. Hall will be in from Maui and Hawaii ports this afternoon. The Hackfeld scows were busy putting coal into the S. M. S. Saida yesterday.

The schooner H. C. Wright is discharging her cargo of lumber at Wilder's wharf.

The bark Alden Besse was thirty-five days on her trip from Honolulu to San Francisco.

The Kaena arrived from Oahu ports with a cargo of paddy at about 11 o'clock last night.

The steamer Kaala arrived from Oahu ports late last night with a cargo of sugar and paddy.

The schooner Ka Mol arrived from Kohala with 1750 bags of sugar for Theo. H. Davies & Co.

The brig Consuelo sailed for Mahukona on June 29th, and the schooner Muriel for Honolulu on the 30th.

The O. & O. S. S. Gaelic, Pearne, commander, arrived in port at 3 p. m. yesterday, 7 days from San Francisco with a large cargo of freight for China and Japan. The Gaelic sailed from San Francisco on July 2d, and experienced good weather all the way.

SAN FRANCISCO, June 28.—The ships Iroquois and Babcock have just been secured to load at New York for this port, and the ships Solitaire and Henry Villard at Philadelphia. All these ships were last year engaged in carrying sugar from Honolulu to New York and Philadelphia, and it is probable that most of them will take the same course next year.

San Francisco Shipping.

The following vessels have arrived in San Francisco from ports on these islands: June 25—Brig W. G. Irwin, Williams, 22 days from Honolulu. June 26—Bark Annie Johnson, Matson, 27 days from Hilo. June 27—British steamer Gaelic, Pearne, 7 days from Honolulu. June 28—Hawaiian bark Andrew Welch, Drew, 23 days from Honolulu. June 29—Schooner Aloha, 24 days from Honolulu; schooner Jennie Wand, Christiansen, 21 days from Kahului. June 30—Bark Alden Besse, Potter, 35 days from Honolulu. July 1—U. S. S. Charleston, Coffin, 8 days from Honolulu; schooner John G. North, Rasmussen, 21 days from Honolulu.

Sailors' Complaints.

NEW YORK, June 25.—Five sailors of the American bark William F. Babcock, from Honolulu, complained before Shipping Commission today of brutal treatment on the part of Captain Robert J. Graham and Mate McEachen. They also charged that a portion of their payment was retained. On the voyage out, from San Francisco to Honolulu, they deserted at the latter place because of the master's brutality, but were captured.

THE GAME FLAG THE GAME MAN.

Raised the First American Flag Over California Soil. ONCE A RESIDENT OF HONOLULU

How William P. Toler Distinguished Himself Half a Century Ago—Was a Midshipman on the Old Commodore—Now in California.

William P. Toler, the man who raised the first American flag over California soil, has been appointed to participate in the fiftieth anniversary of that notable event at Monterey on July 7th. He will again hoist the flag on the very spot where, fifty years ago, under orders from Commodore Sloat, he pulled the halliards that sent the stars and stripes over the Mexican territory of Alta California, says the S. F. Examiner of June 28.

Mr. Toler lives at 546 Albion street, Oakland. He has preserved rare mementoes of the duty he did fifty years ago. He has all the original orders issued by the Commodore, and he exhibits with pride the papers, properly indorsed, signed and countersigned, which gave him authority to go ashore and plant the stars and stripes upon the soil of California.

He is an old man now, and somewhat decrepit because of long-standing illness. He was a midshipman in the United States navy, and spoke Spanish fluently. He was, therefore, attached to a squadron which sailed off the California coast in the early '40's. He landed at Monterey as early as 1842, and even then Commodore Jones had made an attempt to secure the control of the coast, but that failed. The time was not ripe. Four years later and the hour was at hand, and young Midshipman Toler was then on the flagship of Commodore Sloat. Toler relates with much force the dramatic incidents of the day he was ordered ashore with a detachment of blue jackets to take possession of California in the name of the United States. The guns of the frigate Savannah bore upon the old custom house at Monterey, where the ceremony took place. There was a slight mishap and the halliards caught after the flag had been bent and raised half way to the truck. So another midshipman climbed the pole and cleared away the kinks in the stiff rope. Then Toler hauled away vigorously until the colors were streaming from the masthead and California had been declared territory of the United States.

Two weeks later a British frigate arrived at Monterey, but there was no work for the foreigner. Commodore Sloat had made history a fortnight before.

Toler will be remembered by all residents of Honolulu of six years ago. He spent some time here and was the owner of a residence at Waikiki which he afterward sold to Frank Hustace.

Mr. Toler is a gentleman of means and spent most of his time here in sketching, and painting bits of scenery around Oahu.

The Edward May Again. NEW YORK, June 25.—Bark Edward May from New York to Honolulu, before reported, was again seen on June 16 in lat. 41:22 north, long. 68:23 west, with all sails set, steering as close to the westward as wind would permit. Afternoon of same day a fresh gale from W.S.W. veering in night to W.N.W.

BOSTON, June 26.—The bark Edward May, previously reported, reports having sprung a leak on June 1, in lat. 39:16 north, long. 63:19 west, leaking increasing steadily until making about 500 strokes per hour. On the 7th put about. Leak supposed to be in top-sides, and can be repaired without discharging. Damage to cargo slight.

The James Makee arrived from Kaula ports yesterday with a report of good weather along the coast of that island. She sailed again for Kapaa in the afternoon.

COLD WATER PAINT Especially Designed for Inside Work on Factories and Public Buildings.

It is a dry powder which can be prepared for use by simply stirring in COLD WATER, and can be applied by anyone, and will always produce good work. It is VERY WHITE, extremely reflective and hardens on a wall like stone, and will take any tint. It will last for years and is unaffected by gases. One coat covers better than two coats of oil paint or whitewash. It can be used on any surface and for all classes of work, even for the finest decorating.

OUTSIDE INDURINE. This is for Outside Work. Such as Fences, Outbuildings, Laborers' Quarters. It is a thick paste to be diluted with cold water, stands rain and exposure as well as oil paint, and costs but a fraction as much.

Cold Water Kalsomine Adapted for Dwellings, Offices and Public Buildings or any other place where KALSOMINE is used. It will not rub, discolor or scale off.
