CONCERT TONIGHT

Excellent Program to Be Presented.

Singers All In Excellent Voice Choruses Up to Average Operatic Companies.

The concert by the Honolulu Choral Society will be given in order to help in the fund raising movement for a new church building. The audience is invited to a great musical treat.

The Haydn Society, under the direction of Mr. W. H. W. H. H. Haydn, will present a program of Haydn's music, including his famous "London" Symphony.

The program will also feature the Honolulu Symphony Orchestra, under the direction of Mr. W. H. W. H. Haydn, presenting a selection of Haydn's symphonies.

The concert is expected to begin at 8:00 p.m. at the Church of the Open Door. Admission is $1.00, and refreshments will be served.

TODAY

We want to call attention to the fine lot of tablecloths, napkins, and linens which are on sale for $5.00. These items are sure to be a hit at the upcoming department store and add the needed accessory.

CROCKERY

Another step and you find the greatest array of crockery, glassware and fine china ever sold in this country. The prices, too, are surprisingly low. If you're in the market for a new set of tableware, this is the place to come.

The customer has every quality in mind when buying goods and prices in mind. And when the department store has such a wide variety of cut crystal and silver service pieces.

Besides these articles we display an unusually large assortment of novelties for the kitchen.

In Giving

"Our Gifts" a short note in the way of "give," we wish to add the name of our friend, Mr. H. W. W. H. H. Haydn, who for many years has been a constant contributor to this paper. We are sure that all our readers will welcome his latest contribution.

Today

We are talking to the attention of a large number of people who, when they hear the word "gift," think of the present and not the past. We are sure that many people who listen to our words will be reminded of the many gifts that our forefathers gave us.

"Rogers"

goods, for in spite of great proclamations from others that theirs are so much less, our prices are always lower. Finely finished goods, refined gold, silver, and copper, are as a rule a little more expensive. But the price of "Rogers" silver and gold is a little less.

JAPAN'S COLONIAL METHODS.

Japan's capabilities and intentions as a colonizing power are demonstrated daily in the English papers of the Orient. The recent action of the Japanese Government calling upon Great Britain to take a hand in stabilizing its colonial interests is an instance of the progressive spirit shown in colonial circles in many of the nations of the East. The present reward they request from the public is certainly well merited and a fair assurance of interest in the work that is being done. Our people are credited with being keen students of the articles and comments that appear in the Chinese press. We trust they will display the same tendencies when they come to make an effort to support the effort of house talent.

WAIMEA HOSPITAL.

Of March 31st the Waimea Hospital, under the direction of Mr. and Mrs. W. L. Whitcomb, M. D., has been taken over by a committee composed of the members of the Medical Society of Hawaii. The hospital has been well equipped and the affair will be run on a business basis from the start.

The Association of Japan's name the trouble in the Philippines is quite common and although it is not as prevalent as in some of the other nations of the Orient, the reports from those who are doing business in Formosa, and the regulations that tend to prevent its occurrence in those islands, are watched accordingly. In Formosa the policy of Japan is criticized most severely on account of the constant departure of able-bodied men. This is the thinly veiled intention of the foreigner wherever he comes in commercial contact with the Japanese. The Overland China Mail declares that the foreigner in those islands is assured of much shorter time and is watched accordingly. In Formosa the policy of Japan is criticized most severely on account of the constant departure of able-bodied men. This is the thinly veiled intention of the foreigner wherever he comes in commercial contact with the Japanese.

Health Officers Speak.
City, State and National Authorities report the Royal Baking Powder in every way Superior to all others.

STATE CHEMIST, CALIFORNIA: The Royal yields all the leaven equal to any other.
STATE CHEMIST, WASHINGTON: There is no question but the Royal is the strongest, purest and best baking powder in the market.

U. A. GOVT. REPORT: Royal Baking Powder is considered to be the purest leaven in the market, and shown to be grain of all leavening substances.

CANADIAN OFFICIAL TESTS: Royal Baking Powder is considered to be the purest leaven in the market, and shown to be grain of all leavening substances.

SAN FRANCISCO BOARD OF HEALTH: We cordially approve and recommend Royal Baking Powder, and hereby heartily recommend the Royal Baking Powder for its great strength, purity and wholesome properties.

BOARD OF HEALTH, SEATTLE, WASHINGTON: Finding the Royal Baking Powder to be as advertised, we hereby heartily recommend the Royal Baking Powder for all purposes.

BOARD OF HEALTH, TACOMA, WASHINGTON: In our opinion the Royal is the best and strongest baking powder before the public.

BOARD OF HEALTH, SPOKANE: Certainly there is no baking powder that can compare with the Royal Baking Powder in strength.

DR. BURNSWANGER, UNIVERSITY OF OREGON: It is my own experience that there exists no better, stronger or cheaper baking powder than the Royal Baking Powder.

Do not perform the slanderous stories of interested parties to influence you in using any other than The Best, The Royal.

VINEYARD AND WACO
BY AUTHORITY.

Ladies who desire to cast their votes in the coming election, are urged to go to the polling places and use the Royal Baking Powder as the substitute for the 'deadly poison' of alcohol, in the shape of wine and beer.
