BOTANIC GARDENS

A Beginning Made On the Moanalua Estate.

MINISTER DAMON'S PLAN

Had the Thought for Many Years.
Director From Royal Botanical Gardens—A Pleasing Future.

Some day Honolulu will have as one of its features the Damon Botanic Gardens at Moanalua. This is one of the best places in the whole world for such an adjunct to the life and cultivation of the people. All varieties of flowers and plants and trees and vines, from all zones and all climates flourish in the Islands with intelligent care. Moanalua valley is easily accessible at present from the city and the beautiful estate is owned by a son of Hawaii who has long cherished thoughts of the time when he would be able to tender to the public the pleasure and general benefit to be derived from a botanic garden worth the name.

In an interview yesterday, Minister Damon said that since he had come into possession of the Moanalua ranch some 12 years ago he had constantly given some attention to this project. While the place is now beautiful and attractive he considers the enterprise to be merely in an early experimental stage and at this date he is still engaged with his means and his personal attention upon what he is pleased to call preliminary work. In every detail and particular of the botanic garden idea, Mr. Damon has the sympathy and co-operation of Mrs. Damon, who is quite an enthusiast in the matter.

The botanic garden work proper is now under the supervision of Donald McIntyre, a graduate of the Royal Botanical Gardens of Edinburgh, where he served for seven years, going then to the estate from which he was secured by Mr. Damon upon recommendation of Dr. Balfour, director of the Edinburgh gardens. The latter place is one of three supported by the British Government. One garden of the other two is in Ireland and the third to be mentioned brings out the name of the famous Kew gardens. Both Kew and Edinburgh as well as many famous private and public gardens have been visited by Mr. Damon in his own interest for the Honolulu gardens. The British system is earnest and business like. Young men are taken as students at these gardens and are taught scientifically and practically and they are always wanted for positions at home or abroad immediately upon finishing the course. Graduates of these three various gardens are in charge of gardens, grounds, estates, parks, etc., all over the world. Several of them have lately gone out to China and Japan. A number are in Africa and a very large contingent in the United States.

Mr. Damon has definite plans that he does not care to disclose at this time. Part of the scheme of ornamentation in Moanalua will be a road from the public thoroughfare mauka to the head of the valley. The view all along is charming. There will be many pretty sights seaward. In the botanic gardens proper will be collections of growing and flowering things from all quarters of the globe. These will be for the pleasure of the sight-seer as well as for the use of the student and the advanced investigator. The gardens cannot but earn in a very short time an international reputation. There will be exchanges with all the great gardens. The grounds in Moanalua, owned together as they are with the water by Mr. Damon, are capable of being handled to advantage that is lacking in many of the gardens now best known.

Reference was made by Mr. Damon to some of the estates he had seen in England and to others he had heard of with acres upon acres of hot houses. The conservatory area here need not be so extensive as in cold countries, but it will be ample for botanic work and for the most delicate plants from the tropics.

It was stated by Mr. Damon that he hoped as speedily as he could to have the grounds reach the stage of development that would warrant him in announcing that they would be open at first—to visitors say an afternoon a week or month. Some system on this order that will prove satisfactory will be adopted. It may be some time before the grounds are considered by the owner to be in suitable condition or advancement for exhibition or for pleasure use. All who learn of the

project will certainly wish it every success. It will be beneficial in every way to the people and the country.

Kailua Coffee Company.
The first annual meeting of the new Kailua Coffee Co., Ltd., has been held. The charter of incorporation granted by the Minister of Interior was accepted. The following officers, who will also constitute the directory, were elected:
President—F. M. Swanzy.
Vice-President—Tom May.
Secretary—T. Clive Davies.
Treasurer—W. G. Singlehurst.
Auditor—H. F. Lewis.

Orchestra Enlisted.
Wray Taylor has notified Mrs. R. D. Walbridge of the Kilohana Dramatic Circle, for the Y. M. C. A. orchestra, that the orchestra will be pleased to comply with the request to furnish music for the dramatic evening at the opera house, February 19. There were 15 members of the orchestra present when the invitation was received and the vote for its acceptance was unanimous.

CIRCUS.
Strong Program and a Laughable Afterpiece.

There was not a very large crowd for the circus last night. The higher priced sections of the pavilion were well filled with society people, an elite night having been advertised. The mid-week new program was given and was very well received. Every number was a good one and gained applause. All the trained animals were shown and the riding and clown business were better than ever. The gymnasts introduced new feats and Dixon, the greater rider, was at his best.

A most laughable afterpiece was given by the company. There is much comedy talent in the company. F. L. Y. Martin was a star and made a lot of fun with his local hits. Dixon was a "smooth" actor and the piece went with a snap and vim.
There will be a matinee this afternoon with half price for children and another performance this evening.
Mr. Willison will likely take his show to Vancouver from this country. Before leaving the Islands he may visit Maui, Hawaii and Kauai.
One feature of the circus last night was the presentation of a watch to the holder of "the lucky number." The drawing was conducted fairly and satisfactorily by Harry Dixon. Enrique Vierra, a Portuguese man known about town was the winner of the time piece. On an investment of fifty cents he received a valuable time piece.

SHIP OFF PORT.
Probably the H. B. Hyde Coming Here for Sugar.

A full rigged ship was telephoned off port early last evening. Later on the schooner Wailua came toward the channel and, Captain Lorenzen supposing the lights to be those of the ship, started out in the pilot boat. He overhauled the Wailua and learned from the Captain that the ship was standing off toward Molokai when he rounded Diamond Head. The pilot then returned to port.
The ship is supposed to be the H. B. Hyde which was to have left San Francisco the day after the S. N. Castle. She comes in ballast to load sugar for New York.

D Cash Shooting.
Company D had the drill shed last evening. Captain Bergstrom had the command on the parade ground for half an hour and made a strong showing with it.
After the drill D's boys held a meeting and talked target battles. The crack shots are lining up for a contest with G for the Marlin Rifle trophy on February 5. A system of cash prizes was voted for that match. A score of 40 is good for \$1 and for over that mark every point is worth four bits to the man who makes it.

Telephone Affairs
A meeting of the new board of directors of the Mutual Telephone Company is to be held today. It is likely that Mr. Cassidy will meet with the representatives of the stockholders and present his views on management, plant changes, etc. It seems probable now that several of the old men who were valued operators under Mr. Cassidy's former superintendency will again go to the switchboard and the room. Toyo Jackson and George Macy and two or three others are mentioned.

Fined \$25.
In the Police Court yesterday morning, A. E. Ingersoll, the apple merchant, appeared on the charge of selling foreign goods without a license. A fine of \$25 and costs was imposed by Judge Wilcox.

"ENTER POLITICS"

Joseph H. Manley of Maine Says it is a Young Man's Duty.

MUST BE A MAN OF PRINCIPLE

And Hostile to "Bossism" in All Its Forms—Honor Brings Success.

The Sunday Magazine, a publication issued by the New York Press, recently contained the following article on "The Young Man in Politics," from the pen of Joseph H. Manley:

It is well in these days, when it has become somewhat popular with a class of men of decay politicians, and to sneer at all who participate in the politics of the day, to really understand a politician and his career in politics. The idea that a politician is a mere "ward heeler" or a seeker of official position is all wrong. Politics is the science of government, and a true politician is a man who is versed in this science. His aims and ambitions are not to hold office, or to dictate who shall hold office, or to carry ward caucuses and party conventions. That is the work of the intriguer, and of the man who can never rise to the dignity of a politician.

A man, to be a successful politician, must have a sincere love of country and be thoroughly grounded in the science of government. He must be a man of principle, of earnest and thorough convictions, and have the faith of his convictions.

Parties are an absolute necessity to the life of the state. Factions never serve the state. It has been truly said that it reflects no glory on a statesman to stand aloof from his party, and it is no commendable virtue in the citizen of a state to belong to no party. The honorable and dignified name of statesman is given only to those men who distinguish themselves as guides and leaders among the politicians.

It is the duty of every young man entering upon life to take an interest in politics, and become, in a degree, a politician. The career of politics, like every other career, has its hopes and disappointments, its advantages and disadvantages, its successes and failures. But there is no career open to a young man in a free republic so full of advantages and enjoyments, so beneficial and useful, as the career of politics. A politician, to be successful, must study human nature in all its phases. He must treat every subject candidly, and deal with all men, honestly. The trickster can never succeed. It is only the honest man who is in the high and true sense a politician. Enemies he must hope to make, for "he never had a friend who never made a foe." And men are better judged by their enemies than by their friends.

By entering the career of politics I do not mean office-holding or office-seeking. The professional office-seeker and office-holder is not a man to be envied. It is not a career to be desired. It is not a career to be followed. The professional office-seeker and office-holder is never, from the very nature of things, a man of independent mind. His one end and aim in life is to hold office. This narrows and dwarfs him, stamps out independence of thought and action, and makes him "Crook the pregnant hinges of the knee where thrith may follow fawning."

It does not follow that the young man should decline office. Preference is always to be accepted. But office should not be sought. When it comes as a trust from the people it should be accepted and worthily filled. Young men should be ambitious to so live, to have such an interest in politics, that they will be fitted to occupy the positions of honor and trust; and the people will readily discern and rightly decide who are to be intrusted with these positions of honor and power.

There is ample opportunity in this great country for all young men who have high aims and lofty purposes, and who properly fit themselves, to perform the great duties of official trust. Let every young man strive to be "Statesman, yet friend to truth! of soul sincere, In action faithful, and in honor clear; Who broke no promise, served no private end, Who gain'd no title, and who lost no friend; Enabled by himself, by all approv'd, And prais'd, unenvied by the muse he lov'd."

The great and crowning glory in the life of the immortal Lincoln, whose memory we cherish, was his firm and steadfast faith in the people. He be-

lieved and declared that this was "a government of the people, by the people and for the people." This doctrine is the corner stone of successful politics. It is the foundation, and should be the faith and the guiding star of the politician. The true politician must set his face with unyielding hostility to every attempt which may be construed into bossism. Leadership he should seek and desire, because true leadership acts for and in behalf of the people. Bossism means the subjugation of the people's will and wish, always receiving the stamp of condemnation.

What higher career can any young man have than to be a successful politician, which means a successful and a great statesman? It brings, of course, its defeats, temporarily its disappointments; but these are necessary to perfect and round and make the perfect politician. The end can only be success, pleasure and enjoyment, because it must bring happiness and prosperity to the people.

All great movements must have their leaders, and the study of the science of government of a free people is the highest plane for a man in the conduct of earthly affairs.

The young man entering upon the career of politics must expect defeat, censure and temporary unpopularity, because he is in the lead of public opinion; but the great body of the people mean to be just and right, and in the end always come to just and right conclusions. He must expect to have opponents and enemies, but this will bring to him loyal adherents, firm and unswerving friends. No truer or more lasting friendships are made in this life than those which bind men together in a common cause for the uplifting of their race, and for the lasting peace and prosperity of their country.

What examples the young men in this country have before them for entering upon and espousing a career of politics! What an inspiration should be the life, character and career of Hamilton, of Jefferson, of Clay, of Webster, of Lincoln, to the young men of this day to strive to become in the best and purest and highest sense politicians!

In a speech made on the 3d of October, 1884, about 1 o'clock in the morning, in Cincinnati, to a body of young men who tendered a serenade to that political leader and true politician, that noble man, James G. Blaine, he said, addressing these young men who had come to cheer him in his great contest: "You are in the morning of life. The day is before you, and your strength is equal to it. You will have the fashioning of the republic, its strength, its prestige, its destiny, long after the generation to which I belong shall have passed away. See to it that it is kept in your power, and that your hands, clean, pure and strong, shall build up the ark of the covenant. I bid you good morning. Turn to the duties of a new day with its responsibilities and with its rewards."

Inasmuch as the destiny of this republic is in the hands of the young men, it is their duty, their highest duty, to enter the career of politics, and become, not intriguers, not factionists, but politicians, giving to the study and the cause of politics the best efforts of their lives, always acting from unselfish motives, never losing sight of the fact that probity, honor, square dealing always bring success. Caring nothing for temporary criticism or applause, looking only to the grand consummation of life's work, then with their hands clean, pure and strong, they cannot fail to build up the ark of the covenant.

Would Like the Place.

W. G. Clark is a candidate for the position of Superintendent of the Government Electric Light Station. At the present time, he is employed by the Electric Light Company as electrician. For over a year he was Superintendent of the Peninsula Lighting Company of San Francisco from which position he resigned to come to Honolulu. He brings references from several Coast Electric companies. Mr. Clark likes the Islands and hopes to be appointed to the vacancy caused by the resignation of Mr. Cassidy.

ONE OF THE FLYERS.

Harry Terrill had made in France the photograph from which this likeness of him is taken. Terrill is a San Francisco boy who is making his second visit to Hawaii with his wheel. Since he was here before he has been in France with his brother. Terrill is supposed to be about of the same quality as Allan Jones. He has the reputation of always riding hard and fair. After several years in the game he says that not yet has he been charged with misconduct in any way. Terrill will be in the professional events at Cylomere tonight. He may ride in a match soon.

THE BEST OF RESULTS.

ALWAYS FOLLOW THE USE OF DR. WILLIAMS' PINK PILLS.

Two Cases in Which They Restored Health and Strength After All Other Means Had Failed—What They Have Done for Others They Will Do for You.

From the Colborne Express.

There are few if any people in Murray township (Canada) to whom the name of Chase is not familiar. Mr. Jacob Chase has been a great sufferer from rheumatism, as all his neighbors know, but has fortunately succeeded in getting rid of the disease. To a reporter he gave the following particulars. I had been a sufferer from rheumatism for upwards of twenty years, at times being confined to the house. At one time I was laid up for sixteen weeks, and during a portion of that time was confined to my bed, and perfectly helpless. I had the benefit of excellent medical treatment, but it was of no avail. I believe, too, that I have tried every medicine advertised for the cure of rheumatism, and I am sure I expended at least \$200 and got nothing more at any time than the merest temporary relief. At least I was induced to give Dr. Williams' Pink Pills a trial, and from that time I date my good fortune in getting rid of the disease. I continued using them for several months and daily found that the trouble that had made my life miserable for so many years was disappearing, and at last all traces of pain had left me and I was cured. I say cured, for I have not since had a recurrence of the trouble.

As proving the diversity of troubles for which Dr. Williams' Pink Pills are a cure it may also be mentioned that they restored Mrs. Frank Chase, a daughter-in-law of the gentleman above referred to, to health and strength after all other means had apparently failed. Mrs. Chase says:—"I can scarcely tell what my trouble was, for even doctors could not agree as to the nature of it. One said it was consumption of the stomach, while another was equally emphatic in declaring that it was liver trouble. One thing I do know, and that is for years I was a sick woman. I know that I was afflicted with neuralgia, my blood was poor, and I was subject to depressing headaches. My appetite was not good at any time, and the least exertion left me weak and despondent. A lady friend who had been benefited by the use of Dr. Williams' Pink Pills advised me to try them, and as they had also cured my father-in-law, I determined to do so, and I have much cause for rejoicing that I did, for you can easily see that they have made a well woman of me. I took the pills steadily for a couple of months, and at the end of that time was enjoying the blessing of good health. It gives me much pleasure to be able to bear public testimony to the value of this wonderful medicine."

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Sold by all dealers in medicine.

Case of "Almost."

A day or two ago, one of the Japanese laborers at the Hawaiian hotel came near losing his life. He was assisting in the work of putting up a new chimney on the kitchen. The man who had charge of the job told him to refrain from holding the guy wire. However, he persisted in doing what he was warned against and was soon rolling off the high roof. Fortunately, his foot struck against a telephone wire and he was saved from falling fifty feet to the ground.

Schilling's Best baking powder is one-third stronger than other good baking powder.

It is twice or three times as strong as "cheap" baking powder and does nobody any harm.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, PloWS, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.

Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power. THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.

Special Object for Watching Wheelmen Tonight.

Martin and Manoa Matched—Sylvester Wants Work Contest—Terrill's Notions—Singing Tonight

There will be extraordinary interest in the races at Cyclomere Park this evening. The program itself is one of the best ever arranged. It will be carried through with a rush. There will be music by the Government band and any number of box parties have been gotten up.

The cause of the excitement in cycling is not difficult to fathom. A number of match races are being arranged. These will be the most notable contests since foreign athletes introduced modern games into the Islands. Then wheeling, up-to-date, has been free from any taint of jobbery or cheating. It is a clean sport and extremely popular.

Watch Martin and Manoa tonight, for the opportunity to see them in single combat will soon be offered.

Watch Terrill and Jones, for they are about the same as matched for a speed battle to a finish.

D. G. Sylvester, the present long-distance champion, has become weary of his beatings at sprinting and has thrown out a deft for endurance work. The matches of this class in prospect are Sylvester and Jones 25 miles and Sylvester and Geo. Turner 50 miles. These tests will be in the nature of innovations here. There has never been but one long-distance wheel event in the Islands. Sylvester won that at Kapiolani park against a visitor touring the world a wheel and claiming to be a champion.

Martin, Manoa, Sylvester, Jones, Terrill and Johnson will all start in several of the numbers this evening. This may be the last chance to get a gauge of the power of a couple of them before they meet in a match. The several professional and amateur events for tonight are made, by recent showings of the boys more uncertain than in the past. Henry Giles is after Damon now. Terrill will want to redeem himself for his poor riding of last week, when he was physically really unfit to mount his wheel. Jeff Higgins, Cornwell and Eakin have some scores to settle. Danny Whitman has been doing some very fast work the last few days and it may be surmised that he will not be idle while Jones, Terrill, Manoa and Martin are watching each other.

Terrill talked of the track and riders yesterday. He says the track is good, but is heavy. He figures that a "plugger" with enough speed to be racing should best a sprinter. Terrill thinks Manoa the "plugger" and Martin the sprinter. Terrill adds that neither Jones nor Whitman have been riding in form here yet and that from what he could learn at the Coast Jones was in California a faster man than Sharick and that in fact, Sharick's only performance of any note there was the state mile at Sacramento, that outside of this event a dozen or more riders of the Golden State could easily "put it on" George Sharick. The latter took the money here right along, though.

The match between Martin and Manoa will be "pulled off" on Tuesday next regardless of weather, unless there is a rain blizzard. It will be the best two in three miles for a fat purse and for side money and for a glory and a whole lot of bets. Emil Berger represented Manoa in the dealings yesterday and Martin spoke for himself. This will be for blood and will fill the grandstand. There will be a couple of other events the same evening. Tonight the men will have a final look at each other in action before they have a go with the track to themselves.

Miss Kanoho will sing a couple of popular ballads at the track this evening.

There are rumors of a fat men's race as an extra number, but the affair may not be brought off yet.

ATHLETICS.

Water Polo Interest—Only Two Base Ball Teams.

Ever since the water polo game of last Saturday, more than ordinary interest in the game seems to have sprung up in various places. Chas. Mitchell, the expert swimmer who, instead of Mayne, captained one of the teams on Saturday, proposes the organization of a crack team here in Honolulu. He says that there is ample material.

Some time ago a team from California sent down a proposition to play a team from this place. Mr. Mitchell is anxious to establish an international water polo tournament.

Just now, baseball seems to be at a standstill. The Regiment and Honolulu players state their willingness to enter the field but are worrying about a third team. The Stars seem to have abandoned the idea of entering the League this season. Harry Wilder is authority for the statement that there will be no Star team.

On account of the doubt as to a third team, the Honolulu have been doing nothing in the matter of practice. They do not care to work until it is assured that there will be something to work for.

In the line of baseball, the Y. M. C. A. has a good proposition on hand.

It is to form an amateur league to play before the regular baseball season. Just at present, the Kamehameha students are having their vacation so that nothing is being done in the baseball line. However, as soon as the vacation is up the team will get down to work for a series of games with Punahou. No doubt these will create a great deal of interest.

There will be no cricket practice today, as the grounds cannot be put in shape.

Some time next week, the Honolulu Cricketers will be pitted against the players of Willison's circus. There are some excellent cricketers among the latter.

The practice basket ball game at the Y. M. C. A. last night was witnessed by a large crowd of people. The playing was excellent.

Poor Vaccine.

With the object of improving the methods of vaccination, the Japanese Government recently imported some vaccine from England, France, Germany, Belgium, Italy and Holland. On examination, the lymph was found to be of inferior quality compared with that produced there. It is supposed that it may have undergone deterioration by climatic influences on the voyage.

Thanks Neighbor

"For the sound advice given me the other day when you suggested that I try the Criterion Barber shop. I have visited many shops in my time but none where such care is exercised by the artists in charge.

YOUNG MEN IN POLITICS.

Hon. J. H. Manley, of Maine, an able man, a clear thinker and a successful politician is the author of an article on "The young man in politics," which we print elsewhere. The article itself contains suggestions enough for a score of essays, if not of books. It enforces the statement made last Summer by Senator Hoar to the students of one of the colleges, that the statesmen and politicians should become the instructors of young men in the very important Art of politics.

Mr. Manley insists on the duty of the young man to take a personal interest in politics, and, "in a degree become a politician." This advice is sound beyond question.

We wish Mr. Manley would, for the benefit of young men, discuss another most serious aspect of the case, that is, the forces that keep promising young men out of politics. James Russel Lowell wrote:

"What to me is the saddest feature of our present methods is the pitfalls which are dug in the pathway of ambitious and able men who feel that they are fitted for a public career, that by character and training they could be of service to their country, yet who find every avenue closed to them unless at the sacrifice of the very independence which gives them a claim to what they seek."

Democracy believes in itself, is head strong and becomes its own leader. It moves generally in the right direction, but over roads rough and painful with the sharp stones of its own errors. It asks for no advice. Senator Grimes, the "war-governor" of Iowa, and a member of the Senate for about twenty years said to us, at the end of his term: "I am not permitted to do my own thinking." Wm. Walter Phelps said, after some years of political life: "I am only a part of a machine." We all now know the pathetic story of Webster, repudiated by the people of Massachusetts and dying of grief at Marshfield. Edmund Burke, living under a Monarchy said: "He who would lead must, in a great measure, follow."

The rough shod voices of Democracy frighten young men who are rich, educated and have self-respect. So they seek other occupations. One of these said: "After years of study you mature some useful plan, but when you present it to the voters, they knock you aside, because they have never thought of it."

After all, the wisdom of the many is, in the long run, better than the wisdom of the few.

The claim that Mr. Manley makes is, that the destiny of the Republic is in the hands of the young men, and that as they become enlightened in their political duties, they increase the wisdom of the masses. It is, therefore, every young man's duty to become a politician, in the service of the State. If he does not, he becomes morally responsible for the men who do become the politicians and leaders.

THE TELEPHONE.

The appointment of Mr. Cassidy as Superintendent of the Telephone Company, is, we all hope, the beginning of a radical reform in the service. Each one of us, for many a day, has been repeating to the Telephone Company the classic words of Cicero to Cataline:

"How long will you abuse our patience?" If the company had a soul, and the best authorities say that no corporation has one, it is entitled to carry a ball and chain the rest of its life. That the community has not "read the riot act" to it in its shameful neglect of duty is due to the curious habit that it has, like all other communities, of submitting to outrages of a certain kind. There is a general belief that Mr. Cassidy is thoroughly competent to keep a good service. If he fails, there must and will be a new service established. The telephone is with us, a necessity, and not a convenience. But it requires a man of unusual organizing force to make it thoroughly effective.

OAHU COLLEGE.

The exercises in Pauahi hall, of the Oahu College, on Thursday were very suggestive. For over fifty years the students on that spot have been fervently admonished as they were on Thursday.

The average young person is not influenced by good advice. Facts and experiences catch their eyes, and attention. Burnt fingers are better than sermons. It is not the historical facts, but the facts of the living present that touch their minds, and warp the courses of their lives.

Mr. T. H. Davies, in some excellent remarks to the students advised them to fit themselves for "positions of usefulness, and become persons whose opinions would be worth hearing."

And yet, taking living examples from the persons on the platform, if an aggravating student had risen up and asked Mr. Davies: "what is your opinion about a Monarchy?" no doubt his brethren on the platform would have replied in a whisper: "It's not worth a sou marquee." And if another aggravating student had risen and asked Dr. Bishop the same question, Mr. Davies would have whispered: "Sincere, but utterly wrong." So the students are at once confronted with the practical difficulty, as to how they may "become persons whose opinions would be worth hearing." The question would be natural enough, as the State must reflect the moral and intelligent condition of the people, and morals and politics cannot be separated. Under such circumstances, students would naturally feel that there is a screw loose somewhere.

Earnest and valuable as the exercises were, it is always well to remember the advice of the old New England clergyman, who in accordance with the old custom of offering a prayer over land that was about to be ploughed up, glanced at it, and said: "Brother, this land doesn't need prayer. It needs manure."

Oahu College needs the manure of THIS DAY.

HOLLISTER DRUG CO.

We Know By Experience

Wise men use the experience of others and make it their own.

Those who have taken Hood's Sarsaparilla are the ones who are competent to speak of its merits.

Thousands of these people say Hood's Sarsaparilla has cured them.

The testimonials of cures by Hood's constitute a vast mass of testimony which proves the power of this medicine to cure a great variety of diseases.

These cures often seem marvelous, yet they are perfectly natural and are easily explained. They are the necessary result of purifying and enriching the blood.

Pure blood is the foundation of health. Hood's Sarsaparilla is the One True Blood Purifier and cures disease by purifying and enriching the blood.

It possesses peculiar curative power, that is, it cures when other medicines cannot cure, because it is peculiar in combination, proportion and process.

That is all there is to be explained about the cures by Hood's Sarsaparilla.

If you have faithfully tried Hood's Sarsaparilla you know how it is yourself; if you have not tried it, why not do so today?

"I have been troubled with scrofula all my life, and it affected my eyes so that I was obliged to remain in a dark room. I began taking Hood's Sarsaparilla. Now my eyes are so strong that the light never troubles me, and my health is good." Mrs. CARRIE WEEKS, Lompoc, Cal.

Hood's Sarsaparilla Is the One True Blood Purifier. Sold by all druggists; \$1 per bottle; six for \$5.

are the only pills to take with Hood's Sarsaparilla.

FOR BURIAL ROOM

Legislature Must Establish a Large Cemetery.

Two Localities—Both on the Railway Line—Halawa District is Mentioned—Without Delay.

One of the questions which the Government will refer to the Legislature next month will be the imperative need for the provision without delay of further cemetery space near Honolulu. All the burial grounds now in use are practically without an inch of available space. Several of them are overcrowded and have been for a number of years. This is a matter with which the Board of Health has wrestled several times. At one time the Board had all but decided upon a plan, when it was found that legislative action would be necessary. This was some months ago.

When the subject was up last it was pretty generally discussed. The locality most favored at that time for a new cemetery was near the railroad in the valley of Kahauiki. Further consideration has satisfied a number of citizens and officials who had taken an interest in the matter that Kahauiki will be too close to the town. If a pumping plant in Kalihi is added to the water system it will be a matter of a few years at the most when the population territory will have reached Kahauiki.

The latest proposal is that land be selected beyond Halawa, which is not a great distance in the direction of town from Pearl Lochs. This may seem at first thought altogether too far from Honolulu. Viewed as presented by one of the officials, it is for all purposes no further away than Kahauiki, the only other locality that can be invaded. The Kahauiki plan included use of railway trains entirely instead of horse carriages and hearses. It will be the same for Halawa and there can be very little difference if any between the transportation figures, while the time required to be used will not be much more.

Those who have looked into the cemetery matter carefully and considered all the points that might be raised are at present in favor of going to Halawa for ground and will so urge upon the Legislature. These gentlemen represent that the present situation must be relieved at once. Aside from all other considerations, there enters into the discussion the feature of protection of public health.

STREET ROW.

Chinese and Japanese Have a Big Fight.

There was a small Japanese-Chinese war on Maunakea street at about 12 noon yesterday and it all came about in this way: A Jap came over the Paik and was going at a rapid rate down Maunakea street with his bundles on his back, when he ran into a Chinaman. There was an argument at once and in a very few seconds, about 20 Chinamen on one side and ten Japs on the other, were engaged in a rough and tumbled fight.

Two native police officers ran into the bunch and had a clear street in a little while. No arrests were made.

Circuit Court Notes.

William Hooper has filed a petition for the probate of the will of his father Charles Hooper. The estate is valued at \$3,500.

The H. C. Sugar Company has filed a demurrer to the complaint of Mele Uli, et al. for trespass.

Paoakalani has petitioned the Court to decide the ownership of certain lands claimed by Kapulani, et al.

Prompt Payment of a Big Sum.

Dec. 4th, Rouse Hazard & Co. mailed their attorney a Chicago draft for \$17,810.96, payable to the Western Wheel Works, that being the amount which had been in litigation between the two Companies for several years. The ability of Rouse Hazard & Co. to forward this large sum just at this season of the year, when the pay rolls and other expenses of Bicycle Manufacturers are very large, and receipts very small, is certainly a most convincing evidence of the solvency of one of the oldest bicycle concerns in the United States. Of the manufacturers and jobbers of bicycles who were in business when Rouse Hazard & Co. entered that line, more than 18 years ago, the number that still exist can be counted on the fingers of one hand. Rouse Hazard & Co. report that their present prospects are the brightest of any time during all the years they have been in business. They now have bona fide orders from gilt-edged concerns for a larger number of machines than they ever had orders for at any one time. Their export trade has been growing in all parts of the world, and if any one of the several large export dealers they have in sight is closed, they will have orders for all the wheels they can possibly turn out during the season of 1898.

The next Australia will bring us a full line of these wheels, Sylphs and Overland Specials. They will have more than their share of up-to-date features, and will make up the most elegant line of 1898 wheels that will be seen here this year. We shall also receive a line of "KENSINGTONS." It will pay you to wait.

GRAND SALE OF COFFEE LANDS.

2,064 ACRES IN EXTENT.

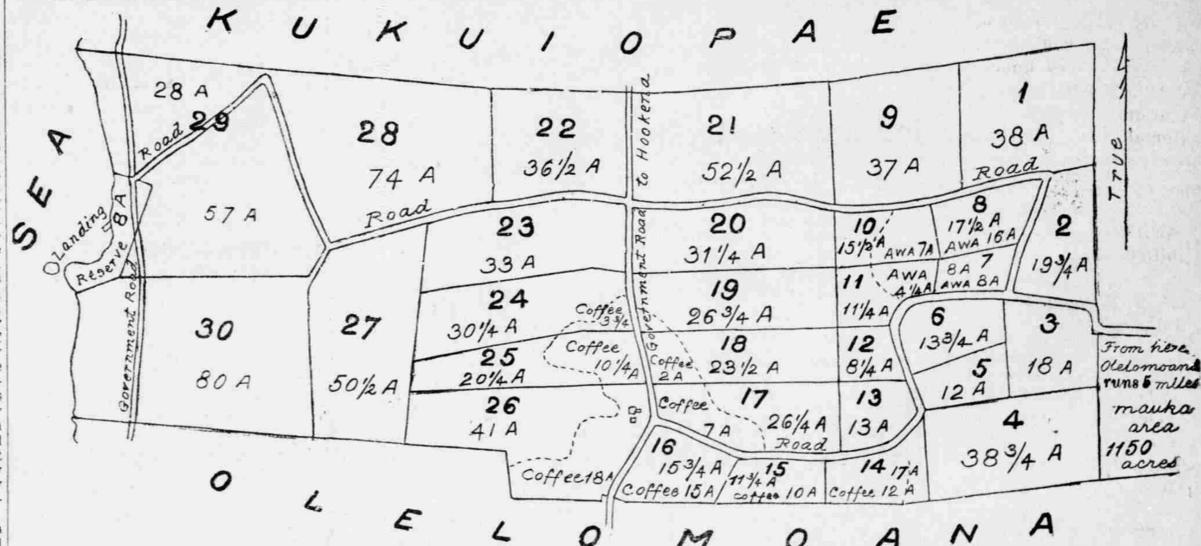

THE FOLLOWING LOTS OF LAND, SUITABLE FOR COFFEE AND FRUIT CULTURE, IN THE CELEBRATED Coffee District of KONA, HAWAII, are offered for sale as per plat below at such figures as will leave LARGE MARGINS TO INVESTORS.

The Land is only six (6) miles from HOOKENA and is reached by a good carriage road which has just been completed. It has besides its own landing, which could be reached and utilized at no very great expense. The Land is covered by a magnificent forest of koa ohia kukui and other indigenous trees, and the greater portion of it is splendid COFFEE LAND. There is now 78 ACRES OF GROWING COFFEE there as shown by the plat.

Purchasers can pay part cash and the balance of the purchase money, with interest, secured by mortgage on the property. Warranty Deeds of the Lots will be given; the property to be free from all incumbrances. No charge for drawing deeds or taking acknowledgments to the same. Stamps on deeds to be paid for by the purchasers. For further particulars apply to—

Primus

Is the name given a Stove which burns self-made Kerosene Oil Gas.

Economy

Is demonstrated by using the same for what they are intended.

Safety

Is assured in their use as no Insurance Company provides in any way against their use.

They are made to last forever and no wick is used.

A quart of cold water can be brought to a boil in three minutes, during which time the stove will consume only one-hundredth part of a quart of kerosene.

Absolutely no danger, smoke or odor, at any time.

We have a \$2,000 STOCK OF PRIMUS STOVES, RANGES, OVENS AND FURNACES.

Do not come to look into the matter (if you cook), unless you want to invest, as they are too tempting.

A NEW BUSINESS

D. A. Campbell Bids for Honolulu Patronage.

Black Diamond Roof Paint—Right Price—A Dust Layer in Use—Sanitary Floor Stain.

Mr. D. A. Campbell is a new business man of the city. He arrived some weeks ago and after looking over the field concluded to locate. Mr. Campbell has office and telephone with the Union Express Company, on King street, opposite the Gazette Company offices. When not at headquarters personally he will have a capable representative in charge.

The new factor places at the head of his bid for patronage the celebrated Black Diamond Roof paint, which is known all over the United States as well as Diamond Dyes, for instance. It is a rubber, cement and asphaltum composition, warranted in all the qualities claimed for it, and the owner is ready to subject it to any reasonable test. As to price, Mr. Campbell will open the eyes of all with his figures. They will be moderate to an extent that will surprise everybody.

The Albright Dust Layer is something that has been tried here and in the States, is practical, the only article for the purpose in use. It is applied to hard or soft wood floors or linoleum and permits sweeping at any time without sprinkling and without raising any dust to blind the eyes, offend the nostrils or injure goods. One use of the Dust Layer suffices for a year. These business houses have patronized Mr. Campbell for the Dust Layer: P. McInerney, King Bros., J. Emmeluth & Co., The Kash, C. Brewer & Co., Waterhouse Stores, Jordan's No. 10 Store, Hawaiian News Co., Hawaiian Cycle Co., Pacific Cycle Co., S. Roth's, Wall, Nichols Co., will be the next.

Third on Mr. Campbell's list is the Hygienic Impervious Floor Composition. This paint or stain or mixture is good for two years. It is of a brownish color, with peculiar qualities destroying disease germs. It is in use in the Government hospitals of Paris, and in New York City, and in many sanitariums and hospitals and private residences throughout the United States, Canada and Europe. It has the highest testimonials from eminent medical men, and Mr. Campbell will willingly submit it for examination to medical men of this city. The Impervious Composition should find much favor here.

Mr. Campbell says he will endeavor to deal with all patrons personally and that he will be pleased to make calls whenever and wherever desired.

ENGLISH LITERATURE.

Flattering Reception Given the New Teacher.

Miss Cora McDonald, the English Literature lecturer met 50 of the ladies of the city at the Y. M. C. A. hall yesterday morning. The introductory talk by Miss McDonald was upon "Literature as an Art." The address was not lengthy, but was to the point and covered a large scope of this view of reading. It was demonstrated to the satisfaction of all present that Miss McDonald was well qualified to deal with the subject of literature in any of its phases. The class that is being organized will be a large one. A number of the leading society ladies are interested and many of those connected with schools are desirous of taking advantage of the presence of Miss McDonald here. An enrollment is being made by Mr. and Mrs. H. E. Coleman. Miss McDonald may be found at the home of Mr. and Mrs. J. B. Atherton.

Special Music.

At Central Union Church on Sunday, the 30th inst., the following program will form part of the musical service:

Mr. H. F. Wichman.

Theosophical Lectures.

By reason of the Harmony Hall being required tonight for other purposes the proposed lecture by Miss M. A. Walsh has been postponed to Sunday evening, January 30, at 8 p. m. sharp. The talented lecturer will then speak on the interesting subject of "Reincarnation and the Law of Comparison," the admittance being as usual through the courtesy of the Aloha Branch T. S., free to all persons interested. Miss Walsh will be particularly pleased to answer all questions on Theosophy that may be submitted at this, her last public lecture. The last class meeting on the fascinating subject of the "Training of Psychic Faculties," will take place in Harmony Hall next Tuesday evening, February 2d.

Take elevator at ground floor.

TIME.

Roll on time, roll on. Just think of it. Still we have a license to live and do business. Prophecy is an uncertain element these days and methods oftentimes change the aspect of things in general; thereby causing people to think and consider the why and wherefor. Reputation is everything. It is the foundation stone upon which success will be attained. Misquoting and uncertain statements are easily penetrated and facts will show themselves irrespective of gigantic promises. Our one contention at all times is to treat people honestly and just; to do right and proper with those placing confidence in you. Knowing conscientiously that such will bring ample reward, we make one boast in regard to our shoes. They are new in style, good in quality, pretty in design, and cheap in price. We ask an inspection. A trial will satisfy you.

Investigation.

Frank Ferreira, the officer who was accused by several young men of being too officious, was summoned before the Marshal yesterday morning. There he told the story of how he had warned the young men, as they stood near the band stand in Thomas Square during Miss Kanoho's singing to refrain from their laughing and talking. He averred that they told him in native to close his hand on one of the young men but denies pushing him. Ferreira was the only police officer on the grounds at the time and there was present a crowd of some four or five hundred people.

The Hawaiian bark Diamond Head, Ward master, will sail in ballast for Port Blakely today. She will return with a cargo of lumber.

The C. D. Bryant, according to C. Brewer & Co.'s letter, was to have left San Francisco for this port on the 19th inst. She may be along before the Australia, due here Tuesday, February 1st.

Laird Brothers have launched for the British Government, from their well-known works at Birkenhead, the largest and fastest torpedo boat destroyer afloat. The Express, as she is named, is 235 feet long, and her speed will be 23 knots, which is equal to nearly 38 miles an hour.—Ex.

The Hawaiian bark Mauna Ala, Wm. Smith master, arrived in port early yesterday morning after an uneventful trip from San Francisco from which port she sailed on January 14th. A fair wind was met with throughout the voyage. The Mauna Ala brought 1,427 tons of general merchandise for the California Feed Co.

The Mauna Loa arrived from Kau, Kona and Maui early yesterday morning. Purser Tuft kindly furnished the following report:

"The Kau coast was very rough. A north east gale blew all week. The Ke Au Hou could not land any heavy machinery. A great deal of rain during the latter part of the week. The Hamakua coast is very rough. The Iwalani is weatherbound off Waipio gulch. She discharged her Kukuhaale freight on the day of arrival, but could do nothing after that. Sugar left: P. S. M., 1,800 bags; H. S. Co., 10,000; Lahaina, 5,000.

Laid to Rest.

The remains of Eleaza Lazarus were interred in Makiki Cemetery yesterday afternoon beside those of his wife, Julia, who died last year. The funeral services at the family residence, Beretania street and at the grave, were conducted by the Rev. H. H. Parker of Kawaiahae.

The Favorite

IS THE FAVORITE place for the finest liquors only, and the best distillers of the United States, Canada and Great Britain are represented. Best brews of Beer, either on draft or in bottles, may be had at all times.

W. M. Cunningham, Proprietor of this well-known resort, has been in the business for many years, and is a connoisseur in liquors. His establishment is always orderly, and, with the services of his assistant, Mr. Thompson, customers are promptly supplied. Bethel and Hotel streets is a favorite corner for the lovers of cold Beer or fine Wines and Liquors.

COMMISSIONER'S SALE OF VALUABLE BEACH LAND PROPERTY, SITUATE IN WAIKIKI, HONOLULU, ISLAND OF OAHU.

In compliance with an order of the Hon. W. L. Stanley, Second Judge of the Circuit Court of the First Judicial Circuit, dated December 30, 1897, and filed in the Clerk's Office of the Judiciary Department in a cause entitled M. P. Robinson and others versus Caroline J. Robinson, the undersigned as Commissioner thereunto duly appointed, will expose for sale at public auction on MONDAY, January 31, 1898, at 12 o'clock noon, at the mauka entrance to the Judiciary Building, the property known as the Robinson Beach Premises situate on the Waikiki Beach, Waikiki side of the premises now occupied by Marshal A. M. Brown.

The property, at present occupied as a dwelling by Mr. S. C. Allen, commands a fine ocean view, and has three or four cottages so grouped together as to form one large dwelling.

The apartments consist of one large sitting room, four spacious bedrooms and one large lanai, with kitchen and bath room attached, also a stable and barn. The property has all the conveniences of a homestead. Beautiful shade and hau trees abound on the lawn.

The lot measures 150 feet parallel with the mauka road, and has a depth of 300 feet from the mauka gate towards the beach, also about 150 feet sea beach frontage. Area one acre, more or less.

Title fee simple. Terms of sale are cash, in U. S. Gold. Deeds at expense of the purchaser. Sale to be subject to confirmation by the Court. For further particulars apply to the undersigned at his office in the Judiciary Building.

HENRY SMITH, Commissioner.
