Earthquake in Washington.

SEATTLE, Wash., Aug. 15.—A special to the Times from Silverton, Wash., says:

A hard shock of earthquake was felt here yesterday afternoon at 4 o'clock, shaking window panes and crockery to some in many instances. The shock lasted three minutes.

Serious Floods in Japan.

YOKOHAMA, Aug. 15.—Severe floods have occurred and it is reported that 50 persons have been drowned. Railway traffic interrupted.

DEATH OF C. P. HUNTINGTON

Suddenly Taken Away by Heart Disease.

WAS AT HIS SUMMER CAMP

The Question of His Successor Barely Mentioned--His Nephew May Become President.

UTICA, N. Y., August 14.—The death of Collis P. Huntington, which took place at Pine Knot Lodge, his camp in the Blue mountain region of the Adirondacks, at 11:55 last night, came with startling suddenness. He went into the woods last Thursday afternoon and was apparently in excellent health. At that time he remarked that he had never appreciated the woods so much as this season. On Friday and Saturday he was about his camp noting the progress of improvements which he had been carrying on this year.

On Sunday he remained at the lodge very quietly, receiving the calls of several friends from neighboring camps. Yesterday he took a long walk over his preserves, and also made a trip on his steamboat, the Oneonta. He remarked to his friends that he was feeling remarkably well. During the day he made no complaint whatever of illness. He retired last evening at 11 o'clock, still apparently in the very best of health. A few minutes later moans were heard from his room and an attendant immediately went to his assistance. Help was summoned and restoratives were applied, but Huntington sank rapidly, and in ten minutes had passed away. It is supposed that Huntington's death was caused by heart trouble.

NEW YORK, August 15.—The body of Collis P. Huntington will probably arrive in this city on a special train from Utica late this afternoon. The remains will be taken to the Huntington residence at Fifth avenue and Fifty-seventh street. The funeral will probably take place Friday or Saturday. H. E. Huntington, nephew of the deceased financier and now acting president of the Southern Pacific road, is on his way here to attend the funeral. All talk as to the new president of the road is as yet premature. Certain important interests in the company, including General Hubbard, who is now abroad, and the representatives of the Searles and Hopkins estates, will have to be consulted.

Many messages of sympathy and condolence have been received for the family at the office of the Southern Pacific road and as many more have been sent to the Fifth avenue residence.

Charles H. Tweed, general counsel and second vice president of the Southern Pacific Company, who is generally regarded as having been closer to Mr. Huntington than any other business associate, was asked today whether any of the dispositions of Mr. Huntington's will could yet be made public.

"Nothing now," answered Mr. Tweed. "Certainly nothing until after the funeral."

"Is there any question that Mr. Huntington has left a will?"

"I don't feel at liberty to say anything on that subject at present."

Then after reflecting a few moments, Mr. Tweed said: "It may be safely assumed that such a document is in existence."

"Was the stability of his investments, in the event of his death, made secure by formal provision during his lifetime?"

"Provisions were made against his holdings being thrown upon the market."

"It is reported that you are likely to succeed Mr. Huntington as the head of the Southern Pacific."

"No. Mr. H. E. Huntington, nephew of Mr. C. P. Huntington, is the first vice president of the company. I am the second vice president. But all that is matter for future arrangement."

Mr. Tweed added that Mr. H. E. Huntington had been heard from at New Orleans on his way to this city and that he was expected to arrive here tomorrow morning or evening.

UTICA, N. Y., August 15.—The train bearing the remains of Collis P. Huntington left Racquette Lake at 8:20 this morning and reached Utica at 10:50. Those on board were Mrs. Huntington, Mr. and Mrs. M. A. Huntington, Miss Campbell, George E. Miles, Mr. Huntington's secretary, William Durant, Dr. H. H. Warner, Charles G. Ward, superintendent of the Racquette Lake Railway, and the maid and servants in the Huntington household.

The train consisted of the two cars Oneotta and Oneonta II, a smoker and baggage car combined. With the exception of the engine, the train was owned by the late Mr. Huntington and one in which he journeyed to Racquette Lake on Thursday last.

The train left Utica at 11:10 and will make only one stop, which will be at Albany. The arrival in New York will probably be before 5 o'clock. Every courtesy possible is being extended by the officials of the road over which the train is passing and the journey is expedited through the train being accorded a clear track and right of way. Mr. Miles told a reporter that while the arrangements for the funeral have not been completed, it will probably take place Friday morning from Mr. Huntington's late home in New York.

Boers Tired of the War.

CAPE TOWN, Aug. 15.—Commandant Prinsio, who surrendered to General Hunter July 30, has arrived here. He says he is heartily tired of the war and welcomes the prospect of peace. The commandant added that a majority of the Boers were "disgusted with President Krueger."

James G. Stowe, the United States Consul General, has returned here. Only ten Boers were in the party which attacked his train. The remainder of the command were composed of foreigners. Mr. Stowe says the majority of the Boers desire a cessation of hostilities.

Roosevelt's Speaking Tour.

CHICAGO, Aug. 15.—Vice-Chairman Henry C. Payne received at Republican headquarters this morning a copy of the itinerary of Governor Roosevelt, as far as agreed upon by the Governor and the national committee. The Governor will make his first speech at Detroit, September 6. He will speak at Grand Rapids, Mich., September 7, South Bend, Ind., September 8, La Crosse, Wis., September 10. From La Crosse, Governor Roosevelt will visit South Dakota, North Dakota, Montana, Idaho, Utah, Wyoming, Colorado, Kansas, Nebraska, Iowa, Illinois, Indiana, Kentucky, Ohio, West Virginia and Maryland, finishing his speech-making in New York.

FIFTY LIVES LOST IN A SEA COLLISION

PARIS, August 12.—During maneuvers of the French fleet off Cape St. Vincent last night a collision occurred between the first-class battleship Brennus, flying the flag of Admiral Fournier, commander of the fleet, and the torpedo boat destroyer Framee of thirty-one tons displacement.

The Framee sank immediately. Only fourteen of the crew, consisting of four officers and fifty-six men, were saved. The losses include three officers, Captain Piassix, the second lieutenant and the chief engineer. Admiral Fournier in a dispatch from Cadiz says that at the time of the accident the Brennus was steaming ahead of the Framee on the left. The flagship and the torpedo destroyer were exchanging signals, when the latter approached too near to the Brennus. The captain of the Framee ordered his helmsman to steer to the left while he increased the speed. The man misunderstood or badly executed the order, steering to the right, which brought the destroyer under the ram of the Brennus, the Framee being cut in twain.

IMPORTANT DISCOVERY OF FRENCH SCIENTISTS

NEW YORK, August 15.—A dispatch to the Times from Paris says:

Highly interesting demonstrations of the properties of bioxide of sodium are being given before the French Academy of Sciences. Bioxide of sodium is found to possess the property of renewing the oxygen in air that has been breathed and in absorbing carbonic acid gas given off. Thus, with an apparatus containing the sodium, shown by Desgrey and Balthouard at the Academy, a diver can remain under water and walk about without having the air renewed by the pumping apparatus at present employed.

Moreover, by means of the new apparatus, miners will be able to penetrate into poisonous gases and foul air and firemen into smoke without fear of asphyxiation. It will also render practicable submarine boats.

Ample proofs of all that is claimed for it were given at the Academy. Two men put on diving dress from which all air was excluded and remained inclosed two hours. Afterward the same men remained under water in the Seine during half an hour. The experiments are creating the greatest interest in scientific circles.

REVISION OF THE PRESBYTERIAN CREED

SARATOGA, N. Y., August 15.—The committee on the Revision of Faith, appointed under a resolution of the General Assembly of the Presbyterian Church in St. Louis in May last is in session here. As this is the first meeting of the committee, its work will be, according to the secretary, the Rev. Dr. W. H. Roberts, largely preliminary.

Its ultimate action must be based in a great measure on the recommendations of the Presbyteries, comparatively few of which have taken action as yet. The power and scope of the committee, as defined by the General Assembly, is: "To consider the whole matter of a re-statement of the doctrines most surely believed among us, and which substantially are embodied in our confession of faith.

"That this committee be enjoined diligently to pursue the inquiries, seeking light and knowledge from every available source and to report to the next assembly what specific action, if any, should be taken by the church.

"That to further the work of the committee the Presbyteries be invited by the assembly to take action on the subject at their fall meetings and to report said action to the committee, whether suggesting revisional, supplemental or substitutional changes or no change at all."

The members of the committee present are: Rev. Charles A. Dickey of Philadelphia, Rev. Herrick Johnson of Chicago, Rev. Samuel J. Niccolls of St. Louis, Rev. Daniel W. Fisher of Hanover, Ind., Rev. W. McKibben of Cincinnati, Rev. George R. Stewart, president of Auburn Theological Seminary; Rev. Samual B. Sprecher of Cincinnati, Rev. Dr. Henry Van Dyke of Princeton, Justice John M. Hart of Washington, Daniel R. Noyes of St. Paul, E. W. C. Humphrey of Louisville, Dr. William R. Crabbe of Pittsburg, John E. Parsons of New York and Elisha A. Fraser of Detroit.

According to Secretary Roberts, it is problematical how many days the committee will be in session.

New King Takes the Oath.

ROME, Aug. 11.—King Victor Emmanuel III took the formal constitutional oath today before Parliament. The ceremonies took place in the Senate chamber, which was entirely draped in black out of respect to the late King Humbert. The King read an address to the people in which he pledged himself to respect their rights, and to carry on the work his father had begun for the betterment of Italy. His address was loudly cheered and he was given a popular ovation.

TREASONABLE LETTERS FOUND BY FUNSTON

WASHINGTON, Aug. 15.—The War Department has made public the Filipino correspondence captured some months ago by General Funston's command in Luzon. One of these is from Dr. Montague R. Laverson, of Brooklyn, N. Y., to G. Apacible, in which the war with the Filipinos is characterized on the part of the United States. Dr. Leverson's correspondent is advised to bring about the capture of some official of the United States who should then be put on trial before a council of war for piracy. He is also advised to have the Filipino Congress issue an address to the people of the United States calling attention to alleged violations by the United States of the usages of civilized warfare.

There is also a letter from W. G. St. Clair, editor of the Singapore Free Press, to Howard W. Bray, in which after discussing conversations with Spencer Pratt, former United States Consul at Singapore, the writer asserts that Admiral Dewey's policy in the Philippines has been overruled by the military element at Manila and that the Admiral was about to return to the United States where he might be able to enlighten the President as to the facts and bring about conditions more favorable to the Filipinos.

WASHINGTON, Aug. 15.—General MacArthur has cabled the War Department a brief statement concerning the health of the troops in the Philippines. The number of sick in the hospitals is set down at 3,623, and in quarters at 1,261, making a total of 5,129 sick soldiers or 8.47 per cent of the entire army in the archipelago.

TURKEY RESUMES WARFARE ON CHRISTIANS

NEW YORK, August 15.—A special to the Journal from London says:

The Sultan is taking advantage of the fact that the attention of the great powers is occupied by the troubles in China to allow his Mohammedan lieges to indulge in one of their periodical onslaughts on Christians.

In the early part of last week two hundred Armenians near Van were massacred without any interference by the authorities and the British Vice-Consul at Van, delegated by his Government to investigate the complicity of the Ottoman officials in the affair, was set upon and fired at by the Kurds in the neighborhood of Elk, who robbed him of his baggage, wounded his interpreter and subjected other members of his party to maltreatment.

Sir Nicholas O'Connor, the British Embassador at Constantinople, has lodged a strong protest with the Sublime Porte, which has received it with even more than its customary indifference.

A disorder like bubonic plague has appeared at Panama.

There are hundreds of cases of hydrophobia in Paris.

General Funston has decided not to come home yet.

DETAILS OF ALLIED ADVANCE ON LONG ROAD TO PEKING

NEW YORK, August 15.—A Tien-Tsin dispatch to the Herald, dated August 6th, says: Great confusion yesterday attended the advance of the allied troops, with the exception of the Japanese. The advance began at 3 o'clock in the morning. Under cover of three batteries of artillery, two regiments of Japanese infantry crossed the open in the darkness and the Chinese at once began a heavy fire upon them.

The plan was that the Japanese should occupy the extreme left, supported by the British and Americans on the right and the Russians across the river.

The British and Americans came up late, remaining in the rear.

The Japanese firing line spread from our extreme left to the river. They carried three series of Chinese trenches, killing several hundred Chinese troops. About 150 Japanese were killed or wounded.

With the Japanese still leading and advancing beyond the village of Peitsau, the other troops were unable to catch up.

Four thousand Japanese were in the fight yesterday and nine guns were captured.

In the advance General Fukushima's plan was followed.

Fifteen miles were covered and scouts reported that the Chinese were retreating to the north under twelve flags about 6,000 strong. This was probably the rear guard and they might have been cut off and annihilated if the Bengal Lancers had been on hand at the right time.

The roads are fairly good and dry. The villages along the line of march are deserted. The growing crops afford abundant forage for the pack animals.

From Peitsau to Yang Tsun there was no opposition. It is expected that the Chinese will make a stand at the latter place.

President McKinley's refusal to consider Li Hung Chang's proposal meets with the warm approval of Americans in China and also with that of the army.

SITUATION IS WORSE

Another Message Comes From Conger.

DETAILS OF THE ADVANCE

Troops Arrive Within Twenty-Seven Miles of Peking—Pritchard Morgan's Forecast.

NEW YORK, August 15.—A dispatch to the Journal and Advertiser from Chefoo says:

Consul Ragsdale has just received a cipher dispatch by runner from Minister Conger. It says: "The situation is more critical. The Chinese Government is trying to force us to leave Peking. It is impossible until troops arrive."

LONDON, August 15.—The Chinese Minister in London has informed the British Foreign Office that the foreign legations at Peking were safe on Monday, August 13.

LONDON, August 15.—Rear Admiral Bruce, telegraphing from Taku to the British Admiralty, says:

Have received the following from the General at Ho Si Wu, August 10:

"The troops are distant about twenty-seven miles from Peking. They experienced little opposition. A position had been prepared by the enemy, but as the allies advanced, they fled. The Tartar cavalry was charged by two squadrons of Bengal Lancers. Many of the former were killed. The standards of Generals Ma and Sung were captured. The troops are much exhausted by the heat, but their health and spirits are otherwise excellent."

A second dispatch, dated Ho Si Wu, August 11, says: "The advance may be somewhat delayed, as rain is falling."

MESSAGE FROM FRENCH ENVOY.

PARIS, August 15.—The French Foreign Office has received the following dispatch from the Minister of France at Peking, M. Pichon, dated August 9:

"We have been advised that Li Hung Chang is charged to negotiate telegraphically with the Powers. We are ignorant of the events occurring outside the Legation. It is surrounded by hostile defenses. How could we negotiate without the diplomatic corps regaining its rights and the legation grounds being evacuated? If the negotiations prevent the march of the allied troops, which is our only salvation, we risk falling into Chinese hands. The section wherein lies the French Legation is occupied by Imperial troops, who have not entirely ceased to fire. We are reduced to siege rations. We have provisions, horses, rice and bread for fifteen days."

The following dispatch has been received from the French Consul at Canton:

"All is quiet here. In the district of Swatow, the agitation against the Christians and missionaries is alarming. Many missions in that region have been pillaged and burned. The Viceroy and myself have decided each to send a delegate to make an investigation and re-establish order. With the view of giving weight to the mission and to show that accord exists between the mandarin and the Consulate, the commission sails on the French war vessel Comet."

BERLIN, August 15.—A dispatch received here from Chefoo says the British and Russian Consuls agree in stating that the relief force arrived at An Ping August 9, without further opposition, the place being about thirty-two miles from Peking.

CHINESE MOUNTING GUNS.

HONGKONG, Tuesday, August 14.—Continued investigations at Canton show that the Chinese are mounting larger guns, old gunboats are being overhauled and mines have been made ready to lay in the West river. A steamer from Wu Chow reports passing considerable numbers of Chinese troops going up the West river, probably bound for Peking.

BRITISH TROOPS ARRIVE.

LONDON, August 15.—Transports with British troops arrived in Shanghai roadstead Tuesday. The Viceroy protested to Admiral Seymour against the landing of the troops and, according to a Shanghai cablegram dispatched at midnight, Admiral Seymour wired to his Government for instructions as to how he should act. The British residents of Shanghai are indignant and attribute the Viceroy's action to intrigues on the part of the French and Russian Consuls.

Official confirmation of the objections to landing troops at Shanghai has been received at the Foreign Office here, but owing to Lord Salisbury and his staff being in the Vosges mountains, nothing definite can be done from London until instructions are received from Lord Salisbury, to whom the matter has been telegraphed.

The allies have almost certainly arrived at Peking, even though rain has been falling. The advices received from the British commander at the front, through Rear Admiral Bruce, give reasonable assurance that the twenty-seven miles between the allied force and Peking would be easily traversed in four days, the Chinese, seemingly being unwilling to fight and falling back on the capital.

Taotai Sheng's American adviser, Mr. Fergusson, who has been criticised by the press and by Americans for his continued relation to the Chinese official, has resigned and his resignation has been accepted. An English correspondent, sending this to the Associated Press from Shanghai, says:

"The intimacy of American officials with Sheng has been remarked by Englishmen."

It is reported from Hongkong, under date of August 13, that the United States sea-going monitor Monterey will go to Canton in a few days to relieve the American cruiser Don Juan de Austria. The Chinese aver that the chances are ten to one that the Bogue forts will fire on the monitor, as the authorities are suspicious of foreign designs.

The activity of the Chinese military authorities at Canton is most pronounced. Foreigners there think they perceive preparations for action of some sort. They dislike the presence of Chinese troops in the vicinity of the foreign settlement, fear that the slightest indiscretion will lead to bloodshed and would welcome the arrival of the Monterey.

The absence of fresh news of what the Peking expedition is doing leads to speculation. Military men at Shanghai, who know the country in the vicinity of Peking believe the allies ought to be within cannon shot of the capital today.

A news agency dispatch from Shanghai says:

"An authentic message from Peking, dated August 7, says the attacks on the legations have been renewed and that the supplies of food have been stopped. The advance of the allies, it is feared, has excited the fanatics and the rebels are again uncontrollable. Telegrams received by the London Missionary Societies indicate that missionaries and other foreigners are arriving safely at Chinese treaty ports, some of them from places hundreds of miles in the interior and from Szechuan more than 100 foreigners have arrived at Shanghai. The heads of the missions believe that nearly all the missionaries are alive and are safe on the coast of China. The international missions' chief anxiety is for their Shan Si missionaries, who are returning through the hostile province of Hu Nan. Mr. and Mrs. Glover have been robbed and arrested at Shan Si.

A MANGLED MESSAGE.

WASHINGTON, August 15.—A dispatch received yesterday by the State Department from Consul Fowler at Chefoo was so badly mangled in transmission as to almost be indecipherable. The cipher experts of the Department worked on it last night and today. So far as made out, the dispatch appears to contain a message from Minister Conger transmitted to Chefoo by courier. The gist of the Conger message contained in the cablegram is that the situation in Peking is more critical and that the Chinese Government is endeavoring to force the Ministers to leave the Imperial city under Chinese escort before the arrival of the relief column. Beyond this point the dispatch is unintelligible.

GOOD CHEER FOR MACDONALD.

LONDON, August 15.—The British Foreign Office, replying to the latest cipher dispatch from the British Minister at Peking, Sir Claude MacDonald, the wording of which was almost identical with the message from Sir Claude received by the Canton correspondent of the Daily Telegraph and published August 14, and which was transmitted to the Foreign Office by the Chinese Minister here, bids the British Minister to be of good cheer and gives the progress made by the relief column.

The message of Sir Claude MacDonald to the Daily Telegraph was dated Peking August 6 and read:

"Our situation here is desperate. In ten days our food supply ends. Unless we are relieved a general massacre is probable. The Chinese offered to escort us to Tien-Tsin, but, remembering Cawnpoor, we refuse the offer. There are over 200 European women and children in this Legation."

MISSIONARIES KILLED.

BOSTON, August 15.—The American Board of Commissioners for Foreign Missions today received a cablegram dated August 13th from Consul Fowler at Chefoo, in which he says that a messenger sent to Pao Ting Fu has returned and reports that the Presbyterian missionaries were killed June 30th and the Congregational missionaries July 31. The missionaries of the American board stationed at Pao Ting Fu were Rev. Horace T. Pitkin, Miss Mary S. Morrill and Miss Annie A. Gould, both of Portland, Maine. The character of the messenger sent to Pao Ting Fu is wholly unknown to the officers of the board, but the message indicates that Consul Fowler and Rev. Dr. Henry D. Porter credit the report.

CAPTURE OF HO SI WU.

BERLIN, August 15.—A dispatch received here from Tien-Tsin under date of August 11th, says the allies captured Ho Si Wu after a fight with troops under General Tung Fu Siang's personal command. The fleeing enemy, it added, were immediately pursued in order to prevent them from making a further stand, the cavalry pushing southward to cut off the Chinese line of retreat upon Pao Ting Fu.

In Peking, the dispatch says, Prince Tung is having every one executed who sympathizes with or provisions the foreigners.

The newspapers of Peking announced that France had accepted Field Marshal Count von Waldersee as commander in chief of the allied forces in China.

An official dispatch from Taku, dated August 12th, announces that Captain Pohl, commanding the German warship Hansa, and Captain Heicht, of the German warship Bertha have started for Peking with 250 men. It is added that 160 Austrians have also gone in the same direction.

RUSSIA AND GERMANY.

ST. PETERSBURG, August 15.—The Official Messenger declares that, recognizing Germany's motive, in view of the murder of Baron von Ketteler (German Minister at Peking), the Czar accepted Emperor William's proposal to appoint Field Marshal Count von Waldersee to the command of the allied forces, but that the Czar has not the slightest intention of receding from his political program, the fundamental principle of which is a complete understanding with France and the other Powers, the pursuance of no selfish aims and striving only for the restoration of order and the best relations in China.

THE KAISER SPEAKS.

NEW YORK, August 15.—A dispatch to the Tribune from London says: The German Emperor, addressing several officers on their departure for China, exhorted them not to rest until the enemy begged for quarter. He was strongly opposed to the partition of the Chinese Empire, which was not to be thought of for the present. German officers, His Majesty said, must not underrate their opponents, as Admiral Seymour had done in his advance on Peking.

M'CALLA'S VIEWS.

CHICAGO, August 15.—Capt. H. B. McCalla of the cruiser Newark, who was in command of the American marines in Admiral Seymour's unsuccessful expedition to the relief of Peking, believes that the Chinese situation is more serious and fraught with more dangers to the United States and the allies, than any one imagined before the capture of the Taku forts. Writing to Mrs. Edward Roby of this city from Yokohama, whither he had been invalided by three wounds which he had received during the ill-starred Seymour advance on July 26, Captain McCalla says:

"Certainly no foreigner in our column of 2,000 officers and men believed that the

THE GOLD MAY STAY

Collector Stackable's Plan.

OLD RULING GIVES HOPE

Importers May Deposit Sums With United States Sub-Treasury In San Francisco.

Collector of Customs Stackable has hit upon a plan which he believes will prevent an outpouring of the gold coin paid as duties. He is thoroughly alive to the financial stringency which is likely to result in the next two months if he is compelled to ship the coin he receives monthly to the United States Sub-Treasury at San Francisco. The shipments now amount to $100,000 a month, at which rate the banks and other moneyed institutions would soon be drained of ready cash.

A short time since Mr. Stackable received many old circulars from the Treasury Department at Washington, which are still in effect. One of them, signed by John Sherman, Secretary of the Treasury, twenty-one years ago, has a special significance to financial status in Honolulu and Mr. Stackable believes is the keynote to the entire situation. The circular in question reads:

Circular Concerning Payment of Duties on Imports.
1879

Department No. 5, Secretary's Office, Treasury Department, Washington, D. C., January 2, 1879.

To facilitate the payment of duties on imports, the Treasurer and the several Assistant Treasurers of the United States are hereby authorized to receive deposits of gold coin in sums of one hundred dollars and multiples thereof on account of such payments, and to issue the usual certificate of deposit therefor in denominations of not less than one hundred dollars, in the name of the collector or surveyor of the port at which the duties are to be paid; and any collector or surveyor, in whose name the certificate is issued, is hereby authorized to accept it at par for duties on imports payable at his port, treating the transaction in his accounts as if the money had been deposited by him in the usual manner.

JOHN SHERMAN,
Secretary.

"This has become a serious matter in my opinion," said Mr. Stackable yesterday to an Advertiser reporter. "I have been working on some plan to alleviate the financial distress occasioned by my monthly shipments of gold to the Coast and feel certain that this circular gives me the right to hold the gold in this country. Take the firm of Messrs. Hackfeld & Co. who are large importers. According to the interpretation I place upon this circular, Hackfeld & Co. may at any time deposit with the Assistant Treasury of the United States, at San Francisco, through the local banks, any sum of money they are likely to need for the payment of duties—say from $10,000 to $50,000. The Assistant Treasurer will send me a certificate of deposit for the amount so deposited with him. At the same time, the Assistant Treasury will send to Hackfeld & Co., duplicate certificates issued in any multiple sum of $100 or more each. Whenever they need to pay customs duties they can make the payments with these duplicate certificates and I will check the amounts off against the original certificate which I have on file. At the end of the month instead of having to ship away gold coin, all I will have to do is to forward the duplicate checks to the Sub-Treasury at San Francisco.

"This simplifies matters not only for the importer, but for the banks and myself. In the first place the importer for example draws a check for $50,000 (or whatever the amount is) and sends it through his local banker. He charges the amount up on his books as duties and his bookkeeping work is made easier. I am of the opinion that the bankers will see wherein he realizes a profit. At present he is forced to order gold sent him by freight. These freight bills amount to something and so does the insurance. This will be done away with if my plan is carried out.

"What does it save for me? Well, first of all the worry of thinking that I am causing a financial stringency here. Second, that I am not put to the trouble of weighing so much gold out and seeing to it that it is not short weight. The first shipment of gold which I made to the Sub-Treasury was $53,419.47. When it was weighed in San Francisco it was found to be short weight to the extent of $29 in value. I had to pay that out of my own pocket. I did not have scales then. They would not give me a receipt for my first shipment of gold until I had made good that amount. Coins must be full weight. They charge four cents a grain of every grain short. Gold coins found short weight will be stamped by me which will put them out of service."

Mr. Stackable further stated that under the plan thus mapped out if the importer's duties do not amount to the sum so deposited he may pay back the difference in cash from his collections. If the importers wish to avail themselves of this opportunity they can make the necessary arrangements with the banks to make the required deposit with the Sub-Treasury and this will obviate the necessity of shipping the larger amounts of gold out of the country each month.

"COPS" LAID OUT.

Company F Outshoots Police Team at Iwilei Butts.

The second police rifle team and the second team of Company F, N. G. H., shot a match last Saturday morning at Iwilei butts. The boys in blue won by 28 points, the scores being 384 and 353.

Costa 41, Specudor 40, and Wirud 40, were the top scores for the soldiers. Atatani 41 and Jack Kalakiela 40, shot well for the club brandishers. The scores were as follows: Company F—Short 38, Drake 37, Costa 41, Sybolt 37, P. Costa 38, B. Specudor 40, Wirud 40, Piper 38, Hillebrand 35, Sylva 40; total, 384. Police—Thomas 34, Baker 37, Moan 37, Atatani 41, R. Parker Jr. 35, Needham 39, Kawaiaea 36, Keanini 33, Kumaka 21, Jack Kalakiela 40; total, 353.

The name is a guaranty of its purity —Jesse Moore Whiskey is always right.

SITUATION IS WORSE

(Continued from Page 1.)

Chinese would do so well and no one except the agents who have been selling arms and munitions of war to China since the close of the Japanese war had any conception of the vast amount of money which the Peking Government had expended in preparations for another war. And while the Chinese would not, or could not stand against us 'in the open,' they inflicted severe punishment on us while we were driving them out of the villages and from behind mud walls."

Capt. McCalla, in concluding, says so far as he can judge the international problem now to be solved in China is most interesting and very difficult. He also says that the United States may be called upon, on account of its large trade interests in China, to adopt and declare an international policy which can only be enforced by a large navy.

CHAFFEE AT MATOW.

WASHINGTON, August 15.—The Navy Department early this morning made public a dispatch from Admiral Remey, announcing the arrival of Gen. Chaffee at Matow, the next town of importance after Ho Si Wu, which the Americans occupied with slight opposition on the 9th inst. The text of the dispatch is as follows:

TAKU, August 12.—Just received an undated dispatch from Chaffee, Matow: "Yesterday opposition of no consequence, yet terrible heat; many men prostrated. Please inform Secretary of War."

REMEY.

It will be seen from this message that the date of General Chaffee's arrival at Matow is uncertain. It is taken at the Navy Department to mean that Matow was occupied on the previous day, the 11th, and that the opposition was slight both on the road and in taking the town.

Matow is about twelve miles by road from Ho Si Wu and the road, as indicated on the War Department map, is of the worst possible character. Matow is not a walled city and no serious opposition was expected here. It is about eleven miles by road from Matow to Ching Chia Wan, which is really the suburb of the walled city of Tung Chow and the key to the gates of Peking. If Gen. Chaffee was at Matow on the 11th, it is quite possible that by today he is either in possession of Tung Chow or engaged with the retreating Chinese army, that it was thought might make a stand behind its walls. The War Department is highly gratified at the report of General Chaffee's steady advance, which for a week past has been scouted as a foolhardy adventure by some of the European war officials.

Of quite as much interest as the record of the army's advance is the speculation now current about the State Department as to the status of diplomatic negotiations. The State Department has thrown around these proceedings a sudden and unaccustomed veil of secrecy that is taken to presage important developments. One thing is well-nigh certain, namely, that the Conger message of yesterday, which was not made public, is one of a series of identical notes addressed by the beleaguered Ministers to their Governments.

Minister Wu, who, besides being the Chinese Minister here, also is the accredited representative of China to Spain, received along with the Conger message of yesterday a cipher message from the Spanish Minister in Peking, which Mr. Wu forwarded to Madrid. It was not made public there. Sir Claude MacDonald's dispatch to the British Foreign Office, evidently of the same vintage as the two other dispatches referred to, also was withheld from publication. This is taken as a fair indication that negotiations of importance are on foot, but their nature is entirely speculative.

The State Department this morning stated that not only was the text of the Conger dispatch kept secret, but no questions would be answered in connection with its contents. It was pointed out by the Department that with the international forces practically at the gates of Peking, any statement of Minister Conger might involve him and all of the other Ministers in very serious consequences. It was said, however, that the statement from London this morning, credited to a member of Parliament, that negotiations were on foot in Washington between the various Powers looking to a future form of government for China, was without foundation. The State Department announced that no note on this subject had been exchanged between the Powers.

It is considered significant that no preparations are being pushed for the wintering of the American forces in China. Both the Commissary and Quartermaster's Departments are ready to purchase and ship supplies for the Chinese expeditionary force such as would be needful in a winter campaign. There are certain supplies which would be necessary for this contingency and certain steps which would have to be taken, and that quite speedily, unless there was strong hope that the American army would be out of China before the Gulf of Pe Chi Li freezes over, which usually happens about the first of November. Preparations made up to a recent date looked to the quartering of the American force on Chinese soil through the winter season. It cannot be said that this expectation has been entirely abandoned, but it is certain that some of the final purchases and preparations are suspended for the present, as though there is considerable probability that they would not have to be made at all. The War Department has as yet given no definite statement on this subject, but the suspension of operations is considered significant.

CONTRADICTORY VIEWS.

NEW YORK, August 15.—A dispatch to the Tribune from London says:

The Chinese Minister in this capital, Sir Chih Chen Lo Feng Luh, sticks to his guns and is as resolutely optimistic as ever. He has made another statement, in which he reiterates his conviction that the Ministers in Peking are safe, and positively ridicules the idea that they can be in any jeopardy. As for the report that Li Ping Heng has brought up guns and bombarded the legations, he says this cannot be true. If it were, the legation buildings would have been reduced to ruins in an hour or two.

Side by side with the Chinese Minister's reassuring statement comes Sir Claude MacDonald's cipher dispatch of August 6th, in which the British representative describes the situation as desperate, states that the food supply will not last more than ten days, and declares that unless relief arrives speedily a general massacre is imminent. Between these contradictory statements anxiety and suspense are again roused to fever heat and will so remain for the rest of this week and until the relief force has actually arrived in Peking. On the whole, however, a somewhat hopeful disposition prevails, though the gravity of the last messages from MacDonald and Conger is admitted. It is thought that even the Manchu desperadoes in command of the Chinese soldiery in Peking will hesitate to proceed to extremities with the cannon of the allied army almost sounding in their ears. There is a significant variation in the two versions of Sir Claude MacDonald's message of the 6th, as published yesterday morning and afternoon respectively. In the dispatch, as forwarded by the Hongkong correspondent of a news agency, Sir Claude MacDonald says: "The Chinese offered escort to Tien-Tsin, but it was refused." In the version cabled by a correspondent of the Daily Telegraph Sir Claude MacDonald adds that he refuses to quit Peking under Chinese safe conduct, "remembering Cawnpore"—an impressive addition, suggesting appalling possibilities.

Gratification is felt at the progress of the relief force. Notwithstanding the comparatively heavy losses of the allies at Yang Tsun, the military authorities consider the Chinese have made a poor showing, and it is not thought they will be able to impede seriously the entry of the relieving column into Peking. It is generally expected that the allies will march into the Tartar city and rescue the foreigners, unless some catastrophe has happened to the latter, by Sunday or Monday. The British War Office, which made some efforts to keep the press supplied with early and accurate news in the South African campaign, shows itself very tardily informed about the Chinese operations. Some discontent is excited by the fact that people here have so often to look to Washington telegrams to find out what is happening. It is not understood why, if Gen. Chaffee could communicate to his Government the occupation of Ho Si Wu on Monday, no word on the subject has yet been received in Pall Mall.

In the view of at least three of the Governments concerned, Field Marshal Count von Waldersee will simply be the officer of highest rank on the spot, who will naturally take command in the field in virtue of his seniority, just as the British Admiral did at Taku and the Russian Lieutenant General at Peitsang.

The arrangement by which the British Government has agreed to pay to the Viceroy of Hoo Pe $375,000 as a subsidy toward the support of his troops, is, from one point of view, a skillful stroke of policy. The Southern and Central Viceroys who have been sitting on the fence will be a good deal impressed by the demonstration that the European Powers are prepared to give them substantial material assistance if they decline to join the anti-foreign movement. This action on the part of Great Britain, coupled with the despatch of Indian troops to Shanghai, illustrates the determination of Her Majesty's Government to keep matters quiet on the Yang Tse, whether by military, political or financial measures. It must be admitted that it does not quite square with Mr. Broderick's statement at the close of the Parliamentary session that China is not to be "Indianized." At any rate, if Great Britain is to take the great semi-independent Governors of the center into her pay, while Russia is hoisting her flag at Newchwang, it would seem that the process of partitioning China is already coming perilously close.

THE SETTLEMENT FORECASTED.

NEW YORK, August 15.—Pritchard Morgan, M. P., whose close relations with Chinese commerce have enabled him to keep in close touch with events in the Far East, sends the following cable from London to the World:

"Negotiations are proceeding in China between the Imperial Government and the commanders of the European forces to arrange conditions for handing over the foreigners now in Peking to the allied army.

"Immediately the safety of the foreigners in Peking is assured, Li Hung Chang will offer terms of settlement of the whole difficulty, giving full reparation to the Powers, especially Germany, including indemnity and exemplary punishment of all officials, both military and civil, who have been responsible for the outrages.

"As it is unlikely the present Government of China can survive this crisis, a new form of government will probably be proposed, under which China will be governed by tentative Viceroys appointed for life. They will act under a supreme head, a European nominated by the Powers. On a vacancy arising among the ten chosen rulers the Viceroys will have the right to nominate a man to fill the place, subject to the veto of the supreme head.

"The responsibility of the Government for the country, under European surveillance will be thrown upon the shoulders of the patriotic Chinese Viceroys, with their assistants and the administration will be broadly on lines suggested by the Imperial customs under Sir Robert Hart.

"China can only be governed by the Chinese. This fact is now recognized by all the European Powers.

"Disarmament will be a part of the new scheme, simultaneously with the organization of an effective police system.

"The capital will be moved to Shanghai.

"These proposals are now forming the subject of interchanges of notes between the European Chancellors and Washington and they will be found to supply the principles of a new Chinese administration."

FRENCHMEN HAVE A BALLOON RACE

NEW YORK, August 15.—A dispatch to the Herald from Paris says:

The long distance balloon race which started from the Parc d'Aerosta at Vincennes, could not be brought to a successful conclusion, as the leading balloons were stopped by the ocean.

The first prize may go to the Comte de la Vaulex, whose balloon, the Horizon, of 3,300 cubic metres capacity, the largest in the company, descended at Guerando, in the department of Loire Inferieur.

M. Faure, in his balloon, the Aero Club, of 1,630 metres, landed near Mantes, while the Comte de Castillon de St. Victor in the balloon Contaur, 1,650 cubic metres, landed within sight of the ocean near Lcreint.

On August 19 will take place the contest for landing at a given point.

The chances are that the wind will then blow inland, and will be favorable for the distance races, but it will be impossible to take advantage of instance, because the nature of the contest is specified in hard and fast programs drawn up months ago.

M. Emmanuel Aime, who is the secretary of the Aero Club, was interviewed on his aerial trip in the Orient, after 1,043 cubic metres.

He said: "We shot up to a height of 1,000 metres and the wind carried us toward the south. Then we drifted westward until we arrived at La Fleich and anchored, as we had no more ballast except what we were bound to return to Vincennes with.

"During the trip our balloon passed several other balloons and we even conversed with M. Faure in the balloon of the Aero Club.

"At a quarter to ten the two balloons parted company. The Orient going to the west and the Aero Club toward the northwest with an upper current.

"The other balloons were seen to separate and disappear in different directions."

THE DISCOVERY OF AN ANCIENT LIBRARY

LONDON, August 15.—Mail advices to the Daily News from Constantinople dated August 8 announces the arrival there of Prof. H. Y. Hilprecht, president of the University of Pennsylvania expedition to Nippur, after having discovered the library of the great temple, with over seventeen thousand tablets dealing with historical and literary matters, not one of them of later date than 2280 B. C.

"The unexplored remains of the library," says the correspondent, "will require five years for excavation. If those parts prove as rich in results as the portion already found, there will be no example in the world's history, not even in Egypt, of so complete a recovery of the records of ancient civilization."

THE PACIFIC
Commercial Advertiser

WALTER G. SMITH - - EDITOR

MONDAY : : : : : : : AUGUST 27

Some stronger disinfectant than whitewash is needed for the local yellow journal.

Wilcox in Congress would be a farce, a scandal and a catastrophe, for which the Hawaiians would suffer most.

The friends of H. P. Baldwin propose his name for Delegate in Congress. The suggestion is an interesting one and the Republican party will await with solicitude the announcement of Mr. Baldwin's own views.

The situation at Canton is not reassuring. The Chinese are adding big modern guns to the fine equipments of their forts and they have a garrison of 18,000 trained men, armed in the main with Mausers. An outbreak in the south would divert troops from the Peking district and this may be the object of the military mandarins.

The latest news from China, as given in the Advertiser's Associated Press special, shows that the allies were twenty-three miles from Peking. This is quite different from being "under the walls," as earlier reports had it. News continues to come from the beleagued envoys, but their danger is daily increasing as defeated Chinese soldiers fall back on the capital.

Events bring full confirmation of the statement made and repeated in these columns months ago that the Independent party proposes to draw the color line. A Hilo Tribune interview with a leader of the Radical native element shows that every nominee of the Independents from Delegate to Congress down will be a Hawaiian of the aboriginal strain. No white man need apply.

C. P. Huntington, whose death occurred suddenly in the Adirondacks, was one of the ablest men in America. His brain power was so great and his intelligence so wide that he would probably have succeeded as well in public life or in the learned professions as he did in the building up of vast enterprises. No conspicuous American of his day, save Abraham Lincoln, had more shrewdness, common sense and tenacity of purpose. We shall not soon look upon his like again.

Lightning struck the Gilsey House, New York, shattered a fifty foot flagstaff, which fell with a crash and created a panic among the guests.
Fifteen were killed and nine fatally injured in an accident on the Lehigh Valley Railroad near Slatington, Pa. A train ran down a loaded omnibus.
The new liner Deutschland crossed the Atlantic in 5 days, 11 hours and 45 minutes. Her highest day's run was 552 knots. The average speed was 23.44 knots.
Famous Westminster Abbey in London is reported to be crumbling to ruins. The cause is supposed to be the hydrochloric acid fumes from Lambeth potteries.
Lady Constance Mackenzie has set London society on edge by taking part in public swimming contests, and allowing herself to be billed as the star attraction.
At Washington, D. C., on August 12, the mercury exposed to the sun registered 120 degrees. It was so hot that a druggist fried an egg on the asphalt sidewalk in seven and a half minutes. The heat on the pavement itself was 150 degrees.

CHINESE CRISIS IN BRIEF ITEMS

The Pei-ho river is blocked with junks and stones.
The German foreign office expects the relief forces to fail.
A Danish company has laid a cable from Chefoo to Taku.
A German squadron has been ordered to sail at once to China.
The Russians have occupied the passes in the Chingan mountains.
France will contest Great Britain's claim to the Yang-tse valley.
Three more Baptist chapels near Swatow have been demolished.
Field Marshal Von Waldersee will visit Rome before going to China.
"No quarter," is the rule with the Russians. They take no prisoners.
Heavy artillery will be required if Peking refuses to admit the allies.
Women and children have been officially notified to leave Port Arthur.
The First and Second United States Infantry have been ordered to China.
Reports from the Siberian frontier tell of Russian victories over Chinese.
The United States steamship Nashville has gone to Newchang from Taku.
The Fourteenth Infantry played a prominent part in the taking of Yang Tsun.
All the powers have agreed upon Von Waldersee as commanding officer in China.
German army officers are buying horses in San Francisco for use in China.
The transport Sumner with the Fifteenth Infantry on board, has reached Nagasaki.
The Oregon will be temporarily repaired in Japan, and will resume active service soon.
On August 9th the allied forces were reported at Ho-Si-Wu, thirty miles from Peking.
An attempt was made to murder the Chinese Minister in Paris by sending him poisoned flowers.
The French government hears that 7,000 Christians have been slain at Pao Ting, east of Peking.
The French admiral reports that native Christians between Hankow and Peking are in great danger.
The hospital ship Solace sailed on August 13th from Yokohama for Guam and San Francisco, via Honolulu.
The French are dissatisfied with the appointment of Count Von Waldersee as head of the German forces in China.
De Giers, Russian Embassador at Peking, may leave there for Tien-tsin soon, accompanied by a Chinese escort.
France declines to order her envoy to leave Peking, and holds the Chinese government responsible for his safety.
Berlin advices are to the effect that the belief is universal that there will be quarrels between the powers before long.
It is reported that the Empress Dowager will remove her court from Peking before the allied forces enter there.
General Chaffee's telegram from Ho-Si-Wu was the only official news received of the fight. English papers score their generals.
China officially asks for peace negotiations, but the United States declines to begin conferences until the safety of the Ministers is assured.
The viceroys of south China have appealed to the United States for friendly intervention to prevent the sending of troops to Shanghai. Uncle Sam will not interfere.
Colonel Wogack, Russian military agent for China and Japan, now at Tien-tsin, received advices that the legations were again attacked and the European graveyard desecrated, on July 31st.
Sheng, director general of railroads and telegraphs, according to a Shanghai despatch to the Standard, expresses grave fears for the members of the legations when the defeated Chinese troops return to the capital.
The casualties in the American troops at Yang-tsin included 7 enlisted men of the Fourteenth Infantry killed, 2 prostrated; wounded, Ninth Infantry, Lieutenant F. R. Long, slight, and 5 enlisted men; Fourteenth Infantry, 45 enlisted men; Fifth Artillery, Private Andrew Brown; First Marines, N. A. Pruitt.
The English and Russians made a bad mistake, confounding the Fourteenth United States Infantry in the night with the Chinese, and shelling them, with the result that ten of the Americans were wounded before the mistake was discovered. The Americans had ten killed and fifty-five wounded in the fighting. The British had fifty wounded and the Russians ten, including a colonel. The Chinese losses are unknown.
Cheng Yen Huan, the Cantonese who was the special Embassador of China at Queen Victoria's jubilee, and who is now in banishment at Ili, has been ordered, according to a Shanghai dispatch, to commit suicide, an imperial edict having been issued to that effect. The Shanghai correspondent of the Times, referring to the fate of Cheng Yen Huan, says he was executed and that no reason is given for this barbarous act. The same correspondent understands that Li Shan, vice president of the board of revenue, has been imprisoned on a charge of rendering assistance to the members of the foreign legations.
President McKinley has received the following cable dispatch from Emperor William: "I received with pleasure the decision of the United States that American and German soldiers shall fight together for the common cause of civilization under one commander in chief. The brave army of your country, which has shown of late so many warlike qualities, united with Europe, will be irresistible. Field Marshal Count von Waldersee, who will have the honor of leading your forces, is not a stranger to America. His wife is an American by birth. I beg your excellency to accept my heartfelt thanks for the confidence of the United States placed in the leadership of Count von Waldersee."

Lord Roberts telegraphs as follows: "Kitchener reports from Schoolplaats, eight miles east of Ventorsdorp, that De Wet blew up three of his wagons. Six British prisoners who escaped from De Wet's camp state that President Steyn is confined in the camp under surveillance and that De Wet was forced to abandon his ammunition and thirty horses. They also confirm the report that Methuen captured one of De Wet's guns and shelled the main convoy effectively. Ian Hamilton telegraphs that he hopes to be at Blaauwbank today with his main body. Mahon's mounted troops are pushing on to the westward."

"Treasures of Flowers Rare and Roses Red"

Come from enriched, well nourished soil, giving the result of perfect growth. The same result can be obtained by humanity in general, if they look after the blood, the life of the whole system.

Hood's Sarsaparilla is the one specific remedy for this, as it transforms poor blood into perfect blood — from which follows the greatest of blessings, good health.

Eczema — *"Since I was a child I ve had eruptions on my body which our physician pronounced eczema. I took six bottles of Hood's Sarsaparilla and have had no return of the disease." Mrs. Ida M. Potter, Conneaut, Ohio.*

NEWS OF MAUI ISLE

Board of Registration Active.

CRATER PARTIES ARE FEW

Kula District Wants a Rural Mail Delivery System--People and Happenings.

(Special Correspondence.)

WAILUKU, Maui, August 25.—The Board of Registration for Maui will begin work at Wailuku court house on September 1. September 5 they sail for Hana on the Claudine. Great haste must be made by those who are obliged to be naturalized before they can be registered, for the law states that the registration of voters must take place between August 31st and October 10th. For months past applicants have been naturalized in Honolulu, but none so far on Maui, Hawaii or the other Islands.

Snow was observed on Mauna Loa and Mauna Kea from Kaupo, Hana, during the 18th. It completely covered the summits and gave quite a cool and beautiful effect to the landscape. This is an unusual spectacle for the dry season.

The present season has been an unpopular one for crater parties, owing to the prevalence of rain. It is reported that the floor of the crater is very wet, that pools of water are standing here and there all over it, and that the long sandy slope which forms the entrance into the crater is well wet down and is quite hard.

Such a state of affairs has not taken place for years during the summer time.

Craigielea, the summit house, is in bad repair. The roof leaks badly and the gutters leading to the cistern are broken away so that no water has accumulated during the frequent rains.

The only polo grounds on Maui have been recently plowed. However, the Makawao Polo Club will not have occasion for many regrets, for it is but a single furrow, in which a water pipe is to be laid.

Constructor J. H. Bell has completed the new Maunaolu Seminary and his work has been approved by Architect C. W. Dickey. Mr. Bell very soon departs for California.

The Kula region should have the advantages of a rural delivery of their mail. There are two or three thousand residents there who would be much benefited thereby, and it would be an inducement for others to settle there. This route should be established between Makawao postoffice and Ulupalakua, a distance of twenty miles, taking in the localities of Pulehuiki, Kealahou, Waiakoa, Keokea, Kamaole and others.

Henry Damon, the son of S. M. Damon, has been quite sick with blood poisoning at Mrs. H. G. Alexander's cottage, Makawao. He is not rapidly recovering.

Rev. Mr. Cruzan of Hilo made a brief visit to Maui recently. He preached at the Paia Foreign Church on the 19th. He was a guest at Maunaolu Seminary and returned to Hawaii by the Mauna Loa of the 24th.

L. von Tempsky, manager of Haleakala ranch, is in Hilo.

Mr. Axtel, formerly manager of the Paia plantation store, has been touring Maui recently as an agent for a safe manufactory.

During Tuesday, the 21st, Mr. and Mrs. W. O. Aiken, Miss Kate Watson and Mr. Wm. Forbes departed on a ten-day tour of East Maui.

Miss Wolfingden of the Hilo Boarding School is at Bailey's Hotel, Makawao.

Weather—Still showery.

WAGES GOING UP.

Keen Competition is Raising the Price of Labor.

WAILUKU, Maui, August 25.—The News says:

Too keen competition is beginning to raise the price of labor on the Maui plantations, and it begins to look as though the demand of the Jap for "one day, one dollar," may not prove a pipe dream after all. But when that day does come, the Jap, unfortunately for him, will not get the benefit of it. The white man will come without being asked. True, white labor receives higher pay in California, but the work is not steady. Here the laborer is assured of twelve full months of work every year. And will the plantations be worse off? Assuredly not. It is a notorious fact that the cheap Japanese contract labor on the Islands has been too dear in the end, as can be testified to by any one who has watched them at work in the cane fields. With higher wages, better and more profitable labor will be secured, which will even up things in the end.

A BRASS BAND WANTED.

The citizens of Wailuku should raise a purse and purchase the instruments for a brass band. There are many young Hawaiians in Wailuku with a Hawaiian taste and talent for music who would gladly help it along. With the dearth of entertainment in Wailuku, good instrumental music would be a godsend, and in the near future an open air evening concert should be a daily feature of Wailuku life.

WAILUKU CONCERT.

Wailuku is to be amused. Mr. John Garcia has organized an amateur theatrical and musical society which will make its collective bow before the public on Saturday, September 1. The young folks are busy rehearsing, and the entertainment promises to be of more than usual merit. This will be the first of a series of bi-monthly entertainments. A special train will be run from Paia, Spreckelsville and Kahului, if desirable.

KAMAKAIA'S MUSIC.

Samuel Kamakaia, the original leader of the Hawaiian band, is now visiting Maui. He is arranging to secure a string band to assist him and when he succeeds he will favor the people of Wailuku with some excellent solo work on his elegant gold cornet. He is very anxious for the kamaainas of Wailuku to hear the song, "O Maui no ka Oi," with the variations which he has composed as a solo.

PEACHES AND LEMONS.

We were this week shown some peaches and lemons grown by Mr. E. H. Bailey at his Makawao ranch, which were notably choice fruit. The peaches were grown on trees imported from Florida, and are quite equal to the Florida peaches in size and aroma, and but little behind them in flavor. The lemons are quite as large and of equal quality with the celebrated California lemon. This is an object lesson in the possibilities of fruit culture on Maui.

MAUI NOTES.

The question of the jurisdiction of the district magistrate at Wailuku to act as a committing magistrate in the higher grade of criminal offences was raised this week in re Puaa Kokoke, charged with gross cheat, and His Honor held that under the existing conditions district magistrates in the Second Judicial Circuit have jurisdiction in such cases.

Attorney George Hons returned from Honolulu last night on the Mauna Loa.

Mr. Ricker of Gregg & Co. returned to Maui last week from a fortnight's successful business trip to Hawaii.

Mr. Shaw, the Honolulu tax assessor, has come over to Maui to cool off and rusticate for a few days in Wailuku.

Rev. W. Ault returned to Maui this morning from Hawaii and will hold services tomorrow morning at 6 o'clock and again at 11 o'clock at the Anglican Church in Wailuku.

Mr. Jas. T. Taylor, superintendent of construction of the Wailuku and Kahului water works, returned to Maui on Wednesday to superintend the completion of the reservoir and pipe-laying at the mauka end of the pipe line.

Work will be begun on Monday on the construction of a large sugar warehouse on the site of the recently burned depot at Paia. It will be used only as a warehouse and the Paia depot will remain where it now stands.

Japanese labor on Maui is still very restless, wandering from one plantation to another, only to remain for a few days. Wailuku plantation manages to hold its own and a little more in the matter of labor, but the personnel of the labor is kaleidoscopic.

HANA HAPPENINGS.

Mrs. R. R. Berg and family are guests of Manager Gjerdrum.

Mrs. Lawrence and daughter of Honolulu are visiting Mr. and Mrs. Moller.

Mr. and Mrs. C. B. Wells of Wailuku were the guests of Manager Meyer at Hamoa last week.

Mr. and Mrs. Walter Lowrie of Spreckelsville were at Nahiku last week. Mr. Lowrie was much impressed with the outlook for a cane plantation at Nahiku, owing to the abundant water supply. There has been a great deal of rain during the past month, and the cane looks flourishing. A portion of the bluff overhanging the old trail at Ulainu pali, half way between Hana and Nahiku, caved down, filling the trail and throwing all the travel on the new road, which is now quite a thoroughfare for overland travel.

Mr. Raven, the civil engineer at Hana, has gone to Lahaina to look after the railroad contract of Hugh Howell, who has been quite ill with malaria, but who is now able to be out again. W. L. Hardy has also had a severe attack of la grippe, but is now convalescing.

WAILUKU WANTS MORE SANITATION

Complains of the Gathering of Natives and Japanese.

(Special Correspondence.)

WAILUKU, Maui, August 22.—Your cartoonist has certainly given Wailuku one instalment of what it was said to be longing for—viz:—something to laugh at. Nevertheless it is a good thing that we have an American lawyer as District Magistrate at this juncture. The recent legal circus in Honolulu has had its effect here, and some lawyers—one native gentleman in particular—have recently been offering motions, demurrers, etc., based on their conceptions of the performances of the Honolulu legal stars, that would have paralyzed the whole course of justice if concurred in. Fortunately, however, our local Solomon has a very level head, and malefactors here have lately found it out to their sorrow.

On Tuesday last the deputy sheriff brought before the court an exceedingly well-got-up case against the keepers of a disorderly house, and secured a conviction. Exemplary sentences were imposed, and consternation reigned supreme amongst the mass of Asiatic scum who crowded the court room. May the good work go on! for parts of Wailuku have become almost as bad as Iwilei!

It is the universal feeling here that the Board of Health should interfere and do something, not only to cleanse Wailuku from a sanitary point of view, but should act as it does in Honolulu, in the interest of the health of the floating population who pass through here daily and weekly.

There are always five or six ships in Kahului harbor. The sailors all come up here, and the plantation laborers from all over the Island are continually making temporary headquarters here. The abolition of contract labor on the plantations has let loose a flood of human refuse upon this place and Lahaina that needs exceptional powers to deal with, and the Board of Health seem to be the most likely body to give the desired relief.

It has agents here now—good men too—but their present powers are not strong enough to deal with this evil. If so their arm should be strengthened, even if the legislature has to be called upon, for the necessity of vigorous action is apparent to all.

LABOR DAY FINANCES.

Over Thirteen Hundred Dollars Collected for the Amusements.

The Labor Union of Honolulu held a well attended meeting on Saturday evening at Plumbers' Hall.

It was reported that the finance committee had collected over $1,325. It was resolved that $500 be contributed to the Honolulu Driving Association to be used for purses for the Labor Day meeting. The labor people will have entire charge of the sports at Kapiolani Park and will make no charge whatever for admission. They have possession of all privileges and concessions at the track and to their committee tenders for programs, refreshments, etc., must be made.

Three thousand invitations for the ball will be printed and forwarded to the other islands in time to receive acceptance.

The athletic sport's program will be held over until the last moment.

Fight at Kealia, Kauai.

At Kealia, Kauai, there was trouble between a Portuguese luna and a Japanese laborer which nearly resulted in the death of the Japanese. The luna had given the Japanese a talking to for his laziness as a result of which the Japanese showed fight. The luna held a shovel in his hand and with this he struck the Japanese a vicious blow. The weapon struck the Japanese's ear and fell with great force on the shoulder cutting a deep wound. A crowd of Japanese laborers who had seen the trouble started for the Portuguese luna and had it not been for the interference of a white man there would undoubtedly been blood shed.

Physicians Against New Hospital.

MEETING OF MEDICOS

Dr. Cooper Urges Measures to Prevent Charlatanry in the Profession--Others Speak.

The medical fraternity of this city does not look with favor upon the new co-operative hospital which Dr. Galbraith and others are proposing to establish. At the meeting of the Hawaiian Medical Association at the Board of Health rooms on Saturday evening the subject was thoroughly discussed, having been broached in the address of Dr. Cooper, the retiring president, and the sense of the meeting seemed to be that such institutions were not to be encouraged.

Dr. Cooper's address was the feature of the evening's program. It was in part as follows:

The work of the Association during the past year until interrupted by the outbreak of the plague, was of a high order, and the monthly meetings were well attended and productive of most interesting papers and discussions, as well as the promotion of good fellowship by the good cheer which followed our labors. Since December last, however, but one regular meeting has been held and there no quorum was present.

The invasion of Honolulu by the bubonic plague, which made its appearance about the middle of December, was one of the most disastrous experiences through which the Islands have passed. The position taken by some of the fraternity early in the history of the epidemic was undoubtedly honest. Many physicians believed that the crucial test should have been applied before Honolulu was declared an infected port, and that their dissenting opinions met with scant toleration at the hands of those in authority.

With the changing of national and political conditions we must expect new peoples to come among us. Our fraternity will be represented in this influx of new citizens. It has already received some valuable additions. But we must not expect to escape the ills which follow, also. We must prepare ourselves to find among the good citizens some of those characters whose methods meet with condemnation the world over. In view of this probable visitation, it might be well for us to turn our eyes to the continued improvement of the laws governing the practice of medicine in this Territory. We must not permit the fakir and the irregular practitioner to gain a foothold if vigorous effort will prevent it. There are already symptoms of the creeping in of methods which are, to say the least, unethical.

We have been apprised by publication in our daily papers of a project on foot for cheap medical service, the plan being to open to the public at large—anyone paying a small monthly fee being admitted to the wholesale benefits as advertised, not even omitting assistance from the hospital fund in the way of funeral expenses. Railways, mining companies and enterprises of such hazard usually have their hospital fund for the care of their employes, but a general association of this character would be a rank injustice to the large number of physicians here who are dependent upon the general public for a livelihood in their chosen calling. The connection of a hospital with the society hardly relieves it of its irregular aspect.

In Honolulu two questions are now uppermost, the completion of the sewerage and the question of our water supply. The work of extending the sewerage system already inaugurated, and contemplating only the complete drainage of the central portion of the city was undertaken when the plague situation impressed on all who gave the subject thought the necessity of purifying the whole city. In the central portion of the city, the more densely populated, the system of mains is well nigh completed. It must be our duty to see that there is no decrease in activity, that the work is pushed to a speedy completion, and the house connections made at the earliest practical moment.

There must be a stop put to the use of cesspools, and only when we know that each house has its sewer connections complete and that there is no more the old conditions, that the city does not literally exist on the top of a mass of corruption, will we be satisfied that we have done what we could for the health of the city in this direction. Too much stress cannot be laid on the constant necessity for the supervision of the sources of our water supply, and the continued reaching out for pure water.

With a purer water supply and a good sewerage system there could not be a recurrence of the present conditions, where we find constant increase of cases of fevers which are daily reported.

At the conclusion of Dr. Cooper's address the following were elected members of the Association:

Drs. McConkey, Waterhouse, Jobe, Burgess, Katsuki, Haida, Peterson, Murray, Condert and McDonald.

The nominating committee presented the names of the following as officers for the ensuing year, and they were elected: W. E. Taylor, president; H. C. Sloggett, vice president; A. G. Hodgkins, secretary and treasurer; C. B. Cooper and R. B. Myers, members of the executive committee.

Dr. Sloggett gave notice that he should move to amend the by-laws so as to change the name or the Association from the Hawaiian Medical Association to the Medical Association of the Territory of Hawaii.

There were a number of impromptu addresses, largely on the subject of the proposed new co-operative hospital. Among those who spoke were Dr. Taylor, Dr. W. H. Mays, formerly president of the San Francisco County Society, Dr. McDonald, Dr. Garvin and most of the new members.

Saturday's Orpheum.

Saturday night's performance brought all who could be seated. The show was carried through from start to finish by great force, the curtain raiser producing cause for plenty of laughter as did the closing skit. To-night's program will be changed in which a "luau" will be given. The majority of the minstrel company attended a "luau" yesterday and say they have the correct way down to perfection in which to give a "luau."

Instructions for Voters

AT

Republican Primaries.

ROOMS OF THE TERRITORIAL CENTRAL COMMITTEE OF THE REPUBLICAN PARTY OF THE TERRITORY OF HAWAII.

To Republican voters of the Territory of Hawaii, and all voters intending to act with the Republican party: The following instructions are issued by the Executive Committee:

PRIMARIES.

The number of delegates from each Precinct to the District Committee shall be three times the number which each precinct was entitled to at the Primary Election held May, 1900, according to the following statement:

Precincts with number of votes cast at last election and number of delegates to District Committee.

Precincts, With Number of Votes Cast Last Election, and Number of Delegates to District.

Precinct.	First District—	Votes.	Delegates. May, 1900.	Delegates. Sept. 1900.
1st	Pohoiki Court House	15	1	3
2d	Hilo Court House	239	7	21
3d	Papaikou School House	86	2	6
4th	Honomu School House	22	1	3
5th	Laupahoehoe Court House	39	1	3
6th	Kaohe School House	19	1	3
7th	Honokaa Court House	42	1	3
8th	Kukuihaele School House	11	1	3

Precinct.	Second District—	Votes.	Delegates. May, 1900.	Delegates. Sept. 1900.
1st	Kohala Court House	110	3	9
2d	Waimea Court House	15	1	3
3d	Kailua Court House	51	1	3
4th	Kona-waene School House	97	3	9
5th	Hookena Court House	52	1	3
6th	Waiohinu Court House	66	2	6
7th	Pahala School House	26	1	3

Precinct.	Third District—	Votes.	Delegates. May, 1900.	Delegates. Sept. 1900.
1st	Kalaupapa Store House	1	1	3
2d	Pukoo Court House	12	1	3
3d	Lahaina Court House	42	1	3

7th	Kapaa Court House	19	1	3
8th	Kilauea School House	4	1	3
9th	Waioli Court House	12	1	3

DISTRICT COMMITTEE.

The District Committees shall meet in their respective districts on the 6th and 7th of September, 1900, and elect the following officers: President, Vice President, Secretary, Treasurer and such other officers and standing committees as they shall be entitled to, and also their delegates to the Territorial Convention in accordance with the following

STATEMENT:

Number of Delegates to the Territorial Convention:

First District	12
Second District	12
Third District	18
Fourth District	18
Fifth District	18
Sixth District	12

TERRITORIAL CONVENTION.

The Territorial Convention for the adoption of a platform, the nomination of a delegate to Congress, and the election of a Territorial Central Committee will be held on Thursday and Friday, September 20 and 21, 1900.

After said convention and on or before the first day of October, 1900, the District Committees shall meet for the purpose of nominating Senators and Representatives from their respective districts. Yours very respectfully,

GEORGE W. SMITH,
Chairman Republican Territorial Central Committee.

E. R. HENDRY,
Secretary Republican Territorial Central Committee.

PRIMARIES.

Pursuant to a resolution passed at a meeting of the Executive Committee of the Territorial Central Committee of the Republican Party in the Territory of Hawaii, a call is now issued for Primary Election to be held in the various precincts on Saturday, September 1, 1900, for the purpose of electing delegates to a District Convention, the polls will be open from 3 p. m. to 9 p. m.

These are the Rules and Regulations of the Republican Party in the Territory of Hawaii, governing Precinct Clubs:

ARTICLE I. PRECINCT CLUBS.

Section 1. The unit of organization shall be the precinct clubs.

Section 2. There shall be a precinct organization in every election precinct.

Section 3. Every person legally enrolled, in the various precinct clubs, shall be a member of the precinct club when permanently organized.

Section 4. The officers of each Precinct Club shall be a President, Secretary, three Judges of Election, and such other officers as the by-laws of said precinct may provide. No initiation fees or dues shall be charged the members of any precinct club. All officers shall serve for one year, or until their successors are elected. Any duly enrolled member of the club may be eligible to hold office.

Section 5. The duties of these officers shall be those usual to said officers and such as may be provided for in the by-laws of each Precinct Club. The three Judges of Election shall be sole judges at all primaries.

Section 6. No less than one-fifth of the members enrolled shall constitute a quorum for the transaction of business.

Section 7. The President and Secretary of each precinct club shall act as a revising board of the roll of the Precinct Club, and from time to time shall meet and revise said roll so that it shall consist of only such members as still reside in said precinct, but no member on the old roll shall be omitted if he still resides in said precinct.

Section 8. Each precinct shall at the primaries elect, besides the officers aforesaid, delegates to the District Committee.

Section 9. Each precinct shall be entitled to elect one delegate to said district committee for each 25 votes cast in said precinct for the Republican ticket at the preceding election. Whenever after dividing said Republican vote by 25 there is a remainder of 15 or more than the precinct is entitled to an additional delegate, but each precinct shall be entitled to at least one delegate to said district committee, although the Republican vote as aforesaid in said precinct shall be below 25.

Section 10. Any person who is a duly enrolled member of a precinct club shall be eligible as a delegate to the district committee.

The above Rules and Regulations of the Republican Party in the Territory of Hawaii are also published in accordance with a Resolution passed at the same meeting referred to above.

The Committee urge upon all the officers and members of all Precinct Clubs the importance of prompt and Harmonious action in relation to the above call.

GEO. W. SMITH,
Chairman.

E. R. HENDRY,
Secretary. 5626

District Committee

Pursuant to a Resolution passed at a meeting of the Executive Committee of the Territorial Central Committee of the Republican Party in the Territory of Hawaii a call is issued to the Delegates who shall be elected at the Primary to meet on September 6 or 7 for the purpose of electing delegates to a Territorial Convention.

These are the Rules and Regulations of the Republican Party in the Territory of Hawaii, governing District Committees:

ARTICLE II. DISTRICT COMMITTEE.

Section 1. Each district committee shall consist of delegates from the precinct clubs in said district.

Section 2. Each district committee shall meet when notified to do so by the Territorial Committee, and shall elect the following officers. President, Vice-President, Secretary, Treasurer, and such other officers and standing committees as it may be entitled to.

Section 3. Any duly enrolled Republican shall be eligible as a delegate to the Territorial Committee from the district in which he resides.

Section 4. Each district committee shall be charged with the general care and supervision of the affairs of the party within its districts, subject to these rules and regulations. It shall take such measures as it deems necessary and expedient to secure the organization and maintenance or precinct clubs in every precinct, and secure the co-operation of all Republican voters with the party organization, and shall, under the control of the Territorial Committee, have charge of all campaigns in the district. It shall decide all disputes from the precinct organisations and contests within district as to primary elections.

Section 5. District committees hold regular or special meetings as be provided in their by-laws, and less than one-third of the mem shall constitute a quorum.

The above Rules and Regulations the Republican Party in the Terri of Hawaii, are also published in cordance with a resolution passed the same meeting referred to abov

The committee urge upon all the cers and members of the District C mittee the importance of prompt harmonious action in relation to above call.

GEO. W. SMITH,
Chairman

E. R. HENDRY,
Secretary.

WILCOX IS THE MAN

Garibaldian Candidate of Independents.

NO HAOLES ON TICKET

Hilo Natives Affirm Their Intentions of Barring the Whites Altogether.

HILO, Hawaii, August 23.—The Tribune says: Robert Wilcox and the presidents of the two patriotic Hawaiian societies in Honolulu have been in Hilo during the week herding the lambs into the Independent fold; there may be a few estrays who have wandered into the by-ways and hedges and who await the coming of the Democratic sachems, but they are very few.

A prominent local leader of the Hawaiians said to a representative of the Tribune on Monday: "It is the general opinion of the Hawaiians, and one which they will stand by, that they should not take sides with either of the old line parties as against the other. Their interests are almost entirely local, and many of them concern the Hawaiians peculiarly; they will stand on a platform framed to meet these issues and distinct by name from either Republican or Democrat, though wherever the platform of either coincides in spirit and principle with ours we shall be glad to co-operate with them in the work. We are going to stand for local self-government first, last and all the time, and we are anti-Dole to a man. We are drawing the race line in nominations and it has been fully agreed not to nominate any white man for any position—Territorial Delegate, Senate or House. There was a good deal of discussion over this question, and even Wilcox wanted to have Dr. —— of Olaa nominated for the House. But it was the opinion of the majority that there should be no exceptions, and this will be rigidly adhered to."

"In that case," said the reporter, "Mr. Loebenstein will not receive the nomination of your party for the Senate."

"No; nor will any man, of Hawaiian blood even, who is allied with either of the regular parties."

"Don't you think," said the interviewer, "that this Chinese Wall style of exclusiveness will result disastrously for you in the end, and that it would be wiser to drop such immaterial differences as color, and anti-haole feelings of retaliation for what you consider, perhaps justly, as oppression and wrongful disfranchisement, and work with the large political element among the white people, who are just as anxious as you for local self-government and just as strongly opposed to any further continuance of the Dole regime?"

"No," was the reply, "we can control votes enough to elect our men anyhow." He evidently missed the point.

The Independents held their local convention in the old church in Puueo on Monday, and nominated the following candidates: For Senators (Puna, Hilo and Hamakua), Henry West, John T. Brown. For Representatives: Wm. Nalima, Jas. Ewaliko, Makakau (Hamakua), S. H. Aheo (Puna). It is understood that Robert Wilcox will be the nominee of the entire party for Delegate to Congress.

PIIHONUA LANDS.

HILO, Hawaii, August 23.—The Herald says: Dr. Maxwell and Wray Taylor came up last week for the purpose of investigating the character of Piihonua lands relative to the application of the Hilo Portuguese Mill Company for greater acreage of land for cane. It is understood that after an examination of the forests Prof. Maxwell favored the application. The mill company has a lease from John T. Baker for all the Piihonua lands excepting certain kuleanas, but the Government law, forbids their clearing more than a certain area without first obtaining permission of the Government. So far this permission has been withheld, but it is probable that Mr. Taylor will join with Prof. Maxwell in granting the application made by the mill company.

PARKER'S CANDIDACY.

HILO, Hawaii, August 23.—The Herald says: The Herald is in a position to state authoritatively that Col. Sam Parker will be a candidate before the Territorial convention for the nomination for Delegate to Congress from the Territory. Col. Parker has been informed that some of the speakers at the meetings of the Independents on this Island have intimated that he has withdrawn as a candidate, and it is on account of the impression such remarks have made that Col. Parker makes this announcement.

HILO, Hawaii, August 23.—The Hilo papers say: J. Ryan, "King of the Squatters," went to Honolulu last week on business connected with the opening up of the Olaa lands. Before leaving Mr. Ryan remarked to a Herald reporter that the Settler's Association would take no steps in injunction proceedings, but would begin a suit in the United States Court. Mr. Ryan returned to Hilo last night.

NOTES, ETC.

Ex-Judge Gardner K. Wilder has leased the spacious offices in the Coney building on King street, formerly used by Judge Little.

Messrs. Wilcox and Kaulia, representing the Independent party, held meetings at the Fishmarket Saturday night and at Nine Miles on Sunday. Both meetings were well attended by Hawaiians, but little was accomplished. Mr. Wilcox recommended John T. Brown and Henry West as Senators from this district and William Nailiua and Mr. Ewalika as Representatives. The speaker called upon the natives to nominate good men irrespective of party, and guaranteed the native vote to support the candidates.

M. M. Norton has been appointed by Judge Little clerk of the Circuit Court of the Fourth Circuit, to succeed Daniel Porter, resigned. Mr. Porter, however, has kindly consented to retain office until the new clerk arrives. Charles E. Hapai, better known as Eddie Hapai, has been appointed deputy clerk of the same court.

Mr. and Mrs. George Ross of Hakalau left yesterday for Honolulu, en route to British Columbia. Mr. Ross is far from well, and his physician prescribes a change of climate as absolutely necessary.

Walakea plantation has finished grinding. The crop is something over 9,000 tons.

It is rumored that Palmer Wood will be a Senatorial candidate from Kohala at the next election.

Hakalau plantation finished grinding this year's crop on Wednesday, with a total of 12,000 tons.

Dr. W. L. Moore and family went down to Honolulu by yesterday's Kinau. Dr. Moore will locate permanently at the capital.

J. T. Lewis was a passenger by the Martha Davis for the Coast. He will make an extended tour of the United States and Europe.

It has been suggested and not unfavorably considered in the councils of the Republican Territorial Committee that the next convention, to take place in September, be held at Hilo. A Congressional Delegate is to be nominated at this convention.

Mr. C. C. Kennedy and family left for Honolulu by yesterday's Kinau. Roland Kennedy returns to New Orleans to continue his studies in sugar chemistry. Mrs. Kennedy will spend some weeks at Waialua, hoping for beneficial results to her health from a change of climate.

Mrs. James Campbell and daughters are visiting the district.

Fred. W. Macfarlane, head of the Union Feed Company, is a guest at the Hilo.

United States Deputy Marshal Metz went overland to Mahukona on Tuesday for the purpose of distributing blanks of the Internal Revenue Department, for which he is acting deputy collector for this district.

Charles H. Brown has given up his business in Hilo and will remove with his family to Honolulu, where he will have a larger field.

Bishop Gulstan and four sisters of the Catholic Church arrived yesterday to assume the duties of teachers in the new Catholic school.

NEWS OF OLAA.

All Running Smoothly on the Big Plantation.

(Special Correspondence.)

OLAA, Hawaii, August 24.—Dr. Maxwell was here yesterday in the course of his tour around the Island, and was the guest for the day of Manager McStocker, who drove him to nearly all points in this district. The visitor was very observant and appeared to be very favorably impressed with all he saw.

Everything is moving along smoothly and pilikia is a stranger here.

The Falls of Clyde brought the machinery for the saw mill on the Caney road and it will be in operation in the course of a week, with plenty of work ahead.

Manager McStocker has removed from Mountain View to his new home at Olaa, on the Puna road.

W. H. Baugh, representing Schilling Brothers of San Francisco, was here during the week. He has been over the plantation and thinks it would tax the resources of his firm to find tea enough to be sweetened by Olaa's first crop.

E. A. Horan, J. Ryan, J. E. Hine, J. R. Giddings, C. J. Giddings and E. W. Fuller, some of the original locators in what is now known as "Squatterville," have erected comfortable homes on their locations and have every confidence in remaining "where they are at."

Horse raffles constitute the leading excitement in Upper Olaa just now, one old roadster, in his time, changing owners at the rate of one a day.

Olaa and the mauka places of interest are drawing large Sunday crowds from Hilo, every train being packed on that day.

Mauna Kea is resplendent with a diadem of snow.

Rev. David Ai of Hilo is succeeding in his efforts to build a new native church on the site of the old one mauka of the Half-Way House. The plantation boys are not boastful of their sanctity, but think the cause a worthy one and are not niggardly in their offerings.

Joseph P. Lino of Pahala is now chief timekeeper of Olaa.

The advance guard of the H. R. R. Co. are in the Waipahoehoe district and pushing steadily toward Pahoa.

The cane is going up nearly ten inches in as many days. Fact!

Mrs. S. G. Walker sailed for San Francisco on the Martha Davis on a health-seeking trip, to return on the same vessel.

Henry Gerlach has returned from the Hilo Hospital, but he is far from good health yet.

A Japanese working for a countryman in a restaurant on the Volcano road, won the affections of his employer's wife and took her hence. All would have been well had he overlooked a trifling $400 wad. He was arrested by Captain Ben. Brown, a portion of the money recovered and the reef threatens before him.

A "fifteen minutes for refreshment" headquarters has been erected at the Olaa railroad station and good service is promised by the promoters.

The little brown men are getting tired of the "walking delegate" business and are beginning to look about for hana hana and the comfortable winter quarters that go therewith.

A large force of mechanics from New York and other cities on the Mainland are expected at Olaa shortly and the management is preparing to house them. They are to work on the new mill.

DAN. D. PENN.

THE ROWING MEN.

Myrtles Said to Have the Lead in the Practice so Far.

The latest news from the rowing camps at Pearl Harbor is distinctly favorable to the Myrtles. They are reported to have come on wonderfully during the last week. The junior crew while practicing one day went over the race course in better time than was made in either the senior or junior race last year.

The crews are at present as follows: Seniors—stroke, Albert Judd; three, Soper; two, Lishman; bow, F. Augus. Juniors—stroke, Allan Judd; three, Sam Johnson; two, Arthur Giles; bow, Geo. Fuller.

The Healanis went down to Pearl Harbor on Saturday. Their quarters are at Mrs. Johnson's place. They are rowing as follows:

Seniors—stroke, Fred Damon; three, Dan Ranear; two, Paul Jarret; bow, John Waterhouse.

Juniors—stroke, W. Williams, three, G. Boisse; two, P. Gleason; bow, A. Walcott.

It is probable that a freshman's race will come off on September 15th between crews representing the Myrtle and Healani clubs. The crews have not yet been decided on and there is hot rivalry to get in the boats.

Among the material available for such a race in the Healani club are Messrs. W. Johnson, S. Walker, Gibbs, A. Wall, F. Atkins, H. Hapai, J. Catton, and Young. Carl Rhodes is breaking in the crew.

Some of the following would undoubtedly represent the Myrtle club in a freshman's race such as it is proposed to hold: Messrs. E. Kopke, W. McLain, W. Armstrong, George Wright, W. Walker, George Robinson and George Waterhouse.

The Leilanis continue to say little and practice hard and often. There is a growing curiosity as to the calibre of this crew and there are not wanting many of the opinion that the orange and black will at last perform creditably on September 8th. The Leilani crew is:

Stroke, S. E. P. Taylor; three, Peter Phillips; two, Carl Peck; bow, Harry Cobb.

K Isoshima,

KING STREET

ABOVE BETHEL.

Today the steamer Doric is due to arrive from Hongkong, Shanghai, Nagasaki, Kobe and Yokohama. She will doubtless bring many missionaries and others who are fleeing from the Orient and its present troubles.

Steamer Gaelic from San Francisco is expected tonight although she will probably not enter the harbor until tomorrow morning.

Island steamers Mokolii, J. A. Cummins and Lehua, sail for their regular ports today.

The United States Hospital Ship Solace is expected here about the first of the month.

Transport Siam will depart for Guam and Manila at noon tomorrow.

One hundred and fifty-four boys have been transferred from the Yerba Buena Island Training School to the United States steamer Adams at San Francisco to make their regular cruise. The Adams will come to Honolulu.

The wreck of the little hoodoo schooner Norma was sold at auction on Saturday for $100 to Harry Evans. The purchase money when handed over was attached by a Chinese firm which claims to have had freight damaged on a recent trip of the schooner.

Ship Iroquois, Captain Thompson, and bark Mohican, Captain Kelley, sailed yesterday for the Coast.

Transport Aztec sailed from San Francisco for Taku on the 15th instant. She carries fodder and horses.

The Warren was to have left the Coast on the 16th for Nagasaki with troops and freight, for orders.

The Sherman was booked to sail on the 20th with freight and troops for Nagasaki, thence to China.

Yesterday was the day set for the departure from San Francisco of the Belgian King for the Orient. She will carry siege guns and horses for China.

Austrian steamer Frederica sails from the Coast on the 30th instant with horses and two light batteries for the scene of action.

SUGAR ON HAWAII.

The Kinau reports the following sugar on Hawaii up to August 24: Walakea, 1,200; H. P. S. M., nil; Wainaku, 8,000; Onomea, nil; Pepeekeo, nil; Honomu, nil; Hakalau, 18,000; Laupahoehoe, 500; Ookala, 4,800; Kukaiau, 3,700; Paauhau, 4,500; Honokaa, 4,000; Kukuihaele, 2,000; Punaluu, 4,000; Honuapo, 1,786. Total of 52,486 bags.

SUED FOR SALVAGE.

SAN FRANCISCO, August 12.—The German bark J. C. Pfluger was libeled for $20,000 in the United States District Court yesterday by the L. E. White Lumber Company, managing owner of the steamer Greenwood. The bark became disabled while on the way to this port from Port Los Angeles and was towed into Santa Barbara by the Greenwood. That was on July 15th, and a demand for salvage was made on the captain of the bark, but without result.

The owners of the Greenwood state in their complaint that their vessel was compelled to go a number of miles out of her course to assist the Pfluger, and that the latter was then flying signals of distress. The value of the bark and cargo is estimated at $125,000, and the owners of the Greenwood consider $20,000 a fair amount for averting damage to either vessel or cargo. Williams, Dimond & Co. are agents for the owners of the Pfluger. Campbell & Metson brought the suit for the libelants.

IS DETAINED.

SAN FRANCISCO, August 14.—The fine new ship Edward Sewall, on her maiden voyage, has reached port, and is in the stream off Meiggs wharf. She will be given a berth where her coal cargo can be discharged as soon as one is available, but yesterday, owing to the crowded condition of the wharves, Chief Wharfinger Henderson found it impossible to accommodate the Sewall. She brings 3800 tons of coal from Baltimore, but left Baltimore with 1000 more on January 18th. A few weeks out in the Atlantic the cargo became heated and it was necessary to put in at Montevideo on March 24th, where about 1000 tons of the coal was discharged and sold. The Sewall sailed from Montevideo on May 10th, making a passage of ninety-four days to this port and 206 from Baltimore. The ship was nineteen days from 50 deg. to 50 deg., and crossed the equator in the Pacific on July 19th in longitude 120 deg. west. No seriously bad weather was experienced at any time during the voyage. The Sewall was built at Bath, Me., is of 3000 tons register and is commanded by Captain Joseph E. Sewall, formerly master of the Susquehanna, which was recently in port.

SHOOTS HIMSELF.

SEATTLE, (Wash.), August 13.—Harry M. Randell, third officer of the steamer Valencia, shot himself this morning on board the vessel and died almost instantly. Randell was a sober, quiet man, aged 24, and no cause for the suicide is known.

He had been with the Valencia for seventeen months, and was well liked by his shipmates. Since the arrival of the steamer here last Tuesday, Randell has been very little ashore and not at all for two or three days. He was on watch from 2 o'clock until 4, this morning, Quartermaster Frank Monroe being on duty with him. Monroe says that during the night Randell seemed to want to be alone and was evidently in deep dejection. At 4 o'clock Randell and Monroe were relieved and both went to their rooms.

At 6:30 o'clock Randell was called for breakfast and about 7 o'clock Second Officer George S. Dent heard a shot in Randell's stateroom. He rushed to the room and found his shipmate lying on the floor, bleeding from a bullet wound in his head. A revolver was found beside him, from which a bullet had been fired into the right temple. Death had been instantaneous.

GENERAL SHIPPING.

SAN FRANCISCO, August 15.—The schooner Volante reports that the ship John Ena, hence August 11th for Port Blakeley, was seen in tow of the tug Tatoosh ten miles west of Fort Bragg. Several piles, which menace navigation, were seen. On August 13th the schooner Volunteer, bound for Coos bay, was seen in tow of the tug Columbia.

The bark Annie Johnson sailed yesterday for Hilo with a cargo of merchandise and six passengers.

SAN FRANCISCO, August 14.—There is a rattle and bang in the vicinity of Harrison-street wharf. Sledge-hammer blows on the Tellus, undergoing repairs to her bow, which was stove in by the Belgian King, pounding of scores of hammers on the steel work of the transport Sheridan and the sharp click of calkers' tools on the transport Logan drown out the noise of surrounding traffic.

Captain Clem Randall will command the steamer Orizaba on her trip north to St. Michael, for the purpose of laying the military cable from there to Unalalik and Nome. The cable is expected to reach this city in the latter part of the week, and the Orizaba will sail for St. Michael about August 25th.

The bark C. G. Bryant sailed yesterday with merchandise for Honolulu.

Chief Mate Emmett of the British bark Dunearn was washed overboard from the vessel during the voyage from London to this port, but was saved. The bark arrived yesterday morning, 142 days out, Captain Gill reports that westerly gales of great severity were experienced off the Horn, the storm lasting for fourteen days. A high, confused sea accompanied the gales, and the Dunearn rolled heavily. On May 6th Chief Mate Emmett was washed overboard by a big wave, but kept his hold on the main brace and was hauled back on deck by the captain and others. Gales lasted to latitude 47 deg. north and longitude 92 deg. west. The Dunearn brings 15,000 barrels of cement.

SAN FRANCISCO, August 13.—The schooner James Rolph has arrived from Honolulu with a cargo of sugar, after a passage of twenty-eight days.

The Austrian steamer Federica, Captain Ivancich, arrived yesterday in ballast from Moji, Japan. The Federica has been chartered by the Government to carry supplies or animals to China or the Philippines. She is in the stream.

The British ship Glencaird, Captain English, arrived yesterday, eighty-three days from Newcastle, N. S. W., with 3786 tons of coal. The ship passed to the northward of New Zealand and encountered severe gales off Cape Howe, which carried away several sails. Except for this and a period of gales further out at sea the voyage was uneventful. The Glencaird is a ship of over 2400 tons net register.

The steamer Gaelic was released from quarantine yesterday morning and went to the Pacific Mail dock about noon. On account of the strong tide it was impossible to get into her berth, and even after the lines had been made fast, but before the steamer was snug alongside, it was found necessary to cast off the lines and drop into the stream. It was after 3 o'clock before the Gaelic had her lines fast at the outer end of the dock.

Another attempt to save the schooner Neptune, which ran ashore on the beach below the Ocean House Friday night, was made yesterday, the tugs Sea King and Sea Queen making the effort. They went outside to the stranded vessel early in the morning and endeavored by means of a hawser to drag the Neptune into deep water, but found the task too great, the schooner having sunk in the sand. It is believed by the tugboat men that the schooner will be broken up by the waves.

Court Notes.

The sailors of the bark Empire were awarded judgment for the various amounts of wages claimed by them by Judge Estee on Saturday. The judgment varied from $5 to $50.

Annie Holt has been substituted for J. S. Walker as guardian of Eliza Holt, daughter of John D. Holt, Sr.

HOSTETTER'S CELEBRATED STOMACH BITTERS

Inactive Bowels

Many people suffer from constipation. This invariably produces stomach, liver and kidney disease. Constipation is a dangerous disease. Cure it with Hostetter's Stomach Bitters. There is nothing better. It will not shock the system and it positively cures indigestion, dyspepsia, biliousness, malaria, fever and ague. Try it. It may be obtained from any druggist. See that a PRIVATE REVENUE STAMP covers the neck of the bottle.

Good For Every One — HOSTETTER'S STOMACH BITTERS

With the Change in Tariff

Comes a sweeping reduction in the price of all goods of American manufacture.

We have cut on every piece of jewelry and silverware in the house, and you will be surprised at the great difference from former prices. No fear of comparisons here, where quality and pattern are considerations.

What do you think of full-sized solid silver teaspoons being reduced to $8.00 a dozen, with engraving thrown in, and all articles of silverware reduced in like proportion.

These are by no means catch prices, but regular prices which will prevail here from now on, on all the different lines of goods from the States.

While reducing all our American goods we have not changed the prices on any of our European potteries, glass and chinaware, and although the present cost is forty per cent more than formerly, while out present very large stock lasts we will sell at the old rates. This is a very large saving to you, and we recommend that you make your purchases from these lines now, before an advance becomes necessary.

H. F. WICHMAN,

FORT STREET.

TEACHER'S HEALTH CERTIFICATES.

The Department of Public Instruction has adopted a rule that all teachers in its employ must, at the commencement of their service and on or before the first of August in each year thereafter, present to the Department a certificate from some regularly licensed practitioner, stating that they are free from tuberculosis or other communicable disease, and that they are physically able to discharge the duties of teachers.

Blank forms for certificates will be prepared and forwarded to the School Agents, who will furnish them to teachers as may be needed.

Health certificates as provided for above are to be forwarded to the Secretary of the Department before the beginning of the coming term.

The Driving Association Meeting.

A BIG CROWD PRESENT

C. H. Judd With Mongoose and Walter M. Takes the Pole Race--- Gorman a Winner.

A larger and more representative crowd than usual saw the racing at Kapiolani Park last Saturday afternoon, nothwithstanding a charge of twenty-five cents for admission. The events, which were held under the auspices of the Honolulu Driving Association, were interesting to a degree, and the occupants of the grand stand were pleased to admit that they got their money's worth.

The first event was a mile pole race, between Mongoose and Walter M, driven by C. H. Judd; Octoroon and Hero, driven by Sam Grigsby; Sadie and Charlie, driven by Dr. Monsarrat, and Billy and Lustre, driven by C. Bellina.

After several attempts the field got away well together. Grigsby had the pole, Monsarrat second, Bellina third, and Judd fourth. At the eighth it was Grigsby by a length, Bellina second, Judd third and Monsarrat trailing. At the quarter Grigsby still led, but Judd had made up a lot of ground and was barely half a length behind. Passing the three eighths pole, Judd was over a length in front, but came back to Grigsby before the half was reached. At the half it was Grigsby by a neck, and at the five furlongs Judd by the same distance. Just about here the Octoroon-Hero combination did some circus work which, though pretty, undoubtedly injured their chances of winning the race. Judd passed the three-quarters mark four lengths ahead of Grigsby, and retaining his lead to the wire, won easily in 2:57½, by over three lengths. Grigsby, who was coming right along at the finish, was second. Monsarrat finished ten lengths behind Grigsby; he and Bellina practically ceased to be contestants at the half mile having their hands full with troubles of their own.

A dash of three-eighths of a mile brought out as starters Nunes' Manuleli, with Silva up; L. G. Maitland's Mystery ridden by Donahue, and Andrade's Waipahu, ridden by Clarence Richardson. Mystery was favorite, and by long odds the best looker on the field. Waipahu, ok badly, passed the six furlongs pole a head in front of Mystery with Manuleli last by a length. The journey down the stretch was a horse race with both boys flogging; Mystery could never quite get on terms with Waipahu, who won driving by a neck. Time, 39¾. Manuleli's performance is attributed to the Board of Health's report on the insanitariness of the Kewalo district where Nunes' horse does his morning gallops.

Waipahu, who according to reports current before the race, had until last week been furnishing the motive power for a plough on a plantation, must be added to the ever increasing danger of "good things" which have caused the bullion of the "can't be beat" contingent to trek in entirely unexpected directions.

The list of starters for the fifty yard foot-race received a host of additions at the post, and the following lined up: Will Vida, Will Wright, C. Bellina, Joe Piggott, Jim Gorman, L. G. Maitland and H. M. Ayres. Four of the men raced the distance on a false start, but at the second attempt Al Moore got them away together. Will Wright, who was expected to romp home, got pocketed; Vida's cigarette went out; two or three others got tangled up or fell down, and "Old Pal" Gorman (you know him?) was shoved home in 6½ seconds; no one else was close enough to be second. The winner was protested to on suspicion of being a "nigger." A feature of the race was the curious disinclination manifested by the runnners to getting overheated. The form of the race was too good to be true.

The officials were Messrs. Shaw, McDonald, Quinn, Edmunds and Diggs.

At the conclusion of the pole race Mrs. Richards presented C. H. Judd, who drove the winning team, with a floral bouquet.

There is a prospect of another race next Saturday between Mystery and Waipahu at even weights. There was a discrepancy of ten pounds in favor of Waipahu in Saturday's race.

HOME ELEVEN VICTOR.

Honolulu Cricketers Win From the Jack Tars by Good Score.

The cricket match at Makiki on Saturday between the local club and sixteen players drawn from the crews of ships in the harbor, resulted in a win for the home eleven by 53 runs. Kelly 9, and McDonald 9, were the top scores on the sailors' side. Bob Anderson 31, D. W. Anderson 17, and L. Parish 15, made the majority of the runs for the winning club.

R. Anderson and H. B. Sinclair shared the bowling honors, the former's average working out eight wickets for 23 runs, and the latter's six wickets for 18 runs. Quallise bowled and fielded exceptionally well for the visitors. A return match will probably be played next Saturday.

Customs Rules.

There has been posted at the custom house in Honolulu the following from the Customs Regulations of the United States of 1899:

Art. 1805. No person not connected officially with the Custom Service shall be allowed admission to a customs office except during business hours, unless by special authority of the collector or other officer of the port.

Art. 1806. Access by any unofficial person to official records, or to any copy thereof, in a department of customs, must be denied, except upon written application setting forth the reasons for such request, to be approved in writing by the collector or other chief officer of the customs. No inspection of any item in an official record shall be made except by a person interested therein.

Art. 1807. Collectors, naval officers, surveyors and appraisers of customs will see these regulations are enforced in their respective offices, and the willful violation thereof will be considered sufficient cause for removal.

SIAM HERE EN ROUTE TO THE PHILIPPINES

United States transport Siam arrived in port about 5 o'clock Saturday afternoon, nine and a half days from San Francisco, with four days' later mail and news of the outside world. She was reported off Kcko Head at 2 o'clock but took her own time coming in and docking at the Pacific Mail wharf. She carries something like 3,500 tons of freight, stores and various supplies for Manila. About twenty-five tons of freight are for the quartermaster here and another twenty-five tons will be dropped at Guam for the station there.

The Siam will sail tomorrow about noon for Manila via Guam, probably finishing taking on necessary coal tonight. Major Ruhlen will receive for shipment on this transport, free of charge, any packages intended for persons in the military or naval service of the United States at Guam or in the Philippine Islands. All such packages should be securely tied or boxed up and plainly marked and delivered at the quartermaster's depot storehouse in the Allen block on Queen street not later than 2 o'clock p. m. today. The Siam will in all probability be the only transport to stop at Honolulu for a good while to come.

Forward, on her main deck, the Siam brought down a splendid steam launch for Surgeon D. A. Carmichael of the United States Marine Hospital Service. It is an elegant affair, graceful, powerful, speedy, handsome and serviceable and comfortable. It weighs 11,624 pounds. The launch will be unloaded this morning and will soon be in commission. The customs officers will probably meet the incoming steamers in this launch until such time as they secure a launch of their own.

Captain Xigga is at present the commander of the Siam, "and a very fine captain is he." He was formerly first mate of the vessel, but won his promotion through a most conscientious adherence to his duties, perseverance, hard study and general good qualities. Captain Reicich was commander of the Siam on her first trip to this port from San Francisco, arriving here on August 29 of last year. Reicich now commands the newest of the company's vessels; it is an Austrian company—the Borneo.

Captain Vallentin came out from England to take charge of the Siam after Captain Reicich left her for the Borneo. He left her in Manila, when she was last there, however, on account of sickness, and Captain Xigga assumed command.

L. T. Thiers, United States quartermaster agent, represents the Army on board the Siam. He was ordered to the Siam at 2 p. m. on the 16th from the transport Rosecrans. The Siam sailed at 2:30 p. m., so Thiers had very little time in which to prepare himself for the voyage.

The same Filipinos are among the crew as when the boat was here last. They prove excellent workers. Captain Stepanovitch is now the first officer of the vessel, being formerly second officer. Since her last trip to Manila the Siam has been engaged in the coal trade, having been chartered by McCondray & Co. and now re-chartered to the Government for three months with an optional additional three months.

A house will be constructed aboard the Siam for the accommodation of twelve men of the United States Army hospital corps, who leave on the transport for Manila. Those who are going are Joseph G. McWilliams, steward; Charles G. Stark, acting steward; Wesley P. Brewer, Frederick Durst, Lewis D. Harp, Benjamin Franklin Kelly, H. F. Haskins, F. I. McLaughlin, Frank C. Parker, William F. Thorp, G. W. Martin and Solomon Sternfield.

McWilliams is from Camp McKinley and Stark goes from the army hospital in Nuuanu valley. Both are graduated physicians and all are able, experienced men.

Naval Hospital Steward Bennett, recently from San Francisco, goes on the Siam to Guam.

LILIUOKALANI RESTRAINED.

C. B. Wilson's Suit to Prevent Legal Proceedings Against Him.

A restraining order was issued yesterday by Judge Humphreys against Queen Liliuokalani to prevent her from bringing any legal proceedings against C. B. Wilson to recover property at the corner of Young and Piikoi streets. This property is occupied by C. B. Wilson as his home.

Wilson married Eveline Townsend, one of the Queen's ladies in waiting, and while the Queen was under surveillance after the Royalist rebellion in 1895 this property was sold under foreclosure proceedings. On account of her regard for his wife, Wilson states, Liliuokalani offered to buy it back for him, but lest there should be any charge of undue influence the Queen bought the property and put it into the hands of Cecil Brown as trustee. Three years later, Wilson claims, J. O. Carter fraudulently persuaded him to reconvey the property to the Queen, representing to him that she was to leave certain of her property to Mrs. Townsend, the mother of his wife. He tells of the suit to quiet title which Liliuokalani recently instituted against him and urges that she be brought into court to explain all of her transactions in regard to the property.

PUNAHOU LOSES.

Hall and Son's Nine Beats the College Team by 13 to 2.

Punahou's reinforcement did not prove sufficient to stem the tide of defeat in Saturday's baseball game at Punahou.

Hall & Son's nine, after a series of brilliant plays, bested the Punahous by a score of 13 to 2. The victors shut out their opponents for seven straight innings and it looked as if the Punahous were going to have nine goose eggs to their credit, until in the eighth inning Castle of the Punahous, after falling to hit the ball on the third strike, made a home run on a "block ball;" a boy in the rear having touched the ball, Hall's catcher tried to put Castle out on second without first putting the ball in play. There was considerable 'kicking' on the umpire's decision, but after looking up rules, and a few of "Johnnie" Soper's gesticulations, the game proceeded. Babbit of the Punahous was a little seedy, but showed that he still likes the game.

It is to be regretted that there is no regular baseball ground. Hall & Son's team, who are made up principally of Kamehameha and St. Louis College boys, bid fair to give all comers all the "ball" that they may require.

The nines were made up as follows:

Hall & Son—Wilkoki, c.; H. Kaai, p.; Ed. Paris, 1b.; Pat. Gleason, 2b.; Antone Lewis, 2b.; Mana, 3b.; Kiwa, ss.; J. Handsman, lf.; Solomon Koki, cf.; Bolster, rf.

Punahou—L. Marcallino, c.; A. L. Castle, p.; John Soper, 1b.; W. H. Babbitt, 2b.; E. Perry, 3b.; C. H. Cooke, ss.; C. Castle, lf.; J. Marcallino, cf.; H. Greenwell, rf.

C. R. H. Ferrell, the murderer of Express Messenger Lane, who was killed on his car at Urbana, Ohio, has been caught. Ferrell knew Lane and was riding in his car as a guest when he shot the messenger for the money in the safe. The murderer wanted the money to get married on. A hotel where he stopped was searched and incriminating evidence found. Detectives tracked Ferrell and found him with his fiancee.

Six hundred American art students assembled at a village in the forest of Fontainebleau and celebrated the marriage of Julian Evans, a Boston student, to the giantess model, Alexandrine Jaunet. The villagers complained of the orgies and the police broke up the party. Three days after the marriage Evans was thrashed by the giantess, and is now confined to his bed. The woman is devotedly nursing him.

Speaking at the Primrose League demonstration at Eagles Cliff, Lord Londonderry, the postmaster general, expressed a hope that when the allies reach Peking the first step will be the punishment, not, as in the past, of a few subordinates, but of the mandarins and others high in authority. There, he was of the opinion, all vengeance ought to end.

An August 12th dispatch from Managua says: "The Eyre-Craigin syndicate's canal concession was forfeited today because of the non-payment of money due." This leaves Nicaragua free to deal independently with the United States.

For more than half a century the famous old Jesse Moore Whiskey has been a favorite with connoisseurs. To be had at Lovejoy & Co.'s, Honolulu.

EGGS ARE DEAR.

Omelets are now the Dish of Rich Folk Only in Honolulu.

Ham and eggs—the favorite dish of the restaurant diner—are a luxury in Honolulu at the present time, even to a rich man. Ten cents an egg or three eggs for a quarter! One dollar a dozen! Think of it! The householder who has allowed her Chinese cook to run up a bill for eggs at the corner grocery the past week, will worry herself sick when she receives a visit from the grocery-man's collector. The Chinese cook is usually lavish in his use of eggs and thinks nothing of opening a dozen a day. Ham and eggs in a down town restaurant have gone up from twenty-five cents to thirty-five cents and forty cents, and if the egg market gets any worse in the next few days, the price will keep on climbing.

A householder told her cook to make a lemon pie yesterday, but not to use an egg in it. The pie was great and the suffering of the diners thereof later on greater. Coffee is now being settled without the use of the egg and omelets are a rarity. In public dispensaries a sherry and egg is not to be thought of—by the proprietor with eggs at three for a quarter.

There are only three theories to be advanced for the shortage in eggs. One is that the hens are on a strike; the second is that the thermometer is too active in its daily climbs causing the hens to take a rest, and the third is that there is a "Coon" minstrel show in town, and enemies of the actors are laying in ammunition.

HAWAIIAN LODGE, NO. 21, F. & A. M.

There will be a regular meeting of Hawaiian Lodge No. 21, F. & A. M., at its hall, Masonic Temple, corner of Hotel and Alakea streets, this (Monday) EVENING, August 27, at 7:30 p. m.

TRANSACTION OF BUSINESS.

Members of Pacific Lodge, Lodge of Progres and all sojourning brethren are fraternally invited to attend.

By order of the W. M.
K. R. G. WALLACE, Secretary.

Lodge Le Progres De l'Oceanic

NO. 124, A. & A. S. RITE.

AT AUCTION BY WILL. E. FISHER AUCTIONEER

AT AUCTION

SATURDAY, SEPT. 1ST,

AT 12 O'CLOCK NOON, I WILL SELL

Pursuant to a decree signed by Hon A. S. Humphreys, First Judge of the Circuit Court of the First Judical Circuit, filed the 2nd day of August, A. D 1900, in a cause entitled William O Smith and S. W. Wilcox against W. H Winchester, foreclosure proceedings notice is hereby given that the property herein described will be sold at the front entrance to the Judiciary building (Aliiolani Hale), Honolulu, on Saturday, the 1st day of September, A. D 1900, at 12 o'clock noon. The said sale is subject to confirmation by the court

PROPERTY TO BE SOLD.

First—All that certain piece or parcel of land situate on Quarry street, at Kulaokahua, in Honolulu, Island of Oahu, containing an area of 6,000 square feet, more or less, and being the same premises that were conveyed to W. H. Winchester by deed of W. E Foster, trustee, dated August 21, 1895 and recorded in Liber 155, page 272, and further described as being a portion of Royal Patent (grant) No. 3564, to H. M Dow, and bounded and described as follows:

Beginning at a point on the makai side of Quarry street 200 7-10 feet from the south side of Alapai street extension, thence running by true bearings south 37 degrees 30 minutes west, 120 feet along the Portuguese Club premises, thence south 52 degrees 30 minutes east, 50 feet along lot 511, thence north 37 degrees 30 minutes east, 120 feet, and north 52 degrees 30 minutes west, 50 feet along Quarry street.

Second—All those certain lots, tracts, pieces or parcels of land situate at Waikiki (near Makee Island) in said Honolulu, being lots 35, 36 and 37, Kekio tract, containing an area of 15,000 square feet, and a part of Royal Patent No. 5667, Land Commission Award No. 5931, and the same premises that were conveyed to the said W. H. Winchester by the deed of W. C. Achi, trustee, and C. B. Maile, trustee, dated May 11, 1897, and recorded in Liber 167, page 442.

The property will be sold by parcels. Terms cash, U. S. gold coin. Deeds at expense of purchaser.

For further information and full particulars of the above property, apply at the office of WILLIAM O. SMITH, Judd building, corner Fort and Merchant streets.

Dated: Honolulu, August 2, 1900.

Auction Sale

—OF A—

REVERSIONARY INTEREST

—IN—

Real and Personal

PROPERTY.

I am instructed by Snr. A. de Souza Canavarro, Consul General of Portugal, the duly appointed attorney-in-fact for the Trustees of the Hospital da Misericrdia of Angra do Heroismoo (duly authorized by the Government of the Kingdom of Portugal) to sell at public auction on Tuesday, the 11th day of September, A. D., 1900, at my SALESROOM, corner MERCHANT and ALAKEA STREETS, at 12 o'clock noon, all the right, title and interest of said hospital in and to all the property comprising the estate of Louis Perry, late of Honolulu, deceased, who died on the 5th of May, 1892.

The property of the deceased as shown by the proceedings in the matter of the estate of the deceased, comprises the following:

First:—A piece or parcel of land situated at the west corner of Maunakea and Hotel streets, Honolulu, comprising part of the land described in L. C. A. 691 to Gravier and part of the land described in L. C. A. 694 to Paniani, and thus bounded and described:

"Commencing at an iron pin at the west corner of Maunakea and Hotel streets and running:

1. S. 57° 10′ W. true 69 feet along Hotel street;
2. N. 20° 00′ W. true 32.4 feet along Joe Roberts' Lot, L. C. A. 604 to Henry Sea;
3. S. 72° 00′ W. true 5 feet along same;
4. N. 24° 20′ W. true 12 feet along same along remaining portion of L. C. A. 694 to Paniani;
5. S. 70° 20′ W. true 5 feet along same;
6. N. 24° 25′ W. true 49.5 feet along same;
7. N. 65° 50′ true 63.3 feet along L. C. A. 222 to Kahanu to Hotel street; thence
8. S. 32° 22′ E. true 84.5 feet along Hotel street to initial point.

Area 5,850 square feet.

Second:—The sum of $1,261.69.

The Hospital is entitled to the possession of the above property both real and personal on the death of M. S. Pereira of Honolulu.

The following are extracts from the will of deceased, which will was admitted to probate in the Supreme Court of the Hawaiian Islands on the 25th day of May, 1892:

"Fifthly:—I give and bequeath all "the rest and residue and remainder of "my estate, real, personal or mixed, to "my beloved friend Manoel Silveira "Pereira to receive and enjoy the use "and income of the same during his "life time and at his death to go to the "'Hospital de la Misericordia' in An"gra, Island of Terceira, Azores."

"Lastly:—I hereby nominate and ap"point Manoel Silveira Pereira of said "Honolulu the executor of this, my last "Will and Testament, without bonds, "and with full power to sell or other"wise dispose of any part of or the "whole of my estate as may to him "seem best and hereby revoke all form"er wills by me made."

Part of the land is leased to Wong Chong Lung for a term of 18 years, from the 1st day of March, 1887, at the monthly rate of $40. The remainder is subject to a lease to Y. Anin for the term of 25 years, from the 21st day of June, 1886, at the rent of $50 a month.

Copies of the leases and of the agreements made by the deceased and the lessees and of the Will and a plan of the land can be examined at my office.

Deeds at the expense of the purchaser, who shall also bear the costs of all stamp duties.

Upset price, Six Thousand Dollars ($6,000.00).

THE DELEGATE

Hiloites Don't Want a Honolulan.

H. P. Baldwin Suggested as a Representative Islander by the Tribune.

HILO, Hawaii, August 25.—The Tribune says: The general lack of activity on the part of the Republicans and Democrats is causing considerable comment, more especially relative to the Republicans, who might just as well be without a Territorial committee, for all the ice which it seems to cut. A gentleman recently in conversation with a Tribune representative, said: "Unless some action is taken soon it might just as well not be taken at all. The time for election is almost here and no nominations have been made nor campaign work done, except by the Independents, who as matters stand now are likely to carry everything. Action should be taken by both parties and the lines should not be too sharply drawn between Democrats and Republicans, more especially so far as local issues are concerned and so far as good candidates are nominated, as it seems likely they will be by both parties. The Independents in their determination to win everything on race lines, and incited thereto by their demagogic leaders are likely to make many nominations unfit for office; every respectable, intelligent man who has the good of the Territory at stake, without regard to race or party should work for the election of good men, at this vital period of the political life of Hawaii."

Relative to Congressional delegates another gentleman practically spoke on the same lines. He said: "Upon the personnel of the Congressional delegate, although he has no vote, the future of Hilo largely depends. If the proposed Independent Candidate, Wilcox, who is nothing more or less than a discredited demagogue, is sent, it means simply nothing or worse than nothing for the Territory as a whole. On the other hand a man nominated by either of the other parties, who is simply a Honoluluite devoted simply to the interests of that town even to the detriment of the rest of the Territory, is not one that we want. We should probably not look for the nomination of a purely local man. Nor is it necessary. It is more than possible that a man from Maui or Kauai could be settled upon, who would gain the general support of the voters of the whole group and justify it by working impartially for all the Islands. I think H. P. Baldwin of Maui is such a man, and I believe from what I have learned in conversation with both Democrats and Republicans here that they would support him. In any case Hilo should settle upon someone whom it believes to be a good man for all, and who can be elected, and find out whether he will not be so acceptable to the rest of the group that he can be run with hope of election. It is time some action was taken by the responsible men of the country."

ALL TEACHERS MUST BE HEALTHY

Board of Education Certificate of Health From Applicants.

Ample precautions are to be taken by the Board of Education that no diseases are communicated to scholars from their teachers. The recent agitation against the employment of teachers who were sufferers from tuberculosis has borne fruit for the Board of Education adopted a form of physical examination certificate which every teacher employed by the Board throughout the Islands must have before they can secure a position. In presenting the health certificate Mr. Atkinson said that he thought the matter one of very great importance. In the past teachers had been employed for a fortnight before they were required to present health certificates, but the new rule would require them to be physically sound before they would be permitted to come in contact with their scholars.

The Board also adopted a new salary schedule setting forth rules and governing the salaries of all teachers. According to this schedule the payroll for the different Islands is as follows: Hawaii $6,104, Maui $3,647, Molokai $380, Oahu $10,130, Kauai and Niihau $2,295; total, $22,556.

The report of the teachers' committee included a large number of recommendations for appointments all of which were approved. They were as follows: Royal, D. C. Little, substitute for Mr. Mackintosh; Kaahumanu, Miss Ada Gertz, transferred from Emma street; Emma street, Miss Ada Lycett, transferred from Moanalua; Moanalua, Miss Mollie Grace, from Normal School; Pohukaina, Miss Victoria Jordan, transferred from Waianae; Waiohinu, Miss Bertha Ben Taylor, Miss Emily Williams, reappointed to this school; Wahiawa, Miss Ada H. Parker; Niihau, James McGill; Kaupakulua, J. S. Medeiros (assistant), transferred from Haou; Haou, Miss Jennie Kawaiaea; Night School, Kawaiahao, Mrs. J. B. Hopkins; Kamaoa, Miss Lulu Meinecke; Night School, Moiliili, A. S. Medeiros, transferred from Kaupakulua; Olaa, Brock McStay, assistant; Normal and Training, Miss J. Valentine Spitzer; Kipahulu, Miss Emily Toorey; Hilo Union, Mrs. Lora Shoemaker; Reformatory, Marshall Pancoast; Wailuku, Miss Rowena Richardson.

Mrs. J. W. Yarndley whose husband, for many years teacher of music in the city, died in San Francisco recently, was given an appointment as singing instructor. The salary of John Lightfoot of the night schools was increased by $15 per month.

Aala Warehouse Bids.

Six bids have been received by the Board of Education for the contract for remodeling the Aala warehouse so as to make it suitable for school purposes. The new school will be used in place of the Royal School, which has been condemned and sold. The bids received were as follows: David K. Willis, $5,047; Albert Trask, $3,400; J. A. Butterfield, $3,175; H. Bertlemann, $2,489; Wm. T. Paty, $2,350; W. H. Russell, $1,978.

LOCAL BREVITIES.

Orpheum tonight.

Taroena for ailing children. Hobron Drug Company.

W. D. Wilder has taken a position with Wilder & Co.

Cyclo-phate!!! A "cooler" for hot days at Benson, Smith & Co.'s fountain.

Hawaiian Lodge No. 21, A. F. & A. M., meets tonight. Transaction of business.

On the Waialeale Saturday morning Captain Saunders returned from a trip to Kauai.

Two canvassers for new local work are advertised for. See "classified" ads on page 12.

A furnished room suitable for two gentlemen who would also like to board. See want ads.

The list of appointments for the Road Board for Koolaupoko and Waimea is published in this issue.

Regular meeting of the Hawaiian Lodge No. 21, F. and A. M., tonight. Transaction of business.

M. Thomas has been appointed by the Labor Day committee to collect subscriptions from the trades.

The concession committee of the Labor Day celebration calls for tenders for certain concessions. See ad.

The Catholic Benevolent Society will hold a regular meeting this evening at their hall. A full attendance is desired.

Lodge le Progres will hold their regular monthly meeting tonight. A full attendance is desired, as matters of importance will be brought up.

The first meeting of the Board of Registration of the Island of Oahu will take place on Saturday next in Honolulu Hale, adjoining the postoffice.

J. M. Vivas, the well known Portuguese attorney, who has been suffering from paralysis for some time past, was out upon the street on Saturday and is nearly recovered.

Captain Clarke, of the Wilder Steamship Company, had his left foot severely bruised by a falling piece of iron while watching the loading of the Helene on Saturday.

The Likelehua Dancing Club gave a very enjoyable dance on Saturday evening at their club hall, Maemae. A large number of young people were present, and a delightful time was enjoyed by all.

On next Thursday and Friday James F. Morgan will sell at his salesroom at public auction, a fine assortment of dry goods, hats, laces, tailor goods, etc. These goods are all new, and of the latest patterns.

Mrs. Cornelia B. Damon has cards out for a reception to be tendered to Mr. W. E. Beckwith and bride this evening from 8 to 10:30 o'clock. The reception will be given at the residence on Thurston avenue.

W. W. Dimond & Co., Ltd., have a fine new line of table cutlery and silver plated tableware. The latest pattern is called "The New Century," and it is a beauty. Now on exhibition at their store on King street.

J. Garcia, a graduate of St. Louis College, will amuse the Maui people with his theatrical company, at an entertainment at Wailuku, on September 1. This is the first dramatic company gotten up by the Maui citizens.

At a meeting of the Beretania Tennis Club held on Saturday it was decided that the club remain in existence, and that grounds more convenient to town be looked for. Messrs. C. Atherton, E. Rose and E. H. Paris were appointed a committee to take charge of the matter.

Harry Evans on Saturday purchased the wreck of the schooner Norma for the sum of $100. Kuong Lee Yuen, a Chinese merchant who was the consignee at the time of the disastrous voyage of the Norma some months ago, attached the receipts for the Norma as soon as the money for her was paid.

The arrivals from Hilo and other ports on the Kinau on Saturday included Chief Justice Frear, Professor Walter Maxwell, Rev. J. A. Cruzan, F. M. Wakefield, George Rodiek, E. D. Baldwin, W. Houghtailing, the Misses Paty, Mrs. G. W. Paty, George Ross and wife, Mr. W. L. Moore and wife, C. C. Kennedy and wife.

W. J. Coelho and J. M. Poepoe have published a pamphlet in the Hawaiian language giving the Territorial bill and other important documents concerned with the transfer of sovereignty to the United States, and the pamphlet has been purchased from them by the Government and will be distributed from the office of the public works.

A few of the Jewish residents of this town met together yesterday at the Orpheum Hotel to discuss preliminary arrangements for holding divine services during the approaching holidays. A temporary chairman and secretary were appointed, and it was decided to send out circulars convening a general meeting for next Wednesday evening at the same place.

A concert was held at Kapalama on Saturday evening for the benefit of Kaumakapili Chapel. A large crowd was present, and the fine program rendered was received with many encores. The numbers of Mr. Coelho, the Symphony Mandolin Orchestra, Miss Lydia Aholo, and Miss Helen Desha, were especially well received. Professor Berger accompanied in his usual brilliant manner.

On Thursday evening next a second band concert will be given by the Government Band at the Hawaiian Hotel. The solos will be given by what Captain Berger describes as the "funny instruments." There will be a solo on the bass drum, the cymbals and the traps. The man with the big bass horn will also give an exhibition of his wind powers. All, however, will bring out music, and with the full instrumentation of the band behind the soloists, the promise of a fine program is given. Berger's band will play the Doric off on Tuesday.

Tamashima, a Japanese, was arrested at the Capitol grounds yesterday during the band concert, for having in his possession a wheel belonging to a native boy. Officer Hanrahan was appealed to by the boy, who had recognized his lost wheel, and the arrest was promptly made. The identification number was complete, although the wheel had been re-japanned. The Japanese claimed he had bought the wheel from a countryman for $10, but it turned out to be the wheel stolen by Peter Kaiakai, who was committed to the Reform School recently for a year and six months.

Assault and battery is becoming very common on the daily records at the police station. Several were registered yesterday, while quite a number of offenders were charged with affray. The "drunks" were at the top of the list, more than a score of imbibers being run in. The following is the police court of Saturday afternoon and yesterday: Fred Smith, assault and battery on Manuel Rodrigues; Charles Butler, assault and battery on Nichole Kalei (w.), assault and battery on Kalanui; Jim Hunt, assault and battery on Paiekai (w.); Bill Pele and F. Fernandes, affray; Charles Hirano, George No. 4, J. Bonavitz, William Hopkins, affray; Ah Cheong, D. Mamamo, Sam Ensena, Ninihua and Masui, investigation; Lee Cheong, W. McCarthy, nuisance; Henry Antone, cruelty to animal; twenty-three drunks; two for profanity.

LOCAL BREVITIES.

New attractions at the Orpheum tonight.

The Woman's Guild of the Second Congregation, St. Andrews Cathedral, meets this afternoon at 2:30 o'clock.

J. L. McComb spoke last evening to a large congregation at Kaumakapili Chapel, Kapalama, on "The Ministering of Christ."

At the Central Union Church yesterday morning the features of the music were the contralto solos by Mrs. Cornelia Damon and the soprano obligato by Mrs. Otis in the anthem, "Hark, Hark! My Soul," composed by Harry Rowe Shelley. A male quartet, Mr. Prouty and the Messrs. Dillingham, gave as the response, Dow's "I Cannot Always Trace the Way." This was exceedingly well executed. The offertory was given by Mr. Prouty, who splendidly rendered Hamilton Gray's "The Golden Pathway." In the evening the chief musical attraction was the offertory solo, Cowen's "The Better Land," beautifully rendered by Mrs. Otis.

DIED UNATTENDED.

Chun Jip, a Chinese Resident of Vineyard Street Relief Camp.

Yesterday forenoon the Relief Camp on Vineyard street was thrown into a ferment of excitement over the discovery of the body of Chun Jip, a Chinese, aged 35 years, who resided there. When found the body was cold and at first blush there appeared to have been violence used. The tenants of the camp were thoroughly frightened and were ready to clear out at a moment's notice, visions of the plague quarantine remaining vividly impressed upon their minds.

The police department was notified and Officer H. J. Hanrahan made an investigation. He came to the conclusion that the Chinese, who was ill at various times in the past ten days, had tumbled from his bed and died from the shock. He lay upon his left side, the left cheek being badly discolored. The body was at once removed to the morgue at the Board of Health department when Dr. Garvin made an autopsy, pronouncing the cause of death to be peritonitis. The Relief Camp resumed its normal state when the cause of death was made known there.

Unhappy Marriages.

Divorces occupied the judges of the Circuit Court on Saturday and two unhappy couples were cut in twain, as well as several more or less important orders issued. Ernest H. Austin was granted a divorce from May H. Austin by Judge Silliman, and William L. Peterson was divorced from Alice Peterson. Judge Humphreys refused to vacate the order he made some time ago in the Flint case, granting Mrs. Flint temporary alimony. Captain Flint filed an application for the rescinding of the order on the ground that Mrs. Flint had condoned the offenses of her husband and had resumed martial relations with him before she went to the Coast. Mrs. Rose Miner was denied temporary alimony in her suit for divorce against Dr. F. L. Miner by Judge Humphreys.

The Band Concert.

The following will be the program of the band concert at Emma Square at 7:30 o'clock this evening:

PART I.

Overture—"French Comedy" .... Bela
Waltz—"Southern Breeze" .... Meisler
Fantasia—"My Old Kentucky Home". .... Dalbey

(b) "Elua no Meua." "He Iniki." Mrs. N. Alapai.

PART II.

Medley—"In Sunny Tennessee" .. Boetger
Waltz—"Wedding of the Winds"......Hall
Dance—"Habanera" .... D'Orso
March—"The Emperor" .... Kunoth
"The Star Spangled Banner."

Heazelton Improving.

SAN RAFAEL, August 11.—Physicians in attendance on George Heazelton, manager of and editor of the San Francisco Financial Letter, stated tonight that he was resting easily, with a possibility of recovery. No new complications have set in and his fever has tagen a perceptible change for the better.

Your physician will be pleased if he sees that you have a bottle of the famous old Jesse Moore Whiskey in your medicine chest.

ALSEN PORTLAND CEMENT

WE HAVE JUST RECEIVED a large shipment of this celebrated Cement, which is the STRONGEST AND MOST SERVICEABLE CEMENT MADE, and will permit the admixture of a larger amount of sand gravel, with less loss of strength, than any other brand; it is therefore the most economical.

ALSEN has no equal in color, fineness and sand carrying capacity. It weighs less per bushel, measuring about 10 per cent more cement to a barrel than other brands, which very materially reduces its cost as compared with other cements. is therefore an economical cement to use, and specially adapted for fine concrete work.

The following tests, made in actual work by Col. D. C. Houston, Corps of Engineers, U. S. A., at the sea wall around Governor's Island, New York Harbor, has never been equalled by other cement. It is as follows: Tensile strength per square inch—One day, 384 pounds; seven days, 600 pounds; thirty days, 818 pounds.

For sidewalks it gives the best color and the most endurable wearing surface.

A few of the large contracts in which Alsen Cement was used: Cable R. R., Baltimore, 35,000 barrels; Quebec Harbor Improvement, 90,000 barrels; Northern Pacific R. R. Bridges, 20,000 barrels.

Theo. H. Davies & Co., Ltd.
AGENTS HAWAIIAN TERRITORY.

To Those in Quest of a Rug....

B. F. Ehlers & Company

FORT STREET

To intending purchasers of rugs we would state that just before the change in tariff we received a large and varied assortment of

JAPANESE RUGS

By buying these rugs before the change, a saving of about fifty per cent was effected, which our customers are to profit by, as we do not intend, for the present, to increase the price of these rugs, but to sell them, while they last, at the old prices.

Under these conditions a buyer here, now, can buy these for much less than they are sold for on the Mainland.

We have made a display of these rugs in our large central show window, where their beautiful designs and harmonious colorings are sure to attract attention.

Sideboards,
From the Best Manufacturers.

Made of quartered antique oak. Graceful serpentine shaped top upper drawers lined for silver, bevel plated mirror.

TRIED TO KILL HERSELF.

Becky Panee, Alias Becky Bishop, Uses a Revolver Harmlessly.

Becky Panee, alias Becky Bishop, who has a claim pending against the Board of Health for valuable silk dresses, gowns and holokus, which she alleged were damaged by the fumigators, attempted to take her life yesterday. Roomers in the house at Kakaako heard the report of a revolver, evidently from Becky's room and rushed there to investigate. She was found lying on the bed with a pistol in her hand. The man who came to her rescue sent out a call for a physician and for the police. The police came first and found that Becky was unhurt.

It was evident from her expressions that she had endeavored to shoot herself in the left side. The bullet instead of hitting her, struck and ruined a valuable floor vase. The pistol and Becky were taken to the police station. Four chambers of the gun were yet loaded, one of them containing the empty shell. The charge entered against the would-be-suicide was "drunkenness."

Australia's Close Call.

SAN FRANCISCO, August 15.—The steamer Australia, arriving from Honolulu this afternoon, came very near making a record run into the wharf. Only the promptness of her officers saved her from running into the bulkhead between Pacific and Broadway wharves at full speed, and demolishing the tug Lottie, which was lying in her berth. The tide was on the ebb when the steamer, aided by a tug, turned into her wharf at Pacific street, and a big head of steam was necessary to carry her in. When Captain Lawless attempted to ring to slow down, he found the bell wire leading to the engine-room out of gear.

The captain was on the bridge, but he reached the main deck with the speed of a hound after a hare. At the same moment Chief Engineer Nieman had come on deck, and, taking in the situation at a glance, turned and slid down the engine-room stairs.

"Full speed astern!" he cried.

"But the register——" began the first assistant engineer.

"Full speed astern!" yelled Nieman. "—— the register!"

Just as the engine was reversed Captain Lawless reached the engine-room crying out the order that had just gone into effect.

The wharf was crowded with people, and their hearts went into their throats as they saw the steamer dashing along toward the bulkhead, and then saw Captain Lawless rush down the deck. But the danger was passed. The steamer came to a stop; the bell gear was adjusted and soon the Australia was alongside.

Registered at Haleiwa.

The following guests were at the Waialua Hotel, for the week ending August 26th: Dr. C. B. Cooper, Edw. C. Brown, Honolulu; C. G. Stark, Minnesota; Count V. Tranfaglin, Boston, Mass.; Mrs. F. A. Schaefer, the Misses Schaefer, Mrs. Julia H. Afong, Miss M. C. Afong, A. F. Afong, Honolulu; R. Fayerweather, Chicago; E. E. Fayerweather, Chicago; A. H. Afong, Mr. and Mrs. J. M. Dowsett, Honolulu; H. C. Walker, Chicago; I. S. Dillingham, Jr., W. F. Dillingham, Honolulu; Mr. and Mrs. J. R. B. Bruce, Sydney; Dr. and Mrs. O. G. Singleton, U. S. A.; R. C. A. Peterson, Mr. and Mrs. W. W. North, Honolulu; Miss H. Wilder, Oakland, Cal.; Miss North, Joe Andrade, William Savidge, W. Austin Whiting, F. E. Thompson, Dr. C. B. Wood, Honolulu; F. H. Botsford, Philadelphia; George Hood, San Francisco; Miss Ada Lyselt, Chas. Osborne, Honolulu; Miss Mae Hodnett, Mollie Grace, San Francisco; H. R. Lewis, Manila; Jennie McLain, Sadie McLain, Honolulu; W. M. Levensaler, San Francisco.

Shipbuilding Returns.

The Bureau of Navigation reports 105 vessels of 35,944 gross tons were built in the United States and officially numbered during the month of July, 1900, as follows: Atlantic and Gulf, 41 sail and 26 steam; Pacific, 3 sail and 5 steam; Great Lakes, 3 sail and 9 steam; Western rivers, 1 sail and 10 steam, all of wood. Of steel as follows: Atlantic and Gulf, 1 steam; Pacific, 1 steam; Great Lakes, 1 sail and 4 steam.

The largest steel steam vessels included in these figures are the Morro Castle, 6,004; Lafayette, 5,113; Simon J. Murphy, 4,869; Cornell, 5,082.

Eastern Record.

PLYMOUTH, August 14.—The Hamburg-American line steamship Deutschland which sailed from New York on August 8 for Hamburg, arrived here at 8:20 this morning making a new record for the eastern passage, the fastest time ever attained by any ocean steamer, 5 days, 11 hours and 45 minutes. Her highest record in a day was 552 knots.

The name is a guarantee of its purity—Jesse Moore Whiskey is always right.

Kakaako Beats Makiki.

Kakaako defeated Makiki at baseball last Saturday by a score of 8 to 2, in a game played at the old baseball ground. The ball played was fast throughout and the winners thoroughly earned their victory. James Gorman says that he is about to organize a baseball nine, and stands prepared to receive challenges from all comers. "First come first served," says Jim and you all know him.

Classified Advertisements.

WANTED.

A FURNISHED room, suitable for two gentlemen. Would board also. 5634
