## GEHR WILL PUSH THE KOHALA DITCH SCHEME TO THE FRONT AGAIN

### Says He Is Ready to Bid for It at a Price That Would Yield His Backers Dividends.

### Coming to Honolulu Soon—The Populists and the President—The Vice-Presidency. Washington News Budget.

(MAIL SPECIAL TO THE ADVERTISER.)

WASHINGTON, D. C., May 18.—Mr. A. C. Gehr, who has figured prominently here in the fight over Kohala Ditch legislation, came to town today, after quite a sojourn in Chicago. He is leaving for New York whence he will start very soon for Honolulu, probably arriving there on the Siberia. He intends to strive anew to have the license for constructing the Kohala Ditch put up at auction and declares that he is ready to bid for the privilege of constructing it.

"I know better than any other man what that Ditch would be worth as an investment and I am in a position to bid for the license intelligently. I know how much can be paid, so that the investment will yield a fair return," said Mr. Gehr. "I told the planters on the island last year when I was out there, that I was ready to go into the open market for the license. I would bid for it at a figure that would yield 5 1/2 per cent. on the investment and, having examined the project, I was better informed than any other man as to what that figure was. If anybody wanted to risk bidding higher than I, it would be their privilege."

Mr. Gehr is now confident that the Ditch will be constructed without much delay and, while he does not say so, has apparently received fresh assurances from the capitalists he represents as to what he may undertake. He is satisfied that there will be no further attempt by other interests to secure special legislation on the subject from Congress.

Mr. and Mrs. William Haywood are planning to close their I street residence in a few days and move to their summer home at Oakland, Md., which is at the top of the Alleghanies.

Officials at the Interior Department say there has been practically no business with the Territorial government, since the negotiations over the bonds was closed.

### POPULISTS AND PRESIDENT.

In the Southwest there is something of a movement for the Populists, what there is left of them, to endorse President Roosevelt's nomination next year. The matter is not taken very seriously yet because it is thought there may be some clever politics back of it on the part of Mr. Roosevelt's opponents. However, the idea was sounded forth not long ago in a great New York organ. A prominent Kansas Populist and Socialist, former State Senator Edwin Taylor, of Edwardsville, has declared his intention to support Mr. Roosevelt next year. In that connection it is significant that United States Senator Harris, not many months ago, declared that if the Republicans should refuse to nominate Mr. Roosevelt in 1904 the Democrats might do worse than to nominate him on their own ticket.

### THE VICE PRESIDENCY.

There has been a great deal of vice presidential talk in connection with the Republicans of late but the close friends of President Roosevelt here in Washington say that none of it has been of a very significant character as yet. In fact his friends have given little attention to that subject of late and probably will not for some time. If the Republicans show a tendency towards revision of tariff in the next campaign it is regarded as quite probable here that Gov. Cummins, of Iowa, will be a strong candidate. But when the time for the convention comes Gov. Cummins may not even be in the running.

### HARDSHIP OF DISMISSALS.

A few instances have occurred here of late that emphasize the hardships which come from turning officials out of office. In the clearing of the Treasury and the Postoffice Department, upon which task President Roosevelt set the heads of those departments before he left Washington, a number of incompetent or inefficient officials have had to step down. One man, who has been faithful to duty for many years but who was nevertheless found incapable of carrying out the duties of his office, was recently turned out with a sick family and, as in the case with most government officials, had nothing left for support, when his salary was cut off, it having taken all he could rake and scrape to keep his family going.

This in a small way is what happens whenever a new administration comes in. But when there is a change in politics of the administration the changes in offices are far more sweeping. It is believed that within the next six months there will be many more dismissals among subordinate officials for the President is determined that the public service shall be on the highest level of efficiency and honesty.

ERNEST G. WALKER.

### JOCKEY CLUB READY FOR ITS JUNE RACE MEET

### Program of Events—Some Changes Made in Purses—Second Event Promises to Be Fast.

With a large delegation of horsemen present the Jockey Club last evening decided that there shall be fourteen races on June 11, and from what was said on every side, the rivalry indicated by the contests over the program, there will be as fine racing as has been seen in recent years.

From the indications the 2:18 class, trotting and pacing race, will be of the very highest quality and the entries, which now look like Wayboy, Los Angeles, Abdine, Oakgrove and Sambo, justify the prediction that not only will there be split heats, but as well as some of the best time that the race has brought out recently. It was demonstrated that the free-for-all class race will not be the best as heretofore, owing to the supremacy of Cyclone, and the disinclination of other owners to go against the black, but it is likely that the game horse will show some good speed and while he may not beat the track record, he will make a good showing.

Owing to the fact that the Hilo horses will be down in today's steamer, the entries will close on Monday, June 1st, at 4 p. m., at the Club Stables, and it is believed by every one that the entire list of races will fill. The greatest change in the announced program is in the taking of the Hawaiian bred driving race from the second to the eighth place, and the placing as the second event of the day, the 2:18 class, so that if there are any horses in it which are to later go into the gentlemen's driving race, they will not be pumped out. For the gentlemen's race the Club received with its thanks the offer of the Rapid Transit Company to give a cup of \$100 value, to be won twice. This will add to the interest of this popular feature.

The program as finally decided upon, with the changes of purses, is as follows:

- First race—One-half mile dash, free for all. Purse \$100.
- Second race—Trotting and pacing, 2:18 class, best three in five. Purse \$250.
- Third race—Trotting and pacing, 2:30 class, best two in three. Purse \$200.
- Fourth race—Five-eighths mile dash, free for all. Purse \$100.
- Fifth race—One mile dash, free for all. Rosita cup and purse \$200.
- Sixth race—Trotting and pacing, free for all, three in five. Purse \$150.
- Seventh race—Three-quarters mile dash, free for all. Purse \$100.
- Eighth race—Trotting and pacing, Hawaiian bred, two in three. Purse \$200.
- Ninth race—Pony race, 14 hands or under. Cup, \$25.
- Tenth race—Gentlemen's driving race, Rapid Transit cup, \$100.
- Eleventh race—Polo pony race, three-eighths mile dash. Cup, \$25.

Twelfth race—Scrub race, one-half mile. Cup or cash, \$25.

Thirteenth race—One and one-half mile dash, free for all. Purse \$150.

Fourteenth race—Pony race, 13 hands or under. Cup \$25.

It was voted by the club that the outside horses should pay a track permit of only \$10.

### BASEBALL WILL BE AN EXHIBITION

Instead of league games at Punahou this afternoon, there will be played an exhibition game between the Punahou and the H. A. C. team. This action was decided upon yesterday at the meeting of the league, adjourned from Thursday. It had been thought that the Directors of the League would take some action in the premises, but at a meeting held by them they said that this was purely a League matter and they would not interfere.

The meeting was called to order by President Isenberg, who in doing so read the following letter from Chairman Eaton, of the committee of the Grand Army, in charge of the Decoration Day services, the letter being addressed to President Isenberg:

"Dear Sir: The Memorial Day committee of the George W. De Long Post, G. A. R., earnestly requests you to defer the games scheduled for Saturday May 30, out of respect for the Post and those who desire to participate in the ceremonies."

Manager Brooks of the Elks moved that the request of the G. A. R. be granted, seconded by Manager Lucas of the Mallets. They laid stress upon the nature of the day, and suggested their weakness on account of men who will be in the parade. The question was put by the President, and the result was six against postponement to four for it, the Kamehamehas, H. A. C. and Punahou voting against.

Immediately the Elks and Mallets, by their managers said that they would prefer to forfeit the games than to play under the circumstances. The exhibition game was then arranged.

It is understood that the Punahou will play the usual team, while the H. A. C. team will be changed, Leslie going behind the bat, Louis to second and Gleason to first.

As Lieut. Newton will not be out owing to the parade, Bowers was made the official umpire for the day. The game it is understood will be called for 1:30 o'clock.

The Elk's lodge last night endorsed the proposal to observe Memorial Day by calling the game off.

## MOROCCO'S RIGHTFUL RULER POISONED

CEUTA, May 29.—Mulai Mohammed is reported killed by poison.

Mulai Mohammed is the elder brother of the Sultan of Morocco. His life has been one of horror as his brother has always held him as a prisoner. The populace at the outbreak of the recent rebellion thought that Bu Humara, the pretender, was Mulai Mohammed and for that reason willingly followed that pretender's leadership. When the Sultan discovered that the brother he had in jail was being impersonated by the rebel chief he brought the brother forth. He proclaimed him Governor of Fez and loaded honors on him. The people then lost their faith in the pretender as they knew he was not the real elder brother of the Sultan but the latter had accomplished his purpose and promptly put Mulai Mohammed in jail again. Recently the rebels proclaimed Mulai as Sultan and this may have led the Sultan's followers to take complete precautions, in the way of death, to prevent his ever-reaching the throne. This news comes from Ceuta, a Spanish port in Africa.

**Oahu College Held to Be Exempt From Tax.**

**Frear Dissents From the Controlling Opinion.**

**Court Declares That College is Not Liable Because It Failed to Claim Exemption.**

Three opinions are filed by the three Justices of the Supreme Court in a decision sustaining the tax court's assessment of property on Miller street belonging to Oahu College. The court in an opinion by Judge Galbraith holds that the college is entitled to exemption even though not claimed in the tax return. Judge Frear concurs and Chief Justice Frear dissents.

The syllabus is as follows:

"It is not necessary to make return for purposes of taxation of property which, by virtue of the provisions of Section 836, C. L., is not subject to taxation, nor to claim in the tax return that such property is exempt.

"A failure to make return and claim of the exemption to the assessor is not a waiver of the right to demand the benefit of the statute.

"The valuation of \$25,000 placed on the property by Tax Appeal Court is affirmed."

The college trustees claimed exemption on a part of the Miller street property used for school purposes, which the assessor held was waived by failure to put the exemption in the tax return.

Judge Galbraith says in his opinion that school property is exempt and to hold that there can be any waiver "would be an act of legislation pure and simple and is beyond the rightful power and duty of the court."

Otherwise every property owner would have to make a return whether owning less than \$300 or not. The court continues:

"Where property is exempt, it is not subject to taxation and there is no reason for requiring it to be returned and valued.

"This interpretation has the support of the construction of the officers whose duty it was to administer the law and usage under it, whatever weight such construction and usage may be entitled to.

"We understand that it has not been the practice to require the owners of exempt property, under Section 836, to return the same; that no return has been required of the property belonging to the Territorial Government or the Queen's Hospital or the Board of Education, or churches and colleges of property in actual use for religious or educational purposes."

Judge Frear in concurring says that only property "subject to taxation" must be returned. He thinks also that the two acres assessed at \$25,000 should not be taxed but says the college did not appeal from this valuation.

Chief Justice Frear holds that the property must be taxed because no exemption had been claimed. He says:

"There is a difference between property that cannot be taxed under any circumstances and property that is ordinarily taxable under the law, but which for some special reason is exempt in a particular case. In the one

case the property is not subject to taxation at all; in the other case, it may be taxed unless the party entitled to the exemption claims his special privilege and shows that he comes within the exception to the general rule."

The Chief Justice says also that the statute is uncertain and inconsistent in many respects so that it is hard to learn just what the legislature really intended.

Judge De Bolt yesterday granted a new trial in the case of Lum Sing vs. Mrs. Marion Luning Hoyt. The motion was based on the alleged negligence of F. W. Hankey, attorney for the defendant, whom Mrs. Hoyt says deceived her, and gave her to understand that he had effected a settlement.

Judge Gear has not dismissed the Williams divorce case finally, but has given time for the bringing in of more evidence. He held that the case had not been proven as to two of the charges.

Judge De Bolt has ordered the dismissal of the suit of Lucy K. Peabody vs. H. R. Macfarlane et al., as to Macfarlane and J. M. Dowsett.

The case of T. R. Mossman vs. Bishop Museum Trustees has been dismissed because of improper service.

Exceptions on appeal have been allowed by Judge De Bolt from his decision in the case of Lyle A. Dickey vs. Honolulu Rapid Transit & Land Co.

**HOUSE MEMBERS FAILED TO COME**

The cases against Mrs. Turk and Miss Mabel Lyle, charged with keeping a disorderly house, came up before Judge Dickey yesterday morning, and were nolle prossed owing to the failure of the prosecution to bring Representatives Jaeger, Kupihea and Fernandez into the court.

When the cases were called, Deputy Sheriff Chillingworth sent a subpoena for Jaeger and the officer returned saying he met the man in the hall of the capitol, showed him the subpoena, and the representative said he did not intend to obey the summons. The Deputy then had the police officer stationed in the Attorney-General's department, serve the subpoena on Jaeger. The latter again refused and then said to the officer: "I will write it down for you," and wrote on a piece of paper: "I don't intend to come to the police court, Honolulu, Island of Oahu, today."

The Deputy entered a nolle prosequi in the cases under the circumstances.

# SENATE DISCUSSES COUNTY'S SHARES OF THE EXPENSE BILL

## What Shall Be Covered in Eighteen Months Measure Occupies Attention—House Does Little Work.

The House yesterday undertook to reconsider its action as to Hawaii police, and ended by making an appropriation of \$1,674, for the refund of telephone rentals, the amounts to be certified by Sheriff Andrews.

There was a long debate over the appropriation of \$1,020, for the payment of guards on Molokai, during the plague, there being shown much opposition as the citizens of other islands did similar and as hard work and made no charge. The item was not finished when the committee rose for lunch hour, and there was no afternoon session, as the death of the brother of Representative Kumalae caused quick adjournment.

The Senate considered the counties end of the appropriations in the eighteen months' bill, setting out the items which must be chargeable to the counties as against the Territorial expenses. The House passed its expense bill and the Senate advanced it as well. Both houses adjourned Both Houses adjourned until Monday.

### IN THE HOUSE.

Under suspension of the rules House Bill No. 5, the expense bill properly drawn, was passed finally by 27 to 2, Pulaa and Paele voting against the bill.

J. D. McVeigh memorialized the Legislature suggesting that each member of the House contribute 50 cents for a purse for the races to be known as the legislative purse. The House cheerfully made up a purse of \$17.45 which will be sent to Molokai.

Nakaleka introduced a resolution asking for the appropriation of \$1503.60 to pay for palais refused landing at Kalaupapa. The matter was referred to a special committee consisting of Harris, Nakaleka and Haia.

The House went into committee of the whole on Senate Bill No. 4, the unpaid bills measure, and Kupihea was called to the chair.

Vida began to work by moving the insertion of \$1800 for the unpaid bills of the Police Department, he saying that the money was very much needed, as the six months bill does not carry sufficient amount to permit the work to go on properly. The item was inserted in the bill.

### HAWAII POLICE ONCE MORE.

On motion of Pulaa, the item for reimbursement of police of Hawaii, \$1344, passed yesterday, was reconsidered. He said there were many officers not included in the list as put in yesterday, North Kohala men being omitted. The additions made the total \$1674. Kanoho thought the reimbursement should cover the entire period covered by the last appropriation bill, and he moved that a special committee be appointed to investigate the entire amount of the deductions. Fernandez thought there should be a full list secured from the Sheriff of Hawaii. Chillingworth opposed this saying the bill under consideration was almost finished and it would mean a great loss of time. He thought the easiest plan was to strike out the item and when the information was secured then a separate bill might be put through.

Kalama said during the regular session a subsidy had been passed for the wireless telegraph and he thought the proper thing was to depend on the wireless and have the information by Monday. Chillingworth called his attention to the fact that the subsidy would not be operative until Kauai was in connection with Oahu.

### NOT REALLY UNPAID BILL.

Andrade called attention to the fact that the item was not strictly an unpaid bill and the point might lie against it that it could not be collected, as the warrants were properly drawn and received.

Kanoho insisted that there should be consideration given to all those whose salaries were docked, and he thought \$3,000 might well be appropriated in a lump sum to pay all claims. The discussion became general but not strictly coherent. Vida finally moved to change the wording so that the appropriation would be \$1674 for pay of telephones used by the police, amounts advanced by the following persons, to be certified by the Sheriff of Hawaii." In this form the item passed.

### FOR PLAGUE SUPPLIES.

Chillingworth moved to insert under the head of the Department of Public Works an item of \$7250 for the estate of D. G. Camarinos. The item was for apples furnished to detention camps, and Chillingworth said they were not paid because Theodore Richards would not O. K. all the bills as some were delivered to camps where were Hawaiians, while he was in charge of Japanese.

### FOR MOLOKAI PLAGUE GUARDS.

Kanoho moved to insert an item of \$1020 for pay guards at Molokai, during plague times. He said the guards were appointed by the agent of the Board of Health after a mass meeting. Fernandez suggested a special committee and then Harris declared that there was no authority for the employment of those men, and that if the Molokai men were not more worthy of pay than the guards on all other islands.

Gandall told how the people of Kauai got out and guarded that island, the rich and poor alike working to protect the island from the dreaded disease. He said this was the duty of all good citizens at all time. He told how the people met at Lihue and orders were issued protecting the islands from the coming of infected laborers. He cited instances of the way in which the people worked to keep that island clean

and closed by declaring that it was the patriotic duty of every citizen to do all in his power to protect his home from epidemic. The committee then rose and the House took a recess.

Harris suggested that there was important business before the House but upon the statement being made that the funeral would occur this afternoon, there was no further comment and the amendment that the House adjourn until Monday morning at 10 o'clock was added and the resolution adopted.

### IN THE SENATE.

Senator Achi presented a majority report of the committee which considered the eighteen months' bills recommending that the county items including courts, sewers, etc., be stricken out. The item of \$28,300 for incidentals, criminal and civil cases was reduced to \$25,000. The report was laid on the table to be considered with the bill.

Action was deferred on the House \$13,000 expense bill until the House bill reached the Senate.

### THE PRINTING STALE AIN.

The bill to appropriate \$7,000 for paying the expenses of printing the House Journal passed third reading 9 to 3, but not until after there had been some pretty plain speaking over the absurdity of letting a contract for \$2.10 when the same work could be done for \$1.38 per page.

Senator McCandless started the row with an amendment to the bill providing that the journal was "not to cost more than \$1.38 per page. He said that the contract in the House had not been let open and above-board and that it made no difference what the House had done, it still required the approval of the Senate. When the House passed appropriation bills the Senate made changes and vice versa, and he thought it all nonsense that the Senate couldn't amend this bill, simply because it was for the expenses of the House. "We can't shovel out the people's money at the rate of seventy two cents a page," said he. "If we pass this bill everyone will have a right to say that we had been putting the money into someone's pocket."

### ACHI ON THE DEFENSE.

Senator Achi inquired about the pay of the House officers being more than in the Senate, and McCandless replied that he had nothing to do with the way the \$40,000 which was appropriated in a lump sum was spent, but this was a specific item upon which the Senate had been fully informed. He for one intended to record his vote against it.

Senator Achi interrupted to say again that the House officials had worked for thirty men, while the Senate had but fifteen members.

### UGHT TO ADVERTISE.

Senator McCandless also called attention to the fact that the Senate had previously decided to vote but \$10,000 and now it was proposed to vote \$30,000 in two sums. He also said that the law for government officials provided that all contracts above \$500 must be advertised for, and he saw no reason why the legislature should depart from that rule. "The Senate advertised for bids," he said, "and got their Journal printed for \$1.38 per page by while the House let its contract in a secret method, it wasn't open and above board, and they want to pay \$2.10 per page."

Senator Dickey offered an amendment providing that the contract should be let only after tenders had been called for and then given to the lowest responsible bidder, and McCandless accepted the amendment. Dickey said he did not wish to hamper the House, and they might not receive as low a bid as \$1.38. "Every cent we give more than they should spend is simply throwing away the people's money," said Dickey. "Must we give the House let only after tenders had been called for and then given to the lowest responsible bidder, and McCandless accepted the amendment. GRAND ARMY OF THE REPUBLIC.

What is said to have been the first Grand Army post was organized by Major Stephen and Capt. Phelps at Decatur, Ill., April 6, 1866.

The first national encampment was held at Indianapolis Nov. 20 and 21, 1866, when Stephen A. Hurlbut of Illinois was elected commander.

The growth in numbers was not great during the first ten years.

The following figures show the increase to 1890 and the decline since that year:

Table with 2 columns: Year (1877-1900) and Number of members (27,178 to 276,662).

Looking into the future it is estimated that 150,000 veterans will take part in the semi-centennial of the close of the war in 1915.

MEMORIAL DAY.

Memorial day has long been observed in Hawaii, a land, which though alien in government, sent an unusually large number of its white citizens to fight in the Union army.

They were treated by the Confederates as if they were in formal alliance with the North. When a Confederate cruiser came upon a small fleet of Northern whalers anchored south of here at one of the coral groups, it did not spare the Hawaiian ship which was moored with them.

But the South did not win and is probably glad of it now. So is Hawaii; and the satisfaction is heightened by the thought, on this anniversary, that when the Union called for help the Hawaiian-American heard and went to the front.

THE TURK CASE.

The non-prossing of the Turk case was a miscarriage of justice for which Representative Jaeger, whom the police say was their most important witness, was largely responsible.

This, however, does not mean that the notorious resort will go soot free or that it will be a safe place for men to visit who wish to keep out of the police court and out of print.

Sheriff Lorrin Andrews of Hawaii has the honor of being a good government man who helped, in 1893, to defend a responsible administration here.

Upon the basis of the showing made by the National Guard at the inspection this morning will be based the Federal issue of equipment.

CORRESPONDENCE

No Folk Lore in Island Songs.

Editor Advertiser: Last night's Star announces that a lady connected with the department of the Congressional library which collects and preserves musical compositions and matters of interest connected with the history of music, passed through here on her way to the Philippines, and that whilst here she heard Captain Berger and the band render some of the "old folk lore Hawaiian music."

Unfortunately, the Star does not give the names of any of these "ancient Hawaiian folk lore songs." I was under the impression that the only genuine ancient Hawaiian songs were mele, kahikaus and other poetical compositions which were oil-olled or cantillated but were not sung in the usual acceptation of the word.

CUNNINGHAM AND THE TURK CASE

Honolulu, H. T., May 29, 1903.

Editor Advertiser: Now that Mrs. Turk's case has been tried, and she has been acquitted, in justice to myself, I wish to say a few words, as I was called as a witness in said case.

MR. DAVIS GOT NO SUBPOENA

Editor Advertiser: I notified in an article in your issue of the 26th that my name was called as a witness for the prosecution in the case of the Territory of Hawaii vs. Mrs. Turk, charged with keeping a disorderly house.

KAUAI ARRANGES LOAN BILL LIST

Kauai, the last of the islands to arrange its loan bill schedule, has completed its work. There will be some fine work on the roads, and the county building will be in keeping with this, which promises to be the most prosperous of the counties.

Table with 2 columns: Item (County building, Road machinery, etc.) and Amount (\$40,000 to \$143,900).

SENATE DISCUSSES COUNTY'S SHARES OF THE EXPENSE BILL

(Continued from page 1)

notice was not given, which is shown by there being but one bid.

"How do you know?" asked Isenberg.

"If bids were called for, they never got any such results as the Senate did, and I challenge anyone to say that the House did advertise for bids, if they had, the sin would not have been so great."

Senator Dickey said he didn't believe in paying \$210 when the work could be done for \$1.38 nor did he believe in allowing \$1,750 for translating. He said he knew a first class translator who had offered to do the work for \$1,000 and yet the House intended to let it out at \$2,800.

LOAN BILL AS A THREAT.

Senator Achi said the fight was all over fourteen dollars, figuring out that with the amount the committee had cut from the translating bill the saving would only be that amount.

PARIS AGAINST IT.

Senator Paris stated that he didn't object to the passage of a lump sum for expenses, which the House spent as it pleased, but he did object to giving the House money to pay \$2.38 per page for work which could be done for \$1.38.

Senator J. T. Brown moved that the bill pass.

Senator Dickey wanted to correct Achi's statement about the saving of fourteen dollars, and said that the saving on printing alone would be \$1,728 while on translating there could be another saving of \$700.

Senator Kaohi said there was no use in waiting until the milk had been spilled and then gathering up the remains.

Senator McCandless replied that it was true the House had spilled its milk, but the Senate still had theirs, and didn't propose to throw it away.

Senator Dickey then moved to make the item \$5,000 in accordance with the plan of the Senate to give the House \$18,000.

The motion to insert Dickey's amendment was put and the ayes and noes called. It was lost eight to three.

Dyspepsia

What's the use of a good cook if there's a bad stomach—a stomach too weak properly to digest what is taken into it?

The owner of such a stomach experiences distress after eating, nausea between meals, and is troubled with belching and fits of nervous headache—he's dyspeptic and miserable.

"I have been troubled with dyspepsia and have suffered almost everything. I have tried many different remedies, but could get no relief until I began taking Hood's Sarsaparilla. After the use of this medicine I could eat without distress, and today I am as well as ever, but I always keep Hood's Sarsaparilla on hand." Mrs. J. A. CROWELL, Canajoharie, N. Y.

## FRENCH PLAYS AT THE HIGH SCHOOL

Before a small but interested audience which gathered at the High School building last evening, several members of the High School French classes presented, under the direction of Mrs. Selma Kinney, the two French plays: "Antour D'Un Berceau" by Ernest Legouve, and "Pendant Le Bal" by Edouard Paileron. The success of the entertainment was due to Mrs. Kinney who had complete charge of the arrangements; and the young ladies deserve great credit for carrying out their respective parts in a most artistic manner.

Miss Agnes Dunne, who took the principal part in "Antour D'Un Berceau," carried it out in a way which showed careful study and a familiarity with the French language. Her portrayal of a difficult part brought a deal of applause, and flowers from her friends. During the course of the piece Ernest Smith sang a French love song from the garden outside.

Miss Jennie Macaulay and Miss Maud Paty in "Pendant Le Bal" made two as dainty French girls as could be imagined. As girls too young to appear in society, and sent to their room after a wedding, they had their own ball and a mock wedding by themselves, in a way which produced no end of merriment for the audience, and brought them a round of applause. They frolicked and danced to the strains of the music proceeding from the ball below until tired from their fun and exertions, they lighted their candles and quietly stole away to rest.

The program was as follows:  
AUTOUR D'UN BERCEAU.  
(Piece en un acte, par Ernest Legouve.)

### HAWAIIANS AND MEMORIAL DAY

Memorial Day, and the event it is intended to commemorate, are matters of no especial interest to native Hawaiians. It points back to a time when two sections of the Union fought out their differences, and at that time Hawaii was a peaceful, happy, independent realm, respected by all nations.

The old veterans enjoy the pleasures and revere the significant points of Memorial Day, however, and that should probably be enough for all, although most Hawaiians are probably callous to the spirit of the occasion, from indifference, the Civil war having been no affair of theirs and the overthrow of the Monarchy by the United States having brought them troubles of their own.—Independent.

### HAWAII AHEAD OF CALIFORNIA

San Francisco papers which arrived on the Alameda gave prominence to the fact that Miss Bird Wilson of that city, Judge Morrow's secretary, had been admitted to practice in the United States court, and she is declared to be the first woman in the West to attain this honor.

As a matter of fact Hawaii leads California by nearly three years. Miss E. H. Ryan, Judge Estee's private secretary, was admitted to practice in the United States court for the district of Hawaii on motion of the late United States Attorney J. C. Blair on August 8, 1900. She was admitted to practice by the Supreme Court of California in 1897.

### GEORGE W. OUTCALT

#### How He Extricated Himself From a Serious Difficulty.

How George W. Outcalt, a well known merchant of Wellston, Oklahoma, recently succeeded in extricating himself from a serious difficulty is one of the interesting stories now going the rounds of the papers.

"I had been working very hard," he says in telling the story. "For a long time I had given almost every moment of my attention to my business and I did not notice what effect this was having on me. But, finally, I saw that my health was giving way—I was getting thin, was always tired and easily out of breath; my blood was poor, my stomach bad. Every now and then I would be dizzy and any little exertion would exhaust me completely. In short, I was all run-down.

"Then one day I saw an advertisement which led me to try Dr. Williams' Pink Pills for Pale People. They acted like magic. I felt better in a few days. My flesh came back till I regained my normal weight, my appetite returned and my general health is now better than it had been for many years. I have recommended Dr. Williams' Pink Pills to many of my friends and am glad of this opportunity to tell what the remedy has done for me."

What Dr. Williams' Pink Pills for Pale People did for Mr. Outcalt they will do for others similarly afflicted. They are different from ordinary medicine because they act directly on the blood and nerves. They have cured stubborn cases of locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions and all forms of weakness either in male or female. If you are sick and your doctor cannot cure you, write us and we will tell you honestly and frankly whether Dr. Williams' Pink Pills are suited for your case. We will not recommend the pills in cases which we do not believe they will cure.

Dr. Williams' Pink Pills for Pale people are sold by all dealers, or will be sent postpaid on receipt of price, fifty cents a box, or six boxes for two dollars and fifty cents (they are never sold in bulk or by the hundred) by addressing Dr. Williams Medicine Company, Schenectady, N. Y.

### YACHT RACING FOR OCCASION

The Decoration Day yacht races will start tomorrow afternoon from the harbor, prizes being offered by the Hawaii Yacht Club for all classes of craft enrolled on the clubs records.

The course as that known as the Ocean course, somewhat modified from that of former years, and the probability is that some twenty-five yachts will compete. The course is laid from the lighthouse to a stake boat at Waikiki, thence to another off Quarantine Island, back to the channel and the starting line.

The stake boats will be taken out this morning and moored by the Young Brothers under the direction of Allan Dunn. The Waikiki boat will be anchored off Cunha's residence, sufficiently far off to allow the big boats to maneuver successfully and not far enough out to prove too rough for the smaller craft. The Ewa boat will be moored, not as heretofore off Kailahi channel, the sea being apt to be rough there for the third class yachts, but off Quarantine Island.

The preparatory gun will be fired at 2 o'clock by a bomb from the Healani wharf. At 2:15 the first class, consisting tomorrow of the La Paloma and the Helene, will be considered to have started. A gun will be fired at this moment and also at 2:25 and 2:35 when the second and third classes respectively will be considered as having been started. If any fourth class craft appear, they also will be started. The course as laid down by the regatta committee is as follows. George Turner will probably start the yachts:

Start from imaginary line between the lighthouse and Healani boat house; thence out channel, keeping spar buoy to port; thence out, keeping bell buoy to port; thence around stake boat off Cunha residence, rounding same, keeping stake on port side; thence to and around stake boat off Quarantine Island, keeping same to starboard; thence to bell buoy, keeping same on port side; thence to spar buoy, keeping same on starboard side; thence up channel, finishing (second, third and fourth classes) at starting line.

First class yachts, on account of contrary winds, will finish race at spar buoy, but will continue to starting line under penalty of forfeiture.

Music at St. Andrew's. Tomorrow the choir of St. Andrew's Cathedral will render the following special Whitsuntide music at the 11 o'clock service:

Te Deum.....Tours in F Anthem—"O, For a Closer Walk With God".....Foster Credo.....Dykes in F Sanctus and Gloria.....Hart in F In the evening at 7 o'clock the music will be: Magnificat and Nunc Dimittis..... Winchester in F Anthem—"O, For a Closer Walk With God".....Foster

### EXHIBITION AT THE Y. M. C. A.

The fifth annual gymnasium exhibition of the Young Men's Christian Association is being planned for Friday evening, June 5. About fifty men and boys will take part, showing some of the ordinary routine class work of the gymnasium, and special work will be done on the horizontal and parallel bars.

The program as arranged includes free hand exercises by the Juniors; business men's hygiene dumb-bell drill; bar-bell drill by the senior class; squad work on the parallels and German horse; mat work and elementary tumbling.

A special squad under the leadership of Ben H. Clarke is putting in three evenings of hard practice a week, and promises to turn out a fine exhibition on the horizontal bar and on the mats.

Admission to the exhibition will be free, but owing to the limited accommodations for visitors, no one will be admitted without a ticket. Tickets may be obtained after Monday evening from gymnasium members and at the Y. M. C. A. office.

### BOTTLED SUNSHINE

Scott's Emulsion brings sunshine to the entire system of the consumptive.

All life is sunshine. The sun pouring its rays into the plant combines earth, water and air into new plant tissue. Sunshine stored up in the plant is its life.

The animal changes plant tissue into animal tissue, changes the stored up sunshine of plant life into animal life.

Fat contains more stored up sunshine than any other form of animal tissue. This is why Scott's Emulsion of pure cod liver oil is literally bottled sunshine, full of rich nourishment and new life for the consumptive.

### THE NEW FRENCH REMEDY. THERAPION.

This successful and popular remedy, used in the Continental Hospitals by Ricord, Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed. THERAPION NO. 1 maintains its world-renowned and well-merited reputation for derangement of the kidneys, pains in the back, and kindred ailments, affording prompt relief where other well-tried remedies have been powerless. THERAPION NO. 2 for impurity of the blood, rheumatism, spots, blotches, pains and swelling of joints, gout, rheumatism, & all diseases for which it has been too much a fashion to employ mercury, sarsaparilla &c. to the destruction of sufferers' teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body. THERAPION NO. 3 for exhaustion, sleeplessness, and all distressing consequences of dissipation, worry, overwork, &c. It possesses surprising power in restoring strength and vigor to those suffering from the enervating influences of long residence in hot, unhealthy climates. THERAPION is sold by the principal Chemists and Mercantile throughout the world. Price in England, 2s. 6d. and 4s. 6d. In ordering state which of the three numbers is required, and observe that the word "THERAPION" appears on the British Government Stamp (in white letters on a red ground) affixed to every genuine package by order of His Majesty's House of Commons, and without which it is a forgery.

THE BRIGHT SIDE OF LIFE.

It is a feeling common to the majority of us that we do not get quite the amount of happiness we are entitled to. Among the countless things which tend to make us more or less miserable ill health takes first place. Hannah More said that sin was generally to be attributed to biliousness. No doubt a crippled liver with the resulting impure blood, is the cause of more mental gloom than any other single thing. A chronic dyspeptic, says an eminent English physician, is always on the verge of a mental upset. And who can reckon up the fearful aggregate of pain, loss and fear arising from the many ailments and diseases which are familiar to mankind. Like a vast cloud it hangs over a multitude no one can number. You can see these people everywhere. For them life can scarcely be said to have any "bright side" at all. Hence the eagerness with which they search for relief and cure. Remedies like WAMPOLE'S PREPARATION have not attained their high position in the confidence of the people by bald assertions and boasting advertisements. They are obliged to win it by doing actually what is claimed for them. That this remedy deserves its reputation is conceded. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry. Nothing has such a record of success in Anemia, Nervous Debility, Scrofula, Throat and Lung Troubles, and all emaciating complaints and disorders. It's use helps to show life's brighter side. Dr. W. H. B. Atkins, of Canada, says: "I am pleased to state that the results from using it have been uniformly satisfactory." Every dose effective. "It cannot disappoint." At chemists.

IS THERE FORGERY?

Breckons Looking Into Fire Claims.

Lost or Stolen Papers Presented for Payment.

Assignments to be Investigated by District Attorney—\$281,000 Paid Out.

A dozen or more fire claims have been referred to District Attorney Breckons by Treasury Agent McLennan for investigation. In all of these claims, two parties have made a demand upon the First National Bank, one man holding an assignment of the original, which in many cases the claimant says had been stolen or he had lost. What appears like a case of forgery of the assignment will also be looked into by Mr. Breckons. While none of these claims are for very large amounts, there appears to be an indication of crooked work somewhere. The matter was usually brought to the attention of Treasury Agent McLennan through the receipt by the First National Bank of a protest against the payment of certain claims. In some instances it was charged that the fire claims certificate had been lost, and in others that it had been stolen. The First National Bank refused to pay the claim at all, either to the party who held the alleged assignment or to the man who said he was the original claimant. Most of the claimants over whom this dispute has arisen are Chinese, though there are two natives in the bunch of twelve. If the story of the protestants is to be believed and the claims have been lost or stolen, then at least there must have been forgery of the assignment by the holder of the claim was presented in each instance. That this is not true in some instances is shown by the fact that one of the local banks is the holder of the claim which is disputed by a Chinese as having been "lost or stolen" though it may be possible that the banking institution was an innocent purchaser. In some instances also the claim may have been disposed of at a big discount, and the claimants now that they see the money in sight is trying to get his claim back. United States Attorney Breckons is making a rigid investigation of the disputed claims and is summoning the rival claimants with a view to ascertaining the real facts in connection with the cases. There still is a steady stream of callers at the First National Bank from the opening in the morning until the close in the evening, and the million dollar pile is fast diminishing under their onslaughts. Altogether at the hour of closing business yesterday the bank had paid out \$281,000 which is more than one-fourth of the total amount.

CRUSOE'S ISLAND.

The story of Robinson Crusoe has been read and reread, and we have all followed the adventures of De Foe's hero with deep interest. But what had "Man Friday" been doing before he and Crusoe met. We are told of his wanderings over the lonely isle, of his methods of living, of his dolce far niente life. The question has often been asked whether or no Friday left any record unknown to Crusoe that might enlighten the future ages. Recently an expedition composed of De Foe enthusiasts set out for the purpose of searching for the island, and strange as it may seem, their efforts were rewarded. Among other relics was found a weather beaten sign bearing the legend "The Douglas Patent Closet never leaks." On the lower corner was cut "Bath the plumber." There is no record in the story that Crusoe knew of Friday's find. Summed up: The widow—"I want a man to do odd jobs about the house, run on errands, one that never answers back, and is always ready to do my bidding." Applicant—"You're looking for a husband, ma'am."—New York Life.

TIME AND MONEY. — Sickness causes a loss of both time and money. You lose the time and have the expense of medical attendance, entailing a double loss. This can be avoided by using some reliable remedy at the first stage of the sickness. The purchase of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy often proves a profitable investment, for, by its use at the first appearance of any unusual looseness of the bowels, a severe attack of diarrhoea, or otherwise compel a week's cessation from labor. Every household should have a bottle at hand. It never fails and is pleasant to take. Get it today. It may save a life. Benson, Smith & Co., Ltd., wholesale agents, sell it.

Francis, Adjutant Ritual... Chaplain Decorating Graves... Fred Sherman, Officer of the Day Salute the Dead... Rev. S. S. Parker Benediction... Rev. S. S. Parker

DECORATION DAY.

With acclamation and with trumpet tone, With prayer and praise, and with triumphal state Of warlike columns, and the moving weight Of men, whose firmness, never overthrown, Proved itself steadfast, which did add to fate Speed, vision, certainty, and ever grown More terrible as more enduring shone A fire of retribution and swift hate, All visibly advancing—with these we keep Unsullied, in our breast and pure and white The spirit of gratitude that may not sleep— A nation's safeguard against shame and blight— Alone can keep a nation at its height. —Langdon Elwyn Mitchell.

MEMORIAL DAY.

With waving of stately banners, With music of bugles sweet, All day through our streets had echoed The tramp of marching feet, From many a mountain valley, From city and town and hill, Around the graves where their comrades sleep The soldiers gather still.

They think of the bitter partings When first they marched away; The ranks of Blue from the Northland, From the sunny South the Gray. Some with hearts that were eager And hot with the fire of youth, Some with a purpose steady, To fight for God and truth.

They think of the battle's tumult And the cannon's sullen roar, And the yellow glow of sunset light When the weary fight was o'er; When, gathered around the campfire

Their yearning thoughts would roam, As softly some comrade sang The words of "Home, Sweet Home." They remember the solemn roll calls, And the silent pauses that came When in the hush the sergeant called Some missing soldier's name.

They remember the days of terror, And nights that were long with dread, When left alone on the field they watched With the dying and the dead.

With ranks that are growing thinner Each year the soldiers meet; All day through our streets has echoed The tramp of their marching feet. Marching closer together, Oh! loyal ranks of Blue! In silence deep your comrades sleep, For the weary strife is through.

Marching closer together, Oh! patient ranks of Gray! In silence deep your comrades sleep, And strife has passed away. For both we mourn with loving tears; Brave hearts on either side, The memory of your noble deeds Still thrills our hearts with pride.

And year by year we gather, With wreaths and garlands gay, To deck the graves where dreaming lie The ranks of Blue and Gray. And the grass shall wave o'er the low green tents, And blossoms crown the sod, When the last brave soldier falls asleep.

In the long sweet Peace of God. —Amelia W. Wray, in Harper's Bazar.

MEMORIAL DAY.

By the sob of the Southern rivers, By the sigh of the Northern hills, To the tender tune of the soft tattoo, While the muffled drum-beat thrills The heart of a common Nation With a common sorrow today, Let roses fall, for one and all, On the graves of the Blue and Gray!

Clasp hands forever and ever— There are no sections now, They are one and one in the new faith won From the faith of a patriot vow, The wounds that were wide and bitter Are healed by the touch today Of the tender figures of love that press Rose-wreaths for the Blue and Gray! They are calling the veteran legions Who march from the fields of the past; They are calling the brave young heroes Who are one with the old ones at last; And the flag they are marching under Is my flag and your flag today— The stripes and the stars of Old Glory, The flag of the Blue and the Gray! Bend down with your blossoms, ye living! Sleep on in your silence, ye dead! The bugles are mute, the drums muffled, The columns swing slow in their tread; But the North and the South march together, They are under one banner today, And they pluck the white rose of remembrance Alike for the Blue and the Gray! For the graves that are green with the verdure Of the years that have healed with their song The sting and the stain and the anger, The passion, the pride and the wrong; For the graves with the fresh turf upon them, Those young graves that call us today, With the rose-wreaths of common affection Made one for the Blue and the Gray! —E. McK.

THREE HAWAIIAN SALVATIONISTS

Joe Koa—is a representative Hawaiian soldier. Formerly an easy-going, drinking native, he found salvation at The Army penitentiary, which made a genuine change in his heart and life. He is hard-working, and as a soldier and bandsman is very useful on account of his musical abilities, being able to play any stringed or brass instrument.

Kyoto—The Army has been particularly successful among the Japanese on the islands. The most of them have been plantation hands, but our brother, who is one of the most prominent Waialuku soldiers, is a watch-maker and jeweler in business for himself. He wears the full Army uniform, and is heart and soul in the work of winning his countrymen to God and The Army.

Ah Leong is at present our only Chinese officer. He was converted in the Waimea corps, and no sooner got salvation than he felt a desire to work for God. In order to make himself proficient he came to Honolulu and took a course in the Mills Institute. He is now working away on Kauai, making his influence itself among the many Chinese over on that island.—War Cry.

## A Vision of Sudden Death—Carnegie Not in the Smart Set—Light From Human Bodies, A Silk Hat Tragedy.

PINE BLUFF, Ark., May 21.—Ellen Jefferson, colored, aged 22 years, says she recently had a vision in which it was made clear to her that Pine Bluff would be destroyed by a tornado on May 29th.

At various churches she has told her story to thousands during the past week and the negroes and ignorant whites of the city are wrought up to frenzy.

Many negroes have sacrificed their homes for small amounts and most of them have departed. The railroads are taking advantage of their credulity and are preparing to run excursions to neighboring towns.

Every night the Jefferson woman is addressing excited crowds. Many negroes are insuring their property against the impending tornado and almost to a unit negro laborers have given their employers notice that they will leave their jobs next week.

Pine Bluff is a city of 17,000 people, a large proportion of whom are negroes.

### VIOLIN OF A CZAR.

BERLIN, May 16.—A Stradivarius, which had been played by several Czars, beginning with Alexander I, and which disappeared from the Museum of the Imperial Orchestra at St. Petersburg in May, 1902, has been recovered by Dwight J. Partello, the United States Treasury Agent here. Mr. Partello, who himself is the possessor of twenty famous violins, heard a word dropped by a person interested in violins which enabled him to trace the stolen instrument to a collector living in a town of Southern France, who bought it for \$2,500 from a Paris dealer.

The violin just recovered is especially precious to the present Czar, because one of his childhood recollections is seeing his father, Alexander III., often play on it. Czar Nicholas, therefore, was much annoyed when, walking through the museum one day, he saw in the violin case where the Stradivarius commonly rested an ordinary instrument with the name of a St. Petersburg shop pasted inside. The vendor recognized and pointed out a member of the imperial household as a buyer of this cheap instrument. The accused denied the statement absolutely, and as he was of rank sufficiently to have his word accepted, this line of inquiry was dropped.

### NOT IN THE SMART SET.

NEW YORK, May 17.—A cable to the World from London says: Andrew Carnegie left for Skibo Friday. He filled from three to four public engagements every day of his thirteen days' stay in London, and frail as he looks, seemingly was none the worse for his exertion.

"Do you think we belong to the smart set?" he exclaimed. "Do you think I would belong to it? No man of real influence in America takes those people seriously. All that the 'smart set' achieve is to make themselves ridiculous by playing at caste and by aping European aristocracy. We merely laugh at them. They count for absolutely nothing in the life of our Nation.

"In America, more than anywhere else, it is three generations from shirtsleeves to shirtsleeves. There is no single hereditary fortune which is not being split up. Aristocracy cannot exist without primogeniture and entail, and our laws know neither."

### AIDED BY THE SPIRITS.

NEW YORK, May 21.—Society is discussing the remarkable story concerning Mrs. Colgate Hoyt's \$25,000 pearl necklace, lost recently and recovered some days later. Through this story society has learned why Mrs. Hoyt, who advertised to pay \$5,000 reward to the finder of the necklace, gave only \$100 to Miss Harriet Schrade, the shop girl, who found the necklace and returned it.

The story in brief is that Mrs. Hoyt learned of the whereabouts of the lost jewels through a clairvoyant. Miss Elsie de Wolfe, the actress, a close personal friend of Mrs. Hoyt, is said to have been the person who suggested to Mrs. Hoyt that she go to a clairvoyant. Mrs. Hoyt did so, and the clairvoyant, it is said, told her a girl had found the necklace and had taken it to a jeweler's store. He gave the location of the store, and Mrs. Hoyt had her husband go there. The result was that Banker Hoyt learned that Harriet Schrade had been there with the necklace. Negotiations with the girl followed. She gave up the necklace and was paid \$100. Miss Schrade is suing for the rest of the \$5,000 reward which was offered. It is said this clairvoyance incident will be offered by the defense as a reason for not paying the girl the reward.

### LIGHT FROM HUMAN BODIES.

NEW YORK, May 18.—Rays of light emanating from the human body and visible to the eyes of some lower animals form the interesting scientific discovery announced as having been made by accident by Professor A. W. Goodspeed of the Randal Morgan Laboratory of Physics of the University of Pennsylvania. Divested of its technical terms, the discovery of Professor Goodspeed means that the rays of light shed from a living human body may have sufficient intensity although invisible to the human eye, to produce a picture on a plate properly sensitized and in a room pitch dark.

The discovery was made while X-ray photographs were being taken. While an iron tripod stand with a ring-shaped top as a support for a photograph plate, was being used, it was observed that the plate, when exposed to the rays was affected by the iron ring below. Puzzled at this seeming departure from the rules, the operator attempted to discover the cause. In so doing, one of his assistants placed his hand below the plate. The result was an imperfect radiogram of the bones of the human hand, like those obtained from the Roentgen rays when experimentation in that line was in its first stages.

It was so entirely new that Professor Goodspeed was perplexed. He tried again and again. Every time a human hand was placed within the proper focus the same amazing phenomena followed. The experiments were continued for three months and the conclusion of Professor Goodspeed was not announced until he had satisfied himself beyond all question of the correctness of his results.

### DECORATED BY SULTAN.

WASHINGTON, May 18.—Mrs. Ogden Golet of New York, who is cruising in the East in her steam yacht Nahma, has been decorated by the Sultan of Turkey with the cordon of the Chevak. This unusual honor from a monarch in whose dominions women, particularly those not of royal blood, are regarded as beings to be kept in the background, was conferred as the result of an occurrence in which Mrs. Golet and her yacht figured.

Mrs. Golet on her yacht was refused permission to pass the

Dardanelles, because she had two little cannon on the vessel. The Turkish officials made a forty-eight-hour investigation to determine whether the yacht was a hostile war ship. Mrs. Golet complained to Minister Leishman. Before Leishman could take official action the Sultan heard of the matter, gave orders that the yacht should pass the Dardanelles and rebuked the officials. As further evidence of a desire to square himself the Sultan sent the Grand Vizier in person to apologize and decorate the American woman. The Grand Vizier is the Sultan's highest functionary and is as hard to meet as the Sultan himself. Minister Leishman once threatened to quit Turkey because the Grand Vizier wouldn't see him.

### SMALL BUT GREAT.

NEW YORK, May 22.—Miller Reese Hutchinson, the inventor of the electrical device whereby deaf are enabled to hear, has come to the front with a new invention, a dry storage battery, 3 inches high, two and a half inches wide, that will prove of great value.

The advantage of Hutchinson's battery is its small size in proportion to the work it will do. From one of the new batteries a current of thirty-five amperes and six volts can be secured on a short circuit. By special device also, the battery can be recharged from an ordinary electric lighting circuit or from the regulation blue stone cells. It is of especial use to physicians, Hutchinson claims, for cases where electricity is employed, particularly for cauterization work. Another claim for it is its adaptability for work where blasts are ignited by electric spark.

The batteries now used for such purposes are nearly ten times as large and very heavy. The Hutchinson battery weighs but six ounces and can be carried in the pocket like a cigarette case to be used at any time by a blast foreman. With one charge it will run a miner's lamp twelve hours. In the latter instance it obviates the danger of explosions and gives better light.

### INFECTED BLANKETS.

LONDON, May 21.—An outbreak of enteric fever on board the reformatory ship Cornwall, which is lying off Purfleet, at the mouth of the Thames, has been traced to fever-infected army blankets from South Africa. Thousands of similar blankets have been sold and sent all over the country without even being washed or disinfected. The army regulation provide that such articles should be destroyed and it is not known how the blankets came to be sent to England. The Daily Mail this morning declares that it is a scandal demanding the strictest investigation.

### A SILK HAT TRAGEDY.

HOUSTON, Tex., May 16.—A high silk hat, probably the first worn in the small town of Fagan, west of Houston, was responsible for the death of Philip Buntz of New York. The victim was traveling for a Bible publishing house in the East. His attire was that of a clergyman. When he appeared in Fagan he was the center of attraction. That night he was set upon by a crowd of drunken cowboys and mortally wounded.

The trouble took place in one of the saloons of the town. Buntz walked up to the bar where the cowboys were drinking and ordered lemonade. The bartender repeated the order in a tone of voice sufficient for all in the crowded barroom to hear. One of the cowboys insulted the wearer of the silk hat. The remark was resented and some one threw a lariat over the shining mark. Buntz showed fight and was set upon. In the melee he was struck over the head with a six-shooter, suffering a fracture of the skull. He never recovered consciousness.

### HIS SIGHT RESTORED.

NEW YORK, May 16.—A cable to the Sun from London says: A man of thirty who has been blind from birth, had his sight restored recently by an operation for cataract at the Glasgow Ophthalmic Institution. Dr. Ramsay describes it in this week's issue of the Lancet. The first thing the patient perceived was the face of the House surgeon. He did not know at the start what he saw, but the surgeon asked him to look down, as the sense of hearing guided the eye straight to the source of sound, and then he realized that this must be the doctor's mouth. The first time he saw yellow it made him feel sick. Red gave him pleasure.

### ANGLO-SAXON CAPITAL.

NEW YORK, May 17.—A cable to the World from London says: The Daily News publishes an interview with Andrew Carnegie, in which he elaborates his idea that Washington is the proper capital for the English-speaking world.

"See," he said, "it is nearer to Canada and Australia. It is quicker now in a German liner to go to Washington from London than from San Francisco. It is the real center of the English-speaking race, not London."

Carnegie proceeded to quote figures on the increase of American population as against England, adding: "How can you compete with it? Your rate of increase must soon begin to diminish, for you are full up, and you are exhausting your coal and iron very rapidly. Nor are your colonies increasing. As for Canada, her only chance of future is to throw her lot with Americans."

### BOOKER WASHINGTON INSULTED.

NEW YORK, May 23.—After denouncing the servant of a hotel who refused to make up a bed for Booker T. Washington, Rev. Dr. Newell Dwight Hillis has declared that should the negro educator ever accept entertainment at his, Dr. Hillis' house, he would count it an honor to make his bed for him. The incident of the woman servant was first referred to by Dr. Hillis in a recent address at a meeting of the state congregational association, and in a later interview Dr. Hillis repeated his assertion.

"Yes," he exclaimed, "I said exactly that, and I meant it. I have asked Mr. Washington to speak in my church soon, and if he does not wish to go to a hotel, or cannot find one, and will accept entertainment from me and any one in my house shrinks from making up a bed for the educator, I will gladly make it up myself and consider it an honor to do so.

"I do not know what manner of men and women," continued Dr. Hillis, "those were that at a public dinner sent first \$1,000 and then \$2,500 to that chambermaid as a reward for insulting a great educator and a noble citizen whom God has given a black skin, but I affirm that they represented the worst element in American life and that in applauding an insult to Mr. Washington they betrayed their fathers and played false to their own institutions."

## SHALL WE DISPUTE

The Opinions of Scores of  
Our Fellow Citizens.

Residents of Honolulu, like other American citizens, in making an investment want to be sure of getting the worth of their money. They want to know all the whys and wherefores, and in a direct ratio to the value of the investment they burrow and ferret until satisfied with the collateral. Take an instance in the realm of proprietary articles. If we know of a friend who has been cured we have some faith in the preparation; if we know of two or three our faith increases. If the cures reach scores all well known citizens, anyone who still maintains that there is nothing beyond ordinary merit in the said preparation, can safely be left to the care of his fellow tax-payers. If he wishes to pick a quarrel with them on the question of their judgment and veracity, he has ample opportunity in

Honolulu to do so. Begin with this case.

Mr. H. H. Smythe, of Inter-Island S. S. Co., this city, writes to tell us that he was afflicted with a lame back for a number of years. "Ascribing the cause of this to the kidneys and hearing about Doan's Backache Kidney Pills, I got some of them at the Hollister Drug Co.'s store. They relieved me so much that I am perfectly satisfied with the result of having taken them, and can recommend the pills to others, suffering from backache."

Doan's Backache Kidney Pills are becoming popular in Honolulu because they are always on hand at the Hollister Drug Co.'s store.

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes for \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

The lesser evil: "Charley, dear," said young Mrs. Torkins, "I hope you will never conceal it from me when you bet on a horse race." "Won't you be angry if I lose?" "Not as angry as I would be if you were to win and not let me know about it."—Washington Evening Star.

**Cinderella and Kidnapped at the Orpheum Today.**

The Ellefords present two bills today, one at the matinee, calculated to attract the young folk, "Cinderella and Happy Hooligan," a combination that promises much amusement, and "Kidnapped," for the play at night.

Corrigan plays the part of the well meaning but unfortunate tramp and is sure to contribute much merriment for the youngsters. "Kidnapped" will undoubtedly bring a large house at night. The piece is a powerful melodrama with decidedly thrilling situations, relieved by plenty of comedy.

The Elleford season will terminate after six successful weeks on Tuesday evening when a strong double bill of "True Irish Hearts" and "Senator McFee" will be presented. "The Bachelor's Honeymoon" goes on Monday night.

**Passengers for Alameda.**

The following persons are booked for passage on the Alameda sailing Wednesday, June 3, at 9 a. m.: J. D. Schuyler and wife, A. W. Dow and wife, F. Armstrong, H. B. Wrenn, Jas. **Fifty Dollars a Tree.**

Allan Herbert has three lyches trees which have just begun to bear. They are large and beautiful growths and the Chinese have been watching them with interest for some years. Now that they are hung full of nuts, a Chinaman has bought the crop of Mr. Herbert for \$50 per tree. As sixty such trees can be grown to the acre, Mr. Herbert thinks he has found a new opening for the small farmer.

**LOCAL BREVITIES.**

Work in the second rank tonight at William McKinley Lodge, K. of P.

Yesterday was pay day for government employes, as today is a legal holiday.

Supt. Cooper says that his resignation will not necessarily effect the county litigation.

The Lihue Plantation has filed amended articles of incorporation. Only minor changes are made.

A beer license was issued yesterday to Gibson Kalva for a saloon on King street, near the second bridge.

Mr. W. H. Baldwin will sing the offertory solo at the evening service tomorrow at Central Union church.

Wm. Rawlins will go to Maui next Tuesday as special Deputy Attorney-General to prosecute criminal cases at the June term.

While Charles Girdler was serving on the Pat Murphy jury a thief entered his warehouse and stole dress goods of the value of \$300.

The Oahu Railway train which leaves at 2:15 this afternoon will give Decoration Day visitors an hour to spend at the Pearl City cemetery.

The police, under the direct supervision of High Sheriff Brown, are looking out for incompetent hack drivers and a weeding out system will soon begin.

Any one desiring to give flowers for decorating the graves of Grand Army men and soldiers today, can leave same at the store of Mr. Dietz, on Fort street near Hotel, early this morning.

The Ministerial Union will meet in the parlor of Central Union church Monday morning at 10. Rev. J. H. Behrens will read a paper on "The Significance of the Tabernacle and its Services."

A resolution is reported to have been introduced in the Japanese Parliament protesting against the new hackman clause in the county law, which bars out all persons who cannot speak the English language.

B. Griggs Holt, illustrious Potentate of Aloha Temple, Mystic Shriners, has called a meeting of that body for 10 a. m. today to elect a representative to the Imperial Council which will meet at Saratoga in June.

Sunday will be White Sunday. There will be morning prayer and a celebration of the holy communion at eleven o'clock at Clement's church, Wilder avenue, and evensong at half past seven. There will be special music.

Tomorrow is Children's Day at Central Union church, and persons having feather bamboo are asked to send it to the church today as soon as possible. Flowers and greens can also be sent to the church today. The decorations are to be in green and yellow.

George Lucas, clerk of the Judiciary Department, yesterday began the payment of jurors who served during the February and May terms. The jurors who served before the end of the year cannot be paid, as their fees are provided for in the unpaid bills which have not passed the House as yet.

Commissioner E. S. Boyd is to visit Lanai soon to investigate an application made by Chas. Gay and L. E. Pinkham for a three thousand acre tract which is wanted for growing sisal. Gay wants a lease for a longer period than five years, which cannot be given as the lot is classified as agricultural land.

**Mrs. French at Y. M. C. A.**

The Sunday afternoon meeting of the Y. M. C. A., will be addressed by Mrs. Colonel French of the Salvation Army, who has just arrived in Honolulu for a visit. This will be a good opportunity for men and women to hear the wife of the Divisional officer of the Pacific Coast. Mrs. French will be in Honolulu two Sundays only.

Herring-Hall-Marvin Safe Co., New York.

Gentlemen: We thank you very kindly for your prompt attention in sending one of your men to open our safe this morning. We also wish to congratulate you upon the quality of your burglar-proof safe, as the burglars who entered our place must have worked all night and could not open the doors, and left without accomplishing their purpose. When the detectives arrived this morning to inspect the work they claimed it was done by professional cracksmen and told us that if it had been a safe of any other make the burglars would have got in by the way they worked on our safe. We thought we would write you this good news as we consider ourselves fortunate. We remain, Yours respectfully,
