REPUBLICANS CARRY ALL THE IMPORTANT STATES

Have the U. S. Senate by Eleven Majority and the House by Twenty-Six.

California Gives Pardee a Small Plurality and New York Lets in Odell by Over Eleven Thousand.

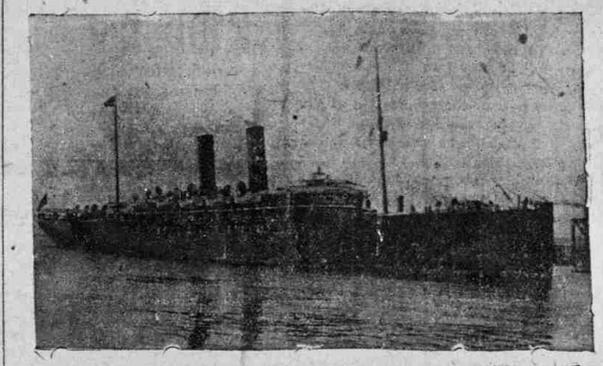

Table with 3 columns: State, Dem., Rep. Lists election results for various states including Alabama, Arkansas, California, etc.

WASHINGTON, Nov. 5.—The latest returns received up to 10:30 p. m. show that the Republicans (including in this description the fusionists elected from the Pittsburg-Allegheny districts in Pennsylvania) will control the next House by a vote of 204 Republicans to 179 Democrats, with one district, the Eighth Tennessee, and two California districts remaining so much in doubt that the official returns will be needed to decide the result. The totals given are believed to be correct, although there are a few districts, such as two in Colorado and one in Minnesota, where the Republican and Democratic managers do not concede defeat, but the general results could not be affected. The table by states is as follows:

WASHINGTON, Nov. 7.—Congressman Overstreet, secretary of the Republican Congressional Committee, announced today that 206 Republican members had been elected beyond all doubt; that the Democrats had elected 170, and that there were ten districts where, on account of incomplete returns, the result was doubtful. In the House the Republican majority will be 28. LATER—The Senate will be Republican by eleven majority. CALIFORNIA. SAN FRANCISCO, Nov. 7.—The election of Dr. Pardee as Governor of California was officially announced yesterday by Chairman Spear of the Republican Campaign Committee. Five Republican Congressmen are surely elected. The committee in charge of the Republican State campaign practically completed its labors last night and closed up the headquarters. Dr. Pardee having been elected Governor of California by a majority of not less than 1701. All three of the Republican judicial candidates on the State ticket are elected. The returns indicate that Farnsworth's vote is larger than that of his associate on the Democratic ticket, Trask; though it was expected by the Democrats that Trask would lead. As there is no doubt of the re-election of Chief Justice Beatty, the figures showing his vote have not been sent in from other counties. Judge Angelotti is far in advance of Judge Shaw. The Republicans will have absolute control of the Legislature. The returns so far received point to the election of twelve Republican Senators and six-

ty Republican Assemblymen. One Independent Republican also appears to be elected to the Senate. The Democrats seem to have elected six Senators and thirteen Assemblymen. One Democratic-Union Labor Senator, one Union Labor Assemblyman and six Democratic-Union Labor nominees for the Assembly have been elected in San Francisco. If changes are made by further returns it is thought that they will serve to increase the number of Republican members of the two Houses. Of the twenty hold-over Senators nineteen are Republicans and one is a Democrat. The Republicans will, therefore, have thirty-one of the forty seats in the Senate and possibly more. COLORADO. DENVER, Nov. 5.—Peabody (R.) has been elected Governor by a plurality of from 2000 to 4000. The Democratic State ticket is defeated with the possible exception of Mrs. Grenfell for Supt. of Public Instruction. The Republicans get two Congressmen and if they get the Legislature through a successful contest, will elect Teller. IOWA. DES MOINES, Nov. 5.—Full returns place the Republican plurality on the Republican ticket in Iowa at a little over 70,000. The plurality of P. D. Birdsall, who will succeed Speaker Henderson from the Third district, is 5235, and that of M. J. Wade in the Second district, the only Democratic Congressman elected, is 1140. INDIANA. INDIANAPOLIS (Ind.), November 5.—Estimated pluralities by counties, received at State headquarters today indicate the election of the Republican ticket by 26,000. The Republicans get nine congressmen and the legislature. MARYLAND. BALTIMORE, Nov. 5.—The Democrats get two congressmen and the Republicans four. MISSOURI. ST. LOUIS, Nov. 5.—The Democratic plurality in the state will be 40,000. The Republicans get one congressman out of sixteen. NEBRASKA. LINCOLN, Neb., Nov. 5.—Mickey (D), carried the state by 5,000 plurality. The Republicans gain three congressmen and their numbers in the legislature are the greatest for twenty years. The combined vote of the fusionists will not exceed 29 in a total membership of 133. NEW YORK. NEW YORK, Nov. 5.—The plurality of Odell, Republican candidate for Governor, is 12,887. Greater New York gave Coler, the Democratic nominee, a plurality of 122,074, but the interior rolled up a Republican plurality of 135,972. Coler may contest. The state legislature will be Republican by a reduced majority. The Democrats may have elected the attorney-general and judge of the court of appeals. NEW YORK, Nov. 6.—Corrected returns make Odell's plurality 11,262. PENNSYLVANIA. PHILADELPHIA, Nov. 5.—Practically complete returns from the state indicate a plurality for Samuel W. Pennypacker, Republican, for Governor, of about 135,000. Of the thirty-two congressmen elected, twenty-eight are Republicans and four fusionists. The legislature will have 157 Republicans and 47 Democrats in the House and 39 Democrats and 11 Republicans in the Senate. SOUTH DAKOTA. SIOUX FALLS, (S. D.), November 5.—Reports from thirty-seven out of fifty-three counties in the state give the Republican congressional ticket a plurality of 19,666. The remaining counties will increase this plurality by 2,000. The Republicans have elected all but six or eight members of the State Legislature. TENNESSEE. NASHVILLE, Tenn., Nov. 5.—Fraser (D), candidate for Governor, carries the state by 50,000. Both houses of the legislature are largely Democratic. UTAH. SALT LAKE, Nov. 6.—Complete returns show increased Republican pluralities. WISCONSIN. MILWAUKEE, Nov. 5.—La Follette (R), is reelected by about 50,000 plu-

KOREA BROKE THE RECORD HERE BY OVER THREE HOURS

"QUEEN OF THE PACIFIC"

"Queen of Pacific" in Bad Weather But Makes Fast Time.

After a record-breaking run from San Francisco in which she had to contend with rough weather for three days, the giant ocean liner Korea arrived off the harbor about eight o'clock last evening. She had over a thousand people and an immense cargo of over seven thousand tons of freight on board. Captain Seabury, shortly after arrival, said: "Well, we made this run in five days, six hours and fifty minutes. I believe that's the record. If any other vessel has ever come down here from San Francisco in less time than that I have not heard of it. We had nasty weather also over half of the time on the trip. "I believe that the China made the fastest run from San Francisco to this port previous to this run and I know that vessel never made the trip in anything like the Korea's time." After the passengers had all left the vessel Captain Seabury sat in his cosy office yarning with several gentlemen and seemed highly elated over the two records of the Korea—one between the Orient and San Francisco and the other from San Francisco to Honolulu. He gave his auditors to understand that although it nearly broke his heart to leave the greyhound China the performances of the Korea had nearly healed it and that he had come to love the new monster quite as well as he did the old. Then with his gold braided cap pulled well over his eyes and knees crossed he made one of his characteristic statements: "Well, I'm half sorry that I didn't stop the vessel five minutes earlier, off the port, so that the record could have been five minutes better." The records of fast trips to Honolulu from San Francisco show that in 1883 the Mariposa made the voyage in five days and twenty hours. In December, 1885, the Alameda made the run in six days and thirty minutes. In 1893 the old Australia took another slap at the record reducing it to five days, nineteen hours and fifty-three minutes. Then no one took any notice of the record for six years but in 1899 the Jap liner America Maru made the passage in five days, nine hours and fifty-nine minutes but a month later Captain Seabury knocked this record down by beating it by four minutes! This remained as the record until the arrival of the Korea yesterday, setting the new mark in three hours and five minutes quicker time. But with this record to his credit Captain Seabury is a little disappointed. He wished to make the trip in less than five days and could have done so had he not encountered heavy seas for one-half of the voyage. Officers of

The Korea's Skipper, Captain Seabury.

the vessel point with pride to the fact that the Korea made the trip in eighteen and a half hours quicker time than the Oceanic liner Sonoma which arrived here yesterday morning from San Francisco. The big liner did not get into the harbor until nearly eleven o'clock and was then safely berthed at Navy Wharf No. 2, her berthing there opposite the cruiser New York making the latter look like one of the skiffs of the "Queen of the Pacific." The vessel will have to remain here until Friday morning as she has to take in 1300 tons of coal to burn on her journey on to the Orient. The vessel carries a large number of through passengers, has over 900 Japs and Chinese on board, and brought the following cabin passengers for Honolulu: Mr. W. N. Armstrong, Mrs. G. J. Augur and son, Mrs. J. H. Afong, Miss Afong, Miss J. Afong, Mr. A. H. Afong.

EDITOR C. O. ZIEGENFUSS DIES BY HIS OWN HAND

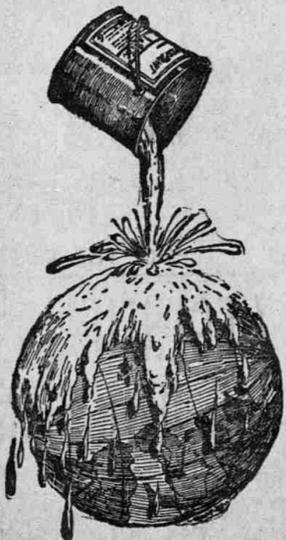

Former Honolulan, Late of Manila, Turns on Gas in San Francisco Lodgings.

Ill-Health and Despondency Over the Death of Father McKinnon the Assigned Cause.

SAN FRANCISCO, November 7.—Charles O. Ziegenfuss, one of the most widely known newspaper men on the Pacific Coast, was found dead in a room at the Burlington lodginghouse, 665 1/2 Market street, yesterday afternoon under circumstances which point to the fact that he had committed suicide. Although his effects were at the Occidental Hotel, where he had been living continuously since September 27 last, he took a room on the fourth floor of the Burlington at 11 o'clock on Wednesday night, leaving a call for 9 o'clock the next morning. At that hour he responded when called, but when Pon Loy, the Chinese house boy, went to the room at 2:30 o'clock in the afternoon to make up the bed he found the door locked from the inside. Being unable to arouse the occupant, he notified D. S. Burkett, the manager of the place, who promptly effected an entrance through a rear window. He discovered the room full of gas, which was still pouring from an open jet over the bed. Upon ascertaining that Ziegenfuss, who lay in bed in his underclothing, was dead, Burkett summoned policeman W. M. Ross, who in turn notified the coroner. The body was thereupon removed to the morgue. An investigation of the room showed conclusively that Ziegenfuss must have turned on the gas deliberately after having been called in the morning, as both jets of the gas fixture were in good order, and, in fact, difficult to manipulate. Nothing of value, except the sum of 35 cents, was found upon his clothing, and the only papers he carried were in the form of credentials from his partner and associate, R. Crozier of the Manila American, and other Americans resident in the Philippines. From these it would appear that he came here partly for his health and partly on business connected with his ventures in the colonies. "Zig," as he was familiarly known to thousands of people, has been connected with newspapers in almost every state in the Union. While he was very reticent as to his antecedents, it is believed that his father was a wealthy iron founder at Bethlehem, Pa., where his aged mother still resides. When a mere boy, being big and powerful for his age, he enlisted in the army during the Civil War, and at its close he drifted into newspaper work. After a somewhat checkered career during which he held responsible positions on the Boston Traveler and other well known journals, he came West. Among the positions which he held in this city was that of assistant city editor on the Chronicle. Prior to that time he had founded a paper at Phoenix, A. T., and worked in various capacities on almost every paper along the Coast from San Diego north. During the first Bryan campaign he was editor of the Stockton Mail. Thence he went to Fresno, where he became managing editor of the Democrat. He had already worked there both as city editor of the Republican and editor of the Expositor. Later he secured control of the Calaveras Citizen. After the war with Spain he drifted to Honolulu, where he became associated with E. S. Gill, with whom he had worked many years before in Arizona, on the Republican, the organ of Judge Humphreys. Thence he went to Manila on a transport, and at once secured control of the American. During his residence in the Philippines he contracted dysentery, which became chronic. Upon the advice of his physicians he came back to the United States in August last, but the disease had obtained such headway that he was practically doomed. In despair he sought various changes of climate, but without effect, and on September 27 last he returned to this city. Ziegenfuss was about 50 years of age, and is said to have been twice married. His second wife, a Miss Crowley, died here some six years ago, leaving one child, a boy, now 13 years old. Ziegenfuss has been despondent for some time past, but the funeral of the late Father McKinnon, with whom he was on very intimate terms, is be-

lieved to have been the climax of his troubles. Unless his relatives claim his body it will be buried by the Press Club, of which Ziegenfuss was at one time a prominent member. He was a member of the national college fraternity of Phi Gamma Delta. [Mr. Ziegenfuss went through Honolulu a few weeks ago, on his return from the Philippines, and was then regarded as a doomed man. He said he was en-route to New York to buy type and presses for his paper, the Manila American. Soon after the Honolulu Republican was started he became its city editor and lived in Honolulu several months. Mr. Gill, who was called up last evening, stated that Mr. Ziegenfuss, while living in Colorado, was a member of a commandery of Knights Templar. He is also believed to have been a G. A. R. man. His hearty and jovial characteristics, his journalistic industry and his loyalty to friends, made him popular wherever he lived.] Col. Fitch for New York. Col. Thomas Fitch will leave for the Coast in the China. He will be gone some two months. The principal mission of the attorney is to present to the Board of General Appraisers at New York the case of the importers of bags, who have appealed for a ruling upon the rating of their goods. Should the change urged be made it will mean a saving of something like \$100,000 to local importers. Col. Fitch will go on to Washington, where he will look over matters Hawaiian. Having the privilege of the floor, as one of the ex-members, he will be in a position to assist in presenting public measures, to the members of the House. Viscount Inouye Goes Home. Viscount K. Inouye, Japanese Minister to Germany, is on the Korea on the way home for a visit. He is accompanied by Mrs. Inouye. The viscount is the adopted son of the famous Count Inouye, and his wife is the daughter of the great statesman. She was educated in England and during the visit of Kalakaua to Japan acted as interpreter during his interview with the queen. Killed by Volcanic Gas. NEW YORK, Nov. 7.—A private dispatch received here announces the death, says a Herald dispatch from the City of Mexico, of General Manuel Lizando Barillas, former President of Guatemala and a Colonel in the Guatemalan army, as the result of asphyxiation by volcanic gas in the vicinity of Santa Maria volcano, where General Barillas owned a large coffee plantation. Scored for the Treaty. NEW YORK, November 7.—At a meeting of the legislature here, says a dispatch to the Herald from St. Thomas, D. W. L., a crown member moved an address to the minister and diet congratulating the King and Ministry on the rejection of the sale treaty by the Landsting. The proposition was defeated. The Cable Completed. VANCOUVER (B. C.), Oct. 31.—The completion of the cable line between Vancouver and Brisbane was accomplished at 7 o'clock last night, although the first message did not get through until this morning, when the announcement was made that one dream of the imperialists was a reality. Big Cartridge Order. NEW YORK, November 7.—As an evidence that Castro of Venezuela does not consider that peace has been established he has ordered two million cartridges from Hamburg for immediate delivery, according to a Herald dispatch from Port of Spain, Trinidad. Volcano Very Active. A wireless telegram received yesterday by President Wright, of the Wilder Steamship Company, simply stated: "Volcano very active." No other messages concerning the volcano were received in Honolulu up to a late hour.

**GRAND JURY HEARD MANY STORIES**

Bankers, Government Employees and Others Witnesses in the Boyd Case.

The grand jury yesterday practically completed its investigation of the James H. Boyd case which involved also a searching inquiry into the entire Department of Public Works. Today will be given over to further hearing of the B. H. Wright case and the investigation will probably be extended into the other departments of government.

The inquiry promises to extend to parties not now under arrest if some of the subpoenaes served mean anything. Some of the witnesses are called to testify in the case of the Territory of Hawaii vs. John Doe, substituted where the real defendant is not known. This may involve also the examination into the responsibility for the escape of Treasurer Wright, and indictments of accessories after the fact are not improbable.

The scope of the inquiry is shown to extend to a wider range than already indicated in the witnesses which appeared before the grand jury yesterday. B. H. Wright himself under charge of embezzlement was a witness in the Boyd case, and it is reported that he throws the blame for the crime attributed to him to the head of the department. From his appearance before the grand jury it looks as if Wright would testify in behalf of the government when the cases come to trial.

Another witness yesterday in the Boyd case was Manager Gartley of the Hawaiian Electric Co., who is alleged to have paid the \$3,000 check to B. H. Wright, which the latter was charged with embezzling. The appearance of Gartley in the Boyd case is also said to be an indication of an attempt to compel Boyd to shoulder the responsibility for all the irregularities of his department, including those with which Wright is charged. It is rumored also that Wright expects to get his liberty very soon, but whether by furnishing bail or exoneration by the grand jury, does not appear.

Other witnesses appearing before the grand jury yesterday in the Boyd case were: Secretary H. E. Cooper, Registrar Henry Hapai, Manuel Cook, a clerk in the Department of Public Works; A. V. Gear, C. B. Wilson, W. G. Cooper of the First National Bank, Chas. Atherton of the Bank of Hawaii, Attorney General E. P. Dole, High Sheriff Brown, E. C. Winston, Auditor Henry C. Meyers, E. S. Gill and others. "The grand jury is hearing some rich and racy evidence," said one witness as he left the grand jury room. This appears to be the general sentiment about the Judiciary building, and the report of the grand jury is expected to be a surprise even to those who claim to know it all.

**A CATHOLIC BROTHER DROWNED**

**Goes for a Sea Bath at the Settlement and Never Returns.**

Brother Rochus of the Baldwin Home, Leper Settlement, was drowned on Monday afternoon while taking a sea bath. Two hours after the occurrence the body was found in a hole between the rocks at a depth of twelve feet. The funeral will take place Tuesday afternoon. Brother Rochus was a German by birth and was about twenty-four years old. He has been connected with the Catholic mission two years and was sent to Molokai three months ago. At the time he was drowned he was alone. Not being able to swim, the breakers probably carried him beyond where he could help himself.

The following memorandum comes from Father Valentine: "The brother who was drowned at Molokai was not missed until dinner time when the Fathers went to the refectory and found no dinner ready. Then they went to the kitchen and there was no one there. One of the brothers said he had seen Bro. Rochus going for a swim, so they went down to the beach and immediately saw the body between the rocks. Although the body was in twelve feet of water it could be seen distinctly owing to the clearness of the water. Native boys were called from the Baldwin Home and they rescued the body, although life was totally extinct, the brother having been in the water for almost three hours."

### Tramways Trial Is Nearing the End.

### WILCOX GIVEN LICENSE BY GEAR

### Judge De Bolt Gives Brute the Limit of the Law—Other Criminal Matters.

The trial of Hutchinson vs. Pain was resumed yesterday before Judge Robinson, and will go on again today. The plaintiff rested at noon and the defense began with the tram driver on the stand, who gave his version of the collision. He testified that the tram was proceeding only at the ordinary rate of speed, and that the accident was the fault of the driver of the water wagon. His testimony was corroborated by another native driver.

#### CRIMINAL COURT.

John Gomes was found guilty of malicious assault upon a Portuguese girl, barely five years of age. Judge De Bolt sentenced him to five years imprisonment and to pay a fine of \$1,000, remarking as he did so, that the law fixed that sentence as the limit.

Pedro Molino, found guilty of receiving goods stolen from the S. F. Chillingworth home, was fined \$25 and costs, and sent to prison for three months.

A nolle prosequi was entered in the case of A. Sao charged with assault and battery.

Judge De Bolt affirmed the sentence of the district court in the case of Kadoka who had been sentenced to prison for four months. In the afternoon Juan Velez, a Porto Rican, was put on trial for the crime of burglary in the first degree. He is alleged to have robbed a Japanese store at Ewa of cigars, sardines and groceries. Judge De Bolt denied a motion by the defendant to instruct the jury to return a verdict of acquittal. Velez was put on the stand in his own defense and testified that he had found the stolen goods floating in a basket at sea. The trial was not concluded at the hour of adjournment.

The following cases are set for trial before Judge De Bolt today:

No. 27, Territory of Hawaii vs. Juan Velez; No. 21, Territory of Hawaii vs. Antone Perry; No. 37, Territory of Hawaii vs. Sol Toyo and Annie de la Cruz; No. 42, Territory of Hawaii vs. C. Chamberlain and Mrs. Wm. Kekipi; No. 44, Territory of Hawaii vs. Yee Chew.

#### WILCOX AS A LAWYER.

Delegate Wilcox intends to put his influence over the natives to good use, in turning an honest penny for himself. Yesterday Judge Gear granted him a license to practice law in the Territory of Hawaii, the application being made by ex-Judge Humphreys, the petition being in his handwriting. The application was as follows: "The petitioner, R. W. Wilcox, represents to your honor that petitioner is a resident of Honolulu, Island of Oahu, Territory of Hawaii; that petitioner is of the age of 47 years and has resided in said Territory of Hawaii all of his life, except for about the period of one year, during which time he resided in the State of California, that the petitioner is a citizen of the United States and of the said Territory of Hawaii.

"Petitioner further represents unto your Honor that he is a person of good moral character and that he is, as he verily believes, duly qualified to practice law in the district courts of the said Territory and before Circuit Judges at chambers on appeal.

"Wherefore the petitioner prays that he may be licensed to practice law in all the said district courts and before Circuit Judges at chambers on appeal.

#### W. G. IRWIN TESTIFIES.

The deposition of W. G. Irwin in the matter of the extension of Milliani street was filed in court yesterday. Mr. Irwin appealed from an award against him of \$750 for betterments alleged to have accrued to the opera house premises owned by John D. Spreckels and himself jointly, by reason of the extension of that street. Mr. Irwin in his deposition before D. H. Case testifies that he had given a strip of land along Merchant street to the government free of charge. Also that he had donated another strip along Milliani about seven feet deep on condition that the government lay a sidewalk in front of the opera house, and that there should be no charge against him for betterments. The agreement was an oral one made with Minister King.

#### COURT NOTES.

Hoarseness in a child that is subject to croup, is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. It always cures and cures quickly. #### GIFTS FROM FRANCE.

Valuable French Publications for Chicago University.

CHICAGO, Nov. 6.—The gift of a large collection of edition de luxe volumes, mostly historical and scientific, is the partial reward received by the University of Chicago for its ac-

tive participation in the "Franco-American movement" to establish closer educational relations between France and the United States.

The French Government at its own press publishes valuable scientific treatises and historical memoirs which no private publisher could afford to undertake. No expense is spared in the compilation or printing of these works

and they are extremely valuable. The French Minister of Public Instruction, in appreciation of the University's cooperation with French schools, has presented to the Chicago school a collection of all works so far issued. Several thousand volumes already have been shipped. It is expected that as new works are published the university will receive copies.

Having made "lawyers" out of Ng Mon War and of seventeen of the most disreputable members of the late legislature, Humphreys has secured, with the help of his friend Gear, a sheepskin for Robert W. Wilcox, who was admitted yesterday to practice in the District Courts. Wilcox was accepted by Gear as a qualified person of good moral character. What will become of the interests at law of people who hire such "attorneys" to represent them, we may easily foresee. It may be doubted that a single one of these men could pass an examination in a primer of law or draw up the most informal paper required in practice.

President Roosevelt did well. Even the coal strike and the beef trust could not beat him in the canvass which has ended with a sweeping indorsement of his policy.

The United States Senate will be Republican by eleven majority and the House by twenty-six. This is not a broad margin but it is enough to work on.

The return of many kamaainas by the Korea was made doubly agreeable by the local election news.

REPUBLICANS CARRY ALL THE IMPORTANT STATES

(Continued from page 1.)

rally. The Republicans have the legislature by a strong majority.

WYOMING.

CHEYENNE, Wyo., Nov. 5.—The Republican victory in Wyoming is overwhelming. Richards (R) for Governor will have 4,000 majority and Mondell for congress 6,000. In the legislature the Republican majority is sweeping.

ARIZONA.

PHOENIX, A. T., Nov. 6.—The election of Wilson Democrat, for delegate to Congress is conceded. No figures showing majority are given, but it will be less than 500.

DELAWARE.

WILMINGTON, Del., Nov. 5.—The legislature will be Republican by joint ballot, 25 to 23. Eight Republicans will oppose Addicks and another deadlock is anticipated.

IDAHO.

BOISE, Idaho, Nov. 5.—The Republicans carry the state by about 6,000 majority. The legislature is Republican, fifty-three to fourteen.

MASSACHUSETTS.

BOSTON, November 5.—Massachusetts yesterday elected a Republican state ticket, a congressional delegation of ten Republicans and four Democrats, a state senate of thirty-one Republicans and nine Democrats, and a house of 155 Republicans, twenty-five Democrats and three Socialists. The total vote was the largest ever cast for Governor, reaching approximately 390,000, against 316,600 for Governor two years ago. The Socialist vote was 34,000.

MONTANA.

HELENA, Mont., Nov. 5.—There was a Republican landslide throughout the state, though in the legislature the labor party will hold the balance of power. Holloway (R) is elected associate justice and Dixon (R) congressman.

MICHIGAN.

DETROIT, (Mich.), November 5.—Newspaper calculations of election returns at midnight indicate that the plurality of Governor Bliss will run up to 36,955. That Bliss was ruthlessly cut is shown by the fact that the plurality of Judge W. L. Carpenter, Republican candidate for Justice of the Supreme Court, is 59,586. The State Legislature will have exactly the same complexion as its predecessor, 1 Democrat among the 32 senators, and 10 Democrats out of 100 members in the House of Representatives.

MINNESOTA.

ST. PAUL, Nov. 5.—The majority for Governor Van Sant (R), may reach 75,000. The entire state ticket and eight out of nine congressmen are Republican.

NEVADA.

RENO, Nev., Nov. 5.—The entire Fusion state ticket has been elected with the exception of Bray, superintendent of schools, who was defeated by Ring. Sparks' majority for Governor will be fully 1,700. Van Duzer, for congress, carried the state by 1,000.

OHIO.

COLUMBUS, O., Nov. 5.—The Republicans today say their pluralities on the state ticket will approximate 100,000, and the Ohio congressmen stand seventeen Republicans to four Democrats as in the last congress. The pluralities in all of the four Democratic districts increased.

RHODE ISLAND.

PROVIDENCE, R. I., November 5.—Substantial gains for the Democrats are shown by the complete returns for the state ticket. They elected their candidate for Governor and Lieutenant Governor and their congressional candidate in the First district. Besides they cut down the Republican lead in the lower house of the legislature by securing thirty-six members as against a like number for the Republicans. The senate, however, remains overwhelmingly Republican with a representation of twenty-seven in thirty-seven members. The Republican majority in the general assembly on joint ballot gives them control of the appointive state and county offices.

WASHINGTON.

SEATTLE, (Wash.), November 5.—The State of Washington has gone Republican, so far as returns now in show, by at least 12,000 majority for Supreme Court Justice and congressmen. King county alone contributed between 4,000 and 5,000 to these majorities. The legislature on joint ballot will stand at least 110 Republicans to an opposition of twenty-six. The Republican majority is more likely to be increased than lowered by full returns, which are coming slowly from more distant precincts.

EUROPE TALKS ABOUT ELECTION

LONDON, Nov. 6.—Almost all the papers this morning discuss the election in the United States.

The Daily Telegraph dwells upon the beneficent change which has come over the relations of the United States and Great Britain with the result that international feelings no longer have any influence in the struggle.

In editorial articles the opinion is unanimously expressed that President Roosevelt largely owes his personal triumph to having satisfactorily ended the coal strike, that the future depends on whether the leaders of one party or the other have a definite policy and that, for the outside world, the important point is a prospective reduction of the tariff.

The Standard says the voting shows President Roosevelt to have a commanding position in the confidence of his countrymen.

The Times, in its editorial article expresses opinions similar to those held by the other newspapers. It says:

"President Roosevelt's influence is in no way impaired by the warnings which the Republican reverses have given his party. The prediction of his renomination for the presidency in 1904, may be rash, but it undoubtedly presents the prevailing sentiment of the country. His proposal of a tariff commission, or something equivalent is likely to be adopted by the party wire pullers to save their own credit and save victory in 1904.

"It is discreditable and even disquieting to discover that Tammany Hall, so often reported struck down with a mortal blow, is more vigorous and aggressive than ever."

METHODISTS IN COUNCIL

NEW YORK, Nov. 6.—Lay and ministerial representatives are in attendance for the fourteenth general conference districts at the annual meeting of the general committee of the Methodist Episcopal Board of Church Extension, which has begun here, says a Tribune dispatch from Philadelphia. The committee will remain in session until Saturday. All the bishops are present as ex-officio members and will serve as presiding officers in rotation. The report of the corresponding secretary, Dr. J. M. King, shows that since the organization of the society in 1864, it has aided 12,000 churches, has given away more than \$3,200,000 for these properties and has a permanent loan fund of \$2,275,000.

One of the chief items of business to be considered at this meeting is the fixing of the amounts that each Methodist church in the United States shall be asked to raise, and also the amounts that the society shall be authorized to give and lend within the bounds of each conference.

DIPLOMAS FOR HOUSE SERVANTS

CHICAGO, November 6.—The latest suggestion for the solution of the servant girl problem is embodied in a plan that has just been adopted at a meeting of the Chicago Housewives' Association. According to this plan serving maids may hereafter be obliged to hold diplomas issued by the Association in order to secure positions in the homes of members of the organization. The rules regulating the granting of the diplomas are to be definite. The formal testimonials will be granted to a maid only after she has been in one family for a year and has performed her duties with a certain degree of proficiency. Real parchment will be used and the holders will be described as "satisfactory," "good," or "remarkably efficient."

Graduate "cooks," "waiting maids," and "laundresses" will be classed as household servants.

LAVA FROM AN ANDEAN PEAK

NEW YORK, November 6.—Dispatches from Chiclayo announce that the captain and officers of the steamship Maipo declare, says a Herald dispatch from Lima, Peru, that on November 1, shortly after leaving Chimbo they saw what was apparently a stream of lava flow from a peak in the Cordilleras toward the plain.

According to the latitude and longitude given, the volcano evidently is near the town of Requinin. The vessel's trip northward enabled the ship's company to witness the eruption for twenty minutes and then other mountains closed the view.

Germany at the Fair.

NEW YORK, November 6.—Announcement that Germany has taken active measures to secure adequate representation at the St. Louis Fair will probably suffice, says a Tribune dispatch from London, to stimulate the energies of the British government in the same direction. Several journals contend that Great Britain ought not to be overshadowed at St. Louis by Germany, which has been making deliberate efforts to command American sympathy at the expense of England. The work of Generals Corbin and Young in enlisting foreign support for the fair, both in Berlin and London, was most effective.

Going to South Africa.

NEW YORK, November 6.—Colonial Secretary Chamberlain is overwhelmed with invitations to farewell dinners and luncheons, but is begging off, cables the London correspondent of the Tribune, under the plea of having work in preparation for his journey and mission to South Africa. Always a persistent and systematic worker, he is calling upon the clerical force in the Colonial office for precise information respecting the long series of African questions, so that he can be ready to discuss every matter brought to his attention.

THURSTON ON CHINESE LABOR

WASHINGTON, October 28.—Former Senator Thurston, who has returned from an extended visit to the Hawaiian Islands, says prosperous conditions can never become general in those islands until the Chinese exclusion act is amended so as to permit the entrance of Chinese.

"There is a scarcity of labor which has caused general financial depression in the islands," said Mr. Thurston. "The labor the Hawaiians could get is excluded from the islands by our immigration laws. Chinese furnish the only labor that can be depended upon. They are a success in the sugar cane field, but they are now excluded from Hawaii and the result is that the sugar plantations are not half cultivated."

Mr. Thurston thinks that if the sugar industry is to develop in the islands Congress will have to pass a law removing restriction against the Chinese so far as plantation labor is concerned but at the same time prohibiting them from doing any other work which might come into competition with native workmen.

Methodist Fair and Dinner.

On Friday afternoon, November 14, by 3 o'clock the lawn of the Methodist church will be bright with flags and bunting in readiness for visitors to the annual sale given by the Ladies Aid Society.

There will be a booth of useful and fancy articles, presided over by several ladies. An art booth, prepared by Mrs. O. H. Walker and Mrs. I. J. Downing, where a large assortment of pictures will be for sale at reasonable rates.

Miss Ripley has charge of the candy department and has secured a large quantity of home-made candy.

Miss Heilbron, as Rebecca at the well, will dispense lemonade to the thirsty.

The ice cream and sherbet tables are under the management of Mrs. Rivinberg, while the New England supper will be served by Mrs. M. Johnson, with a number of assistants.

The ladies speak for a good patronage, as they greatly need more funds for their church work.

YOU WILL NOT

be deceived. That there are cheats and frauds in plenty everybody knows; but it is seldom or never that any large business house is guilty of them, no matter what line of trade it follows. There can be no permanent success of any kind based on dishonesty or deception. There never was, and never will be, The men who try that are simply fools and soon come to grief—as they deserve. Now many persons are, nevertheless, afraid to buy certain advertised articles lest they be humbugged and deluded; especially are they slow to place confidence in published statements of the merits of medicines. The effective modern remedy known as WAMPOLE'S PREPARATION is as safe and genuine an article to purchase as flour, silk or cotton goods from the mills of manufacturers with a world-wide reputation. We could not afford to exaggerate its qualities or misrepresent it in the least; and it is not necessary. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry; and how valuable such a blending of these important medicinal agents must be is plain to everybody. It is beyond price in Weakness and lack of Nervous Tone, Anemia, Scrofula, La Grippe, Lung Troubles and Impurities of the Blood. Science can furnish nothing better—perhaps nothing so good. Dr. W. H. Dalfé, of Canada, says: "I have used it in my practice and take pleasure in recommending it as a valuable tonic and reconstructive." It is a remedy that can afford to appeal to its record and represents the science and knowledge of bright and aggressive medical investigation. Effective from the first dose. Sold by all chemists here.

## MEETING OF THE MONARCHS

Kaiser, King Edward and King Carlos Will Come Together.

NEW YORK, Nov. 7.—Continental rumor mongers are still bent upon imparting diplomatic significance to the approaching visits of the German Emperor and the King of Portugal, embles the London correspondent of the Tribune. One point on which the amateur diplomats lay much stress is the fact that the Portuguese Minister in London is an intimate friend of the Royal family there and is in a position to facilitate the transfer of the vast African possessions of Portugal to England and Germany. This intimacy does not imply a willingness on the part of the Lisbon Ministers to court unpopularity by proposing the alienation of a large section of their colonial empire. The grip of Portugal upon her colonies has been strengthened since the loss of the Spanish colonies. Lisbon's main window looks out upon Madrid, and Portugal in selling her East African possessions would be rivalling the decline in Colonial possessions on the part of Spain. The two royal visits will involve entertainment on a large scale at Sandringham and Windsor. There will be a series of state functions at Windsor for the King of Portugal with a state banquet in St. George's Hall and possibly a chapter meeting of the Order of the Garter, which did not come on last June. The royal entertainment will not end with the departure of the two visiting sovereigns, but will be continued for several months, all the Ambassadors, Ministers of the crown and leaders of smart society being invited in turn to parties at Sandringham and Windsor.

## PEOPLE WE KNOW

They Are Honolulu People and What They Say is of Local Interest.

When an incident like the following occurs right here at home, it is bound to carry weight with our readers. So many strange occurrences go the rounds of the press, are published as facts, people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual experience of our citizens, and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right in Honolulu, one whom you can see every day, leaves no ground for the skeptic to stand on.

Mrs. N. Joseph lives at the corner of Liliha and King streets, this city. She states as follows: "I was troubled for seven months with a lame back, and also suffered from occasional attacks of chills. These various complaints made my condition by no means a happy one, so that I much desired some remedy which would bring relief. This I found in Doan's Backache Kidney Pills, some of which I obtained at the Hollister Drug Co.'s store. I am pleased to say that they gave me not merely temporary but permanent relief and I have not the least hesitancy therefore in recommending Doan's Backache Kidney Pills. They are a good kidney medicine."

Doan's Backache Kidney Pills are for sale by all dealers at 50 cents per box (six boxes \$2.50). Mailed by the Hollister Drug Co., Ltd., Honolulu, wholesale agents for the Hawaiian Islands.

## CHANGES IN ELEVENS.

May Be Alterations in the Make Up of Football Teams.

There are other changes in the football elevens which are to play Saturday in prospect. Morse may not feel well enough to get into a scrimmage, which will materially weaken the Punahou eleven. Williamson could be put back, with Forbes or Babbitt at quarter.

The H. A. C. team has made a find in Ben Dibbble, end on the Berkeley eleven two years ago and last year who has come here to locate. The man is very fast but lacks condition. He will practice this evening and may play Saturday.

Some betting is being done on the game, Punahou being from the short end. Both teams are confident, some of the younger and inexperienced players of Punahou too much so perhaps as they may value their opponents too cheaply.

## Polo Men at Work.

In addition to a good bit of practice work yesterday afternoon, the polo men lined up for picture taking, measured horses and enjoyed themselves in general. Maj. Potter met with a severe injury to one foot last week and did not play yesterday, Shingle taking No. 2. The new uniforms of the men, white trousers, blue shirt with white trimmings and arm bands and blue caps have been received and are being much admired.

## Miss Coman Will Study Us.

## Good Winter Passage.

**DEATH OF  
MISS NELLIE  
STEVENS**

Remembered in Honolulu as  
Daughter of Former  
U. S. Minister.

47 Western Ave., Augusta, Oct. 30, 1902.  
To the Editor of the Pacific Commercial Advertiser:

Dear Sir:— Will you please insert the enclosed notice in your paper and add that though in a hotel, Miss Stevens was not alone. Her nurse who has cared so tenderly for her during the last year, the cousin who has been with her for the past two years and some of her dear Augusta friends were at the hotel with her so that she was cared for by those who loved her to the end.  
THEODATE L. SMITH.

Following is the enclosure, a clipping from an Augusta, Me., paper:

Miss Nellie M. Stevens, the last surviving daughter of the late Hon. John L. Stevens of this city, died in Boston, Saturday, after a long illness. Miss Stevens had gone to Boston for the winter, and the news of her death, though not wholly unexpected, comes as a severe shock to her many Augusta friends. The remains will be brought from Boston today, and will be taken to the family residence on Western avenue, where the funeral will take place, tomorrow, Rev. Charles A. Hayden, officiating. The hour for the funeral will be later announced.

Many hearts will be made sad by the intelligence of Miss Stevens' death, not only here, where she was born, but in the wider friendships made abroad and at home during the long and varied public service of her honored father. With more than common gifts of mind and heart, enriched by years of foreign residence and travel, Miss Stevens possessed the brightness and charm which was ever a joy to all who knew her and gave her the strength to bear the oft-recurring burden of loss and sorrow, with constantly failing health, cheerfully and bravely, to the end of a beneficent and beautiful life.

After the death of her mother she spent the last winter in Atlantic City, N. J., and, receiving such apparent benefit from the change, planned for another winter there, leaving home a few weeks since, stopping, temporarily, in Boston on her way. Letters from her on Monday were in a most cheerful tone, and on the following Wednesday she went out shopping with a friend, but on Thursday night she was taken suddenly ill, becoming unconscious and remaining so until her death Saturday at 7:30 p. m.

**TWO SAILORS OFF  
ON TANDEM SPRINT**

Took Wheels Without Permission  
So Police Went After  
Them.

Jack tar ashore on American soil after three years spent off the cheerless coast of China and Japan on a man of war is a tough proposition to handle, not because he is vicious and wishes to commit crime, but because he is in such a joyous mood on reaching territory under the American flag that any mischief possible is not too great for him to tackle.

Early last evening many people on the streets saw two smiling blue jackets aboard a tandem bicycle. They did not appear to be steering any direct course, but seemed to tack back and forth in irregular lines across the streets, bowing to everyone in sight and making life as merry as possible for themselves.

About 5 o'clock M. G. Sousa entered the police station and complained that a green tandem bicycle that had been left standing in front of Morris' bicycle shop on Fort street had been stolen.

The police put two and two together and then decided that the sailors better be run in if they still had the machine on the streets. Officers were instructed to keep an eye peeled for them.

**DISTURBED BY  
CABLE FAKE**

WASHINGTON, November 6.—Attorney General Knox has so far had no intimation from the Pacific Commercial Cable Company as to its disposition to accept the terms offered by the President on August 9 as a prerequisite to permitting that corporation to lay a trans-Pacific cable and land it at Hawaii, Guam and the Philippines.

The President's stipulations required such guarantees on the part of the company as would insure preference to the United States in time of war, and would prevent the control of the line from passing to any foreign concern or association. The administration has become aware that the officers of the company have wholly ignored the President's conditions and are going ahead apparently in combination with the British cable trust.

The Navy Department, whose elaborate surveys for the Pacific cable were donated to the Commercial Cable Company, has just learned that the British cable steamer Colonia, after finishing its work on the Vancouver-Australia line, left Hawaii ten days ago to survey a line via midway and Guam to the coast of Luzon. This and other evidences of "community of interest" with the British line may be the subject of inquiry on the part of the Department of Justice.

When you cannot sleep for coughing, it is hardly necessary that any one should tell you that you need a few doses of Chamberlain's Cough Remedy to allay the irritation of the throat, and make sleep possible. It always cures and cures quickly. Benson, Smith & Co., wholesale agents, sell it.

### KAMAAINAS HOME AFTER LONG TRIPS

Scores of Honolulu Passengers on the Great Liner.

More than three score Honolulu passengers were brought by the Korea, many being kamaainas whose return has been long expected. W. N. Armstrong was one of the best known Honoluluans, and was greeted by many as the ship slid alongside the wharf. He looks the best of health, and said that he had greatly enjoyed his trip on the mainland.

General A. S. Hartwell, who has been absent for fourteen months past, said that he was very glad to get home, and that his health was better than usual. He said that he had returned to stay, and that the news of the recent turn of events was most gratifying to him. He was accompanied by Miss Hartwell.

Henry Waterhouse and Mrs. Waterhouse returned after six months spent in European travel, they having gone across for the purpose of witnessing the coronation but being disappointed through the illness of the King. They have greatly enjoyed their visit and return in excellent health.

Mrs. Julia Afong, accompanied by her two daughters and her son, was among the returning passengers, they having spent the greater part of the summer in the states.

J. Q. Wood, after more than three years spent in the East in completing his college course and in travel, returned on a short business trip. He is not accompanied by Mrs. Wood as he does not expect to make a long stay here this time.

Robert Lewers and wife are home after some time spent in California, and expect to make their home for the winter.

F. J. Amweg is back after a hurried trip, as is J. F. Eckhardt, superintendent of the Queen's Hospital.

The present board of medical examiners it has been discovered were illegally appointed by Treasurer Wright. Chamberlain's Cough Remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous results. It is especially prized by mothers because it contains nothing injurious and there is not the least danger in giving it, even to babies. It always cures and cures quickly. Benson, Smith & Co., wholesale agent, sell it.

CABLE WILL COME VERY SOON NOW

Silvertown is Making Fast Trip. Underground Line Plans.

J. D. Gaines, local superintendent of the Pacific Commercial Cable, accompanied by Mrs. Gaines, arrived in the Sonoma yesterday morning, and at once began to familiarize himself with his new position and the progress that has been made along the line of preparation for the cable.

Mr. Gaines comes almost direct from Nova Scotia, and was not long enough in any of the main offices of the cable company to receive final instructions, but hurried through that he might relieve Mr. Harrington, who goes back in the China for work in connection with the San Francisco office, for a time at least. Mr. Gaines said that he was informed that if there was any change over the time previously set for the arrival of the cable, it would be in the matter of putting the date ahead. The Silvertown, he remarked, was four days ahead of her schedule in getting up the coast of South America, and should therefore be in readiness to make a fast run down here.

There has been some difficulty, he said, in getting the supply of the underground cable, which connects the shore end with the operating office, though the laying of the six miles in San Francisco was now under way. When this is completed and the new cable comes west from the place of manufacture in New Jersey Mr. Martin, representing the underground company, will sail for this city to superintend the laying of the lines in the conduit which has just been completed.

There will be some little time spent in testing when the cable arrives, which will enable the men here to place their instruments, which will come in the Silvertown. The staff of operators will be here very soon, some four men being sent at once.

It is Mr. Gaines' intention to rush work so that he will be able to have everything ready for immediate working when the deep sea line is down. There will be some little time spent in testing when the cable arrives, which will enable the men here to place their instruments, which will come in the Silvertown. The staff of operators will be here very soon, some four men being sent at once.

**DEATH OF OTTO ISENBERG OCCURS AT SAN FRANCISCO**

THE LATE OTTO ISENBERG.

SAN FRANCISCO, Nov. 15.—Otto Isenberg, a well known pioneer planter of the Hawaiian Islands, died suddenly yesterday morning in his room at the Occidental Hotel. His death was due to an attack of heart failure and dropsy.

The deceased had been travelling through Europe for the last year with his wife and four children and arrived in this city on October 19, intending to sail on the steamship Alameda, which left last Saturday for Honolulu. Owing to his poor health he was compelled to postpone his trip, but sent two of his children ahead on the Alameda, his wife and two youngest children remaining here with him.

Otto Isenberg was born in the province of Hanover, Germany, in May, 1844. The father of the family was a clergyman, and wished his sons to study the classics, but the third son, whose death is just reported, would not give his attention to that sort of an education. He early showed a taste for mechanics and worked in a machine shop near his home in the acquiring of the practical side of his education. At the age of 18 years he left home and went to Australia, where he was engaged as a machinist. After ten years there he joined his brother, Paul Isenberg, at Lihue, the latter having become the manager of the small plantation at that place.

Otto Isenberg was made sugar boiler, and the handling of the imperfect machinery with which the plantation was stocked was a great strain upon him. He continued there with his brother for some ten years until, Paul Isenberg having secured control of the Kekaha plantation, Otto Isenberg was

**SENATOR BURTON DENOUNCES THE TOPEKA INTERVIEW**

Says It is a Fake Made Out of Whole Cloth. Never Attacked the Boston Missionaries. Likes Both Hawaiians and Whites.

The following clipping from an Eastern paper explains itself:

It is not often even in the unscrupulous distortion of partisan journalism that a public man has been worse abused than his fellowcountrymen than Senator Burton of Kansas has been. The following letter to a Boston friend sets forth the unrelieved audacity of the outrage: "Answering your kind favor of October 14, enclosing clipping from an Eastern paper containing a dispatch from Topeka, Kansas, permit me to say that the dispatch is a 'fake' manufactured out of whole cloth. I have never charged that the Boston missionaries swindled the Hawaiians. In the same mail with your letter was inclosed from a friend in New York an editorial from the New York Sun, commenting at length upon my alleged interview or statement, and calling attention to the fact that I have made an odious comparison between the Hawaiian and the Cuban, stating 'One noble Hawaiian even in his unimproved condition is worth forty spider-legged Cubans.' You know me well enough to know that I never used any such language. The same dispatch also states that I used severe language in talking about the Cubans, saying that they were treacherous, deceitful, etc. I have never been in Cuba, and I have never

**WHY DO SO MANY PEOPLE STAY AWAY FROM CHURCH?**

Various Correspondents, Clerical and Lay, Discuss the Interesting Question. An Atheist's Views.

Editor Advertiser:—I desire to record my hearty approval of the suggestion made in Mr. Pearson's article in Tuesday's Advertiser. The sweeping statements of Mr. "Sinner" would suggest that he has observed very closely, has had a wide experience with "Sunday Christians and Monday Devils," that he knows a hypocrite when he sees one and seldom makes a mistake in pointing him out, and that he is able to determine the motive back of the conduct of the people who attend church. Such a man (or woman) would be of inestimable value to the preachers in helping them to discover the hypocrites both inside and outside of the church. I have had several men charge the preacher with harboring hypocrites in their churches, but when I have asked them to point out those in my church they have never yet been willing to undertake the task. They are even unwilling to do so when I frankly acknowledge that I believe every church has some hypocrites. As Mr. "Sinner" seems to know a great deal that he did not tell in Monday's article, indeed could not tell without going into personalities, I would like to know him by his other name, in order to avail myself of his information. He may know some things about my members I ought to know. So with Mr. Pearson I enter a plea, in all sincerity, that the critics of Christianity and the churches and Christians in general sign their names.

I desire also to express my appreciation of your editorial, "The Outsider and the Church," in Tuesday's paper. I have never read a more sensible editorial on a religious question from an editor of what we call a secular paper. Too many editors are either indifferent, or inimical, to the claims of the church, judging from the conspicuous absence or the unfriendly character, of such articles. Hence my pleasure, which I have no disposition to conceal, over the editorial. Give us more on the same order.

I would like to cite two cases that will help to confirm the conviction that some who have grievances against the church have wrong motives in using the church. Many could be cited from my personal observation. But these two are selected because they relate to Honolulu.

Soon after I came to Honolulu, I began to inquire the whereabouts of one whose name was on the church record. I found he had not been in church for several months. No one knew where he lived. In about three months I met him and asked him to come to church. He said he would never again enter our church and he gave this as his reason: That when he joined the church he had been given to understand that the church would help him to get a job. They hadn't done so and he had no use for such a church. If the minister or any other member of the church assured him they would get him a job or try to do so, as an inducement for him to join our church they did wrong. No such inducement should be held out to anyone. And I don't believe such inducement was offered. This man in either event joined the church for the "loaves and fishes," and was naturally disappointed as he should have been. To still further show up his character he asked the Y. M. C. A. secretary to recommend him for membership in the Central Union church. He doubtless thought that he would more likely get help there because the church was larger. But the secretary, reading his motives, did not recommend him. The other case was told me by one

**THE PULPIT IS TOO HYPNOTIC**  
Arthur C. Everett, N. M., Gives Reasons for Not Attending Church.

Editor Advertiser:—Along with others I desire to shy my castor in the ring and tell why I do not attend church.

Looking at the subject of church and religion as I do I would be stultifying myself to attend church and brand myself a coward to my convictions. The pastors of the different churches in this city, with the notable exception of one who has lately arrived here, it seems to me, have made the attendance at some church necessary if one wishes to claim a moral respectability, no matter if one does not frequent saloons or other questionable resorts, let it once be known that you do not attend church and you are looked upon, in a great measure, not only as an undesirable acquaintance, but, also, as one whom the church element should avoid and shun at every chance and one whom it would be well not to employ; so much is this apparent that I find many who have no use for religion constant in attendance at the Central Union church and who plead in extenuation that it would be a financial detriment did they not so attend. This is but preliminary to my main reason for not attending church and that is, the baneful, hypnotic suggestions that are there thrown on sensitive minds depriving them of their natural volition and thus weaken their already weakened mind; and the attendance of those of us who recognize these facts, who recognize in religion a force that destroys human individuality.

**BOARD HAS NO RIGHT**  
Questions Power To Examine Cattle.

**OLD BUILDINGS ARE CONDEMNED**

**Ashford Says Health Board Has No Right to Inspect Cattle for Tuberculosis.**

Now it is the Board of Health which has its authority defied. At the meeting of that body yesterday a communication was presented from C. W. Ashford as attorney for Henry C. Macfarlane wherein the latter denies the power of the Board of Health to examine cattle owned by him for evidences of tuberculosis.

In the communication from Mr. Ashford it was stated that Mr. Macfarlane had been notified by Dr. Monsarrat, veterinary surgeon for the Board, that he intended to examine the herds of Macfarlane at Ahuimanu Ranch for evidences of tuberculosis. Mr. Ashford in a notice served upon the Board stated that the regulation under which the Board sought to make such an examination was illegal and that the powers of the Board had been exceeded in the passage of the ordinance. It was further requested that the inspector be not sent out to the ranch, as he would not be permitted to examine any cattle. The Board ordered Monsarrat to proceed with his inspection, and if interfered with, there will be prosecution for interfering with an officer. If he is not allowed to make the inspection, Monsarrat is ordered to report to the Board.

**CONDEMN PROPERTY.**

Upon the report of a committee with Dr. Moore as chairman, it was decided to condemn certain insanitary buildings at the corner of King and Punchbowl streets, with all the adjoining shacks. Frame shacks on King street near Punchbowl are to be given a thorough cleaning, and cottages on Punchbowl street are ordered raised from the ground, connected with the sewer and thoroughly cleaned.

**OTHER MATTERS.**

The petition protesting against the loose method of collection of swill was referred to a committee composed of Dr. Moore, Dr. Cooper, E. P. Dole and E. A. Mott-Smith. If the Board has power to prevent the carrying of swill, as is now done, the regulations will be enforced.

The Board of Medical Examiners reported that Dr. R. G. McAduffy, surgeon at Camp McKinley, had passed the required examination, and asked that a license be issued to him.

W. R. Castle petitioned that permission be given Mrs. Kauhā to visit her two sons at the settlement. She wishes to remain a week having legal business with them. The petition was granted, with the usual restrictions.

Dr. Hobby reported conditions in the Orient as follows:

Yokohama, two weeks to Oct. 29th, 1902—Plague cases 6, deaths 4 (since Oct. 7).  
Kobe, two weeks to October 26th, 1902—Cholera cases 43, deaths 23.  
Nagasaki, two weeks to Oct. 24th, 1902—Cholera cases 61, deaths 41.  
Shanghai, two weeks to Oct. 22nd, 1902—Cholera cases deaths 21, smallpox cases deaths 12. No cholera among foreigners for last two weeks.

Hongkong, two weeks to Oct. 18th, 1902—Plague case 1, death 1.

Dr. Mary F. Barry reported having examined 1259 school children and vaccinated 320.

Reports were read from the plumbing inspector, and Honolulu and Hilo sanitary inspectors.

Allan Herbert appeared before the Board to object to the hog ranches near his Kalia residence. One man recently established in that vicinity was ordered to move, and action was deferred as to the remaining ranches.

There were present at the meeting, Sloggett, Robinson, Moore, Dole, E. A. Mott-Smith and Cooper.

**Quiet Day at St. Clement's**

It has been found that there are some misapprehensions in regard to the Quiet Day at St. Clement's church on Tuesday, November 18. While it is called a Quiet Day for church workers, it should be understood that all who desire to do so are invited to attend. Also it has been thought that those who attend were expected to remain all day from 10 a. m. until 4 p. m. Bishop Restarick desires it to be understood that anyone can come when convenient, or can leave at any time, though all who can do so are invited to remain throughout.

These are the thoughts uppermost in the minds of modern men—physical and mental perfection, strength and power. Who does not like to be strong, to feel that he is equal in strength to any man of his age? You can be if you will obey the appeal here made to you. Drugs have been tried and have failed. You know that "Electricity is Life." It gives you the oil with which to set the machinery of your body in motion, and a few months' use of it will assure you health and happiness for the rest of your life. SUGAR

Williams, Dimond & Company, writing to their local correspondents, F. A. Schaefer & Company, under date of November 5th, say:

We last had this pleasure 30th ult. per "America Maru."

Sugar—No changes have since occurred in the local market or for export, prices established March 5th, with supplementary list of Sept. 15th, still being in force.

Basis—October 30th to November 1, no sales; 3rd, spot sale 800 tons at 3%<sup>c</sup>; 4th, holiday; 5th, sales "to arrive" 500 tons at 3%<sup>c</sup>, establishing basis for 96 deg. Centrifugals in New York, this date, 3.625<sup>c</sup>; San Francisco, 3.25<sup>c</sup>.

New York Refined—Quotation 4.50<sup>c</sup>, equivalent to 4.41<sup>c</sup> net cash, established October 3rd, continued in force until today, when a reduction of ten points occurred, establishing a price of 4.40<sup>c</sup>, equivalent to 4.31<sup>c</sup> net cash.

London Beets—October 30th, 7s. 6d.; 31st, 7s. 4<sup>1</sup>/<sub>2</sub>d.; November 1st, 7s. 6d.; 3rd, 7s. 6d.; 5th, 7s. 4<sup>1</sup>/<sub>2</sub>d.

London Cable—October 31st quotes Java No. 15 D. S. 9s.; Fair Refining, 8s. 3d., same date last year 8s. 7<sup>1</sup>/<sub>2</sub>d. and 7s. 7<sup>1</sup>/<sub>2</sub>d. respectively. November Beets, 7s. 5<sup>1</sup>/<sub>2</sub>d. against 7s. 3d., corresponding period last year.

Eastern and Foreign Markets—The Raw Sugar market continues firm, according to latest mail advices from New York under date of October 31st. Transactions have been on a limited scale. European Beets are flat and lower. Weather conditions are more favorable. Large arrivals of Javas are looked for throughout the present month. Refined is very dull, and the advent of Beet Granulated to the Eastern market from California factories, will undoubtedly exert a tendency toward lower prices for this article.

Latest Statistical Position—Willett & Gray report October 30th, U. S. four ports in all hands, estimated October 29th, 164,977 tons against 180,399 tons same date last year. Six ports Cuba, estimated October 28th, 92,500 tons against 58,142 tons corresponding period last year. Total stock in all the principal countries, by cable October 30th, at latest uneven dates, 1,274,477 tons against 678,827 tons; increase over last year, 597,650 tons.

WHY DO SO MANY PEOPLE STAY AWAY FROM CHURCH

(Continued from Page 9.)

ality, substituting therefor a mystical belief in that, which, if it exists, is but a monster to be feared instead of worshipped, are aiding the priests in forging still stronger chains around the minds of sensitives—from the ranks of which the churches of today are recruited, the wellpoised minds are conspicuous by their absence—and are stultifying ourselves, being cowards to our convictions even if we excuse ourselves for our attendance on the grounds of policy—this is the whip by which the church seeks to drive the "non-attender" to church, now that the Inquisition is obsolete and even the whips of cord by which the Franciscan fathers in the early days of California drove the poor Indian to early mass—this, briefly, is my reason for not attending church.

An Individualist, an Atheist, ARTHUR C. EVERETT, N.-M. Honolulu, November 12, 1902. Should you print the above article be sure to print the signature, in full, as I have given it, please. A. C. E., N.-M.

THE EMPTY PEWS AND THEIR CAUSE

Editor Advertiser:—A consideration of church attendance and the attitude of the stayaways suggests, at the outset, a division of such persons into non-thinkers and thinkers.

The first are those who, apart from living up to the easy standard set by society in general, give no serious attention to religious matters. Religion concerns them no more than does the government of Afghanistan. Days come and go, and only on some special occasion do they go to church. It is barely possible that by lachrymose threats these may be enfolded, and infused with religiosity. Such methods have succeeded.

In the second place, are people of thought—people who are not indifferent to what is called their spiritual welfare. On the contrary they may have given the subject far greater consideration than have many of the churchgoers. Yet they stay away for reasons that to them are amply sufficient.

Many of them take a stand against church attendance because of the patent, and almost blatant hypocrisy that is found there. It might be an interesting experiment for one who doubts that there are many insincere churchgoers, to stand, after service, at the door of a church where he well knows most of the attendants, and check off their names as they pass out. Let him mark as a Christian the one who in reverential spirit attends church be-

cause he really loves God and delights to do Him praise; who remembers the Sabbath Day, to keep it holy, as shown by his conduct throughout the day; whose religion is not of the intermittent or seventh-day variety; and who earnestly tries to practice what he preaches and hears preached. Let him list as a hypocrite the person who attends the House of God solely, or chiefly, because it is "proper," because it helps business; because it affords a social meeting place; because, as on Easter, it gives opportunity for the inspection and display of fine clothes; because of the music; or because of the intellectual treat offered by those observant preachers whose sermons are without religion, and whose pulpits have been extended into lecture platforms. A division along these lines "made equo animo by one able to read human nature would explain what the stay-away means by "church hypocrisy."

Then, again, there are others of the thinkers, who, just as they would not eschew playing cards as of the paraphernalia of the gambler, so are they unwilling to discard church associations simply because the house of worship seems peculiarly the rendezvous of the hypocrite. Day by day the conviction is becoming stronger that the essence of all religion is conduct and conscience. There are always two phases to religion, whether it be the religion of human sacrifice or Christianity itself, namely, the metaphysical and the ethical. Their relative importance varies with the conditions of civilization. That religious ideas prevail among all peoples, with perhaps a few exceptions like the Mangyans, is easily explained. Every race worships heroes, men of special attainments. Giving them certain immunities, it is but a short step to make these heroes into gods. Is it not to be expected that primitive tribes the world over should ascribe the more noticeable instances of natural phenomena to gods? They have no other explanation. So there is a god of rain, a god of harvest, etc.; yes, a goddess of volcanic fire. With aboriginals the ethical side of religion is hardly apparent. Everything is ceremonial, propitiative, god-worship. But, as civilization advances, monotheism supplants polytheism or henotheism, and metaphysical ideas give way to those of ethics to such a degree that, at present, the best Christian preaching is that which is based on the ethical teachings of Christ. A sermon on the omnipotence of God has not the effect nowadays of a sermon on human charity. Finally the continually growing force of independent and agnostic thought is relegating to science many of the questions that for years have vexed churchmen. As to certain great questions that can never be proved, such as the existence of a supreme being, the origin of the universe, the hereafter, etc., the probabilities are as much in favor of the atheist as the Christian, if not more so. The agnostic takes neither the position of affirming or denying. He candidly admits that he does not know, and doubts how anyone else can. The fact that a man is an atheist or an agnostic militates in no way against his being a most estimable member of society. That he is a man of conscience is enough. Indeed, broad-minded Christians have been kind enough to remark that an atheist whose religion is simply the golden rule, and who follows it conscientiously, is a Christian in spirit, in spite of himself.

More than anything else, then, is it not this irresistible tendency to divorce right living from such metaphysical questions as are necessarily involved in the worship of God, that explains the diminishing attendance at church? Respectfully, M.

HERPIDOL Destroy the Cause, you Remove the Effect Newbro's Herpicide kills the dandruff germ which causes falling hair, and, finally, baldness. No other hair preparation kills the dandruff germ.
