## COUNTY BILL IN HANDS OF NINE HOUSE MEMBERS

### After Long Debate the Measure Is Committed and the Home Rulers Declare Their Plan Will Be Out at Once.

### Emergency Measure Passes the House Without Change as Do the Bills Submitted by the Bar Association for Changes in Court Practice—Senate Kills Cumulative Voting for Corporations and Pilot Pay Bills—Much Work Is Done in Both Houses of Legislature.

With the county bill sent to a committee of nine for consideration, and the opinion of the chairman that five days of work would be sufficient to bring out a report, the prospect for something doing about the time the Legislature begins to think of adjourning is very good. The fact was brought out in the discussions in the lower house yesterday, that some at least of the members, realize that there are only twenty-five days in which measures are to be considered, with any chance of action after the governor has signified his attitude, and this may act as a lever in securing movement.

Yesterday was a working day. The House took up bills on the second and third reading, and the measures of the Bar Association, simplifying the penal laws and giving district courts wider range of action, went through. The emergency appropriation bill was passed and several other measures were sent to the upper house. There was some hot air exhausted, there was also some feeling shown over little matters, but withal it was a day of action, along lines which might easily be called progressive.

The Senate distinguished the day by putting to sleep one of the very first bills of the House, the cumulative voting bill for corporations, and then devoted the day to committees. There was a favorable report on the Local Option bill, the Pilot pay bill was killed and several other matters speeded along the road toward signature.

Speaker Beckley appointed the following County Bill Committee: First District, Purdy; Second District, Kaniho; Third District, Haia and Kalama; Fourth District, Aylett (chairman), Chillingworth; Fifth District, Vida, Kupihea; Sixth District, Knudsen.

### IN THE HOUSE

It took only a few minutes to transact the preliminary business of the House and work began on the Senate bills sent down as passed the previous day. These were passed first reading and appropriately referred. They were the Dental bill and the act to reorganize the judiciary.

An invitation from the High Sheriff to the members of the House to witness an exhibition drill of the police at Kapiolani Park on Saturday afternoon at 2:30 was received and the Secretary was instructed to notify the High Sheriff that the Police and Military Committees and such members of the House as can do so will attend.

### NO SUBSIDIES FOR STEAMERS.

The Finance Committee reported that it recommended the indefinite postponement of consideration of the resolution of Kanoho granting subsidies to inter-island steamship companies, so that cheaper deck fare might be granted. The majority of the committee reported that the deck fares were reasonable and recited the charges. Kumalae dissented from the clause saying the charge was reasonable and Kanoho was given three days to file a minority report.

On the resolution of Kupihea asking for \$15,000 in the Emergency bill for bridges in the Ewa and Waianae districts the committee reported that no emergency existed except in the instance of a bridge over the Kalaauo stream at Honolulu Plantation and this could be attended to from the appropriation for roads and bridges, Fifth District. Kanoho wanted time for a minority report without specifying how much he wanted and after some discussion the report was laid aside until he shall be ready.

On the subject of beer licenses the

committee reported that from the Primo licenses \$250 each, \$6,000 was received and that instead of this revenue now there was a charge against the police funds because of the necessity to endeavor to prevent sale of beer at small stores. The committee therefore recommended that the Chillingworth bill pass, with the amendment that approval be given by the Treasurer and Sheriff.

The Kumalae bill on Fire Claims was tabled because the Senate bill on the same subject had passed, and the report was adopted.

In connection with the Insurance bill of Andrade the Finance Committee reported a recommendation that the bill go to the Judiciary Committee as it was entirely a matter of law and the House so agreed.

### POLL TAX IS NEEDED.

In taking up the Haia resolution on the abolishing of the poll tax, the committee went into the matter very fully, recommending finally that consideration be indefinitely postponed. The report follows:

"From the report of the Treasurer of the Territory, the Government has derived a revenue from the above taxes for the past four years of the following amount: 1899, \$287,093; 1900, \$339,749; 1901, \$268,108.50; 1902, \$248,859. Total, \$1,144,809.50.

Your committee would call the attention of this Honorable House to the fact that the road tax, as collected, is passed to the credit of a special account known as the 'Road Tax, Special Deposit,' and is spent only in the district in which such road tax is collected. In all of the islands, with the exception of Oahu, this tax is collected and the accounts are deposited with the Treasurer, to the credit of the district from which collected, and is drawn

(Continued on Page 2.)

## HOW LILUOKALANI LOST HER \$200,000 CLAIM IN CONGRESS

Following is a text of the debate in the Senate on the bill, which was afterwards defeated in conference committee to grant Liliuokalani \$200,000 for "real or pretended claims."

Mr. Spooner. If it is as agreeable to the Senator from Iowa at this time as any other, I should like to ask a question.

Mr. Allison. It will be agreeable unless it is one I cannot answer. I will do the best I can.

Mr. Spooner. In reading the bill I observe that \$200,000 is appropriated to Liliuokalani, the ex-Queen of Hawaii. I should like to inquire whether that is in consideration of the relinquishment of any rights to the United States which she possessed or whether it is honorary. What are the facts in regard to it?

Mr. Allison. The Committee on Appropriations did not investigate this appropriation with any very great care. They were only familiar with the general facts relating to the deposition of the Queen of Hawaii. I do not understand that a committee of this body made an investigation of the subject. At any rate, I know that the chairman of the Committee on Pacific Islands and Porto Rico urged very strongly upon the Committee on Appropriations that this appropriation should be made.

Mr. Hoar. They were expressly directed in the last Congress to make a thorough investigation of the subject as a committee.

Mr. Allison. They were so directed and did make the investigation, and they submitted an elaborate report. I am told that on the general subject of the Hawaiian Islands they have made a report which embraces some nine or ten volumes.

The appropriation is founded, of course, upon the claim, pretended or real, of the queen to what are known as the crown lands in Hawaii. From these crown lands she received, I understand, an income annually of about \$48,000, of which she was deprived; and the matter has been in contest in various ways from that time until now. I am very sorry that the chairman of the committee having special charge of this matter is not present.

The President pro tempore. The chairman of the committee will be present whenever this item comes up in the Senate. He understood that a point of order was to be made, and he desired to be heard on the point of order, and the Chair said he would send for him.

Mr. Allison. With such imperfect statements as I have been able to make, I hope the Senator from Wisconsin will allow the matter to lie over for further explanation by some one who is directly familiar with the topic.

(Continued on page 4.)

## FIGHT ON MORGAN'S TRUST BEGINS IN FEDERAL COURT

(ASSOCIATED PRESS CABLEGRAM.)

ST. LOUIS, Mar. 18.—The Northern Securities case is being argued before four Federal judges.

One year ago this month, the Attorney General of the United States, acting under the instructions of President Roosevelt brought an action at law to render null and void the incorporation of the Northern Securities Company. He filed with the United States Circuit Court in Minnesota, at St. Paul, a petition asking that the Northern Securities Company be enjoined perpetually from dealing in or voting any stock of the Northern Pacific or Great Northern Railroad Companies, and that the stockholders of the railroad companies also be enjoined from recognizing the Northern Securities Company as the owner or holder of stocks in their companies.

The petition recites that an attempt to turn over a controlling interest of the Northern Pacific Railroad Company to the Great Northern in the year 1896 having been defeated by a decision of the Supreme Court, James J. Hill and other stockholders of the Great Northern and J. Pierpont Morgan and his associates in the Northern Pacific Company entered into an unlawful combination or conspiracy to effect a virtual consolidation of the Northern Pacific and Great Northern systems, and to place restraint upon all competitive interstate and foreign trade or commerce carried on by them. Their plan, it is declared, was to form a corporation to be called the Northern Securities Company, under the laws of New Jersey, with a capital stock of \$400,000,000, to which, in exchange for its capital stock upon a certain basis and at a certain rate, was to be transferred the capital stock of or a controlling interest in the Great-Northern and Northern Pacific.

If the Government fails to prevent the carrying out of this combination, the petitioners declare, not only will a virtual consolidation of two competing trans-continental lines with the practical pooling of the earnings be effected, and a monopoly of the interstate and foreign commerce formerly carried on by them as competitors be created and all effective competition between such lines and, carrying of interstate and foreign traffic be destroyed, but thereafter to all desiring to use it, an available method will be presented whereby the act of Congress of July 2, 1890, may be circumvented and set at naught, and all trans-continental lines, indeed the entire railway system of the country, may be absorbed, merged and consolidated, thus placing the public at the absolute mercy of the holding corporation.

## MEMPHIS CUT OFF BY GREAT RIVER FRESHETS

### San Francisco's Street Car Men, Unable to Compromise With Employers, May Go Off on a Strike on Saturday Next.

### Col. Humphrey Becomes Quartermaster General of the Army—Cuban Treaty Vote Today. New Assistant Treasurer at New York. Charles M. Schwab Returns in Good Health—Another Phase of the Burdick Murder Mystery.

(ASSOCIATED PRESS CABLEGRAMS.)

MEMPHIS, Tenn., Mar. 18.—All railroad communication has been cut off from this city owing to the floods.

### New Quartermaster General.

WASHINGTON, Mar. 18.—Col. Charles F. Humphrey, deputy Quartermaster General of the army, has been nominated Quartermaster General with the rank of Brigadier General.

Col. Humphrey served as a private in the Fifth Artillery in 1863 and in 1866 was commissioned a lieutenant and transferred to the Fourth Artillery. He was made a first lieutenant in 1868. He graduated from the Artillery School in 1874 and in 1879 was commissioned a captain and assistant quartermaster. He became a major in 1892 and in 1897 was appointed a lieutenant colonel and deputy quartermaster general. He became a colonel by act of Congress in 1898. He has seen wide service, having been in the Civil War, fought Indians in the West, serving in the Snake Bannock campaign in Nevada and Oregon. He was brevetted a captain and awarded a Congressional medal of honor for distinguished gallantry in action with Indians at Clearwater, Idaho. He served in Cuba and was with the relief expedition at Peking in 1900.

### A Threatened Strike.

SAN FRANCISCO, Mar. 18.—No compromise has been reached between the street car companies and their employes and a strike is threatened for Saturday.

### Assistant Treasurer.

WASHINGTON, Mar. 18.—Hamilton Fish, son of the former Secretary of State, has been appointed Assistant United States Treasurer at New York.

### Mother-in-Law Ill.

BUFFALO, Mar. 18.—Mrs. Hull, mother-in-law of Edwin L. Burdick, both central figures in the murder mystery, is reported ill.

### Schwab Has Recovered.

NEW YORK, Mar. 18.—Charles M. Schwab has returned from his European trip in good health.

### Cuban Vote Today.

WASHINGTON, Mar. 18.—The vote on the Cuban Reciprocity treaty will be taken tomorrow.

## POLICE DRILL ON SATURDAY

The interested committees of the Legislature have notified High Sheriff Brown of their acceptance of his invitation to witness the monkey drill of the police, to be held at Kapiolani park on next Saturday afternoon at 2:30. It is expected, indeed, that there will be a large turn out of members of the Legislature to witness the drill. The mounted police are clever at their work, and the members of the Legislature are much interested in the police department just at the present time, anyhow.

Judge J. M. Davidson has taken passage on the Siberia for Hongkong on legal business of importance.

## FIGURES ON IMMIGRATION

Figures received by the Collector of Customs show that during the month of January, 1903, there arrived in the ports of the United States from foreign countries 35,097 aliens, of whom 31,851 were allowed to land, as against arrivals in January, 1902, of 26,459. Of these arrivals for January, 1903, 28,797 were Europeans, 2,255 were Asiatics, of whom 1,957 were Japanese and 119 Chinese, and the balance were from other countries in Asia. The rest were from South America, Mexico and various islands. The leading ports report arrivals as follows: New York, 21,810; Boston, 1,968; Philadelphia, 719; Baltimore, 2,107; San Francisco, 497; San Juan, Porto Rico, 131; Key West, 490; New Orleans, 51; Galveston, 190; Port Townsend, 101; Honolulu, 1,616; Portland, Oregon, 57.

## AFTERNOON DISPATCHES FROM ASSOCIATED PRESS

MONTEVIDEO, Uruguay, March 18.—The Government troops have encountered severe fighting with revolutionary forces.

WASHINGTON, D. C., March 18.—The report of the Coal Strike Commission was sent to the President today. The report will be made public Saturday.

PARIS, France, March 18.—The first noticeable result of the ratification of the Panama Canal treaty by the United States has been the increased demand for shares in the canal company. The price of shares is steadily advancing.

WILLEMSTAD, Venezuela, March 18.—The gunboat Restaurador is bombarding the seaports, and Government troops are carrying on active operations against the revolutionists.

BUFFALO, N. Y., March 18.—At the coroner's inquest held today on the mysterious death of F. W. Burdick, Mr. Parke, business partner of Burdick, charged that Arthur R. Pennell, recently killed in an automobile accident, committed the murder.

WASHINGTON, D. C., March 18.—The contest over the Cuban Reciprocity treaty opened today in the Senate. Senator McEnery of Louisiana was the principal speaker. He opposes the ratification of the treaty as ruinous to the American sugar and tobacco interests.

## COUNTY BILL IN HANDS OF NINE HOUSE MEMBERS

(Continued from page 1.)

on approved vouchers (by the Superintendent of Public Works) by the Road Board of the different districts in which the work has been done, for which the vouchers are drawn.

"Honolulu is the only exception on the island of Oahu that does not deposit its road tax to a special deposit. It goes into the general revenue of the government and amounts approximately to \$20,000 per annum.

"In regard to the school tax, your committee beg leave to report their findings as follows:

"A repeal of this tax would mean a loss in revenue to the Government, according to the last returns, of approximately \$100,000 per annum, and, according to the report of the Superintendent of Public Instruction, as submitted to this House, there are now in the public schools 13,139 pupils, and the cost to this Territory to support the public schools for the biennial period amounted to \$855,387.50, and your committee believe that a repeal of the school tax would mean an additional tax (to derive enough revenue) placed on those who are already paying a proportion of the taxes and exempt those who are most benefited by the public school system, as maintained in this Territory."

Kaniho asked that the report be tabled for consideration with the bill, which was done.

### BREWING LICENSES APPROVED.

The bill granting licenses to brew beer was favorably reported, Kumalae dissenting, the committee having declared its opinion that the license fee of \$250 was reasonable. Kumalae said he thought the license too small and the brewery should pay more. The report was tabled to be taken up later.

The Committee on Public Expenditures reported on the Wilcox shortage as reported elsewhere. On motion the report went to the Printing Committee and then the order of the day was taken up.

### COUNTY BILL TAKEN UP.

Chillingworth moved the taking up of House Bill No. 3, the County bill. It was read a second time by title and Chillingworth moved reference to a committee of seven.

Long said that he was in favor of taking up the bill at once so that the House could know just how the members stood. He said he did not want a committee to kill or change the bill nor committee of the whole, for there would be too much discussion. He wanted action.

Chillingworth said at once that if the members thought time would be gained he would withdraw his motion as he wanted speed.

Aylett said he favored a special committee. The consideration of the bill in the Senate was almost ended and he thought there should be action in the House that would facilitate matters. No time could be gained until the Senate had acted on a bill and a House committee could thus get along faster and act along lines leading to success.

Kumalae said a committee would simply be taking up time, as two weeks would not be enough for consideration. He said that would practically kill the bill. If the bill is to be killed let it die in the House. He was afraid there was no time for such delay, and said he felt there was opposition to the measure.

Fernandez wanted a special committee and said that the other County bill would go to the same committee. The Home Rule bill had been printed and soon would be before the House.

Kupihea asked that consideration of a County bill be deferred until the Home Rule bill was ready. The House here took a recess.

### AFTERNOON SESSION.

Two motions confronted the House when it met after recess, Long's motion to proceed immediately, section by section, and Aylett's suggestion to refer to a special committee.

John Gandall opened the discussion by saying this was the most important measure of the session. The people have the greatest interest in the bill, and many amendments and suggestions have come to Representatives. If a committee takes the bill, these amendments could be then considered. He favored nine members on the committee, saying that they would represent all the people. He moved that the committee be of nine members, and that each island be represented, the apportionment being three from Oahu and two each from Kauai, Maui and Hawaii.

Aylett said that there should be two from each district of Oahu and Gandall was ready to surrender one to Oahu, and there was a discussion which lasted for a half hour, after which the amendment and resolution referring the bill to a committee of nine passed.

### MANY BILLS PASSED.

The order of the day became House Bill No. 51, relating to committing offenders to industrial and reformatory schools, which passed third reading by ayes 27, noes 1.

House Bill 52, relating to waiver of trial by jury in criminal cases less than felony, was next called up. The Speaker refused to entertain an amendment to the Hawaiian version, saying the House was enacting laws in English

(Continued on page 3.)

## Cures Colds at Once

During the last year more sufferers from colds, whether in the head or lungs, have been cured by Halpruner's Wonderful Medicine than all the other medicines combined.

What is the use of wasting words and suffering with a cold when you can get relief within two minutes time after taking Halpruner's?

People who know the value of Halpruner's Wonderful Medicine never have colds any more—they keep this remarkable medicine in their home, where they can get at it quickly as soon as they feel the first symptoms of cold.

For a cold in the head they inhale the vapor by pouring a few drops of the medicine in their hands and holding them beneath the nostrils—also taking a teaspoonful every hour or so. The inhalations give immediate relief and the internal dose drives out the cold and the cause of it.

If the cold is in the throat or lungs they rub the medicine in until they know it has penetrated deeply and is doing the work it was intended to do. Internal doses are also good for a cold in the throat and lungs, for Halpruner's seeks the seat of the trouble and removes the causes quickly and permanently.

All druggists sell Halpruner's Wonderful Medicine—50c and \$1 a bottle. If you find one who does not ask him to get it for you. If he will not get it and tries to talk you out of it go to the next drug store and demand the genuine

### Halpruner's

If your druggist won't supply you send the price to us and we will send you a bottle by prepaid expressage. Halpruner Medical Manufacturing Co., 28 California St., San Francisco. 33

## Time is a Great Leveller of all Things

**B**UT it takes double the time to bring the Stein Bloch Suits and Overcoats to a worn out condition that it takes other makes; and even in old age Stein-Bloch products retain an air of individuality and distinction possessed by none others. This is worked into the garments in the making and never leaves them, and this is:

**one of the reasons why Stein-Bloch Clothes have attained their most enviable reputation.**

To be considered well dressed you should take great care of your clothes, keep them always cleaned and pressed; but even with the careless man Stein-Bloch garments will stand more abuse than other makes and still look presentable.

It is the careful selection of beautiful wear-resisting fabrics and most improved methods of tailoring that combine to make these clothes the most satisfactory kind in the world, not even barring the products of high-class custom tailors.

By wearing the Stein-Bloch Wholesale-Tailored Clothes you will save about one-half of your tailor's bill, and this will practically pay for all the little articles of Haberdashery you need for this Season. Have you thought of that?

Suits, \$15 to \$25. Top Coats, \$15 to \$35.  
AND YOUR MONEY BACK FOR THE ASKING.

## COUNTY BILL IN HANDS OF NINE HOUSE MEMBERS

(Continued from page 2.)

and the translations were for the convenience of members. The only course was referring back to the enrollment committee. The bill passed third reading by 26 to 2.

House Bill No. 54, relating to the jurisdiction of circuit and district judges, repealing and amending certain laws, brought out the objection from Pali that Andrade was absent and could not explain its provisions. There followed a long and fruitless discussion, the bill finally passing by 20 to 7, Speaker Beckley not voting as he had been absent for a time.

House Bill No. 55, relating to guardians and wards, was passed, ayes 27, noes 1, Paele.

House Bill No. 59, bearing upon the giving of notice by publication, received a unanimous vote, ayes 28.

House Bill No. 50, relating to desertion, found only 20 friends and 7 opponents.

### EMERGENCY BILL PASSED.

This brought the House up to the emergency bill. Kupieha renewed his fight against the measure, moving that the bill be referred to the public lands and internal improvements committee. Wright moved to reject the bill, and Knudsen moved to pass the measure. Kalama spoke in favor of the bill and Kupieha wanted time to speak. Harris was aroused by this, and he said that if the House should send this back to another committee after the finance committee had worked so hard on it, then the finance committee would resign. Kupieha explained that the public lands committee wanted the bill so that it might cut out some things and add others. Fernandez ridiculed the idea that the public lands committee could find anything to add now, and said the bill should pass. The House agreed to the bill, 25 ayes to 3 noes, party lines disappearing.

A motion to adjourn failed, and bills on second reading came up. No. 18, to amend the title of chapter 62 of the penal laws, bearing upon the leper laws, was laid aside to be taken up with Kanho's bill. No. 74, to amend chapter 16 of the penal code, which is of the same nature as another bill, was tabled. No. 80, relating to divorce and separation, went to the judiciary committee. No. 85, relating to immoral practices, went to the miscellaneous committee. No. 106, to extend Pauahi street from Nuuanu to Fort Street was sent to the public lands committee.

The House then adjourned to 10 o'clock this morning.

### IN THE SENATE

Senator Baldwin for the Ways and Means Committee reported favorably the bill repealing the twenty cents a share stamp tax on corporation stock. He said the tax was not excessive but that it had the effect of diminishing the sale of Hawaiian shares on the mainland. The revenue was not sufficient to make the repeal of the law serious to government revenues.

Senator McCandless opposed the adoption of the report saying the last eighteen months' receipts from revenue stamps were \$96,955. Senator Achi stated that not five per cent of this was from corporation stock stamps, and Senator Baldwin said that it would not exceed two per cent. He said also that the present law led to evasion, and that much stock was transferred without being shown on the books. The report was adopted, nine to three, and the bill will be put on its passage today.

### MORE PAY FOR PILOTS.

Senator Baldwin reported against the passage of the pilot bill giving them fees instead of salaries. He reported that the Territory's profit last year was \$17,441 and he did not believe in abolishing this source of revenue. The committee favored an increase of the compensation of the four pilots from \$200 to \$300 a month. The report was adopted and the bill tabled.

### GAS FRANCHISES.

Senator McCandless reported for the Public Lands Committee on the W. W. Dimond and A. L. C. Atkinson bills for gas franchises without recommendation; asking that they be considered in committee of the whole.

Senator Wilcox for the Educational Committee reported favorably the petition for a school house in Oiaa and recommended a \$4200 appropriation for that purpose.

### ABOUT VACCINATION.

Senator Wilcox for the Health Committee reported adversely to the Kaohi bill repealing all vaccination laws and offered a substitute which passed first reading. The committee reported that "scientific and medical men agree to the efficacy of vaccination in preventing the spread of smallpox, and we cannot entertain for a moment the repeal of all such laws." The bill was laid on the table.

The substitute bill strikes out four sections of the old law and amends others. No child can enter any school without a certificate of vaccination, and teachers are liable to a five-dollar fine for permitting this. The Board of Health in time of smallpox epidemic

is given power to compel vaccination. Any physician using other matter than bovine virus for vaccination is liable to a fine of \$500.

### FAVOR LOCAL OPTION.

Senator Dickey for the miscellaneous committee reported favorably the local option law, Senator Kalua not concurring. The committee reported that this is the fairest way to settle the liquor question, and is a copy of the Ohio law, giving full control by precinct. One amendment is offered permitting hotels having more than twenty guests to serve liquor, but not from a bar. The license fee is fixed at \$500. To be considered with the bill.

### THE WINSTON RAILROAD.

The Miscellaneous Committee also reported favorably the Winston bill for a railroad from Honolulu to Makapuu Point with some amendments. Senator Dickey reported that there was serious opposition to more railroad tracks on King street in Palama and also as to the proposed location of the terminus in Honolulu. The committee finds that the road would be of great benefit and open up large tracts for suburban residences. One amendment proposed that two and a half per cent of the gross receipts be paid into the public treasury. To be considered with the bill.

### JUDICIARY REPORTS.

Senator Brown for the Judiciary Committee reported favoring Senate Bill No. 93, which makes existing law conform to the statute of limitations. Favorable report was made on the bill giving circuit judges exclusive jurisdiction of applications of deserted married women for certain powers; also removing the penalty for killing the mynah bird; also repealing the bounty for the killing of mongoose; also making changes in the office of registrar of conveyances; also repealing the act to prevent prosecution of any officer of the government.

All of the above reports were adopted and the bills will be put on their final passage today and Friday. On the vote on the last bill Senator McCandless, who was in the chair, called for the raising of the right arm, to which Senator Baldwin naturally objected.

Senator Achi wanted leave to employ a typewriter for the Municipal Bill Committee which was granted.

### PRINT ESTEE'S DECISIONS.

Senator C. Brown introduced a bill providing for the printing of the decisions of the United States District Court of Hawaii, conditional upon the turning over to the Secretary of the Territory by Judge M. M. Estee of the decisions rendered by him. The syllabi of decisions is to be prepared by

## Marvelous Escape from Death!

## PAINE'S CELERY COMPOUND

Does a Wondrous Work for a Lady Who Was Almost Crazy with Pain and Suffering.

It is well known that terrible rheumatism, sciatica, and neuralgia cause more helplessness, acute suffering, and agony, than any of the other diseases that afflict humanity. The great medicinal virtues of Paine's Celery Compound make it the only trustworthy specific for the cure of all forms of rheumatism and neuralgia. Thousands of strong testimonial letters from the most prominent people of the land, prove that Paine's Celery Compound has banished these terribly fatal troubles when all other treatment has failed. Mrs. Margaret Bethel, of Brainerd, Minn., after thirty years of agonizing tortures had a desire to end her life, if it was the will of Heaven; she almost prayed for the time to lay it down. Heaven-directed, she made use of Paine's Celery Compound, and is enjoying true life once more. She says:—

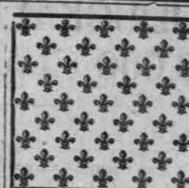

"For thirty years I have been a great sufferer from neuralgia in the head, and also with rheumatism in the whole body. I began taking Paine's Celery Compound and soon found I was much better. Before taking the Compound, my life was such a burden that I almost prayed to lay it down. I was bedfast every two weeks with horrible pain in the head, back, and neck, until I was almost crazed. I am able to do harder work and more of it today than for twenty-five years. I am really enjoying life again, thanks to Paine's Celery Compound. I am satisfied that my life has been prolonged many years by its use."

## Diamond Dyes Color Anything Any Color

The best school hose is fast black for boys and girls at 16 1-2 cts. a pair.

## PANAMA HATS

\$7.50 \$10.00 \$15.00

For Ladies and Men. And the best hats in town at that. Also new straws and felt hats.

1071 BISHOP ST. Alex. Young Bldg.

## LEVINGSTON'S

Judge Estee and the work is to be done under the supervision of the Secretary of the Territory. An appropriation of \$1700 for expenses is made, and 750 volumes are to be printed and copies are to be distributed to various Federal and Territorial officials. The bill was ordered printed.

Senator Crabbe presented a bill authorizing the government to acquire the Pauoa springs.

Senator J. T. Brown moved a reconsideration of the income tax repeal, which was lost, Kalaokalani and Kaohi voting with the Republicans.

Senator Dickey presented a resolution providing an appropriation of \$400 for repayment of postmasters, who suffered loss through the change from Hawaiian stamps, the old appropriation having been insufficient. Referred to Ways and Means Committee.

Action on Senate bills No. 67, 71 and 106 was deferred until Monday.

### ATTORNEY'S FEE RAISED.

The bill limiting the admission of attorneys to the justices of the Supreme Court passed with an amendment by Paris raising the fee from \$10 to \$25. Senator J. T. Brown moved to postpone indefinitely—lost.

Senator Dickey thought the amendment all right and said Masons' paid a \$50 initiation fee. J. T. Brown, Kalaokalani, Kaohi, Kalua and Woods voted "no."

The bill providing for notices by registration boards passed unanimously.

### INCOME CHANGE KILLED.

Senator Achi introduced his bill reducing the income tax from two to one per cent and it was rejected at once on motion of Senator C. Brown. Senators Brown, Wilcox, Dickey, Baldwin, Kalua, Paris and Kalaokalani voted in favor of rejection.

### HOUSE BILL KILLED.

House Bill No. 34 was effectually killed in the Senate by a vote of ten to two. This is the bill giving to stockholders of corporations power to vote all their stock for one man or for all of them, giving minority stockholders greater privileges. The bill passed in the House some time ago, but the similar bill in the Senate was reported adversely by the Judiciary Committee. When the bill came up yesterday Senator Brown moved that action upon it be postponed for forty-five days. He said the corporation law is all right as it is. Senator McCandless, who introduced the bill, said that he didn't know it would affect his friends when he presented it but he believed it was not a bad bill. He said that it was one of the first bills passed by the House and to kill it would be an injustice to the House, "which we will hear from."

Senator Achi made the point of order that the motion was to extend consideration of a bill beyond the term of the session, and Senator Brown moved to thirty-five days, which brings it to the very last day. The motion prevailed, McCandless and one other voting against it.

The bill defining the Board of Health went over until Friday.

Adjournment was taken just as the six months' salary appropriation bill was reached and it will be first for consideration today.

THIS IS THE SEASON when death stalks through the land in the form of pneumonia. The surest defense against this disease is Chamberlain's Cough Remedy. It always cures and cures quickly. Benson, Smith & Co., Ltd., wholesale agents, sell it.

WALTER G. SMITH - - EDITOR.

THURSDAY : : : MARCH 19

AS TO CONUNDRUMS.

Superintendent Cooper tells the Bulletin that he does not see any conundrum in the matter of the shortage of \$2337.85, the initial responsibility for which lies with the present disbursing clerk of the Board of Public Works.

Charles Wilcox received money to pay out for the monthly wage scale of road boards, and instead of using it for that as the law requires, he turned it over—so he says—to B. H. Wright, who had no more business with it than he had with the Governor's salary.

This suggests the conundrum of where the interests of the government were cared for under a system which permitted clerks to loan public money to each other on "continuing I O Us" which were not related to more than one of several loans made and were merely taken for individual protection.

Charles Wilcox intimates that he gave the \$2337.85 to B. H. Wright because of the directions given by J. H. Boyd to all clerks in the Department to obey Mr. Wright's orders as chief clerk.

The explanation is given by Supt. Cooper and Deputy Auditor Meyers that the road board warrants dated in June and July were cashed by Wilcox at the bank and this cash turned over to B. H. Wright; that later in the year when the Government was in funds, the bank cashed the warrants at the Treasury and they were indorsed by the Treasurer as being paid on the date when presented by the bank.

The House Committee on Expenditures reported yesterday that the Kawahau road board payroll dated July 31, 1902, for \$424.10, is covered by a warrant dated Aug. 15, 1902. We quote: "This was endorsed by Mr. Charles Wilcox and drawn by him from the Treasury. The date of payment by the Treasury on warrant shows November 25, 1902, over two months after B. H. Wright left the Public Works Office."

Conundrum No. 5.—Who invented the explanation that the warrant was cashed by the bank and not by Wilcox?

An Editor Stricken. NEW YORK, March 11.—Beriah Wilkins, owner of the Washington Post, has been stricken with paralysis in the Waldorf-Astoria. He was unconscious late last night and unable to recognize the members of his family who had been summoned to this city.

The attending physician said the life of Mr. Wilkins was trembling in the balance. Although they hoped he might recover they admitted that the patient might pass away at any moment.

Mr. Wilkins was a representative in Congress from Ohio fifteen years ago. With Frank Hatton, former Postmaster-General, he acquired possession of the Washington Post about 1890. Mr. Wilkins returned from abroad a month ago. He has been in ill health for several weeks. Mr. Wilkins is 57 years of age. He was born in Ohio and was formerly a banker in Urbichsville, that State. He was an Ohio State Senator in 1879.

HOW LILUOKALANI LOST HER \$200,000 CLAIM IN CONGRESS

(Continued from Page 1)

Mr. Morgan. I was about to suggest to the Senator from Iowa that this matter had better go over and be considered by itself, and at a later hour we can resume its consideration. I was a member of the commission which passed upon this question, and we decided against it after very complete examination. My own judgment about it is that there are others besides Liliuokalani who will come in if we have got to settle with the royal family down there. She was the representative of those interests because she became functus officio at a time when she seemed to be royal, and there was at that time a crowd of royalists around who were licking their chops to get money out of the Treasury. I think we had better look into this matter a little more carefully.

Mr. Hoar. Mr. President, if the statement of the Senator from Alabama [Mr. Morgan] had not been made until after the matter had gone over, I should not desire to say anything; but I should like to make a brief statement about the subject in this connection.

I myself had a very strong feeling against this lady, growing out of some newspaper reports, but a lady whom I know very well, who is the wife of one of the most eminent business men in Boston (indeed, in the country), is the cousin of the husband of this Queen. She has been for many years very intimately acquainted with the late Queen and has received her as a guest in her house. She tells me a story, which I believe the committee have found to be true. It is to the effect that these lands are lands which fairly might have been claimed to be the private property of the Queen, and not mere crown lands. Their proceeds had always been used for the private support and maintenance of the royal family.

This lady since her dethronement has done everything in her power to reconcile her people to the rule of the United States. She has publicly declared—and her declaration has great authority with those people—that the best thing which could possibly happen to that unfortunate and decaying people was that they should come under our control. Her influence has been of great value. She is a woman of great personal worth. That, of course, does not settle any legal question, but it is a fact which is known. She has used all the money she could get, living in a most self-denying, prudent, and strict manner for her, in educating the children of some of her dependents and officials about the court, who, when she was Queen, depended upon her. She brought them to this country and has spent her money for their education and support here.

Under those circumstances, there being a very fair claim for Crown lands of much larger value, the fact having been that, under circumstances the history of which is known to the whole Senate, she was deposed, it does seem to be a pity that we should haggle with her about this \$200,000, which, being invested in any permanent investment, would yield an income of not exceeding \$8,000 a year, and more likely not so much.

I have no earthly interest in this matter except for two reasons, the interest occasioned by this story and the desire to atone, if I can in any way, for a public utterance of disrespect toward this lady that I made in Massachusetts in a Republican convention a few years ago, having been misled and deceived by what I had read in the newspapers.

I shall not, however, undertake to debate the matter, but I trust the committee will explain the situation when it again comes up. I have stated the general nature of the case.

Mr. Spooner. Mr. President, I want to say just a word about this matter now.

I did not put the question to the Senator from Iowa [Mr. Allison] for the purpose or with a view of antagonizing this proposition. At one time I gave some examination—not being chargeable, however, by the Senate with that duty—into the claim of this lady in relation to the crown lands of Hawaii, and I came to the conclusion that the crown lands of Hawaii pertained to the crown and belonged to whomsoever the crown belonged; that they were not in any sense the private property of the individual who happened for the time being to wear the crown, but followed the sovereignty.

I have never said any disrespectful thing of this lady, and if I had spoken wrongly of her I would not ask the Government of the United States to make amends.

Mr. Hoar. The Senator certainly does not understand me to make any such contention as that?

Mr. Spooner. I do not.

Mr. Hoar. I said I had an interest in seeing that she should receive justice because I had once done her an injustice, and I am not ashamed of that utterance.

Mr. Spooner. I have no interest of any kind to see that she has justice done her, except the interest I have in seeing that everybody to whom the

United States is in any way beholden shall be justly dealt with.

If there is any claim upon the part of Liliuokalani to these lands as an individual, contradistinguished from the sovereign—I mean a just and fair claim, although not technically perhaps a legal claim—I agree entirely with the Senator from Massachusetts that it should be dealt with in a broad way, but I had not supposed that we were to pay her this \$200,000 on account of any wrong in her deposition and by way of damages for that; but what I wanted to know from the Senator was upon what this claim rests.

Mr. Allison. It rests, as I understand the committee having charge of this subject, largely upon what they call an equity in her favor arising out of the transaction with which we are all familiar.

Mr. Blackburn. If the Senator from Iowa [Mr. Allison] will permit me, I will make answer to the Senator from Wisconsin [Mr. Spooner].

Mr. Allison. I yield to the Senator. Mr. Spooner. I shall be glad to yield to the Senator for that purpose.

Mr. Blackburn. I will wait until the Senator from Wisconsin concludes.

Mr. Spooner. I am asking for information, and I should like to hear the Senator now.

Mr. Blackburn. I will state, Mr. President, that I, under direction of the Committee on Pacific Islands and Porto Rico, reported this amendment to the Senate and had it referred to the Committee on Appropriations, and that committee has it incorporated into the sundry civil appropriation bill.

I will say further that the Committee on Pacific Islands and Porto Rico was unanimous in recommending the adoption of this amendment, and the Committee on Appropriations without dissent has reported it for the favorable action of the Senate.

Now, to answer the Senator from Wisconsin—I agree with him thoroughly, and I am sure that I represent the views of every member of the Committee on Pacific Islands and Porto Rico—it is not contended in the report made by the committee, it is expressly stated by the subcommittee of that committee, which visited the Island of Hawaii last summer, that there is no legal claim upon the part of Liliuokalani against the Federal Government. She has no day in court.

I agree with the Senator from Wisconsin further that the fee to the crown lands, the rental of which is made the basis of this recommendation, was not in her. It was in the sovereign of those islands; but in the rents, issues, and profits arising from those crown lands she had absolute title.

Mr. Spooner. While she was Queen. Mr. Blackburn. While she was Queen. She did with those rents what she pleased, and accounted to nobody. Since her dethronement, in round numbers ten years ago, this Government has collected from those crown lands, in round numbers, \$450,000, and is still collecting those rents.

(To be continued.)

SCOURING YOUR SCALP.

Will Remove the Loose Dandruff Scales But It Won't Cure Dandruff.

If your hair is brittle and thinning, you have dandruff. The mere scouring of the scalp of the loose scales, won't cure dandruff; because dandruff is nothing but scales of scalp being thrown up by a pestiferous little germ in burrowing its way to the root of the hair where it saps the vitality causing falling hair and, in time, baldness. Now you can't stop dandruff, nor falling hair, nor prevent baldness unless you destroy that germ; and the only preparation that can do it is the new scientific discovery, Newbro's Herpicide. In fact no other hair preparation claims to kill the dandruff germ—all of them will clean the scalp; soap and water will do that, but only Newbro's Herpicide gets at the root of the trouble and kills the dandruff germ.

HOSTETTER'S CELEBRATED BITTERS FOR HEALTHY BLOOD

The blood is the source of strength. If you are weak you need a medicine to tone up your stomach and make plenty of rich red blood. The medicine to do this is Hostetter's Stomach Bitters. It will not shock the system, and it cures INDIGESTION, DYSPEPSIA, HEARTBURN, BELCHING AND MALARIA, FEVER AND AGUE. A fair trial will convince you of its value.

HOSTETTER'S STOMACH BITTERS

Get the Most Out of Your Food

You don't and can't if your stomach is weak. A weak stomach does not digest all that is ordinarily taken into it. It gets tired easily, and what it fails to digest is wasted.

Among the signs of a weak stomach are uneasiness after eating, fits of nervous headache, and disagreeable belching.

"I have taken Food's Sarsaparilla at different times for stomach troubles, and a run down condition of the system, and have been greatly benefited by its use. I would not be without it in my family. I am troubled with weak stomach and nausea and find Food's Sarsaparilla invaluable." E. B. HICKMAN, W. Chester, Pa.

A VITAL DIFFERENCE.

When caught in heavy gales at sea the fishermen of Norway often used cod liver oil to break the force of the waves. They do this by squeezing the cod livers over the raging water. For this purpose the oil in its natural state is perfectly adapted. But when you come to think of it as a remedy for consumption and other wasting complaints it is quite a different matter. To eat fat does not prevent the loss of fat, or flesh; much less does it put flesh on. That is why there is no foundation whatever for the faith some badly-informed persons have in plain cod liver oil as a remedy. Any starchy food, such as rice, is more fattening than any oil, but all starchy foods are horribly indigestible, and so is plain cod liver oil; and good digestion is of all things necessary to invalids. On the other hand pure cod liver oil contains medicinal principles of a high order, but to be of use to the sick they must first be extracted from the abominable grease and scientifically blended with other curative and nutrient substances of equal value. This has always been successfully accomplished in WAMPOLE'S PREPARATION which is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. In this scientific union of ingredients we have the perfect flesh-maker and life-giver, with a successful record in Anemia, Scrofula, Throat and Lung Troubles, and all diseases of the blood. Contains the gold of cod liver oil freed from its base metals. One bottle convinces. Begins its good work with the first dose. Sold by all chemists here and everywhere throughout the world.

MONEY FOR ROADS IS TWICE PAID

House Receives a Report on Wilcox.

How the Warrants Were Cashed and Then Held.

No Investigation, Warrants Twice Drawn and Request for Appropriation Under Another Dist.

Basing its report, which reads like an indictment of the Governor, rather than a mere report of findings of fact, upon detailed statements of its accountant, the committee on public expenditure yesterday submitted a sensational statement of the Charles Wilcox shortage to the House. There are some facts brought out which are new, even if public knowledge of the shortage is not, and the report says that Registrar Hapai will swear that the November warrant was paid, on the day stamped, to Wilcox. The Governor, Attorney General, and Superintendent of Public Works are censured for not making known the facts to the grand jury. The report is as follows: "Your committee on public expenditures respectfully submit the following report on the embezzlement of Public Works Department funds in the sum of \$2,337.85 during July and August, 1902, as follows: "We find from the report of W. R. Sims, expert for your committee, (a copy of which is herewith submitted) who has thoroughly investigated the matter: "First—That this embezzlement was known to the Governor, Superintendent of Public Works and Attorney General, and that no legal action was taken by them in the premises to punish the guilty party. "Second—That moneys have been drawn illegally from the road tax special deposit of Kaula to liquidate payrolls unpaid through this embezzlement. "Third—That the Governor apparently attempts to cover the whole matter up in his special message to the Leg-

FINDINGS OF ACCOUNTANT.

Accompanying the report are two papers of value, one the statement of findings of the accountant and the other that of Wilcox, the accused. The facts of the shortage in the Road Board accounts are those which have been printed. These show that the majority of the warrants were presented to the Auditor, ordered paid at the Bank of Hawaii, and cashed there by Wilcox. The report further says that the Kawahau Road Board, \$424.10, warrant, 5,925, dated August 15, 1902, was drawn on the Treasury and stamped paid on November 25. H. C. Hapai, registrar, is ready to swear that the money was paid on that day. It was found, however, that warrants to the amount of \$131,674.50 were paid out of the Chinese fund, between May and November, and no statement of dates kept, but all were stamped as of November 25, when the Treasury was in funds, so it is impossible to locate the exact date of the drawings of money covered by warrants so cashed.

The statement then recites how Wilcox got the money and paid it over to Wright, the security being an I. O. U., dated March 25, 1902, from B. H. Wright, which is said to cover the "improper" transactions. The fact that such moneys were turned over to Wright is verified, it is said, by employees of the office, in an examination in September, the copy of which is in the Governor's office. Also that there was no legal action brought by the Governor. The report then says: "I find, further, that the amount of \$1,253.85 of these payrolls has been drawn from special deposit of road tax to pay same by S. N. Hundley, chairman of the Kawahau Road Board, same appearing in the Public Works Department accounts with this road board, November and December, 1902, thereby adding further illegality to this transaction."

After quoting the report of Superintendent Cooper as to the shortage, the report concludes: "Further, that Governor Dole, in special message to the Legislature, February 28, 1903, completes the train of irregularities by asking for an appropriation under the caption of 'Roads and Bridges, Fourth District,' for an item Road Board pay rolls, \$2,337.85, to cover the amount of embezzlement."

WILCOX MAKES STATEMENT.

Accompanying this statement is the following from Charles Wilcox: Department of Public Works, Honolulu, T. H., March 13, 1903. Statement regarding moneys drawn on (receipted) road board payrolls for labor and not remitted: I was appointed a clerk in the Public Works Department on or about the middle of June, 1901, and received instructions as to my duties about the office from the chief clerk, R. H. Wright. Later, after receipt of an anonymous letter hinting that office secrets were leaking out, the Superintendent, Mr. Boyd, gave us clerks a talking to, and told us that any clerk who would not mind his own business and do his work as told would be discharged. He told us that he held Mr. Wright, the chief clerk, responsible for the business in the main office, as with his own work to look after it was impossible for him to look into the details of the office; that all the clerks were under B. H. Wright, and that any clerk who refused to do as Mr. B. H. Wright desired would be discharged.

That was the time Mr. George C. Ross was discharged. August 27, 1901, Mr. B. H. Wright wrote to H. C. Austin, Auditor, that I had been appointed disbursing officer for the Department. (Letter book 13, page 32.) After that warrants for labor payrolls were issued in my name. The custom with Road Boards were to send in payrolls already receipted for any work they desired to be charged to some road appropriation, warrants issued for such payrolls I kept in a drawer until I received instructions to forward the money, or an order to pay over these amounts to the proper parties, as the case may be. Some time later (I think in January, 1902) I was called into the Superintendent's office and questioned in regard to them and told that I must cash the warrants right after receiving same and keep the cash in my drawer instead of the Treasury warrants. Shortly after the chief clerk asked me for the cash in my drawer. I let him have it, only asking in return that he give me a receipt to show for it. He gave me an I. O. U. The same thing took place in February, in March, and every month thereafter until the latter part of August, 1902. After Wright took the cash from me and orders for payment (as provided in the road law) came in he would refer them to me and if all right he would pay same or ask the party presenting same to call for his money later. Nothing was done regarding payment of these moneys without his previous knowledge and approval, and it is a fact that Road Boards would send in receipted payrolls and that it was often months after before they would forward an order for the money due them for said payrolls. Respectfully, CHARLES WILCOX, Second Assistant Clerk.

THREE NEW BOATS FOR THIS TRADE

Jap Line Needs More Modern Steamers.

Decides to Order the Building of Them at Once.

Occidental and Oriental to Get in Line for Improvement Also.

The Pacific Mail, in putting the Siberia and the Korea on the Asiatic run, has stirred up the trans-Pacific carrying companies, and now it is announced that the Toyo Kisen Kaisha will order at once for this service three new giant steamships with a gross tonnage of 13,000 each. Plans have been prepared for these ships, and it is only a question now of where they shall be built. That point will be decided before the end of the current month, and then the contracts will be let at once. There are, at present, three steamers doing the service on the Japanese line, namely, the Nippon Maru, the Hongkong Maru, and the America Maru. They are fine ships, built in England some six or seven years ago, but they only have a tonnage ranging from 5,000 to 6,000, and so are not in the same class with the big Pacific Mail liners, and neither of them is as fast as the Mail boats. The Japanese line, as everybody knows, keep up a joint service with the Pacific Mail and the Occidental and Oriental lines, and it is the desire of the Southern Pacific people, who own the majority of the stock of the Pacific Mail, and who also, with the Union Pacific, control the Occidental and Oriental Company, to continue this contract indefinitely, but everybody connected with the shipping business knows that the Japanese boats cannot hold their share of the trade unless the boats are made at least as good as the Siberia and the Korea. As the managers of the Japanese company are strictly up to date shipping men, they realize this fact as keenly as anybody, and so have determined to order the new boats. The Occidental and Oriental Company is to be put in line, also, but in the case of this company the thing will be managed in a different way. The three ships leased by this company are leased from the White Star Line. They are good boats, but they are not up to the latest requirements of Pacific ocean trade, either, so it is planned to give up all three of them in the near future, and lease three of the largest and finest Atlantic liners that can be secured. This will put the three trans-Pacific lines once more nearly on a parity, so far as size and beauty and speed of ships goes, and the Pacific Mail boats will no longer get the bulk of the trade, as they now do. Also the San Francisco shipping combination will be better prepared to meet the active competition which it is believed Jim Hill, president of the Great Northern, is about to institute. Hill's plans, it is said, not only embrace a line from Seattle to the Orient, but a line from San Francisco, touching at Honolulu, as well, and running through to Manila. A service of this kind would cut into the Southern Pacific monopoly in a way that would be calculated to give Mr. Harriman several distinct kinds of heart failure.

BABY BORN ON TRANSPORT

There was a baby born on the transport Sheridan during her last trip from Manila to San Francisco. This is the first and only young American who has selected a troop ship as the scene of his first appearance on any stage. The mother is the wife of Lieutenant of Marines H. D. F. Long, and mother and child were both doing well when the transport reached San Francisco on March 3rd. Lieutenant Long has been stationed at Guam since 1900, and his wife was a Miss Hyatt, daughter of a school teacher who went to the Philippines as one of the army of teachers. The couple met and were married in the Orient. Recently Lieutenant Long was ordered to Mare Island, and the baby boy arrived on the transport on February 18, two days after the ship left Nagasaki. Naturally, the arrival created a decided flutter on-board, and the passengers on the Sheridan made

up a handsome purse for him to begin life on.

Shipping Notes.

The ship Marie Hackfeld will probably get away for the nitrate ports today.

The Wilder steamer Lehua sailed for the leper island at 5 o'clock yesterday afternoon.

The Inter-Island steamer Maui is on the Marine Railway for a thorough overhauling.

The bark Santiago sailed March 6 for Hilo from San Francisco with a cargo valued at \$38,329.

George W. Lucas, messenger at the custom house, has been promoted one grade in the service.

The schooner Helene cleared from San Francisco for Honolulu on March 10 with a cargo valued at \$18,500.

The bark Diamond Head cleared from San Francisco for Honolulu on March 6 with a cargo valued at \$28,071.

The four-masted schooner Aurora finished loading sugar yesterday and sailed at once for San Francisco.

The schooner Defender sailed for Mahukona from San Francisco on March 10 with a cargo valued at \$12,638.

For the first time since she has been in the trade the barkentine Fullerton is now loading oil at Ventura, and will come direct from that Port to Honolulu.

The big ship Kenilworth has finished loading sugar, signed her crew, and gone out in the stream. She will in all probability get away for New York today.

The American-Hawaiian steamship American arrived in San Francisco from New York on March 5, making the trip in fifty-five days and sixteen hours, which is the best passage made by any of this company's fleet.

The big freighter Arizonan of the Hawaiian-American line came into port on time from Seattle yesterday. She had good weather all the way. The Arizonan docked at the Railway wharf, and began taking on a cargo of sugar almost as soon as she had tied up to the dock. She will get away for Kaula, probably on Saturday.

The Sonoma is due from the Coast today, and the Korea will get in from the Orient, too, in all probability, although that is not certain. It was rather expected along the front yesterday that the Korea would try to do some record breaking and would come in toward evening, but she didn't. Perhaps Seabury has concluded to rest upon his laurels until he sees what the Siberia can do.

BY AUTHORITY.

PUBLIC LANDS NOTICE.

APPLICATION FOR LAND IN OLAHA.

Applications have been made to this Commission for Settlement Associations on Government lands at the 27 1/2 Mile Tract in Olaha, Puna, Hawaii, known as the Otto Rose, Lewis and Brughell Settlement Associations, averaging in of area 200 acres a lot. Maps, etc., are now open for inspection in the office of Mr. E. D. Baldwin, Sub-Agent First Land District, Hilo, Hawaii. The public is invited to make such suggestions as to its dispositions. EDWARD S. BOYD, Commissioner of Public Lands. Public Lands Office, Honolulu, March 17th, 1903. A4430

EXECUTOR'S NOTICE OF SALE OF REAL ESTATE.

By order of John F. Colburn, executor of the Will of Antone Rosa, late deceased, acting under order of the Probate Court of the First Judicial Circuit, I shall, at 12 o'clock noon, ON SATURDAY, THE 4th DAY OF APRIL, 1903,

At my auction room in Honolulu, Island of Oahu, offer for sale at Public Auction to the highest bidder, all of the right, title and interest of the said Antone Rosa, and his estate in and to that certain Real Estate situate at Kaula beyond Diamond Head, and being Lot 4 of the Kaula Lots, formerly owned by said Antone Rosa, deceased, and being a portion of L. C. A. 8559B, Apapa 32, to W. C. Lunallo. This lot has a frontage of 100 feet with an average depth of 260 feet, has a commodious dwelling house and stable thereon and Government water is laid on. There is growing on this lot an old and valuable shade tree known as the "Hau" which for shade and coolness is unsurpassed.

This lot can be reached from either the Beach Road or that leading around Diamond Head, and is one of the rare opportunities offered for securing one of the finest seaside residences of our limited beach. Terms of the sale is cash in U. S. Gold Coin, and deed at expense of purchaser. The sale is subject to the confirmation of the Court. For further information and particulars, inquire of the Executor who will submit a map and accompany intending purchasers to the lot to view same if desired. JAS. F. MORGAN, Honolulu, March 18, 1903. # BUTCHERS FOR LEPERS

## Don't Like the Way Their Beef Is Cut.

### They Will Also Be Given Pennies for Change.

#### Board of Health Transacts a Lot of Business—The Contract for Paiai.

Two expert butchers are to be sent to Kalaupapa for two weeks for the purpose of instructing the Lokua butchers at the settlement how to handle beef. Supt. McVeigh reported yesterday to the Board of Health that for several years the lepers had been kicking because their meat is cut with an axe instead of sawed, and he favored sending two experts to Molokai in order to give the proper instruction to the men who handled the meat there. Mr. McVeigh said the action would tend to satisfy the lepers and he was instructed to take two butchers to the settlement.

WANTED PENNIES TOO.

Supt. McVeigh reported also that the lepers wanted copper cent pieces for circulation in the settlement, so that they might have sufficient for trading at the store. Supt. McVeigh was authorized to take fifty dollars worth of pennies to the settlement for circulation there.

WOULD SEE HER SISTER.

A letter was read from a California girl requesting that she be given permission to visit her sister in the Bishop Home, for several days, but it was denied as setting a bad precedent. She will be allowed to remain between steamers if desired.

Bids for furnishing medical supplies to Malulani Hospital were read and the contract was awarded to Benson, Smith & Co.

A long communication was received from Dr. Hayes of Oiaa asking that Dr. Stowe be removed and he be appointed. He claimed that Stowe was a resident of Hilo, and had that billet also. The matter was referred to a committee consisting of Dr. Mays, Moore and Andrews.

A letter was read from Ambrose Hutchinson thanking the members of the Board of Health for services in assisting the wants of the lepers. It was received and filed.

The committee on Jas. Nott, Jr.'s protest against the action of Plumbing Inspector Keen reported upholding the inspector. The board decided this case to be not a precedent for future cases, in answer to a question from Mr. Nott.

Regarding the fishing in Kalihii stream the committee reported that it was not best to stir the matter up.

KALUA ROASTED.

Twelve bids for furnishing paiai to

JESSE MOORE A. A. WHISKY BEST ON EARTH

Lovejoy & Co., Honolulu, H. T.

Distributors for... Jesse Moore-Hunt Co. San Francisco, Cal. and Louisville Ky.

the settlement were read and the committee recommended that the contract be given to Judge Kalua, the lowest bidder. There was some discussion over Kalua's ability to furnish the paiai, the statement being made that he owed several thousand dollars to taro planters and might not be able to secure a further supply. His bid was fifty cents a paiai and the next lowest was sixty-two cents and a half. The highest bid was eighty-five cents. The contractor is first required to furnish an approved bond in the sum of \$2500.

The plumbing inspector and the Hilo sanitary inspector rendered their semi-monthly reports.

Attorney General Andrews asked if all government physicians were citizens, and was informed that they were. He referred to Dr. Morris of Molokai, whose father, it is said, is an Austrian, and whose mother was a French lady, while he was born in England. Dr. Pratt replied that Morris was an American citizen, but further investigation will be made.

E. A. Mott-Smith called attention to the Senate's action on the Kalihii cemetery site, and said that if the law passed an amendment to the law might also be required. Referred to the Attorney-General.

Dr. Cofer reported health conditions in Australia as follows:

Brisbane, two weeks to February 25, 1903.—The three cases of plague occurred between the 12th instant and 19th instant inclusive. One death occurred on 13th instant and the other death occurred on the 20th instant. All cases of plague have been kept strictly isolated.

## THE SHERLOCK HOLMES DRAMA

Sherlock Holmes, the hero of several popular books, promises also to become the hero of more than one popular play. Gillett made him a theatrical success more by his own striking personality than by the literary merits of his adapted drama. There have been other attempts at representing the famous detective, and one of these is the version to be played by the Waldorf Company tonight. Having decided to prolong their stay here the Waldorfs have taken a lease of the Orpheum theater, where they open tonight in the version referred to under the title of "The Adventures of Detective Holmes." Mr. Norval McGregor will play Sherlock Holmes, a part for which he is said to be peculiarly well fitted. A critic of the London Express wrote of his conception of the character: "Mr. McGregor bids fair to come closer to our idea of the mentor of induction and deduction than did Gillett." Miss Waldorf will be seen in the smaller role of Irene Adler. The piece is reputed to be full of thrilling situations, and quite as sensationally melodramatic as the stories justify. It will be played on tonight and tomorrow night at popular prices.

## DWIGHT CALLED UPON TO EXPLAIN

C. B. Dwight, road supervisor for Honolulu, is the latest government employe to get into trouble and the Senate Committee is investigating his alleged action in employing outside teams to do work of the Department, while government teams were lying idle in the stables. The more serious allegation made is that these outside horses on the government payrolls were the property of Supervisor Dwight. The committee may report this morning.

## UNITED STATES IS BACKING BONDS

Samples of the fire claims bonds and instructions for their disposition were handed to Secretary Carter by W. O. Smith yesterday.

The sample bond shows a very artistic piece of workmanship but of more value is the title at the head of the bond: "United States of America." The instructions provide that bidders for the bonds must deposit ten per cent of the amount of the bid, before it can be considered.

## EXTEND KAHAIKI LEASES OPTION

U. S. Attorney Breckons yesterday closed negotiations with the Dowsett Estate for a two months' extended option of the Kahauiki tract which now takes in the whole of the tract wanted by the government. Attorney General Knox was notified of the fact by cable.

Appeals to the Governor.

Chinese friends of Wong Shia King, who was convicted of libel and given thirty days in jail, are circulating a petition for executive clemency. It is pointed out that the libel was in a paid advertisement, that Wong Shia King had very little to do with it, that he is a Christian man of exemplary character who supports a family by teaching, and that he is in poor health.

# PLANS FOR NEW BOARD

## Agriculture Will Be Carefully Fostered.

### Unpaid Commission to Have Control of Department.

#### Business Men's Committee Will Urge This Course Upon House Committee Which Has Bill.

Amendments, aiming to bring the agricultural interests of the Territory under control of a bureau fully equipped for the best work, have been decided upon by the joint committee of the interested bodies, and will as soon as drawn be submitted to the House Committee on Agriculture for their consideration in connection with the Isenberg law, and the estimates of the Governor for appropriations.

The committee which had the matter under consideration, consisting of F. M. Swanzy, W. M. Giffard, A. F. Judd, L. A. Thurston and C. F. Eckhardt, met at the residence of W. M. Giffard, and had a long conference over the changes which will be suggested to bring the department up to the high standard which in a Territory, depending entirely upon agriculture as does this, it should have.

The joint committee after long discussion decided upon the lines for the measure which will be pressed before the committee. In general the measure will be one for the formation of an unpaid Board of Agriculture, to consist of five members, which shall have entire charge of the various divisions of work. The department thus created will have two principal divisions, one devoted to Entomology and the other to Forestry. The purely agricultural matters will be placed in the hands of the Federal Experiment Station, and such appropriations made for the work as Mr. Smith may deem necessary.

The division of Entomology will be placed under the direction of a specialist in plant diseases, and the Board will give to that work careful consideration.

The Forestry division will engage the attention of a skilled man, to whom the Board may look for the preservation and care of the forests and the scientific reforestation of the islands.

The getting into form of these amendments to the measures now on the statute books, is under way and as soon as the work is concluded the House committee will be asked to give a hearing to the men who have the plan in charge.

FREE TO MEN! A BOOK FULL OF FACTS ABOUT

Dr. McLaughlin's Electric Belt for Weak Men

I KNOW THAT NO MAN REMAINS A WEAKLING BECAUSE he wants to; I am sure that you want to overcome every indication of early decay that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as a Saradov, and I know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that you who can't believe -- and I want you -- have my book in which I describe how I learned that manly strength was only electricity and how I learned to restore it; also I want to tell you the names of some men who will tell you that when they came to me they were physical wrecks and are now among the finest specimens of physical manhood.

**A HAPPY MAN**

Dear Sir: Having used your famous electric belt for thirty days, I have received the greatest benefit that a man could gain—that is, health and strength. The tired, despondent feeling has gone. I feel the beginning of a new life, and am ever your debtor.

F. O. Box 482, Tucson, Arizona. W. E. CLARK.

I want you to read this book and learn the truth about my arguments. If you are not as vigorous as you would like to be, if you have rheumatic pains, weak kidneys, loss of vitality, prostatic troubles, nervous spells, varicocele or any ailment of that kind that weakens you, it would assure you future happiness if you would look into this method of mine. Don't delay it, your best days are slipping by. If you want this book I send it closely sealed free, if you send this ad. Call for free consultation.

DR. M. G. McLaughlin, 906 Market St., Above Ellis, San Francisco.  
Office Hours—8 A. M. to 8 P. M.; Sundays, 10 to 1.

**A WOMAN'S VIEWS ABOUT MUNICIPAL OWNERSHIP**

Mrs. Eames, of Wahiawa, On Some of the Modern Developments of Public Control of Civic Utilities.

It is the admitted function of the municipal body to make and provide good roads, provide for clean and beautiful streets, supervise building schemes, prevent nuisances or conditions injurious to public health, and discharge other such duties which are necessary for the well-being of the whole community.

The provision of an abundant supply of pure water, a commodity which is needed by all and is essential to the public health, may be regarded as a perfectly legitimate function of the municipal body.

Municipal ownership of those enterprises connected with the application of the various forms of electricity, electric lighting, telephone service, electric power, and electric tramways is general throughout the United Kingdom.

**SOLUTION OF HOUSING PROBLEM.** One hears on every hand that the most effective solution of the housing problem is the extension of street car systems.

This is a solution which works as well in practice as in theory, and the control thereof, so vitally affecting the good of the community, should be vested in the municipality. The argument that street railways are monopolies, and that the municipal body should have the profits to be derived from the monopolies, especially when they are based upon the use of the public thoroughfares, more and more prevails.

Municipal enterprise pays to the extent of yielding vast sums in net profits for the municipal work of sanitation and renovation, and in a reduced rate to the consumer of water, light and transit. Discussion clarifies thought, and modern municipal discussion and experiments have brought to light what the functions of a local governing body are. Charter provision today cannot ignore the public demand for the new municipalism.

**MUNICIPAL OWNERSHIP OF STREET RAILWAYS A SUCCESS.**

Among municipal experiences in public ownership there is nothing of greater practical interest today to city authorities than the experience of Glasgow, Toronto, and other cities relating to municipal ownership of street railways.

In Glasgow it was agreed that the city should keep control of the streets, any part of which it was unwilling to surrender, that it should construct and own the tram lines, which were leased to a company for a yearly rental of \$750 per street mile. In the money conditions of the lease, the city's interests were certainly well looked after.

It was also provided that uniform fare should be two cents and morning and evening cars should be run for workmen at a one cent fare (in American money).

The total capital investment of the city was a little more than \$1,700,000. Interest charges on which were paid by the company.

In twenty-two years the sinking fund provided under the terms of the lease by the company had reached the sum of \$1,000,000, paying the full cost of the original system. There remained the cost of the newer lines, fourteen miles in extent.

The renewal fund provided for in the lease had left the system in perfect repair, and the city had received in cash a sum amounting to \$225,000.

As for the company, it had paid off its premium incumbrance, had earned good dividends, and had made due allowance for depreciation in its working plant. Notwithstanding the favorable conditions and financial advantages of this lease for the city, the municipality demanded at the expiration of the lease the benefit for the city of all the profits of the system, and accordingly took over the entire supervision of the railways under its own manager.

Toronto, Canada, has had a recent brilliant experience in municipal ownership of street railways, which puts American methods to the blush. The reduction of over one-half on car fare is an established gain to the whole community which cannot be despised or ignored.

It is twenty-five years since Manchester, England, began the construction of street railways. The municipal lines were rented to an operating company, which pays the city more than 10 per cent on the investment.

Renewals and repairs are made by the city and charged to the operating company. After sinking funds and interest charges have been duly considered, there remains a handsome net profit for the city. All this on a uniform fare of two cents (American money), with a morning and evening train for working men at a one cent fare.

It is not a theory, but a conclusion,

which we are considering. There are cities which have evolved a knowledge, made up in part of the experience of a quarter of a century, a knowledge comprising the science and art of modern city government, whose results in practical application are recent history.

These results demonstrate beyond question that municipal ownership and administration of such public utilities as gas, electricity, water, transit, etc., yield handsome net profits with which to meet sanitary and educational expenses; superior service, and reduced rates to the people.

Provision for municipal ownership we must have in the charter. There is an opening for the practical demonstration of the benefits of municipal ownership in Honolulu in the telephone service.

**CHARTER PROVISION FOR SANITARY RECONSTRUCTION.**

The renovation and entire elimination of slums is a field of municipal accomplishment in which Glasgow and Birmingham have set a commendable pace, with tangible and brilliant results.

"Science can meet and answer all of the problems of the modern city," says Colonel Albert Shaw. "The abolition of the slums and the destruction of their virus are as feasible as the drainage of a swamp, and the total dissipation of the miasmas." Demolition, recon-

**THE ODD PENNIES.**

For the sake of saving odd pennies do not buy an inferior emulsion of cod-liver oil when you really need Scott's Emulsion.

Scott's Emulsion costs more to buy because it costs more to make.

The difference in price is pennies. The difference in results is pounds—pounds of flesh—and days of new strength and comfort.

The consumptive and others who have lost flesh get more cod-liver oil into their systems by means of Scott's Emulsion than in any other way.

Send for Free Sample. SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

struction, and street widening under public auspices are no longer a novelty.

The cities of Glasgow and Birmingham have purchased solid areas of thickly populated districts, laid out new streets, established parks, and in the case of Glasgow given the city a system of modern streets in the center of the town which will be an advantage for centuries, and will repay the cost hundreds of times over.

We are confronted in Honolulu by problems resulting from the attempt to dislodge organization and the science of the modern city in ordering the common concerns of life in dense population groups.

The science of the modern city some one has truly said includes administrative science, engineering and technological science, sanitary science, and educational, social and moral science.

The science and art of making and administering a city government which shall consider the welfare of all the people of the commonwealth should engage the attention of men of talent and enlightenment, men who have a high ideal for the municipality, a large conception of its possibilities, besides possessing great technical knowledge and experience. There is no more practical field for an enlightened philanthropic zeal.

A charter provision for the acquiring and reconstruction by the city, subject to ratification by vote of the people, of congested, insanitary areas of shacks traversed by crooked lanes, makes for public betterment.

ANNA ALWARD EAMES.

**FAIR EXCHANGE.**

A New Back for an Old One. How It is Done in Honolulu.

Sometimes the back aches with a dull, indescribable feeling, making you weary and restless; sometimes pain shoots across the region of the kidneys, and again the loins are so lame to stoop is agony. No use plastering or rubbing the back in this condition. You cannot reach the cause. To exchange a bad back for a new and stronger one, follow the example of this Honolulu citizen:

Mr. A. J. Cahill, of Fort street, this city, night watchman in the employ of Messrs. T. H. Davies & Co., Ltd., says: "Whilst a young man I was a sailor and at one time worked for the Inter Island service. I was, however, obliged to give up sea life on account of severe suffering from my back and kidneys. For this I had tried various remedies, but the one which restored me to health was Doan's Backache Kidney Pills—procured at Hollister's Drug Store. They relieved me completely after years of suffering. If any one desires further particulars he may apply to me. I am to be found at Van Dorn's Ship Chandlery, Fort street."

You should get the same medicine which helped Mr. Cahill. See that the full name DOAN'S BACKACHE KIDNEY PILLS is on the wrapper and refuse any imitation.

Doan's Backache Kidney Pills are sold by all chemists and storekeepers at 50 cents per box, six boxes \$2.50, or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

**Ayer's Cherry Pectoral**

It will prove a good friend when you have a fresh cold, bringing immediate relief. You will find it equally true in old colds, bronchitis, whooping-cough, asthma.

And you will declare it "the best friend in the world" if you will use it for an irritable throat or weak lungs. It acts as a strong tonic, clearing up the throat, giving tone to the relaxed tissues, and greatly strengthening the lungs.

There are many substitutes and imitations. Beware of them! Be sure you get Ayer's Cherry Pectoral.

Two sizes. Large and small bottles. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

HOLLISTER DRUG CO., Agents.

**HANDLE DYNAMITE WITHIN THE CITY**

It doesn't seem to be anybody's business that dynamite is unloaded from ships lying almost in the heart of the city, and trundled thence through the city on trucks. At least, it did not seem to be anybody's business that this was precisely what was being done at the Brewer wharf, where the bark Alden Besse is lying, on Tuesday afternoon. The deadly stuff was being slid, very carefully, out through a port in the side of the ship to the dock, and was being piled up on the dock and loaded on trucks, also very carefully, as fast as it came out. There was enough in sight at one time to have blown a very considerable hole in the waterfront, if by an untoward accident it had been exploded. The Alden Besse, to be sure, flew a red flag while this was going on, but mighty few people knew what the flag meant—and if anybody had wanted to know he would have had to go within the danger zone to find out. In fact, from the amount of dynamite in sight, the danger zone included a very considerable area occupied by persons who must have been entirely unconscious of being in danger at all.

Now, dynamite is a very necessary and a very useful commercial commodity. Men handle it, in the interest of trade, and are paid for the risk they take—or should be. But there is a limit to the amount of danger to which outsiders should be subjected in this handling, even in the interest of commerce. It would seem, in fact, that there should be someplace outside the city

where this sort of thing could be carried on in safety.

**Siberia's Notable Passengers.**

Among the notable passengers on the Siberia were J. D. Farrell, recently appointed assistant to James J. Hill, the railroad magnate; C. W. Case Deering of Chicago, and wife, with twenty-two trunks are bound for India, where Mr. Deering, who is the son of Chicago's millionaire manufacturer, proposes to engage in tiger hunting and for a time enjoy the hospitality of Lord and Lady Curzon, being friends of the latter, who was formerly Miss Leiter of Chicago.

R. J. Gross, vice-president of the American Locomotive Company, is on his way to Siam to see the King about the building of locomotives, and from there he will journey with his family and secretary over to Russia via the Trans-Siberian Railway, and later visit other European countries.

Mr. and Mrs. W. D. Card, wealthy Chicagoans, are aboard with a well-planned tour of the world before them.

**CHAMBERLAIN'S COUGH REMEDY** is intended especially for coughs, colds, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonials have been received giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous results. It is especially prized by mothers, because it contains nothing injurious; and there is not the least danger in giving it, even to babies. It always cures and cures quickly. Benson, Smith & Co., Ltd., wholesale agents, sell it.

**A GOLDEN JUDGMENT.**

A man was arrested not long ago in Missouri for burglary. It seems he had forced an entrance into a large wholesale store in the business district and carried off a lot of valuable merchandise. The entrance was made through a back window, during the noon hour. The clerk who was left in charge of the safe had gone to one of the offices in another part of the building. The safe, containing thousands in gold, was carelessly left wide open and access to this fortune was easy. The thief locked the safe without taking a cent, but it was discovered later that every DOUGLAS PATENT CLOSET had been stolen from the warehouses. It is readily seen by this that the Douglas is more valuable than gold to one who understands values. Bath, the Plumber, will tell you why. Shop, 165 King street.

The Adams-Bagnall enclosed arc lamp is the most economical and most satisfactory lamp for store lighting known; free booklet at the Hawaiian Electric Company.

### A CHINESE PLAY OF CLASSIC SCHOOL

It was a Chinese drama of the old classic school. At least, it must have been that, for it was of no other school under the broad canopy of heaven. The actors were costumed in perfectly gorgeous silken robes, and they talked in that high falsetto men never feel at liberty to use anywhere else than in a Chinese theater—and only the Chinese actors feel at liberty to use it there. For that is the Chinese singing voice, and presumably carries the Chinese idea of melody. If a white man were to talk that way, anywhere—well, he would be an object of grave suspicion, and that is drawing it pretty mild, too.

Also, it is only in the Chinese classic drama that the Emperor, who is known as the Son of Heaven, hops to battle on one leg, whirling as he goes, and then gets taken prisoner by a rebel who can hop higher and farther, who can even do the seemingly impossible feat of hopping on two legs and whirling around in the air as he does it. That, possibly, was the custom in the classic days in China. The Chinese do many queer things, from the Caucasian viewpoint, even now, and probably did some queerer things in classic days. Anyway, the actors did last night.

The play opened with the rebel leader preparing to rebel. He prepared by putting on silken robes, and a lot of things, including a garden of paper flowers, on his head, and dancing around on one foot in front of his army of two small boys in blue blouses. A native policeman, evidently an expert on rebellious preparation, came sauntering out from behind the scenes to see him do it—and then sauntered back again, to watch them dress for the next act, probably. Anyway, he came out again with the next lot of kaleidoscopic actors.

The name of the play, by the way, was "The Double Marriage, or Reuniting in Harmony," and the action is supposed to have occurred over fourteen hundred years ago. And if those people did do that, it is a good thing it was fourteen hundred years ago. They did not have any such thing as a commission in lunacy, then.

Well, after the leader prepared he rebelled, probably. At least, the interpreter said he did. The Emperor—in the most gorgeous robe of the night, next to the moonlight on the lake confection in silk worn by the prime minister with whiskers like a billy goat and voice like a pig under a gate—danced a hornpipe on one foot when he heard about it, and so did the third prince, who was the flag officer, apparently, because he had four flags stuck to his shoulders, like wings, and the second prince, and the prime minister—but he could not kick high, because he would have got his silken shoes tangled up in his whiskers if he had.

Then they were all taken prisoner by the rebel and his army of small boys, and rescued by the three heroes, one of whom carried a roll of blankets done up in a mat, and the ladies came on, not half so gorgeously dressed as the men, and the rescuers were ennobled and everybody married everybody else and all were happy.

A lot of the best people in town saw it, and heard the interpretation and enjoyed it all thoroughly. Also, it netted a handsome sum for the Anglo-Chinese Academy, for whose benefit the performance was given.

#### BAND AT HAWAIIAN.

#### Open Air Concert for Travellers Will Be Given at the Hotel.

The open air concert this evening will be at the Hawaiian Hotel, the following being the program:

##### PART I.

- Overture—"Don Giovanni".....Mozart
- Polonaise—"In Mask".....Faust
- Grand Selection—"Martha".....Flotow
- Vocal Selections—
- (a) "Mikol.".....Miss J. Kellias.
- (b) "Hiki No Me Au.".....Mrs. N. Alapai.
- (c) "Like No A Like.".....
- (d) "Malu I Ke Ao.".....

##### PART II.

- Selection—"Patience".....Sullivan
- Sextette—"Florodora" (by request).....Stuart
- Waltz—"Wedding of the Winds".....Hall
- March—"Blooming Life".....Chattaway
- "The Star Spangled Banner."

#### Another Trip to the Volcano.

The special ten days excursion run to the volcano early in the month proved so satisfactory and enjoyable to all who went that a repetition of the trip has been decided upon, and Mr. Richard H. Trent, the general agent, has arranged for a party to go over next Tuesday on the Kinau, spend two nights and a day at Hilo and five days at the Volcano House, during which time many interesting points about the active volcano will be visited and thoroughly inspected. The return will be made on the Mauna Loa along the Kona coast of the big island, where native Hawaiian scenes will be enjoyed and a side trip to Captain Cook's monument will be a feature. Tickets covering all the expenses of the ten days trip will be issued at the local Volcano office, corner Fort and Merchant streets, at the low rate of \$55.

### LOCAL BREVITIES.

Immigration Commissioner Sargent will leave for Hawaii about the first of April.

Goo Kim, acting Chinese Consul, has been ill for the last few days with dengue fever.

Judge Robinson yesterday granted a motion for non-suit in the case of Samuel Andrews vs. Kalkena.

Reports of the Board of Health and Department of Agriculture were distributed in the Legislature yesterday.

There will be a rehearsal of the Philharmonic Society this evening in Pauahi hall. Miss C. Castle will accompany the singers on the piano.

Two Chinese lottery dealers, Lee San and Chong King, were arrested last night by Officer D. Kaapa, and put up fifty dollars' bail each for their appearance in court.

The Life Problem Club tonight considers this subject: "Christianity a Missionary Religion: Its World-Wide Sweep; My Obligations to It from a Missionary Standpoint." Rev. W. D. Westervelt is the chief speaker.

Mr. J. H. Nishwitz, of Nahiku, Maui, who went to the States recently for the benefit of his health, has been seriously ill at the Russ House, San Francisco, for the past month. He is alone. His condition is reported to be critical.

Captain William C. Langfitt, of the United States Engineers, who commanded the battalion of volunteer engineers at Camp McKinley in 1898-99, has been ordered before the examining boards at San Francisco for promotion.

Last but not least among the Siberia's long list of cabin passengers is Hon. John F. Colburn, a prominent statesman and lawyer of Hawaii, who has been in Washington representing the former royal family of the Islands.—Call.

The Commissioner-General of Immigration has overruled the appeal in behalf of Chiyo Obazaki, excluded from the United States because he was afflicted with a dangerous contagious disease. Obazaki was found to be suffering from trachoma, and will be returned to Japan.

A recent sale of monarchical relics in Honolulu demonstrated very clearly that the American fascination for royalty and things attendant upon it has very little of the romantic in it. The household goods of the deposed queen sold for very much less than their intrinsic value. An American wants to think at least that there is at least an exchange of values when he gives his money, even for a decayed Duke.—Call.

#### BUSINESS LOCALS.

Iwakama, the hatter, on Hotel street, is selling Panama hats for \$7.50.

A reliable clerk is wanted in a country store; see our classified ads.

A bull terrier bitch has been lost; reward for return to H. E. Murray.

Two large unfurnished rooms are wanted; see our classified ads on last page.

A nicely furnished front room can be had at 1239 Matlock avenue; good neighborhood; rent reasonable.

An island pony, also horse and buggy, are offered for sale at a bargain; can be seen at Carty stables on Richards street.

Good, responsible party advertises in today's issue for a modern, mosquito-proof house of six or seven rooms; see our classified ads.

A ladies' brown hand satchel, having a brown alligator purse and eye glass case inside, was lost yesterday; reward if same is returned to this office.

The store fixtures, shelves, counters, etc., in the store formerly occupied by the White House on Fort street, will be sold today at auction at 10 o'clock.

### New style shirt waists

#### The Knickerbocker

### Important Reasons

Why Herring-Hall-Marvin Safe Co. Safes and Locks are the Best.

The concrete filling makes these safes absolutely fire proof and positively damp proof. The solid angle corners add greatly to their security in time of fire and form the only solid corners made. The patent Bolt Work is superior to any in use and does not require the constant oiling, cleaning and repairs that is acknowledged in other makes of safes. That although 600,000 of these safes are now in use and many thousands have been tested by some of the most disastrous conflagrations in the United States, there is not a single instance on record wherein one of them ver failed to preserve its contents perfectly. They make safes for county treasurers, county recorders, county clerks, jewelers, hotels, residences, churches and corporations. We have a large assortment of safes on hand and will be pleased to show same.

Hardware Dep. Theo. H. Davies & Co., Ltd.
