## RUSSIANS STAND BY THE PORT ARTHUR STORY

### THE DEFENCES OF PORT ARTHUR.

## DID JAPANESE LOSE 25,000 MEN?

General Rennenkampf is Wounded In a Skirmish.

GEN. RENNENKAMPF.

(ASSOCIATED PRESS CABLEGRAMS.)

TATCHEKIAO, July 16.—The latest reports are that the Japanese lost 25,000 and the Russians 5500 at the storming of Port Arthur on July 12.

#### ANOTHER NAVAL BATTLE.

LONDON, July 16.—A naval battle is reported at Port Arthur.

#### RUSSIAN FRICTION.

BERLIN, July 16.—Serious friction between Viceroy Alexieff and General Kuropatkin is reported.

#### GEN. RENNENKAMPF WOUNDED.

ST. PETERSBURG, July 16.—General Rennenkampf has been slightly wounded in a skirmish near Saimatsze. The Japanese are still entrenching south of Tatchekiao.

#### NEWS BOAT CAPTURED.

SHANGHAI, July 16.—The Chicago News boat Fawn has been seized by the Russians and towed into Port Arthur.

#### A SOLDIER'S BRAWL.

TIENTSIN, July 16.—Two Frenchmen were killed and others wounded, nine Japanese wounded and a policeman hurt in a soldier's brawl at Shanghai-Kwan. Bayonets were used.

Shanghai-Kwan is a seaport on the Gulf of Pechili. It is situated at the sea end of the Great Wall of China and is the gateway between China proper and Manchuria. China has maintained a large army, commanded by General Ma, at that point since the outbreak of the Russo-Japanese war. The forts are held by guards belonging to the different foreign powers which have been there since Shanghai-Kwan figured in the Boxer war of 1900.

#### AFTERNOON REPORT.

MUKDEN, July 15.—A Japanese loss of 2,000 is reported during the attack upon Port Arthur.

PARIS, July 15.—It is reported on apparently reliable authority that a submarine boat of American construction has arrived at the Russian navy headquarters at Cronstadt. It is said that more are expected.

#### TRAIN HELD UP.

OAKWOOD, Tex., July 16.—A passenger train was held up here last night, the express car dynamited and the locomotive fireman wounded.

#### CHINESE RULER'S HEALTH.

PEKING, July 16.—The reported illness of the Emperor is unconfirmed.

#### FOUR BUILDINGS UNDER CONTRACT.

Lucas Brothers have been awarded the contract for erecting four buildings upon the recent acquisition of land in extension of the experimental station of the Hawaiian Sugar Planters' Association at Makiki. They are classed as the "main building," the "cane propagating house," and "two insectories. The contractors undertake to complete the work in sixty days, or by September 13. Bids were opened at the office of O. G. Traphagan, architect of the proposed structures. Separate figures were given for the different classes above named, the total sums being as follows:

## GAY MASKERS AT MOANA HOTEL

A Night of Revelry by Honolulu's Social Leaders.

Merry maskers paraded before Her Majesty Queen Liliuokalani and the Prince and Princess Kawanakoa last night at the Moana Hotel where mid-summer revels were held in honor of Miss Louise Bradley and Miss Bessie Bradley of California. Gay and bright were the costumes and laughter and fun resounded throughout the ballroom and lanais from 10 o'clock to an early hour this morning. As a fashionable affair the masquerade was the social success of the season and its elaborate attention to detail surpassed anything yet given.

From clowns and jesters to American bluejackets, Othellos and Desdemonas to lilies and many other flowers, demure little Bo Peeps to Mestizos and French dolls, cowboys from Hawaii and the Rockies to Yellow Kids, the list of maskers ranged through a wonderful variety of detail. Many there were whose disguises were so perfect as not to be penetrated, while with others there was seemingly little or no at-

## MERCHANTS TO THE RESCUE NOW

A Spirited Meeting to Help This City's Business.

An important meeting of the Merchants' Association was held yesterday afternoon when matters affecting vital trade interests of the territory, the present business depression, loss of population and discrimination of steamship companies against Hawaii were considered and discussed. The meeting was largely attended, almost every business house of consequence being represented, and nearly every one participated in the debate.

The transportation and shipping report by the association's special committee, published in the Advertiser on Thursday, was the nucleus of discussion and as a result a strong committee will confer with the agents of the steamship companies and others interested in an effort to obtain relief for the community in general. The local quartermaster's department of the United States army came in for criticism it being asserted that many people not connected with the army or navy have been in the habit of buying

public stores for which they paid quarter-master rates, thus depriving Honolulu merchants of trade.

The meeting was held in the Association's new quarters in the Young building, and present were Chairman George W. Smith, Secretary Col. Soper, J. W. Waldron, T. F. Lansing, C. M. V. Forster of the California Feed Company; J. O. Luttet of the New England Bakery, W. W. Hall of E. O. Hall & Sons, Henry Williams of the Williams Undertaking Company, J. Andrade, Club Stables; W. W. Harris of Lewers & Cooke, J. Steiner, E. A. McInerney of the McInerney Company, Ltd., J. Gartenberg, Capt. Soule of the Kash stores, John Soper of the Hawaiian News Company, E. ### CHAIRMAN SMITH'S STATEMENT.

The meeting was called to order by Chairman Geo. W. Smith, who presented the objects as follows:

Gentlemen: It is a pleasure to note so large a gathering this afternoon.

We are here to consider some important matters affecting our interests, we hope for the better.

We are not moving in any way to antagonize any of the business interests of the Territory. On the contrary, we seek the co-operation of all interests with the end in view of bettering the

financial and business conditions of the islands.

We all know that conditions have been better in the past, we all know that conditions, at the present time, are very much depressed, we all hope that they will be better in the future, but hoping alone will not bring about, gentlemen, the situation we seek.

It is only by hearty co-operation, by the sinking of minor differences, by mutual concessions and an amicable understanding that we can bring together the elements that will conduce to a general prosperity. No element can afford to be ignored or antagonized.

The Planter with his interests, the Sugar Factor with his interests, the Shipping man with his interests and the merchant with his interests and with which we here are more immediately concerned, must all be considered.

There is not one of the interests named but what would be benefitted by lower freight rates, by lower passenger rates, by increased travel, by an influx of new people.

Prosperity for all is what we are seeking and let us use all legitimate means to attain it.

We have here all of the essentials that go to make a prosperous community. We have scenery, climate, lands and other natural resources.

We have transportation facilities, hotel accommodations, mercantile establishments and all that go to make a prosperous community on the main land; yet, we are suffering from a depression the causes of which are various and on which all of our citizens do not agree.

Let us hope that from this meeting we may take a better understanding, a greater hope and a stronger determination to bring back that which we have lost and to build a firm foundation on which to erect prosperity and wealth.

### GOVERNOR'S REQUEST.

A letter from the Governor, requesting data to be embodied in a report to Washington was read as follows:

EXECUTIVE CHAMBER, HONOLULU, HAWAII.

July 5th, 1904.

George W. Smith, Esq., President Merchants' Association, Honolulu.

Dear Sir: In the preparation of his annual report to be sent to Washington, the Governor feels that he can call upon the Merchants' Association for support in making strong recommendations that may tend to improve the wholesale and retail business of this Territory.

Should you feel that there has been a depression in business here recently, you will be able to state the cause, and undoubtedly suggest the remedy. If we can properly ask Congress to assist us in removing the cause, let us all co-operate in the strongest possible manner to this end, acting later through our delegate to Congress when that body meets next December. By its assistance given us in the Fire Claims, by taking over the lighthouses, by experimental agricultural work, by establishing a Federal meteorological bureau, and in other ways, the government has shown a disposition to aid and take interest in the Territory.

In other directions it is believed that further assistance can be secured which will relieve the drain upon our Territorial revenue possibly enabling a later reduction in our system of taxation, or enabling the use of much of our revenue for internal improvements which it might not be proper to ask Congress to undertake.

It seems to me that you can dwell strongly upon the value of the transport service and the great help that the retail business here has derived from the arrival of the American ships of war.

Will you kindly take this subject into consideration and make your recommendations as strongly as possible with the idea of securing relief for the Territorial treasury, and assistance for our agricultural and industrial interests, and other subjects that will promote business here and tend to stimulate trade in all its channels.

As complaint has been made from Washington that former reports of the Governor have been sent from here at too late a date, will you kindly give, this subject your earliest attention and oblige.

Yours very truly, A. L. C. ATKINSON, Acting Governor.

### WHAT MEMBERS SAID.

C. M. V. Forster—"I would suggest that a committee of three be appointed to draw up resolutions to be reported to the Association as a whole."

J. O. Luttet—"I think the committee presenting the report on the shipping matter has done so well already that it could take hold of this matter also and carry it through."

W. W. Hall—"I favor the idea of a report. Of course suggestions could be made."

I. S. Dillingham—"I think one of the great troubles is the policy of people here importing direct from the coast, instead of purchasing through the merchants. In our business I find that is the root of all the evil. Every steamer that comes in on the American-Hawaiian steamship line brings in imported goods for plantations on this island, namely, Ewa, Waialua, Honolulu and Oahu. If there is any way to prevent that then we may expect to derive benefit.

"Of course the Honolulu plantation is obliged to buy on the coast because the majority of the stock is held there. I know of a case where goods were imported last week; we could have sold cheaper than the price they paid for importing. It seems to me to be a craze more than anything else. I believe if we can stop this we will all do much better business."

W. W. Hall—"I know of instances where the plantations have imported goods for a year's supply, but in the end, from deterioration and other causes, the goods cost them as much as we would have charged for them. If they would patronize the Honolulu merchants it would make a better feeling all around."

E. A. McInerney—"I think the suggestion of a committee is good. That body might also draw up a series of questions and present them to the vari-

ous members and firms here for answers to be put in writing."

Mr. Dillingham—"I spoke to Mr. Irwin about this plantation matter, and he said he had given instructions for plantations in his agency to purchase here whenever possible, but of course this could not be entirely expected of plantations whose stock would be controlled on the coast."

Edgar Lewis—"Mr. Pollitz told me when he was last here that he would take this very matter before the boards of directors of Paahou and Hutchinson plantations and he felt certain that goods for those plantations would be purchased in the islands."

"When the last American fleet was here I was informed that 300 tons of freight came here from the coast for the warships. I think if we took this matter up with the authorities at Washington we could have it arranged that the vessels should purchase supplies needed when in Honolulu."

Mr. Hocking—"I would suggest that attention again be called to the practice of having transports coal at Nagasaki instead of at Honolulu. They ought to coal here—an American port—and stop longer. They stop a long time in the Japanese port."

Mr. Gartenberg—"We need co-operation here if only for one thing. The Portuguese are leaving here in great numbers by every steamer and about a thousand have gone away in the past two years. They are quite a vital element to trade here, being of the class that spends its money in the community."

Chairman Smith—"Mr. Gartenberg has pointed out a very important matter. The loss of our population is one of the most vital matters to which we can put our attention."

James Steiner—"There is one thing which affects retail merchants. We have a great amount of peddling from house to house of imported goods. This interferes with legitimate business, of firms that pay taxes, rents, clerk hire and many other expenses."

Chairman Smith—"Peddlars are selling dry-goods, etc. They should come under the provisions of the license tax law."

Mr. Berndt—"The key-note of the whole discussion, it seems to me, is the loss of population."

Mr. Lewis—"During the stay of the fleet here a great deal of money was paid out to the men and it was quite noticeable that much money was spent and got into the different channels of trade. It is important to have them stop here as often as possible."

W. W. Harris—"One of the most important points in a matter of this kind is the Custom House revenue. The Federal Government is not spending enough of those receipts in this Territory, commensurate with the profit it derives. Hawaii exports about \$30,000,000, and the United States receives \$1,500,000 approximately, or about five per cent of our total exports, and practically has spent nothing here. In a letter to the Federal authorities we ought to drive that matter home."

Mr. Lucas—"In all these matters we should all work in harmony and we would get along pretty well."

Mr. Wakefield—"I agree with Mr. Harris. Money from the Customs House and Postoffice receipts should be expended here. The harbor needs large expenditures of money to make it satisfactory to the entrance of large vessels. The matter of Federal buildings needs attention. There is the Pearl Harbor naval station to urge along."

Mr. Dillingham—"Is the Quartermaster's Department of San Francisco allowed to ship goods to the Quartermaster Department here?"

Mr. Harris—"I know they have shipped groceries here. In connection with the proposed erection of buildings on the Kahaui army reservation, Captain Humphrey, the new Quartermaster, said the other day to Mr. Catton and myself that local bidders would be given every opportunity to get contracts, but being Federal jobs, he could not discriminate against mainland bidders."

Mr. Dillingham—"Every transport that comes here from the coast brings many goods for the local Quartermaster Department."

### ARMY SUPPLIES OUTSIDERS.

Mr. Lewis—"The Quartermaster Department does ship goods down here for army use, and not alone that, but they are selling goods to local people not belonging to the army. How can we, as merchants, who pay taxes and have large expenses, expect to make anything when the army sells to outsiders over our heads. That is being done right along. We have never before made a kick against this. I can prove this. This is detrimental to local retail business and should be stopped. We are put to big expense and should be protected."

Mr. Lewis concluded his statement regarding the sale here of army supplies by saying: "This sale is not confined to people in the army. I am satisfied that I can be backed up in this statement by other people in my same line of business. It is done by people in the department for friends. The goods are not sold directly to the outsiders but through the army people. This is not only true of the grocery business, but of other lines."

Mr. Waldron—"I move that a committee of five be appointed to make note of these various suggestions and make a report to answer the Governor in ten days."

### ROTHWELL ON SHIPPING.

J. G. Rothwell was called up to make a statement relative to the report on freight and passenger rates to and from the coast, which was published in Thursday's Advertiser. He went into the matter exhaustively. He stated that the report was published in advance of the meeting in order that all firms connected with the Merchants' Association could acquaint themselves thoroughly with the subject before coming to the meeting.

"The report presented for consideration," said Mr. Rothwell, "is one which was adopted by your committee. There may be a great deal said in support of these recommendations, but it is a question whether at this particular time it is better to bring out all the arguments that might be used."

Hawaii. It is not yet clear to your committee why passengers paying for round trip tickets to San Francisco should pay forty-seven per cent more than otherwise. The committee has also mentioned the particular steamship company, principally for the reason that this report was based on their schedule rates on which they are running their local boat.

"Honolulu has supported a local steamship for more than twenty years, reference being made to that of the Oceanic company. For a good many years a subsidy was paid by the Hawaiian government to the steamship company to keep this boat running as a local steamer. There is a subsidy paid now by the United States government for this special service. The point is that this particular steamer is running full of freight both ways all the time, and for a great deal of the time, with passenger lists full. It is a proper question for the merchants to ask why they should pay forty-seven per cent more than the rate to Tahiti and other ports in the Pacific.

"Your committee further recommends that negotiations should be entered into with the Oceanic Steamship Company because they might be the first to meet conditions. In former days our profits were of much larger dimensions than now, but the earnings have been greatly cut down, and in reality to the minimum. Steamship rates, however, have been raised. The suggestion is to negotiate through the Oceanic company for reduced passenger rates.

"A prerequisite to obtaining either a new vessel, or securing a definite contract, would be some arrangement by which we are enabled to get them return freight. There appears to be no difficulty in getting freight down here. The whole question involved is, how shall we get them return freight. Two or three vessels have endeavored to run between here and Puget Sound ports, but they have always failed for want of return freight.

### APPEAL TO PLANTERS.

"It is proposed to your committee that representations should be made to the Planters' Association to appropriate a sufficient amount of their exports, or say 2,000 tons per month, to enable this committee to negotiate with a company or companies, to give them some certainty of freight shipments. The Oceanic company preferred if they will meet conditions. Your committee believes that the Planters' Association should see that it is fair for them to render some slight assistance.

"An appeal was once made to the Planters, and the indication was that they did not wish to participate in the matter. The sense of their reply was practically, 'We will attend to the sugar business and you attend to your own business.'

### UP TO ELECTORATE.

"Your committee suggests also to appeal to the electorate of the Territory. I wish to say that this Association has no idea of going into politics or to affiliate with any political party, but in this matter there is only one way to obtain relief and that is through a subsidy sufficient to give us a local boat or one that will be under contract to carry passengers at a satisfactory rate. I suppose that it is fair and proper to say that no man should be elected to the legislature unless he will support a subsidy measure created for the purpose we desire.

"If this is done there will be no question about every one subscribing to this fund. It should cover a rate for properly advertising the Territory. There is a good thing for the town if we can once induce tourist travel this way.

"The suggestion is made to form a local company strong enough to purchase its own vessel. It is a feasible proposition."

### LOCAL STEAMERS HIT.

Mr. Hocking called attention to the local inter-island steamer service. "The local steamship companies should be tackled, especially on freight rates to and from the other islands. People on the other islands have spent a good deal of money in raising fruit and vegetables, but have been driven out of business by the high freight rates.

"The local steamship companies have driven more trade away from Honolulu than anything else. They carry on a business in an independent manner and they don't seem to care whether they take your freight or not. The Merchants' Association should take up this matter. They don't care for anything as long as they have sugar to carry. On Kula, Maui, there was once quite a colony of farmers raising potatoes principally, but they have been driven out of business. There were no facilities for storing their shipments, no wharves to work from and poor accommodations for their wares on the steamers."

Mr. McInerney moved that a committee of six be appointed to carry out the recommendations named in the Rothwell report. Mr. Rothwell asked to be left off the committee but owing to his thorough knowledge of the subjects contained in the report he was prevailed upon to remain with the committee, which was named as follows:

J. G. Rothwell, chairman; A. Hocking, J. O. Luttet, J. A. Gonsalves, E. Berndt, J. F. Soper and Geo. W. Smith.

### SENATOR HEMRICH'S LETTER.

The secretary read a letter written by State Senator Hemrich of Washington to the Hon. Levi Ankeny, U. S. Senator from Washington, calling attention to the needs of Hawaii. Senator Hemrich visited Honolulu several months ago and was entertained by the Merchants' Association.

He called attention to the depressed state of business affairs in Hawaii. He said the Provisional and Republic governments had formerly enjoyed an income of about \$1,500,000 from Customs duties and postoffice receipts, and although goods from the mainland came in free, there were still a large amount of goods from foreign countries on which duties were collected, which he thought should be used for the maintenance of the public works, weather bureau, dredging and maintenance of the harbors, agricultural stations and public buildings. He thought that if the Federal Government pursued its present policy towards the islands they would be ruined, and he expressed a hope that speedy measures would be taken to relieve a critical condition. This was not only to be said of the financial condition but of the labor state. He said he had inspected some of the plantations and he was positively con-

vinced that no white man would seek employment in the cane fields, even if the wages were double what they are now.

He believed in the system of labor incorporated during the days of the Provisional Government and Republic. The system of coolie or contract labor placed the plantations on about the same footing as those in the South and in Cuba employing negro labor. Since the abolition of the contract system farm labor is almost as high as in the States, absorbing practically the entire income, and in some cases the plantations were being operated at a loss. The islands should be treated as a colony. England had, after years of experience, come to the conclusion that was the best way to manage its possessions.

### TAXING MERCHANDISE.

A question arose as to exhibits of corporations to be filed with the Treasurer. There were fifty-two firms which had not complied with this law. It was shown that outsiders frequently made use of these exhibits much to the detriment of the business of various firms. In one case some one wanted to sell to a certain firm here the corporation exhibits of two other firms in the same line of business.

The question of tax reductions came up and it was finally decided to see the Tax Assessor, Mr. Wakefield and Mr. W. W. Hall were appointed a committee to confer with Mr. Holt.

### LETTER TO CORTELYOU.

The following letter to Secretary Cortelyou was read:

Honolulu, Territory of Hawaii, June 3, 1904.

To the Honorable, The Secretary of Commerce and Labor, Bureau of Navigation, Washington, D. C. Through E. R. Stackable, Esq., Collector of Customs, Honolulu, T. H.

Sir: The undersigned, by direction of the Merchants' Association of Honolulu, Territory of Hawaii, and in its behalf, desire to respectfully present for your consideration the present serious congestion of passenger accommodations for travel between this Territory and the mainland of the United States, and to petition that such relief be granted as may be admissible under the statute governing passenger traffic between ports of the United States in and during periods of emergency.

Under Section 2, Act of February 17, 1898, being an "Act to amend the laws relating to Navigation," which was put into effect in this Territory on June 14, 1900, there is a statutory penalty of \$200.00 (Two Hundred Dollars) for each passenger transported and landed between ports or places in the United States in foreign vessels. The enforcement of this statute, by reason of conditions below mentioned, is causing serious loss and damage to this Territory and its citizens.

## TWO HOUSES WERE BURNED TO GROUND

The small boy who delights to follow the fire engines had plenty to take up his time yesterday. The first alarm sent in was from box 93 for a fire in the residence of Charles Moore on Lunalilo street opposite Kewalo at one o'clock in the afternoon. The Makiki engine company responded. Some difficulty in getting up steam and a lack of water hindered the firemen but they succeeded in confining the fire to the upper story which was entirely gutted. Most of the furniture was saved.

Mrs. Moore was alone in the house with a Japanese servant. She lighted a gasoline heater in the bathroom upstairs and then went down to practice on the piano. A few moments later she heard an explosion and rushed upstairs to find the bathroom in flames.

The house was a two-story structure and was recently sold by Mr. Moore. It belongs to the estate of C. Notley and was insured for \$2500 in the St. Paul Fire and Marine Insurance Company.

Mr. Moore rode out to the fire on a bicycle and on learning that it was his own house was prostrated. He has been suffering from heart trouble for some time. Mrs. Moore was also prostrated by the shock.

W. C. Crook, of B. F. Dillingham & Co., was a roomer in the house and lost all his effects.

### THE SECOND FIRE.

The second blaze was at eight o'clock in the evening in the home of Thomas C. McGuire, the florist at 1633 South King street near Thomas Square. Mr. McGuire was watering some plants in the garden when he saw a flare of light on the Walkiki side of the house. At about the same time the family, who were inside, saw the blaze but in a moment the entire house was a mass of flames. Only two pictures were saved, a beautiful piano being abandoned on account of the heat.

It is thought that a lamp in one of the children's bedrooms ignited a curtain and caused the fire. The house, which was the property of the Cummings estate, is a total loss. The insurance could not be learned last night. There was \$500 insurance on the furniture.

On the way to the fire a surrey driven by an unknown person narrowly escaped being run down by the patrol wagon which was going down King street when the carriage suddenly turned out of a side street. Several other careless drivers also came very near causing a smashup.

of travel to insure passage to the United States from the main points in this Territory without unnecessary and costly delay, the term of continuance of such modification to be determined by your representative officer at this port, or otherwise, as you may deem more expedient.

It is further respectfully represented that this being now an American community a penalty equal to ten per cent of that defined by the statute would be sufficient to deter any intending passenger from this port leaving on foreign vessels, except in cases of actual necessity during the period of probation as above suggested.

### Cricket This Afternoon.

A cricket match will be played on the Makiki grounds this afternoon at 2 o'clock. Teams will be picked from the following players: R. Anderson, S. Beardmore, R. R. Catton, J. L. Cockburn, Dr. Cofer, T. Gill, H. L. Herbert, A. Jordan, S. Jordan, A. Jordan, C. P. Morse, W. L. Stanley, Capt. Tuttle, J. A. M. Maclean, A. H. Crook, Mytton Greig, H. Lambert, O. C. Reid, W. Alexander, F. Harrison, Laird.

first and second prize and a golf club as third prize. D. W. Anderson, F. C. Sheldon and Allan Dunn have been asked to act as a handicapping committee. These gentlemen will complete their labors by Saturday noon, so that all will know just what they are "up against" before leaving for the links. Immediately upon the arrival of the Haleiwa Limited, drawing will be made for partners and positions, those playing in the P. M. and Vice Versa. Messrs. Woods and Sheldon have the entry list and as this will be the last tournament held at Haleiwa for some weeks it is earnestly hoped that all golfers will make it a point to go down:

**MERCHANTS IN LINE.**

One of the best things about the meeting of the Merchants' Association yesterday was its fixity of purpose to do something to help Honolulu. That there is much which can be done, is another gratifying circumstance. Honolulu's case is by no means hopeless, for there are remedies in sight for the worst of its ills. A local steamer to encourage tourists, the purchase at home instead of on the coast of the merchandise consumed by the great plantations; Federal public works as a return for the customs and postoffice money taken from here; employment for useful citizens, such as the Portuguese, so as to prevent their exodus—these are among the remedies proposed and they are all practicable.

A local steamer can be supported, going and coming, by methods quite within the power of our merchants and planters to apply; public spirit is already working upon plantation people to secure preference in buying of home concerns; Federal public works are the due of every important port of the United States and Honolulu is the ninth or tenth on the list, lake ports included, in the volume of customs receipts; as for keeping the Portuguese they are willing to stay if they can get a fair chance at some of the public lands for small farming—out an inapplicable land policy, not above correction, however, stands in the way.

The Advertiser believes that strong committees, working on these matters with zeal and intelligence, can bring Honolulu out all right. There are other things, of course, like the improvement of promotion methods, which may also be dealt with. What is needed is concerted, vigorous, incessant action, by men of the Merchants' Association type. Such men on the coast have handled far worse propositions than Honolulu and brought them through in good shape. They can fix things here.

The other day we published an extract from a trade journal which recommended the Guatemalan ant as a stand-off for the boll weevil. The ant was to be brought to Texas. Now comes Ross Clarke, a Texan planter, who says that he will apply for an injunction to keep the insect out. He says: "To my mind it is dangerous to transfer the South American insect or pest to South Texas. One-half the cotton is picked by negroes, who do not wear enough clothes to make a whole shirt, and the other half by barefooted children. This ant, to be of avail in destroying the weevil, must cover the entire field and any one who has had a few of the native ants sting him will realize that it will be impossible to get the cotton picked."

Delegate Kuhio is right in saying that a man in his official position cannot do much in one term and that usefulness must be gauged by longer service. A delegate or member is a freshman in his first year in Congress, whose chief business is to learn the ropes. If he really undertakes to learn them; if he attends strictly to business and makes himself as useful as he can, obtaining and keeping the personal respect and confidence of his fellow-members, then he is certainly entitled to a re-election. By these tests the claims of the Delegate for re-nomination may be fairly judged. The friends who say he can meet them are framing a good argument for his farther employment.

Delegate Kalaniana'ole has a West Point cadetship to give out and while he can make a personal appointment if he chooses, he could add to his popularity by giving every lad in the Territory a chance, through a competitive test, to win the prize. That is the way the thing is usually done back East. The requirements of West Point are so severe that only a well-grounded student may hope to get through and the best way to find such a youth is in a general examination conducted by a board of teachers.

Dr. Senn suffered a keen disappointment—as this paper said he would at the time—in not getting a chance to control the Japanese Red Cross service. The little brown men in that respect as in all others, want to "run their own machine." The rebuff seems to have clouded Dr. Senn's early optimism as to the assured success of the Japanese in this war.

Mr. Hay's tactful recognition of French claims over Morocco, as made in the Pledicaris note, has brought him the grand cross of the Legion of Honor. Of the six degrees in the great French order, the grand cross is the highest and is the one worn by the President of the French Republic himself.

As the law stands about dual office, holding for legislators, Messrs. Beckley and Crabbe would seem to have no business on the County Commission.

**TOMORROW'S PAPER.**

The Sunday paper, in its new ten-page form, will be full of good things. Colonel Fitch will tell the story of his visit to Milan—a most readable chapter of travel—and there will be a delightful tale by Elizabeth Jordan called "Love, the Destroyer," a satire on the sentimental schoolgirl. The score of a new musical composition by Kappemeister Berger called "Pedro," with its refrain of "Pedro, Pedro, high low Jack and the Game," will be enjoyed as well as was the "Cable is Coming" masterpiece by the same composer. There are several other special features not necessary to announce but which will help make the Sunday Advertiser more than ever a favorite of the reading public. Of course society, sports, commercial news, shipping, The Bystander, local and general news, etc., will have their usual presentation and there will be some good pictures as usual for the literary feast.

C. L. Rhodes of the Star staff, in a letter from San Francisco to his paper, tells of improvements he notices in that city as compared with six years ago. He, however, puts San Francisco in the Jaytown class by this criticism of its stovepipe hat brigade: "Nowhere else are there so many men who cling to silk hats of vintage and fashion antedating in many cases the Comstock excitement." As one of the six (6) citizens of Honolulu who expose plug hats to the tropic sun, on other occasions than masonic funerals and forays from the executive chamber to board warships, Mr. Rhodes ought to be a connoisseur of that type of headpiece.

The expedition of Mr. Samuel Alexander and friends into Central Africa in summer, seems to be an extraordinary venture for elderly men. Mr. Thomas Gallek is the first victim and one cannot but fear that the mortality in such a party will be high. Travelling at any time in Central Africa is perilous and though the summer season is perhaps the most salubrious, the effect of fatigue and equatorial heat upon men not used to the country, nor inured to privation, is to be dreaded.

One Florentin Souza, a well known coffee man, has been made consul for the Panama republic at Hilo. Any enterprising man who wants the job for Honolulu should apply at once. The place is not salaried, nor has it fees, but the Consul would be privileged to a salute from the first Panama gunboat which enters port and could stand close to the delicatessen table at all State or Consular entertainments. Perhaps, if he were good, he could wear a uniform.

The statement was made at the meeting of the Merchants' Association yesterday that some one had tried to sell corporation exhibits, filed with the Territorial Treasurer, to others in the same line of business. More ought to be heard under this head. It is a civic duty of the firms approached in that way to name the person who made the offer. If he is an official of the Treasury office his job should be taken from him without delay.

Uncle Sam is getting interested in the Listsidit plumage question and may send a revenue cutter to look the property up. The chances are that he will be too late. A schooner from Japan was expected at Listsidit some time ago and one has started from here in that direction. If either makes connections, the revenue vessel will find an empty cache. According to a San Francisco paper the bird skins are worth \$25,000.

"Merrimac" Hobson's speech in the Democratic National Convention increases the regret that he did not stay in the Navy. Like Dewey, Hobson cuts a poor figure as a politician. Every man to his trade and Hobson's is that of a ship-constructor and incidental hero. Alabama, though proud of Hobson on shipboard declined to accept him as a candidate for Congress.

Tropic Fruit Co. will deliver a box of their fine Wahiawa Pineapples to any address on the Coast, all charges prepaid, for less than the freight alone would cost you. See Byron O. Clark, Manager, or leave orders with P. C. Enos, agent for Wells, Fargo & Co., Masonic block.

**Trades and Labor.**  
At last night's meeting of the Honolulu Trades and Labor Council the following officers were elected: President, Thos. Cahalan; vice president, E. F. Dunn; recording secretary, G. A. Crozier; financial secretary and treasurer, F. Sackwitz; sergeant-at-arms, W. P. O'Brien; trustees, J. McGuire, J. Rothwell and M. Hefferan.

**He Wanted to Die.**  
Charles Kekuewa attempted to end his life on School street near the bridge last night by tying a rope around his neck and hanging himself to a fence. He was found by the police and taken to the station. He gave as his reason that his wife had deserted him and that he was despondent.

The band gave a complimentary concert yesterday afternoon at the residence of Mrs. H. A. P. Carter, mother of the Governor.

**IMMIGRATION STATION BIDS**

Bids for the construction of the new immigration station for which the sum of \$50,000 was recently appropriated by Congress, were opened at the office of Architect Tiphagen yesterday at three o'clock. Officials of the customs and immigration departments were in attendance and representatives of the various contractors were interested auditors at the proceedings.

Eleven bids were put in, each accompanied by a certified check. There was considerable irregularity about the bidding. Bids were called for on the whole station with a deduction of the dining room and kitchen were omitted. On the whole station Walter L. Emery was the lowest bidder but his deduction for omission of dining room and kitchen was so small that the A. Harrison Milling Co.'s bid is the lowest on the smaller job. The bids will be forwarded to Washington at once.

Following are the bids, the first figure being the price and time for completion of the whole plan and the second the deduction for the plan minus the dining room and kitchen and time for completion of the reduced plan:

- F. Harrison—\$28,789, 7 months; \$1,200, 7 months.
- William T. Pary—\$25,560, 165 working days; \$1600, 165 days.
- American-Hawaiian Engineering and Construction Co., Ltd.—\$24,873, 7 months; \$2200, 6 months.
- Lucas Bros.—\$25,717, 6 months; \$2223, 6 months.
- H. F. Bertleman—\$26,066, 7 months; \$1650, 7 months.
- Walter L. Emery—\$23,950, 157 days; \$800, 157 days.
- J. H. Craig—\$27,000, 6 months; \$2500, 5 months.
- Enterprise Mfg. Co., Ltd.—\$29,850, 6 months; \$2094, 5 months.
- A. Harrison Mill Co., Ltd.—\$23,900, 5 months; \$2527, 5 months.
- John Ouderkerk—\$28,733, 5 months; \$2400, 5 months.
- Henry H. K. DeFries—\$26,211, 7 1-2 months; \$496, 6 1-2 months.

**Rebekahs Install Officers.**

# All Tired Out

Pale, Thin, Poor Blood, No Energy

These are the symptoms of impure blood, starved blood. Take out the impurities, feed the blood, and health quickly returns.

Mrs. George Mitchell, of Yulle St., Buninyong, Victoria, sends us her photograph with the following story:

"I suffered terribly from debility. I had no energy. I was tired in the morning as at night. It did not seem possible for me to keep up. I was thin and pale, and my blood was very poor. I had no appetite. I gradually grew weaker and weaker. When almost completely exhausted I read about

4TH OF JULY

## SPORTS AT KALAUPAPA

Contributors to the fund for the Fourth of July celebration at Kalaupapa, when they peruse the accounts of results here presented, cannot fail to enjoy in their own feelings of gratification the truth of the scripture, "It is more blessed to give than to receive." Safe it is to say that since the Settlement was instituted about forty years ago no day was ever known there when the conditions of misery inseparable from the place were more effectually submerged by the elements of joyousness.

There was a gala display of patriotic symbols inspiring of itself. Along the rows of buildings large American flags were flying at many points. Small flags were profusely used in decorations. The small boy, so essential a factor in proper celebrations of the day, was out with his fish horn in legion.

The first item in the festivities was an early morning procession of Antiques and Horribles. Then came a gun-shooting contest, in which Waimau's team defeated Kanikau's. A long program of sports followed, starting at 11 a. m. and lasting until 5 p. m. There was a big lunch for the whole community between the shoot and the sports. In the evening there was a little talking done at Beretania hall, where also a considerable display of fireworks was made. Speeches were made by E. van Lil, George Kaopea and others. Other diversions, including an amusing pie-eating contest, took place at the hall as reported in the prize lists below.

It was close to midnight when the day's pleasures wound up with an abundant feast of coffee and cake for everybody.

At a meeting of the sports committee resolutions were passed, in which the sentiment was expressed that in President Pinkham the lepers had found a good friend, one who took the proper kind of interest in them and who, by his donating of money and bestowing of help in every way possible, was the first of all the presidents of the Board of Health who ever really did show them practical sympathy.

The following letters to the Acting Governor and to the President of the Board, respectively, came with full authority from their writer's fellow-inhabitants of the Settlement:

**TO ACTING GOVERNOR.**  
Kalaupapa, July 12, 1904.  
Hon. A. L. C. Atkinson, Governor Hawaii Territory, Honolulu.

Dear Sir: In the name of the committee on sports for the Fourth of July, it is my pleasurable duty to thank you for the generous efforts, so crowned with success, with which you have given us a day of joy and of forgetfulness of our miseries.

Could you have seen the joy and good feeling depicted on the faces of all, you would know how much your kind efforts are appreciated.

It was a lucky day for us when our Jack became Superintendent of the Settlement, for he is always devising means to help his people. He is always successful, too, thanks to "The Other Jack." In my own, and in the name of all the people of the Settlement, I say, thanks to you and the friends who contributed to our enjoyment.

Very respectfully yours,  
EM. VAN LIL.

**TO PRESIDENT PINKHAM.**  
Kalaupapa, July 12, 1904.  
L. E. Pinkham, Esq., President Board of Health, Honolulu.

Dear Sir: In the name of all the people at the Settlement, lepers and kokua, I thank you for the generosity with which you have furnished us the means to celebrate the Fourth of July. It was a happy day for this community. Everybody was pleased. Joy and happiness were depicted on all faces. Would that you could have witnessed our enjoyments. With yourself as President of the Board of Health

and Jack McVeigh as our Superintendent, we know that we are all right, and that no efforts will be spared to procure for us all the happiness and comforts we could hope for.

Very respectfully yours,  
EM. VAN LIL.

**CHRONIC DIARRHOEA.**—For several years during the summer months I have been subject to looseness of the bowels, which quickly ran into a very bad diarrhoea and this trouble was frequently accompanied with severe pain and cramps. I used to call on doctors for my trouble but it became so regular a summer affliction that in my search for relief, I became acquainted with Chamberlain's Colic, Cholera and Diarrhoea Remedy, which proved so effective and so prompt that I came to rely exclusively upon it, and what also happily surprised me was that while it almost instantly relieved the cramps and stopped the diarrhoea, it never caused constipation. I always take a bottle of it with me when travelling.—H. C. Hartman, Anamosa, Iowa, U. S. A. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

## REV. HIRAM BINGHAM AND THE NEW MORNING STAR

The Missionary Herald contains the following letter from Rev. Hiram Bingham, preceded by a brief editorial account of his career:

(Dr. Bingham and his wife sailed from Boston as missionaries to Micronesia on the first Morning Star in 1856, and ten years later he, as captain, took out the second Morning Star to Micronesia and has remained there and in Honolulu in missionary service for the Gilbert Islanders until the present time.) On coming to the States a few weeks since, primarily to put through the press a commentary for the Gilbert Islanders, he found that a new Morning Star was purchased, and now ready to sail. He greatly desired to sail on her that he might once more visit the island groups with which he was so familiar, but medical advice was strongly against his making the attempt. In his great delight over the new vessel and the blessed service which may be anticipated from it among the islands in Micronesia, he has been moved to address the following letter to young people, having special reference to the thousands who have not as yet taken shares in the vessel. He has been in some good sense the children's missionary from his long identification with their missionary vessels, and his words will be welcomed not only by youths, but by many not young in years, though young in spirit.)

My dear young friends:  
Will you permit an old missionary, now nearly seventy-three years of age, to thank those of you who have aided in the purchase of the Morning Star, No. 5, and to suggest to you who have not yet done so some reasons why you would do well to give such aid? You know that it is expected that this missionary vessel will remain for a long period in the lonely Micronesian waters, that she may be able to make two tours a year, at least, through the Caroline, Marshall, and Gilbert Islands, instead of one, as in the case of former Stars. Having been built in 1900, it is natural that to put her in first-class order it has been found necessary to make extensive repairs on a portion of the furnace. To provide her with accommodations for a large number of students who will need to take passage on her to and from the training schools on Kusaie and Ruk, it has been necessary to do a large amount of ship carpenter's work. Something has been done to make life on board more endurable under the blazing sun of the equator. I have sailed in Micronesian seas on three of the Morning Stars, and can appreciate all that is done to make life on the ocean more comfortable. I congratulate my associates in Micronesia in having had provided for them such a fine steamer as is Morning Star, No. 5, for helping win for Christ a portion of this world for which he died. I feel sure that their hearts, so lately despondent because of the very limited means at their control for visiting the various and numerous outstations under their care in these later years, will bound with joy when they, three months hence, come to see with their own eyes, what I have so recently been permitted to see, a small steamship capable of steaming ten knots an hour. Morning Star, No. 4, could steam only five.

Will not those of you who have not yet taken shares add to the joy of these missionaries by coming promptly forward in aid of the blessed work by taking as many shares of stock in this new

vessel as you can consistently? True it is that most of the 75,000 inhabitants of Micronesia have repeatedly heard the story of redeeming love, that multitudes of them are now daily singing His praise, while millions in other lands have not yet even heard of the name of Jesus. These latter no doubt have the greater claim upon you. But, think you, would it be right, would it be what Christ would have you to do to leave these infant churches, not yet fully established in the faith, for grievous wolves to come among and scatter the sheep? Would it be right to leave them to the care of the Church of Rome which church would be glad to see every one of your missionaries take their departure from Micronesia as soon as possible, and has already sent forty-one priests and nuns into the Gilbert Islands?

It is the mature judgment of your missionaries in the field that if their labors are to result in permanent good to those tribes they must have such means provided for superintending the work as will be furnished in the present vessel, and that her services will be greatly needed for years to come. They earnestly look to you for material aid in building up the kingdom of God in those distant isles of the sea. How can you better aid them than by liberally equipping and maintaining this beautiful Morning Star now going forth from your midst on her errands of love?

I have sailed thousands and thousands of miles in Morning Star, No. 1, No. 2, and No. 3, have for many years helped to prepare No. 4 for her long voyages while she was in port at Honolulu, and it is my privilege to be here in Boston to bid Goodspeed to No. 5 as she spreads not her insignificant sails to the breeze, but feels the tremor of that propeller driven by man's faithful but powerful helper, steam. Once when my dear wife and myself were about to sail, forty-seven and one-half years ago, from Boston, in Morning Star, No. 1, Rev. Dr. Thompson, for many years chairman of the Prudential Committee, prayed that her sails might be filled with the breath of prayers from thousands of her stockholders. My prayer is that the breath of prayer from the thousands of stockholders of the present vessel, a steamship, may help to fan the flames that shall develop the steam that shall send her speeding through the waters of the Atlantic, the Mediterranean, the Red Sea, past Mt. Sinai, the Indian Ocean, past the spicy breezes which "blow soft o'er Ceylon's isle," rushing through the Straits of Malacca, past the great and benighted island of Mindanao, through the Western and Equatorial Pacific for thousands of miles to Ponape and Kusaie, where her future inter-island voyages will be arranged. Would to God, if it were best, I might again be a favored messenger of the gospel of Christ to revisit those dear Gilbert Islanders for whom God has permitted me and my dear wife to labor for nearly forty-seven years. She who was my companion on so many voyages has very lately gone to the better land, where there is no more sea, whither soon I hope to go. But let me thank the good Lord for this additional and blessed opportunity of using my pen to help stir up Christ's little ones to do what they can to provide and maintain a little ship that shall wait on Him till the fullness of the sea shall be gathered in.

Your friend and fellow-servant,  
HIRAM BINGHAM.

## THE PROMOTION COMMITTEE AND HONOLULU'S OUTLOOK

Editor Advertiser: More than a year has elapsed since the Promotion Committee commenced its labors. Its objects are understood to have been to attract to the territory desirable classes of population, both transient and permanent. Up to the present time those results have not been achieved. Tourists have been reduced to a minimum—more so than for many years; and so far from attracting permanent settlers, they are going away in crowds by nearly every steamer. It is therefore pertinent to inquire the reason.

The present writer expressly disclaims any desire to harshly criticize or to wound the feelings of those who have labored to promote travel, but the public interest demands an impartial inquiry. When seed is sown there are various causes which may prevent a realization of the expected crop. The seed may be of poor quality; it may be sown in uncongenial soil; its germination may be restrained by blight or other foreign influences; the natural period of germination may be longer than the sower anticipated.

Advertising bears a strong analogy to the sowing of seed. The matter prepared, though it may be the outcome of high-class literary talent, may not be adapted to the purpose for which it was designed; the mediums of its dissemination may be unsuitable; there may have been some counteracting influence which the best of efforts were unable to overcome; or it may take longer than was supposed to bring about results.

Modern advertising has been developed almost to an exact science; it is a recognized profession; it has its expert exponents, just as law and medicine and other professions have theirs. Was the advertising on behalf of this territory laid out with the aid of an expert, or was the plan conceived entirely by men of little or no experience in this particular line? Literary acumen, business training, a logical and observant mind, are valuable adjuncts but these alone will not produce a specialist in the field of advertising or in any other.

If the proper expert advice has not

been obtained, would it not be desirable to seek it? There are several advertising specialists of national reputation in the United States, whose advice may be had for a consideration. It is suggested to get the opinions of at least two of these, for comparison and future guidance.

The task of the Hawaii Promotion Committee is not a new one. Many other communities, notably Los Angeles, have planned similar campaigns, and have carried them out to a successful issue. Local conditions may differ, but general principles are the same; and past experience is more or less a guide for future action.

Reduced steamer fares are one factor in the case. It seems hardly reasonable that a steamer of 3,000 tons, such as the "Alameda," should charge the same fare as the "Korea" and "Siberia," which are of 12,000 tons and more modern in construction and appointments. It is only natural that the preference should be given to the latter boats. If the Oceanic Company were to make their rates \$50 for the "Alameda" and \$60 for their through steamers, with \$90 and \$100 respectively for the round trip ticket, the probability is that they would not only take business away from the other lines, but would create new business. As an example of what reduced fares will do, witness the last trip north of the "Aorangi." That vessel is not one of the most modern; but special rates were advertised in the Colonies for the St. Louis Fair, and a full passenger list was obtained.

Mr. Irwin is here now; could he not be induced to use his influence in this direction with the Oceanic Steamship Company? Mr. Irwin is believed to be a public spirited man; he has the means, business acumen, and force to make his influence felt in the quarter indicated. He has accumulated his wealth in these Islands, and with his large interests here, and with his natural desire to see Honolulu as prosperous as before the tourists deserted us, he is the one man in the community to single out for this particular purpose, that is the reduction of steamer fares to a point that will place us on an equal plane with other semi-tropical countries and communities, which by their reasonable passenger rates have diverted to themselves a large tourist traffic that we formerly enjoyed—a class of business that does so much to put money into general circulation and thereby improves trade conditions.

Yours truly,  
CITIZEN.

## I'll Bet \$1,000 I can Cure Any Weak Man!

I have perfected a new Belt, better and stronger than I have ever had before—a "half man" into a belt which will transform the weakest, puniest specimen of perfect cyclone of strength and I want every man to use it. I want a test case. Therefore I offer \$1,000 in gold to any weak man who will use this Belt under my direction for four months and then show by examination of any reputable physician that he is not cured, sound and well.

This is especially directed to men who have doctored for years without benefit. I want men with Rheumatism, Pains in the Back, Weak Kidneys, Sciatica, Lumbago, Varicocele, Prostatic Trouble (I cure by a new method), Locomotor Ataxia, Torpid Liver, Indigestion and Dyspepsia. All of these troubles in chronic form I can cure with this new Belt, even after all other treatments have failed. To every weak, debilitated man who wears this new Belt I give my

### SUSPENSORY

## WHAT A BLESSING

Many People Are Learning to Appreciate in Honolulu.

What a blessing it is.

Sought after by thousands.

Honolulu is finding it out.

Many a miserable man is happy now.

Nights of unrest, days of trouble.

Any itching skin disease means this.

Itching Piles mean it.

Eczema just as bad, and just as bad to cure.

But Doan's Ointment relieves at once,

and cures all itching of the skin.

A blessing to a suffering public.

Here's proof to back our statement:

Mr. H. Ryall, of No. 11, Grosvenor St., South Yarra, a very old resident of Melbourne, Australia, states:

For some considerable time I have been a sufferer from that annoying

complaint known as irritating piles.

At times the irritation was very annoying, especially at night, and in the warm weather. I applied some of Doan's Ointment, which I had obtained

and I am pleased to say that it gave me the desired relief from this annoying disease.

Doan's Ointment is splendid in all diseases of the skin; Eczema, piles,

hives, insect bites, sores, chilblains, etc. It is perfectly safe and very effective. Very frequently two or three boxes have made a complete cure of chronic cases that have not yielded to other remedies for years.

Doan Ointment is sold by all chemists and storekeepers at 50 cents per box, or will be mailed on receipt of price by the Hollister Drug Co., Ltd., agents for the Hawaiian Islands.

### Lt. Behr Married.

The San Diego Union says: Miss Minnie A. Downing, who, with her parents formerly resided in this city, was married on Wednesday evening in Los Angeles to Lieut. Francis J. Behr, U. S. A., recently returned from Honolulu.

The ceremony took place at the home of the bride's brother, 1013 South Burlington avenue, some 50 guests being in attendance. Rev. J. L. Pitner was the officiating minister, while Miss Ruth Clinkscales was maid of honor and Fred Hatherly best man.

Lieut. and Mrs. Behr have gone to San Francisco to reside, the groom being now stationed at that place.

The bride is the daughter of A. C. Downing, formerly baggage master for the Santa Fe in this city.

De Bolt, First Judge of the Circuit Court of the First Judicial Circuit, Territory of Hawaii, sitting at Chambers in Probate, made and entered on the 27th day of June, A. D. 1904, in the matter of the Estate of William Luther Wilcox, deceased, the undersigned, Executor of the Will of said deceased, will offer for sale at public auction, and will sell to the highest and best bidder for cash, at the auction rooms of James F. Morgan, Kaahumanu street, in Honolulu, on Monday, the first day of August, 1904, at the hour of twelve o'clock noon of said day, all the right, title and estate of said deceased in and to the following described real estate, to wit:

**MT. TANTALUS LOT.**  
No. 1. Lot No. 5 on Tantalus, Land Patent No. 4423 to W. L. Wilcox, and being part No. 2 of schedule B in the order of court authorizing sale of this property. This lot borders on the Government drive reservation for a distance of 656 feet and has a depth of 130 feet. Area, 60-100 of an acre. It is situated on a ridge between the Hackfeld premises and the lot of J. G. Rothwell. It is one of the finest residence sites on Tantalus. Fenced, cleared and planted with trees and flowers.

**BEACH LOT, WAIKIKI.**  
No. 2. Beach lot at Waikiki, being a portion of the land conveyed to W. L. Wilcox by deed of S. E. Dole, recorded in Liber 155, folio 407-8, and being a portion of part 3 of schedule "B" in the order of court authorizing the sale of this property. This lot has a depth along the boundary of Judge Dole's property from the Diamond Head road to high water mark of 176 feet; a frontage along the seashore at high water mark of 231.1 feet; a depth of 169.6 feet along the east bank of ditch to Diamond Head road and a frontage along the Diamond Head road of 153.4 feet. Area, 31,500 square feet. It is one of the finest beach lots at Waikiki.

**RESIDENCE LOT, WAIKIKI.**  
No. 3. Residence lot at Waikiki, being a portion of the land conveyed to W. L. Wilcox by deed of S. E. Dole, recorded in Liber 155, page 407-8, and being a portion of Part No. 3 of schedule "B" in the order of court authorizing the sale of this property. Having a depth from the Diamond Head road to high water mark along the east bank of the ditch of 169.6 feet; a frontage along the seashore at high water mark of 95.9 feet; a depth along lot 5 of the "Aquamarine" lots of 190 feet to the Diamond Head road and a frontage on said road of 122.1 feet. Area, 19,700 square feet. On this lot is situated the residence of the late Judge Wilcox; also stable, servant's quarters, etc. The property is planted with fruit trees and foliage plants.

**QUEEN STREET PROPERTY.**  
No. 4. Lot on Queen street, deeded to W. L. Wilcox by Opanui and husband; recorded in L. 71, P. 407, and by deed of S. Keanohe recorded in L. 22, P. 278, and by deed of Maona (w) recorded in L. 241, P. 327, and being Part No. 1 of schedule "B" in order of court for sale of this property. This property is situated on the makai side of Queen street, between Fort and Alakea streets, adjoining the east side of the warehouse formerly occupied by the Union Feed Co. It has a frontage on Queen street of 70.3 feet, a depth of 114.6 feet along lane, a width of 81.9 feet along adjoining back lot and a length of 107.5 feet. Feed Co.'s warehouse of 107.5 feet. Area, 8,435 square feet. There are three frame houses upon the property. This is an excellent situation for warehouse purposes.

**PEARL CITY PROPERTY.**  
No. 5. Two lots at Pearl City, being Nos. 15 and 16 of Block 14 on O. R. & L. Co. map, recorded in Liber 121, Pages 243-5, having a frontage in all on Seventh street of 200 feet and an average depth of over 250 feet. Area is over an acre, being Part No. 4 of

schedule "B" in order of court for sale of this property. This property is suitable for farming.

**KAHANA LANDS.**  
No. 6. Kuleana in Kahana Valley, Oahu, near Ah In's rice mill, being Apana 1 of R. P. 2055, L. C. A. 4363 to Kaopae and deeded to W. L. Wilcox by S. W. Spencer, recorded in Liber 250, Pages 375-6; area, 4 60-100 acres, and being Part No. 8 of schedule "B" in the order of court for the sale of this property. This land is beautifully situated and would make a desirable country place. There are about 2 acres of rice or taro land and the remainder is kula land. Kahana Valley is one of the ideal spots on this island.

**SHARES OF THE HUI OF KAHANA.**  
No. 7. Two shares of the Hui Aina o Kahana, being the share of Saml. King deeded by Lee Quan and See Ling to W. L. Wilcox and recorded in Liber 148, Pages 453-4; and the share conveyed by Kealoha, recorded in Liber 250, Pages 376-7, and being Part No. 9 of schedule "B" in the order of court for sale of this property. Each share of the Hui Land of Kahana is entitled to a certain amount of kula land and a certain amount of rice land.

**MOLOKAI LAND.**  
No. 8. Lands in Pukoo, Molokai, deeded to W. L. Wilcox by Maria Jones, recorded in Liber 155, Page 1, and being grants Nos. 674, 675, 679 and 1134; containing in all about 82.57 acres, and being Part No. 6 in the order of court for the sale of this property. This land is suitable for ranching purposes or for the cultivation of sisal or castor beans.  
No. 9. Hui Aina of Punaula, a part of the Ahupua'a of Mapulehu, Molokai, R. P. 7282; One-third undivided interest purchased from S. L. Kekumano, Guardian, recorded in L. 155, P. 288; 1-3 undivided interest purchased from Henry S. Crane, recorded L. 191, P. 127; 1-3 undivided interest purchased at foreclosure sale of mortgage of Dibble Hae to J. A. Magoon. Area not definitely determined, but probably over 200 acres. And being Part No. 7 of schedule "B" in the order of court for sale of this property. This property is good for grazing purposes or for cultivation of sisal, castor beans, etc.

**INTEREST IN THE ABNER WILCOX ESTATE, KAUALI.**

**KALIHI-KAI LAND.**  
No. 11. All that lot or parcel of land situated in Kalihi-kai, Honolulu, adjoining premises purchased by Alexander Young from Allan Herbert and being Apana 2, of land of Hanauapa, Mahele Award 50 to Laumaka, and conveyed to W. L. Wilcox by deed of David L. Kalawala, recorded in Liber 127, Pages 134-5. This lot is somewhat over 700 feet by 200 feet; area, 4.37 acres; and is the whole of Part 10 of schedule "A" in the order of court authorizing the sale of this property. This land is good pasture or ranching property, suitable for raising pigs, chickens, etc.

**WILCOX POI FACTORY.**  
No. 12. The business known as the Wilcox Poi Factory, together with the land and growing crops of taro on the same, buildings, machinery, engines, pumps, tanks, containers, carts, harness and mules, and all of the tools, implements and articles now in use in connection with the conducting of the business as it is at present. Also the good will of the business and all leaseholds in connection with the property. The movable property consists in part of the following:

1 engine and boiler, 1 taro crusher, 2 fruit presses, cooking tank, 3 poi boards, sundry containers and troughs, 6 wagons, 4 sets of harness, 5 California mules, large supply of fuel, 2 windmills, 4 water tanks, 2 pumps, 1 gasoline engine and various other items used in connection with the business and now on the place.  
The real estate consists of the following pieces of land:  
1. A portion of Grant No. 3203 to C.

P. Iaukea and John Bush, deeded by them to W. L. Wilcox, recorded in Liber 75, page 28.

2. L. C. A. 1530, Apana 4, to Weuweu, conveyed by deed of William Ringer et al., recorded in Liber 250, page 374.

3. A portion of Grant 448, deeded by Kaikala et al. to W. L. Wilcox, recorded in Liber 75, page 207.

4. L. C. A. 1530, Apana 2, to Weuweu, deeded by Kaikala to W. L. Wilcox, recorded in folio 58, page 232, together with right, title and interest, deeded by other parties to W. L. Wilcox.

5. A portion of Mahele Award No. 50 to Laumaka, deeded by D. L. Kalawala to W. L. Wilcox, recorded in Liber 127, folio 134.

6. A portion of land conveyed to W. L. Wilcox by deed of Haina Imhoff and husband, recorded in Liber 250, folio 396.

7. L. C. A. 2710, Apana 1, to Haupuu, deeded by William Reist and wife, recorded in Liber 250, folio 370, by deed of Hana Honolulu and husband, recorded in Liber 189, folio 251, also L. C. A. 2710, Apana 2, conveyed under the same deeds.

8. All interest in L. C. A. 2893, conveyed to Keliopuni, deeded by Mokuola and wife to W. L. Wilcox, recorded in Liber 250, page 372.

9. A portion of L. C. A. 803, Apana 2, deeded to W. L. Wilcox by J. B. Atherton and wife, recorded in Liber 158, folio 483.

10. All the right, title and interest of W. L. Wilcox in and to an undivided one-half of the fee of the property known as the Bannister Estate, conveyed to W. L. Wilcox by Agreement of Sale of Charles Lucas and wife. The whole of the above lands aggregates an area of about 8.60 acres of taro land and 2.50 acres of kula land. Particulars as to area and boundaries can be ascertained by reference to surveys and maps in my office, 207 Judd building. There is a lease from the Kapiolani Estate covering a long period of years at an annual rental of \$200 which is included with this business.

The Wilcox Poi Factory is the only "machine made poi" factory in the city and has a very large business. This is an excellent opportunity of acquiring a business which is well established and generally known.

**RESIDENCE AT KALIHI.**

No. 13. House and lot on lane off King street, on west side of Kalihi stream, deeded to W. L. Wilcox by Haina Imhoff and husband, recorded in Liber 250, page 366. The lot has an area of 55-100 of an acre and there is a substantial house of 6 rooms in good repair on the lot. The lot is about 100 feet by 200 feet. The place is now rented for \$25.00 per month.

**Terms of sale:** Cash in United States Gold Coin. Sale subject to approval and confirmation by the court; deeds at expense of purchasers; ten (10) per cent. of purchase price to be paid upon fall of the hammer and the balance upon confirmation of the sale by the Court and delivery of deed to purchaser.

For full particulars and further information apply to the undersigned at his office, room 207 Judd building, Honolulu.

Dated Honolulu, T. H., July 1, 1904.

## ACTOR'S ROMANCE ENDS IN DIVORCE

An actor's romance which began in Honolulu has just ended in the New York divorce court, where Alice Deming Clarke secured a separation from Harry Corson Clarke, the comedian.

The Chronicle says: The news of the divorce proceedings of Harry Corson Clarke and his wife, who before her marriage was beautiful Miss Alice Deming, will be received with surprise by friends of the couple in this city, for, although there have been rumors that the two were not happy in their married life, it was supposed that they had merely decided to live apart.

### MARRIAGE WAS OPPOSED.

It was about seven years ago that announcement was made of the engagement of Miss Alice Deming, heiress and beauty, to Harry Corson Clarke, the actor. Society was greatly interested and tongues immediately began to wag. It was said that the marriage could not be a happy one, and friends of the young woman, as well as her relatives, urged her not to take such a step, because of the profession of her husband and their naturally dissimilar points of view. But Miss Deming met all arguments by saying that she would marry the man of her choice, and the wedding took place.

### MET IN HONOLULU.

It was during a visit to the Hawaiian Islands that the two had met and loved. Miss Deming had come here on a pleasure trip with her mother, Mrs. E. O. Deming and her sister, Miss Adelaide Deming. Harry Corson Clarke was a member of the Frawley company, then playing their first engagement in Honolulu. The actors and actresses of the company were entertained in the social set so that Miss Deming and the actor were often thrown together and the inevitable followed. The marriage was for a time the continuation of the honeymoon, and Mrs. Clarke took great interest in her husband's professional career, but gradually she tired of the traveling from one place to another.

Then it was that Mrs. Clarke received a large income from her parents and she and her husband took up their residence in New York, where they lived at a fashionable hotel. Miss Adelaide Deming frequently visited her sister, while Clarke was seldom with his wife. Miss Deming was one of the witnesses in the suit for divorce.

### CLARKE'S CAREER.

Harry Corson Clarke had considerable success in his profession. He was considered a rather good comedian and starred for a time in laughter provoking farces. At one time he was a sufferer from ill-health and it was said that he lived for a year entirely on milk and molasses candy.

Mrs. Clarke is a member of the wealthy Deming family, whose family home is on Ellis street, San Francisco. She is possessed of considerable money in her own right and when a girl was considered one of the handsomest and most attractive of her set.

## PRESIDIO HEARS OF LT. GARBER'S DEATH

The Chronicle says: The suicide of Lieutenant Gullford S. Garber at Honolulu has caused another sensation in army circles here. This suicide, coupled with that of Captain Frederick S. Wild at Angel Island only a few weeks before, is making the army people ask, "Who next?" No positive explanation has been offered for the act of either of these officers in taking his life. Both were young, able, vigorous and ambitious. Both stood well in the army and in civilian life, yet, in spite of all these qualifications, they elected to end their lives.

Garber was well known and much liked by his brother officers at the Presidio. He was always hale-fellow-well-met and during his sojourn at the post was very popular there and in the city.

He left here on May 1 with the Ninety-second Company Coast Artillery bound for Honolulu. He entered the army from civil life in 1898, being one of the Indiana volunteers, and in 1899 he joined the Thirtieth Infantry United States Volunteers.

In his farewell note, found after his death, he said in a few words that he could not break himself of his drinking habit and he inclosed in it two checks. One was left to a friend, to be disbursed in paying some small loans he had received from his comrades while stationed at the Presidio, and the other to pay debts in the islands.

Garber was born in Indiana on October 27, 1875.

## BATHER SAVED FROM DEATH IN SURF

The saving of a life was accomplished on Thursday afternoon from the surf at Waikiki Beach by sixteen-year old W. H. Smith, son of Mr. Smith of the Manufacturers' Shoe Company. The life saver was that of a young Chinese, said to be a clergyman, who had ventured out beyond his death of the premises of James B. Castle and W. G. Irwin. Nearby is the cottage occupied by the Smiths.

## GAY MASKERS AT MOANA HOTEL

Continued from Page 1.)  
tempt to conceal the features and identity.

From the grand march when all the motley array of maskers paraded about the ball before the Queen, the princess and the judges of the gentler sex all in powdered hair and evening toilettes to the signal for the unmasking fun was uncontrolled. The judges could hardly keep their gravity. The Princess quietly stole away from the dignified body and donned a pink domino, and even a little later she appeared as a Persian, dancing as gaily as the rest.

An amusing feature occurred when the lights suddenly went out and on being upturned again revealed a German Band. The costumes were of a funny pattern, and the leader was "Sonny" Cunha in a startling costume of widepants and blue coat. The music was awful but it was German. At midnight the unmasking took place and the prize winners were announced by "Sonny" Cunha, as follows:  
Most Beautiful Costume for Ladies—a tie between Miss Kelley, as "Golden Shower," Mrs. Kimball, as a Turkish lady, and Miss Campbell, "The Girl in Red." Miss Campbell won the prize, a cut-glass salad bowl. The Most Original Ladies' Costume prize went to Mrs. F. Howard Humphris, who appeared as a French Doll, dressed in blue and attached to a big cardboard on which were boudoir articles for a doll. The prize was a hand painted vase.

The prize for the Handsomest Gentleman's Costume, went to Mr. Charles F. Chillingworth, who appeared as a Japanese Samurai. His costume was of heavy, rich gold embroidered silk, with swords thrust through the girdle. The head was represented as shaved and the cheeks were enameled. The prize was a pair of solid silver military hair brushes. The prize for the Most Original Gentleman's Costume went to Mr. James Dougherty, who represented a gigantic freeracker, one being built around him.

The prizes were awarded by Queen Liliuokalani, and following this the maskers marched to the reception parlor where small tables awaited the guests. The unmasking had made strange partners and the tables resounded with laughter as disclosures came. The supper comprised dainty salads and other tempting edibles, while champagne punch was quaffed in full bumpers to the host and hostess, Prince and Princess Kawananakoa, and the guests of honor, the Misses Bradley. The supper over the ballroom was again the rendezvous where dancing was continued until a late hour.

The sylvan scene which burst upon the view of the maskers as they entered the ball-room was a fit setting for the gayety which they brought into it. The ball-room, which partially extends beyond the sandy beach and over the water, was open to the cool breezes which swept from valley to sea. Its long, rectangular form lent itself easily to the decorative skill of Mr. Ernest Parker, whose dainty design and methods of arrangement won general expressions of praise.

The brilliantly illuminated hall, was, however, somewhat dimmed by the mass of greenery so profusely used. Both ends of the hall were almost concealed by the wealth of potted palms, pandanus branches, palm branches and croton bushes arranged there. These various forms of green were carried up to great heights their rich hue being relieved by strips of contrasting color. The music gallery was similarly treated, and at intervals along the sides were masses of the green luxuriance.

From the two central electric light discs in the ceiling long red paper streamers hung in festoons, the other ends caught up in the two long rows of electric lights shaded with yellow which ran along opposite sides of the ceiling from end to end. Beneath each disc hung a huge group of pandanus branches. Also suspended from each disc were streamers of red green and yellow paper, the ends catching up paper masks. Long, dainty trailing lines of malle low hanging ran through the long streamers, and at frequent intervals gay and sad-looking masks dangled in the breeze. The musicians played in the gallery just above the entrance.

Besides the Queen and the Princess there were present as judges, Mrs. William Haywood, Mrs. J. S. McGrew, Mrs. George Beckley, Mrs. Helen Neona, Mrs. Samuel Parker, Mrs. F. M. ## PENILESS CASHIER CAME TO HONOLULU

PENLETON (Ore.), July 1.—The employees of six banks in Washington and Oregon, of which Senator Ankeny is president, must not engage in outside business. The order is said to be due to C. B. Wade becoming involved for half a million dollars on account of an unfortunate investment in mining stocks last year.

C. B. Wade was cashier of Senator Ankeny's bank at Pendleton and failed last year for half a million dollars. His failure made him penniless. He is said to be in Honolulu.

## MRS. CLARK LEFT ESTATE OVER \$6000

A petition was filed yesterday by Thomas K. Clarke for probate of the will of his late wife, Annie Clarke, in which the petitioner is named as executor. The devisees and legatees are the husband, five daughters and three sons of the deceased, but, as the will is presented in a sealed envelope, the portions given to the respective beneficiaries cannot here be stated. In the aggregate the estate is valued at more than \$6000. House and lot in Punch-bowl street, Honolulu, is valued at \$4500, and there is personal property, including cash and a demand note, valued at \$1577.50.

## TERRITORY OF HAWAII, COURT OF LAND REGISTRATION.

To Mrs. Leon A. De La Nux, Mrs. R. A. Stone, W. O. Smith, Guardian of Edwin, Joseph and John Hamauka, minors; Edwin Hamauka, a minor; Joseph Hamauka, a minor; John Hamauka, a minor; Henry Gehring, Charles Butzke, Gehring and Butzke, a copartnership; Chester A. Doyle, Charles M. Cooke and Anna C. Cooke, all of Honolulu, Island of Oahu, Territory of Hawaii; the Territory of Hawaii, by Lorrin Andrews, Attorney General, and to all whom it may concern:

Whereas, a petition has been presented to said court by Charles M. Cooke, Limited, a corporation, to register and confirm its title in the following described land:

A parcel of land situate in Honolulu, Island of Oahu, and the Territory of Hawaii, and particularly described as follows:

Lot 14 on Young street, near Kapiolani street, described in Grant No. 26, as more fully appears in a map and description filed in said court.

You are hereby cited to appear at the Court of Land Registration, to be held at Honolulu, Island of Oahu, on the Twenty-fifth day of July, A. D. 1904, at 1:30 o'clock in the afternoon, to show cause, if any you have, why the prayer of said petition should not be granted. And unless you appear at said court at the time and place aforesaid your default will be recorded, and said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, Philip L. Weaver, Judge of said court, this Twenty-fourth day of June, in the Year Nineteen Hundred and Four.

Attest with Seal of said Court,  
WILLIAM SAYTIDGE,  
Registrar.

# HOLLOWAY HITS BACK

## Kendall Said to Be No Taxpayer Though He Sued as Such.

On account of the disqualification of Justice Hatch, Chief Justice Frear and Justice Hartwell called Circuit Judge Gear to sit with them in the Supreme Court yesterday for the hearing of defendant's appeal from an injunction granted to Herbert Kendall vs. C. S. Holloway, Superintendent of Public Works, and Lucas Brothers whereby a contract for Lahainauna school buildings was enjoined. Ballou & Marx (formerly Hatch & Ballou) appeared for the plaintiff, and M. F. Prosser, Deputy Attorney General, for the Superintendent of Public Works.

Lucas Brothers a few days ago discontinued their appeal, which, as it was virtually their own case so far as actual interest went, might have been expected to determine the proceedings. Prior to that move on their part, Lucas Brothers, or rather one member of the firm, had brought a suit to enjoin another Public Works contract on practically the same grounds as their own contract for Lahainauna buildings had been enjoined. These were alleged uncertainties in the specifications and lack of equal information and notice to all the bidders. When the Lahainauna case appeal came forward in its turn at the present session of the Supreme Court, under the circumstances just described, Mr. Holloway was prepared to fight the appeal out on behalf of the Territory.

Mr. Kendall brought the suit as a taxpayer who was aggrieved at a contract alleged to be illegal, his other allegations showing him to have been a disappointed bidder for the job. The Superintendent of Public Works now attacks him on the question of his standing as a taxpayer. It is declared in open court that Mr. Kendall is a leaseholder of real estate on which he has not paid taxes, also that he has not even paid his personal taxes due to the Territory.

**SUMMER COMPLAINT** is the children's most dangerous enemy and the mother's most dreaded foe. Immediate and proper treatment is always necessary. Chamberlain's Colic, Cholera and Diarrhoea Remedy, given according to directions, is the most effectual remedy known. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

### New Attorney Admitted.

Harry Irwin took the oath as an attorney in the courts of the Territory before Hon. W. F. Frear, Chief Justice of the Supreme Court. Attorney W. L. Stanley, who had known him since his arrival in 1901, and Charles W. Baldwin, normal instructor of the Third Circuit, where he had been teaching school, gave Mr. Irwin his certificates of character. His petition showed him to be a native of Shelburne, N. S., 29 years of age, a graduate of Dalhousie University, N. S., and a student of Boston University law school and of the Sprague Correspondence school of law. He had also read law privately.

### THE TRUTH ALWAYS.

"When you are in doubt tell the truth." It was an experienced old diplomat who said this to a beginner in the work. It may pass in some things, but not in business. Fraud and deception are often profitable so long as concealed; yet detection is certain sooner or later; then comes the smash-up and the punishment. The best and safest way is to tell the truth all the time. Thus you make friends that stick by you, and a reputation that is always worth twenty shillings to the pound everywhere your goods are offered for sale. We are able modestly to affirm, that it is on this basis that the world-wide popularity of **WAMPOLE'S PREPARATION** rests. The people have discovered that this medicine is exactly what it is said to be, and that it does what we have always declared it will do. Its nature also has been frankly made known. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. A combination of supreme excellence and medicinal merit. Nothing has been so successful in Anemia, Scrofula, Bronchitis, Influenza, Loss of Flesh and Wasting Diseases, Weakness and Low Nervous Tone, and all complaints caused by Impure Blood. Dr. Austin D. Irvine, of Canada, says: "I have used it in cases where cod liver oil was indicated but could not be taken by the patient, and the results following were very gratifying." It cannot deceive or disappoint you, is effective from the first dose and comes to the rescue of those who have received no benefit from any other treatment. It represents the dawn of progress. Sold by all chemists everywhere.

## THE TRAINED NURSE.

HER STRENGTH SOME-TIMES TAXED BEYOND LIMIT.

A Graduate of the New York Training School Tells How She Recuprates After Heavy Strain.

The trained nurse plays a very important part in the modern treatment of disease, greatly to the relief of both doctor and patient. Because she is well disciplined she is able to perform difficult service and to endure fatigue in a manner that excites admiration and wonder.

She is human, however, and in trying cases the demands upon her strength prove excessive. She fulfils her duty nobly to the last moment but, as soon as she is relieved she is compelled to build up her own weakened powers. She naturally wants the remedy that will restore her efficiency in the shortest possible time, and, as her knowledge of medicines is wide, her choice is likely to be a sensible one and a remarkably good guide for everybody else.

Every word of the following careful statement of Mrs. Jessie M. F. Cummings, of 61 Whitmore street, Hartford, Conn., a graduate of the New York Training School for Nurses, is entitled to the weight which attaches to the utterance of an expert:

"Several months ago," said Mrs. Cummings recently, "I was completely worn out as the result of a very serious and trying case I had attended. I needed a tonic, and so I got six boxes of Dr. Williams' Pink Pills for Pale People and took them faithfully. I obtained the good from them I expected to, and I can say with truth and pleasure that the remedy is a splendid tonic for woman's nerves."

The soundness of Mrs. Cummings' opinion is confirmed by the experience of numerous sufferers from nervous disorders of every kind and degree, from simple debility to partial paralysis. Dr. Williams' Pink Pills have cured obstinate cases of paralysis and even locomotor ataxia, the most frightful of all diseases of the nerves.

They check waste and begin to minister a fresh and lasting vitality at once. They are sold by all druggists throughout the world. A booklet giving information of great value in the treatment of nervous diseases will be sent free on application to the Dr. Williams Medicine Co., Schenectady, N. Y.

## HOLLOWAY GETS HIS AXE TO WORK

Emma Square is receiving a long-needed pruning, such as was given to Thomas Square about a year ago when H. E. Cooper was Superintendent of Public Works. At that time hundreds of people thought that Thomas Square had been ruined, yet it is now in better shape than it has ever been. Superintendent Holloway has set men to work cutting out some of the trees and the dense undergrowth that had grown up in Emma Square, and which made the little park an unsightly one as well as a hot-bed for the mosquito pest. It is already possible to see through the foliage from front to rear of the square, and when the work is finished the place will hardly be recognizable. The trees that are being cut down are mostly those that had grown out of all shape from overcrowding and, though they will be missed at first, the advantages of Forester Holloway's work will soon be appreciated.

## PETERSON IS LEFT BUT IS FREE MAN

Charles Peterson, master-at-arms of the Oceanic liner Sierra, is marooned in the wastes of Honolulu at the present time. He is the man who had a little mix-up with Purser Walton of the same vessel on the Oceanic wharf Thursday morning in which it was alleged that Peterson attempted to puncture the purser with a bullet. The master-at-arms appeared in the Police Court yesterday charged with carrying a deadly weapon. Peterson said that he had the right to carry a gun on board the vessel as his duties were those of a sort of a policeman on the steamer. He said that he was working both on and off the vessel at the time when the encounter took place. Peterson admitted the main facts of the quarrel as previously reported but strenuously denied that he made any attempt to fire the gun. As none of the witnesses were present no more serious charge could be filed. Judge Lindsay said that Peterson certainly had no right to carry the gun ashore but as he had been left behind he was discharged with a reprimand.

The three men, Larkins, Y. Hong and J. Borges, appeared charged with larceny in the second degree. Y. Hong, the Chinaman who pleaded guilty, was sentenced to one year at hard labor, the maximum penalty. The negro, Tom Larkins, and the Portuguese, J. Borges, had their cases nolle prossed and the charge of burglary preferred against them. They waived examination and were committed to the Circuit Court for trial.

John Kaaua, the bogus health inspector, came up for robbery and larceny in the second degree. The first charge was nolle prossed and he pleaded guilty to the second. Sentence was deferred until Tuesday. Meanwhile the police will work up some of the fifty odd charges still against Kaaua. Charley Malia, charged with vagrancy, was given thirty days. He was found in a coal pile Thursday. J. Mullen, charged with drunkenness, was reprimanded and discharged.

## IS CHARGED WITH SMUGGLING CIGARS

Eugene McPhetridge, a clerk in the Quartermaster's office at the local army post, was arrested yesterday on the charge of having smuggled some 6000 cigars into the United States from the U. S. A. T. Sherman. It is alleged that the cigars were brought ashore with the Quartermaster's stores. Collector Stackable was closeted with Assistant United States Attorney Dunne for some time and there are surmises that more developments may follow but nothing can be learned to confirm this suspicion. Part of the goods were found in the possession of McPhetridge and part of them were in the possession of others.

The warrant for McPhetridge's arrest was sworn to by C. M. Neal, customs inspector. Marshal E. R. Hendry, in company with Commissioner A. F. Judd, went to the Quartermaster's office and quietly served the process on the accused, who promptly accompanied the officials to the Marshal's office. Bail was fixed at \$2500 and a bond in that amount was soon forthcoming, with J. H. Cummings and James Harvey as sureties.

McPhetridge has been connected with the Quartermaster's department here ever since the incumbency of Major, later Lieut. Col. Ruhlen, the first to occupy the office of Quartermaster at this post. He is a married man, living at 1468 Nuuanu avenue. Mrs. McPhetridge is now visiting in California. He has always been well esteemed in Honolulu and has many friends who will regret the position in which he is now placed.

## HATTIE VOELLERS' MARRIAGE ANNULLED

After living for four years as the wife of William F. Hummeltenberg, Miss Hattie Voeller discovered just a week ago that she has no claim to the title of wife, as Hummeltenberg had a wife living when they were married at Honolulu in 1901. Hummeltenberg kept the fact secret until he was forced to confess the truth when Miss Voeller confronted him with proof that he had married Miss Grace Cummings in 1891. She asks for an annulment of her marriage to Hummeltenberg, also for an order directing him to pay the expenses of the suit.—Examiner.

MANY VESSELS COME AND GO

The arrival and departure of four deep-sea sailing vessels yesterday gave the harbor a busy appearance. The first arrival was the barkentine S. N. Castle which made her appearance off port early in the morning and came up to the Irmgard wharf at about half past seven where she is discharging a general cargo of hay, grain and merchandise consigned to W. G. Irwin and Company.

HER RECORD OF DISASTER LONG

The American bark Abby Palmer, Captain Johnson, which left Seattle June 14, has arrived at Kaanapali with a cargo of coal consigned to Hackfeld & Co. It is doubtful whether any craft afloat has had so much ill luck as she. This is her first voyage since the memorable one she made in northern waters about a year ago when her decks were swept clear of every mast and spar, her gunwales smashed and her deckhouses crushed in. Abandoned then by her crew she yet survived and is now as good as ever.

May Go to Anahola.

Captain Burnham, superintendent of the American-Hawaiian Steamship Company, was a passenger on Kauai on the Mikabala Thursday night. He was accompanied by C. P. Morse, local agent of the company and Colonel Z. S. Spalding, proprietor of the Makee Sugar Co.
