MORE MONEY FROM MR. BISHOP TO THE MUSEUM

Transfers His Life Interest in Oahu Railway Stock to Institution---Accounts of Trust as Reported by Master.

According to the report of P. D. Kellett Jr., master in chancery, on the annual accounts of the trustees of the Charles R. Bishop Trust, which has been presented to Judge De Bolt, Mr. Bishop has conferred another generous benefaction upon the Bernice Pauahi Bishop Museum. This noble memorial to his late wife, whose last will created the Kamehameha schools for boys and girls, is the main object of the trust in question. The latest bounty of Mr. Bishop consists of a transfer of his hitherto reserved life interest in $36,000 of O. R. & L. Co. stock to the museum.

The order for a master's report was made on December 12, 1904. The master presents the following matters:

On the 17th day of November, A. D. 1904, the said trustees filed their annual account, covering the period of one year from the 15th day of October, A. D. 1903, to and including the 12th day of October, A. D. 1904, in which they, the said trustees, charge themselves with the sum of $33,087.01 and ask to be allowed the sum of $35,910.98, leaving a balance due the trustees in the sum of $2,823.97.

The receipts include, however, the sum of $2,568.61, being cash balance on hand from the previous account.

Following is a summary of the receipts:

Balance on hand as per last count	$ 2,568 61
Bills receivable—G. A. Schuman, balance principal of mortgage note	2,200 00
Interest, Sundry tenants—Rents $9378.80, taxes, $904.10..	10,282 90
Expense,—Office, refunded	2 50
Law—Master's fee and costs of court	104 00
Apparatus, etc., current expenses—Sale of cardboard boxes	7 50
Publications	456 40
Ethnology—Rebate of freight on specimens to Europe	5 75
Dividends	600 00
Land sales—Waipio	75 00
Ornithology and taxidermy—Rebate of overcharge, freight on bird skin speciments	37 20
Natural history—Amount returned overpaid requisition No. 670 for pill boxes, etc...	3 70
Charles R. Bishop life interest trust account—Dividends $1,800, interest $2,510	4,310 00
Total receipts	$33,087 01

DISBURSEMENTS.

Suspense — Balance trustees' commissions charged as due last year and paid this year	$ 1,726 39
Law—Costs, release of mortgage, acknowledgements, etc.	26 25
Attorneys' fees	2,200 00
Master's fees and costs of court	257 50
Ornithology and taxidermy—Salary, etc.	1,699 56
Collector—Salary, etc.	1,205 98
Salaries, museum—Director $3,600, assistant directors $1,523.15, janitor and assistant $699.75, Kamehameha school for laborers and night watchman $546	6,368 90
Ethnology—Salary, etc.	2,191 06
Natural history—Salary, etc...	2,796 32
Salaries—Office	300 00
Publications—Salary, etc.	4,581 97
Charles R. Bishop life interest trust account—Dividends $1,800, interest W. Mutch note $1,050, interest Mendonca bonds $1,400, interest Oahu Sugar Company bonds $60...	4,310 00
Taxes 1903—Oahu $1,100.95, Hawaii $616.65	1,717 60
Purchase of real estate—Back taxes	8 10
Pictures and Photographs — Kamehameha school negatives of grounds, etc.	200 00
Appropriation yearly $250—Curator's expense, etc.	203 52
Appropriation yearly $300—For books	192 20
Repairs — Museum	372 50
New cases—Two plate glass cases for models, etc.	1,832 63
Insurance, general	229 60
Expense, office	14 78
Expense, museum	244 44
Rents	650 00
Modeling department—Salary, etc.	470 66
Repairs, general—Office and bank buildings	415 35
Insurance, museum	30 00
Library—Current expenses	122 44
Trustees' commissions	1,543 23
Total disbursements	$35,910 98

I have compared and checked the vouchers (287 in all) with the items of disbursements as per schedule B, and verified the footings of each schedule, and I find the same to be all correct.

The trustees have charged commissions of 10, 7 and 5 per centum upon the sum of $27,348.45, being the amount of moneys received in the nature of revenue or income of the estate, which is $1497.42, and 2½ per centum upon the amount of $1832.63, being principal or

(Continued on Page 7.)

PETER HIGH VS. PINKHAM

Correspondence Passed Regarding Lumber Contract.

On the 19th of December last the contract for supplying lumber to the settlement on Molokai was awarded to Peter High. Almost immediately thereafter the President of the Board of Health asked the Attorney General for an opinion as to whether he had the power to refuse to accept lumber under the High contract, in the event that it should be shown that the lumber was handled or dressed by Asiatic labor. Mr. Andrews quoted the law to Mr. Pinkham, who at once sat down and wrote to Mr. High the following letter:

Honolulu, Hawaii, January 3, 1905.
Peter High Esq., Honolulu, T. H.—

Dear Sir: My attention having been called to a claim that your lumber is handled and milled by alien labor, an opinion has been asked from the Attorney General whether, if such is the case, this department could legally accept lumber so handled and milled.

Opinion 31 informs me that this department cannot accept lawfully lumber so handled or milled. I should be pleased to receive a statement in writing relative to this matter, should this request meet with your pleasure.

Yours very truly,
L. E. PINKHAM,
President Board of Health.

The story of this incident, without the letter of Pinkham, was published in the Advertiser at the time, and Mr. High's statement that he did not employ Asiatic labor was also printed. As to the president of the Board of Health Mr. High answered his letter, a proper answer enough, in view of the fact that Mr. High is an American citizen, not a criminal, and entitled under any interpretation of law to know the name of his accuser. This

MR. KENDALL COMES BACK

Reiterates His Charges. Draws a Deadly Parallel.

Editor Advertiser: I see by your paper of the 4th inst., and by the Bulletin of the 3d inst., that Supt. C. S. Holloway made a very feeble attempt to answer some of my charges in regard to the Hilo armory. He says that I have failed to prove my charges. Let us see whether I have ever failed to give proof of any charges that I have made in this matter. All of my charges have been made directly to Supt. Holloway before they have been made to anybody else and I have made said charges repeatedly to him, and as all of them were under his department, who else should I prefer the charges to? Now, I have repeatedly told him that I would bring proof of what I stated, and have further told him that it was not my purpose to make any idle talk, and when anyone prefers charges to the head of a department, and offers to give proof of his charges, is it not, may I ask, up to the head of that department to call for the proof of the charges made?

Mr. Holloway has never asked me for proof. If he had, he would have got it. I further told Assistant Superintendent Howland, while he was in Hilo, that I would give him ample proof. Did he ask for that proof? No. The fact of the case is, they don't seem to want the proof.

Supt. Holloway further says in his feeble attempt to answer my charges that it is a well-known fact that the firm of Hackfeld & Co. is not in the contracting business and that all the person that he knows in this case is L. M. Whitehouse. I want to say that there are none so blind as those that

KUROPATKIN SOON TO TAKE THE OFFENSIVE

Japan's Trade Grows Despite the War---Arrest of Infernal Machine Fiend---New Charge Against Mrs. Chadwick.

(ASSOCIATED PRESS CABLEGRAMS.)

ST. PETERSBURG, Jan. 16.—Important developments are expected in Manchuria. General Kuropatkin will soon take the offensive. Skirmishes continue.

JAPAN'S TRADE INCREASES.

WASHINGTON, Jan. 16.—United States Minister Griscom reports from Tokio that Japan's exports have increased five million dollars and imports ten million dollars for the first nine months of 1904. The war national debt is $444,000,000.

JAPANESE TROOPS REVIEWED.

PORT ARTHUR, Jan. 16.—General Nogi has reviewed the troops. There was a stirring display.

DANGEROUS ANARCHIST CAUGHT.

NEW YORK, Jan. 16.—Gessler Rousseau has been arrested with an infernal machine in his possession. He has confessed that he was the person who attempted to destroy the statue of Frederick the Great in Washington, also the steamer Umbria in New York city.

FRENCH CABINET GOES OUT.

PARIS, Jan. 16.—The Combes cabinet is to resign. Brisson will probaly be premier of the new cabinet, which will carry out the present government plans.

President Loubet's mother is dead.

RECIPROCITY WITH GERMANY.

BERLIN, Jan. 16.—The American Chamber of Commerce here has petitioned President Roosevelt for a treaty of reciprocity with Germany.

DIAMOND SMUGGLING NOW.

CLEVELAND, Jan. 16.—It is alleged that Mrs. Chadwick smuggled a quarter of a million dollars' worth of diamonds.

FIRE DESTROYS FAMILY.

NEW YORK, Jan. 16.—William Mason, attorney, and his wife, two children and a servant have perished in a fire.

ATTEMPTED ASSASSINATION.

MOSCOW, Jan. 16.—A student fired three shots at General Trepoff, former chief of police, who escaped unhurt.

THERE WAS WAR IN THE HOUSE OF THE OCTOPUS

Manager Potter Rings in a Total Stranger on One of His Aquarium Happy Families.

There was war in the house of the octopus out at the aquarium yesterday. You see, that house has had only two occupants heretofore, nice, fat, juicy fellows, covered with slime and suckers and things, and each of these had a hole in the rock pile where he could curl his legs around himself and sleep all day long, if he wanted to. The big squid took his pick of the two holes in the rock, and the little one took what was left. It was altogether an amicable arrangement.

Well, yesterday Manager Fred. Potter put a third octopus in the tank, a spotted one with his stomach covered with knobs. And that was cause for war. The big octopus came out of his hole, changed color two or three times in a minute, and began sparring for the intruder with a few of his legs. The knobby member went away from there, as far as the limits of the tank would permit. He continued to go away from there every time the big one sparred at him, or even changed color. It was, for all the world, like the case of the new boy at school—with the new boy showing in every movement that he was not staying in that place because he wanted to.

The most gorgeously colored fish that has been shown yet is the ulani, two specimens of which were gasping at the bottom of one of the tanks yesterday. They did not seem to be able to do much but lie on the bottom and gasp, but they were as gorgeous in their dress of green with pink markings as a couple of pieces of high priced soap. There was a new uhu fish, too, like a great blue parrot in shape and color. The shark was swimming majestically about in his tank as usual—that is, he was until a boy reached under the wire fence and pulled his tail. Then the big fish put on a burst of speed that would have done credit to a mainland express train.

There was the hint of a Kona in the strong wind that swept from the sea across the Park, and a tendency of the music of the band to go sailing off toward Manoa as soon as it got loose from the horns and got the kinks twisted out of itself. Also, the crowd rather sought shelter from the wind than places to hear the music to advantage. But the hint of the Kona remained a hint until after sundown, at least, and the pleasure seekers staid their usual time out of doors.

The sea was running high, the reef being covered with foam, and so there was little bathing, but the beach resorts were full of people and the cars to Waikiki ran crowded all the afternoon.

LAYS OFF THE HARNESS AFTER PROLONGED SERVICE

Our Maui correspondent announces that the venerable Rev. E. G. Beckwith, D. D., has resigned the pastorate of the Paia Foreign Church. Dr. Beckwith has had a long and a useful career, of which the following is but a scant outline:

Mr. Beckwith arrived in Honolulu in 1852 and took charge of the Royal School. Among his pupils were five Hawaiian sovereigns, Kings Kamehameha IV., Kamehameha V., Lunalilo, Kalakaua and Queen Liliuokalani, besides Queen Emma. Mrs. Pauahi Bishop was also one of Mr. Beckwith's pupils. In 1857, in company with Dr. Armstrong, the Minister of Public Instruction, he raised $30,000 in the States for the endowment of Oahu College. Mr. Beckwith became the first president of that institution, succeeding Rev. Daniel Dole, who had been principal of the Punahou school. Having been licensed to preach, he soon resigned and became pastor of a large church in Sacramento, California. Among the members of his congregation were Governor Stanford, Collis P. Huntington, the Crocker brothers and many others whose names are part of California and Pacific Coast history. After a theological course and several pastorates in different parts of the States, Mr. Beckwith drifted back, as all who have ever lived in Hawaii do, to the "isles of the blest." He became the pastor of the old Fort Street church and when that merged into the Central Union church in 1887 he became pastor of the larger body. In 1894 on account of advancing age and the illness of his wife he resigned and took charge of the Foreign Church at Paia, Maui. Now full of years and honor he has laid down the work for younger hands to take up and will enjoy a well-earned rest after over half a century of faithful labor for the upbuilding of these islands.

CONGRATULATES ADVERTISER ON ITS FARMING VICTORY

"I want to congratulate the Advertiser on its great victory for small farming in Hawaii," said A. Louisson, the Hawaii coffee grower, yesterday. "The Advertiser is to be congratulated upon its courageous, determined course on behalf of small farming in this Territory, which means also the Americanization of the islands on a much larger scale.

"The Advertiser seemed fighting against general public sentiment, but this was a false sentiment, because the people did not know just where the Planters' Association stood. Now that the Planters' Association has shown just how it stands in this matter, I am sure you will find sentiment is more general toward small farming development than you imagine."

Third Week Of January Clearance ... Sale ...

Laces and Corsets

Beginning Monday Morning, January 16th, At 8 o'clock.

So gratifying have the first two weeks of our January Clearance Sale been to purchasers that we need only say of this sale of laces and corsets it will be even better than the others.

The splendid values offered below in laces as delicate and beautiful as one could wish for may not be duplicated for many years.

Corsets are the best models of the famous Royal Worcester and R. & G. All in perfect condition.

Historical Honolulu

* * * * * *

OR A CENTURY OF

HAWAIIAN EVOLUTION.

This valuable record of the most important events in the History of Honolulu for the past hundred years was compiled and published at great expense in 1899.

Its historical and descriptive articles are by the very best recognized authorities on Island matters and are handed from absolutely impartial standpoints.

It is finely illustrated and contains portraits and biographical sketches of the principal business and professional men of the Islands.

This is a publication that no student of Hawaiian History can afford to be without. A limited number of copies still for sale by The Hawaiian Gazette Co., Ltd.

Substantial Cloth Binding

50c per Copy

POSTAGE : : : 30 CENTS EXTRA.

DELEGATE IS SERVED

Gets a Copy of the Papers in Iaukea Contest.

The papers in the contest brought by Curtis P. Iaukea for the seat in Congress held by Delegate Kuhio were served upon the Delegate in Washington, personally, at the same time that service was made here. This is the routine usual in such cases. The matter now goes to the next House of Representatives for reference to the committee on elections.

It is not thought even the attorneys for Iaukea have much hope of getting the seat for their man. The most that it is expected to accomplish by the contest is to have Kuhio's seat declared vacant, and get the election grievances of the defeated party on the record at Washington.

And even in the somewhat unlikely event of the vacating of the seat, which of itself is a course seldom taken, there is no present reason to believe that the Democrats would have any better luck in the ensuing special election than they had last time. For, of course, there would be a special election. The Territory would be the sufferer, in fact, for the Territory would have the special election to pay for.

There would have to be provision made for it by the legislature, however, as there is no money in any fund now that could be used for the purpose.

As the contest is for the term which begins on the 4th of March next, and consequently cannot be taken up until Congress meets in December—that is, unless it be taken up at the special tariff session—the whole matter is as yet some distance in the future.

As matters stand, the papers have been properly served and all matters of routine have been compiled with. The next move will be taken by the new House of Representatives.

PETER HIGH VS. PINKHAM

(Continued from Page 1.)

is what Mr. High wrote to the president of the Board of Health:

Honolulu, January 10, 1905.
L. E. Pinkham Esq., President of the Board of Health—

Dear Sir: If you will be so kind as to inform me who called your attention to the matter in question referred to in your letter of January the third, 1905, and what the object of the claim was, I will not in the least object to answering any or all questions relative to the matter.

Yours very truly,
PETER HIGH.

This, of course, was lese majeste on the part of High. The next letter from the president of the Board of Health shows it. The idea of a mere lumber mill man daring to dream of questioning the president of the Board of Health! Preposterous! With the tact of a ready letter writer Pinkham sat down at his typewriter, or had a Government stenographer sit down at his typewriter and crushed High, as thus:

Honolulu, January 11, 1905.
Peter High Esq., Honolulu—

Dear Sir: Your letter of the 10th inst. to hand.

Your questions are not pertinent to the subject in hand.

Kindly reply to my letter giving the information desired.

Yours very truly,
L. E. PINKHAM,
President Board of Health.
By C. Charlock.

And not content with this Pinkham thought that he would crush what life the avalanche of his own wrath had left in High by rolling down upon that audacious rebel the little pebble of his secretary. The secretary, obeying the order of his High Mightiness, wrote as follows to High:

Honolulu, January 10, 1905.
Peter High Esq., Honolulu—

Dear Sir: I am directed by the president of the Board of Health to request an answer to his communication of the 3d inst., a copy of which you will please find enclosed.

Yours very truly,
C. CHARLOCK,
Secretary Board of Health.

It produced results all right. The rebel was heard from, although not exactly as Pinkham had hoped he would be, perhaps. In fact, Mr. High did not show any appreciation of being crushed at all, although he replied to the letter of the president of the Board of Health as he had been ordered to do. He showed, on the contrary, a rather shrewd sense of his own right under the law and a somewhat remarkable disposition to stand up for his manhood, even against the weight of Pinkham's wrath. It is a surprising thing what these stiff-necked Americans will do when they think that their rights are assailed. Clearly Pinkham could not have received much comfort from the answer of Mr. High, which follows:

Honolulu, Hawaii, January 11, 1905.
L. E. Pinkham, Esq.,
President Board of Health,
Honolulu, Hawaii—

Sir: Under date of January 3, 1905, you wrote me that your attention had "been called to a claim" that my lumber is handled and milled by alien labor and that you have been advised by the Attorney General that your department could not legally accept lumber so handled and milled. Under date of January 10, 1905, I received from your secretary a request that your communication of the 3d inst. be answered. On yesterday I made inquiry from you, asking the name of the person who called your attention to the matter and what the object of the claim was. I am now in receipt of your letter of today, telling me that my inquiry was not pertinent.

It would seem to me that when your board has charges laid before it against any person, that person should know what the charge was, what the basis for it was and the names of the persons making the charge. The reasons for this are so patent that they need not be given.

On December 24, 1904, certain items of my tender for supplying lumber for the leper settlement were accepted by your board, and I was so notified. I stand ready to carry out my contract with the board. When any lumber is called for I shall be ready to furnish it. The question may then properly arise as to whether or not the lumber which I furnish is handled or milled by alien labor. Until that period has arrived I do not see how any question can be or should be raised.

Assuring you that I stand ready to carry out my contract in a legal manner, I remain,

Respectfully yours,
PETER HIGH.

There the correspondence rests for the present, with Pinkham on the short end. The president of the Board of Health, indeed, seems to possess a genius for getting on the wrong end of a controversy. It would suggest, if that were not lese majeste, that the president of the Board of Health had that peculiar talent for doing the wrong thing with which General Grant once credited his political opponents: "The Democracy," said the general, "can always be trusted to do the wrong thing at the right time." The president of the Board of Health never takes anybody's typewriter in hand without putting both his feet in the ink.

San Francisco—A valuable log of koa wood from Hawaii, weighing several tons, was towed out to the Dutch ship Europa yesterday by Engineer Hodges of the launch Sybil. The log is considered a fine specimen of the wood, and will be carried by the Europa to London.

CONFERENCE IN WAILUKU ON WHAT MAUI WANTS

Road Boards Are Condemned---Low Liquor License Favored---Improvement Association Meeting.

WAILUKU, Jan. 14.—An interesting conference of citizens on the subject of Maui's needs in legislation, called by Circuit Judge A. N. Kepoikai of the Republican district sub-committee, was held here on Wednesday evening. Judge Kepoikai was elected chairman and J. N. K. Keola secretary.

T. B. Lyons submitted a report showing many desired road appropriations; also recommending censure of the road board for neglect of road property, the abolition of road boards, the establishing of a market place in Wailuku, amending of the liquor law, more latitude in visiting the Settlement to relatives of inmates and payment of county officers elect for the short time they were in office.

Suggestions of amendments followed, Judge McKay advising that the Legislature be requested to limit appropriations to available revenue.

Hugh M. Coke wanted a schoolhouse and teacher's cottage at Waihee.

Judge Kalua asked that one of the three terms of Circuit Court be held at Lahaina.

J. L. Coke, chief engineer of Wailuku fire department, wanted an additional $2000 for that department.

The road requisitions were adopted, without fixing the amounts. Judge McKay advocated reform in road-making methods on Maui, and the meeting voted in favor of abolishing road boards. Attorney J. L. Coke, anticipating county government, was in favor of having Maui's share for roads voted in lump sum.

As to liquor, the Gothenburg and dispensary systems came in for discussion, but the meeting favored a lower schedule of license fees.

Wailuku was chosen as the county seat.

Judge Kalua voted, solitary and alone, for a court term at Lahaina.

It was voted to oppose the repeal of the Wide Tire Act. Though it was admitted that cases of individual hardship from enforcement of the law might occur, it was the sense of the meeting that the principle of the law was good and its practice tending to the preservation of roads.

Mr. Lyons urged revision of the personal tax law, saying it was evaded by too many loafing Japanese. Tax Assessor Keola, however, pointed out that while the Hawaiians only paid $500, the Japanese on Maui paid $13,000 in personal taxes.

The meeting was constituted by the Republican district subcommitteemen, the Wailuku Improvement Association executive committee and prominent citizens in their individual capacity.

WIDE TIRE EXCITEMENT.

Regarding the wide tire law, the Maui News thinks its enforcement is unduly harsh. "To allow a wagon loaded with country produce," the News instances, "to come twenty miles to Kahului, and then turn it back with its freight at the edge of the town, instead of allowing it to come in and deliver its freight to the outgoing Claudine to Honolulu seems to be an abuse of good judgment."

IMPROVEMENT ASSOCIATION.

At the annual meeting of the Improvement Association, held Thursday evening, the wide tire law was discussed. J. N. S. Williams, W. A. McKay, John Kinney, Jas. L. Coke and R. A. Wadsworth were appointed a committee to investigate the matter thoroughly and report at next meeting.

Officers elected by the Association were D. H. Case, president; J. Garcia, secretary; C. D. Lufkin, treasurer; A. N. Kepoikai, J. L. Coke, J. N. S. Williams, C. E. Copeland, R. A. Wadsworth, R. W. Filler and Hugh M. Coke, executive committee.

MAUI PUBLISHING CO.

At a meeting of stock subscribers of the proposed Maui Publishing Co., Ltd., it was resolved to incorporate the company and purchase the Maui News. The company will start with a capital of $7,500 with the privilege of increasing it to $25,000 when circumstances warrant. C. L. Clement, promoter of the company, will probably be selected as editor and business manager, and the following are the temporary officers: J. N. S. Williams, president; R. A. Wadsworth, vice-president; D. H. Case, secretary; C. D. Lufkin, treasurer; H. P. Baldwin, R. W. Filler and Carl Waldeyer, directors.

MR. KENDALL COMES BACK

(Continued from Page 1.)

don't want to see. I want to say further that L. M. Whitehouse is not known up here in this case at all except as a figurehead, and to prove what I say in this case that Mr. Whitehouse is not the only man that is acting in the same capacity in putting in bids for Hackfeld & Co., and they as the real contractors.

If Mr. Holloway wishes to find out whether Hackfeld & Co. are the real contractors, let him ask the painters, the sheet-metal workers, the electric workers, etc., if they do their figuring for their different work with anybody else besides Hackfeld's people or their foreman. Mr. Howland could have found out all about this matter while he was here if he had wanted to.

Now, as to what he has to say in regard to the citizen labor clause and as to my charges. It must be remembered that the first part of that clause reads as follows: "No Asiatic or Japanese labor to be employed on or about the work or in any manner whatsoever, either as manufacturers, laborers, skilled or otherwise, or as suppliers of material."

Now, in the name of common sense, I would like to ask if that is not plain and simple, and it will be remembered that in my charges that I did not simply state (as Mr. Holloway seems to wish it understood) that the Japanese were dressing lumber for that building; but I did state that the Japanese were manufacturing (straight out and out) material for that building. Mr. Holloway admits that it is better not to nail bridging between joists until after the floor is nailed but in some cases, he says, the floor is so low that they can't nail it after the floor is laid. He had better left that unsaid, for such talk as that must be laughing stock for any mechanic that reads it. Now to enlighten Mr. Holloway and his so-called competent inspectors. I would like to ask him and them if they can conceive any way to properly nail the bridging except from underneath. Anybody that knows anything at all about such work knows that is the only way such work can be done. Right here I wish to call attention to the construction of the tiebeams, being put together with a butt joint in a roof over a drill floor. The plans distinctly call for a 3-foot splice keyed together (which was proper) and there are many other things that I have called Supt. Holloway's attention to where they were not living up to the plans and specifications. I also called Assistant Superintendent Howland's attention to some of the same things and he said they were not doing the work right and would have to follow the specifications. Why, may I ask, did he go away and leave the whole matter in the hands of Mr. Gere (an entirely incompetent man)? Now, may I ask, is it to favor these contractors or because of their ignorance in this line of business? It may be for both reasons, for it looks to me like children's play all the way down the line, from the Superintendent of Public Works to the contractors—guessing what they want to do and guessing how to do it. I can see where these contractors will make a saving for themselves or somebody else of nearly, if not quite, $500 by being allowed to do the work the way they are doing or by not following the specifications. If that is the way they are doing other government work, is it not time these matters were being looked into?

And in the name of justice, I ask, is it to be wondered at that they are running short of funds to do our needed public improvements, when we have men that are drawing down big salaries, who are not doing their duty, but letting work go on in this looseshod way? Now, I want to ask Mr. Holloway, if his plans and specifications call for too good a building and if he really thinks that he can reduce the expenses and make a cheaper building, why he does not make said changes according to a long article in the specifications under the head of "Changes" and thereby save for the government the sum of $500, which I claim could be done by the way the building is being constructed. For instance, I claim that they are saving (by not following the specifications) at least $250 on the roof alone above the rafters. I would like to ask if they do not intend to have them live up to the specifications, what is the use of having any specifications at all? And if Supt. Holloway does not know what is put into the specifications, he surely is not paying attention to his business. If he does not know what his duty is, a carpenter can and will tell him what his duty is. In the first place, let him be sure that his plans and specifications are right and then let him see that all contractors live up to them and next, when anybody prefers charges to him against anybody not living up to the plans and specifications and offers to give proof of his charges, that it is his duty to call for that proof. And when he appoints an inspector for any such work as this let him appoint a man who has some practical ability and not have a man that has absolutely none at all.

HERBERT KENDALL.
Hilo, Jan. 11, 1905.

DEADLY PARALLEL.

First. "The facts, as I understand them, are these: In the specifications for the construction of the Hilo armory appears the following clause:

"No Asiatic or Japanese labor to be employed on or about the work or in any manner whatsoever either as manufacturers, laborers, skilled or otherwise, or as suppliers of material. Any violation of this will be sufficient for the cancellation of the contract and forfeiture of any moneys that may be due the contractors; and all materials on the ground shall be the property of the government.

"The specifications go much further than authorized by the so-called Citizen Labor Law, viz.: Act 37 of the laws of 1903, and there is some question as to how far you can bind contractors by a restriction not authorized by law. Even, however, admitting the legality of the specifications, I do not believe the case in point would come within said restrictions. If you can interfere in this matter, you can go further yet and ascertain what class of labor cut down the trees from which the lumber is made, who delivered the lumber to Hackfeld & Co., and so on, until it would become an absurdity."

DEADLY PARALLEL—SECOND.

"May break contract.

"The Attorney-General's Department this morning gave an opinion to the Board of Health that it had the power to break the contract made with the Enterprise mill for supplying lumber to the Molokai settlement if it was found that in the handling and manufacturing of the lumber labor other than that of citizens was employed."

These two cases are deadly parallel. The first taken from a copy of Attorney-General Lorrin Andrews in a letter to Hon. C. S. Holloway. The second taken from the Hawaiian Star of December 28. Now, I wish to ask the public if they don't think that by such decision it seems to make a difference which foot the shoe is on, and if they can blame a man that wants to see the right thing done in all cases for kicking against any such decisions as these, for surely, if one case is legal the other is; with this difference, that my charges are based solely on manufacturing, while in the Enterprise Mill Co. he includes handling of lumber and manufacturing.

HERBERT KENDALL.

FOURSOME WINNERS ON MANOA LINKS

Dr. P. S. Rossiter, U. S. N., and Harold Spencer won the foursome tournament on the Manoa Golf Club links yesterday in one of the most exciting finishes seen on the course. The finals were with Harold Giffard and J. O. Young, and with the score one up against them at the eighth tee, Rossiter and Spencer made a game finish, winning the next two holes and the match.

The tournament was the most interesting yet held on the Manoa links. With forty contestants and a large number of interested observers at the clubhouse the day was a very successful one.

After the wedding: He—"What are you crying for, love?" She—"Over papa's wedding present—boo—hoo." He—"Why, what's the matter with it?" She—"It's nothing but a recipted bill for the gas we used up during our courtship."—Pick-Me-up.

SENATOR DICKEY EXPLAINS HIS LOCAL OPTION BILL

The meeting of the Epworth League at the Methodist church yesterday was made interesting by a discussion of the temperance question, Senator Dickey's exposition of his local option bill being the feature.

"It is admitted," said Senator Dickey, "that the drinking of liquor is one of the worst evils. Even a drunkard does not want his children to drink, and saloon keepers insist on having sober men for their barkeeprs. It is said that 75 per cent of all crime is caused by drink. I do not know whether this is true, but I do know that where they have prohibition there is small need for prisons.

"One of the principal promoters of intemperance is the saloon. It not only makes it easy to drink, but by offering a pleasant lounging place attracts many who would otherwise be sober citizens. Another of its evils is the treating habit.

"Neither the family nor the merchant is benefited by the saloon. Nobody is benefited but dealers in liquor.

"I am going to try to get a local option bill passed at the next session of the Legislature. I may fail as I did before, but I will keep on trying, for I feel that the day will come when prohibition will obtain in the greater part of these islands. In my new bill I have made some slight changes from the last one, but the result reached is the same to permit communities to choose for themselves whether there shall be saloons in their midst. The plan under the bill is to permit election precincts to vote by petition on local option."

Senator Paris, R. H. Trent and C. J. Day also addressed the meeting.

THE PACIFIC
Commercial Advertiser
WALTER G. SMITH, EDITOR.
SATURDAY : : : JANUARY 14

JUDICIAL REFORM.

Approval of legal minds has been given to the suggestion in the Sunday Advertiser of last week that the new principle adopted by Federal Judge Dole regarding expert medical witnesses might well be made a rule of judicial practice.

It is not believed that the rights of parties could or should be curtailed to the extent of restraining them from calling such witnesses as they may deem necessary or useful to their respective causes, but it is considered that legislation would be both appropriate and constitutional which should place always in the hands of a judge the discretion of calling in experts as witnesses for the court, whose fees should be taxed as costs of court to the losing party. As stated in the former remarks, the object expected to be attained would be the procuring of absolutely disinterested testimony of a technical nature, when such was needed, for the guidance of judge and jury. It is not a breach of personal confidence to say that Judge Dole considers that legislation is desirable, if not necessary, before the new departure lately taken in his court by consent of the opposing parties can, as a rule, be established.

There are other reforms of judicial procedure for which legislation is needed, if the occasional remarks of lawyers upon deficiencies and flaws in the rules of practice are a criterion. With what concerns the mere convenience of the gentlemen of the bar, the public can have but little interest. Yet anyone watching the course of justice, especially where it concerns the protection of person and property from overt criminal acts, must view certain developments with anxiety if no stronger emotion. Just one matter may here be mentioned, where abuses seem to be growing. This is in the complicated and even confusing inquisition into the qualifications of jurors that sometimes takes place. It is becoming so that it appears nearly as if the object of the voir dire examination was to impanel a body of twelve imbeciles rather than of "good men and true" to try a person whose life or liberty is at stake and to insure, on the community's behalf, that crime does not go unwhipped of justice. This is surely as important a subject of legislation as the Hawaiian Bar Association might find to tackle.

REQUITED BUT POORLY.

A. V. Gear will undoubtedly add the Sugar Planters' Association, Secretary of Agriculture Wilson and Jared G. Smith to his list of "cruel if not criminal" small farmer advocates.

It is well known that the Bulletin never supports a cause except upon high moral principles and convictions. We shall therefore expect to see daily demands in thunderous tones that these culprits "make good."

Knowing that the small farmer is a fraud and that these cruel criminals are seeking the blood of innocent victims, we know what to expect from the champion of the vested rights of the great corporations.

On the side, however, it is rather hard on Gear that just as he had got into a position where he thought he had made himself solid with the planters, he woke up yesterday morning and found that he was backing the wrong zebrula, and that the band wagon had rolled on, leaving him dangling in midair.

THE PLANTERS' RESOLUTIONS.

The Advertiser considers the resolutions adopted by the Planters' Association on Saturday last and printed in yesterday's Sunday Advertiser, as of such importance to the future of Hawaii that they, and the editorial concerning the same, are reprinted in today's issue, in order that subscribers to the daily on the other islands, who do not take the Sunday paper, may become acquainted therewith. They cannot be too widely read.

Wide tire laws are an old story on the mainland. They have been in vogue for many years in different States, as an integral part of the good roads movement. Whatever may be the merits of the case regarding the method of enforcing the Hawaiian law on the island of Maui, it would be absurd for those who may feel aggrieved to claim that the police have taken them by surprise. The law was enacted in the time of the Republic and might be supposed to have long ere this passed the stage of innovation. It is noteworthy that a representative meeting at Wailuku has declined to support a proposition for repeal of the law.

It is gratifying to hear of a beginning in the rubber-growing industry. The land is found in Maui and a considerable proportion of the backing in Honolulu.

A NEW HAWAII.

(Reprinted from the Sunday Advertiser.)

The planters are to be congratulated upon the broad and statesmanlike announcement which they make in this morning's Advertiser. We believe it will be epoch-making.

The stream of vilification and detraction of diversified industries and small farming which has been fouling the air for the past week finds no sympathy from the sugar planters of Hawaii.

The execution of the program laid down by the sugar planters will slowly, but surely, enable other tropical products than sugar to become profitable and self-sustaining in this Territory.

It is only a few years ago that sugar itself was a struggling infant. When the reciprocity treaty went into effect in 1876 every sugar plantation in Hawaii was gasping for existence, and the total output was but 12,000 tons of sugar for the year. Think of it! Equal only to the annual output of each of half a dozen of the second class plantations of today. The fostering sympathy of our great industry should make easy the pathway of other industries as hopeful of success now as sugar was in 1876.

The question involved in the planters' manifesto is far broader, however, than the simple production of a few dollars or a few million dollars' worth of pineapples or sisal or coffee. The issue is the future manhood and womanhood of Hawaii.

Is Hawaii to be a land of families and homes and local development or one of barracks and male coolies, with absentee owners spending their wealth abroad?

Unless employment can be furnished to a middle class of citizens, such as are filling California and the Middle West, Hawaii must inevitably retrograde as a desirable place to raise American families and render even more difficult the task of maintaining free representative government.

The Advertiser believes that the voluntary and earnest declaration of the planters in support of a policy which will make homes and a higher order of citizenship possible in Hawaii is made in all sincerity and good faith.

What remains to be done is for the other members of the local body politic to bury their differences and join with the planters in an earnest effort to make a new Hawaii a success.

Here's to the planters, to an American development of the fairest land that God's sun shines on.

Something to preserve in the scrapbooks of all interested in Hawaii's main industry will be found in Willett & Gray's review of last year's prices in this issue.

RUBBER COMPANY STARTED ON MAUI

The Nahiku Rubber Plantation Company, Ltd., is the realization of a promise made by the News that rubber would be grown for profit on Maui.

This company owns 700 acres of land at Nahiku and are incorporating for the purpose of issuing stock. Mr. R. H. Anderson, manager, is now on the land and has set out a nursery of over an acre, which will produce plants enough to plant 150 acres with 400 trees to the acre. These plants will be set out as soon as large enough to transplant. The remainder of the 700 acres is to be set out to rubber as soon as cleared. Dr. Waterhouse, who is largely interested in the enterprise, is now in Nahiku, looking over the plantation.

This enterprise is being engineered by Honolulu brains and financed by Honolulu capital, and it is sincerely to be hoped that the people of Maui will improve the opportunity while there is yet good land available and organize a rubber plantation on East Maui with local capital.—Maui News.

Russia's Sunken Treasure.

An engineering publication states that the cost of one of our battleships, including armament, is, all told, nearly $8,000,000, and Russian battleships probably cost, ready for action, about the same. In view of this fact, it would seem likely that Russia's loss of warships in the Far East since the war began totals about $125,000,000, and may amount to $150,000,000. This estimate includes not only the battleships, cruisers and destroyers of the Port Arthur fleet, but the two vessels sunk at Chemulpo and the Rurik of the Vladivostok squadron, sunk in the battle of August 14. If the Baltic fleet, now on its way to the East, is similarly destroyed, Russia's naval losses will in the aggregate double the figures given above. An expenditure of $300,000,000 or more will have been as futile as if so much gold had been tossed into the sea. Enormous coal bills, costly repairs, provisioning, the training and wages of inefficient naval officers—all have been waste. If to this naval loss be added the cost of fortifying Port Arthur and building Dalny and other new Russian towns in Manchuria, half a billion will appear to have been thrown away so far on "brilliant diplomacy" in the Far East, to say nothing of the expenses of Kuropatkin's army.—Baltimore Sun.

The senator—"Why mustn't I vote for that bill?" Constituent—"Because the people don't want it, senator." The senator—"What have the people got to do with it? Aint election over, hey?"—Louisville Courier-Journal.

GOTCH IS NOW AFTER JEFFRIES

The announced determination of Frank Gotch to forsake the wrestling game for the more lucrative pastures of boxing may be the means of finding an opponent for Jeffries. Gotch has proved himself to be a veritable wonder at wrestling. He is a young Iowa farmer, a giant in stature, standing over six feet high and weighing 200 pounds. He spent some time in the Klondike region, where he amassed a fortune of $100,000, and incidentally won considerable renown as a wrestler and boxer. Ambitious for distinction in the wrestling department of sports, he challenged Tom Jenkins, admitted to be far and away the country's best catch-as-catch-can wrestler. Much to the surprise of the followers of the game, he defeated Jenkins. He has also defeated every other wrestler he has met, including Yankee Rogers, Jim Parr and other well known artists of the mat.

In a talk at Denver the other day, Jeffries expressed himself on the subject of Gotch's entrance into the game as follows:

"The match-making situation looks gloomy. I have gone down the line twice with Ruhlin, Sharkey, Corbett, and 'Fitz,' and you can say I am ready to go down the line again with any one or all of these same ones, if the public thinks they have the goods to make such matches worth while.

"If Frank Gotch makes good as a fighter there is no man on earth I would rather meet.

"As soon as the public thinks he is in my class I will gladly take him on, and I hope, by that time, he will still have a large slice of his $100,000 fortune left to back himself with.

"I don't hold Gotch too cheaply. I've heard of him as a fighter and as a wrestler. He has always acted the fine sportsman in all his matches. That's the kind of man I would like to meet in the ring."

CHINESE BREAK THE SUNDAY LAW

Exactly one-half of the arrests yesterday were for breaking the Sunday law. All were Chinese and their offense was selling tobacco. Six Chinese gamblers were arrested for gambling at Waipahu and a couple of drunks grace the calendar. Kumalae, of legislative fame, brought his father into the station to be locked up until sober. The old man gave his son a severe tongue-lashing when he found that he was to be locked up.

An Enjoyable Outing.

The most attractive day's outing is that afforded by the excursion down the railroad line. The HALEIWA LIMITED, a first-class train, leaves Honolulu every Sunday morning at 8:22 o'clock making the run in two hours, the rate for round trip being only $2.00. From 10:22 a. m. until 8:10 p. m. is spent at the beautiful HOTEL HALEIWA, with fresh and salt water bathing, tennis, golf drives and walks, shooting or fishing and you are back in town at 10:10 o'clock in the evening.

The trial of E. M. Jones for the murder of his divorced wife is set for today before Judge Robinson.

An Ancient Foe

To health and happiness is Scrofula—as ugly as ever since time immemorial.

It causes bunches in the neck, disfigures the skin, inflames the mucous membrane, wastes the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

"A bunch appeared on the left side of my neck. It caused great pain, was lanced and became a running sore. I went into a general decline. I was persuaded to try Hood's Sarsaparilla, and when I had taken six bottles my neck was healed and I have never had any trouble of the kind since." MRS. K. T. SNYDER, Troy, Ohio.

Hood's Sarsaparilla and Pills

Will rid you of Scrofula, radically and permanently, as they have rid thousands.

DR. JAEGER'S Pure Sanitary Woolen Underwear

A great deal of the sickness prevalent during this cold spell could be prevented by wearing Dr. Jaeger's pure and sanitary woolen underwear.

It prevents ingress of draught at front or back and is of double thickness over chest. It keeps the skin at an equable warmth in any weather.

It is a common mistake that woolen underwear is not necessary in Hawaii. Perhaps in no other place in the world can light woolen undergarments be worn with more beneficial results. Dr. Jaeger's woolen underwear is endorsed by the world's leading physicians.

WEAKNESS

When you are weak, nervous, and all run down, everything seems to go wrong. Ayer's Sarsaparilla will build you up, make your nerves strong, and give you pure, rich blood. Here is what a nurse of large experience says about it.

Mrs. E. B. Choppell, Stawell, Victoria, sends us her photograph, and writes:

"I have been a nurse for thirty-five years, and I take great pleasure in recording my experience with Ayer's Sarsaparilla and Ayer's Pills. I have used these medicines in different parts of the world, both for myself and my patients. I have had great success with them, especially in cases of nervous prostration, impure blood, skin diseases, and weakening illnesses in general. I most heartily recommend these medicines to all sufferers from any of the above-named distressing complaints."

AYER'S Sarsaparilla

There are many imitation Sarsaparillas. Be sure you get "Ayer's."

Ayer's Pills cure constipation. Sugar-coated, mild, but effective.

SONGS ON THE WAY TO THE BATTLEFIELD: AN INCIDENT ON THE TRANS-SIBERIAN RAILWAY.

Mr. Julius Price writes: "During the eight days' journey in the train from Moscow to Irkutsk, in company with Russian officers going to the front, the dining-car was used as a sort of club room, in which we all met, not only at meal-times, but at all hours of the day, and, I must add, often late at night also. In the saloon there was a piano, and, as we had several good musicians among us, delightful impromptu concerts were frequently held after dinner. The instrument the officer in my sketch is playing is known in Russia as the 'Balilika.' It is a sort of zither, and has a very pretty tone."

—Illustrated London News.

GREAT CARGO OF BANANAS FROM HILO TO SAN FRANCISCO

HILO, Jan. 12.—The steamer Enterprise which left here on Tuesday for San Francisco carried, besides a good sized cargo of sugar from Honolulu and Hilo, the banner crop of bananas, the number of bunches being 8,791. This is the largest shipment ever made from Hilo. The passengers for the coast were Dr. M. Wachs; Mr. Purdy, formerly engineer on the Hilo Railway; R. I. Lillie, and about twenty Japanese.

FOR CLEAN STREETS.

E. H. Lyman has written to the Governor an offer of a certain amount per ton for street sweepings and beach sand. The Governor has turned over the communication to the Superintendent of Public Works for investigation and report. The sweepings are now and have been for years gathered by laborers from Hilo Sugar Co. and carted to the plantation and used for fertilizer. The sand is packed in bags and used for ballast. Mr. Lyman says he is ready to enter into a contract to keep the streets free from such accumulations as are now gathered by the plantation people and that he is willing to pay for it.

GOING TO THE FAR NORTH.

Captain Elderts and two of his sons, Charles and John, will leave here in March for Alberta in the British possessions, with a view to locating at a point south of Edmonton. They have been in correspondence with the land officials there for some time and have been advised that each person may take a quarter section, 160 acres, of farming land and that the government will aid them in every possible way. The cost of the land will be ten dollars for the entire tract and the final papers will be given when fifteen acres are put under cultivation. Captain Elderts says they will each take up a quarter section and if the laws allow it each of his daughters will take up the same amount of land. The government offers every assistance to prospective settlers and will send an agent with the homesteaders to assist in locating desirable land.

Captain Elderts has resided in Hawaii for fifty years, having gone to the State but once during that time and that was during the Frazer River excitement in 1856. He has resided in Puna for years and was once the owner of a great many cattle there. Of late years he has been a deputy sheriff. He is eighty-four years of age and as erect and hearty as a boy of twenty. He does not dread the cold winters of the North and points to the fact that the Hawaiians who go up in the Arctic stand the rigors of a northern winter better than those of any other nationality.

HILO LIKES HENRY.

"High Sheriff Henry," says the Herald, "is a good fellow with a whole lot more sense and judgment than the average government official of this Territory. He met a few of the citizens and told them what he was here for. He made no attempt to pry around in the dark or do any sneaky work, he was open free and above board. He found out that the greatest kickers are those who have personal grievances and that aside from those men, and there are few of them, he found no complaints."

NOTES OF THE TOWN.

The Rev. Walter C. Stewart has, by request, arranged for a series of informal talks on the Church, Her History, Creed, and Ritual, in St. James chapel on Friday evenings. The first of these will be held next Friday at 8 o'clock; and all are cordially invited to be present.

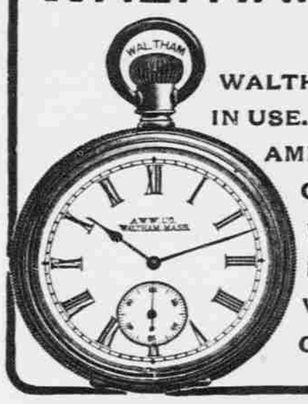
The jurors who sat during the last term of court have been excused and unless there should be great necessity for their presence they will not be called upon to serve during the present year. When they last appeared in court it was stated that there was but one more case to be tried and that the jury would not be required until after the holidays. In the meantime the jury commissioners selected names of persons to act during this year and until a new jury list is prepared. The same law obtains in the case of the former jury, and as the new one has been called they are dismissed.

Rev. S. L. Desha has been selected by Governor Carter to be chaplain in the next Legislature.

W. H. Lambert and A. Richley have a contract to cut koa timber from the forest back of the Volcano House.

John Lycurgus drove his horse "Democrat" to the Volcano yesterday in six hours.

WALTHAM WATCHES



12,000,000
WALTHAM WATCHES ARE NOW IN USE. ALL ARE GUARANTEED BY AMERICAN WALTHAM WATCH COMPANY, WALTHAM, MASS., U. S. A. THIS COMPANY IS THE LARGEST WATCH MANUFACTURING CONCERN IN THE WORLD.

Fix Things Up

You have had your Christmas dinner and the man of the house has spent one whole day at home. He has noticed that new window shades are needed, that brass rods would look better than old poles on which to hang dainty window curtains. He has remarked about that broken rocker laying on the back lanai and perhaps said that a new couch cover would look better than the old.

There are a thousand and one little things about every house that need fixing up at the first of each year. We fix all of these things and supply new things for those that cannot be fixed. We have trusty workmen, men who have been engaged about Honolulu houses for over twenty years.

We have linoleum for your bathrooms.

We have mattresses, or make them, in any style, of any material, and to fit any bed.

Ask us to figure on these matters for you.

THE PHILIPPINES VIEWED BY MAN IN MORO COUNTRY

Independence for Generation to Come a Chimera---Vast Areas of Rich Land Cry Out for Cultivators.

F. J. Dunleavy writes to his old friend R. Jay Greene from Cottobato, Moro province, P. I. Referring to the labor problem of Hawaii as affected by annexation, the writer says:

"This prohibition of contract labor, which goes hand in hand with annexation, is a good argument against the States ever annexing the Philippines, because the native will never exercise sufficient energy to develop our rich idle lands; therefore we should have contracts for the development of these islands with contract labor. Capital can be assured of employment and a fair return on investments.

The sentiment politically in the islands is that the States do not annex the islands but to reduce the tariff on our raw products entering the States. While this is patriotic it is not good economy. We have nothing here that can command as good a sale in Europe as in the States. The trade in the future as in the past will gravitate to the best markets with the keen competition in shipping in the East. The freights to Europe [illegible] facilities for shipping, as well as the advances made by foreign houses to the owners of raw material shipped to London and Hamburg houses, all combine to drag the native products toward Europe by Singapore.

"No Americans or foreigners, and only a few blatant Filipinos want independence. A Filipino that knows anything knows independence will not be given to them this generation, not because he distrusts the United States but simply because they cannot in this time produce Filipinos to assume and carry to a successful issue any form of government when the firm hand of Uncle Sam is relaxed. The poor Filipino and the Democrats that are chirping for independence for these same children forget that independence in the States was a matter of centuries of growth. They fail to understand that the revolt of the colonists against England was not a revolution but an evolution of the reasoning power and intellectual ability of good and progressive citizens backed up by arms, and the latter was only utilized to curb the brutality of ignorant and despotic chiefs just as our government has to utilize arms today to curb and bring into reasoning the murderous, polygamous, slave-hunting Moro of Mindanao and Jolo. When this corrective is properly administered the Filipinos will see things in the right light just as the powers in England saw it in the past.

"No one here wants independence now, but, as to the future, some of the most enlightened Filipinos hope for something of a nebulous character. They really could not tell you if asked what it is, but we as children have all had the same feeling of becoming possessed of the unattainable. As we became older and wiser we singled out the attainable and went after it. So it is with the Filipinos. The next generation will probably form a concrete idea of the attainable and go about it in a practical manner, but this will be in the future when our children are wise, gray-headed senors. In the meantime we want practical, hard-working, hard-headed men of sense and practical ways to accomplish the purpose of peaceful development.

"For the last 300 years the islands have been a huge kindergarten managed by the priests on the kindergarten plan. Nothing came serious to the minds of Filipinos but killing his enemy or neighbor, and the form of government favored the development of this idea. Since American occupation these kindergarten children have had the first lessons in mercy, justice and equal opportunity, with freedom of speech, life and protection of property.

"Will they profit by such lessons? Of course they will when they learn English and their mental horizon is widened by having access to the best literature. The obstacles are great but difficulties are only created to be surmounted.

"You know I have lived under English, Dutch, German and French colonial systems of government, and from the experiences of same, I think the nearest approach to self-government the people can be fitted for during the next generation is a responsible elective government for the legislature and the upper house to be nominated for five or ten years by the President of the United States, its members to be all Americans for the first ten years, during which time the Filipinos, if they have any able men amongst them, will show them to the public, then nominate a fair proportion of them to the upper house. Members of the upper house to receive a per diem allowance and pass on all bills originating in the legislature before they reach the Governor, who will also be nominated by the President. It is simply the height of ridicule to talk seriously of independence for the Filipinos. Everyone in the islands, except the malcontent mentioned, is rejoiced over the election of President Roosevelt, and now that the spirit of the American people has manifested itself toward the President's policy it is to be hoped the government will show a strong hand in managing Filipino affairs and the weak-kneed anti-imperalists help the administration in this and thereby gain some strength to support their childish limbs.

"I have cast in my lot with the islands and instead of complaining about the hard times or railing at the administration, I am cultivating hemp and Para rubber and the good will of the Moros. I have been in the islands over six years now, all the time in civil life, and do not regret having pitched my tent here, nor have I lost faith in the American government or the agricultural and commercial future of the islands. It is no get-rich-quick country, but the man who applies himself to the cultivation of the soil cannot move backward. He swings forward slowly but surely, and the pity is there is not more of his kind.

"Just imagine the future of a valley like this, fifteen miles wide, with a navigable river nearly a hundred miles long, and many tributaries cross-cutting the valley at intervals, which will cheapen transportation; the land growing rice, tobacco, hemp, cocoanuts, cotton, bananas, sugar cane, tapioca, taro, rubber, gutta, peanuts and all kinds of tropical fruits and vegetables; lying idle for want of people to cultivate it. Sugar cane grows over 25 feet long; corn, three crops a year; rice, two; returning 80 to 100 fold on the planting for the first crop.

"How can there be poverty in a land like this? The people will need a paternal form of government for many years, but this ought to be a guarantee of peace and accelerate development and prosperity rather than retarding them. All we want is for capitalists and those looking for land and a home in a beautiful climate to know what we have waiting for the first who reaches out for the chance. The efforts of homesteaders to secure land when Indian reservations are opened are puny and excite pity when one sees their mad rush for land of little value, while here a million acres of the finest land is crying out and in vain for owners."

RATHBONE SISTERS HAVE INSTALLATION

One of the prettiest services of public installation of officers was witnessed at Harmony Hall by the Order of Rathbone Sisters. A great gathering filled the artistically decorated hall. The members of the K. of P. lodges and their friends enjoyed a very interesting program.

At the first call of the trumpet the Knights marched in and occupied arranged seats. The trumpet sounded again, calling forth the Rathbone Sisters. They entered the temple and marched to seats immediately in front of the Knights.

The officers-elect entered, marching in design, followed by the installing officers, consisting of the Grand Chief, Grand Senior and Grand manager of the Grand Temple. These officers and officers-elect formed a circle of union. The Grand Chief remarked:

"As in union there is strength, so may these clasped hands symbolize the union of hearts and purposes pervading our ranks, which shall make us strong in maintaining and pushing forward the great work of the order."

The officers-elect were presented in rotation by twos for confirmation and bestowal of the jewels of their offices. The Grand Chief said:

"As an appropriate termination of the exercises on this occasion, what could be more fitting than a tribute of flowers—beautiful flowers—that discourse to us of things wonderful, of marvelous beauty, beauty that can never die; and although lost to sight, it yet lives in the soul.

" 'Full many a flower is born to blush unseen,
'And waste its sweetness on the desert air.'

"Let us then invoke the presence of Flora, goddess of flowers, as the presiding genius of the last crowning act of this ceremonial."

Again the trumpet sounded and the flower girl, Miss F. Lee, with four little flower fairies carrying flower crowns for all officers, contributed a most beautiful scene. Miss Lee crowned the officers, during which ceremonial the "Coronation" was sung. The lights were extinguished and the red lights used. This was a beautiful flower tableaux.

The officers of the Temple for the ensuing term are as follows:

Most Excellent Chief — Mrs. C. E. Moore.
Most Excellent Senior — Mrs. Fred Turner.
Excellent Junior—Miss Eva Dayton.
Manager—Mrs. Margaret Furguson.
Mistress of Finance—Mrs. Lee.
Mistress of Records and Correspondence—Miss O'Brien.
Protector—Mrs. Mino.
Past Chief—H. T. Moore.
Grand Manager—Mrs. Rosenburg.
Guard of the Outer Temple — Mrs. Jennie Jacobson.

Mrs. Reedy acted as installing officer.

Retiring Past Chief Mrs. Reedy and retiring Most Excellent Chief Mrs. H. T. Moore were presented with jewels by the Most Excellent Chief, Mrs. C. E. Moore, with words of love and of appreciation for past services in behalf of the members.

Events were stated by the retiring Most Excellent Chief, Mrs. H. T. Moore and Ed. Towse delivered an address, very interesting to all lodge members of any order. Then followed this program:

Recitation—Miss Florence Lee.
Solo—Miss Agnes Lyle.
Recitation—Mr. H. T. Moore.
Mandolin solo—Mr. Ben Lee.
Recitation—Mrs. C. E. Moore.
Piano solo—Mrs. H. T. Moore.
Recitation—Miss Ray Bell.

Mr. Farmer was called upon for closing remarks, which were brief and to the point, as he smelt the coffee and felt sure of a good time in the very near future, and knew of others who were interested in the good time coming—the supper, which consisted of coffee, sandwiches, cake and ice cream.

After the supper the floor was cleared for dancing. Dancing and music continued until a late hour.

ANCIENT MARINER CROSSES THE BAR

Captain David Taylor died at 11.45 on Sunday night. He was born in October, 1829, at Oyster Shell Point, N. J. In his youth he became a cabin boy on the ship South Boston. He first came to the Pacific coast in 1846, shortly before gold was discovered in California. On reaching mature years, he secured a position as captain of a whaling vessel, sailing out of New Bedford, Mass. He was master of the Kohala in 1886, and of the Bismarck in 1888. Subsequently he was captain of the Hettie and Odd Fellow, the packet Kate Lee and the steamer Kelawe. For a short time he was a stevedore in Honolulu. He then came to Lahaina, and was agent of the Inter-Island, steamer for fifteen years. He also held the offices of postmaster, tax collector, harbor master, pilot and road supervisor. He was a member of Excelsior Lodge of Odd Fellows in Honolulu. His brother John and half brother Edward are now living at Shrewsbury, N. J. There was a large attendance of friends at the funeral on Monday afternoon.—Maui News, Jan. 14.

The San Francisco Weekly Examiner will distribute $100,000 in prizes among its subscribers this season and Mr. H. W. Holling, their traveling agent, is now canvassing Honolulu for subscriptions, with local headquarters at Wall, Nichols Co. Don't miss this opportunity to subscribe; only $1.50 a year, with a chance to get a fortune.

I'll Bet $1,000 I Can Cure Any Weak Man!

I nave perfected a new Belt, better and stronger than I have ever mad before—a "half man" into a belt which will transform the weakest, puniest specimen of perfect cyclone of strength and I want every man to use it. I want a test case. Therefore I offer $1,000 in gold to any weak man who will use this Belt under my direction for four months and then show by examination of any reputable physician that he is not cured, sound and well.

This is especially directed to men who have doctored for years without benefit. I want men with Rheumatism, Pains in the Back, Weak Kidneys, Sciatica, Lumbago, Prostatic Trouble (I cure by a new method), Locomotor Ataxia Torpid Liver, Indigestion and Dyspepsia. All of these troubles in chronic form I can cure with this new Belt, even after all other treatments have failed. To every weak, debiliated man who wears this new Belt I give my

SUSPENSORY

FOR WEAK MEN WITHOUT CHARGE.

This attachment is made for the purpose of treating all special ailments of men, and assures a cure of all waste of strength, early decay and debility. Its current is invigorating and wonderful in power.

DR. McLAUGHLIN—Dear Sir: I have now been wearing your Belt about a month, and I wish to report that the Belt has benefited me in every way, so that today I feel like a new man. My back does not trouble any more, my nerves are stronger and my sleep is better than it has been in years. I want to thank you for the benefits I have derived from your method of treatment, and with kindest regards, I remain, yours very truly, ED. HAYSING, Cucamonga, Cal.

If you can call, come and see me, and I will snow you my new Belt and prove to you that it is a wonderful device. You can feel the glowing current of life that flows into the weakened nerves. I will show you letters from your own neighbors telling how I cured them. I have over 50,000 testimonials in the past 21 years.

Write, and I will send a book describing my new method, with letters from many grateful men and women. If you write, send this ad. and I will send the book, sealed, free. Cut the ad. out and act today.

DR. M. G. McLAUGHLIN, 906 Market St., San Francisco.

THE FUNDAMENTAL LAW OF HAWAII: A NEW LAW BOOK

The Hawaiian Gazette Company, Ltd., announce the publication of a book, edited and indexed by Lorrin A. Thurston, containing the several constitutions and other fundamental laws of earlier days, the annexation treaty, resolutions and procedure and the Organic Act.

The book contains 298 pages of text and 138 pages of index. It is printed in regulation law book type and style and is substantially bound in calf skin.

The price is $5.

The scope and character of the book and the reasons for its publication are given in the preface, which is as follows:

PREFACE TO THE FUNDAMENTAL LAW OF HAWAII.

Congress has expressly enacted a law organizing Hawaii into a Territory, and extended the provisions of the United States Constitution to the Territory.

In a restricted sense, therefore, the United States Constitution and the Organic Act constitute Hawaii's fundamental law; but the Organic Act specifically re-enacts the great body of pre-existing Hawaiian statute law, which was based upon the several Hawaiian Constitutions and organic laws.

A large proportion of the law governing real estate, property and personal rights in Hawaii being based upon these early constitutions and laws; and precedents, decisions and court practice having grown out of them, it is necessary to consult them in order to have a comprehensive understanding of existing Hawaiian law. They are nearly all published, however, in books now out of print, and in scattered volumes, inaccessible to many, and inconveniently located for all. In fact, not even practicing lawyers in Hawaii can, except at considerable loss of time, place their hands on the laws and constitutions necessary for the study and decision of practical questions continually being presented to them.

Under these circumstances it is believed that the public interest requires the re-publication in convenient reference form of what may be called "the fundamental law of Hawaii." To meet this requirement the following constitutions, laws and documents have been compiled under the common title of "The Fundamental Law of Hawaii," viz.:

1. The first Constitution of Kamehameha III, 1840, including the previously issued Bill of Rights.
2. The first laws of Hawaii, enacted under Kamehameha III, (1833-1842), published together in 1842.
3. The law creating and principles guiding the Land Commission.
4. The second Constitution of Kamehameha III, 1852.
5. The Constitution of Kamehameha V, 1864.
6. The Constitution of Kalakaua, 1887.
7. The Proclamation and orders incident to the establishment of the Provisional Government, 1893.
8. The Constitution of the Republic of Hawaii, 1894.
9. The treaty annexing Hawaii to the United States, 1897.
10. The Resolution of the Hawaiian Senate ratifying the annexation treaty, 1897.
11. The Joint Resolution of Congress annexing Hawaii, 1898.
12. The documents and procedure incident to the transfer of the sovereignty and possession of Hawaii to the United States, 1898; and the executive orders of President McKinley, relating to the government of Hawaii, issued during the transition period between the date of annexation and the passage of the Organic Act, 1898-1900.
13. The Act of Congress organizing Hawaii into a Territory, 1900.

The laws of 1842 are not "fundamental" in the sense that the constitutions and other laws and documents are; but they have been included herein for the reason that they were not only the first written laws of Hawaii, but embodied many of the pre-existing laws and customs of the country and therefore throw a strong light upon the origin and development of much of the present law.

Only a few of the laws, constitutions and documents re-published, have ever been indexed. A full index of all of them is included herein. Instead of one general index, each is indexed separately. The reason for such treatment is that reference will usually be desired to a given subject in some one law or constitution. The subject sought will be much easier found in the short index of the particular law, than it would have been in a necessarily long index of the whole.

The table of contents gives the page of each constitution and law and of its index.

Hawaiian Gazette Company, Honolulu, T. H.

Enclosed herewith find five dollars to pay for one copy of the Fundamental Law of Hawaii, which please send to

Vapo-Cresolene

ESTABLISHED 1879.

Cures While You Sleep.

For Whooping Cough, Croup, Coughs, Bronchitis, Influenza, Catarrh.

It cures because the air rendered strongly antiseptic is carried over the diseased surfaces of the bronchial tubes with every breath, giving prolonged and constant treatment. Those of a consumptive tendency, or sufferers from chronic bronchitis, find immediate relief from coughs or inflamed conditions of the throat.

CRESOLENE is a boon to ASTHMATICS.

ALL DRUGGISTS.

THE VAPO-CRESOLENE CO., 180 Fulton St., New York City.

BY AUTHORITY.

NOTICE TO CORPORATIONS.

In conformity with the provisions of Section 2034 of the Civil Laws of 1897 corporations are hereby notified to make a full and accurate exhibit of the state of their affairs for the year ending December 31, 1904, said exhibits to be filed in the office of the Treasurer of the Territory on or before January 31, 1905.

Forms for making these returns on will be furnished upon application at the Treasurer's office.

(Signed) A. J. CAMPBELL,
Treasurer Territory of Hawaii.
Treasurer's Office, Territory of Hawaii,
January 14, 1905. Jan. 15, 16, 17.

WAIMEA RIVER EMBANKMENT, KAUAI.

Proposals will be received at the office of the Superintendent of Public Works, Honolulu, T. H., until 12 o'clock noon of February 13, 1905, for constructing the embankment for Waimea River, Waimea, Kauai, T. H.

Plans and specifications are on file with the Assistant Superintendent of Public Works and with J. K. Kapuniai, chairman Waimea Road Board, Kauai, copies of which will be furnished intending bidders on receipt of $5, which sum will be returned after depositing bid and returning plans and specifications.

No proposal will be entertained unless submitted on the blank forms furnished by the Assistant Superintendent of Public Works, enclosed in a sealed envelope addressed to Hon. C. S. Holloway, Superintendent of Public Works, Honolulu, T. H., endorsed "Proposals for Waimea River Embankment, Kauai," and delivered previous to 12 o'clock m. on the day specified.

The Superintendent reserves the right to reject any or all bids.

C. S. HOLLOWAY,
Superintendent of Public Works.
Honolulu, Jan. 12, 1905. 6999

PUBLIC LANDS NOTICE.

On Saturday, January 7, 1905, at 12 o'clock noon at the front entrance to the Judiciary building, Honolulu, will be sold at public auction the lease of the following named land:

18,000 acres, a little more or less, of the grazing land of Kaohe, Hamakua, Hawaii, together with certain privileges on the adjoining lands.

Terms, twenty-one years from September 10, 1906.

Upset rental, $1500 per annum, payable semi-annually in advance. For plan and further particulars apply to the Department of Public Lands, Honolulu.

(Signed) JAS. W. PRATT,
Commissioner of Public Lands.
Honolulu, T. H., Dec. 5, 1904.

The sale of the above lease of the land of Kaohe, containing 18,000 acres of grazing land, is hereby postponed to January 21, 1905, to take place at the same place and hour and under the same conditions.

(Signed) JAS. W. PRATT,
Commissioner of Public Lands.
Honolulu, Jan. 7, 1905.
6995—Jan. 14, 21.

ASSIGNEE OF MORTGAGEE'S NOTICE OF INTENTION OF FORECLOSURE AND OF SALE.

Notice is hereby given that pursuant to the power of sale contained in that certain mortgage dated February 10, 1902, made by Charles S. Desky, trustee, and Minnie Desky of Honolulu, Island of Oahu, Territory of Hawaii, mortgagors, to the German Savings and Loan Society, which said mortgage is recorded in the office of the Registrar of Conveyances in said Honolulu, in Liber 232 on pages 100 to 107 inclusive, and which said mortgage, together with the note secured thereby, was heretofore, to wit, on the 27th day of December, 1904, by said The German Savings and Loan Society, sold, assigned, transferred and delivered to George Tourny of the City and County of San Francisco, State of California, which said assignment of mortgage is recorded in Liber 267, on pages 94 et seq. records of said Registry Office, the said assignee of the said mortgagee intends to foreclose said mortgage for condition broken, to wit, non-payment of interest when due.

Notice is likewise given that the property conveyed by the said mortgage will be sold at public auction at the auction rooms of James F. Morgan at Kaahumanu street in said Honolulu, on Saturday, February 4, 1905, at 12 o'clock noon of said day.

The property conveyed by said mortgage and which will be sold as aforesaid, is all that certain lot and parcel of land described in R. P. Grant 147 to W. L. Lee, situated on the west corner of Fort and Beretania streets, in Honolulu, Island of Oahu, Territory of Hawaii, and bounded and described as follows, to wit:

Commencing at the point of intersection of the present line of the northwest side of Fort street, with the present line of the southwest side of Beretania street, the boundary runs thence by true bearing:

S. 51° 50′ W. 83 feet along the line of the northwest side of Fort street to east corner of the Cartwright premises, thence

N. 38° 45′ W. 80 feet along the line of the northeast side of Cartwright premises to the line of the southeast side of a ten-foot right of way,

N. 51° 15′ E. 80.8 feet along said line of southeast side of right of way to the line of the southwest side of Beretania street, thence

S. 40° 22′ E. 80 feet along said line of southwest side of Beretania street to the point of commencement.

Containing an area of 6545 square feet, more or less, and constituting and being a portion of the same premises described in that certain deed from W. G. Irwin to said Charles S. Desky, trustee, dated May 28, 1897, and recorded in Libar 168 on pages 468 et seq. records of the office of the Registrar of Conveyances in said Honolulu, together with all and singular the tenements, hereditaments and appurtenances thereunto belonging, or in anywise appertaining, including the building on said premises known as the "Progress Block," and the reversion and reversions, remainder and remainders thereof.

Terms cash, United States gold coin.

Deeds at expense of purchaser, to be prepared by the attorneys for said assignee of said mortgagee.

For further particulars apply to Smith & Lewis, attorneys for said assignee of said mortgagee.

Dated Honolulu, January 9, 1905.

GEORGE TOURNY,
6997 Said Assignee of said Mortgagee.

IN THE CIRCUIT COURT OF THE FIRST JUDICIAL CIRCUIT, TERRITORY OF HAWAII—AT CHAMBERS—IN PROBATE.

In the Matter of the Estate of Henry M. Whitney, Deceased.

NOTICE TO CREDITORS.

Notice is hereby given that letters testamentary have been issued to the undersigned as executors under the will and of the estate of Henry M. Whitney, late of Honolulu, deceased. All creditors of the estate are hereby notified to present their claims, duly authenticated, and with the proper vouchers, if any exist, even though said claims be secured by mortgage upon real estate, to the undersigned, or to Holmes & Stanley, attorneys for the undersigned, at their offices on Kaahumanu street in Honolulu, Territory of Hawaii, within six (6) months from the date hereof (which is the date of the first publication of this notice) otherwise such claims, if any, will be forever barred. And all persons indebted to said estate are hereby notified to make immediate payment to the undersigned or the attorneys above named.

Dated, Honolulu, Territory of Hawaii, January 14, 1905.

HENRY M. WHITNEY,
WILLIAM W. GOODALE,
Executors.
7000—Jan. 14, 21, 28, Feb. 4, 11.

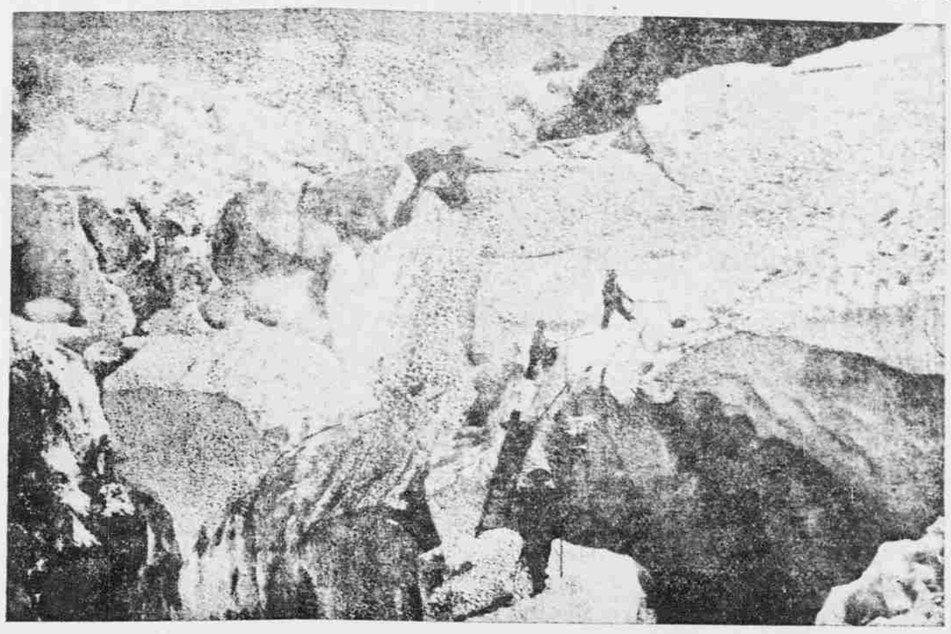
7001—Jan. 16, 17, 18, 19, 24, 25.



AN ASCENT OF MT. BLANC.

WILLETT & GRAY'S REVIEW OF RAW SUGAR PRICES

Willett & Gray's Sugar Trade Journal for December 29 contains the following raw sugar price review for 1904:

The year opened with Centrifugal sugar 96 degrees test (the standard for raw sugar) at 3.47c. per lb., declining at the end of January to 3.31c. per lb., which was the lowest point of the year, and .16c. per lb., below the lowest point of the preceding year, and within .06c. per lb. of the low price in 1902 (3 1-4 c. per lb.) for a long series of years. From February throughout the year to the last day of December, the prices steadily advanced with only slight reactions from time to time and closing the year at 4 7-8 c. per lb. The average price of Centrifugals for the entire year 1904 is 3.974c. per lb. against 3.72c. per lb. average in 1903 and 3.542c. per lb. in 1902. 1904 shows an increased valuation of .254 per lb. for raw sugars. In 1901 the average for Centrifugals was 4.047c. per lb. In 1900 4.566 per lb. In 1899 4.419c. per lb. In 1898 4.235c. per lb. The average for ten years is 3.895c. per lb. duty paid, but the duties during this period have varied considerably. In 1894, 1895, 1896 and 1897, sugars were subject to .86c. and .96c. per lb. duty. Since July, 1897, the duty has been 1.685c. per lb. for 96 degrees test. Since December 27th, 1903, all sugars produced in the Island of Cuba have paid 1.348c. per lb. duty for 96 degrees test. Sugars from the Hawaiian Islands and Porto Rico have come in free of all duties. Sugars from the Philippine Islands have come in at a reducetion of 25 per cent in duties from 1.685c. basis. All other sugars imported into the United States in 1904 paid 1.685c. per lb. duty for 96 degrees test basis and the same duties will apply for 1905, except with a possibility of the duties on sugars from the Philippine Islands being further reduced.

The crop of the Hawaiian Islands for 1905 we estimate at 312,000 tons and the crop of Porto Rico for 1905 at 155,000 tons. Philippine Islands are expected to produce 145,000 tons in 1905 which will find its main outlet in the markets of China and Japan, not being dependent upon the United States for a market for its sugar production.

The influence of the Cuban Reciprocity Treaty has been in 1904 to maintain the price of Centrifugal sugars below the parity of beet sugars in the European markets, with the exception of a short time in the months of August and September, when Cuban Centrifugals and foreign beet sugars were quoted at the same parity. Thus it appears that while the general advance in the price of sugar throughout the world has given the Cuban planter large returns for his crop, he had not obtained the full benefit of his reduced duties, mainly for the reason that he has not asked it. Having been so many years working at a loss with his plantations largely involved in debt, the Cuban planter has been extremely happy to avail himself of the turn of the tide to free himself from former obligations. His position in 1905 should be such as to enable him to obtain full benefits of the reduced duties.

The average price of 96 degrees test Centrifugals in the U. S. in 1904 by months is as follows:

January, 3.382c. per lb.; February, 3.356c. per lb.; March, 3.53c. per lb.; April, 3.63c. per lb.; May, 3.827c. per lb.; June, 3.909c. per lb.; July, 3.94c. per lb.; August, 4.171c. per lb.; September, 4.298c. per lb.; October, 4.252c. per lb.; November, 4.548c. per lb.; December, 4.825c. per lb.

For the year 1905 the average for Centrifugals should be somewhat higher than in 1904.

Willet & Gray's statistics by special cables on December 29 were as follows:

Cuba.—The six principal ports: Receipts, 16,000; exports, 6,800 tons; stock, 21,500 tons, against 105,000 last year; 103 centrals grinding, against 44 last year.

This week's summary of the statistical position shows stocks in the United States and Cuba together of 109,185 tons, against, 109,765 tons last week and 168,835 tons last year, a decrease of 59,650 tons from last year.

Europe.—Stock in Europe, 2,504,000 tons, against 3,132,525 tons last year.

MORE MONEY FROM MR. BISHOP

(Continued from page 1.)

capital of the estate finally paid out, which is $45.81, making a total charge for commissions of $1543.23, which I find to be legally and correctly computed.

In addition to the foregoing account the said trustees have also filed an inventory of all the property, real and personal, controlled by the trustees of the Bernice Pauahi Bishop Museum as of October 12, 1904. Upon comparing said inventory with the account and also with the inventory filed on the 17th day of November, A. D. 1903, I find that the only changes in the inventory are (1) that the note of G. A. Schuman for $2200 has been paid in full, together with the interest due thereon, and the mortgage duly cancelled: and (2) that the Oahu Railway and Land Company stock certificate No. 1057 for 400 shares, and showing a value of $36,000, conveyed to the museum by the Hon. Charles R. Bishop by deed of trust, dated November 2, 1900, and heretofore consituting part of the Charles R. Bishop life interest trust account, was transferred to the museum general investment account on receipt of instructions from the donor, waiving in favor of the museum the life interest reserved by him in the income thereof, and under these instructions the museum general investment account has been credited with the income derived from this source, commencing with dividend No. 48, July 15, 1904.

The papers representing the investments were exhibited to the undersigned, as master, and I have carefully examined the same and find the security behind each of said investments to be the same as previously reported.

The account shows a deficit balance of $2,823.93; but it appears by the trustees' report and also by their books that the receipts were: Dividends, $600.00; interest, $12,433.45; rents, $21,513.80; taxes, $904.10. Total, $26,451.35.

Expenditures—Account capital, $14,920.89; account current, $18,271.08. Total, $33,191.97.

Expenses in excess of income, $6,740.62.

For which the trustees report that effort has been made by them to keep expenditures within the income of the trust, but the account shows a deficit of $6,740.62, which may be partly accounted for by some items in the nature of extraordinary expenses. While the segregation of capital and income expenditure may be helpful from a bookkeeping standpoint, the trustees recognize that the total expenditure on every account should be limited by the income in a trust of this nature, and it is their aim and the desire of Mr. Bishop that the Museum should eventually be able to accumulate from income a reserve fund which will be available at all times to meet possible contingencies.

The trustees also report that from January 1st, 1905, the rent receipts will be reduced by $1,500 per annum as the result of a reduction made in the rental reserved under the lease of the Ahupuaa of Waipio, Hawaii, from $7,500 to $6,000 per annum, but Mr. Bishop has generously released his life interest in the Oahu Railway & Land Company stock, held by the trustees, and the income from this source will more than equalize the diminished Waipio rental.

The Museum salary roll has been materially cut down by dropping two of the members of the staff, May 12th and July 12th, respectively, but the opening of the annex has required the engagement of an extra janitor and the employment of an additional assistant (a lady), the latter on public visitors' days only.

The trustees also report that they have secured from the trustees of the Bernice Pauahi Bishop estate a lease of the site of the Museum main building on the grounds of the Kamehameha School for Boys, Kapalama. The lease is for a term of ninety-nine years, commencing January 1, 1904, at a paid-up rental of $500 net, and was consummated on the first of March last with the full approval and permisison of the court, whose opinion was solicited to clear up any doubts there may have been regarding the validity of a contract between parties so intimately connected as the Bishop estate and Museum trusts.

The models of the Volcano of Kilauea and of the ancient heiau, two of the chief attractions of the new Hawaiian Hall, have been suitably incased, at a cost of $1,832.63. Some repairs have been made to the roofs of the central office and bank buildings, which were found to be leaking, and similar repairs are now in progress with reference to the roof of the Hawaiian Hall. The latter is likely to prove one of the heaviest expenditures for the coming year, examinations made by competent architects and builders showing the present roof-slate to be defective and the necessity for a complete renewal. Sufficient new slate to cover the entire roof has already been ordered from abroad.

Sanitary improvements have been made to the workshop and workshop annex, a cess-pool being provided for the latter.

The trustees also report that the Kanaina suits, so-called, involving the Museum's title to the Ahupuaa of Waipio, have been decided in favor of the Museum.

The trustees also report that the Catholic Mission having applied for a small area of land for church purposes, one and one-half acres at Waipio were conveyed to the church for seventy-five dollars net, subject to lease.

The trustees also report that on the 12th of April last the Museum property was reinventoried and the new valuations have been brought into the books of the trust, showing at the close of the year an aggregate increase of $361,948.47 as compared with the old valuation on the books at the close of last year.

The personnel of the board of trustees remains unchanged since last report, the officers and members at the close of the year being as follows:

Sanford B. Dole, President; William O. Smith, Vice-President; Joseph O. Carter, Treasurer; Alfred W. Carter, Secretary; Samuel M. Damon, William F. Allen and Henry Holmes.

The trustees also report that at the close of the year the staff of the Museum was constituted as follows:

William T. Brigham, Director; William H. Dall, Honorary Curator of Mollusca; John F. G. Stokes, Curator of Pacific Ethnology; William A. Bryan, Curator of Ornithology; Charles M. Cooke, Jr., Assistant; Leopold G. Blackman, Assistant; J. J. Greene, Printer; A. K. Williams, Janitor; G. S. Williams, Assistant Janitor.

I report and find the trustees' annual account for the year ending October 12, A. D. 1904, to be correct in all respects, and therefore recommend Your Honor to allow and approve said account.

NOTICE

Chum Hoon gives notice that he is no longer connected with the firm of Wing Sang Company at 150 King street, he having sold his entire interest in said firm to Chang Kim Sing.

PAST WEEK UPON MAUI

Dr. Beckwith Gives Up Pastorate---Various Matters.

MAUI, January 14.—Last Saturday evening the first public installation of Aloha Lodge, Knights of Pythias, was held in the beautiful Castle Hall, Wailuku, in the presence of 150 residents of Wailuku, Kahului, Puunene and Paia. It was a most successful event and was conducted by the following officers: E. B. Carley, district deputy supreme chancellor; C. D. Lufkin, D. D. master of arms, and W. A. McKay, prelate. The lodge officers installed were as follows: R. A. Wadsworth, past chancellor; E. M. Keeney, chancellor commander; H. M. Coke, vice chancellor; Rev. W. Ault, prelate; W. Mountcastle, keeper of records and seal; D. L. Meyer, master of finance; C. H. G. Brown, master of exchequer; L. M. Baldwin, master of arms; H. Bissen, inner guard; William Bell, outer guard.

The ceremony, which was most solemnly conducted, continued from 8 o'clock p. m. for one and three-quarters hours, after which dancing was indulged in till midnight. Messrs. Campbell and Keeney made excellent floor managers and the Paia string band rendered most pleasing dance music. A Kahului R. R. Co.'s train conveyed people to and fro between Wailuku and Kahului, Spreckelsville and Paia. It was one of the most select and enjoyable dancing parties of the season.

WANT LAND OPENED.

Seventy Hawaiian residents, men and women of Maui, have applied to the Department of Public Lands through Sub-Land Agent W. O. Aiken, to have the Government lands of the Keanae valley and the Wailua flat opened to homesteaders under the 999 years lease plan.

This large tract of land, of about 1000 acres, should be opened up to homesteaders only after mature deliberation. It is the only large parcel of first-class agricultural land still owned by the Government on Maui, and available to be divided up among small farmers.

A fine new road is being built into the Keanae section of country, from which these lands will become all the more valuable. The question now is concerning the desirability of encouraging the small farmer.

WIDE TIRE ACT.

Two arrests have been made for transgression of the "wide tire act." They were both worthy Portuguese residents of Kokomo, dealers in firewood. District Magistrate Charles Copp fined each $10 and costs last Friday.

The enforcement of this act has stopped nearly all the hauling of wood from Kokomo and the transportation of corn, potatoes, pigs, etc., from Kula.

THE POLITICAL QUESTION.

"Shall office holders under the government take part in politics or not?" has been discussed by the various executive committees of Republican clubs on Maui during this week.

The truth of the matter is that in country districts where the Hawaiian vote is in majority the major part of the club officers and members of committees and delegations should be Hawaiians, and the almost invariable rule is that the most progressive and most intelligent Hawaiians are employed by the government as district magistrates, deputy sheriffs, tax assessors, road supervisors, school teachers, policemen, etc. Compare the officers of the Republican clubs of Maui with those of like Home Rule or Democratic organizations in the same vicinity and it is immediately self-evident that government officers must, at least to some degree, remain in politics, not only for the Republican party's good, but for the welfare of the Territory as well.

On the sub-executive district committee of the Republicans of Maui four of the eight members are office holders.

JAPANESE CELEBRATING.

On Saturday last there were many minor celebrations of the fall of Port Arthur by Japanese throughout Makawao district, at Paia, Hamakuapoko, Kaluanui, Makawao, Kaupakalua, etc. At each of these places a triumphal arch of greens, flags and lanterns was erected and there was also a buffet or sideboard adorned with greens and flowers and surmounted with a picture of Emperor Mutsuhito, to whom frequent libations of sake were drank. Cakes, oranges and other refreshments were hospitably served to all comers. At Spreckelsville the celebration was much more ambitious, the feast being attended by large numbers of people.

DR. BECKWITH RETIRES.

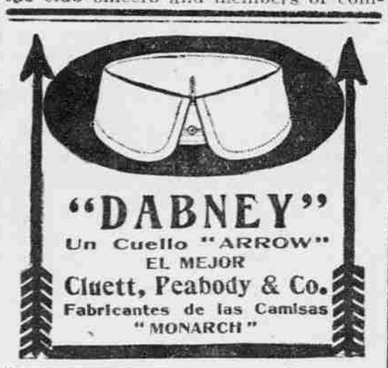
To the great regret of his many friends Rev. Dr. E. G. Beckwith has resigned the pastorate of the Paia Foreign Church.

Thirty-two ladies attended the reading club at Mrs. H. P. Baldwin's, Spreckelsville, the afternoon of the 13th. Shakespeare's play of "As You Like It" was read.

Saturday last S. R. Dowdle guided Mr. and Mrs. Peck of Hamakuapoko and Miss Hamilton of Boston into Haleakala's crater.

The barkentine Mary Winkelman cleared yesterday and will sail today for Grays Harbor, Wash., in ballast.

Weather—The unusually cold snap continued.



J. CARTY'S BOARDING STABLES

I wish to notify my patrons that I shall continue my boarding stable as heretofore. In consequence of discontinuing my livery business I shall be able to give more attention and better accommodation to boarders than in the past. Animals placed in my charge are never abused nor underfed.

THE MAGNA CHARTA OF HAWAIIAN AGRICULTURE

Reprinted from the Sunday Advertiser.

HAWAIIAN SUGAR PLANTERS' ASSOCIATION.
Honolulu, T. H., January 14, 1905.

To the Editor of the Pacific Commercial Advertiser, City.

Dear Sir: I am directed by the Trustees of the Hawaiian Sugar Planters' Association to present you the enclosed copy of resolution adopted at a meeting of the Trustees of the Association held this day.

Yours truly,
(Sgd.) WILLIAM O. SMITH,
Secretary H. S. P. A.

Whereas, Statements have been made to the effect that the sugar planters of Hawaii are inimical to the immigration of American citizens to Hawaii and to the policy of establishing diversified industries here, and the settlement of American farmers upon the lands of Hawaii and the employment of citizens in the skilled labor positions upon the plantations; and

Whereas, Such statements are incorrect; and

Whereas, It is proper that the position of the sugar planters of Hawaii upon this subject should be so clearly defined that there can be no future misunderstanding about it;

Resolved, By the Trustees of the Hawaiian Sugar Planters' Association representing practically all the sugar plantations in Hawaii:

1. That it is our belief that the best interests of the Territory of Hawaii will be served by the establishing of new and diversified industries within its borders; and that for the securing of such end we favor legislative assistance in the establishment of such industries, both by way of relieving them from taxes during the earlier stages, and by carrying on experiments, at public expense, to demonstrate ways and means of making them successful.

We consider the experiment to test the feasibility of raising tobacco, now being jointly carried on by the Federal Experiment Station and the Territorial Board of Agriculture, to be of this character, and we hope that similar experiments may be continued and extended as rapidly and on as large a scale as the state of the Treasury may permit;

2. We are of the opinion that the best interests of the sugar planters, in common with the other residents of this Territory, will be promoted by an increase of its American population, and that with this object in view special efforts, both public and private, should be made to fill skilled labor positions with citizens and those eligible to become citizens, and to encourage the settlement of American farmers upon the lands of the Territory.

3. That we repudiate and deny the truth of the suggestion, from whatsoever source arising, that we desire to fill this Territory with cheap labor to the exclusion of American citizens, and as earnest of our good faith in this respect we pledge ourselves to use our influence and efforts, so far as lies within our power, to secure the accomplishment of the objects above set forth.

VOLCANO HOUSE READY WITHIN THREE WEEKS

"In three weeks from now the changes at the Volcano House will all have been made and the improvements completed," said George Lycurgus, who has just come back from Hilo

"The house is being completely remodeled and refurnished. There will be nothing left of the old place but the shell. And it will be the finest thing that has ever been seen in that region.

"The new bathhouse will be a dandy, with tiled floor and dado half way up the walls

"No, I don't know that there are any signs of an eruption of Kilauea. Peter Lee says there are. There is lots of steam and you can see a glow in the pit after night."

(Played and sung by whole band.)
Ballad—Mona ..... Adams
Waltz—Beautiful Roses.....Waldteufel
Finale—Farfadet ..... Fahrbach
The Star Spangled Banner.

Greers Are Divorced.

MEMPHIS, Tenn., Dec. 31.—As a result of a hearing, during which witnesses brought from Beaumont, Texas, were examined, Alex S. Greer, a lieutenant in the United States army, was granted a divorce from his wife, formerly Miss Augusta Goodhue, a daughter of a prominent family at Beaumont. The grounds on which the separation was granted was desertion, it being alleged that Mrs. Greer had refused to live with Lieutenant Greer at his present station at Fort Sneiling, Minn. Lieutenant Greer was originally a volunteer, but gained his commission in the regular army and a medal of honor for bravery displayed in battle. The couple were married about eighteen months ago at San Francisco.

While Lieutenant and Mrs. Greer were in Honolulu the story of their troubles was generally known.

Letter of Thanks.

The members of the Ahahui Hooikaika o na Hana Karistiano (C. E. S.) of Kalaupapa and Kalawao extend their most sincere thanks to all the following parties, who have kindly helped and assisted in furthering the happiness of our Christmas entertainment with their kind Christmas presents per our treasurer, viz.:

Henry May & Co., Ltd., Hollister Drug Co., Theo. H. Davies & Co., Ltd., B. F. Ehlers & Co., N. S. Sachs Dry Goods Co., Hobron Drug Co., Lewers & Cooke.

Wishing all and others who assisted the compliments of the season,

We remain,

The Ahahui Hooikaika o na Hana Karistiano (C. E. S.) of Kalaupapa and Kalawao.

Per WM. NOTLEY.

The Graziers will meet in the Planters' rooms today.

C. A. Carman and J. T. Wilkinson of Vancouver, B. C., registered yesterday at the Hawaiian.

Senator Palmer Woods and Ed Fraser came to town Saturday on the Kinau and registered at the Young Hotel.

A. Louisson, the Hamakua coffee grower, came down Saturday from Hawaii and is registered at the Hawaiian Hotel.

M. F. Prosser, Deputy Attorney-General, returned yesterday from Lihue, Kauai, and is again at the Hawaiian.

Mrs. Walter Hoffmann entertained a party of friends at Kaahumanu, Dr. and Mrs. Hoffmann's country home in Kalihi valley.

Mrs. George Fairchild and two children, the Misses Alice and Lady Macfarlane and Jennie Giffard, returned yesterday from Kauai.

Mrs. M. P. Carroll of Baltimore and Miss Carroll returned on Saturday from a visit to the Volcano, and are again staying at the Hawaiian Hotel.

Major Fuller, U. S. Marine Corps, Mrs. Fuller and children took apartments at the Hawaiian Hotel yesterday, having given up their residence in College Hills.

H. Schultze and family took apartments yesterday at the Alexander Young Hotel. Their home in Nuuanu Valley will be occupied by Captain Lyon, U. S. N., commandant of the Naval Station, and Mrs. Lyon.

Miss E. V. Hadley, Miss Mildred Hadley and Miss Majorie Little of Los Angeles, who are quartered at the Hawaiian Hotel for the next two months, returned on the steamer Kinau last Saturday from a visit to the Volcano.

The Royal Hawaiian Hotel will give a dance Tuesday evening in honor of the officers of the U. S. S. New Orleans. The many friends of the hotel are cordially invited. In case of the non-appearance of the warship the dance will be postponed until her arrival.

Among the Hawaiian stockmen who came down to attend the meeting of Hawaiian Live Stock Breeders' Association today are the following, quartered at the Hawaiian Hotel: W. H. Greenwell of Kona, Hawaii; R. Hosmer, E. E. Conant, Waimea; J. T. Woods, Kohala; R. Hind, Kohala; Thos. Kay.

Captain Goodwin of the ship Dirigo returned to town last evening from Pearl Harbor, having spent most of the day cruising around the lochs in Commodore Hobron's yacht Gladys. The yachts La Paloma and Spray were also out for spins. The Spray is reported to have sustained a broken main boom in the heavy wind prevailing on the lochs.

On Wednesday evening a musicale will be given at the Royal Hawaiian Hotel. This will be the first of a series which it is hoped may be given at least monthly. The musicale is not public, but each hotel guest has been privileged to invite two persons. Mrs. Mockali, a soprano of Washington, D. C., will make her first public appearance in Honolulu at this time.

The old-time Japanese head cook and assistants at Haleiwa Hotel have severed their connection with that hostelry and are now in the city. They were the Japanese who were procured from the Yokohama Club at Yokohama for the Pacific Club. Later they went to Haleiwa and were under the management of Curtis Iaukea and Fred Church. Mr. Bidgood sent for his old head cook at the Volcano House and the Japanese were given their discharge on Friday evening.

Graziers to Meet.

There will be a special meeting of the Hawaiian Livestock Breeders' Association in the Hawaiian Sugar Planters' Association rooms in the Judd block at 9 o'clock this morning. The association will consider the meat problem in Honolulu and it is reported that action of benefit to the consumer will be taken.

Full moon January 20 at 8:43 p. m.

Times of the tide are taken from the United States Coast and Geodetic Survey tables.

The tides at Kahului and Hilo occur about one hour earlier than at Honolulu.

Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees thirty minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 0 hours 0 minutes. Sun and moon are for local time for the whole group.

FIRE ON THE BKT. HAWAII

SAN FRANCISCO, December 31.—The barkentine Hawaii of this port arrived yesterday at Kobe after a voyage which wind, water and fire had conspired to make eventful. Through this war of elements the stout sailing ship emerged with comparatively few scars. Hind, Rolph & Co., the owners, are again congratulating themselves that the little god of luck continues to follow their flag.

The Hawaii was loaded with fertilizer from Killisnoo. She encountered a full share of the heavy weather which at this time of the year makes navigation in Oriental waters full of danger. The wind ripped six sails to ribbons and a heavy sea, one of many that threw its weight across the barkentine's decks, damaged her wheel. To add to the burden of the Hawaii's crew the vessel took fire, and for anxious hours the sailormen faced the possibility of having their floating home burned under their feet. The flames were subdued, however, and the Hawaii yesterday entered the harbor of Kobe.

As far as can be seen now the damage done by the flames was slight, but the full extent of the havoc wrought by the fire will not be known until the discharging of the cargo permits a more thorough examination.

JIU-JITSU FOR THE NAVAL CADETS

The Washington Star says: Secretary Morton had a conference at the Navy Department today with Captain Brownson, Superintendent of the Naval Academy, and Professor Yamashita, an expert in the Japanese science of jiu jitsu, with the result that arrangements were made to introduce that method of offense and defense at the Naval Academy. Professor Yamashita, who was formerly an instructor at Harvard University, has engaged to provide two expert Japanese instructors for the Naval Academy, and the course will be opened as soon as they are installed at the academy.

Aorangi Damaged.

VANCOUVER, B. C., December 29.—While coaling, the Australian liner Aorangi was run into by the American steam collier Edith today. The Aorangi's jibboom, figurehead and gear were carried away.

A high wind was blowing at the time and the Edith, while trying to make a berth at the bunkers, was carried by wind and current against the Aorangi. The damage is said to be about $2,000.

Shipping Notes.

The Texan was loading sugar yesterday.

The schooner Allen A left Makaweli last Saturday.

The next mail to the coast will be by the Sonoma tomorrow.

The China is due this morning from San Francisco with four days later mail.

The Likelike brought down a shipment of 359 cases of honey and 20 cases of wax yesterday.

The cruiser New Orleans is due today from the Orient en route to San Francisco to go out of commission.

The Nihau was at Waimea Saturday and had 1600 bags on board. She goes to Ahukini today for the balance of her load.

The Claudine brought as her cargo yesterday 3031 bags sugar, 93 bags corn, 166 bundles paiai, 69 hogs, 1 lot scrap iron and 93 packages sundries.

The W. G. Hall brought 6100 bags of H. M. sugar yesterday morning from Kauai. There were also 10 bags of cocoanuts and 81 packages sundries.

Purser Friel of the W. G. Hall reports that the Mikahala was to go to Nihau yesterday morning. She had already loaded 3000 bags of K. S. M. sugar.

The W. G. Hall reports 38,062 bags of sugar on Kauai awaiting shipment, as follows: K. S. M. 1500, W. 1600, M. A. K. 9622, G. & R. 2390, K. P. 750, P. 8000, H. W. 3500, M. S. Co. 6000, K. S. Co. 4700.

The Nebraskan caused considerable damage to the steamer Kauai while docking last Saturday. The big freighter ran into the Inter-Island steamer, smashed both boats on her port side and carried away the davits.

SHIPPING INTELLIGENCE.

ARRIVED.

Sunday, Jan. 15.

Stmr. Claudine, Parker, from Maui ports.

Stmr. W. G. Hall, Thompson, from Kauai ports, 2:50 a. m.

BEACH LOTS, WAIKIKI FOR SALE.

The fine residence lot at Waikiki laying between the property of Judge Dole and the lot of George N. Wilcox is offered for sale on REASONABLE TERMS.

This lot has a frontage on the beach of 221.1 feet, an average depth of about 170 feet and a frontage on the Diamond Head road of 153.4 feet; area 31,500 square feet. Substantial retaining walls have recently been constructed at great expense along the seashore and the ditch leading from Diamond Head, thereby saving the purchaser any further expense on that account. View and location exceptionally fine.

This lot will be sold in subdivisions of two or three lots, as may appear most agreeable to the purchasers.

For full informaton regarding terms and conditions apply to

W. W. CHAMBERLAIN,
7000 Room 206, Judd Building.

THE FUNDAMENTAL LAW OF HAWAII. Bound in law calf, sent postage prepaid, to any address in the United States for $5 a copy.
