I had yesterday afternoon and all morn-
ing brought to light from the connec-
tion of nature's productions.

It was the annual commencement

event of the school, and everybody

good friends and well-wishers.

The front of Shawl Hall was
decorated to a degree, and the
union was introduced last year by
P. Witter, the idea being to attract
Interest in the alumni gathering as
so as to make the meeting of the class and
value and refreshments.

The experiment last year was
very successful, on the reason that
was much more successful than its
several predecessors.

Yesterday's day's feast of
was in honor of graduate, called by
the students of the class,

Then we have this morning,

that we had a good meal

**TIME TO WAKE UP.**

The pests springing up in our city are no joke but are so numerous that some programs have been passed, with few exceptions in New York, to destroy them. The entire business of the city is in a state of confusion. The markets are closed, the streets are deserted, and the police are on duty every hour. The situation is serious, and it cannot be continued for long. The government has been asked to take steps to relieve the situation.

FURNITURE CHEAP

The summer months in Honolulu, particularly the months of June and July, are usually dull as far as furniture is concerned. Now, we have been importing large quantities of furniture which have reached us during the last month; the shipment "telegraphed" brought in a big lot. This rather takes even our 15,000 square feet of show room and warehouse space. We wish to brighten June and July business this year and also to reduce stock. On this account we are going to cut our profit and move the goods. This means low prices. Come in and tell us of your wants, we can save you some money. There is not one home in Honolulu that is fully furnished—that is not one but what needs an article or two to fill out. What does your home need?

GOOD FURNITURE

We may be able to tell you. Perhaps you need new feather pillows or mattresses for your beds, and possibly a new bed would be better and more comfortable than any you now have? Another chair for your bedroom, dining room or kitchen? A new dining set or some new pieces for your parlor? New shades for your windows? In bedroom and dining room we have beds and large wardrobes in Mahogany, Curly Birch, Birdseye Maple and Golden Oak and many odd pieces in all styles and sizes. We have everything you need in the house furnishing line. Furnish your home better and reap big enjoyment dividends therewith.

LET US BIND YOUR BOOKS

Foolish people throw away their magazines after reading them, wise people bring them to us to be bound. Have you ever thought about those you have stowed away in the back room? Bring them to us, they will not remain for long in this back room of the world. Our charges per volume,depends upon the character of the materials used.
