The Consul General is also to present the case to the Hawaiian police, that if the Hawaiian police should not have this matter resolved they will have to settle the matter.

Mr. Brown is also to present the case to the Hawaiian police, that if the Hawaiian police do not have this matter resolved they will have to settle the matter.

THE INDIAN DOCTOR IS UNDER ARREST

On Wednesday, there was a news item published in the Honolulu Advertiser under the heading of "The Indian Doctor Under Arrest." The item stated that the Honolulu police had arrested an Indian doctor for practicing without a license. The police had received a complaint from a bystander who stated that the doctor had been practicing in the street for some time.

The matter was investigated by the police and it was found that the doctor had been practicing without a license. The doctor was taken before the police court and charged with operating without a license. The doctor pleaded guilty and was fined.

This is the first time that an Indian doctor has been arrested in Honolulu for practicing without a license. The police department has been working to bring to justice all those who violate the law. This is the first step in the right direction.
