ALL SOCIETY NOTABLE FOLK AT CLUB BALL

An Evening of Dancing, Music, Feasting and Jollity.

The beautifully decorated halls and lanais of the University Club and the annexed portions of the Hawaiian Hotel were thronged last night by the several hundred guests of the club at their third annual ball, the society event in Hawaii looked forward to by society throughout the Territory. Last night's affair in many respects surpassed that of the season before, the only drawback to the evening being the rain which fell just as the majority of the guests were assembling. This was only a temporary drawback, however, forgotten as soon as the guests were greeted by the members of the Board of Governors and their wives, the patronesses of the affair, and had passed on under the gay lights and brilliant decorations to the ball-room. Without was rain and chilliness; within were lights and music, hundreds of handsomely gowned women and throngs of distinguished men, brightness and laughter.

The guests were received in the club lanai by the patronesses, Mrs. Frear, Mrs. J. R. Galt, Mrs. Ballou, Mrs. A. Gartley, Mrs. Clarence M. Cooke and Mrs. W. H. Babbitt.

In every respect original, and carried out consistently throughout the different rooms, lanais and halls, the decorations were beyond question the best yet seen at any similar affair in Honolulu. The scheme was Japanese, and worked out with as great attention to details and artistic effect as possible. The clubhouse itself had not received as much attention as the dancing hall and the lanais of the hotel, but the combined effect of the greens, flags and bunting and colored lights was beautiful nevertheless.

In regard to the weather, a large canvas canopy had been spread over the driveway, and under this the guests alighted from their carriages, automobiles and hacks, passing through the bowlerlike lanai to the reception rooms of the clubhouse, where they were met by the reception committee. Passing from the dining-room of the club, the guests traversed the palm-lined bower connecting the club with the hotel. Here one of the prettiest bits of decoration had been carried out, a Japanese garden being planned beside the walk, a garden with its fernery of mossy boulders beside a lotus pond, in which posed two blue herons, the whole lighted up with Japanese lanterns and eliciting the warmest praise and many expressions of admiration.

From the bower walk the guests emerged on the Ewa lanai of the hotel, festooned with leis of malle, draped with bright flags and refulgent with lights, but the crowning point in the decorations was to be found in the ball-room proper, although the whole Ewa wing of the hotel was given over to the dancers. In the ball-room a bamboo arbor had been erected, from which hung thousands of bright wisteria blossoms and scores of beautiful lanterns. Bamboo posts along the walls supported the bamboo trellis-work, while dainty young bamboo branches were laced through and between the posts about the room. Through the window at the mauka end of the ball-room could be caught a glimpse of a Shinto temple, with its torii and shrine, while the smaller room on the makai end was given over to the musicians.

The Waikiki lanai was used as a lounging room, being decorated with large Hawaiian and American banners, signal flags, ferns and potted palms.

Throughout, the decorations were cleverly planned and artistically carried out, reflecting the greatest credit on the members who conceived and

John J. Carter, of the Standard Oil Co., is en route to his home in Pittsburgh.

Gaston Heliot of Paris, accompanied by Mrs. Heliot, is on a visit to the States, en route around the world.

M. W. Crengb, well known in the business world at Manila, is on a tour of the States.

FENNER THOUGHT HE WASN'T WANTED HERE

John Fenner, of Nebraska, is a stout young American farmer, with a little money and much pluck, who wants to live in Hawaii and raise crops. He saw a lot of promotion literature and came to look around. The people he has met are mostly knockers and he was surprised to find one of them in the Land Office.

He went there the other day and asked about the chances, but he couldn't learn much. He was invited to "come again tomorrow about noon," and the official added, to his surprise, that "the government land is not very desirable anyhow." That made Mr. Fenner feel like going back today, but if he concludes to take the Advertiser's advice and stay over, an effort will be made to get him placed somewhere.

WOOD WILL VISIT ALONG THE WAY

Secretary H. P. Wood, of the Chamber of Commerce and Promotion Committee, who will leave Washington for Honolulu on Monday, will work during his trip across the continent, proposing to stop over for some days in both Chicago and Winnipeg and to also pay flying visits to the various cities whose commercial organizations have assisted the Honolulu chamber in pushing the necessity of the Pearl Harbor work.

To these organizations Mr. Wood will personally return the thanks of Honolulu.

RODRIGUEZ CAPTURED, BUT OTHER DESPERADO IS STILL AT LARGE

RODRIGUEZ, THE CAPTURED OUTLAW.

Deputy Sheriff Fernandez effected the capture of one of the two outlaws who escaped from the Oahu prison some time ago and have been at large since.

The man captured is Rodriguez, and High Sheriff Henry feels confident that he will get Lopez shortly. Rodriguez was captured through the assistance of a Porto Rican whom High Sheriff Henry sent out day before yesterday.

The Porto Rican located the man at Waipahu and notified the High Sheriff. Deputy Sheriff Fernandez was accompanied with and undertook to capture the man, Rodriguez evidently found that he was suspected, for he made a break for a cane field. He was at one time not far from Fernandez, who fired five shots at him but without avail. Rodriguez made his escape into the cane field. The field was surrounded, and yesterday about 5 o'clock the man was captured. He was brought to Oahu prison on the 7:30 o'clock train from Waipahu.

As to Lopez there is mystery remaining and maybe of a sinister kind.

FERNANDEZ' STORY.

Pearl City, Feb. 7, 1908.

Editor Advertiser: I received word yesterday about 3 o'clock in the afternoon that Rodriguez, the escaped jailbird, was at Aiea, at the Porto Rican camp. So I went over. When I arrived one Juanito, a Porto Rican, was on the lookout for me, and he immediately sent word to Rodriguez that I had arrived. I went right in the room where he was supposed to be but he had left it a few minutes before. I traced his footsteps, which led to the cane field. I went in about 300 or 400 yards with one of my officers and saw Rodriguez about thirty feet away from me. I yelled at him to stop, but he made a bee-line for the mountain. I fired five shots at him but did not do any good, the cane was so thick I could not get an aim at him. We stood watch last night all night. Along about 11 o'clock I got a report that a

OUR LIGHTHOUSE TENDER BUILDING

The Kukui, for Which \$215,000 Was Given, Ready This Year.

According to advices received from the Lighthouse Board the Kukui, the steam tender for the lighthouse service of these islands, for which Congress appropriated \$215,000 last March, is now being built and is under contract to be finished within a year. The following is the official description of the vessel:

The Kukui is a schooner rigged steel steamer of 900 tons displacement. She measures 190 feet over all, with 173 feet 4 inches load water line, has 30 feet beam, 12 feet draft, 12 1/2 knots speed, and 1000 horsepower. Her machinery consists of two triple-expansion inverted, direct-acting engines, driving bronze propellers 7 feet 6 inches in diameter, and is supplied with steam under a pressure of 190 pounds per square inch, by 2 Scotch boilers, 11 feet 9 inches in diameter and 12 feet long. She is fitted throughout with all modern appliances, including electric lights and a searchlight. The foremast is of steel, and forms the mast of a revolving steam derrick adapted for hoisting a load of 20 tons. She has a buoy deck nearly 50 feet long, which is needed in handling the new acetylene buoys which are now being practically tested by the board.

CHINESE WOMEN FIGHT.

There was another row at the Chinese theater last night, this time between women. One fair daughter of Mongolia objected to having a country woman wipe her shoes on her opera cloak and other habiliments. Then they scrapped with fists. Officers Apana and Ahi umpired the Amazonian go.

SEVEN PAYING CROPS IN KONA

Experimenting With Tobacco Has Begun—Kona Is Prosperous.

"Kona is certainly seeing prosperous times now," said Thomas C. White, government land agent at Kealahou in that district who is in Honolulu for a few days. "Anyone who wants to work can find it in Kona, and well paid work too. The district is being developed rapidly. We have seven crops which it has been demonstrated can be profitably raised and for which there is a market, and are experimenting with others. There is sugar, coffee, pineapples, vanilla, soy beans, sisal, and rice, and we are experimenting with tobacco."

"Soy beans are raised in large quantities there now, and we supply the Honolulu market. But as the manufacture of soy increases there is a practically unlimited field for the expansion of this crop. These beans are planted between the rows of coffee or sugar cane, and as they are a true lupin, they act as a fertilizer to the land. Besides, planting in this way saves the expense of clearing land specially for them."

"A new pineapple cannery is to be constructed in the region so that the opportunity for planting pineapples is open to all. The Kona Development Co. is doing a great deal. Land is being taken up in all directions to be cultivated."

"Experiments with upland rice have shown that it grows prolifically and can be raised profitably. Mr. Krauss, the rice expert of the United States Experiment Station has given advice in regard to these experiments, and has furnished seed rice of different varieties to be planted and experimented with. The rice raised there is of the finest quality, and ought to command a good price in any market. "Everywhere throughout the district there is development and progress. It is a condition of things very satisfactory."

CONTRACTOR WHITEHOUSE IS READY TO HUSTLE THE DAM

"If we can get the contract signed up right away I will have a force of one hundred men on the Nuanu dam work before the end of next week," said Contractor L. M. Whitehouse yesterday. Whitehouse is certain of the big contract, his figures being appreciably lower than any others submitted, although he had heard nothing positive from the Department of Public Works. He has already begun to plan his work, however, and has come to a perfect understanding with Superintendent Campbell regarding the way in which the big job is to be carried through to completion.

"I will start work just as soon as possible," he says, "and have my old force back on the dirt pile within a few days. The first work will be to extend our drainage tunnel another hundred and fifty feet as the new plans for an enlarged rock fill makes it necessary. Then I will open up a new quarry where my store stands at present. The rock there is very good for the riprap work and I will also work it for the fill, bringing down the materials from both quarries. In the meanwhile all the small stuff taken out will be piled up for the crusher, so that as soon as the fill is made the tracks can be run right over and I can commence

on the concrete work of the spillway. "I am going to put the Howland pump to good use, along with three others like it, which will give me enough water to work with. The Howland pump will be moved to the Waikiki side of the dam and be one of a pair that will lift the water part of the way up the hill, to where another pair will relay them. I will also backdam the water in the basin so as to have a big storage. Where the water is delivered up the hill on the sluicing ground I will install a hydraulic plant with a three and a half-inch nozzle. With this I will be able to do a big amount of sluicing and rip things loose generally. The sluicing water and the earth it will carry will be flumed right across the dam to the Ewa side, being planned to be forty-five feet high when it first reaches the dam.

"If favorable conditions are met with will have the contract completed within the contract time, one year from now. If any unexpected and unforeseen difficulties are encountered, such as a drought, it may take longer."

The shipwrecked sailors of the Eclipse were paid off yesterday afternoon at 4 o'clock by United States Shipping Commissioner Almy. He went to the Queen's Hospital to pay them off, taking the money with him.

WAS IT REVENGE OR JEALOUSY?

Interesting Evidence as to the Cause of the Tong War.

The developments yesterday in the Chinese tong war that broke out with such fury at the Chinese theater on Thursday night, were interesting. A good deal of evidence and testimony, some of it contradictory, as to the causes of it were accumulated. Ah Wah, the Chinese actor who was assaulted, is said to have belonged in San Francisco to the Pang Kung Tong. The story is that he gained the affections of the wife of a Chinese cook there who belonged to the Hop Sing Tong, and as a result he had to leave San Francisco very suddenly, and he came away with none of his theatrical costumes. But he brought the woman

ONE OF THE IRON CLUBS WITH WHICH AH WAH WAS ASSAULTED AT THE CHINESE THEATER THURSDAY NIGHT.

with him. One theory is that the Hop Sing Tong in San Francisco passed the word along to the affiliated society here to do him up and that that is why he was done up.

Another story makes the assault the outgrowth of professional jealousy. Wong Kah is another Chinese actor who impersonates female characters. He has been here since June. According to Chinese custom the bills announcing the theatrical performances sometimes announce him as the leading actor in the performance and sometimes Ah Wah. The two, though brought up as boys together, have been for a long time at enmity. It is now said that, on the days on which Wong Kah's name has appeared first on the bills and the dead wall posters, it has been found smeared over, which according to Chinese customs an idea indicates disapproval of the actor, and is a tip to the management of the theater that the actor whose name is thus smeared had better be withdrawn. At the same time, to the actor whose name is thus smeared, it is a direct insult. Wong Kah, it is said, has suspected that Ah Wah was responsible for the smearing of his name, and the theory is that for revenge he secured the assaulting of Ah Wah.

That the assault was well planned and was ready to be desperately carried out, there is no doubt. The illustration with this shows one of the iron clubs with which the assault was committed. The club is an iron bolt about eighteen inches long with a sort of handle made to grasp readily and firmly. The length of the rod, which is about a half or three-quarters of an inch in diameter, is covered with paper pasted on. This does not deaden the effect of the blow perhaps, but it makes the club itself less conspicuous. It has been found out that some one told the Chinese doorkeeper as early as three o'clock on Thursday afternoon that he thought an attempt would be made at night to assault one of the actors.

The police are still at work on the matter and developments and more arrests may be made at any time.

ALL SOCIETY AT CLUB BALL

(Continued from Page One.)

arranged them. These were Messrs. Albert F. Afong, Clarence Cooke and W. A. Love, who were assisted materially by Mrs. Afong and a number of other ladies.

Excellent music for the forty numbers on the dance program was rendered by the Kaai orchestra and Professor Berger's orchestra, the two playing alternately as the numbers succeeded each other without intermission. The ample dancing space arranged for obviated undue crowding, despite the large number present, this being one of the many features of the function contributing to its success.

At midnight refreshments were served in the clubhouse, while throughout the evening delicious ices and punches were served from the several buffets placed throughout the hotel lanais and the club.

The large assemblage last night was essentially a dancing set, the card rooms and lounging rooms being patronized by few, and then only by those resting for the interval from the dancing.

The list of invited guests was:

THE BRIGHT SIDE

of life. It is a feeling common to the majority of us that we do not get quite the amount of happiness we are entitled to. Among the countless things which tend to make us more or less miserable ill health takes first place. Hannah More said that sin was generally to be attributed to biliousness. No doubt a crippled liver with the resulting impure blood, is the cause of more mental gloom than any other single thing. And who can reckon up the fearful aggregate of pain, loss and fear arising from the many diseases which are familiar to mankind; like a vast cloud it hangs over a multitude no one can number. You can see these people everywhere. For them life can scarcely be said to have any "bright side" at all. Hence the eagerness with which they search for relief and cure. Remedies like WAMPOLE'S PREPARATION have not attained their high position in the confidence of the people by bald assertions and boasting advertisements. They are obliged to win it by doing actually what is claimed for them. That this remedy deserves its reputation is conceded. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry. Nothing has such a record of success in Scrofula, Influenza, Throat and Lung Troubles, and emaciating complaints and disorders that tend to undermine the foundations of strength and vigor. Its use helps to show life's brighter side. Professor Reddy, of Canada, says: "I have much pleasure in stating that I have used it in cases of debility and found it to be a very valuable remedy as well as pleasing to take." You cannot be disappointed in it. Sold by chemists

M'BRYDE WON'T MARSHAL JAPS

Will Not Assume the Responsibility for Possible Acts of Violence.

"No employe of McBryde plantation has broken the peace at any time during the present imbroglio with Koloa plantation," said W. A. Kinney yesterday afternoon, "at least, so far as I know, and Sheriff Rice admitted that none of them had. But we have thought we were justified in taking such measures and making such feints as would develop the full extent to which Koloa plantation was ready to go in its seizure of our water. They have shown that they are ready to go to any extent of force and violence, making it clear that unless we were ready to employ Japanese in numbers, and to proceed to any length of force, we would have to rely on the slower processes of the courts to get our rights. We felt that we would not be justified in massing Japanese and resorting to force, in view of the rights of the community, and it has been our purpose since Monday not to do so, though we have not felt called on to announce our plans. Suit will therefore be brought to enforce our rights.

"It is humiliating to be compelled thus to forego undoubted rights which have been seized and held against you by physical force, when it is not a question of ability to mass the force and regain your property, but simply because the other side are determined to use Japanese and force. We can not induce them not to endanger, even to break, the peace, by the use of Japanese, and as we won't use them out of regard to the rights of the community, and because we do not care to assume responsibility for violence, we shall bring suit and trust our rights and their defense to the courts.

"There has been a serious situation on Kauai. There have been large forces of men marshaled by Koloa plantation. They drew on their plantation forces to the extent that they were obliged to shut down the mill. "But Koloa has receded from a part of the claims made at first. Koloa plantation first built a dam in the easterly branch of the Omoa stream, and later a dam in the main stream, the one dam diverting a million gallons of water a day and the other two millions, and when we destroyed both dams, they rebuilt them, using giant powder to blast sections of the bank into the stream to maintain the dam in the main stream. They are no longer attempting to maintain that dam. But they are guarding with a large force the dam across the easterly tributary of the stream."

"When I got to the scene of action," said Frank E. Thompson, "everything was quiet. There were a few men on guard, and I heard stories and saw some evidence that there had been the romance of bivouac, and the distribution of coffee from sentry to sentry; there were shacks that indicated that there had been the alarm of camp if not the shock of war. But there was no 'situation' when I got there or when I left. I saw no large bodies of men. Everything was apparently peaceful."

Independent advices from Kauai are to the effect that the situation is still tense. Koloa plantation is maintaining a considerable guard at the dam in the easterly tributary of the Omoa stream and at the mill pond, and is apparently ready to marshal its full force of Japanese and use force to prevent the dams from being seized. On the other hand, nobody seems to know what McBryde intends to do, and so the whole community is in uncertainty. Sheriff Rice is reported to have said that he was prepared to prevent any breach of the peace. No arrests had been made up to the time the W. G. Hall left Kauai. Sheriff Rice's younger brother, Philip, is an employe of Koloa plantation. It seems altogether probable that the determination of McBryde to bring their rights to the arbitration of the courts, instead of to the arbitrament of the Japs, will settle the present situation, and that the physical war is over.

NEARLY THROUGH WITH BORINGS

"Within two weeks we expect to be in a position to lay before the War and Navy departments at Washington a full history of the Pearl Harbor work as disclosed by the test borings we are making," said Jas. F. Morgan, president of the Chamber of Commerce, yesterday. "Already we have sent on borings and information so that the engineers can figure with knowledge on the appropriation necessary."

"We expect to have another report from Pearl Harbor very shortly, being now at work with the drills in the channel, which is to be widened out to a width of four hundred feet. This work was delayed some on account of the heavy ground swell, making it necessary to borrow one of the navy scows for the work. This was towed down to Pearl Harbor on Tuesday last by the naval tug Iroquois."

RODRIGUEZ CAPTURED

(Continued from Page One.)

native boy, Chas. Kiakahi by name, was held up and robbed of \$5.35 and a purse. On quick investigation we discovered it was Juanito and had him arrested for highway robbery. From Juanito we discovered that Rodriguez slept at his house the night before and all day yesterday. We went to his house and found the robber's kit, brace and bit, hacksaw, files, etc. This morning we traced his footsteps and they went way back in the Aiea valley, where we lost them altogether.

JOHN FERNANDEZ, Deputy Sheriff, Ewa.

Rodriguez, when brought in by Deputy Sheriff Fernandez, was interrogated in High Sheriff Henry's office. Besides the high sheriff there were present Warden Temple Bourke, Chief of Detectives A. P. Taylor and the Ewa deputy sheriff. His statement was substantially as follows:

RODRIGUEZ STORY.

"Lopez and I were not assisted in sawing our way out of prison. I scratched my back badly in getting through the bars.

"That night we went on to Aiea. We stayed there a couple of days. On January 1 we had some wine and began to have trouble.

"Then we separated and I have not seen Lopez since."

Rodriguez became rather noncommittal when pressed for definite information about Lopez. Continuing with regard to himself he said:

"I struck off alone for Waiialua, going by way of Waipio gulch. I stayed around in the Waiialua cane fields, occasionally going back into the mountains.

"Then I went down to the Porto Rican camp at Kawaialoa and from there down to Pupukea. I stayed for some time around one of the pumps at Waiialua, and occasionally bought some bread at one of the stores.

"On Wednesday this week I was at Waiialua and came up to Aiea yesterday morning. I met Juanito and stayed in his room during the day.

"I did not see the police when they were after me. I saw the Waiialua plantation policeman several times, when I would dodge back into the cane fields."

OTHER PARTICULARS.

Rodriguez had in his possession tax receipts in the name of K. Haruki, a Waiialua plantation laborer, which he said he had found. He professed he did not know the name of the Porto Rican who gave him and Lopez the wine.

On his person, besides the saw wherewith he said he had cut his way out of jail, Rodriguez had a regular dagger knife in a sheath. This he claimed to have got from the Porto Rican who dispensed the wine that soured the sweet comradeship of the two rogues at Aiea.

Deputy Sheriff Fernandez, when he heard that Rodriguez was in the vicinity of Waipahu on Thursday, gave pursuit and fired at him as already stated without effect. After catching Juanito the deputy sheriff followed Rodriguez up and fairly drove him into the arms of August C. Spillner, the Waipahu plantation policeman, as the fugitive tried to take refuge in a house.

WAS MATTER OF TIME.

It is now clear that it was but a question of a few hours, at the time it happened, when Rodriguez would have been taken dead or alive. On Wednesday Chief of Detectives Taylor, Officer Leal and a Porto Rican, on information received that he was at Kawaialoa, went down there. That this was a true alarm is corroborated by a statement made by Rodriguez last night, that he was at Kawaialoa on Tuesday night and on Wednesday was heading toward town.

After his examination last night Rodriguez was stripped of the clothes in which he was captured and attired in a prison suit. Then an Oregon boot was placed upon his foot and his hands were manacled. Thus rigged out he was consigned to a dark cell.

WHAT OF LOPEZ.

"As to whether Lopez is alive or dead is a question," Detective Taylor said last night. "Rodriguez says he left him two days after their escape. As Rodriguez is a hardened criminal, there is room for any surmise regarding the fate of Lopez."

CHICKENPOX ON KAUAI.

Dr. J. S. B. Pratt, chief sanitary officer, has returned from Kauai, with a report that the epidemics of chickenpox at Waimea and Mana were abating when he left. He had superintended the fumigating of the school-houses. The schools will reopen on Monday next if nothing occurs in the meantime to prevent. Dr. Pratt found no varioloid on Kauai.

CAPT. JOSSELYN TO SPEAK IN METHODIST CHURCH

The congregation of the First Methodist church, 408 Beretania avenue, will have a special treat Sunday evening, in listening to Captain Walter Josselyn, of the bark Nuuanu, tell the thrilling story of his life.

The Captain was born and reared in New England, under the influences of the Puritan religious regime, and while now of broad views, in charity for his fellows, gives much credit to the influence of Mother for his Christian impulses of today.

He has followed the sea for more than fifty years, and, incidentally, visited these islands some forty-nine years ago. He has rounded the Horn more than fifty times which he counts but a little thing as compared with other achievements, under the leadership of his God.

Captain Josselyn is well known among his many friends here as being a good entertainer. The church is to be congratulated in securing his services for Sunday evening, and the people of Honolulu in the privilege of hearing him tell the story of his life.

THE Pacific Commercial Advertiser
A MORNING PAPER.

WALTER G. SMITH EDITOR
SATURDAY : : : : FEBRUARY 8

The Friend—To save this Territory to a broad Americanism requires not that Asia be offset with Europe, not that we add to ignorant people from the alien Far East equally ignorant people from the alien Near East. What is needed here is that which keeps America true to its ideals in every great political crisis, namely, the farmer. Give us American farmers and we can assimilate any number of laborers, whether they hail from the Azores, the Spanish Peninsula, China or Japan. So far as Hawaii is concerned there is no choice between Europe and Asia. Each section of our alien population has its ins and its outs. We welcome them all and are able to make of them all equally good citizens. Theoretically speaking, if there were any choice it might be held to be in favor of immigrants who are not able to vote during the first generation, because it gives time to train their native born children to understand our institutions. But without a goodly proportion of American farming population our task in Hawaii is going to be immensely difficult. English "as she is spoke" here is fearfully and wonderfully made. The best way to correct this jargon is to scatter all over the Islands families who have inherited the mother tongue.

THE PHILIPPINE QUESTION.

There is one measure which, we believe, any party could advance with the approbation of the American masses—an honorable plan for getting rid of the Philippine Islands. They are a miserable burden and, if we ever have a war in Asia, they will be the primary cause of it. Are they worth that cost in blood and gold?

Geographically they are not a part of the American system. They carry our frontiers and stretch our line of defense to the Old World, where, if we demand to be let alone in the New World, we should have consistently left them to their own devices—respecting the unwritten Monroe doctrine of Asia. They have cost us more now than they will come to in fifty years of trade unless we shall stimulate that trade by tearing down the tariff barriers behind which our own people are prospering. And to govern them against the wishes of their own people is against the spirit of our institutions, a thing only excusable on grounds of defensive strategy for the mainland, which grounds, in the case of the Philippines, do not exist.

If we are to keep the Philippines we must maintain a larger army and navy than the United States had at the beginning of the Spanish war and convert the people to a self-sacrificing loyalty to the flag. Is it worth while to do the one and possible to do the other? How near are the people of India, after more than 200 years of tutelage, to a spirit of self-sacrificing loyalty to Great Britain? How loyal are the native Javanese to the Dutch?

Again, if the United States continues to insist on its Lord Protectorate of the Latin American countries under the Monroe doctrine, does it not need all the offensive and defensive armament it can afford in its own hemisphere? Can it afford to spare enough to defend the Philippines against the yellow races? Honor, self-interest, traditional Americanism, all point to some solution of the Philippine question which will let the United States out of it and at the same time give the people of our far-Eastern archipelago a chance.

We cannot sell the islands to a foreign power without the consent of their inhabitants. That would not differ much from the old slave trade.

But why not sell them to their own people for a share of what it cost us to free them from Spain, to clean them up, to build public works and to frame the machinery of public service? Establish a Philippine republic, take its bonds for the amount agreed upon with control of the customs in the meantime and let it be understood that the United States will insist on the payment of the bonds, whatever power may take the islands. In this way we shall, in the course of a few years, be able to leave the Philippines with honor and be free of the most imminent threat of war we have.

This is no argument against expansion. America has the western hemisphere to expand in and make new markets in and that is as big a job as it should undertake in this century.

WATCHING THE FLEET.

Foreign powers are taking great interest in the cruise of the battleship fleet, especially Russia, which is building a new navy and is concerned about the problems of machinery. One of her expert engineer officers, Commander Diatekhoff, is traveling on parallel lines with the armada, visiting it at ports of call. The German cruiser Bremen, some South American vessels, and, presumably, English warships are in the wake, watching evolutions, noting advantages and defects, methods of coaling and the like, so as to make a technical report to their home governments.

Of course all this rouses the imagination of the yellow press, which affects to see signs of hostility, especially on the part of Russia. But if there ever was a time when Russia was a friend of the United States it is now when her hope and prayer is that this country may become embroiled with Japan. What she is anxious to know is whether Admiral Evans' fleet is a paper affair like her own ill-starred armada, or is able to take contracts against an active and powerful foe. Upon such knowledge Russia may act if an emergency shall come.

The Germans are building a navy and nothing interests them more than a demonstration of the ability of a large fleet of first-class ships, to meet all sorts of sea conditions and keep well supplied, on long-distance courses, with coal and food. The sixteen American battleships constitute a university afloat, at which all great naval powers want to place their most receptive students. Even Great Britain is no exception to this. Indeed, her department of naval intelligence is the most vigilant of any.

The periodical discovery is made that Achi wants to be the first Mayor of Honolulu. Achi was born wanting something of the sort and, happily for him, delay has taught him patience, a thing of which his mayoralty ambition stands in need. How long he will have to wait we can't tell, but when Notley is Governor, Williams of Hilo, Attorney General, Atcherley President of the Board of Health and Birbe chairman of the Board of Supervisors, we shall look to see the Achi boom making a clean sweep.

The University Club ball, an annual event of growing social importance, has taken the place of the old-time balls at the palace, one of which is so well described in Isabel Strong's "The Girl From Home." It is a function which society looks forward to and makes the most of. This year is probably the last time the club will have a ball in its present home, the intention being to acquire another and finer property within the year.

Nevada's Legislature adjourned the other day and went in a special car to see a Reno prizefight. The dispatches say that the fight lessened the attendance at a religious revival at Reno and that the ministers are up in arms. The fact that the Legislature was in special session over the Goldfield crisis at the time it adjourned, makes the situation even more interesting.

The Advertiser has generally fought a local outlay for exhibitions, but there may be a chance worth taking at the coming Seattle fair. Hawaii wants the Northwest to buy things here and a fine display of its natural products, constantly renewed while the big show lasts, might be a means of building up trade.

Mr. Taft, who weighs 289 pounds, can hardly expect to run for the Presidency. If he does anything about it he will have to sit and wait for the goal to come along back.

It will need the garbage bureau to clean up what is left of some of these grab game supervisors if they run for office again.

Perhaps the supervisors are merely showing us how wise we were to pass a \$500,000 a year county act.

A suitable reward would have brought Rodriguez and Lopez to book long ago.

CONTRACT PRICES COUNTY IS PAYING

The figures at which the county departments are buying their supplies this month, due to the open competition between all the firms in a position to supply them, show a decided improvement over what have prevailed in the past and will work out to a considerable saving to the taxpayers. At the last meeting of the Board of Supervisors in January, tenders were submitted, the lowest quotations for the various lines being the following:

- Red bricks—Hackfeld & Co., \$18.95 a thousand.
- Portland cement—Hackfeld & Co., Clover Leaf brand \$3.54, Standard \$3; Davies & Co., Golden Gate brand, \$3.25, California lime—Hustace-Peck Co. and Davies & Co., \$2.

KAALA ATHLETIC CLUB ELECTS ITS OFFICERS

The Kaala Athletic Club held their regular semi-annual meeting at the St. Patria hall on the corner of Emma and Vineyard streets at 8 o'clock last evening. The following officers were elected for the ensuing period: J. J. Fern, president; Benj. K. Kane, vice president; Bernard H. Kelekolio, secretary; Robert Asam, treasurer; Wm. Medeiros, N. K. Hoopli and B. K. Asam, finance committee.

The election of manager and captain was postponed until the next meeting of the club.

The following gentlemen were elected honorary members of the club: Captain Moses Naopala and Hon. John C. Lane.

After the election of officers the meeting adjourned, when the boys helped themselves to two or three dozen bottles of refreshments, ice cream, cakes, etc.

Bernard H. Kelekolio addressed the boys in a short speech, advising them that there is always success in perseverance and patience, while on the contrary failure and discouragement will face the boys if grumbling and kicking prevail.

WILL FIRE JOHNSON AND HIT HUSTACE

The club that the Achi schemers and the swag hunters on the Board of Supervisors are now shaking in the face of Chairman Hustace and Road Supervisor Johnson is the threat that unless all opposition to their garbage department raid is withdrawn they will oust Johnson altogether and without notice at the next meeting and will attempt to drag Hustace from his seat at the head of their board and replace him by Cox.

POPULAR PURSER GIVEN A SURPRISE

A surprise and birthday party was given on board the S. S. Korea during the present trip to W. A. Allan, the popular purser of the vessel, by the passengers from the Orient, at which he was given many presents in honor of the sixty-fifth anniversary of his birth. The saloon was decorated for the affair and all the passengers and officers able to appear were there and enjoyed themselves greatly.

Mr. Allan has been purser on the Korea ever since she came out from the shipyard and is considered one of the best pursers in the line and enjoys great popularity among the traveling public.

NUUANU DAM CONTRACT.
L. M. Whitehouse will receive notification from Marston Campbell, Superintendent of Public Works, that he has been awarded the contract for completing the Nuuanu dam on the basis of his bid of \$123,445, with the exception of certain reductions with regard to re-vestment work.

Governor Frear, in conjunction with Land Commissioner Pratt, has prepared an explicit formula of directions to the appraisers of the Kapaa lands. The better part of two days, extending late into the evenings, were devoted by the Governor to the task.

**KAMEHAMEHAS
LEADING SOCKER**

**Defeated Punahou Yesterday
by Score of Three to
One.**

Kamehamehas won against Punahou, in the fifth socker football match of the interscholastic series yesterday, by a score of three to one. The victors outplayed their opponents at every point.

Akana and McKenzie did the scoring for Kamehamehas, their most effective supporter being Kamalopili.

Mon Yin made the lone score for Punahou. He was ably backed by Lyman.

The field was muddy, but just as much so for one side as for the other, and the Kams kept the ball in the Puns' territory most of the time.

The lineup of the Kams was: Pua-ohi, goal; Whiting, Bal, full backs; Kahanamoku, Lota, Kallmepahu, half backs; Akana, Kamalopili, Murray, Smythe, McKenzie, forwards.

The Puns: Williams, Akina, Davis, Lyman, Mon Yin, Townsend, Withington, Dodge, J. Desha, W. Desha.

Referee: L. G. Blackman.

On Monday the High Schools will meet the Punahous, and if the Puns are worsted the Kamehamehas will be champions of the season. Otherwise the Kams and Puns will have to play it out.

So far the Kamehamehas are in the lead for the championship.

**NEW BASEBALL
LEAGUE PLANNED**

**Waikiki's Five Nines Will Have
Series on Kapiolani
Diamond.**

The Waikiki end of the city is not to be beaten by the Kailhi section, and the formation of a baseball league in the west has spurred the beachers into action, the result being that the Kapiolani League is about to be born. Five teams will compose the league—the Reliance, Punahou, Waikiki, Bulletin and Iolani.

The last of these nines to be organized was the Reliance, the members of which met last night and selected their officers. These are:

President, Manuel Gonsalves; manager and treasurer, John F. Silva; captain, Louis Freitas; and secretary, Benny F. Becker. The colors of the team will be the same as those worn by the Spaldings, which caught the popular eye—red, white and blue.

A meeting of the representatives of these five teams has been called for the evening of the fifteenth, when a schedule for the season will be drawn up. It has been about decided that each team will have to meet each other three times in the first series, twice in the second and play three deciding games in case of any tie. The league itself will put up its own cup for competition.

**SOCKER GAMES
AT MAKIKI**

This afternoon should see two good games of football at Makiki. The postponed matches of January 4th being substituted for the previously arranged match with the Thistle Club. The first game commencing at 2:30, will be between the Y. M. C. A. and Diamond Heads, and the second game between the Malles and Punahou.

This will be the first meeting of the Y. M. C. A. and Heads, and a hard struggle is expected. A battle royal is looked for in the second game. It will be remembered that the Malles only just managed to win out last week, with their proverbial luck. Will they repeat their performance this afternoon?

**MINOR LEAGUE
DATES SERIES**

The championship series in the Kalamianole Baseball League will take place on successive Sunday afternoons, commencing February 9.

The following schedule has been adopted:

February 9, 2:30 p. m.—C. A. C. vs. Kaalas.

February 16, 2:30 p. m.—C. A. C. vs. Kaalas.

February 23, 2:30 p. m.—C. A. C. vs. Kaalas.

The Riverside Junior League will help out the afternoon's sport each Sunday by allowing two of their nines to play a preliminary to the league game.

The first game on Sunday will begin at 1 a. m.

**INDOOR MEET
IS POSTPONED**

The Indoor Meet, which had been planned to take place in the Y. M. C. A. gymnasium on the twentieth of this month, has been postponed to some undetermined date in order that those who may wish to take part may do so without it interfering with their training for the big Inter-Island meet, which is to be held in the Boys' Field on March 21. This track meet will be the biggest event of the kind of the year and already a large number of athletes are preparing for it.

**HANDLED CUE
HALF LIFETIME**

There is no kind of sport in the calendar that requires more practice and study than billiards," said the veteran, Jake Schaefer, the other day, and those who know anything about table games will admit the truth of the statement. Schaefer figures that he has spent nearly half his life with a billiard cue in his hand, which is a hard thing for those to swallow who believe great billiardists, like generals, are born and not made. Practise, however, was what made Schaefer the greatest of all billiard players.

Before the recent contest between Schaefer and Sutton for the 18.1 ball-line world's championship emblem, which the former retained, Sutton put in eight hours every day at the table in practise. He was constantly pounding out all kinds of caroms, figuring how to get the largest count in and out of balk and laboring to perfect his stroke so as to caress the ivories like a summer breeze when astride the lines.

**THE ONUS IS ON
AUTOMOBILISTS**

LOS ANGELES, Jan. 28.—A decision of great importance to automobilists throughout the state was rendered today by the district court of appeal. Briefly, it means that automobilists are obliged to look out for pedestrians and keep from running them down and that pedestrians cannot be charged with contributory negligence if they do not keep out of the way of automobiles.

The decision was rendered in a case in which a judgment for \$7000 damages was awarded to a man who had been run down by an automobile. The appellant made the plea that the injured man was guilty of contributory negligence in not keeping a sharp lookout for passing vehicles. The higher court gives this plea no weight and says almost in so many words that a person running an automobile is obliged to look out for pedestrians, the rights of whom on any highway are declared to be paramount. The judgment of the lower court is sustained.

The plaintiff in the case is Stanley King, an employe of the Los Angeles railway company. The defendant is E. K. Green, who will be obliged to pay the damages awarded.

DRAGGED DOWN BY DESPAIR

Hundreds of Others in the Same Plight.

Mrs. John H. Cole, of 22 Arlington street, South Framingham, Mass., was for years a martyr to kidney trouble, but at last found a cure in Doan's Backache Kidney Pills. She writes: "I suffered greatly with periodical headache, terrible bearing-down pains and a whole train of minor symptoms. My back was always weak and the kidneys terribly disordered. I could not rest at night and in the morning would get up feeling ill, tired, and discouraged, and without the least ambition to go about my household duties. If I sat down I felt as though I never wanted to get up again; I grew thin and haggard and developed deep circles beneath my eyes. My appetite grew less and less as the days went by until at last I did not eat enough to keep a child alive."

"During all this time I was doctoring and dosing myself with first one remedy and then another until my stomach fairly rebelled. I called in a doctor but soon saw that he did not understand my case. Well, you may believe I was in despair for I had come to that state where I did not care what happened, when a friend told me what a fine remedy and cure for kidney disease—Doan's Backache Kidney Pills were. I bought a box and before I had taken all of it I felt much better, my back felt stronger and I rested much easier at night and was not troubled with nightmares and fits of wakefulness as formerly. After that first box was gone I bought another and still another, each one helping me and making me stronger and better, until I had taken twelve boxes. By that time not a vestige of my old troubles remained and it is the greatest pleasure to my life to say that Doan's Backache Kidney Pills saved me from an early breakdown."

**BIBLE READING MOVEMENT,
READING FOR FEBRUARY 8**

MATTHEW 26.
31 Then saith Jesus unto them, All ye shall be offended in me this night: for it is written, I will smite the shepherd, and the sheep of the flock shall be scattered abroad. 32 But after I am raised up, I will go before you into Galilee. 33 But Peter answered and said unto him, If all shall be offended in thee, I will never be offended. 34 Jesus said unto him, Verily I say unto thee, that this night, before the cock crow, thou shalt deny me thrice. 35 Peter saith unto him, Even if I must die with thee, yet will I not deny thee. Likewise also said all the disciples.
36 Then cometh Jesus with them unto a place called Gethsemane, and saith unto his disciples, Sit ye here, while I go yonder and pray. 37 And he took with him Peter and the two sons of Zebedee, and began to be sorrowful and sore troubled. 38 Then saith he unto them, My soul is exceeding sorrowful, even unto death: abide ye here, and watch with me. 39 And he went forward a little, and fell on his face, and prayed, saying, My Father, if it be possible, let this cup pass from me: nevertheless, not as I will, but as thou wilt. 40 And he cometh

unto the disciples, and findeth them sleeping, and saith unto Peter, What could ye not watch with me one hour? 41 Watch and pray, that ye enter not into temptation: the spirit indeed is willing, but the flesh is weak. 42 Again a second time he went away, and prayed, saying, My Father, if this cannot pass away, except I drink it, thy will be done. 43 And he came again and found them sleeping, for their eyes were heavy. 44 And he left them again, and went away, and prayed a third time, saying again the same words. 45 Then cometh he to the disciples, and saith unto them, Sleep on now, and take your rest: behold, the hour is at hand, and the Son of man is betrayed into the hands of sinners. 46 Arise, let us be going; behold, he is at hand that betrayeth me.

47 And while he yet spake, lo, Judas, one of the twelve, came, and with him a great multitude with swords and staves, from the chief priests and elders of the people. 48 Now he that betrayed him gave them a sign, saying, Whosoever I shall kiss, that shall he: take him. 49 And straightway he came to Jesus, and said, Hail, Rabbi, and kissed him. 50 And Jesus said unto him, Friend, do that for which thou art come. Then they came and laid hands on Jesus, and took him. 51 And behold, one of them that were with Jesus stretched out his hand, and smote the servant of the high priest, and struck off his ear. 52 Then saith Jesus unto him, Put up again thy sword into its place: for all they that take the sword shall perish with the sword: 53 Or thinkest thou that I cannot beseech my Father, and he shall even now send me more than twelve legions of angels? 54 How then should the scriptures be fulfilled, that thus it must be? 55 In that hour said Jesus to the multitudes, Are ye come out as against a robber with swords and staves to seize me? I sat daily in the temple teaching, and ye took me not. 56 But all this is come to pass, that the scriptures might be fulfilled. Then all the disciples left him, and fled.

HOW A SOUTH AFRICAN MERCHANT WARD OFF AN ATTACK OF PNEUMONIA.

There is always cause for alarm when a severe cold is accompanied by pain in the chest. Mr. H. L. La Grange, who is manager of a store at Jansenville, C. C., believes Chamberlain's Cough Remedy is better than the prescription of a physician. He says: "I had a boy in my employ who had been suffering from cold and a pain in the chest, and got so bad he had to go to bed. I had the doctor attend him and used several other remedies, but he got no better. I finally tried Chamberlain's Cough Remedy, and in a short time he was up and about his work. We sell lots of it in the store." For sale by all dealers. Benson, Smith & Co., agents for Hawaii.

fronting on Union Square—the heart of San Francisco—is a fine example of the artistic treatment of a utilitarian idea, which, to the traveller, typifies the high value San Franciscans place upon entertainment, and in spite of the fact that the hotel probably unites under one roof more advanced ideas of hotel service than any other caravansary in America, the rates are perhaps lower in proportion to the attention offered than can be found elsewhere in the United States.

NO MONUMENT FOR LAHAINA YET

Without Further Legislation Results Will Be Disappointing.

It is practically certain that the monument to commemorate the creation of the first legislative assembly of Hawaii, planned to be erected in Lahaina, will have to wait for another session of the legislature.

The law provides that the monument shall be located at the spot where the act creating it was promulgated. The act was signed, as a matter of fact, in Honolulu, but King Kamehameha III. went at once to Lahaina where he had a residence, and it was from the veranda of this residence that the act was promulgated.

The local committee at Lahaina have selected a location which they think would be admirable. It is not far from the landing, and not far from the spot where the act was promulgated, and it is proposed to create a small park within which the monument shall be located.

After Mr. Lydecker's return there was a meeting of the Archives Commissioners who are by the act directed to secure the monument and see that it is properly placed, and it was unanimously decided that it would be regrettable to follow the letter of the law, and yet the law is plain and nothing else could be done.

This is believed to be the desire of the people of Lahaina as well. Secretary Mott-Smith has written the Lahaina committee to this effect, and it is probable that in order to make a full record of the matter and put in permanent form the sentiment of the people of Lahaina concerning it, a petition will be drawn up and signed in Lahaina asking the Board of Archives Commissioners not to proceed with the design and erection of the monument at this time, but to wait and present the matter to the next legislature.

SPECIAL SERVICES AT CENTRAL UNION CHURCH

FOREST RESERVE HEARING.

Notice of Intention to Consider the Defining of the Limits of Forest Reserves and the Setting Apart of Certain Government Lands in the Districts of (1) Lahaina, Kaunapali and Wailuku; (2) Hamakua, Island of Maui, and (3) in the District of Kona, Island of Hawaii, as Forest Reserves and of Public Hearing Concerning Said Subject Matter.

Notice is hereby given that under the provisions of Chapter 28 of the Revised Laws of Hawaii, amended by Act 65 of the Session Laws of 1905, and Act 4 of the Session Laws of 1907, a public hearing will be held by the Governor of the Territory and the Board of Commissioners of Agriculture and Forestry, on February 24, 1908, at 2 o'clock p. m., in the office of the Board of Agriculture and Forestry, on King street, in Honolulu, Island of Oahu, to consider the defining of the limits of forest reserves and the setting apart of certain Government Lands (1) in the Districts of Lahaina, Kaunapali and Wailuku, Island of Maui, which may be described in general terms as embracing the entire top of the West Maui mountain, above a line so enclosing the mountain as to exclude all agricultural land and containing an area of 44,440 acres, more or less; (2) in the District of Hamakua, Island of Maui, lying on the northwestern slope of Mount Haleakala, bounded on the north and east by the Koolau Forest Reserve, on the south by the land of Kaliahina and on the west and northwest by the remainder of the land of Makawao, and containing an area of 1796 acres, more or less; and (3) in the District of Kona, Island of Hawaii, lying on the southwestern slope of Mount Hualalai, bounded on the north by the land of Puaa I, and on the south by the land of Kahului II, between the elevations of 2300 and 3000 feet, and containing an area of 193 acres, more or less; as FOREST RESERVES.

Maps and descriptions of the said lands proposed to be set apart as forest reserves are on file in the office of the Superintendent of Forestry in Honolulu, where they are open to the inspection of the public.

At the said time and place all persons who so desire will be given full opportunity to be heard upon the subject matter of this notice and to present evidence and arguments, in person, by proxy, or by letter, either for or against the setting apart of said lands as Forest Reserves.

COMMISSIONER'S SALE

Valuable Real Estate SITUATE AT KAMAKELA, HONOLULU, ISLAND AND COUNTY OF OAHU, TERRITORY OF HAWAII.

Pursuant to a Decree of Foreclosure and Sale made by the Honorable W. J. Robinson, Third Judge of the Circuit Court of the First Judicial Circuit, Island and County of Oahu, Territory of Hawaii, in Equity, at Chambers, on the 18th day of January, A. D. 1908, in an action entitled "Bathsheba M. Allen, Mark P. Robinson, Joseph O. Carter and Paul Muhlen-dorf, Trustees under the Will and of the Estate of Samuel C. Allen, Deceased, petitioners, vs. The Hawaii Land Company, Limited, a corporation, defendant, and J. W. Leonhart, Intervenor, Bill to Foreclose a Mortgage" (Equity Division, No. 1573), the undersigned, as Commissioner, duly appointed by said Decree, will sell at Public Auction, to the highest and best bidder for cash, subject to acceptance of bid and approval and confirmation of said sale by the Court, on

At the same time and place, there will be sold at public auction under the Provisions of Part 5, Land Act 1895, (Sections 278 to 285 inclusive, Revised Laws of Hawaii) General Leases of the following described lands:

(1) 158 acres a little more or less of the agricultural and grazing land of Ukumehe, Maui.

Upset rental, \$540.00 per annum, payable semi-annually in advance.

(2) 5.25 acres more or less of the Government Remainder of the land of Alamihii, Lahaina, Maui, consisting of about 4.25 acres of pond and about 1 acre of kula land.

Term of lease, five years from March 1, 1908.

Upset rental, \$30.00 per annum, payable annually in advance.

The usual reservations regarding land required by the Government for settlement or public purposes will be embodied in these leases, and an additional condition in the lease of the Alamihii land will require the Lessee to maintain the pond and kula in a sanitary condition.

For plans and full particulars apply at the office of the undersigned, Judiciary Building, Honolulu.

JAS. W. PRATT, Commissioner of Public Lands. Honolulu, Oahu, T. H., January 22, 1908.

LIGHTHOUSES FOR HAWAII.

The Lighthouse Board has again recommended the payment of the amount of money expended by the Territory of Hawaii that the Territory expended in maintaining lights about these Islands between the time Hawaii became American territory and the time its lighthouse establishment was taken over by the Lighthouse Board.

The portion of the report relating to new lights recommended and the general subject is as follows:

The act approved on March 4, 1907, appropriated \$50,000 for the establishment of a light and fog signal on the north shore of Moloakai Island, Hawaii, and \$215,000 for a steam tender for the lighthouse service in Hawaiian and Pacific waters. The authority was also given by the act approved on June 30, 1906, for the establishment of post lights in Hawaiian waters to be paid for from the general appropriation for lighting rivers. By the same act authority is given for the establishment of private lights after January 1, 1907, under the control and direction of the Lighthouse Board in accordance with rules and regulations established by the Secretary of Commerce and Labor.

The Board has recommended, under appropriate heading in this report, the appropriation of \$75,000 for the establishment of a first-order light at or near Kilauea Point, Kauai Island. The Board has also recommended the appropriation of \$40,000 for the establishment of a lighthouse depot at Honolulu, Hawaii, and the opinion of the Board being asked, it has again recommended the passage of a bill providing for an appropriation of \$23,393.69 for reimbursing the Hawaiian government for moneys expended in maintaining its lighthouse establishment from the time it became an American Territory until its lighthouse establishment was taken over and maintained by the Lighthouse Board.

"The buoyage of Hawaiian waters can be amplified with great benefit to American shipping. Certain day beacons have been or are being built which will highly benefit Hawaiian navigation."

KOREA ARRIVES.

The Pacific Mail steamship Korea, Captain Sandberg, docked at 5:30 o'clock last evening at the Hackfield wharf a little over nine days from Yokohama. Bad weather was experienced almost the whole of the way and the vessel was hove to for five and a half hours four days out of Yokohama.

hama. She brings 1350 tons of freight for this port, and will sail for San Francisco at 3 o'clock this afternoon. The Korea brought fourteen passengers for this port. Among them was Mrs. Low, widow of the late James Low, formerly of Honolulu. She was met at the wharf by Mrs. William Matson, sister of her late husband. The vessel had no sickness aboard and was quickly given pratique and came to her dock. The Korea has a number of notables aboard, among them the Nawab Sultan ul Muik Bahader of Hyderabad, Deccan, India. There are a number of naval officers, consular and diplomatic attaches, a Roman Catholic bishop and a considerable number of missionaries.

CONCERNING THE ECLIPSE.

SAN FRANCISCO, Jan. 29.—Captain Anderson of the schooner J. H. Lundemann, who was in port at Newcastle, Australia, at the time the ill-fated American ship Eclipse left, said yesterday that, from what he heard, Captain Larsen of the Eclipse had great difficulty in securing a crew for his vessel, and when starting on her voyage to San Francisco she was down by the head and in no state to go to sea. Captain Anderson was emphatic in saying that he would never have put to sea with a vessel in the condition of the Eclipse, and when told that it was the intention of her captain to trim her cargo at sea he remarked that that ought to have been done by the trimmers, whose business it was, before ever the vessel left the port. Captain Anderson of the Eclipse was previously in command of the W. F. Germs.

NEW AMERICAN-HAWAIIAN.

SAN FRANCISCO, January 28.—On her first visit and with the biggest cargo of coal, excepting one, which has ever come in a single vessel to this port, the big freighter Virginian arrived yesterday from Newport News. From December 29 till New Year's Day, in latitude 43 to 47 degrees south, and longitude 61 to 64 degrees west, the Virginian encountered terrific storms with mountainous seas which continuously swept her lofty decks. A short stay was made at Punta Arenas, where fresh mutton was taken aboard and daylight waited for before navigating the narrow part of the funnel-shaped Magellan Strait. The Virginian occupied fifty-five days on the voyage from Newport News, a record for a freight steamer, and brought a cargo of 3404 tons of coal, almost another record, for Navy use.

THE NOTTINGHAM SIGHTED.

The American schooner Nottingham was sighted by Captain Larsen of the American ship Eclipse on October 25. She was then sixteen days out from Melbourne for San Francisco. The Nottingham sailed from the Atlantic for San Francisco some months ago. Having difficulty getting around Cape Horn, she started to go around the other way by the Cape of Good Hope. She met disaster and put into Melbourne for refitting. She sailed from there October 9 for San Francisco, but had not arrived up to last reports. When Captain Larsen sighted her October 25 she was all well.

A HUNGRY SHIP.

The German ship Louise arrived in San Francisco January 29, 234 days from the German port of Geetesmunde, having suffered a succession of hurricanes between the Cape of Good Hope and Australia, in which she suffered the loss of sails and spars. But so far as the crew were concerned, they say that the food allowance from the start was woefully small in quantity and that what there was was stale and unfit.

BUILD OF THE ECLIPSE.

The American ship Eclipse, which was abandoned at sea January 11, was a wooden ship of 1595 tons and was built in 1878 by Goss & Sawyer of Bath, Me. She was of 231.7 feet length, 40.3 breadth and 24.3 depth.

OUT OF QUARANTINE.

The two hundred Japanese who arrived on the Hongkong Maru two weeks ago and were exposed to smallpox on that ship were released from quarantine yesterday and were sent over to the immigrant station where they were put through the formula of landing. No new cases of smallpox have appeared. The one patient who was sick with the disease is recovering rapidly though still in quarantine.

SAILED FOR PORTLAND.

The French ship Hoche, Captain Le Maitre, sailed for Portland yesterday morning soon after 9 o'clock. She was chartered about ten days ago to load wheat at Portland for the United Kingdom, Havre, Antwerp, or Dunkirk, at 27 shillings, 6 pence. The Hoche is a fine built ship, and came here from Hamburg and Brest in 149 days.

GRAIN FOR MAHUKONA.

The schooner H. C. Wright now out nine days from San Francisco for Mahukona has a cargo of grain and general merchandise.

KAUAI SHIPPING.

The W. G. Hall reports that the Despatch left Eleese on Thursday for Makawell to load sugar. When the Hall left Hanalei on Thursday, the

Ke Au Hou was off Kapaa bound for Ahukini to land gasoline and powder.

LUMBER FOR COURTHOUSES.

The steamer Nilhau sailed at 5 o'clock yesterday to Kaanapali to land twelve mules there, and to Kailua to take a quantity of lumber for the new Kailua courthouse.

NOVEL FUEL BUNKERS.

A novel method has been adopted to get the new tugs Hercules and Gollah, built at Camden, N. J., to San Francisco without having them stop on the way for fuel. They are oil burners, and as there are no fuel supplies to be had after leaving the Atlantic coast until the vessels reach California, the question of having a sufficient amount of oil on hand was one of the highest importance. Consequently it was decided that when the tugs leave Camden tomorrow for San Francisco the Hercules shall tow the Gollah. The latter has been converted into a bulk barge temporarily and has been filled with fuel oil. This will supply the Hercules when her own supply becomes exhausted.

THE CELTIC MONARCH.

The British ship Celtic Monarch now out 79 days from Hamburg is reported in the San Francisco Chronicle as having been sighted in latitude 6 south, and longitude 39 west. But no date as to when she was sighted is given.

THE LAWTON TRANSFORMED.

The United States Army Transport Lawton, which has passed through here several times, has been transformed into the Rose City to ply between San Francisco and Portland, Oregon. She was scheduled to sail on her first trip from San Francisco today.

BROUGHT NAVY COAL.

The new American-Hawaiian steamship Virginian, which reached San Francisco lately on her first voyage to that port, carried coal for the Navy and is discharging it at Mare Island.

HONOLULU STOWAWAY.

When the French steamship Amiral Fourichon left Honolulu on her last trip, according to the Coast papers, a Portuguese stowed away on her. When discovered he was allowed to work his passage to San Francisco.

The only preparation that will remain on the skin during a full day in this climate. The effect is instantaneous and pleasing.

LOOSE LEAF

If you have neglected to order your loose leaf outfits, ledger or billing, place it with us and we will have the set in your office before you can say Scat. There is an advantage in having this work done at home because the man who uses the system has an opportunity to examine the work as it proceeds. The tendency to patronize home industry is growing in Honolulu and better satisfaction among the merchants is the result.

We have the best line of Cases for loose leaf ever sold here, best because they are stronger and will not give way in any part. We would be pleased to show you samples and quote prices, which are the same as charged in San Francisco. Come down and talk it over.

ANOTHER BOOZE CASE ON TRIAL

Exhibits Are Extensive—Some New Appeals—Other Court News.

Maria Augusta Colto was placed on trial before Judge Lindsay yesterday morning for selling liquor without a license. County Attorney J. W. Cathcart is prosecuting, and Antonio Perry defending. Frank J. Robello, William F. Story, James E. Jaeger, Clifford Kimball, Charles Butzke, Thomas W. Carroll, James Stuart Sharp, David F. Notley, John James Egan, Antone Fernandez, Edward N. Voeller and Archibald James Smithies were empaneled as jurors. Exhibits in court included a ten-gallon wine keg, a gallon demijohn, a gin bottle, a whisky bottle, glasses, etc.

BATCH OF APPEALS. Appeals from Honolulu District Court to the Circuit Court were sent up yesterday as follows: Territory v. Inoguchi, Fugimoto, Song Eung Whar, Ikarashi and Kidakawa, assault and battery on Kim Chin Hun. All but Whar fined \$15 and costs each. Territory v. Lee Kul, carting swill through the streets after the prohibited hour. Fined \$4 and costs. Territory v. Ah Far, another swill case with same result. Territory v. Ah Fong and Tam Lum, malicious injury in smashing Lum Lum's furniture. Each fined \$6 and costs. Harry T. Mills v. Adelaide Souza, defendant, and Harry Davison, garnishee, claim of \$12.50 on a dentist's bill assigned to plaintiff. Judgment for defendant.

COURT ITEMS. Judge De Bolt's jurors for civil cases stand excused until Wednesday next. Henry C. Hapal, Registrar of Public Accounts, has received for \$190 inheritance tax from the estate of the late John H. Bliss. Robert M. Fuller petitions that Bishop Trust Co. be appointed guardian of his five minor children to receive a legacy of \$599 bequeathed to them in the will of Margaret A. Fuller, Auburn, Cal.

CHINESE TENANT IN PREDICAMENT

Two Sides in Crown Lands Case Pressing Him Oppositely.

A Chinese tenant of Madame Puahi at Waikiki is "between the devil and the deep sea," if ever anybody has been in the predicament described in that old saying. Lately the Territory of Hawaii obtained judgment of ejectment against Madame Puahi for certain land at Waikiki. An appeal to the Supreme Court was taken by defendant's attorney, C. W. Ashford, who at the trial had disputed the Territory's title to the crown lands, even taking constitutional issue with the Organic Act with regard to that portion of the Territory claimed public domain. Pending the determination of the appeal in the Supreme Court, the Chinese tenant of Madame Puahi has been advised by the Government to pay no rent to her. On the other hand he has been notified by Madame Puahi that he must forthwith pay his rent to the last due date or leave the premises. It was reported yesterday that Madame Puahi had entered upon the premises with a view to ousting the Chinese, while the Chinese was holding the fort to resist the intended ouster. Lessor and lessee, it was stated, held possession respectively of the first and second floors of the house on the land. There was much consulting among Government officials over the situation, but at a late hour in the afternoon no action had been taken. A writ of possession based on the Circuit Court judgment was discussed, but that recourse would seem to have been deemed useless with the pending of the case in the Supreme Court. It is expected to be heard there the coming week.

IN POLICE COURT. Charles Knill who was arrested Thursday charged with stealing carpenter tools from William Sharrett, in Buckle Lane, was sentenced to thirty days in jail and to pay costs of \$3, by Judge Andrade yesterday.

Wong Chang, accused of embezzling \$67 from his employer, was sentenced to six months in jail. Kamimura, charged with vagrancy, will go over to the reef for sixty days under sentence from Judge Andrade.

HACKMEN MUST REGISTER. The police are giving the hackmen warning that they must comply with the ordinance requiring them to register the hack stand with which they are connected. Joe Clark, T. Castro, C. Imai, and Miwa were all brought into the District Court charged with violating the ordinance. Castro was discharged. Imai was fined \$5, with \$3 costs, and the cases as to Clark and Miwa were continued.

LAW OF INCOME TAXES DEFINED

Formidable Array of Points in Lowrie's Suit—The Sewer Rates.

"Under the income tax law of Hawaii the cost of new buildings cannot be deducted from gross income. The cost of a replacement may be allowed if the old article is practically but not totally abandoned. The expenditure for a steel and concrete bridge to replace a wooden one is deductible as a replacement only up to the cost of a new bridge like the old one. Additional machinery installed in a sugar mill is a betterment notwithstanding the fact that it is necessary to keep the plantation up to its former efficiency. Necessary expenses of a business are deductible during the year in which they are incurred; amounts expended in the production of movable property are chargeable against the sales of that property irrespective of the year in which the amount was expended. The foregoing are the findings of law made by the Supreme Court in its detailed opinion on certain income tax cases in which it heard evidence reflected by the Tax Appeal Court. The assessments made by the court have already been published excepting in the two following cases that were taken under advisement and are now decided: Laupahoehoe Sugar Co., \$88,441.69; Union Mill Co., \$52,499.84. SEWER RATES TEST. A test case on delinquent sewer rates prior to June 30, 1904, has been taken to the Supreme Court direct from District Magistrate Andrade's judgment sustaining the demurrer. It is a claim of the Territory of Hawaii, by the Superintendent of Public Works, against Cecil Brown, executor, and Abigail Campbell Parker, executrix, of the estate of James Campbell, for \$133.50 as sewer rates in connection with the Campbell block, Fort and Merchant streets, and interest thereon from June 30, 1904. The Territory appeals on these points of law: 1. Whether plaintiff had, from December 31, 1902, to June 30, 1904, authority through its Superintendent of Public Works to make changes and rates for the use by private individuals of the public sewer in Honolulu. 2. Whether plaintiff has legal capacity to sue for said rates charged from December 31, 1902, to June 30, 1904. 3. Whether suit will be for collection of rates actually charged where defendant in his application agreed to pay such rates for the use of the sewer as might be fixed. 4. Whether the District Court has jurisdiction of the subject matter of this action."

THIRTY-SEVEN POINTS. Judge de Bolt's "reservation of questions of law to the Supreme Court and report of case" are combined in a paper filed yesterday in the higher court in the action for \$400,000 damages of William J. Lowrie against Henry P. Baldwin, James B. Castle, William R. Castle, George P. Castle, S. N. Castle Estate, Joseph P. Cooke and Wallace M. Alexander. There are no less than thirty-seven questions put to the appellate court, besides three typewritten pages of report and reference.

SERVICE ON GARNISHEE. Justice Wilder is author of a unanimous opinion of the Supreme Court, which reverses a judgment of the Hamakua District Magistrate discharging Pauhaou Sugar Co. as garnishee in a suit brought by Luelo Ferreira against Kamo. A. G. Korea appeared for plaintiff, and H. E. Cooper for garnishee. "A general appearance by a garnishee is a waiver of any defective service," the syllabus runs. It is found by the appellate court that, although the garnishee was improperly made on the garnishee's bookkeeper, there was a general appearance by the garnishee through Attorney Makekahu. The magistrate is instructed to give judgment against the garnishee for whatever was due by it to defendant at the time of the service of summons.

RIGHTS OF WIDOW. Justice Ballou is author of a unanimous opinion of the Supreme Court partly in favor of Mrs. Maria K. Ena on the submission of facts between the executors of her late husband, John Ena's estate and herself. B. L. Marx appeared for the executors, and A. G. M. Robertson for Mrs. Ena. The syllabus reads thus: "Debts of a solvent estate should be paid from cash, but if that is insufficient the personality in which the widow has no dower interest should be sold first. Decedent's note secured by mortgage on real estate should, if properly presented, be paid in the same manner as other debts, without contribution from the widow, and she will be entitled to dower in the estate redeemed, notwithstanding her release in the original mortgage." It is held, in the body of the opinion, that the widow can not legally require the executors to sell leasehold having terms of less than twenty-five years unexpired for the payment of debts before using the cash on hand and other personality for the purpose. Also, that the widow can not legally require the executors to sell the mortgaged real estate to pay the mortgage or other debts before using the cash on other personality for the purpose. Several other questions are considered, the answers to which are practically covered in the syllabus as above.

J. F. MORGAN, JR., BURNED OUT.

James F. Morgan, Jr., son of J. F. Morgan, who has been attending the Bett's Academy, at Stamford, Connecticut, preparing for the Boston Tech, had a very narrow escape from fire on the night of January 22. He was asleep in the dormitory with a number of other students, when one of them discovered that the building was ablaze and gave an alarm. Young Morgan threw on a bath robe, grabbed a suit of clothes and his watch and made for the door, only to find that the flames had made such headway that escape down the stairs was impossible. He accordingly crawled down the fire escape with what few clothes he could carry in his hands. The building burned to the ground and he and all his room mates lost everything they had.

The Nawab and his suite are strict Mohammedans.

An Island Souvenir

The illustrated Souvenir of the Congressional visit last May has been issued from the presses of the Gazette company in the form of a second edition. It is a work of beautiful typography and contains half-tone pictures covering a variety of island subjects. As a supplemental souvenir to Picturesque Hawaii it is invaluable. The price of the Souvenir is fifteen cents.

When You Buy Food Products in Cans

be sure you get the special SANITARY can. It is entirely new, and unquestionably the ONLY tin in which all the flavor, purity, and wholesomeness of the contents may be indefinitely retained, absolutely unaltered.

The special preparation of the inside to prevent action of fruit acids on the metal makes freshness and sweetness assured qualities. No possibility of tainting from solder, as it does not touch the contents in sealing.

Only Heinz foods come in these cans. TRY

TO LAY CORNER STONE OF HIGH SCHOOLHOUSE

At the meeting of the High School Alumni Association last night, a tentative program for the ceremony of laying the corner stone of the new High School building was drafted. There will be three addresses on the occasion, and choruses sung by High School pupils. Pending consent of the speakers expected, the names are withheld excepting that of Professor M. M. Scott, principal of the High School, who is to give a short history of the institution.

President R. D. King was appointed a committee of one on speakers. Miss Elsie Smith, Clarence Girvin and Henry Asch were named as the committee on arrangements. There will be another meeting, for setting final details, on Monday evening the 17th inst.

BACHELOR'S HONEYMOON SUPPLANTS OTHER PLAY

Manager Cooley of the Orpheum theater announced last night that "A Bachelor's Honeymoon" is to be presented tonight instead of "The Great Conspiracy," as previously announced. This change is made in response to popular request, "A Bachelor's Honeymoon" having been the greatest comedy success of the season and many people who were unable to attend any of the former performances having asked Mr. Cooley to put it in as a Saturday night bill.

At today's matinee "The Great Conspiracy" is to be played for the last time. There promises to be the usual big Saturday afternoon attendance.

Monday night "The Squaw Man" is to be played for the first time. This is a play with which the entire company is familiar and a smooth performance of it is assured. Its presentation here will be the theatrical event of the season.
