PRICE FIVE CENTS.

CITY GOVERNMENT WILL COME INTO FORCE AT NOON

Preparations Complete for Event—Supervisors Will Have No Chance to Register Any Kick Until Tomorrow.

Today, at noon, there will be no more County of Oahu, while supplanting it will be officially born the new City and County of Honolulu. To mark the event there will be a public reception in the assembly room of the City and County offices, Mayor Fern will ascend the steps of the municipal throne and deliver his inaugural address, the City and County band will play a requiem for the dead county and a new Mayor's march in honor of the new municipality and its head official and there will be a girding up of loins for the opening scrap between His Honor and the Board of Supervisors majority.

There is going to be some disappointment about this last mentioned number on the program, however, because it is intimated that there isn't going to be any meeting of the new Board of Supervisors today. The Supervisors themselves expect there will be, but the Mayor has made other arrangements. He doesn't want one tiny cloud to arise to mar the harmony of the great occasion and on that account he doesn't intend to call his Supervisors to order until tomorrow. The Municipal Act states that the board shall meet on the first Tuesday after the first Monday of the month and also on the third Tuesday and that there shall be special meetings for special specified subjects called at the instance of the Mayor. Mayor Fern sees no particular special business that the Supervisors may have to do today and in consequence will call no special meeting.

The old board will meet at eleven this morning. The members will wind up their work, pass around a few bouquets among themselves, answer to the last calling of the roll and wait

until the clock strikes twelve and sounds their official demise. Then ex-Chairman Charley Hustace will escort the Mayor to the chair, make a short address and retire into the ranks of the private citizens.

Mayor Fern will then speak for the first time officially as Mayor, making a short inaugural address, outlining the policy he intends to carry out, expressing a hope that there may be harmony between himself and the other officers of the City's administration and promising to carry out the law as nearly best as he is able. He will then announce the names of the committees chosen by him and wait for the lightning.

Following the address there will be a public reception in the board room, which has been decorated with bunting and other gala attire in honor of the occasion. To this reception a general invitation to the public is extended.

On the street corner outside, Captain Berger will lead his men in appropriate music. For the occasion he has written a new march, dedicated to the Mayor. On his program is also the "Inauguration Overture" and a "City Life" waltz, both new in Honolulu.

The first regular meeting of the new Board of Supervisors will be held tomorrow. The fact that it will not be held today is going to be a disappointment. The Republican members of the board are not going to get a chance to make their point that the new appointed officeholders have to be confirmed and the appointments of the men endorsed by the Republican Executive Committee cannot be consummated before the Fern forces move upon the

(Continued on page 8.)

WOULD HAVE TRANSPORTS COME TWO AT A TIME

Army and Navy Journal: In his annual report the Quartermaster General of the Army says: "The owned transport vessels now operated by this department are sufficient for the needs of the service under existing conditions, but some of them are approaching the age when it will no longer be economical to keep them in that degree of seaworthiness which is an imperative requisite to safeguarding the lives of their multitude of passengers. The loss at sea of a troop-laden transport would be a calamity too terrible to contemplate with equanimity." In view of this statement the suggestion made by one of our correspondents, an officer of large experience, is of immediate and pressing importance. Our correspondent says: "Transports going to Manila from San

Francisco should go in pairs, or better have them go over the path followed by the liners. This would remove the present danger to some extent of loss of all hands, in case of accident, such as running on uncharted reefs, uncontrollable leak from a strain, in a typhoon, swamping, disabling of machinery, etc., etc. There would be some show for human beings in case one of these unfortunate things should occur; and our transports are getting a little worn and old now. If anything happens to one transport, and she has a consort, relief could be rendered promptly and the boats and life rafts of both transports could be put to use in transferring human souls, as a consort is supposed to be nearby. If the transports go on the path of the liners there is a good chance of getting help, within a reasonable time and before all are lost. History shows how

(Continued on Page Four.)

FIRE ON THE RECLAMATION STOPPED A BASEBALL GAME

Fire on the top of the dredger Reclamation yesterday afternoon not only called out the fire department but nearly everybody in Palama. The blaze was seen by those at the ball game being played in Aala Park and for a short time interest in the game lapsed for the newer excitement.

The Reclamation had been placed in the Railroad wharf slip preparatory to doing some dredging there last night, when persons on the steamer Alaskan and on the wharf were astonished at a cloud of smoke which suddenly swirled up from the roof of the dredger. A fire was noticed to be creeping along the roof and an alarm was sent in from box 47. The dredger crew, however, took hold of the situation at once and in a short time had the fire under control. A portion of the roof was charred badly but the damage is nominal. Sparks from the donkey-engine stack setting fire to a small quantity

of excelsior lying on the roof was the cause of the blaze.

The Reclamation is engaged in dredging out the entire Railroad wharf slip, Harbor muck and scourings brought to the harbor by the Nuuanu stream have caused the slip to fill up and the deeply laden vessels constantly making use of it have been too close to the bottom. The Reclamation will be one of the dredgers used by the Hawaiian Dredging Company in dredging the channel and harbor at Pearl Harbor.

For the first time, for a day alarm, since the new fire alarm box-number cards were issued recently the fire whistle sounded twice when the fire was out. Under the old system one whistle announced the finish to a blaze and the two whistles which announced that yesterday's fire was under control excited attention, a number of people calling up the Advertiser office to find out what it was all about.

GHOULS ROB IN STRICKEN CITIES

Looters Resist Guards and Kill Sailors Landed to Help—A Hospital Ship and Equipment Sent.

(Associated Press Cablegrams.)

ROME, January 4.—At both Messina and Reggio there were frequent encounters yesterday between the guards, stationed to protect property abandoned by its owners, and thieves. There are looters everywhere throughout the ruined districts. Six sailors from a Russian vessel, who had been sent ashore to protect property and render assistance, were killed by a gang of looters. In another engagement between the looters and the police, two of the latter were killed.

Many arrests are being made wherever possible, and the total number of looters now in custody of sixteen hundred.

THOUSANDS OF WOUNDED MOVED.

Altogether thirteen thousand three hundred and fifty-nine wounded persons have been brought to the improvised hospitals here aboard warships.

The strict censorship being maintained by the government on messages from the ruined districts is hampering the newspaper correspondents greatly in sending out their reports of the great disaster.

MORE VIOLENT EARTHQUAKES.

The Island of Stromboli was shaken again yesterday by earthquakes, the shocks being most violent. The volcano of Stromboli is in active eruption.

KING AND QUEEN BACK.

The King and Queen returned to Rome yesterday from Sicily, where they have been assisting in the work of rescuing the victims of the earthquake and tidal waves. The presence of the King in Rome was demanded in order that a special session of Parliament might be called.

GRISCOM WILL DISTRIBUTE RELIEF.

Ambassador Griscom has been appointed by a committee of Americans to utilize and distribute the relief funds sent to him from America.

AMERICAN HOSPITAL SHIP.

WASHINGTON, January 4.—The American Red Cross Association yesterday cabled one hundred and fifty thousand dollars to Ambassador Griscom with a request that he use the amount of the outfitting of a hospital ship, to be sent to Sicily.

KAISER SENDING HOSPITAL EQUIPMENT.

COPENHAGEN, January 4.—Emperor William, of Germany, who is visiting here, has issued orders for eight transportable hospitals of eighty beds each, as used in the German army, to be sent at once to Messina.

DEPOSED OFFICIAL SEEKS PROTECTION

PEKING, January 4.—Yuan Shikai, who was yesterday removed from office as Comptroller of Customs and Councillor, the result, as stated, of a Manchu plot, has fled to Tien-Tsin, arriving yesterday. He has asked for the protection of the British from his enemies of the Chinese Court.

BATTLESHIPS HURRYING TO SICILY

SUEZ, January 4.—The American battleship fleet arrived here yesterday, two days ahead of the schedule. The vessels will be hurried on to Sicily to assist in the work of rescue.

MURDEROUS ASSAULT SAID TO BE "HIGHER-UPS" REVENGE

A murderous assault was made late yesterday afternoon upon Mrs. Isoi, of Iwilei fame, by one Morimoto, the story in the Advertiser on Saturday that it was through inadvertent statement made by the woman that the present investigation of the Twelve-Dollar Club was started, being the cause for the assault.

Mrs. Isoi sought United States District Attorney Breckons as soon as she was able to recover sufficiently from the beating she had received, and told the story of the assault. The District Attorney at once got into communication with United States Marshal Hendry, and that official went to the police station, where he obtained the services of two special officers. With these he went in search of Mrs. Isoi's assailant, and by 8:29 he was placed in a cell at the police station as a prisoner accredited to Marshal Hendry. He is held for investigation. Chief of Detectives Kaiakiela, although his men made the arrest, states that he knows nothing of the case and appears not to care if he never does.

When Mrs. Isoi presented herself before District Attorney Breckons she was a much disheveled woman, with

blood on her face and clothing and exhibiting many evidences of violent handling. There were some cuts on her head, and these are said to have been made with a bottle.

The affair took place at the Isoi house. It is said that Morimoto picked a quarrel with Mrs. Isoi, accusing her of giving away the secrets of the Twelve-Dollar Club, following this with the assault in which she was injured so badly that it was some time before she was able to call for assistance.

The disclosures in the Isoi matter have reached an acute stage, and the possibility of several persons being implicated through evidence developing is said to be the reason for the Morimoto assault, a theory being that the attempt to do the woman up was instigated by "higher-ups."

United States District Attorney Hendry will probe the matter fully today, and the newest development may bring to light a number of circumstances connected with the Iwilei matter which will not only border upon the sensational, but be a source of serious embarrassment to many people, not Japanese, who have been more or less connected with the Isois and their galaxy of women. Some of the disclosures expose police protection said to have been afforded Isoi's stockade during the time the Atlantic fleet was in port.

JOSEPH J. FERN, WHO WILL BE HONOLULU'S FIRST MAYOR AFTER NOON TODAY.

FIRST STOCK FROM COLONIES

Tramp Steamer Brings First Pure Bred Additions for Local Herds.

A large shipment of livestock was brought to Honolulu from New Zealand yesterday by the British steamship Den of Ruthven, marking the initial experiment in this sort of cargo, which may be followed by others. As far as Captain Singleton knows this is the first time a shipment of livestock has been made from the Colonies to Hawaii. In this shipment there were seventeen Shorthorn and Hereford bulls and cows of the purest stock, consigned to Davies & Co. and Hackfeld & Co. In addition there were seventy-Merino rams and thirty-five ewes. The livestock was in charge of a cattleman named Halstead. The stock was selected by a man named Munroe, who is a special agent of the Board of Agriculture and Forestry.

The Den of Ruthven is traveling light on the present trip to Victoria, carrying only fifty tons of white Oamaru stone, to be used for decorative purposes in public buildings of Vancouver and Victoria. For ballast the Den of Ruthven is carrying several thousand tons of water. The steamer will discharge her livestock cargo this morning and will proceed to Victoria about noon.

(Continued on Page Four.)

NOT AS COLD AS COULD BE

Chilly Spell Fails to Shake Mercury Down to the Record Mark.

"Brr-rr!" The coldest weather I ever knew in Honolulu!

So, many have said during the past few days, especially after the sun has gone down to polish his Bishop rings and the cold, gray shadows try to locate the places in your overcoat where the moth corrupted. But it hasn't been so very cold. It hasn't been so cold by several degrees as it has been before in Honolulu. If you have shivered very much lately it has been through a mistake. The assistant weather man in the Alexander Young Hotel says so and has the statistics to prove it, showing that what was the matter lately was that the air was only thicker than usual to the amount of a few decimal points.

The lowest temperature recorded on the Young Hotel roof during the past few nights has been 61 degrees, while a search through the records of the United States Weather Bureau discloses the fact that the lowest minimum temperature recorded in the last fifteen years was in February, 1902, when the thermometer fell to 52. In March of 1891 and February of 1903, the thermometer fell to 53, and in February and

(Continued on Page 8.)

NEW SAN FRANCISCO TO NEW ZEALAND SERVICE

Honolulu May Be Included if Passenger and Freight Guarantees Be Made—Would Bring Mariposa to This Port.

BY ALEXANDER HUME FORD.

A through service between San Francisco and New Zealand via Tahiti has just been established. I know that it is the desire of the Oceanic Steamship Company to run its boat to Tahiti via Honolulu if this can be done without absolute loss to a company that has served Hawaii faithfully in the past and has not always made both ends meet by doing so.

If Hawaii can guarantee ten thousand dollars a year in freight and passengers it seems certain that Honolulu can become a port of call on the San Francisco-Tahiti-New Zealand service. The far southern route to Australia is becoming more popular every day, and it takes from Hawaii that which should belong to Hawaii. The run to Tahiti via Honolulu would consume two more days, but would bring Hawaii in touch with New Zealand by a new and attractive route.

Connect at Tahiti.

The Union Steamship Company of New Zealand maintains a four-weekly

service to Tahiti from Auckland. To meet the thirty-five day service from San Francisco of the Oceanic boat, it put on an extra steamer from Wellington that makes exact connection with the San Francisco boat. That is the way they do things in New Zealand, and the exports of New Zealand, with all her great territory and population exceeding ours seven times, does not double in value the exports of Hawaii.

If there is a link of connection needed in the Pacific, it would seem to be the establishment of a Hawaiian-Tahitian service; and this may now be secured by a little energy on the part of Hawaii. The seasons in Tahiti are opposite to the seasons in Hawaii, so that with a connecting line in operation no fruit need be out of season in either group of islands. Moreover, the establishment of a connecting route would be but an opening wedge. A good trade has been built up between San Francisco and Tahiti; the thirty-five day steamer will soon give way to the four-weekly steamer. Let Hawaii do her

Automobilist Attention!

No More Tire Trouble if you use

Standard Tire Protectors

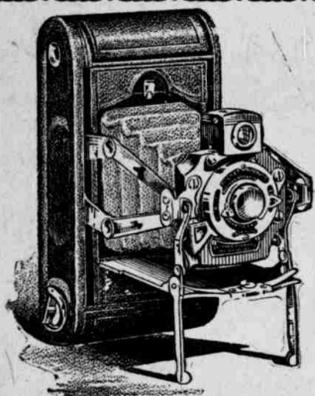

They take all the hard knocks, stone or glass cuts and bruises that a tire tread is constantly subject to, and preserve the tire in its original strength, thus eliminating the danger of the blow-out, the "bug-bear" to the automobilist.

When once in place it positively cannot creep or come off. It adds to the resiliency of the tire. It actually saves more than half the tire expense.

A number of sets of these protectors are in constant use here, and are giving entire satisfaction.

VISIBLE SUGAR SUPPLY SHOWS SOME INCREASE

Willett & Gray's weekly statistics of the sugar market for December 17 are as follows:

The Week.—Raws declined .09c. Refined nominally unchanged. Net cash quotations this date are: Centrifugals, 3.77c; Muscovado, 3.27c; molasses, 3.02c; granulated, 4.60c. Receipts, 24,360 tons; meltings, 33,000 tons; total stock in four ports, 144,976 tons, against 153,616 tons last week, and 137,094 tons last year. Beet sugar quotations, f.o.b. Hamburg, 10s per cwt. for 88 degree analysis, equal to 4.11c for 96 degree test centrifugals at New York. First marks German granulated f.o.b. Hamburg, 11s 9d, equal to 4.64c New York, duty paid.

Estimated afloats to the United States from Cuba and West Indies, 4000 tons; Peru, Brazil, etc., 10,000 tons. Total, 14,000 tons, against 26,000 tons last year.

Net Cash Prices Refined.—It is generally understood that the lowest price named for refined here is basis of granulated, in barrels at 4.60c net cash quoted by American, Howell, Arbuckle and Warner.

Statistics by Special Cables.—Cuba.—The six principal ports: Receipts, none; exports, none; stock, 1000 tons, against 19,000 tons last year.

Centrals grinding, 12, against 7 in 1907 and 9 in 1906.

Stocks in the United States and Cuba together of 145,976 tons, against 154,616 tons last week and 156,094 tons last year, a decrease of 10,118 tons from last year.

Europe.—Stock in Europe, 3,044,000 tons, against 2,848,212 tons last year.

Visible Supply.—Total stock of Europe and America, 3,189,976 tons, against 3,000,094 tons last year at the same uneven dates. The increase of stock is 189,882 tons, against an increase of 169,510 tons last week. Total stocks and afloats together show a visible supply of 3,203,976 tons, against 3,026,094 tons last year, or an increase of 177,882 tons.

Raws.—The market during the week under review has followed the easier tendency noted in the previous week. Sales of new crop Cuba sugars and Porto Rico have been made, to a limited extent, at reduced quotations, with last sales made of Cuba centrifugals for prompt shipment at 2 13-32c c. and f. 96 test, equal to 3.77c duty paid landed, thus reducing the spot quotations for the week from 3.86c to 3.77c, or, say, 9c per 100 pounds. This represents the lowest basis for the week for the earlier shipments, intermediate sales having been made at 3.77c landed for Porto Rico centrifugals for early January shipment, and at 2 7-16c c. and f. 96 test for first half January shipment from Cuba, equal to 3.80c landed. Last half January sold at 3.75c basis 96.

A large increase in offerings of new crop sugars was noted during the week, but refiners, as a rule, took little interest.

On Tuesday of this week there were only twelve centrals grinding, showing a rather backward state of crop making, but several centrals have been added since, and soon the crop making will show in receipts at shipping ports, of which thus far there have been none reported.

Porto Rico in this respect is a little ahead of Cuba this season and more inclined to sell.

European fluctuations in beet sugars have been small, as usual, at this season, closing at 10s for prompt, 10s 3/4 for next month, and 10s 3/4 for May delivery, with a quiet and rather easier tendency.

F. O. Licht cables a reduction of 40,000 tons in his estimate for Germany, say from 2,100,000 to 2,060,000 tons. The crop of all Europe is now estimated at 6,450,000 tons, against last year's crop of 6,532,000 tons.

No new developments have come to hand during the week relating to the conditions and prospects of the Cuba crop. Neither is anything more developed about the sugar schedule of the tariff bill.

The policy now being maintained by the holders of Louisiana sugars in storing their sugars to resist further decline is showing good results. The stock in warehouse has reached a figure of 9000 tons, and at the close we have received a telegram from New Orleans reporting an advance of 1-16c, to 3 9-16c for 96 test.

Stocks continue to decline in the United States, and refiners must, before long, make provisions for their renewal from the Cuba and Porto Rico crops.

The earlier purchases from these crops went partly to European speculators at higher than the present values and, therefore, will not come on the market again at the present time. At the close it is generally believed that business has been put through to some extent for Cuba centrifugals for January shipment at 2 3/4c c. and f. 96 test, and there is a rather steadier tone, there being less sugar on offer, with holders now asking 2 13-32c to 2 7-16c basis 96.

Refined.—The only change during the week is a decline in New Orleans at 4.50c less 1 per cent, to all points by the Henderson refinery, and to the same

basis by the American Sugar Refining Co. for strictly Southern points only, all other points remaining at 4.55c less 1 per cent., which was later met by the Federal at the same basis for shipment from consignment points, the Federal having no stock for delivery from New York except a few hundred barrels, which was quickly sold, their refinery being closed for repairs. The New York selling basis remains unchanged by all refiners.

The American and Howell and Arbuckle accept business at 4.65c less 1 per cent., and Warner at 4.63c less 1 per cent., although excepting withdrawals at 4.60c.

The demand is quite light, as usual at this season.

Domestic beet granulated is quoted irregularly at different points in the country, with intimations that new business is only accepted in instances at the full-up basis or better. The beet factories appear to be in position to carry their remaining stocks without pressure upon the market. The Colorado beet factories are near to the closing point, with considerably poorer results in quantities than anticipated earlier in the season.

The raw sugar market being evidently quite near the bottom, and the difference between raw and refined being unusually small, it is scarcely to be expected that any serious reduction will be made in the price of refined.

NEW SAN FRANCISCO

(Continued From Page One.)

part and it seems most certain that before long the Alameda and Mariposa will touch at Honolulu on their way to and from Tahiti, with perhaps the New Zealand steamer making Honolulu instead of Tahiti her terminal port.

Steamship Men Agreeable.

I have discussed this matter in New Zealand with the officials of the Union Steamship Company; they favor it, and will aid the project. I have taken it up with the Oceanic Company in San Francisco, and they say, guarantee us against actual loss and we will do that which we have long wished to do.

Hawaii spent twice ten thousand on a racing yacht. She is always ready to have Hawaii lead. Three hundred tons from San Francisco every thirty-five days, brought by our merchants to Honolulu on the Mariposa, would secure a new and important service—or a smaller tonnage and more passengers.

It is a matter worthy of the serious consideration of both our Territorial Legislature and our commercial bodies.

Crossroad Right in Danger.

The possibilities of the Tahiti trans-Pacific route have dwelt with me for years. Loyal to Hawaii, I fear the use that may be made of Tahiti's position if we are careless of our rights as Crossroads of the Pacific. We may, with a little assurance, now loop up Tahiti to our Islands and make Hawaii the starting and finishing point of the grand tour of the Pacific.

Coastwise Laws a Bar.

More than a year ago I visited the head offices of the Union Steamship Company at Dunedin, New Zealand, to discuss the possibility of that company extending its service to Honolulu. They informed me that with the suspension of the coastwise law they would send their boats on to San Francisco via Honolulu. They had then been attempting to persuade the Oceanic Company to agree to a through joint service. I saw then the danger of Hawaii being left out in the cold and inquired into the Fanning Island subsidy. Fanning Island is off the route from Fiji to Honolulu, and the Union Steamship Company does not banker after the subsidy. Fanning Island is directly on the run between Honolulu and Tahiti, however, and would give about enough in subsidy to pay for ship expense and for the coal burned for the two days extra sailing and perhaps a little over.

The Union Steamship Company was willing to turn this over to the Oceanic Company if it would send boats to Tahiti every four weeks via Honolulu to connect with the service to New Zealand.

In Commanding Position.

I am firmly convinced that never in her history has Hawaii stood in so masterly a position as at present. It is only hers to reach out her hand in any direction for new connections. Portland, Oregon, is willing, and believes that Hawaiian fruits for the Northwest can make it possible. The Matson Company has invaded Puget Sound. The people of Central Alaska want fresh Hawaiian fruit, and point out that St. Michaels is nearer to Honolulu than it is to San Francisco. The start made in the growing of coconuts in Hawaii for copra means the establishment of oil mills, and then Hawaii, too, will send her steamers everywhere in the

Cockroft Hawaii's Ally.

I spent a part of two days going over with Mr. Cockroft of the Oceanic Company all the pros and cons of the proposed Tahitian service via Honolulu. Mr. Cockroft has fought for this from the start and believes in it, if only it will pay bare expenses. He believes it would be an entering wedge for Hawaii, the future value of which no one can estimate.

We discussed the many possibilities, rates and the glories of Hawaii, as compared with the attractions of any other land. I thought I had a high opinion of Hawaii as the world's wonderland, but I listened open-mouthed to this man who spent years on the ground studying Australasia and the South Seas. He told me of the west coast of Hawaii and its beauties, and made me believe that Waikiki is even more attractive than I had ever before believed it to be.

Mr. Cockroft is a true friend of Hawaii, and I believe that if the business men of Honolulu would absorb a bit of his enthusiasm there will be a meeting, and that before long Hawaii and Tahiti will have a regular inter-island service.

My address in New York will be 225 Fifth avenue, and I trust that my good friends in Hawaii will keep me in touch with anything that is done.

The first request I had from a maga-

zine, after I announced my intention of visiting the South Seas, was for an article on "The Possibilities of Pacific Ocean Tours." I trust that before the proof is ready for correction I may announce the Hawaiian-Tahitian cruise as the tour de resistance of the Pacific.

AMATEUR SPORTS PROFESSIONAL

WALKFEST LIST GROWING FAST

Roadway May Be Roped to Keep Crowds Back in Next Race.

By F. M. Cheatham.

Owing to the fact that Jack Denham has been laid up through illness and that Herbert M. Ayres has been in Hilo the past week, arrangements have not advanced a great deal for the two walking contests to be pulled off within the next two weeks. However, entries are beginning to come in, and there is no doubt but that there will be plenty of starters in the elimination race next Sunday, entries for the main event of the following week depending, of course, upon the number finishing the first event within the required nineteen minutes.

A glance over the official times of the last race shows the following to have finished in good enough time to be eligible for the race of the 17th without the necessity of competing in the elimination race next Sunday: Sullivan, Ayres, Cheatham, Denham, Dal Fahey, Hang Chack, Sam Hop, Huihul. Old Man Boisse is out of luck, for he finished in 19:1, just one second to the bad. But he says the try-out next Sunday will do him much more good than harm, and he expects to finish this easily in 18.

There were thirty-five entries in the open event last time, four in the veterans' race and nine in the heavy-weight class. Of the former nearly all started, but in the latter only three of the nine got away. From the talk around town the entries for the elimination event of next Sunday will greatly surpass those of the last race, and will perhaps make it necessary to walk this race in heats. This method will do away with much of the crowding at the getaway and will give every contestant a better field. Another matter that will be better taken care of this time is the way in which the crowd will be handled at the finish. This crowd will in all probability outnumber the last one ten to one, so that ropes will have to be used to keep a clear lane from the Moana on to the Waikiki Inn. Permit for thus fencing a part of the street will no doubt be granted by the powers that be, and thus make room for some hair-raising finishes by closely competing contestants.

All efforts to get any statistics as to world's records for different distances in walking contests has so far proven fruitless. The World's Almanac and similar publications are silent in the matter. If any one can furnish the sporting editor of this paper with such information same will be duly appreciated.

Now, if you want to walk and are neither over sixty nor weigh 200 pounds or more, remember that your name must be entered before six o'clock next Saturday evening for the elimination race of the following afternoon at two o'clock, starting at King street and the Waikiki road. If you finish in 19 minutes you can then enter the cup race the following week. If you are eligible to either the veteran or the heavy-weight class, you do not have to compete in a preliminary race, but can enter up to six o'clock, Saturday, January 16, for the events of the following day. All entries must be handed in to the Advertiser office or to a member of the committee in charge, Messrs. Ayers, Denham and Cheatham.

GEISHA LADIES PLAY BASEBALL

Say, all ye baseball players, fans and followers, wouldn't this shiver your timbers! Honolulu's latest is a Japanese geisha girl baseball team, "Mique." Fisher's star aggregation will be no attraction when this bevy of Nipponese beauties turns out, in immaculate uniforms, to do battle on the diamond with the "Ban-zai" team, with which they are scheduled to play the first game.

The lineup of the team, as given out by Fred Makino, is as follows: Ichiru, captain; Shinakichi, pitcher; Ichiko, first base; Ichisuki, second base; Shinazura, third base, and Koen, Churuko and Tomoe, fielders. The official name of this interesting assemblage of athletic Japanese femininity is said to be the "Honolulu Geisha Girl's Team."

STOCKINGED LADS RETAIN HOODOO

Even With New White Socks, They Fail to Win From C. A. Cs.

By W. Tin Chong.

Standing of the Cupid League. Table with columns: P, W, Pet. Rows: Chinese A. C., White Sox, Aalas, Japanese A. C., Twilights.

With a big surprise, the Chinese lads put it all over the White Sox yesterday afternoon at Aala Park, and are now leading in the Cupid League for the championship laurels, as far as the first series is concerned. Nobody can say what took place in Chinatown last night, but everyone may be assured that there was a jolly time among the sons of the Celestial Empire. It was the saddest blow Samuel di Hoppe ever received since he left the ringside, and he cannot make it out just why it was that the White Sox aggregation did not win, although they were in their full uniform, including those spotless socks. Johnny Notley, the lone Home Ruler player in this League, has come forward with a worthy explanation. Notley stated that all was because that big twirler from Ewa, Geo. Clark, was absent; whether he missed the train or is laid up in bed, no one knows; only the sad fact remains that he was not there and that Markham performed the twirling stunt for him.

In the second game the Nippons were not in it for a minute with the Aalas, 11 to 7 being the result, and yet Fred Luning was noticed very plainly in the attitude of not coaching his boys to do their best. This was especially noticeable in the final inning, when Luning made such an exhibition of himself behind the bat that A. K. Vierra, with his majestic cane of office and in his best black suit, laughed so much that he had to leave the bandstand.

Michi did the slapping work first. He began pitching in the air so high that there were calls for a stepladder. Then Yamashiro, a namesake of the Japanese Hotel on Beretania avenue, was called into the box. He did better and stayed the rest of the game. The day was a pleasant one, the band playing for one of the largest crowds of spectators assembled there for some time. Among them were noticed several prominent citizens, including Mayor Fern, Bert Bower, Barney Joy and several others. The Mayor was given a special seat in the bandstand, next to A. K. Vierra, and during the games these two dignitaries discussed a plan for removing the bandstand several feet back, so as to give more space for the diamond. The Mayor-elect, although the voting is pau, appeared favorable to Vierra's suggestion and stated that he will use his efforts to make the change when he assumes office.

The first game ended with the score standing 8 to 5 in favor of the dragonets. The Chinese boys batted first. Mon Yin was safe on Kealoha's error at second. Sing Chong doubled to left and Mon Yin scored. Sing Chong then reached third on a poor throw from left field and romped on Chi Bui's sacrifice.

In the second inning the Chinese team scored another run. Aiona walked, swiped the second and third sacks. Mark fanned, but Leong was safe on Tom Yen's error. Aiona then romped on a good sacrifice by Ako. The White Sox did not score until the third inning when three men managed to pass the home plate. Here is how they performed the trick: Tom Yen was hit by a pitched ball, and stole the second one. Then he went to third on a poor play of Asam. Markham singled and Yen came in. Correa flew to right, but Markham nailed third by a good steal. Leong threw wild to third and Markham scored.

The fifth inning saw the Chinese A. C. with four runs more added to their three. Sing Chong, Asam, Chi Bui and Apau crossed the home plate this time. In the eighth, they got another, Mark, being the lucky one. The White Sox scored one in the seventh and two more in the ninth. This ended the game.

The following is the score: Table with columns: C. A. C., Mon Yin, Sing Chong, Asam, Chi Bui, Apau, Aiona, Mark, J. Leong, Ako. Rows: Runs, Hits, Errors.

Table with columns: Player, Runs, Hits, Errors. Rows: Sam Hop, Kealoha, Ross, Maek, Ah Toon, Brito, Tom Yen, Markham, A. May.

Totals table with columns: C. A. C., White Sox, Runs, Hits, Errors.

Two-base hits, Sing Chong, Apau, Ross, Markham; bases on balls, off Apau 4, Markham 4; struck out, by Apau 6, Markham 2; hit by pitcher, Mon Yin, Tom Yen; sacrifice hits, Chi Bui 2, Ako, Ah Toon; double play, Sing Chong, unassisted. Time of game, 1 hour 40 minutes; umpire, E. Fernandez; scorer, W. Tin Chong.

The sons from the land of the Rising Sun got all they could take from the Aalas. In the first inning, the Aalas scored two, while the Nippons failed to connect with the ball and the three batters fanned one after the other.

Zerbe was the first batter up and he took the bench after flying out to Sakaino at third. Bailey binged and went to second on a wild pitch by Michi. Macaulay found the cemetery by the firstbase route. Walker was safe on an error of Junichi, while Bailey was advanced to third. Luning wetted the ball and Bailey and Walker romped.

The rest of the game was poorly played. The Japanese scored three runs in the fourth and fifth innings; one in the seventh and three more in the ninth, making the score seven in all. The Aalas scored three in the third, one in the fourth, another in the seventh and four in the last half of the eighth. This decided the game by a score of 11 to 7.

There will be two more Sundays before the first series is ended and unless the Aalas can defeat the Chinese Athletics next Sunday, they will be the undisputed champions of the first series. Should the Aalas win, then the three leading teams will probably be tied again for first place.

The following is the score: Table with columns: J. A. C., Komaichi, Yasu, Sakaino, Hideo, Michi, Yutaka, Junichi, Yamashiro, Goto. Rows: Runs, Hits, Errors.

Two-base hits, Yutaka, Luning; three-base hit, Times; bases on balls, off Macaulay 5; struck out, by Michi 3, Yamashiro 3, Macaulay 9; wild pitches, Michi, Macaulay; sacrifice hits, Sakaino, Yamashiro. Time of game, 1 hour 55 minutes; umpire, E. Fernandez; scorer, W. Tin Chong.

Baggerlyisms

Mike Fisher can claim one honor at least on this trip. He introduced "strike-t-u-h" to the Japanese. In the very first inning he pulled off Silk O'Loughlin's stuff, and the Reaches went after him for it. Give him credit, he umpired a swell game. His decisions on balls and strikes could not have been better.

Gibbs gave Mike Fisher a brief setback before he had hardly touched shore. The Asiatic League manager, as he has been dubbed, began to whoop things up for his club right away, and before he had made any headway Gibbs slipped him a card bearing these printed words: "Tie that bull outside." Of course, Mike spurned the thought that he would indulge in hot-air tactics.

Thus far the weather has been what we are used to in California this time of the year. It has bordered on the verge of frosty, but the Japs tell us that it may grow warmer any day. It has not rained nor has the sun been seen much. The players hope to hit a little hot weather before leaving, so they can cut the ball loose. Thus far they have been running under wraps, fearing that they might injure themselves for next year if they smoke the ball along during this cold spell.

TO CURE A COLD IN ONE DAY Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. PARIS MEDICINE CO., St. Louis, U. S. A.

BAGGERLY TELLS OF JAPAN TRIP

Sporting Writer Describes the Antics of Professionals on Sea and Land.

By H. L. Baggerly.

YOKOHAMA, November 24.—There was some rough weather between Honolulu and Yokohama, though as a whole the trip was pleasant. At times things dragged and the players wished they were home or calling on their best girls, but these blue spells were of short duration. The boys shook them off directly and turned their minds towards the Orient. When the weather was pleasant they took part in the games that are usually played aboard the ship, such as quoits, shuffleboard, golf and throwing rings at pegs. While the ocean water was warm, which it was until two days before striking Japan, there was a canvas tank on deck. This was filled daily with water and the players generally were among the first to swim. Devereaux, McArdle, Bliss and Curtis were the real water dogs, sometimes plunging in twice a day. Williams carried off the card honors. He won at whist, poker, solo, casino and everything he touched. His luck stuck with him from the beginning to the end. Manager Fisher sat in with some of the players for a few sessions of draw. At the outset he was lucky, but after Nick had filled about a dozen full houses on him Mike concluded that his knowledge of poker was very limited. By the way, Fisher suffered a great deal between Honolulu and Yokohama from a finger cut. Just before striking Honolulu he fell with a bottle in his hand and smashed one of his small fingers. The very next day after leaving Honolulu his hand swelled to twice its natural size, and there was every indication of blood poisoning. He put himself in the hands of the doctor again, who attended to it the rest of the voyage. Several times he lost sleep from his hand swelling, but he is now out of danger.

On the morning of the 12th a large whale was seen on the starboard side. Heitmuller caught the first glimpse of the leviathan. After several spouts the monster passed out of our view. You wouldn't think it, but Bill Burns pulls off many a hot one. When he is pitching a game he won't utter a half-dozen words, but off the field he is a regular cut-up. Pat Flaherty was a prime favorite of the feminine fraternity aboard. If any player craved an introduction to a girl all they needed to do was to ask the Boston pitcher to do the honors. Pat was never stingy with his girls, making them acquainted with all the players of a "social" disposition. Pat was especially attentive to a little girl who was en route to Manila with her mother. On this particular night he was promoting the deck with her when Danzig broke into Bill Burns' presence and asked if anyone had seen Flaherty. "Just saw him a second ago," drawled Bill. "Think you will find him down at the other end of the ship pulling off a squeeze play." Presently Pat appeared with his new acquaintance. The players looked at one another and smiled, but it was not until the next day that Burns' bon-mot was reported to Flaherty.

What music was had was furnished by Danzig, Grancy, McArdle and Devereaux. The first three were the real songbirds. All the latest "rags" were sung, and between drinks Devereaux hammered off a few stanzas on the piano. Mrs. Hildebrand also took a hand at the musical end of the program, playing classical and popular selections whenever invited.

As soon as we passed the 180 meridian, where we skipped Friday, having but six days in the week, the players donned their baseball regalia and practised a bit. The captain had his men improvise a backstop, and before the ship touched land at least a half dozen balls were lost overboard. It was good practise and made the boys' appetites all the more ravenous.

There was big commotion aboard the boat early in the morning of November 12. When the berths were allotted Devereaux and Deleahanty agreed to bunk together. Brick took the upper and Jim the lower bunk. Things went along without a hitch until on the morning in question. Just before daylight Devereaux had a nightmare. He fancied that he was way back in Oakland, and that he was in bed, and that it was time to get up and go out to a game. So without any care he hopped out of what he thought was his bed at Oakland and when he awoke he was sitting flat on the floor in the middle of his cabin, yelling like mad. Falling out of the upper deck of a cabin on the China is like tumbling out of the upper berth of a Pullman. Deleahanty was startled by the Red Dog's warwhoop, but as severely as he was shaken up Jim had to have a good laugh. It was no laughing matter with Devereaux, who thought himself half dead. Brick escaped with a skinned knee. That was all. November 13 was a stormy day. The weather changed suddenly in the morning. The Hildebrands neglected to close their porthole, and when they visited their cabin it was flooded. Mrs. Hildebrand's wardrobe was thoroughly drenched, but not seriously damaged. The players parted with the officers of the China with no little feeling of regret. The officers spared neither time nor effort to make their trip pleasant. The players made themselves popular with the passengers, so all in all it was a jolly company. The club would have been pleased to make the entire trip aboard the good ship China.

SAYS KEIOS ARE JAPAN'S FASTEST. Reach sent with the club two beautiful silver cups. Manager Fisher announced that one would be given to the player making the first home run and the second would go to the Japanese club making the best showing against his stars. Heitmuller was the lucky dog. In the very first game he drove the leather over the fence. While the other cup won't be disposed of until the club is ready to sail for China, it is dollars to cents that Keio draws the trophy. Beyond little question it has the fastest club in the realm. We have other games with Keio, Waseda, and have yet to play Yokohama, but the former is a big favorite in the contest for the Reach cup. After the opening game Count Okuma invited Reach's All-America Stars to attend a very elaborate reception he gave that day in honor of the completion of the first Japanese encyclopedia, which consists of seven large volumes. The work was directed by him, which took several years to accomplish. Thousands attended the reception, which was given at his beautiful home just a few blocks from Waseda University. It was more like a large garden party, and such a beautiful garden the players visited. They had never seen anything like it before. A tiny brook flowed lazily through the middle of the grounds, and flower beds as only Japanese can arrange them were everywhere. Count Okuma gave a theatrical show from the stage built adjoining his home, and there were geisha girls running everywhere. Just as soon as they spied Hildebrand's little son, the mascot of the club, they flocked about him and followed him wherever the players went. The geisha girls fondled his curls and patted his cheeks, but made no effort to kiss him, like American girls would who like little children. Japanese girls don't kiss. At one end of the grounds Count Okuma prepared a large collation, of which the players heartily partook. It was foreign food, which one sees everywhere in Japan these days. We had beer, champagne, cider, tansan water, cold turkey and fish, fruits, salad, sandwiches, olives and such like. Count Okuma greeted each player with a handshake, after which he returned to the platform and delivered an oration upon the historical event which the day celebrated. The reception committee escorted the baseball players all over the delightful grounds and were most courteous.

THE RETIRING SUPERVISORS.

The Oahu Board of Supervisors retire from office today with a record in most respects decidedly creditable to themselves. Throughout the present administration of county affairs there has been not the slightest trace of official scandal laid at the door of any member of the Board; their work has been done conscientiously for the good of the county, whatever the mistakes may have been, while a consistent policy of economy has been carried out. Much of the credit for this belongs to their chairman, Charles Hustace, Jr. Mr. Hustace has labored diligently and has persistently refused to countenance proposals not squarely in line with common honesty, proper economy and political fair play. He has been criticized in this paper for a few of the things he has done, but in no instance in this or any other paper has there been the least suspicion advanced as to his motives in his official labor. Mr. Hustace and his colleagues in the Board of Supervisors who go out of office today, can do so with a feeling that their work has been appreciated by the public they have served.

THE EARTHQUAKE GHOULS.

The terrible state of affairs which exists in the devastated regions of Sicily and Southern Italy, now subject to the pillaging of looters in addition to the horrors of earthquake, fire and water, causes the wish to arise that the crews of the American battleship fleet may very soon be on hand to render assistance to the Italian authorities. The sixteen thousand young men who such a short time ago walked the streets of Honolulu will make short work of looters. If they can not, their looks certainly belie them. Looters in such calamities as the Sicilian cities are passing through deserve to be shot down like mad dogs, and the boys of Uncle Sam will do the shooting if necessary.

Following the earthquake and fire in San Francisco came looting, but the iron hand of General Funston quickly brought it to an end. At its worst, however, it never advanced beyond the stage of a few skulking thieves, never to that stage where the looters dared face the soldier guards and fight back.

The report that sixteen hundred ghouls are in custody and that others are resisting and killing police and sailor guards intimates the worst which has yet come out of Sicily.

NATIONAL STOCK-TAKING REPORT.

The much talked-of inventory of the nation's resources is now completed. To consider the material it has brought together the National Conservation Commission held its first full meeting on Tuesday, December 1, in Washington, and at that meeting the first steps were taken toward putting into tangible shape the results of the six months' hard work on taking stock of the country's waters, forests, lands, and minerals.

One week later, after the Commission had gone over the inventory, it held a joint meeting in Washington with the Governors of the States and Territories, or their representatives. At this meeting the inventory was further discussed and the report which the President had requested the Commission to make to him by January 1, was formulated.

With less than six months in which to make the inventory, the four branches into which the Commission is divided, aided by the cooperation of the government departments, have brought together what is probably the most useful collection of facts about the material things on which national industry and progress are based that has ever been assembled at one time. Reports presenting these facts and pointing out their significance have been prepared. These reports, summarized and indexed, were submitted to the Commission at its meeting.

All through the summer general interest in the work and object of the Conservation Commission had been growing. The public is now well informed on a subject of which only a few specialists had knowledge at the time of the Conference of Governors and experts at the White House in May.

The Governors carried the spirit of the conference home with them to their own people, and have kept things moving ever since by appointing State Commissions to study local problems, by writing and speaking upon the subject of conservation, and by keeping in close and helpful touch with the National Commission, and they were ready to take part in the joint meeting, the bare announcement that it had been set for December 8 resulting in a number of acceptances before the formal invitation of the Commission had even got into the mails.

When the conservation movement was started, specific information about the actual state of our resources was partly wanting, partly inaccessible. Certain facts were broadly known. It was at least unquestionable that our resources had been wastefully used, and that some of them, notably the mines, were sure in time to be completely exhausted, while others, for example the forests, could still be kept perpetually useful by right management. The first work was to get the facts, to show exactly what the situation was and how it could be improved by measures that would work. Without an inventory of the resources which should show the present condition of the resources and the way to develop them to the best advantage, conservation was in danger of staying up in the air.

But the work is now practically done. The facts are there, in dollars and cents, tons of coal, board feet of timber, acre feet and horsepower of water, acres of land; and the possible reform measures have been weighed. The final report to the President will be the necessary supplement to the addresses at the White House conference. The note of these addresses was a note of warning. The report shows that the warning must be heeded if the exhaustion of natural resources is not, one day, to impoverish the nation, and it also undoubtedly brings out how the country's resources can be developed so as to last the longest possible time and serve the greatest good of the people.

Judge Edings established a precedent in the matter of staying in office and carrying on his official duties after his commission had expired but before his successor had qualified. His course was upheld in the higher courts as a proper and legal one. This was in connection with the Parker ranch litigation. Judge Parsons, of Hawaii, has not as yet had his reappointment confirmed by the Senate, and upon this fact the supposition is based that there is no one on Hawaii qualified to pass upon the sufficiency of the bonds of the Supervisors-elect, and consequently there will be no inauguration of the new Board of Supervisors today. It would seem, in view of the Edings precedent, however, that the Judge has the right to keep on his job and let the new Supervisors start in on theirs.

Let whatever differences may arise between the Mayor and the Republican Supervisors be settled decorously, in the courts if necessary. Neither Mr. Fern nor the Supervisors will be doing their best for the city and county if they block the carrying on of the public business through senseless wrangling. There is a proper way to do all things, and the proper way to find out what is what and who is who in the Municipal Act is not by playing either the sulky child or the silly filibuster. If a lawsuit has to come, let it be an amicable one. The bill the taxpayers will have to pay is certain to be big enough without having to settle with attorneys for making partisan speeches before a judge.

The Hawaii Herald has discovered the raison d'être for the twin tunnels being driven through the side of old Diamond Head. Under a Honolulu date-line, that paper publishes the statement that "The army engineers are driving tunnels into Diamond Head crater to support the two twelve-inch guns. These with the foundations upon which they will rest will weigh 40,000 tons." The sight of that many tons being supported upon a couple of tunnels will be a great sight.

In a House of Commons debate on the question of nationalizing the British school system, Lord Rosebery remarked that if more attention were given the children and less paid to the seats the result would be better. In the same way, if more attention were given in this county to the roads and less to the payment of political debts in making road appointments, the public would be better satisfied.

Captain Berger might very appropriately set his handsmen to practising on the musical setting to Tennyson's Brook, the words in the refrain of which are: "For men may come and men may go, but I go on forever."

Mrs. Itoi may now regard herself as a martyr in the cause of public morality.

WOULD HAVE TRANSPORTS

(Continued From Page One.)
many thousands of lives are saved by ships sailing over frequented routes. On account of the route now used (Honolulu to Manila), the majority of the passengers are in fear and trembling lest some dire disaster shall overcome them, and they know that then all hope is lost: they must go down with the ships or perish in the few small boats or rafts, for there will be no helping hand there. No expense should be spared to adopt this system. Everybody who has to go to Manila dreads the trip on account of the present dangers, and it is wracking on the nerves of many good worthy people. After all these years it seems as though the general staff, at least, should wake up to the necessity. The few boats and life rafts would do but little good with 2000 souls aboard. Better have a consort! The lifeboats in mid-ocean would just about save the crew until they starved to death. Since the War of Independence the following vessels of the Navy have disappeared at sea with all on board: the Saratoga, in 1786; the Pickering and the Insurgent, in 1800; the Hamilton, in 1812; the Wasp, in 1814; the Epervier, in 1815; the Lynx, in 1820; the Wild Cat, in 1824; the Hornet, in 1829; the Sylph, in 1831; the Sea Gull, 2nd, in 1839, and the Levant, 2nd, in 1860. The Albany foundered at sea in 1854, the Bainbridge in 1842, the Grampus in 1821, the Commodore McDonough in 1865. These are some notable examples from our own naval history of the perils that attend those who go down to the sea in ships.

FIRST STOCK

(Continued From Page One.)
Captain Singleton is one of the most prominent masters in the Den line of steamers. The Den of Ruthven is a palatial freighter, with staterooms fitted up in a style which are the envy of many passenger lines. The captain is an enthusiastic golf player and has hoped to play on the local links, but each time he has called here his plans have gone amiss. Yesterday he went out to the Moanalua links just in time to meet other Scotchmen returning to town. Captain Singleton says he plays scratch in the clubs where he is well-known, but he gives this information with one eye closed. He is also an authority on the roped arena. When he was last here on his way up to Victoria, Captain Singleton said something about having a try with Dr. Roller on the wrestling mat. The next day he happened to see Dr. Roller on the street, and he confided to some friends yesterday that after taking a cursory glance at the wrestling doctor he discreetly turned the corner and went on a fresh tack.

Singer's Bakery, on King street, has been reopened by the management of the Union Grill. Plain, French and twist loaves will be sold there and at the Union Grill.

MARINE

Wyoming Now the Cheyenne.

At midnight December 31 the old-time monitor Wyoming became officially the monitor Cheyenne, thus opening the way for a new battleship to be named after the state.

The Cheyenne has been among the discards at Mare Island for many months. She has been newly painted, and is now an oil-burner.

San Francisco, December 22, 1908. Notice is hereby given that Fort Ross Cove, California, whistling buoy, painted red and marked FRC2, heretofore reported adrift, was replaced December 18 in 166 feet of water.

Corrected bearings: Timber Gulch, 19° (N by E 11-16 E); Point Reyes Lighthouse, 143° 30' (SE 3-4 S); Salt Point, 300° (NW by W 5-16 W).

Will Stop at Pitcairn. ASTORIA, December 22.—The British bark Lydgate, with grain for Europe, has arrived down the river and will probably go to sea tomorrow.

Work on the Honolulu harbor lighthouse has temporarily ceased, owing to a proposed change in the plans for the roof. It is the desire of the authorities to place an ornate roof on the structure and make it pleasing in appearance throughout, owing to its prominence as the first government building met with by incoming steamers.

May Break the Record. The Chiyo Maru, sistership of the Teoyo Maru of the T. K. K. line left Hongkong December 26 for Yokohama en route across the Pacific to San Francisco via Honolulu.

Bringing Bride With Him. Captain Drew, of the Matson bark R. P. Rithet, is bringing his bride with him on his present trip to Honolulu.

Shipping Notes. Fair weather on Kauai is reported. The A. H. freighter Mexican left San Francisco yesterday for the Sound to load for Honolulu.

LOCAL OFFICE OF THE UNITED STATES WEATHER BUREAU. Honolulu, Sunday, January 3, 1909.

Table with columns for Year, Month, Day, and other weather data.

WM. B. STOCKMAN, Section Director.

GEN. WESTON ON SHERIDAN

Notes of Army and Navy News --Fifth Cavalry About Ready to Come.

The transport Sheridan is due today from Manila via Nagasaki, en route to San Francisco. Among the passengers is Major-General Weston, who has been assigned to the command of the Department of California.

The transport Sheridan, which sailed from Manila December 15 for this port, has the following officers on board: Major-General J. F. Weston, Captain H. F. Rethers, aide de camp to General Weston; Captain J. W. Blanchard, Captain Junius I. Boyle, Philippine Scouts; Captain Wilson B. Burt, Eighteenth Infantry; Lieutenant Charles E. Freever, signal corps; Lieutenant Charles E. Freeman, medical corps; Lieutenant J. M. Holmes, Eighteenth Infantry; Lieutenant S. Hayward, Major W. B. Ladue, engineer corps; Lieutenant H. B. McIntyre, medical corps; Lieutenant O. C. Nichols, Thirteenth Infantry.

The Sheridan is also bringing 25 sick, 20 general prisoners, and 77 casuals.

The transport Thomas, which is to sail for Manila January 5, will go loaded to the guards with troopers and supplies for Honolulu and Manila.

Shake-Up in Military Circles. The Call of December 22 says: Advice from Washington, which arrived yesterday at the Presidio, portend a great shake-up on this Coast in military circles.

General Morton is expected to arrive here before the end of the year. At the Presidio, it is expected, General Morton will take command of the department of the Columbia.

General Morton is expected to arrive here before the end of the year. At the Presidio, it is expected, General Morton will take command of the department of the Columbia.

Army and Navy Notes. The Army and Navy Journal of December 19 has the following military and naval items of local interest:

The fact that a commission composed of Col. J. B. Bellinger, Capt. W. S. Scott, of the Quartermaster's Department, and connected with the transport service, has been engaged in an examination of the three Oceanic Steamship Company liners, Sierra, Sonoma and Ventura, formerly on the Australia run, has given rise to the report that the Panama Canal Commission is considering the purchase of the vessels named.

Lieut. Col. Adam Slaker, Coast Art. U. S. A., promoted colonel vice Greenough, retired, was born in Illinois March 1, 1855, and is a graduate of the U. S. M. A., class of 1877, when as an additional second lieutenant he was assigned to the 5th Artillery.

U. S. A., promoted colonel vice Greenough, retired, was born in Illinois March 1, 1855, and is a graduate of the U. S. M. A., class of 1877, when as an additional second lieutenant he was assigned to the 5th Artillery.

KALIHI MISSION CHURCH IS FORMALLY DEDICATED

KALIHI SETTLEMENT CHURCH, DEDICATED LAST NIGHT.

New Hawaiian Board of Mission Branch-- Other Church and Mission Services About the City.

"I call this building the symbol of the awakening of Kalihi," said Rev. W. B. Oleson, superintendent of the Hawaiian Board of Missions, at the dedication of the new Kalihi Settlement church last evening.

Honolulu's newest church was dedicated last night, and over two hundred and fifty dollars were raised by subscriptions and cash donations to go towards the deficit of \$500 which still hung over the building.

Passers-by on King street have noticed for several months the erection of this neat, roomy meeting-house and have wondered what it meant.

Offerings. Dedication. By Pastor and People Gloria. Choir and Congregation Prayer of Dedication. Rev. O. H. Gulick Doxology. Rev. O. H. Gulick Benediction.

The new building contains several rooms, one of them the largest indoor basketball hall in Honolulu. Lockers, baths, etc., will soon be added. Here boys and girls' clubs, men's and women's organizations will center, and every activity associated with settlement movements will be inaugurated.

The following was the order of services last night: Organ Voluntary. Miss Flora Cannon Responsive Scripture Selection.

By Mr. P. L. Horne "Looking Backward" By Rev. J. P. Erdman "Looking Forward" By Rev. W. B. Oleson, General Superintendent of the Hawaiian Board.

By Pastor and People Gloria. Choir and Congregation Prayer of Dedication. Rev. O. H. Gulick Doxology. Rev. O. H. Gulick Benediction.

By Pastor and People Gloria. Choir and Congregation Prayer of Dedication. Rev. O. H. Gulick Doxology. Rev. O. H. Gulick Benediction.

REV. J. W. WADMAN ON CHARACTER BUILDING "Character-Building" was the subject of an address given in the Methodist church last evening by Rev. John W. Wadman, who said in part:

"The age we live in is keen, intense, electrified in every department. Man, by a touch of his hand, has made this world to bloom like a garden of beauty. He has tunneled the mountains and caused the valleys to thrill with the pulsations of life.

See Our Prints WAH YING CHONG NEXT THE FISHMARKET

is not what we have been, but what we may be. It is not how poor we are now, but how rich we may be.

"In a business man's office in Los Angeles I saw a motto framed and hung above his desk, 'Plan Your Work,' and just below it the words, 'Work Your Plan.'

"Remember God has a plan for each life. Let us pray for wisdom to clearly discover it and then for grace to work it out."

The Opening Year in the Churches. The Bishop Memorial, Christian, Methodist and Central Union churches plan to observe the Week of Prayer with enthusiasm during the next five days.

Monday at 7:30—Topic, "Christ as a Man of Prayer." Leader, Rev. John W. Wadman.

Tuesday at 7:30—Topic, "Christ as a Student of Scripture." Leader, Rev. Horace W. Chamberlain.

Wednesday at 7:30—Topic, "Christ as a Friend." Leader, Rev. John L. Hopwood.

Thursday at 7:30—"Christ as a Winner of Souls." Leader, Rev. A. C. McKeever.

Friday at 7:30—Topic, "Christ as an Influence." Leader, Rev. Doremus Scudder.

Mission Notes. The Portuguese Society Christian Endeavorers had charge of the meeting yesterday afternoon at the Leahi Home.

HAWAII CHAPTER NO. 1, ORDER OF KAMEHAMEHA. Meets every first and third Thursday evening of each month at 7:30 o'clock in Fraternity Hall, Odd Fellows' Building, on Fort Street. N. FERNANDEZ, Kuanha.

MORE SCHOOLS NEEDED ON THE BIG ISLAND

HILO, Hawaii, December 31.—Additional school rooms are needed on the Island of Hawaii, at Hakalan, Honomu, Kamuna, Opihika, Kona-waena, Laupahoehoe, Mountain View, Napoopoo, Oloo nine miles, Pahoa and Papaikou, also a new building at Pohakupuka. These are in addition to the Union School needed for Hilo, and they will only provide for present requirements. The Department of Public Instruction is now dependent upon the courtesy of the Japanese who are loaning their school rooms to the Territory, and without this aid there are hundreds of children on this island who would have no instruction. Then repairs are needed for existing buildings all the time, and repairs cost money.

At the meeting of the Board of Trade on Tuesday afternoon, School Inspector King showed the members the plans for the proposed new Union School for Hilo. It is modeled after the McKinley High School in Honolulu but with improvements, and will furnish accommodation for 672 pupils, every one of whom is now waiting to use it. In order to build such a school as desired it will be necessary to secure two lots, one from Mr. J. A. Scott and one from Mr. Mason. Mr. Scott is willing to exchange with the government for his Waiakea property, or for a lot opposite Mooheau Park. Mr. Mason has not yet been heard from.

NO MORE CHERRIES IN THE COCKTAILS

SAN JOSE, December 24.—News has reached the fruit centers of this city that the cherry and the olive grown in this valley have lost caste with the New York cocktail mixers. In the city of the Great White Way no wine clerks drop cherries or olives into cocktails now, unless some one asks for them, and local growers and packers are somewhat alarmed over the situation.

The proposed increase in freight rates will mean a great burden on this valley, but the ostracism of the cherry and olive by the drinkers of the east is viewed in the light of the straw which broke the camel's back.

It is feared that the New York custom will spread westward. Many women view with alarm the banishment of the cherry from the Martini or Manhattan. It will deprive them of the opportunity to utter that venerable bromidion: "I don't care for the cocktail itself, but I like to eat the cherry."

Of course, the innocent cherry must be repopularized. But, how?

WEST BOUND MAIL BURNED

CHEYENNE, Wyoming, December 22.—Probably hundreds of people will this year be deprived of their Christmas presents through two unfortunate fires on the Union Pacific, west of Cheyenne, which destroyed two baggage cars and a mail car.

One fire occurred at Hanna and destroyed a mail car, also a baggage car. Both were filled with mail matter. The second fire occurred at Dale Creek, twenty-five miles west of Cheyenne, when a baggage car filled with mail and Christmas packages, was destroyed. The postal authorities are investigating the accidents.

OMAHA, Nebraska, December 23.—The Union Pacific today brought in the water-soaked remains of two cars of mail burned west of Cheyenne, Wyo., one on Saturday and the other on Monday last. They were what are known as "storage" cars, filled with paper mail and bulky, unregistered Christmas packages, there being no clerks with them. It is not known how the fire started.

Postoffice Inspector Hare states that no notice has been received at the local office that any of this mail was for Honolulu.

JAPANESE REPORTER IN MIX-UP

Shortly after midnight yesterday morning, during a luau at the Sounouchi tea house, a row was started among the guests concerning the higher wages agitation. From the meager reports obtained at the police station Unemora and Aoki finally engaged in a fistie altercation. Tasaki, connected with the Jiji, a pro-higher wages newspaper, became involved in the scrap. According to one report, he was trying to act as peacemaker, and by another report as an active participant in the wages argument. At any rate it is said that the two men turned their attention, finally, to Tasaki, and used him up. Unemora and Aoki were taken to the station and held for investigation, but after going over the matter Chief Kalkiela finally placed a charge of drunkenness against each.

The "Home-made" underwear on sale at Whitney & Marsh's is of the best materials and finish. No skimpy garments.

This Day AT AUCTION

Monday, January 4, 1909

Hawaiian Lodge No. 21, E. and A. M., will meet in Masonic Temple at 7:30 this evening.

Honolulu Temple No. 1, Pythian Sisters, will meet in K. of P. Hall at 7:30 this evening.

W. H. Beers of Hilo is a candidate for the position of interpreter of the House of Representatives.

Dan Paia is charged, on complaint of W. J. Robinson, with having stolen a pair of white pants valued at one dollar.

The price of beef on Maui was increased to fifteen cents per pound, the increase dating from the first of the year.

The silver cups offered as prizes by the Hawaiian Poultry Association are on exhibition in Messrs. E. O. Hall & Son's window.

Assistant Superintendent of Public Works C. H. Kluegel is in Hilo on business connected with the Hilo Railroad extension.

Juan Cavallo had one John Poss arrested for using threatening language toward him, to wit: "No catch you this time, but I'll catch you one time yet and kill you."

D. E. Metzger, the Hilo contractor, was under the weather last week, but was sufficiently improved to take his part as the poet in the performance of "The Glimpse of Paradise," on Saturday night.

All of the Hilo stores had a good holiday trade, better than the previous year. The wholesale stores there report, also, that their results were much more encouraging than in the latter part of 1907.

"The Divorce Problem" will be wrestled with by the members of the Ministerial Union at the monthly meeting to be held this morning, and it is expected that some interesting discussions will result.

The advertising exhibit to be held at the Y. M. C. A. on Friday and Saturday of this week will be one of the big events of the week. All the big printing establishments will display their advertisement systems.

Enter your favorite birds and have them scored for honors and prizes.

Mr. James D. Levenson presented the people of the Leahi Home with a brand-new assortment of socks and stockings last Sunday. For his kind generosity the recipients wish to express their heartiest appreciation.

There will be installation of officers in Harmony Lodge No. 3, I. O. O. F., at 7:30 this evening in Odd Fellows' Hall, Fort street, above King. All members of Excelsior lodge and sojourning brethren are invited to be present.

A Japanese fishing boat that had been out for eleven days, delayed by the storm, limped into Hilo last week without having caught a single fish and without a bite of food for the crew. The boat was caught in the storm between Puna and Kau.

The proprietor of the Empire moving-picture theater will turn over the entire receipts of the matinee today to the Sicily disaster fund. The theater is now displaying some exceptionally good pictures and the proprietor expects that the proceeds will run up to a tidy sum.

Miss Justine McClanahan, daughter of Mr. and Mrs. J. B. McClanahan, will entertain in the near future at a dinner to be given at her home in Broadway. The complimented guest on this occasion will be Miss Anna Weller, who has had a large share of the holiday entertainment. Miss McClanahan's guests will be several of the debutantes.—Chronicle.

Cups, medals and cash for the winners, who will also be listed in the American Poultry Show Record and Guide. Enter with the secretary at 296 East Vineyard street, or with L. C. Ables at Messrs. Hall & Son's.

YES, HE WAS NO HURT.

Calmly stepping off backwards from a rapidly-moving King street car last evening, one Japanese, unknown, collided with the pavement with considerable force. The car was quickly stopped, and the conductor ran back to find out if the man were injured.

"Are you hurt?" asked the Knight of the Nickels.

"Yes; no hurt," was the intelligible answer of the car-walker.

The man's word was accepted and the car proceeded on its way.

RESULTS

We start the New Year, encouraged by and proud of the results accomplished in the last one.

Every indication points to a year of unexampled business prosperity in 1909. We are in line for our share.

The S. S. Texan, which arrived Saturday, brought us a large assortment of ladies' shoes in the newest 1909 styles. They will be on display tomorrow.

McInerny Shoe Store

LONDON LIKED MRS. WIGGS OF CABBAGE PATCH

Never has any American play met with such a greeting abroad as London gave to "Mrs. Wiggs of the Cabbage Patch," which comes to the Honolulu Opera House. The critics vied with each other in the warmth of their expressions. "A kind appeal," "deeper notes struck firmly," "sheer delight," "laughter close to tears," "as good a comedy as ever came from America"—these are a few of them taken at random from a chorus of praise that is without a discordant note. London took to Mrs. Wiggs and her brood because of the human nature that is in them; took to the play because of the human story that it tells. It fell in love with Mrs. Wiggs because that dear old creature possesses nature and temperament that all humanity loves—the quiet, cheery heroine who grows stronger and more cheery as trouble and danger and difficulties thicken. This is why America fell in love with her; also London. From the first production there, when the production was received with enthusiasm by the London public and critics, not a single day passed but the boards "House Full" were displayed in front of Terry's Theater.

Mrs. Wiggs and her children, preach laughter—the gospel of good digestion, pure hearts, clean hands—she is the sunrise upon the sea after the night of storm, for she and the youngsters drive away from soul and mind the carking cares of the day, suspicions of others, doubt of self, fear of the future, sorrow for the past. A laugh? Why, a laugh is the oriole fitting through the lilac bushes; the evergreen on the jack pine on the summit; the sheen of birch in the forest path; the laurel peeping from the snow-covered trail; the Milky Way when love pledges love under the stars; the glint of the polar star under northern seas—the smile of God Himself inviting all He has made to smile back—for life is good and love is better. This is the sermon of the laugh that Mrs. Wiggs and the children give. Seats go on sale at Bergstrom Music Co. this morning at nine o'clock.

CONSTABULARY BAND HERE IN FEBRUARY

The famous band of the Philippines constabulary will pass through Honolulu in February, en route to Washington to participate in the inauguration of President-elect Taft. The sending of the constabulary band is a special honor to the coming President. The band is led by Captain Loving, a colored musician, who organized the band and has elevated it to the position of one of the finest bands in the world. The band will make a concert tour of the United States before returning to Manila.

THE ART THEATER.

Orchestral selections at the Art, though mechanically produced, are good because there is no discord and no break in the time. The instrument is built as perfectly as the pianola attachment to the piano and cannot go wrong. The pictures shown are excellent, the comic ones engaging the attention of the audience and creating great amusement. There will be an entire change today.

Heinz History

A German woman, locally famous for her preserves, jellies and pickles, began peddling them around the town.

Her sons helped her. They grew up with the business. Soon the demand for their goods grew among the small merchants, and they established a manufacturing house, but took good care to keep in their goods the OLD HOME-MADE QUALITY.

There lies the secret of their success; the best housewife cannot improve upon the HEINZ VARIETIES, nor can she make them as cheaply as she can buy them at her grocer's.

CATHEDRAL SCHOOLS WILL OPEN TODAY

Bishop Restarick's cathedral schools open today. Tolani opens with an increased enrollment and a full staff of experienced teachers. An additional building is contemplated. The foundations of the new priory building are completed and the steel for the walls of reinforced concrete is expected on the next steamer.

The Davies' Memorial parish house is nearing completion. When it is finished the building in which St. Peter's Chinese school is held will be removed. St. Peter's school also begins today.

NOT AS COLD

(Continued from Page One.)
 December of 1900, the lowest recorded temperature was 55.

During the last week of December, 1908, the one just past, the thermometer fell only to 61 and that only thrice, on December 25, 26 and 27. The average mean temperature for the month was 71.9. During the last month, however, the weather bureau recorded the highest atmospheric pressure, or 30.28 barometric inches.

In round figures the average mean temperature of 72 degrees for December, 1908, is a full two points above the lowest mean averages recorded since 1890. The highest mean averages for December during the years from 1890 to 1908 inclusive was 74 and this occurred in 1891, 1896 and 1907.

The total amount of rain which fell during last month was 2.68 inches, and the wettest day of the month came on December 19 and 20. On each of these days the Christmas shopper, provided he or she made a whole day stunt of it, turned off an inch and a quarter of moisture from the open umbrella.

CITY GOVERNMENT

(Continued from Page One.)
 various City and County offices with all the legal points in their favor. Once they are in possession it is going to be harder to oust them than if the appointments of others could be made today and the later appointees beat the Fern men to the desks and stables.

If the Republicans can see their way clear to turn down the Fern appointments, they expect to reappoint Tommy Cummins as road supervisor, giving him a month to make good in or move out for a better man. They intend also to reappoint practically all the present officeholders.

The Police Program.

About 11 o'clock this morning the entire police force will be lined up for a final review by Sheriff Iaukea, who will address the men. At 12 o'clock the police force will be taken over by Sheriff-elect Jarrett, and the roll of the new force will be called. The men will step forward as their names are called, leaving the men who have failed of reappointment in the rear. That will delicately and officially intimate that they have got left and that their services have come to an end.

S. Roth, the well-known merchant tailor, has decided to retire from business. In view of this he will receive orders during the next fifteen days to make suits at cost. This is a chance for men who want good-fitting clothing.

ESTABLISHED JULY 2, 1856.

HONOLULU, HAWAII TERRITORY, MONDAY, JANUARY 4, 1909.

GOVERNMENT CHANGES, BUT BERGER PLAYS ON

CAPTAIN BERGER, WHO WILL LEAD THE BAND IN TODAY'S INAUGURAL PROGRAM.

Probably no man in the Hawaiian Islands has borne such a conspicuous part in all the changes of government in Honolulu since 1872 as Captain H. Berger, leader of the Hawaiian band. There have been scores of men prominent in government affairs for a time, men who took leading parts in the affairs of government and finally retired to civil life, or have passed away.

Berger played for their passing hours, and, year in and year out, he has always "been there" when the official changes came. This morning he will be present when the new form of City and County Government is ushered in and the first Mayor of Honolulu is inaugurated. He will be there as he was thirty-five years ago when Lunalilo was crowned

King of the Hawaiian Islands, and then, successively, when Kalakaua took hold of the government in 1874; when Liliuokalani succeeded to the throne in 1891 on the death of Kalakaua; when Judge Dole stepped from the Supreme Bench to the presidency of the Provisional Government, in 1893, and again in 1894, when he was proclaimed President of the Republic of Hawaii; when President Dole was inaugurated Governor of the Territory of Hawaii, in 1900; when Governor Carter succeeded Governor Dole, and when Governor Frear followed Mr. Carter into the

Robin's-Egg Blue chamber as chief executive; when the first, but short-lived Board of Supervisors took over the affairs of the County of Oahu, and then succumbed to the Supreme Court; when the Smith Board of Supervisors took their oaths of office, followed in 1907 by the Hustace board, and now he is just as ready to musically inaugurate Mayor Fern. The band has been ordered to report at 11 o'clock this morning at the county offices to play while the old board dies and the new one assumes office.

ADA DWYER GRADUATE OF FAMOUS AMATEUR COMPANY

By A. P. Taylor.

Ada Dwyer, who is to appear in the title role of "Mrs. Wiggs of the Cabbage Patch," is one of the foremost character actresses of the American stage, being one of the graduates of the famous Home Dramatic Company of Salt Lake City, a company which had the personal patronage of Brigham Young and the later Mormon prophets. The late president of the Mormon Church built the Salt Lake theater, considered one of the roomiest and most comfortable theaters in the United States up to the 90's. In the 60's the great actresses and actors came to Salt Lake City with the usual troupes of players, and always counted on the Home Dramatic Company for their support. In this way Booth and Barrett and all the leading lights of the stage presented their repertoire before Salt Lake audiences. Brigham Young had his private box and never missed a performance.

It was not strange, therefore, that Salt Lake produced actresses and actors who became stars in the dramatic and concert world. Foremost among the former is Maude Adams, who, as a child, played in the Salt Lake theater, her mother, Annie Kiskaden, playing leading roles. Ada Dwyer, who comes of a prominent Mormon family, played in the Home Dramatic Company, and finally went on the stage professionally and has been a credit to it ever since. She created the role of

Roxy in "Pudd'nhead Wilson," and as Mrs. Wiggs she is said to play honors even with Madge Carr Cook, who created the role. Mrs. Cook was here many years ago with the Frawley Company.

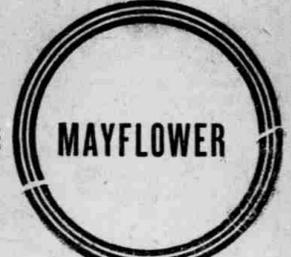

Ex-Governor Heber M. Wells of Utah was formerly leading man of the Home Dramatic Company. His interpretation of leading roles attracted the attention of Frohman, who made him flattering offers to join the famous old-time Frohman companies in New York when "The Wife," "The Masked Ball" and "The Shenandoah" were the rage, when John Drew, Herbert Kealey, Charles Richman, Odette Tyler, Georgia Cayvan were stars of the first magnitude. Mr. Wells, however, declined the honor, preferring to continue in life as a business man with a hobby for amateur theatricals. His career, however, bent before public demand and he was elected Governor of Utah. From that company also went upon the stage Viola Pratt Gillette, a concert singer, and many young men and women who were in its ranks are now dramatic writers on leading mainland journals. One is a writer on a New York daily. Julia Dean Hayne was a popular idol with Salt Lake audiences, and Brigham Young expressed his approval of her by naming a huge bandwagon, the pride of all Salt Lake, after her. The name "Julia Dean" appeared in great gold letters upon the wagon, which was of handsome design. Long years afterward Julia Dean Hayne's niece, also Julia

CAPTAIN BERGER—AS HE APPEARED OFFICIALLY WHEN KALAKAUA WAS KING.

Dean, decided to go upon the stage, and she entered the Frawley Company, the one which came to Honolulu ten or twelve years ago, whose cast included Blanche Bates, Jennie Kennark, Madge Carr Cook, Will King, Daniel Frawley and Victory Bateman. Julia Dean has played in Honolulu on two occasions with the James Neill Company, and made a distinct hit here, particularly in "A Bachelor's Honeymoon."

Another prominent figure in stage-dom is Edwin Milton Royle, actor and playwright, author of "Friends" and "Mexico." In October, 1895, the writer's name appeared in the cast of characters in "Jim the Penman" with that of Ada Dwyer, Charles Richman, Mortimer Snow, William Brewer, Anita Bridger (now a leading actress), Maude Win-

I WAS AMUSED

the other day when an Elderly Gentleman backed me up against the corner cigar store and enquired if I was the "OPPORTUNITY" Man. I admitted the soft impeachment and also smiled widely. The E. G. grabbed me by the coat lapel and delivered himself to this effect: "There never was a gold mine. There isn't one today. There never was a cent made in any kind of mining. The only reason a gold mine is called a gold mine is because people are foolish enough to dump their good gold into it. They never get any out. And as often as not there's no mine at all. He knew. He had invested in mining stock once. The thing was a fake, of course. No more mining stock for him. Not in a thousand years."

Now, wouldn't that upper-cut you? Where his Nibs thought the world's present supply of gold came from, gets me. Perhaps he thought it all came from Bishop's Bank. The E. G., nevertheless, is representative of a class of people who swallow the bait of any fly-by-night fakir, or wildcatter who peddles out cheap stock and promises the earth, or at least a thousand dollars for every one put in. His proposition may be the wildest kind of "Wildcat," his roseate statements entirely unsupported, his "mine" a pipe-dream, and he himself belong in jail, but if his stuff is only cheap enough—a cent or two a share—they will buy it. Such people are not investors—they are "suckers" buying experience. But they hurt legitimate mining because ever afterwards they will keep on telling how they "invested" in mining and lost their money.

With regard to the Elderly Gentleman I steered him along to my Office, showed him ore specimens, photos, charts, maps, Government Reports, and statements of Honolulu people who have visited the "MAYFLOWER." He revised his conviction about gold mining to the extent that there was, at least, one gold mine, and that we owed it. Before he flew, he broke in for 1000 Shares. Other mining stocks and other Mayflowers can be bought at less prices, but our Mayflower is the Mayflower Quartz & Channel Mining Co. and the price is 25 Cents a Share. Drive a tack in that fact.

Yes, our "MAYFLOWER" is the real thing, with assurances attached. Buy the Stock at 25 Cents. You're missing a trick if you don't. Be brisk and get in your order. Buy it. It's a brilliant buy. BUY "MAYFLOWER" STOCK. BUY IT NOW!

POULTRY SHOW SHOULD BE GOOD

Much Interest Manifested by Fanciers in the Coming Exhibition.

The poultry show which begins in the old armory on Wednesday, January 13, promises to be better than any previous one held here. New strains have been bred and some of the old ones have been improved to an extent that would attract attention anywhere. Mr. Green, secretary of the association, has a new line of black minoreas and Mr. Ables has brought his white minoreas, Plymouth Rock and games to a state of perfection that would warrant their being placed on exhibition in Madison Square Garden. Dr. High and Walter Wall have also much to be proud of in their birds. The yards of Mr. Ables, at the corner of Kewalo and Wilder avenue are within view of the cars and when his chickens are given the freedom of the front lot they attract a great deal of attention from the passengers. Mr. Ables is vice president of the association and a crank on the subject of white chickens. He has a pen of white Plymouth Rocks pretty enough to be kept in a room and his games are very probably the best in the Territory.

Owing to other business commanding the attention of E. C. Brown, president of the association, most of the work connected with the exhibition this year has fallen upon J. J. Greene, the secretary, and Mr. Ables, and they have assurances of a larger number of birds for the show than last year. Judge Andrews of Fresno will arrive from the Coast on the Lurline and this year he will score by the card rather than by comparison, a plan that does not meet with the approval of all the fanciers. In speaking of poultry shows, in his yards the other day, Mr. Ables remarked that there seems to be an impression here that they were gotten up mainly for the purpose of enabling growers to sell their eggs and chickens.

"As a business there is little or nothing in it for the man who breeds fancy birds," he said. "I have put a great deal more in my yard during the past year than I will get out of it in two but I seem to have a fad that won't work off and I am constantly trying to better the breeds of birds I have. This is the case with other fanciers and we hope to encourage others to discard their scrub hens and raise something better. I cannot see the logic of raising three pound chickens when it does not cost any more to raise them to weigh ten. It is all in the breeding and the care given the birds when they are young; they can be fed for weight and fed for eggs, and I would rather have a cockerel on the table at eight pounds than one that required a magnifying glass to find the meat on him.

"We fanciers believe there is not a Japanese in the country who would not grow better breeds than he does now if he was assured that the expense was not greater. The same with the Chinese, and I mention the people of these races because they sell lots of chickens in Honolulu."

Mr. Ables weighed, with a good deal of pride, a white Plymouth Rock rooster that tipped the scales at ten pounds and three others each weighing nine. His game birds are also very heavy and are considered among the best utility birds raised because they are meaty and good layers. His pens are kept in splendid condition and free from the odor usually found in chicken houses. His houses and birds show the result of care.

Entries for the poultry show close on Wednesday of this week, when the "pick of the flock," both in poultry and pigeons, will have had every attention necessary to make their first meeting with the judge an agreeable one—and perhaps memorable for prizes won. All will be in the pink of condition as to health, weight, correct shape and color—as described by the American Standard of Perfection. This book enables the breeder to make careful selections for show purposes, and names the disqualifications that sometimes put an otherwise fine specimen out of the race; thus saving the owner the disappointment of getting no score on his bird.

To exhibit a good bird in the company of other good specimens is the only way to ascertain its strong or weak points, and shows the owner how he can improve his matings for next season's breeding, or perhaps his selection of birds to exhibit.

With this striving for birds of ideal shape and color comes an ample supply of stock to furnish eggs and meat for the home table.

Among those entering birds in the coming show are many new exhibitors, and some of the old standby exhibitors promise larger entries this year; having made friends and sales through their display at last year's exhibition.

These annual shows have stimulated interest and faith in pure-bred poultry until now nearly all known varieties are continually being imported, and in

many instances from the yards of some of America's most noted poultry breeders, both in the East and West, and from Canada and the Colonies.

Premium lists and entry forms for the coming exhibition may be had of the secretary at 296 East Vineyard street to whom entries should be sent early, or, entries may be left with L. C. Ables, at Messrs. E. O. Hall & Son's.

"SURE KELA" STARTED A VICTORIA AUDIENCE

Editor Advertiser: The people of Victoria have during the past week been charmed by the Hawaiian music and singing so ably rendered by the Ellis club. At one performance which I attended an old Honolulu man who was in attendance became so excited that, reaching forward, he put his hand to his mouth and yelled at the top of his voice, much to the surprise and, I might say, bewilderment, of the audience: "Aloha, aloha, nui loa maikai kela himeni"; and during the singing of "Tomi, Tomi" the same gentleman, evidently forgetting he was in a theater in Victoria and not out at Waikiki Beach, again shouted lustily, "Sure kela." Mr. Ellis stepped to the front of the stage and bid the kamaina from Hawaii aloha. He explained to the audience that when Hawaiian meets Hawaiian it is as when brother meets brother, as, irrespective of color or nationality, one who has lived in Hawaii is to the Hawaiian a fellow countryman.

There are seven boys in this troupe, and all are well and happy. On Saturday they returned to Seattle, where they had been playing for some few months previous to going out upon the six months' tour of the Pacific Coast variety houses. The people of Seattle are waiting for them with open hearts and hands, as the beautiful songs of Hawaii have gained warm friends wherever they have been sung.

During the past week Mr. and Mrs. Ellis were entertained at dinner by Mr. George Scott of Honolulu, who, it will be remembered, is blacksmith on board the cable ship Restorer. On board this beautifully-fitted vessel they expressed themselves charmed with everything and at every corner they were surprised by meeting some old friend. Passing a huge ventilator, out popped Willie Wright; and going through one of the corridors of the lower deck the huge bulk of Willie Ellis encountered that of another mortal less fleshy than himself. When asked in a clear voice, "Hele oe mahea?" little Willie was amazed. However, he didn't wonder long, when he recognized Harry Turner, who, by the way, once won a prize for native singing, being accompanied by a well-known Honolulu lady at that time. Harry was at Engle's and will be known to those who stayed there when the establishment was first started under Mrs. Brown.

All the boys on the Restorer, from the highest in rank down to the humblest, were glad to see familiar faces from "dear old Honolulu," and gave special instructions for alohas to be sent to all friends.

Will Ellis said he had some proposition to make the Promotion Committee, but what it is I am unable to state. One thing is sure, however; the Promotion Committee could certainly do some fine work in conjunction with Mr. Ellis, as every second man you meet in Victoria asks, "Have you heard the Hawaiian singers? Yes! Aren't they fine? But, say, where on earth do they come from?"

Mr. George Scott is returning to Honolulu in January.

Aloha nui to all old friends in Honolulu.

KIM.

Victoria, B. C., December 20.

OUR BIG JANUARY WHITE SALE

Begins to-morrow, Monday, January 4th

EVERY LINE IN ALL DEPARTMENTS SO LONG AS IT IS WHITE, IS SPECIALLY MARKED DOWN.

WOMANLY STRENGTH and BEAUTY

The woman who is really beautiful is the woman who is well. The languid, nervous style of beauty once so popular with fiction writers is no longer in favor, either in books or in daily life. The beauty of today eats heartily and sleeps well and trusts to nature to paint its roses in her cheeks.

No medicine is better adapted to women's needs than

Stearns' Wine of Cod Liver Extract

It appeals at once to the palate and the eye, pleasing them by its taste and its tempting appearance. Its action is very simple and natural, since it builds up the bodily health by stimulating the appetite and digestion and renews and enriches the blood by introducing more iron. It can always be depended upon, for besides being the best of tonics it speedily breaks up hacking coughs and other bronchial troubles. Get Stearns' Wine of Cod Liver Extract at your chemist's, and be sure you get the genuine, STEARNS'.

Brown—Did you ever have absent treatment? Jones—Oh, yes, and when I get home I'll have present treatment for being absent so long.—Brooklyn Life.

THE SMALL FARMER

Can secure our assistance in endeavoring to find a market for his products. We are engaged in the business of selling Groceries, Provisions and numerous articles required by the farmer for the daily use of his family. We believe we may be able at the same time to sell his products; some of them anyway if not all.

If the farmer will let us know what he has to sell, when it will be ready for market, how packed and how to be shipped, with probable quantities in each shipment; give us in advance all the information he can; we will at once start investigating the market conditions and advise him of same.

We sell to family consumers throughout the Islands for CASH, money with order, and many acknowledge that they are saving money every month. We want the farmers' family trade and will sell their products for CASH also, so as to furnish the necessary "GOLD LUBRICANT" to keep the farm running smoothly. No order too small or too large for us to undertake.

Get the CASH HABIT in buying and selling.

Ladies' Kid Gloves, Corsets and Under Vests, Laces and Embroideries.

JORDAN'S

THE OSTEOPATH

BELIEVES it unwise to administer Drugs for the purpose of increasing Cell Resistance, lest they act harmfully upon the Body Tissues. Knowing that the Lymph contains all the remedial agents necessary to effect a cure or to destroy bacteria, he directs his efforts to improve the quality and quantity of the blood and to promote a free circulation of the same.

DR. F. SCHURMANN.

OFFICE—224 Emma square. HOURS—8 to 9 a. m. 4 to 6 p. m.

Around the Police Station

When Antonio Acosta, a Porto Rican, was compelled to appear in court Saturday morning to answer to a charge of vagrancy, he ran into a streak of hard luck. He had been released a couple of days before on his own recognizance, for it looked as if he would get clear of the vagrancy charge. His case was called and he was let go. Then it was that the detectives saw in Antonio Acosta the man so accurately described by the Chinaman who reported the day before that he had encountered a burglar in his room. The Chinaman reported direct to Chief Kalakiele that the attempt had been made but twenty minutes before and one officer had been sent to the Chinaman's room to look at the trousers the burglar was attempting to burgle. Acosta looked like the man the Chinaman described and he was rearrested Saturday. Later on in the day he confessed that he was indeed the man who had entered the Chinaman's room, but he said he was looking for a Hawaiian lady friend of his and got into the wrong place. Besides, he said, he was peddling kukui nuts. Acosta is a hard case, a vagrant and a former hanger-on at Iwilei.

Statistics for December.

Statistician Meheula of the police station has finished the report of arrests in the entire County of Oahu for December, as follows:

	Arrests.	Convictions.
Gambling	129	125
Drunkenness	37	32
Assault and battery	37	17
Larceny second degree	13	11
Liquor law violation	3	2
Adultery	4	4
Assault on Police Officers	4	2
Burglary	9	3
Disorderly house keeping	7	2
License law violation	25	4
Malicious injury	9	6
Vagrancy	10	3
Miscellaneous	49	36
Totals	336	245

Totals: 1907—Arrests, 332; convictions, 272. 1908—Arrests, 336; convictions, 245. Increase of arrests in 1908, 4; decrease in convictions in 1908, 27. The fines assessed for December, 1908, amounted to \$1626.90, a decrease of \$405.20 against 1907.

Still Another Burglary.

Report of still another burglary has come from F. J. Turner of Lewis & Co., at his residence, one of the Peck cottages, on Vineyard street. The visit was made on the evening of Monday, December 21. The entire household was down town at the time. Entrance was gained through the back door, but apparently the visitor did not get in any further than the kitchen, when he was frightened away. A short length of rubber hose was found in the room where it had been left by the intruder. Mr. Turner thinks the hose was carried as a weapon. A pound of butter was all that was taken from the house.

On Crackers and Water.

Chief of Detectives Kalakiele is administering a little of the third degree to suspects nowadays to see whether this method will bring out information. John Lua, the Hawaiian arrested on a burglary theory, has been on meager diet for about four days, a cracker and a glass of water for breakfast, ditto for lunch and ditto for supper, but John has not come through with any confession yet.

McShayne, the young messenger who was arrested as a suspect in the Lambert case, was held continuously from December 24 until December 29 when he was released from custody, no charge being placed against him.

Mumu, a one-armed Chinese arrested several weeks ago on a vagrancy charge, has been held at the police station for about a month. His case, when it came up in court has been continued. Chief Kalakiele says that Mumu's friends tried to raise a fund to send him out of the country, but have reported no success.

"Judge Andrade knows more about Mumu's case than Judge Long," explained the Chief last evening, "and so the man is being held until Judge Andrade returns from his vacation next week."

Taking Open-Air Cure.

A report reached Chief Kalakiele last evening that a number of men have been sleeping in rice-straw stacks in Palama lately. One man was brought in last evening and when questioned as to where he was lodging said he was a straw-stack squatter. The Chief dispatched a posse of detectives to round up the crowd so that stock could be taken of them to determine their means of livelihood.

Work for Deputy Sheriff.

Deputy Sheriff-elect Rose is mapping out a lot of responsible work for his department. First of all the foot and mounted police will come directly under his charge, the captains of watches reporting to him, as they formerly did to Senior Captain Parker. His office will do much of the work now being

Refreshing As a Night's Sleep

One of the best things about Stearns' Headache Wafers is that they not only cure the headache quickly, but leave your head "as clear as a bell." The heavy, druggy feeling that follows the use of most headache remedies is wholly unknown to users of

Stearns' Headache Wafers

Many people say "they are as refreshing as a night's sleep" for they simply drive away the pain, leaving the head normally at ease. You can depend upon Stearns' Headache Wafers just as millions of others have done for years; and they relieve not only headaches but many other kinds of pain; yet they are and always have been free from opiates, morphine, chloral and other habit-forming drugs. After one trial you will know that these tiny, tasteless snow-white wafers should always be kept at hand. Be sure to get STEARNS'—the genuine.

MAINLAND CANNERS MAY FOLLOW OUR EXAMPLE

After republishing the announcement of the plan of cooperative advertising adopted by the Hawaiian pineapple growers and canners, The Trade, the official organ of the canning and allied industries, adds:

"Doesn't the above seem logical and reasonable to you, and is there any reason why the industry as a whole should not cooperate and form a committee or bureau to carry on just such an advertising campaign in the interest of all kinds of canned goods?"

"On the same plan as the above the tax on each canner of vegetables and fruits would be considerably less than the tax these canners of pineapple in Hawaii pay, and yet there is every reason to believe the benefit derived by each canner would equal, if not be greater, than that of the Hawaiians."

"Mr. Frank E. Gorrell, secretary of the National Canners Association, has such a campaign in charge and is anxious to know just what each one of you think regarding it. If you have mislaid, or did not receive the blank form requesting your opinion, write to Mr. Gorrell at Belair, Md., and ask him to send you one. He will be only too glad. Give him your opinion and let him know what you would be willing to do to help the work. The subject will come up at the convention at Louisville in February, and you should be prepared to give a decided vote, and so, in the interest of yourself, the association and the canned goods business, think this matter over and act accordingly. We don't wish you to believe we are trying to do your thinking for you in advance, but we must say, we hope you will see it as the men in Hawaii see it, and act as they have done."

MAKAPUU LIGHT

SITE SAFE ENOUGH

Makapuu's lighthouse is located on about as solid a piece of rock as can be found in the islands, and the engineer department has no knowledge of the existence of a crack in the rock structure which will be a source of danger to the lighthouse. When Major McKinstry was here the site was looked into thoroughly and the entire area was tested.

One officer even suggested the use of piles to strengthen this foundation, on the ground that if an earthquake came it would give the lighthouse structure a substantiality that would resist earth tremors. It is said that the major remarked that if any earthquake was felt that would affect the lighthouse structure it would have to be heavy enough to tear the cliff away, and so the pile foundations formed no part of the specifications.

Happy Women

PLENTY OF THEM IN HONOLULU, AND GOOD REASON FOR IT.

Wouldn't any woman be happy, After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, She finds relief and cure? No reason why any Honolulu reader Should suffer in the face of evidence like this:

Mrs. N. Joseph, corner of Liliha and King streets, Honolulu, Hawaii, says: "I was troubled for seven months with a lame back and was also bothered by chills. Doan's Backache Kidney Pills, which I procured at the Hollister Drug Co., gave me permanent relief in a short time. I have not the least hesitation in recommending this splendid remedy."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50), or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands. Remember the name, Doan's, and take no substitute.

HUMAN BONES OF MAN-MONKEY DAYS

PARIS, December 14.—Abbes Bouysson and Bardon, who are conducting excavations at Chappelle-aux-Saintes, in the Correze department, have discovered what is believed to be the oldest human remains, dating back 170,000 years, to the middle of the Pleistocene age, the latest period of geological history.

The skull presents a strong resemblance to that of a monkey, having a long jaw, and being devoid of canine teeth. The other bones are arched, showing that man usually walked on all fours. The skeleton has been acquired by the natural history museum of Paris.

THE EMPIRE.

The pioneer moving picture house of Honolulu always up to date with the best pictures obtainable and music by a well known performer. The show at the Empire is really worth while and one leaves the place after the last picture is shown with a feeling of satisfaction. Admission at the Empire is 10 cents for adults and half price for children.

COMMISSIONER'S SALE

Life Interest in Valuable Leasehold SITUATE AT

Makaha, Waianae ISLAND AND COUNTY OF OAHU, TERRITORY OF HAWAII.

Pursuant to a Decree of Sale made by the Honorable Alexander Lindsay, Jr., Second Judge of the Circuit Court of the First Judicial Circuit, Territory of Hawaii, at Chambers, in Equity, on the 12th day of September, A. D. 1908, in an action entitled, "May K. Brown, plaintiff, vs. Henry Holmes, Trustee, George R. Holt, and Valentine S. Holt, Wattie E. Holt, Amelia A. Holt, James R. Holt, Helene A. Holt, Irene N. Holt, minors, and Helen A. Cushingham, guardian of said minors; Theresa M. Louissou, Martha Berger, Makaha Coffee Company, Limited, and Frederick E. Steere, defendants."

Tuesday, Oct. 6, A. D. 1908

at 12 o'clock noon of said day, at the front (mauka) entrance of the Judiciary Building, in Honolulu, Island and County of Oahu, Territory of Hawaii, all the right, title and interest of the parties plaintiff and defendant in that certain leasehold for and during the term of the natural life of John Dominis Holt, son of Robert W. Holt, deceased, as demised by a certain indenture of lease between William A. Aldrich, executor of the last will and testament of said Robert W. Holt, deceased, and said John Dominis Holt, dated the 22nd day of November, 1862, and recorded in the Register Office, Oahu, in Vol. 16, page 101, and assigned by said John Dominis Holt to Owen J. Holt by an instrument in writing dated the 1st day of March 1876, and recorded in said office in Vol. 46, page 4, subject to the reservations, rents, covenants, conditions and agreements in said lease and assignment thereof contained, and subject also to the leasehold interest of Makaha Coffee Company, Limited, demised by a certain indenture of lease, dated the 7th day of January, 1893, and recorded in said office, in Vol. 140, page 337, and the leasehold interest of Frederick E. Steere, demised by a certain indenture of lease, dated the 9th day of September, 1899, and recorded in said office, in Vol. 190, page 494, and confirmed by an instrument in writing dated the 31st day of January, 1901, and recorded in said office, in Vol. 212, page 487, in the following described lands:

- (1) All that certain tract of land situate at Makaha, Waianae, County of Oahu, Territory of Hawaii, being the land described in Land Commission Award 10613, Apana 5, Royal Patent 2243, and bounded as follows: Commencing the West corner at the Sea and running along the Sea S. 39° E., 11 chains 25 links; S. 62° 30' E., 28 chains 30 links; N. 84° E., 17 chains 28 links; S. 40° E., 30 chains; S. 22° E., 13 chains 50 links; S. 30° 30' E., 14 chains 30 links; S. 35° E., also along the Sea, 51 chains 50 links to Maunalahilahi; thence N. 73° E., 70 chains along the boundary of Kamaille to the stone fence of Kamaille; thence N. 63° E., 41 chains to the top of the hill Kamailleunu; N. 32° E., 90 chains along the boundary of the land called Waianae; thence N. 25° E., 74 chains along the top of the mountain and adjoining Waianae; thence N. 13° W., 47 chains; thence N. 39° E., 29 chains; thence N. 7° E., 19 chains; thence N. 68° W., 13 chains; thence N. 14° E., 37 chains; thence S. 83° E. 13 chains; thence N. 62° E., 50 chains to Kaala; thence N. 28° E., 22 chains along Kaala; thence N. 73° 30' W., 21 chains; thence N. 49° W., 19 chains on the mountain and adjoining Waianae; thence S. 84° W., 50 chains 40 links along Waialua; thence S. 41° W., 54 chains; thence S. 62° W., 35 chains; thence S. 26° W., 70 chains to the boundary of Makaha; thence S. 10° W., 22 chains 50 links; thence S. 38° W., 29 chains to the boundary of Keauu; thence S. 13° W., 8 chains along Keauu; thence S. 40° W., 44 chains 60 links; thence N. 88° W., 35 chains 60 links along Keauu; thence S. 57° W., 27 chains 50 links; thence

S. 62° W 37 chains 50 links along Keauu to the place of commencement. Containing 4933 acres, more or less.

SEA BOUNDARY OF MAKAHA. Commencing at the West corner of the land adjoining Keau and running West 1 mile along sea boundary of Keau,

S. 42° E., 2 miles and 15-80 of a mile along ocean; from thence N. 73° E., 1 mile and 12.00 chains along sea boundary of Kamaille to seashore at Maunalahilahi; from thence along seashore to commencement. Reserving the Kuleanas of the Natives.

(2) That certain parcel of land situate at Waianae aforesaid adjoining the above described premises, conveyed to J. Robinson & Co., by deed of Kamehameha IV., dated the 13th day of May, 1857, and recorded in the Register Office, Oahu, in Vol. 9, page 233, bounded as follows:

Commencing at a stone on the seashore, the boundary runs along the land of Waianae

N. 55° 00' E., 1847 feet to corner of stone wall round Kalo land at Kamaille; thence N. 65° 10' E., 3250 feet to peak of ridge; thence S. 68° 30' W., to and over black, rocky hill to the seashore bounded by Makaha; thence

Easterly along the seashore to commencement. Area, 36 acres.

Excepting therefrom, however, that portion of the above described premises conveyed to the Oahu Railway and Land Company by deed dated October 31, 1895, and recorded in said office, in Vol. 249, page 24, bounded as follows:

Beginning at station 1855+60 on the center line of the Oahu Railway and on the north boundary of Waianae; thence along said center line northwesterly 12,160 feet to the boundary of Keauu, including a width of 40 feet, 20 feet on each side of said center line. Containing an area of 11 and 17-100 acres.

Excepting also the homestead premises of said John Dominis Holt, bounded as follows:

Beginning at south corner of this lot at angle of heavy stone walls, from which point the station on Maunalahilahi bears by magnetic meridian S. 29° 25' W., thence running by magnetic meridian of this station, N. 60° 15' W., 453 feet along middle of stone wall to angle at top of slope; N. 13° 25' W., 433.5 feet along middle of stone wall on slope; N. 26° 20' E., 147 feet along middle of wall at foot of slope; S. 50° 05' E., 645.5 feet to middle of stone wall adjoining James Holt lot; S. 35° 30' W., 452.5 feet along middle of stone wall to point of beginning. Area, 6.47 acres.

Terms of Sale — Cash, in United States Gold Coin; ten (10) per cent. of the price bid to be paid upon the fall of the hammer; the balance to be paid into Court upon the confirmation of the sale by the Court. Deed to be at expense of purchaser.

For further particulars, apply to A. G. M. Robertson, attorney for plaintiff, at his office, Stangenwald building, Honolulu; to James F. Morgan, Esq., auctioneer, at his salesroom, 857 Kaahumanu street, or to the undersigned at his office in the Judiciary Building, in Honolulu aforesaid.

JOHN MARCALLINO, Commissioner. Dated, Honolulu, September 12, A. D. 1908.

The above sale has been postponed to TUESDAY, JANUARY 19, 1909, at 12 o'clock noon, at the front (mauka) entrance of the Judiciary building, in Honolulu, T. H.

JOHN MARCALLINO, Commissioner. 16, 23, 30; Dec. 7, 14, 21, 28; Jan. 4, 11, 18.

NOTICE TO BONDHOLDERS OF HONOLULU PLANTATION COMPANY.

Notice is hereby given that, pursuant to the provisions of that certain mortgage, dated the first day of February, A. D. 1902, which was executed by the Honolulu Plantation Company to Mercantile Trust Company of San Francisco, as trustee, those certain fifty-six (56) of the bonds secured by said mortgage, and hereinafter designated by their numbers, were, on the fifth day of December, 1908, selected, drawn and designated for payment and redemption in the manner provided in said mortgage. Said bonds so selected, drawn and designated for payment will be paid at the office of Mercantile Trust Company of San Francisco at Number 464 California street, in the City and County of San Francisco, State of California, at the rate of one thousand (1000) dollars per bond and accrued interest, on the first day of February, 1909. Such bonds shall be surrendered to the company for payment, redemption and cancellation, as provided in said mortgage; and interest thereon shall cease from said first day of February, 1909. Any bondholder who may desire to surrender his bonds for cancellation before February 1, 1909, may do so and receive payment at the rate of one thousand (1000) dollars per bond and interest to the date of such surrender.

The following are the numbers of the fifty-six (56) bonds so selected, drawn and designated: Numbers 9, 10, 11, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 42, 43, 45, 47, 49, 53, 54, 56, 57, 57A, 57B, 57C, 57D, 57E, 57F, 57G, 57H, 57I, 57J, 57K, 57L, 57M, 57N, 57O, 57P, 57Q, 57R, 57S, 57T, 57U, 57V, 57W, 57X, 57Y, 57Z, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101,

1002, 1003, 1205, 1206, 1210, 1211, 1212, 1213.

Dated, San Francisco, December 7, 1908.

J. A. BUCK, President, Honolulu Plantation Company. 8227—Dec. 21-25, 28-31; Jan. 1-2, 4-9 11-13.
