MAUI RECEIVES AND CONGRESSMEN ARE MUCH PLEASED

(Special Bulletin Wireless)

WAILUKU, Maui, May 15, 10 a. m.--The island steamer Claudine and the big freighter Mexican, with the members of the Congressional party on board, arrived almost simultaneously off Kahului harbor about 5 o'clock this morning.

The Maui committee went out to receive the visitors and all arrangements went along superbly. The Mexican anchored outside and the passengers were transported to the shore at 7 o'clock on barges decorated for the occasion.

Breakfast was served at the Maui Hotel at 8 o'clock, and the visitors given an opportunity to straighten out after the sea trip.

The trip up the beautiful Iao Valley will be taken today and a luau served about noon. The ascent of Haleakala will be made tomorrow night.

The weather is fine and the visitors express themselves as delighted with Maui. The committee and all citizens are doing their utmost to make the stay pleasant and thus far everything has lent itself to complete success. KEOLA.

PETITION FOR WRIT AGAINST KEPOIKAI

Wailuku Judge Refuses To Sign Order For Transcript

Deputy Attorney General Milverton today presented to the Chief Justice of the Supreme Court a petition for a writ of mandamus by Attorney General Petera directed to Judge A. N. Kepoikai, of the Second Circuit, directing him to have prepared for the Attorney General a transcript of the court records in the matter of Worth O. Aiken, Sub-agent of Public Lands for the Fourth Land District, vs. H. R. Hitchcock and Otto Meyer, which was tried before Judge Kepoikai April 11. The action was to recover from the defendants the sum of \$1155 and interest for rent due plaintiff under a certain lease of Government lands. Judge Kepoikai decided in favor of the defendants and against the plaintiff. Deputy Attorney General Milverton, who represented the Land Agent, excepted to the decision.

The petition states that the Attorney General is dissatisfied with the decision and judgment in favor of the defendant Otto Meyer and desires to review by writ of error or bill of exceptions in the Supreme Court such decision and judgment.

At the previous trial the testimony and proceedings were reported by a stenographer employed by the Judge. This was the only record taken. Milverton prepared an order that the stenographer furnish the plaintiff with a transcript of the testimony and other proceedings. But Judge Kepoikai refused to sign the order and the stenographer has so far failed to furnish the transcript.

The Judge says that he will not sign the order unless the Attorney General will guarantee the costs of transcription. This the Attorney General refuses to do, holding that the rules of the Supreme Court, and also Act 52 of the Session Laws of 1907 require the Judge to order a transcript made without cost to the Territory.

The matter, Deputy Attorney General Milverton states, is very similar to one that came up while Lorrin Andrews was Attorney General. In that case the Auditor refused to pay for a transcript made for the Attorney General, although the Attorney General had approved of the bill. Upon the matter being taken to the Supreme Court the Auditor was upheld, the court holding that it was the duty of the stenographer to furnish the transcript without cost to the Attorney General.

On this ruling the Attorney General does not see how he can guarantee the costs of transcribing in this case, and he asks the Supreme Court to issue a writ of mandamus requiring Judge Kepoikai to sign the order to the stenographer to furnish the transcript.

Chief Justice Frear issued an alternative writ, returnable May 27, directing Judge Kepoikai either to order the transcript prepared or to show cause why he should not do so.

Falls In Faint After His Confession

SAN FRANCISCO, Cal., May 15.—Abe Ruef today changed his plea of not guilty, which was entered on the record, and pleaded guilty of extortion in the French restaurant case.

The action of Ruef produced a profound sensation and came after a change of venue had been denied and the taking of testimony was about to begin.

Ruef made his statement to the Court, promising to reform and tears filled his eyes as he spoke. During the recess that followed immediately Ruef fell in a faint.

Sentence will be pronounced a week hence.

RODRIGUES MINORS WIN THEIR CASE

Supreme Court Decides They Are Entitled To Pension

The Supreme Court today handed down a decision in the case of Emily, Maggie, Eddie, Herbert and Eva Rodrigues, minors, by their next friend, Josepina Garcia, versus the Portuguese Mutual Benefit Society of Hawaii, allowing judgment in favor of the plaintiffs. Chief Justice Frear dissents from the opinion of the majority of the Court.

The case is very well summed up in the syllabus, which is as follows: Mutual Benefit Association—effect of change of by-law.

Rodrigues, as member of the defendant society, a corporation, from August 25, 1889, paid his monthly dues and received no benefit until his death, April 3, 1894, a period of over fourteen years. A by-law of the society when he became a member, provided as follows: "The society gives the following assistance to * * * children of its members: To the children of less than 12 years of age, orphans of members who during 10 years have contributed without having received benefits, the society shall give a pension until they complete the age of 12 years. This benefit shall be 50 cents daily if member belongs to the first class and of 25 cents if to the second class." November 20, 1903, a little over four years after the end of the ten years of his membership, and a little more than four months before his death, the by-law was amended by substituting fifteen years for ten years. R. did not consent to the change but, being a resident of Wailuku, was not entitled to notice of meetings which was required to be given only to residents of Honolulu. Held, Frear, C. J., dissenting, the amended by-law did not affect the pension right acquired under the by-law prescribing ten years as the term and does not purport to apply to such cases.

E. A. Donohit appeared for the plaintiffs and the attorney for the defendant.

\$800,000 MORE MAY BE EXPECTED FOR HONOLULU HARBOR

Eight hundred thousand dollars more than is already appropriated is to be expended by the Federal Government on Honolulu harbor improvements, according to the understanding of members of Congress now in the Territory.

As stated by a Congressman to a Honolulu citizen yesterday, the total amount required to complete the scheme of Honolulu harbor improvement is \$1,600,000. Of this amount \$400,000 was appropriated two years ago, and \$600,000, additional at the session of Congress just closed. Therefore the other \$600,000, is practically assured because the project now being carried out by the Government is said to be on the "continuing appropriation" basis. It will be necessary for each Congress to appropriate, but unless something happens the appropriation will follow in the natural course of events.

The Hilo harbor appropriation is not yet on this favorable basis but there seems no reason why it should not eventually get there unless the Board of Engineers is averse to the development of the plan.

CONGRESSIONAL DINNER

The committee having charge of the arrangements for the banquet which is to be given to the Congressional visitors on their return from Hawaii, has fixed the date for the event for the evening of May 27. It will be given at the Moana Hotel, and as there is due to be a full moon on that night the entertainment will probably be an ideal one from an aesthetic as well as from a merely gastronomic standpoint. The services of the Hawaiian band will not be available, as it has already been engaged to play at the Eagles' picnic on that night, but a Hawaiian quintet will take its place for the occasion.

The Lee Let bribery case has been continued until June 24.

ANOTHER WARNING ISSUED BY CONSUL

Japanese From Hawaii Are Stranded At Vancouver

That emigration on the part of Japanese from Hawaii to the Northwest is not all that it is cracked up to be was made apparent by a cablegram which Consul Saito received yesterday afternoon from his colleague, Consul Morikawa at Vancouver. Morikawa in this message repeated his advice to discourage all Japanese emigration from Hawaii to Vancouver, stating that employment there was by no means as plentiful as had been represented to those interested in encouraging such emigration. Many of the Japanese laborers who had come to Vancouver from the Islands had failed to find employment, and Japanese loafers were becoming quite conspicuous. As a matter of fact there was no dearth of labor there, and many of the new arrivals had been compelled to leave to seek employment elsewhere. In the winter, more especially between the months of October and March, the Japanese could get no work owing to the fact that the cold weather closed many of the principal fields where labor was otherwise used.

Immediately on the receipt of this message Consul Saito informed the local Japanese papers here and asked them to issue a warning to the people here against emigrating to Vancouver.

The Value Of Confidence

In no line of business is the buyer's confidence of more importance than in the selling of clothing.

The dealer who attempts to convince the buyer that his goods are the best, and that his place is the place where the best could be obtained, must see that the facts conform to his statements, and that his goods are in every way up to the standard. He had better never try to sell to a man than to mislead him or to exaggerate; for the customer will quickly discover such practice of misrepresenting merchandise.

There is never danger of a protest and always a certainty of full value received when a coat or suit is recognized as

CORRECT CLOTHES FOR MEN, which has the endorsement on the label.

AFONG CASE UP AGAIN

Arguments on the delinquency in the Afong case are being heard today by Judge Robinson. Most of the time this morning was taken up by Attorney Dunne, who represents Mrs. Afong and her side of the controversy. He presented a lengthy and carefully prepared statement of the case and of the grounds upon which his client bases her contentions.

Mr. Dunne stated that by the deeds in question, the late Chum Afong demonstrated only his confidence in and affection for Mrs. Afong. But the contentions of the other side, the children, he said, would, if allowed, place the wife in the position of a dependent, a pensioner, and not that of the honored and trusted wife of the deceased. Mr. Dunne had not concluded when the noon recess was taken.

Tonight Elleford will present the late Stuart Robson and W. H. Crane's greatest comedy, entitled "The Henrietta." This piece deals with stock-gambling in New York and shows how fortunes are made and lost in that big city. There is lots of good comedy which lightens up the sombre side of the story. One of the principal scenes is the stockbroker's office with its stock indicator actually at work. True boardman will appear as "Bertie"; Wm. Marlon as the scheming son; George Hernandez as the father, and Miss Chamberlain will be seen as the dashing widow. There will be the usual specialties.

DEMURRER SUSTAINED IN DIETZ MATTER

BY WHITNEY

The prosecution in the case of Gerhardt Dietz, charged with criminal libel, received a setback this morning when Judge Whitney sustained the demurrer interposed by the defense. The complaining witness, Watchmaker Redhouse, swore to a complaint against Dietz on the grounds that the defendant in a communication to the Advertiser had accused certain parties of having killed one Horniff, whose body was found in the Diamond Head crater some years ago. Redhouse claimed that this article alluded to himself and his wife, but the Court in its decision today held that the connection was not sufficiently clearly shown and the demurrer was therefore sustained. This will, however, it is understood, not prevent the prosecution from making out a new complaint should it so desire. C. W. Ashford is now representing Redhouse, taking the place of Judge Gear. J. Lightfoot represents the defendant.

The case of Yamane, the Japanese immigrant who arrived in the Chitusa Maru a few days ago, and who is charged with carrying a dangerous weapon, namely a sword cane, was continued until Friday at the request of Judge Kaulukou, who appeared for the defendant.

A gentleman named Benson, who had used some very highly flavored language towards a policeman named Jose Peter, was fined \$5 and costs. Benson pleaded that he had been so drunk on that occasion that he could not remember what took place, but he thought it highly improbable that he should have indulged in such language as that ascribed to him in the complaint, as his speech was, so he said, as a rule the very acme of refinement.

EDUCATION WINS

The Sand Hill Gazette tells this story of three tramps playing poker on a pile of railroad ties in the yards there:

"The men were making 'mind' bets because they had no money. They dealt the cards and were very careful to shield their hands so they could not be cheated. There were two good hands out together at one time. 'I'll bet \$10,000,' said tramp No. 1.

"I'll raise that one hundred thousand," said the second.

"I'll raise a billion."

"I'll raise that a trillion."

"I'll raise that a quadrillion," said the first tramp, with no show of hesitation.

The second tramp assumed a thinking attitude. It was a good bet, and he needed the money. He seemed to be earnestly endeavoring to remember something he had learned in the days of his youth. Finally he threw down his hand in disgust and remarked:

"Take the pot, you educated slob."

What was the matter with asking for a 'sight'?—Exchange.

DIVORCE COURT UP AGAINST IT

Jap Claims Divorce Was Granted In Japan

It must be convenient for a man to be able to write back home, when he gets tired of his wife and wants a new one, and have his mother fix it up, get a divorce and all that. That kind of thing may work very well in Japan, but Uncle Sam frowns upon it,—it fact, won't stand for it. That's why Tsuchi Yamagi and Santoki are in trouble, why they were arrested last night by United States Marshal Hendry for violation of the Edmunds Act.

The case is one that illustrates very well the peculiar idea a good many of the Orientals have of our laws and institutions.

Some time ago a Japanese woman arrived on one of the steamers from the Orient, and on being questioned by the immigration authorities, stated that she had come to marry a local Japanese.

The immigration people investigated and found that the man had come here several years before with a woman who, he said, was his wife. They wanted to know what he was bringing another woman out to marry him for, if that was the case. He replied that he had got tired of the other woman, that she had gone back to Japan and he had got a divorce from her, and he had a right to marry another woman if he wanted to.

Asked how he got the divorce, he said that he had written back to his mother and she had arranged it all for him.

This brought up a very pretty legal question as to whether such a divorce was legal. District Attorney Breckons took the ground that it was not, and the woman was refused permission to land here. The Courts allowed her to do so, however, and the matter was appealed to Washington, the papers in the case being on their way there now.

And then a day or so ago, some one came to the Federal District Attorney and stated that the man's wife had never gone back to Japan; that she was still in this country and was living at Aiea as the wife of Tsuchi Yamagi.

The couple was promptly arrested last night and brought before the Federal authorities. They tell a peculiar story, claiming that they are not violating any law but are legally man and wife. The woman admits that she had not been back to Japan, but claims that she was divorced from her first husband. She says the divorce was obtained through the Japanese government through her parents back there, and that she was then married here to Tsuchi.

This confuses the original matter still more, and it will probably take considerable time to get it straightened out. But United States District Attorney Breckons says that he will not recognize any such divorce and remarriage. It is easy but it doesn't suit the United States Government.

FROM DISTANT 'FRISCO HE AIRS HIS TROUBLES

Sample of Letters Sent to Hawaii—Politics Causing Trouble, But 'This in His Own Fertile Mind

Editor Evening Bulletin:—I have read with interest Honolulu newspapers, Portuguese and English, about the alarming exodus of white people of Hawaii to California, more particularly that of the Portuguese race.

Since my residence in California I have met and spoken to nearly every Portuguese who has come to California and find that the consensus of opinion among them is: that conditions in Hawaii are intolerable and such that they see no future for themselves or their children, and give as reasons:

First—The large portion of Oriental cheap coolie labor in Hawaii, especially Japanese.

Second—The low rate of wages prevailing in Hawaii.

Third—The discrimination shown in every walk of life against the Portuguese in Hawaii.

Fourth—The lack of favorable land laws, and

Fifth—The bright and prosperous future for them and their children in California.

The first cause, the blame is laid to rest upon the sugar planters, who have discharged almost every white man possible employed on their sugar estates and replaced them with cheap Japanese coolie labor, in the mills, various workshops, fields, and etc.; and the merchants who employ at and in their homes nothing but Oriental servants, and a few in their establishments and places of business. The second cause has prevailed ever since the large immigration of Japanese coolies into Hawaii and no doubt exists by reason of the meager wages this class of people will work for, owing to their mode of living.

The third cause is attributed to the fact that the Portuguese is the largest colony of the white race in Hawaii, and their progressive, frugal, industrious, ambitious, law-abiding and home-loving propensities have to a certain degree engendered the envy and prejudice of the dominating other whites in Hawaii and the wages offered a Portuguese in all classes of employment is not commensurate with their ability and proficiency or that given or paid his white brethren for the same class of work and in the same employment.

The fourth cause relating to the land laws has been of long standing and though the farming class of white people in Hawaii have raised their voices to the very height of heaven in denouncing the existing land laws, the influence of the sugar planter and land shark has to a large degree prevailed upon those in authority, and hence the existing conditions.

The fifth cause is due to the first four causes combined, and among others to the work available in California at good wages for young and old, the large tracts of land available for orchards, farms and ranches, the prosperous condition of those who have come to California before them, the equal rights accorded them with their white brethren, the fact that their children who avail themselves of education and are capable of holding office and responsible positions are given that opportunity, without discrimination or prejudice as to race or creed, and the fact that in Hawaii the only profitable industry one may engage in is the cultivation of sugar cane, which industry the planters have a monopoly of, they possessing all the available sugar lands. The attempt to Americanize Hawaii and save it from the throngs of approaching ruin, by the Filipino route, will very shortly prove a dismal failure, for no one who is conscious of or acquainted with the character, inclinations and propensities of the Filipino will deny that the Filipino will not become or make a good American citizen; these people have a tendency to much favor and assimilate with the Japanese and have a most pronounced hatred for the American, his institutions and principles. The Spanish immigration, like the Molokan, will result in an ignominious failure, inasmuch as these people, who are of a very irritable disposition, with a strong tendency to rowdyism, will not assimilate with the few suave whites in Hawaii or adapt themselves to or bear plantation life, and like the Filipino have a most pronounced hatred for the American, his institutions and principles, and more so since the Spanish-American war.

Conditions in general are far more

congenial in California for the Portuguese. As a race they are not discriminated against; they enjoy the good-will of their brethren of the white race; they quickly acquire a comfortable home; in hundreds of cases land for an orchard, cattle ranch or farm, find employment for themselves, their daughters and sons in all kinds of mills, factories, canneries, laundries, stores, offices, tailor shops, dressmaking parlors, house-work and many other calls of employment, and those who are qualified and capable hold office in many branches and departments of the government. In Hawaii it is great encouragement for these people to labor hard many years, rear their large families, educate their children, in some instances sending their children to the mainland to complete their education and when these return to their native Territory have to either starve or follow the footsteps of their fathers and take to the hoe on a plantation. This condition prevails throughout the political and mercantile affairs of Hawaii. The mailman is preferable, usually sent for and given office or a position no sooner he breathes the atmosphere of Hawaii. Merchants, business men and last, but not least, your Governor "George Rex", follow this custom. The native or kamaaina of Hawaii, though able, competent and available, is not wanted or considered. For example, a Malihini "Olson," who blew to Hawaii with the trade winds, immediately landed into office as Deputy County Attorney. "Great stunt, no doubt"; but where does the native son or kamaaina, who has been in Hawaii all his life, contributed to the support of the government, and has his family affiliations in Hawaii, come in? Under the existing appalling condition of affairs in Hawaii, who can censure the Portuguese and other whites for packing up their grips and coming to the mainland? What will be the ultimate result to Hawaii, if the whites are driven away or they are, the little brown man (Jap) allowed to further tighten his grasp upon and control of the labor situation in general, and establish a foothold in all lines of business? The essence of all things, Time, will answer these questions.

I understand the Board of Immigration much desires that the Portuguese remain in Hawaii, but what has poor, overrun-with-Japs Hawaii to offer these people and their children as an inducement, except the cane-fields with a bare existence wage attached? Hundreds of Portuguese now here in California would gladly return to Hawaii, the land they have much Aloha for, were the proper inducement offered them, conditions in general made worth while the existence of a white man, and an opportunity given their children, qualification and ability existing, to hold office, be employed and given equal wages with other whites in the same employment, without discrimination or prejudice to race or creed, and have a fair representation in all branches and departments of the government.

In conclusion, Mr. Editor, I thank you in advance for space allowed me and hope Hawaii may yet find a solution to the labor problem.

A. G. CORREA.
San Francisco, April 29, '07.

[Mr. Correa will be remembered as an attorney here. Reading his letter gives the impression that his car-bureter is out of whack and his transmission loose. The letter is published principally as a sample of the literature circulated to attract people of Hawaii to the mainland, where, it is true, the demand for labor is great, but the price of living high. It is not true, as Mr. Correa states, that the Portuguese are being discriminated against, either in the division of lands or on the sugar plantations. There never has been a day in the history of Hawaii when a Portuguese was more in demand than right now, and he is assured of preference on the plantations, which Correa so roundly roasts. He can secure a homestead and a planting contract under which he can make more money than is possible in California. There are indeed Portuguese who would like to return to Hawaii, and they are coming. That's the best proof. As to the Filinos and Spaniards, they have shown only their favorable side thus far. Perhaps Correa knows more about it, but we doubt it. As to politics, that's a long story, and we assume Correa didn't get what he wanted for good reasons. His discrimination talk is nonsense.—Editor Bulletin.]

WOULD LIKE TO KNOW

Editor Evening Bulletin:—I should like to ask if there was not an order of some sort issued by Sheriff Laukea some time ago to the effect that Japs, especially men, should expose less of their person by wearing more clothing? I cannot observe that any improvement in that line has been made. In fact, I do observe that there is as much and sometimes a little more of Jap carcasses exposed than heretofore.

An instance: Yesterday afternoon, as one of the Rapid Transit cars, loaded with passengers, a number of women and children among them, was passing on the outskirts of the city, a great big hulking Jap came along one of the branch roads about fifty feet from the car, holding his kimono up on one side to such a degree that his person was exposed clear to his belt line. He had neither drawers nor breech-cloth on. It was repulsive in the extreme. This is not a single case. A week ago I was passing along Liliha street, and, glancing up at a veranda on one of the houses, observed a Jap with one foot up on the rail. He had nothing on his body but a kimono and that covered very little of it.

It does seem passing strange that this city cannot get an officer who will enforce the common laws of decency.

While you are about it, could you make a guess at why the city authorities (have we got any?) allow offenses to be made at the edge of sidewalks? The city is full of them and in many instances of no earthly use, as the driveways across the sidewalk have long been disused on account of buildings being erected. It is a most delightful sensation to come along in the dark and step down about eight or ten inches into one of these offsets. It was not so many years ago that the city was forced to pay heavy damages to an actress who injured her limb by stepping into one of these abominable traps on Fort street. No other city in the world permits such work. Several evenings ago a gentleman turned his ankle on that beautiful (?) piece of sidewalk on Hotel street opposite the driveway leading to the rear of Day's grocery store.

Spitting on the sidewalks goes merely on just as if there was no law against it. Why in thunder don't the officers make a few arrests for this dirty work? It might have a good effect. It was but a few years ago that an officer arrested Millionaire Bradbury for spitting in a street car, in San Francisco, and he paid his fine, too.

Talk about cleaning up the city! Better clean up the people. Like a certain medical ad. I have seen in the Bulletin, "remove the cause and you destroy the effect."

THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

MRS. HENRY LEE MRS. FRED CERTIA

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

Mrs. Fred Certia, 1014 So. Lafayette Street, So. Bend, Ind., writes: "Lydia E. Pinkham's Vegetable Compound is the ideal medicine for women who are passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound. If there is anything about your case you don't understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is free and has guided thousands to health."

Women passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound. If there is anything about your case you don't understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is free and has guided thousands to health.

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.

Manu ka oi is the expression the Congressmen will now have to become familiar with.

Eight hundred thousand more for Honolulu harbor sounds good, because Honolulu harbor needs it all.

Cables tell us that the heir to Spain's throne has light hair. This may be as important an affair of State as the first tooth.

Governor Magoon knows his business. Four million dollars for roads in Cuba not only promotes transportation. It gives work to a discontented people.

No County is complete without a poundkeeper. But there's no harm done in allowing the Territory to hold on to this important functionary for another two years.

Honolulu's baseball season starts out in splendid shape. And the record will continue if the enthusiasts will kindly avoid trying to assemble all the best players in one team.

Visitors of this party say, "Why don't you ask for it?" Taft and his friends turned up their noses and suggested that Hawaii is only an insignificant pimple on the globe, anyway.

A Japanese laborer landing with a sword-cane and \$250 in coin is more in the line of curiosities than spurs. If he poses in the latter class, he is properly placed as an ordinary darned fool.

Hawaii can't help having a personal interest in the proposed subsidy for the All-Red steamer line. If America will not wake up and support its shipping, other countries will get the business.

Four hundred policemen on strike in San Francisco would be a catastrophe indeed. But it will never happen while the present city administration is in power and there is so much to be skimmed off the top.

The Japanese statesman who says Japan seeks an alliance with the United States has not communicated with the belligerent section of his nation resident in this Territory. Nor is he likely to do so, in shaping national policies.

An evening of oratory at Aala will live longer in the memory of visiting Congressmen than many more aristocratic events that might be suggested. That is where they can meet the people on a typically campaign basis, and incidentally test their oratorical power in the semi-private.

It would be advisable for some people who are discussing the so-called Agricultural College, to read the Morrill law under which Colleges of Agriculture and Mechanic Arts were first established and with which the locally established college must conform before there is the slightest possibility of obtaining the Federal endowment.

Kaui says the Congressmen did not stay long enough to understand

BUSINESS MEN

and NEWSPAPERS

The Westerly and Pawtucket (R. I.) BUSINESS MEN'S ASSOCIATION has renewed for THREE YEARS AN AGREEMENT entered into a year ago to refuse all advertising in railroad guides, directories and other similar mediums.

Among the schemes specially barred are score cards, hotel registers, opera house, church, secret society and all other programs, holiday advertising sheets, directories (other than local), blotting board schemes, clocks, time tables and all forms of publicity OTHER than NEWSPAPER ADVERTISING.

The full needs of the County. That may be. It is very true, however, that not one citizen in ten of this Territory has such a comprehensive knowledge of Kaula as the Congressmen who circled the Island. When Kaula's requests are advanced, these men of Congress will know what the region is like and what Kaula advocates are talking about. That is more than can be said of some of our own legislators.

CLEAN CITY WORKERS.

Honolulu is so vitally interested in cleaning the town and keeping it clean that its people may not need the inspiration furnished by what others are doing.

Should there be any laggards, however, the following dispatch telling of what has been done in the town of Trenton, Mo., should have a good effect and perhaps be a timely suggestion for future activity:

One hundred and thirty-two boys stacked around the town flagpole nearly 80,000 old tin cans.

A committee from the Trenton "Clean City Club" met them, received the cans and paid the boys nearly \$200 for their work of cleaning up all alleys and streets.

This was the first enterprise promoted by the club, which which was organized by the women's clubs, but includes nearly every citizen of Trenton.

It will be noted that the women and the boys were interested in this enterprise for cleaning the city. And the boys were given a small financial reward for their effort.

WHAT CONGRESSMEN WANT.

While the Congressional visitors are away on the other Islands Honolulu may discuss the matter of entertainment without being guilty of talking family affairs in the presence of guests.

The experience of the few days that Honolulu has had with the Congressmen should impress upon the committee of arrangements the necessity for outlining a definite program of events, complete when the party returns, in order that each Congressman may make definite plans and not miss any of the sight-seeing, informational tours or social functions which may be on the list.

There has been practically no serious breaks in the quickly made plans which were shaped during the last few days, but it has been obvious that improvement can be made in the

GRIP VICTIMS RELIEVED

PE-RU-NA is a Reliable Remedy for the After-Effects of Grip, Such as Indigestion, Prostration and Poor Circulation.

La Grippe Leaves Systemic Catarrh. Judge Horatio J. Goss, Hartwell, Ga., writes: "Some five or six years ago I had a very severe spell of grip which left me with systemic catarrh."

"A friend advised me to try your Peruna, which I did, and was immediately benefited. "The third bottle completed the cure."

The Right Medicine. Mrs. Henrietta A. S. Marsh, 2125 Reservoir St., Los Angeles, Cal., President Woman's Benevolent Ass'n, writes: "I suffered with la grippe for seven weeks, and nothing I could do or take helped me until I tried Peruna."

"I felt at once that I had at last secured the right medicine and I kept steadily improving. Within three weeks I was fully restored, and I am glad that I gave that truly great remedy a trial I will never be without it again."

In a letter dated August 31, 1904, Mrs. Marsh says: "I have never yet heard the efficacy of Peruna questioned. We still use it."

Pe-ru-na Recommended by Friends. Mr. N. Beachamp, 126 rue Notre Dame, LaCaine, P. Q., writes: "I tried the famous remedy, Peruna, which was recommended to me by one of my friends, R. Pilon."

"I have not been without this valuable remedy for seven months, and now I see that I am entirely cured."

"Formerly on lying down I was unable to breathe through my nose and I never passed a day without headache. "Today I experience none of these symptoms and this is due to Peruna."

Head and Stomach Were Affected. Miss Olive Perrault, 335 Davidson St., Montreal, Can., writes: "I write you a word to congratulate you on your famous remedy, Peruna. I tried other remedies, but my cold did not get any better, and I feared I was becoming consumptive."

"The condition of my head and stomach was very annoying. I had coughed day and night for three months as the result of a cold which I had contracted from sudden change of temperature."

"My brother advised me to try Peruna and I did so, for he was cured by Peruna. I took it regularly and improved steadily. I have now taken three bottles of it and am completely cured."

Ask your druggist for a copy of our booklet, "The Ills of Life," giving instructions covering the most effective use of Peruna. Peruna is for sale by all chemists and druggists.

The following wholesale druggists will supply the retail trade in Honolulu, Hawaii: Benson, Smith & Co., Honolulu Drug Co., Hobron Drug Co.

namer mentioned, and the time is ample to do it.

The atmosphere of the Congressmen has definitely developed. They like to know what to expect. They like to meet the people. They want to know what Hawaii wants.

The entertainment committee can provide the first expectation — by having everything mapped out before they return to this city.

The second pleasure can be satisfied by the evening at Aala Park, which has been suggested by this paper and is looked upon with special favor by the Delegate.

The last item of business can be attended to by individuals to a certain extent, but it would also be well to provide for some statement by selected speakers or such better means as might suggest itself; this notwithstanding the solemn warning issued in advance that the visitors should not be bombarded with resolutions, and stories of our troubles.

Hawaii's needs are not Hawaii's troubles that should be kept in the

background, when members of Congress are in town.

GEORGE EMERY TO RELIEVE MOTHER WANTS TO GO HOME

"Mother might be worried about me out here. I think if I were to go back to California, maybe she wouldn't worry."

That was the explanation George Emery gave the police department of his desire to leave Hawaii.

George's desire was not very strenuous. In fact, nothing about George is strenuous. He is a weak man, weak-minded, with a weak face, weak eyes, weak hair.

Though about 40 years old, he is one of the babes in the wood that are sometimes found wandering aimlessly about the world, apparently belonging nowhere and to nobody. They have no business any place in particular, and drift around aimlessly as vagrant impulse directs.

George Emery came to Hawaii last January on the Alameda, landing here with 35 cents in his pocket. He had no particular reason for coming, didn't, in fact, know why he came. He just came.

He wasn't good for anything in particular, but he found work of one kind or another and lived. They always do, those people, though nobody knows how.

He was picked up a short time ago

background, when members of Congress are in town.

MORE MARRIAGES

THAT ENDED BADLY

Wives Of Kahawaii And Akana Liked Other Men Better

The daily divorce summonses were filed in the Circuit Court this morning. There were only two of them today.

Kahawaii Kane asks legal separation from his wife, Mary Enos Kahawaii Kane, on the ground of desertion. He alleges in his libel that he was married to her in 1897 at Wailua.

In 1899 she came to Honolulu for a visit and was caught by the quarantine, being compelled to remain here several months.

Being thus temporarily widowed, she consoled herself with some other man, and when the quarantine was finally lifted she refused to go back home. She liked No. 2 better than No. 1.

Chun Akana is another husband who wants the bonds of matrimony dissolved. His wife, Irene Aona Akana, whom he wedded in 1906, is, he alleges, untrue to him.

In fact, she deserted him only four months after their marriage, and since that time has been very promiscuous in the distribution of her favors. For some time, the complaint states, she has been living in adultery with John Silva of Honolulu.

FORESTER IS OUT

The current number of the Hawaiian Forester and Agriculturist is one of great interest and reflects much credit on its editor, L. G. Blackman.

Among the main articles is one on the cultivation of cassava, by Jared Smith, and a treatise on the citrus insects in Hawaii, which is continued from the last number of the Forester.

The author is Jacob Kotinsky, the well-known authority on local insects. The new Agricultural College is made the basis of a lengthy and interesting editorial, which dwells on the great importance of such an institution in the development of the resources of the islands.

A letter addressed to Mrs. Theodore Roosevelt was recently held at the Upper Alton postoffice because the writer neglected to place a postage stamp on the envelope. Postmaster John G. Seltz sent a formal notification to Mrs. Roosevelt that the letter will be forwarded when the necessary two cents is remitted.

***** and taken to the police station as insane. Dr. Emerson examined him and found that he was just simple minded. He was discharged.

A while ago a letter came from his mother in Milwaukee. It contained \$25, and George thought he ought at least to go back to the Coast. His mother might be worried if he didn't. He started out to buy a steamer ticket.

A day or two later he was picked up again. He didn't have the ticket, nor the money. He told the Chief of Detectives that he had found that \$25 was not enough to buy a ticket, so he left the money somewhere, he wasn't sure where. He thought it was either with Irwin & Co., or Hackfeld & Co., or the Salvation Army captain. It didn't matter. It was only a piece of paper and wouldn't buy him his passage home.

He was released. Yesterday he came around again and said he had found the money and had discovered that he could get steamer passage with it, had even bought a ticket and was going to call by the Hiloian tomorrow. Chief Taylor impressed upon him carefully that he must not fail to get aboard. George promises he will not; saying he will go aboard at once, so as not to miss the steamer. Perhaps he will, but George forgets so easily. He is a weak man and weak eyes and he doesn't want his mother to worry because he is so far from home.

IN THE CIRCUIT COURT OF THE First Judicial Circuit, Territory of Hawaii. At Chambers. In the Matter of the Estate of Maria Eva Wilhelm, Robert Wilhelm, and Gustav Wilhelm, minors. Order to Show Cause on Guardian's Application to Sell Real Estate. On reading and filing the petition of Henry E. Cooper, the guardian of the property within the Territory of Hawaii of Maria Eva Wilhelm, Robert Wilhelm, and Gustav Wilhelm, minors, praying for an order of sale of certain real estate belonging to said wards, to wit: An undivided half interest in and to that certain lot of land more particularly described as follows: That certain rectangular lot on the corner of Young and Keaumoku Streets, Honolulu, having a frontage of 137 ft. on Keaumoku Street and 100 feet on Young Street, being Lot No. 201 as plotted on the Government map of Kulaokahua and being a part of R. P. Grant No. 3339 to S. Selig and conveyed to K. P. Wilhelm by deed of W. D. McWayne dated October 14, 1885, and recorded in the Hawaiian Registry of Conveyances in Lib. 93, Fol. 419. And setting forth certain legal reasons why such real estate should be sold, to wit: That the proceeds of such sale be transmitted to the guardians of said minors, resident in the Empire of Germany, for investment in some productive stock according to the best judgment of said guardians. It is hereby ordered that the heirs and next of kin of said wards and all persons interested in said estate appear before this Court on Monday, the 10th day of June, A. D. 1907, at 9:30 o'clock a. m. at the court room of this Court in Honolulu, then and there to show cause why an order should not be granted for the sale of said estate and, it is further ordered that a notice of this order be published at least three successive weeks before the said day of hearing, in the Evening Bulletin, a newspaper published in Honolulu, the last publication to be not less than ten days previous to the time therein appointed for said hearing.

NEW POUND LAW PUZZLES COUNTY

Has No Lands On Which To Establish Pounds

The new law which was passed by the last Legislature whereby the control of the pounds is taken from the Public Works Department and given to the Counties is puzzling the local County authorities not a little. It seems that there are some defects in the new law which will make it rather difficult to enforce. The matter will be taken up for discussion at the meeting of the Board of Supervisors next Friday evening.

As soon as the new law went into effect the Superintendent of Public Works issued a notice whereby he withdrew all the lands which had formerly been used for pounds from such use. This created a rather complicated situation, as the County was thus placed in the position of having to look after the impounding of stray animals, but, having no place to keep such animals as might be rounded up by the poundmasters. As the County has no land which can be put aside for this use, the only solution of the difficulty seems at present to be to obtain from the Territorial Government the use of the lands which it used for pounds in the past. However, it appears that this cannot be done by Superintendent Holloway, at least not without the ratification of the Governor, and as a consequence there are at present no pounds into which the strays can be placed. The situation is further complicated through the fact that the Territory did not own all the lands it used for pounds, and the County will have to treat with various private parties to whom these lands belong, in order to get control of them.

As the old poundmasters were appointed by the Superintendent of Public Works their commissions have been rendered non-effective by the new law and it will be up to the Supervisors at their next meeting to appoint a new set of poundmasters. Holloway has furnished the Board with a list of those who held these important offices during his administration, and it is believed that in almost all instances the old incumbents will be re-appointed.

M. T. Simonton, Harry Armitage and N. E. Gedde, appraisers of the estate of Thomas McLennan, an incompetent person, have filed their inventory of the property, the value of which they estimate at \$23,221.52. It includes 88 shares of Inter-Island stock, valued at about \$11,000, and one-fifth interest in the estate of Mary Ann Gray, valued at about \$10,000.

The same appraisers file an inventory of the estate of Mary Ann Gray, deceased, placing the value of the estate at \$95,599.99. It consists of the following property: Lands and buildings, Nuuanu and Hotel streets, \$30,000; lot on Kanuhannu street, leased to T. H. Davies & Co., \$5000; 120 shares of Inter-Island Co. stock, \$15,000; three shares of Planters' Line Shipping Co. stock, \$225; cash \$1374.09.

The annual meeting of the St. Andrew's Cathedral parish was held yesterday, at which the following officers were elected: Robert Cotton and H. M. von Holt, Wardens; George F. Davies, E. W. Jordan, Thomas Sharp, George Denton, W. L. Emery, L. Tukey Peck, James Wakefield, Vestrymen.

Reports were read showing that there were 1650 baptized members, not counting the Hawaiian congregation, and that the total enrollment of the St. Peter's chapel was 1500. The report of the Treasurer showed the receipts of the year to amount to nearly \$14,000, including \$3500 for the building fund. Reports were also read from the various guilds and societies under the church. The Woman's Guild showed that it had on hand over \$1000 for the Mackintosh memorial and some \$500 for the general fund. The committee on the new altar reported that it had \$1011 for this object.

The woman on the right never used Ayer's Hair Vigor. She neglected her hair, and now herself suffers from neglect. On the contrary, the woman on the left has always used Ayer's Hair Vigor, and owes to it much of her youthful appearance and attractiveness.

Ayer's Hair Vigor produces beautiful hair. Long, rich, heavy hair. Soft and silky hair, free from dandruff.

United States Marshal Hendry this morning received a wireless from Makawao asking him to send a man to that place to get some distillers who are in jail. The message contained no other information. Deputy Marshal Temple having gone to Hilo yesterday, the Marshal deputized Ralph S. Johnston of the Internal Revenue office to go to Makawao and bring back the prisoners.

CLAIMS \$10,000 FOR BIRD SKINS

Congressman Keifer Will Help The King Of Laysan

It will be remembered that some years ago the United States revenue cutter Bear drove off some Japanese poachers from Lisianski islands and nearly confiscated the bird skins which they had been collecting. These skins, valued at many thousands of dollars, they were finally allowed to keep and may prove the basis of a claim for indemnity by King Max Schlemmer of Laysan Island.

Though King Schlemmer leaves tomorrow on his newly bought (\$2000) schooner, the Luka, Captain Mansfield, for Laysan Island, his claim for upwards of \$10,000 will be left in good hands for presentation through the proper authorities in Washington and the Tokyo Consulate.

Congressman Keifer will have charge of the petition accompanying the claim which will be to the effect that Schlemmer is an American citizen and has been possessed for many years prior to the invasion by the Japanese poachers of all the right to the guano and fishing of Laysan and the group of islands adjoining to the westward, including Lisianski.

"What is most needed at Laysan," said King Schlemmer in his interview with ex-Speaker Keifer at the Young Hotel the other day, "is a launch with a suitable Customs guard, myself for instance, to patrol the group of islands which I control. I could then periodically inspect them for evidences of shiprecked mariners or poaching by foreigners. As it is, I have no means of leaving Laysan, where my entire family will probably eventually live, and we shall have quite a large colony, as my boys and girls get married and bring their wives and husbands back to live with Papa Max on Laysan."

The genial and famous Ohioan promised King Max all the assistance in his power and when the schooner Luka sails on the morrow good news will be on board for the fast growing settlement on Laysan.

The Luka will take five loads of 100 tons each of guano from Laysan and just how much more can be mined there is a matter of conjecture.

While in Honolulu Schlemmer has been presented with a fine set of the reports of the United States Fish Commission steamer Albatross' cruise about the islands some years ago. It is very interesting and full of exquisite cuts of the island fishes.

Distillers in Jail United States Marshal Hendry this morning received a wireless from Makawao asking him to send a man to that place to get some distillers who are in jail. The message contained no other information. Deputy Marshal Temple having gone to Hilo yesterday, the Marshal deputized Ralph S. Johnston of the Internal Revenue office to go to Makawao and bring back the prisoners.

The American-Hawaiian steamer Nevada arrives in port at an early hour this morning from Kahului and will sail on Friday afternoon for San Francisco.

The Golf Fever

HERE'S HOW YOU CAN CATCH IT:

Go out on the links some day with one of your friends and follow "her" around the course. Before she's played three holes you'll want to play, too, and she'll kindly offer her clubs. Over the remaining six holes there'll be two players instead of one. Of course, you'll get miserably beaten, but that shouldn't dishearten you. You will have enjoyed the healthiest exercise in the world and incidentally had a dandy time.

Next day come to us and we will supply you with everything you need in the way of clubs, bags, balls, etc., for another afternoon's play. For you've asked her out to the links, hoping to make a better showing.

We'll do our best to help you in the way of fine materials.

INTEREST CENTERED IN ST. LOUIS-PUN GAME

Just at present baseball gossip is centered on the coming game between the Saints and Punahou. Both aggregations are touted as having pennant-winning teams. Both gangs have hosts of supporters and each are pulling hard for their favorites. The team that takes first honors in this game will occupy the high seat in the League.

It is a toss up as to which team has the best of it. Punahou has a shade on the Saints' battery. Williams and Desha are a stronger combination than Bushnell and Burns. Ringland is surely a better catcher than Burns. The Saints probably have a better hitting team than the Puns. Aylett, Louis and J. Williams are a trio that is hard to beat, still the Puns have such stickers as Ringland, E. Desha, Kia and A. Williams. If En Sue turns out for the Saints they will have the strongest run-getter in the League.

It looks to be a very even game on paper and in fact promises to be a hard-fought battle. It is not a game in which odds should be placed on either team.

In the second game the Kams do not want to figure that they have already won. If Bill Hamp goes on the hill for the Diamonds they are going to be a hard game to trim. In fact they may have an even break.

Baseball is looking up these days and a good season may be looked for.

Cy Russell's arm may be a trifle to the bad, but his "lamps" are certainly shining brightly. The Oakland captain gathered in four more hits Sunday—San Francisco Call.

HAMPTON HERE

"Bill" Hampton, the former Elk pinner and all around good ball player, arrived in Honolulu from Maui yesterday and will in all probability be seen in a Diamond Head uniform against the Kams on Saturday.

Hampton is one of the headiest slab artists ever seen on a local diamond. He has played in the Honolulu League three seasons and his team has always been near the top of the heap. The old H. A. Cs were about the only team that could solve Bill's riddles.

For the last six or eight months Bill has been camping on Maui with his old friend "Silver" Cogswell.

If the Diamonds secure Hamp they will certainly be strengthened in the pitching department and with Gorman behind the bat they should have as good a battery as any of them.

It will be good to see the Diamonds strengthened, as they are hard workers and deserve success.

BOWLING RESULTS

On the Hotel Baths alleys yesterday E. Ross defeated O. Sorenson, Rietow defeated Davis, Erecht forfeited to Nutt and Nutt defeated Rietow.

Interest in the handicap tourney is growing and some close matches are looked for.

Bray still holds the high score for the month with 231.

BURNS WANTS SIDE BET

Jimmy Coffroth had an interview with Tommy Burns, who accepted the promoter's terms in the main. Burns will insist that Squires give him a side bet of \$500, which may be a stumbling block in the event that Tommy wins. Just whether Bill would care to bet this sum, being a stranger in a strange land, time will tell. One thing is certain, O'Brien will not ask for a side bet. It is said that he never backed himself for a dollar since he has been in the ring. The little money that comes through the box office window satisfies him.

Coffroth sent the following from the fourth last night:
Tommy Burns agrees to box Squires May 30 for 60 per cent of the house, the fighters to divide 60 per cent to the winner and 40 to the loser. In case the house goes over \$30,000 the fighters are to receive 65 per cent. Burns insists that Squires must bet him \$500 on the side and that the articles are to be signed in Los Angeles, the day after the O'Brien fight. In case Burns loses to O'Brien the right is reserved to cancel the agreement. Burns has deposited \$1000 with a local paper as a forfeit covering the above conditions. Will see O'Brien Friday, as I arrived too late to cover both men in one day.

Jack Johnson cabled his old friend, Link Dennis of Oakland from Honolulu that he would arrive here on the Sonoma. If the steamer is on time the colored heavyweight will be able to reach Los Angeles in time to see the Burns-O'Brien fight, and challenge the winner. He will challenge the winner all right, but he may not rush off south, as he will want a rest after having been traveling a month. Burns, O'Brien and Squires won't be pleased to see little Arthur's beaming face. They would have thought him if he had adopted Australia for his home. If he were a tub of a fighter the tub would have been on his neck long ago.

The first passenger steamer of the Pacific Mail line to San Francisco will be the Korea, June 22. The Doric, Coptic and Hongkong Maru will sail for San Francisco in the next three weeks, but they, unfortunately, fly foreign flags.

The bark Paul Isenberg, for many years in the Honolulu-Bremen line of clipper ships, has been sold to European parties.

Clarence M. Cooke, executor of the estate of Juliette M. Cooke, filed his final accounts today.

The case of Lee Yun Kweil, charged with embezzlement, was nolle prossed before Judge De Bolt this morning.

Because a curious fungus growth on rotten plants at Borgherhout, an Antwerp suburb, is supposed to have taken the form of the statues of the Virgin and Child, wild excitement has seized the inhabitants. The ignorant populace are proclaiming miracles from the house-tops, while politicians are using the event as a forcible argument in favor of obligatory instruction to combat superstition.

this, but being a clever artist they have taken refuge behind the color line in order to avoid a contest. If Johnson meets any one of the three heavies what will the betting be? The odds will favor the coon beyond a question. This is how highly the public esteem the negro. They say Johnson lacks gameness. This may be true, but hasn't he enough to wallop either O'Brien, or Burns, or Squires? Burns and Squires are presumably game athletes, but no one ever accused O'Brien of being a glutton for punishment. A slight tap in the stomach will make him back up any time of the day.

Butterfly "Philadelphia Jack" O'Brien, the tall, over-dressed young pugilist, has reached the conclusion that Bill Squires, the Australian, is hard game, and he does not care to meet him. This is the bit of news conveyed in a letter written by Jimmy Coffroth, the local fight promoter, now sojourning in Los Angeles.

New York, May 4.—Bob Fitzsimmons has at last got on a fight. Fitz wired a friend here today from Baltimore that he had received a flattering offer from the matchmaker of the Casino Athletic Club of Honolulu to meet Mike Schreck, the Cincinnati heavyweight, in a finish fight on May 20, and that he had accepted, providing the club could not get O'Brien, whom he agrees to stop within ten rounds.

KAMS MEET HIGHS

The Kams and High School baseball teams will play a game of ball on Saturday afternoon out at the Kam campus. The game will start at 3:30.

Following is the line-up:
High School—Davis, H. Chillingworth Akama, White, Achen, R. Chillingworth, Williams, Gilliland, Pali.
Kamehameha—Murray Twomey, Kalmaphu, Ordenstein, Lota, Naolei, Kuanalohii, Malukona, Norton.

TRIAL HEATS

The Y. M. C. A. preliminary heats will be swam at the Hotel Baths on Tuesday evening, May 21st.

These matches promise well and some exciting events in the 25, 50 and 100 yards may be looked for.

Maui Has Candidate From Hana

WAILUKU, Maui, May 10.—Maui, at last, is in earnest about placing one of their girls in the Bulletin's Lucky Six Pacific States Tour party. This week's count will show the name of a Maui girl with a creditable total of votes for a start.

She is Miss Nani Haia, daughter of Supervisor Haia of Hana. At present she is attending the Normal School in Honolulu, making her home at the Kaulani Home.

Miss Haia is a young lady who, on account of her gracefulness and pretty features, instantly impresses a new acquaintance with the fact that she is most attractive. Nor does this impression vanish with a further acquaintance, for she possesses individual intelligence and refinement, as well.

The first passenger steamer of the Pacific Mail line to San Francisco will be the Korea, June 22. The Doric, Coptic and Hongkong Maru will sail for San Francisco in the next three weeks, but they, unfortunately, fly foreign flags.

The bark Paul Isenberg, for many years in the Honolulu-Bremen line of clipper ships, has been sold to European parties.

POULTRY MEET

The Hawaiian Poultry Association held its annual meeting last night at the Government nursery building. R. C. Brown was chosen president to succeed W. E. Wall.

The reports of the auditor, treasurer and secretary were read and approved. According to the treasurer's report, there is a small balance of cash on hand. Quite a number of exhibition coops had been purchased that summed up to nearly \$200, thus reducing the available cash on hand.

A few other minor affairs were cleared away and the meeting adjourned.

Among those present were W. E. Wall, J. J. Greene, Geo. Curry, Thomas Rucastle, Judge Weaver, Henry Giles, B. F. Beardmore, K. C. Abies, J. K. Brown and Charles Fraser.

GRAND JURY IS

BUSY

ASKING QUESTIONS

The Grand Jury is in session today and the corridors of the upper floor of the Judiciary building are filled with the usual mixed assortment of men, women and children who have been summoned to appear and testify as to what they know about various violations of the laws of the Territory. Several indictments will probably be returned as the result of the investigations made today.

Among those against whom it is expected that indictments will be brought is Joe Clark. He was indicted before and tried on the charge of violating the Sunday law by selling booze without meals on Sunday, but was found not guilty. It is expected that he will be again indicted on another count, the charge being the same.

At least one rape case is being investigated, and several other crimes are had or worse.

Deputy Attorney General Fred Milverton has filed exceptions to the decision and judgment given May 10 in favor of the defendants in the action of the Kapioleli Estate against the Territory to establish a fishery right.

Ah Po appeared in Judge De Bolt's court this morning and pleaded guilty to the charge of selling lottery tickets. Sentence was suspended for thirteen months.
