PILES AND KEIFER FIND HALEAKALA TRIP STRENUOUS

(Special Bulletin Wireless)

WAILUKU, Maui, May 17, 10:35 A. M.--The Congressional party left Olinda at 1:30 this morning for the summit of Haleakala. With the exception of Senator Piles and General Keifer, who suffered from mountain sickness, they were all well and enjoyed the magnificence of the scenery at sunrise to the utmost. The return was made this forenoon and opportunity given for a rest before the reception at Pala this evening. The Kahului breakwater will be inspected tomorrow forenoon and those who wish a taste of shark-fishing will get it. The luau will be served at the Fishery at noon. The party will depart for Kona during the afternoon. Members of the party seem to be standing the round of travel and entertainment very well. KEOLA.

(Special Wireless to the Bulletin)

OLINDA HOUSE, Makawao, Maui, May 17.--The Congressional party arrived here this noon. All have returned from the ascent of Haleakala. Half of the party spent the night at the crater with Secretary Atkinson and the militia. The rest left this place at 2 o'clock this morning, making the ascent before 5 a.m. The weather was grand and the cloud-effect and the scenic sunrise were very much admired. No serious mishap of any kind marred the trip. Excellent horses and splendid accommodations were furnished by the people of Maui. The party is tired out now and wants to have a day's rest.

Honolulu, Maui and Kauai Candidates Close Upon Hawaii

Miss Callie Lucas of Honolulu, Miss Aloiau of Kauai, and Miss Haia of Maui occupy the center of the stage in this week's count, although no one has yet come within hailing distance of Miss Daisy Todd of Hilo, now above the two hundred thousand mark.

Miss Lucas and Miss Aloiau are rotatable because of the big jump they have taken, and Miss Haia attracts attention by reason of her entrance as the representative of Maui. Miss Haia is a daughter of County Supervisor Haia, who will be also remembered as a member of a former Territorial Legislature. The first vote cast for the Maui candidate is not so very large, but she will have a first-class following.

Miss Lucas has moved up five places until she now occupies first position among the young women of Honolulu. The talk that she might withdraw obviously stirred her friends to record a vote which would demonstrate better than anything else that they intend she shall be very much in the race.

Miss Aloiau increased her vote by over twenty thousand, and, though she may not now be very high in the list, it is apparent that she has some energetic supporters on the island of Kauai. Some of these sent down her picture by the last mail, and it is particularly pleasing, as it shows her loaded with leis, thoroughly typical of the way the young ladies will appear when they leave.

MISS ROSE ALOIAU

One of Kauai's candidates who is coming to the front for the Pacific Coast Tour. Miss Aloiau is a successful teacher in the public schools, and speaks three languages—English, Hawaiian and Chinese—fluently. ***** for their splendid trip to the mainland. The Hawaii young ladies have changed places, Miss Saffery of Ho-

nokea displacing Miss Hanai for the second place, but the margin is so small that one yearly subscription would make Miss Hanai practically even.

Among the others Miss Mabel Ching Kau received a very good-sized vote, so that she holds her own as one of the factors to be very seriously considered.

One of the interesting features of the contest is the way in which the friends of the various candidates seem to assemble their votes in bunches. For instance, Miss Munden jumped over the heads of a good number last week, and this week casts about enough to hold the position, the major portion of her votes being single ballots clipped from the paper. The general idea seems to be to enjoy the pleasure of making a big advance. Irene Boyd's friends cast a large number of individual ballots this week, as did Miss Julia Senna's supporters. Wailua is voting solidly for Miss Kawainui and the High School children are enthusiastic over the prospect of placing Alice Green among the Lucky Six.

Miss Pauline Evans has surprised her friends by planning another trip, a honeymoon, and consequently will not be in line for the Pacific Coast Tour. One party of young ladies that came to Hawaii from Southern California included a bride and groom. The young woman won in the contest for the trip and the wedding. (Continued on Page 3)

SCHMITZ IS BRAVE IN PUBLIC TALK

(Special Associated Press Cablegram)

SAN FRANCISCO, Cal., May 17.--Mayor Schmitz stated in an interview today that he will not resign his office. He declares that Ruef has never paid him any bribe money. Ruef was a witness before the Grand Jury again today.

Cossacks Slaughter Innocent Mrs. Mizner

LODZ, Russia, May 17.--The Terrorists attacked a mail wagon today and after killing the Cossack guard secured \$1000, booty and escaped. A patrol of Cossacks arrived and in the fury to wreak vengeance began firing promiscuously into a neighboring spinning mill. They killed sixteen and wounded 30.

NEW YORK, N. Y., May 17.--Mrs. Wilson Mizner has been granted a divorce from her husband on the ground of adultery. Mrs. Mizner will resume the name of Terkes. She was the widow of the late Chas. T. Yerkes, marrying Mizner soon after her first husband's death. The marriage to Mizner was a failure from the outset.

Strike Still On

SAN FRANCISCO, Cal., May 17. The street-car situation is unchanged.

The waterfront will be decidedly quiet for some time now unless some unexpected vessel pokes its nose into the harbor. The Alameda will arrive tomorrow morning and sails next Wednesday and the China from San Francisco is due next Thursday. The freighter Californian may be in from Seattle about Monday.

The Board of Supervisors will hold a regular meeting tonight.

Terrorist Robbery

WARSAW, Russia, May 17.--Terrorists have robbed the Vistula railroad office of \$5000. Four men were killed and two wounded.

Life's Biggest Battle

Not when you are well and strong is the struggle hardest. Then you enjoy the fight, reveling in your strength. But any day an accident may render you helpless for months. During those months you will not be earning a cent; yet your family must live. THERE comes the rub. Everything is smooth, however, if you have a policy in the Standard Life and Accident Insurance Co. KALIHI SEWER IS NEARLY COMPLETED

Work on the Kalihi sewer is nearly completed. Superintendent of Public Works Holloway states that the sewer will be finished and ready for use in about three weeks. All that remains to be done, he says, is to install four sections of the big wrought iron pipe that will constitute the sea end of the sewer. To do this, it will be necessary to erect bulkheads and pump the water out. It will take about five days for each section.

Considerable trouble has been experienced in the construction work by reason of the water that has been struck in the excavation, but this difficulty has been overcome and everything is progressing favorably at present.

A little boy, sitting on the seat of a delivery wagon, unattended and crying as if his heart would break, attracted quite a crowd at the corner of Hotel and Union streets during the noon hour today. The horse, which had been left by the driver unhitched, became frightened from some cause and was about to bolt when he was secured by some of those standing by. Quick action prevented what might have been a fatal runaway.

The Value Of Confidence

In no line of business is the buyer's confidence of more importance than in the selling of clothing. The dealer who attempts to convince the buyer that his goods are the best, and that his place is the place where the best could be obtained, must see that the facts conform to his statements, and that his goods are in every way up to the standard. He had better never try to sell to a man than to mislead him or to exaggerate; for the customer will quickly discover such practice of misrepresenting merchandise. There is never danger of a protest and always a certainty of full value received when a coat or suit is recognized as

CONGRESSMEN TO VISIT WAIALUA

Will See Plantation And
Wahaiwa Farmers'
Colony

One of the main features of the entertainment of the Congressional visitors after their return from Maui and Hawaii will be a trip to Waialua and Wahaiwa. Tuesday, May 28, is the date fixed for the event.

The matter was taken up at a meeting of the Executive Committee of the Oahu Entertainment Committee this afternoon. The trip will be made at the suggestion and invitation of the Planters' Association, acting in conjunction with the Entertainment Committee. Originally such a trip had been suggested, but later on it was practically abandoned, as it was thought that there would hardly be sufficient time to allow it to take place. The view was advanced, however, that it would hardly be consistent to have the visitors make detailed examinations of the other islands and then neglect Oahu, outside of the city, altogether, and this view prevailed.

The following was the itinerary outlined by the meeting today:
Start at 10 a. m. for Waialua.
Luncheon at Haleiwa.

In the afternoon tour of inspection of the plantation.
In the evening entertainment by the Waialua people.
Stay over night at the Haleiwa hotel.
Start early Wednesday morning for Wahaiwa in automobiles.
Inspect the pineapple fields and canneries.
Inspect the military reservation, of which the Territory wants a portion released.

Return to Honolulu in the afternoon. Those present at the meeting were as follows: Geo. W. Smith, J. A. McCandless, R. D. Meade, J. P. Cooke, H. P. Wood, S. M. Ballou, W. F. Dillingham and J. R. Galt.

SALOON MEN GLAMOR FOR LICENSE BLANKS

The saloon men have been clamoring loudly for the license application forms on which, under the new law, they must make out their applications for licenses to sell liquor. The Attorney General and the Treasurer have been working as fast as possible on these, and this noon the form was completed and sent to the printer. It is expected that the application blanks will be ready for distribution tomorrow morning.

A falling off in the consumption of meat during the month of April is causing the local butchers to sit up and take notice. The local butchers say that there was over seventy-five less cattle slaughtered during the month of April than in March. One reason given is that the summer weather is coming on and people eat less meat than during the winter. Another states that a large number of Portuguese, who are always big meat eaters, have left the islands.

DECISION RENDERED IN ADMIRALTY CASE

Judge Dole of the Federal District Court this morning rendered a decision in admiralty on the defendants' exceptions to libel in the case of Pope & Talbot et al. vs. the "Pacific" and the "Fearless." The ruling of the Judge removes the dredger "Pacific" from the case, the Judge finding that the act she is alleged to have committed does not render her liable to attachment. Three of the exceptions are over-ruled as to the Fearless. The case is brought in relation to an injury alleged to have occurred to the schooner Mary E. Foster owned by the libellants, she being about to go to sea in the tow of the tug Fearless. The libellee "Pacific" was at the time dredging the channel of the Honolulu harbor. The tug Fearless, on starting to take the Mary E. Foster out to sea, signalled by whistle to the dredger as to which side of the dredger she should take; the dredger replied with a reply signal that she should take the Ewa side of the channel. The tug, upon passing between the dredger and the Ewa side of the channel, grounded, and after some ineffectual attempts to pull her off she floated off at the next high tide, whereupon the Fearless made an effort to tow her back into the harbor by attaching a line to her stern and towing her stern first. Under these circumstances the schooner, under the tow of the Fearless, ran into the reef on the Waikiki side of the channel and was more or less injured by the two strandings. The libellants brought this action against both of the libellees but upon different grounds. The allegation against the "Pacific" is that she was grossly negligent in giving the signal referred to for the tow to pass on the Ewa side of the channel, which act of negligence is alleged to be one of the proximate causes of the stranding of the said schooner. The act of the Fearless in proceeding with her tow in response to the signal mentioned is alleged to be an act of gross negligence owing to the narrowness of the space available for said passage, and the second grounding of the schooner is charged to be due in part to the negligent towing of such schooner by the Fearless and in part as an indirect consequence of the negligence which led to her first stranding.

Judge Dole finds a cause of action set out in the libel against the Fearless. She held the schooner in tow when both strandings took place. As to the fourth ground of exception, the question of negligence, the signal of the dredger to take the Ewa side of the passage did not relieve the Fearless of responsibility in going there. She was engaged in the business of towing vessels in and out of the harbor of Honolulu; and consequently was acquainted with the channel in all weathers and tides, and should have known whether or not the Ewa side of the channel between the dredger and the reef was safe for her tow. For her, therefore, to have assumed the risk of attempting such passage, which is alleged to have been unsafe owing to insufficient width, was a fault which makes her liable for the consequences. The syllabus is as follows: Act of navigation—Signalling by a dredger in a fixed position in a ship channel, signals, in answer to the inquiring signal of an approaching tug with its tow, that a certain side of the channel is open for her to pass, the tug attempts the passage and its tow is stranded. Held, that such signalling by the dredger was not an act of navigation that rendered it liable to attachment. Admiralty jurisdiction—Damage received by a ship in charge of a tug. Held, under the circumstances set forth above, followed by a second stranding of the tow while in charge of the tug, that an action lies in admiralty against such tug. Liability of tug for injury to its tow under signal to proceed. Under the first mentioned circumstances, a tug is not relieved of responsibility because of a signal favorable to her proceeding through the passage indicated. Liability for secondary consequences of a negligent act—Interruption: Liability for secondary consequences of a negligent act is relieved by the interposition of a second negligent act or overpowering force. An act of necessity justifiable: A necessary act is not a negligent act unless it is negligently done. General allegation of negligence—Emergency: A mere general allegation of negligence in sufficient where a necessary act is attempted and fails under conditions likely to cause failure, even though proper care and skill is exercised.

LEAHI CHAPTER DANCE

Many are looking forward to the coming dance which is to be given by Leahi Chapter, O. E. S., tomorrow evening at K. of P. Hall. The best time of your life is assured. There will be an orchestra of nine pieces and the dances will be crowded in so fast that there will be hardly time to get your partners for the "next." SENTENCE SUSPENDED

Yamane, the Japanese who arrived in the Chiusa Maru, and who was arrested for carrying a sword, was dealt with mildly by Judge Whitney this morning, having his sentence suspended for thirteen months. Henry Ilea, who is charged with having attempted to burglarize Will Young's house, had his case continued until May 22.

Hattie, a young Hawaiian girl hailing from the Winston block and charged with vagrancy, and Carmella Roman, a Porto Rican belle from Lele, who used profane language towards another lady of that place, also had their cases continued.

Chang Lui Sun, Chinese, was arrested on the complaint of a fellow countryman, named Yuen Ho, charging him with having embezzled the sum of \$83.10. His case was continued until May 23.

FIRST COST OF MONEY

It costs the government just as much to make a one-dollar note as to make a ten thousand-dollar note. The cost for engraving, printing and paper is practically the same. The average cost of each piece of paper currency in circulation is about 1 3/5 cents. The wear and tear incident to keeping up the circulation is nearly one-fifth of one per cent. of the whole circulation. The national government furnishes about three-fourths of this paper circulation and national banks the remaining one-fourth.

The average life of a United States note is approximately three and seven-tenths years; of a treasury note, two and one-tenth years; of a gold certificate, three years; of a silver certificate, a year and a half; and of a national bank note, three and four-fifths years. The note of greatest longevity is the one hundred-dollar bill and the shortest lived is the ten thousand-dollar bill.

Speaking of chaperones is a reminder of Mrs. Weathered, who is to have charge of the young women from Hawaii. Mrs. Weathered has recently made a trip up the Pacific Coast and completed arrangements for the en-

tainment of the Bulletin party. She will care for the young women in every way. She will bring them in touch with the best people and her experience is such that she knows how to look out for young women in a manner to satisfy the most exacting mother. She will give them all the attention a parent could, and in addition guide them through the most attractive country in the world—next to Hawaii. REGENTS FAVOR HIGHLAND PARK TRACT

At a meeting of the Board of Regents, held at the office of President Cooper, late yesterday afternoon, the subject of a site for the new college was discussed. Nothing of a definite nature was decided upon but a most favorable opinion was given by all the Regents regarding two blocks of land in the Highland Park tract with thirty acres of government land, under cultivation, lying directly behind. A committee composed of Judge Cooper and Marston Campbell will investigate and report at the next meeting. This site, which claims the attention of the Regents, adjoins the property of the Mid-Pacific Institute, with Oahu college also close by, this section will present quite a district of learning in a few years.

ENTERPRISE MILL SOLD BY SHERIFF

Hilo, Hawaii, May 14.—The affairs of the Enterprise Mill Company, which have been known to have been involved for some little time past, came to a crisis last Tuesday, when the plant of the mill was sold under an execution by the Sheriff at the instance of the Hilo Mercantile Co., Ltd. The execution was issued under a judgment for \$4500, obtained by the plaintiffs in the suit of Hilo Mercantile Co., Ltd., vs. Mumby & Prentiss. The set machinery, that is the machinery permanently set on foundations, was sold to the Hilo Mercantile Co., for \$2700, and the smaller moveable machinery was sold to various individuals for sums aggregating \$653.57, the total amount realized being \$3,353.57. The bidding for the set machinery was spirited, Hackfeld & Co. running it up. Meanwhile suit in equity had been commenced by F. F. Prentiss against his partner George Mumby for a bill to dissolve partnership and for the appointment of a receiver. The papers were served on W. C. Westervelt, Mumby's attorney-in-fact. The hearing came before Judge Parsons, the plaintiff being represented by Carl Smith and the defendant by Harry Irwin. The charges set forth that the partnership had existed since May 1, 1897, for the purpose of conducting a planing mill to be known as the Enterprise Planing Mill. Prentiss is a resident of Cleveland, Ohio. It is

claimed that he had complete confidence in Mumby and left the management of the mill with him. On February 12th, it is alleged, Mumby deserted the business, leaving for San Francisco on his own business or pleasure, and placing in charge "an immature and inexperienced youth," that he falsely pretended that he was going on partnership business, drawing \$83 for his passage and borrowing \$200 from the bank on this ground; that he had overdrawn from partnership funds to the extent of \$915 and had paid out of partnership funds for goods properly chargeable to himself a sum of \$339.

It is further alleged that Prentiss fears that Mumby may take over all of the partnership funds for his own use and that Mumby, who is stated to be entirely insolvent, could not be reached by suit, should he do so. A receiver of all goods and effects was therefore asked.

A general denial was entered by the defense.

On the preliminary hearing Judge Parsons granted the receivership and appointed H. V. Patton, of the First bank of Hilo, receiver, under bond of \$2,000, which was immediately furnished.

The case will probably come up for trial within two weeks.

BACKACHE AND DESPONDENCY

Are both symptoms of organic derangement, and nature's warning to women of a trouble which will sooner or later declare itself.

How often do we hear women say, "It seems as though my back would break." Yet they continue to drag along and suffer with aches in the small of the back, pain low down in the side, dragging sensations, nervousness and no ambition.

They do not realize that the back is the main-spring of woman's organization, and quick indications by aching a diseased condition of the feminine organs or kidneys, and that aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound

Made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record of cures of feminine ills.

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes:—"I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and tired. Lydia E. Pinkham's Vegetable Compound completely cured me."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Fainting and Displacements, and all Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach, Cures Headache and Indigestion and invigorates the whole feminine system.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. Her advice is free.

What have the Congressmen done that Madame Pele should retire and put out her fires as they approach.

If they keep up the present pace "a chance to rest" will be the most welcome call visiting Congressmen can hear.

Only two left by the wayside on the Halekula trip speak mightily well for the staying capacity of the visiting Congressmen.

Railroads are paying their fines as violators of the rebate law, but what redress can be made for the slaughter involved in the frightful train-wreck record?

San Francisco citizens can conquer the devastating horror of earthquake and fire. It is not so easy to conquer the troubles of their own creation.

Officials are working night and day to put the city in perfect sanitary condition. With each individual doing his share, it is a good task quickly completed.

For two years Hawaii has had too many saloons. Previous to that, there were supposedly too few. Now try to strike an average, so that we may have a temperate town.

Luther Burbank says a child should not see the inside of a school-room until at least ten years old. Every child will agree with him, and the world lose none of its valuable men and women if his idea be carried out.

Up to the time of going to press only three reception committees for the Congressional party here in Hilo. With customary kindness the Secretary of the Territory has appointed one. Delegate Kahlo has appointed another, and a local committee has also been formed. Incidentally, it is the last named that has been doing the work.—Hilo Tribune.

There are some statements that apply to Honolulu and Hilo with equal force.

RUMOROLOGIST LOOSE.

Honolulu never gets into a situation that calls for exceptional sanitary vigilance and the exercise of common sense, that the rumorologist does not start in Hilo or any other place and represent the situation about a hundred per cent worse than facts justify.

Some people are so if the highest duty of mankind were to distribute

would yawn and let the back yards run to weeds and dirt. That is where they make a great mistake.

Plenty of work in cleaning up the town will destroy the opportunity to magnify conditions. And since it is good business and good sense to kill rats and put individual premises in perfect sanitary condition, the duty of the hour is to work a little more and talk less.

At least refrain from manufacturing stories from whole-cloth.

AGGRESSIVE NAVAL AND MERCHANT MARINE POLICY.

Former Secretary Shaw is traveling up and down the country telling the people of the prospect for a great war in the Pacific. This he is doing not so much because he fears the war, but that it is necessary to the well-being of the nation that the people be stirred to a realization of how badly ships are needed, if America is to hold a commanding position in the commerce of the Pacific.

It is to be expected that conditions must be apparently magnified in order to arouse the great American people, but our fellow-citizens are so hotly engaged in domestic affairs that an advance fire-alarm is about the only thing that will make them look in this direction and take notice.

The country is fortunate indeed that there is one man of note willing to take the time to go among the people and inform them of what should be done that the country may hold its place in the world's progress and not be in danger of costly disasters at some future day.

Neglect and mistaken policies can in a very short time create conditions from which a nation has to struggle for years to recover. This has been shown in the French navy during recent years. Although France has led in many details of naval development it has suffered from disasters which indicate a fatal weakness. In referring to the loss of the tenn, a writer on the French navy said:

"While the same heads of the Superior Council of the French navy foresaw the principle of the all-big-gun ship, the Dreadnought of today, and realized the uselessness of semi-armed craft, the picturesque figure of the new Minister of Marine, M. Camille Pelletan, came into the arena and began to play ball with construction, navy regulation, discipline, and all that is fundamental in naval life. M. Pelletan, patriotic and busy-headed, threw overboard the beautiful principle and created the pot-ehlers of high speed, unwieldy submarines, and general hysteria. He declared that all hands were equal, and that captains should be elected by their crews. He told the dockyard mates that they worked too hard, took away the parade uniform and the cocked hat of the officers, and talked about the rights of man generally. He meant well, but as autocracy is the keynote to naval life the discipline of the navy went to the dogs. The self-governed mate would ask his captain, some cocked hat, for a match, or, rather, a cigarette. The old noblesse obligé of the quarter-deck rebelled, but in vain. The democracy was upheld by the Socialist Minister, and the negative quantity of brotherly love supplanted efficiency and hard training. Obedience became a farce, and ships began to 'hit the beach' with clockwork regularity.

Here is an instance of the injury done by false policies in naval discipline. Equally sad results can be brought about by a thoughtless people who build naval vessels year after year, but give them no auxiliary support from a strong merchant marine which will be vital in time of war.

If Secretary Shaw succeeds in educating the people to a more aggressive naval and merchant marine program, he will have accomplished as much or more for his country than during his whole career as its financial manager.

MOTHER CASTLE'S BROTHER DEAD

L. Tenney Peck today received a cablegram announcing the death of the last surviving member of the generation of the Tenney family to which the late Mrs. Mary Castle belonged, namely: Rev. Levi Tenney, who died at Brownwood, Texas, yesterday. He had been falling in health during the past year or two; still his death was unexpected by his relatives here, as George H. Castle had visited him a few weeks ago, but had written nothing of his being seriously ill.

The deceased was two years the junior of the late Mother Castle. He went to Texas as a home missionary in the fifties and remained there as a Presbyterian clergyman. He was also at one time the editor of the Texas Presbyterian. The Rev. Mr. Tenney leaves relatives in the Islands, besides the Castles, E. D. Tenney and L. Tenney Peck, both of whom were his nephews.

NEVADAN LEAVES STATEROOM FULL

There was a regular "Alameda departure" at the sailing of the Nevada for San Francisco this noon. Every stateroom was occupied and there were leis and loafers and a crowd and everything but the band. That will come later for the American-Hawaiian line, when the Mexican and Missouri are equipped with their accommodations for hundreds of passengers. Then will the band and the backs and the pretty girls congregate on the company's wharf as they do now on Oceanic dock when the Alameda sails. Charley Clapp and Geo. P. Thielen went out today. Mrs. E. S. Cunha and Mrs. H. V. Murray were also passengers and Dr. Sylvester, for some time pastor of the Central Union Church, who is seeking the climate of Arizona for his health. The Maurice Branches of Whitney & Marsh, Ltd., were passengers on their way to London and Paris shopping.

The Nevada had a full load of sugar for cargo and expects to over haul at Matson steamer Honolulu, which sailed yesterday, before the Farralones are reached. She will arrive from San Francisco on her next trip June 6.

ELEU FOR 'FRISCO

The old tug Eleu is now on the Marine Railway being cleaned preparatory to sailing for San Francisco. "The Eleu has been a pretty good speculation," said Captain Chuey this morning. "Louis Marks bought her some three years ago for \$2,500 and she was sold to Coast parties for something like \$7000. During the Manchuria wreck she cleared enough to pay for her upkeep and she earned some money towing about the harbor. The scow Melancthon, another purchase of Marks', has also paid for herself in the last year."

JAPANESE WANT FEDERAL CONTROL

The local Japanese press is commenting copiously on the recent outbreak of disease at Aien, and advocates that the Federal authorities take a hand in stamping it out. These papers state that the sickness at first seemed to confine itself to Japanese, and as a consequence advanced the theory that certain imported Japanese foodstuffs might be responsible for the original outbreak. They say that now it is time the Federal authorities assumed full control of the situation. Some of the papers even hint that it is planned to have this done as soon as the Congressional visitors have left for the Coast.

George S. Evans, the veteran printer, died this morning at 7 o'clock at his home. He had been suffering from consumption and kidney troubles for several years past, and it was these diseases which finally caused his death. He had been in the city for many years in the printing business, working for the Mercantile Printing Co., the Robert Grieve Co., and Wm. Nichols Co.

EASTERN STAR LUNCH

The midday lunch given by the Leahi Chapter, O. E. S., today noon was a success from start to finish. It was most generously patronized by all classes. The ladies in charge say that the crowd exceeded their expectations. "They all seemed to have a satisfied look as they left the table, at any rate," remarked one of the waitresses. There were over thirty tables set to seat from four to six each. During the noon-hour there was not a vacant seat to be had, and many had to wait their turn, which they did willingly. The enjoyment of the excellent viands which were offered was enhanced by the tasteful decorations of flowers and greens, which had transformed the old Pacific Hardware store, in which the spread was given, to a very neat and comfortable restaurant. The affair was in charge of Mrs. H. H. Williams. It will be repeated tomorrow from 11 a. m. until 2:30 p. m.

ORPHEUM BILL CHANGES TODAY

Another crowded house last night testified to the good merits of "Henrietta." There seems to be no falling off in the attendance as the weeks go by. One feature of the Elfeffords is that the actors seem to throw their whole soul into the acting and make their best endeavors to please the audience. They seem to go through their work as if they liked to do it and not for the mere money that is in it.

The "Red Cross Nurse" is billed for tonight and tomorrow night and is sure to please, for it is a play that will appeal to all. All of the company will be in the cast and some of the prettiest costumes will be exhibited.

The Osborn children will do their entertaining act and the illustrated songs by Lavigne will be enjoyed between the acts as usual. It is expected that there will be a large crowd at the matinee tomorrow to see "The Princess of Patches," which will be the piece for that day.

It is well to secure your seats early and avoid the crush that always occurs at the box office during the evening. The box office is open all day and reservations may be made by telephone and the tickets will be held until 8 o'clock.

INCREASE PREDICTED IN TOURIST TRAVEL

One of the features of the meeting of the Promotion Committee yesterday afternoon was the reading of a letter from General Passenger Agent Kerrill of the P. M. S. S. Co., stating that the indications were that there would be a great increase in the travel on the Pacific during the present season. As a consequence Honolulu can expect to get her share of this increase in the tourist traffic.

Lloyd Childs, the committee's Los Angeles agent, wrote that he intended to give two lectures, illustrated with the Bonine moving-picture films, one to the members of the Chamber of Commerce and their wives and the other to the general public. A Hawaiian glee club was to furnish music during the lecture. Childs also gave the details of the arrangements which he had made for the reception of the Shriners when they arrived at Los Angeles.

DIFFER ON QUESTION OF SALOON LIMITS

The Liquor License Commissioners met again yesterday afternoon and devoted further time to the consideration of the matter of saloon boundaries. There is a difference of opinion among the members as to whether or not the law authorizes the Commission to establish boundaries. The majority believe that it does, but the minority think that the Board cannot exceed the general directions of the law in that regard without danger of having the action overturned in the courts.

Aside from this, the Commission wishes to get expressions of opinion from the public as to the limits within which saloon licenses should be kept. No inspector was selected yesterday. Consideration of this matter will be resumed this afternoon.

MOVING PICTURES OF LOCAL SCENES

R. K. Bonine, who was here some time ago and took many views of Honolulu and throughout the islands, will return here during the month of July with a full set of the pictures and will exhibit them from a moving picture machine. They should be most interesting. Besides island views Mr. Bonine will bring a lot of other views, especially of the Panama canal and scenes in and about New York city.

HERE'S HOW YOU CAN CATCH IT:

Go out on the links some day with one of your friends and follow "her" around the course. Before she's played three holes you'll want to play, too, and she'll kindly offer her clubs. Over the remaining six holes there'll be two players instead of one. Of course, you'll get miserably beaten, but that shouldn't dishearten you. You will have enjoyed the healthiest exercise in the world and incidentally had a dandy time.

Next day come to us and we will supply you with everything you need in the way of clubs, bags, balls, etc., for another afternoon's play. For you've asked her out to the links, hoping to make a better showing.

We'll do our best to help you in the way of fine materials.

Leonard Cleanable Refrigerator

You don't have to lift out the whole ice box to clean it, as in some kinds. Its movable flues make it the easiest refrigerator in the world to clean. And it has numerous other superior features, including its eight walls and its air-tight locks. The ice rack is made entirely of galvanized iron and the shelves are adjustable to any height. Made of SOLID OAK or ASH with panels of quarter-sawn oak and in the latest and most costly style of ornamentation the LEONARD is the Handsomest Refrigerator on the Market, and IT LASTS LONGEST.

LOCAL DIAMOND DUST

Those who read the Bulletin last evening were surprised to learn that Barney Joy had been made an offer by the St. Louis American League team. Various opinions were expressed on the merits of this offer. It comes first handed from Barney himself but it seems hard for an outsider to believe. Should Joy have received this offer it will have been the first time that an unknown, such as Joy, was ever made such a proposition.

Here is a lad who goes from Honolulu, a city unknown in baseball, joins San Francisco, which is a third rate team, loses his first two games and is touted as a green one at the business. To think that a man with such a "rep" should be offered such a chance seems impossible.

Joy has signed for two seasons with the "Frisco" team and if he proves to be such a wonder Mr. D. Long, manager of that team, will make a nice piece of money by selling Joy. The mere fact that Long is holding Joy argues that the latter must have some future or at least has the ear marks of a corner. Time alone will tell.

Barney is dissatisfied, that is sure. It plainly shows up in all reports received and as long as this state of affairs prevail he will never make good. A pitcher can not do himself justice when he is not suited.

Joy is a big, strong lad and has all of the qualities that go to make up a successful pitcher. We predict that the longing to get back to his native land will be too strong.

The Kams are in a bad way for Saturday's game against the Diamond Heads. It is reported that Miller, their shortstop, has gone to Kama and will not be here for the game. Kahina, their first baseman, has a bad hand, having been hit by a pitched ball in last Saturday's game. This will cause the Kams to make a material shift in their team and it will cause a general shake up.

Lemon is back from the Coast and may be seen at his old post in the field. He has had absolutely no practice and great things can not be expected of him. If the Diamond Heads play as good a game tomorrow as they did on last Saturday they will have a good chance for this game.

Hampton has not yet hooked up with any team and the bunch that can place him first will secure his services. Hamp is a valuable man to any team. He can play most any position as well as pitch. He is a strong batter and very fast on the base lines.

Oahu College team is still practicing and will probably play a couple of more games this season.

BOWLING

In the second match of the Oahu College team tournament the Hash Eaters succeeded in taking a fall out of the Sharp Shooters.

In the present handicap match Swain defeated Bray.

JUNIORS ARE IT

The Juniors at the High School defeated the Sophomores in a spirited game of baseball yesterday.

Work has started on the new athletic field at Oahu college.

BURNS AND SQUIRES SIGN

Boxers Burns and Squires have signed to box for Coffroth. Following are the articles of agreement:

Tommy Burns of America and William Squires of Australia agree to box forty-five (45) rounds under straight Marquis of Queensbury rules for J. W. Coffroth at a place to be designated by him under the following conditions:

1. Burns to receive eight thousand (\$8,000) dollars for his services in said contest. Squires to receive 60 per cent of 60 per cent of the gate receipts if he wins and 40 per cent of 60 per cent of the gate receipts if he loses, and 50 per cent of 60 per cent if the contest ends in a draw. In case the contest draws more than \$30,000, the respective winning, losing and draw percentages to be made on a basis of 65 per cent of the gate receipts.

2. Burns and Squires to deposit \$5,000 each on or before May 15, 1907, pursuant to agreement between the parties named.

3. It is understood that \$2500 each shall be the forfeits in this contest, and that one-half the \$5000 of each contestant shall act as a forfeit to guarantee Burns and Squires' compliance with the conditions of this agreement; Coffroth at the same time to deposit \$1000 as a forfeit to carry on the contest; in case of the failure of any one of the parties to this agreement to carry out his part, the said sums to be divided equally between the two complying herewith.

4. Surgical bandages or fingerless old gloves of ordinary walking glove character may be put on and worn; same to be put on in the ring, subject to approval of referee. Contestants to wear ordinary ring costume; anything in addition to be subject to the approval of the referee.

5. Burns and Squires hereby select James J. Jeffries as the referee of the contest. He to be named on June 17.

6. Contest to be held May 28, 1907, at 8 p. m. Contestants to be prepared to enter the ring at 1:30 p. m. Contestants to submit to physical examination by physician. Coffroth to be allowed on date of placing of forfeits to postpone contest to July 4, 1907, if he so desires.

WITNESSES: James J. Jeffries, Willis F. Britt, Robert A. Smyth, Harry B. Smith, F. S. Lewis.

SPORTING NOTES

Eddie Gibson, of Brooklyn, a graduate of the Boys' High School, and star half-back on the Cornell football team for the past three years, has been engaged as coach of the Cornell freshman football team for next fall by the Athletic Council.

New Haven, Conn., May 4.—In the annual interscholastic meet here today, participated in by a number of eastern schools, L. J. Talbot of Mercerburg academy broke the world's record in the 12 pound hammer throw, making 193 feet. He had made the former record of 192 feet 10 inches.

Commodore Cornelius Vanderbilt, of the New York Yacht Club, has decided to name his new Herreshoff racing yacht Rainbow, and he has engaged Capt. Charles Barr to sail her this summer. The America's Cup defender skipper is now at his home in New London but will go to Bristol, R. I., as soon as the Rainbow is launched, which will be in a few days. He will work with Capt. Nat Herreshoff in rigging the new yacht.

SHOOTERS PRACTISING

At the Kakaako range daily sharpshooters of the National Guard can be seen practicing for the coming competition which takes place on the 18th of July.

Bars and sharpshooters' medals will be offered for the event and also cash prizes.

Following is a letter from Colonel Jones which outlines the plans of the meet:

National Guard of Hawaii, The Adjutant General's Office, Honolulu, T. H., May 16th, 1907.

General Orders No. 17.

The following information is published for the information of contestants in the Territorial Rifle Competition to commence July 18th, 1907:

In addition to the Marksmen's bars and Sharpshooters' medals which will be given to all those qualifying in such classes a cash prize of \$10 will be given to each enlisted man of the National Guard of Hawaii who qualifies with any one of the fifteen highest scores made in such competition.

By order of the Governor,
JOHN W. JONES,
Colonel and Adjutant General, Territory of Hawaii.

HORSES THAT WILL RUN

Editor Evening Bulletin:—Enclosed herewith find a copy of the program for the races to be run in Hilo on the coming Fourth, which has the following changes:

Football game, C. C. Kennedy Cup, 1 Mile Luna Race.

The nominations for the Merchants' Stake race closed this evening with the following nominations:

Name of Horse. Owner.
Lazell. John O'Rourke
Clarado. John O'Rourke
Racine Murphy. Chas. David
Phillip. F. Brughelli
Bruiser. L. Petrie
Lucevee. W. H. C. Campbell
Rolla. G. J. Richardson
Jumalian. R. A. Young
Hawaiian. Geo. C. Beckley

(Horse to be named on June 17)
Hawaiian Bred. Geo. Menden
(Horse to be named on June 17)
Hawaiian Bred. Keala Stables
(Horse to be named on June 17)
Hawaiian Bred. Volcano Stables
(Horse to be named on June 17)

The above twelve nominations certainly look good to the Hawaii Jockey Club, and with this race for the principal event of the day the meet on the coming Fourth of July should be the best ever held in the Hawaiian Islands.

If the twelve nominations declare on the 17th of June, when the entries close, the value of the Merchants' stake race will be close on to \$1700.

If only four of the twelve nominations declare the guaranteed value, \$1000, goes.

For each declaration over four the sum of \$80.00 will be added to the value of the purse.

The track is being put in excellent shape and there are a number of horses on the track in training at this early date.

No doubt excursion rates could be arranged from Honolulu, and as the Klama arrives in Hilo the day before the Fourth and leaves here the day after the Fourth, there should be a large number of the good people of Honolulu up to visit us.

Yours very truly,
J. D. EASTON,
Secretary Hawaii Jockey Club,
Hilo, May 17, 07.

JOHNSON ON TRAIL

Jack Johnson, the heavy-weight pugilist who passed through here recently on the Sonoma, has reached San Francisco and says that he is not on the heels of Bill Squires, who Johnson says, scolded an engagement with him while he was in the big island.

"I have come back to this country expressly to force a fight with Squires," said Johnson on board the Sonoma. "I met him when I first went to Australia last February and offered to fight him in sixteen days. He replied that he first wanted to meet Jeffries. Why, he wouldn't last a minute with Jeffries. He is a very much overrated man. But, whatever he is, I am ready to deposit \$1000 for a fight to take place in three weeks from now for any purse, and at any time, any place and any weight."

"I was matched to fight Mally Jackson, a Maori, and considered a very good man in the ring, but cancelled the engagement in order to hurry back here, on the heels of Squires and make a match with him. It is Squires for me. I will wire Sam Fitzpatrick at New York tonight, and try through him to make a match with Squires. I made friends in Australia who would back me for a million dollars. But Squires' backer, Wren of Melbourne, is the skipper of his kind in Australia, and heavily believes Bill Squires is the best of his kind. I am in the best of condition, though, and am only too anxious to meet Squires."

When Johnson left the steamer he went directly to Oakland and will make his home there for some time.

HAMPTON WILL PLAY

The fans need not be surprised to see Bill Hampton in a Punahou uniform on Saturday.

There has been much talk about Bill playing with the Diamonds, but it looks as though that proposition has fallen through and that Punahou has secured his services.
