## BRINGING SURVIVORS OF COLUMBIA WRECK

### Cable From Delegate Regarding Site Showed Great Effect

OTHERS SAY THERE WAS NEVER A WITHDRAWAL

Honolulu, July 20, 1907.

Cortelyou, Washington.

Cables of the Chamber of Commerce and Merchants' Association in re public site are bona fide. Aside from few persons interested in Opera House site the community is practically unanimous for the Mahuka site. I urge immediate acceptance of the latter.

KALANIANA'OLE.

While the decision of the Treasury Department in Washington in favor of the Mahuka site was apparently the direct result of the cablegrams sent by the Chamber of Commerce and the Merchants' Association last week, it now appears that Delegate Kalaniana'ole was largely responsible for the decision, or at least that he hastened the matter, to some extent.

"After the meeting of the Chamber of Commerce last week it was intimated that those in favor of the Opera House site had cabled to Washington that the resolution passed by that body was not a bona fide expression thereof, but that the meeting had been packed by the supporters of the Mahuka site," said John F. Colburn this morning. "It therefore became necessary for us to take some action in the matter. We sent a wireless to Kailua, where the Prince is now spending a vacation, and informed him of the state of affairs. He sent back by wireless a cablegram, which was sent from here on Saturday afternoon at 12:10 o'clock. This message can not have reached Washington before Monday morning, and you can therefore see what an effect it had, since the cable of the Department, announcing its decision in favor of the Mahuka site, arrived here that same day.

"The Delegate has had considerable correspondence with Cortelyou about the building site matter. He wrote one long letter of about seven pages

regarding it, and received an answer from Cortelyou some time ago."

The supporters of the Palace Square site claim that the action of the department in connection with the Mahuka site is merely a move to see if the supporters of the Mahuka site can make good and can turn over a good title to the Government. The Department holds that it is bound by its acceptance of April 2 because it could not act on the cabled withdrawal sent by the Henry Waterhouse Trust Co., and a written withdrawal confirming the cable has never been received by the department though it was supposed locally that it had been sent.

The Palace Square men say that there will be many complications in connection with the site now under way and the business men's meeting had nothing to do with the latest department move.

### ISHII SAILS

Japanese Consul Salto is in receipt of a cablegram from the Department of Foreign Affairs announcing that Commissioner Ishii has sailed on the Nippon Maru and will arrive here on the 29th. Chief Secretary Tsuchiya states that Commissioner Ishii might not be able to stay here and look into the immigration matter. This all depended upon the steamer.

All votes issued after this date are good until the last count, August 10.

### Germany Opposes British

THE HAGUE, July 23.—The German delegates to the Peace Conference oppose the British proposition for the elimination of armaments.

### Got Money Of Halsey

SAN FRANCISCO, July 23.—Supervisors Coffey and Nicholas testified in the graft trial today that they received money from Halsey for voting favorably on the telephone franchise.

### Argue For Haywood

BOISE, Idaho, July 23.—The arguments in the Haywood trial are continuing. Richardson spoke today for the defense.

### PINKHAM PROPOSES SITE FOR HOSPITAL

Grounds Of Queen's The Proper Place For Children's

The proper site for the proposed Children's Hospital, says L. E. Pinkham, president of the Board of Health, is on the grounds of the Queen's Hospital. It should be made a part of the latter institution, as in that way it could be run for from one-half to two-thirds the amount it will require to run it as a separate hospital. If some one would on the start fully endow the Children's Hospital it would be all right to maintain it as a separate institution and great honor would be due such donor or donors. As a separate institution it could not

(Continued on Page 2)

### KUMERIC MAY BE HELD UP

The rumor was around the Japanese end of the town this afternoon that the Kumeric with her large passenger list had arrived at Vancouver and was having difficulty in getting the passengers passed by the Dominion immigration authorities.

It was impossible to lift the rumor down to a definite cablegram. There seems little doubt that the Japanese will have a hard time getting into Canada.

### DEAD ARE 100

(Associated Press Special Cable)  
SAN FRANCISCO, July 23.—The steamer Pomona brought thirty-two survivors of the steamship Columbia disaster to port today.

The number of dead is believed to be near a hundred.

### Submarine Warning Bells

WASHINGTON, July 23.—The war vessels of the navy are being equipped with submarine bells for signals.

### Squadron Of Japan

PREST, France, July 23.—The Japanese squadron is expected to arrive here today.

### AFONG SETTLEMENT

The basis of the settlement of the Afong estate troubles regarding which the Bulletin published yesterday the exclusive news is said to be that the contending members of the family release the estate from any further obligation to them by the payment to them of \$10,000 each. This does not include the Pepeekeo estate trust. The plaintiffs in the suit brought were Mrs. Stiggs, Mrs. McSteecher, Mrs. Hui-phreys, Mrs. ...

The steamship Mongolia from the Orient was sighted off Barbers Point at 12:50 o'clock this afternoon.

### SUPERVISORS AGREE TO ENDORSEMENTS

County Committee Now Takes Advantage Of This

The executive committee of the County Committee this noon held its meeting to hear the report of the committee which held a meeting with the Republican Supervisors to ascertain whether they would in the future refer applicants for appointments under the County to the County Committee for endorsement. Those present were Harry Murray, Jas. H. Boyd, E. Buf-

### Bishop To Write

"I am preparing a statement in which the entire affair will be covered," said Vice-President Bishop of the Queen's Hospital this afternoon. "I do not wish to discuss the matter at present, as the statement, which will be given to the papers, will state all I have to say."

"It is reported that the Board of Trustees will try to have an investigation started of the Maternity Home on the grounds that the institution does not call for tenders for its supplies although it is similar in character to the Queen's Hospital. Is that correct?" asked the reporter.

"I do not think that we will make a particular point of that," answered Bishop.

"I will say that the talk in the papers that the hospital supplies amount to a thousand dollars a month is rank nonsense," he added. "It amounts to at most \$200 to \$300 a month."

Bishop said that as soon as his statement was ready the newspapers would be allowed the privilege of using it.

It was reported this morning that the Medical Association was to hold a meeting to consider the Queen's Hospital affair, and this came very near being the case, but it has now been decided to postpone such action until after more details can be learned.

"I was approached by some members who asked me to call a meeting," said Dr. Sinclair, the vice-president, who would have to act in such a case, as Dr. Hodgins is the president, this noon. "I was going to call such a meeting, but later on I consulted several other members and they were in favor of waiting until after the facts of the matter had been more definitely brought out. No meeting has therefore been called at present."

Both Dr. Hodgins and Dr. Judd are prominent members of that organization, and as it has been stated that the majority of the physicians of the city have for some time past been dissatisfied with the manner in which the hospital is conducted, it is quite probable that the medicals if they decide to take any action will line themselves up on the side of their professional brethren.

Vice-President Bishop came down town today but could not be reached, as he was at a meeting. Secretary George W. Smith stated that Bishop was going very thoroughly into the matter, but the date of the coming meeting of the Board of Trustees had not been decided upon as yet.

It was reported that the trustees were contemplating getting back at Dr. Hodgins by getting an investigation started of the Maternity Home, which he is the medical superintendent. Their line of attack would be that that institution is, like the Queen's Hospital, a semi-public one, and that that does not either call for bids for the purchase of its supplies. This would not, however, if information received at this office is correct, amount to very much, as the Maternity Home does not use more than about \$100 worth of medical supplies a year, while in the matter of groceries these purchases are distributed among three leading grocery stores of the city, who handle them in monthly

rotation. Furthermore Dr. Hodgins has nothing to do with these purchases.

It is understood on the other hand that the outlawed physicians have a number of different charges which they will prefer against the trustees if the matter comes to a head. These charges, it is understood, may be enumerated as follows:

That the new wing of the hospital was built by money furnished by an Hawaiian, and that in spite of this Hawaiians are debarred from it.

That a Korean consumptive was allowed to sit on the steps of the hospital in a dying condition but was not admitted and was sent to the Board of Health, where he soon afterwards expired.

That a woman was sent to the Maternity Home although she was at the time in a state of collapse. She died soon after her arrival there.

That of the groceries purchased monthly for hospital supplies a certain firm is given \$250 and two others only \$90, although they have been given to understand that the purchases were evenly distributed.

That Vice-President Bishop of the Board of Trustees is a stockholder of Benson, Smith & Co., whence the bulk of the supplies are purchased.

Stock of attractive counters for bridge whist and "500" and also of Congress Playing Cards at the Hawaiian News Co., Ltd., Young Building. Card games are so much more enjoyable when the cards are fresh and pretty.

No mother in this town would be without a "Bottlehot" if she realized what it was. It's a kind of a hot water bag whereby you can keep baby's bottles hot. This means a good night's rest and the ability to take baby traveling with you. Hollister Drug Co.

In the matter of Maria Barote versus Agnes Soares et al a petition for adjustment of dower, Judge De Bolt yesterday rendered a decree in favor of the defendants, dismissing the plaintiff's bill of complaint and ordering that the defendants recover their costs, taxed at \$27.25, from the plaintiff.

An attempt was made last Saturday night to burn the Japanese sampan boat which was moored at the Chanuel wharf. Fires were started by means of rags soaked in kerosene on eight different boats, but they were discovered in time and were extinguished without doing much damage. The police have taken the matter up.

An old Chinese, named Ah Wan tried to drown himself in the Nuuanu stream yesterday. The police tried to have him committed for insanity but Dr. Emerson did not find him quite ripe. He was therefore released and was later on seen in Chinatown, where he was telling people that he would soon pass away from this vale of tears.

Residents of Young street have started a movement to have that thoroughfare macadamized between Punahou and McCully streets. The matter is blocked for the present by the fact that the street has never been deeded to the Territory. An effort will be made to have the street turned over to the Territory so that the work of macadamizing it can be begun.

Kaupali and Kuni, the man and woman arrested for making swipes were taken in charge by the Federal officials yesterday on complaint of the illicit brewing and retailing of malt liquor. They appeared before United States Commissioner George Davis yesterday afternoon for their preliminary hearing. United States District Attorney Breckons prosecuted and T. M. Harrison represented the prisoners.

According to the records at the local Japanese Consulate the total number of births among the Japanese in the Territory during the six months ending with June 30 last is 1127, of whom 583 are males. The total deaths among the Japanese of the islands have been 222, of which 205 were males. The Japanese Consulate officials keep a close record of the vital statistics of their people, independent of any of the Territorial records.

Eye-Strain illness

As civilization advances the eyes are called upon more and more, and pushed beyond the limit in all occupations as well as in all recreations. In view of all this, it behooves us to take the best possible care of the eyes—to be ready for any strain that may be imposed upon these precious organs.

We fit glasses to relieve eye-strain and consequent eye and headaches.

CABLE NEWS

Additional Cable News on Page 1.

COLUMBIA'S SURVIVORS REACH SHORE.

Eureka, July 22.—The survivors of the Columbia wreck have been brought here on the George W. Elder. Seventy-four of the total number of crew and passengers are missing. Among those saved are Purser Byrne and Chief Engineer Jackson.

Captain Dorn went down with his ship. His last words were: "God bless you."

San Francisco, July 22.—There are many pathetic scenes around the newspaper offices, relatives of those who sailed on the ill-fated steamer Columbia thronging the offices, seeking information.

PREFERS JAIL STAY TO GIVING TESTIMONY.

San Francisco, July 22.—Vice President Zimmer of the Pacific States Telephone Company, was re-committed yesterday for persisting in his refusal to answer questions when brought back into court. Zimmer is a witness for the prosecution in the bribery case against President Glass, of his company, and was sent to prison for contempt of court on Wednesday last, having since remained in jail.

CALHOUN DELEGATES ASKED TO WITHDRAW.

San Francisco, July 22.—At the meeting of the Industrial Conference yesterday a request was made of Patrick Calhoun, president of the United Railroads, to withdraw his delegates for fear that otherwise the harmony of the conference would be disrupted.

RUSSIAN BALLOON AND OFFICERS ARE LOST.

St. Petersburg, July 22.—Four army officers, who were carried away to sea while performing some evolutions in a military balloon, have perished.

KARL HAU HAS BEEN SENTENCED TO DEATH.

Carlsruhe, Germany, July 22.—Karl Hau has been convicted and is condemned to death.

BOWERY IS PROSPEROUS.

NEW YORK, July 22.—At the close of business today the deposits in the Bowery Savings Bank reached a total of \$100,000,000. This showing is said to be unprecedented in the history of savings banks. It is expected that this amount will be further augmented tomorrow, which is the last day on which deposits can be made in order to receive interest for the present quarter beginning July 1.

President Wood said the enormous increase in the deposits in the savings banks indicated the continuance of great national prosperity, the subsidence of the suburban real estate speculative fever and the return to normal conditions.

GUARDSMEN MAKE EXCELLENT SCORES

Boster and Ferreira Are Tied For The Medal

The men of the National Guard who are engaged in the competitive shoot on the Kakaako range for the medal offered by the National Rifle Association are making some excellent scores. The contest is still in progress, but already 120 men have shot and of this number nine have qualified as sharpshooters, to continue on the course for expert riflemen. Seven marksmen have qualified to continue on the sharpshooters' course, and 52 marksmen have fallen below the average which entitles them to go on in the contest. There are now 59 men, not including the sharpshooters.

Of those who have shot a number have made excellent scores. Col. San Johnson is in the lead, with a score of 49 out of a possible 50 at the 200 yard range. He, however, is not competing for the medal, as he has already won one and is therefore disqualified to compete for another. Captain Coster, Sergeant Joe Ferreira and George Karratti have scores of 48 each at the 200 yard range.

There is a tie between Captain Coster and Ferreira for the medal, each having a total score of 67 for the three ranges, 200 yards, 300 and 500. The tie will have to be shot off to decide who gets the medal. Those who have up to this time qualified as sharpshooters are the following: Col. San Johnson, Captain Thomas P. Cummins, Lieutenant-Colonel Arthur Coyne, Major William R. Riley, all of the staff; Captain Chas. M. Coster, of Company E; Captain Arthur W. Neely, Sergeant A. R. Phillips and Corporal John Stone, of Company F; and Private Luther A. K. Evans of the Signal Corps. Luther is the only private so far who has qualified as a sharpshooter.

HALF THE POLICE TELL ABOUT SWIPES

The swipes case was continued before United States Commissioner George A. Davis this morning, but was not finished and went over until this afternoon. Dr. Duncanson, the analyst, was on the stand and testified as to the character of the swipes, calling it a malt liquor which contained from 2% to 4 per cent of alcohol. There appears to be plenty of testimony against Kaupali and Kuni, the prisoners, half the police force being on hand to testify against them. If convicted the prisoners will be subject to severe sentences, both for brewing the swipes without a license and for selling it without one.

LUEWIKO CASE IS AGAIN CONTINUED

The matter of the petition of F. Lucwiko for a writ of mandamus to compel Land Commissioner Pratt to approve his receipt for the money appropriated by the Legislature to pay his claim against the Territory was called up by Judge Robinson this morning. John Cathcart, representing Pratt, asked for another continuance on the ground that he was not well, and on consent of Attorney Harrison, who represents Lucwiko, it was granted until next Friday afternoon.

PINKHAM PROPOSES

(Continued from Page 1) be run for less than \$12,000 a year if it is to be much of a factor in caring for children.

"There is no use in our trying to maintain a variety of institutions on the same basis as is done in larger cities. We are not large enough for that kind of thing.

"There is plenty of room in the Queen's Hospital grounds for the children's hospital. It could very well be located on Kinohiki street. Then the domestic arrangements of the institution, the operating rooms, etc., could be used for both and they could both be under one administration. This would reduce the cost of running the new institution nearly one-half.

"I do not mean that there should not be special physicians, surgeons and nurses for the children nor do I mean that we should not do all we can for the children. But this town has arrived at a point where the economic side of charity should have attention."

We keep a line of suitings that represent the BEST in colorings and quality of goods. Don't you want to be one of our pleased patrons? W. W. Ahana & Co., MERCHANT TAILORS 62 King St. PHONE BLUE 2741. P. O. Box 589

SUPERVISORS AGREE

(Continued from Page 1) (fandean, Nagaran Fernandez, Chas. Clark, Harry Klemme and Chas. Booth.

Murray reported that the committee had met the Supervisors and they had stated that it was a mistake to say that they had ignored the County Committee. They had made only one appointment and that under circumstances where they could not ask for endorsement. They promised that in the future they would be willing to ask for the endorsement of the Committee in case of appointments. Every man they employed would be endorsed by the Committee.

Both said the whole thing had been a misunderstanding. Murray said he did not think it was any use to dig up old kicks. Boyd moved to accept the report, which carried.

After this the committee went into executive session. The business of the executive session was to tackle the endorsements of a couple of candidates for the position of assistant clerk to the County Clerk, Hanalei, who has resigned on account of illness.

## KAUAI REGISTERS KICK

SAYS PRATT'S LOTS ARE  
NOT LARGE ENOUGH

KICKED OVER THE DELAY—NOW  
KICKS ON ACTION—WHAT  
GARDEN ISLAND SAYS  
ABOUT IT.

No sooner does the settlement of Kauai's land troubles approach than Kauai begins to hammer Land Commissioner Pratt editorially. Heretofore the kick has been over the alleged delay. The Garden Island says: "Mr. Pratt, in his capacity of Land Commissioner, paid Kauai a visit last week after having failed to do so, although he had announced monthly for a year or more that he would personally make himself acquainted with the land and conditions that he has been trying to handle at Kauai."

"He has now come to the conclusion that everybody ought to be given enough land so that the owner can earn a good, comfortable living for himself and family out of it, and forty acres is the size of a patch that just fits this requirement."

"Probably Mr. Pratt believes that such is the case, but if he looked a little into the matter he would probably modify his opinion somewhat."

"Mr. Pratt pooh poohs the remark that only ten to twelve acres of cane can be harvested yearly from a 40-acre lot after house lot, truck garden, pasture for animals and road is taken off. There are a few men here in the Territory, some fifty odd in all, who are the heads of large sugar plantations and have earned their right to hold such positions by long experience and intelligent experiments in cane culture and sugar manufacturing. These men have found that with all the appliances that are at the command of large corporations they can only manage to profitably crop about a third of their field areas each year, which experience applied to the Kauai homesteaders would mean that they could harvest the cane on about twelve acres a year provided everything went smooth."

The Kapaa lands have given an average yield of three and three-quarter tons of sugar to the acre during a period of ten years. The cost of bringing the product from seed to shippable goods vary somewhat at the different plantations, but it is safe to say that a small planter could never hope to produce his sugar at the same cost that corporations with an output of thousands of tons succeed in doing. Putting the average cost of his sugar at \$50, which is probably very low, and the average net price at \$60, which is certainly high, it would be a profit of \$10 per ton of sugar or \$37.50 per acre, or \$450 for his yearly crop. Out of this amount he has to pay his taxes, his water rate, the upkeep and fences and a few other outlays that do not go into the cost of production. The balance may possibly support a family but not in an American style. Neither will it leave a cent over to be put aside for a rainy day, as American farmers generally do. This calculation could have been done by most of the boys who have graduated from the Kapaa school and probably also by the help in the land office. Mr. Pratt should have asked his clerks for some figures before he acted in the matter of fixing the size of the homesteads, then he would possibly have offered something that would have helped him to carry out the administration's policy "to man the land." Under the contemplated conditions it will be "to keep the land."

## KAUAI TAXES

Lihue, Kauai, July 15.—Tax Assessor Farley has prepared a statement of the taxes collected on Kauai and Niihau during the six months ending June 30, 1907, showing that the County will be the gainer of some six thousand dollars over last year's receipts.

The amount to be divided between the Territory and the County of Kauai in July, last year, amounts to \$102,290.70, while the statement shows that there will be \$108,014.54 for distribution this year, or as said, a gain of nearly six thousand dollars. In addition to this amount the County will also receive one-half of the income taxes that have been paid in Honolulu on account of income derived from Kauai property.

This seems to indicate that the island has had a pretty prosperous year, and presumably that is so, but the collection of taxes during the next six months will fall considerably short of the present showing, and the surplus that will swell the County Treasurer's coffers in a few days will be needed to meet the obligations which the County has entered into.

## CLEANED UP SHANGHAI

MAN IN NEW YORK TELLS  
OF WHAT ROOSEVELT DID

WHY JUDGE WILFLEY WENT  
AFTER LAWYERS AND OTHERS—DRASTIC METHODS WITH OTHERS.

James E. Dever, arriving yesterday on the Campanian, finishing a circuit of the globe, told how Roosevelt had "cleaned up Shanghai," says the New York World of July 14. When Secretary Taft returned two years ago from his celebrated trip to the eastward he reported to the President that in that treaty port, famous throughout the world, he named "American" was synonymous with "crook," "disorderly" and "dive-keeper." The President became exceedingly angry over the report and immediately determined to change this order of things and adopt the most drastic measures to purge not only the American concession but also the whole city of Shanghai of its "undesirable" citizens, whether a strict interpretation of international law or extra-territorial rights would bear him out or not.

"I will change all this," the President is alleged to have declared, "so that the name of American instead of being a reproach and a by-word throughout the treaty ports shall be a synonym of honor."

For the purpose of conducting his moral crusade President Roosevelt selected Judge Willey, who had performed a similar work in Manila, for the post of Extra-Territorial Judge at Shanghai. A complete court was given to Judge Willey. His clerk is a graduate of Columbia, who has written several books on international law, and his prosecuting attorney is a bright young man, not yet forty. He has also a staff of bailiffs, who gather in the disreputable Americans wherever they find them, within or without the American concession. Mr. Rogers, the American Consul, is an able second to Judge Willey.

"To Shanghai had floated," said Mr. Dever, "the dregs and lowest outcasts of the Pacific coast and the interior States. Many of them had been cast out of Manila. The men outcasts were swindlers, cheats and cheap confidence men, living by their wits from hand to mouth. They even posed as lawyers, but Judge Willey established an examination that they must pass and threw the shysters out of court."

"Every woman, every man that could not give a good account of herself or himself and prove that her or his living was honestly earned was haled before the court. Every one was fined \$1000 in gold and ordered out of the city, until the steamboats running up and down the river were crowded with the poor creatures fleeing from Shanghai, but having no place to which to turn."

"Reputation was enough to warrant a bailiff in arresting a woman or a man, and Judge Willey made short shrift of the disreputables until the name 'American' in Shanghai was no longer synonymous with 'disorderly.' "I saw a woman arraigned who acknowledged she was an American, but pleaded for a further hearing. When she came into court on the next day she had changed her nationality and said she was Spanish. 'You were American yesterday and American you are today,' said the Judge. 'One thousand dollars fine is your sentence and out you go on the next boat.'"

"The English and some of the other nations holding concessions are highly pleased with the thorough way the Americans have cleaned up the city and are seconding President Roosevelt's efforts, but some of the other governments, in whose concessions grafting has been going on, are not so well pleased. The American concession, like the English, which adjoins it, is policed by three kinds of policemen—English bobbies, Sikhs and Chinamen, the last named a concession to Chinese prejudices, the natives preferring to take orders from their countrymen."

### SUN RESPONSIBLE.

One of the most brilliant editorial writers of the age, a Frenchman named M. Harduin, has published the following prophecy, which will be found interesting by tracing back the wars of modern as well as ancient times. He says:

"War between the United States and Japan will inevitably occur in a more or less near future."

"Why? Because humanity is subjected to certain physical influences from which it can not escape."

"As it was predicted (by me) that the Russians would be driven out of Manchuria, so can it be foretold that in the struggle between the United States and Japan, it is the latter that will be overcome."

"This will not be due to any reason of superior military value, but because of a general physical law, a superior influence."

"I have once before explained what this law is. The earth revolves from west to east, and humanity is swept in the opposite direction by the solar rays which strike this planet. By reason of this movement the throngs of humanity descended from the lofty plateaus of Asia and made their way across Europe till they came to the ocean which stopped them. But, as soon as the United States was discovered the westward march of humanity began again. The struggle which has begun between the United States and Japan is only a further evidence of this westward trend of humanity forever pushed onward by the solar rays. "This is why the Americans will be victorious over the Japanese, who will have to fight not only against men, but against the forces of nature. This is the reason why Russians, having undertaken to march against the sun, were hurled back upon their tracks."

## BEWARE OF IMITATIONS

Cheap Substitutes and  
"Just As Good As."

Unscrupulous dealers, mindful only of profit and caring nothing for the health of their patrons, are offering for sale low-grade, impure whiskey, which they tell you is as "good as Duffy's."

It is a cheap concoction and fraud, intended to deceive the people. Of course, when a remedy has been before the public so long, has been prescribed and used by the best doctors and in all the prominent hospitals, and has carried the blessing of health into so many thousands of homes as DUFFY'S PURE MALT WHISKEY has, imitations are bound to arise. But they can imitate the bottle and label only—no one can imitate the contents.

DUFFY'S PURE MALT WHISKEY is made from a formula worked out fifty years ago by one of the greatest chemists the world has ever known, and while it has cured millions of people during the last half century, the secret has never been discovered.

Any firm that will sell imitation or substitution goods will sell impure drugs. The firm that is dishonest in one thing would not hesitate to be dishonest in another. Whenever you see imitation and substitution goods offered for sale by a firm, beware of anything and everything put up by that firm. You endanger your own life and the lives of your family and friends by dealing with them.

### BEWARE OF FRAUDS!

## Duffy's Pure Malt Whiskey

is sold in sealed bottles only—never in bulk. A facsimile of the genuine bottle, full size, is printed here so that you may easily recognize it. It is our own patented bottle—round, amber colored, and with the name "Duffy's Malt Whiskey Company" blown into the glass. The trademark—the Old Chemist's Head—is on the label, and over the cork there is an engraved paper seal. Be certain this seal is not broken.

### REFUSE IMITATIONS AND SUBSTITUTES

When you ask for DUFFY'S PURE MALT WHISKEY be sure you get the genuine which is the only absolutely pure malt whiskey containing medicinal, health-giving qualities. Imitations and substitutes, far from relieving the sick, are positively harmful. Demand DUFFY'S, and be sure you get it. Be on your guard against refilled bottles.

Duffy's Pure Malt Whiskey promotes health and longevity,  
KEEPS THE OLD YOUNG—THE YOUNG STRONG

It is the only whiskey recognized by doctors everywhere as a medicine. This is a guarantee.

The genuine is sold by all reliable druggists, grocers and dealers, or direct, \$1 a bottle. Illustrated medical booklet and doctor's advice free. Address Duffy Malt Whiskey Co., Rochester, N. Y.

## No More Faded Prints

Not if you use the new N. A. Velox Liquid Developer, which puts out a danger signal. It turns the print to a canary yellow, and this yellow does not disappear till the fixing is COMPLETE. Prints so developed will be permanent.

Meanwhile it is to be hoped the patients at the Queen's Hospital are getting well.

Korea's government will soon be extinct, if Japan's benevolent assimilation continues by the machine gun route.

Doctors and druggists are now engaged in the glorious sport of giving each other pills. And then saying to the public "Watch him swallow that."

Douglas, the great shoe man, not only says that the way to make a million is found in newspaper advertising, but he spends money to publish this statement in a New York newspaper.

If the business done during the vacation may be accepted as an indication of the best tonic, it would help out some for the Exchange to hold vacation sessions at least every other week.

Kanal is very hard to satisfy. It was not satisfied when Land-Commissioner Pratt failed to put in an appearance. It was not satisfied after Pratt arrived. Its land hunger must be great.

John D. Rockefeller's daughter has told the newspapermen that her father gives no attention to business and dollars, but is constantly "in the clouds with his God." Now there's a loyal child.

There will be no war between any nations of the earth bordering on the Pacific, while Honolulu gives its undivided attention to other matters. Such being the case, the war of the doctors and druggists is a valuable diversion.

Hawaii's Trans-Pacific race defender should be a yacht that will line up with the best to be found on the Coast. In the first race Hawaii proved it had more courage than all others put together. Now it should prove that it has the enterprise that will produce sailing speed.

President Roosevelt is all right when it comes to handling the navy. By ordering a big fleet on a long trip, he has demonstrated to the American people that without constant prodding they would build ships for the privilege of letting them rust in idleness, and become absolutely useless for the purposes for which they were constructed.

It would have been a withering shame had Secretary Smith sent Dr. Judd the following:  
"De worl'll keep a-rollin'  
De minute dat you gone;  
Had folks enuff ter fill it  
'Fo' you ever raise en bo'n!"

But it would have represented better judgment than a vote of thanks which bore undeniable marks of being an afterthought.

It is possible that the loss of the Columbia may have some effect on the steamship service of Honolulu. About the time steamships are most needed for Honolulu tourist business

we may learn that owing to a "shortage of ships" it will be impossible to fulfill the promises "as expected." When Honolulu learns to take a vigorous hand in shaping its transportation future, it will get wisdom.

**HOSPITAL TRUSTEES SHOULD STATE FACTS.**

Before a correct conclusion can be reached regarding the affairs of the Queen's Hospital it is necessary that the trustees of the institution make a full statement of their reasons for the action in disciplining certain physicians, Drs. Judd and Hodgins, for failure to accept the regulations of the institution.

Up to the present time Drs. Hodgins and Judd are doing all the talking for publication.

Trustees of the hospital have talked, but not for publication. It is up to the trustees to get down to business and let the public know for what exact and specific reasons those physicians have been subject to special recognition by the Board, and wherein they have violated the rules or injured the morale of the hospital management.

When this is done, then and not till then is the public in a position to draw an honest and fairly exact conclusion as to the merits of the case, and perhaps be able to make valuable suggestions for the proper remedy of the difficulties that have arisen.

At the present time there is much side play or mixing of issues which is liable to befog the whole situation and perhaps delay the reforms which friends of the institution desire to bring about.

It is always hard to eliminate personalities from principle when a controversy becomes warm, and old friends are punching each other in the ribs.

It is nevertheless a fact that obedience of the rules by physicians making use of a hospital, and the purchase of drugs by hospital authorities are two distinct propositions. Each should be handled separately and dealt with on its merits.

Just at the present time the controversy looks something like this: The executive officer of the hospital and two physicians had differences as to observance of regulations; the executive officers took the physicians to task, whereupon the physicians turned around and said in effect: "What's your matter. You are under the thumb of the Secretary, and all your drugs are bought at his place of business."

Having delivered themselves of the same thing in different forms many times, they each said "Yan! Yan!" and passed it over to the trustees and the public.

Therefore the virtue of the powwow in its present form consists of that time-honored custom of the pot calling the kettle black. The public is fickle, but there is no cause for it to jump at conclusions and be in the position of the two young physicians who called an old-timer into consultation. The consultation consisted in the young men telling their reversed senior what they intended to do. He responded, "Go ahead. I killed four patients before I learned that was not the best method."

This case into which the public is called is a serious one because it has to do with a public institution, but it is hardly proper to proceed with the carving before all the facts are known.

So far as the drug business is concerned: The first thing to learn is whether the law has been violated or evaded. Then whether the taxpayers have lost money under the scheme of purchase that has prevailed.

Finally, after all these details of information have been spread before the public, and the controversy settled.

Justice can afford to remove the bandage from her eyes and take one of those long-earned rests that are characteristic of her in Hawaii after one of these spasms of activity.

The Bulletin would respectfully suggest to the Trustees of the Queen's Hospital that they bear ever in mind this review of "the four best disinfectants."

"The best natural disinfectant is sunshine."  
"The best germ disinfectant is formaldehyde."  
"The best physical disinfectant is soap."  
"The best moral disinfectant is PUBLICITY."

**AMERICA'S MIND AND JAPAN'S.**

[Chicago Daily News.]

The effects to be produced on the collective minds of Japan and the United States by the cruise of the American fleet of battle ships from the Atlantic to the Pacific seaboard of North America will afford material for an interesting study of "mob psychology." The masses and distances involved are in themselves so great as to stir the imagination. This cannot help but stimulate attention to the fleet as a potential factor of international relations in the Pacific, bearing particularly on the insertion of provisions for the exclusion of Japanese immigrant labor from this country and for the open door in the Orient, in the new Japanese-American treaty.

The effects on public opinion are of practical import. For while the American administration and the Mikado's ministers are approaching their task in harmony, each government, under its constitution, must follow the dictates of the popular will behind it.

In the United States the announcement of the general navy board's plans has met with popular approval. America wishes to be neither a braver nor a braver. The American people have great admiration for the Japanese people and want their treaty rights respected. But there is a widespread feeling that in the national administration's efforts to do justice to the Japanese in San Francisco there has developed incidentally an attitude that may be misinterpreted as fear and trembling at Japan's new greatness. A competent fleet planted in the Pacific will be merely an expression of this nation's dignity and self-respect.

But the reaction that will be produced upon the Japanese mind by the advent of so many American battle ships in Western waters is not easy to foretell. Lafcadio Hearn pointed out a few years ago that, despite the mar-

velous awakening of Japan, the Japanese had not yet got the sense of mass that characterizes Western civilization. In their war with ponderous Russia the Japanese required an enthusiasm for business. Will the transfer of a large American fleet to the ocean facing their islands impress them with the immense resources and power of the United States? Or will it have the effect of a large red banner waved in the face of a heliocyte bull?

In either event it is necessary for the Americans to do justice to treat Japan with respect and to maintain their rights.

**HARRIMAN THREATENS TO FOLLOW EXAMPLE.**

NEW YORK, July 9.—During a luncheon on board of the Southern Pacific Company's new turbine steamship, the Crocle, E. H. Harriman startled those present by announcing that since the United States Government had recently chartered foreign steamships to carry coal to the Pacific Coast he would do the same.

"The bars are down," said Harriman, "and I am going to ship coal to the Pacific Coast in foreign vessels."

That he proposed setting the navigation laws of the United States to one side aroused his listeners. There were several present who called attention to the navigation laws that expressly state that a foreign ship shall be confiscated if she engages in coastwise trade in the United States.

That the Government about two weeks ago made charters with representatives of foreign cargo steamships to carry coal to the Pacific Coast became first known afterward, and it was suggested that the Government could not break its own laws. The Secretary of the Navy acknowledged that such charters had been made, and asserted that it was impossible to obtain vessels under the American flag to carry coal.

Whether or not the conditions in time of peace will allow such charters to pass unchallenged remains to be seen; but many of Harriman's hearers stated their belief that an attempt on his part to send coal to the Pacific Coast for commercial use in ships not flying the American flag would open the way for serious complications.

**COMING OF ISHII.**

WASHINGTON, July 9.—At the Japanese Embassy today the explanation was made that Director Ishii of the commercial bureau of the Foreign Office had contemplated a trip to America for some time. Nothing would be more natural, said Counselor Miraoka, than that the director should make a trip across the ocean as part of his summer vacation and at the same time should devote some attention to the Japanese consulates in the United States, of whose direct supervision he is in charge. This bureau incidentally takes cognizance of certain immigration matters that come under the bureau of foreign affairs.

"The visit of Mr. Ishii," said Miyakawa, "must not be regarded as significant and any ulterior motives which may be associated with it must be ascribed to the jingo newspapers of Japan."

The BUSINESS MAN'S HANDBY INDEX, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75¢ per month. Weekly Bulletin, \$1 per year.

Pretty Tough—"I can't see," muttered Ragged Richard, turning in vain to find a comfortable position in the lumps of coal, "I can't fer de life o' me see why dey calls dis here ear 'de tender'."

**ALEXANDER YOUNG HOTEL AND CAFE**  
not more than one hundred and fifty yards from the entrance to the Hawaiian Hotel, will furnish board on the European plan to roomers at the Hawaiian Hotel at regular rates. Meals may also be served in the rooms of the Hawaiian Hotel, when required, at an additional cost of service.

The Alexander Young Hotel dining rooms are located on the sixth floor of the building, away from the dust and din of the street, and are reached by a pair of swift-running elevators in the northern entrance to the building. On the fifth floor there is a lounge room where guests may rest, and adjoining this, there is a roof garden of one-third of an acre, from which beautiful views of the surrounding country may be had.

**HOSTETTER'S**  
CELEBRATED  
  
**STOMACH BITTERS**  
If you want to enjoy robust health, take a few doses of the Bitters. It will make the stomach strong and the blood pure. Our past record of over 50 years proves its worth. It cures Indigestion, Dyspepsia, Heartburn, Costiveness, Female Complaints, Malaria, Fever and Ague. Try a bottle today.

**TO KILL FLEAS**

Editor Evening Bulletin:—I have been reading "Unity" and I find it has something on fleas, in which, I understand, the health authorities are interested. Under query 28 of the Healing Department the question appears as follows: "Will the editor of the Healing Department in Unity kindly give treatment for fleas? And also please tell me why I am the only member of our family whom they seem to bite. I am actually afraid to have a cat or a dog near me (and I love them dearly) for fear of getting a flea?"

This is the answer—"Fleas represent mental dexterity in dealing with the primal life of the Universe. They are attracted by those who are full of vitality. Instead of fearing and opposing them, make friends with them. Say to them "You are no longer at fault."

THE ROYAL HAWAIIAN HOTEL  
HONOLULU, T. H.

**Notice.**

During the dull season, from August first to December first, the HAWAIIAN HOTEL

will be conducted as a first-class apartment hotel only. Although the dining-room and kitchen departments will be closed during these months, redoubled efforts will be made by the management to secure both comfort and pleasure for the patrons of this famous and tropically-beautiful hostelry of world-wide renown.

The spacious areas on the wide porches, hitherto occupied in the winter for breakfasts, luncheons and dinners, will be set with tropical plants in lieu of tables.

THE ALEXANDER YOUNG HOTEL AND CAFE

not more than one hundred and fifty yards from the entrance to the Hawaiian Hotel, will furnish board on the European plan to roomers at the Hawaiian Hotel at regular rates. Meals may also be served in the rooms of the Hawaiian Hotel, when required, at an additional cost of service.

The Alexander Young Hotel dining rooms are located on the sixth floor of the building, away from the dust and din of the street, and are reached by a pair of swift-running elevators in the northern entrance to the building. The upper works of the schooner Mai Wahine are receiving a general caulking.

The Oceanic steamer Alameda pulled over to the railroad wharf this morning to take on in the neighborhood of 6000 sacks of sugar and a large quantity of green hides. She will sail for the Coast tomorrow morning.

The U. S. quarantine launch Oahu is receiving a new coat of copper below the water line. The new cabin of the launch is under construction, and it is expected that she will go into commission about the end of this month.

Quarantine regulations are being strictly enforced regarding all incoming vessels. The quarantine was to be raised tomorrow, but the authorities in charge of that branch of the service have seen fit to extend the time for 30 days longer.

The local agents of the Oceanic Steamship Company report that the Alameda will make but one more round trip, after which she will haul up for much needed repairs. The Sierra will take the Alameda's run while the latter is laid up.

The four-masted schooner Aloha sailed this morning at half-past eleven for Kaunapali. She will deliver at that place a little over 75 tons of general cargo that she brought from San Francisco and take on 1400 tons of sugar. The Aloha had a rat-killing fumigation yesterday afternoon.

This is departure day along the Inter-Island wharfs. The Kinau left at noon with a fairly sized passenger list. At 5 o'clock the Hall will leave for Kauai ports and at the same hour the Iwani will get away for Maui and Molokai. The Keauhou and Mikahala will also depart on their regular runs.

The Kinau departed on time today noon. She carried a fairly good sized passenger list and a full cargo of freight. Eight fine looking mules were shipped to Hilo by the Kinau. There was a large crowd at the wharf to see their friends off. Leis were in profusion. The Kinau took 94 bags of mail.

All of the steerage passengers and the crew of the Alameda were taken to the quarantine station this morning on the Cummins for the purpose of being fumigated. They were returned to the Alameda after the operation, and none of them will be allowed to come ashore again while the steamer is in port.

The Alameda will carry an exceptionally good sized freight cargo to the Coast tomorrow. There are 4000 cases of canned pineapples on board now. Bananas have been pouring in since Saturday morning and will amount to over 4200 bunches that will be carried on deck. In her cold storage department is a shipment of 500 cases of green pines. A shipment of wool, consisting of 190 bales, is a part of the cargo this trip. The wool is from the Gay ranch on Lanai.

Cotton Bros' big dredger has been hauled to the new Kinau wharf and is being thoroughly overhauled for the purpose of dredging out the debris occasioned by the blasting which has been going on for some time. The work of clearing out the slip was of more magnitude than at first supposed. The obstructing ledge of rock extended clear across the slip. It will be some time yet before blasting will be finished, but this will not prevent clearing away the rock that has so far been dislodged.

The British steamship Pondo, Capt. Narge, came into the harbor this morning at 8 o'clock, 17 days from Wellington, New Zealand. Capt. Narge reports fairly good weather the whole trip across. The Pondo brings 150 tons of sulphate ammonia and 20 tons of general merchandise for Honolulu, and will remain in port but one day, or barely long enough to discharge the freight she has for here. The balance of her cargo, consisting of miscellaneous freight, she will take on to Vancouver, B. C. The Pondo has made several trips to this port already with coal.

### HITS AT TRUST GOODS.

AUSTIN, Tex., July 11.—The most drastic anti-trust act enacted in any state goes into effect in Texas tomorrow. It provides, in substance, that any person who represents as agent or sells goods made by a trust or combine shall be deemed guilty of a felony and, upon trial and conviction, shall be punished by confinement in the penitentiary for from two years to ten years. Its provisions apply to all merchants who sell trust-made goods and all persons who may be directly in the employ of such concerns in this State. It is announced by Attorney General R. V. Davidson and his assistant, J. P. Lightfoot, that they intend to enforce the law to the letter. The bill was drawn by Mr. Lightfoot and his particular object was to use it as an instrument to drive every trust and unlawful combination out of Texas. Merchants do not care to run the risk of a term of imprisonment for selling such goods and many of them have already taken steps to quit handling such articles.

## WEEKLY WEATHER BULLETIN

HONOLULU, July 22, 1907.  
GENERAL SUMMARY.

The greatest amounts of rainfall during the week were reported from the northeastern, and the Kona districts of Hawaii, the north-eastern districts of Maui, and the eastern portion of the Koloa district of Kauai. On Hawaii they ranged from 1.39 to 4.33 inches in the Hilo, and 1.17 to 1.68 inches in the northeastern portion of the Koloa, the southern portion of the Hamakua, and in the Kona districts. In the Keolu, Hamakua and Hamakua districts of Maui they varied from 1.26 to 2.12 inches, and was 1.06 inches in the eastern portion of the Koloa district of Kauai. In the remaining districts of Hawaii the amounts ranged from .10 to .99 inch; from .00 to .14 inch in the Kula, Wailuku, and Lahaina districts of Maui, and .00 to .60 inch in the remaining districts of Kauai. On Oahu the amounts ranged from .00 to .35 inch, and on Molokai from .09 to .63 inch.

At stations having a record of ten or more years the total amount was below the average at all stations on Hawaii, excepting excesses of .02 inch at Kealahou (Davis), .18 inch at Kohala Mission, and 2.66 inches at Ooaka; the deficiencies ranged from .03 inch to 1.18 inches. All stations on Oahu report weekly deficiencies ranging from .06 to .59 inch. The departures from the average on Kauai varied from an excess of .11 to a deficiency of .49 inch.

The rainfall was greater than that of the preceding week .10 inch to 3.65 inches at all stations on Hawaii, excepting deficiencies of .03 inch in the Puna, and 1.32 to 1.59 inches in the extreme southern portion of the Hilo, and in the Kona districts—the greatest changes occurring in the Kona and Hilo districts. On Maui the amounts were from .00 inch to 1.54 inches greater than last week's; from .13 to .47 inch less on Oahu, excepting an excess of .23 inch at Waimanalo; .46 inch to 1.16 inches less on Kauai, and from an excess of .29 inch to a deficiency of .47 inch on Molokai.

The mean temperatures for the week generally showed but a slight change from those of the preceding week, and were generally lower on Hawaii, and Maui, and higher on the remaining islands. The greatest changes were: .2° at Haouia, Oahu, and 1.6° at Kihui, Maui; and —1.6° at Hilo, Hawaii, and —1.2° at Puunene, Maui.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the Group:

|              | TEMPERATURE. | RAINFALL.    |
|--------------|--------------|--------------|
| Hawaii       | 73.5         | 1.62 inches. |
| Maui         | 74.5         | 1.99 inches. |
| Oahu         | 77.0         | 0.19 inch.   |
| Kauai        | 76.1         | 0.45 inch.   |
| Molokai      | 76.1         | 0.33 inch.   |
| Entire Group | 75.1         | 1.07 inches. |

At the local office of the U. S. Weather Bureau in Honolulu generally partly cloudy weather obtained, with measurable rainfall on the last three days amounting to .13 inch, .22 below the normal, and .16 less than during the preceding week. The maximum temperature was 83°, minimum 72°, and the mean 77.8°, .2° below the normal and .4° higher than last week's. The mean relative humidity was 65%, and the prevailing wind NE, with an average hourly velocity of 8.9 miles.

#### REMARKS BY CORRESPONDENTS.

(Note:—The figures following the name of a station indicate the date with which the week's report closed.)

#### ISLAND OF HAWAII.

Puakea Ranch (18)—Very high, excessively warm winds prevailed during the entire week. The rainfall was .57 inch, .29 more than during the preceding week.—A. Mason.

Kohala Mill (18)—The mean temperature was 75.0°, and the rainfall .81 inch, .16 below the average, and .35 more than last week's.—T. Holtum Lillie.

Kohala Mission (19)—The rainfall amounted to 1.17 inches, .18 inch above the average, and .45 more than last week's. The mean temperature was 78.8°.—Dr. H. D. Bond.

Niuli (18)—The mean temperature was 74.6°, and the rainfall .74 inch, .27 less than the average, and .28 more than last week's.—F. C. Paetow.

Papaouahu (18)—The rainfall amounted to .99 inch, .69 more than last week's, and .63 below the average. The mean temperature was 75.6°.—Papaouahu Sugar Plantation Co.

Papaouahu (18)—A cloudy week with light rains day and night, amounting to 1.66 inches, .92 more than during the preceding week. The mean temperature was 69.7°.—C. R. Blacox.

Ooaka (18)—The days were very warm with a mean temperature of 73.2°, and nights generally showery, the rainfall being 4.33 inches, 2.66 above the average, and 3.65 greater than last week's.—W. G. Walker.

Lanipahoehoe (18)—Very warm weather and light winds obtained, with showers on six nights amounting to 1.63 inches, 1.13 below the average, and 1.05 greater than last week's.—E. W. Barnard.

Papaouahu (18)—Showers occurred on six dates and amounted to 1.96 inches, .59 inch more than last week's.—C. McLennan.

Honohina (18)—Daily showers occurred, amounting to 1.92 inches, .92 more than last week's, and .17 inch below the average.—W. Elliot.

Hakatau (18)—The mean temperature was 75.8°, and the rainfall 1.68 inches, .34 inch below the average, and .84 more than during the preceding week.—J. Franer.

Pepeekeo (18)—Daily showers occurred and amounted to 1.85 inches, .43 inch below the average, and .29 greater than last week's. The mean temperature was 75.5°.—A. Rattray.

Papaikou (18)—Rains occurred daily and amounted to 2.48, 1.88 more than during the preceding week.—John T. Moir.

Hilo (18)—The mean temperature was 74.0°, with daily rains amounting to 1.39 inches, 1.01 below the average, and .38 inch more than last week's.—L. C. Lyman.

Ponahawai (18)—Rain occurred daily, amounting to 2.47 inches, 1.18 more than during last week. The mean temperature was 71.2°.—J. E. Gamalielson.

Kaunama (18)—The mean temperature was 70.4°, with daily rains amounting to 2.59 inches, 1.32 more than last week's, and 1.07 below the average.—J. E. Gamalielson.

Kapoho (18)—Strong E. winds prevailed, with a mean temperature of 74.2°, and .65 inch of rainfall, .59 below the average, and .03 less than during last week.—H. J. Lyman.

Naalehu (17)—There were but two light showers amounting to .10 inch, .46 below the average, and .16 more than last week's. Heavy rains have occurred in the mountains.—C. Henry White.

Kealahou (17)—The mean temperature was 71.0°, and the rainfall 1.88 inches, 1.59 less than last week's, and .62 inch above the average.—Rev. Samuel H. Davis.

#### ISLAND OF MAUI.

Huela (18)—Rains occurred daily and amounted to 2.12 inches, 1.42 more than last week's. The mean temperature was 72.5°.—Wm. F. Pogue.

Nahiku (18)—Light showers occurred each day and amounted to 1.68 inches, .26 inch more than during the preceding week. The mean temperature was 72.6°.—C. O. Jacobs.

Haiku (18)—Moderate trade winds prevailed, with warm, sunny days and cool nights. The mean temperature was 73.5°, and the total rainfall, 1.74 inches, 1.54 more than last week's.—D. D. Baldwin.

Peahi (18)—Showers occurred on six dates and amounted to 1.66 inches, 1.48 more than during last week.—Geo. Groves.

Hana (18)—The mean temperature was 76.1°, and the rainfall 1.26 inches, .77 inch more than during the preceding week.—Geo. O. Cooper.

Kihui (16)—There was but a trace of rainfall during the week. The mean temperature was 78.4°.—Wm. A. Sparkes.

Puunene (19)—There has been no rain since June 2nd. The mean temperature was 75.9°.—Wm. Seabury.

Wailuku (18)—Generally partly cloudy weather obtained, with a mean temperature of 76.0°, and .14 inch of rainfall, that amount greater than last week's.—Bro. Frank.

#### ISLAND OF OAHU.

Kahuku (19)—Clear, warm weather and high "trades" prevailed, with a mean temperature of 77.4°, and .27 inch of rainfall, .09 below the average, and .49 less than last week's.—R. T. Christopherson.

Haouia (19)—Cloudy weather obtained, with rainfall on five dates, amounting to .35 inch, .13 less than last week's. The mean temper-

## TENNIS MEN INTERESTED

Not only are the racket wielders of Honolulu looking forward to the coming tennis championships, that will alternate with the Polo games, but the tennis players from Maui, Kauai, Hawaii and Ewa. Each of these places has tennis clubs and these clubs are planning to send their crack players to win some of the cups that will be offered for the various events.

Richard Cooke has mailed invitations to the various clubs to participate in the matches and the tourney now takes the shape of an Inter-Island championship affair and the winners will be declared the champions of the Territory.

Hawaii will probably send such men as Vickers, Haged, Metcalf and Baldwin. Maui, Savage and Krumbarr, while from Ewa will come the two cracks, Greenfield and McKeever.

The events will be played on both the Beretania and Pacific courts and will alternate with the polo matches.

The championship events that will be contested for are: Men's singles, men's doubles, ladies' singles, ladies' doubles and mixed doubles.

W. P. Roth at present holds the championship and has won the cup offered for that event. A new cup will be hung up.

Miss Horner is the lady champion of the country and stands a fine chance to win again. Her closest competitor, Miss Van-Vilet, has left the Islands.

W. P. Roth and C. Cooke took the doubles championship last year. Misses Horner and Ward won the ladies doubles.

All of the above events will be recently contested in this coming tourney and with the other Islands represented there is sure to be much more interest shown and the tennis fans will have a change of witnessing new faces.

W. Warren, perhaps the best of the younger tennis material, will soon leave for the University of California. Warren will be missed by the Beretania Club.

Al Castle is playing at the Beretania courts and is playing a good stiff game.

The Country Club will be the scene of many matches in the near future as they are now constructing their new court under the supervision of A. T. Brock.

## AT HENLEY

Henley, Eng., July 5.—The Belgians won the Grand Challenge Cup today, defeating Christ Church, Oxford, by a short length in the final race of the regatta on the Thames. The time was 7 minutes and 31 seconds.

This makes the second consecutive victory for the Belgian oarsmen. When they won the principal Henley trophy last year many said it was a "fluke," but there is no excuse to offer this year. They had a better crew.

In the diamond sculls, Capt. Darrell, of the First Life Guards, defeated Alexander McCulloch a length and a quarter. Capt. Darrell's time was 9 minutes and 24 seconds.

## BARNEY JOY A FIND

That it does not pay to discard a ball player too hastily is shown by the work that Barney Joy is now doing for the Seals. When the big fellow first occupied the club he was roasted to the Queen's taste and it was generally thought that he was the biggest kind of a "lemon." However, by a little perseverance the husky twirler has managed to get better control and he is learning to break at the proper angle, so it would not be at all startling to see him develop into one of the stars of the league. There is one department in the game where he outshines all of the other pitchers and that is in batting. He certainly can lambast the horsehide and with careful coaching and practice there is no reason why he shouldn't learn how to field bunts and pick up all the finer points of the game. A little more boosting and less knocking will help the Honolulu chap a heap.—Exchange.

Although in Jeffries' class when it comes to carrying sprints, Barney Joy is not a savior on the bases. Twice yesterday he was called upon to sprint at a lively clip for the plate and managed to make connections.—Exchange.

## PRIZES FOR BOWLERS TODAY

Merchandise prizes will be offered to bowlers today and tonight. High scores in ten-pins, duck pins and five-back will all be awarded prizes.

These competitions are creating much interest among the bowlers and some good scores may be expected today.

## HEALANIS TURN OUT WELL

The waterfront is presenting a busy aspect these evenings with many crews from the Myrtle and Healanis Boat Clubs out in the barges practicing hard for the coming races.

There is the same old hard-working spirit at the Myrtle Club which has carried the red and white to victory so many times.

What is pleasing the lovers of rowing most is the manner in which the Healanis boys are turning out. Last evening this club had five crews out and they were all working as though they were out to win. There are many new oarsmen working for the Healanis and there seems to be the spirit that the club will win with new men or that they will lose with new men. Bob McCarriston and Paul Jarrett will not be seen in a boat this season. These lads will devote their time mostly to coaching. Together with Lloyd Conkling and John Clark the club will have ample coaching.

If Conkling coaches the Freshmen crew he will probably steer them.

Just at present the pair-oar, Freshmen, Juniors, Intermediate and Seniors are working.

Captain Frank Beckert will soon be seen in a boat. Beckert cut his hand a couple of weeks ago and it kept him out of rowing up to the present time.

## GOLFERS ENDING TOURNEY

The last round played in the Honolulu Golf Club tourney at Moanalua resulted as follows: A. H. White beat E. O. White, four up and three to play; E. O. White beat F. Klebahn, four up and three to play; C. E. Edmunds beat H. Walker, two up; F. Larnder beat H. A. Wilder, five up and three to play.

There now remains in the match A. H. White, E. O. White, C. E. Edmunds and F. Larnder.

Golfers are all watching with interest the outcome of this tourney.

## SHOOT FOR PALMA TROPHY

New York, July 5.—The Executive Committee of the National Rifle Association of America has decided upon the manner of tests for the places on the rifle team which will represent the United States in the international contest for the Palma Trophy, which will be held at Rockville Range, Ottawa, Canada, Sept. 7.

The team will be selection in the following manner:

First—A preliminary contest will be held at the new Ohio range at Port Clinton on August 15 and 17. Anyone desiring to enter this contest will furnish a statement from the Adjutant-General of his State, or any competent authority, that he has, during the present year, attained a record in practice of competition, of 95 per cent. at 800 yards, 90 per cent. at 900 yards and 85 per cent. at 1,000 yards, in a string of ten consecutive shots.

Second—In addition to the scores made in the above two days' contest there will be added those scores made in the Wimbledon Cup Match, the Leech Cup Match, and the 800 and 1000 yard stage of the President's Match—all matches of the National Rifle Association, which will be shot on the Ohio range, during the week beginning August 19. On the basis of high aggregate of all these scores, nine members of the team will be selected; three more will be selected by the Executive Committee, making twelve in all, four of whom will be alternates. The eight men who will shoot in the match will be selected by the team captain, after preliminary practice in Canada. The team, after being selected on the evening of August 24, will be assembled and trained on the Ohio range the week of August 26 to 31, and will be taken to the Canada range in time to allow of four days' preliminary practice there.

Lieut.-Col. Thurston, of Brooklyn, has been selected to captain the team. Col. Thurston is well qualified for the position, having captained the victorious New York State team for several years. He is conceded to be one of the foremost authorities on rifle shooting in the world. Other officers of the team will be appointed by the Executive Committee, on recommendation of the team captain.

The necessary funds to defray the expenses of the team will be raised by public subscription. Such subscriptions will be received at the association's office and by the team captain.

In the preliminary trials the contestants will use their own rifles but new rifles will be supplied to the team by the National Rifle Association to be used in the match.

## BARRY TRAINING FOR FLYNN

Pueblo, July 10.—Dave Barry is in town, and feeling fine. Dave is taking it easy during the while he has been in Steelville, de-

ing his time to taking short runs into the country while the carpenters are putting his training quarters into shape. Yesterday he started out rambling, and when he turned back he missed the road to Bessemer. Being brand new, Dave forgot the name of the steel works suburb, and the nearest he could get to it was "Bessey." After asking several persons to direct him to "Bessey" he finally got on the right track and got back to his headquarters in time for lunch.

Barry has the appearance of a battler and his confidence in his ability to stick it out with the best of them is not shaken by the good opinions of Jimmy Flynn that are imparted to him by almost everyone he meets. He will get down to real hard work today and will be in splendid shape for his battle with the Pueblo fireman on the evening of July 18.

## NEW FOOTBALL RULES

New York, July 4.—The plans for the selection of future football rules committee have been decided upon by the new Intercollegiate Athletic Association of the United States. The action was taken by the Executive Committee of the association in conformity with its instructions to decide upon such a method of selection as would meet with the approval of the large universities and clear the way for their entrance into the association without the danger of sacrificing their identity.

The football plan is embodied in section 5 of the by-laws, and will be submitted for adoption at the next convention. If it passes the convention there is every probability that Yale, Harvard, Princeton, Cornell and Annapolis will at once enroll in the association. The by-law as prepared is as follows:

Section 1.—The association at its annual convention shall choose a committee of seven to draw up rules for the playing of the game of football during the succeeding season, in conjunction with one representative named by the authorized athletic authorities of Yale, Princeton, Harvard, Cornell and Pennsylvania respectively.

## SULLIVAN SCORES A KNOCK-OUT

The Sisson Athletic Club of Sisson, Cal., pulled off its first pugilistic contest last Friday night. The main event was between Dick Sullivan, the Honolulu champion, and Mike McClure of this city. The bout was a hard-fought affair and lasted six rounds, Sullivan winning via the knockout route. McClure took a hard beating.

The directors of the club intend to pull off contests every month between the best available talent on the Coast. Sullivan and McClure drew a big house and both were liberally rewarded for their little fests. Frank S. Montgomery is president of the new organization, M. J. Knox secretary and J. C. Johnson matchmaker.

Sullivan will probably be matched to meet some good man for the next show to be given by the club. Should the attendance be up to the initial show of the club some banner attractions will be decided on the holidays.
