MAY TURN BACK FILIPINOS BLACKMAIL PLAN TRIED ON CHINESE

London Streets Scene of Battle

Forces of Law Fight For Hours Against Men Behind Barricades

(Associated Press Cable.)

LONDON, Jan. 3.—One of the most remarkable scenes for years took place here today, when the London police, the firemen and the guardsmen were called out to capture a band of anarchists accused of murder. The anarchists barricaded themselves in a house where some of their number had been living, and a desperate battle ensued with the opposing forces. The fire department played streams of water on the house to drown out the inmates, but their attempts were unsuccessful. Finally, the police set fire to the house and burned it to the ground. The anarchists were cremated alive, refusing to yield. Six bodies have been recovered from the ruins.

SUPERVISORS AND MAYOR ARE READY FOR BATTLE TONIGHT OVER POLITICAL APPOINTEES

It may take but the turn of a hand to start a decided agitation in war clouds hovering over the assembly room in which will meet tonight the members of the new city and county Board of Supervisors. The "solid five," including Members Murray, Kruger, Amama, Arnold and Dwight, are believed to stand pat for the appointment of their slate, which includes the city and county physician and a corps of fish, meat and pot inspectors. Dr. Bruce McV. Mackall is the choice of the majority of the board for physician, and it is a pretty well settled fact that Mayor Fern would not endorse the appointment of Dr. Raymond for this job at the gift of the city and county.

"His Honor," however, also has a little slate. It is whispered around city-hall corridors that should it be smashed through rough handling by the board members, Fern will arise in his wrath and some heads of departments may fall into the waste basket that reposes at Secretary Rivenburgh's desk. "Fern will retaliate," declared one well-posted official this morning. "The chief executive of the city and county fully intends to stand by his former appointees—John Wilson, as Honolulu road supervisor, and J. K. Paele, who has charge of road construction work in Kooliapoko district.

"Both Wilson and Paele are Democrats. They have been frequently charged with incompetency and gross neglect of duty by ex-Supervisor Quinn, chairman of the old road committee.

"Now you can see where there is a lively prospect of war to the knife, should Messrs. Arnold, Dwight, Murray, Amama and Kruger decide that both Wilson and Paele were 'weak sisters' in the administration family and therefore take it upon themselves to separate the road supervisors from their connection with the county payroll.

"Take it from me that Fern may show his displeasure by recommending a substitute for the position held by City and County Engineer Gere. He may go so far as to recommend another appointee for fire chief to displace Chief Thurston."

"Those who profess to know Mayor Fern are of the belief that his frame-up of appointments includes the names of both Gere for the engineer's office, as well as Thurston for head of the Honolulu fire department. Both are pronounced by Fern as good men. He is known to have publicly admitted their qualifications for holding office. Fern will have the naming of the city and county engineer, at least

seven road supervisors for as many districts in the county of Oahu, and the nomination of a fire chief. In the vote upon these appointments it is generally understood that during the session of the new board McClellan can be counted upon to vote with Fern on practically every issue brought before the lawmakers. Low is now listed as an insurgent, and he may throw his influence with the Fern-McClellan minority. The prospect of a fight is exceedingly bright. The contest for supremacy may continue over a period of several weeks or months.

NOT GUILTY DRIVER'S PLEA

"Not Guilty" was the plea made in Judge Cooper's department of the Circuit Court this afternoon by Volney C. Driver to the indictment charging him with assault to murder William McQuaid. Driver was represented in court by Attorneys Atkinson and Humphreys. The trial of the case was set for February 13th, Humphreys stating that the defense would present its case in a day and a half, remarking at the same time that he didn't think that the prosecution had a case to present at all.

A continuance until February 20th was asked for by Atkinson but Judge Cooper declared that he would rather have the case proceed without the interference of a legal holiday or a Sunday.

LANE'S CASE IS ON TOMORROW

The case of Edward C. Lane which was to be argued on a plea in abatement this afternoon before Judge Cooper was postponed until tomorrow owing to the illness of Attorney Douthitt for Lane. In granting the continuance Judge Cooper stated that he would not allow it except upon the unqualified consent of Lorin Andrews for the prosecution because he was weary of the postponements that had been asked for in the case and that it was unfair to the court to expect to have the case drag along from time to time.

It must be admitted that this new-fangled word "hangar" sounds more like a nickname for a Texas preacher than a stable for a balloon.—Denver

Secret Service Chief Would Stop Smuggling On Pacific

Wilkie to Take Personal Charge of Probe In San Francisco.

SAN FRANCISCO, Jan. 3.—Chief Wilkie of the secret service is determined to break up the smuggling of opium and Chinese across the Pacific, and to this end he will personally take charge of the investigations now in progress. Special Inspector Harry Edsell, commissioned to probe the immigration service at San Francisco, has sent a preliminary report to Washington, and Chief Wilkie is expected here soon to go into the matter.

The finding of Chinese hidden on the Pacific liners Manchuria and Chiso Maru, and the still more recent discovery of contraband opium on the Asia, has stirred the immigration and customs authorities here deeply.

It is understood that Inspector Edsell has forwarded to Washington a plan to break up the smuggling of Chinese.

JOHN E. WILKIE
BY CLINEWINST

DEPORTATION OF FILIPINOS PLANNED

There is a possibility that the Hawaiian Planters' Association, with the cooperation of the Territorial Board of Health, will take steps toward the deportation of at least 50 per cent. of the Filipinos that arrived here by the Pacific Mail liner Mongolia.

In reply to a cable sent to headquarters of the United States Marine Hospital and Quarantine Service at Washington, Dr. Ramus, in charge of the local office, received a cable this morning which read:

"Ramus, Honolulu:
"Status Filipinos entirely under immigration authorities.

The tone of the cable would indicate that the quarantine authorities are not in a position to do anything along the line of deporting the sick, diseased and incapacitated among the recent arrivals of Filipinos.

S. P. LIMITED IS COINS WORD TO HELD UP BY ROBBERS

(Associated Press Cable.)
OGDEN, Utah, Jan. 3.—The Southern Pacific Overland Limited was held up near here last night by two men. The entire train was halted while the robbers went through it, forcing the passengers to give up watches, jewelry and money.

A fight broke out when a colored porter resisted the bandits, and in the exchange of shots the porter was killed and another man wounded. The passengers were robbed of about \$1,200, after which the robbers made good their escape.

REVOLUTIONISTS ARE WINNING

(Associated Press Cable.)
PUERTO RICO, Honduras, Jan. 3.—The revolutionary gunboat Hornet, which constitutes the naval force of General Bonilla's revolutionary wing, today made an attack on Truxilla, Honduras, which was successful, the gunboat forcing a surrender. The adjacent bay and islands are also under the domination of the revolutionists.

STEEL TRUST IS MINUS COREY

(Associated Press Cable.)
NEW YORK, Jan. 3.—William E. Corey, president of the United States Steel Company and one of the dominant factors in the "steel trust," today resigned the presidency. The move has been heralded for some time.

Corey came into prominence in 1907 by his marriage to Miss Mabelle Gilman, an actress. She was his second wife.

SPAIN EXPECTING INTERNAL TROUBLE

(Special Bulletin Cable.)
MADRID, Spain, Jan. 3.—On account of the unsettled state of affairs and the constant murmurings of the people, the throne has ordered the garrison at Valencia to be prepared to serve on a moment's notice.

URGE HIS IDEA

Gen. Edwards Urges "Filipinization" of Philippines in Annual Report.

(Associated Press Cable.)
WASHINGTON, D. C., Dec. 27.—"The Philippines for the Filipinos" is again emphasized in the report of Brig-Gen. Clarence R. Edwards, chief of the Bureau of Insular Affairs, to the Secretary of War, which has just been made public. The gradual "Filipinization" of the civil service is strongly recommended.

The report says in part: "The Chief of the Bureau accompanied the Secretary of War on his recent trip to the Philippine Islands and was with him during his visits to most of the important islands, and during his careful inspection and study of many of the problems involved in the insular administration. From this inspection and study much important information was directly obtained, the results of which have been fully set forth in the special report of the Secretary of War to the President, and are therefore not touched upon in this report.

It is believed proper, however, to direct attention here to the efforts of all the higher officers of the Philippine government, both of their own accord and in conformity with the expressed views of this bureau under direction of the Secretary of War, looking to the gradual Filipinization of the insular civil service. It may be recalled now as an understood rule that whenever an American for any reason quits the service he is to be relieved so far as is possible with due regard to efficiency by a Filipino at an equivalent salary so far as the duty itself is concerned, but adjusted to meet the different conditions of living and the difference made necessary on the part of the American employee by service abroad and the long distances necessarily traveled in reaching and returning from his post of duty.

"This visit in company with the Secretary of War, as well as similar visits by the Chief of the Bureau in the past, has served again to emphasize in his mind the desirability of such visits by those who have to deal directly with the administration of Philippine affairs or fixing of a Philippine policy, and leads him to suggest the importance of visits by at least subcommittees of the legislative committees of the Senate and House of Representatives whenever such visits are practicable. The information gained and the insight secured from direct contact would it is thought, far more than repay in the time saved in the deliberations of the committees and in debate on the floor the cost of such visits as well as tend to assure the best legislative results for the Filipinos.

Effort on Free Trade.
"The effect of free trade on exports was shown in higher prices for sugar and greatly increased production of cigars to meet the demands of the newly opened American market. The price of sugar increased from an average of 1 1/2 cents per pound in 1909 to 2 1/2 cents per pound in 1910. Continued on Page 4.

ROOSEVELT LIBEL SUIT NOW QUASHED

(Special Bulletin Cable.)
WASHINGTON, D. C., Jan. 3.—The famous libel suit brought on behalf of ex-President Roosevelt against the New York World, for alleged libelous utterances concerning the Panama Canal, was finally brought to an end today by the Supreme Court of the United States. The Supreme Court sustains the quashing of the indictment by the New York Federal Court. The suit was brought against the Press Publishing Company, publisher of the New York World, which was charged with having printed articles defaming Roosevelt, President Taft, his brother, Charles P. Taft, and others, in connection with the Panama Canal negotiations. The government appealed from the decision of the Federal Court, which quashed the indictment.

Associate Justices Lamar and Vandevanter were seated today, and several important decisions were handed down. The Oklahoma State bank guarantee law was declared constitutional. The Alabama labor contract law was held unconstitutional, while the McInerney act was declared constitutional.

Another important series of decisions was made today by the Interstate Commerce Commission, which announced a number of reductions in existing freight rates.

EVANS FITS OUT STEAMER PERSIA

Chief Steward Albert Evans of the Pacific Mail liner Asia will leave that vessel upon arrival in Hongkong and take over the sister ship, the Persia, and fit her out for service again in the trans-Pacific trade.

Evans has been a chief steward for nearly twenty years going to all parts of the world, but for the past twelve years being in the transport service, the Panama trade and trans-Pacific service continuously.

He has fitted out several ships going into commission and his task on the Persia is along the same lines, after which, it is understood, he goes to one of the big Pacific Mail steamers as chief.

The Persia will sail from Hongkong early in March and is due to arrive in Honolulu on March 24 en route to San Francisco.

Evans will be succeeded on the Asia by chief steward Scott who is going out as a passenger on the vessel. Blank books of all sorts, ledgers, etc., manufactured by the Bulletin Publishing Company.

Opium Blackmail Now Charged

Breckons Begins Investigation That Involves Name of Well-Known Citizen

An investigation that is expected to produce sensational developments and involving a man well known in the Territory, has been instituted by United States District Attorney Breckons as the result of statements made by a Chinese storekeeper who has fallen under the suspicion of the United States authorities in connection with the importation of contraband opium.

Particular interest attaches to the case because of the fact that the man accused by the Chinese of attempting to make him purchase protection from an opium raid is well known in official circles.

United States District Attorney Breckons stated this morning that according to the allegation of the Chinese, the man came to him several weeks ago and declared that he was

armed with authority from United States Marshal Hendry to conduct opium investigations and seizures and that unless the Chinese paid him \$1000 at once his premises would be raided. It seems that the Chinese in the case had reason to consider the offer of immunity for he thought \$1000 was too much and finally a figure of \$300 was reached when upon reflection the Chinese decided that the best course to pursue would be to report the case to the United States District Attorney.

This was done and as a result Breckons had a number of subpoenas issued and there will be no delay solving the mystery which if proven to be as alleged by the Chinese means the indictment and prosecution of the man who has resorted to blackmail of opium smugglers.

COURT RECORDS SHOW TWO HUNDRED AND EIGHTEEN DIVORCES GRANTED IN YEAR

Two hundred and eighteen divorces were granted by Circuit Judge Robinson during the year 1910, the number being 200 Japanese. Hawaiians were the next in numbers, 126 figuring in the divorce actions. Americans were 33; Chinese, 24; Portuguese, 21; Porto Ricans, 12; others (Koreans, Germans, Spanish), 20; making the total number of people involved in the cases 436.

Sixteen divorce cases were dismissed, nine discontinued and two struck. Three applications for separation were granted and one dismissed.

Other matters disposed of by Judge Robinson during the course of the year were as follows:

PROBATE.
Letters of administration granted,

41; petitions for letters withdrawn, 2; discontinued, 1.

Letters of guardianship granted, 27; petitions dismissed, 3; guardians resigned, 2.

Wills admitted to probate, 33; petition refused, 1.

Annual accounts—Administrators, 45; special administrators, 2; administrators, 7; executors, 16; executrix, 6; trustees, 4; guardians, 25.

Adoptions, 7; petition for adoption dismissed, 1; executor removed, 1; mandamus, 3; habeas corpus, 11; guardian's petition for increase of allowance, 1.

Sales of real estate—Administrators, 4; administratrix, 2; executor's, 1; guardians, 6.

CONDEMNATION BEFORE COURT

Breckons Declares That He Wants to Hurry Case to Jury.

The questions involved in the procedure to be adopted in the United States District Court in the Fort Street condemnation case were before United States Judge Robertson this morning.

Lorin Andrews was present in behalf of the Cummins estate, a demurrer having been entered by the Cummins estate to the complaint of condemnation filed by United States Attorney Breckons, the demurrer being based upon jurisdiction grounds.

Breckons stated that it was his intention to have the Federal site cleared as soon as possible, adding that the form of the papers of condemnation were approved by the Attorney General of the United States.

The United States Attorney stated that he was anxious to do anything that would expedite matters. Judge Robertson remarked that he thought all respondents in the case should make appearance in court before one demurrer was considered.

The Cummins estate demurrer will be taken up January 10th.

CIRCUS COMING BACK NEXT YEAR

And With a Real Menagerie. Says Advance Agent Before Leaving.

"We'll be back in Honolulu next year with a real menagerie," said H. W. De Leon, advance agent for the circus, today. De Leon is going to the Coast tomorrow on the Wilhelmina. The circus is now playing in Hilo, and De Leon says it is doing a big business.

"We have more than made good financially in the Islands," says De Leon, "and Hilo would have pulled us out if we had been in the hole in Honolulu.

"We will sell most of the circus paraphernalia, but we will store the big tent, for next year the show is coming back to these Islands, and then we will have a lot of animals. We could not handle the menagerie this year on account of steamship and quarantine regulations, but next time there will be a bunch of animals that will make the people open their eyes."

TUESDAY, JANUARY 3, 1911

is the narrow heart alone that grows; the wide one becomes with the lapse of years.—Jean Richter.

your auto in the parade. He is a member; not a has-been or a was.

we many have begun to get ready for the rush of tourists that will be here in a comparatively few days.

Does notice that the first business of the glad new year opens up with dividend notices still on the bank list.

Honolulu should have a city hall. It should first see to it that all children of the public schools are properly housed.

Rudolph Spreckels is engaged in the biggest task ever undertaken by an American citizen—making Big Business honest.

Publicanism that is not factionalism, will meet the long felt want of the people—honest politics at the Republican headquarters.

Hundred thousand Honolulu can't be accommodated unless someone begins early to build cottages for the new arrivals.

Supervisor Low ought to know that an who carries a hold-over till it becomes a grutch, his hold on public esteem.

Business seems to be more deeply seated in the naval observer's distasteful Venus is populated than anything excited over a war scare.

The new Governors were proposed installed on New Year's day. Let hope they will come up to their promises and popular expectations.

Honolulu will not need any high from the mainland to produce ment, if Alexander Hume Ford his promise and takes to himself.

It looked so easy that the Honorable will never be satisfied the next birdman unless he does of the hair-raising stunts that read about.

It is well to bear in mind that the office of Governor will have to be filled many months before there will any vacancy in the office of Collector of Customs.

Mr. Mayor wants harmony between the executive and legislative branches of the city government. This can always be secured when the Mayor recognizes the right of the majority to rule.

No one will complain if the Federal government will step in and develop all the public water sources that are not now being conserved. Under such a scheme we can depend on the home-steader getting an absolutely fair deal.

If the Republican Supervisors come forward with a road supervisor who will give more efficient service for the same amount of money, the Republican candidate should by all means be given the position. Citizens of Honolulu look for results.

Everyone is having a fit over the Filipinos when the miserable mosquitoes is accepted as an everyday necessity. We are not allowed to hurt the Filipinos but there is an ever present necessity for killing off the mosquitoes and making them impossible in Hawaii.

Dr. Ramus' cablegram on what he found among the Filipinos landing here may give the President a new idea of the many things the country smothered when it took over the little brown brothers' burden. On the other hand he may conclude that some of these things were annexed after

the Filipinos left Manila, and propose corrective measures for the benefit of all concerned.

Supervisor Low has gone just far enough to put his opponents on their mettle to give the public a brand of service that will be above criticism. If he continues the fight he may be rated as a sorehead and lose what strength he might otherwise secure as a good natured but exacting monitor.

SUPERVISOR LOW'S POSITION.

Supervisor Low is gaining nothing for himself, his Manoa constituents, the Republican party, or the common good of the residents of Honolulu by holding out, by persisting in his refusal to take any committee chairmanship but that on which he had set his heart—the chairmanship of the Roads Committee.

Far be it from the Bulletin to criticize a man for making an honest fight for a position that he wants, thinks he deserves and many of his friends wish him to land. But there is such a thing as carrying the contest so far that it becomes merely a bickering wrangle ruinous to the disposition of the public and productive of satisfaction only for the trouble makers.

This paper is ready to believe that Mr. Low would be a star performer as the chairman of the Road Committee. The majority of the Supervisors elected on the same ticket and answerable for the promises of the same platform, have decided however that Mr. Supervisor Dwight, who has held the position before, is the man for the place.

Mr. Low has made his fight. Now is the time for him to forget it. There is an immense amount of good work, necessary work, mandatory work, to be done on the Finance Committee. There is as much honor, there is as much political prestige to be gained, there is as much to be done in the service of the people, by the man who directs the ways and means of the County administration as by any other chairman or member of the Board of Supervisors.

That is the way the people look at the matter in its final analysis. Supervisor Low has not been robbed of the opportunity to work for the people. He has failed to get that which he wants. He should not therefore refuse to do all that he can in any capacity.

The Bulletin believes that Mr. Low's duty is to go forward and do well that which offers. He can't afford to be an off ox and spoil the whole team. That is not the office to which he was elected by the people.

ADVANTAGES GAINED FROM EDUCATING CHILDREN OF FOREIGN PARENTS.

Citizens who object to Hawaii educating in American schools the Japanese, Chinese or children of any other nationality who afterwards make their homes in the parent nation, seem to forget that our nation gains a distinct advantage through its influence on the lives of these future men and women during the years of their childhood.

The Cecil Rhodes scholarships for America were founded with the purpose of promoting a better understanding and more friendly relations between Americans and the British.

We point with satisfaction to hundreds of Chinese students sent to our colleges, because we know that when they return to the public life of their home country, they will have a friendly American tendency. When large numbers of these students go to Germany or Japan, we view the movement with concern because we know that the education of the young men in the schools and universities of other nations will tend to increase the prestige of those nations.

Why then should we object to educating Oriental children or children of any other nation when we get the

and a boy will call for the

boys and girls at the time of life most favorable to permanently establishing in their minds the primary American ideals that cannot fail to influence the whole course of their lives?

Experience with educational exchange has proved it to be so effective that one of the peace advocates of the East has proposed a carefully planned scheme for a regular interchange of children of American and European families, in the interest of mutual understanding and education."

Commenting on this proposal, one of the metropolitan dailies says editorially:

"Every lecture by a Sarbonne professor at Harvard or a Columbia professor at Berlin, every visit by a dramatist, poet or public man, or industrial tour by bodies of artisans, as

in the case of visits of the kind exchanged between British and German workmen, helps to strengthen inter-national ties against rupture.

"Exchanges of school children in an informal way are not new. American boys have been going to German and English universities for more than half a century. There have been Chinese and Japanese students at American colleges, and for generations English and American girls have been sent to schools in Germany, France and Switzerland. The American art students in Paris, Rhodes scholars at Oxford, college graduates in Europe on travelling scholarships, England's younger sons in business here or on Western ranches, are all factors in that international comity which it is desired to increase through a systematic ar-

arrangement for the interchange of members of families.

"Prof. Richard plans for a peace organization of a new and promising kind which may be expected to accomplish much ultimate good through the establishment of friendly family alliances between nations."

Is there anything more important for Hawaii to do than promote international friendship by means of its public schools?

George R. Carter was reported as furnishing the bloom for the New York Republican headquarters, on election night, and now he is said to have left the presence of the President fired with a great disgust. When he gets home he will be the same old George.

COINS WORD TO URGE HIS IDEA

(Continued from Page 1)

to 2 1/2 cents, with the year's trade showing an increase in value of over two and a half million dollars. The market was largely shifted from China and Hongkong to the United States, and American purchases were 92,668 tons of the total of 125,699 tons exported during the year, or slightly less than a third of the annual quantity granted free entry under the free-trade limitation. Exports of cigars increased from 115,977,000 to 196,192,000 of which \$3,931,000 or somewhat more than half of the quantity fixed for free admission, found an American market. The aggregate trade of other countries remained practically the same. The low level of hemp prices reached in 1909 continued, and the average for the year was slightly lower, but a new record in the quantity exported—185,000 tons—explains an increased export value of a million and a half dollars. The British hemp trade remained about the same and practically all of the increased output was shipped to the United States, whose purchases amounted to ten million of a seven-teen million dollar total. In the corn trade an increased quantity combined with rising prices resulted in a two and a half million dollar increase in the nine million dollar total. Leaf tobacco was the only one of the five great export staples in which there was a reduced trade. Leaf exports were 1,771,845 pounds less, but were sold at a higher price per pound—results clearly traceable to the greatly increased local demand in the cigar industry. The American trade centered in the manufactured product, and with exports of Philippine cigars to the United States valued at \$1,906,427, American purchases of Philippine leaf under free trade amounted to but \$2,176,203.

Porto Rico. Porto Rico has enjoyed an exceptionally prosperous year, free on the one hand from serious political agitation and marked on the other by encouraging commercial and industrial development.

The administration during the past year has been a distinct success, for which the present Governor is entitled to much praise.

That confidence has been established in the stability of the government and the opportunities presented seems evidenced by increased investments and operations as well as by the introduction of new capital. During the year there have been registered 14 domestic and foreign corporations for sugar making, 18 for raising, canning, and packing fruit, and 22 to engage in coffee and cattle raising, shipping and transportation, and other enterprises. Of these, 22 are foreign corporations with a capital stock of \$11,110,112 and 32 are domestic, with an aggregate capital of \$5,608,000. This makes a total of 151 domestic and 164 foreign corporations with capital respectively of \$27,519,570 and \$319,461,551. That, notwithstanding this, only about 50 per cent of the lands of Porto Rico are under cultivation should afford a clearer impression of its industrial possibilities with sufficient capital interested and the extension of modern agricultural methods.

Based on an approximately 60 per cent valuation, the total assessed value of all property in 1909 was \$121,866,149, an increase of \$4,249,524 over the previous year.

The census just taken shows a population of 1,118,012, a substantial increase in number and a density of 219 per square mile, which is greater than that of any State in the Union except Rhode Island and Massachusetts."

"What's the matter with Willoughby?" "Recovering from a hard case of cider."—Harvard Lampoon.

Everywhere SOZODONT goes is a trail of brightness in beautiful teeth and happy smiles.

CASTORIA

for Infants and Children.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells, which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers, are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics. Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

The signature of *Chas. H. Fletcher* guarantees genuine Castoria

Physicians Recommend Castoria.

"Your preparation known as Castoria I have used for years in children's complaints and I have found nothing better." JOHN J. LEFFA, M. D., Cleveland, Ohio.
"For several years I recommended your 'Castoria' and shall always continue to do so, as it has invariably produced beneficial results." EDWIN F. PARRISH, M. D., New York City.
"Your Castoria is a meritorious household remedy. It is purely vegetable and acts as a mild cathartic. Above all, it does no harm, which is more than can be said of the great majority of children's remedies." VICTOR H. COPPMAN, M. D., Omaha, Neb.

CIRCUS CAUSED NO DAMAGE TO CITY PARK

One of the last acts of the old board of City and County Supervisors was to pass upon the condition of Alaia Park after it had been vacated by the Great American Shows.

Manager De Leon was informed by Chairman Quinn of the road committee that after a careful investigation of the premises he found that the circus had left the Park in good condition. The grounds had been cleaned up of all rubbish and refuse.

The recommendation was made that the bond deposited by the circus people be returned.

MYSTERY OF CHILD'S LEG STILL UNSOLVED

No clue to the solution of the mystery uncovered yesterday by the finding of a child's leg at Alakea and Hotel streets has yet been reached by the police department, and Deputy Sheriff Rose, who is looking after the case is unable to solve the mystery in any manner. It has been established that the leg was that of a child not fully matured, but no trace of the mother has been secured.

CARD OF THANKS.

Sincere thanks are extended to their many friends by W. F. Heilbron and family for the expressions and tokens of sympathy extended over the death of William F. Heilbron, Jr.

Autos, \$4 per hour, Lewis Stables. Robert Catten left today for Hilo on the Mauna Kea. Jordan's Sale of Ready-to-Wear Apparel begins tomorrow. Whitney & Marsh's reduction sale of ready-to-wear is now on. Dr. Carey, dentist, has resumed practice at 307 Boston building. Dr. A. J. Derby has returned from California. Office phone No. 2237. Hotel Arlington entirely remodeled. Rooms newly furnished. Hot and cold baths. Charles S. Dole of Kauai returned to the Garden Island today after a brief visit to Honolulu. If you want a good job done on an auto or carriage take it to Hawaiian Carriage Mfg. Co., 427 Queen St. Place your order for wood and coal with the Honolulu Construction and Draying Co., Ltd., Telephone 2281. The lunch served at the Criterion is becoming more and more popular with the men who know what's what. Drop in today and try this lunch. You will be satisfied with the way the French Laundry does your work. Give them a trial order. Telephone 1491. Office and works 777 King St. For distilled water, Hira's Kool Beer and all other popular drinks. Ring up Phone 2171. Consolidated Soda Works. Mr. and Mrs. Fred C. Snow returned today on the Makura from a tour of New Zealand. Mrs. Snow is much improved in health. Start the New Year right by opening a savings account with the Bank of Hawaii, Ltd. One Dollar will open an account and a home savings bank will be given you. The Owl Cigar is as carefully made as the most expensive cigar and the tobacco used is as carefully selected. Ask your dealer for the Owl, the best five-cent cigar made. When you want to send a wireless, telephone 1574 and a boy will call for the message. The office which is now on Adams Lane, is open on Sunday mornings from eight until ten. Costumes for the Floral Parade and Carnival may be ordered through Hawaiian News Co., Young Bldg. One price for both events. Orders must be in soon. For all commercial purposes the "Grabovsky" Motor Truck has proved superior to any truck on the market. See the Honolulu Power Wagon Co., 875 South street, telephone 2166. Another automobile stand has been opened in the city, Gay and Miller having taken the stand at King and Bishop streets erected by M. McInerney some months ago. Lehi Chapter No. 2, O. E. S., will hold a special meeting tonight at 7:30 at Masonic Temple. Installation of officers. All members are requested to attend and all O. E. S. visitors in the city are cordially invited. Tomorrow will be a busy day for the Hawaiian band if it keeps the engagements now made. It is billed to play at the departure of the Sierra and Wilhelmina. Today it plays off the Asia and Makura. Mrs. H. L. Eranson, the last remaining daughter of F. J. Testa, died yesterday afternoon at the Queen's Hospital. The funeral will be held tomorrow afternoon from the residence, 1309 Middle street, Kailua. She left six small children the eldest of whom is about ten years of age. Hon. Cecil Brown leaves Wednesday on a short trip to the Coast. He goes in the interests of the Campbell Estate. The San Francisco agent of this estate died recently, and Mr. Brown will appoint a successor as well as look into the condition of the estate's property. Orders have been received from Washington relieving both Captain Law, commanding B Company, and Captain Roberts, commanding A Company, at the Marine Camp in this city. Captain Law goes to Puget Sound and Captain Roberts to Mare Island for duty, the former leaving on the Wilhelmina and the latter on the Sheridan this week. More pool will be on at the Y. M. C. A. this evening in the regular tournament, the second half of the tournament being on. At the end of the first half the standing was: Gordon, won two, lost none; Hayes, won one, lost one; Kaul, won one, lost one; Nottage, won one, lost one; Bestwick, lost two. After negotiations for several weeks, a handball tournament has been arranged between Y. M. C. A. players and the Marines, the first round of doubles being on tomorrow afternoon at the Y. M. C. A. gymnasium. Men representing the Y. M. C. A. are Johnson and Louis Nott and Deotto, and for the Marines, Ogar and J. A. Williams, and Molter and L. R. Williams. The first round will be played at the Y. M. C. A. and the second at Marine barracks. Believing it is to their advantage to be well prepared in all matters, which, perhaps, will be required by a special Chinese commissioner, who is coming from Washington to investigate the cause of the row between Consul Liang Kwo Yang and the local Chinese, the United Chinese Society yesterday held a meeting and elected the following officers: President, Chu Jan; vice-president, Geo. Kin Pook; English secretary, Willie Quee Fong; Chinese secretary, Go Kin Sin; treasurer, Ho Fen; assistant treasurer, Yeo Quong Dit.

YOUR advantage in coming to us for clothes is largely this: You know before you come that you'll find best quality, fine making and style; that's what it means to find

MAY APPEAL TO NEW BOARD

There is every possibility that the newly installed board of city and county supervisors may be brought face to face with Chinese interests which have for months been clamoring for permission to erect a two-story tenement on King street, Palama, within a 500-foot radius of the Girls' Industrial School.

According to the existing ordinances, the city officials are prohibited from granting a building permit for a tenement house within the prescribed area. Attorney Charles Achi has been carrying on a quiet investigation in behalf of his client Ah Ping. The old board turned down the application as one of the last acts prior to its passing from existence.

The prediction is made that, despite an adverse opinion from Deputy Attorney Milverton, a renewal of the application to construct the mooted tenement will be introduced before the new board.

GERE REPORT IS SUBMITTED

City and County Engineer Gives Outline of Department Work Done.

City and County Engineer Gere's report, exclusive of the portion published in the Bulletin yesterday, is as follows:

"I beg to make report of the work of the department of the city and county engineer for the year ending December 31, 1910, as follows:

"During the year this office has compiled with 120 requests for street line and grades from private persons, and has given line and grade and furnished plans and profiles when required by the construction work of the various road districts.

"A survey of the belt road from Heeia to Kahaluu was made and the road relocated as far as the Pakoia beach. The right of way through Heeia was given by the Bishop Estate trustees, the city and county purchasing a strip 30 feet wide across the Heeia-kea beach for borrow purposes, the price being \$50. Work on the subgrade of this section is completed with the exception of the construction of three reinforced concrete culverts, which are estimated to cost \$4000. The right of way through the land of Kahaluu on the line of the relocation has not as yet been secured, objection being made to the relocation by the Kahaluu Pineapple Company.

"A short stretch of the main road at Late-Malo, 1500 feet in length, was relocated to do away with the sharp turn in the old road, and one and one-half miles between Kahuku and Late relocated and reconstructed, paralleling the railroad right of way.

Railroads Aid Work.

"The main road on the south side of Waimea gulch has been relocated on the O. R. & L. Co. track, thus cutting out two dangerous railroad crossings and reducing the grade on the hill from nine and a half per cent. to four and a half per cent. The Oahu Railway and Land Company is bearing a part of the expense of this work, its men making the cut which joins the railroad cut. The work is about two-thirds completed.

"At Kipapa gulch several turns were cut back to help the alignment and a retaining wall built across the sharp turn on the Waialua side of the gulch.

"In Honolulu district the work of the city and county engineer would be much simplified if the Board of Supervisors could be induced to pass ordinances covering the following points:

What is Needed.

"1. Provide that all subdivisions which open up new streets and alleys shall be submitted to the mayor and board for approval of street and alley widths, alignments and grades, and make it obligatory upon persons making such subdivisions to have all street lines marked by permanent monuments, properly coordinated to some government Trig. station, and a plat of such subdivision placed of record either in the recorder's office or the office of the city and county engineer.

"2. Provide for the fixing of permanent street and curb grades and the width of street between curb and property lines.

"3. Amend ordinance one relating to curb stones to make the minimum depth of stone curbs 16 inches.

"I would again call it to your attention that in my opinion a considerable saving can be made by the city and county by contracting the major portion of the construction work, leaving the maintenance to be looked after by the forces of the city and county; also the desirability of treating the macadam roads in the outside districts with oil as rapidly as possible. The deterioration of dry macadam under motor traffic can be prevented in no other way.

Asks Salary Increase.
"I would respectfully ask that the salary of Robert Kalaauakalani be increased from \$50 to \$60 per month and that of I. J. Hopu be increased from \$40 to \$55 per month, and that if the present arrangement of handling the school work is to be continued, that this office be allowed a sufficient added appropriation to allow the employing of a competent stenographer and bill clerk. I would also suggest that the efficiency of the city and county engineer would be much increased were a suitable automobile provided for his use."

BUSY DAY FOR BAND BOYS.

This was a busy day for the Hawaiian band. The boys, under the leadership of Captain Berger, this morning played at the Mauna-Kea wharf complimentary to the passengers, who sailed for Maui and Hawaii ports on the flagship Mauna Kea of the Inter-Island fleet. At noon the band serenaded the passengers of the steamship Makura, which sailed for Vancouver. This afternoon probably at 5 o'clock the boys will play again for the benefit of the passengers who leave in the Asia for Japan and China ports.

MALIHINI BOOSTS WELL.

The San Diego Evening Tribune of December 17 contains the following, which sounds all to the good for Hawaii:

"F. F. Woodford, who resigned his position as city auditor to make Honolulu his future home, writes as follows to the editor of the Evening Tribune:

"Here I am in a strange island amidst a strange people composed of Japanese, Chinese, Portuguese, Filipinos, Koreans, Hindus, Russians and the native Hawaiians, with the Japs in the majority, where the banana, coconut, pineapple and sugar cane flourish.

"This is a land of perpetual summer where showers fall nearly every day and foliage and plants are green the entire year and something in bloom all the time.

"Yesterday was a cold day; wind blew for 24 hours and lowest temperature was 66 degrees; maximum, 75 degrees.

"Have met most of the old San Diegans, among whom are Bishop Restarick and family, Rev. A. L. Bell, H. P. Wood, Mrs. D. L. Withington, F. F. Wyler and wife, Will and John Young, Arthur D. Cooper, Miss High, George Paris and H. L. Reilly, who are well and prosperous. "We have formed a booster club and wish to make Honolulu's population 100,000 in 1915. Are going to award several prizes for the largest increase of non-resident home-seekers during each year by local members, dues being 50 cents per year.

"Have been resting up from my ocean trip and taking life easy; also seeking a location for a home. Have found a few desirable places for sale and will probably decide in a few days.

"Regards to all my San Diego friends, and will be with you in 1915."

AMATEUR TRIES TO RAISE CHECK

Bungling Work Easily Detected and Sam Kaaukai Lands in Jail.

HILO, Jan. 1.—Sam Kaaukai, a young man from the wilds of Kauelean, Puna, got himself into a serious snarl last week when he tried to bludgeon the county government by raising a pay warrant. Kaaukai was a green hand at the business, and his attempt was easily discovered.

The basis of the trouble was a pay warrant issued by the county auditor for the sum of \$3 in favor of one Keiki Alenai, a Puna road laborer. It was dated November 30, 1910. Keiki Alenai's wife is the mother of Sam Kaaukai, and on December 23 she gave the warrant to Sam, asking him to go to Puna to go some Christmas shopping.

The young fellow took the warrant, but on his way to Puna he altered the figures so that the warrant called for \$30 instead of only for \$3. So clumsily was the thing done, however, that only the figures were altered, while the lettering remained unchanged, calling for but three dollars.

At Puna, young Sam went to the emporium owned by one Ho Sing and ordered goods amounting to a total of \$12, in payment for which he tendered his warrant. The Chinese did not have the change on hand, so he took the warrant to a Japanese store, where he cashed the warrant, receiving \$30 in cash in return therefor, and after deducting the \$12 due for the goods received, he gave the remaining \$18 to Sam, who trudged back to Kauelean happy with his success as a high financier.

Nothing further was heard of the matter until last Wednesday, when the Japanese who had cashed the warrant at Puna, named Okuda, came to Hilo to settle his bills. At the office of Davies & Co. he tendered the sum of \$730, including the phony \$30 warrant, but the bad paper was instantly spotted by the eagle eye of Bookkeeper Thos. H. Davies, who pointed out to the Japanese that he had been handed a lemon.

The following day County Attorney Beers and Sheriff Pua went to Puna, whence police were sent to Kauelean to bring forth the young get-rich quick artist. Sam appeared on the scene a few hours later. At first he tried to squirm out of the mess, but after a while he confessed the whole affair. He paid the Japanese the money which he had cheated him of, and was brought before Judge Ferry on a charge of gross cheat. In view of the youth of the defendant—he is only nineteen years of age—Ferry let him off with a fine of \$30 and a severe lecture.

HOME CURE FOR ECZEMA

Oil of Wintergreen, Thymol, Glycerine, Etc., Used as a Simple Wash.

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, can not be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find IMMEDIATELY that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows AT ONCE.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Co. of Chicago, and our long experience with this remedy has given us great confidence in its merits.

HOWARDS CLOSE LOCAL SEASON

Capable Company Ends Visit
Here and Will Sail Today
for Vancouver.

George B. Howard and his capable
company bade adieu to Honolulu last
night before a crowd that filled the
New Orpheum, and Howard celebrated
the occasion by one of the neatest
as well as heartiest speeches ever
heard from a local stage.

Honolulu is sorry to see Howard
and his associated fun-makers leave,
but hopes earnestly that some time
in the future they will return. The
spirit of friendliness was expressed
last night in the profusion of flowers
showered on the members of the com-
pany and in the hearty applause that
greeted their closing effort. "Hello,
Bill!"—a sort of companion-piece to
"The Man From Mexico." "Hello,
Bill!" went with a rush last night
and made a good bill with which to
close a good season.

The Howard company leaves today
for Vancouver, and will be followed
by good wishes from the play-goers
of Hawaii.

SYDNEY HOBEN'S ALOHA CONCERT

The Theodore Richards home will
be the scene of the last concert to be
given by Sydney Hoben tonight be-
fore his departure for the Coast to-
morrow. A most interesting program
has been arranged in which Miss He-
lene Sloane will assist Mr. Hoben.

Following are the selections.

O. P. CONCERT GREAT SUCCESS

Talented Musicians and the
Regular Workers
Kokua.

One of the grandest concerts, held
annually in Oahu Prison, was given
yesterday for the benefit of the in-
mates there. Father Ulrich, director
of the Catholic Mission Band brought
his boys along and played several se-
lections which were greatly enjoyed
by the prisoners.

Father Valentin sang songs in his
usual interesting way, and won the
admiration of his audience. John Mar-
tin, whose voice was somewhat out of
tone, did not attempt to sing; but in-
stead, he amused the audience with
his musical box, which he took along
with him. Rev. John W. Wadman de-
livered a New Year speech to the
boys, complimenting them for good
behavior, and thanking the prison of-
ficials for courtesy shown the outside
people, who visited the prisoners and
held Sunday services there during the
past year. The G. P. Glee Club sang
a number of Hawaiian songs, receiv-
ing applause from the visitors.

The New Year's concert given at
the Oahu Prison by special permis-
sion of High Sheriff Henry was as fol-
lows:

Opening March.....
Catholic Mission Band.
Song—Kapilina.....
O. P. Glee Club.
Duet, Saxophone and Cornet—I'm
Loving.....
Father Valentin and W. Baptist.
Waves of the Danube.....
Catholic Mission Band.
Vocal Solo—Dear Old Honolulu.....
J. E. Hussey.
Song—Waimanua.....
O. P. Glee Club.
Opera March.....
Catholic Mission Band.
Vocal Solo—What's the Use.....
Ah Lina.
Remarks.....Rev. J. W. Wadman
Remarks.....Mr. John Martin
March—Greetings.....
Catholic Mission Band.
Vocal Solo—Always Me.....
Father Ulrich.
Song—Nuuanu.....
O. P. Glee Club.
Vocal Solo—The Moonlight, the
Rose and You.....
Miss G. Adague.
Vocal Solo—Nobody Knows.....
Father Valentin.
Waltz—Titi.....
Catholic Mission Band.
Song—Ka Owa a Ke Kal.....
O. P. Glee Club.
Vocal Solo—This Place is Home
Sweet Home to Me.....
J. P. Hussey.
Song—Uma E.....
O. P. Glee Club.
Finale—Crescent City March.....
Catholic Mission Band.
A Happy New Year to You!

ACROBATIC TEAM COMING SOON FOR THE SAVOY

DeGraw and DeGraw, a sensational
acrobatic team which has been play-
ing on the Coast, will arrive here on
the Moana next Saturday and having
been engaged by the Savoy Theatre
management will probably make their
initial appearance at this popular
playhouse on Saturday evening. These
acrobats are excellent pantomime ar-
tists and their act is described in their

advance notices as exceptionally clever
and entertaining. They are on their
way to Australia and will fill an en-
gagement of about three weeks in
Honolulu.

The new program of the Savoy, be-
gun last night, was highly entertain-
ing. Crawford and Meeker putting on
a new line of just "mora nonsense."
They were funny throughout both in
songs and dialogue.

"Confusion" a farce comedy, was
replete with funnisms supplied main-
ly by Magrath and Malan. The sketch
was just long enough and was one of
the interesting features of the pro-
gram. Dot Raymond sang well and so
did George Stanley, the ballad sing-
er. A Gaumont film, in colors, depict-
ing a medaevial scene was particu-
larly attractive, and another "A
Daughter of Dixie" patriotic in spirit
was a close second. This program will
be repeated tonight and tomorrow
night.

FILMS VIE WITH ARTISTS AT EMPIRE

Excellent films were shown at the
Empire last night, and this part of
the program had almost as much interest
as the vaudeville section. One film, in
colors, tells a historical story, the
time being at the early stage of
Rome's development. It is a stirring
picture, showing the seizure of the
Sabine women by Romans, their be-
ing carried off to Rome and the bold
effort of the Sabines to recapture
them by stealing into the fortress of
Rome.

The Great Sloop shook off hand-
cuffs with ease, giving an excellent
act which is well worth seeing. This
act is somewhat in line with his es-
cape from the straight jacket. The
Gladstone Sisters, in pretty costumes,
gave real Dutch and Irish dances, and
they also sang new songs. In one of
these they were joined by Miss Ran-
dall the trio being accorded much
applause. Miss Randall also sang
catchy songs.

Tomorrow is matinee day, and on
Thursday the usual change of pro-
gram will be made.

THE BIJOU

The vaudeville entertainment pro-
vided at the Bijou Theatre last night
was highly appreciated by the large
audience. Of course, all the people
are favorites, but their acts were en-
tirely new. Gladys Middleton sang
some new songs, and wore new dress-
es. She met with her usual hearty
reception; Perry and Rowe introduced
some patter that was good and
funny, and, of course, they were
warmly applauded; Richard Kipling
sang some new songs, and the ex-
cellent slides that illustrated them
formed a strong feature. Ed Quigley
and Mike Paton repeated their former
successes, and they were seen in
some new business. Both were high-
ly appreciated. A new musical pro-
gram was submitted by the orchestra,
and the xylophone, trombone and
cornet solos were applauded. The
management has some new acts com-
ing forward in a few days to replace
artists who will be leaving.

MISS SLOANE'S BURNS RECITAL PERFECT

Miss Sloane's rendition of the life
and scenes of Bobbie Burns in the
ballroom of the Young Hotel last
night was all that could have been
desired by admirers of the dead poet,
and his works.

perfect accord with the theme of her
story and left nothing to be desired.
James Farwick's rendition of
"Scots Wha Hae" was in sympathy
with the rest of the program, and the
assistance given by Chester Living-
ston and Philip Paul fired out a most
original and entertaining strain.

NOVELTY

Four performances were given yes-
terday to record breaking houses, the
ticket roll showing 1648 paid admis-
sions for the day which only shows
the popularity of this theatre and its
players.

The favorite Van Barkleys presen-
ted a very funny farce "Family Jars,"
Jimmie Van and Sister Maxine did a
double stunt and Miss Lowell is sing-
ing a couple of new songs and the
moving pictures are as always "the
best ever." A new team of refined
acrobats right of the Pantages Circuit
have been engaged and will arrive
Friday. Next week Wednesday will
be souvenir day, when Master Jim-
mie, Honolulu's favorite will present
every lady and child with a photo of
himself.

JUE YUEN MOW IS MARKED FOR DEATH

Chinaman Who Figured in Ho-
nolulu must Pay \$1500 or
Die, Says Wong Him.

Further developments in the case
of Jue Yuen Mow and the Chinese
girl, Young Cheong, with whom he
eloped to Honolulu from San Fran-
cisco, are reported in the San Fran-
cisco papers. The latest is that
Wong Him, who was the "owner"
of the slave girl, has given Jue his
choice of paying \$1500 within five
days or dying.

Young Cheong is now in the cus-
tody of the Chinatown Presbyterian
mission, and Jue is considering
whether to pay \$1500 or face a bit-
ter long war.

BRILLIANT METEOR FALLS IN OCEAN

This morning at a little after 5
o'clock, a most beautiful meteor of
considerable size was observed. It
made its appearance at a point seem-
ingly directly over Diamond Head,
and, traveling to the west, evidently
dropped into the ocean. It was cer-
tainly within the attraction of the
earth and while visible was a most
beautiful sight.

SCUDDER AND THE NEW YEAR

Inter-Island Excursion Party
Worshipped at Pele's
Altar.

Dr. Doremus Scudder, pastor of
Central Union church, ushered in the
New Year with his usual letter to
all members of his church, wishing
them all prosperity and happiness for
the coming year and also touching
upon the past blessings and those
which he expected to materialize dur-
ing 1911.

Among other things mentioned in
Dr. Scudder's letter is the fact that
there is not a satisfactory attendance
on Sabbath days. This state of af-
fairs the pastor deplors, and makes
a plea for more people to attend di-
vine service on Sundays.

His letter ends as follows: "That
the year nineteen hundred and eleven
may be the best you have ever
known, larger in friendship, richer
in service for others, more varied in
character-building experience and
vital with the consciousness of our
Father's companionship is the wish
and prayer of your minister."

WHEN YOU'RE AS HOARSE as a
crow. When you're coughing and
gasping. When you've an old-fashion-
ed deep-seated cold, take **Wong's**
Lung Balsam. Sold by all druggists,
25c, 50c and \$1.00 bottles.

DIED.

FRANSON—At the Queen's Hospital,
January 2, 1911, Mrs. H. L. (Eliza-
bet), Franson, aged 30.

Jordan's Sale of Ready-to-Wear
Apparel begins tomorrow.

American Plan \$3.00 a day up

Steel and brick structure, furnishings cost \$200,000. High class hotel at moderate rates. Omnibus meets all trains and steamers
Hotel Stewart now recognized as Hawaiian Island headquarters.
Cable address, "Trawets" A. B. C. Code. Reservations made through Trent Trust Co., Fort Street, Honolulu.

Hotel St. Francis

Union Square, San Francisco

Under the Management of James Woods

FACING the beautiful park in the heart of the city, which is the theatre of the principal events of the famous festivals of San Francisco, this hotel, in environment and atmosphere, expresses most pleasantly the comfortable spirit of old California.

The royalty and nobility of the Old World and the Far East and the men of high achievement in America who assemble here contribute to the cosmopolitan atmosphere of an institution which represents the hospitality and individuality of San Francisco to the traveler.

The building, which marks the farthest advance of science in service, has now the largest capacity of any hotel structure in the West, and upon completion of the Post street annex will be the largest caravansary in the world.

WHILE THE SERVICE IS UNUSUAL, THE PRICES ARE NOT.

Cable News

BONILLA WILL GIVE BATTLE

(Associated Press Cable)
NEW ORLEANS, Jan. 2.—Former President Bonilla of Honduras, who has already made several armed attempts to oust President Davila, proclaimed himself constitutional president today, and is leading a determined attack upon the Davila forces.

Word reached here today that Bonilla is at the head of strong bands of both land and naval forces and that an attack upon Puerto Cortez, Honduras, is imminent.

The naval force of the revolutionists is supposed to be on the former United States gunboat Hornet, which was purchased and fitted out at this port recently.

U. S. Sends Gunboat.

Washington has been appealed to in behalf of the existing Honduras government, and Secretary of War Meyer has ordered the gunboat Yorktown, stationed at Corinto, Nicaragua, to proceed to Amapala, Honduras. The order to the commander of the Yorktown was:

"Observe and report upon the conditions existing on the west coast of Honduras."

In spite of this order, however, it is believed that Bonilla has made a successful landing near Puerto Cortez, close to which place he is reported to have marshaled his forces, and an attempt is expected tomorrow.

ACCUSED POISONERS ARE SET AT LIBERTY

LANCASTER, Jan. 2.—The charge of murder in the first degree against Mrs. Vaughn and Dr. Hill, accused of poisoning the woman's husband, Professor Vaughn, was not pressed in the Superior Court today and the defendants were given their freedom. The case has excited the interest of the entire country for months, and there is strong feeling in this State, both for and against the defendants.

CHAMPIONSHIP SETTLED

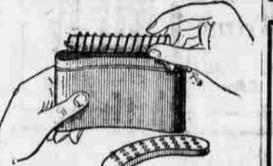

VICTORIA, Jan. 2.—In a well-fought battle here today, the rugby football team of the University of California, at Berkeley, defeated the Victoria team, thus winning the rugby championship of the Pacific Coast and also the Cooper K&H cup, presented for the series. At the Christmas Day game between these teams the struggle resulted in a draw, neither side scoring.

With a few exceptions, all of the departments connected with the Y. M. C. A. night school opened last night. The shorthand class is reported to be full, but there is room for a few more students in the classes of the other branches of study.

Jordan's Sale of Ready-to-Wear Apparel begins tomorrow.

SIMPLY LIGHT AND INSERT TUBE

Warmer does the rest

The Welkom Warmer

Size 3 1/2 x 5 1/2 inches, weight 4 1/2 ounces.

The only modern, safe, effective and sensible substitute for the antiquated Hot Water Bag.

No water to heat—no rubber to rot. Will last for years.

The Warmer is made of metal heated within one minute by the lighting and insertion of a paper tube containing a blazeless, smokeless and odorless fuel generating a uniform heat which lasts over two hours at a cost of less than one cent. It is curved to fit any portion of the body and held in place by means of a bag and belt allowing the wearer to move about at will.

AS A PAIN KILLER

The Welkom Warmer has no equal. It can be put into constant action and is indispensable in cases of rheumatism, lumbago, neuralgia, sciatica, cramps, etc.

By placing the Warmer on the affected part the heat being dry, not moist, bakes out the cold. Physicians say that the moist heat of the hot water bag will not cure but aggravate the ailments above mentioned.

Many have been sold—not a single complaint.

Complete outfit including Warmer, bag, belt, coil and 10 tubes of fuel sent prepaid to any part of the U. S. upon receipt of \$1.00.

If you wish to know more about this wonderful device write today for free descriptive booklet.

WELKOM WARMER MFG. CO. 108 Fulton St., New York.

MARS MAKES BUT THREE FLIGHTS AT MOANALUA ON LAST DAY

ACCIDENT IN SECOND FLIGHT MADE IT IMPOSSIBLE TO DO ADVERTISED STUNTS—LARGE CROWD PRESENT. TWO ACCIDENTS—TRANSPORTATION DIFFICULT.

Thousands of persons yesterday afternoon saw Bud Mars make three sensational flights at Moanalua, on the second of which he nearly smashed his machine, being unable to stop after striking the ground and only being saved from disaster by some marines cutting him off and holding it back before striking the fence at the makai end of the grounds.

There was a larger crowd present at yesterday's flights than on any previous day, and loud cheering and handclapping greeted the daring aviator as he reached the ground safely at the end of his second flight, when it had seemed that he was going to break up everything in running into the fence.

Although the steering post was broken in the second flight, Mars decided to go up again for a third flight, which he did safely enough, making a good landing.

There were eight flights scheduled on the afternoon program yesterday, but the crowd seemed well satisfied with three that were put on, even if the aviator did none of his stunts that have won for him immense applause wherever he has ventured into the air.

In spite of the fact that there were many more present on the grounds yesterday than at any of the previous days, there were probably more dead-heads who saw the flights than on any other day.

Those who took in the sights were not all of the lower-ten, for along the roadway on the hill outside the grounds, there were grouped a number of automobiles and carriages, besides a large number of persons who came up to that point on foot and had a fine view down on the polo grounds where the flights started.

Many took a close look at the big bird before it was taken from the tent, and then at 2:30 it was rolled onto the field and Mars started on his trial flight.

Off across the field he went from the makai end, just grazing the ground, turning at the farther end by stopping the machine and lifting it around, and then driving slowly back to his starting point.

In a few moments he started on

the first flight, and rose from the middle of the field, sniffling away up the gulch, turning in a graceful sweep and traveling rapidly backward the sea.

After going almost out of sight he turned again, came back over the field and circled from the gulch to the makai end of the field and made a safe landing.

At times during the flight he was buffeted about by adverse air currents, and when he reached the ground he was not particularly pleased with the reception he had received while up in the air.

On the second flight Mars was in the air but a short time, and while coming from the gulch he was borne down by the wind and had to make a landing while the breeze was at his back.

As the machine struck the ground the speed was not diminished in the least, and Mars was seen to be leaning forward and trying his best to stop with the brakes, but to no avail.

Almost as soon as the big bird hit the earth, Captain Baldwin shouted to the marines, who were assisting the mechanicians in handling the biplane, to grab it, and half a dozen raced out, intercepting its course and bringing it to a standstill just before reaching the rising ground and the fence at the end of the field.

After an examination of the machine had been made, Mechanician Cy stepped forth with his megaphone and with much gusto informed the waiting public that although it would be extremely hazardous for the aviator, yet he would make one more flight, thus cutting the program from the original eight numbers scheduled.

When this announcement was made a large number of persons who had made their way to the field by electric tram and bus started to return, and as Mars was only in the air a short time, some had not reached the waiting buses before he had landed from the air.

There were inadequate transportation facilities to the grounds from the end of the car line, and those who walked arrived sooner than the busses which were supposed to carry them.

On the return trip it was almost impossible to get to Fort Shafter in any way but by walking. The drivers were slow, allowing their mules and horses to walk in those vehicles, and the motor busses merely crawled along.

This was necessary when the crowd was thickest and various hits had to be made, but the driver of one machine took his crowd only to the bridge on the Damon place and then informed it that he could go no further. It was a case of walk half a mile to the car, that was all.

One accident occurred on the crowded roadway after the flights, M. P. Jacob, on a horse, colliding with an automobile driven by Ed. Wood and being taken to the Queen's Hospital with a broken leg, and at the field H. Baker, who was taking tickets, fell from a bus and broke his leg.

Wood took the first man to the hospital in his machine, and the police auto took Baker to the same institution.

All in all, it was an orderly crowd, and the close of the first aviation meet in Hawaii marked a distinct success, in a financial way as well, as the promoters say they have come out on the right side of the ledger.

The Baldwin party left today on the Asia for Japan, where they were preceded by Advance Agent Brice two weeks ago.

AEROGRAMS.

The propeller used by Mars has blades made of fourteen thicknesses of wood, alternately ash and spruce. The two planes have a stretch of 31 feet. The surface is 320 feet square.

Mars has a barometer lashed to the handle bars, with which he reads barometric pressure and helps to judge his flights.

On Saturday when the bottle of champagne with which to christen the aeroplane was missing, a quartermaster from Fort Shafter rode into town and back on a motorcycle to get the joy-water. He made seventy-five miles an hour part of the way.

The steel cables used in the frame, work of the aeroplane will stand 1,600 pounds pressure.

The longest flight Saturday was nine miles.

Mars holds the world's record for the shortest standing start. He has started in a distance of 43 feet 4 inches. At Moanalua he took at least 100 feet start before rising from the ground.

Mars' only comment on the death of Hoxsey was: "Poor fellow; I knew it was going to happen."

A. A. U. MEETING HELD ON FRIDAY

Friday afternoon there will be a meeting at the office of Lorrin Andrews to perfect the local organization of the A. A. U., authorization for which was recently received from headquarters at New York.

At this meeting the temporary officers for the organization here will be elected, and it is likely that certain action will be taken to adopt by-laws particularly applicable to conditions here which are not found on the mainland.

Membership cards may be received before the meeting on Friday and in that event they will be issued and membership dues for the year collected.

In case the cards do not arrive, and notice has been received that they have been shipped from New York, no cards can be issued until another meeting is held.

As there is business of great importance connected with this first meeting since Honolulu was taken into A. A. U., it is expected that there will be a large attendance at Friday's meeting.

Notification to all those interested in the meeting has been sent out by President Andrews but any others interested who have not been notified are asked to be present at the meeting Friday.

LARGE CROWD SAW SOCCER

High School Defeats Puns—Iron Works and Mallets Draw Game.

Before the largest crowd of rooters of the season, the third games in the soccer series of the Hawaiian Association Football League were played yesterday afternoon at the league grounds, the Puns losing to the High School and the Iron Works and Mallets playing a draw.

The games played yesterday mark the end of the first half of the series, and it is still any team for the winner, a condition which has never resulted before when the series was half over. Always in the past one team has been far in the lead by the time half the games were played and the others were trailing in the rear.

Both games yesterday were hotly contested, and there was good playing done by nearly every man on the opposing aggregations.

The first game of the afternoon was between the Puns and the High School team, and the latter won, the score being one to nothing at the end of the game.

For the second event of the afternoon, the Iron Works and Mallets lined up, and after a hotly-contested game the finish showed a tied score—2-2.

At the present time the Iron Works lead the bunch, with four points to their credit, two being counted for a win and one for a drawn game. The Mallets and Puns each have three to their credit, and so being tied for second place. High School is at the bottom of the list at present, with two points.

The series still belongs to anyone, and the way the High School team has been playing recently will put that outfit in something besides fourth place in the league before many more games are played.

The next of the series will be played on Saturday next, the Iron Works lining up against Panahou and the High School against the Mallets.

TWO-YEAR-OLD FILLY TROTTER, BRINGS \$20,000

CHICAGO, December 17.—One of the biggest sales in horseflesh during the winter season was consummated yesterday when Ed Willis, superintendent of the Patchen Wilkes Stock Farm, Lexington, Ky., disposed of Miss Stokes, 2-year-old, record 2:09 1/4, and holder of the world's record of 2:19 1/4 for yearling trotters, for \$20,000. The sale was effected through Lon McDonald and it is understood that David M. Luke, a merchant of New York, is the purchaser. The price paid is the largest for a 2-year-old trotter in recent years.

Miss Stokes has been a sensational trotter almost from the time she was weaned. She was bred at Patchen Wilkes Farm was sired by Peter the Great, 2:07 1/4, and her dam is Tilly Thompson, by Guy Wilkes, 2:15 1/4.

The mare will be shipped to Memphis with the rest of the McDonald string and be prepared for her stake engagements. She is eligible to all the futurities.

GOVT. TO CO-OPERATE WITH HORSE BREEDERS

WASHINGTON, D. C., Dec. 17.—Cooperation between the Government and farmers of the country in the breeding and raising of horses suitable for cavalry and artillery branches of the military service was asked today by Quartermaster General James B. Aleshire of the army and officials of the Agricultural Department before the House Committee on Agriculture. It is proposed to establish a system whereby the Government shall cooperate with individual farmers toward breeding horses of a definite standard. The Government is unable to secure 2000 horses of the required standard.
