WOULD GIVE WOMEN BALLOT REGULATIONS STOP BIG EXCURSION

Ship Subsidy Bill Opposed

Indiana Man Takes Floor Of Senate To Argue Against It

(Special Bulletin Cable.) WASHINGTON, D. C., Jan. 26.—A repeal of the existing laws governing United States shipping, an organized investigation of the needs of the merchant marine and a careful enactment of new laws to regulate not only American ships, but the relation of the United States with the shipping of other countries, were advocated on the floor of the Senate today by Senator Benjamin F. Shively of Indiana. Senator Shively opposed the granting of a ship subsidy by the government, declaring that the rehabilitation of the American merchant marine can only be accomplished through a repeal of the existing laws.

BALLINGER REPORTS UNDER FIRE

(Associated Press Cable.) WASHINGTON, D. C., Jan. 26.—The House today ordered the rules committee to investigate a reported delay of forty-nine days in the distribution of the reports of the Ballinger investigation committee, to see whether or not the delay was for political reasons.

AVIATOR TAKES SIX PASSENGERS

(Associated Press Cable.) DOUSAY, France, Jan. 26.—Aviator Sommer today accomplished a remarkable feat in taking six passengers in a biplane for a cross-country flight. The start, voyage and landing were made without accident, and mark a new era in passenger-carrying flying machines.

NEW STOCK EXCHANGE MAKES SLASHES IN RATES TO WREST BUSINESS FROM COMPETITOR

Carrying a vigorous campaign into fact that its members are already pulling the enemy's country, the Hawaiian Stock Exchange today announced a new schedule of commission rates that is taken by "the street" to mean the beginning of open warfare between the Hawaiian Stock Exchange and the Honolulu Stock and Bond Exchange, the latter being the old institution. President Robert E. Bond announces that the new rate of brokerage commission on all stock's selling from \$25 to \$50 is twelve and a half cents a share. This is a cut of seven and a half cents from the scale established a few weeks ago, and is just half of the commission charged by members of the older exchange. The statement has been made by members of the other exchange that our rates were not much lower than theirs in those stocks which are most dealt in; in other words, the stocks from \$25 to \$50 per share. The new schedule is the answer," said President Robert Bond of the Hawaiian exchange this morning, commenting on the cut. The new scale ranges from forty to fifty per cent, lower than the commission rate charged by the other exchange, and it is the evident determination of the young exchange to do anything to get business, as well as the

JAILED FOR TAKING MUCH PRIZED LEI

Chief of Detectives McDuffie, accompanied by his staff, created quite a sensation in the vicinity of Hotel and Bethel streets last night. Their presence in that neighborhood, coupled with their quick movements, as they rushed in and out of the saloons, apparently looking for a man, caused the passers-by to watch the police brigade as it went through the various movements under the leadership of the big chief.

Deputy Sheriff Rose was also present. Chief McDuffie and his staff were looking for Tom Richards, who is now locked up in the cell for investigation, accused of taking a lei. Pending the investigation, Richards will remain in jail. Before coming into town last night, Chief McDuffie and his men were up at Kalihi, plowing through the poi refuse which is piled near the poi factory. Their unpleasant task was rewarded by a catch of seven gamblers, one of whom was Clement Mekaoli.

(Special Bulletin Cable.) AUGUSTA, Me., Jan. 26.—The State Senate unanimously approved today a memorial to Congress declaring for San Francisco for the 1915 exposition.

EXCURSION FROM SEATTLE NOT COMING

News Received Here That Prince Rupert Charter Is Given Up.

News was received from Seattle yesterday that the excursion of Northwest business men to this city next month has been abandoned. According to the report, the excursion had been called off because of lack of sufficient booking to enable the promoters to make the trip at a profit. The steamer Prince Rupert was held under option of charter by the promoters. The news received locally is to the effect that the steamer was released by the promoters of January 14, and will return to its regular run from Seattle to Prince Rupert early in the spring. In anticipation of the excursion to Hawaii, the steamer has been undergoing extensive interior improvements at Vancouver, B. C. A number of staterooms were converted into suites, bathrooms were remodeled and cabins redecorated. However, this will not be lost, as the Prince Rupert-Seattle run is largely an excursion trip anyway. When the excursion was first proposed, the prospects were for a big success. Then came the uncertainty about visiting Hilo, due to customs regulations. Another source of discontent among the excursionists was that they were unable to take steamer from Seattle direct, but would have to board the steamer, owing to the coastwise shipping laws. The slipping-off of the Seattle excursion is claimed to be mainly due to the coastwise restrictions, and is being used as an argument from a local standpoint for the campaign being waged vigorously just now by the Merchants' Association. The Promotion Committee has had no notification that the excursion is off, though it has been known that it was wabbling. Secretary H. P. Wood coincides with the view that the coastwise law has stopped it, as well as the uncertainty regarding hotel accommodations here that is mentioned in his weekly report today. A girl with a plain face has lots of time to cultivate the beauties of her mind.

Thirsty Juror Halts McQuaid Case; Lands In Police Court

Progress of Trial Interrupted By Man Who Forgets Post of Duty.

Because one of the jurors was held in the police court on a charge of intoxication, the trial of William McQuaid, indicted on a charge of assault to murder Volney C. Driver on November 4 last, had to be postponed this morning. John Welch, a juror, failed to appear at the time court was to convene this morning, and inquiries as to his whereabouts by Bailiff Hopkins resulted in the discovery that Welch was in the police court. There he was fined \$5 and costs for his over indulgence and, not being able to pay the fine on short notice, he could not be brought to the Circuit Court in time for the trial to proceed this morning. Welch will be before Judge Cooper tomorrow morning to explain. The McQuaid defense is ready to rest its case, the last witness being Dr. Straub, whose cross-examination at the hands of City and County Attorney Cathcart is not yet concluded.

POPULATION OF HILO GIVEN AS 6,745 PEOPLE

(Associated Press Cable.) WASHINGTON, D. C., Jan. 26.—The census bureau today announced the population of Hilo, Hawaii, as 6,745. This is the final estimate on revised figures.

NOTED ENGLISH PUBLICIST DEAD

(Associated Press Cable.) LONDON, Jan. 26.—Sir Charles Dilke, English writer and politician, died here today of heart disease, at the age of 67 years. From an early age he has been identified with political movements. He was successively member of parliament, under secretary of foreign affairs and president of the local government board. His writings on travel, statesmanship and military affairs are read the world over.

GREAT REGISTER TO BE DISCUSSED

Republican Legislative Committee Will Draft Bill For Legislature. The "great register" of voters, which is called for in the Republican Territorial platform, is to be taken up at a special meeting of the Republican legislative committee within the next two or three days. Briefly this move is proposed to establish a permanent registration for voters of all parties, and to prevent the need of registration before every election. Its advocates point to the fact that such a plan will secure larger votes, as many voters do not register in time, either through carelessness or indifference. Under the plan proposed, the names of all voters registered will be kept on file at the Capitol, open to inspection at all times, and whenever changes in precincts are made, they will be noted down. It will be like keeping a set of books and transferring an account from one column to another. Chairman Cooper of the legislative committee said today that he will call a meeting of the committee soon to prepare a bill for this plan. Last night a special committee discussed the proposed direct primary law, going over the preliminary draft as it had been gotten up by many interested in the success of the direct primary plan. It will need a good deal of further revision before it is ready to present to the Legislature.

Less Machinery, Urges Governor

Will Advocate Reduction In Expenses of Territorial Departments

"Less machinery and more progress in the affairs of the Territorial Government," is the policy that will be urged upon the next session of Legislature by Governor Frear, outlining his ideas in this regard this morning. The Governor believes that for the next two years the administrative machinery of the Territorial Government should be cut down to the lowest possible minimum consistent with efficiency and that all the resources of the Government be directed toward the extension of the conservation scheme and general development work. It is expected that a surplus of about \$500,000 will be available at the end of the present fiscal period and the Governor states that this will not go far in the development work that is necessary. The expenses of the Territorial departments will be cut down materially if the ideas of Governor Frear are followed by the Legislature. "We must see to it," he states, "that there is no waste and that all of the money that can possibly be used for progressive work is devoted to that purpose." The assumption is that Governor Frear will recommend the reduction in expense of several Territorial departments by the dispensing with some of the personnel that will allow the machinery being reduced to the "lowest possible minimum consistent with efficiency."

FREAR URGES REMODELING OF JUDICIARY BUILDING ON LEGISLATIVE APPROPRIATION

Governor Frear stated this morning that if the next session of the Territorial Legislature does nothing else, it should make an appropriation sufficient to provide for the remodeling of the Judiciary building. "An appropriation for that purpose is essential," said the Governor, "and will be one of my strong recommendations in my message to the Legislature. The roof and floor of the building are ready to fall in, but the walls are in the best of condition. The old walls can be used again to good advantage." A conference has been held by the Governor with the Territorial judges as to the planning of the first floor, the meeting having been held the first of the week. Another meeting will be held shortly to agree on the general scheme for the second floor. Governor Frear does not think that the plans agreed upon will involve an extension in the size of the building, particularly if the collection of taxes is taken over by the counties, thus vacating the space in the Judiciary building that is now occupied by the tax bureau of the Territory. The walls of the building are considered to be in perfect condition, exceptionally good work having been done in their construction. An idea that has been suggested in connection with the remodeling of the Judiciary building is the erection of a hall of records to the rear of the main building and connecting by a colonnade.

TWO CLASSES OF AUTOMOBILES

Possible For One Car to Win Three Prizes in the Floral Parade.

The vexing question of where to divide automobiles into two classes occupied most of the time of the automobile committee of Floral Parade at its meeting this morning, but after consulting E. E. Bodge of the von-Hamm Young Company, it was decided that all cars of twenty-five horse-power and under should form one class and all those of over twenty-five horse-power should form the other. Last year there were three classes, but as the change in models has been so great, it is now almost impossible to draw the line strictly between a runabout and roadster, and between a runabout and touring car so that it was decided the horse-power classification was the only one to which there could be no objection. There will be three prizes given in each of these two classes, and then in addition there will be prizes for automobile floats. The floats are decorated cars whose decorations hide the lines of the machines. Under the present classification it will be impossible for one owner to win three prizes from the Parade, and there are to be some cups offered by merchants of the city, so that four prizes might be won by one car. One car might win the prize in its class as to horsepower, then it might win the prize for the best decorated car with natural flowers, it might win the prize among the prize winners as the best decorated car in the whole parade, all of these prizes coming from the committee. Then it might win a cup from the merchants in addition to these other prizes. That looks like a great deal for one car to win, but, as one committee member remarked this morning, "if anyone decorates his car with natural flowers and takes all those prizes he is certainly welcome to them." It was the sentiment today in the meeting that there was much disappointment at the small number of cars which their owners had agreed to enter in the parade. "There are a large number of cars in this city," it was remarked, "and how if ever there should be a 'United Honolulu' to show the hundreds of visitors in the two big excursions what Honolulu really can do in the automobile line when it starts out. "This is the one great chance we have, and all automobile owners should appreciate it and go to the

WATER SYSTEM TO BE EXAMINED

Merchants' Association Will Take Up High Insurance Rates.

"A reduction in insurance rates in this city should be secured, and the Merchants' Association can do it," said E. A. Bernot of the Merchants' Association at a meeting of the directors yesterday. "It appears that the reason for the existing high rates is because of defects in the water system. If this is the case, we should take an active part to remedy it. We have a building ordinance coming up and should know about that."

COMBINE TO CLOSE NOVELTY THEATER

General Manager Scully of the newly-formed Honolulu Amusement Company announced yesterday afternoon that the Novelty Theater would close with the performance last evening. This is the first move on the part of the new combine to thin out the amusement houses, which were carrying on a cut-throat competition. It is possible that another may be closed before the end of this week.

WATERFRONT NOTES

Wilhelmina Gathers Sugar. Sugar amounting to a full cargo will be loaded into the steamer Wilhelmina before that vessel is dispatched on next Wednesday morning for San Francisco. The steamer sailed for Hilo at five o'clock last night taking some two thousand tons freight in transit from the Coast. While at the Crescent City, an engine and train of a dozen flat cars will be left. The vessel will take on raw sugar from Hilo and returning here by Sunday morning will complete loading with a consignment of about 2000 tons refined and a quantity of raw sugar. A small shipment of pineapples may be supplied the vessel.

CLAUDINE MET WITH RAIN AND WIND.

Reporting much rain and wind, the officers of the steamer Claudine stated that the trip was far from being a pleasant one. On returning from Hawaii and Maui ports yesterday morning, the vessel brought a number of first and second class passengers and freight including 42 crates chickens, 20 sacks taro, 18 sacks beans, 202 bales hides 3 mules and 141 packages sundries. Purser Kibling reports the schooner A. F. Coates and Bark Albert at Hilo while the schooner Meiorne and American-Hawaiian freighter Mironian were passed at Kaha-luu.

Eleven Hundred Tons Cargo by the China.

Eleven hundred tons Oriental cargo will be left at Honolulu with the arrival of the Pacific Mail steamship China due here on or about February 4th. This vessel called from Yokohama today according to a report received at the agency of H. Hackfeld & Co. The China is said to accommodate thirty-five cabin passengers from this port. The vessel is chronic to San Francisco and has always been considered a favorite boat with a large share of the traveling public.

Siberia Here Tomorrow Morning.

According to a wireless message received today at the agency of H. Hackfeld & Co. the Pacific Mail steamer Siberia is due to arrive off the port on or about ten o'clock tomorrow morning. The vessel comes from Hongkong via the Japanese port and is bringing less than six hundred tons Oriental merchandise for this port. According to late advices the vessel has room for one hundred and ten cabin passengers though considerably less than half this number have already booked at the local agency. The Siberia is to be given a prompt dispatch to San Francisco and it is possible that the steamer may be able to get away for the coast in the afternoon. If this is found impractical, the Siberia will then be dispatched the following morning. Over one hundred Filipinos are expected to arrive for island plantations by the Pacific Mail steamer.

SCHOONER MARSTON SAILED SEAS COVERED WITH DRIFTING LOGS

THE BIG WINDJAMMER SAID TO HAVE HAD SEVERAL NARROW ESCAPES. KOREA STILL YIELDS UP VALUABLE DOPE. SOUND EXCURSION IS ALL OFF. PILOTS JUGGLED BY DANCING WAVES.

Sailing through seas strewn with floating lumber and heavy piles of the well known American schooner William H. Marston after several narrow escapes has made Puget Sound ports in safety.

In a letter received here from Captain Hershey the arrival of the big five-masted windjammer is reported. The Marston is a prominent figure at both Honolulu and Hilo during the course of a year. She has been coming down to the islands for many years bringing large shipments of lumber. The Marston was one of the first deep sea schooners to enter Pearl Harbor, the vessel being towed through the recently dredged channel and into the locks by the Marston Navigation Tug Intrepid under the direction of Captain Hyde.

The Marston was expected to proceed to Port Gamble to load a shipment of lumber with a possibility of a charter being fixed for Honolulu.

According to the skipper of the Marston large logs were adrift and proved a constant menace to navigation as the schooner neared the Straits of Fuca. The Marston sailed from Hilo the latter part of November.

Galley Stove Made Poor Bedfellow. The boarding staff of officers connected with the local emulous services as well as representatives from several steamship companies can appreciate the brand of steamers weather off San Francisco that caused the little pilot boat America to rear and pitch likened to a bucking cayuse while the late storm raged off the heads.

The conditions were more or less the same at Honolulu during the storm which prevented some small craft from venturing outside the harbor.

The pilots who were obliged to remain on board the America finally returned to San Francisco and report that they had the time of their lives. The seas were so high at one time that the America remained for several moments in a perpendicular position and while in this attitude her hatchways burst their fastenings and an assorted lot of vegetables, meats and supplies rolled into the angry seas.

The cook was trying to gain a few winks of sleep in the forward part of the ship. As he gradually gained consciousness he noted an unusual warmth finally awakening to discover the presence of a stove in his bunk that had rolled there by the tossing of the vessel. The bunk was not certified to carry a sailorman and a cooking range at one and the same time so the head of the America scullery believing discretion the better part of valor sought a cooler atmosphere.

The Phantom Prince Rupert. The excursion said to have been motored by a crowd of Northwest business men who are alleged to have entered into negotiations for the charter of the steamer Prince Rupert has faded into thin air.

Owing to the tardiness with which reservations of accommodations were made at Seattle Tacoma and Portland the Grand Trunk Pacific Railroad is declared to have decided not to dispatch the Prince Rupert to Honolulu on a special trip.

After a few alterations the Prince Rupert will again enter the Seattle-Portland trade and operate on a schedule with the company steamer Prince George.

It was with much regret that it was learned that the excursion by the Prince Rupert had been declared off.

Claudine Met With Rain and Wind. Reporting much rain and wind, the officers of the steamer Claudine stated that the trip was far from being a pleasant one. On returning from Hawaii and Maui ports yesterday morning, the vessel brought a number of first and second class passengers and freight including 42 crates chickens, 20 sacks taro, 18 sacks beans, 202 bales hides 3 mules and 141 packages sundries. Purser Kibling reports the schooner A. F. Coates and Bark Albert at Hilo while the schooner Meiorne and American-Hawaiian freighter Mironian were passed at Kaha-luu.

Hall Here from Kauai. Bringing 5389 sacks sugar and a few passengers the steamer W. G. Hall was an arrival at the port from Kauai yesterday. Wind and rough seas made the trip far from pleasant. In addition to sugar the vessel brought crates of chickens and 4 packages sundries.

HUMAN STOMACH WEAKENING SLOWLY

Digestive Organism of Modern People Is Becoming Degenerate.

ANIMALS STAY HEALTHY

Centuries of Sedentary Life Causes Much Ill Health, Says Easterner.

Benjamin, "the stomach man," as he is called in the East, where his theories and medicine have been widely discussed, met the public in Honolulu for the first time Wednesday.

Benjamin is making his headquarters at the Honolulu Drug Co.'s store, where he explained his ideas to a stream of callers all day. When interviewed he said:

"I claim 90 per cent of all ill health is due to stomach trouble. It is the curse of the twentieth century. Practically all the chronic ill health of this generation is due to abnormal stomachic conditions. Therefore, I believe the human stomach of present highly civilized races has become degenerate.

"In earlier days, when the human race was close to nature and men and women worked all day out of doors, digging a frugal existence from the soil, the tired, droopy, half-sick people that are now so common did not exist. To be sure, there was sickness; but it was of a virulent character and only temporary. There was none of this half-sick-all-of-the-time condition with which so many are afflicted.

"In the horse, the cow, the dog (when let alone and not turned into a parlor pet), and the wild animals, you see no chronic debility, no nerve exhaustion. It is because their stomachs are in sound condition. They are not shut up all day with little exercise, and they do not stuff themselves with food when their body has not had enough work to justify it. The civilized races have been doing this for years, the human stomach has gradually become weaker, and look at the result—most of the people are half sick.

"I have talked with thousands during the past year, and few, indeed, knew what was the matter with them. One said nervousness, another kidney trouble, another liver complaint, some said constipation, or heart trouble, or lung trouble; many had treated, as they called it, for all these diseases at various times. A very common complaint is 'all run down,' or 'tired all the time,' or 'no appetite.'

"I know that all this chronic ill health is caused primarily by stomach trouble and nothing else. I also know that the preparation I come here to introduce will put the stomach in good condition in four to six weeks' time. I further know that mighty few people can be sick with a digestive apparatus in perfect shape. That is why my medicine is selling in New York, Chicago, St. Louis, Boston and other cities in greater quantity than any medicine ever before introduced. It will sell in Honolulu just the same way.

"Before I leave I will have more people come to thank me for what this medicine has done than I will have time to talk with. I also shall prove every word of the above statement before I leave Honolulu.

"Myself or assistants will meet those who wish to see me from 10 a. m. to 4 p. m. daily, Sundays excepted."

TWO THEATERS NOW ARE DARK

Despite the amalgamation of amusement interests in Honolulu, the Park Theatre will continue to be a live factor in catering to the public.

Manager Congdon of the new Honolulu Amusement Association has been instructed to proceed with the alterations and remodeling of the popular Fort street playhouse. Several thousand dollars is now being expended in the enlargement of the stage. Dressing rooms will be provided in the lower part of the structure.

A stage with a width of forty feet and a depth of twenty feet is fast nearing completion. It will be set with a fine array of scenery. The Park improvements will be finished by the first part of the coming month.

The Novelty Theatre was closed with the termination of last night's performance at the instigation of the management of the new corporation. The proprietors in entering into the "trust" were given a substantial sum in cash, a generous slice of stock in the newly formed corporation which binds itself to expend several thousand dollars in converting the premises formerly occupied by the Novelty Theatre into three store rooms.

Partitions will be run through the building after the stage and fittings have been removed.

The talent signed on for that place will be transferred to the Bijou.

The Art Theatre, which has had a fitful existence for some months past closed its doors with the close of the Saturday night performance. Attempting to operate the concern without the right sort of publicity is assigned as the cause of the closing of this theatre. It is understood that the new concern hold an opinion on the Hotel street theatre premises which is said will preclude outside parties entering the field at that location and attempting to buck the theatrical amalgamation.

Managers Scully and Congdon are on the lookout for good acts. Some changes may follow in the personnel of the several orchestras now catering to the public at the theatres. It will be the purpose to employ local musicians as far as possible. The retirement of the Art and Novelty orchestras has thrown several musicians out of employment and these may yet be willing to again enter the service of the city and county band.

HILO TAKES STEPS FOR CLEAN STREETS

(Special Bulletin Correspondence.)

HILO, Jan. 23.—An ordinance which will provide against the depositing of sweepings from stores, warehouses, dwelling houses, or, in fact, any kind of buildings, on the public streets is to be introduced at the next meeting of the Board of Supervisors. It has already been drafted, and it now resides in the pocket of one of the county fathers, who intends to spring it as his first opportunity. It provides that a violation of the ordinance shall be punishable by a stiff fine.

The Supervisor who will father the new ordinance explains that a number of the stores in the center of town, as well as elsewhere in the neighborhood, have the habit of throwing their sweepings into the street, and he proposes to force them to adopt the ashbarrel system as it is in vogue elsewhere.

Another matter which is likely to be brought up before the County Fathers at their coming meeting, is a proposition to revise the old percentage basis for the division of the general fund money between the various road districts. In the old days, prior to the administration of the 1909-10 board, the balance which was left for the roads and such expenses after general running expenses had been paid, was distributed among the districts on a certain percentage basis which was based on the amounts of taxes collected in each of these districts.

OPENING OF POSTAL BANKS SATISFACTORY
Only One Place in the Whole Country Failed to Show a Single Deposit.

WASHINGTON, D. C., Jan. 4.—Gratification is expressed by the officials

of the Postoffice Department over the first day's operation of the postal savings bank system. Telegrams received by Postmaster-General Hitchcock indicated that hundreds of people in the forty-eight cities where the public depositories were opened availed themselves of the opportunity to deposit surplus cash. The deposits ranged from one to a few hundred dollars. The comparatively small amount de-

posited in the aggregate was due, in the opinion of the officials and in the light of the telegrams received, to the non-arrival at many of the offices of the \$10, \$20, \$50 and \$100 certificates. In only one office thus far reported were there no deposits. That office was Clinton Forge, Va. The postmistress reported no deposits and had weather.

SIMPLY LIGHT AND INSERT TUBE NEW - TO-DAY

Warmer does the rest
The Welkom Warmer
Size 3 1/2 x 5 1/2 inches, weight 4 1/2 ounces.
The only modern, safe, effective and sensible substitute for the antiquated Hot Water Bag.
No water to heat—no rubber to rot. Will last for years.
The Warmer is made of metal heated within one minute by the lighting and insertion of a paper tube containing a blazeless, smokeless and odorless fuel generating a uniform heat which lasts over two hours at a cost of less than one cent. It is curved to fit any portion of the body and held in place by means of a bag and belt allowing the wearer to move about at will.

AS A PAIN KILLER
The Welkom Warmer has no equal. It can be put into constant action and is indispensable in cases of rheumatism, lumbago, neuralgia, sciatica, cramps, etc.
By placing the Warmer on the affected part the heat being dry, not moist, bakes out the cold. Physicians say that the moist heat of the hot water bag will not cure but aggravate the ailments above mentioned.
Many have been sold—not a single complaint.

Complete outfit including Warmer, bag belt, coil and 10 tubes of fuel sent prepaid to any part of the U. S. upon receipt of \$1.00.
If you wish to know more about this wonderful device write today for free descriptive booklet.

A wireless received this morning from the Oceanic steamer Sierra reports that vessel as meeting with nasty weather on the voyage to San Francisco. The steamer was 123 miles off the port at eight o'clock last night steaming through fresh northeast winds, rough seas, clear skies but squally.

DR. HARADA FROM MAINLAND

Dr. Harada, one of the most prominent Japanese Christian workers in Japan, will soon come to Honolulu, arriving on the next steamer from the mainland. He is returning to Japan after visiting in England and other countries of Europe. He passed through the continent, visiting almost all the principal cities in the States.

WILL MAKE ADDRESS ON SCHOOL SYSTEM

There will be a meeting of the civic section of the Men's League of Central Union church in the parish house at 5 o'clock tonight. The principal speaker will be W. R. Farrington, who will present a paper on "An Educational Policy for Hawaii."

Hilonian to Sail for Island Ports.

Sailing for island ports on or about five o'clock this evening the Matson Navigation steamer Hilonian will carry a quantity of cargo in transit from San Francisco and Seattle. The vessel will call at Port Allen, thence to Kahului and Hilo leaving from the latter port for San Francisco direct. In addition to a full cargo of sugar, the Hilonian is expected to gather up pineapples to the amount of twelve hundred tons.

CELEBRATE NATAL DAY

The fifty-second anniversary of the birth of Emperor William of Germany will be duly celebrated at Honolulu by hundreds of loyal nationals.

At the big H. Hackfeld & Co. building a reception will be held, with W. Pfothenauer, acting consul for Germany, as a host.

A large number of invitations have been issued, among them being requests for the presence of those prominently identified with the military, naval, territorial, city and county governments.

At the last meeting of the Board of Supervisors an acknowledgment was voted Consul Pfothenauer, and it is the intention of the city and county administration to attend the function in a body.

Over bumpers of rare vintage and the discussion of a tempting lunch, the continued health and success of Emperor William will be expressed by a large delegation tomorrow at noon.

TRADING IS SLOW AND SALES SLIGHT

Trading on the stock market was slow today, with 100 McBryde at 4 even and five Inter-Island the only stocks that changed hands, both off the boards.

Pahang Rubber is showing many signs of activity and is held at 22 1/2, par value being 10.

Some interesting quotations were: Ewa, 27 1/2 bid, 28 asked; Hawaiian Pineapple, 25 bid, 25 1/4 asked; Wainima, 27 1/2 bid, 28 asked.

WHITE BRIGADE MEETS VISITORS

Arab Patrol In Ducks to Go over Side of Wilhelmina Off This Port.

"We are going to show those Callifornians, and others, that this is some white man's country down here, and that while people are cold in Frisco and shivering in the Middle West and East that we are percolating around the palm-lined streets of Honolulu in white duck," said Sunny Jim this morning in speaking of the preparations being made to welcome the Shriners from the Coast next month.

To amplify his idea he of the sunny disposition stated that the Arab Patrol, forty strong, was to be dressed in white ducks, with coats cut military, white caps and white shoes, and the outfit, burdened with lels, would give the visitors a welcome that they would remember for the remainder of their lives.

It is planned to have several lunches meet the Wilhelmina outside the harbor, and as there will be a short medical inspection only, the Arab Patrol will go up the Jacob's ladder as soon as the yellow flag comes down, and in their white uniforms plump down on the spotless decks of the Matson liner, to the great surprise of the visiting scores.

Special launches will be chartered, and that landing in Honolulu will be a memorable one.

Only the patrol and the band will go out, as the plans are now made, and the other greetings will be made on the wharf as soon as the liner docks.

The local shriners plan some surprises, and by the time the Wilhelmina makes Alakea wharf, the visitors will be so burdened with lels that they will look like regular kamahinis returning from a prolonged stay on the mainland.

This idea of the white suits is one that those in charge think will take exceptionally well with the crowd on the Wilhelmina, for in no other way, perhaps, could the mild climate of Hawaii be so impressed upon them.

PROMOTION WORK WITH EDUCATORS

Committee Interests Faculty Members in Many Mainland Colleges.

Probably one of the best pieces of work we have done in some time was the sending out a short time since a special letter to the Registrar of every University and College throughout the United States requesting them, if convenient, to favor us with the names and addresses of members of their faculty who were interested in travel to the extent of making up and conducting tourist parties.

By the Sierra we received some fifty letters in reply giving the names of upwards of a hundred prominent educators throughout the country who are desirous of learning more of Hawaii, several of them expressing belief in their ability to bring quite a number of people here. The effect of this special effort, however, will not be noticed before the summer of 1912, when, as the result of this and other work, we may expect to witness a decided increase in summer travel to Hawaii.

The plan for holding the 1914 Convention of American Passenger Agents at Honolulu is creating a great deal of interest resulting in much good advertising.

The last word concerning the Prince Rupert Excursion is unsatisfactory. First, the statement came to hand from the Agents that the steamer would not be able to call at Hilo on account of Customs regulations which is undoubtedly a mistake; now we are informed that not being able to secure positive assurance from our local hotels that they will be able to care for two hundred extra people between Feb. 12th and 28th is proving to be a curious handicap. We should receive some definite word about the Excursion from our Agent in the Northwest by the next mail.

BISHOP HUGHES GOES FRIDAY

The last service in the series of dedication services of the new Methodist Episcopal church will be held this evening. Bishop Hughes will preach and this will be the last opportunity to hear him. It was expected that the services would close Friday evening, but a change in the plan was made necessary in view of the fact that the Siberia will depart one day earlier than was expected. Bishop Hughes sails on the Siberia at 5 p. m. tomorrow. The public is cordially invited to hear him this evening.

AMUSEMENTS

BIJOU GETS MORE GOOD ATTRACTIONS

With the closing of the Novelty theater last evening the Honolulu Amusement Company was enabled to distribute the remaining talent at that theater to other playhouses.

The Bijou theater tonight will present Conchita Carranze, a Spanish dancer who hails from Madrid, and gives a dance of unusual grace and attractiveness. Hasson Ben Abdie, the Moroccan hercules, a tower of strength, will present feats of muscle. He is an old performer. These are the very newest people at the Bijou, although the house has had several additions to its program lately—all of them good.

Burke and Burke are an exceptional comedy team, one of the Burkes as a messenger boy calling for laughs with every breath. The other Burke, a winsome young woman, fills the opposite role to perfection. Joe Carroll, comedian and dancer; Jones and Greiner, very comical comedians; the Little Aflague Sisters of Honolulu, petite singers and dancers, and Richard Kipling, singing illustrated songs, complete an unusual bill. Amateur night tomorrow.

PARK GETS A MUSICAL COMEDY TEAM

The Park theater tonight presents a new program and new people. The latter are the De Marest Brothers, whose eccentric musical ability is shown in many ways. One of them does a topsyturvy piano act. He stands on his head, his feet resting on the piano top and his back against the keyboard and in this position he plays many selections. It is not freak playing, but good.

Harding and Wasson sing their own compositions and dance their own original steps, and Winnie Baldwin, of charming stage personality, sings several selections. There are new motion pictures and a new program by Cunha's orchestra. The Park has its own standard of shows and this is one of the best the management has produced.

SAVOY PRESENTS AN ATTRACTIVE PROGRAM

With the regular mid-week change of program the Savoy will tonight present the Doric Trio, which have made such a phenomenal success since their first appearance less than a week ago. These three young men, Shriners from Toronto, are the rage of goodness for that—who cares for the vaudeville stage of Honolulu and turkey, now?

their encores run from three to six every night. Curtain calls are numerous and the applause is wildly enthusiastic at times. Packed houses have greeted them nightly. As a musical team they are not excelled here.

The two acrobatic dancers—Dolliver and Rogers—are also hits of the week. Their graceful dancing and pretty singing have won them a host of admirers. The Great Laredos are combining most of their contortion feats into one act for the remainder of the week.

The Savoy will continue its regular amateur night on Tuesday.

EMPIRE'S STRONG BILL BRINGS GOOD HOUSES

Large houses are just a habit at the Empire these days and nights. The program is good throughout. The Musical Bentleys continue as favorites, as their playing on the Marimbaxylophone has lost none of its attractiveness. Their long repertoire has enabled them to make two changes of program each week, and to their repertoire they are gradually adding Hawaiian selections. The Bentleys will tonight dedicate "The Papaya Rag," their own composition, to that popular Hawaiian fruit, the favorite among tourists. They will also play the "Lion du Bal" (sounds from the ballroom), "La Paloma," by request, and a medley of popular airs.

Gertrude Eulalie and her four pretty singing soubrettes, will present new songs and dances. Eulalie is a graceful danseuse and particularly good as a toe dancer. Crawford and Meeker, the comedians, have a lot of new jokes and songs, and George Stanley more ballads.

The amateur nights will be discontinued at the Empire.

BAND CONCERT.

The Royal Hawaiian Band will play this evening at half-past seven o'clock on the Young Hotel roof garden, presenting the following selections:

- March—The Navy.....Pether
- Overture—Anna Bolena.....Donizetti
- Ballad—Alice, Where Art Thou.....Asher
- Selection—Madame Sherry.....Hoschna
- Vocal—Popular Songs...Ar. by Berger
- Selection—Bright Eyes.....Hoschna
- Waltz—May I Have the Pleasure.....Lincke
- Finale—The Gigglers.....Haines
- The Star Spangled Banner.

Reports from the State are that sauerkraut will be plentiful. Thank Shriners from Toronto, are the rage of goodness for that—who cares for the vaudeville stage of Honolulu and turkey, now?

MISS BURKE, Comedian at Bijou.

FAMOUS DANCERS FOR ELKS' HULA

Most Graceful Girls in Islands Preparing to Make Appearance in Carnival.

Jimmie Lynch, Harry Murray, Ed. Quinn and Ed. Lord are the Elks in charge of one of the most entertaining features to be presented at the approaching Elks' carnival on the Alakea wharf on February 21 and 22. The two former, Lynch and Murray are not quite decided which is chairman of the committee, but nevertheless both are working in that capacity. A half dozen of the most famous dancers have been engaged and are rehearsing for the big day. They are Mary Pimodu, Irene Keeleni, Agnes Hiram, Lily Kealoha, Abbie Klein and Kullii Hiram.

These girls will execute the old Hawaiian hula in its most approved form under the direct tutelage of Madame Aji whose fame extends to great cities of the mainland, she having danced the graceful Hawaiian dance before thousands upon thousands at the Chicago World's Fair, at the San Francisco mid-winter fair and at the Buffalo Exposition.

NEW VOLCANO HOTEL IS PLANNED BY LEE

(Special Bulletin Correspondence.) HILO, Jan. 23.—Peter Lee, the well known kamaina who at one time was in charge of the Volcano House in the olden days, is getting busy with his efforts to float a new hotel corporation for the purpose of operating a family hotel near the volcano. The "Peter Lee short cut," the new piece of road which Lee had built from the government road at 2 1/2 miles from a distance of 1250 feet to a junction with the new automobile road to the pit, was completed on Dec. 31. It will shorten the trip to the volcano about three miles each way, and this fact is one of the attractions for the new hotel, which will be located at 2 1/2 miles.

Lee states that he has for years thought that this spot would be the ideal one for an hotel, and he wishes to place there a family hostelry where good accommodations will be given at a low figure. He proposes to float a corporation having a capital stock of \$10,000, with the privilege of increasing it to \$20,000, the shares having a par value of \$20 each. Many of his friends in Honolulu and in Hilo have promised to subscribe, and Lee has every hope that he will succeed in securing the necessary subscriptions. In such case he expects to be able to open his hotel by June 1, in order that it may be ready for the summer trade. The building will be erected on a lot, 432 acres in extent, which Lee has leased from the Bishop Estate for 21 years from Oct. 1, 1906.

CLUB MEMBERS TO BALLOT

Results of Vote For Federation Up For Consideration Tomorrow Morning.

Whether or not the clubs of the city shall unite in a federation as proposed by the Kiuhana Art League some time ago, is to be decided tomorrow morning at 10:30 o'clock, when the Kiuhana Art League's committee meets to go over the results of the postal card canvass.

The returns from the postal card vote, in which practically all of the city's club-members have participated, are almost unanimous in favor of the federation, and it is probable that the federation plan will be adopted and carried into effect.

Each club represented in the federation is to have representation on the board of directors. The following clubs are proposed for the federation: Kiuhana Art League, College Club Moring Music Club, Honolulu Branch of the Woman's National Rivers and Harbors Congress, Sons of the American Revolution, Daughters of the American Revolution, Symphony Club, Public Question Club and Social Science Association.

The committee of the Art League which drew up the plans for the federation is as follows: Mrs. Theodore Richards chairman; Mrs. Walter F. Frear, Mrs. Herman M. von Moll, Mrs. Sanford B. Doie, Mrs. William D. Westervelt, Mrs. Anna B. Tucker, Mrs. Henry Bickness, Mrs. Lincoln L. McCandless, Mrs. Harmon Hendricks, Mrs. Isaac M. Cox, D. Howard Hitchcock, A. R. Gurrey, Sr., E. A. P. Newcomb and Miss Francis Lawrence.

SPORTS

HALEIWA RACE PROMOTED BY JACK SCULLY IN MARCH

Cash Prizes to Be Given the Winners of Events This Year.

After all, the Haleiwa race will be pulled off as planned, and Jack Scully will be sponsor for the big event in the sporting world of Honolulu for the year 1911.

Jackson had planned to pull off the race, but there seemed so little interest in the event that he announced some time ago that there was nothing doing.

He called two meetings and at those there were present one or two runners and the sporting writers of the dailies only.

The prizes given will be cash ones, and then the winners can buy any sort of a trophy they wish or—hush!—put the money in the bank.

Jack believes that there will be many entries, and, in fact, as soon as the news was whispered that the promoter of the first race was on the game again, the runners and others began to prick up their ears.

Besides the running race there will be bicycle and motorcycle races, and the special train will go down to beautiful Haleiwa as in years past.

Kimball at Haleiwa will do everything at that end possible to make the day a success, and when the fateful day—sometime in March—arrives, there will be hundreds on their way by train and auto to see the finish of the events.

SPORTS WILL BE HELD ON LEAGUE GROUNDS

Athletic Park Too Wet For Chinese New Year Celebration.

It has been decided that the athletic events for next Sunday, which are being arranged in celebration of the Chinese New Year, will be held at the league grounds instead of at the Athletic Park as first planned.

The track at Moiliili is in far better shape than that at the other side of the city, and although farther out, will probably draw as large a crowd as would the other.

Merchants have donated a fine cup for the winners of the ball game, and the races scheduled promise to be worth watching.

Henry Chillingworth will be umpire of the game, and Mayor Fern has been invited to grace the day with his presence.

After the races are over there will be a big dinner given the officials and others.

Sugar Awaiting Shipment on Hawaii.

According to report brought here by the officers of the steamer Kauai the following sugar is awaiting shipment on Hawaii: P. S. M. 900; H. S. 7000; Panauhau 8000; D. 5200.

Kauai Brought Sugar from Hawaii. Sugar to the amount of 4896 sacks arrived from Hawaii ports by the Inter-Island steamer Kauai at noon today. The vessel brought no passengers.

AEA PASSES AWAY IN PEACE

Royalist And Faithful Attendant to the Queen Is Dead.

Joseph Aea, a well-known Hawaiian, who for many years was one of the faithful attendants of her Majesty Queen Liliuokalani, died at his home at Pauoa last night at 10 o'clock, at the age of 52. He leaves a widow, two sons, two daughters and grandchildren to mourn him.

Aea was one of the first Hawaiian musicians to join the band during the monarchy. He was a solo viola player, and was a good musician. After the overthrow of the monarchy, Aea became one of the regular attendants of Queen Liliuokalani. When she went to Washington to press her claims for the crown lands before Congress, in 1903, she appointed Aea as her private secretary. His wife went along with the royal party as personal attendant to the Queen.

When the late J. O. Carter died, in 1907, Aea was appointed as business agent to the Liliuokalani Trust and was subsequently supplanted by Col. C. P. Iaukea, W. O. Smith and A. S. Cleghorn, whose place is now filled by S. M. Damon. Politically, Aea was a Democrat. He was a delegate to the Territorial Democratic convention in 1900, and was nominated to the Legislature by the Home Rule party in 1902. During the monarchy he was deputy warden of the Oahu Prison, under Captain Trippe, the present assistant harbormaster.

The funeral services over the remains will be held tomorrow afternoon, interment being at Manoa.

Nelle—"Which has the most money?"
Belle—"Say, if I knew that do you think I'd be asking for advice?"

JURY HAS SCHENK CASE

(Associated Press Cable.)

WHEELING, W. Va., Jan. 25.—After two weeks of sensations in the trial of Mrs. Laura Farnsworth Schenk, charged with poisoning her husband, John O. Schenk, of this city, a millionaire meat packer, the jury retired tonight to consider the verdict and was locked up, after comprehensive instructions on legal points from Judge Lewis S. Jordan.

The case has been one which has excited interest all over the country, and during the trial women have again and again stormed the courtroom to get seats, for the purpose of hearing the morbid testimony.

BONILLA MAKES AN IMPORTANT CAPTURE

NEW ORLEANS, Jan. 25.—Word came this evening that Manuel Bonilla, former president of Honduras and now leading a revolutionary force to regain his oldtime position, has captured Ceiba, one of the important coast cities of Honduras.

General Bonilla seized the island of Roatan, off the Honduras coast, on December 2, and proclaimed himself provisional president. The former United States gunboat Hornet, bought by the revolutionists in this city last month, brought two schooners filled with men to the rendezvous, and on January 9 the little army made a dash for the mainland and captured the town of Tela, which gave them a coast port.

Puerto Cortes, the principal sea port, is expected to be attacked, but little alarm is felt there on account of the presence of the United States gunboat Marietta, which will prevent any street fighting, on account of the preponderance of American interests in that town.

BIG STRIKE IS THREATENED.

LONDON, Jan. 25.—A general strike of 20,000 compositors in this city threatens to be up nearly every newspaper printed here. The men demand a material advance in wages and better regulation of hours of work. Committees are negotiating in an effort to end the threatened trouble.

FLOOD GIVES HILO A SCARE

Lower Portion of City Is Threatened With Inundation.

(Special Bulletin Correspondence.) HILO, Jan. 23.—Last Wednesday evening the town of Hilo was threatened with being overwhelmed by a terrible late. The sewer outlet at the mouth of the Waialua river became entirely clogged with sand, and on Thursday the contents of the sewer began flooding the lower portions of the city. The sand was swept in by the strong swell which prevailed during the beginning of the week, and it was washed up into the sewer as far as the corner of Front and Waiuanu street, the lower portions being blocked by a solid wall of stuff. As a consequence the sewage rose in the mains, and in Southville, which is the most low-lying portion of the sewer system, the contents flooded out through grease traps, sinks, etc.

For a moment it looked as if a disaster was going to overtake the city, but the Board of Health people furnished temporary relief by forming a temporary outlet out into the old canal, and later on the sand wall at the outlet was finally broken through, and the town was saved.

Cash Prize

We will give a Cash Prize of TEN DOLLARS to the person sending us the best original article on the subject of

Kaimuki's Residential Value

The article must explain why KAIMUKI is the best place to build a home in. This is all there is to it. If you know anything at all about beautiful KAIMUKI you can certainly write a splendid little composition about it and win the TEN DOLLARS. Try it!

Your article must contain not less than 200 words nor more than 500. Send your name and address plainly written on your manuscript. It is not necessary for you to have it typewritten—just your own handwriting will do.

Sunday, or any day, you can take a car ride to KAIMUKI. Get off at our Branch Office at the end of the Waialae line. Take a ramble around. Look at the mountains, the land and the sea. Notice the magnificent lay of the ground, the delightful slopes of the Palolo Hills, the pretty homes, the fine road and street improvements and the feeling of comfort and happiness everywhere. Don't forget old Diamond Head, Koko Head and the rainbows. Then it will not take you long to tell the world something about

Kaimuki's Residential Value

Send us your composition on or before January 31, 1911. We will award the prize money on February 5, 1911.

EXHIBITION RUNS BY SOLDIER KING

Preliminary Arrangements For Great Marathon Race Are Made.

Next Sunday Soldier King plans to run a five-mile exhibition race at the Chinese festivities held in celebration of the new year, and it is likely that some speedy runners will go up against him for a tryout on that day.

Then in another week he will run ten miles while three other men are doing nine miles between them. Just to try out in good shape and see what condition he is in.

It has been decided to hold the big Marathon between Kaoo and King on February 22, just four weeks from yesterday, and by four weeks from today the Islands will know whether the old Waiulua Horse is still champion long-distance man of the Territory or if the champ is an American or Japanese, for Tsukamoto is going to be in the big event.

King and Simerson, manager of Kaoo, got together last night, with the sporting writers and one or two other interested parties, at Chillingworth's office, and it was decided to hold the race on Washington's Birthday, although the place was not definitely fixed upon.

Today there will be a conference upon this point and at the same time propositions will be submitted by Nigel Jackson for promoting the race, as well as a proposition from any other promoter who wants to take a hand in the game.

The question of the grounds occupied more attention than any other before the conference last night, Kaoo's man being in favor of the Athletic Park, while King and Jackson thought the league grounds would be better.

The Athletic Park, it was contended, would draw a larger crowd, and it was money that the runners were looking for, but the other people believed that the league grounds would draw nearly as many, and there the ground would surely be in good shape, no matter if there was rain the day before the race.

There seems no reason to doubt that Tsukamoto made the great run he is reported to have done in Japan in December, and it is likely that the next champion Marathon man in Hawaii will be a Japanese.

Tsukamoto in the race will draw hundreds of Japanese spectators, and he will bring to the grounds as many rooters as either of the two other runners.

NEW OFFICERS ARE ELECTED

Crozier Chosen Commodore of Hawaii Yacht Club Last Evening.

New officers were elected for the year at a meeting of the Hawaii Yacht Club held last evening at the Commercial Club, George Crozier being elected commodore in place of C. T. Wilder, who has held the position for the past year.

Those chosen to fill the different offices were H. L. Kerr, vice-commodore; J. H. Magoon, secretary and treasurer; K. F. Brown, Carl Wideman, I. Meeker and Jack O'Brien, directors; Harry Bailey, port captain; Ollie Sorenson, official measurer; R. Gosling, R. B. Reilly and Archie Robertson, regatta committee.

Ex-Commodore C. T. Wilder was tendered a vote of thanks for the way in which he handled the Hawaii in the trans-Pacific race, and other votes were tendered the retiring officials.

It was suggested by the retiring board of directors that the yachting season should extend over not more than four months, and that the cup races be sailed during that time.

The sum of \$750 was still owing on the yacht Hawaii, and this amount was secured by a joint note of five members of the club.

It was the sense of the meeting that an endeavor should be made to collect the \$900 in dues which are owing from members, and with this money pay off the obligation on the yacht Hawaii so that it could be turned over to the club.

Sports in all lines are looking up. The soccer series championship is to be played off Saturday, tennis tournaments are on soon, and the Marathon race and Haleiwa road events are all coming up.

PALAMA TO MEET FT. SHAFTER MEN

Basketball Series Will Be Started On February Seventh.

Basketball is about the only sport which is attracting much attention at Fort Shafter these days, but in this game there are some experts among the soldiers, and two matches have been arranged by Lieutenant Chilton of the post.

Beginning February 7 there will be a series of five games played with the Palamas, and about the same time a series with Y. M. C. A. men will be started.

The games with Palama players will be played on Tuesdays and those with the Y. M. C. A. on another day of the week, so that the two series will be finished about the same time.

There are other sports taking the time of the men at the post, but basketball is the only one which they feel confident enough in to enter contests with the other organizations now that they have practically finished the soccer season.

Water sports are taking some time, and every day there are a number of men disporting themselves in the big tank at the rear of the gymnasium.

In speaking of water games, Lieutenant Chilton stated that there have been a number of opportunities lately to enter into contests with teams from Honolulu, but the Shafter men are not expert enough as yet to make such games anything but walkovers for the town teams.

"They have too many sharks on the teams in the city," was the expression of Chilton. "If they will get rid of some of their professional men and play amateurs such as we have here, we will be glad to play any teams from Honolulu, but as long as there are so many sharks on the teams, it is useless for our men to go up against them."

Bowling is the sport at which the men are putting in more time than anything else, and the rolling balls and falling pins may be heard on the alleys at many hours of the day.

There are some experts at the game at Shafter, and more intercompany matches like those rolled off a few weeks ago will be arranged in the near future.

DOTS AND DASHES.

Marines and College of Hawaii got together again this afternoon for a handball game, the second in the series in which the marines have a lead of 29 points. Williams and Picariello represent the sea soldiers in the first game against Rice and Ah Fook, and in the second Williams and Oguz go up against Bart and Marcellino of the college.

Practice basketball will be on at the Y. M. C. A. this evening, the two competing teams being: Dwight's team—James Nott, S. Bunn, F. R. Auerbach, N. McGuire, H. Klomme. Clarke's team—E. Cannon, T. McGuire, G. Mills, S. Gunn, A. E. Larimer. The game is called for 7:30.

Not Exactly a Clean Shave

"Why is your grandpa's face bandaged?" asks the lady next door. "He was sleeping in his big chair," explains the little girl, "and while turned the nozzle of the VACUUM CLEANER against his whiskers."
This reminds us that we have just received another shipment of those wonderful

Magic Electric Vacuum Cleaners

The simplest, lightest, most effective, inexpensive, noiseless and durable suction cleaner made.
It will clean carpets, rugs, polished floors, walls, ceilings, furniture of any sort, bedding, curtains, clothing, pictures—in fact, everything in the house. It is furnished with special nozzles for the different work it has to do. It has a wide nozzle and will pick up large scraps of paper, cloth cuttings, thread, lint, matches, toothpicks and all such articles that get on every floor.
Connect the electric cord with the nearest lamp socket, turn on the current and the machine will do the rest, requiring so little effort that a child can easily run it.
Come in and see a MAGIC CLEANER and let us show you a lot more good points about it.
