KAU DITCH BILL UP AGAIN

SEVEN DAYS' FREEDOM FOR RUEF

Trust Companies Denounce Bill

Strong Opposition To Measure Introduced In Senate By Brown

TWELFTH DAY

The trust company interests in Honolulu are preparing to present a vigorous protest to the terms of the bill introduced by Senator Cecil Brown when the hearing on the bill is held by the Ways and Means Committee of the Senate.

The bill is designed to give the banks all of the rights and privileges in the administering of estates and other business of a trust nature now held by the trust companies, and if passed it is believed that a great reduction in the business of the trust companies would follow.

A public hearing is to be held on the bill this week, when the opposition to the passage of the bill will be well represented.

The bill that provides that public officers absent from the Territory for more than three months shall lose their positions with the expiration of the third month of their absence, was passed by the Senate this morning, three votes being registered against it by Senators Chillingworth, Quinn and Hewitt.

The Judiciary Committee reported on the bill as follows, the report being adopted:

Your Judiciary Committee, to which House Bill No. 16, relating to tenure of public officers, was referred, with the suggestion that Section 2 thereof might be in conflict with Section 80 of the Organic Act, which prescribes that certain officers and members of boards of a public character that may be created by law may be removed by the Governor by and with the advice and

consent of the Senate, begs leave to report as follows:

Your committee finds in the bill no such conflict with the Organic Act. The last sentence of the first paragraph of Section 80 of the Organic Act is as follows:

"All such officers shall hold office for four years and until their successors are appointed and qualified, unless sooner removed, except the commissioners of public instruction and the members of said boards, whose term of office shall be as provided by the laws of the Territory of Hawaii."

It will thus be seen that while the term of office of the officers enumerated in the first part of Section 80 is four years and therefore a matter which the Legislature of Hawaii can not change, the term of office of the commissioners of public instruction and the members of the said boards is a matter which lies with the Legislature of Hawaii to change or amend from time to time as it sees fit. Section 2 of the bill under discussion is an attempt to shorten the term of office of certain appointive officers of the Territory. A failure to perform the duties of his office for a period of three months is to cause the term of office for which he was appointed to expire. This is in no way a removal of the officer appointed, but is an extinguishment of his term of office. In the judgment of your committee such a law would not transcend any prerogative of the Senate under the Organic Act.

In order, however, that there may be no misunderstanding, your committee suggests that Section 2 of this bill

PRISON CELL FOR RUEF IN SEVEN DAYS

(Associated Press Cable.) SAN FRANCISCO, Mar. 1.—Abe Ruef, the convicted San Francisco boss, has a week in which to arrange his private affairs before the doors of San Quentin close on him for fourteen years. He was today granted a stay of execution for that length of time, after which sentence will be carried out, the Supreme Court having vacated the order granting him a rehearing.

BANKER GUILTY OF EMBEZZLING \$27,000

(Associated Press Cable.) NEW YORK, Mar. 1.—Joseph G. Robin, the banker accused of having looted the Washington Savings Bank and Northern Savings Bank of this city, today pleaded guilty to embezzlement in the sum of \$27,000.

CANAL BONDS NOT GOOD AS SECURITY

(Associated Press Cable.) WASHINGTON, D. C., Mar. 1.—The House today passed a bill providing that none of the \$290,000,000 of canal bonds shall be received as security for the issue of circulating medium.

NEW YORK SENATOR NOT YET CHOSEN

(Associated Press Cable.) ALBANY, N. Y., Mar. 1.—The thirty-seventh ballot for the election of a United States Senator failed to break the deadlock.

U. S. MINISTER TO PORTUGAL IS NAMED

(Associated Press Cable.) WASHINGTON, D. C., Mar. 1.—Representative Henry S. Boutell of Illinois was today named as minister to the new Republic of Portugal.

ANTI-LORIMER MEN LOSE SENATE FIGHT

(Associated Press Cable.) WASHINGTON, D. C., Mar. 1.—By a vote of 46 to 40, the Senate today defeated a resolution declaring illegal the election of Senator William G. Lorimer of Illinois.

BELT ROAD BILL PASSES HOUSE

TWELFTH DAY

The "belt road bill," appropriating \$400,000 from the territorial treasury for roads on all the islands; this morning passed final reading in the house without a dissenting vote. Several amendments were offered, but none as obstructionist tactics and all were immediately accepted and incorporated in the bill.

Two amendments were offered by Rice of Kauai. One of them struck out the clause calling for the letting of all the labor on the roads out to contract. Instead, they may now be let to contract or not, in the discretion of the Supervisors. If it seems advisable, they may be built by the amendment offered by Rice fixing the payment from the territorial treasury as follows: half on June 1, 1911, half on December 1, 1911. Kelimoi of Maui secured an amendment which puts the approval of the

"Give Discharged Prisoner A Chance," Says Towse Bill

Measure Sent to House Would Help Man When He Leaves Prison Cell.

Legislation along the most approved lines of prison reform is advocated by Representative Ed. Towse of Oahu, in a bill introduced in the House this morning. The bill provides that a discharged prisoner shall be given, out of Territorial funds, five dollars in money and a suit of clothes not to exceed ten

FLOWERS BEDECK SHRINERS AS THEY SAY FAREWELL TO HONOLULU AND SAIL AWAY

"Well," said "Sunny Jim" McCandless, wiping his brow and his eyes, too, if the truth must be told "they're gone." And he heaved a sigh half-way between relief and regret. "They" referred to the Shriners, and Potentate Jim spoke the words just as the steamer, Wilhelmina backed into the stream and turned around to head for San Francisco.

The Shriners went away this morning with a whoop and a hurrah. Shriners and their friends crowded the Matson wharf to its limits, and it looked for awhile as if the Wilhelmina would be an hour late. But finally, with much hand-shaking, some kissing, a perfect deluge of let-throwing and a shower of long ribbons from ship to dock, the good ship departed, nearly on time.

PAN-PACIFIC CONGRESS MEETS

Several important matters are coming up at a meeting of the Pan-Pacific Congress this afternoon, among them being the naming of an executive committee, the making of the organization official, and certain changes in the representation on the board of directors.

The Governor of the Territory will be made the honorary president. This office will be created for the Governor of Hawaii and not for any special governor who may be in office, the executive head to be the head of the Congress as well.

At the time the board of directors was named the nominating committee consisted of but two men, and there are those among the delegates who think that the representation on the board should be changed somewhat.

It is likely to prove the most interesting as well as most important session of the Congress which is being held today.

HOUSE COMMITTEE TO INSPECT BOYS' SCHOOL

A personal inspection of the Boys' Industrial School at Waialeale will be made next Sunday by the House committee on education. Chairman Long this morning began making arrangements for the committee to leave early Sunday morning on the Haleiwa Limited and return the same day.

The committee wishes to get a first-hand idea of the needs of the school and will make a thorough inspection of the premises.

MOANA HAS LITTLE ROOM FOR PASSENGERS

The steamer Moana from Australia and the Colonias arrived in port at 2 o'clock this afternoon with 23 cabin passengers for this port, among whom are a number of theatrical people. The Moana has room for only 15 passengers from here of the 65 booked. She will sail at 11 o'clock tonight.

Senator A. F. Judd for the senate committee on immigration has called a public hearing for tomorrow afternoon at 2 o'clock in the senate chamber.

Franchise Bill Has Been Drawn

J. T. McCrosson Will Ask Legislature To Approve Irrigation Scheme

Another "Kau Ditch Bill" this time in the form of a franchise from the Territory, has been drafted by John T. McCrosson and his associates, and will be introduced in the Senate, according to report today.

The bill, which was drafted by the law firm of Thompson, Clemons & Wilder, covers much the same ground as the bill which went to Washington and met an untimely end there, with the exception that instead of being a general irrigation bill, it is specific in its purpose, which is to grant a fifty-year franchise to McCrosson and his business associates to construct and operate the Kau ditch.

Even should the bill pass the Legislature, the franchise must be approved in Washington, under the provisions of the Organic Act. However, part of the criticism that was directed against the Kau bill here when it was presented to Congress arose from the fact that it had not been given due publicity in Hawaii nor passed upon by the Territorial Legislature before it was presented to the national law-making body.

The Kau bill which was presented to Congress has been withdrawn. After its introduction, the disapproval here took the form of several amendments which were forwarded by Governor Brewster and which McCrosson and his legal advisers contended could not be accepted, as the scheme would not then be financially feasible. The amendments, like the bill, applied specifically to the Kau scheme, but to general irrigation propositions as well.

GENERAL CLEANING OF CITY IS RESOLVED UPON BY BOARD OF HEALTH THIS MORNING

A special meeting of the Territorial Board of Health was held this morning for the purpose of considering ways and means of dealing with the situation that has arisen as a result of the appearance of cholera in Honolulu, eight cases having resulted fatally.

The meeting was largely attended, and the statement by President Mott-Smith of the Board of Health was listened to with keen interest by those present.

In addition to the members of the Board of Health there were present Drs. Hobdy, Sinclair, Ramus, Baldwin, Mackall and Pratt; Supervisors Amama, Kruger and McClellan, and Sheriff Jarrett.

"There is no cause for great alarm," said President Mott-Smith in stating the cause for the meeting. "Eight deaths have occurred and it now develops upon us to agree upon an organized system of work to the end of improving conditions as they exist."

He then declared that the most feasible policy seemed to be the inauguration of a general scheme of sanitation for the entire city.

The general situation and recommendations were summarized as follows: General cleaning up of Honolulu. Passengers to be inspected before boarding steamers. No steamer passengers for time being.

Pol most serious problem. It is probable that Kailua pool factory will be ordered to supply whole town, shutting out other small pool factories.

Freight subject to inspection by Board of Health inspectors. Patrol of harbor necessary. All fresh fish and meat should be thoroughly cooked.

Ernest Kaala's serenaders gave a well-attended performance at the Opera House last night prior to sailing for Australia, and the Kahuamani society staged several tableaux excellently.

RELATIVES SEEK IN VAIN FOR NEWS OF MISSING MOI WAHINE CREW

There is much anxiety over the fate of the little island schooner Moi Wahine.

This is the vessel that was struck by the United States Light-house tender Kukui on Tuesday night, is generally admitted by both officers and members of the crew of the light-house steamer.

The Moi Wahine, in command of Captain Sam, one of the old-timers in the inter-island service sailed from Honolulu shortly before two o'clock on Monday afternoon. The schooner was well laden and lay deep in the water. She had a general cargo for Hawaii ports including consignments of salt peter, 61 drums of distillate, 285 sacks of feed besides a quantity of sundries.

The vessel should have been in the vicinity of Kanaikawai Point at the time that the Kukui hit the mysterious two-masted schooner.

The second officer was on the bridge of the Kukui at the time of the collision. He claims to have seen no lights on board the schooner at the time the vessel was hit.

From what can be learned outside the lighthouse department, the schooner was twice hit. The first impact landed well to the forward part of the schooner. Following this blow the smaller vessel veered off several points and before clearing the light-house steamer is said to have received a blow towards the after part of the vessel close to where the ship's bow swung in the davits.

concerning the Moi Wahine. Whether she is afloat and unharmed or badly damaged and a prey to the elements is a matter that is now demanding the attention of a number of parties who are vitally interested in the fate of the officers and little crew.

The island schooner Ka Moi arrived at Honolulu yesterday and her crew declare that they saw nothing of the Moi Wahine. They do report sighting the light from a small steamer far astern on the night in question. There was little or no wind at the time and the Ka Moi was laying in a calm. The weather at the time was clear and the steamer appeared to be hovering about a prescribed area.

The Moi Wahine is a familiar figure in the island trade. For years she has been making regular trips to Hawaii and to Molokai. Captain Sam is a part owner in the ship. He generally carried a crew from six to eight Hawaiians.

The inter-island steamer Waiiale was an arrival at Honolulu this morning but her officers state that they did not see anything of the schooner or did they sight anything that looks like wreckage.

The lighthouse tender Kukui, sailed from the port early this morning her destination not being divulged. It is understood that a "wreckage report" must be filed with the Surveyor of the Port within twenty days after a collision. So far no such document has reached Collector of Customs Stackable.

INSURGENTS THREATEN NACO

(Special Bulletin Cable.) CANANEA, Mar. 1.—A large body of Mexican insurgents are making threatening demonstrations against the town of Naco. Machine guns and ammunition have been sent to that point for the purpose of defense.

The Hawaiian Trust Company, Ltd., will insure your automobile against loss through fire, theft, risks of transportation, robbery, collision (covering damage to car or other people's property), and bodily injury to others.

During the recent electrical storm the inter-island steamer W. C. Hall had the tips of her masts crowned with balls of fire while about fifteen miles off Kauai. Such occurrences are frequent in parts of the world where lightning hangs low to the surface and frequently the balls of fire will run down the steel rigging and into the sea without damage to the vessel.

Pacific Mail Lines as Relays. The smashing of all existing wireless records is reported with the sending and receiving of messages on Monday, Feb. 6th, when for more than an hour Operator P. G. Strauss of the wireless station at Hilo sent messages to the Choshi Shimosa station, 5,700 miles away, on the coast of Japan, by relaying the messages with two of the Pacific Mail Company's liners, both of them more than 3,000 miles from this city.

Strauss was in communication with both ships at the same time as was also the operator of the Japanese station. In reply to the questions of the local operator, the Japanese weather report was sent back. The messages were clear and distinct throughout.

The Manchuria was 3,295 miles from San Francisco, bound for Hongkong. The Korea was on her way to San Francisco, 3,228 miles away. The operator of the Manchuria reported that he had been in communication with the Korea since the ships were 3,200 miles apart without a single interruption. This is another record.

The weather conditions have been unusually ideal for wireless communication during the last two days. The Hilo station was also in touch with the following steamers at the same time the new record was made: The Mariposa, distant 1,345 miles; Sierra, 841 miles; Santa Maria, 1,700 miles.

One Canal That Makes Money. The report of the British Vice-Consul at Port Said (Mr. Dunlop), just published as a White-paper, draws attention to the increased traffic through the Suez Canal. Last year 4,289 vessels, of a net tonnage of 15,467,527, passed through the Canal, as compared with 8,795 vessels of 12,633,283 tons in 1908. Of these 2,911 were merchant ships, 972 mail steamers, and 194 non-war and transport.

The receipts last year were the highest yet reached since the opening of the Canal amounting to \$120,642,677, as against \$108,452,335 in 1908. The mean net tonnage has risen from 1,500 in 1871 to 2,600 in 1890, and to 3,435 in 1909. The average time of transit for a mail steamer is 15 hours and for a cargo-boat 18 hours. In 1909 the average for all vessels was 17 hours 13 minutes, and 97 per cent. of the ships were navigated by night as well as by day.

The number of British ships last year was 60 per cent., and in net tonnage 62 per cent., an increase on 1908. The German percentage is 14 and 15 respectively, and the Netherlands comes third with 5.9 and 5.2. The original tariff for laden ships was \$10 per ton in 1869. In 1906 it was \$7.75.

"What's to prevent me from kissing you?" demanded the bold lover. "My goodness!" exclaimed the girl. "But it didn't—Smart Set."

TIDE OF TOURIST TRAVEL CONTINUES HONOLULUWARD

Sierra to Bring One Hundred and Eighty—Manchuria Will Arrive With at Least One Hundred—Wilhelmina Carried the Merry Shriners—Claudine Brought Few Passengers. Sugar By the Hall.

Shriners may depart, and tourists may drift out by various liners but the tide still sets towards Hawaii.

The Oceanic steamship Sierra is due to arrive at the port at an early hour on Friday morning with one hundred and seventy-eight passengers, the greater part of whom may be safely placed in the tourist class.

The Pacific Mail liner Manchuria is expected to show up from San Francisco early on next Monday morning and this vessel can be counted upon to bring at least one hundred additional passengers.

This true that the Matson Navigation steamer Wilhelmina sailed for San Francisco at ten o'clock this morning with nearly one hundred and forty passengers, including the merry bunch of Shriners. The delegation now nearing these islands in the Sierra will more than offset this exodus.

A wireless message received at the agency of C. Brewer and Company this morning announces the Sierra 1267 miles off San Francisco lighted at eight o'clock last night. The vessel was steaming through moderate westerly winds, smooth seas and clear weather generally. The passenger list includes 164 in the cabin and 14 traveling in the stowage. The vessel is bringing a large general cargo of which 289 tons are for Honolulu. A mail for the local postoffice amounting to 284 sacks is on board together with a quantity of Wells Fargo Express matter.

The old reliable San Francisco-Honolulu ferry boat is predicted by her agents as sure of being off the port at day break on Friday morning.

Captain John B. Searle, who for some years past has been master of the island steamer J. A. Cummins has left that vessel and his position is now being filled by Captain Wilhelm C. Bruhn one of the best known skippers in the inter-island Steam Navigation service.

Captain Searle is a Britisher by birth. He renounced his allegiance to the British crown to take up papers and became a full fledged American citizen at a time following upon the annexation of these islands. Since that time he has been connected with the Cummins and has been a more or less familiar figure in local shipping at the port. Captain Searle has not given out his plans for the future. Captain Bruhn is receiving the congratulations of a host of friends over his appointment which is looked upon in the light of a promotion.

Rough weather is presumably accountable for the delay in the arrival of the Canadian-Australian liner Moana. The vessel was sighted off the port at noon today and is expected to come up to her berth at Alakaia wharf without much delay. The vessel is bringing a small general cargo from Australian ports and will leave a quantity of supplies for transshipment to the steamer Zealandia, which will make a call at Fanning Islands. It is expected that the Moana will be given a prompt dispatch for Victoria and Vancouver. She will probably sail for the coast before midnight.

Wailele Reports No Wreckage. The arrival of the inter-island steamer Wailele was awaited with unusual interest by shipping men this morning as this vessel came in from Hawaii. The officers were closely questioned as to whether they sighted anything that looked like a schooner in distress, or even bits of wreckage. They had nothing to offer concerning the fate of the little schooner Met Wailele and her crew.

The Wailele brought 29 head cattle and 11 calves. Fine weather characterized the first part of her trip. The vessel has been working along the coast of Hawaii for a week or more. She took on sugar at Papeete, Paeanan and ports along Hamakua. The steamer made several trips to Hilo where sugar was discharged into the Matson Navigation steamer Hyades, Enterprise and Wilhelmina.

Manchuria Has Sailed. At two o'clock yesterday afternoon, the Pacific Mail liner Manchuria sailed from San Francisco for the Orient by the way of Honolulu. The vessel is believed bringing a goodly number of passengers for this port and it is possible that Internal Revenue Collector Cottrill will be among the arrivals. Philippine Commissioner Dean C. Worcester is reported as a through passenger for the Far East by the Manchuria.

Hawaiian Sugar Has Reached the Isthmus. A large consignment of Hawaiian sugar has reached the Isthmus of Tehuantepec by the American-Hawaiian steamer Columbian. The vessel is reported to have arrived at Salina Cruz on Feb. 26th. The steamer carried the regulation twelve thousand tons sugar from island ports.

Japanese Liner Now Enroute. According to cables received at the

New Quarantine Launch Soon Ready. A fine new launch to be used in the Federal quarantine service at the port of Honolulu will soon be ready to leave the coast. The vessel will be at least forty feet in length. It will be provided with a powerful gasoline engine and in this respect will be a decided improvement over the present motive power that is being used in the launch Oahu that now conveys the Federal medical staff from the local station to incoming vessels at this port. It is expected that the launch will be brought down here in one of the United States army transports though it may be hurried to the scene and therefore be shipped by a trans-Pacific liner. The new vessel will be more than welcomed by the local staff.

Japanese Liner Launched. The latest triple-screw turbine liner built for the Toyo Kisen Kaisha was successfully launched on Friday at the Nagasaki ship yards, according to cable advices received yesterday by William H. Avery, the local assistant general manager for the Japanese line. The new vessel is named the Shinyo Maru and will leave Japan on her maiden trip to the coast in September. Although a sister ship of the Tenyo and Chyo Maru, the new liner will differ somewhat in her interior fittings from the other vessels. The allways will be wider and more lofty than those on the Chyo and Tenyo, and her staterooms of a slightly different character.—Chronicle.

Koko Head's Fast Run. The best passage recorded in several months from Newcastle, Australia, was made by the crack barkentine Koko Head, which arrived in port on Friday night, completing the run from the Colonies in sixty-four days. The Koko Head, Captain Larsen, brought 1873 tons of coal to Hind, Rolph & Co. Yesterday afternoon the barkentine John C. Meyer arrived in logging seventy-nine days from Newcastle, Australia, laden with 1485 tons of coal to Hind, Rolph & Co. The Meyer met with some severe weather on the voyage, losing a number of her sails in terrific squalls encountered on February 9th.—Chronicle.

Few Passengers by the Claudine. A small list of Hawaii and Maui passengers arrived this morning by the steamer Claudine. The vessel brought freight including 1115 railway ties, crates of chickens, 2 autos, 21 sacks corn, and 120 packages sundries. Pursing Kilbuck reports fine weather on the outward trip with head winds and choppy seas in returning. He further reports the schooner Gamble and Mindoro at Hilo while the schooner Honouliuli arrived at Hana on last Sunday.

Manchuria Has Sailed. At two o'clock yesterday afternoon, the Pacific Mail liner Manchuria sailed from San Francisco for the Orient by the way of Honolulu. The vessel is believed bringing a goodly number of passengers for this port and it is possible that Internal Revenue Collector Cottrill will be among the arrivals. Philippine Commissioner Dean C. Worcester is reported as a through passenger for the Far East by the Manchuria.

Hawaiian Sugar Has Reached the Isthmus. A large consignment of Hawaiian sugar has reached the Isthmus of Tehuantepec by the American-Hawaiian steamer Columbian. The vessel is reported to have arrived at Salina Cruz on Feb. 26th. The steamer carried the regulation twelve thousand tons sugar from island ports.

Japanese Liner Now Enroute. According to cables received at the

agency of Castle & Cooke, the Toyo Kisen Kaisha liner America Maru is reported to have sailed from Yokohama for San Francisco by the way of Honolulu. The Japanese vessel sailed yesterday and should arrive here on March 10th.

Hall Here With Kauai Sugar. The regulation fifty-five hundred sacks sugar arrived this morning by the steamer W. G. Hall. This vessel met with fair weather on her trip bringing 94 bales hides, one auto and 24 packages sundries. The Hall will be dispatched for a return trip to Garden Island ports tomorrow afternoon.

Helene Brought Cattle and Sugar. In addition to 11,504 sacks sugar, the steamer Helene from Kawaihau and Mahukona brought 85 head cattle, 57 bales hides and packages of sundries. The vessel met with fair weather on outward and inward trips.

Fuel Oil for Island Ports. There is a shipment of fuel oil enroute to island ports by the American tanker Rosecrans. The vessel sailed from Monterey yesterday with destination as Kaunapali.

Sugar Awaiting Shipment on Kauai. Pursing James Logan reports the following sugar awaiting shipment on Kauai: Y. K. 1200, K. S. M. 3000, K. P. 2250, K. S. Co. 9500, L. 7000, G. 2000.

Whalers Ride at Anchor at Oakland Creek. Much comment has been awakened concerning the decline of whaling in northern waters by the projected departure of the old bark John and Winthrop from San Francisco. According to the Chronicle the old whaler, which has made many voyages out of this port, is at pier 35 preparing for her annual trip in pursuit of the sperm whale. She is still under command of Captain Joseph, who relieved Captain Shorey last season. Captain Joseph is an old-time whaling master, and last year had a very successful cruise, every barrel in the ship's hold being full of oil when the John and Winthrop came home. The whaling industry out of this port is not what it used to be a few years ago. The John and Winthrop and the Gayhead were the only vessels out last year after the sperm whale, and only a few went north to Behring sea and the Arctic.

Formerly under a dozen steam and sailing whalers were sent out of this port annually. Most of the old steam whalers are laid up in Oakland creek, with little prospect of their going out again for some time. Those which went north last year made good catches, and came home with rich hauls of whalebone, but it is said that there is so much bone on the market that the business is not nearly as profitable as it used to be.

Shippers Appeal to Taft for Aid. The advent of the Bates and Chesapeake steamship line into the Pacific coast shipping business has created a strong opposition from the old line companies who have been operating along the west coast for a number of years. According to late dispatches to San Francisco papers it is stated that probably the most important move yet taken against the advent of the Pacific Mail and the American-Hawaiian steamship companies to throttle the independent lines of steamships conducted by Bates and Chesapeake between this port and New York via the Panama route was made yesterday by the traffic bureau of the Merchants' exchange when telegrams calling for drastic action were sent to the president and secretary of war. Senators Perkins and Flint of this state and Senator Bristow of Kansas, a member of the inter-oceanic canal committee, were also wired to lend their aid and co-operation to the end that traffic conditions via Panama may be restored to a position of permanency.

The telegrams, which were signed by William R. Wheeler, manager of the traffic bureau, had the unanimous approval of the board of governors. Immediate administrative action is urged. The president and the secretary of war are requested to act and prevent the railroad owned steamship line from destroying an independent competitor and thus releasing this important commercial freight route to its former condition of inactivity and practical uselessness to the shippers and producers of the state. The chief executive of the nation was reminded that the request was in line with a recommendation made by him in his last annual message to congress.

Claim That this is World's Record. What is claimed by the United Wireless Company to be a world's record for communication between a vessel at sea and a shore station was made when F. G. Strauss, operator at the Hilo station, received a message direct from T. E. Nilsson, operator on the Pacific Mail liner Korea, which is outward-bound to China and Japan. The big steamship was 4492 miles from the Golden Gate when operator Strauss picked up her call.

The message flashed through the ether read: "8 P. M. Korea, 4492 miles from San Francisco, all well."

The United Wireless Company holds the world's record for wireless communication between shore stations, the distance being 5700 miles. This was established by Lawrence Malarin chief operator for the company here in 1908. One night Malarin heard a station in Japan talking, but could not interpret the signals.

Ambitions are all right so long as they do not interfere with your neighbor's ambitions.

TRUST COMPANIES DENOUNCE BILL

(Continued from Page 1.)
be amended by substituting for the phrase "who is not removable at the pleasure of the appointing officer or body," the phrase "whose term of office is not prescribed in Section 58 of the Organic Act."
"The Organic Act specifically leaves it with the Territory of Hawaii to define the term of office. This bill defines the term of office in Section 1 thereof, and in Section 2 prescribes that the term of office shall cease upon the happening of certain events."
Through a misunderstanding, the Senate proceeded with the consideration of the bill on third reading, passing it and then discovering that it should have been on second reading only.

The House resolution asking that the government be asked to name a battleship "Hawaii" was passed, but in an amended form, the recommendations of the judiciary committee being adopted as follows:
"It is not within the power of the Secretary of the Navy to grant the request set forth in the resolution, as under the Revised Statutes of the United States, Section 1531, as amended by Act of May 4, 1898, Chapter 234 (20 Statutes at Large 390), and by 25 Statutes at Large 159, all first-class battleships must be named for the States until the names of the States shall have been exhausted. There are, however, only four States remaining on the list, Nevada, Oklahoma, Arizona and New Mexico, assuming that the two latter will soon be admitted. The battleships authorized this year next year will then exhaust the names of the States, after which Hawaii's claim may properly receive consideration."

Senator Fairchild, chairman of the Ways and Means Committee of the Senate, does not intend to give the two bills providing for an increase in the salaries of Maui officials any hurried consideration. This morning he asked for more time, stating that he wished to hear an expression of opinion from the Board of Supervisors before making any recommendation.
The House joint resolution declaring the sentiment of the Legislature as being that the Throne Room and Senate chamber shall be reserved exclusively for the use of the Legislature, was tabled on the ground that it was ineffective, not even carrying out the idea for which it was drafted. A new resolution will be drafted to protect the new furnishings of the Senate from misuse and the House will be left to resolve for the protection of its own meeting place if it so desires.

BELT ROAD BILL PASSES HOUSE

(Continued from Page 1.)
road construction up to the Board of Supervisors of the counties upon recommendation by the county engineer, while Cooke, of Maui, by a minor change, added eight more miles to the road between Kaula and Halawa on Molokai.
Under its present form, the bill gives \$200,000 to Oahu, \$80,000 to Hawaii, \$70,000 to Maui and \$44,000 to Kauai. Hawaii county, however, is not satisfied with this amount and in addition now has a bill pending allowing that county to issue \$600,000 in bonds for road construction.
The House started in this morning's session with nothing out of the ordinary in sight. No communications or memorials were received for the first time during the session.

The judiciary committee in reporting on a bill to allow more discretion on the part of the lever settlement management in purchasing supplies recommended an amendment providing for the calling for bids before the purchases are made. The report amending the bill was adopted.
The committee on education recommended the passage of Waialolo's bill providing for the earnings of industrial schools, except the money earned by the public, to go into the Territorial treasury. The report was adopted. Waialolo's bill for a new schoolhouse at Lahaina, Maui, was laid on the table to be considered with the appropriation bill.

Ed. Towse of Oahu introduced a bill amending the revised laws relating to the care of discharged prisoners. Under this bill each prisoner would receive at discharge five dollars in money and a suit of clothes costing not more than ten dollars.
Passed Third Reading.
H. B. No. 3. By Castle—To provide for the construction of belt roads.
H. B. No. 25. By Sheldon—Amending Revised Laws relating to prison inspector.

WEDNESDAY MARCH 1, 1911

Even the best things ill used become evils; and, contrarily, the worst things used well prove good.—Bishop Hall.

WHAT HONOLULU SHOULD DO.

Cholera with its mainland record of many years ago, makes the shivers run up and down the spine of persons who expect to see hundreds stricken down in the street and various other foolish things that are relics of the days when intelligent people did not "know how."

Honolulu having dealt with black plague and having it more or less constantly at the door, should make short work of a cholera visitation. To do this requires merely a vigorous, prompt, well organized sanitation campaign.

Plague spreads itself through every possible channel, the air, the water and even the earth may become infected.

Cholera may be contracted only through the mouth, by eating or drinking.

The only excitement that should prevail in this city at the present time in connection with the cholera cases that have appeared, is the bustle and hurry of active, efficient workers, and plenty of them, who will put the whole population of the probably infected districts under strict and daily observation. That, with the scrubbing brush and the disinfecting spray, will do the immediate business this city has in hand.

Honolulu would be in shame and disgrace if it should let a cholera situation get away from it and we do not presume for an instant that such a thing is within the range of the reasonable probabilities.

But the work should not stop with the immediate clean-up.

The cholera cases can be made a blessing in disguise, and we hope that the people of Honolulu will have the good sense to get out of cholera all the blessings to be obtained.

House to house inspection of certain districts should be supplemented by a comprehensive and aggressive scheme of public improvement that will wipe out the bog holes, the dirty streams, the dirty waters of all kinds that carry not only the infection of cholera but furnish the breeding places for the worst enemies of the public health of which Honolulu has any information.

The clean up of the limited cholera areas should be only an incident when compared with what should be planned in reclamation, condemnation, if necessary, and a general building of a city that is a city—not a barnyard—a city that will hold a reputation as the healthiest, the best protected, and the safest from a health standpoint in the Pacific ocean—safe because the people know the dangers, are forewarned and therefore forewarned, and who not only know what to do but who do it when the action is timely.

Action for clearing up the greater Honolulu is mandatory.

It will cost money, but it will be the best investment ever made for this city.

Does anyone ever claim that the walling up of Nuuanu stream and filling in the adjoining lands of the present Aala park was not a splendid investment for Honolulu?

Who then will declare that the filling in of the swamps in the outskirts and in the immediate centers of the city of Honolulu is putting "too much money, more than we can afford," into public improvements.

This is a growing city. If you have any regard for its good name and good health, get into the movement to carry out the scheme for public improvement, and do it now.

TAXES AND PUBLIC WORKS BONDS.

Six cases of cholera can easily cost the business men of this city \$250,000. That is a very conservative figure of the injury resulting from the tourist business that will be diverted from this port and these islands by a three-line news cable dispatch in the mainland papers that cholera has appeared in Honolulu.

Men who object to appropriations and taxes and loan funds think that a million dollars in bonds for public work is a terrific amount of money. It is indeed a goodly sum. We confess that it is more than the Bulletin uses in an ordinary week's business.

But what does a million dollars amount to when expended on public

work that will help to guarantee this city against epidemics, quarantines, and the diversion of trade that in one season could easily amount to one million of dollars?

Business men and taxpayers should use the same business sense when they deal with public affairs that they do when they handle their own business.

THE PRIMARY LAW.

Freedom from intricate technicalities is the first qualification of success for the direct primary law.

We presume that the members of the Legislature are aiming to make the primary law a success, and not to lumber it up with a lot of details that will make it a load from the start.

FIVE SENATORIAL DISTRICTS PLANNED

The principal bill introduced in the House at the afternoon session yesterday was one by Afonso, creating an extra senatorial district on Hawaii, making five in all. The bill is as follows:

Section 1. All of that portion of the Island of Hawaii which is now included in the judicial districts of Puna, South Hilo, North Hilo and Hamakua is hereby created the first senatorial district.

All of the Islands of Maui, Molokai, Lanai and Kahoolawe is hereby created the third senatorial district.

All of the Island of Oahu is hereby created the fourth senatorial district.

All of the Islands of Kauai and Niihau is hereby created the fifth senatorial district.

Section 2. That the electors in each of the said senatorial districts shall be entitled to elect senators as follows:

In the first district, two.
In the second district, two.
In the third district, three.
In the fourth district, six.

MESSAGE During the week the office is open from 7 a. m. to 5:30 p. m., and on Sundays from 8 to 10 a. m.

In the fifth district, two.

Section 3. All laws and parts of laws in conflict herewith are hereby repealed.

Section 4. This act shall take effect from and after the date of its approval.

Afonso also introduced a bill during the afternoon to encourage families by exempting the fathers of families from taxes on certain conditions.

Bills introduced during the afternoon were as follows:

H. B. 103—Providing for payment of relief claim of Hilo Electric Light Company, Ltd., of \$497.77 in full settlement—Afonso.

H. B. 104—To authorize the recovery of attorney's fee by a person recovering judgment in an action brought for wages—Afonso.

H. B. 105—Exempting fathers of

MORE POWER FOR LICENSE BOARDS

Stringent examination of all liquor licenses and a close tab on saloons are provided for in a bill introduced in the House this morning by Afonso of Hawaii.

The bill amends existing regulations as follows:

"Section 1. Section 7 of Act 119 of the Session Laws of 1907 is hereby amended so as to read as follows:

"Section 7. The secretary of each board shall preserve a complete record of every application for a license or for renewal of a license, and all proceedings had or done with respect thereto, and a like record of each license issued; and perform such other duties as the board may direct. The secretary shall also make annual reports to the Governor or to the treasurer of the county or city and county from which such reports may be required, showing the number of applications received, granted and refused, the number, class or kind of licenses issued, the names of the licensees, the location of the licensed premises, and the number of licenses suspended and revoked; together with any other data or information requested by the Governor or by the treasurer of such county or city and county or directed to be given by the board.

"Before entering upon his duties the secretary shall file with the auditor of the county or city and county in which he is to serve a bond to such county or city and county in such amount and with such surety as the Board of Supervisors in such county or city and county shall approve."

"Section 2. Section 26 of Act 119 of the Session Laws of 1907 is hereby amended so as to read as follows:

"Section 26. All license fees shall be paid to the secretary of the board in the county or city and county wherein the licenses upon which the same are paid are issued. Such secretary shall keep a book wherein he shall enter an account of such fees received by him, and he shall forthwith forward to the treasurer of the county or city and county in which he is to serve all such fees received by him during such month as realizations for such county or city and county."

SALES FEW BUT STOCKS STRONG

Although sales were few today on the Honolulu stock exchange, the general trend is upward and the scarcity of sales is accounted for by the steadily higher prices that owners of stock are beginning to hold out for. One of the notable raises is that of McBryde, which has been as low as 4 and which until a few days ago had not seen 5 for months. The last sale of this stock was at 5 1/4, and overnight it jumped. Between boards 15 shares sold at 6.125, and twenty-five more at 6.

Liquor Inspector Fennell, who is ever watchful in punishing those who sell liquor illegally, made a smart catch yesterday afternoon in a Japanese hotel on Aala Lane.

He arrested Ikuwa, a Japanese, for selling beer and gin, for which he received one dollar from the purchaser of liquor. After he had seized the liquor, Fennell found a marked coin in the man's pocket. The Japanese claimed however, that he did not sell the booze.

Weekly Bulletin in 30 years

six or more legitimate children under eighteen years of age from payment of poll, road and school taxes when their income is less than \$600 per year—Afonso.

H. B. 106—To alter the boundaries of senatorial districts of Territory of Hawaii by dividing same into five senatorial districts—Afonso.

H. B. 107—Making legal pay of all laborers on public works not less than \$2 a day of nine hours, with eight hours on Saturdays—Cockett.

That Little Hacking Cough

Hard coughs are bad enough, to be sure. But it's often the little, hacking, tickling, persistent cough that means the most, especially when there is a history of weak lungs in the family. What should be done? Ask your doctor. He knows. Ask him about the formula on the label of every bottle of Ayer's Cherry Pectoral. Ask him if this medicine has his full approval for throat and lung troubles. Then do as he says.

Ayer's Cherry Pectoral

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

PRIMARY BILL A LA BERKELEY

The tip given by the Bulletin on what was likely to happen to the direct primary bill in the Judiciary Committee of the House proved correct. The committee met yesterday afternoon and after discussing the primary bill introduced by Watkins, of Oahu, as well as the theory of the direct primary, decided to defer action until a bill drawn along the lines of the Berkeley direct primary can be submitted.

Judge W. L. Whitney and Judge H. E. Cooper were both present at the hearing yesterday afternoon. Judge Whitney, while not prejudiced in favor of the Berkeley plan, thinks it is a good one and being somewhat of an expert on drawing primary bills, was asked by the committee to draft one along the desired lines.

The characteristic feature of the Berkeley act is that it provides that where a candidate receives at the primary more than half of the votes cast for that office, he shall be considered duly elected and does not have to run again at the election. The advantage of this feature, the legislators think, is that it saves a great deal of expense. Most of the opposition to the enactment of a direct primary bill has been declared because of the expense to the individual candidate it entails.

The House will probably make a lot of amendments to the bill, even after it comes out of the committee, unless the leading members get their ideas into the measure before it is reported out of the committee. It will probably be near the end of the session before the bill is complete.

Governor Frear yesterday signed the first three general acts of the Legislature this session. One bill places more work in the hands of the warden in connection with the paroling of prisoners and relieves the unpaid prison inspectors of some of their duties. House Bill No. 23 repeals that portion of the municipal act relating to election inspectors and will prevent inspectors from drawing wages from both the Territory and the county. The other bill authorizes the Supreme Court to sell forms for cost. The Pacific-Panama Commission resolution was also signed by the Governor yesterday.

FISHERMEN ARE UNDER ARREST

Eight fishermen, sons of Dai Nippon, were brought before President Mott-Smith of the Board of Health at noon today, and charged with the violation of health regulations. They were caught fishing kawakawas and akus within the prohibited districts, to wit, between Diamond Head and Barber's Point. On this account, they were arrested by the health officers. Eight baskets of fish, were confiscated by the officers as evidence.

Upon the arrival of the fishermen, in custody of Chief Inspector Charlock they were lined up in the presence of President Mott-Smith and the other officials, who had gathered to discuss the local sanitary situation.

Assisted by one of the scribes as a Japanese interpreter, Mott-Smith, asked the fishermen, if they knew of the regulations of the Board, restricting them from fishing between Diamond Head and Barber's Point. The men answered that they had read in newspapers about the regulations; but, claimed that since they caught fish at Heeia, Koolau, the Board of Health had no control over them. Mott-Smith will investigate the case, before taking any action.

During the deliberations of the health authorities, the Japanese fishermen remarked that they were up against the proper authorities.

The names of the Japanese fishermen are Kinoshita, Kawa, Tanuma, Mayeda, Taketa, Okomizo, Hamano and Murashita.

Wednesday, Mar. 1.

PORT SAID—Arrived Feb. 27: S. S. Elna, Ignace Jan. 1.

PORT TOWNSEND—Arrived Mar. 1: Schr. Oceania Vance, from Hilo, Feb. 12.

CORPORATION NOTICES.

IMPORTANT.

Notice to Intending Passengers for San Francisco and Shippers.

Owing to the prevailing health conditions at the Port of Honolulu, T. H., and in order to avoid detention and eventual quarantine on arrival at the Port of San Francisco, Cal., the following regulations prescribed by the U. S. Public Health and Marine Hospital Service must be complied with:

1. CABIN PASSENGERS. Prior to the issuance of tickets an affidavit must be presented at the respective ticket office in the following form:

City and County of Honolulu, Island of Oahu, T. H.—ss
The undersigned, duly sworn, deposes and says that he has been and will be a resident of said Honolulu, Oahu, T. H., at (here specify hotel or street address) for the five days prior to (date of steamer's departure).

(Signature of passenger.)
Subscribed and sworn to before me this 1911.

N.B.—In case of man and wife, the husband can take the oath; in case of a family, the head of the same can take the oath. Oath can be taken before any notary public.

2. SECOND-CLASS AND STEER-AGE PASSENGERS.

These will be required to undergo a quarantine period of five full days prior to the date of the departure of the respective steamer from Honolulu, under supervision of the U. S. Public Health and Marine Hospital Service, on Quarantine Island, at their own expense.

3. CARGO.

All permits issued at the respective steamship office must be used by the U. S. Public Health and Marine Hospital Service officials before the cargo covered by such permit will be accepted at the respective wharf at Honolulu.

These regulations to remain in force until further notice.

HILO POLICE REFORM ON

Delinquent Officers Are Fined and Discharged From Force.

(Special Bulletin Correspondence.) HILO, Feb. 27.—Gradually it begins to look as if Hilo was going to have a bit of a police reform. At least, it has been decided to begin a cleaning up at the end of the month, and two police officers have been slated for the ax. One of these is Waipa, an officer on watch at Wahaika. His action in the case of Mahi-Bill, a Hawaiian who was charged with assault and battery on a Chinese, was what had been it appears, complaints against him before. In the case in question it appears from the evidence given before Judge Wise that the Chinese remarked to the defendant, who is a garbage man, that he was not strong. Mahi slapped the Oriental's face, and the Chinese explained that he was only joking. Then the defendant took the Chinese by the queue, threw him to the ground and kicked him in the abdomen and the side. By this time the cries of his victim had called to the scene bystanders who stopped the row. The police officer was, according to the testimony of several witnesses, standing within a few feet of the row without making any attempt to interfere. After the others had stopped the fight, he pushed the Chinese back into his store and told him to "shut up." Waipa paid no attention to Mahi-Bill, but Judge Wise did, for he fined him \$50 and costs.

The other officer who is to doff his uniform today is one Kalelio-a, who has been for some time past on the night watch from midnight until morning. There have been numerous complaints against this officer, who has, among other things, been charged with collecting fees for stray horses which he returned to the stables kept by Japanese.

The Bulletin illustrated special edition will be of much interest to friends, as it describes and pictures the land you live in or are visiting.

NEW - TO-DAY

NOTICE TO CREDITORS.

The undersigned, having been appointed Executor and Executrix of the Will of Alice Walbridge Gulick, deceased, hereby give notice to all creditors of the deceased, to present their claims, duly authenticated and with proper vouchers, if any exist, even if the claim be secured by mortgage upon real estate, to either of us at our residence in Manoa Valley, Honolulu, or to C. H. Dickey, our attorney, at No. 1 Campbell block, in said Honolulu, within six months from date, or be forever barred.

ORRAMEL H. GULICK, Executor; JULIA A. E. GULICK, Executrix. Honolulu, Hawaii, March 1, 1911. 4864-54

ELECTION OF OFFICERS.

Honokaa Sugar Company.

At the annual meeting of the stockholders of the Honokaa Sugar Company, held on Tuesday, February 28, 1911, at the office of F. A. Schaefer & Co., Ltd., the following officers and directors were duly elected to serve for the ensuing term:

- F. A. Schaefer, Honolulu, President; W. H. Baird, Honolulu, Vice-President; E. Pollitz, San Francisco, Second Vice-President; J. W. Waldron, Honolulu, Secretary; W. Lanz, Honolulu, Treasurer; Audit Company of Hawaii, Honolulu, Auditors.

BOARD OF DIRECTORS. F. A. Schaefer, W. H. Baird, J. W. Waldron, W. Lanz, H. Focke, George Rodick, E. H. Woodhouse.

J. W. WALDRON, Secretary, Honokaa Sugar Company.

Office of Constructing Quartermaster, Honolulu, T. H., March 1, 1911.—PROPOSALS for construction of pump-house and installing water mains at Fort Ruger, H. T.—SEALED PROPOSALS in triplicate will be received here until 10 a. m., April 1, 1911, and then opened, for installing at Fort Ruger, water mains, constructing pump-house and furnishing and installing therein the pumping machinery. Plans, specifications, blank forms and all necessary information can be obtained here. Deposit of \$10 required to insure return of plans, etc. Envelopes containing proposals to be endorsed, "Proposals for Pump-house," and addressed to Captain M. N. Falls, Constructing Quartermaster, Honolulu, H. T. 4864—Mar. 1, 2, 3, 4, 30, 31.

PROPOSALS FOR COAL.—Office of Depot Quartermaster, Honolulu, H. T., March 1, 1911.—SEALED PROPOSALS in triplicate will be received here until 9 a. m., April 1, 1911, and then opened, for furnishing, during the fiscal year commencing July 1, 1911, coal for posts and stations in the District of Hawaii. Preference given to articles of American production, conditions of quality and price (including in the price of foreign productions the duty thereon) being equal, and such preference given to articles of American production produced on the Pacific Coast to the extent of consumption required by the public service there. Information furnished on application to the undersigned.—M. N. FALLS, Depot Quartermaster. 4864—Mar. 1, 2, 3, 4, 30, 31.

RECREATIONS

VIOLIN CONCERT TOMORROW EVE.

W. D. Adams, who presents Koelan, the violin virtuoso tomorrow evening at the Hawaiian Opera House, has reason to be satisfied with the knowledge that the Honolulu public responds to a desire to see and hear people eminent in musical and dramatic worlds, for the advance sale of seats for the Koelan concert is extremely large and the house will be practically disposed of tomorrow.

Mr. Adams states that the rule adopted during the Calvo concert of selling all seats at noon of the concert day, which have been laid aside for patrons, will be strictly adhered to tomorrow for the Koelan concert. Also that at eight-fifteen tomorrow evening the first number will be played and no one will be seated until the number is finished.

PERSONALITIES

THE EMPIRE Percy Hunter, representative of Australia, has a moving picture of Australian scenes which he will exhibit at the Empire theatre tonight and tomorrow night.

He will explain the picture as it is thrown on the screen, so that the audience will have the double pleasure of seeing the picture and understanding in detail what it means.

Mr. Hunter has much experience in moving picture ideas and he is one of the advanced thinkers who believe that one of the missions of the moving picture is education. There are fine views of Sydney harbor. Then one may see snow scenes on the highest mountain in Australia.

Dolliver and Rogers, singing and dancing entertainers, will show tonight at the Empire, as will Weiser and Wabser. There will be moving pictures besides that exhibited by Percy Hunter.

BIJOU

The Columbians hold big audiences at the Bijou and in their diversified act they present a whole show in a compressed form. Little Marilynn is catching, if anyone was ever catching and her toe dancing, impersonations of prima donnas, and ballet work are splendid. Her sisters, Claire and Ruth, are artistic in the extreme in their dancing and music, and their mother, Mrs. Caro Miller, is charming. Caro Miller and Lew Pistel are hugely amusing in their sketch and Tom Heath delights with his songs.

Besides this big show there are moving pictures of the latest selection.

THE SAVOY

Last night was amateur night at the Savoy theatre and the popular playhouse was packed. The amateurs won great applause. The Dogie Trio were at their best in new costumes and latest songs. They received the usual number of encores. The moving pictures were of the best.

UNIVERSITY CLUB ELECTS OFFICERS

Officers for the year 1911 were elected last night at a well-attended meeting of the University Club at the club quarters. Walter F. Dillingham was elected president to succeed S. M. Ballou; J. R. Galt, vice president; Judge W. L. Whitney, secretary, and A. M. Nowell, treasurer, with W. M. Graham, auditor. The officers, exclusive of the auditor, and the following members, were named to constitute the board of governors: Alonzo Gattley, Brig.-Gen. Macomb, and W. H. Babbitt.

NEW CARS ON RAPID TRANSIT FINE

The Rapid Transit conductors and motormen who have been lucky enough to get runs on cars No. 50, 51, 53 and 54 held their heads pretty high when passing by the old time cars on the line. These new cars are larger, finer and fitted with new signal devices for motorman, conductor and passenger and reflect very creditably upon the enterprise and interest in the comfort of their patrons by the Rapid Transit Co. in placing the newly constructed cars in actual use.

A GOOD BOOSTER.

"The Shriner excursion is the best advertisement Hawaii ever had, for every Shriner is going home singing the praises of the Islands," declared Frank W. Bilger, one of the visitors, yesterday. Mr. Bilger is prominent both in business and politics in Oakland, Cal. "We've never seen such hospitable people, nor been shown so many courtesies," he said, "and we'll all go away ready to persuade our friends to come to the Islands for their vacation trips."

PERSONALITIES

E. F. BISHOP has gone to Kani for a short business trip.

MRS. E. M. WATSON left yesterday on the Mauna Kea for Hilo.

BISHOP RESTARICK finds that many of the seamen on the Kent are from his old home neighborhood.

WALTER F. DILLINGHAM was chosen president of the University Club last night.

MAYOR PERIN has purchased a home in Kapiolani Park and will furnish it up in keeping with the honors he enjoys as Mayor.

MR. AND MRS. T. H. PETRIE will occupy the W. H. Goetz bungalow in Manoa during the absence of Mrs. Goetz on the coast.

JAMES A. RATH contemplates a trip around the world, to commence on March 25. This will be his first vacation in six years.

SHERIFF JARRETT will push the case against Okahashi, the Japanese who threatened to kill his wife. The wife wished to drop the case.

DAVID KAHAHANI was appointed police officer by Sheriff Jarrett this morning. Other men will be appointed on the force this afternoon.

SAV JOHNSON, who spent "Shriner week" in Honolulu, has come back to the big island to continue his work with the ohia lumber company.

NOAH W. GRAY, formerly manager of the Young, is manager of the new Shattuck Hotel of Berkeley, an elaborate write-up of which appears in the Pacific Coast Hotel Gazette.

LEITH WATERHOUSE, little son of Dr. Waterhouse, fell from his bicycle at the Country Club grounds yesterday and sustained a bad fracture of one of his arms.

JOHN C. HOYT, the U. S. hydrographic engineer who is inspecting the islands, will leave on the Mauna Loa Friday for Kona and Kuu to look over the water supply there.

DR. VICTOR S. CLARK of the Board of Immigration is expected to arrive on the next steamer, after a trip to California, Mexico, Panama and Cuba.

W. F. SAUNDERS, secretary of the Business Men's League of St. Louis, has written to Republican Committeeman Holstein of Hawaii asking him to favor St. Louis for the National convention in 1912.

MRS. J. H. CONEY was hostess at an impromptu party at bridge last Wednesday afternoon at half past two, at her hospitable home in Niumalu. Three tables were filled and at the conclusion, Mrs. A. H. Rice and Mrs. William Stewart were tied for first prize, while Mrs. Charlie Rice received consolation prize. Mrs. Stewart, however, eventually secured first prize. Those present were Mrs. A. H. Rice, Mrs. Chas. Rice, Mrs. Wm. Stewart, Miss Mumford, Miss Jordan, Mrs. Weber, Miss Weber, Miss Ellison, Miss Lawrence, Miss Strayne and the hostess,—Garden Island.

"How did the airship travel?" "It made the last mile in less than a minute." "You don't say!" "Yes. That was the mile it dropped."—Boston Record.

A man who appears to some to be spoiling for a fight may impress others as being entirely too fresh.

BY AUTHORITY.

RESOLUTION NO. 452.

BE IT RESOLVED by the Board of Supervisors of the City and County of Honolulu, Territory of Hawaii, that the sum of Fifteen Hundred Dollars (\$1,500.00) be and the same is hereby appropriated out of the General Fund for an account known as "HOSPITAL EXPENSES."

BE IT FURTHER RESOLVED that this Resolution take effect immediately upon its approval.

Presented by Supervisor EBEN P. LOW, Honolulu, T. H., February 27, 1911.

The foregoing Resolution was, at a Regular Adjourned Meeting of the Board of Supervisors of the City and County of Honolulu, held on Monday February 27, 1911, passed on First Reading and ordered to print on the following vote of the said Board: Ayes—Amasa, Dwight, Kruger, Low, McClellan, Murray, Total, 6.

Noes—None. Absent and not voting—Arnold, Total, 1.

D. KALAUOKALANI JR., City and County Clerk. 4864—Mar. 1, 2, 3, 4, 6.

HOW PIERRE BARON MAKES STRONG MEN AND WOMEN IN HIS GYMNASIUM

Assisted By Biorkman, Duncan and Miss Juliett, the Well-Known Honolulu Instructor Has Large Classes at New Home On King Street.

Few persons in Honolulu realize that on King street next to the Young Hotel there is a gymnasium equipped with the finest of apparatus for the physical upbuilding of both men and women and that there Professor Pierre Baron and his assistants are making strong and active men and women of many of the residents of this city.

The school, if so it may be called, was opened in its present location over the Pacific Transfer Company and Japanese Bicycle Shop a week ago, and it is equipped with all the necessary apparatus for giving the Swedish system of gymnastics for both sexes, massage tables and electric vibrators, hot and cold showers, and in fact everything that is usually found in a well-equipped gym is there.

The sporting editor climbed the stairs this morning to see what the Professor thought of "Doc" Roller, the wrestler, being hurt in a bout in Omaha during the month of February. He found out all right, for Baron is a particular friend of Roller, not "He is a quitter," said the Professor. "He has a yellow streak and always gets hurt when the match goes against him."

That was the emphatic way in which Baron, who went from Honolulu to train Roller in the northwest, expressed his opinion of the wrestling man.

But to get back to the story. The Professor was busy when the sporting man arrived, and he found George M. Duncan, an instructor in Swedish gymnastics who has done gymnasia work in different parts of the United States and worked previously with Baron at Seattle, in the office and that gentleman took the scribe through the gym while waiting for Baron to finish pounding a prominent citizen whom he had on the massage table.

Duncan has been in Honolulu about a month coming here to work with Baron, and then there is Gustav Biorkman who has been with the Professor since August. Biorkman comes from Sweden and is a finished instructor in the gym work of his country having taught in Australia before coming to Honolulu.

To take charge of the woman's section of the school Miss Juliett is on hand and she meets all the women who come for the gym instruction.

Besides the men who are working off superfluous flesh and getting hard as nails, there are a number of youngsters who are rounding out in great shape. The spirit of sport is kept alive in the boys by games before their regular work, and they are made real sports.

"If we can have a boy for two years, say from the age of twelve to fourteen," said Duncan, "we can make a well rounded youngster of him, and in addition to that the spirit of true sportsmanship and love of the gym work for the work's sake is so ingrained in him that he will never stop it."

When a man, woman or boy enters the school for a course of instruction the weight is taken, and measurements of the neck, arm, chest, waist, hip, thigh, knee, calf, ankle, forearm and wrist are all set down, these figures are kept and other measurements taken from time to time so that the pupil can see just what is being done for him.

"Many persons think that because

a man begins physical instruction in a place of this kind he is getting ready to whip someone," said Duncan. "We don't aim to turn out prize-fighters, but we do aim to put a person in such shape that medicines and physicians will be unknown to him for a long time to come."

"It is a work which is more interesting than anything I know, this watching man, woman or boy develop and fill out under proper instruction. To make the weak strong, correct certain abnormal conditions, and pull the heavy, paunchy man down to the condition he should be in and watch all this going on under your own eyes, is reward for the work done, certainly."

After looking through the two gym rooms, both of which were cool on account of the excellent ventilation installed, Professor Baron himself finished with his pupil and joined the discussion.

Yes, he has an opinion of Doc Roller, but that is another story.

DOTS AND DASHES.

A New York dispatch bears the news that Paddy McFarland, the Chicago lightweight, and Owen Moran, the Britisher, have agreed upon terms for a match to take place at the Fairmont Club in New York on the night of March 14th.

This will be a ten-round affair, no doubt, and it will have considerable bearing on the question of the lightweight championship. Moran is very anxious to box Ad Wolgast for the title, and for that matter it is understood that an agreement has been reached whereby Ad and Owen will get together some time in the spring. McFarland is equally ambitious to sign up with Wolgast, and such being the case the result of the meeting between McFarland and Moran will probably determine which lad has a better right to a match with Wolgast.

NEW YORK—The offer by August Belmont to give several valuable stallions to the United States government as the foundation of a national breeding bureau is receiving indorsement at the hands of prominent horsemen here, and it is predicted that several other owners will follow Belmont's lead if his offer is accepted. According to the Jockey Club officials, the enterprise would involve an expenditure of about \$100,000 a year by the government for the first five years.

Thomas W. Lawson announces that he will add his \$50,000 trotting stallion Dave Devil (2:09) to the Belmont gift, and will also donate the services of ten other stallions. Lawson's famous Thunder Cloud was bought by the War Department for breeding purposes several years ago, and is now at a Western army post.

At a meeting of Trail and Mountain Club at noon today there was a long discussion of the work to be done during the present year. The meeting was enlivened by a talk from Percy Hunter, who told how the Australian government built trails and rest houses for the tourist and Australian.

GARDEN ISLAND OUT FOR SPORTS

Prophecy That July 4 Will See Good Meet On Kauai.

That the Fourth of July will see some real sports on Kauai is the opinion of William Puno Jr., writing in a recent issue of the Garden Island.

Discussing the sport situation, he says: "From the interest appearing from different sources, it would seem that our two recent articles relative to interesting the citizens in a rejuvenation of sports have done excellent promotion work in this line, with which fact I am very much pleased."

"Now that public interest in local athletics has been awakened, let us busy ourselves in properly organizing clubs in every plantation camp and town on Kauai, having for our ultimate motive an elaborate field and track meet at the Lihue Park on July 4, at which all kinds of sports might find a place on the program. There are many of our young men who, by a little practice, might develop into a 'Soldier King' or a 'Waiata Horse,' if they but realized the possibility before them when provided with suitable practicing grounds."

"I am taking for granted that there are many members of present organizations who have long passed the amateur stage in athletics, and to these same members I would suggest that they take up training at once for the coming event. Your training will have a tendency to induce others who are as yet undecided about lending their support to our cause."

"In addition to track and field meets, Lihue is large enough to maintain a completely fitted gymnasium. This need not necessarily cost a large sum, as the building need not be of a costly nature, and for that matter, equipments might be added gradually, so as to lighten the initiative expense. The swimming pool in such a building would perhaps account for the largest expenditure in connection with such a project."

"With proper facilities for pulling off successful sporting events, there is no reason why Kauai should take a back seat in this line to any of the islands. I am pleased to learn that the manager of Kilauea is an enthusiast on baseball, and that he not long ago supplied three complete outfits for the several teams in Kilauea. If all plantation managers had such foresight, there would be much less discontentment and shifting about of some of our most desirable labor. Mr. Myers is one among a number of plantation managers to realize the importance of amusements for the laborer. We also understand that Mr. Myers is providing a park to be used for all kinds of games, work upon which is going right along, and which, when finished, will be a credit to the plantation."

"Kapua would like to see the old race track cleaned up, and the track and field meet pulled off on the old grounds. This location as to ground, etc, he too great a distance for the Waiata people to travel. A good suggestion made by one of our local business men the other day was that local clubs organize in all the outlying districts, which, in turn, would work with the Lihue club. This is a very good suggestion, but I would like to add that a member of each outlying club be assigned a certain number on the program, with an agreement to train up on this one stunt. To make my meaning plainer, for instance: One or two members of each club would

DOTS AND DASHES.

If the chap who writes sports on the Advertiser will be at the proper place tomorrow afternoon he will find that the drawings in the Wall Cup tournament will be held and the playing will be begun immediately as mentioned in these columns, sport calendars to the contrary notwithstanding. That is the information furnished the Bulletin yesterday by the man in charge of the tournament, the one who really ought to know something about it.

There is talk that in addition to Charley Reilly coming to Honolulu soon, another lightweight in the person of Willie Ritchie will come to this paradise to take on local men. On the coast these two boys are rated as the best short-round lightweights since One-Round Hogan stepped up to a higher class.

Two ball games were played at Lihue Park on Sunday last, the first between Asafis and Heiwas resulting in a win for the former by a score of eight to five. The second game was between Niunaiu and Lihue; the latter were defeated by three runs, the score being 17-14.

Palama Settlement defeated Kaula-wela at basketball last evening in a one-sided game by the score of 43-5. There are three games to be played in the series between the two outfits, this being the first.

If a sporting writer thinks, as he intimates today, that the Wall Cup Series commences on April 1, he might wait until that date to give the public the story of the matches.

Lihue Athletic Association holds a meeting on Saturday evening when the matter of fixing up Lihue Park and booming events athletic will be taken up.

KENT PLAYERS WIN FROM LOCAL MEN

Sailors Show Their Knowledge Of Fine Points of Soccer.

The men from the Kent were too much for the local soccer players yesterday and won out in the game on Makiki field to the score of six goals to one.

It was team work which won for the visitors, each player welding himself into an integral part of the whole team and forgetting anything about rushing the ball alone.

From one to the other and then on through the goal was the way the sailors carried the ball yesterday, and they showed their complete mastery of the game in the way the sphere was carried down the field.

It must be said that the team which opposed the Brits was sort of a pick-up affair, men playing on it who had never played together before, although they had played the game with other teams.

Referee McKenzie of the Kent, after the game was finished, said that the local men when one handed the ball, seemed to forget there was any player but himself on the field and he wanted to do it all alone.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said District Court this 30th day of December, A. D. 1910. A. E. MURPHY, Clerk of United States District Court, Territory of Hawaii. By F. L. DAVIS, Deputy Clerk. 4812-3m

LEGAL NOTICES.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE TERRITORY OF HAWAII.

THE UNITED STATES OF AMERICA, Plaintiff, vs. THE TERRITORY OF HAWAII, et al., Defendants.

THE PRESIDENT OF THE UNITED STATES, GREETING: THE TERRITORY OF HAWAII, AMERICAN SUGAR COMPANY, LIMITED, a Corporation organized and existing under and by virtue of the laws of the Territory of Hawaii; CHARLES R. BISHOP; WILLIAM O. SMITH, SAMUEL M. DAMON, E. FAXON BISHOP, ALBERT F. JUDD, and ALFRED W. CARTER, Trustees under the Will and of the Estate of BERNICE P. BISHOP, deceased; ELIZABETH LIHUE, LUCILE NIUMALU, ESTHER KALIHU, CAROLINE PUKOO, ANNIE KAPAPALA, CLARA KILAUUA, ELSA HILO, MARION MAKENA, DAVID PUULOA, ALBERT PUNAHOU, ROBERT WAHIAWA, ALEXANDER LANAL, GEORGE KEVALO, HENRY KAMALO, WALTER HAWAEA, and PHILIP LAHAINA, unknown owners and claimants.

You are hereby directed to appear, and answer the Petition in an action entitled as above, brought against you in the District Court of the United States, in and for the Territory of Hawaii, within twenty days from and after service upon you of a certified copy of Plaintiff's Petition herein, together with a certified copy of this Summons. And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment of condemnation of the lands described in the Petition herein and for any other relief demanded in the Petition.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said District Court, this 22nd day of November, in the year of our Lord one thousand nine hundred and ten and of the independence of the United States one hundred and thirty-fifth. (Sgd.) A. E. MURPHY, Clerk.

(Endorsed) No. 66. DISTRICT COURT OF THE U. S. for the Territory of Hawaii. THE UNITED STATES OF AMERICA vs. THE TERRITORY OF HAWAII, et al. SUMMONS. ROBERT W. BRECKONS and WILLIAM T. RAWLINS, Plaintiffs Attorneys. UNITED STATES OF AMERICA—Territory of Hawaii, City of Honolulu—ss.

I, A. E. MURPHY, Clerk of the District Court of the United States of America, in and for the Territory and District of Hawaii, do hereby certify the foregoing to be a full, true and correct copy of the original Petition and Summons in the case of THE UNITED STATES OF AMERICA vs. THE TERRITORY OF HAWAII, et al., as the same remains of record and on file in the office of the Clerk of said Court.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said District Court this 1st day of December, A. D. 1910. (Seal) A. E. MURPHY, Clerk of the United States District Court, Territory of Hawaii. 4790-3m

You are hereby directed to appear and answer the Petition in an action entitled as above, brought against you in the District Court of the United States, in and for the Territory of Hawaii, within twenty days from and after service upon you of a certified copy of Plaintiff's Petition herein, together with a certified copy of this Summons.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment of condemnation of the lands described in the Petition herein and for any other relief demanded in the Petition.

IN WITNESS THE HONORABLE SANFORD B. DOLE and The Honorable

European Plan \$1.50 a day up
American Plan \$3.00 a day up

Steel and brick structure, furnishings cost \$200,000. High class hotel at moderate rates. Omnibus meets all trains and steamers. Hotel Stewart now recognized as Hawaiian Island headquarters. Cable address, "Trawets" A. B. C. Code. Reservations made through Trent Trust Co., Fort Street, Honolulu.

Hotel St. Francis

Union Square, San Francisco

Under the Management of James Woods

FACING the beautiful park in the heart of the city, which is the theatre of the principal events of the famous festivals of San Francisco, this hotel, in environment and atmosphere, expresses most pleasantly the comfortable spirit of old California.

The royalty and nobility of the Old World and the Far East and the men of high achievement in America who assemble here contribute to the cosmopolitan atmosphere of an institution which represents the hospitality and individuality of San Francisco to the traveler.

The building, which marks the farthest advance of science in service, has now the largest capacity of any hotel structure in the West, and upon completion of the Post street annex will be the largest caravansary in the world.

WHILE THE SERVICE IS UNUSUAL, THE PRICES ARE NOT.

MEXICAN REBELS AWAIT PARLEY

(Associated Press Cable.)
DOUGLAS, Ariz., Feb. 28.—Three hundred rebels made a sudden descent upon the border town of Naco, Sonora, today, and made a demand upon Mayor Arnold for surrender. To a request for a parley, made by the mayor, the rebel leader agreed to wait until 10 o'clock tomorrow morning, at which time, unless the town is given up, he will attack.

The rebels are in force on the southern side of the city, but are allowing the inhabitants to move with their goods across the line into American territory. A large number of Americans are preparing to journey to the line to the point nearest the threatened town to watch any battle that may be fought.

VOTE ON LORIMER TODAY.
WASHINGTON, D. C., Feb. 28.—After being in session since noon, the opponents of the Senate filibuster in the Lorimer case adjourned at 6 o'clock tonight, after agreeing that a vote is to be taken in the matter of the contest over the Illinois Senator's seat tomorrow.

TAFT PLACES ANOTHER NEGRO.
WASHINGTON, D. C., Feb. 28.—President Taft today sent to the Senate the name of William Lewis of Boston, negro, as his nominee for the position of assistant attorney-general in the Department of Justice. No vote has as yet been taken over the nomination.

HOUSE APPROVES CONSTITUTION.
WASHINGTON, D. C., Feb. 28.—The House committee on territories presented a unanimous report to the House today in favor of the acceptance of the State constitution of New Mexico.

FRANCE'S NEW PREMIER.
PARIS, Feb. 28.—It is expected that Senator Monis will be called upon to form a cabinet and accept the premiership, in succession to Premier Briand, resigned.

NO CAUSE TO DOUBT
A Statement of Facts Backed by a Strong Guarantee.

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will supply it free. That's a frank statement of facts, and we want you to substantiate them at our risk.

RECALL ORDERLIES are a gentle, effective, dependable and safe bowel regulator, strengthener and tonic, that are eaten like candy. They re-establish nature's functions in a quiet, easy way. They do not cause any inconvenience, griping or nausea. They are so pleasant to take, and work so easily, that they may be taken by any one at any time. They thoroughly tone up the whole system to healthy activity. They have a most beneficial action upon the liver.

RECALL ORDERLIES are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. 26 tablets 25 cents. Remember you can obtain Recall Remedies in Honolulu only at our store.—The Recall Store, Benson, Smith & Co., Ltd.

YOUR OPPORTUNITY

If Lakeview No. 2 Oil Company makes good you may order your automobile. This is no dream. It is a good fifty-to-one chance in your favor. Everybody should strive to better his condition in life, and this is your opportunity. Lakeview No. 2 is a high-class oil investment, managed by men of honor and ability, who refer you to any bank in Los Angeles regarding their financial standing. I am leaving for the Coast. Phone 3920. During my absence Geo. H. Paul will receive subscriptions for stock. I will be, on my return, glad to furnish information on any oil property in that neighborhood to those interested. J. Oswald Lutted, 1139 Forts street.

REPORT OF WORLD'S SUGAR

Cuban Crop and Market Depend on the Weather.

The Federal Reporter for February 10 deals with the raw sugar market as follows:

The market has been static quo, both buyers and sellers holding off. The speculative interest seems to have subsided, and a fair line of sugar, for February shipment, is offered today, on the basis of 2-3-32c cost and freight for Cubas, or 3-51 landed for Porto Ricans, basis 96 test. Refiners are buyers, at 2-1-8c cost and freight, or 2-48c duty paid, and at the close it looks as though the next business put through would be at this figure. As we have previously pointed out, refiners are disposed to proceed very cautiously, in view of the large production of sugar ahead of them, and if present values are to be sustained, sellers must hold back these supplies better than they have done in previous years. On account of the lateness of the crop, the production to date is considerably less than last year, consequently the pressure of supplies, which usually carries the market to its low level in early February, will probably come later in the season. The closing is quiet, but steady, with the spot quotation on the basis of 3-48c duty paid for 96 centrifugals, 2-38c duty paid for 89 Muscovades, and 2-73c duty paid for 89 molasses sugars. The world's visible supply is 3,820,000 tons, as compared with 3,800,000 tons in 1910. Messrs. Willett & Gray figure the total stocks and floats 3,811,256 tons, an increase of 565,490 tons from last year. Stocks in the United States and Cuba together are 178,526 tons, a decrease of 117,851 tons from a year ago. Estimated floats to the United States, 81,000 tons, against 76,000 tons last year.

The market is quiet and unchanged, with moderate offerings. On February 8 our representative, Mr. H. A. Hinely, cabled us reducing his estimate of the Cuban crop from 1,675,000 tons to 1,600,000 tons. Yesterday Messrs. Willett & Gray reduced their estimate from 1,900,000 tons to 1,700,000 tons (dependent on favorable conditions). Guma has so far made no change in his estimate, which stands at 1,748,714 tons. Guma figures the total production of Cuba up to February 1 as 292,118 tons, against 380,668 tons in 1910, and 238,378 tons in 1909. It seems reasonable to expect Cuba to produce in February and March as much sugar as they produced during these months last year, which was 710,159 tons, bringing the 1911 production up to April 1 to 929,277 tons. In 1910 Cuba produced from the first of April till the end of the season 713,522 tons. During the same time in 1909, the production was 591,231 tons. It is generally thought here

that Cuba's production in April this year will exceed last April's production. With favorable weather in May and June combined with fair prices that would warrant grinding the spring canes (which the recent rains of December and January have benefited so much), we may make up some of the lost ground, but how much is entirely problematical at this time, as it depends to such a great extent on the weather. With these prospects before us, naturally the greatest attention will be paid to the weather conditions in Cuba, as the shortage in these supplies means that our refiners will have to purchase just so much more non-preferential sugar, to fill their full requirements, gradually bringing our market up to the European parity.

WOULD FORCE COUNTY ACTION

Senate Judiciary Committee Searches For Light on Building Laws.

The problem of the building laws as applied to Honolulu was considered by the Judiciary Committee of the Senate yesterday afternoon. A. R. Gurrey, Sr., was before the committee as a representative of the insurance interests and explained the difficulties that have been encountered in attempting to having the building ordinance passed by the Board of Supervisors. As a result of Gurrey's statement that it was almost impossible to receive any guarantee of action by the City and County Government the committee practically decided that it would present to the Senate a favorable report on bills Nos. 3 and 14, repealing the existing building laws almost in their entirety and practically compelling the Supervisors to take some action. A request will be made for some official of the City and County to appear with the voluminous building ordinance and explain some of its provisions.

IT'S CUT AND SLASH NOW

A freight rate war is on between two of the largest transportation companies doing business on the Pacific. Pacific Mail Steamship Company cuts freight rate to New York via Panama from \$8 to \$5 a ton, after declaring that the \$5 rate was unremunerative, says the Chronicle. American-Hawaiian Steamship Company, allied to by the Secretary of War as the ally of the transcontinental roads, follows the Pacific Mail in the rate cutting.

Dried and canned fruit associations to meet to consider proposal to refuse to sell to Eastern buyers who take advantage of the cut rates.

NOTICE.

Dr. J. T. Wayson has returned to his Beretania street residence. Office and residence, phone 1119. Hours the same as formerly. 4863-12T

NOTICE.

Notice is hereby given that there will be a public hearing in the Committee of the Whole of the Senate, Territory of Hawaii, on Senate Bill No. 18, entitled "An Act to Provide for the Maintenance of the Public Schools," on Friday, March 3, at 2 o'clock p. m.

JOHN H. WISE, Clerk of the Senate. Dated, Honolulu, February 28, 1911. 4863-11

MEETING NOTICE.

A meeting of the Central Improvement Committee of Honolulu will be held at the rooms of the Hawaii Promotion Committee on Tuesday, March 7, 1911, at 4 p. m. for the purpose of reorganization and such other business as may be brought forward. All district improvement clubs and the Honolulu Merchants' Association are requested to send full delegations. By order of John Kidwell, president: C. H. DICKEY, Secretary. 4863-7T

HOSPITAL CORPS, NATIONAL GUARD OF HAWAII.

Attention! Attention! Attention!

All members of the 1st Company, Hospital Corps, National Guard of Hawaii, are ordered to attend the next regular drill at 7 p. m., March 2, 1911, at the Bungalow.

A talk will also be given the members regarding the efficiency of the Hospital Corps by Major Moore. During the past few months the attendance has been very poor, always the same few attending drills, etc. Attention is invited to the fact that all members failing to appear for drills when ordered, without some just cause, are liable to punishment. It is proposed in the near future to arrange a series of lectures and drills whereby all members of the Hospital Corps may attain much knowledge thereby rendering themselves competent and becoming a credit to the National Guard. All members who, upon the notice, fail to appear on the above-mentioned date, their names will be submitted to higher authorities and dealt with accordingly. By order of Major Moore: F. ANDERSON, Sergeant, 1st Class, 1st Company, Hospital Corps, N. G. H. 4863-3T
