Great Britain - Bulgaria Severs Diplomatic Relations Followed By Polish, Dutch And Belgian Missions Leaving Sofia

ANKARA, Mar. 5. — The next mission arrived by plane and immediately delivered Adolph Hitler’s special message to President Ismet Inonu today.

The Nazi seaplane was conveyed in by British Minister Sukru Sivazoglu at noon and returned, but the Turkish government said nothing.

The Turkish cabinet went into an emergency session to consider the special message, which Hitler, diplomatically described as Hitler’s high-prestige move to forestake her present alliance with England and join the Axis.

Too Soon to Love

by PRISCILLA WAYNE

When Rosalou Blake, factory girl, became engaged to Jerry Thomas, she thought she was in heaven. For she had been unhappily infatuated with Jerry's sleeky, cut-throat brother, McMasters, a suave, smooth-tongued young man with a reputation for breaking hearts. Jerry was a good-looking boy, too, and Rosalou had been much impressed by him. But McMasters had broken the engagement and, in the short time since then, Rosalou had fallen in love with Jerry. She felt that her betrothal to him was a sure thing — until he broke the news that he had broken the engagement, to marry her instead!

Then Rosalou's world crumbled. She thought he was a liar — and a cheat! She felt that he was using her, taking advantage of her youth and naiveté. She knew she must break the news to her parents, and she was afraid of the reception they would give her. She was afraid of what her friends would think. She was afraid of what her friends would say. She was afraid of what her friends would do.

But Rosalou was a strong girl. She knew that she must tell her parents. And she knew that she must tell her friends. And she knew that she must tell her betrothed. And she knew that she must tell her betrothed's brother. And she knew that she must tell her betrothed's sister. And she knew that she must tell her betrothed's sister's husband.

So Rosalou did what she knew she must do. She told her parents. And she told her friends. And she told her betrothed. And she told her betrothed's brother. And she told her betrothed's sister. And she told her betrothed's sister's husband.

And the world was a better place for it.

ONE OF THREE CRASHES — Wreckage of one of two Army planes that collided over Wyandanch, Long island, Lieutenant John H. Talbot was killed; Lieutenant Joseph T. H. Laycock bailed out but broke ankle. Two other plane crashes occurred same day at Lovelock, Nev., and Armstrong, Calif.
VALENTINE PARTY HELD BY PAHALA 4-H CLUB
A Valentine buffet party was held by the members of the Paahala 4-H Club on the lawn of our leader, Mrs. Yamagata, on February 13th.

Tables were laid outside and the girls all sat around and had a very hearty meal. All the members donated things to make the meal, and there were many special dishes served. Among the dishes which were especially enjoyed were:

1. A ham sandwich served with melted cheese.
2. A sandwich of peanut butter and brown sugar.
3. A slice of chicken liver.
4. A sandwich of peanut butter and grated carrots.
5. A sandwich of peanut butter and ham.
6. A sandwich of peanut butter and jam.
7. A sandwich of peanut butter and banana.

In the middle of the meal, the members of the club were treated to a hula performance by a girl from the Paahala 4-H Club. The dance was a hula dance called "Manuela Boy." Everyone enjoyed her dance.

After the delicious hula dance, the members of the club were treated to a variety of games. Among the games included:

1. A game of "Keep Away." The members of the club had to keep a piece of cloth away from each other without touching it.
2. A game of "Pin the Tail on the Donkey." The members of the club had to try to pin the tail of a donkey onto a cardboard donkey.
3. A game of "Simon Says." The members of the club had to follow the commands of the leader, who said "Simon says." If the members of the club did not follow the commands, they were out of the game.

The party was over everyone helped to clean up.

Future. Federal officials checking into the loyalty of U.S. citizens will be engaged in one of the most important phases of Hawaii than in any normal American community. We want to go further. Any investigation into subversion must be complete, thorough, and impartial. We want to be investigated and help in conducting such a work because we are certain that every American citizen welcomes the assurance of Hawaii's absolute loyalty, we want to be given the opportunity to prove their loyalty to the United States. We believe that every American born Japanese man and woman living in Hawaii are as American and patriotic as any of us. Consequently, we may well be considered as well qualified as any to judge of the loyalty of our fellow citizens in Hawaii.

We want to go further. Any investigation into subversive movements or activities must be based upon the proper kind of evidence. We hope that the Senate Select Committee investigating Japanese propaganda will be fair and impartial, and that it will hold no other purpose than to safeguard the interests of the United States, and the rights of the American citizens of Hawaii. We believe that the Select Committee is the only proper body to make such an investigation, and we hope that it will be fair and impartial.

We want to go further. We believe that the federal government of the United States should now make arrangements to give protection to the Japanese born American people in Hawaii, and the mainland, who are the victims of the present menacing condition. We believe that these people should be given the opportunity to prove their loyalty to the United States, and we hope that the federal authorities will do everything in their power to protect these people.
