HEAD OFFICES INCREASED;

No. 130 introduced by Senator Kamazaki.

No. 129, providing for the increase of the pay of the supervisors from two to four years, effective January 1st, 1943.

No. 75, also introduced by Senator Kamazaki, if the pay of the supervisors was paid quarterly, was said to be necessary for the good of the local districts. All bills were referred to the Senate and the House from the Committee on Finance.

In a radio message issued by Senator W. H. Dixon, the police, a provision of the law that defines the duties of the police, was said to be in the House of Representatives. The police are to take steps to administer the law, and to the Senate, a bureaucratic machinery within the wheels of a political principle, as we have pointed out more than once in this Tribune Herald, which is strongly advocating a commission to speed ahead.

Plays are under way in Honolulu for the annual National Basketball Championship Tournament next month, this department was authorized to report.

While the series most likely will materialize (this is so as not to discourage prospective local players making the trip), it is hoped that the players are far from viewing it as the end of their basketball careers. It is because the junior player plus-outs have not been a profitable one and such advancement might be as distant as Paris.

However, it was definitely indicated that the sponsors are seriously thinking of taking the necessary steps which is to bring up young players, and it is very likely that a definite announcement will be forthcoming soon.
