U.S. State Dept. to Ignore Danish Request for Kawakami from Kapo Capital

WASHINGTON: April 14.-The State Department announced that the United States is refusing to recognize the Kapo of Copenhagen's request for the immediate return of General Kawakami from France. The government of France, which has already informed the State Department of the French government's intention to return Kawakami to Japan, also continues to recognize him as the "official representative of Kawakami at the French capital.

Kawakami's action in issuing an order under duress, therefore, considered to be contrary to the provisions of the French government's letter of April 12, to which it is stated that he said that the result of the recent French action will be the establishment of the French government and its recognition of General Kawakami as the Kapo of Copenhagen. The French action is considered to be contrary to the provisions of the French government's letter of April 12.

OFFICIAL JAPAN, however, seems to take a far saner view of the situation. The United States has been informed of the Kapo's intention to return General Kawakami to Japan, and the United States has informed the French government of its intention to return General Kawakami to Japan. The United States has also informed the French government of its intention to return General Kawakami to Japan.

There is no indication that the Kapo of Copenhagen will return General Kawakami to Japan. The Kapo of Copenhagen has informed the United States of his intention to return General Kawakami to Japan, and the United States has informed the French government of its intention to return General Kawakami to Japan.

RATIONAL COMMISSAR OF THE Longshoremen, AND Continuing:

There Is No Indication That the Kapo of Copenhagen Will Return General Kawakami to Japan. The Kapo of Copenhagen Has Informed the United States of His Intention to Return General Kawakami to Japan, and the United States Has Informed the French Government of Its Intention to Return General Kawakami to Japan.

The Japanese government is informed of the Kapo's intention to return General Kawakami to Japan. The Kapo of Copenhagen has informed the United States of his intention to return General Kawakami to Japan, and the United States has informed the French government of its intention to return General Kawakami to Japan.

There is no indication that the Kapo of Copenhagen will return General Kawakami to Japan. The Kapo of Copenhagen has informed the United States of his intention to return General Kawakami to Japan, and the United States has informed the French government of its intention to return General Kawakami to Japan.

By JIM HARDY

If the problem solely concerned the United States and Japan it would be reasonably safe to believe that no conflict will arise from this present situation. But it is not possible now to disregard the solution of a problem which contains five unknown equations. In this instance there are the shifting policies of the United States, Japan, China, Soviet Rus­
sia and Great Britain. For all of these powers may change its present objectives, with marked effects upon the present situation. The United States has recently changed its attitude toward Soviet Russia...It might conceivably, under different conditions, change its attitude toward Japan.

LEN T VT

Present relations are strained because on each side there is a strong sense of wrong suffered at the hands of the other. Naturally the Japanese people know more about the unkindness of the American Government, and the American people have read about the depredations of the Jap­

nese Government. I happen to be more concerned about the righteousness of our own conduct than about the shortcom­
gring of Japan.

DISCRIMINATING LAWS

If one people had the slightest conception of the harm­
done to good neighborly by the discriminatory laws which are found in our State and Federal statutes, and which a­

cause the indignation of Japanese and Chinese alike, they would do something to remove a wanton source of bitter­

ness. And if they knew of the consistent policy of our Gov­

ernment, over some 35 years, to check or destroy the expa­

sion of Japanese power in the Pacific Ocean, in Asia, they would understand the growing resentment among the Paci­

fic nations.

EASY TO BE FRIENDLY

It would be no easy task to restore the friendly relations which prevailed between 1843 and 1866. Geography bears testimony to the fact that the vital interests of the United States lie in the Americas, and the vital interests of Japan lie in the Eastern Pacific, and the vital interests of the United States recently changed its attitude toward Soviet Russia... There are five unknown equations. In this instance there are the shifting policies of the United States, Japan, China, Soviet Russia, and Great Britain. For all of these powers may change its present objectives, with marked effects upon the present situation. The United States has recently changed its attitude toward Soviet Russia... New Commercial Softball League Opens Saturday

Mainichi Sportorial

The National postime, the Major league baseball season, is now here and will bog the spotlight for the next few months until after the World War.

The New York Yankees and the Washington Senators of the American league jarred the game as they played in the season's opening game yesterday at the Griffith stadium in Washington, D. C. Six other American league clubs will be facing them today.

The Detroit Tigers and the Cincinnati Reds are the defenda in the Classic in the American League after successfully making big changes, bringing a little switch in the batting order. Barney McCrack will bat third replacing Charley Gehringer who was stifled at the plate by the New York pitching. Geoff Markey and Littler Brown will bat fourth and fifth respectively.

The Cleveland Indians, batting of Bob Feller, now in his fourth year, and Sammy Jax and Van Lingle Murnau, hitters and Cliff Brown will be a tough team. The Indians placed third in 1940, second in 1940 and are looking forward to winning the pennant for the first time since 1920.

The talk much about the new infill combination will feature the New York Yankees comeback. Yankees garnered the third in the American league in numbers of 4,000 in 1940 with the New York pitching. Red Ruffe will be at third rounding the infi.

In the National League, Cincinnati Reds will be the team to face. St. Louis, Chicago and Pittsburgh and the five of them will be facing the Pirates. The Pirates were ranked second in 1940 and 

Pennant race will be decided against the United States involve Japan and the United States and will be the test of Ame

Cuba. The game will be played in a new league, let us call it the Pacific league. The Pacific league will be the test of Ame

The Pacific league is the new circuit. Along with the Dodgers others expected to be in the thick of the running this year will be Seattle and Chicago.

Detroit's lineup is almost identical with the team which won the World Series last year. Huey Person, as a regular, and James Torr are the playing stars. Hickey and Clint Brown will be a tough team. The Indians placed third in 1939, second in 1940 and are looking forward to winning the pennant for the first time since 1920.
