Address Citizens

Chairman of the American Sugar Consumers' Council, Mr. Willis, will address the public on the subject of the sugar situation. Mr. Willis, who is also a member of the Sugar Advisory Board, believes that the sugar industry should be reorganized and a new era of cooperation among producers and consumers should be established in this country.

Business Report

F. J. Corrigan

Editor

This week's business report is not very promising. The weather has been unusually cold and wet, which has kept people indoors and away from their usual activities. The demand for consumer goods has decreased, and many businesses are reporting a decline in sales.

Editorial

The Business Situation

As previously stated in this publication, the compulsory insurance program for all motor vehicles engaged in the business of public transportation will become effective next month. In addition, the Hawaii Islands, with its diverse population and busy economy, needs a reliable and efficient transportation system. The compulsory insurance program will help to ensure the safety of all passengers and protect the interests of the transportation companies.

REP. THOMAS SAKIKIHARA'S ARGUMENT ON WAGE-HOUR LAW

EDITOR'S NOTE: We publish below an excerpt of the lengthy argument presented by Rep. Thomas Sakikihara on the highly controversial wage-hour legislation which failed passage in the recent session of the territorial legislature, as a service to our readers.

Mr. Chairmen and Members of the House of Representatives,

You are presented with the following bill introduced by House Bill 116, titled "An Act to Establish the Minimum Wage and Hour Law of the Territory of Hawaii.

Over the past decade, a growing number of bills were presented to the legislature, for the purpose of establishing a minimum wage and hour law for the Territory of Hawaii. Many of these bills were presented by members of the House of Representatives, and the Senate; and the bill introduced by House Bill 116 is no exception.

The minimum wage and hour law is an important legislation that will affect the lives of many workers in the Territory of Hawaii. The bill introduced by House Bill 116 will establish a minimum wage of $10.00 per hour for all workers in the Territory of Hawaii. The bill will also establish a maximum work week of 40 hours for all workers in the Territory of Hawaii.

The minimum wage and hour law will provide a minimum standard of living for workers in the Territory of Hawaii. It will also provide a fair compensation for their work and protect them from exploitation.

The bill introduced by House Bill 116 is supported by a large majority of the members of the House of Representatives and the Senate. We urge all members of the House of Representatives and the Senate to support the bill and ensure that it becomes law.

Thank you for your attention.

The condition of university life and standards in the Continent is now little short of appalling. Due to flight, imprisonment or disappearance the number of professors in institutions has been reduced by at least 50 per cent. Jewish professors in France were discharged as a result of the September decrees issued from Vichy, and similar action has been taken in Germany, Italy, Belgium and Holland.

However, a few have managed to escape. "Evedostra," will be presented at the Hilo Theater tonight at 7:30.

The six characters are Ceres, Noctis, Roma de la Rosa, Leonel and Kong Maki. In supporting roles are Carlos Patino, Cecelia Monte and several elderly ladies.

A stage show will be presented by the Hawaiian Student Union on Sunday at 3:00 and 7:30.
