ESCAPE FROM HEARTBREAK
by MARGARET BRUCKER

Vedette Winterson, alone since the loss of her husband, was about to fall under the spell of a mysterious, handsome young man. But when she discovered his true identity, she realized that he had ended his life in a desperate, tragic suicide. Vedette vowed to avenge him.

Vedette learned that the man was none other than Duke Maxwell, her husband's closest friend. Duke had been killed in a plane crash, and Vedette was determined to find out what really happened. Her investigation led her to the heart of a dangerous conspiracy.

As Vedette delved deeper into the mystery, she found herself in grave danger. Duke's former associates were determined to keep her silent, but Vedette was not deterred. With the help of a few trusted friends, she continued her search for the truth.

Finally, Vedette uncovered a shocking secret that would change everything. Duke was not just a pilot, but a secret agent for the government, involved in a dangerous mission. His death was not an accident, but the result of a sinister plot.

Vedette realized that she had to act fast. With the help of her friends, she planned a daring escape from her hiding place. But would it be enough to save her life and bring justice to those responsible for Duke's death?
