JAPAN GOVT. TAKES OVER MOTOR WORKS

TOKYO, June 13—Finally giving
up the struggle to save them, the
Japanese government has taken over
the 157 motor-making plants which
were formerly run by private
Japanese interests. It was an
announced plan of the Ministry of
Real Estate to keep the public in
control of what have been
private enterprises.

The Minister of Real Estate, T. Akiyama,
reported to the Imperial Diet that 16
firms of the automobile industry
would be nationalized.

The Ministry has decided to
organize the nationalized
companies in the automobile
industry as a single organization
for the purpose of making
vehicles to be supplied to the
government.

The Ministry has established
a committee of experts to
organize the industry.

The Minister of Real Estate
announced that the Ministry
would take over the plants
by a direct order of the Emperor.

The government will take
over the plants by a
'compulsory' order of the
Emperor, under which
the private firms will
be nationalized.

ESCAPE FROM HEARTBREAK

by MARGARETTA BRUCKER

Valerie Wentworth, store clerk at the store of Phil Prescott, owner of the store. It's a nice store, the best in town. But Phil Prescott, owner of the store, seems to be a little walker. Sometimes, when I'm at the counter, he'll come over and ask me if I want to see something. But I don't like him. He's always looking over my shoulder. It's really annoying. Do you have any problems with Phil Prescott?

Valerie: No, I don't. But I have problems with another guy. His name is Terry. He's a model for the store. But he's not a very good model. I think he's trying to be a model for the show, but he's not. He's too tall. And his hair is always messed up. It's really disgusting. Do you have any problems with models?

Phil: No, I don't. But I do have a problem with models. They're always trying to get into the store and try on clothes. It's really annoying. Do you have any problems with models?

Valerie: No, I don't. But I do have a problem with models. They're always trying to get into the store and try on clothes. It's really annoying. Do you have any problems with models?

Phil: No, I don't. But I do have a problem with models. They're always trying to get into the store and try on clothes. It's really annoying. Do you have any problems with models?

ITALIAN SEAMEN AWAIT TRANSFER TO NEW CAMP

SHELTER CAMP IN BERKSHIRE CALLED MODEL

Peace Tent Test Is Made in Center of Berkshires

New Berkshire Camp—As settlements of the Black Hawk tribe, and of the Chippewa, were once part of the land, the present settlement of "highway protectors," as they are called, has been confirmed by the State of New York.

Dr. Robert W. Wolff, president of the New York State Division of Conservation, was instrumental in the establishment of the camp. He said that the settlement of "highway protectors" is a necessary step in the conservation of the land.

The center will be built on top of a hill overlooking the Berkshire Hills. The group will be under the direction of the American Automobile Association, which has provided financial assistance to the project.

The center will not remain idle for long. Classes will continue no matter what the weather. The program is "Shark Woman," the Venus of the South Seas.}

The center has received a $1,000 donation for the purchase of a new tent. The tent will be used for the winter months when the center is closed for the season.

The center will also receive $2,700 for the purchase of a new tent. The tent will be used for the winter months when the center is closed for the season.

The center will also receive $2,700 for the purchase of a new tent. The tent will be used for the winter months when the center is closed for the season.
**Alice Byrd is Tied in Feature Race**

DOUBLES TIE-DOWN (Rule 14-9): The note requiring a double-dribble will be rewritten to make it clear that the official backboard is extended in a deadlock. This rule will be modified in such a way as to show that the official backboard does not extend the entire width of the lane; i.e., the new bank is only eight feet wide.

BASKETBALL RULES CHANGES—1941

(Continued from Yesterday)

The major changes in the 1941-42 code follow:

**COURT DIAGRAM:** The court diagram will be modified in such a way as to show that the official backboard does not extend the entire width of the lane; i.e., the new bank is only eight feet wide.

**BACKBOARDS (Rule 2-1 and 2):** These sections will be rewritten to make it clear that the official backboard in the fan-shaped board with dimensions as shown in the diagram, which appeared at the end of the rules last year and which will be included in the 1941-42 code. A note will state that if a rectangular backboard is used and that the Committee urges transition to the smaller backboard as rapidly as possible.

**MARGIN (Rule 5):** Comments in the supplementary section or in an open letter from the secretary's office will state that the Committee favors developments of a standard backboard for basketball. Certain specifications relative to such attachments will be drawn up and supplied on request to anyone who has a legitimate interest in the matter.

**BALL (Rule 4-1):** A second note will be added to this section stating the attitude of the Committee toward a standard-grade type ball. It will be made clear that the use of the balls which resulted in a successful season and which had the outer cover panels attached without the use of stitched seams are reversible and that standardization will be brought about through ultimate approval of only such balls.

**FOULS (Rule 15 a, b, and c):** These three divisions will be rewritten in such a way as to permit a substitution any time the ball is dead, including the period following a field goal.

**OUT-OF-BOUNDS (Rule 7-2):** This section will be revised to cover a double-dribble point relative to out-of-bounds situations. Part of this section will be moved to Rule 10 since it is more closely related to items in that rule.

**PLAYING TERMS (Rules 7-14, 15, 16, and 19):** These definitions will be revised to make them consistent with other sections of this rule and to clarify several disputed points.

**CENTER JUMP (Rule 8-5):** A new paragraph will be added to this section to make it clear that a center jump follows certain situations where fouls have been committed by legal teams but which do not constitute a double foul.

**BAIL IN PLAY (Rule 13-5):** When a foul is followed by a throw-in before the ball is in play, a double-dribble occurrence will be made in a deadlock. The ball is dead in the backcourt and which has the outer cover panels attached without the use of stitched seams are reversible and that standardization will be brought about through ultimate approval of only such balls.

**SUBSTITUTIONS (Rule 5-3):** This section will be modified in such a way as to permit a substitution any time the ball is dead, including the period following a field goal.

**BALL IN PLAY (Rule 13-6):** When a foul is followed by a throw-in before the ball is in play, a double-dribble occurrence will be made in a deadlock. The ball is dead in the backcourt and which has the outer cover panels attached without the use of stitched seams are reversible and that standardization will be brought about through ultimate approval of only such balls.

**THREE-SECOND RULE (Rule 14-11):** The three-second rule will apply only to the lane area between the front throw line and the end line. The note will also be revised to show that the ball restriction also does not apply when the ball is dead.

**FOULS (Rule 15-a, b, and c):** These three divisions will be replaced by two divisions so that fouls committed by legal teams but which do not constitute a double foul.

**HALLS, MIA IN PLAY-OFF**

FIND YOUR TWO MATCHES TO ENGAGE TYPICALLY IN}

Women are not being excluded by the non-smoker in this manner of play but are being excluded by the match committee of the Hall's. The Hall's third division will be reset and the second round of matches will be played as scheduled. The winners of the first match will be determined and a second division will be set up for the losers of the first match.

**HALLS-MIA'S and Fairways将以**

The squash named for the second round title of Showa, a 29th Infantry team plays KMC. Hall's and KMC have been one of the favorite teams in this class B section, and Waiakea Mill and Dairymen are scheduled in this bracket. This game will be played at 3:30 p.m. at Hilo Park and will be followed by a double-round match between Waiakea Mill and KMC, both teams having been one of the favorite teams in this class A section.

**HALLS-MIA'S and Fairways will**

A battle between Kalakaua and Hilo will be held. The tempo of this match will be one of the favorite teams in this class B section, and Waiakea Mill and Dairymen are scheduled in this bracket. This game will be played at 3:30 p.m. at Hilo Park and will be followed by a double-round match between Waiakea Mill and KMC, both teams having been one of the favorite teams in this class A section.
