Speaking on the title "The Current Economic Situation," Dr. Watkins declared that through the University of Hawaii Summer Session from the University of California, Los Angeles, addressed the delegates assembled in Honolulu yesterday afternoon and started the session last Saturday morning.

It is imminent and inevitable that the war will last at least two or more years, and will result in the defeat of Germany. 

During the past week the board of directors of the National Japanese American Citizens League, of which Dr. Watkins is a member, met and discussed the future prospects in various fields in Hawaii.

The nine questions which will be faced by the board will be: (1) what are the Russian official headquarters, it is expected that the future of the war will be decided by the United States in the coming fall. 

The Nazi high command communique added that at about 125 miles from the one-time capital of Leningrad on the northwestern front, German luftwaffes were active, nearly 200 Soviet planes having been destroyed either in the air or on the ground.

TO GET A BON in the U.S. Treasury Department, one needs a bond certificate, which is the same thing as a bond. 

A bond is a certificate of indebtedness, usually issued by the federal government, which promises to pay a certain amount of money at a specified future date, with interest payments made periodically.

The certificate of indebtedness is a promise to pay the principal amount at a specified future date, usually on a fixed maturity date. The certificate of indebtedness is a legal document that outlines the terms and conditions of the debt obligation.

Bonds are considered to be a safe investment because they are typically secured by collateral, such as real estate or other assets. However, bonds can also be risky, as they are subject to interest rate risk and inflation risk.
CHAPTER XXVII

But you did get something, didn’t you, Kay? For a girl with the means that Bobbie had, she must have had a pretty good wardrobe. But she’d left town and she’d been away a long time. I thought that Rodman Arkwright had given her some of his money. You know, he was supposed to be a rich man.

"Well, it was a heck of a gift to inherit from Nina, but I guess I can’t complain. I don’t know what Bobbie meant by giving me his money. It might have been because he thought I needed it. I don’t know."

"But Nina was supposed to have some of his money, too. You know, she was his niece."

Rodman was supposed to have given her some money, but she had never been able to find out how much. She had heard that he had given Nina some money, but she didn’t know how much.
