Tokyo, Aug. 15—Cordell Hull
spokesman said today that
the last border crossing
of the war-joined Philippines
and Manchuria and the Soviet
Threat, today reported that
"It is not yet clear why
the two countries
are clashing in such a
manner. It can be
noted that the border
clashes occurred in
Manchuria and the
Soviet Threat, which
took place by the
forces stationed at
the border. The border
clashes in the two countries
are bound to cause
friction between Japanese
armies and the local
population of Manchuria.

They were unoccupied except for the waiters. Tables lined the other side. The wall on one side of the room was crowded with men on high stools. Tables lined the other side. The other side of the room was windows. It was dark outside, and there was a desire to have a drink. The man sat down at a table, but he was alone. He looked around and saw a young girl standing at the bar. He walked over and asked her to have a drink with him. She agreed, and they talked and laughed for a while. They then went to a restaurant and ordered dinner. The food was delicious, and they enjoyed each other's company.

After dinner, they went to a movie theater. They saw a classic movie and enjoyed the old-fashioned atmosphere. They went back to the hotel and went to bed early. It was a perfect day in the boom town.
