JAPAN'S MOVE BEING WATCHED FROM EVERY CORNER OF THE WORLD

Mr. Stevens does not feel that the German government is so vastly interested in the oil fields of the SSasaka country as the Germans have made much of.

The most glaring evidence of this is the vote of the house of representatives on the resolution introduced by Congressman Good where single ownership of more than one station in the same locality is prohibited.

The most interesting fact that has come out of the meeting with Richard G. Casey is that the meeting was kept undisclosed.

The war is nearly over for many of today's nature lovers.

The German government now has no intention of going to war, but the fact that they are taking the necessary steps to repudiate any future peace treaty with the United States should be noted.

The Germans are so widely interested in the oil fields of the SSasaka country as the Germans have much talked of.

SUMATRA, GIVES WEALTH TO NETHERLAND EAST INDIES

BAVIA... Four times as large as Java, and producing 50 per cent of the dollar import of the Netherlands East Indies, Sumatra has become, possibly, the richest possession of the Netherlands Government.

Most of the island is "Raba", the "stone desert" that covers over 200,000 square miles. It consists of alluvial deposits of volcanic ash formed during past or recent eruptions. A low central plateau, covered by alluvial soils, is situated at the head of the "Raba.

About half of the island's land is covered by forests, mostly of teak, which is the most valuable timber in the world. Other forest products include mahogany, teak, and rosewood. The island's water resources are inadequate for irrigation, but many small irrigation projects are underway.

The island's climate is tropical, with average temperatures ranging from 75°F to 85°F. The rainy season lasts from June to September, with an average rainfall of 50 inches per year.

The island has a population of over 8 million people, with Javanese being the largest ethnic group. Most of the population is engaged in agriculture, with rubber, tea, and coconuts being the main crops.

The head of softball being played in the current Big Island Athletic Union championship tournament is by far the best seen heretofore for quite some time. With 18 qualifying team island finals playing well above their heads, it’s hard, if not impossible, to select a tournament favorite.

HELCO in its debut on Tuesday was, perhaps, the most impressive team to date. Newcomer Hilo showed some at 14-1 beating. The strong HELCO team was the 1941 champions of the revamped HUCS softball league.

Amateurs, HUCS Senior softball champs, are also expected to be a force this season. However, annihilating Mauka Pro’s Eiko Ishikawa and Franko Carvalho, two of the most outstanding softball batters, was largely the work of two pitchers that brought the Amateurs camp the title of the Senior banners. HUCS softball is playing for HELCO.

Semi-finalists in the tournament are the Rudiment Club who this season made a rather poor showing in the semi-final round. However, toward the end of the season the finding group suddenly seemed to have found themselves as they scored several upset victories over the other strongest squads. Strongly they play that they are capable of winning.

Rudiment Club will make a strong bid to retain their title this year.

Relatively unknown are the calibers of playing the two Kau district representatives, Pahala and Naalehu. Pahala took the Kau district title with Naalehu coming up the runner up position.

It is reported to boast of a strong team which went undefeated in the Kau tourney, while Naalehu, too, is reported powerful, being only to Pahala in a close game in the tournament.

If both of the Kau teams live up to expectations in the tournament this weekend, Saturday and Sunday, September 6 and 7 the title contest will indeed be a close one.

Six teams from the island will compete in the Big Island finals which will be an elimination affair. Four matches, quarter-final matches, are slated for Saturday, with the winners advancing to the semi-final play tomorrow morning. The finals are slated for Sunday afternoon, with the winners of the semi-finals representing the IAFF softball tournament which will bring teams from Maui, Lanai and Molokai. The Kau Island district finals will be held September 21 and 22, Saturday and Sunday.

The semi-final and final 4-IAAF games are scheduled to be played at the Holualoa Park.
