On the day Ann McCaffery was to marry Jerry Delaney, when she look aside a lighted match, she had in mind a strange pattern of design. There was no blue in it, no red. There was nothing, except the light and the smoke...The day was Sunday, and the sun a strange thing that day. It seemed, as a matter of fact, that the sun was shining out of season. There was no wind, no clouds, no shadow, no color. Just the same, the sun was shining. And the pattern was something out of the ordinary. The pattern was ... a pattern.
