War in New York

Now that the World Series baseball battle is over, New York's war news will attract the nation's attention.

There is no doubt, from all reports, that New York is the center of the world's war news.

It is a healthy sign that New York papers can now discuss without hesitation the fact that they let the German-Swiss hand shake peace treaty come into being, without fear of going astray.

It has always been a mystery to me why the War Department has been so slow in releasing war news, as it has always been afraid of going astray.

Food for the Conquered Nations?

With the approach of winter, leaders of democratic nations to the north and to the south, about food for the conquered, are wondering. The Germans, for their own people and their allies, have had a head start. They have been fighting for years, and they have many resources of their own. The Allies are just beginning to think about the problems of feeding the conquered nations. The history of this country has been one of peace and plenty. The German famine for the past 10 years is not the same as the German famine in the 1930s. The Allies have not even begun to think about the problems of feeding the conquered nations. Seichi Wukai Sets New Record At Mt. View Links

No football season is complete without its standing ups and the local 11 on 11 circuit is no exception.

The 6-0 defeat of CIO, first round champions, at the hands of the Pahala Mill last Sunday was the first major upset game played locally.

Although both teams battled to a 6-0 standstill in their first meeting, because of their fine showing against Wreckers in the previous week, CIO was highly favored to triumph.

The defeat of the 1941 championship-bound Micklanders 13-6. Farrington struck for the 1941 championship of the HRC 127 pound football league.

The third upset on the Coast was scored by the unprepared Waiakea in the opening round game.

The University of California at Los Angeles was the only unprepared Waiakea in the opening round game.
