FINNS REFUSE TO STOP FIGHT AS AS DEMANDED
SAKAI SAYS JAPAN NOT TO BE DEFEATED

The national headquarters of the Japanese American Citizens League, San Francisco, has refused to accept a directive from the U.S. government that its leadership and 30,000 members be removed from positions in the defense department.

"The national headquarters of the Japanese American Citizens League has been our best Far East customer," Mr. Sakai explained. "We are not going to be intimidated by this action." Mr. Sakai, a former member of the Japanese government, now leads the citizens league.

In Washington, representatives of the American Civil Liberties Union met with Secretary Cancelteri of the War Department and the Japanese-American forces of the National Guard, urging them to provide security for their members.

"We have no desire to be involved in any conflict," said Mr. Sakai. "But we will not allow ourselves to be used as tools for your war purposes."
