## EDITORIAL ARTICLES.

### WHAT DOES IT MEAN?

A late telegram from Paris says, "M. de Freycinet, the French Minister of War, will ask the Chamber of Deputies to vote an immediate war credit of 400,000,000 francs." What does this mean? No explanation is given, but if the telegram be reliable, it would appear that the European situation has developed a critical aspect.

### THE HONOLULU POLICE JUSTICE-SHIP.

Several of the members of the bar met at the Attorney-General's office yesterday to consider the question of making any recommendation as to the next incumbent of the Police Court. This action we learn was taken in pursuance or in consequence of suggestions from the Attorney-General, and also from the Chief Justice, and not from a desire to assume any responsibility as to an appointment for which the Cabinet and Supreme Court Justices are responsible. The members of the bar determined to make no recommendation as to the personnel of the appointee further than to suggest that no appointment be made of a person who has not requisite legal qualifications for so important an office.

### THE POLICE JUSTICESHIP.

In view of the Chief Justice's denial (published in another column) of any suggestion from himself as to calling a bar meeting to discuss the pending appointment to the Police Justiceship, we have, on fuller inquiry, learned that the Bar meeting was not called in consequence of any such alleged suggestion. The reference in question arose from a statement made at said meeting by a member of the bar, that he had recently lodged a formal complaint

with the Chief Justice, against the Police Justice, and the matter was not yet settled; and that during his conversation with the Chief Justice, that gentleman had remarked: "If such practices are common, why do we not receive more complaints from members of the Bar? Thus far, only one beside yourself, has made any such complaint to us." This statement was made in answer to a suggestion of a gentleman present that perhaps an expression of opinion by the Bar as a body might be received with umbrage by the Supreme Court. The argument was used in the meeting that if the Bar viewed calmly proceedings which they disapproved, they might very well be answered by-and-bye. "Those who submit quietly to abuses must not be surprised at their continuance," and the Chief Justice's remark was repeated as an argument that the Supreme Court ought to know—what they evidently did not already know—of the feeling of the Bar in the matter of the pending appointment, and the reasons for such feeling. The idea that such expression would not be unacceptable to the Supreme Court may have been shared by others than the relator, as the BULLETIN article goes to prove; but it was certainly not intended to be conveyed by the article in question that the Chief Justice invited or intimated any directing influence in the matter, one way or other.

### OUR HARBOR.

The question of harbor accommodation for large vessels appears to be receiving but very scant, if any, attention from those whose department it is to attend to such matters; the impression, apparently, in the minds of the gentlemen who are responsible for such work, being somewhat as follows: "That since no serious inconvenience has, so far, been experienced, what is the use of bothering our heads about it? Time enough to make a harbor when the big ships come. We need all our money to make roads up to the top of Punchbowl hill, and other similar important public works, etc."

Such happy-go-lucky reasoning as this might have been satisfactory enough in the past, when not one in five hundred ships that visited, our shores, found any difficulty so far as depth of water was concerned. They were mostly small ships and could at all times get in and out of the Harbor.

The time however has now arrived when we should look as far as we can ahead, and reflect a little upon the question of what Honolulu's future is likely to be if the present system of inaction is maintained.

The ships of the future—the comparatively near future—are large ships. The opening of the Panama Canal in the course, probably, of another year or two, will create a vast change in shipping affairs, and from our exceptionally central position, midway between the canal and the China Coast, and directly on the line between Vancouver and Australia, this matter concerns us very nearly.

Negotiations are already pending between the Canadian Pacific Co. and the Australian Colonies for the establishment of a line of large steamers touching, en route, at Honolulu and Fiji. These steamers will find good harbors at all stopping places but one, and that one is Honolulu; for the reason that ships of large tonnage cannot cross the bar at the entrance to the harbor, and, except at certain stages of the tide, could not lay alongside our docks.

To be compelled, as large-ships now are, to anchor 3 miles off in the offing, land and ship cargo and passenger by means of scows, would cause the greatest possible inconvenience to all concerned, and end perhaps, in the steamers, eventually, rather than submit to the inconvenience and delay caused by anchoring out in an open roadstead, going on to their destinations without calling here at all.

To our harbor, such as it is, the very existence of the city of Honolulu is due. It was the only safe

harbor in the group, and the small ships of that day, came here in large numbers.

If we wish to keep our place with modern advancement, steps should be taken without delay, to make our harbor available for the largest ships that are likely to visit us, or, at any rate, for such steamers as will, at no distant date, ply between Australia and British Columbia.

There is little doubt that the fact of our want of harbor accommodation has prevented many ships from calling here, greatly to our loss commercially.

## CORRESPONDENCE.

### ONLY THAT.

EDITOR BULLETIN:—In the "Gazette" Dec. 4th, I noticed, in the latter part of an editorial, against the BULLETIN, a sentence which reads thusly: "We do not wonder that whoever is responsible for the paper is getting disgusted. Other people have been for some time." I suppose, when he says other people, he of course, refers to the small squad of hoodwinkers only that are left circling around the "Gazette," from the great majority of the people. "Only that, and nothing more."  
Wailuku, Maui.

### PROWLERS.

EDITOR BULLETIN:—A few days ago, during broad daylight, a silver watch and fifty dollars in money were stolen from the room of a Chinese cook on the plains. The night after a futile attempt was made to purloin the poultry of a Nuuanu street resident. The hasp and staple of the coop evinced that an effort had been made to force them off. Failing to effect an entrance through half a dozen slats were pried nearly off, but just then an apparition appeared upon the scene and the fowl thief desisted. There are numbers of unemployed Chinese wandering about town, and, poultry being in demand we must expect visitations of this nature. It would be well, perhaps, if the community were prepared to receive the nocturnal prowlers with a warm reception, or secure their property against midnight marauders.

### AUSTRALIAN ADVANCEMENT.

EDITOR BULLETIN:—Since constitutions were granted by the Mother country to the Australian Colonies, over thirty years ago, all the higher government officials of the several colonies, except in Western Australia and Fiji, have been chosen by the colonists. The governors only were appointed in England; but, by the last mail from Sydney, we learn that even this choice will in the near future be given to the Australians.

About two months ago the Imperial Government appointed Sir Henry Blake as governor of Queensland; and Sir Thomas McIlwraith, the Premier of that colony, objected to the appointment with the concurrence of his colleagues. The text of the objections have not been published, but the appointment of Sir Henry Blake was immediately cancelled. The Australians have as much veneration for a lord as have the most "jingoo" Englishmen; and when it became known to the Queenslanders that Sir Henry Blake was formerly a draper's assistant in Dublin, Ireland, the "jingoo" bile rose upon their stomachs. It would never do, they thought, that a draper's assistant should govern so important a commonwealth as Queensland, and hence the protest of their Premier.

When the Queensland protest arrived in England, the "Opposition" moved adjournment of the House to ascertain the views of the Cabinet regarding the appointments of Colonial governors, and this led immediately to the cancellation of the appointment.

In the present stage of the Imperial federation movement it will not do to offend the colonies; and as drapers' assistants are not considered by the colonists suitable material of which to make governors, John Bull must send them lords of some kind who must be to the manner born, even although their heads may resemble the consistency of turnips.

The inference to be drawn from this recent action of Queensland is that the colonies will soon be in full political partnership with the island of Great Britain, and send voting representatives to the Imperial parliament; while they will have home rule in their respective dominions, with all its freedom and responsibilities. The colonial questions of protection and commerce are in a fair way of being arranged; and at

heart the Australians of all the colonies, are very loyal to the nation from which they sprang. The immigration is nearly all from the British Isles; and the people partake largely of the British spirit of freedom, combined with a due respect for law, order and the institutions imported from the Mother country.

### A SUGGESTION.

EDITOR BULLETIN:—Thomas square is not as much frequented and appreciated by the public as it deserves to be, and I would suggest that an afternoon concert on a public holiday, say Christmas day, would offer an additional inducement to the people to make themselves better acquainted with the beauties of the square. I have no doubt that our efficient bandmaster will lend his ready hand to make a concert on Christmas day at Thomas Square a grand success and a pleasant affair.

### THE POLICE JUSTICESHIP.

EDITOR BULLETIN:—You say in your editorial of yesterday that the action of the members of the bar in meeting to consider the question of making a recommendation as to the next incumbent of the Police Court was "in pursuance or in consequence of suggestions from the Attorney-General and also from the Chief Justice."

This is not true so far as I am concerned.  
Yours respectfully,  
A. F. JUDD,  
Chief Justice.

### HOOULU & HOOHA LAHUI SOCIETY.

EDITOR BULLETIN:—It would appear from the report of the Hooulu and Hooha Lahui Society as published in Wednesday evening's BULLETIN, that there is property belonging to the Society amounting to either \$9,325.50 or \$6,992—it is not quite clear which—more likely the latter amount. There is \$2000 invested in bonds, \$2,333.50 deposited in the Postal Savings bank, with a balance in the hands of the treasurer of \$14.25, as the result of the period terminating July 28th, 1888.

It would appear from the list of Pass Books given as comprising the larger part of the assets, that more of them stand in the names of others (in the different districts) than are subject to the order of the treasurer. It may be that the signature of the treasurer would be required before any funds could be withdrawn on such books, but nothing appears in the report to warrant that belief.

Invested bonds \$6977.75, charity \$41.00 in eighteen months, and then come before this generous public with a call for assistance from ladies and gentlemen in a charitable work with such record beats comprehension. What does the society mean by holding a bazar on Saturday for raising funds when it has such a large amount of money on hand? If the society had no funds and there were pressing calls it would be a different matter altogether. There is no necessity whatever for holding a bazar, and it is not fair to our business community who have paid freight and duties on goods specially imported for this season, to have a society rich in funds interfere with their holiday trade. ### REPLY TO A. B.

EDITOR BULLETIN:—A correspondent signing himself A. B., in your issue of the 18th instant, manifests considerable ignorance relative to the matter upon which he writes.

DEATH OF MR. M. W. M. CHESNEY.

Mr. Matthew Watson Chesney died recently at Cairo, Egypt, in the 83rd year of his age. He left San Francisco last May to make a long wished for trip to the Holy land, quite a hazardous one for one so advanced in years.

The deceased was born at Troy, New York, Feb. 22d, 1806, of Scotch-Irish parentage, and served an apprenticeship of seven years as a tanner and carrier.

Some ten years ago he laid the foundation of the business now being conducted in Honolulu by Matthew W. Chesney and Sons. He has been very actively engaged in business during his entire life up to the date of his departure on his recent travels, so suddenly terminated by his decease.

The deceased leaves a widow, at San Francisco, two sons, Henry N. now at the latter place, Robert W. at Honolulu, and a daughter, Mrs. N. W. Griswold at San Francisco. One son, James, died at Hot Springs, Ark., some years ago, the result of wounds received at the battle of Wilson's creek, Missouri, in the late Civil war.

DEATH OF MRS. DICKSON.

It is with much regret we announce the death of Mrs. Dickson, which took place at the Grand Hotel, San Francisco, Nov. 22d. Her four daughters, brother-in-law Mr. Robert Dickson, and sister-in-law Mrs. Howard, were at the death-bed. Services were held at the Grand Hotel conducted by Revs. Walter Frear and J. A. Cruzan, both former pastors of the deceased.

The body was embalmed, brought to Honolulu on the Australia, and now rests at the family residence, Beretania street.

AN EARLY BLAZE.

About half past four o'clock this morning a native policeman wearing badge No. 13, was going along Emma street when he noticed a bright light in an unoccupied house belonging to Gilbert Waller and holding it in his hand demanded from me a permit for him to go to Molokai and live with his wife, a leper. Wherefore I ask that said Laa may be ordered to give bonds with sufficient surety that he will commit no offense against my person.

THE BARK C. R. BISHOP.

The German bark C. R. Bishop left San Francisco, Nov. 29th, for Queenstown. Two days later smoke was seen issuing from the cracks and crevices of the deck. Just as the fact was discovered the American ship Stirling, bound to New York from San Francisco, was sighted, and that vessel bore down to the Bishop's assistance.

The entire loss by the fire is \$20,000, the greater portion of which is covered by insurance.

PLEASED WITH THEM.

Mr. Pierre Jones sent some time ago several views of the islands taken by J. A. Gonsalves, to Mr. E. P. Pines, Treasurer of the Royal College of Preceptors, London, England. By the last mail Mr. Jones received a letter acknowledging the views in the following terms: "Accept our sincere thanks for your excellent photographic views of your beautiful islands. They are excellent works of art and convey to us at this great distance a vivid idea of the beautiful country in which you are living."

MAIL MATTERS.

The total amount of mail forwarded from the office since Saturday to foreign countries is 9,438 letters and 3,610 packages of papers.

THE AUSTRALIA.

The Oceanic Company's steamship Australia sailed sharp at noon for San Francisco with a full cargo of island produce. Her passenger list was not so large as usual probably owing to the nearness of the holiday season. Several of the passengers wore wreaths of flowers or carried bouquets. The band was on the wharf and discoursed appropriate selections of music.—Dec. 18.

IN MEMORIAM.

MRS. LAURA F. DICKSON. How can we spare thee, Friend, tender and true? Brimmed was thy life with that spirit of love.

Wednesday, December 19th, being the birthday anniversary of the late Hon. Mrs. Bernice Pauahi Bishop, through whose benevolence the Kamehameha Schools were founded, was observed as Founder's day at that institution.

The exercises took place in the gymnasium. On the platform were seated Rev. W. B. Oleson, principal, Hon. C. R. Bishop, Rev. Dr. Hyde and P. A. Engineer Crawford.

The trustees of the estate of the late Hon. Bernice Pauahi Bishop, deeming it proper to set apart a day in each year to be known as Founder's Day, to be observed as a holiday by those connected with the Kamehameha Schools, and a day of remembrance of her who provided for the establishment of these schools, have chosen the anniversary of her birth, the 19th of December, for that purpose, and this is the first observance of the day.

The full school then sang a Te Deum, the music arranged from Haydn's Creation, Miss Hillebrand accompanying on the piano. It was rendered in the most satisfactory manner, and Mr. Townsend presided, and Mr. Oleson presided over the exercises.

The exercises closed by the principal, Rev. W. B. Oleson, thanking those present for their attendance. The visitors then inspected some specimens of the pupils' work. A model of a bridge 18 inches long, 7 1/2 inches wide, with planks only 1/2 of an inch in thickness was placed on the table and one of the boys, J. H. Wise who weighs 180 pounds, stood on the bridge showing that it was substantially made. A pamphlet of twenty pages was distributed, giving an essay on "Manual Training," read by Principal Oleson before the Social Science Club the early part of this year. It was printed at the school by the boys and is another evidence of the value of the institution.

The essay itself shows that Principal Oleson is thoroughly acquainted with his subject. Thus ended the first anniversary of Founder's day at the Kamehameha schools, one of the most valuable educational institutions in the Hawaiian Kingdom.

The Society expresses its sincere thanks to His Majesty Kalakaua for his generous gift of \$1000 on the 28th of Dec., 1886, and also to Queen Kapiolani for her gift of \$366. God bless them both. The Society also wishes to thank those who have assisted them.

Respectfully submitted, ANNIE G. DOWSETT. Treasurer of the Ahalui Hoolu a Hoolu Lahui. Honolulu, July 23, 1888.

FIRE IN THE MOUNTAINS.

A telephone message from Wai-anae at noon, states that a fire started on Makaha point near that place early this morning and burned for about five hours. There was no wind, fortunately, and no damage was done beyond the burning of the grass.—Dec. 21.

FOUNDER'S DAY.

AN INTERESTING EVENT AT THE KAMEHAMEHA SCHOOLS.

Invitations to attend the exercises had been issued by the Rev. W. B. Oleson, Principal, and those present were: H. R. H. Princess Liliuokalani, Hon. Chas. R. Bishop, Hon. S. M. Damon and Mrs. Damon, Hon. W. F. Allen and Mrs. Allen, Hon. W. D. Alexander, His Excellency Geo. W. Merrill, U. S. Minister Resident; Rev. C. M. Hyde D. D., and Mrs. Hyde, Rev. E. G. Beckwith D. D., P. A. Engineer, Robert Crawford, U. S. S. Alert; Mr. John H. Paty, Mrs. W. B. Oleson, Mrs. J. O. Carter, Captain Edmund Bourke, H. B. M. S. Iyacinth, Captain Acland R. N., Major-General Cunliffe R. A., Rev. W. C. Merritt and Mrs. Merritt, Miss Paty, the Misses Hartwell, Mr. A. T. Hartwell, Miss Goodale, Mrs. Whitman, Hon. H. M. Whitman, Prof. M. M. Scott and Mrs. Scott, Mrs. A. S. Hartwell, Mr. C. M. Cooke and Mrs. Cooke, Mr. T. G. Gribble and Mrs. Gribble, Mr. W. T. Bergan, Lieut. C. B. T. Moore U. S. S. Alert, and Mrs. Moore, Mr. W. W. Hall and Mrs. Hall, Mr. R. W. Meyers, Mrs. J. U. Kawainui, Mrs. Napoleon, and others.

The invited guests were received by the Principal and his efficient corps of assistants, Hon. H. S. Townsend, Messrs. W. S. Terry and Levi Lyman. The lady teachers of the institution, as well as the Preparatory school, were present.

The exercises opened with the singing of an anthem "Cast thy burden on the Lord" by the full school, conducted by Hon. H. S. Townsend. The anthem was sung without accompaniment, and evinced the most careful training. The voices blended well together and the expression was good. It was followed with prayer by the Rev. Dr. Hyde. About twenty of the older boys next sang an anthem "Pray for the peace of Jerusalem" in excellent style.

The Hon. C. R. Bishop said: Knowing the heart and mind of the founder of the Kamehameha Schools he should speak of the motives which influenced her in the disposal of her fortune. He had prepared an address mainly for those connected with the institution. The honorable gentleman then read as follows:

The Trustees of the estate of the late Hon. Bernice Pauahi Bishop, deeming it proper to set apart a day in each year to be known as Founder's Day, to be observed as a holiday by those connected with the Kamehameha Schools, and a day of remembrance of her who provided for the establishment of these schools, have chosen the anniversary of her birth, the 19th of December, for that purpose, and this is the first observance of the day.

If an institution is useful to mankind, then is the founder thereof worthy to be gratefully remembered. Kamehameha I, by his skill and courage as a warrior, and his ability as a ruler, founded this nation. K. II. abolished the tabu and opened the way for Christianity and civilization to come in. K. III. gave to the people their kuleanas and a Constitutional Government, and thus laid the foundation for our independence as a nation. K. IV. and Queen Emma were the founders of the Queen's Hospital. K. V. was a patriotic and able sovereign, and Lunaliilo was the founder of the Home which bears his name. All these should be held in honored remembrance by the Hawaiian people.

Bernice Pauahi Bishop, by founding the Kamehameha Schools, intended to establish institutions which should be of lasting benefit to her country; and also to honor the name Kamehameha, the most conspicuous name in Polynesian history, a name with which we associate ability, courage, patriotism and generosity. The founder of these schools was a true Hawaiian. She knew the advantages of education and well directed industry. Industrious and skilful herself, she respected those qualities in others. Her heart was heavy, when she saw the rapid diminution of the Hawaiian people going on decade after decade, and felt that it was largely the result of their ignorance and carelessness. She knew that these fair islands, which only a little more than a century ago held a population of 300,000 or more, would not be left without people; that whether the Hawaiians increased or not, men placed at her disposal.

Y. M. C. A.

On Thursday evening the regular monthly meeting of the Y. M. C. A. was held in the parlors, the President, Mr. W. W. Hall in the chair. Close on twenty members were present. After the minutes of the previous meeting had been read and adopted, the treasurer, E. O. White, presented his report showing a balance on hand of \$176.95.

His Honor the Chief Justice made a very excellent report on the workings of the Hawaiian branch of the Y. M. C. A. He took occasion to remark that during his recent visit to Maui he did not see an intoxicated native at Lahaina.

Two new members were elected. A collection was taken up amounting to \$7.25. Some time during next week a lecture will be given particulars of which will appear later.

HONOLULU FIRE DEPARTMENT.

The Board of Representatives of the Honolulu Fire Department held a special meeting Thursday evening, Chief Engineer C. B. Wilson presiding. Fifteen members were present. The new laws and regulations enacted at the last session of the Legislature were read section by section by Secretary Henry Smith, and passed.

Before adjourning, First Assistant Engineer Asch called upon the Board to change the manner of celebrating the anniversary of the department, February 3rd. Heretofore it had been celebrated by a parade. He moved that each alternate anniversary be celebrated by a general temperance banquet, to be held outdoors weather permitting, otherwise in the Honolulu Rifles' Armory. Mr. Asch stated that the parades were costly, what with the decorating and feasting, that liquors did the firemen no good, and further that intoxicating drink had better be left out entirely in the proposed banquet.

The proposition was supported and finally referred to the delegates of the various companies for consideration at their next meetings.

It was decided to hold the celebration, whatever form it may take, on February 12th, Coronation day, as the 3rd falls on a Sunday.

DEBATING SOCIETY.

There was a tolerably good attendance at the meeting of the debating society, Thursday evening, and the debate on the subject of exclusive franchises was exceedingly interesting. For the next meeting the subject will be, "Resolved, That independence under constitutional government is preferable to foreign annexation for the Hawaiian Islands." Mr. F. Turrill affirmative, Mr. John F. Smith negative.

DOG TAX.

There are some people owning dogs who do not seem to know the law with regard to the tax upon those animals. In sections 4, 5 and 6 of chapter 43 laws of 1882 it says that all dogs shall be subject to a yearly tax of one dollar each. Every owner of a dog shall append in a conspicuous manner to the neck of each and every dog, a tag stamped by the Government, and every dog found without a tag shall be destroyed by the police.

SOMETHING LIKE A BISHOP.

Bishop Tuttle when in Missouri entered into the lives of the people and made their troubles his own, and when the rude mountaineers, as they presently did, came to know this strong, brave, and gentle man, his fame went through the mountains and he became the beloved bishop. The good bishop was soon at the height of popularity. The mountaineers had tested his manhood and they were ready to love and trust him for the friend and counselor he proved to be, and the popular verdict was solemnly announced by Mr. William Bunkerly, a noted desperado, when he declared: "He's a full jeweled and eighteen karats fine. He's a better man than Joe Flowerce; he's the biggest and best bishop that ever wore a black gown, and the whitest man in these mountains. He's a fire-fighter from way back and whenever he chooses to go on a brimstone raid among the sinners in this gulch he can do it, and I'll back him with my pile. He is the boss bishop, and you hear me howl!"—[American paper.]

MONGOOSE FROM HAWAII.

A box containing eight mongooses arrived here per the steamer Australia, consigned to John L. Koster of 323 Front street, this city. Simultaneously with their arrival Collector Hager received two letters from Hilo, Hawaii, concerning these animals. The writers of both requested that their names be kept secret. The first letter read as follows:

"I see that some one is shipping three boxes of mongooses to San Francisco by way of some of the Honolulu and San Francisco steamers. As an American citizen I wish to give you warning that these beasts increase faster than any animal ever known. If allowed to run loose in the country there will be a thousand of them in a month. They kill birds and poultry. Chickens cannot live in their neighborhood."

The writer of the second letter said:

"There will be landed at your port a catch of mongooses from Hawaii. They are famous for killing rats, but are just as destructive to poultry. A poultry farm is almost an impossibility where mongooses are."

The Collector failed to find any law providing for the seizure and detention of mongooses, but determined to hold the animals (two of which have died), until he has seen to what use Mr. Koster intends putting them.—[S. F. Bulletin, Nov. 28th.]

BRITISH ANNEXATION IN THE PACIFIC.

The following is the text of the proclamation read by Capt. Bourke, of H. M. S. Hyacinth, at the different islands and districts of the Cook group proclaiming the assumption of British sovereignty. In each case a translation of the proclamation into Rarotongan was read by the Rev. Mr. Hutchins, the missionary in charge of these islands:—"British Consulate, Rarotonga, 27th October, 1888. To the English Government having been petitioned to grant the protection of the British flag to the Cook Group of Islands, I, by virtue of orders received, have this day hoisted the same over the—district or island; and I do hereby declare to the Ariki thereof, in the name of Her Majesty Queen Victoria, that his, or her, territory has become part of the British dominions. All laws and customs at present recognised will remain in force, and his or her administration over the district will not be interfered with. I enjoin him, or her, to exercise his or her authority with moderation and care, to rule the people with justice, and to remember that she or he, now belongs to that great country which has done so much for the advancement of civilisation in all parts of the world. I further declare that all persons, of whatever nationality, who choose to reside in the country, must conform to the laws thereof. Given under my hand this 27th day of October, 1888. (Signed) EDWARD BOURKE, Captain H. M. ship Hyacinth." In every case the natives welcomed the proclamation and with hearty cheering.—[Auckland evening Star.]

## AN INTERESTING LETTER FROM A VETERAN.

AS this is Jubilee year it tends to make one look back and think of the flight of time, and in this way I am reminded that I am one of the veterans in the sale of your valuable and successful medicine. I have sold it from the very first, and have sent it into every country in England and many parts of Scotland. Well do I remember the first circular you sent out some nine or ten years ago. You had come to England from America to introduce Mother Seigel's Curative Syrup, and I was struck by a paragraph in which you used these words:—"Being a stranger in a strange land, I do not wish the people to feel that I want to take the least advantage over them. I feel that I have a remedy that will cure disease, and I have so much confidence in it that I authorize my agents to refund the money if people should say that they have not benefitted by its use." I felt at once that you would never say that unless the medicine had merit, and I applied for the agency, a step which I now look back upon with pride and satisfaction.

Ever since that time I have found it by far the best remedy for Indigestion and Dyspepsia I have met with, and I have sold thousands of bottles. It has never failed in any case where there were any of the following symptoms:—Nervous or sick headache, sourness of the stomach, rising of the food after eating, a sense of fulness and heaviness, dizziness, bad breath, slime and mucus on the gums and teeth, constipation, and yellowness of the eyes and skin, dull and sleepy sensations, ringing in the ears, heartburn, loss of appetite, and, in short, wherever there are signs that the systems is clogged, and the blood is out of order. Upon repeated inquiries, covering a great variety of ailments, my customers have always answered, "I am better," or "I am perfectly well." What I have seldom or never seen before in the case of any medicine is that people tell each other of its virtues, and those who have been cured say to the suffering: "Go and get Mother Seigel's Curative Syrup, it will make you well." Out of the hundreds of cures I will name one or two that happen to come into my mind.

Two old gentlemen, whose names they would not like me to give you, had been martyrs to Indigestion and Dyspepsia for many years. They had tried all kinds of medicine without relief. One of them was so bad he could not bear a glass of ale. Both were advised to use the Syrup and both recovered, and were as hale and hearty as men in the prime of life.

A remarkable case is that of a house painter named Jeffries, who lived at Penshurst, in Kent. His business obliged him to expose himself a great deal to wind and weather, and he was seized with rheumatism, and his joints soon swelled up with dropsy, and were very stiff and painful. Nothing that the doctors could do seemed to reach the seat of the trouble. It so crippled him that he could do hardly any work, and for the whole of the winter of 1878 and '79, he had to give up and take to his bed. He had been afflicted in this sorry way for three years, and was getting worn out and discouraged. Besides, he had spent over £13 for what he called "doctor's stuff" without the least benefit. In the Spring he heard of what Mother Seigel's Curative Syrup has done for others and bought a 2s. 6d. bottle of me. In a few days he sent me word he was much better—before he had finished the bottle. He then sent to me for a 4s. 6d. bottle, and as I was going that way I carried it down to him myself. On getting to his house what was my astonishment and surprise to find him out in the garden weeding an onion bed. I could hardly believe my own eyes, and said:—

"You ought not to be out here, man, it may be the death of you, after being laid up all winter with rheumatism and dropsy."  
His reply was:—"There is no danger. The weather is fine, and Mother Seigel's Curative Syrup has done for me in a few days what the doctors could not do in three years. I think I shall get well now."

He kept on with the Syrup, and in three weeks he was at work again, and has had no return of the trouble for now nearly ten years. Any medicine that can do this should be known all over the world.

Yours faithfully,  
(Signed) **RUPERT GRAHAM,**

The above wonderful cure of Rheumatism was the result of the remarkable power of Mother Seigel's Curative Syrup to cleanse the blood of the poisonous humours that arise from Indigestion and Dyspepsia. Mother Seigel's Curative Syrup is for sale by all chemists and medicine vendors, and by the proprietors, A. J. White, Limited, 35, Farringdon Road, London, Eng.
